INSPECTING IRRIGATION

PLAINVIEW CITIZENS IN THE ARKANSAS VALLEY DISTRICT IN COLORADO

Mr. and Mrs. D. D. Bowman, Dr. E. O. Nichols and J. M. Adams left in cars early Sunday morning for the Arkansas Valley irrigated district of Colorado, for the purpose of making a thorough investigation of the irrigation proposition in that section, including truck gardening, packing, marketing and co-operative handling of the business.

Rocky Ford, Lamar and other towns will be visited, also the irrigation plants, farms, packing sheds, cold storage, and every effort will be made to get a complete survey of the business, so that a report can be made upon their return as to the best methods to pursue in promoting irrigated truck growing and farming in the Plainview shallowwater belt.

The editor of the News will publish articles relative to the matter upon his return. He was the guest of the Santa Fe railroad and made the trip through the section when the Arkansas irrigation district was opened in 1899.

Mr. Bowman lived in the Arkansas Valley in Colorado before coming to Plainview, and knows much about affairs connected with Colorado irrigation farming. He and Mrs. Bowman will visit in several Colorado points before returning.

Dr. Nichols is an enthusiast for irrigated truck farming in the Plainview district, and believes it will eventually make this the most prosperous section of the Southwest. He and Mr. Adams expect to return home Friday night.

Will Observe Constitution Week
Sept. 16-22 has been designated "Constitution Week" by the American Bar Association and all state and county organizations are asked to cooperate in the observance of this week.

R. E. L. Saner, a Texan, who has stood for better government for many years, is chairman of the citizenship committee, and urges the endorsement of this week by all Americans, in the work "to re-establish the Constitution of the United States and the principles and ideals of our government in the minds and hearts of the people."

Indeed this is a great work that the committee has set out to do, and every loyal American should respond wholeheartedly to the call for service in the behalf of the Constitution upon which our civilization rests.

It has been suggested that the Rotary and Kiwanis clubs and other organizations join in observing Constitution Week.

Number of Deaths Exaggerated
The loss of life in the Japanese earthquake and fire was not so nearly as large as was reported, neither was the loss of property so great as the first dispatches said. The deaths were much less than 100,000.

Land Business is Dull
The local real estate agents declare that the farmers are not the only ones who have had to live on short rations for the past three years—and point to themselves as victims of the business depression. Very little realty has been changing hands and the land agents have not enjoyed very many commissions. They hope to do much better the coming year, as they predict many people from down in the state will come in and buy lands.

Bull Dogs Begin Practice
The Plainview high school "Bull Dogs" (football team) begin practice yesterday, with about twenty-five boys in the tryouts for places on the team. But three of last year's letter men reported for practice, however, most of the second team of last year are on hand.

Guy Allen of Comanche, former football star at Howard Payne college, Brownwood, has been selected to coach the "Bull Dogs," and he believes with the material in hand he will be able to have a team that will win the district championship.

Pumps Water 750 Feet
The town of Clayton, N. M., has to pump its water from a depth of 750 feet deep, and the quality of water is not so good nor abundant, and the cost is high.

Plainview pumps her water from an inexhaustible underground supply, the water bearing gravel beginning at a depth of forty-two feet; the water is the best there is anywhere and the cost to the consumer is only 10¢ per thousand gallons.

Mrs. W. C. Wright went to Lubbock on business Monday.

FLOYDADA MAN IS FOUND DEAD IN AUTOMOBILE

R. P. Parker Believed to Have Died of Appendicitis—Was Repairing Tire When Death Came

R. P. Parker, prominent citizen of Floydada, was found dead in his automobile Saturday on the Baker road southeast of Floydada nine miles from town. One wheel of the automobile was jacked up and a tire and rim were off indicating that he had been repairing a flat when he became ill. He was found in the front seat of the car lying down, and when discovered had apparently been dead for several minutes. He left town alone some time afternoon and was discovered dead at six o'clock by a passerby. One or two automobiles passed him without stopping or noting that he was dead it was reported afterwards.

