**Church of Christ
To Have Revival**

A big revival, beginning on July 26 is being planned by the members of the local Church of Christ. E. W. McMullin of Cleburne, a well known preacher and evangelist of the church will be here to conduct the services of the meeting which is expected to last for two weeks. The man is said to be an excellent talker, and will, no doubt, draw large crowds.

N. W. Allphin of Abilene, composer and music teacher, will have charge of the singing. He will begin a vocal

school on July 19th, one week prior to the opening of the meeting. The meeting will be held out of doors on the church lawn, where arrangements will be made for the seating of a large crowd.

Summer motor traffic on the narrow limited floor of the Yosemite Valley is so great that traffic officers are required to regulate it.

The Siege of Troy was largely a myth, and, even according to Homer's own account, Helen must have been sixty years old when Paris fell in love with her.

**POULTRY MEN
MEET JULY 3**

WILL TAKE UP IMPORTANT MATTERS IN REGARD TO FALL SHOW

Members of the Nolan County Poultry Association and many other people of the county who are interested in the raising of poultry are being requested to meet in Sweetwater at the court house auditorium on Friday, July 3, for an important meeting, by R. L. Shaffer, president, and Milton Pate, secretary of the organization. The meeting will be at 3 p. m.

Plans for the fall poultry show will be taken up, and it is very important that all the members be present as a number of matters have to be discussed and decided upon in regard to the show. Officers of the Association are expecting to hold the largest and best show next fall that has ever been held in this county.

Poultry men point out that there are many new poultry breeders in the county this year and that interest in the raising of high grade stuff is growing. For these reasons and a number of others the biggest show ever is anticipated.

An authority on petroleum ascribes the pollution of ocean beaches to the breaking up of ships containing oil in their double bottoms, of which many were sunk during the war.

Tuxedos for women's evening wear are the latest eccentricity of feminine fashion in Paris.

Maryneal Notes

Cotton chopping is the order of the day.

Miss Velma Collins is on the sick list this week.

Mrs. Willard Estep of Sweetwater spent Tuesday with Mrs. H. W. Currie.

Dr. Young of Roscoe made a professional trip to Maryneal Monday.

Geo. Eatwell made a business trip to Sweetwater Tuesday morning.

D. A. Ray and son, of Midland were here the first of the week visiting his daughter, Mrs. Geo. Morton and family.

Mr. and Mrs. J. E. Gay and daughter, Omaha, were visiting relatives in Sweetwater Sunday.

Mrs. H. B. Adams, Mr. and Mrs. J. G. Keel, and Mrs. Ben Ham and children were visitors in Roscoe Monday.

Mr. and Mrs. D. I. Grogan and children of Sweetwater were here Sunday the guest of Ben Ham and family.

Mr. and Mrs. A. L. Collins and Mrs. A. D. Harville were shoppers in Sweetwater Thursday.

Word has been received here of the death of J. K. P. Harris at Longview. Mr. Harris has been a resident of Maryneal for several years, and one of the first settlers of Nolan county.

Rae Ranzel to Sweetwater was visiting in Maryneal Sunday.

Rev. Maddox of Dallas is spending a few days here visiting relatives and friends.

Brooks Items

Messrs. Thomas and J. R. McCoy and Miss Mildred and Tommie Ruth McCoy motored to Blackwell Saturday.

Mrs. Leonard Miller and children visited Mrs. S. P. Roberts Friday afternoon.

Messrs. L. D. Manroe and T. B. Shirley were Sweetwater visitors, Saturday.

The people in Brooks community were blessed with a nice rain Friday afternoon.

A bevy of Dora girls spent Sunday evening with Gladys Mae Rhodes.

Mr. and Mrs. T. B. Shirley spent Sunday in Bitter Creek community.

Effie Oliver spent the week-end with Mrs. Lola Storie.

A number of Mrooks people were at Bolin Sunday. They were: Mr. and Mrs. Artman, Mr. and Mrs. Bashum, Mr. and Mrs. J. Oakley and Hubert Oakley.

