HALE COUNTY W. F. CLUBS

HELD SEMI-ANNUAL CONVENTION IN ABERNATHY LAST SATURDAY.

In spite of inclement weather there was a good attendance at the fall meeting of the Hale County Federation which was held in Abernathy Saturday, October 27. Mrs. O. B. Jackson of Plainview, president, presided; Mrs. E. H. Horton of Hale Center acted as secretary in the absence of Mrs. E. H. Perry. Much interest was shown at the meeting and an excellent program was given, embracing several subjects of interest to club women.

Mrs. J. O. Jones of Abernathy gave the visiting club members a most cordial welcome which was responded to by Mrs. F. W. Wilkinson of Hooper community. During the delicious luncheon which was served by the Abernathy Community Club, Mrs. Will Price of Hale Center spoke on the problem of money making in the clubs, bringing out several new ideas which can be utilized in almost any club. She warned club members particularly of the danger of keeping out women who would make splendid workers and who needed the club work as much as they were needed because of excessive financial demands. The need of money in the club treasury through some medium other than assessments was emphatically stressed. An interesting discussion followed Mrs. Price's talk.

Immediately following luncheon Mrs. K. C. Sterrett read a most interesting paper on "Story-Telling Hour in every School District." This paper was especially appreciated because story telling is one of the many phases of work that club women are taking up and are co-operating with the school authorities in. Mrs. Sterrett pointed out the fact that in many of our rural schools it is impossible to employ a special teacher for this purpose and it is in such districts that the club women can render their best service. An interested discussion followed this paper, bringing out many new ideas and points to follow in story telling.

Mrs. Carl Goodman, chairman of the Flower Show and Woman's Fair recently held so successfully in Plainview, gave her report at this time. She also presented the County Federation with a picture of the Flower exhibit. Upon motion it was decided that the remaining funds from the Flower Show and Fair be made a permanent fund for the annual Flower show. Following this report there were several discussions on the subject: "Is the County Fair Worth While?" led by Mrs. F. W. Fuchs, Abernathy, and Mrs. O. C. Sanders, Hale Center.

Much routine business was disposed of at this time. The chairman of Extension, Mrs. O. C. Sanders, reported three new clubs, Hooper Community, Snyder Community, and Plainview high school Parent-Teachers' Association.

The matter of presenting a loving cup to the winning girls of the two literary societies at Wayland College was discussed, and it was decided to present such a cup. All necessary details incident to the purchase of a cup were then placed in the hands of the County Finance Committee.

Mrs. Nine McComas gave an instructive talk on the problem of illiteracy, stressing the problem as it appears in Texas and more particularly in Hale county. It was gratifying to our Hale county women to know that the percentage of illiteracy in this county is now in comparison with other counties of the State.

Two musical numbers were given; piano number by Pauline Harp, and a solo by Miss Gladys Maxey, both of Abernathy, which were greatly enjoyed by the audience.

Mrs. O. C. Sanders was elected delegate to the State Convention. Mrs. F. W. Wilkinson and Miss Muse of the Hooper community club invited the County Federation to hold their spring meeting as guests of the Hooper Club, and this invitation was accepted. The federation then adjourned until the fourth Saturday in April, 1924.

The following delegates and alternates from Plainview attended the meeting: Mrs. O. B. Jackson, Nine McComas, T. Hammond, Meade F. Griffin, Carl Goodman, John Lee Nisbet, W. N. McDonald, and F. W. Vanderpool, and Miss Merle Marrs. Mrs. F. W. Wilkinson and Miss Muse represented the Hooper Club, and Mrs. E. H. Horton, Mrs. Will Price, and Mrs. O. C. Sanders attended from Hale Center.

WELLER SLEPT FOUR DAYS IN LONELY FARM SHACK

Olton Farmer When Found by Neighbors Could Not Be Aroused for More Than Day.

Eugene Weller, a farmer of about thirty years and single, who lives on a quarter-section farm near Olton, slept four days last week in the shack in which he resides on the place before being awakened. It seems that he went to bed the early part of the week and for three days none of the neighbors happened to come about the place, until finally Bob Norfleet, who lives not far away went over to see him Wednesday and found him asleep, in fact he appeared to be dead as his pulse seemed to be gone. Ellis Jones and other neighbors were called in, and Dr. Gidney was phoned to come from Plainview. Weller was partly aroused but again lapsed into a state of coma and remained so for another day, when he again awoke and this time permanently, and has since gone back to work. He informed those about him that he had gone to sleep Sunday afternoon. The doctor says it was a peculiar case of sleeping sickness, and was doubtless resultant from an attack of flu in the past. Weller was a soldier across seas in the world war.

