SENSATIONAL KILLING AT FLOMOT, MOTLEY COUNTY

SINGER IS KILLED IN CHURCH OVER ALLEGED FAMILY AFFAIRS.

Marvin A. Washington, aged forty, married, was shot and instantly killed in the Flomot Methodist church, fifty-five miles northeast of here, Saturday night, and E. A. Preston, aged thirty-seven, married, went to Matador and gave himself up to officers, admitting the shooting, it is alleged.

Washington was singing with the choir, and the song had just been concluded. The choir was seated, Preston entering and seating himself in the front row of the choir reservation. As the choir arose to begin the next number, Preston left his chair and turned to Washington, saying, "I am going to kill you—there is the cause!" With these words, with a pistol in his right hand, and a letter thrust towards Washington with his left, Preston is alleged to have fired six shots in quick succession, four of them taking effect, and Washington dying instantly.

To the comparatively few people remaining in the church, and while standing above the lifeless body of Washington, Preston is alleged to have calmly faced the audience and said: "I surrender—here is my evidence!" But failing to find an officer or other authorities connected with the peace department, to whom to surrender, he left the church and gave himself up to the sheriff of Motley County, in Matador.

The fatal document, alleged to have been the cause of the tragedy, is a letter written by Washington to Preston's wife. This epistle is the one pushed towards the doomed man as he arose to sing in the choir, and was later tendered to some one in the audience, as the slayer faced about in the choir.

Washington is an old-time resident of the Flomot community and his family consists of a wife and three children, the eldest of the latter being a married daughter, and the latter are sons, about ten and twelve years. He is a man of means and has been a prominent member of the Methodist church for years. His slayer is also prominently identified with the church and is prosperous, his family consisting of his wife only.

It is alleged that the affair culminating in the tragedy Saturday evening in the quiet little Motley county community, was the outgrowth of an incident of approximately eight years' standing.

The prominence of the parties, the setting of the tragedy, the suddenness of it all, created a profound sensation, and the community is greatly shocked. Little is given out as to the details of the trouble leading to the killing.

PHILLIPS BUYS HAUCK'S INTEREST.

Jim Phillips has bought the interest of Percy R. Hauck in the firm of Hassell & Hauck, hog buyers and shippers.

Mr. Phillips will be engaged actively in the business. Mr. Hauck will remain in Plainview.

T. J. Allen, of Brownwood, has been here this week, prospecting with a view of opening a hardware store here, if the proper building can be secured. Mr. Allen owns stores at Brownwood and Comanche, and contemplates moving the stock of the here. He and his family will here if he decides to move the

OVER INCH OF RAIN.

A downpour of rain fell in and about town Sunday afternoon, the record showing .98-inch. It didn't extend out for. Yesterday .08-inch fell. A good rain all over the Plains would benefit the row crops.

COUNTY EDUCATIONAL BOARD MEETS.

The county board of education met yesterday, but no important business attended to. Another meeting will be held next Friday.

COLD-DRINK VENDORS MUST HAVE CERTIFICATES.

Health Department Inspector Issues Warning While Here—Law Must Be Observed.

S. M. Ramsey formerly managing editor of the Amarillo Daily News, but now an inspector for the Texas Board of Health, was in Plainview today on business for the department. Speaking of the new health laws, Mr. Ramsey said to the editor of the News:

"There seems to have been a general misunderstanding in several parts of the state with reference to the new law which went into effect June 1, governing the operation of restaurants, bakeries, dairies, candy kitchens and other establishments which serve food and drink to the public.

The State Health Department, in instructions to inspectors, has advised that the provision in this law which requires the issuance of a health certificate to employees of such places, applies specifically to soft-drink stands of all descriptions, soda fountains, and even to the vendors of so-called near-beers, who handle only bottled goods. Inspector Ramsey has instructions to see that this law is complied with in every locality.

"I understand that the local health authorities, through a misunderstanding, excepted the ice cream and soft drink dispensers in the matter of health certificates, and I make this statement in order to clear up the situation. They are heartily in accord with the new state law and will assist in its strict enforcement."