Several days ago he had suffered an attack of appendicitis and would not consent to an operation. It is thought that while engaged in removing the tire he injured the inflamed appendix and this caused his death.

Parker was fifty-one years old and had lived in Floydada for the past six years coming here from Vernon where he had lived for many years. He is survived by his wife, and six children, three daughters, Mrs. Maurine Bonner and Mrs. Vernie Weekly of Vernon, and Miss Raye of Floydada; and three sons, J. C. and Floyd of Ralls and Wesley of Floydada. Interment was made at Vernon Sunday.

Seven Destroyers and Liners on Rocks
Santa Barbara, Calif., Sept. 9.—25 sailors lost their lives Saturday in the wreck of seven naval destroyers off Arguello Light, seventy-five miles north of Santa Barbara.

A score of the injured are in the Santa Barbara county hospital and a relief train was on the way here Sunday night with 600 survivors. All the wrecked destroyers are total losses, according to statements credited to naval officials.

Other ships are sent to rescue of men forced to land on rocks near the coast.

The series of disasters is believed possibly due to tidal reactions or treacherous channel currents caused by the upheaval in Japan.

GOV. WALTON AND THE K. K. K.

PUBLIC ASSEMBLY OF HOODED MEN NO LONGER PERMITTED IN OKLAHOMA

A ban on public assemblage of masked men in Oklahoma was declared Saturday by Gov. J. C. Walton.

"From here on there will be no more appearances in public of masked men or masked organizations," the governor asserted in addressing a crowd at the Marshall County Free Fair.

Reviewing his record in dealing with organized whippings, Gov. Walton charged that opposition to his methods was being instigated by the Ku Klux Klan. The clan has been found to be directly responsible for forty-eight floggings in Tulsa county, where a state military investigation of mob activities is under way, he declared.

Promises Pardons
"This kind of a gang, J. C. Walton is going to put down," the governor said. "I am going to the limit to put it down."
"If one of these masked men comes to your house after you, turn loose both barrels of your shotgun and I will pardon you."

The executive's declaration that secret organizations must unmask was interpreted as a reply to the statement in Oklahoma City yesterday of N. C. Jewett, grand dragon of the Oklahoma realm of the clan, that "Jack Walton and all his cohorts will never be able to break the power of the Ku Klux Klan in Oklahoma."

Will Extradite Fugitives
Dallas, Sept. 7.—Instructions from the Attorney General of the United States to federal officials in Texas to prepare to take steps for the extradition of persons wanted in their districts for violation of the federal laws and who are fugitives in Mexico have been received at the office in Fort Worth of Henry Zweifel, Federal District Attorney for this district, it was announced here today. Recognition of the Mexican government by the United States make extradition possible, federal officers here said.

Mr. and Mrs. M. J. Ewalt, whose home is in Santa Barbara, California, have returned to Hale Center, their former home, to spend some time visiting Mrs. W. H. Vertrees and family, and looking after property interests. They are accompanied by Mrs. Nelson of New Mexico, mother of Mrs. Vertrees.

LAMB COUNTY FAIR SEPT. 28

WILL BE HELD IN OLTON—MANY EXHIBITS WILL BE SHOWN

Olton, Sept. 10.—Friday, September 28, is the date set for the Lamb county fair, to be held at Olton.

This will be the first county fair ever held in Lamb county, and present indications are that it will be a success in every respect. The various committees have been busy rounding up the details for exhibits and the list is now about complete. Premiums will be offered for the best poultry, farm products, cookery and needle work. There will also be prizes given for the best community exhibit and for the best individual exhibit.

Already a number of farmers have signified their intention of placing exhibits, some of them in planting their crops did so with a view of taking specimens to the county fair, and they have taken special care of them. The recent rains will add much to the plumpness and quality of all farm products brought to the fair. Never in the history of Lamb county has there been such fine crop prospects as this year affords, and the outlook this year for the first class exhibits is indeed flattering.

Following the local county fair the choice of exhibits will be taken to the South Plains Fair, at Lubbock, and then to the State fair at Dallas.

