Two Bales of Cotton Per Day
L. Faber, the progressive farmer who resides a few miles east of the city was seen yesterday afternoon by a representative of this paper, and when asked how he was getting along picking his cotton stated that he had rought two bales to the gin each day this week and supposed he would continue at this rate for some time. Mr. Faber never fails to harvest a fair crop and said he would get some better than a half bale average this year.

County Attorney Chas. W. Lewis had business at Blackwell yesterday.

Gone to Attend Marriage of Relative
Mr. Bernard Fisher has gone to Lafayette, Indiana, where he will attend the marriage of Mr. Joe Fisher to a popular young lady of that city. Some of the young ladies are already wondering whether their own "Bun" will get back single handed.

London, Oct. 15.—A central news dispatch from Copenhagen says a British steamer has been sunk by a German torpedo boat.

Judge Jas. L. Shepard of Colorado was looking after professional business here today.

Mr. P. M. Daniel and family motored over to Abilene in their automobile today to visit the fair.

LAWYER STRICKEN WITH CHARBON DEAAD

New York, Oct. 15.—George F. Stackpole, the Long Island lawyer who was stricken with Anthrax, a human form of Chorbion, several days ago died this morning of heart failure. The animal serum injected in his body caused too great stimulation of the heart.

BIG SPRINGS VS. SWEETWATER HIGH SATURDAY

The Sweetwater High School plays its second game this season with Big Springs on the High School Field Saturday at 4:30 p. m. Big Springs has heretofore defeated Sweetwater. Mr. Dodson reports that his boys are all in good conditions and have been carefully trained. He is expecting to win Saturday's game. If you have thought football was too rough for High School boys, come out Saturday, see a game played with open formation and modern tactics.

Full Docket For District Court

Among the numerous cases that will come up for disposition during the session of District Court which convenes here next Monday will be the celebrated boundary case between Lubbock and Hale Counties. This case appears on the docket for the second week and if the trial is entered into, will likely consume the entire week.

Both sides will be represented by able legal talent and the case will be a hard fought legal battle. Several dozen witnesses will likely be in attendance.

The management of the Daily and Weekly Reporters has no desire to run anything other than a clean newsy paper. We have no ambition to try to gain notoriety by sensational dope or by dishing out matter that will tend to produce other than the best of feeling and good will between man and man. We have our opinion upon public issues and questions and do not hesitate to express them, but shall continue to desist from mud slinging or railing in "cheap, yellow" journalism. We are bidding for the patronage of all who want clean service.

The Reporter appreciates a word of commendation given it this morning by District Judge Deal when he said, "You are giving us a clean, newsy paper. I am glad you are giving us a paper that is free from abuse and offense." While this is the only kind of a publication that we have ever and shall ever attempt to thrust upon the public, we appreciate the compliment nevertheless.

J. D. Dulaney started a good move in his part of the city by having several hundred feet of pretty concrete sidewalks constructed. If other citizens would follow this example, Sweetwater would soon take on a different appearance to say nothing of the convenience that would result. There are others who could and should do a lot of sidewalk paving.

HUBBARD'S RECEIVES FINE CLOTHING FIXTURES

Following out a characteristic policy of leading, not following in matters of progress, Hubbard's store is receiving a beautiful line of clothing cabinets. These fixtures are the latest models manufactured and are not only an ornament to any store, but greatly assist in properly displaying the beautiful ready to wear clothing. Hubbard's have always believed that the best was none too good for Sweetwater and their trade and are to be congratulated for always carrying out a policy of progressiveness. Their stock of goods and fixtures would be a credit to any city.

J. H. Hair of Big Springs is assisting in the sales department at Fisher's during the absence of Mr. Bernard Fisher.

EX-SHERIFF COUGHRAN OF MITCHELL COUNTY DEAD

Ex-Sheriff G. B. Coughran of Mitchell county died at his home at Coughran, Texas, Wednesday morning at 6 o'clock. The funeral occurred there today. Mr. Coughran served Mitchell County as her sheriff for several years. He was a popular official and a most excellent gentleman.

His death was caused by wounds received several years ago when he was shot by a man by name of King who is now serving a term in the penitentiary for the crime. He had many friends here who are pained to learn of his death.

Special attention is directed to the advertisement in this paper of the J. P. Major Jewelry store. Mr. Major in his ad today is discussing the famous Kryptok lenses. He has had twenty years of optical experience and understands the importance of securing the best for the eyes.

SWEETWATER MAY LOSE EXCELLENT FAMILY

Rev. J. A. Lindley, Missionary for the Sweetwater Baptist Association has been called to the pastorate of the First Baptist Church at Silverton. While he has not definitely accepted the work, we understand that he is seriously considering the work. Rev. Lindley has been engaged in the work of missionary here for several years and has been uniformly successful. The past year has been especially successful and great advancement along the line has been realized.

THE RIGHT MAN IN THE RIGHT PLACE

The splendid work that is being done under the supervision of Street Commissioner H. H. Fitzgerald is to be commended to many sections of the city are being improved and the work is of the substantial sort. Mr. Fitzgerald is constantly on the job and sees that the city gets full value received for every dollar that is invested in street work. Under his administration the city has received more street work than probably altogether in her history before or at least for a number of years.

Little Child Died at Dora

Oran, the two year old son of Mr. and Mrs. O. C. Oliver, died at the family home near Dora last night after an illness of several days. The funeral will occur at Slaters Chapel today.

Mr. Hiram Phillips was in early this morning to secure a casket from the S. M. Johnston Undertaking Co. The Reporter joins the many friends of these excellent people in extending sympathy in their great sorrow.

The writer does not lay claim to being a prophet of any sort, and cannot definitely tell what will occur in the future, but it does not require the wisdom of a prophet to see that the time to invest money in Sweetwater and Nolan County real estate is now. That property both residence and business is sure to increase in price is easy to foresee. The man who expects to reside in Sweetwater and who does not now own a home, had better invest in one.

Melody Samson, express messenger for the Orient and for many years a resident of this city spent a few hours here today greeting numerous friends. Mr. Samson is one of the most popular employees on the Orient system and numbers his friends by the legions here.

As before stated in this paper, the city is continually losing good citizens or people who would make excellent citizens by not having accommodations in the way of residences for them. The man who owns a good lot could afford to erect a good house upon it. It would be a good investment and would at the same time help advance the city's interests.

and corn and was placed on exhibition by O. C. Blocker. A beet of the "Mangel Wurzel" variety weighed 19 lbs., and was raised by Miss Imogene Neely. She exhibited one year before last that tipped the beam at 27 pounds.