She was 82 years of age. Her husband survives. The children are Rev. Andrews, a son who lives in Canada, a daughter in Australia and a married daughter with whom she was living at Twickenham. Rev. Andrews had not seen his mother since he was on a visit in England in 1909.

The advance guard of the North-west Texas Annual Methodist Conference begun to arrive this morning, and during the day nearly 100 ministers from over the big district had come. When the conference opens tomorrow morning at 9 o'clock three or four hundred ministers and lay delegates will be present. Many had intended to come in cars but the continued rains made this almost impossible, so they had to come on trains.

Bishop Dickey of Waco will preside over the conference, and Bishop Murry of St. Louis will also be in attendance. Hale County Topped Fair.

John Boswell returned this morning from Dallas, where he had been with the Hale county exhibit at the fair, and is bubbling over on account of the honors received at the fair.

Hale county won the championship on its county exhibit, sweepstakes on vegetables, twenty-three blue ribbons and twenty-four reds, and yellows on individual products.

Hale county took first prizes on cotton, wheat, alfalfa, feterita, maize, kaffir, tobacco, celery, cane and practically all vegetables.

The grain and hay exhibits were shipped to the International Hay and Grain Show being held in Chicago, and are included in the exhibit of the Texas A. & M. college.

Col. R. P. Smyth, who was manager of the Hale county exhibit, is expected home tonight. Sam Scalings was also with the exhibit.

Movement for Weevil Control.

Boll weevil control is to be undertaken on a larger and more comprehensive scale than heretofore attempted, according to plans formulated at New Orleans last week, and it is believed that the invasion of the Mexican cotton boll weevil, which has proved the most destructive pest which the American cotton farmers have met, can be checked. A new organization, national in scope, has been formed to examine into new and untried methods, as well as existing methods of control, and to co-operate with the State and national agencies in checking the ravages of this pest.

Statistics presented at the New Orleans conference showed that the losses due to the work of the Mexican boll weevil has ranged from 311,000 bales of cotton in 1911 to 6,277,000 bales in 1921, or from less than 1 per cent of the total crop in 1909 to more than 33 per cent of the total crop of 1921.

This is the first time in the history of the cotton industry in this country that an attempt has been made to co-ordinate the various efforts now directed toward the solution of the ills of the industry, and far-reaching results are expected from the work of this organization.

Member of Legislature Convicted.

W. B. Strickland, member of the legislature from Lamar county, last week plead guilty in district court at Paris to having offered to bribe the district attorney in connection with a case that was pending in which the defendant was charged with murder. The jury gave him a two-year suspended sentence. As soon as the case was disposed of the defendant mailed his resignation as a member of the Legislature to the Governor.

First Air Funeral.

The first air funeral, 20 planes in line, is held in Paris. The cortege left Croydon, England, with the hearse plane covered with flowers. The 20 airplanes draped in black and flying mourning streamers, followed the "air hearse." Alex Maneyrol, pioneer "flivver flyer," who crashed to his death, rode in the first plane, and is the first human being to be given an air funeral. He was buried in the cemetery of a French village. At some not far distant day air funerals across these 48 states may be no very unusual sight.

Who Paid for the Cheese?

An interesting inquiry is made by several members of the Elks club, as to "who paid for the cheese?"—Dr. Wofford or Dr. Mayhugh?

Mrs. Smith Dungen of Exeter, Calif., was here last week visiting Mesdames L. L. Dye and R. B. Tudor, she being a niece and cousin of these ladies. She was en route to her California home after a visit in Tennessee.

A band of petty burglars has been operating in Amarillo. Five of them were arrested and jailed last week. About \$500 worth of stolen merchandise of all kinds was taken.

RAIN AND COLD DELAY PICKING

SEVENTH DAY OF FALLING WEATHER—ALL RAIN RECORDS BROKEN.

Continued rainy and misty weather has prevailed during the past week, except for several hours yesterday afternoon when the sun came out bright and warm and made everybody happy, but early in the night a cool norther came, accompanied by thunder and rain which fell slowly all night, and today is misty. The first ice of the season formed last night, as the thermometer registered 30 degrees, and at 10 o'clock it stood at 32 degrees. It is not thought that the freeze will hurt cotton or feed on account of every thing being so wet. However, a report has come from the weather bureau that 18 to 20 degree weather is predicted for tonight.

