LATE NEWS FROM THE WAR FRONT

By Associated Press:

Berlin, Oct. 16.—The second army of the Rumanians is in retreat in Transylvania. It has lost two divisions says the Overseas news agency. The Rumanians first army and the greater part of the second army have been virtually annihilated the statement says.

When successful attacks were made against the Rumanian, first army at Fermanstadt by the Austro-Germans, the Rumanians planned to send their second army to the assistance of the first. The second army advanced too far to the west and was forced to retreat in great haste. Later its retreat became a panicky flight.

74 Hostile Aeroplanes Shot Down

Berlin, Oct. 16.—Seventy-four hostile aeroplanes of which twenty-one were French and fifty-three British were shot down by the Germans during September, according to an exact list compiled by the German military authorities.

Continuing their advance on the Somme front last night the French penetrated the German positions at Sully-Saillisel, the Paris war office announced today. They occupied houses on the edge of the road to Bapaume.

The Germans made a violent counter attack and fighting is still in progress. London statement today announces that the Germans made a heavy attack last night on the newly won British positions in the vicinity of Schwaben on the Somme front and were repulsed with heavy losses, according to the statement.

London, Oct. 16.—Bulletin—The entente allies have formally recognized the provisional government of Greece in the island of Crete which was set up by former Premier Venizelos.

The British troops yesterday attacked the German positions northeast of Guedecourt, three miles south of Bapaume and penetrated the German first line, but the grounds were recaptured by the Germans in a violent counter attack, says the German official statement.

The British forces on the Struma front in Macedonia are very active on the left flank and have pushed their posts further northwest in the direction of Demis-Hissar, says the British statement issued from Saloniki.

SAYS FARMERS ARE IGNORED

By Associated Press.

Hastings, Neb., Oct. 16.—Chas. E. Hughes, candidate for president on the Republican ticket told a crowd of farmers here today that the Democratic administration had ignored the agricultural interests in the enactment of the Adamson law. The nominee in support of his contention referred to a telegram from Henry N. Pope, president of the Farmers Union of Texas, to President Wilson requesting that the farmers be permitted to submit data in the arbitration proceedings between the railroads and the brother-hoods.

IN FED. COURT AT ABILENE

The Abilene division of the Federal court for the Northern District of Texas adjourned Saturday afternoon after having been in a very busy session for a solid week, during which time a comparatively heavy docket was cleared.

Judge E. R. Meek, Marshal W. J. McDonald and the other officials returned to Dallas Saturday night.

The case of Rada Pigg et al. versus the Citizens National Bank of Stamford, which occupied almost five days of the court's time, resulted in a verdict in favor of the plaintiff in the sum of \$164.43, with interest at the rate of 6 per cent from January 1, 1915, and also for \$10,000 with interest at 8 per cent from January 1, 1915. United States versus Ira Montgomery, dismissed for lack of evidence.

United States versus Luke Collins, dismissed for lack of evidence.

The negroes were taken from the jail by a mob which overpowered the jail guards and hanged them near the home of the woman who was attacked.

MUST NOT CARRY PISTOL HIDDEN IN AUTOMOBILE

Houston, Oct. 14.—A man who carries a pistol under the seat of his automobile is guilty under the law of carrying a pistol. The court of criminal appeals, in a decision it handed down Wednesday, decided that. The case was decided on the appeal of R. G. Wagner, who was convicted at law a short time ago for carrying a pistol and fined \$100. He was convicted by a jury.

The testimony showed that the pistol was under the seat of Mr. Wagner's automobile. He appealed his case, his attorney contending that a man had a legal right to carry a pistol under the seat of his automobile. The court of criminal appeals has affirmed the verdict of the jury and Wagner will have to pay.

On the return trip he stopped off at Detroit and heard the famous Billie Sunday preach. This was a great treat to him and he came back a genuine booster for that great evangelist.

DISTRICT COURT CONVENED TODAY; GRAND JURY NOW AT WORK

District Court convened this morning for the regular fall term. The sessions will be held in the Luella building which is at present designated the Nolan County Court House.

