NUMBER 41

EX-SERVICE MEN ORGANIZE POST

In response to a call of a number of local ex-service men, a meeting was held last Friday evening at the local recruiting station, at which time a post of the American Legion was formed and temporary officers chosen to serve until a charter is secured and permanent organization effected. Fifteen men attended the meeting, all of whom enthusiastically favored organization and signed the application for a charter.

The following names were signed on the application for charter: W. E. Smith, M. J. Farmer, J. H. Brown, Geo. F. McKnight, L. O. Dodgson, Olen E. Barnett, Jesse Robertson, Louis N. Geldert, Benton E. Warren, Frank Morgan, E. L. Houston, H. H. Kirkpatrick, J. A. Allen, Nathan C. Hatcher, Albert G. Smith.

The meeting was called to order by Albert G. Smith, who explained the object of the meeting, after which the following were named as officers until such time as a charter is granted and permanent organization effected: W. E. Smith, president; M. J. Farmer, first vice-president; J. H. Brown, second vice-president; Geo. F. McKnight, secretary and treasurer.

The required number of names for application for a charter having been secured, the president and secretary were instructed to fill out application blanks and forward to Charles W. Scroggs, State adjutant, with remittance to cover state and national dues.

The president and secretary were instructed to give the widest possible publicity to the organization of the post, and all present pledged themselves to attempt to get all ex-soldiers, sailors and marines listed up to join the organization upon receipt of the charter.

Dr. Dodgson made an excellent talk on the great things the American Legion is doing and the good to be derived by having a local post at this place. He stated that the citizens of the town were willing to back any movement for the upbuilding of the local post.

The meeting adjourned subject to call of the president.

President Smith is in receipt of a letter under date of Dec. 3 from State adjutant Scroggs, stating that a charter has been issued to Sweetwater Post No. 109 and forwarded to National executive headquarters for signatures of the national officers and will probably be received here in ten days or two weeks. As soon as the charter is received a meeting of all ex-service men of the county will be held at the court house here to perfect permanent organization.

The time for Saint Nick to make his annual visit to the little folks is drawing near again, and in order that he may know what each little boy and girl wants him to bring, The Reporter will publish letters from the boys and girls of Sweetwater and Nolan county addressed to Santa Claus, care of The Reporter, on one side of the paper, address to Santa Claus, care of The Reporter, and we will see that it reaches him.

GIVEN FAIR WARNING

Little Eleanor vehemently announced her intention of giving up her French lessons with her governess. Her father, however, was very anxious that the child should learn French and did not intend to humor her.

"She hugs and kisses me to make me do my lessons!" cried the little girl.

"See here, my dear," returned her father, in a reasoning, diplomatic way, "I have read French with your governess ever since she has been here and she has never tried to hug and kiss me."

"Father," observed the child gravely, "you'd better knock on wood."

CIVIL SERVICE COMMISSION COMPLAINS LACK APPLICANTS

John Washam, local secretary of the Civil Service board, is in receipt of the following communication from the Civil Service commission at Washington, complaining of a lack of applicants for positions, examinations for which were held recently in various cities of the country:

"The Civil Service Commission," the communication states, "invites special attention to the fact that in examinations held recently in cities throughout the country, including Abilene, Texas, for positions named below, applicants were not secured in the number desired and that examinations will again be held on Dec. 15."

Medical interns; St. Elizabeth's hospital; veterinarians and lay inspectors, Bureau of Animal Industry; domestic science teachers, teachers and matrons, Indian Service; agricultural chemists; Bureau of Fisheries; physical laboratory helpers; file clerks; proof readers; operators of calculating machines; card perforating machines; stenographers; dictating machines; graphotypists; addressograph mimeographs. Examinations for the above positions named last are for employment in the Departmental Service at Washington, D. C.

"Persons interested in these or other examinations should apply to the secretary of the U. S. Civil Service Board at the local postoffice for detailed information and application blanks."

Miss Anna Lee Tucker, who has been a guest of Misses Corinne Hamlin and Beita Pardee, at Hamlin, returned home Sunday night.

FAIR PRICE COMMITTEE FOR SWEETWATER NAMED BY MAYOR

In connection with the appointment of a fair price committee for this city, Mayor A. Engle issued the following statement, Wednesday:

"As a suggestion of a number of citizens of Sweetwater, I have appointed the following Fair Price committee for this city:

W. Carter, County Food Administrator, chairman.
B. Bishop, representative of the Grocers.
P. H. McMullan, representative of the Dry Goods Merchants.
W. Hill, representative of the Grocers.
T. H. Tollock, L. M. Hubbard and W. W. Wright, representatives of the Grocers.
J. E. Brown, representative of the Grocers.