Anti-Klan League Formed

Organization of the National Protective League, an order said to be aimed at the Ku Klux Klan, is going forward in counties north and east of Amarillo, according to reports brought to this city last night. The new order was launched at a meeting held in Lefors, Gray county, Friday night when approximately one thousand persons were present and speakers outlined the purposes of the League, it was said. Promotion of the best interests of the laws of the land and the placing of a ticket in the field in the 31st judicial district next summer, were announced as aims of the organization.

The new order plans a drive for membership in all Panhandle counties at once with a view of being made into a state-wide organization later, it was said. Headquarters are to be maintained at Pampa for the present. A large number of citizens from that town as well as from various other nearby towns attended the Lefors meeting, the report declared, while speakers were declared to have been there from Dallas, Fort Worth and Houston.

The new organization is said to be non-sectarian, non-partisan and members by the payment of the initial fee and pledging themselves to comply with the laws of the land, become life members.—Amarillo News.

Red Cross Donates \$150

The Hale County Red Cross Society last week sent a check for \$150 to the Japanese earthquake fund of the American Red Cross, that amount being the full quota of Hale county to the \$5,000,000 being raised in the United States.

GARNER BROS.-HUDDLESTON AUCTION SALE GETS CROWD

A large crowd made lively bidding at the auction sale held by Garner Bros.-Huddleston Saturday. Furniture sold at good prices and those who made purchases were well pleased.

J. F. Garrison Injured in Accident

Three men were slightly injured at 4 o'clock Wednesday afternoon in Fort Worth, when the Ford coupe in which they were riding collided with a street car on North Main street at the foot of the Paddock viaduct. The men were taken to a local doctor's office, where their injuries were dressed. Those injured are J. F. Garrison of 2928 Lipscomb street, C. H. White of St. Louis, Mo., who is registered at the Texas hotel, and Louis V. Johnson of 810 West Third street. Their injuries consisted of minor cuts and bruises.

According to information obtained by police, the machine came out from under the viaduct and the driver attempted to cross Main street in front of the northbound street car.

K. K. K. Challenges Gov. Walton
Oklahoma City, Sept. 7.—The entire state of Oklahoma was threatened with martial law today by Gov. J. C. Walton coincident with a challenge thrown to him that he would never be able to "break the power of the Ku Klux Klan in Oklahoma."

Grand Dragon N. W. Jewett has made a bitter attack upon Gov. Walton because of his efforts to break up mob law in Oklahoma.

PASSING THRU THE PANHANDLE

GOOD RAINS HAVE BENEFITTED FEED CROPS, COTTON AND RANGES

Clayton, N. M., Sept. 9.—This is an interesting town of about 3,000 people with free city delivery of mail, a fair grounds, fine school building, court house and prosperous looking business houses. It is the county site of Union county, and has a large trade territory. It is located on the Colorado Southern railroad, is 5,200 feet above the seal level, and is the principal point in northeast New Mexico. There is a grassy plain, reaching as far as the eye can see in every direction, and high mountain buttes rise not far away. This is a cattle country, for there are few farms to be seen—mostly row crops and sorghum. In the "wild and woolly days" this was a tough place, where a number of really bad men operated, but now it has churches and is a peaceable and quite community.

We left Plainview at 6:10 a. m., this morning, and drove the distance of 220 miles in a leisurely way, stopping here and there and arriving at 4:30 p. m. (mountain time, having changed our watches back an hour at Texline).

Good rains have fallen the last two or three weeks over the country through which we came, and feed crops have come out wonderfully, and will make good yields. The cotton in Swisher and Randall counties does not look near so promising as that in Hale, but the row crops and alfalfa fields are good.

After leaving Amarillo we saw no more cotton. There is a run of thirty or forty miles through the trans-Canadian country where not a house or farm is to be seen, but large pastures with fat and sleek Hereford and Black Poll cattle grazing on the green ranges. The Canadian river was running very boldly, and the water very red and muddy. We saw the big gas wells not far away from the highway, the wells being connected by pipe lines with Amarillo. A paved or concrete highway runs north from Amarillo twelve miles. The gas field is possibly twenty-five miles north of Amarillo.