A fair sized crowd was present to witness the opening and hear the charge of the grand jury, delivery by Judge Beall. A heavy docket is before the present term of court and doubtless there will be something doing in court circles here for the next few weeks.

Judge Beall's charge to the grand jury was clear cut and no one could mistake his intention of doing his part to see that various forms of lawlessness are run down and the violators punished.

He instructed the grand jury to be careful to select a clerk from their number and see that all evidence was carefully taken down and after the witness had made any changes he desired, have him sign it. Be careful to use the exact statutory oath when administering the oath to witnesses. He said that any witness who would swear falsely before the grand jury ought to be sent to the pen. He urged the greatest secrecy in all matters pertaining to the work of the grand jury now and ever afterwards. Anyone appearing before the body had a right to expect and know that whatever evidence is given in any matter should forever remain a profound secret unless necessarily divulged in the trial of a case.

Special attention was directed to "bootlegging" or the illegal sale of intoxicating liquor. The court stated that he was advised that the vigilance of our officers there were a number of persons in waiting on charges of illegally selling liquor and urged that these and all other violations of this sort be given careful consideration.

The law on such violations was carefully explained. The court declared that a man who would drink the "boot

leggers" whiskey and then shield him when he was brought before the grand jury, was no better than the bootlegger. He ridiculed the common subterfuge, "can't remember" where from the whisky was secured, adding that he could always remember from whom and on what occasion he made a purchase. The court said no good citizen had a right to in any way shield crime or criminals and if every citizen when he learns of an infraction of the law would immediately report it to the proper authorities, crime of all sorts would soon disappear.

Special attention was also called to the petty theft and burglary. The court stated that he was informed that boys had visited the cotton gins, garages and other places taking property which was then sold to the junk dealers and he urged that all such be given careful attention. The court urged the importance of teaching the boys early in life the importance of obeying the laws of the land and respecting the property and rights of the people. No one he said, had more sympathy for the boys than himself, but no boy should be excused because he is a boy and because of the standing of himself or his parents in the community. The disturbance of public worship and other assemblies should be given careful attention, he said. Drunkenness in public places, false weights and measures, pandering, carrying concealed weapons, vagrancy, and other violations were referred to in the charge to the jury.

Dr. N. B. Bowie was appointed foreman of the grand jury by the court.

Court Bailiffs Appointed

The Sheriff's Department named the following men as bailiffs and special officers to wait upon the court:

W. C. Jones, Bryce Harigraives, J. D. Jones, J. E. Jones, and Dr. McKnight.

Will we continue to deprive ourselves
of free mail delivery and possibly lose
the federal building because of lack
of sidewalks? The matter appears to
be squarely up to our people.

Remember that on the general elec-
tion ballot will be found an amend-
ment to the state constitution provid-
ing that counties and independent
school districts may vote a tax if need-
ed, not to exceed 50 cents in the former
and \$1.00 in the districts for the school
purposes. Many schools are suffer-
ing because of lack of funds and the
passage of this amendment would en-
able the people to relieve the situation.
The amendment does not impose any
tax, but only leaves the matter where
the people by a majority vote may do
so. Give this matter careful consid-
eration and be prepared to do the right
things when you go to the polls to vote.

"It was like going up against a ward
school team as compared with the
game with Abilene," is the way coach
Chas. W. Lewis stated the situation
with reference to the foot ball contest
with San Angelo yesterday. The Ange-
lo team had some strong men. Mr.
Lewis said, but the Sweetwater boys
do team work and do not depend upon
individual valor. When the local team
go into a game, they have a single ob-
ject in view and all work together to
accomplish that object. The Sweet-
water team has begun a fine record
and we expect to see them wind up
the season with a big balance in their
favor.

Politics are warming up in the doubt-
ful states, in the meantime Sweetwa-
ter continues to grow.

