ANOTHER BIRTHDAY

With this issue the News begins its eighteenth year of existence. The present owner has had the business for twelve years, and expects to continue to do so the rest of his life.

The housewives of the nation are certainly raising cane over the high price of sugar.

The railroad business in the United States is a big thing. Fifty thousand locomotives are continually moving in this country, and sixteen thousand are in the shops being repaired.

Harry Clifford, after dancing ninety-seven hours in a marathon dance at San Antonio, became crazy so the papers report. According to our way of thinking, these marathon dancers are crazy to start with.

We notice in the poultry journals and newspapers published over the state the phrase "won first prize at Plainview poultry show." The annual poultry show held in Plainview each December is the real classic of the state, and to win first in it is indeed a worthwhile honor.

That fellow Youngblood, who declared most of the members of the legislature are "rabbit chasers and hillbillies," had certainly made the legislature act the fool to a fare-you-well. It would have been much better had the legislature paid no attention to his speech.

The Southwest Plainsman of Amarillo has just celebrated its ninth birthday. It is published by Mr. and Mrs. Cheney, and is prospering. It is a well gotten up, newsy paper, and is doing a great work in the development of Northwest Texas, Western Oklahoma and Eastern New Mexico.

Advances of from 10 to 15 per cent in the price of furniture, due to higher cost of various materials are reported in trade reviews. It is explained that plate glass, paint and varnish, and materials for upholstering are now 25 to 75 per cent higher in cost than a year ago. All these commodities are subject to heavy duties imposed by the Fordney-McCumber producers' tariff act.

Recently a questionnaire was sent out to 1,000 married women in various parts of the country, and so fixed that the identity of it when returned could not be shown. Out of the thousand 873 declared they were happy in their marriage relations. This is just about correct, we would judge. We hear a great deal about the increase in divorces, but most of these are among people who live in larger cities and in many cases the divorces are granted to persons who have been married several times, thus swelling the divorce record in Hale and Floyd counties there are possibly not a dozen divorces granted in a year.

AN ABSURD PROPOSITION

The absurdity of trying to get organized labor and organized agriculture to work in double harness is well illustrated by what has recently been going on in England. Organized labor in the cities there has succeeded in organizing the farm laborers, and in the general strike of the farm laborers against the farmers, the trades organizations have lined up squarely against the latter.

The wise man of old marveled at four things. Were he alive now, he would make it five, for he could not comprehend how any farmer in the possession of his natural powers of reasoning would fall for the farm-labor political bunk being peddled. If organized labor wants an agricultural ally it should talk to the hired men on the farms; not to the farmers themselves. The basic principles of labor unionism—shorter hours, less work and more pay—are not conducive to profits in the operation of a farm. Furthermore, these very things are responsible for hiking the prices of manufactured articles and the costs of transportation out of the farmer's reach.—The Agricultural Review.

KILLS TWO MEN AT CROSBYTON

PAYNE SHOTS RIPPY AND SWEAZA OF DEMMITT IN COURT YARD

Lubbock, May 14.—D. L. Payne is being held in the Lubbock County jail pending action by the Crosbyton County grand jury in connection with the slaying at Crosbyton this morning about 10 o'clock of Maud Rippy and J. Sweaza, of Dimmitt, Texas.

Payne surrendered to the Deputy Sheriff Lon Coffee immediately following the shooting, which took place on the courthouse square at Crosbyton. Payne surrendered two pistols, a .45 caliber revolver, and a .32 caliber automatic.

Rippy received five wounds and Sweaza received two wounds, although only six shots were fired, Payne's revolver being emptied. The automatic pistol was not used.

Payne who lives at Lorenzo, has come to Crosbyton to appear as the principal witness in the trials of Rippy and Sweaza on charges of assault with intent to murder alleged to have been committed by Payne, one on February 11, 1922, the other on March 11, 1922.

Following the arrest of Payne, he was brought to Lubbock because, according to Sheriff John D. McDermott of Crosbyton, of better facilities for keeping prisoners.

In interview following his arrest Payne stated that he did not know Rippy and Sweaza were near where he left the courthouse. He states that when he first saw Rippy, the latter was attempting to draw a gun and he, Payne, pulled his pistol and shot Rippy once, then shot Sweaza, turned and shot Rippy again and then shot Sweaza again. He claims the two men have antagonized him for testifying against them in flour cases.

The Crosby county grand jury is now in session and finding of a formal complaint has been delayed pending action of the grand jury.

