AMERICAN LEGION MINSTREL WAS A GREAT SUCCESS

"A NIGHT IN JOYLAND" WELL RENDERED TO LARGE AUDIENCE

The negro minstrel which was staged by the American Legion last night was indeed a great success. The high school auditorium was crowded and though more than a hundred extra chairs had been placed, many people had to be turned away from the doors. In order that everybody may see the show, it will be repeated at the same place tomorrow, Saturday night.

The audience was very appreciative and enjoyed the jokes on local people and roundly applauded the musical numbers. The staging was under the management of Matt Cram and was especially good. The costumes were from a costume house and were elegant. The black faces were assisted by several young ladies of the town.

Those who took part in the entertainment were:

Orchestra—Mrs. Guy Jacob, Mrs. A. A. Beery, Prof. Matthews, Truston Willard, Charlie Davis.

Ladies' Chorus—Flora Meadows, Resanne Hulen, Lucile Meadows, Zeldia Hulen, Dell Speed.

End Men—Jake Burkett, Earl Miles, David Neal, Raymond Seba Knoohuizen, E. B. Miller, Matt Cram, Marvin Garner, A. A. Beery.

Men's Chorus—P. B. Randolph, F. E. Offlighter, R. S. Zeigler, Olin Bra-shear, Tom Fletcher, Lynn Pace, Claude Terry, F. A. Green, Fred Cousineau.

Interlocutor—Arthur Boyd.
Property Man and Stage Manager—Ronald A. Helfenstine.
The following program was rendered:

Opening chorus—A conglomeration of late popular hits. "I've Got the Blues for My Kentucky Home."—Jake Burkett. "I'll Keep on Loving You."—Lucile Meadows. "Sally Green, the Village Vamp."—David Neal. "I want to go to the Land Where Sweet Daddies Grow."—Resanne Hulen. "My Home Town is a One-Home Town, but It's Big Enough for Me."—Earl Miles. Quartette—Jake, Dave, Marvin and Matt.

"There's a Vacant Chair at Home Sweet Home."—Matt Cram.
"The Japanese Sandman."—Resanne Hulen, and Flora Meadows, Dell Speed, Lucile Meadows and Zeldia Hulen.
"In Room Two Hundred and Two."—Marvin Garner.
"In Apple-Blossom Time."—Raymond Knoohuizen.
"Sweet Kentucky Sue."—Quartette.
"The Moon Shines on the Moonshine."—Matt Cram.
"The Old-Fashioned Garden."—Flora Meadows, and Dell Speed, Lucile Meadows Zeldia and Resanne Hulen.
"Dear Old State of Texas."—Chorus—Ensemble.

The receipts of the entertainment were more than \$300.

Sewell Brothers' Mother Dies

Mrs. A. J. Sewell, age 75 years, mother of C. W. and Dutch Sewell of this city, died at her home in McGregor Wednesday of last week, and was buried there Friday beside her husband, who died one month and four days before.

She was a pioneer of that section of the state and leaves five sons and a daughter, the others being Sam, of Rosebud, Make of McGregor, Jay of Mart, Mrs. W. E. Crews of McGregor.

No Such Thing In Town

The other day a man got off the train and got into one of the service cars driven by a negro. He told the negro to "Drive me toaherbashery." The negro looked at him a moment, then said, "Boss, you won't find any such thing as dat in dis town. Shert Terry would a had it closed up afore dis time. If you didn't bring it and you, you'll shore have to go dry."

Attended Meeting Oakland Agents

Thos. J. Hart and J. L. Blair of the Oakland agency attended the district meeting of Oakland agents in Amarillo Wednesday, which was headed by officials from the branch headquarters in Oklahoma City. There was a banquet.

Bishop McMurry Will Be In Plainview March 10th

Bishop W. F. M. Murry of the Methodist church, in charge of the Northwest Texas conference, will be in Plainview, March 10th, and preach at the church that morning.

Mr. and Mrs. E. M. Wells have been at their old home in Virginia for some time, writes from Salem, N. C. "It is raining, snowing and sleeting there, and opines evidently it is colder and worse on the Plains. Ideal weather prevails here."

TWO NEW VOTING BOXES CREATED IN COUNTY

Sunshine and Hooper In Western Part of County—Election Officers Appointed

The commissioners' court in session this week created two new election precincts in the county—Sunshine, near the western side of the county, and Hooper, a few miles west of Plainview.

The court having sold one of its road tractors, a 30-60 to Vivian Graves for \$2,000, a contract was made with Jarvis & Barber for the purchase of a Holt caterpillar tractor to cost \$6,750, a note given by Graves being taken as part payment. The county now has a tractor for each precinct.

The court appointed the following election officers for the coming two years:

Prec. No. 1, court house—W. B. Hartine, G. M. Phillips.
Prec. No. 10, city hall—D. E. Ansel, Calvin Shelton.
Prec. No. 2, Happy Union—J. M. Buchanan, Jesse Neil.
Prec. No. 3, Petersburg—Chas. Jay, W. H. Winghamam.
Prec. No. 4, Hale Center—W. S. Kisor, N. M. Akesson.
Prec. No. 5, Norfleet—J. F. Norfleet, C. D. Sagaser.
Prec. No. 6, Cunningham—J. F. Watson, W. W. Edmonson.
Prec. No. 7, Westside—R. R. Clark, M. C. Cornelius.
Prec. No. 8, Bartonite—John Wilkins, Geo. Pool.
Prec. No. 9, Abernathy—W. H. Ragland, F. G. Hudgins.
Prec. No. 11, Westside—R. L. Hooper, E. A. Gilbert.
Prec. No. 12, Lakeview—P. L. Wimblerly, T. J. Ellerd.
Prec. No. 13, Sunshine—S. McMinn, Jim Finney.
Prec. No. 14, Hooper—Dan Morgan John Reeves.
John Stovall was allowed \$100. He and his family have been under quarantine for smallpox.

The \$3000 bond of W. J. Espy, appointed commissioner Prec. No. 1, was approved. It is signed by Mr. Espy, J. C. Hooper, J. L. Overall.

Hard Conditions In Louisiana

W. C. Crawford returned this morning from a visit of several weeks with a daughter in Shreveport, La. He says conditions in Western Louisiana and Eastern Texas are very bad. Lots of people are out of employment, farm products are a drug on the market, business is dull and the outlook is not promising. He says the Plains are in so much better shape than those sections, that people here should be very optimistic.

W. H. Snell is Up Again

W. H. Snell, the photographer, who several months ago fell down the stairway in the Hull building and broke a limb, was yesterday able to be in his studio for the first time since the accident. His many friends will be glad to know of his recovery.

A. H. Talbot has become associated with Mr. Snell in the photographic business. He is a photographer of many years' experience.

Oil District Is Dull

W. O. Speck returned Sunday from an extended stay in the Stephens county oil field. He says that section is a regular mudhole, and things are very dull.

Since he came, however, a bit of well of nearly thirty thousand barrels was brought in near Breckenridge.

Underwood Elected President

R. A. Underwood, active vice president of the First National Bank of Plainview, was elected president of the Seventh District Bankers association at its meeting in Fort Worth Tuesday.

Conditions Good In Castro

C. O. Moore and family of near Dimmitt are in town today shopping. He says a fine season is in the ground in Castro county and wheat is looking fine. The cattle have wintered fine.

Teddy Vance Hurt In Accident

Teddy Vance came in this morning from Amarillo with his face all bunged up, having figured in a motorcycle accident in that city Monday night. His mother, Mrs. J. C. Vance, is with him.

Mrs. Tom Wilson's Mother Dies

Mrs. Bayless, age 95, mother of Mrs. Tom Wilson of this city, died at her home in Canyon Sunday. Mrs. Wilson returned Wednesday from Canyon, having been with her at the end, and attended the funeral.