Channing is a pretty little town, the county seat of Hartley county, and was the main headquarters of the old Capitol syndicate or KIT ranch company in the early days. The syndicate was given three million acres of land extending the width of two counties from the north line of Texas along the New Mexico line from Texline to Farwell—for having built the present state capitol building in Austin. For a number of years the syndicate operated the land as a great ranch, with thousands of cattle and horses on it, and numerous cowboys, but this did not pay so well and in time the land was cut into smaller ranches and farms and sold to individuals. A number of good towns are now located on the land—Texline, Dalhart, Tascosa, Channing, Vega, Hereford and Farwell being the larger ones.

Along the Canadian river in Oldham county there are a few irrigated farms, where apples, peaches, melons, cantaloupes and other garden truck are grown, the water being pumped from the Canadian river.

Dalhart is a well built and prosperous town of three or four thousand people, with modern improvements, and a fine new court house now under construction. The Denver and Rock Island railroads cross here, and the latter has its round houses for the division. Dalhart is built partly in each Hartley and Dallam counties, and has the court house of the latter. In early days it was a sure enough bad town; it kept the saloons for years after they had been voted out of every town west of Fort Worth and Wichita Falls.

Through Dallam county there is not much farming, but here and there fields of good kaffir and sorghum. Texline has about 800 people and the Denver railroad roundhouses are located here. It has a very large and beautiful brick school house.

Good roads were found almost the entire route.

Passing into New Mexico a dozen miles brought us to Clayton, where we are spending the night. Tomorrow morning we will leave for Rocky Ford Colo., via the famous scenic route over Raton Pass.—J. M. Adams.

HALE COUNTY TO HAVE CAR LOAD EXHIBITS AT AMARILLO

County Agent Thomas, is cooperating with the Board of City Development and other organizations in gathering together material for the Hale county booth at the Amarillo Tri-State and State fairs. Many fine specimens of cotton, maize, wheat, alfalfa and other crops are being obtained. A special car has been chartered to carry the exhibit to the fair. People who have good material for such an exhibit will kindly notify Mr. Thomas or the Board of City Development.

Battery Organizes Team

Battery A of the 131st Field Artillery, Texas National Guard, have organized a foot ball team. At the last meeting of the Plainview Battery the organization was perfected. First Sergeant Blakemore, former Wayland college star, was unanimously elected captain. Second Lieutenant J. Milton Forbes, executive officer of the Battery will act as manager.

The battery now has several good men who are experienced on high school and college teams. Much recruiting among foot ball men is anticipated by Capt. Bay in command of the battery, and every effort possible will be put forth in making the team a success.

Lieut. Forbes is now arranging a schedule for the battery. Many Panhandle colleges and independent teams will be encountered by the local battery.

The battery sends out a challenge to any independent team in the Panhandle.

Grand Opera at Amarillo

The first Grand Opera to be brought to West Texas is to be presented in Amarillo November 9 and 10, under the auspices of the Amarillo College of Music, when the San Carlo Grand Opera Company will offer three programs. The San Carlo company is the largest grand opera company in America producing standard and modern operas and includes many distinguished American and European artists.

Can't Decide on President

Waco, Sept. 7.—Apparently hopelessly unable to agree on a president for the newly created Texas School of Technology, the board of regents of the institution adjourned here Friday night shortly after 6 o'clock, to meet again in Dallas Sept. 21 for further consideration of applicants.

It was said that none of the eight men who appeared before the board by special invitation had been eliminated from consideration.

History That Counts

Dr. David Starr Jordan comments approvingly on the fact that in new Japanese histories and in the annals of the nation as given for the education of the young, battles and warriors are not given front place. The history we know is a chronicle of wars and bloodshed, but the Japanese now emphasize the social, moral and industrial progress of the nation. On the face of the returns the Mikado's government is doing more to get away from the war idea than any national group on earth. We should give them credit for that.