The exhibit in the ladies' needlework department was very interesting, since it represented so many fields of fancy work. There were the largest number of exhibits than in any other department. The Culinary and floral displays were fine, cakes, bread, butter and pies were near neighbors to varied assortment of all kinds of canned fruits and vegetables, jellies, and preserves.

The Art department was good while the exhibit was not as extensive perhaps as last year.

The live stock exhibit was good, fine horses, mules, cattle, hogs and poultry were shown with the hog variety in the lead.

Horse races, chariot races, steer riding, goat roping contests with the "hobby horses", wild west show and the big balloon ascension furnished attractive amusements each and every day, while the different Aid Societies of the city satisfied the "inner man" with fine dinners each day. Over 15,000 people have gone through the fair park gate in the three days of the fair, and \$2000 has been expended for premiums.

TO WHOM IT MAY CONCERN.

We whose names are hereto subscribed have had the privilege of visiting some of the meetings of the Colored Church in Sweetwater and noting the good work being done there under the direction of the pastor, Rev. U. S. Mingo. We regard him as a man of intelligence above the average of his race, and we are convinced that he is striving to evangelize the people of his race in the town and vicinity, and we note with pleasure the sympathy and cooperation accorded him by the best element of his people. Their house of worship is badly out of repair, and needs enlarging. This must be done not only as a necessary comfort, but to carry on the work so faithfully begun by them.

We commend these people who are a part of our citizenship, and the work in which they are engaged, to the consideration of the good people of Sweetwater. We believe they are striving to make good, and to demonstrate their faith by their works. But they cannot succeed without you. They realize this: you realize it.

We briefly outline their present need as we see it:

First, they ought to have at once \$250 or \$300 to enable them to make necessary repairs and additions and to seat their house of worship.

Second, their financial strength is not sufficient to adequately support a pastor and enable him to prosecute his Missionary work—for the work is truly missionary. They are modest in their requirements; a nickel, a dime or a quarter per month would not be missed by you and would help them immensely. A little help on this line would make this work a possibility, and would be appreciated by them.

Signed,

W. E. Caperton,
Mrs. W. E. Caperton,
W. J. Adams,
W. H. Jobe,
R. M. Adams.

If honored with the office he will give the city's affairs the best service possible and will doubtless make a record that he and his friends will point to with pride. The Reporter would urge that each voter give his claims thorough consideration before casting a vote for Mayor Oct. 26th.

**DR. CHAS. W. WATSON
ANNOUNCES FOR MAYOR**

The Reporter is authorized to place in its announcement columns the name of Dr. Chas. W. Watson as a candidate for Mayor of Sweetwater in the election to be held Oct. 26.

Dr. Watson has resided in Sweetwater for several years and is known by practically all our people. His friends believe that he is eminently qualified for the position and are sure that he will make an efficient official if chosen. Don't fail to give his name due consideration before casting your vote.

NEW PASTOR OCCUPIES PULPIT AT FIRST BAPTIST CHURCH

(From Monday's Daily)

Rev. T. Y. Adams who was recently called to the pastorate of the First Baptist Church of this city, preached his first sermon yesterday as pastor here. Large audiences were present at each service and both discourses were greatly enjoyed. Special music formed an interesting part of the services. Mrs. Wilson, the vocal teacher in the city schools rendered a solo that was beautiful and charmed the audience.

In the evening service, a duet rendered by Dr. Pugh and Mrs. Leon Manner was highly enjoyed as was also a beautiful violin solo rendered by Mr. Ted Myres, with Mrs. Wilson at the piano. Ted has developed into a real expert on the violin and his sacred music rendered for religious services does not fail to delight the audience.

Six new members were received into the church at the services yesterday and the entire active membership is looking forward to a great work under the leadership of Rev. Adams. He will move his family here the latter part of this week and become a citizen of the city in its truest sense.

**FIRST BAPTIST CHURCH
PAID OFF DEBT**

(From Monday's Daily)

Yesterday was a great day in the history of the Second Baptist church of this city. Missionary J. A. Lindley preached at the 3 o'clock service at the conclusion of which the membership decided to put an end to their church building debt. Notwithstanding the payments were not yet due, in fact they had until the first of the next year, but they felt like ending the matter and proceeded to raise the balance of \$40.00 and had some left when the collection was counted up. This little church was organized about 2 years ago, Rev. H. C. Compton as their pastor until he went to Westminister. One characteristic of the church, they have never failed to meet one of their building notes promptly. In fact, they adopted the policy in the beginning that no preaching would be heard until the money to meet the note was raised, and it might be stated that they had preaching each service. Rev. Lindley was delighted with yesterday's service and has only words of a most complimentary kind for the membership of the church.

Rev. Lindley has been requested to preach the dedicatory sermon next Sunday and Captain Jno. R. Lewis to pray the dedicatory prayer.

HAM-RAMSEY PARADE.

Temple, Oct. 8.—As a grand finale to the Ham-Ramsay revival, which has held the boards continuously for the past six weeks, a big religious parade was staged on the business streets Thursday by the various religious organizations of the city, with Dr. J. M. Woodson acting as grand marshal. Hundreds of Sunday school children, as well as adults, participated in the parade, which was very impressive. A number of decorated carriages, floats, and motor cars were in the line. Nearly every Sunday school in the city was represented.

BETTER CONSTRUCTION AT LOWER COST

STUDY THESE CUTS

Why Interlocking Tile is so Widely Used

For many years the public—you—has needed a building material that would be better than anything heretofore in use, and at the same time be within the reach of all in cost.

Interlocking Tile is being used from New England to the Pacific Slope, from the Great Lakes to the Gulf of Mexico, because it is filling this demand. In Texas every section is using this material for every class of building, it being more especially adapted to our climate than any other.

Nothing can compare with a material that builds fireproof walls that are cooler in summer, warmer in winter, stronger and more rigid, and at the same time cheaper than brick. Interlocking Tile does this.

Just why these apparently expensive, "too-good-to-be-true" things are so is fully explained in our literature, government reports, etc. Write for this data and consultation soon, even if you do not intend to build until later. You will be well repaid.

FRASER BRICK COMPANY, Dallas, Texas

NOLAN COUNTY FAIR AT ROSCOE A GRAND SUCCESS

The Nolan County's three day's fair closed Friday, with 2,500 people in attendance.

The different display departments were quite complete.

The agricultural exhibits shown were magnificent showing what Nolan county soil can produce. Corn, cotton, milo maize, sorghum, wheat, oats, feterita, peanuts, etc. kershaws, pumpkins, beets, turnips potatoes, melons, etc. were to be seen by the dozens in the Horticultural department with the farm garden exhibits, with tomatoes, pepper and okra all wearing blue ribbons.

