NUMBER 77.

THE WAR AT A GLANCE

Reports from German sources today furnished virtually the only fresh news regarding the situation in Russia, where the Maximalists are in control of Petrograd and are appealing to the army for support "against imperialistic attempts" until it has obtained "a democratic peace."

One of these reports, which was entirely without confirmation, was that premier Kerensky, who left the capital before the extremists gained the ascendancy, had been arrested.

The other report, also of German origin and similar in content, declared the Russian army on the northern front had joined the Maximalist movement and was marching on Petrograd.

Ministers to be Tried

The great majority of the members of the Kerensky cabinet were made prisoners by the Maximalist when the winter palace, in which they had taken refuge was bombarded by cruisers and its defenders compelled to surrender. They are to be tried for complicity in the Korniloff revolt, the Maximalists announce. Gen. Korniloff himself is also to be brought to the fortress for trial by a military tribunal, they declare.

Turkish Army Retires

In Palestine the British operations around Gaza and Beersheba have resulted in the entire Turkish Palestine army beginning to retreat toward the north. It is being harassed by airplane bombardment in its retirement and its communications along the coast are under fire from the French and British warships. Forty Turkish guns have been captured by the British, whose advance is rapidly bringing them nearer to Jerusalem.

Germans Cross the Livenza

In northern Italy the Austro-Germans have forced a crossing of the Livenza river and the Italians are retiring toward the Piave, the last strong natural line before Venice. Gen. Cadorna's troops are making a more spirited resistance to the forward movement of the invaders, especially on the upper Tagliamento and the upper Livenza.

The larger units of the Italian army are retiring without molestation from the Austro-Germans, but strong rear guards are giving the Teutons battle at several points.

Strong reinforcements for the Italians from the French and British armies have arrived on the Italian front and are co-operating with the Italians in a plan to check the Germans. It is more than probable that a great battle will be fought on that front at an early date.

General Cordona has been succeeded by General Diaz, but Cordona has been given a place on the general directing war board.

DECLARES RUSSIA AND ITALY WILL "COME BACK"

Chicago, Nov. 10.—Henry P. Davison, general director of the American Red Cross, declared that both Russia and Italy will "come back" and do their full share in the world war.

He said he believed that not even the latest revolt in Russia, reported today, will "overthrow the great purpose of the Russian people," and though it will require time for them to organize, "they will be in the war to the finish."

Davison receives intimate reports from various missions which the Red Cross has in Russia and Italy. He arrived today from Minneapolis and will address a Red Cross meeting here tonight.

WILL ATTEND MEDICAL CONVENTION

City Health Officer, Dr. C. A. Rosebrough, will leave tomorrow for Memphis, Tenn., where he will attend the annual meeting of the Southern Medical Association. He will be out of the city for the week.

TURKS WORSTED IN PALESTINE

London, Nov. 9.—The entire Turkish army in Palestine is retreating towards the north. British airplanes are following up the retreating Turks and bombing them.

Forty Turkish guns were captured, says the British official statement announcing the Ottoman retreat.

British and French naval forces are co-operating against the Turkish communications along the Mediterranean coast.

OPENS BUSINESS AT QUANAH

Chas. L. Gass is shipping his racket goods to Quanah and will open up a business in that line there at once. Mr. E. H. Williams will be in charge of the new business and as he is a successful business man, he will doubtless enjoy a splendid business from the first.

BUYS BUSINESS PROPERTY

J. W. Wade, proprietor of the Sweetwater Bottling Works has purchased the business house and lots formerly occupied by the Adams Machinery and Auto Co. from the Continental State Bank of this city.

Mr. Wade has already begun the work of improving the building. He will arrange convenient and attractive quarters for his bottling works and move his business there.

Manager Wade is continually improving his plant by adding new equipment and with the new location will doubtless be in position to command even a larger volume of business.

CORN BREAD IS POPULAR

Cornbread gained in popularity Thursday at T. C. U.

When the noon meal was served there was a considerable less demand for wheat bread than usual.

Faculty members give as the reason the fact that Miss Anna L. De Planter, Federal food representative, made an impression on the student body Thursday morning when she urged substitutes for wheat bread. In her talk the government representative said war time is clean-plate time and is no time for dormitory spreads.

LIEUT. WILKERSON HERE

Lieutenant Emmett L. Wilkerson with headquarters at El Paso is in the city today. He has supervision of the various recruiting stations in Western Texas and New Mexico and is here today with Recruiting officer, Ross D. Dixon. They enlisted three splendid young men and sent them to El Paso last night. Their names are: Fred F. Keeper, William H. Whitford of Haskell and Coper Farwell.