FLOYDADA-LOCKNEY ELECTRIC LINE WILL BE REBUILT.

Three-Phase Copper Circuit Will Be Installed by Texas Utilities Company.

The Texas Utilities Company will rebuild the Floydada-Lockney high line, so Manager J. B. Scott informs us.

A three-phase copper electrical circuit will be strung, the first carload of material having already been received.

The company expects to greatly improve the service to these two towns, the current being furnished by the main plant in Plainview.

KIWANIS CLUB.

The principal matter before the Kiwanis Club at its luncheon Friday was the free tourist camping site matter, more fully told in another column. Paul Barker also discussed "What a Tourist Camp Ground Would Mean for Plainview," and said that much loss is being sustained by not having such a site.

H. E. Fritz had as his subject "The Bad Check Problem," and said the banks are ready to co-operate with the business men on any plan to remedy the matter. Former District Attorney Otzear shrld cmfw cmfwpwrtney Hatchell suggested that the best plan would be unrelenting prosecution of all makers of bad checks, as the state law is adequate to stop the practice.

Matt Cram's subject was "Out of the Ash Can," and he suggested that cars should be parked in the center of the streets instead of on the sides, as at present.

J. G. Chancey told of the progress the baseball team is making. He urged the people to give support to the team by attending the games, as it now seems there will be a deficit of more than \$600 for this season.

Mrs. Beulah Hoyle Kier, of Houston, and Miss Flora Meadows favored the club with solos and responses to queries.

ANCHOR.

July 26.—Harvest is past, and threshing is the order of the day.

There have been showers all around us for the past week, and a nice growing shower would be appreciated by us just now, for the benefit of our growing crops, though we are not suffering.

W. W. White and wife, with Frank White, left Thursday for their old home, in Eastern Texas. Their father dying a few days ago was the cause for their trip at present.

Quite a crowd of young as well as old people from Anchor and Center Plains motored to Hart's Camp for a picnic and fish fry Sunday, but we think from appearances that they got more sunblistered faces, necks, and arms than they did fish, but they report a good time.

Wm. Maley has returned to his home, in Chicago, after a pleasant three weeks' visit with his sister, Mrs. W. E. Fesal. He speaks well of our country.

Mr. and Mrs. V. L. Formway visited at Kress Sunday.

PLAINVIEW TO HAVE FREE TOURIST CAMP GROUNDS

KIWANIS CLUB RAISING MONEY TO MAKE IMPROVEMENTS; OPEN NEXT WEEK.

Plainview is to have a tourists' free camping park. Dr. J. H. Wayland has offered without charge to the Kiwanis Club the use of a half-block of land on the east side of Broadway next to the bridge on the draw. It is admirably situated for the purpose and has a number of large trees.

The property will be properly fenced, a convenient camp house will be erected, electric lights and water provided about the grounds, and also toilets will be erected. Free water, lights and fuel will be provided for all bonafide tourists who come through Plainview.

A committee composed of T. C. Shepard, W. C. Mathes and J. M. Waller is out soliciting funds from the business men to make the improvements necessary, and about \$800 to \$1,000 will be needed. Yesterday afternoon \$330 was raised, and less than a third of the town visited. The committee will continue its work today.

The Rotary Club will also join in the proposition, and it is suggested that the members of the two clubs take an afternoon off and clean up and fence the park.

This camping ground is greatly needed, and will prove quite an asset to our town, as four highways pass through here. It is said that forty-one cars were parked in the camping ground at Tulsa one night last week. It is hoped to have the grounds ready for use next week.

The home of Mr. and Mrs. P. F. Bryan was the scene of a pretty home wedding this week when Rev. J. G. Klene read the ring service for their nephew, Le Roy Bryan, and Miss Ruth Eleanor Silsby. The house was beautifully decorated in ferns, dahlias, and Shasta daisies.