Plainview Attorney Has Close Call. It has come to Plainview that Attorney A. B. Martin of this city, who was appearing for Rippy and Sweaza in the trial of the case, was standing between the two men when the shooting occurred and was in two feet of them. He was uninjured by the bullets.

It will be remembered that last May Sheriff J. C. Terry of Hale county arrested Rippy and Sweaza west of Plainview following the shooting of Payne. Sheriff Terry blocked their way across a culvert on the road to Olton, stopping the car in which they were riding, and arrested them. He found several pistols and guns in the car.

MANY WILL GO SPECIAL TRAIN

LIST OF THOSE WHO HAVE BOUGHT TICKETS TO SAN ANGELO CONVENTION

Plainview's special train to the annual West Texas Chamber of Commerce Convention at San Angelo will leave the local Santa Fe depot Sunday morning at 9:30 o'clock and will arrive at the convention city early that night after having made short stops at the larger towns on the way. The meal stops will be made at Slaton and Ballinger. The Pullman cars will be parked near the Harvey House at San Angelo and will be retained for sleeping quarters for the Plainview delegation. The train will be in charge of the best employees of the Santa Fe Railroad and the Pullman Company. Every convenience will be provided for those who make the trip.

The low round trip rate of \$22.53 has made such an appeal that the train is practically filled. With some twenty reservations from towns near Plainview, the forty-two band boys and the following local reservations, the train is about sold out:

L. P. Barker, W. E. Risser, R. I. Smyth, R. A. Underwood, E. Dowden, Claude Power, T. Q. Collier, J. H. Slaton, John Boswell, H. E. Skaggs, D. F. Sanson & Son, H. V. Tull, John Lucas, J. L. NEGRO STEALS DIAMOND RING

OFFICERS ARREST HIM WITH TWO RINGS ON HIS FINGER

Buster Davis, a transient negro man who has been here but several days, was arrested by Sheriff Faith and Deputy Sturdevant at 12 o'clock last night, on a charge of having that day stolen from Mrs. Wiley Boyle, wife of Wiley Boyle of the Boyle & Son Music Co., two rings, one of them being a diamond ring valued at \$850, and the other her wedding ring, as she is a bride of but a few weeks. The negro was found under some hay in the barn of J. W. Boyle, father of Wiley Boyle, and it is said he was intending to get out of town on a night freight. The rings were found on one of his fingers, and he was put in jail.

It seems that yesterday he got a job at the Boyle home washing the noon dishes and while in the kitchen stole the rings from a shelf where Mrs. Boyle had laid them for a short while.

Mrs. George Basselman of Castro county, daughter of Mr. and Mrs. J. A. Hayhurst, of Odell, Texas, passed away Tuesday night. The funeral services and interment took place the following day at Dimmitt.

Mrs. L. B. Wright and two children, who have been visiting her mother, Mrs. J. K. Millwee, for several weeks, left Sunday morning for their home in Eastland.

G. H. Knighton of Canyon was here Monday.

TORNADO KILLS 17 PERSONS

HUNDRED INJURED AND MANY MADE HOMELESS AT COLORADO CITY

Colorado, Texas, May 14.—Seventeen known dead, about 100 injured, seven seriously, and about 300 homeless, comprise the latest tabulation made tonight as a result of the tornado which cut a swath through Mitchell county, in West Texas early today. The tornado came from the South, going northeast.

The twister struck this county at four o'clock this morning finding most everybody in bed.

In the vicinity of Loraine, the storm wrecked houses belonging to Henry Tidwell, Dock Brown, C. H. Thomas, Alvin Brown, Mrs. Copeland, E. E. Kuck, T. E. Willis, A. S. Hallmark, J. E. Hiefer, J. B. Mayers, Joe Richburg, and a number of others. The Hallmark family miraculously escaped without injury, although their home was reduced to splinters.

The casualty reports keep changing hour by hour and some of the injured list were claimed among the dead, while in the excitement of learning the damage left by the tornado, names were confused on the various lists. The two lists mentioned were considered as authentic as far as all checking was agreed to tonight.

The known dead follow:
Luther Brindle 30.
Mrs. P. Brindle, mother of Luther.

70.

H. J. Staindifer.
Three Staindifer boys, five, eight and twelve years old.

Infant son of Joe Anderson.
Infant son of Jim Walker.
C. L. Simpson, 25.

I. C. Sheffield, 65.
Eleven year old daughter of Henry Tidwell.

Jesus Venionez.
A baby girl.
Joe Richburg, 45.

Son of Joe Richburg 12, and daughter, 14.
Mrs. W. S. Shelton, Westbrook Texas.