The rainfall for the past week was 1.66 inches, of which .21 inch fell last night. For the month 6.4 inches is reported. The rainfall was 3.14 ins. in September and August 2.8, a total of 14.19 inches since July 1. Last year from July 1, 1922, to Feb. 1, 1923, there was 6.56 inches. Since January 1st 27 inches have fallen. The nine-year average has been 23.23 inches for an entire year.

The excessive rains are fine on the large acreage of wheat planted, furnishing a superb winter season, but it is hard on the cotton and row crops as it has stopped the harvest, and may cause great loss to the farmers. The fields are so wet and soggy that the farmers could not get in them for several days were warm fair weather to come.

The roads are very muddy and people can hardly travel them.

Will Play Golf Finals.

Play in the first annual golf tournament to be held by the Plainview County Club has advanced to the finals.

The tournament was opened some three weeks ago but owing to the rainy weather play was postponed twice.

The fifty dollar loving cup to be awarded, the winner by the Lamb Drug Company will be won by W. J. Lloyd or P. R. Randolph when they meet in the final match. The time for the match has not yet been definitely set owing to the weather, but the match will probably be played off within the next few days.

Lloyd last week defeated Bob Horne. Lloyd's handicap was a twelve strokes and Horne's two.

McMurry Rounds Out First Month.

One hundred and eighty students have been enrolled to date. Classes have been organized in the various courses common to high school and junior college curricula and the teachers report that work of a high order is being done.

Student activities are being launched in a vigorous manner.

A Government which does not enforce its laws is unworthy the name of Government and cannot expect to hold the support of its own citizens or the respect of the informed opinion of the world.—President Coolidge, to Governors' Conference.

Congressman Frear, who took a trip through Russia, says he was impressed by the number of women he saw working as section hands on the railroads. Yet, the radicals dwell at length on the easy life woman would live in a communist or socialist government as compared with "capitalist America."

The premier of Great Britain has announced very positively that it is opposed to and will not permit the breaking up of Germany into several separate states. This may bring on another clash with France, who is doubtless working under cover to bring about the dismemberment of Germany.

"Don't get married on less than \$4,000-a-year salary," advises President Creighton of Georgetown university. Let's see. Four thousand dollars is equivalent to only about \$2,000 of prewar income, due to shrunken buying power of the dollar. Many a couple married and lived mightily comfortably on much less than that in the old days. Go ahead and get the license, young man. If she's the right girl you needn't worry about money. She'll inspire you to get it.

Chief Justice Taft insists that the laws could be more generally enforced if more power and discretion were given the judges. Of course some judges might sometimes abuse such power but the same enactment that extends their power could easily be made to provide against abuse. It is generally conceded that the powers of the lower courts are hampered by rules of law governing practice and judges are sometimes forced to sit still and see justice abused in their courts and can interpose no preventive order, because he is hedged about by rules of practice.

From Kansas—and a Progressive of the Rooseveltian school—comes a warning to the Old Guard of the republican party that its leaders and program must be changed or there will be a repetition of the "disaster of 1912."

"Any attempt to force the conservative viewpoint onto the republican ticket or into the republican platform next year will result in a republican defeat," says Mr. White in his Emporia Gazette. "If the candidates and the platform are not satisfactory to the liberal wing of the party * * * the republicans are going to get licked."

With a president whose chief virtue is his conservatism as the present choice of his party for nomination in 1924, there is not much prospect that Progressives in the republican ranks will get what Mr. White demands for them.

Not to Inconvenience Walton.
Oklahoma City, Oct. 25.—Lieut. Gov. M. E. Trapp, acting Governor of Oklahoma, declared in a formal statement Thursday night that nothing will be done to embarrass or inconvenience Gov. J. C. Walton during his temporary disqualification under a Senate order suspending him from office until he can be tried on impeachment charges.

"I have taken over the reigns of government," the acting executive said, "but nothing will be done to inconvenience Gov. Walton pending final determination of his status."

"He may continue to occupy the offices set aside for the chief executive and I shall discharge the duties of Governor from my own office. In the event the impeachment bill is sustained, he will be extended every courtesy and be given ample time to vacate the Governor's quarters."

As acting Governor, Lieut. Gov. Trapp will discharge the routine duties of chief executive, it was said in official quarters, but will refrain from initiating any new policies until the Governor's case is disposed of.

Will Erect Brick Building.

W. W. Allen, trustee of the Prairie Chapel consolidated school seven miles northwest of Lockney, was in the News office yesterday.