Plainview Girls Win Honors

Misses Wyona Guest and Lela E. Eaton of Plainview, have won honors at Hardin College, Mexico, Mo., and have won membership in the Phi Zeta American honorary literary society, their grades having averaged A.

BANDITS KILL J. EDGAR CRAFT, SANTA FE OPERATOR AT LUBBOCK, LAST NIGHT

Shot Because He Couldn't Open Safe in Depot—Three Lubbock Young Men Arrested, One Makes Written Confession--Taken to Amarillo Jail for Safety

Lubbock, Feb. 25.—J. Edgar Craft, 21, was shot and killed by two masked bandits in the Santa Fe passenger station here at 4 o'clock Friday morning. One hour later he died in the Lubbock sanitarium.

Craft who shot, according to two eye witnesses, Deputy Sheriff Murphy of Lorenzo and Express Agent Pinkerton, when he failed to tell the bandits the combination of the safe lock.

It is reported by the two eye witnesses that the bandits appeared one at the ticket window and one at the rainmen's window with drawn guns and ordered them to get their hands up. Then they demanded of Craft, by name, according to the confused report of both witnesses, that he "open her up." Craft replied that "I can't open it any more than you, for I don't know the combination."

It is variously reported that they either said "damn you we'll kill you then, or let's kill the ——" and immediately shot him to death through the breast and shoulders.

They ran as he fell making their getaway on foot south across the yards toward the industrial district. The two witnesses were across the office from Craft. The deputy sheriff was changing some of his clothes and had laid his gun on the table across the room. They were both covered before anyone had time to get possession of the gun.

When the bandits ran, Murphy and Pinkerton started after them, but Craft, apparently realizing he was mortally wounded, threw his arms around the deputy sheriff's legs, and begged the officer to get him aid. The officer, an old family friend, carried the dying youth to the telephone, Craft called the chief dispatcher at Slaton and gasped out that he was shot and was dying.

The Lubbock Sanitarium was then called, and Craft was carried there about 4:25. Thirty-five minutes later he died.

Three suspects were arrested in Lubbock shortly after day break, and are being held for investigation. Four or five other men have been arrested at various towns surrounding Lubbock and are being held on suspicion.

The fair warm weather continues, Wednesday and Thursday being almost ideal. Today, however, a strong west wind is blowing.

THREE YOUNG MEN ARE ARRESTED—ONE CONFESSES

Were Taken Thru Plainview Last Night, and Are Now in Amarillo Jail

(Saturday morning)—Three young men were arrested yesterday morning charged with the murder. They are Jess Bond, Ed and Hulen Connally, the latter brothers.

Parties from Lubbock have told us that one of the Connally boys has made a written confession, implicating the others. He declares the killing was accidental, and was not intended. The pistol was an old one, and in the excitement the trigger was accidentally pulled.

The three were taken to Amarillo last night, in a car which probably came through Plainview, and are now safe in the Amarillo jail.

The accused are in the early twenties, and have been loafers about Lubbock. The Bond boy is the son of a widow in Lubbock.

morning and for a time mob violence was feared if the men had been captured, however, later in the day the groups of citizens had begun to disperse. The hatred of friends of the young operator was intensified by the report that young Craft was called by name by one of the bandits, leading them to believe the bandits were local men of this territory. Young Craft had been in Lubbock more than a year and is well known and well liked for his quiet unassuming manner and thorough attention to business. He came from Lorenzo to this station having been with the Santa Fe at that place for some time.

Officials of the Santa Fe at Amarillo have offered a reward of \$500 for the arrest and conviction of the bandits.

Craft's parents at Lorenzo were notified soon after the shooting and arrived in Lubbock about the time of his death. Funeral services will be held Saturday afternoon at 2 o'clock at Lorenzo. The Lubbock Elks Lodge of which Craft was a member, will go to Lorenzo to aid in the funeral services.

Plainview High Wins Game

The Plainview high school basketball team went to Lubbock this morning to take part in the district games. This afternoon the Crosbyton team was defeated by a score of 40 to 25. The Crosbyton team is rated as a good one. Tomorrow a game will be played with another team, which if Plainview wins will give her the championship of the district for this year.

The team which went to Lubbock this morning is composed of Helen Clark, Imola Butler, forwards; Elodha Graves and Gladys Finch, centers; Blanche McVicker and Beulah Henderson, guards; Bertha Alexander, Miss King of the English department, coach for the team, accompanied the girls.

Start New Ice Plant

Eleven car loads of material and equipment for the new ice plant to be built by the Texas Utilities Co. arrived Wednesday. A large force of workmen will start construction work on the new plant next week. Manager J. B. Scott states that the plant will be ready for operation by early summer.

Will Occupy New Quarters

The Co-Operative Grocery Club will next Tuesday occupy the building on the northside of the square, next to the Third National Bank. The firm says it desires increased space for its business, and also to get centrally located.

Plainview Wins and Loses

In a double-header basketball game Wednesday afternoon, the Plainview high school girls defeated the Lubbock high school girls by a score of 40 to 24, but the Plainview high school boys lost to the Lubbock boys by a score of 20 to 17.

GRAND JURY RETURNS 75 ADDITIONAL INDICTMENTS

Most Are For Gambling—Court Will Adjourn Tomorrow—Ellerd-Bivins Case

The grand jury which reassembled Monday to wind up its business adjourned yesterday, after returning seventy-five additional indictments, most of them being for gambling, so we understand. The total indictments for the term are 131 misdemeanors and 11 felony. This is the greatest number returned at any session of the court during the ten years the editor of the News has lived in Plainview, and most likely the largest number in the history of the county. The misdemeanor cases will come up for trial in county court the first week in March, and if the juries in trials and the judge in pleas of guilty give heavy fines and punishment it will discourage crime in the future. The law and order element of the county have their eyes on the next term of county court.

The case of J. J. Ellerd vs. Lee Bivins of Amarillo is on trial before Judge H. C. Randolph, special judge. The court will adjourn tomorrow.

Plainview on Wrecked Train

C. M. Pipkin of Plainview was a passenger on the westbound Texas & Pacific passenger train which was wrecked and burned near Ranger last Friday night. The charred remains of a negro who was beating his way were found later.

The engine side-swiped some tank cars that had split a switch and rolled out on the main line, and the collision caused 1,200 gallons of gasoline to burst into flames. The tank cars, engine, tender, mail and baggage cars with checked baggage and pouch mail and a passenger car were burned. No passengers were injured.

Passengers, however, became panic-stricken and in spite of the water and mud, men, women and children left the train and dashed away into the darkness. After becoming calm they were all induced to return to their coaches and a switch engine pulled them back into Ranger.

Mr. Pipkin says he never witnessed such a panic as the passengers pulled off in escaping from the train, some of the incidents being ludicrous.

High School Begins Base Ball

The Plainview high school base ball squad has begun its spring work, with between twenty-five and thirty boys entering the lists, including several of the stars who were in the 1920 team, which won the Panhandle championship.

Prof. T. C. Bigham is the coach and he hopes to have a winning team for the coming season.

Only those who make certain high grade in the school work can become members of the team.

Shot Windows Out of House

Monday night somebody went to the new residence being erected west of Wayland college for Bob Nichols, and shot six windows out, using a shotgun.

THIS BILL IS CALCULATED TO COMPLICATE MATTERS

WEST TEXAS A. & M. MEASURE IS PREPARED BY B. L. COX OF ABILENE

Austin, Feb. 2.—At a conference of the West Texas members of the legislature a new West Texas A. & M. bill was agreed upon, and it harmonizes all factions. It has been prepared by Representative Ben L. Cox of Abilene, who objected to the first measure on several grounds, among them being the non-inclusion of the engineering sciences in the curriculum of the proposed college.