The seriously injured list, according to latest reports follows:
Two children of W. S. Shelton, Westbrook.

T. E. Willis, near Loraine.
Miss Emma Willis daughter of T. E. Willis.

Joe Willis, son of T. E. Willis.
"Oats" Willis, near Loraine.

Mr. and Mrs. Henry Tidwell, near Loraine.

Two Tidwell children.
Two miles of telephone wire two miles of telegraph wires, a mile and a half of high tension electric wire and two miles of rural telephone wires were down tonight in the vicinity of Loraine. The last spot, east of Colorado to feel the twister.

The hospital at Colorado was swamped tonight with rescue parties returning all day. The Methodist and Baptist churches were thrown open to the injured.

The devastated district is thickly populated for rural territory. At least fifty homes were reported destroyed. Damage to crops could not be estimated.

Communications Cut.
The wind tore and twisted down everything in its path, telephone and telegraph poles were snapped off at the ground, and a number of transcontinental wires were put out of commission. Where the tornado crossed a railroad track, rails were torn up and ties blown away.

Heavy rain and hail made the roads soft and relief workers had trouble visiting the demolished farm houses.

A special train from Sweetwater, brought doctors, nurses and medical supplies. Others came from Snyder.

The tornado descended between four and five o'clock this morning, and caught most of its victims in bed. It leveled buildings and left dead and injured in its wake for a distance of thirty miles through Mitchell county, traveling northeast. Starting south of Westbrook it continued through country across the seven miles community, and passed just west of Loraine.

All the deaths were in more or less isolated places on farms. Due to the distance between farms, and demoralization of wire communication it was expected here that it would be many hours before the entire district was heard from.

Many Rush to Aid.
Citizens of towns near the storm swept area rushed first aid, provisions and relief supplies here for the victims. The Colorado Chamber of Commerce started a relief fund to care for the destitute.

Making Farm Survey of County.
The Plainview Board of City Development is making a complete survey of the farms and ranches of the county.

The data to be compiled will include production last year, acreage in all crops for this year, live stock of different kinds on the farms, acreage in cultivation, in pasture, whether owned or rented by occupant, population of each farm, etc.

When the compilation is finished it is hoped to have a complete survey of every section of land in the county, and this will be kept by the Board for use in many ways.

The vulgar keep no account of your hits, but of your misses.

The Alumni and Students of Watson's Business College Give Annual Banquet.

The alumni and students of Watson's Business College held their annual banquet at the Ware Hotel, Thursday evening, May 10th. The banquet hall was attractively decorated in the college colors, red and white. The idea of the meet was inaugurated some years ago by the former students of this institution, and it proved so popular that a permanent organization was formed. It is their custom to give a banquet once each year, and it is always a joyous social affair, as it affords an opportunity for the students to meet again in a home-coming.

Paul Fluke, bookkeeper for the Texas Utilities Company, presided as toastmaster, and Miss Virginia Cross, stenographer for the above firm, acted as secretary. Mr. R. A. Underwood addressed the banquet. Mr. Underwood is a pleasing speaker, and all agreed that his remarks were highly in keeping with the spirit of the organization. Impromptu speeches were made by Mr. R. F. Thurman, Amador; Mr. Stanford Arnett, Abernathy; Miss Mattie Fullinmig, Crosbyton; F. J. Hurlbut, Guy Jacobson; Jake Burkett, city; and Capt. J. E. Wiley of Fort Worth. Toasts and responses were made by Sybil Stephen, Colleen Hatcher, Paul Fluke, Lewis Thompson, and Delise Mitchell. Vocal solos were given by Miss Cecil Mitchell and Jake Burkett, accompanied by Mrs. Guy Jacobson, which were highly appreciated.

During a short business session, the following officers were elected: Paul Fluke, president; Lewis Thompson, vice-president; Vanita Cross, secretary; Colleen Hatcher, treasurer; assistant secretary.

Out of town guests were Mr. and Mrs. F. F. Thurman, Amador; Stanford Arnett, Abernathy; Elwin Hurlbut, Abernathy; Miss Mattie Fullinmig, Crosbyton; Miss Patsy Caudle and Mr. Caudle, Hale Center; and Capt. J. E. Wiley, Fort Worth. A number of telegrams from former students expressing their regrets at not being able to be present at the banquet was read early in the evening.