The bride, who is the sister of Mrs. E. N. Egge, of Los Angeles, was gowned in a midnight blue tulle. Mr. Bryan is in the employ of the Santa Fe Railway Company, and will take his bride to Amarillo, Texas, to reside after the honeymoon in San Francisco.—Long Beach (Calif.) Press.

PLAINVIEW FIRM SHIPS 410 CARS PANHANDLE HOGS.

Swine Raised in Hale, Swisher, Lamb and Floyd Counties Are Sought After.

One Plainview firm has shipped 410 carloads of South Plains hogs during the first six months of 1921. The larger part of these were shipped to the Los Angeles, Calif., market, and the remainder went to Fort Worth and Kansas City. Practically all of these hogs were raised in Hale, Floyd, Swisher and Lamb counties, and most of them were shipped from Plainview, which causes local hog buyers to declare that Plainview is the biggest hog-shipping center in Texas.

Cheap grain and an abundance of pure water has made the Plainview country an ideal hog-raising section, and the interest in pork production is rapidly increasing here. Much interest is being taken among farmers in several auction sales of registered hogs to be held in Lubbock, Floyd and Hale counties soon.

CLARENDON CITIZEN ENDS HIS OWN LIFE.

CLARENDON, Texas, July 23.—J. J. Greenwade, about 70 years of age, shot and killed himself with a shot gun this morning about three o'clock at his home here, according to his widow. He had been in ill health for some time, and his widow states that he had been up considerably during the night, and while she was lying in the bed he got up, stepped just outside the door and she heard the shot, and upon going to him found him dead, with the gun lying by him.

GRAIN SHIPMENTS FROM PLAINS ARE VERY HEAVY

MORE THAN 1,000 CARS GRAIN INSPECTED IN TWENTY-FIVE DAYS.

More than 1,000 carloads of wheat have been inspected by the Plainview Grain Exchange already during the month of July, according to Federal Inspector James B. Wallace. Up to last night 1,067 inspections had been made during the month. This is an average of over fifty cars per day for each working day of the month. Practically all of this wheat was shipped to Galveston for export. Most of it originated in Hale and adjoining counties, Tulsa, Lockney, Floydada and Plainview being the largest shipping points. Much wheat is also being shipped from Kress, Aiken, Hale Center, Abernathy, Lubbock, Crosbyton, Ralls Lorenzo and Happy.

More than eighty cars have been inspected twice in a day during the month. The largest day was eighty-three cars and the next was eighty-two. The necessity of making careful moisture tests has increased the work of the inspection department and has made it necessary to add additional helpers.

Many farmers during the past few days are showing an inclination of holding wheat for higher prices, as the newspapers report the crop in nearly every other country is being ruined by an unprecedented drought.

SERVICES AT THE BAPTIST CHURCH.

There were 428 in Sunday School, and the congregation at the morning preaching service was very large. The attendance at night was reduced on account of the rain, but there were more than 400 present. The pastor preached at both hours. Miss Flora Meadows sang and Frank Meadows played a trombone offertory at the morning service. Mrs. Kier, of Houston, sang at the night service, and the orchestra played the offertory. There were three additions to the church during the day.

All services next Sunday as usual. The pastor will preach at the morning hour on a theme which will be of practical value to the entire church membership, and at night the theme which was announced for last Sunday night, viz., "The Perils and Possibilities of Plainview." We expect a crowded house to hear this discussion. Special music will be provided for both hours. The choir and orchestra are rendering valuable help in all of our services.

You are invited.

HARLAN J. MATTHEWS, Pastor.

Miss Akard Britain, formerly of Plainview, is stenographer for R. Cline Chambers, a prominent Abilene lawyer. Wednesday of last week Harry Carter, a restaurant cook, came into the office and asked for Mr. Chambers. Miss Britain went to an adjoining room and told Chambers a man wished to see him. When Chambers came in Carter shot him, likely fatally wounding him.

BADGER IS SOME FIGHTER.

"Gimlet," a pet badger owned by a local hardware company, is attracting much attention, especially among tourists passing through Plainview, many of whom have never seen one before. "Gimlet" has a peaceful disposition, although his hisses and growls never fail to send dogs in the neighborhood to cover. The original settler of the great Plains country was captured when young and has been thoroughly tamed.