Both Gins Ready to Operate

During the past few days both gins have been tuning up getting ready for a big run of ginning. Hale county's first bale of cotton is expected this week. Several farmers report that their cotton is starting to open and Mr. Graves, the watermelon king, living one mile north of Plainview, picked a half bale Monday, he at first believed he had a bale or more open and expected to have it at the gin Tuesday, but found there was not enough ready to make a complete bale. He will finish picking Thursday and believes he will have a bale at the gin early Friday morning.

The past several days have been wonderful cotton weather and within ten days cotton will be coming into Plainview in no little amount. It will undoubtedly be the first to tenth of October before the bulk of cotton comes on the market.

Both gins are looking forward to a good run and estimate the number of bales to be ginned in Plainview at from 4500 to 6500 depending upon the season from now on.

Plainview Public Schools Open

Plainview Public School opened Monday morning, and classes began Tuesday afternoon in the schools. Although enrollment has not been completed and it not possible to give an accurate account of the enrollment at this time, it is very evident that the enrollment for this year will exceed all previous years.

Most of the teachers arrived Sunday and Monday morning from the institute at Canyon, and the work of enrollment began Monday morning.

WHO WILL BRING IN FIRST BALE

PLAINVIEW TO GIVE \$120 BONUS ON FIRST BALE OF COTTON TO BE GINNED

Merchants and citizens have made up a purse of \$100.00 to be awarded to the cotton farmer who gins the first bale of cotton in Plainview. The Merchants Credit Association will give \$20.00 and either gin have offered to gin the first bale of cotton free of charge.

This offers a real prize for someone and it is thought that we will know the winner within a day or so.

Mrs. W. M. Wood of Silverton Dies

Mrs. Wood, wife of W. M. Wood, living six miles east of Silverton, died at the Plainview Sanitarium Sunday morning. Mrs. Wood was 53 years of age, was born in Tennessee, and was the mother of nine children, all of whom are now living with the exception of the oldest daughter, who died early in the spring.

Mrs. Wood was very widely known, and left a host of friends. Funeral services were held at the Methodist church of Silverton Monday afternoon at three o'clock, under the direction of Garner Brothers. The attendance at the funeral was exceptionally large and the floral offerings very beautiful.

Rhea B. McWhorter Died at Temple

Rhea B. McWhorter, son of R. A. McWhorter of this city, died at the Temple Sanitarium Sunday. Several months ago when Rhea was on the McWhorter ranch in New Mexico, he met with accident and was thrown from a horse, suffering injuries from which he never recovered, an abscess of the liver resulting in his death.

He was twenty-nine years of age, and leaves his father and mother, two sisters, Mrs. Ural Armstrong and Mrs. Silas Maggard of Hale Center, and three brothers, Jack of New Mexico, Richard and Martin of Plainview.

The McWhorters are old settlers of Hale county, having lived in Plainview for the past fifteen years and at Hale Center for several years before moving to Plainview. They have many friends who grieve for the family and for the loss of a friend.

Funeral services were held at the Methodist church in Plainview by Rev. O. P. Clark Monday afternoon at two o'clock, and concluded at the Hale Center cemetery at four o'clock, where burial was made.

The pall bearers were old friends of the deceased, young men of Hale Center and Plainview: Jim Smiley, Tom Claxton, Howard Lemond, J. W. Cox, Coke Slaton and Nolan Brown.

Honorary pall bearers were Nils Akeson, R. W. Lemond, Charles Vincent, L. A. Knight, Col. R. P. Smyth and J. O. Wyckoff.

The Skyscraper

A prominent architect has prepared drawings for an eighty-story building which it is proposed to erect on the site of Madison Square Garden in New York City. It would be over 1000 feet high and therefore the loftiest of man's creations on the face of the earth. The Woolworth building is 792 feet high and has fifty-eight stories. The Eiffel Tower in Paris is 1000 feet high, but is not a building in the sense of having rentable space. Gotham must have the biggest thing on earth.

Mrs. H. C. Bucks left the first of the week for Amarillo to visit her sister, Mrs. C. R. Comer, formerly Mrs. DeWald of this place. She will spend some time with Mrs. Comer before returning home. Abernathy Review.