District Judge Warren Beall in his
charge to the grand jury this morn-
ing said some mighty good things re-
lative to law enforcement and good
citizenship. "Really a citizen has no
more right to shield lawlessness and
criminals than he has to commit crime
himself."

Lest you forget Nov. 7th is election
day and at that time a very important
amendment to the State Constitution
will be submitted to the voters of the
state. Let's make it possible for com-
munities to have the very best schools
where such are desired by voting for
the amendment.

"Sweetwater has just begun to grow"
is a statement Secretary Hodge was
heard to make today when discussing
some of the splendid opportunities that
are ours. He says we are just nearing
the top of the hill where it will be
easy from then on to get what we want
and to grow city-like and city size will
be easy. There are many others who
agree with Mr. Hodge.

Sweetwater real estate is growing
in demand. Those of our people who
own vacant property should not ask
an unreasonable price for their hold-
ings and thereby handicap the growth
of the town and deprive many good
people of owning their homes. Of
course, such property is worth money
and the owner should receive all it is
worth, but a serious mistake can be
made right at this time by placing the
value away on.

Lots of new homes are needed and
our people are doing the right thing
by erecting them. But in order to se-
cure free mail delivery the town must
have more and better sidewalks. The
sidewalk work should not be overlook-
ed in the rush of other matters. This
improvement is urgent right at this
time.

On account of the illness of Mrs. J.
P. Majors the place of the Social meet-
ing for the 'Womans' Missionary So-
ciety was changed to Mrs. J. D. Dulan-
ey's residence.

Everybody get in line for Sweetwa-
ter's great event, the Fall flower show
under the auspices and direction of
the City Federation of Womans' Clubs
Nov. 5th and 6th. Make an event of the
show this year.

A NEGRO'S PRAYER

Major Motion is an optimist and
an intelligent and passionate believer
in the future of the negro in North
America. In an entertaining article
in the March World's Work on "The
new Head of Tuskegee," we are told
that the Major's three mottoes for his
followers, to direct their welfare in
this country are: "Be simple," "Be
Self-Respecting," "Keep up your cour-
age." "One can not better sum up the
whole spirit of Major Motion," con-
cludes the writer, "than in the prayer
of an old colored preacher, which he
himself quoted at the Negro Christian
Students' Convention held in Atlanta
last year." This ran as follows:

O God of all races, will you please
Sir, come in and take charge of
remins of all dese here white peo-
ple an dth dem so dat they know and
understan dat all of us colored folks
is not lazy, dirty, dishones, and no

MADE A LONG STOP AT MUDHOLE

Mr. and Mrs. L. M. Watson had
rather an unpleasant experience last
night while returning from Trent
where they spent the day guests of
relatives and friends. They were re-
turning in their car when about three
miles west of Trent a mudhole was
encountered and soon it was evident
that there was no chance to get the
automobile out with its own power. Mr.
Watson was compelled to walk back
to Trent where he secured a man and
his team to return with him to the
scene of the trouble. Mr. and Mrs.
Watson arrived in Sweetwater about
3 o'clock this morning.

HAD NOT FORGOTTEN THE TRAIL

Negro Anderson, a character well
known to all the old "timers" is here
after a long absence. As usual he
reached the town feeling mighty good
and when greeted by Chief Johnson it
was reported that he immediately
started for the City Hall. He did not
even follow the officer around via the
sidewalk route it was stated, but hit
a direct trail for the Recorder's of-
fice.

Anderson said he has been paralyzed
ever since the fire that destroyed the
Commercial Hotel, Cafe and the Her-
ndon Shoe Store. He feels sure that
over exertion and exposure on that
occasion put him to the bed.

STATE SUPT. MAKES APPEAL

TO ALL FRIENDS OF EDUCATION:

Notwithstanding the fact that there is a general and widespread awakening of public interest in behalf of the new educational amendment known as House Joint Resolution No. 30 to be voted on by the people on the seventh of November, much work yet remains to be done by the friends of the schools to insure its adoption at the polls. The aroused determination on the part of the country people of the State, however, to demand as good free school opportunities for their children as are now enjoyed by the children of the cities and towns and the disposition on the part of the people of the cities and towns to help the country secure such privilege for their children augur well for the amendment.