WOMEN'S LOW SHOES TO LEAD IN FALL

Style Committee Gives Percentages; Cuban Heel Oxfords Will Be Most Popular.

The style committee of the California Retail Dealers' Association makes forecast. Percentages of materials to be used is fixed.

Fifteen per cent boots, 50 per cent low shoes with straight leather heels, and 23 per cent low shoes with French heels are the proportion of women's fall shoes predicted by the style committee at the third annual convention of the California Retail Shoe Dealers' Association held recently in San Francisco.

In low shoes the proportion of Cuban heel, welt strap effects, is placed at 40 per cent as again 60 per cent of Cuban heel oxfords.

The percentage of materials in these types of footwear is fixed as follows:

	Oxfords.	Straps.
Black kid	25	20
Brown kid	34	39
Gun metal calf	5	
Tan Russian	20	
Black suede or buck	2	
Colored suede or buck	10	
Patent leather	3	

The committee expressed belief that 85 per cent of the footwear sold will be low shoes and 15 per cent high boots, in the proportions as already given.

Under the heading "Materials," the report continues: "The percentage of the various materials in low French heel shoes and boots is as follows (boots refers more particularly to straight leather heels of the Cuban and military types):

"High Shoes.—Black kid, 50 per cent; brown kid, 43 per cent; and gun metal, 7 per cent.

"LXV Low Shoes.—Black kid, 40 per cent; brown kid, 13 per cent; tan Russian, 1 per cent; black suede, 6 per cent; colored suede, 10 per cent; patent leathers, 8 per cent; black satin, 20 per cent; and colored satins, 2 per cent.

The report predicts that LXV heels worn will be of the regulation heel, 1 25 per cent of the Junior LXV. It declares style to be the life of the women's shoes trade and predicts continued popularity for combinations, perforations, and novelty embellishments, limited only by the locality and climate. Such ornamentations as buckles, novel bow effects, throat pieces of beads and rhinestones and cut-steel ewecsdmtiir stones and cut-steel buttons will be in demand as long as strap effects are in vogue.

Leaving out Randall, which has 125, Hale county leads all others in the number of students attending the Canyon Normal summer school, there being forty-one enrolled. Scurry county has forty, Hall county thirty-eight, Lubbock thirty-seven, Wichita thirty-two.

SILVERTON.

July 22.—Last Friday H. D. Cullpepper's separator caught fire and was in flames almost all over before they were aware of it. Miner Myers, who was on top of the machine, had his face scorched considerably before he jumped off. It is thought that the fire was caused by smoot explosion.

Mrs. Fannie Blackwell died Sunday night at about 1 o'clock, after an illness of several months. She was 65 years old. While quite young she was converted and united with the Baptist Church. Funeral services, Sunday afternoon, were conducted by Rev. Vinson, of Hale Center.

Mr. and Mrs. J. Guy Whitacre of Hale Center spent last week with Mrs. Whitacre's parents, Mr. and Mrs. J. R. Burson, and family. Miss Maud Burson, who has been visiting at Hale Center for several weeks, came back with them. While here the families enjoyed a couple of fishing trips during the week.

Rev. J. W. Vinson of Hale Center preached at the Baptist Church Sunday morning and night.

Mrs. J. H. McClendon, who was operated on at Plainview last Sunday week, was improving nicely at last reports.—Star.

J. E. Moore, of Beeville, is here looking after his farm near Whitfield, and preparing for a public sale to be held on the farm next Tuesday. A list of the stuff to be sold will appear in Friday's News, with C. F. Sjogren as auctioneer. Mr. Moore and family lived near Whitfield for twenty-eight years, and moved to Beeville about a year ago.

Should Oust Loafing Bunch—The matter has been called to our attention that many ladies refuse to trade at the stores on the west half of the north side of the square because so many men loaf about there, smoking and spitting on the sidewalks, telling smutty yarns and using profanity. The merchants along there would do well to look into this matter.