Mr. and Mrs. S. P. Roberts and family visited Rev. Dunlap's family Sunday afternoon.

Messrs. Waldo and O. Z. Porter visited Mr. J. A. Rhodes Sunday evening.

A number of Brooks people were at Nolan B. Y. P. U. Sunday evening. The hour for the B. Y. P. U. has been changed from 3:30 in the afternoon to 7:30 in the evening.

Mr. and Mrs. McClure of Decker were in Brooks community Sunday evening. They were accompanied by their daughter, Miss Bertha McClure and their son, Milton.

Mr. and Mrs. H. H. Hollowell were the guests of Mr. and Mrs. Windham, Sunday afternoon.

One thousand-foot jumps by aviators from airplanes disproves the popular belief that falling from a great height destroys consciousness. Breathing is easy, the main discomfort being suddenness with which the fall is checked by the opening of the parachutes.

The News will conscientiously strive to give the truth concerning all Nolan County happenings that are of interest to our readers. If undue reflection is cast upon the name of any person or firm, through error or misinformation, The News will be glad to make correction of the same through these columns.

We shall constantly strive to make The News a better paper. Through your suggestions and criticisms, we may improve our paper at an even more rapid rate.

THE MEXICAN SCARE

The people of this country have been so well "fed-up" with propaganda about Mexican lawlessness that the statement of a big American company employing 9,000 men during the past eight years without strikes or troubles of any character, comes as a really refreshing bit of literature. Mexico has been exploited by opposing American capitalists for many years, and it is asserted most of the revolutions have been financed by these interests.

During the past few days news columns have again teemed with wild stories of the possibility of war with Mexico because that nation has not paid certain American bankers bills, or claims for property damages. Secretary of State Kellogg issued an informal warning to Mexico and President Calles promptly retorted in no uncertain manner.

It now transpires that both notes were more or less "hot air," addressed to no one in particular, and the state department intimates that because Ambassador Sheffield complained of discourteous treatment by Mexican officials it was thought a sharp jolt would remedy the situation.

The question at issue seems to be only a question for the courts, and as Mexico has a constitution similar to that of the United States, with some improvements, it is fair to presume

that full justice is as possible and probable as if heard in the United States.

At all events there has been no real inter-change from an official point of view. The relations of the two governments toward each other remain as they were before, and the war jingoes are disappointed.—Lubbock Avalanche.

EARNING CAPACITY OF ROADS

The Department of Agriculture estimates that our country has between 450,000 and 475,000 miles of surfaced roads. The report calls attention to certain wrong ideas that are current about road improvement.

"For the movement of every vehicle over a road, there is a certain cost, which is less if the road is improved than if it is left in a state of nature. Logically, therefore, the limit that should be placed on expenditures for road improvement is the amount that can be saved in vehicular operating costs. All roads should be improved to the maximum degree that their traffic justifies, but no road should be improved beyond its earning capacity."

Another mistaken idea is that there is such a thing as a permanent road. However, state highway departments now understand that all roads, regardless of type, gradually depreciate and wear out under the wheels of vehicles and action of the weather.

Asphaltic types of road construction are probably the most permanent. They are waterproof and being elastic readily adhere to the earth's surface and do not crack. Because of their elastic characteristic they act as a cushion which absorbs the jarring effect produced by heavy motor vehicles moving at high speed.

Roe McBurnett of Littlefield, formerly of Roscoe, was in Sweetwater several days this week on business.

Building Permits Show City's Growth

The coming of warm weather has seen no let-up in the number of building permits issued. Ten permits have been issued by Mrs. Mattie Trammell, city secretary, during the past few days, representing a total of \$18,775. The total for the year has reached \$297,730.

Seven of the permits issued were for residences, raising the total number of residence permits for the year to 77.