The Prairie Chapel district was formed last spring out of a consolidation of Bobbit and Weathers districts, and the two buildings moved together. A \$11,000 bond issue was voted, and bids will be let within the next three weeks for the construction of a brick building with five class rooms to cost about \$9,000. The other \$2,000 will be used to purchase furnishings and equipment.

The school has four teachers and 106 pupils.

Have You Gotten a Statement?

We are sending out statements to all persons who owe us on subscription and otherwise, and we expect a response to each of them. We have not for some months been persistent in sending out statements, realizing that money was scarce. But, now that fall is here, crops are being marketed and people have more money, we think it but right that the local newspaper be paid what is due it. The amounts due are mostly small sums which most anyone is able to spare—but many such amounts mean a great deal to us, and will enable us to publish a better local newspaper. So, if you owe us anything we surely would be glad to have it—for we need it.

Canyon Normal Defeats Simmons.

Abilene, Oct. 27.—The West Texas State Normal College Buffaloes defeated the Simmons College Cowboys here Friday afternoon 6 to 0, thereby becoming contenders for the Texas Intercollegiate Athletic Association title. The Buffaloes outplayed the Cowboys at every stage of the game and only the muddy field kept them from scoring frequently.

Flock of Sea Gulls.

A flock of about forty sea gulls have been ranging about Plainview, especially at the lake near the depot, for the past three or four weeks. They are quite a long way from their usual habitat, and were likely forced to leave the gulf by some extraordinary weather disturbance.

A cheap, worth-while insurance policy for health is:—deep breathing, plenty of fresh, clean air, sunshine and exercise.

MARKET SALE—The ladies of the Episcopal church will hold a market sale Saturday, Nov. 3, from 9 to 12 o'clock at Donohoo-Ware Hdwe. store.

TWO STILL CAPTURED NEAR SPRING LAKE

Five Men Are Arrested and Placed in Jail in Hereford—One Has Confessed.

Olton, Oct. 24.—Last Friday morning county officers made a raid on the Monk Chapman place near Spring Lake, capturing two stills of 20 and 30 gallons capacity, about 11 barrels of mash, three gallons of whisky and placing under arrest five people. A Ford truck was also confiscated.

In the raiding party was Sheriff Tom Keenen, County Judge H. C. Hopping, Attorney E. S. Rowe and County Engineer C. L. Hasie, also the Sheriff from Hereford. The persons arrested at the time of the raid were Wonk Chapman, "Red" Foster and son Guy Foster. It is said one of those arrested turned State's evidence implicating two other persons from Wichita Falls, who were later arrested, all parties being placed in the county jail at Hereford.

According to the report the still had formerly been operated on a farm owned by a man by the name of Ramsey, who discovering same, reported it to the county officers. It was promptly moved, however, and it is said to have not been operating at the place of capture for more than a week. As soon as it was located the posse was formed and the raid made.

This is the second capture made by local officers during the past year. Their vigilance is to be highly commended.

Plans for the Northwest Texas District Older Boys' Conference which will be held in Amarillo, November 30 to December 2, inclusive, are being made by the executive committee, under the leadership of C. M. McCullough, general chairman.

The following men have been appointed by Mr. McCullough as a district executive committee: R. E. Shepherd, Wichita Falls; A. T. Key, Vernon; W. M. Rambo, Childress; J. V. Harrison, Quanah; J. M. Manuel, Big Springs; W. E. Patty, Plainview; C. W. Warwick, Canyon and James W. Hayes, Dalhart. Other members of the committee will be appointed later.

It is expected that more than 250 boys between the ages of 17 and 20 will be in Amarillo to attend the conference and it is pointed out that the meeting will be one of the greatest to be held in the city this year.

Among the speakers who have been secured for the conference are W. E. Bizzell, president of Texas A. & M., Grover C. Hood, of El Paso, H. P. Demand of Denver, T. L. Delmont, athletic director of the University of Texas and Governor W. E. Sweet of Colorado. Other speakers of national prominence are being arranged for.

Publicity is being sent to every school official, every pastor, boys Sunday school class teachers, leaders of boys' groups and men interested in boys' work throughout this section of the State.

Agree on Reparations Meet.

London, Oct. 26.—France, Belgium and Italy have accepted the British invitation for a reparation conference with the understanding that it shall take the form of a committee of experts under the authority of the present inter-allied reparation commission.

It is understood the British members will be the same as those who served last year on the bankers' committee on which the United States was represented by J. P. Morgan.