The above named committee will endeavor to establish fair retail prices for all necessities of life sold in the city of Sweetwater, and any excess of high prices will be considered evidence of profiteering. In reaching this conclusion, this committee, through its chairman, the local Food Administrator, will have authority to call on grocers, books or other means of information that might assist in fixing retail costs and selling prices.

The State Food Administrator states that the U. S. Attorney General has issued instruction to all U. S. Attorneys to the effect that the fixing of fair price committees shall be accepted by them as fair prices and that any merchant charged with profiteering will be considered guilty of profiteering and therefore prosecuted.

LOCAL NEWS IN BRIEF

J. H. Hubbard is reported ill this week.

Winn, son of Mr. and Mrs. J. I. Payne, suffered a badly sprained arm Wednesday afternoon, when he fell on the sidewalk on the north side of the square.

Cotton was quoted at 40c per pound, middling basis, on the local market yesterday afternoon. Very little of the staple has been received here the past week on account of bad weather.

An examination for teachers' certificates is being held today and tomorrow in the office of County Superintendent Miss Minnie Fowler. Examinations are for permanent, first, second and primary certificates.

A total of 5,000 bales of cotton have been received and weighed at the local yard up to Wednesday night, according to Public Weigher R. C. Shipyard. Very little of the staple has been received here during the past ten days on account of bad weather.

The Dennis Business College has moved from the Sweetwater Reporter building to the third floor of the court house. The change in location was made necessary because the growth of the school has been such that more room was needed to properly care for the students.

A fire alarm last Friday morning called the fire department to the residence of Dr. S. N. Leach, in the northeastern portion of the city. The flame of an oil stove ran up when Mrs. Leach stepped out of the kitchen for a moment, and it was feared the stove would explode. Slight damage to the wall paper in the room was the only loss resulting.

Miss Velda Ellis was rendered unconscious by a fall on a cement walk at the High school building Tuesday afternoon. In company with other students, Miss Ellis was skating on the walk, when she fell, her head striking the walk. She recovered in a few moments and was able to resume her work in the school room for the remainder of the day.

LOCAL CHURCH WILL RAISE QUOTA IN \$75,000,000 DRIVE

Victory week in the Baptist \$75,000,000 campaign opened most auspiciously for the local church of that denomination last Sunday morning, when a total of \$22,500 was raised at the Sunday morning service. The quota of the Sweetwater church is \$25,000, and the workers are enthusiastic in the belief that the quota will not only be raised but exceeded by several hundred dollars before the drive ends next Sunday night.

The state quota in the drive has been placed at \$16,000,000, and reports from Dr. F. S. Groner, of Dallas, state director, received here Wednesday morning indicated that favorable reports were coming in from all parts of the state, and it was reasonably certain that the state quota would be raised.

Mrs. J. M. Boren, of Post City, was a guest of Mrs. J. D. Dulaney Monday, while en route home from a visit with her two daughters, who are students in S. M. U., at Dallas.

OIL ACTIVITIES OF THE PAST WEEK

The Mineola Co. resumed drilling at their test on the Lanus ranch, yesterday morning, after spending several weeks in trying to recover a string of tools lost in the well. Being unable to recover the tools it was decided to drill around them, and this has been done.

The drillers have succeeded in cutting off the strong flow of salt water at the Hitter Creek well of the Nolan Oil & Gas Co. and are bailing out the hole. There is a strong gas flow in this well, with a light showing of oil, and interesting developments are expected within a few days after drilling is resumed.

LAUGHED TOO SOON

An excellent case was lost purely
and simply because of want of tact.
An individual possessing fiery red
hair happened to be run down at a
street crossing. As luck would have
it, the horse was a white one. The de-
fendant's counsel imagined that here
was a good opportunity, and proceed-
ed to make a number of witty remarks
relative to red hair and white horses.
Everybody laughed. They couldn't help
it.