The following are the recent permits that have been issued:

Ed Sinnott, stucco garage, Pecan Street, \$100.
J. F. Ellis, frame residence, Cedar Street, \$4,400.
R. A. Wright, frame residence, Alabama Street, \$875.
R. A. Carter, stucco garage, Beall Street, \$2,500.
T. E. Crutcher, frame residence, Locust Street, \$350.
J. M. Green, frame residence, Bowie Street, \$3,500.
Oscar Pate, frame residence, Eastern Addition, \$700.
Clyde Payne, frame imps., Bowie Street, \$500.
H. A. Burge, frame residence, Newman Addition, \$3000.
Alvin Gray, frame residence, Cedar Street, \$2,850.

MARRIAGE LICENSES

Marriage licenses have been issued from the office of the county clerk during the past week to the following:

Francisco Castro, Roscoe, and Miss Tifila Cardosa, Roscoe, June 19.
Homer Rucker, Claytonville, and Miss Allie Lee Hodges, Claytonville, June 19.
Olan Perkins, city, and Miss Edna Mae Foust, city, June 20.
Ira Taylor, city, and Miss Della Foust, city, June 20.
Fred Monroe Henry, Blackwell, and Miss Myrtle Frances Henry, Blackwell, June 20.
Roy Howell, Slaton, and Miss Nettie Honeycutt, city, June 20.
Pantaleon Melendez, city, and Miss Nestora Martinez, city, June 20.
G. J. Simmons, city, and Mrs. Sinie Walker, city, June 22.

Perpetual Motion Is Perfected by Henry

J. R. Henry, prominent local classer of the fleecy staple, hail fellow well met and all that sort of thing, is also a man of few words and many functions.

J. R., Thursday performed what eminent scientists have for eighty two thousand years been telling the gentle public was an utter impossibility.

He has perfected perpetual motion! Being modestly inclined, J. R. Henry, otherwise known as "Uncle Bud," is opposed to national publicity in the matter and these few words are hurled at you without his knowledge; albeit we expect him to purchase half a hundred copies for framing purposes.

But, back to the perpetual stuff. Thursday afternoon, after Old Sol had tucked Mrs. Sol under the well known western horizon, Uncle Bud decided to sprinkle a few artificial dew drops over his massive lawn, otherwise known as the front yard. Across paved street—that's Pine you know—a certain Doctor whose last name is Leach, was by main strength and awkwardness scattering aqua pura in every direction.

"Ah ha," thought our eminent guesser. "Necessity being the mamma of invention, I'll see if the old think tank is hitting on all four." Suiting the action to his words Uncle Bud dragged out the most comfortable rocking chair, pointed the trusty hose in the general direction of grass and let 'er go. During a twenty minute nap our hero watered everybody's grass in the neighborhood and bathed

numerous automobiles that glided gracefully by on our paved street. Gentlemen, that's perpetual motion!

And just by way of closing this gem, we must inform the uninitiated that the initials "J. R." stand for "just resting."

W. D. Black and daughter, Miss Joanna Black, and Miss Minnie Ethel Petty were in Ralls Monday of this week. Miss Black will teach in the high school at that place next year.

Elmer Gardner of Hermleigh was here Monday on business.

Workers Conference To Be Held Here

Baptists of the Sweetwater Association gather in Sweetwater Monday, July 6, for an all-day meeting to be held at the Lamar Street Baptist church. Dinner will be served on the ground for the many people who will be here to attend the meeting.

An excellent program is being prepared, according to Rev. E. K. Daugherty, pastor of the church, with a number of interesting numbers thereon.

C. H. and Otto Hackfeld, residents of the western portion of the county, are among the latest subscribers to The Nolan County News. These two men are among the county's best farmers.

Mayor A. J. Parker of Roscoe recently planked down one and one-half "Bucks" to The News in payment for one solid year of good reading matter. He says he likes The News fine.

Osler (Doc) Leach has returned from Houston, where he has been attending Rice Institute during the past session.