By the latest agreement the name of the college is changed to the West Texas A. & M. college. In the former bill it was West Texas Agricultural and Military College, and it made no provision for teaching engineering or any kind, civil, electrical, mechanical, hydraulic of textile. The new bill authorizes the teaching of engineering at the option of the board of directors of the A. & M. College of Texas at the instance of the legislature.

Under the terms of the new bill the location of the college is placed entirely in the control of the board of directors of the A. & M. College of Texas, which is also given complete jurisdiction over the proposed institution.

The old bill proposed a commission to locate the new school. Howthat is, that the college must be located north of the thirteenth parallel and west of the ninety-eighth meridian.

An appropriation of \$50,000 is carried in the bill for the purchase of at least 1,000 acres of land for the site of the college. It is to teach agriculture and military science at the start; and engineering to come later, as explained before.

In all respects the bill is similar or identical with the one previously drawn. By the terms of the new bill, the board of directors of the A. & M. College are satisfied and the West Texas people think the measure will now get through. No appropriation for buildings is provided, that being put off for two years pending location and purchase of the site.

People in several West Texas towns have met and passed resolutions asking Mr. Cox to withdraw his bill, in order to not complicate matters, and urging that the committee bill be adopted. The News takes this view also, let's get the committee bill thru ordering the college; then it can be enlarged to include mechanics and other branches as occasion arises. A half loaf is better than no loaf.

Panhandle-Plains News

Canyon is not to have street paving soon. The city council is unable to sell the paving bonds issued last fall.

Twelve years ago Friday dirt was broken for the Canyon Normal's first building. The day was celebrated at the Normal.

Tommy Chesser of Canyon was sandbagged Thursday night about 9 o'clock at the back stairway of the Baltimore hotel, and knocked unconscious and \$60 in money taken from his pockets.

Burglars are operating in Canyon, and have broken into stores and residences.

Five Tuesday night of last week burned the barn of Geo. Gibson, eight miles northeast of Childress, and twenty-seven head of horses, mules and hogs perished. The loss is \$20,000.

Temale John, a Childress Mexican, has been missing for several weeks and it is feared he was murdered.

Dennis E. Lynn, better known as Dan, who was suffocated in the fire in Childress died early Wednesday morning.

Rev. C. E. Painter, until recently missionary for the Staked Plains Baptist Association, and lived in Plainview, was here this week. He is now engaged in Baptist work at Dublin, and says he is doing well.

President Wilson has announced that on his retirement he will continue to work for world peace. He is the world's greatest apostle of peace.

C. A. Roberson, convicted at Santa Fe of using the mails to defraud in the sale of stock in the tire factory in Texico, has been released on \$25,000 bond, pending an appeal to higher courts.

Plant shade trees and shrubbery about your home. Nothing will add more to its attractiveness, comfort and value, considering the small cost.

Plainview is going to have a large auditorium or coliseum. Everybody should help in this enterprise, for it means much to the upbuilding of the town.

Mr. Harding has selected his cabinet, the names of the members appearing in another column. The big financial interests are not going to suffer any from these men.

The treasury department has found that on an average a dollar bill "lives" about eighteen months. Not in Plainview. Ours expire immediately after we get hold of them.

The depression has hit the industrial states in the North very hard and as a result thousands of negroes, who had flocked there during the war, are again making for the fleshpots of the South.

The editor of the News is becoming bald-headed. But what do we care, for a new theory says bald-headedness is caused by the brains becoming so developed that they force the hair out in order to give room for intellectual expansion.

The thieves who attempted to break into the safe of a local garage Monday night are behind times. A year ago garages had to buy larger safes to take care of their money—but nowadays they are living on husks and briars.

A Plainview man, "Who was the champion broncho-buster of the Plains twenty years ago," has been elected president of the Seventh District Bankers' association. Plainview is a winner, not only occasionally, but all the time.

A few days ago a sheepman shipped a bunch of sheep to market and received only 33c a head net for them. He went into a restaurant and ordered lamb chops and paid 65c for two small ones. In other words he got one tiny lamb chop for a whole sheep.

Exactly the right kind of an alien land bill has been introduced in the legislature—which prohibits any alien no matter of what nationality, from owning land in Texas until he has become Naturalized. Why should a foreigner own land under Texas skies?

Scientists now say that the world is a half-billion years old, instead of fifty million years as has been heretofore thought, and that people have been living on it for a quarter of a billion years. That's a very long time and it seems that people would have more sense about the affairs of life.

Gov. Neff has signed the bill abolishing the pure food department and consolidating the work with the state health department. There are many other departments which can be and should be abolished or consolidated with others. Let the good work continue. Give the tax payer some relief.

The senate resolution proposing a constitutional amendment to double the salaries of state officials was before the house last week. Lee Satterwhite opposed the entire resolution on the grounds this was not an opportune time for submission and that it would be a needless expense. Lee hit the bull's eye.

Oklahoma the past week had the heaviest snow in fifty-two years. It was two feet on the level and eight to ten feet deep in railroad cuts. Railroad traffic was demoralized.

Bricklayers and carpenters in a number of towns and cities are reducing their wages. So long as wages and some materials continue to be high priced people will refuse to do any more building than is possible.

Federal Judge Landis of Chicago is under fire in congress, and will likely lose his job. He draws \$7,500 a year as federal judge and \$42,500 a year as judge for the professional baseball associations. He is also a great parader in front of the white-light, and years for first page notoriety like the deer years for the cooling brook. He should be relegated to private life for many reasons.

Alex Howatt, president of the Kansas miners unions, has again been convicted of contempt in defiance of the Kansas industrial court. He declares he does not intend to obey the law, and will call strikes whenever he desires. The man who sets himself up in defiance of law is an anarchist, and should be put in jail and kept there until thoroughly tamed. However deserves no mercy at the hands of the courts, nor at the bar of public opinion.

Gov. Neff made a wise selection in naming J. Boog-Scott of Coleman for the chairmanship of the state live stock sanitary board. The editor of the News knew Mr. Boog-Scott more than twenty years ago, when he had just come from his native heath in Scotland and was a cow-puncher in Coleman county. Since then he has become one of the state's most useful citizens, and is an officer in practically every statewide organization of farmers and ranchmen. He is one of the most progressive farmers and stockmen in Texas.

FEDERAL HIGHWAY AID FAILS

Congress has refused to pass the bill appropriating four hundred million dollars or any other amount for further federal aid to highway improvements.

For the past several years the government has been appropriating many millions of dollars for aid to the states, which in turn have apportioned the money to counties that issue bonds for road improvement.

The News has never looked with favor upon the federal or state government appropriating money to counties or districts for road improvement and especially do we oppose the plan that is in operation, for under this plan unless a county or district issues a lot of bonds it cannot receive any aid from the federal or state funds. Hale county pays her proportion of federal and state taxes, but unless it issues road bonds it cannot in a hundred years get a cent of federal or state funds. Those counties that issue bonds get in some cases as much as a third of the amount from these funds.

It seems to us that each county should take care of its own road work. Roads under local taxation can be better and more economically improved. The only state aid extended should be in an advisory way from a state road engineer, who could instruct the county commissioners as to the best way to build roads.

Every cent of the automobile license money should go into the treasury of the county where paid, for use on the county roads.

Let's get as far away as possible from federal or state aid in anything that we can do locally. It is not right, in the first place, to ask the federal or state government to improve our local roads, besides when money passes through so many hands there are a lot of leaks.

FINANCIAL CONDITIONS IMPROVING

Wm. F. Ramsey, head of the federal reserve bank at Dallas, delivered an address before the cattlemen's convention in Amarillo Wednesday.