Mr. Wilkerson was formerly county attorney at Texarkana. He was a class mate with Judge Leslie, District Attorney of this district. He resigned his office to take his place in army service.

J. L. Johnson has returned from an extended stay at Deming, New Mexico, where he was engaged in the government work.

LOCAL TEAM DEFEATS ANGELO

Yes the San Angelo High School football boys came, they saw, and were conquered.

What is admitted to have been the fastest game of football ever staged on the local field occurred this morning when the San Angelo boys went down in defeat before the local High School team.

The visiting team accompanied by a large number of students, members of the faculty and ball enthusiasts arrived over the Orient this morning and were taken in charge by the local people. It was evident that the San Angelo folks came expecting victory to be theirs, but while the local fans were anxious to show them a royal time and have them return happy, they were unwilling to permit them to interfere with their almost unbroken record of victories for the season.

Some time was spent showing the visitors over the city advertising the game which by the way was already attracting the undivided attention of the majority of our people.

The game was called at 10 a. m. and was witnessed by a large crowd of cheering people.

The members of each team did his best and there was not a particle of throw off on the part of any one. However, the team work of the locals was too perfect and while the visitors exhibited some skill, they were simply outclassed.

The score resulted 20 to 0 in favor of Sweetwater.

So intense was the interest at San Angelo over the outcome of the game, that arrangements had been made for the people there to receive reports upon the game throughout. At no time were the reports favorable to the San Angelo boys.

The game was clean and with out any sort of squabbling and harrangue or two minor accidents, everything passed most pleasantly. A more detailed report of the game with the line-up of each team will be given in Monday's Reporter.

RED CROSS SHIPS SUPPLIES

The local Red Cross Chapter sent by express yesterday, more supplies for Red Cross work on the front. Two boxes were shipped containing hospital supplies which were made by our ladies in Sweetwater.

The boxes were numbered two and three. Mr. Watkins offered to pay express on one of the boxes, which offer was gladly accepted by the ladies.

Box No. 2 contained: 13 operating sheets, 24 large sheets, 22 pairs pillow cases, 7 napkins, 27 wash rags.

Box No. 3 contained: 41 pairs pajamas, 7 pairs bed socks, 24 pairs leggings, 27 dust cloths, 33 tray cloths, 21 operating gowns, 84 napkins, 45 helmets, 46 bed sheets.

AMERICANS IN BRITISH SERVICE

Washington, Nov. 9.—American Navy enlisted men are serving on British merchantmen.

This was disclosed today by Secretary Daniels commending for gallantry three who were signal men on board a British ship and beached it after a German torpedo struck.

The men cited for bravery are Alfred Allard, New Bedford, Mass.; Stephen Bowney, Utica, N. Y.; and F. Kenneth Gunlach, New York City.

BRITISH-FRENCH REACH ITALY

Italian Army Headquarters, Nov. 9.—The conference of British, French and Italian representatives has resulted in the creation of a permanent interallied military committee. New leadership for the Italian army has been provided.

Lieut. Gen. count Cadorna, who has been in supreme command of the Italian army since the beginning of the war, has been given a place on the new committee.

Gen. Diaz To Command

New heads of the Italian army have been named. Gen. Diaz has been appointed first in command, with Gen. Badoglio second and Gen. Grandino third.

Gen. Foch, chief of staff of the French war ministry, and Gen. Wilson, subchief of the British general staff, will serve on the interallied committee with Gen. Cadorna.

Livenza Bridges Blown Up

A dozen bridges have been blown up on the Livenza river to arrest and delay as much as possible the advance of the Austro-Germans toward the Piave river.

The Livenza is a smaller river than the Tagliamento and offers fewer difficulties to the invading army to cross it but the retiring Italian army is now better organized than it was on the banks of the Tagliamento and is capable of greater resistance.

Italians Full of Battle

Indeed some of the Italian contingents are animated by such ardor to fight the enemy that they are losing contact with the main body and risk being surrounded by the Austro-Germans, who have advanced either higher or lower on the river than the position occupied by the Italians.

Meanwhile retreat has greatly shortened the fighting line, reducing it to scarcely 30 miles in length. This favors the concentration of the Italian forces for defense.

Rallying on Piave Line

The Italians are still holding back the Austrians and Germans by rear guard actions, while the main body of the troops in establishing itself on the positions chosen for the resistance, says today's official statement.

NEWSPAPER MAN HERE FOR GAME

Jno. B. Brewer, representing the San Angelo Standard was here today to witness the big football game between the San Angelo and Sweetwater High School teams. He was a pleasant caller at this office while here.