A separate space was allotted to the Nolan County Club boys and girls for their exhibits, decorated with flags bunting and placards, like this: "live at home" "Raise it at home" "Country life for me", etc. There were 187 jars of the girls' products sent to the Dallas Fair from the Sweetwater meeting, with the prize winning products of the club boys. Still, they had a good showing left.

A display of peppers deserve special mention, they were red, green, and yellow, in all shades, and tints. They were raised and displayed by Mr. J. M. Chappell, and will be sent to the Dallas Fair.

A "Live at Home" exhibit attracted attention; it contained almost every thing an ordinary person could consume, from vinegar and wine to honey

R. WRIGHT ANNOUNCES FOR MAYOR OF SWEETWATER

After numerous solicitations, Mr. R. Wright has decided to submit his name as a candidate for the office of mayor of Sweetwater subject to the action of the voters Oct. 26. —Mr. Wright is too well known by practically all our people to need any word of introduction or words of commendation in these columns. He has engaged in business here for several years and is regarded as one of our leading business men. He has made a success of his personal business affairs and if chosen to the office, he will give Sweetwater a safe business administration.

—Mr. Wright is no politician and did not seek the office, but his many friends believe that he is the man for the place and are positive that the city's affairs will be in safe hands with him at the head. He is public spirited and at the same time conservative

The Balloon Ascension

The most exciting attraction at the Nolan County fair was the balloon ascension each afternoon. Who has not been younger? and "thrilled to the marrow" by a "man going up in a balloon?" The society editor of the Reporter has a "crick" in her neck yet from watching the big balloon yesterday. The great air-craft stood 50 feet in the air, and when released, shot up like a rocket with Edwin Wilson and his parachute suspended about 25 feet beneath. The air was perfectly still and was ideal for the air man. Wilson looked like a black bug against the sky. He ascended at least 3000 feet when he cut loose and as he shot downward the parachute opened up like a yellow umbrella and the air-navigator came down gracefully and easily as a butterfly. The balloon could easily have been seen from Sweetwater.

Mr. and Mrs. L. G. Williams, one time resident of this city, but now of Bronte, were in the city today en route to the West Texas Fair at Abilene.

County Judge Jno. H. Cochran, Jr. spent Sunday with his parents on the ranch near Decker.

MESSINA REBUILDING AFTER

SEVEN YEARS

MESSINA, Italy, Oct. 9.—The twin cities of Messina and Reggio di Calabria which were wrecked by earthquake in 1908, are, after seven years of hesitation, just now beginning to rebuild themselves along permanent lines. Notwithstanding all the time that has elapsed since the disaster, the havoc still to be seen here is even greater than that in war-torn Ypres or Louvain. With few exceptions, every single house will have to be rebuilt from the very foundations. A very few have been built already—the station, two hotels, the building in which is lodged the royal earthquake relief commission, a bank or two, a temporary hospital and the local building of a world-wide American concern. But the great mass of the people still live in the wooden barracks furnished them by the American people who sprang to the rescue of the stricken cities—though already almost all have forgotten that these buildings came from America.

The barracks were splendid for their temporary purpose—easily transported, quickly put up, comfortable, sufficient shelter and clean. But they were not intended for permanent habitations, and having been used as such, there is reason for the querulous complaints of them so common among the natives. The corrugated iron roofs catch all the heat of the sun possible and the gooden walls

guard it and add to it, instead of spreading a coolness of their own as do stone walls. Vermin lodge in the joints of the boards and it is impossible to clean the wooden dwellings by simply sloshing a bucket of water over the interior which is the customary Italian way of cleaning the stone houses.

Worst of all, the crowding necessitated just after the earthquake by the limited number of accommodations available has not been improved in seven years. Indeed, in many houses seven years have added several more human beings to the lodging. It is probably the general spread of this condition that has finally forced the inhabitants of Reggio and Messina to set about the construction of their permanent houses.

With this enforced decision, a remarkable advance in wages in the building trades has appeared. The fact that work has been seriously begun coincides with the war, has only aggravated the situation—there are few men available to do the work, just when there is more work to do. It is an advance taste of what conditions will be all over Europe when the war is over and all the hundreds of cities of northern France, Belgium, Poland, Galicia, Serbia, and Turkey have to be built again after the ravage of war.

In spite of paying these higher wages, the building contractors are making distance of the work, at a mini-

ing what, for Sicily, are fortunes. The contract to build a seven room house runs to 30,000 lire—roughly \$6,000, and the stone is the volcanic stone is a tablet on the face of a building below a picture of the Virgin before which a candle still burns. The inscription reads: "Messina remembers with grief the terrible earthquake of December 1894"—and the guarding Virgin looks out upon the whole hillside, covered still with the meaningless wreckage, the shapeless debris of hundreds of what were once homes, destroyed, mutilated, annihilated, left without form or identity—the result of the earthquake fourteen years later than that of the inscription.

And again Messina rebuilds!

THE MAN WHO WILL TAKE MY PLACE

I want to drink a toast tonight,
To a fellow I'll never know,
To the man who will take my place,
When it is time for me to go.
I wonder what kind of a chap he'll be,
And I wish I could take his hand
And whisper, "I wish you well, old man..."

In a way he would understand,
I would like to give him the cheering word

I have oftimes wished to hear,
I would like to give him a warm hand-clasp

When never a friend is near,
I have gained my knowledge from sheer hard work

And I wish I could pass it on
To the hman who will take my place
Some day when I am gone,

Will he see all the sad mistakes I've made,
And note all the battles I lost
Will he even guess of the tears they caused

Or the headache which they cost?
Will he gaze through failure and fruitless toil

To the underlying plan
And catch a glimpse of the real intent

And the heart of the vanquished man
But I dare to hope that he may pause
As he toils as I have wrought,
And gain some strength for his weary task,

From the battles which I have fought
But an unfinished task is all I leave
With the cares for him to face,
And never a cheering word to give
To the man who will take my place.

Then here's to your health, old chap,
I drink as bridegroom to bride,
I leave an unfinished task for you,
But God knows how I have tried,
I have dreamed my dreams, as all men do.

And never a one came true,
And my prayer tonight is that all these dreams
May be realized by you
And we'll meet some day in the great beyond

Out in the realms of space,
And you will know my clasp as I take your hand
And gaze into your tired face,
And all our failures will be success
In the lights of the new found dawn—
Then here's to the man who'll take my place.
Some day when I am gone.

ANOTHER ONE

AND A GOOD ONE

Hon. Chas. J. Poe, General Organizer of the Texas League of Home Industry Clubs and associated with the Buy-it-made-in-Texas movement whose headquarters is in Temple, Texas, arrived in the city this week and in talking to a reporter of this paper he stated that he expected to proceed immediately to organize a local Home Industry Club exclusively for Sweetwater and Nolan County, the purpose of which is to induce the Sweetwater people to spend their Sweetwater Dollars in Sweetwater.