He insisted that the country is not in hard shape, for the people have abundant resources, and conditions are now improving and will continue to improve. The people during the boom times simply flew skyhigh and must now come back to earth. They were extravagant and money was spent like the pouring out of water.

He urged the people to remember the lessons learned from adversity, and take courage and go to work, and the country will soon be in better shape and on a sounder basis than before.

He also paid his respects to those who have been criticizing the federal reserve system and saying it was not loaning money. He said there has been no decrease in the amount loaned by the federal reserve banks, but instead there has been a great increase.

From most every part of the country conditions seem to be improving. When the new crops begin to move to market easy times will again prevail, say bankers. Not the "easy" times that prevailed during the wild flush times, but solid credits will be available for those who need it for regular business.

The redistricting of the state is dead for the present regular session of the legislature, and the only hope is for the governor to submit the matter at the special session which will be called to follow the regular session. Gov. Neff is pledged to do all in his power to have the state redistricted and he is strong on fulfilling his promises. There has not been a senatorial redistricting of the state in thirty years—and West and Northwest Texas are thus swindled out of their proper representation in the state senate. East and South Texas are embezzling power that is not due them, by blocking the passage of every redistricting bill.

The News has for years had supreme contempt for Congressman Tom Blanton of the Abilene district. Doubtless he is all that the other Texas members of congress said about him in their attacks last week. But, like a cat thrown out of a tree, he always strikes the ground on all four feet—and he will do so this time. The fact is, congress needs one or maybe a half-dozen men like Blanton, who raises a row over most every thing that comes up, especially if it is a needless expenditure of money. Blanton will make a winning appeal to the farmers of his district when he tells them how he was sat upon and spit upon by the other congressmen, all because he stood up against raids on the treasury.

The only boy who hasn't a good chance these days, or any days, is the rich man's son, who has everything he needs given to him, and a great deal more he would be better off without.

Because Debs, the socialist who is in federal prison for attempting to retard the country during the war, has had all privileges withdrawn on account of a statement he issued a few days ago attacking President Wilson. The attack was uncalled for and outrageous. Debs will not be allowed to receive visitors, make speeches from the prison, write nor receive letters. Why should a prisoner be allowed to parade as a hero; why should a felon be allowed to attack the president; why should a man who has done as Debs be permitted to have privileges? A prisoner should behave himself if he wants to take advantage of prison privileges.

USE THE MAILED FIST

It now seems that the legislature will possibly not carry out Gov. Neff's suggestions relative to repealing the suspended sentence law and adopting such laws as will make it easier to convict and punish criminals.

The legislature does not seem to care as much for the good people of the state as it does for the criminal element. It seems to think it better to have hundreds of holdups and scores of murders than send a few young desperadoes and crooks to the penitentiary.

A horrible situation is prevalent in the state—nobody's property or life is safe in some sections. If the legislature will give Gov. Neff power he will go a long way toward breaking up the reign of crime. If the legislature will close up the loop holes through which criminals escape, the courts will convict criminals.

Let's get away from the thought that courts and prisons are made to reform criminals. Let's get to thinking that courts and prisons are made to punish persons who have broken laws. Let's try for a while punishing criminals, and give it to them in big doses, and we will break up crime.

Of late years many people have become too chicken-hearted, too mamby-pamby, too merciful, too full of foolish "conscientious scruples," to hang or give long sentences to criminals, and have encouraged crime. We sowed the wind, and are now reaping the whirl wind.

It would be a great lesson which would bear good fruit if there were many hangings and just oodles of long penitentiary sentences recorded in Texas within the near future.

Crime is something that cannot be handled gently—it must receive the stroke of the mailed fist.

NOT MUCH HOPE FOR ECONOMY

The legislature Monday refused to adopt the bill for consolidation of the state highway department with the state railroad commission. This was one of Gov. Neff's recommendations, and should have been adopted. The highway commission is a spender of money, and of very little real use to the state.

There is not much to be expected of this legislature, in the way of practicing economy in appropriations. Just as has been the rule with other legislatures, every member has some pet appropriation he wishes to put through and in order to get the votes of other members he votes for their pet measures, and thus the total appropriations grow to mountain size.

It is trade, trade, trade; you tickle me and I'll tickle you, in the legislature. And the taxpayers get it in the neck.

The only way that Gov. Neff can reduce expenses of the state government is to use his veto axe very heroically.

If he can legally do so, he should veto all appropriations for the support of the state highway commission and other useless boards.

Taxes are too high. Gov. Neff should use his full power in reducing state expenses. If he will use his veto power on appropriation bills, the taxpayers will arise and call him blessed.

The dollar is now gaining in value to such an extent that it really becomes dignified.

The traveling men of the state are organizing for the purpose of fighting the exorbitant rates charged by hotels, railroads and service cars. Go it, boys; we hope you win. The price of food, gasoline and wages is going down, so why not hotel rates, railroad fares and auto charges?

President Wilson has announced that on his retirement he will continue to work for world peace. He is the world's greatest apostle of peace.

Being too fat to fight and too fat to run, a fat man just naturally has to be good natured.

A girl gets her rosewater while she is engaged, and her dishwasher after she marries.

Roger Babson, America's captain of statistics says prohibition has released \$ billion dollars a year for the buying of necessities. This fact alone may have kept the country off the rocks during the crisis in credit. Prohibition coming when it did was providential.

CONTROL THE TONGUE

Keep thy tongue from evil, and thy mouth from evil, and do good; seek peace, and pursue it.—Psalm xxxiv 13, 14.

J. A. Spaul returned Wednesday from a business trip to Ranger.

If the "statesmen" of Europe would do less quarrelling over money, contending for larger boundary lines, and in competing for the biggest war machine, and would concentrate their efforts on rehabilitating their countries, bringing prosperity and happiness to their people, they would the sooner bring order out of chaos, and begin to pay off their national indebtedness and establish sounder credits. More business and less politics is badly needed in Europe.

PAT'S SHARP VETO AXE

Gov. Pat Neff has a veto axe sharpened and ready for business. He announced Friday that he had vetoed the bill appropriating \$200,000 for wolf and catamount bounty purposes, and also intimated he would do the same to the bill appropriating \$1,500,000 for a tubercular hospital for ex-service men at Kerrville and another bill appropriating \$300,000 for a hospital for negro tuberculars.

Gov. Neff told a committee "two million dollars is a lot of money," and it is. He says he does not know where all the money being appropriated by the legislature is coming from. It is indeed refreshing that somebody in Texas official life from alderman to governor has a serious thought where money that is appropriated or spent is to come from. Too often the rule is appropriate or spend it, then think about its source.

Gov. Neff is surely breaking a lot of precedents—but he is pleasing the tax payers of the state.

He told a committee of West Texans who were urging him Friday to approve the bounty bill, that it seemed to him the ranchmen and people of the counties affected by wolves could handle the situation themselves without any state aid, and it seems that way to us. Let's do things locally as much as possible.

IN A MINOR STRAIN

The shoe salesman in one of Plainview's stores says he has been selling shoes for a long time, but he has not yet had a woman to buy a big pair of shoes in order to get the worth of her money.

A family out near Wayland college doesn't possess an auto nor a phonograph—but it has a bank account.

More trouble for the jurors. The number of women lawyers is increasing, and what is a poor juror to do when the lawyer on either side is a good looker?

The bunch on the corner has about quit loafing in the banks during bad weather. They owe the banks and rather not face the credit men with their notes past due.

The high price of living is now coming down in earnest. The moving picture shows in a number of towns are reducing the prices of admission.

PRESS COMMENT

The Texas Plains country has more to offer the seekers for homes than any other section in the world. Coupled with its great unoccupied areas it has a people, an atmosphere, facilities for comfort and communication, not surpassed in the United States.—Amarillo News.

