Another thing to be considered is that a large per cent of the school teachers are not earning the salaries they are now getting.

Whenever we see a young man smoking in the presence of a girl we want to take a good heavy club and hit him over his ivory-topped cranium.

By a vote of 16 to 5 the state senate of the Texas legislature urged the Louisiana legislature to ratify the national woman's suffrage amendment and thus become the thirty-sixth and only remaining necessary state to make national woman's suffrage an accomplished fact.

If Germany pays that thirty billion dollar indemnity to the allies her people had better quit their foolish socialistic and anarchistic strikes and revolutions and get down to work. Only by work can anything be produced to pay with.

The government at Washington has begun to economize. It has begun discharging all useless clerks and officials who are employed in the various departments and bureaus organized during the war. About 75,000 are to be let out before July 1st. That's the way to economize also speed up production, for these people will have to seek work in other lines.

James Callan, the wealthy and prominent cattleman of Menard county, was acquitted at Llano last week on a charge of having murdered a young man named Vernon R. Billings because he left a gate on the ranch open. According to newspaper reports of the killing at the time and the evidence at the trials it seems to have been an un-called killing, done while Callan was mad, and while Callan contended he thought his life was in danger no weapon was found on the body of the murdered man. It is seemingly a miscarriage of justice—a case where wealth and prominence combined to clear a man who

SHERIFF'S SALE

By virtue of an Alias Execution issued out of the Honorable District Court of Harris County, on the 23rd day of April A. D. 1920, in the case of R. B. George versus John J. Ellerd and Reuben M. Ellerd, No. 85693, and to me, as sheriff, directed and delivered, I have levied upon, this 27th day of April, A. D. 1920, and will, between the hours of 10 o'clock A. M. and 4 o'clock P. M., on the first Tuesday in June A. D. 1920, it being the 1st day of said month, at the Court House door of said Hale County, in the city of Plainview, Texas, proceed to sell at public auction, to the highest bidder, for cash in hand, all the right, title and interest which John J. Ellerd and Reuben M. Ellerd had on the 27th day of April A. D. 1920, or at any time thereafter, of, in and to the following described property, to-wit: All of lots Nos. 6, 7 and 8, in block No. 30, in the original town of Plainview, Hale County, Texas, said property being levied on as the property of John J. Ellerd and Reuben M. Ellerd to satisfy a judgment amounting to \$3,037.07 in favor of R. B. George and costs of suit.

Given under my hand this 10th day of May A. D. 1920.
J. C. TERRY,
Sheriff Hale County, Texas.
By C. A. Knupp, Deputy.

should have doubtless been given the most severe punishment. The courts of Texas are brought into contempt every few days by acquittals of red-handed murderers, who should be hanged. Practically every law and court ruling made in the past twenty years has made it easier for murderers to escape punishment. Then, jurors are so wishy-washy and chicken-hearted they can be pulled around by a defendant's lawyers and so hum-fuzzled they don't know what they are doing. Whenever there is murder the courts should be given a chance to punish the murderer, and if it fails the nearest relative should take the case into his hands and be the avenger. In Texas it is easier to escape punishment for cold-blooded murder than it is for stealing a cow or selling a bottle of liquor. Murderers should be hanged. Our present way of turning murderers loose encourages murder. There is a red-hot orthodox hell where murders will be punished, however; there must be if God is just, and He is.

ON, ON TO PLUNDER

In civilized America, who went to war only the other day for humanity's sake, hearing today an echo from the Dark Ages when barbarians of Middle Europe shouted, "On, on to Plunder," as they mercilessly robbed and destroyed?

Here are some items from Senator Capper's recent speech in the Senate, demanding that the people be protected from greed and that the profiteers be sent to jail:

In one year during the war the gross income of American corporations rose from 35 1-3 billion dollars to \$4 1-2 billion dollars.

Average gross profits of 79,642 American corporations was 500 million dollars apiece in a single year. The 1919 profits of the Amoskeag spinning mills were seven times greater than its 1918 profits and its 1918 profits were 13 times greater than its profits for the whole four years between 1912 and 1916.

The increase in price from the farm price of cotton to the store price of cotton materials is about 1,800 per cent.

The Easley Cotton Mills recently declared a stock dividend of 300 per cent and the Belton Cotton Mills

a dividend of 100 per cent. Earnings in many corporations exceed 100 per cent and some even exceed 1,000 per cent over and above all costs and taxes.

Piracy of the sugar trust in its annual robbery at canning time is so colossal and criminal that Captain Kidd is a Sunday school character in comparison.