IMPORTANT SUIT IS SETTLED

An important suit was tried before Judge Beall in the District Court Friday evening in which Laura Curtice, et al were plaintiff and Thos. Trammell, Thos. Trammell & Co., Mrs. Josephine Newman, H. S. Newman, I. M. Newman and A. T. Newman were defendants. The defendants interpleaded W. T. Trammell, but he was dismissed from the suit on exceptions by plaintiffs. Judgment was rendered in favor of plaintiff against the defendants for \$11,885.20. The judgment also decreed that defendants other than Thos. Trammell were sureties for Thos. Trammell & Co and provided therefor as directed by statute, and that if the Newman's paid off the judgment plaintiff would deliver to them a vendor's lien note attached as collateral to the note sued on.

Judge Ed. J. Hamner and Beall and Douthit represented plaintiff and Judge C. P. Woodruff, defendant Newman's and H. R. Bondies appeared for defendant W. T. Trammell.

DOGS ARE UNPOPULAR

Fort Worth, Tex., Nov. 9.—It is reported that an order has been issued by officers at Camp Bowie that all dogs around the camp that follow men in companies while they are at drill, be shot unless they are removed from the camp. Many of the men brought pet dogs from home and others have acquired such pets since coming here. Many of these go out on the parade ground and interfere with the drill and trot along beside the company commander in the most friendly fashion.

FREIGHT CARS BURGLARIZED

Two freight cars were burglarized on the Texas & Pacific yards Thursday night and two negroes have been placed under arrest charged with the crime.

Some dried fruits, a small quantity of flour and feed were among the articles missing.

The negroes under suspicion are quite young and are Sweetwater boys.

MRS. DOUTHIT'S BROTHER DIES

Judge and Mrs. Ellis Douthit left last night for Galveston, to attend the funeral of Mrs. Douthit's brother, Dr. Tom Kennedy, who died rather unexpectedly Thursday evening. He was a Captain in the Medical Corps at Camp Travis but his health gave way a week or two ago, and he had just received an honorable discharge, from the service, on that account, and returned to his home in Galveston, hoping to recover his health. His wife died about three years ago while they were on a trip in California and Dr. Kennedy has never seem to recover from the blow of her unexpected death.

E. A. KINNEY'S DEATH CAUSES MUCH SORROW

The Snyder Signal in reporting the tragic death of E. A. Kinney of this city had the following comment in connection with that splendid young man:

"Mr. Kinney came to Snyder about two years ago and established the Cozy Theatre and has one of the best equipped photo play houses in the west and has had successful business. He was a practical manager and always pleased the people.

Mr. Kinney had many friends here who are grieved at his tragic taking off."

Mrs. Flake Williams, who has been visiting Judge R. C. Crane and family for several days, returned to her home in Abilene last evening.

MUST CONSERVE FUEL SUPPLY

Washington, Nov. 9.—Fuel Administrator Garfield this afternoon issued an order darkening all advertising "white ways" in the country before 7:45 p. m. and after 11 p. m.

Advertising signs burning electricity made from coal or coke may remain lighted only between those hours.

Future total elimination of such "non-essential" lights may come if necessary to save more coal.

A CALL TO THE WOMEN

Women of America, your country is at war against the world's mightiest military power.

We entered it when all the nations holding Germany at bay were throwing in their man power and money power, spending their millions to end this war by winning it. And still Germany was not defeated.

We entered it when, with their farm folks in the trenches, the fields of our allies were being plowed and sown by the women. But there were not enough, though they worked from dawn till dark.

Those crops have been pitifully small. The usual outside sources of supply have been cut off and our allies must depend on us. The women will work and the soldiers will fight to the death, but against hunger they are helpless. Germany knows. She has said that if she can only starve England she will win.

If our allies have to yield to Germany because of hunger, America alone will have to shoulder the burden of winning the world war.

And so to save our allies and their liberty and our own, we have pledged our youth, our wealth, our all.

But we are not prepared to throw millions of soldiers into the field at once. Our money can not buy bread and meat in Europe for our allies. There is little there to buy.

We must give them food—real food! They need wheat, meat, canned foods, fats. And though thousands of tons of it will be sunk by submarines, still we must ship, ship, ship, until we have saved democracy with food.

But how can we do this and feed ourselves when we must send our allies 220,000,000 bushels of wheat this year instead of the usual 88,000,000 bushels, when we are already sending them three times as much meat as we have sent them before? Moreover, corn meal, of which we have more than enough, can not readily be shipped to Europe now because it spoils.

Women of America, even as the women of France are guarding the fields day and night, your country calls to you to stand guard over the world's commissary. That commissary is the food supply of America. There is enough in it if you will guard it. Your task in this war is to guard food for the soldiers and home workers of our allies. They are fighting for you!