A SURE-FIRE TIP FROM HEADQUARTERS

ROGERS & DODSON,
Sweetwater, Texas,

Gentlemen:

We have authentic information that all Rubber Companies will have another advance in price of tires and tubes on or about July 1. This advance will be in the neighborhood of 20 per cent, let your trade know about the coming advance, which, in our opinion, would be good business.

Particularly your customers that are buying Balloons should be interested, because the advance will likely be greater on this type of tire than on the remainder of the line.

Yours very truly,

KELLY-SPRINGFIELD TIRE CO.

PERSONAL

Henry Rogers, local manager of R. and R. Enterprises, has been out of town for several days.

Jim Butler, wife and baby will leave Friday or Saturday for Dallas to visit Mr. Butler's parents.

Mr. and Mrs. C. W. Conway and family of Tahoka were here Thursday.

W. A. Forman of Bangs visited his brother-in-law, R. L. Shaffer, Monday night. Mr. Forman reported crop conditions in his section as being good.

Miss Oneita Russell has gone to Artists' Colony in Estes Park, Colorado, with a group of Texas college students for a few weeks of recreational study.

Batsell Baxter, of Abilene Christian College, will fill the pulpit at the Church of Christ Sunday week in the absence of W. D. Black, the minister, who will be engaged in a meeting at Big Spring at that time.

Mrs. S. W. Curtis and two small daughters have gone to East Texas for an extended visit. While away they will visit also with Mrs. Curtis' father and mother at DeLeon.

Mrs. Myrtle Robertson has returned from Big Spring, where she has been spending a few days of her vacation. She is now back at her work at the court house.

Miss Vera Hayes of Abilene Christian College spent last week-end with Mr. and Mrs. Will Scott.

Miss Eline Whitlock of Breckenridge is visiting with Mr. and Mrs. Will Scott this week.

Mrs. W. C. Calvert and small son, W. D., are expected back from California Friday night after an extended visit in that state.

Mrs. John Smith of Brownfield has been here this week on a short visit. She formerly lived here.

Mr. E. I. Hill, Sr., accompanied by E. I. Hill, Jr., and other children all of Tahoka, visited in Sweetwater last week-end.

Mr. and Mrs. J. H. Snell and son attended the graduation exercises of Southwestern University last week at which time their daughter, Miss L. Nell, completed her course in that institution.

Dr. and Mrs. W. F. P'Pool and Mr. and Mrs. Tom Farris have returned from a fishing trip on the San Saba river.

Mrs. Hunter Keithley, who has been visiting Mrs. P. T. Quast, her sister, has returned to her home at Frost.

Paul Q. Mills and wife of Sour Lake are here visiting and attending to business. Mrs. Mills is a daughter of Mr. and Mrs. H. A. Bullock, and Mr. Mills was in the jewelry business in this city several years ago.

Mr. and Mrs. J. W. Massey returned Tuesday from Seymour where they have been visiting relatives for the past two weeks.

Mr. and Mrs. G. W. Altizer and small daughter, and Mrs. Arch Seago left Sunday for California and other western states for a three or four weeks vacation tour. They are making the trip by automobile.

MOVING OFFICES

The medical offices of Dr. G. Burton Fain, after July 1st, will be in the Prim building over the Sweetwater Drug Company, the Doctor announced this week.

Leprosy was looked upon by the ancient Hindus as man's inevitable punishment for killing a serpent.

LOST—Fishing tackle box containing reel, lines and other tackle; either on bridge at Santa Fe lake or between there and town. Finder return to Gus Farrar, county clerk's office. Reward.

FIELD SEEDS AND GRAIN

Better Planting Seeds mean better crops for purity and germination. Also, have first class stock of grain and feed.

S. EDWARDS GRAIN CO.

Why not have your harness repaired at S. D. Myres Saddle Co?

TYPEWRITER RIBBONS—For all makes of typewriters at the office of The Nolan County News. Watson-Focht Printing Co. 12 tf-dh.

FOR SALE—Underwood typewriter in good condition. Phone 104.