It is thought that Berlin will be chosen as the seat of the conference, since the chief function of the committee will be to inquire into Germany's financial assets.

Selection of the French, Belgian and Italian personnel is expected to be completed shortly.

England Accepts Twelve-Mile Limit.

London, Oct. 26.—The British Government has accepted in principle the proposal of the American Government that vessels in American waters be searched for contraband liquor within twelve miles of the American shore.

The expert committee of the Imperial Conference, which has been studying the question under the chairmanship of Foreign Secretary Curzon, has drawn up plans which are believed to meet the essential points of the American request. The plans will be submitted next week to the full conference, which is expected to approve them.

Heavy Rains in Swisher County.

Tulia, Oct. 26.—More than thirty inches of rain has fallen in Tulia since Aug. 21, which is in excess of the annual rainfall. Heavy rain Thursday delayed harvesting of row crops. About one-third of the normal wheat is planted. Cotton is promising a good yield and will be about the only money crop the farmers will have from this year's labor. This crop is needing several weeks of dry weather, with plenty of sunshine to make it open.

Six-Inch Snow at Perryton.

Perryton, Oct. 26.—A six-inch snow fell here Thursday night which will further delay wheat planting and row crop harvesting.

and forced the locals to a defensive game. Curtis, stellar halfback and a man with an educated toe, broke the hearts of Bulldog fans when he sent a neat kick from placement spinning between the cross bars. The defeat came as a complete surprise to Clarendon fans, who were anticipating another undefeated season. It was the first defeat Clarendon had sustained since midseason of 1921.

Seventh District Federation Club Notes Given.

President Coolidge in a proclamation has designated the week beginning November 18 as National Education Week. We should as clubs and individuals do our best for our communities and our state. We know that Texas ranks not in a place of honor in educational matters, and the way to correct this is by beginning with the communities. The compulsory education law in Texas has been better enforced this year than ever before, there being only 12 per cent of the children not in the public schools. This means that only about 9 per cent are entirely out of school, as about 3 per cent are in private institutions. Very little effort is being made in Texas, except in the cities, to educate illiterate adults. In Lubbock, two years ago, the Red Cross with the co-operation of the teachers and the business men, conducted a night school for Mexicans which was well attended by adults, most of them beginning to learn to read and write their first English words. This, I am sure, has been done in many West Texas towns and should be done in all of them where there is a foreign population, as the illiterate Mexicans and negroes cause the low place Texas occupies as compared with other states. We should all co-operate so that the slogan "No illiteracy in Texas after 1925" could be put into an actuality.

Our best efforts to eliminate illiteracy should not be put forth to make a record, commendable as that spirit may be, but should be through love of and for benefit of the child. On this principle all good education rests. Never shall we learn to train up a child till we take it in our arms as Jesus did, and feel distinctly that "of such is the kingdom of heaven."

The keynote of Mrs. Joseph's administration has been education and much has been accomplished during her term of office.

Club Extension.
Let me again join our president and Mrs. Warner in urging club extension. "If you cannot find a club, found one" is a good slogan. In the Federation Year Book we find in the 1922 report of the state chairman of club extension the following paragraph: "The Seventh District bringing in the greatest number of clubs was awarded the Federation banner. The chairman of this district, Mrs. Phoebe K. Warner, was presented with a beautiful cameo pin, the gift of the president, Mrs. Lee Joseph, for having secured the largest number of clubs."

Mrs. Joseph is again offering a gold pin to the district chairman securing the largest number of clubs. Let the Seventh District keep its banner. Send in applications for federation before the state convention, November 13.

Endowment Fund.
It will be remembered that it was voted at Clarendon that each club contribute \$20 toward the endowment fund. This should be sent to Mrs. Meade Griffin, secretary, Plainview, before the next district meeting. Let all clubs stand by the Federation in this matter, and pay their pledges promptly.

The Hale County Federation met in Abernathy, Saturday, October 27, and the Lubbock county organization at Slaton on the same date. Much good is being accomplished by these county units.—Press Reporter.

Probate Notice.

Kiwanis Ladies Give Unique Hallowe'en Party.

The wives of the members of the Kiwanis club entertained their husbands last night with an unusual Hallowe'en party which will be long remembered.

The participants met at the J. L. Guest home, which was decorated with pumpkins, jack-o-lanterns and black cats—each person was dressed in an original fancy costume. The entrance to the house was made by sliding down the coal chute into the basement, and a drop into the darkness, then to feel one's way in the dark up stairs into the house.