Mr. Poe states that the Mail order concerns of the North and East have made Sweetwater the center of their endeavors in Central West Texas, which is claimed by those concerns, to be the most productive State in the Union for the Mail order business.

According to Mr. Poe more than Two Hundred and Seventy Million Dollars are sent out of Texas annually to the Mail order houses. This was ascertained recently by a thor-

ough investigation by the Buy-it-made-in-Texas organization and the Texas League of Home Industry Clubs of Texas.

We understand from Mr. Poe that their investigation shows that there was recently a certified check for \$2,000.00 sent to this place to pay postage on Catalogues to be distributed from this immediate point.

San Angelo, Temple and many other Texas cities have already perfected organizations of this character, and are proving a wonderful success. We believe in this movement and every merchant, banker, business man and loyal citizen of Sweetwater should support it. Mr. Poe will be with us only a few days and we should show our appreciation to this State wide organization by giving our influence and support to the movement.

WILL RECEIVE SHIPMENT OF NEW REGAL CARS

Messrs Eicke and Bray, local automobile dealers, are expecting to receive a car load of the famous Regal automobiles today or tomorrow. This car is new in this territory, but has made a splendid record throughout other states and in many sections of Texas. The Regal is a car that will please the most exacting in the matter of appearance and in allround service. The Price is most reasonable, in fact, after you see the car the wonder grows how such a complete car in every detail can be sold for the amount of money.

Messrs. Eicke and Bray have already engaged several of these cars and will doubtless very soon place a large number in this territory.

CITROLAX

Best thing for constipation, sour stomach, lazy liver and sluggish bowels. Stops a sick headache almost at once. Gives a most thorough and satisfactory relief—no pain, no nausea.

Keeps your system cleansed, sweet and wholesome.—R. H. Weihecht, Salt Lake City, Utah, writes: "I find Citrolax the best laxative I ever used. Does not gripe—no unpleasant aftereffects." Palace Drug Store

The Ardmoreite, of Ardmore, Oklahoma, has this to say of Mrs. Burns Colnett whose advertisement appears elsewhere in this paper: "If you have any don't fail to call on Mrs. Bur birth marks, moles or facial blemishes, don't fail to call on Mrs. Burns Colnett. She can remove them without pain, or leaving a scar."

See her at Mrs. Allen's Rooming House.

Chronic Constipation.

"About two years ago when I began using Chamberlain's Tablets I had been suffering for some time with stomach trouble and chronic constipation. My condition improved rapidly through the use of these tablets. Since taking four or five bottles of them my health has been fine," writes Mrs. John Newton, Irving, N. Y. For Sale by all dealers.

Mr. and Mrs. R. L. Redden of Moodyville are in the city trading with our merchants today.

DREYFUS, HERO OF SPY TRIALS, BACK IN ARMY

Paris, Oct. 12.—Alfred Dreyfus, hero of the notorious spy trials that split France into bitter factions several years ago, has re-entered the army and is now commanding one of the forts surrounding Paris.

This fact was learned today, the French officials are still reluctant to discuss Dreyfus' affairs.

Dreyfus, who was a Captain of artillery when he was convicted of having sold to Germany plans of a new French gun, was promoted to the rank of commandant (Major) after his retrial and acquittal. He holds the same rank now.

WILL ANNOUNCE FOR MAYOR OF SWEETWATER

J. H. Snell has requested us to state that he has filed his application with the City Secretary as the law requires and upon his return from the east where he was called last night on urgent business, will make his formal announcement in this paper. At that time he will let the people know the issues upon which he solicits their votes. Mr. Snell has been besieged for several days by his friends to make the race and they are pleased to learn that he has decided to do so.

J. McAllister Stevenson has just completed a pretty cottage in the south part of the city which he rented. A number of our people should follow the example and help supply the big demand for more residences. G. W. Parker, the painter and paper hanger, has charge of the work in that line and the building presents a most attractive appearance.

Mrs. J. N. Massey left this morning for a few day's visit with relatives in Abilene.

RICH'S VARIETY STORE CHANGES HANDS

A deal has been made whereby R. C. Trim becomes proprietor of Rich's Variety Store on the North Side of the square. Mr. and Mrs. Rich will very likely move to Abilene where he will again enter business.

Mr. and Mrs. J. V. W. Holmes, Rev. and Mrs. C. A. Engle, and Mrs. Ellis Douthitt were visitors to Blackwell yesterday afternoon. Rev. Engle was armed with a long gun and is reported to have made some inroads upon game that happened to show up along the way.

Roy Barwell last week sold to W. C. Estes the Big Springs Meat Market. Mr. Estes and family arrived here the latter part of last week Stamford and the market is now under new management.—Big Springs Herald.

Mrs. H. R. Hagan of Waco is guest of Mrs. Harry Bondies for this week

Mr. C. C. Marchant of Paducah has been visiting his sister, Mrs. Curtis, who has been sick.

Since moving of their hardware stock to the Louella building, Moore and Cumble are enlarging on their territory and are unloading a mammoth stock to meet these demands. They sold four pianos the past week.

Miss Ura Williams, Leland Williams and their sister, Mrs. Edgar Kinney, spent the day in Abilene seeing the West Texas Fair yesterday.

Miss Etta Scowens of Lorraine arrived this morning to make her home with her aunt, Mrs. G. W. Williamson, and attend the high school.

Mr. and Mrs. G. H. Bunton are visitors in Abilene today seeing the wonders of the fair, but more especially enjoying the society of their grandson, Master Buckner Barry, Jr.

Mrs. McCain and Moffitt of Paducah have returned home from Sweetwater where they were called to the bedside of their mother, Mrs. S. W. Curtis, the latter is reported better.

T. J. Rossen of the Rossen Produce Co., of Winters, was in the city today. He reports his town and country in fine shape, with the best crops in the history of the county.

**THE
Mother
of a large fam-
ily tells a secret
of economy.**

THROUGH the advice of a dear friend, I was told how much I could save by making clothes for the family instead of buying them. I had two boys and three girls and although my husband was a working man, thought nothing of going to the clothing or dry-goods store for almost everything. We could save money, yet I tried very hard to do so.

"One day my friend came to visit us and while helping me with the mending she said, 'Mrs. Williams, I see you buy most of the children's clothes ready made.'"

"Yes," I replied, "my old machine was so hard that my back aches every time I use it; the thread breaks and by the time I get the tension adjusted the morning and my temper are both gone."