Mrs. Wm. J. Fraser, sister of A. H. Morrison, who has been visiting her brother and parents in Kansas, left Monday afternoon for her home in Chicago.

Harry Feltnagle and family are leaving Wednesday morning for California, where they will make their home.

Mrs. Rolla Thomas of Amarillo, has been here visiting Miss Marie McDonald. She was before her marriage Miss Ametine Blair, and lived in Plainview.

E. L. McCarter of Stamford, field representative of the West Texas Chamber of Commerce, was here last week on business. He was accompanied by Mrs. McCarter.

R. A. Underwood returned Sunday morning from Waco, where he had been attending a meeting of the Board of Regents of the Texas Technological College.

W. E. Spencer arrived in Plainview Monday.

Shower for Mrs. A. E. Rogers

A very delightful affair was given at the home of Mrs. B. H. Oxford Friday afternoon, when about fifty ladies of the Methodist church, and other friends of Mrs. E. A. Rogers gathered to give her a "household shower" after the burning of her home. Mrs. Rogers was asked to attend a meeting of "Circle 4," of the Missionary Society, and was surprised to find so many friends to greet her. A program was given, consisting of music by the Clements Junior Orchestra, readings by Mrs. O. B. Jackson and Rebecca Meyers. Contest games were enjoyed, under the supervision of Mrs. Johnson. The presentation of the gifts was made by Mrs. Franklin, and Mrs. Rogers made a very touching response, voicing her appreciation for the many useful and lovely tokens "showered" upon her, which included a quantity of canned fruits and preserves, jellies, a profusion of lovely flowers added their attractive effect to the home, and Mrs. O. P. Clark presided over the refreshment table where punch and wafers were served.

Revival Meeting Closes

The revival meeting which has been in progress at the Baptist church for two weeks came to a close on last Sunday night, there having been seventy-one additions to the church during the meeting, 49 for baptism and 22 by letter. Pastor Harlan J. Matthews did the preaching in a highly satisfactory manner and the church is loud in her praises of his faithful and efficient labors. Mr. and Mrs. J. L. Blankenship of Dallas had charge of the music and charmed the church and community with their attractive and impressive special music. The two big choirs, the adult and the boosters, did splendid work and added much to the pleasure and power of the meeting. The ordinance of baptism was administered on Sunday afternoon to forty-seven happy converts. The meeting is regarded as one of the best ever held in Plainview. Mr. John R. Rice, recently elected as pastor's assistant is now on the field and will reside at the Oliver Anderson home, two blocks north of the high school. Mr. Rice is a graduate of Baylor University, spent one summer in Chicago University and has just finished a two years' course in the Southwestern Seminary at Fort Worth. It is believed that his coming will greatly strengthen the work in the church.

NOTICE

County Agent Thomas wishes that all people who have exhibits of poultry and live stock which they wish to include in the car to be shipped to the Amarillo Tri-State Fair will notify him at once so that proper arrangements can be made to handle same.

Robs Calomel of Nausea and Danger

Medicinal Virtues Retained and Improved—Dangerous and Sickening Qualities Removed. Perfected Tablet Called "Calotabs."

The latest triumph of modern science is a "de-nauseated" calomel tablet known to the drug trade as "Calotabs." Calomel, the most generally useful of all medicines thus enters upon a wider field of popularity—purified and refined from those objectionable qualities which have heretofore limited its use.

In biliousness, constipation, headaches and indigestion, and in a great variety of liver, stomach and kidney troubles calomel was the most successful remedy, but its use was often neglected on account of its sickening qualities. Now it is the easiest and most pleasant of medicines to take. One Calotab at bedtime with a swallow of water—that's all. No taste, no griping, no nausea, no salts. A good night's sleep and the next morning you are feeling fine, with a clean liver, a purified system and a big appetite. Eat what you please. No danger.

Calotabs are sold only in original, sealed packages, price thirty-five cents for a large, family package; ten cents for the small trial size. Your druggist is authorized to refund the price as a guarantee that you will be thoroughly delighted with Calotabs.—Adv.