The amendment proposes no tax of itself but extends the democratic principle of self-government by allowing the voters of any district to tax themselves one dollar on the hundred dollar valuation of property for the support of their own schools and by allowing the voters of any county to determine by popular vote if all the property of the county shall be taxed not exceeding 30 cents on the hundred dollar valuation of property to support all the schools of the county.

The country schools have been handicapped, as compared with the city schools, for lack of money. I have never begrudged the city schools one cent of their money. On the other hand, one reason I am supporting this amendment is that it enlarges the opportunity of the cities to increase the support of their own schools. The fact remains, however, that if the country children ever come into their own in the matter of securing an adequate common school education, we must have more money for the country schools. It is idle to say that a six months term of school with seven grades of work in a ramshackle school house without libraries or laboratories, on a bleak and desolate school ground is adequate to country children's needs. The county tax provided for in this amendment will go a long way toward overcoming these defects.

Twenty-one States now provide for a county tax for the support of schools. The proposed amendment does not in any way interfere with the present State Advalorem Tax for schools, nor does it interfere with present methods of support of common and independent district schools but it does provide that a tax may be voted on all the property of the county for the support of all the schools of the county, the proceeds of which will be apportioned to all schools of the county on a per capita basis. This proposition is democratic, just, and equitable and should receive the unanimous support of all friends of the schools.

Sincerely,
W. F. DOUGHTY,
State Superintendent.

COLE BROS. SHOWS COMING

The greatest and biggest show to pay us a visit this year will be Cole Bros' World-Toured Show an dTrain- ed Wild Animal Exhibition, with a whole army of notable artists brought direct from Europe, all absolutely new to American audiences. This season Cole Bros. have combined their shows into one big, giant three- fold show offering a grand hippo- drome, menagerie and gorgeous spec- tacular ballet. Coming in their own steel cars, with everything spic and span, with the largest collection of trained wild animals ever brought to- gether in captivity. These highly edu- cated denizens of the jungle seem to possess almost human intelligence, and the Cole Bros. have increased their al- ready large zoological congress by a number of elephants, lions, camels, and grizzly bears. Hundreds of high class acts are presented in the arena, and the number of high school and posing horses, high jumping horses are legion. Indeed Cole Bros. are renowned for the superlative beauty of these equine winners; no show traveling carries a finer assortment of thoroughbred horses and ponies. Novelties galore are shown under the big top and as an innovation the Cole Bros. will intro- duce an Amazon ballet of the world's most graceful dancers. These exquis- itely formed young ladies, fresh from their Parisian triumphs, appear as if moulded by the sculptor's art. They are grace personified, and in a whirl- wind dancing novelty are alluring specimens of feminine beauty. Miss Irma Clare, a statuesque beauty who represents "Pence" in the "Marble Nymphs," has won the prize for the most perfect formed woman in Con- tinental Europe. The grand tree street parade is a revelation in lavish splendor. This is the show that you are waiting for—the worth while show. Don't forget that the date will be at Sweetwater Monday Nov. 6th.

ORDER ON HOTEL YARBROUGH

That Hotel Yarbrough has a reputa- tion for handling out the goods appears to have been definitely understood by a young man who was placed in the county jail last week for an infraction of the law. The prisoner had been told that there was not another place like it in the state, where a man though he was a law violator could just pass his order for whatever he wanted for his dinner, supper or break- fast and a waiter would deliver the goods right on the spot in double quick time.

The young man in question could hardly wait until the meal hour rolled around and long before breakfast time had his order nicely and accurately made out. The order was as follows: T-bone steak hot cat fish eggs (4) full dun hot cakes with maple syrup, cream gravy, peaches with cream and six biscuits.

Doubtless the man thought he had struck it lucky and spent the night previous to the order congratulating himself upon his good fortune.