The men were then taken to the basement of the Presbyterian church, where three young "devils" received them at the entrance, and after having to walk over bed springs and other obstacles in the dark they finally got into the main basement, where there was much frolicking and many stunts pulled off. The church was decorated in the Hallowe'en spirit.

The King Tut orchestra furnished music during the evening, and refreshments of coffee, sandwiches, pickles, onions, pumpkin pie, etc., were served. There were three fortune tellers who were kept busy, and from a caldron a witch served nauseating salty water.

Dr. J. F. Owens and Mrs. W. E. Risser were given prizes for the most interesting fancy costumes.

Mr. Herman Wiese Marries Miss Olson of Iowa.

Mr. Herman Wiese, prominent farmer of near Petersburg, and Miss Emma Olson of Iowa were married in Abernathy yesterday, the Rev. L. H. Davis performing the ceremony. Mr. Wiese met the bride-to-be in Amarillo and they came to Abernathy, the ceremony taking place soon afterward. They will make their home on his farm near Petersburg.

Methodist Ministers Speak at Rotary Club Luncheon.

Three delegates to the Methodist conference were speakers at the Rotary club luncheon today. Rev. W. M. Murrell of Chillicothe, originally from Tennessee, declared he loves West Texas "where real men live" and where people are progressive and clean. Mr. R. E. Houston of Greenville, evangelistic singer, remarked upon the improvements made in Plainview since he was here in a revival seven years ago. Rev. L. N. Stucky of Abilene told of a trip last summer with his family to the Plains and of his father remarking "Plainview is the most attractive town we have ever seen."

Other guests of the club were Richard Hudson, deputy federal employment agent, Jimmy Caldwell of Amarillo, L. S. Harkey and Mrs. Carl Goodman. Mrs. Goodman pleased the members and visitors with two piano selections.

Mothers' Club Will Meet.

The Mothers' Club will meet at the high school Friday afternoon at 3 o'clock.

There will be a program, which will include a vocal solo by Miss Porter, an address by Mrs. L. L. Dye, and a reading by Miss Nutter.

Mrs. J. F. Bier Hostess to Dorcus Needle Club.

The second meeting of the Seth Ward Dorcus Needle club was held Wednesday afternoon at the home of Mrs. J. F. Bier, all the members being present except three.

The afternoon was spent in needlework, discussing different views and needs of the club, after which the hostess served dainty refreshments.

The next meeting will be with Mrs. V. L. Farmway, Nov. 7.

Several Hallowe'en Parties.

The school children enjoyed several Hallowe'en parties Friday and Saturday nights. Tomorrow night the Royal Neighbors Lodge will participate in a "spook social."

Kiwanis Club.

The Kiwanis club at Friday's luncheon was given over to fun and laughter, in which there were several mock rows between the roughnecks and the conservatives of the club, in which Paul Barker, Theo. Shepard, Paul Barber and others took parts, despite the efforts of the presiding officer to maintain decorum. There was also considerable chorus singing by the members of the club.

Miss Dorothy Porter, public school music instructor, rendered two very pleasing vocal selections, with Mrs. Guy Jacob at the piano.

Scheller-Beavers.

Miss Alma Viola Beavers and Mr. Albert Scheller were married Saturday. They live seven miles south of Plainview, she being the daughter of Mr. and Mrs. Beavers who live on the Perry farm. They came here from Oklahoma about a year ago.

Mr. and Mrs. Klinger Entertain Westside Forty-two Club.

The Westside Forty-two club was entertained Friday night by Mr. and Mrs. W. J. Klinger. The house was decorated with black cats, pumpkins and other Hallowe'en reminders, and

there were also vases of yellow chrysanthemums.

KU KLUX KLAN Enters Protest Against Masquerade Dance TO THE PEOPLE OF PLAINVIEW:

As an organization that stands unequivocally for morality, civic righteousness, and the tenets of the Christian religion, we desire to enter a most serious and solemn protest against the Hallowe'en Masquerade dance as advertised for Wednesday night in our city auditorium.

In view of the fact that the M. E. Conference is now in session, and more than three hundred ministers are guests of our city, we deem such conduct an open affront to our visitors, a disgrace to our fair city and a most deplorable fiasco, to be frowned upon and discouraged by all lovers of morals and friends of Christianity.

We denounce the observance of such heathen customs as being un-American and anti-Christian, and urge that all true Americans and faithful followers of Christ attend the Methodist Conference, or at least take no part in this open insult and disgraceful affair. — KNIGHTS OF THE KU KLUX KLAN, Plainview Klan No. 260, Realm of Texas, P. O. Box 502.—(Adv.)