"THE POST EVERLASTING"
 Long-Bell Creosoted Yellow Pine Fence Posts are often called "The Post Everlasting," because the creosote oil forced into the sapwood by the pressure system renders the post proof against decay.

It is just as easy to build a good fence with Long-Bell posts, and far cheaper in the long run. Long-Bell posts are permanent posts and seldom need to be replaced. They are also straight and strong posts; they make neat fences.
 The fungi that eat into the untreated post, and destroy it, cannot exist in Long-Bell creosoted posts.
LONG-BELL CREOSOTED POSTS are exceedingly lasting and permanent. These posts may be had in full round, sawed halves and sawed quarters. Come in and examine them. You will be convinced of their excellence.

SHERIFF'S SALE

THE STATE OF TEXAS, County of Hale,
 Notice is hereby given that by virtue of a certain order of sale issued out of the Honorable District Court of Hale County, of the first day of September, 1923, by W. D. Darby, District Clerk, of said Court, for the sum of Fourteen Hundred and Sixty-seven and 04/100 Dollars, and costs of suit, under a order of sale, in favor of W. L. Williamson and Lena Williamson, in a certain cause in said Court, No. 2178 and styled W. L. Williamson and Lena Williamson vs. P. C. Huff, T. J. Vines, Claude Gentry and R. D. Gibbs in cause No. 2178, W. L. Williamson et al vs. R. D. Gibbs et al, placed in my hands for service, I Sam Faith, as sheriff of Hale County, Texas, did on the 1st day of September, 1923, levy on certain Real Estate, situated in Hale County, Texas, described as follows, to-wit: Being all of lots Nos. 1, 2 and 3, in Block No. 6, in the College Hill Addition to the town of Plainview, in Hale County, Texas, as the same appears from the official plat of said addition duly recorded in the deed records of said county and state, as the said vendor's lien existed on the said 7th day of August, 1923, and it is ordered and decreed by said judgment that said property be sold as under execution in satisfaction of said judgment. An that if said property shall sell for more than sufficient to pay off said judgment and sum of money, the excess shall be paid over to M. W. Miers upon his judgment as herein set out, and as provided for in said judgment. But if said property should not sell for enough to pay off said sum of money, the balance due shall be made as under execution, and such order of sale shall have the force and effect of a writ of possession, and the officer executing the same shall make a good and sufficient deed to said property, and shall place the purchaser of said property in possession thereof within thirty days from the date of sale, and

WHEREAS on said 7th day of August A. D. 1923, M. W. Miers, as intervener, recovered in the District Court of Hale County, Texas, a judgment against said P. C. Huff, T. J. Vines, Claude Gentry and R. D. Gibbs, for the sum of \$178.60, with interest there on from the said 7th day of August, A. D. 1923, until paid at the rate of ten per cent per annum, and whereas the said judgment is a foreclosure of a second vendor's lien, subject only to the lien held by the said W. L. Williamson and Lena Williamson, to secure payment of the above described debt of \$1,467.04, upon all of said lots Nos. 1, 2 and 3, in Block No. 6, in College Hill Addition to the town of Plainview, in Hale County, being the property described above, and levied upon as the property of P. C. Huff, T. J. Vines, Claude Gentry and R. D. Gibbs, and that on the first Tuesday in October, 1923, the same being the 2nd day of said month, at the court house door, of Hale County, in the town of Plainview, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy and said order of sale I will sell said above described real estate at public vendue, for cash, to the highest bidder, as the property of said P. C. Huff, T. J. Vines, Claude Gentry and R. D. Gibbs, and in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Plainview News, a newspaper published in Hale County.
 Witness my hand, this 3rd day of September, 1923.
 SAM FAITH,
 Sheriff Hale County, Texas.

 SORROW like some poisoned dart
 Often comes to pierce the heart.
 But from out the scar there grows
 Like a fair and fragrant rose
 Sympathy to help them bear
 Some too heavy load of care.
 Whereby we ourselves may gain
 Sure relief from present pain.