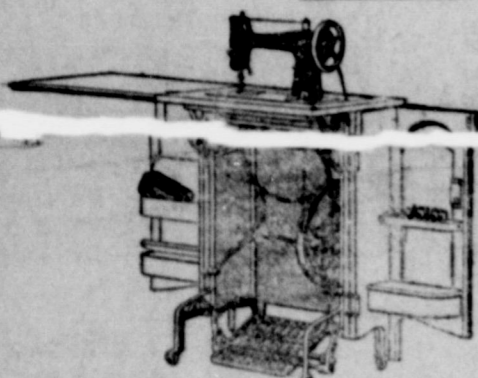

"But, she said, have you ever tried 'The FREE machine'?" "I used to go to bed after a day's sewing myself and now I rest while I sew. You will have no trouble with breaking threads on account of a new invention called the Toggle-Link movement, your back will not ache because of the new Rocker movement which makes the machine run as light as a feather with a perfect stitch."

"Where can I get this machine?" I asked "and how much will it cost?" You can buy it at the leading store in any city or trade your old machine for "The FREE" and pay the difference of \$1.00 a week for a few weeks. "Suppose we go down this afternoon and find out what the difference will be."

We did go. I was allowed a liberal amount for my old machine and I found "The FREE" so perfect that I ordered one at once. My husband says it is the best investment I ever made. "The FREE" is so light running—ten year-old Mary can make her own clothes. It is so noiseless it does not make the baby; it is so durable—Johnnie cannot put it out of repair and of such fine workmanship and material it will last for two generations.

The saving I can make this year will enable me to pay for the machine and start a small bank account.

Save time, money and health, trade your old machine for "The FREE" machine and your family will be better clothed on less money than ever before.

This Machine is sold only by

CITY ATTORNEY COMPLIMENTS ABILENE FAIR

City Attorney A. S. Mauzey has returned from Abilene where he had professional business. He visited the Central West exas Fair that is now in progress and said it was a most creditable fair in every particular. The attendance is good, in fact better than usual and the various attractions and exhibits are of a high order.

Marshal Morgan, son of Mr. and Mrs. J. F. Morgan had the misfortune yesterday to fall while engaged in the gymnasium at the High School and broke his arm. Marshal is the hustling representative for the Star-Telegram and is one of our most excellent young boys. It will require two or three weeks for him to entirely recover.

Mr. A. S. Mauzey and wife spent yesterday at the Abilene Fair and returned on the late train. Mr. Mauzey reports a fine fair, good crowds, the attractions in the amusement line good, and being well patronized.

E. H. Russell and John Gibbon of Paris are in the city investigating business prospects of this section.

D. G. Crain of Nolan was here Thursday looking after business matters.

Mr. and Mrs. Clark, former residents of Sweetwater, have returned to the city to make their home. Mr. Clark was connected at one time with the express office. They see many changes during their 4 1/2 years absence.

The Southern Presbyterians are in session in a Synod meeting in Sherman.

Mrs. J. Ross Mingo of Plainview spent the day in the city yesterday.

Sunday School Class Party

Miss Lucile Adams entertained her Sunday School Class and a few of their friends honoring Miss Lena Griswold, a member of her class who had not missed a Sunday, word or a question in class for three months. The young people were all requested to come "en costume", the result was quite a party of characters, among whom fairies, fairy queens, cow-boys, Indians and ghosts enjoyed each other society with equal familiarity. Jolly games, music, etc., were a part of the evening's diversions.

Two contests afforded lots of fun. "A Peanut Walk" was won by Miss Doefe Cranfil, she being able to carry the most peanuts on a knife blade. Miss Francis Lyons was the heroine who fed the most cornflakes to a young man, while being blindfolded.

The church parlor where the pleasant affair was enjoyed had been prettily decorated with bowls and vases of cut flowers and ferns, which added to the pleasure of the party.

At the conclusion of the games, Miss Adams assisted by her sister and some of the larger girls served ice cream and cake. After which each guest thanked the hostess for a most pleasant evening and Miss Lena for being the "occasion" of such a lovely party.

PRaises Treatment of HEFNER SANITARIUM

Knox City, Texas, 10.13, 1915.
This is to certify that on the 6th day of September I went to the Hefner Sanitarium for treatment for stomach trouble. I had to live on sups for more than 2 months before going there and could not eat but a small quantity of that, without it would cramp me until I would have to get a Dr. to give me relief. I only stayed 12 days and since coming home have had no trouble with my stomach at all. I am onw doing my work and feel as stout as I did before I got sick.
Jim Reed.

Before going to Sweetwater I had been under the care of three different Drs. and none of them did me any good. My advice to any one sick, to try Drs. Brown and Hefner at Sweetwater.

Mr. and Mrs. Jess Harris of Big Springs arrived this morning to visit Mr. A. Richardson's family in the country for several days.

If you have any news, be sure you tell or phone the society editor and we will tell it "a la mode". You will be helping your town paper to be interesting. Whatever news may interest you will surely be of interest to your friends.

Mrs. M. P. Davis abs returned from a visit to her parents Mr. and Mrs. J. H. Hefley at Big Springs.

**FALL GARDEN WORK
Timely Suggestions for Protecting Flowering Plants and Shrubs Against Winter Weather.**

At this season many inquiries come to the department regarding the protection of garden plants and shrubs during the winter. Such flowers as peonies and hollhock will come up again the following year if they are properly protected during the winter, while others like cannas and dahlias, more accustomed to warm climes, must have their roots or bulbs dug up and stored in a cellar. The department's specialists give the following suggestions for putting the garden to bed:

Hardy Perennials
Cover hardy perennials, such as peonies, larkspur, hollhock, columbinas, iris platycodons and perennial poppies, with a good coating of manure or other litter to a depth of 3 or 4 inches. In more southern localities this will hold the frost in the ground and keep the plant from alternately freezing and thawing; in more northern regions the manure will protect the plant from freezing to a depth sufficient to cut off its water supply.

Cannas and Dahlias
As soon as the tops of cannas, dahlias, gladiolus, caladiums, and similar plants are killed by frost dig up the roots or bulbs and store them in a cellar where the temperature will remain at 55 degrees, and should not go below 50 or above 60 degrees. Do not shake any more earth from the clumps of cannas and dahlias than is necessary in removing them from the ground. Place the plants on racks or in slat boxes so the air may circulate freely through them. No frost must reach the roots nor must they become too warm or dry.

San Souci Club

A most delightful meeting was enjoyed by the San Souci Club young ladies Tuesday evening with Ruth Bertram the charming hostess. The whole meeting was tuned to the note of their pretty club motto: "All Glorious Within".