Raising Funds For New Parsonage

With \$725 to start on, given by Sweetwater business men, work on the new Lamar Street Baptist parsonage will start immediately. Rev. E. K. Daugherty, pastor, told The News today. Members of the church will do the work themselves, and a modern five-room house is to be built.

The following have contributed to the building of the church parsonage during the past few days according to the list presented to The News:

Beall, Beall and Beall, T. W. Farris, Kidd Brothers, Mark Litchfield, Buck & Henry, R. T. Blanton, Frank Hill, D. A. Clark, J. W. Millsapps, C. L. Freeman, J. R. Cornelius, Glass Grocery, Pace Bros., Piggly-Wiggly, Glenn Bardwell, D. M. Mizell, A. B. Allredge, G. H. Graves, A. B. Walker, Gus Farrar, Miss Elliott, Judge Mauzey, I. W. Brashear, Dan Childress, J. J. Robbins, Gray Company, Bryant Lumber Co., Dabney Motor Co., Burton-Lingo Co., Higginbotham-Bartlett Co., G. N. Koerth, W. H. Jobe, Tom Choate, H. E. Polk, R. Andrews, Bud Brown, G. D. Felton, J. Elliott, T. E. Knapp, C. C. Davis, Davis Garage, Modern Tire Service, C. F. Rogge, Walter Carter, Dr. P. T. Quast, J. H. Cochran, Jr., and T. T. McCord.

BLACKWELL MEETING GOOD

The meeting at the tabernacle is growing in interest daily. Owing to the very busy season, there is not such good attendance during the day services, but at night the crowd is increased. Rev. Hawkins is delivering some fine sermons, and the choir is far above the ordinary.—Blackwell Times.

Many Going To Christoval Meeting

J. A. Garrett superintendent of the Baptist Hospital at San Angelo and corresponding secretary of the Christoval Encampment, was here Sunday and gave a stereopticon lecture at the First Baptist church on the encampment to be held next month, beginning on Thursday, July 9th.

A big program is being arranged for the annual encampment with many entertaining and educational features. A number of Sweetwater Baptists are planning on spending several days at Christoval during the encampment.

Mrs. Chas. Rogers returned Monday from Texarkana, where she has been at the bedside of a brother, who has been seriously ill. She reports that the weather in that section has been sufficing.

TELLS FARMERS HOW TO FIGHT LEAFWORMS

FARMERS URGED TO TAKE
PRECAUTIONS AGAINST
COTTON PESTS

By R. P. Reppert, Entomologist
The cotton leafworm has already
been reported from several parts of
Texas, and it may be assured that it
is generally distributed in small num-
bers over practically all counties of
the Coast section.

The unusually early appearance of
the worm this season creates a ser-
ious menace. Cotton is late, and even
with favorable weather conditions the
cotton plant must remain free from
insect damage for practically the en-
tire growing season to produce a fair
yield; whereas leaf worm is of small
importance and sometimes is a direct
benefit.

Showers over Texas are almost sure
to be followed by severe damage. Al-
ready these have occurred over South
Texas. What may result over the
drought stricken area is problemat-
ical. It is rather expected that the
leaf worm, whatever the weather con-
ditions, will become generally dis-
tributed over Texas and that damage
will become severe in some sections at
least, during the latter half of June.
Farmers should be on the lookout for
its first appearance, and be prepared
with materials and otherwise, to ap-
ply measures of control.

This insect can be controlled by
dusting with arsenicals, preferably
while the plants are wet with dew.
Calcium arsenate thus applied is ef-
fective, and ordinary is cheaper than
any other poison. It should be used
undiluted. If arsenate of lead is used,
it should be mixed with one-fourth its
weight of hydrated lime. Paris green
should be mixed with five or six parts
of hydrated lime. The addition of the
lime is partly for the purpose of dilu-
tion and cheap flour may be sub-
stituted in its place. With Paris green
however, at least an equal part of
hydrated lime should be included.