The International Cotton Company produced 20 per cent less goods and earned 39 per cent more profit last year.

Oil has advanced more than 650 per cent since 1915.

Profits of the American Hide & Leather company increased from 44 cents a share on coupon stock in 1915 to \$15.52 a share in 1919.

The accumulated surplus of the Central Leather company rose from 7 3-4 million dollars in 1914 to 30 1-4 million dollars in 1919.

The National Enameling & Stamping company has increased its net profits on kitchen ware to 326 per cent.—Capper's Weekly.

Men can never be pleased with the way women dress. For ages they have been denouncing the use of corsets and tight-lacing. Now, the style is changing and corsets are passing out of fashion—and the men are raising a roar declaring it is indecent for a woman to appear in public without a corset. To be on the safe side, the editor of this great moral guide of the Plains has always said "Let the women dress as they want to"—for they are going to do so anyway.

House Struck by Lightning

The house on the Darnell place was struck by lightning and burned up Monday night of last week together with all its contents. Mr. and Mrs. Darnell had gone to Mr. Riddle's to spend the night, where they could have protection of a storm cellar, which is possibly the only reason they are alive today. It is thought the lightning came down the stove pipe as there is a hole in the stove, we understand.—Silverton Star.

Miss Alleva McKee, who has had charge of the English department of the high school during the past year, returned to her home in Plainview Monday.—Hereford Brand.

Store News

We told you that the hot days—the days of picnics—would be here before we realized it. After the cool damp days the picnics will be all the more refreshing. We want you to consider us official outfitters for picnics, at least that portion that goes to make the picnic a real success—The Eats.

The Trades Excursion has been a big benefit to Plainview—we were sure it would and for that reason we were glad to boost anything of value to Plainview and the trade territory.

And my, how the gardens are growing. The weeds are too but we'd rather have good rains and weeds than no rains. The weeds can be cut out and the garden stuff will come in a hurry. If you haven't planted by all means do so—it'll help you fight the H. C. L. and give you a nice variety for your meals. We want you to be successful in your gardening therefore we want to sell you the sort of seeds that "get up and grow."

The wheat's growing and will make more than we hoped for, and the grass is growing. The cows are getting more green food and giving more and richer milk. It's this rich part of the milk that we want—in the forms of butter fat. We pay the highest market price for it and we have the check ready to fill in the amount for all that you can possibly bring us.

Better watch the shade for the young chicks these first few hot days. Shade and plenty of fresh water are essential to success. But the really big factor is success in the proper feeding. If you will let us worry about what and how to feed we will suggest and sell you Purina Feeds, for we know that this food is properly balanced by experts and will give you the results you most desire.

More chickens in the country mean more eggs, better fed chickens mean more eggs, better bred chickens mean more eggs. Naturally we are interested in these things for we want more eggs. Our price is always top market.

This week comes Chautauqua with its many entertainments and instructive features. It's the treat of the year and naturally should be well attended. We know that it's hard to

get the meals over in time to get there before the performance begins but if you will allow us to supply you from our heavy assortment of lunch goods you will find that the meals will not be a problem. We will even make up a suggestive order for you if that will help.

More and better vegetables, strawberries, etc., are coming in daily, the sort of spring tonic that will appeal to the members of your family if you will find some new way to serve them. Phone us each day that we may advise you of what fresh is in for that particular day.

Paper keeps going higher and while the newspapers naturally have to have their rates in proportion to their increasing costs we believe that the public appreciates these items of business news—in fact we have much favorable comment on this Store Talk "dope" and we hope that it will prove mutually advantageous to our customers and ourselves.

We want to figure in the success of your field planting. We have to offer you re-cleaned and graded field grain seed. These, like the garden seed, are the sort that "get up and grow" and will make your farming operations show a balance on the right side of the ledger.

Nazarene Church Will Begin Meeting Saturday, May 29th
There will be special revival services held under the auspices of the Church of the Nazarene, beginning Saturday night, May 29th, on the corner of Ash and 7th Streets. The meetings will continue for three Sundays. Services daily at 10 a. m. and 7:30 p. m.

The special workers for the meeting will be Rev. J. P. Ingle, as evangelist, and Rev. Lawson Brown of Comanche, Okla., as song evangelist. Mr. Brown is an accomplished song leader, as well as a soloist. There will be a number of good Christian workers present.

We invite the co-operation of all good Christian men and women, especially, do we invite the co-operation of the ministers of the town and country. We have no hobbies to preach, nor churches to fight, but to preach the oldtime gospel that saves from all sin. Plainview certainly needs an oldtime revival of bible salvation. Worldliness and sin is oppressing men and women, boys and girls are all about us who are lost and need God. Unsaved men and women, come. We desire especially to help you.