The first program of the Club's study course for the year was enjoyed as follows:

- Roll Call: Points of interest in District of Columbia.
 - Lesson: "District of Columbia" with Miss Bess Hall a sleader.
 - Paper: "What's to be seen from Washington's Monument".—Miss Irene Beyer.
 - Paper: "The White House".—Miss L. Kelsey.
 - History of Washington City.—Miss Pink Wade.
 - Music.—Miss Ione Dulaney.
 - Critic's Report.—Miss Lois Petthey.
- At the close of this most enjoyable program, the hostess served a delicious salad course. Misses Lydia Kate King, Josie Moody and Aline Geldert enjoyed Miss and Mrs. Bertram's hospitality with the club members.

Col. Spencer Clack of Peacock, ex-federate soldier, is spending the day with his old friend and comrade Rev. J. C. Moore en-route to Brownfield, to visit his son and daughter. He was accompanied by his son-in-law, Tom Woodard. Rev. Moore and Col. Clack had not seen each other for thirty years and it is useless to say that the meeting was most cordial.

Among these obligations, the balance due Miss Neely, the efficient Supt. of "Canning Club" for this county. The service has been rendered and the results secured and yet to be realized are worth several times the cost. We must make good with Miss Neely.

Right at this time in particular Sweetwater has a most excellent opportunity of making progress in many ways, but it will require the effort of an active organization to make good. We cannot afford to neglect the opportunity because of the small cost.

Bought Large Stock of Furniture
R. Wright, the furniture dealer, went over to Abilene the latter part of last week and bought a big stock of furniture which was sold under the hammer. The stock is practically new and he landed it at bed rock price.

Chronic Constipation.
"About two years ago when I began using Chamberlain's Tablets I had been suffering for some time with stomach trouble and chronic constipation. My condition improved rapidly through the use of these tablets. Since taking four or five bottles of them my health has been fine," writes Mrs. John Newton, Irving, N. Y. For Sale by all dealers.

CITROLAX
Best thing for constipation, sour stomach, lazy liver and sluggish bowels. Stops a sick headache almost at once. Gives a most thorough and satisfactory result—no pain, no nausea.

Keeps your system cleansed, sweet and wholesome.—R. H. Weihecht, Salt Lake City, Utah, writes: "I find Citrolax the best laxative I ever used. Does not gripe—no unpleasant aftereffects." Palace Drug Store
The Ardmore, of Ardmore, Oklahoma, has this to say of Mrs. Burns Colnett whose advertisement appears elsewhere in this paper: "If you have any don't fail to call on Mrs. Burns Colnett. She can remove them without pain, or leaving a scar. See her at Mrs. Allen's Rooming House."

PUTTING LEGS ON KAFFIR.

Texas Panhandle Farmers are put-
ting legs on their kaffir and maize.
They are marketing these crops in
hides. That is the impression that one
cannot escape as he views the sleek
stock in the pavilion at the Panhandle
state fair.

It has been demonstrated very forc-
ibly that the great fall returns
out of these two great crops is
to feed stock on the farm.

Wheat has been bountiful in its
yield this year, but after all kaffir and
maize are the Panhandle's biggest
crops. The putting of legs on kaffir
and maize is a pleasant and profitable
industry.—Daily Panhandle.

Mr. Jess Robertson informs us to-
day that the Newport Cafe, changed
hands, he having sold out to his brother,
Sam, who will return and assume
active management of the business.
Under Mr. Jess Robertson's manage-
ment this has been one of the most
popular eating houses in the city.

**HAITEN REBELS ARE DIS-
ARMING AND QUIET REIGNS**

Washington, Oct. 14.—The navy de-
partment report says that Haiten con-
ditions are quiet and that the revolu-
tionists are disarming.

Mr. Long has held the position ever
since the fine high school building
ing was completed.

The young, middle age, or old per-
son who forms the habit of contin-
ually complaining and seeing the dark
side of life has already accumulated a
mighty poor asset. It is just as easy
to form the habit of being cheerful,
courteous and obliging, and the lat-
ter is a valuable asset to any person.
Cut out that knocking habit and the
habit of complaining at every condi-
tion. Life is too short for such fool-
ishness.

The fact that Nolan County really
needs a new court house is becoming
apparent to every citizen. Not only
should she have a modern building
that would be a credit to an aggres-
sive, progressive people, but the pres-
ent building is inadequate for the ac-
tual needs it is supposed to serve.
Study the matter over carefully and
let's have a new temple of justice.

Cotton at 12 1/2 per pound and seed
around \$35 per ton is sufficient to
cause the farmers to wear high up
collars and derby hats. We rejoice
to see the farmer get a home run oc-
casionaly at least.

The Race For Mayor

In the approaching election which
will be held Oct. 26th, a mayor will
be selected for the city of Sweetwa-
ter and it behooves every citizen of
the town to study seriously and de-
cide what man available will be able
to make the city the most efficient of-
ficial. Personal opinions and prefer-
ences should not be considered in
this election. Sweetwater has reach-
ed that period in her progress that it
is very important that she be govern-
ed well and wisely. A mistake at this
time would prove fatal. The Report-
er is not undertaking to say that any
one of the gentlemen offering for the
place would not make a good official.
But we do want to emphasize the fact
that no mistake should be made. Let
us have the man who will give the
city the most efficient service. Sweet-
water must continue to make progress
and her future depends in a large mea-
sure upon the efficiency of her officials.

What Will We Do About It. . . .
Sweetwater right at this time has
practically no Chamber of Commerce
and there are numerous questions con-
stantly coming up that need attention.

A representative of the Daily Report-
er called at the office of President J.
McAllister Stevenson of the Chamber
of Commerce today and was shown a
great stack of letters pertaining to
matters of general interest. This mail
remains unanswered. As a matter of
fact, Mr. Stevenson has given a good
part of his time to the Chamber of
Commerce without remuneration
and he does not feel that it is his duty
to continue longer to do the work.

What will be do about this import-
ant matter? The town surely needs a
Commercial organization. We need a
secretary to constantly look after our
interests.

In addition to all this, obligations of
a financial character have been made
in good faith and should and must be
met.

The young people of the Methodist
Church enjoyed a Character party at
the Methodist Church Saturday night.
A great time was reported by all.

The South Side Circle of the Bap-

ant meeting with Mrs. W. E. Noah,
Monday afternoon.

After greetings and a little prelim-
inary business the ladies proceeded to
line up for an afternoon of quilting—
fee for the work to go to the Aid
Treasury. Many willing hands made
the work light and the quilt was fin-
ished long before the shadows leng-
thened. Delightful refreshment plates
were passed and the industrious ladies
were blessed with good appetites.

**HENRY FORD STARTS AN
ANTI-WAR CAMPAIGN**

For a starter, \$1,000,000 will be
spent by Henry Ford in the world-wide
educational campaign for peace and
not war, which the motor car mag-
nate announced recently would be his
big work for the rest of his life.

This million will constitute the neu-
cleus for a fund which will be unlim-
ited. It is the belief of Mr. Ford that
if men and women are given facts, fig-
ures and proofs of all the horrors of
war, and shown the benefits from
peace, the time will come when Mars
will take the count.