Unfortunately, however, there hap-
pened to be a man on the jury whose
hair was a very dark shade of auburn
and he was absurdly sensitive on the
point. The method by which that man,
who was of an exceedingly stubborn
nature, brought the rest of the jury
around to a verdict for the plaintiff
is a mystery, but he did it.—Pittsburg

CHEERFUL WORDS

For Many a Sweetwater Household
To have the pains and aches of a bad back removed—to be entirely free from annoying, dangerous urinary disorders, is enough to make any kidney sufferer grateful. The follow- ing advice of one who has suffered will prove helpful to hundreds of Sweetwater readers.
Mrs. R. A. Goodchild, 300 S. Bowie St., Sweetwater, says: Doan's Kid- ney Pills have been a family medi- cine in my home for a number of years. I was bothered at times with rheumatic pains which caused my feet and ankles to swell twice their natural size. My hands also became swollen. My kidneys didn't act right at all but after using Doan's Kidney Pills a short time the swelling went down in my feet and ankles and the rheumatic pains were relieved. I felt a great deal better in every way.

KINDNESS TO ANIMALS

The little Boy Scout was troubled at night because he had forgotten to do the daily good turn to which all scouts are pledged. Tossing on his bed of remorse, at last he gained in- spiration by hearing pitiable noises made by an unfortunate mouse which had been caught alive in a trap in a passage hard by. Mindful of the law, "A Scout is the friend of animals," he arose from his bed and took the poor mouse out of the trap.
"And what did you do with it?" he was invite ditto explain, as he told the story of his good turn.
"Gave it to the cat," quoth he.—Pittsburg Telegraph-Chronicle.

SIMPLY BRUTAL

The other day a woman entered the office of Lou Guernsey and asked him to be her lawyer in a divorce case. She said she had been married only a day.

"Married only a day and you want a divorce?" gasped Guernsey, incredulously.
"Yes," insisted the woman, and ex- plained:
"When my husband came home from the office I was crying. He asked me why, and I said:
"Oh, John, I baked a lovely cake and put it out on the porch for the frosting to dry and the dog ate it."
"And, John said: 'Don't cry, dear, I know a man who will give us another dog!'"—Los Angeles Times.

THE MOST DANGEROUS DISEASE

No organs of the human body are so important to health and long life as the kidneys. When they slow up and com- mence to lag in their duties, look out! Find out what the trouble is—without delay. Whenever you feel nervous, weak, dizzy, suffer from sleeplessness, or have pains in the back—soak up or ease. Your kidneys need help. These signs warn you that your kid- neys are not performing their func- tions properly. They are only half doing their work and are allowing im- purities to accumulate and be convert- ed into uric acid and other poisons, which are causing you distress and will destroy you unless they are driven from your system.

Callus? "Gets-It" Will Peel It Off!

Nothing on Earth Like Simple "Gets-It" for Corns or Calluses.

A callus, or thickened skin on the sole of the foot, which often makes walking a misery is of the same nature as a corn. "Gets-It" removes it as easily as it does the toughest corn. By using a few drops of "Gets-It" on the callus, you will be able to peel it off with your fingers, in one complete piece just as you would a banana peel. It leaves the skin free and smooth as though you never had a callus. You need no more fussy plasters, sticky tape, "package" bandages, knives or scissors for corns or calluses. "Gets-It" is the national corn remover, the biggest on earth, used by millions. It never fails. You'll work, play and dance at ease in spite of corns. "Gets-It" is the only sure, guaranteed, money-back corn-remover, costs but a trifle at any drug store. MFD by E. Lawrence & Co., Chicago, Ill. Sold in Sweetwater and recommended as the world's best corn remedy by Palace Drug Store.

WOMAN SPEAKER TELLS OF CONDITIONS IN SOUTH AMERICA

MRS. IDA CLYDE CLARKE, TRAVELER OF WIDE EXPERIENCE, FINDS EXCEPTIONAL FIELD FOR WORK AMONG WOMEN.

By Mary Corner Raymond

With contagious humor and in picturesque descriptive style, Mrs. Ida Clyde Clarke, newspaper woman, traveler, magazine writer, author and contributing editor to Pictorial Review, held a delighted audience in smiles and wrapt attention at the evening session of the Southwestern field conference of the Y. W. C. A. at Dallas while she related her experiences and observations during a six months' trip in South America. Her subject was "The Challenge of South America to the Y. W. C. A."