Come thou with us and we will do the good.

MYSTERY IN DEATH OF MRS BURTON

Husband Murdered and She Was Suspected of Being a Party to the Conspiracy

Mystery surrounding the death of Mrs. J. W. Burton a short time ago, accusation that she was in a conspiracy to have her husband murdered were some of the developments in the trial of Sam Cates for the murder of J. W. Burton for which he sentenced to ninety-nine years in the penitentiary by a jury trying the case last week at Crosbyton.

The case excited wide interest and the court room was tacked every day of the hearing. The first returns from the jury showed eight for the death penalty, two for ninety-nine years imprisonment and two for twenty-five years. A compromise giving Cates ninety-nine years was finally made.

The prosecution openly accused Mrs. Burton of being in a conspiracy to have her husband murdered, and doubt as to the cause of her death in a hospital recently expressed by the attorney. He indicated that he thought the woman came to death at her own hand or died of remorse for her alleged conspiracy against her husband.

Dr. J. P. Lattimore and family, formerly of Plainview, have moved from Matador to Ralls, where he will practice medicine.

SANITARIUM FEES

Reports have been persistently circulated the past few weeks that the Lubbock Sanitarium has raised its rates.

The facts are that our rates have not been changed since last September. Our rates today are the same as they have been for eight months. This rate is six dollars per day which includes room, board and usual nursing.

The fees for operations are just the same as they have been ever since the institution was built and are the usual fees charged every where for such work.

Our many satisfied patrons all over the country will testify to the above facts.

We are all fully aware of the fact that unprecedented high prices prevail on all commodities.

You have no doubt read of the sales the retail merchants are making all over the country.

We want you to know that we did not wait for New York or any other big city to set the precedent, as Several Months Ago we devised our Profit Sharing System which we figured would enable us to double our sales—thereby permitting us to sell on a much lower margin of profit.

The More We Sell the Lower We Sell It

Is modern business and has brought us an increase of 200 per cent in our sales.

This 200 per cent increase in sales without additional expense permits us to make still further reductions throughout the store.

We are striving to make Jacobs Bros. something more than a store; we are striving to make it an INSTITUTION, an establishment where 20th Century methods prevail; to make "Jacobs" synonymous for Initiative, Progressiveness, Reliability, Quality, Courtesy and Satisfaction and Economy.

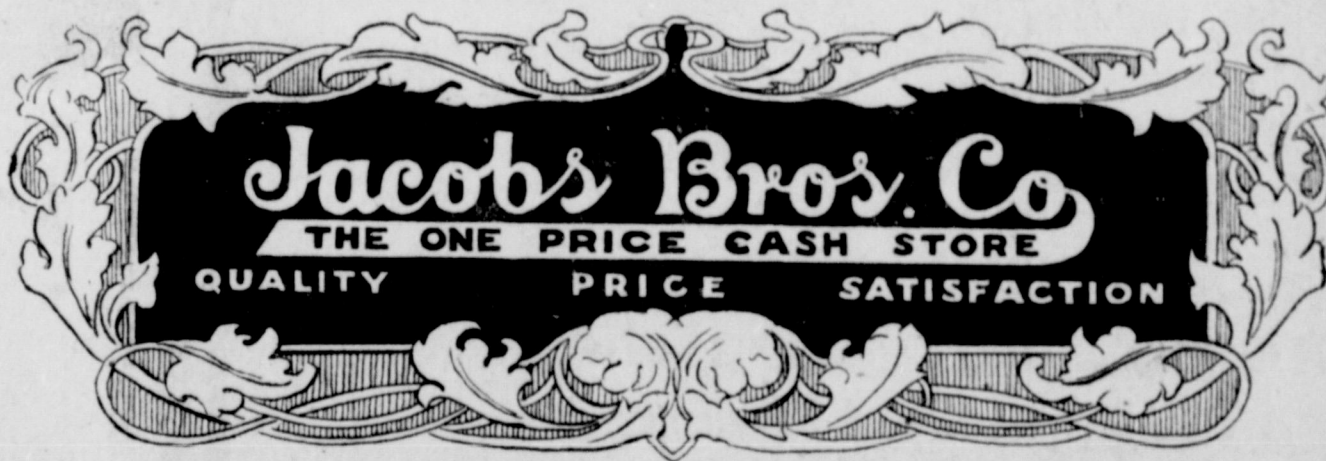

Let's all pull together—trade at the Profit Sharing Store—The More We Sell the Lower We Sell It.