To preach this object, an educational
campaign of as yet unknown and un-
dreamed magnitude will be laid out.
It will be developed along the same
broad and consistent lines that have
followed in bringing about the tremen-
dous Ford business.—Ft. Worth Re-
porter.

"Gets-It" for Corns, SURE as Sunrise!

Any Corn, With "Gets-It" on It, Is an Absolute "Goner!"
 Yes, it's the simplest thing in the world to get rid of a corn, when you use "Gets-It," the world's greatest corn-remover. Reach for it almost as a pleasure to have corns just to see them come off with "Gets-It." It just loosens the corn from the true flesh, easily, and then makes it come "down off" as hours ends corns for keeps. It makes the use of tape, corn-squeezing bandages, irritating salves, knives, scissors, and razors really look ridiculous. Get rid of those corns quickly, surely, painlessly—just apply "Gets-It" with "It." For warts and bunions, too. It's the only corn-remover.
 "Gets-It" is sold by all druggists. Use a bottle, or sent direct by E. Lawrence & Co., Chicago.

 Thin, pale, puny and scrofulous children are made plump, rosy and robust by the "Discovery." They like it too.
 In recovering from "Grippe," or in convalescence from pneumonia, fevers, or other wasting diseases, it speedily and surely invigorates and builds up the whole system. As an appetizing, restorative tonic, it sets at work all the processes of digestion and nutrition, rouses every organ into natural action, and brings back health and strength.
 Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and cure the disease. Easy to take, candy.

Rid of the Torment of Rheumatism

"Send me Foley Kidney Pills. I am badly done up with rheumatism and they are the only thing that helps me." A. J. Walsh, Snefeld, Colo.
 Rheumatism is stubborn as a mule—it hangs on like a leech—wears out your strength—wrecks your joints—keeps you from your work—depresses your mind—affects your health!
 Don't let it hang on you! Don't give up to it! Don't overlook Foley Kidney Pills! For they work directly on the kidneys—tone up and strengthen them to the perfect action that keeps uric acid out of the blood, and clears away the cause of rheumatism, lumbago and stiff, swollen, aching joints. Begin now, today, and soon you will again be happy and free from pain.
 Mr. Walsh writes us his letter to us by saying: "I consider Foley Kidney Pills the best I have ever used, and have tried several different remedies." Your druggist tells them.

CONSUMPTION TAKES 350 PEOPLE DAILY

Over 350 people succumb to consumption every day in the United States. Science proves that the germs only live when the system is weakened from idleness, overwork, confinement or when general weakness exists. The best physicians point out that during changing seasons the blood should be made rich and pure and active by taking Scott's Emulsion after meals. The cod liver oil in Scott's Emulsion warms the system by enriching the blood; it peculiarly strengthens the lungs and throat, while it builds the resistive forces of the body, voids colds and prevents consumption. You work indoors, tire easily, feel dull or nervous, Scott's Emulsion is the best strengthening food medicine known. It is totally free from alcohol or any stupefying drug. Avoid substitutes.

Sweetwater Blackwell Lawyer will Prospering Run for Cong.

The rumor is confirmed that Judge R. N. Grisham will make the race for Congress in this District in the coming campaign. This announcement will be noted with interest throughout this section of the State. He is well and favorably known in most of the counties in this Congressional District.

From 1908 to 1912 inclusive Judge Grisham served as District Attorney of this Judicial District and when first elected there were fifteen Counties in his District. His official service has been marked by uniform fairness, ability and impartiality. As a hard worker and successful Civil Lawyer he has ranked with distinction in this part of Texas for a number of years.

In Judge Grisham, is offered a logical candidate whose sterling character, professional qualifications, integrity and general fitness are such that he will command a solid phalanx at the poles of his home town and where ever he is best known. We predict that his campaign will range above personal criticism and petty bickering and we believe that victory will be gained by clean methods of fair statesmanship. Judge Grisham is incapable of any conduct in public or private life that will fail to reflect credit upon his campaign and upon his services as a Congressman.

We bespeak for him success with a full appreciation of the merit of others who may enter the race and trust that a united citizenship in Nolan county may aid in forwarding this campaign to complete victory.

BOOSTING THE SAN ANGELO FAIR AND CARNIVAL

(From Monday's Daily)
 Mr. Thos. F. Owen, president of the San Angelo Chamber of Commerce, spent a few hours in the city today en route to Abilene. While here he was a very busy man telling our people about the big fair to be held in his city in the near future and distributing literature advertising the big event.

Mr. Owen visited the Daily Reporter office while here. He is sure that the Fair will be better and bigger than ever before and is anxious for all Sweetwater people to spend a few days guest of San Angelo and enjoy the event. The opening date will be Nov. 2, and will last until and including Nov. 6th. Specially low rates on the railroads have been secured for the fair. Mr. Owen departed on the 10:15 train for Abilene where he will attend the Fair and tell the many people there about the San Angelo event.

LOCAL DEALER PLANS DEATH BLOW TO MAIL ORDER HOUSES

P. T. Quast, the popular jeweler and optometrist who is only always on the outlook to serve his patrons well and good has planned a campaign which he believes will head off the foreign mail order concerns when it comes to buying high grade watches.

He has made a deal with the South Bend Watch Co., which by the way, is among the biggest and best manufacturers of high grade watches in the world and will proceed to organize clubs. He will sell these high grade watch club sets not only at close prices, but will put them out on the installment plan. By handling a large volume of business in this line, Mr. Quast says he will be able to meet any and all mail order concerns.

THE YOUNG PEOPLE'S CHRISTIAN WORKER'S MEETING

A special program has been arranged for the Young People's Christian Worker's Meeting to be held at the First Baptist Church Friday night. The young people are anxious that the people of the city attend this meeting and extend them a most cordial invitation. The young people who are trying to advance religious work in the city should be encouraged in the work. Don't fail to attend this meeting.

Yesterday afternoon, the writer accepted an invitation from Mr. M. B. Howard, representing the International Life Insurance Co., to accompany him to Blackwell in his new Ford car.

The trip was made without a stop in a little over one hours drive. En route we saw large and small cotton farms, some of which are almost as white as snow banks with the fleecy and at present very valuable staple. On almost every farm one could observe large numbers of people busily engaged picking cotton.