The dry poison may be applied in
any manner that will create a slight
dust cloud. Not a great deal of the
poison is required. It is not necessary
to have a thick covering of it on the
foliage. A dusting machine is advised
for making the application, but the
old pole-and-bag method will answer.
One application of the poison, as soon
as the danger from the worm becomes
noticeable, will suffice for the con-
trol of that brood, though another
the next brood to appear three or four
weeks later.

Where spraying is prepared the
respective poisons may be used in
the proportions of one to one and
a half pounds of either lead arsenate
or Paris green, in fifty gallons of
water. If Paris green is used, an
equal quantity of quick lime should
be slacked and the milk of lime thus
obtained added to the spray liquid
after straining.

Spraying with stock dip, or pre-
pared mixtures of white arsenic and
soda, is apt to result in burning
the foliage, and is not recommended.

The burning of lights to trap the
moths is not recommended.

Maryneal Will Vote On Raising Taxes

Citizens of the Maryneal school
district will vote on the raising of the
school tax at that place from fifty
cents to one dollar on Wednesday,
July 1st.

Patrons of the school report that
it is badly in need of more funds in
order that it may be brought up to
the average standard. Last year a
shortage of funds allowed only five
and one-half months of school, among
the shortest terms in this section of
West Texas. The school is a three
teacher school.

PAUL SORENSON

Make Bonds On Liquor Charges

Mrs. Cora Mercer and Silas Brann,
held on charges of making illicit li-
quor at a house on Oak Street were
released the early part of the week
following the making of their bonds.

An uncle of Mrs. Mercer's was
here Sunday afternoon and went on
her bond of \$500, but refused to go
on the \$2,000 bond of her husband,
who is also being held on the same
charge. Local friends made bond in
the sum of \$1000.00 for Silas Brann.
"Some criticism has been made of
local authorities," states Justice of
the Peace I. W. Brashear, "for plac-
ing the lady and her children in jail.
In defense of the accusation, the au-
thorities wish the public to under-
stand that the lady was given quarters
in the jail on her own choice, when
she stated that she was afraid to go
back to her home where the liquor
was being made and that she would
rather stay in the county jail. While
in the jail Sheriff Yarbrough fed
Mrs. Mercer and her children from
his own table and they were given a
private compartment in the building."

THE HARD GAME

When you're fighting every minute
for a chance to make a run,
With the odds perhaps against you,
That's the time you get your fun.
When the other pitcher's working
with a lot of curv and speed,
And he's striking out your bats-men
when a hit you sorely need,
Oh, it's then you're mighty happy
when the winning run comes in,
For the hard game and the long game
is the one you like to win.

When the other team is clever and
they're breaking up your play,
When they down your interference
in a dazzling sort of way,
And it's nip and tuck each minute,
and you haven't made a score,
Then the goal that you are after is a
thing worth fighting for.
It is then you're at your finest and
you bear your broadest grin,
For the game that's fought the hard-
est, is the one you like to win.

On the gridiron, on the diamond,
on the links, or on the court,
It is when the game is hardest that
you get your finest sport.
There's no joy in easy battles,
and no glory in a game
That is won without a struggle,
and in life it's just the same.
It is when the going's heavy and
your fight is all uphill,
And you have a work to conquer,
that you get your finest thrill.
—Edgar A. Guest.

Tropical fruits in a fully ripened
state, dipped in a rubber composi-
tion which shuts out all air, prevent-
ing decomposition, may soon appear
on distant markets. The composi-
tion becomes brittle when cold and
is easily removed from the fruit.

Mrs. Campbell Dies After Long Illness

Mrs. Wm. Campbell, 39 years of
age, died Tuesday night at 11 p. m.
at her home on the south side of
town, following a three month's ill-
ness. She is survived by a husband
and five children.

Funeral services took place yester-
day afternoon at 5 o'clock, Rev. E.
K. Daugherty, pastor of the Lamar
Street Baptist church, conducting the
services. She was buried in the City
Cemetery.