True to her newspaper training and the characteristic temperament of the newspaper writer—ready for any emergency, from a fire to a sudden trip to South America—Mrs. Clarke picked up her hat and handbags on short notice and went to South America last January with a commission of three other women sent by the national board of the Y. W. C. A. to study the conditions and needs of women and girls in the Southern continent. Many appeals had come to the national board to send Y. W. C. A. workers to South America. As it is the policy of the association never to send workers anywhere for permanent work without first making an investigation as to the practicability of the enterprise, Mrs. Clarke, because of her experience as a traveler, was asked to be a member of this survey commission.

On the principal that a newspaper woman may go anywhere or do anything within the law, no matter what the traditions or customs of a country may be, Mrs. Clarke met presidents and diplomats, women of high and low degrees; made trips into countries where she was told women travelers never went alone, and everywhere, she said, she was treated with characteristic Latin courtesy. In every country she was struck with the immense wealth and culture of the higher classes, a universal eagerness for the progressive methods of North America, a universal desire for social and welfare work among women, and with it all she marveled at the vast resources of the country—forests of mahogany untouched by the ax and territory visited by no commercial enterprise except packers.

Social work among girls and women is as undeveloped as many of the natural resources of the country, she said, and the much-abused packers are doing in some places for their girl and women employes Y. W. C. A. work—not in the name of the Y. W. C. A., to be sure, for there is no organization there; but the heads of packing industries are trying to meet some of the needs the Y. W. C. A. meets with employed girls in the United States. The Y. W. C. A., she said, is also doing as far as it can Y. W. C. A. work because there is so much need of work for women.

The efforts of the men to provide opportunities for girls such as they have in North America were humorously illustrated by an enterprise undertaken in Brazil. A young President of one of the States of Brazil visited the United States and was greatly impressed with advantages afforded girls here. Like a regular Ad Clubber or Rotarian, he went back to his home city, interested all the other progressive young business men and they built a school for girls. It was elaborately equipped for teaching domestic science, thinking that first of all girls should be trained to be home-makers. Courses were announced for "graduate wifehood and motherhood." The school, plenty of money to conduct it, pupils—everything but teachers were found. Again they turned to the United States and got a faculty of young women about 21 years of age to teach wifehood and motherhood. The school is now closed and the "faculty" have sought more suitable vocations.

At Rio Janeiro, a city of 1,600,000 population, she said, were 20,000 employed women and not a building where such a woman might have lunch, while every third door is a coffee house for men. "When eating in your scientific cafeterias and in the lunch-rooms provided by factories and department stores for women employes, think of the girls of Rio Janeiro, eating a sandwich and a banana wherever they can find a spot to stand or sit.

The one thing the matter with the woman movement in South America," Mrs. Clarke said, "is that it has no self-starter.

"If I were free to do so, I should go to South America tomorrow to help do the social and welfare work among girls and women that all classes of women are asking for."

Attending the conference were representative women from Texas, Oklahoma and New Mexico. Much interest was manifested in the conditions as described by Mrs. Clarke and the appeal made to extend the work of the Young Women's Christian Association in South America. Members of the Association and other interested women in the Southwest will co-operate with the National Y. W. C. A. in sending Y. W. C. A. secretaries to establish permanent work in new centers in the Southern Continent.

How they created a demand for the Post-War Maxwell that cannot be fulfilled

THERE is a demand for the Post-War Maxwell that eight great plants cannot fill. More than 40,000 persons who set their minds on having one will have to go without.

The cause for this is due largely to the magnificent performance of the 300,000 previous Maxwells.

They delivered such excellent mileage at such low cost that the great American public learned to know this car.

This unprecedented demand is evidence of its deep rooted appreciation. Then when the Post-War Maxwell came out, with its score or more of refinements and improvements developed during the war, the demand for Maxwell reached a new peak.

100,000 are being built during the current year. 40,000 more readily could be marketed.

Thousands are priding themselves on possessing one of these Post-War models; thousands more will have their hopes filled; thousands will have to go without.