You can release shiploads of wheat for these fighters and workers by using less wheat flour in your homes and by using more corn meal, by wasting not a crust or crumb of wheat bread.

Three times a day—at each meal—think of America's glorious privilege: To feed the world while it fights its way to freedom. Then remember that you are standing guard; that the opportunity to win this war for humanity is yours!

LIBERAL DONATIONS FOR ORPHAN HOME

Rev. R. C. Pender spent last Sunday with the church and pastor at Caddo, Stephens county. The offering for the Orphan Home went to \$175.75 in cash, and a firm there gave 115 pairs of pants to the Home. Furthermore, a woman willed all her property to the Home and turned the instrument over to Brother Pender. In fact, he talked them out of their cash, house and home, and the very pants off them. Rev. John W. Newsome is the much loved pastor.—Western Evangel.

The Ladies Aid of Colorado church held a Buckner Orphan Home shower last week, when one man of this town (F. M. Burns) contributed 100 suits of underwear, and two suits of clothes to the Home. The box to be sent this week has a commercial value of over \$500, besides a handsome sum in cash.—Colorado Record.

HOG GROWER KEEPS THE CASH

(From Ballinger Ledger)

An error made in weighing a load of hogs at Ballinger this week placed \$48 in extra cash in the pockets of a Concho county man, and despite the fact that the strong arm of the law was called into play the \$48 still remains in the pocket of the Concho hog grower, or in some other place out of reach of the man who made the error and attempted to recover the cash.

It all happened when a man by the name of Wallace from Concho county, sold a load of hogs to Hutton Laxton. Mr. Laxton sent the man to C. J. Lynn & Son Scales to have his hogs weighed. In some way the weigher made an error, and the hog grower received \$48 more than the hogs weighed out at the price paid per pound. After the man had received the cash and stuck it down deep in his jeans, the weigher discovered his mistake and lost no time in looking up the hog grower, and explained matters to him and asked for a refund of the over amount.

No explanation was necessary. The hog grower admitted that he had pocketed more cash than he was entitled to, but declined to refund. He admitted having the cash, and stated that he knew there was an error but said there was nothing doing, as it was the other fellow's mistake. Threats of arrest only made the big grower more emphatic in his claim to the cash, although he knew it was an error.

An officer was called on to assist the weigher in convincing the man that he should refund the \$48 but to no avail and the man was placed in the local jail and charges filed against him. Later he furnished bond and the case will be tried out in court. In the meantime the man has returned home under bond to appear here at the proper time.

CONTRACTOR SHAW MAKES GOOD

The members of the county commissioners' court speak in the highest terms of one man who has been prominently connected with the erection of Nolan County's magnificent new court house. Reference is made to Mr. J. S. Shaw of the Shaw Construction Co. of Dallas.

When the original contract became void because of failure on the part of the contractor to carry the job to completion, The Shaw Construction Co. was awarded the job by the U. S. Fidelity and Guaranty Co. of Baltimore, Md., and Mr. Shaw became the chief head of the job. County Judge Cochran and the commissioners do not hesitate to say that Mr. Shaw has always more than made good with the work. He has been diligent to see that the county received the very best job possible in every respect and on several occasions, at considerable extra cost to the company, had material and work to replace that not considered to be the best.

Though comparatively a young man, he has certainly used good judgment and has handled the job with entire satisfaction to the county officials and they do not hesitate to recommend him most highly.

FINANCED RUSS. REVOLT

London, Nov. 10.—That the Russian coup d'etat was engineered and subsidized by Germany in order to eliminate Russia as an enemy is the virtual opinion expressed in the newspapers. A despondent view of the outlook is taken by some, while others claim that the triumph of the Maximalists is probably a passing phase and refuse to believe that they represent Russia or that Russia will agree to separate peace.

The Times partly blames the Kerensky government for tolerating anarchy and says: "Premier Kerensky never showed himself really able to rule the storm and came with diminished credit out of the Korniloff episode. That the real Russia will ever consent to a separate peace or acquiescing to all the extravagances of the Soviet manifestos it is impossible to believe."

The Morning Post, under the caption "Revolution Made in Germany," says: "Whether the revolution will succeed remains to be seen. There still is a core of good faith and loyalty in Russia. The Russian people have a great tradition of national honor which if they have the choice they will never choose to break. Obviously the allies can never recognize a Russian government whose first proposal is a separate peace. It remains for the allied nations to reach the heart of the Russian people and the elements of Russia which are true to the cause of the allies. This is a task in which the United States and Japan might exercise their power of friendly co-operation."