Mr. Shelby, her brother, and a
cousin from Dublin and two of Mr.
Campbell's brothers from Rotan were
here for the funeral.

Bugger Red, Jr., Riding A Bad 'Un

GETS FAMOUS RODEO STARS

ARRANGEMENTS MADE FOR ACCOMMODATION OF 3000 AT EACH PERFORMANCE

"Three thousand people can be accommodated at each of the big rodeo programs to be held in connection with the Legion Picnic," states Bugger Red, Jr., famous rodeo star, who has charge of the Legion rodeo, "and we will have the largest number of bad horses to ride that I have ever before worked with."

The corrals, chutes and fences have been completed, and a five-foot fence will protect the spectators from the bad animals when they come into the ring. Many seats have been arranged to care for the on-lookers.

Outlaw horses are being secured every day, many of them being among the hardest to handle in this section. Fourteen horses have been signed for from Maryneal, and others are to be brought from as far as fifty miles distance. The SoKelle cattle will be used.

The Gardner boys from Hermleigh who can ride anything that is brought in, have signed up this week to ride at the rodeo. Other famous riders are being secured, some of nation-wide fame, and Bugger Red states that there will likely be some surprises for the attendants at the rodeo in the way of riders as there are some whom he will not announce until late next week.

Billy and Curly Seale, of Baird, famous women horse and steer riders, will be among the famous riders to appear on the program.

Most of the horses will be brought to Sweetwater on July 1st, while the cattle will not be brought in until the following day.

Two Boys Make Records At Baylor

Everett and Ernest Duncan of Roscoe who have just returned from Baylor University, made high records in that institution during the past term.

Everett, a Junior in the University was president of his class made up of several hundred students, and acted as toastmaster at the annual Junior-Senior banquet, the most important social function during the year. Besides taking part in many student affairs, he made a "B" average in the classroom.

Ernest also made a "B" average as a member of the Freshman class. He was captain of the Freshman Intramural football team, and was joint-editor of the Freshman edition of the Baylor Lariat, the University newspaper.

Both of these young men are working their way through college.

Thus I consent, Sir, to this Constitution, because I expect no better, and because I am not sure that it is not the best. The opinion: I have had of its errors I sacrifice to the public good. I have never whispered at syllable of them abroad. Within these walls they were born, and here they shall die . . . Much of the strength and efficiency of any government, in procuring and securing happiness to the people, depends on opinion, on the general opinion of the goodness of that government, as well as of the wisdom and integrity of its governors. I hope, therefore, for our own sakes, as a part of the people, and for the sake of our posterity, that we shall act heartily and unanimously in recommending this Constitution, wherever our influence may extend, and turn our future thoughts and endeavors to the means of having it well administered.—Benjamin Franklin.

What is believed to be the oldest map of the heavens is one made by the Chinese about 600 B. C., designating the positions of 1,460 stars.

97 NOTARIES IN COUNTY

QUALIFIED TO TAKE ACKNOWLEDGEMENTS; SWEETWATER HAS EIGHTY-THREE

Ninety-seven Nolan county men and women have recently qualified as Notary Publics with County Clerk Gus Farrar to take acknowledgements. This number represents probably the largest number the county has ever had.

Of the 97 Notary Publics in the entire county, 83 of them are in Sweetwater, while Roscoe has only 11, and Blackwell only 3. Of the 83 Notaries in Sweetwater, 9 are women and 74 are men.

The following is the entire list of Nolan county Notaries:

Sweetwater Has 'Em
Allen, F. H.; Babb, J. C.; Beall, J. H., Jr.; Beall, J. H. Sr.; Beall, W. W.; Bouthie, Joe H.; Bradford, Edith; Bray, W. H.; Butler, J. W.; Bondies, H. R.; Cordell, Edna; Carter, D. GUARD MEN LEAVE SOON

LEAVE ON JULY 2ND FOR ANNUAL INSTRUCTION SCHOOL

The Sweetwater organization of the Texas National Guard, Hq. Co., 71st Inf. Brig. will leave for its annual Camp of Instruction on July 2nd proceeding to Camp Mabry, Austin, Texas, for a fifteen day period of drill and instruction under the supervision of the officers of the regular army detailed as instructors.