A delicious four course luncheon was served to the following: Mr. and Mrs. R. A. Underwood, Ollie Smith, Mr. and Mrs. Jake Burkett, Ruby Curtis, Mr. and Mrs. Guy Jacobson, Zeda Wells, Mr. and Mrs. F. J. Hurlbut, Daisy Burris, Mr. and Mrs. J. E. Watson, Mildred Poole, Mr. and Mrs. R. J. Lippert, Mary Bain, Mr. and Mrs. Lewis Thompson, Marie Dodson, Mr. and Mrs. P. F. Thurman, Lena Huber, Mrs. Denny, Anna B. Sargent, Mrs. J. S. It is only the woman in domestic service who resents this separation of the business life from the social life who demands an intimate relationship with those for whom she works, and curiously enough, she is the only employee who ever attains this unique position. For a woman may work in an office or a store for thirty or forty years, give an absolute faithful and devoted service, and get no more personal feeling than respect and gratitude. But the old housekeeper, the old nurse, the old cook who has been with the family through birth, and death, and sickness and sorrow, and weddings, and merry-makings, does become a part of it, and is held in almost as much affection as mother or grandmother themselves.

Women who are willing to do twice the work in factories and sweatshops for half the money that they could get in kitchens complain that domestic service is looked down upon. If this is true it is because domestic labor is habitually the worst done work in the world. It is work that is done without pride of craftsmanship, without ambition, without desire for efficiency, without even the common honesty that makes the workman want to give good work for fair pay.

Here and there are exceptions to this rule, but they are as scarce as hen's teeth, and when you do find a domestic worker who is competent and anxious to please, she does not need to complain about her position in the family. She is the queen of the household, and everyone is down on bended knee trying to make things pleasant for her so that she will not leave.

The dignity of any calling rests with the people who follow it, and the intelligence, the fineness and the skill that they put into their work. Those who follow what we call the "learned professions"—college professors, doctors, lawyers—were once looked down upon by lordly knights and men-at-arms as mere scrivener. Artists and writers were despised, and only lived by being flunkies to

CONFEREES FACE BIG PROBLEMS

Continued from First Page

Confiscation Big Problem.

The main problem which will face the negotiators, of course, is the agitated question of confiscation, both of oil rights of Americans under the disputed Article 27 of the Mexican constitution and of agricultural concessions.

In addition, there are these other more or less minor problems: Restriction of Americans from acquiring property within a certain zone along the Mexican coast and the international boundary.

Restrictions on rights of religious bodies.

Claims for damages to Americans and their property during the decade of internal chaos in Mexico.

Formulation of a treaty for commercial relations.

Adjudication of rights of American citizens as regards expulsion from Mexico.

Oil of Much Interest.

Oil will be the big consideration of the negotiators. Article 25 of the Mexican Constitution provides broadly that all subsoil rights including petroleum, belong to the Government, which may transfer them for a fee to the owners of property. However, a section in this article has been interpreted as being retroactive, which would mean that the Mexican Government could deprive oil landholders of rights secured before the present Constitution was adopted. This would affect many American companies.

Carranza, and Obregon following him, have stated that this section does not apply retroactively. Several decisions of the Mexican Supreme Court have ruled similarly. However, Secretary of State Hughes has insisted that the Government either rescind this clause or pass a clarifying legislation.

Hughes Studying Bill.

At present, Secretary Hughes is studying a bill passed by the Chamber of Deputies and pending before the Mexican Senate, which is aimed at clearing up this point. When he completes his study, Hughes will instruct Charles B. Warren and Judge John Payne, American representatives, whether to accept the measure as sufficient or to ask further guarantees.

Another difficulty Americans have experienced is practical confiscation of agricultural lands. While the Government has the right to take over agricultural lands under the Constitution, it is required to make "due compensation." In some cases this compensation has been so small that it amounted to practically no compensation, Americans in Mexico say.

W. R. Seltzer is building a midget flouring mill.

NAZARETH

May 10.—By the way I believe we all agree with the saying of old Jack Hatcher, the famous golfer, when he says, "The greatest game on earth to watch is baseball."

Of course we wouldn't throw cold water on the old games of tennis, golf, croquet or horse-shoe, but we only ask you local fans to judge for yourselves, by first watching either of the above and then come around and witness such games as we had here Sunday.

As appeared in the columns last week, we should have played with the famous Vega team Sunday and to our utmost disappointment we were unable to match a game with that fine bunch of Outlaws, as they put it.

We all know they are good ball players, you do too, and here is hoping! What?

And our many friends and ball fans, we will say, that it is possible that next Sunday if the weather permits

some great man. It has only been two or three generations since actors were regarded as outcasts of society.

So it is up to the domestic workers to raise their position to the plan of a fine art.

In the meantime, they need not worry about anybody looking down on a good cook. We all look up to her with awe and admiration and envy.