JOHNSON & LINDSAY

THIS COLD DISAGREEABLE WEATHER

Is but a fore-runner of colder weather to come, for the winter is now breaking upon us. Every householder should have plenty of coal on hand to meet any emergency that may come, for the storms may delay railroad shipments, strikes may tie up the coal supply, or weather make delivery impossible.

It is poor economy to buy just any kind of coal—the best is the cheapest in the long run. We sell the famous and well-tried "LABEL" Coals, the very best that can be secured. A ton of "Label" coal goes further, provides more heat than other brands.

Best Two Years' Work.

Local Methodists inform us that during the two years Pastor O. P. Clark has been with the local church there have been more conversions and additions to the church than any other biennial pastorate. The report also shows the collections for this conference year are in full. The budget for current expenses for the past year amounted to \$9,000.

Church of Christ.

We are proud of the interest and large congregations Sunday, though the rain and mud kept many away. Ninety-eight were in Bible school, and the house was well filled at 11 a. m., at which time Bro. W. R. Smith made a splendid talk on "Prayer," which was very logical and impressive.

P. J. Taylor of Tipton, Okla., will preach for us next Sunday morning at 11 a. m. The writer of this article heard him preach more than 30 years ago; at that time he was counted among the big preachers of Texas, and one of the best exhorters I ever heard. We invite our friends to come and hear him, and we feel that you will not be disappointed. — Reporter.

\$200,000 Liberty Bonds Unclaimed.

Washington, Oct. 21.—The War Department is holding Liberty Bonds to the value of more than \$200,000 bought during the war by 4300 soldiers who neglected to claim them.

Maj. F. Boschene, finance officer of the army, according to an announcement made at the War Department has \$116,950 in bonds, nearly all of \$50 denominations, subscribed for through the Treasury Department and fully paid for. He has the name, organization and the latest address on file in the adjutant general's office of each of the 4300 purchasers,

but has found it impossible to locate the men.

But Pa Still Pays the Bill.

Hotel clerks notice a change. Pa used to register "John Blank and wife." The "proper" registration now is: "John and Mrs. Blank." Second choice is: "Mr. and Mrs. John Blank." An odd change, reflecting the so-called emancipation of women. Pa still pays the hotel bill.

The second annual Hall county poultry show will be held in Memphis Dec. 3-5.

Settlement of the reparations question that has kept Europe in a turmoil since the end of the World War appears possible, with the re-entry of the United States into the European political situation. The United States, Great Britain, Belgium and France are united in seeking a plan for solving this vexatious problem, and have accepted the proposal of Secretary of State Hughes that a reparations commission of disinterested individuals be formed to investigate Germany's ability to pay and fix the amount that should be paid in settlement of war claims. Italy long has been in favor of such a plan, and her adherence to Secretary Hughes' proposal is expected.

Acceptance by France, however, is made with reservations. The impartial commission that is to investigate Germany's ability to pay must be appointed by the reparations commission and must report back to this body. The condition is acceptable to other powers and will be embodied in the plan.

Germany welcomes the investigation of such a commission, having claimed from the beginning of the controversy that the amount of reparations demanded is far beyond her ability to pay. Germany expresses doubt that the commission will be successful, due to French interference.

Officer Shoots and Kills Man.

Deputy sheriff Walter Henderson, of Lamesa, shot and killed a young man by the name of Simmons at Lamesa last week, and the grand jury has returned an indictment against the officer charging him with murder. He will be tried some time next week in connection with the killing of young Simmons.

Feeling is said to have run high in Lamesa over the killing last week, but Lamesa is quite as ever now, it is reported. State Rangers were sent from Big Springs to protect the officer against possible mob violence.

The shooting to death of this young man is deplored, since, according to reports, there was no reason for shooting down the young man. Officers from outside counties were called in to take charge of the situation.

Simmons, it is said had been gambling and was fleeing from the law, when overtaken and shot down by the deputy sheriff.

Will Celebrate Armistice Day.

A big Armistice Day celebration of two days is to be held in Amarillo Nov. 11 and 12 by the American Legion at that place.

WELCOME TO

THE NORTHWEST TEXAS CONFERENCE

We realize that the Methodist people have been a great factor in the development of Northwest Texas, spiritually and materially, and have contributed much to molding the high type of citizenship this section boasts of. Without the church the Plains would have remained what it was before the pioneers came—an almost trackless waste, inhabited by nomads.