The Beacon congratulates Plainview in her successful efforts in the location of the 1922 West Texas Chamber of Commerce meeting. The coming of 1,000 or 1,500 delegates to this section will be a splendid advertising to this section of the Plains country. Plainview certainly has a live bunch of boosters, and are successful when they go after conventions.—Lockney Beacon.

The ministers of this city all report a better state of spirituality among their membership than has been noted for a number of years. The truth is that the pendulum is swinging back from the terrible moral laxity during the rushing, crowding years of the war, and men are again turning to God for help and comfort. Men do not live by bread alone, and this change cannot but produce better conditions in which to live, do business and rear up families.—Clarendon News.

Crimeless Canada

When we read of the "crime wave" in the United States, and the alleged "master minds" which are assumed to be engaged in plotting the clumsy murders committed by low-browed bandits, we can not pride ourselves upon our incomparable civilization because it doesn't compare favorably with that of our neighbors. Canada is a very large country, a larger area, larger than our own. It is a new country with all sorts and conditions of men and women in it. But there are no waves of crime in Canada. Everybody knows why. Everybody knows the Canadians won't put up with criminals at all.

When one man in Canada murders another he is hanged directly after the next term of court. There is no nibbling or mawkish or sentimentalizing over it. He is hanged by the sheriff according to law, and that's all there is to it. Or, if a man in Canada goes bad and becomes a bandit in lieu of getting a job at work like other men do, the police never let up on him till they have him under lock and key. The local police usually get him, but if he escapes from them the mounted police take the trail. He is followed to the ends of the earth, and unless he

Young women are now filing their applications with the Temple Sanitarium Training School for Nurses for entrance in the June class.

If you are a young woman of average intelligence, physically strong and of good moral character, we are interested in you. If you wish to earn your own livelihood; if you care to receive a training that leads to a profession much in demand, we wish to advise you to become a nurse. The nursing field is broad, and the demand is far greater than the supply.

When you are a graduate of The Temple Sanitarium Training School you are assured of a place in the nursing profession. Board and tuition free, with a monthly allowance while you are receiving your training. Write today for illustrated booklet. Address Miss Wilma Carlton, R. N., Supt. of The Temple Sanitarium Training School for Nurses, Temple, Texas.

Women's Clothes Approved

The naturalist, Ernest Seton Thompson, says that on moral and sanitary grounds, the costumes of the women today are the most sane in the history of the race. Savages always are moral until compelled by advancing civilization to wear clothing. And so far as health is concerned, the soldiers with their high and light collars suffered an average of diseases of the throat of 43 in the 1,000, while sailors, with their loose, low neck style suffered only 21 in the 1,000.

A Farmer's Almanac Again

Washington—Uncle Sam has revived Benjamin Franklin's "Poor Richard," in spirit at least.

Publication of a farmer's almanac much after the style of Franklin's epigrammatic homilies to growers, was announced by the department of agriculture.

"Beware of false prophets," reads one caution. "Don't plant by the moon but get the best seed and prepare the seedbed, then plant when soil and moisture conditions are right."

"The owner of a scrub bull should have a leather medal—made from the bull's hide," is another.

The book contains seasonal advice and is designed as an index as well to available government publications.

Hester Knight of the Valleyview community in Swisher county is sick with smallpox. No others cases have developed.

MANY PLAINVIEW AUTOISTS WERE IN AMARILLO

Go Through In Cars Wednesday and Enjoy the Shows and Banquet

A delegation of more than 100 Plainview automobile dealers and citizens, in about thirty automobiles arrived in Amarillo in a bunch Wednesday morning, at 9:30 o'clock and were met by a delegation of Amarillo automobile dealers on the road before entering the city. Others continued arriving for some to or three hours afterward, until a total of fifty or sixty automobiles of people mad made their appearance.

The Plainview delegation was headed by A. C. McClelland, president, and T. C. Shepard, secretary of the Plainview Automotive Dealers Association, and among the members of that organization who were in the delegation were: Alva Hooper, J. C. Hooper, R. M. Pearce, W. F. White, R. S. Beard, L. P. Barker, P. B. Barber, T. J. Harte, T. B. Carter, H. F. Meadows, W. O. Speck, Mr. Hubbard and Mr. Reynolds, accompanied by their sales forces and shop forces and their families. The committee in charge of promoting the trip to Amarillo was composed of Mr. McClelland, Mr. White and Alva Hooper.

Each member of the delegation wore a badge reading: "I am _____ of Plainview. Who N L are you?" signifying their desire to become acquainted with every person with whom with came in contact.

Circulars appearing upon the streets of Plainview Tuesday, signed by members of the Automotive Dealers Association, were captioned: "Amarillo came to the Northwest Texas State Fair at Plainview. Let's all go to the Amarillo Automobile and Style Show" John Boswell, secretary of the Plainview Chamber of Commerce, who also was in the delegation, pointed to this circular as being significant of the desire of citizens of Plainview to be neighborly with the citizens of the Capitol City of the Panhandle and to show Amarillo that Plainview is more than willing to co-operate in any project that is for the good of the Panhandle at large.

Among the delegation of Plainview automobile men who visited the Amarillo several who also have visited some of the larger shows of the nation, and in every instance they declared that the Amarillo show compared favorably with the National shows excepting for size. Some of them even ventured to remark that it was the best automobile show they had ever witnessed in their lives.—Amarillo Tribune.

Texico Has Changed

The pool halls of Texico have been ordered closed and the city council will not permit their operation in that town again. Is this a dream? Those who have seen the border town in its wild and woolly days when nothing was too indecent to operate there, when bawdy houses, gambling, saloons, and immorality reigned in a way that would almost make Tia Juana ashamed of itself, can hardly believe this transformation. Ten years ago the editor of the Record last saw the border town and it was pretty raw then. An election was called to vote on whether or not the saloons should be closed, and there were only two votes in favor of closing the saloons. Everybody in the town except two lonesome souls wanted the saloons to stay. And now the town is so modern that pool halls can't remain there. Somebody stick a pin in us so we can wake up and try to believe it. Rip Van Winkle has no copyright on the passing of time and the shifting of ideals in the west.—Canadian Record.

Removed His Own Appendix

Kane, Pa.—Dr. E. O. Kane, chief surgeon at a hospital here, operated upon himself for chronic appendicitis. He applied a local anaesthetic during the operation and his only assistant was a nurse who held his head forward that he might see. The doctor was propped upon the operating table with pillows. He dissected the tissues and closed the blood vessels as the knife penetrated the abdominal wall, and when the appendix was located, he pulled it up and cut it off. Dr. Kane is 60 years old.

Pure Bred Sows Average \$132.75

Lubbock, Texas, Feb. 18.—The Fred Boerner pure-bred sow sale held Thursday averaged \$132.75 for thirty-two bred sows with Princess Pathfinder 11, a substitute, going at \$500 as highest. This is Boerner's first sale. Eighty per cent of the sows stayed in the country, after a flat offer from every bank in the county to finance any farmer that had the feed to feed a sow and bought one.

Wool Goods Down One-Half

New York.—The American Woolen Company, the largest producer of wool goods, Monday named prices for the fall of 1921 on a basis bringing from 45 to 50 per cent below price levels of last autumn.

HARDING PLANS EARLY PEACE WITH GERMANY

Will Urge the Separate Peace Bill, and Re-Establish Diplomatic Relations

St. Augustine, Fla., Feb. 23.—The program for bringing about speedy peace between the United States and Germany has been virtually decided upon by President-Elect Harding.

It follows:
1. Passage by the Senate and house of the Knox resolution or a similar measure declaring peace.