At Blackwell dozens of wagons could be seen loaded with cotton awaiting their turn to the two gins. We were informed that from 100 to 125 bales of cotton were now being ginned at that place by the two gins each day and in addition to these receipts, the town was receiving considerable cotton ginned at other points. After arriving at Blackwell we visited a number of business houses, among which were the Hunt Drug Co., Hunt Grocery Co., Bolin and Carlisle General Merchandise, Farmer's Hardware Co., Sanderson's Blacksmith shop and exchanged greetings with the managers and proprietors, most of whom it has been our pleasure to know for a number of years, and to have very pleasant business dealings with. Not a note of pessimism was heard by the editor while in the town. The merchants report splendid business and collections were never as good, they said. In fact, it was stated that it appeared each farmer who owed the merchants was in a hurry to pay off the whole account and they are doing that and will have money in the bank besides. One firm reported collections coming at the pace of around \$600 per day.

The people of Blackwell are enterprising and are interested in any move that has the best interests of the town and community uppermost. Just at this time a movement is being agitated with which to build a splendid school building. They are in need of a suitable school building very badly and doubtless very soon the issue will be put before the people. Those we talked with about the matter feel sure there will not be serious opposition to the bond issue.

Blackwell has the largest trade territory of any town of its size in this section. The business firms carry a large stock of goods and are able to accommodate their customers in a handsome manner. While in the city we visited the Blackwell Times office and enjoyed a very pleasant chat with Editor Davis. While he has only been running a newspaper there for a few months, he has built up a nice paper and the business firms and people generally are supporting him loyally. Blackwell can't afford to be without a news paper and the Reporter hopes that the Times will continue to receive the hearty support of the people. Mr. Davis is a tireless worker and is striving hard to meet all demands in his line.

While there we ran on to Mr. R. L. McCauley who was talking insurance with apparent splendid success. The writer returned home via the Orient leaving Mr. Howard there to tell the people about the splendid policies written by his company. He appeared to be perfectly at home with the Blackwell people a goodly number, we are informed, have already armed themselves with policies written by him.

Why Not Shove It On To Sweetwater.

According to the Abilene Reporter the unearthly noise made by the Plug engine, or the engine that pulls the short passenger train into Abilene late each afternoon, is unbearable to many Abilene people. The Reporter describes the noise as that groaning, hissing, squeaking, sizzling and dying calf noise. We are not particular about the noise, in fact, would not have it alone, but if the Texas & Pacific will have it pushed up here each afternoon, we will assure the company that there will not likely be any serious complaint.

Colds
 should be "nipped in the bud", for if allowed to run unchecked, serious results may follow. Numerous cases of consumption, pneumonia, and other fatal diseases, can be traced back to a cold. At the first sign of a cold, protect yourself by thoroughly cleansing your system with a few doses of **THEBORD'S BLACK-DRAUGHT**
 the old reliable, vegetable liver powder.
 Mr. Chas. A. Ryzand, of Madison Heights, Va., says: "I have been using Thebord's Black-Draught for stomach troubles, indigestion, and colds, and find it to be the very best medicine I ever used. It makes an old man feel like a young one." Insist on Thebord's, the original and genuine. E-67

CITIZENS AND VOTERS.

Through misfortune it has become necessary for our mayor resign; it is now with the people to elect his successor. Truly realizing that it is an important and responsible place and that every mis-step is detrimental to the people and that correct economical and judicious administration means much in growth to the town and prosperity to the citizens and feeling that with the aid and council of the Commissioners, I can administer the affairs; I therefore submit my name as a candidate to fill the unexpired term of Mayor of the City of Sweetwater. First, I believe in the completion and enlargement of our water system; the encouragement of our Volunteer Fire Company, in the improvement of our Streets and sidewalks; the Sanitary Laws, so enforced as to give us a clean town; in the encouragement of property owners to beautify their premises; in traffic ordinances; in strict police regulations; in few ordinances, but such as are for the real betterment of the town and those strictly enforced; in inducing in every legitimate way capital to concentrate here and to foster and encourage every public enterprise here now; as soon as possible reduce the taxes; low taxes and a water supply are the two biggest factors in inducing capital. It cannot be done during this term, perhaps, but I am in favor of reducing the salary of all officers connected with the administration, except the two commissioners. This would be one item of economy, and I think others can be made. The most rigid economy should be used in all lines and in every particular and a plain and full quarterly report should be made for the inspection of the public. I stand for the betterment of the town and the people; Religiously, morally and financially. If you stand for the things enumerated and believe I am honest in my annunciations; that I have the courage and ability, coupled with the council of the present commissioners, to do these things, then I respectfully solicit your influence and vote for Mayor. I do not forego said Court, on said first day

feel that it is necessary to make a canvas of the town, little side talks will not influence you one way or another. You will vote as you think best. But should I be elected, I promise one and all friend or foe, the very best service of which I am capable.

Respectfully,
J. D. Sloan.

CITATION BY PUBLICATION

To the Sheriff or Any Constable of Nolan County—Greeting:
You are hereby commanded to summon Troy McCollum by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in this county, if there be a newspaper published therein, but if not then in any newspaper published in the 32nd Judicial District; to appear at the next regular term of the District Court of Nolan County, Texas, to be held at the Court House thereof, in Sweetwater, on the 3rd Monday in October, A. D. 1915, the same being the 18th day of October A. D. 1915, then and there to answer a petition filed in said Court on the 26th day of August, A. D. 1915, in a suit numbered on the docket of said Court No. 1559. Wherein Lillian McCollum is Plaintiff and Troy McCollum is Defendant, and the cause of action being alleged as follows: Plaintiff alleges that she and defendant were legally married on or about March 3rd, 1912, in Tyler, County, Texas and that they removed to the State of Oklahoma soon afterward where they lived as husband and wife until on or about the 26th day of June 1913, when because of defendant's improper and outrageous conduct toward her, by trying to force Plaintiff to allow him to trade and traffic upon her virtues, with other men, Plaintiff was forced and compelled to permanently abandon him, and prays for citation to be issued in term of the law, etc.

Herein fail not, but have you be-
ence and vote for Mayor. I do not forego said Court, on said first day

of the next term thereof. This writ with your return thereon, showing how you have executed the same.

Witness my hand and official seal at my office in Sweetwater, Texas, this 18th day of September A. D. 1915.

TO THE VOTERS OF SWEETWATER

After considering the goodly number of solicitations, I have decided to make the race for mayor.

If elected, my particular aims will be.

1st.—Honesty and good will toward all men.

2nd.—All factions look alike to me and that the office will get my very best efforts, regardless.

3rd.—My personal desire is to hold the banner of Progressive Sweetwater, to its highest point always.

4th.—This to me, is not a political issue; I am running for the office of Mayor of Sweetwater alone.

5th.—Should I be your choice, if within my power, I would exert every effort to reduce taxes to their lowest minimum and above all have an economic administration.

In conclusion, I will endeavor to serve Sweetwater, with honor to the Citizens and myself, so that none would regret their choice.

Respectfully yours,
Dr. Chas. W. Watson.
