AUSTRO-GERMANS NOW ON CZAR'S TERRITORY

DR. HAM RECEIVES INVITATION TO ATTEND BIG DANCE AT SAN ANGELO

Tabernacle Program.

8:30 p. m. Sermon on "Men and Molycoddies."

Wednesday.

10 a. m. Morning Service.

Evangelist Ham this morning received an invitation to attend an Elk's lodge dance at San Angelo on the morning of the 5th of July. The printed invitation announced that dancing would begin at 4 a. m.

He commented upon the invitation at the service in the tabernacle this morning as follows.

"Of all the dances that I know anything about these morning Germans that are conducted by this lodge all over this state is the most diabolical. Things that have taken place at some of these Elk's daybreak affairs are so iniquitous and so degrading that it is impossible to comment upon them in decent society.

But the most simple imagination knows what they lead to, why they are conducted at such an hour, what their ultimate effect must be upon the young people who attend.

The fact that such invitation was had for anything or anybody. And yet some of you preachers openly support and defend and retain your membership in such an organization and pretend at the same time to be a servant of the Lord. It is a wonder that God's spirit blesses the community at all."

At the service Sunday afternoon Mr. Matthews played a piano solo, one composed during the San Angelo meeting, in a portion of which the piano was converted into a harp and an unusual effect was accomplished. The playing of the Ham-Ramsay pianist has attracted considerable attention during the Sweetwater revival.

After the choir has assembled, Ramsay flutters the leaves of a hymn book for a moment and then gives out a hymn. Matthews takes his arms off the fence and drops his hands on the keys. His fingers trail over them aimlessly. There seems to be no coordination of his hands and after they have rambled plaintively for a while, Ramsay seems to think he sees a good note to drive off on. The choir begins to sing and the volume of song piles up toward the chorus. In the middle of the first chorus you wake up to find that Matthews has St. Vitus dance in his right hand and a royal purple

vertigo in his left. It is a go-as-you-please, in which each hand follows the scriptural injunction not to let the other know what it is doing. Just when you imagine that right and left hands have sworn never to speak again they form a close corporation and scuttle from the deeps to the tiniest treble, scattering appogios, consecutive fifths and Napoleonic elevenths all over the platform. Everything not tied down is warbling and wobbling. The astonished instrument shies around two points to starboard, there is a smashing chord amidships, then a single grunt on the dominant two blocks lower down, and the song is done.

French Made Some Gains Mond. Night

By Associated Press.

Paris, June 29.—The official report said that the French made gains last night north of Arras, but lost some advanced posts in Vosges. In the Aronne forest heavy fighting with torpedoes and hand grenades is in progress.

Mrs. H. C. Egbert and daughters Misses Virginia and Margaret returned Saturday from a two weeks' visit to her mother Mrs. A. H. Utterback in San Angelo.

Villa Gets Reinforcement Into Juarez

By Associated Press.

El Paso, June 29.—It has been announced that the Villa Garrison at Juarez will be increased soon. Extra precautions are being taken to prevent raiders from crossing from the American side in the vicinity of Juarez.

RUSSIANS ARE NEITHER BEATEN OR DOWNCAST

By Associated Press.

London, June 29.—The Times correspondent writes that the Russian armies are neither beaten nor disheartened. They claim that the Germans have lost 380,000 men in the Gallician campaign. The Austrians have lost nearly a million men. The Russians believe they can retreat and advance again, indefinitely. They care little of the moral effect of the loss of the towns so long as they are constantly weakening their enemies and thereby preventing such trench dead-lock as exists in the west.

Receives Fine Computing Scales.

The Davis Cash Grocery has just installed a pair of the famous latest improved Dayton Computing Scales which will be used in serving his many patrons. The scales are conceded to be most accurate. They are so sensitive that the weight of a feather will be indicated when placed upon them. Of course they cost a nice amount of money, but this progressive store is leaving nothing undone to give their patrons the very best of service, and from the rapid increase in patronage, the people are appreciating the service.

Fighting has Stopped in Mexico City

By Associated Press.

Washington, June 29.—Carranza advises that General Gonzales, who was attacking Zapata's forces at Mexico City has ceased fighting pending negotiations with the Zapatistas for a settlement which will spare the city from being stormed. Meanwhile, Carranza says American refugees from Mexico City are arriving in large numbers at Gonzales' camp which is Southeast of the city.