2.—Informal exchanges between the United States and allies and United States and Germany, to adjust financial matters and other questions relating to peace.

3.—Dispatch of an American minister to Berlin and acceptance of a German minister at Washington, with re-establishment of the consular service in both countries.

The negotiations will be conducted by Secretary of State Hughes.

United Press dispatches from London today said that Europe was virtually marking time waiting for the Harding administration to go into power before going ahead with settlement of the reparations and other questions. Any advance announcement of what the Harding administration intends to do for the guidance of the allies, would be improper at this time so it is expected here practically nothing will be done toward winding up the war affairs abroad until after Harding enters the White House.

Hockley County Organizes

The recent election in Hockley county for the location of the county seat and the election of the first force of county officers resulted in the Hockley City, in the center of the county being designated as the county seat by a vote of 51 to 38. Ropes on the Seagraves branch of the Santa Fe was the contending party in the location dispute.

The following officers were elected to fill various offices of the county: J. R. Evans, county judge; Geo. P. Smith, district and county clerk; J. A. Stroud, sheriff and tax collector; John H. Doyle, treasurer; Lee Cowan, G. W. Alexander, G. M. Smith and Bas Arnett, county commissioners; Dan Roe and L. C. Tow, justice of peace in precincts 3 and 4; Louis Rucker and M. S. Farr, constable in precincts 3 and 4.

The law passed the last of January by the legislature, which sought to put off the payment of penalty on taxes paid before next fall, has been found to be unconstitutional, hence the 10 per cent penalty will be charged against all taxes not paid before a cow and bought one.

THE COST OF BUILDING

The American Lumberman of Chicago for February publishes a comparative table to show the costs of home building now and in 1920, taking an itemized statement of a certain home built in Aurora, Ind., of stucco finish and completed ready for the family to move into it. The home cost \$5,918.20. The same home today, one year later, can be duplicated for \$5,042.60, or \$875.60 less than the 1920 figures.

These items enter into the construction of a home on which there is at this time no reduction:

Excavation and foundation \$311.
Other mason material, \$120.
Hardware, \$120.
Sand and gravel, \$35.
Common labor, \$279.
Mason labor, \$162.
Lathing labor, \$110.
Carpenter labor, \$912.
Miscellaneous and liability insurance, \$210.

These items show the reductions that make the difference of \$975.60 over the previous year cost, giving both the amounts and the per cent of reduction:

Lumber, \$1,439.85; present cost \$945.60, a reduction of 34.3 per cent.
Mill work \$676; present cost \$427, a reduction of 27.6 per cent.
Plumbing \$600; present cost \$427, a reduction of 20.8 per cent.
Electric wiring and fixtures, \$125; present cost \$105, a reduction of 16 per cent.
Heating \$459.35; present price \$427, a reduction of 7 per cent.
Painting and material, \$296; present price \$279, a reduction of 5.7 per cent.

Lumber has taken the lead in a return to pre-war prices, and this despite the fact that freight rates are now 75 per cent higher than they were before the war.

Amarillo Woman Killed in Denver

Denver, Feb. 23.—J. B. Shanks, 23 years old, a carpenter, and Mrs. Emma Dovicke, 24, of Amarillo, Texas, were found shot to death in their apartment here today. Shank was alleged to have introduced the woman as his wife. Police tonight declared Shank had shot Mrs. Dovicke to death and then committed suicide because the woman was about to return to her husband in Amarillo. A small pistol was clamped in Shank's hands.

C. R. Veigel and family, who have been at Sierra Madre, Calif., for some time, are moving back to their home in the Providence community.

Hale-Swisher Medical Society
The Hale-Swisher Counties Medical Society has a membership of twenty-five doctors of Hale, Swisher, Floyd, Briscoe and Lamb counties. It is one of the oldest such organizations in the Panhandle, being now about fifteen years old. Monthly meetings are held in Plainview, at which time papers are read by members and round table discussions are held. Frequently well known specialists from other towns read papers before the society.

The society is affiliated with the Panhandle District Medical Association, the Texas State Medical Association and the American Medical Association. Through these organizations and by the regular meeting the members are able to keep in close touch with all modern advances in medicine and surgery.

Dr. S. J. Underwood of Hale Center is the present president of the society and Dr. E. F. McClendon of Plainview is secretary.

Couldn't Escape Blood Test

San Francisco—A blood test to determine whether Paul Vittori was the father of Virginia Vittori was accepted by the court here in an action to compel Vittori to support the child.

He had disclaimed parentage. His wife's attorney said that blood a test would prove parentage.

Dr. Albert Abrams, professor of pathology at Stanford university, made the test. He decided that parentage of the father was proved when blood specimens from him and the child vibrated in unison. The court ordered Vittori to support the baby.

Making the Children's Clothes is easy NOW

"A year ago I wouldn't have said that and I wouldn't have believed it had anyone else said it to me. That was in the days when I used a foot-power sewing machine, and sewing was back-breaking, hard work.

"Nowadays when the children need new dresses or there's some mending to be done, I do it electrically.

"I take my Western Electric Portable Sewing Machine off the shelf in the linen closet, put it on the table, connect it to the electric light socket and the little motor does the work."

And that is all there is to it. Just as this woman can now do all of her sewing electrically and without effort, so can you.

The portable feature, the compactness, the speed control, the ease of operation will appeal to you.

Drop in at our show-rooms and let us demonstrate these points.

Trio of Wedding Anniversaries Celebrated
 At a very recent date there were at the home of Mr. and Mrs. Herbert E. Clark of our city a trio of wedding anniversaries. This event should have come off on the 10th of February, not because the wives had forgotten, but for the opportune time that the two girls of Mr. and Mrs. Clark—Ada and Grace—could be there. It was suggested by the wives that they have a preacher at this time and have some more ceremonies pronounced, but this was rather voted down by the husbands as kind of rubbing it in, as they were already husband and wife, and that seemed was a plenty. The writer would have preferred having Mr. Israel as this was wholly a Methodist crowd, not that we needed a groom from year to year as a poor man's lease when he placed his feet under this feed and to hear the sweet songs and music.

Three jumps ahead of the sheriff some of the time.
 Will Clark, born on the 10th of February, for which he was not to blame. Why, this date was chosen is not known unless it was early out sewing time and help was needed down at the hack.

How does this sound to your matrimony bliss and forever happy after wifey comes to hubby and says, "Say, lo you know what day this is?" "Why, Thursday, of course." "No I mean the day of the month." "Search me, had no duns lately, kinder lost the time." "Why, its the 10th of February." "Well, what of it?" Go way crying, mutter the beast. Well, of all things, what have we done or not done, thinking hard, that's it, rushing in wifey we have it. It's sowing oats time, curtain down.

If this anniversary was compared with Capt. Tilson's which he is so proud to tell you about, it would read about like this, multiplied by three, here would be sixty grand-children, here were only three, and visitors by three, there would have been one hundred and fifty; facts were there were not near so many, but Captain's environments were decidedly different when he struck the empire called Texas he felt like Noah when the love presented him with the olive branch and stepped from the ark to dry ground he remarked, "By jingo, 'ot to be something done here."

Sleepy Sickness On Plains

Lubbock, Feb. 23.—The first case of sleeping sickness reported in this section were brought to Lubbock this past week and are reported awake today after long periods of sleep and fasting.

Beckum Fortune of Post City, who was reported to have been asleep for 25 consecutive days awoke this morning and took food and talked for the first time, consciously, in this time. He is still paralyzed in part of his limbs but was wide-awake and conscious for some time. He is 15 years of age.

Amelle Guthrie, of Crosbyton, 16 age, is reported to have been asleep for 14 days awoke this morning and is sitting up, after taking food and seem to be normal in every way, except weak.

Both cases have been under the treatment of local chiropractors for several days.