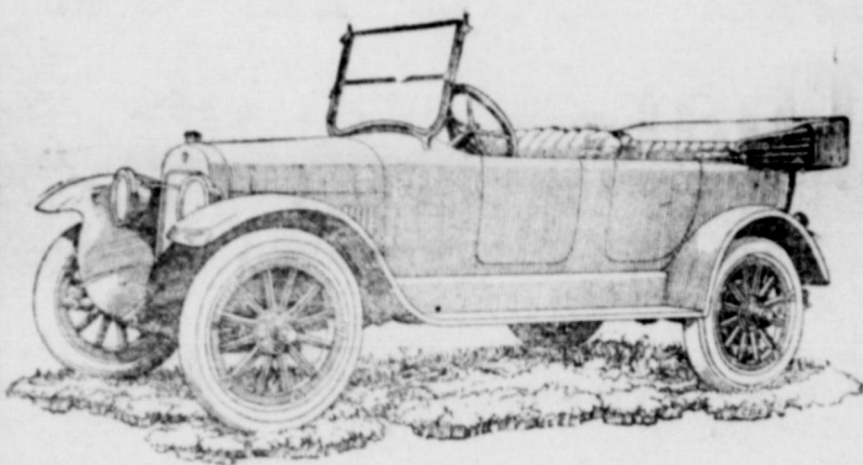

Which class will you be in?

SWEETWATER SOCIETY

BLUE BONNET CLUB
Mrs. Tom Flack was hostess for the ladies of the Blue Bonnet club Tuesday afternoon. A most enjoyable time was spent in fashioning pretty things, many of which were Christmas gifts for friends and relatives.

A delightful course of refreshments was served.

THEATRE PARTY
Miss Roselle Brand honored Misses Mary Douthit and Anna Hess Chambers, of Abilene, with a theatre party

Saturday evening. After the show the party returned to the home of the hostess and spent the remainder of the evening with songs, music and a general good time.

Those of the party, in addition to the honorees, were Misses Bessie Beall, Florence Poffenbach, Lorena Kelsey, Frances Reynolds, Ella Brand and the hostess; Messrs. Stuart Browning, Garland Vinson, Leland Glass, Marshall Morgan, Dent Beall, Russ Stiles, Claud Beall and Ernest Wright.

ELKS' RECEPTION
All social events of last week and in fact, of the season, were eclipsed by the Elks' annual Thanksgiving reception on Thursday evening at the club rooms.

Every detail of this pleasant affair was carried out to perfection. Music for the first half of the program was furnished by local talent and the orchestra from a visiting theatrical organization.

An elaborate refreshment course was served. A number of out-of-town guests were present.

E. M. B. LUNCHEON
One of the most pleasant social affairs of the past week was the meeting of the E. M. B. club with Mrs. W. S. Singleton in her suburban home west of the city. Miss Natalie Smith, of Colorado, was a guest, and assisted the hostess in entertaining. When the ladies had tired of fancy

work they were invited into the dining room, where a "feast fit for the gods" was spread. A turkey dinner, with all the toothsome accessories, was served.

SELF CULTURE CLUB

Mrs. W. W. Davis was hostess for last Thursday's meeting of the Self Culture club. A full program was enjoyed.

Refreshment plates were passed at the conclusion of the program.

Mrs. Willard Gibson will be hostess for the next meeting of the club next Thursday afternoon.

THE MAN ON HORSEBACK.

One of the best speeches made in the house in years came from the lips of Representative Osborne, of California, the day of the Pershing parade, says the Washington correspondent of the Cleveland Plain Dealer. Having been one of the soldiers who marched up Pennsylvania avenue at the close of the Civil War, for a final review by General Sherman, he was able to draw a beautiful and striking contrast with the return of the veterans of 1919.

At one point in the address the representative spoke feelingly of how Sherman at the head of one column, at Fifteenth street and Pennsylvania avenue, had turned on his horse and looked back at the advancing veterans.

"Thus," said Mr. Osborne, "the figure of Sherman, cast in bronze, sits today at the head of Pennsylvania av-

enue as he sat that day, more than fifty years ago."

The reference to the Sherman statue aroused great interest and were the pilgrimages made to the statue within the next few days to see how Sherman looked gazing down the avenue. But horrors upon horrors! It developed that Sherman was looking not toward his advancing column, but toward the White House, which stands in an opposite direction.

Now Osborne is looking for the man who gave him the misinformation about the man on horseback.—Pittsburg Telegraph-Chronicle.

HIS FIRST KING

One of the treasury officials who helped put over the Liberty Loan campaign and his colored servant, George, were coming through Rock Creek park the other morning and they met King Albert of Belgium taking a constitutional afoot. The trio stopped and chatted for a few minutes and the king shook hands with George the same as he did with the official.

After the king had passed on the official turned to George and asked him what he thought of his majesty.

"Man alive," George said, "that am the first king I ever saw outside of a deck."—Washington Star.