This is the fourth camp to be attended by the local unit, it having been organized since June 13, 1922. It is anticipated that the coming camp will be the most successful that the unit has ever attended. At the present time, for the first time since its organization, the unit is recruited to its maximum strength of forty-five men and three officers. Of these it is expected that at least thirty-eight will fall in line when the First Sergeant forms the company for the encampment. No organization in the division has a higher class of personnel than the Sweetwater unit, according to the opinion of officers who are familiar with all the Texas organizations.

The organization will leave for camp under command of its new Second Lieutenant, John Wells Bibb, and First Sergeant Slack. The organization commander is under orders to proceed to camp in advance of the organization to assume the duties of Camp Mess and Exchange officer. An advance detail of six men will also leave in advance of the unit, under command of Master Sergeant Albert T. Mason to assist in the work of preparing the camp for the reception of the Division. This detail will supervise the installation of the Camp Headquarters Offices, and will leave for Austin on June 30th.

**15,000 EXPECTED AT
LEGION PICNIC**

(Continued from Page 1)

of the fastest semi-pro organizations in the state, will battle it out on a newly revamped diamond at Swatter Park.

10:30 p. m. Big Free outdoor display fireworks, City Lake Park.

Troop On Outing; Vacancies For Boys

Members of Troop No. 2 of the Boy Scouts took part in an outing on Sweetwater Creek seven miles east of town Tuesday night, leaving town at 4:30 p. m. and returning at 9:30 Wednesday morning.

On arrival at the site, the American flag was hoisted, and a number of Scout games were then in order. The boys were accompanied by Scoutmaster Geo. Massey and District Scout Executive W. S. Barcus.

Troop 2 has only recently been reorganized, that troop having played out several years ago. A new charter will soon be secured. New members of the troop committee are B. H. Davidson, J. A. Cornelius and Dr. G. Burton Fain. The troop meets each Friday night at the First Baptist church basement at 8 o'clock. Scoutmaster Massey states that visitors are welcome and that vacancies are left in the Troop for several boys who wish to join.

PORTALES EDITOR HERE

J. G. Graves, editor of the Portales Valley News, Portales, New Mexico, was in Sweetwater Monday on his return trip from Tyler, where he attended the Texas Press Association.

Portales is the center of a great shallow water irrigation belt, famous for its Portales Valley Yams, as well as for tomatoes, melons, and all kinds of vegetables and fruits. His little city boasts of a \$100,000 high school building, an orphanage, one of the prettiest country clubs in the state, and five National highways.

WHERE DO YOU SWIM?

With the increasing popularity of the swimming pool as a means of summer sport and recreation, it is evident that unless they are operated under strict sanitary regulations, these pools may become a community health menace. For this reason, it is well to know the sanitary conditions of the pool which it is your custom to patronize.

While swimming is one of the most healthful of exercises, and is an accomplishment that should be possessed by everyone, it can also be the means by which diseases may be acquired. An unsanitary pool may be the source of infection for intermal diseases, such as typhoid fever and dysentery; for venereal contagion; eye, ear and throat trouble; and for diseases of the respiratory system, such as grippe, colds and pneumonia.

It's as Easy to Travel with a Hartmann as with Hand Luggage

Even on short trips, men and women particular about their appearance find great satisfaction in taking along apparel suitable for every occasion.

Your garments when taken out of a Hartmann at the journey's end are sure to be clean, fresh and immaculate, just as they came from the valet.

The Hartmann Taxi-steamer is almost hand luggage in convenience—yet affords the additional advantages of a complete, modern wardrobe trunk.

We'll be glad to show you this popular short-trip companion, and the other sizes and styles in our stock. You will find that we have just the kind of a Hartmann you need at the price you want to pay.