Mrs. J. C. Turner died in Lubbock February 12. She leaves a husband and seven children.

The Hereford Chamber of Commerce held its annual banquet Thursday night, and 250 persons were present. A review of the past year's work was given.

DODSON'S LIVER TONE IN STEAD OF CALOMEL

Calomel is quicksilver. It attacks the bones and paralyzes the liver. Your dealer sells each bottle of pleasant, harmless "Dodson's Liver Tone" under an ironclad, money-back guarantee that it will regulate the liver, stomach and bowels better than calomel, without sickening or salivating you—15 million bottles sold.

PAPPE'S DIAPEPSIN ENDS INDIGESTION

"Pape's Diapepsin" has proven itself the surest relief for indigestion, gases, flatulence, heartburn, sourness, fermentation or stomach distress caused by acidity. A few tablets give almost immediate stomach relief and shortly the stomach is corrected so you can eat favorite foods without fear. Large case costs only few cents at drug store. Millions helped annually.

'CASCARETS' TONIGHT FOR CONSTIPATION

Just think! A pleasant, harmless Cascaret works while you sleep and has your liver active, head clear, stomach sweet and bowels moving as regular as a clock by morning. No griping or inconvenience. 10, 25 or 50 cent boxes. Children love this candy cathartic too.

Mother

"California Syrup of Figs" is Child's Best Laxative

Beware! Say "California" or you may not get the genuine "California Syrup of Figs" which doctors recommend for babies and children of all ages. Nothing else cleans the little bowels and regulates the child's stomach and liver so gently, so thoroughly. Direction on each bottle. But you must say "California." Don't be talked into an imitation fig syrup which hasn't the delicious, fruity taste or the perfect "laxative physic" action.

**CARDUI HELPED
REGAIN STRENGTH**

**Alabama Lady Was Sick For Three
Years, Suffering Pain, Nervous
and Depressed—Read Her
Own Story of Recovery.**

Paint Rock, Ala.—Mrs. C. M. Stegall, of near here, recently related the following interesting account of her recovery: "I was in a weakened condition. I was sick three years in bed, suffering a great deal of pain, weak, nervous, depressed. I was so weak, I couldn't walk across the floor; just had to lay and my little ones did the work. I was almost dead. I tried every thing I heard of, and a number of doctors. Still I didn't get any relief. I couldn't eat, and slept poorly. I believe if I hadn't heard of and taken Cardui I would have died. I bought six bottles, after a neighbor told me what it did for her.

"I began to eat and sleep, began to gain my strength and am now well and strong. I haven't had any trouble since. . . . I sure can testify to the good that Cardui did me. I don't think there is a better tonic made and I believe it saved my life."

For over 40 years, thousands of women have used Cardui successfully, in the treatment of many womanly ailments.

If you suffer as these women did, take Cardui. It may help you, too.

At all druggists.

DON'T RISK NEGLECT

Don't neglect a constant headache, sharp, darting pains or urinary disorders. The danger of dropsy or Bright's disease is too serious to ignore. Use Doan's Kidney Pills as have your friends and neighbors. A Plainview case.

Mrs. T. R. Alexander, says: "My back was so sore and lame I could hardly stoop over to do my work and it just ached all the time with a steady, bearing-down pain. At times, the pains would shoot up through my shoulders. When I bent over, I would get dizzy and little black specks seemed to float before my eyes, blurring my sight. I also suffered from severe headaches. My kidneys were weak and acted irregularly. I was advised to try Doan's Kidney Pills and purchased a supply from R. A. Long's Drug Store. They gave me instant relief, regulated my kidneys and put me in fine shape."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Anderson had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

**Time Not Altogether Lost if Stout
Gentleman Would Look on
Matter Philosophically.**

Flushed and breathless, the bloom of sport upon his cheek, the panting, bald-pated old gentleman picked up the hat he had been chasing down the street, and then leaned up against a lamp-post to gain breath.

It had been a desperate chase, but, thank goodness, he had his hat at last! Phew!

Another, also breathing heavily, came pounding up, and snatched the headgear out of his hand.

"Much obliged!" gasped the newcomer.

"For what?"

"This is my hat."

"Your hat?" gasped the erstwhile chaser. "Then where is mine?"

"Behind you," replied the other, "at the end of a string."

And then, for the first time, the old gentleman remembered the hat-guard his winsome wife had made him wear.

DINE AMONG THE BRANCHES

**Visitors to Paris May Have Novel Ex-
perience, if They Care to
Pay for It.**

Americans seeking for novelties in the restaurant line may well take a hint from the enterprising Frenchmen who have built two tea houses high in the branches of a wide-spreading tree that is the center of the many attractions in a resort half an hour's ride from the city to Paris. The patrons of the resort reach these aerial dining rooms by a set of winding stairs, but the meals are served through the aid of baskets, which are raised from the ground with ropes and pulleys. In order to reassure the merry-makers in the tree-top that they would not suddenly come down to earth with a most decided thud, the proprietors have had the branches reinforced with sturdy props that assure sufficient support. During the war this resort village was deserted, but now it is resuming its former air of gaiety, with music and dancing and plenty of merry-go-rounds. Paris also goes to the other extreme in cove restaurants.

PUBLISHER'S PLAINT.

"It was just as well," said the magazine man, "my editor had to stop drinking."

"Did the flagon ever hurt him?"

"Perhaps not, but—"

"Well?"

"When he got to drinking he would accept poetry in large quantities."—Louisville Courier-Journal.

Strange Condition.

"In scanning our exchanges a peculiar condition of affairs is revealed to us," admitted the able editor of the Grudge Gazette. "It appears that, while in no town where a paper is published are there any profiteers, all the towns from whence other papers emanate are literally crawling with them. Although the merchants in all the neighboring hamlets are gouging and skinning and hogging needlessly and to the uttermost penny, here at home, wherever it may be, the dealers are merely conservative or progressive business men. In short, in the eyes of the country editor, his own advertisers are never scamps and rascals but always prominent, influential and angelic. And to be perfectly candid about it, that condition obtains here in Grudge. Country editors are not absolutely obliged to live, but they kinda like to while they are at it."—Kansas City Star.

Farms Are Electrified.

An innovation in Mississippi farm life is occurring in Pike county in the way of lighting farm houses and buildings by electricity. Several farmers from other parts of the country have purchased farms and moved to Pike county during the past few weeks.

These people are now contracting with the city of West Point for electricity on a 20-mile circuit running east and north, and after this circuit is erected they will have city advantages. This is truly an innovation for Mississippi, if not for the south, to have an entire farming section electrically lighted and entirely laced with macadam roads.

Freedom for Women.

In no countries have the barriers which have hedged women in been broken down to a larger extent by the war than in Mohammedan countries. The women in Algiers took charge of the estates of their husbands, who had gone to fight, or who, in many cases, had gone to France to work in munition plants and factories for higher wages, than those they could command at home. The women seem to have used their new independence well. They subscribed heavily to the government issues.

WE SHALL REMEMBER THEM.

They sleep beneath no immemorial yew;
Their resting place no temple arches hem;
No blazoned shaft or graven tablet woos
Men's praise—and yet, we shall remember them.

The unforgetting clouds shall drop their tears;
The winds in ceaseless lamentation, wail,
For God's white knights are lying on their biers,
Who pledged their service to restore the gail.

They gave their lives to make the whole world free;
They recked not to what flag they were assigned.
The Starry Banner, Cross, or Fleur-de-lis—
Their sacrifice was made for all mankind.

For them the task is done, the strife is stilled;
No more shall care disturb, nor zeal condemn;
And when the larger good has been fulfilled,
In coming years we shall remember them.

How can the world their deeds forget? In France
White crosses everywhere lift pallid hands,
Like silent sentinels with sword and lance,
To keep their memory safe for other lands.