HIS FIRST CLIENT

An Iowa lawyer went to a small town and hung up his sign. Then he sat down and waited for clients, all the while feeling very clearly the dignity of his new position. Nobody ap-

peared and he fell into the habit of going to the station to witness the arrival of the daily train.

One morning a handsome, well-dressed lady accosted him. "Are you Mr. Smith?"

At once the feeling of importance returned, and, in bland tones, scenting a case of some value, he replied: "I am, madam. What can I do for you?"

His chagrin was indescribable when she replied: "Can you tell me how much it will cost to send a big pig and her little pigs to the next station?"—Pittsburg Telegraph-Chronicle.

GENERAL NEWS BRIEFS

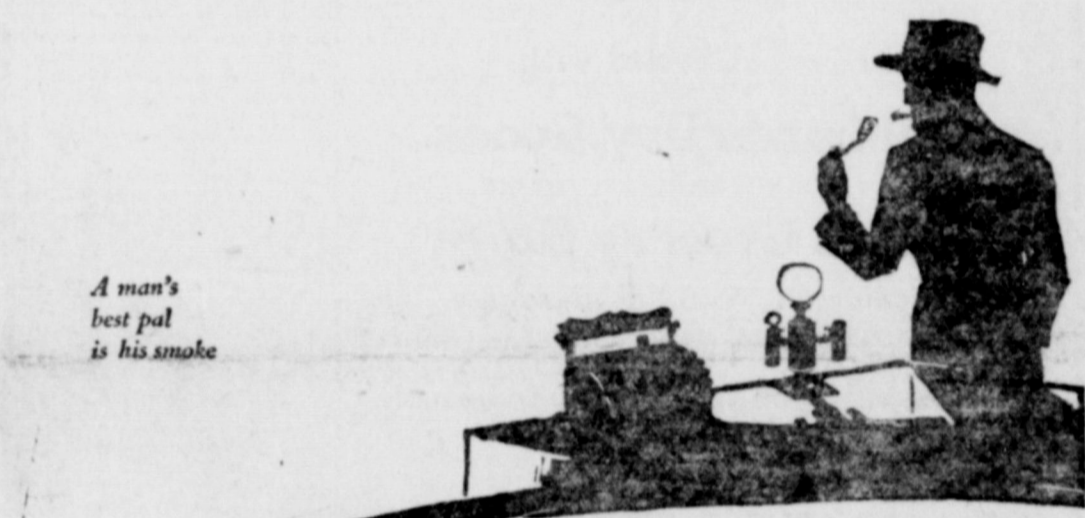

BERLIN—Germany has put a check upon the export of necessities, with imprisonment for violators of the regulations.

WASHINGTON—Although a new effort for compromise ratification of the peace treaty is expected to follow closely the reconvening of the regular term of congress, there is apparently little hope among the senators that decisive action on it would be ready for several weeks.

WASHINGTON—Senator LaFollette in a minority report on the Cummins railroad bill asserts that the government ownership of railroads is logical and inevitable and urged that the roads be retained under government operation for an experimental

period of at least five years. He assailed the provision prohibiting strikes or lockouts and declared that a systematic and powerful propaganda campaign had been carried on to discredit government operation of railroads.

LONDON—Writing in the Sunday Herald, Winston Churchill discusses the theme, "Will America Fall Us?" and says it is impossible to exaggerate the gravity of the consequences which would arise from America's withdrawal from the treaty with Germany or repudiation of the League of Nations. He charges the league was purely an American idea which was pressed on Europe at the cost of precious months of peace making, and that the entire shape and character of the world peace was accepted by Europe at America's dictation, the complete break-up of Austria-Hungary and establishment therefrom of several small states being due entirely to American initiative.

A man's best pal is his smoke

"Knew we'd get together"
—Ches. Field

HERE'S where the particular smoker meets the particular smoke—Chesterfield.

Particular is right! Not only do we use the four choicest varieties of Turkish tobacco—Xanthi, Cavalla, Smyrna and Sam-soun—but to these we add the rich, sun-ripened leaves of specially choice Domestic tobacco.

Fine as these tobaccos are, it's the exclusive process by which they are blended that gives to Chesterfields that satisfying body, that mellow richness which makes a smoke mean something.

Chesterfields certainly do satisfy as no other cigarette has satisfied you before—and to top it off, they are packed in a glassine paper package that preserves for you all of that delicious flavor.
