The National Aid Society of Tepakta, Kat.

The National Aid Society of Tepakta, Kat.

The Evening News is pleased to note the advancement and prosperity of this association, the latest order, which has been organized and instituted within the last 60 days, by the aggressive state organizer, Z. L. Millick. It bids fair to become a leading order of the city. Besides the beneficial features the social features are par excellent. The membership has reached beyond forty, and contains some of our best people, and new applications being made daily. In this organization a lady can acre up any her husband to the lodge, and enjoy all the rights and privileges. The main feature of the order is the fraternal protection which they write, if we are properly informed, against police between man and wife or sister and brother.

For further instructions relative to the order all persons are directed to call on Mrs. Jennie Vivian, the secretary, or any member of the order. Mrs. Pearson & Fly can identify them.

Evening News' Washington letter.

Washington, May 18, 1900.

The troubles of the Administration are rapidly increasing. All is the deeper the Cuban question is involved, the worse it gets, and it is now believed that a conspiracy existed to join the Cuban government and that it included officials in Washington as well as in Cuba. In addition to that, the unbusiness-like reception of the Peace Envoy in New York and Washington, indicating deep public sympathy for the two little republics which are fighting so bravely for existence, has caused Mr. Mc Kinley to lose sleep trying to think up some way to justify the envos without offending our client parties.

How the Cuban moral stands may be judged by the following extract from a speech made by Senator Bacon, in favor of his resolution for a Congressional investigation of all receipts and expenditures in Cuba since it passed more American control: "Within the past week the fact has been disclosed—a fact that brings the blush of shame to every American citizen—that trusted officials in Cuba have misappropriated large amounts belonging to the people of Cuba. Nobody knows how large these amounts are. At first it was stated they were $50,000; next it was said they would amount to $75,000, and now it is estimated the amounts may aggregate $900,000. At first only one man was involved in the difficulty. Now there are near—no that it is estimated it may amount to a conspiracy."

LETTER FROM THE PHILIPPINES.

Mrs. R. B. Cline of Cline city received a letter yesterday from her son, J. T. Pitt, who is a member of 36th U. S. volunteers, and blow in the service more than a year. The letter, in part, is as follows:—

"Dear mother: I hasten to drop you a few lines to relieve your anxiety: You cannot understand how things are here. 'There is little more danger here than in the states, and I think I can get back all right.'

The news of the movements of the 30th Infantry into which I am detailed just ten months ago tomorrow and got out of the Dihaha on the 30th of last month. After we re-enlisted we are in town for a few days and then were ordered to the front and sent to San Fernando on the R. R., a distance of about 80 miles and at that place, a disease of about 80 miles and at that place. We stayed for 6 days and a move was made, and we were in and in it to stay. We were in a town called Belford, 4 miles from San Fernando and had an engagement with the enemy, and occupied our march to Belford and back to San Fernando, where we remained seven days had to help the insurgents which numbered 600, and we had a hard fight. There were two officers with us and both were wounded and one died from his wounds. After we had run the insurgents out, we went back and picked up our dead and wounded and went to a church and we were mounted men for reinforce- ment. They came just as the enemy was coming back, and we had a second scrap with them without losing a man. Well, it was not a long trip but we were two days and nights on the road.

There is no place to do here, and I think inside of 8 months we will be out of the service and go to the U. S."

Well I will close for this time, hoping to hear from you soon.

Your loving son,

West Point, J. T. Pitt.

Clouds and Sunshine.

In substituting for the existing multiplicity of taxes, the brief of the government, a single tax on natural advantages, we give a death blow to the greatest of all governmental favors—the real mother of the trusts. The yield of the taxes, levied primarily for the support of the government, will not be reached at once by any sudden change. It will come gradually, by abolishing one by one those governmental favors and establishing the natural order.

While there being disinterested trusts, the remedies here suggested will solve the labor problem as well, for it is governmental favors such as we have that force men into an unnatural competition with each other for the occupation to employ themselves; whereas the opening up of natures store house to labor will not be reached at once by any sudden change. It will come gradually, by abolishing one by one those governmental favors and establishing the natural order.

Your loving son,
No one could tell me where my soul might be; I searched for God but God eluded me—'

Bob Smith's folks have returned from an eleven day's visit to Happy, the homes of the good old father and father-in-law, and post master of that village. The Bick family has some restorations of that locality so does every body who stops with Mr. Currie.

The bad weather may defer the decision of the ball boys going to Roswell.

Line up of the Amarillo team will be as follows: Paul Bennett, C. Jones P., Hays 1st B., Cavender 2d B., Morris S. B., Bennett 2d B., Miller L. F., Brash C. F., Trolle ringer K. F., Witty Sub. Paul Beemert the new catcher will arrive from Galveston Thursday night in time for next game.

The contract was let for the erection of the City Hall to Birt and Currie of Amarillo, at $11,500 for the naked building. When finished it will cost about $15,000. The land located on the west side of Park Street and south of the lake, 300x280 feet cost $500.00. The building will front the east towards Polk street. Dirt was broken for the foundation last Friday and the building will be completed by Oct. 1st.

Mr. J. D. Roach met with an accident in a heterodox way, Walking up Polk Boulevard in the dark last Saturday night he encountered the edge of Maldwyn's wagon yard gate shutter, left open on the pavement, and today he has a very blackened eye.

The best way to answer from fault according to his folly, the Evening News has thought, was not to answer him at all, but the trouble is itself might be the fault itself.

As a compliment to the Amarillo base ball club the P. V. will run an ex­cision on the day selected by the club, so-called to be next Sunday & $5 for round trip Everybody privileged.

For farther particulars apply to W. L. Guy, agent.

E. E. Swarts, representing B. S. Freeman & Co. rested over Saturday, with Shreves and Vallandingham old Deniliquen friends.

Judges S. H. Madden is home again but the Evening News doesn't assume any responsibility as to how long so active a bird of passage will remain.

Vallandinating says that F. W. & D. C. Ry. here, handled 500 cars of cattle in the last week, coming from points on the P. V. and going to Dakota, Colorado and Wyoming.

Conductor Meckley says the P. V. Ry. has delivered to the F. W. & D. and the A. T. & S. F. Ry's. in the past two weeks "a thousand and twenty cars of cattle", and there are more to follow.

Reference is directed to the Dissolution notices of Taylor, Peale & Britten, today.

COLOR IN THE CHEEKS.

I Reg to Announce To the Public

That I will move all my horses and buggies from their present place to the Bob Smith Livery Stable, north of the Amarillo Hotel. I wish to thank my patrons, and the public generally for the very liberal patronage I have received at their hands in the past, and at the same to say that I shall in the future be better prepared than ever to serve them in a prompt and efficient manner, in all departments of a general livery stable business. I therefore ask a continuation of your good will, and promise ample return for the same.

Yours Very Truly,

N. S. McGee,

Amarillo, Texas, May 2, 1900.