What need have they for holy sepulture?
Within the hearts of men is hallowed ground—
A sanctuary where they rest secure,
And with Love's immortality are crowned.
And far-off voices of the future sing,
"They shall remain in memory's diadem";
And winds of promise still are whispering
That same refrain, "We shall remember them."
—James Terry White.

**Juggler Who Gave Exhibition Far
Above Street Level Must Be
Wonderfully Constituted.**

While his companions huffed the roping in a perspiring effort to keep their eyes from Herald square, 25 stories below, "Dare Devil" Reynolds of New York city recently gave an unprecedented exhibition of juggling.

This is the Way a Juggler Gave Publicity to a Recent "Drive." He Went Through His Tricks Just 25 Stories Above a New York City Street.

skill. He placed a kitchen table astraddle a corner chimney, and on the table two chairs, face to face. A third chair rested with two legs on each of these. A fourth chair he set at a slant against the back of the third. Then he climbed to the top of the rickety perch, stood upright, pulled three billiard balls from his pockets and tossed them nonchalantly about, seeming to forget that a dropped ball would shoot down, and down, to a crashing finish on the pavement far below. The stunt completed to his satisfaction, he sat on the tilted chair, slowly stretched his feet over Herald square, and balanced himself on two chair legs.—Popular Mechanics Magazine.

New War-Word.

W. Y. Morgan of Hutchinson, now in Germany with the army of occupation, says he has discovered a new war word which may be used freely before a mixed audience. A British officer, he says, was telling how he managed some Chinese laborers during the war. "I swooped them a lot," he said. Asked to elaborate on the meaning of the word swoop, the officer continued: "Oh, I tell them how fine they are, and what good men they are, don't you know, and they like it and work their blooming best." Mr. Morgan regards the word swoop as a valuable addition to the language.—Kansas City Star.

And a Nightmare, Too?

Little Ben, who was very fond of beefsteak, passed his plate the other night at dinner for a second helping. "Why, Ben," said his uncle, "you mustn't eat any more meat. Don't you know," he consoled, "if you eat any more meat you might have a dream and see elephants and tigers and lions and scorpions and panthers and—"

Ben grinned delightedly.

"Gimme another piece," he begged.

"I want to see all them things."

MAY BE TRUTH IN LEGEND

Investigation of "Enchanted Table" in New Mexico Seems to Bear Out Story Long Believed.

An isolated butte rising out of a vast plain in the vast Southwest—a flat-topped hill 430 feet high and with sides so nearly vertical that for many centuries it was supposed to be hopelessly climb-proof, is one of the most interesting of the natural wonders of this part of the United States.

Many attempts to climb the "Enchanted Table" or "Mesa Encantada," as the first Spanish settlers called it, have been made, but Indian superstition has attributed their failure largely to a supernatural influence that balked the ascent. Hence the name "Enchanted."

According to the Indian legend, the mesa, which is three miles northeast of the well-known Acoma pueblo, in New Mexico, was very anciently the site of a prehistoric village. A frightful storm carried away part of the rock and with it the rocky staircase which offered the only path of access to the summit.

As a result, the people in the village were cut off from the plain below. They could not climb down; no help could reach them, and they starved to death. The only survivors were a few who by chance were absent from the mesa top at the time of the disaster. From them, it is explained, are sprung the present-day inhabitants of the pueblo of Acoma.

But science, while disposed to be incredulous of things unproved, is at the same time inclined to investigation. Hence an expedition which the government bureau of ethnology sent out to climb the Mesa Encantada. The party, after almost incredible efforts, arrived upon the top.

What they expected to find was—nothing. But, to their surprise, they discovered, on the summit of the mesa, plain and unmistakable evidences of ancient occupancy, such as ruined walls, and what they saw there afforded a measurable confirmation of the Indian legend.

Tasks for Disabled Fighters.

An outline of the efforts of the bureau of employment of the Pennsylvania department of labor and industry to find suitable industrial tasks in Pennsylvania for disabled soldiers and sailors is given in a bulletin just issued by the department. This bulletin, which may be obtained upon application to the department of labor and industry, at Harrisburg, analyzes by task and locality, the 50,000 employment opportunities offered by 900 employers in 60 counties, number of plants, kinds of firms and numbers of openings in each class of employment. One series of tables shows at what tasks several hundreds of disabled men are now employed by the Philadelphia and Reading railway company. Another chapter on "Placement of Disabled Soldiers and Sailors in Employment" gives a general review of the placement subject, outlining conditions that may be expected and methods to be employed in locating each disabled soldier and sailor at a specified task in Pennsylvania plants.—Scientific American.

Turned From Friend.

The revolving floor in one of the dancing cabarets mystified two young lieutenants just back from France and evidently strangers in New York. They were ushered to a table on the revolving floor. Shortly afterward one of the soldiers went to the telephone booth; emerging about ten minutes later, he looked around in dazed fashion, and made several starts for the spot where he had apparently left his companion, but couldn't seem to find him. "Say, there," he huskily remarked to the head waiter. "Lend me one of your boy scouts to help me find my chow table, will you?" "What's the trouble?" inquired the headwaiter solicitously. "I left my friend at a table over yonder by the post," answered the bewildered soldier, "and now he's disappeared." As there were a number of men in uniform present the head waiter suggested that the friend be paged. "That's the idea," eagerly responded the soldier. "His name's Kennedy." And in a short time the messmates were reunited. Then the existence of the revolving floor was briefly explained to them.—New York Sun.

Yep, It Takes Practice.

For the forty-fifth time in 12 months she stood at the bridal altar and repeated the solemn words that linked her soul forever with that of the hero some man by her side. As the minister held up his hand signaling for the stow traffic to come forward and kiss the bride, the handsome man leaned over to press the first kiss on her ruby rouged lips.

As he did so, his foot caught in her train and threw him off the track.

"Whittell, ya big boob," came an encouraging voice from a megaphone on the side lines as the purring of the camera ceased. "Now we'll have to make that again. You've spoiled 500 feet of perfectly good film."

Individual Cups for Cows.

The Jersey herd of Ralph Ballou is now provided with individual drinking bowls. Each stall is connected with the water system and has an automatic bowl about ten inches in diameter and six inches deep. When the cow sticks her nose in the bowl to drink, she turns the water on, and as the bowl fills she raises her head and cuts the water off. This method avoids having to fill the trough or breaking tea for the cows when it is cold.—Munroe County Appeal.

Going Some!

When all the people of a community get together and work for the common good, onlookers are bound to say, "You're going some, folks—going some!" For a farm community that wants to get that "community spirit" that makes for prosperity, there's a splendid lot of sound guidance in next week's issue of

The COUNTRY GENTLEMAN

I don't believe I ever ran across anything that will help us more in our plans for making this a better, happier, richer place to live.

Next week's story is just one of a generous series that E. H. Taylor is contributing. He has visited successful counties the country over, and has collected all the ideas and methods that have brought prosperity.

TRY GENTLEMAN offers invaluable help to farmers collectively—plans for successful organization, for community development, for cooperative shipping, buying, packing, marketing, etc.

Besides giving the individual farmer the most complete and authoritative farm service that money can buy, THE COUNTRY GENTLEMAN offers you a whole year (52 ISSUES.) Just mail me your order today.

Will End March 1st

The Auto Top Sale will be over March 1st. Anyone wishing a cheap top in price, but high grade auto top before the first will have to hurry and get their name in the pot.

The price will be raised from \$4 to \$10 per top on that date. We thought at first we would be able to hold the sale price by buying new stock but the price is not being reduced on material but very little. But we want to live and let live, and if materials still decline in price we will also reduce our prices.

We are always at your service.