With the first settlers came the Methodist and other ministers, the school teacher, and the better things of life naturally followed, until now we have all the good things that make up a Godly and cultured, home-loving people, a prosperous community known far and wide.

We trust that your stay in Plainview may be profitable and pleasant,

CAN CHANGE ROOSTERS INTO HENS, VICE VERSA

Claims He Could Make Little Boys
from Infant Girls—But
Won't Just Now.

Chicago, Oct. 24.—After proving that he could change roosters into hens and hens into roosters, Dr. Victor D. Lespinasse, noted gland surgeon, late Tuesday startled a group of flouting American surgeons with the assertion that he could also make little girls out of little boys and little boys out of little girls.

Dr. Lespinasse hastened to explain, however, that he had confined his experiments to poultry, and did not claim to have proven the practicability of changing the sex of human beings.

"While I have had many requests from women to transform them into men," he explained, "I could only undertake the operation with infants, and even then it would not be a success in every case."

At a clinic open to members of the American College of Surgeons, Dr. Lespinasse, who became noted for his rejuvenating gland operations, produced a number of roosters which had once been hens, a hen that had once been a rooster, and two or three birds in the process of transformation one way or the other, which apparently didn't know whether to cackle or crow. None of them, it could plainly be seen, knew just what to make of themselves.

Santa Fe to Spend \$200,000.

Amarillo, Oct. 27.—According to an announcement by Superintendent F. J. Mackie of the Santa Fe, that company has outlined a program of improvements calling for the expenditure of \$200,000 in Amarillo during the next few months.

These include \$70,000 for a viaduct at Twenty-sixth street, \$60,000 for a wheel factory, \$20,000 for an office for the foreman of the shops, \$15,000 for a concrete reservoir and water system in the yards and \$25,000 for a boiler washing plant.

It is said these improvements will depend largely on whether or not the city of Amarillo shall make early provision for securing an adequate supply of water, which matter will be decided at an election to be held Nov. 3 on a proposed charter amendment to give power to levy an increased tax.

She dressed so she could show it.

What, No Perfect Babies?

Dr. C. St. Clair Drake of Boston says he has examined 23,000 babies and has never found one 100 per cent perfect. There's always a flaw, a defect of some sort, he claims. Doc, that flaw is what makes them human.

We Are Glad to Have
NORTHWEST TEXAS METHODISTS
As Plainview's Visitors

PLAINVIEW people believe in churches, schools, good citizenship, and realizes that it owes more to the religious forces in its development than any other factor. It honors the memory of those pioneer Methodist preachers who came here as the last Indians were leaving, and went about covering long distances from cow-camp to cow-camp, preaching, teaching and comforting the early settlers, and with optimism urging them to build here a new and better civilization—and we now see the results of those Godly pioneer preachers, who builded better than they doubtless hoped.

We are glad that the Methodists of Northwest Texas are to be the guests of Plainview, and that we may enjoy and profit through having these goodly people in our midst for a few days. Our people extend a cordial welcome and desire to in every way possible contribute to their pleasure while here.

WHERE THERE ARE NO CHURCHES THERE ARE NO BANKS

Doubtless in not a community in the United States where there is no church will you find a bank. The church comes first into the new village and later follows the bank. The bank relies more upon the church and its teachings of honesty, integrity and good citizenship for its safety from robbery and despoliation than upon the strong time-locked vaults, burglary insurance and the arm of law. The banks are supporters of the church in every way possible, for it is "good business" to do so, and pays divideneds.

Therefore, this bank is especially glad to have the Methodists of Northwest Texas to hold their annual conference in Plainview, and wishes to have its part in the entertainment of the delegates, so that their visit to "Plainview, the Beautiful" as the Christian Advocate denominates it, may be as pleasant as possible.

Our entire personnel joins us in this welcome.

Northwest Texas Methodism

IS WELCOME TO PLAINVIEW

Beginning in a small way in the early eighties, with several pioneer itinerant preachers on horseback or in single buggy going about here and there over the Plains to the scattered but hospitable people, Methodism has gradually extended its membership and influence in Northwest Texas until now it has hundreds of churches and ministers, several great colleges, and many thousands of members, and is a leaven that is permeating for good the citizenship of this veritable empire.

Plainview owes much to the Methodist church, and is glad that once again after almost a dozen years it can entertain the annual Northwest Texas Conference. We join in this welcome, and trust that our place of business may be visited by many of the delegates.