Returns from Fishing Trip to Llano.

Mr. and Mrs. S. M. Johnson, and Mr. Johnson's mother, who is visiting them from Dublin returned Sunday from a week's fishing trip on the Llano river. They report a pleasant trip except for a part of the distance on the return trip which they made through deep mud. Mr. Johnson said the roads from Menard to Nolan were almost boggy.

Baseball Boys May Take Long Trip.

Mrs. Moffett's father Mr. John Sisler left this morning for his home in Wills Point, but will stop enroute in Ft. Worth and visit to his two sons W. A. and Clarence Sisler.

Denies Part in Huerta's Revo. Plot

By Associated Press.

Washington, June 29.—General Felipe Angeles arrived here today and conferred at the War Department with Brigadier General Scott, chief of the staff of the army. Because of Scott's thorough acquaintance with Mexican military affairs and his intimate acquaintance with General Villa, the conference attracted much attention. Angeles said that he was coming simply to deny that he was participating in the alleged Huerta plot.

Through the kindness of Captain A. A. Prince the Reporter will visit his daughter, Mrs. W. G. Bradford of Dallas in the future. Captain Prince was the first man to subscribe for the Daily Reporter and has shown his friendship and support of the proposition a number of times since, all of which is highly appreciated.

Keep smiling, even if the weather should get warm.

We miss the farmers from our streets these days. But they are a busy

school with three hundred or four hundred teachers in attendance here would be of incalculable value to Sweetwater. We have the school building to accommodate that number and our road-way facilities would be a mighty factor in building up such a school for teachers. Citizens of Sweetwater, what do you think of this proposition. Our County Superintendent, though efficient as he is, cannot build up such a normal all alone.

ABILENE LEGISLATOR ADVOCATES SEPARATION OF SCHOOLS

In reference to the Sackett resolution divorcing the A. & M. College and the University will say that is my deliberate judgment after having served two terms in the Legislature that this resolution ought to be carried. If it carries it will in all probability stop the agitation that has heretofore been made that has certainly crippled the interests of both the A. & M. and the University. I think by all means it should be carried. I have found no one who is opposed to the resolution after it has been considered, and I believe

RECEPTION TENDERED NEW PREACHER AND HIS WIFE

In anticipation of the return of their pastor, who has been away for three weeks, first to attend graduating exercises of Simmons College of which he was one of the graduates, and second, and by far the more important event, of taking unto himself a wife, the members of the Baptist church gave a reception and shower to Rev. M. F. Richardson and bride on last Thursday night. The beautiful home of Mr. and Mrs. John McCullough was was a large home it was found inadequate to hold the guests and the lawn garden, and a part of the street was used.

It was certainly an enjoyable affair, and Rev. and Mrs. Richardson were made to feel that they were indeed among home folk.

We were first permitted to view the beautiful dining room where the presents were displayed. There were perhaps one hundred people, counting children, and it seemed that everyone had brought some token of expression of their love and esteem for the bride and groom. It would be hard to estimate the value of the many offerings, which ranged from a kitten, presented by N. Kaderli, to cut glass, or from cut glass to the kitten.

After examining the presents and the names of their contributors several of the young ladies added to the enjoyment of the occasion by rendering musical numbers, songs and recitations.

Then came refreshments, first in order being iced fruit punch, followed by cream and cake.

Someone happened to glance at the clock at this juncture, and found that it registered eleven. Whereupon Rev. and Mrs. Richardson in a few appropriate remarks expressed their appreciation of this home-coming reception given in their honor.

Prayer was then offered by the pastor, and each guest wended their way home rejoicing over an evening so happily spent.—Stanton Reporter. The bride referred to in the above

set at present. They are making hay while the sun shines.

A number of out of town people are here attending the Ham-Ramsay meeting and others are attending the big county boundary suit now on trial here. Make yourselves at home gentlemen, Sweetwater is delighted to have you within her borders.

The work of the summer normal is progressing very satisfactorily to all concerned. No set of teachers ever worked harder than those attending the normal here. While they are enjoying their stay here they are not given to much pleasure seeking. Conductor Ross says he never saw a more studious lot of people. We are predicting that a high per cent of those who take the examinations will make a high passing grade.

A summer normal should be made a permanent fixture in Sweetwater, while the present normal is not as large as we hoped, still it is no bad beginning. Sweetwater is admirably located for one of the largest schools in the state. All that would be necessary for our people to get behind the proposition in a co-operative way. A acquisition to our citizenship.

Heve it will carry by a large majority, and I am sure that it should. (Signed) J. W. WAGSTAFF.

THE BEST CROPS EVER OBSERVED IN THIS COUNTRY

County Tax Assessor, G. H. Shepard spent several days last week visiting the Hylton, Shep, and Norton communities. He says at each place fine crop conditions prevail. In the Norton country in Runnels county he said he never saw such fine grain crops nor such a great acreage before in the west. Hardly could he find a place from which one or more threshers could not be observed threshing the wheat and oat crops. Fine rains have fallen in those sections and cotton and feed crops of all kinds look flattering.

Boundry Suit is Postponed

The big boundary suit that was called before Judge Beall here yesterday was today postponed on the court's own motion. After going into the preliminaries of the suit the Court saw that it would be impossible to try the case this week which is all the time that had been allowed for the trial. Hence, the trial was postponed. Both sides of the suit announced ready for the trial to proceed.

The suit involves about twenty sections of land claimed by both Hale and Lubbock counties.

SCOUTS ELECT AN ASSISTANT SCOUT MASTER

Last night in the office of County attorney Chas. Lewis, the local council of Boy Scouts of America met and laid the foundation for what will be one of the most active mid-summer campaigns ever pushed in this part of the state for that organization.

The local council has already grown until it was found necessary to secure an assistant Scout Master to help Scout Master Lewis in carrying on the affairs of the council without too much loss of time. Realizing the ability and competency of J. Lawrence Dean he was selected and elected Assistant Scout Master of the local troop and being on hand took active charge of the boys, who unanimously submitted to his leadership.

Mr. Dean has had several years experience with boys and has always been a leader in the scout movement wherever he has gone. He promises to do some effective work with the local troop before the summer is gone, and in the near future will begin a series of hikes which will keep the boys busy for the balance of the vacation.

The boys are all enthusiastic over the outcome of the meeting last night and the election of Assistant Scout Master Dean, and have promised their loyal support to him through thick and thin.

The Reporter will have more to say about boy scouts and the scout movement in future issues.

Rider-Richardson Marriage.

Last Saturday morning at 8:30 o'clock in the presence of the bride's family and a few close friends, Miss Edith Richardson, became the wife of Mr. John Rider, Rev. Beck, Pastor of the Central Presbyterian church officiating.

Miss Edith Richardson is the daughter of Mr. and Mrs. A. Richardson, a successful automobile man of our city. She has made many friends since coming to Sweetwater and her sweet disposition and her many accomplishments fitting her to fill the place of wife and home maker for the man of her choice.

Mr. Rider is an extensive cattle ranchman, has ranch property at Ft. Stockton, but makes his home on his ranch at Graford, near Mineral Wells. He is a man who believes in giving every man a square deal and his honest upright life has won friends for him where he is known.

Madam Rumor says a little thread of romance runs through the courtship. Their first meeting on the train led to calls and correspondence, culminating in the wedding last Sunday.

The happy pair left immediately on the 10 o'clock train for Mineral Wells, from which place they will go to the Panama Exposition. They will be at home to their friends in their ranch home after August 1st.

A host of friends here wish for them a happy voyage down the stream of life with no shipwrecks to mar the voyage.

HOBBY WILL TRY TO GET SUPREME COURT TO RECONSIDER

By Associated Press: Austin, June 28.—The provisions of the act of the thirty-fourth legislature for the establishment of three new state normals in Texas may yet be carried out and the normals established without waiting for the next session of the legislature, it was indicated here today.

The law was made inoperative when members of the state supreme court declined to select two members to act with the Governor, lieutenant Governor and attorney general as a board to locate sites for the schools. The justice held that such a duty could not be lawfully delegated to them. The recent special session of the legislature did not make provision for the board to be selected in any other way.

Now, it is said that Lieutenant Governor W. P. Hobby will try to know what views the justice will take, should Mr. Hobby make a formal request of them for reconsideration.
