## BATTERY UNIT IS BEING RECRUITED

Will Be Designated As Headquarters Battery 131 Field Artillery T. N. G.

### OFFICERS HAVE BEEN CHOSEN

Sidney Mason is Captain—Two First-Lieutenants Are Appointed.

Twenty-two men, exclusive of officers, have been lined up in Sweetwater's unit of the Texas National Guard and the force is expected to be recruited to full strength, including fifty-five enlisted men and officers, by the last of the week.

The Sweetwater unit, which is the last of the Division to be recruited, will be designated as Headquarters Battery, 131 Field Artillery, Texas National Guard. Organization of the unit was started May 19 by Major Adams of Crowell and is now being carried on actively. Applicants are requested to see Dick Wood at Dale Warren's garage.

Three officers have been appointed for the Battery as follows: Captain, Sidney C. Mason; and two First-Lieutenants, Dick Wood and John B. Majors. Dr. W. F. P'Pool will be commissioned within the next ten days as Captain in the Medical Corp of the regiment and will be stationed in Sweetwater. Dick Wood will be commissioned as Captain and will act in the capacity of Battalion Adjutant.

Radio equipment valued at \$650 will be issued to the local unit and installed in the Armory. This machine will allow the receipt of messages, but will not be capable of sending to other points. Sweetwater will be headquarters for the Battalion and all orders will be sent from this place by telegraph or telephone. Two motorcycles for the use of couriers has been issued and the probability exists that the local unit may receive four machines.

The Armory for the Sweetwater unit will be selected upon the return of Major Adams.

The unit will be composed of signalmen, range-finders, observers and supply trainmen. All of the men will be trained along the special lines. The battery will attend a fifteen-day encampment at Fort Sill, Oklahoma, on July 22, when they will be given intensive training along each special line. Due to the fact that the Battery must be officially recognized thirty days before time for entrainment for camp, all efforts are being made to complete the enlistment of the local unit.

The men will receive two complete uniforms, hats, raincoats, etc., and will be issued sidearms. The wage of the men in camp will run from \$30 a month upward. The men will be paid at the regular wage of \$1 a day upward for each day in which they drill an hour and a half while in Sweetwater. It is estimated that the average wage paid to the men composing the battery will amount to approximately \$300 a year. Figures show that approximately \$18,000 will be spent in Sweetwater as the result of the location of the unit at this place.

### COLEMAN COUPLE MARRY

Special to The Reporter  
COLEMAN, May 22.—Sam D. Mask and Miss Mae Needham were married at the court house here Thursday afternoon by County Judge E. G. Matthews. These young people will make their home in the Starkwater community.

## RETURNS FROM TOUR

R. M. Dunlap Visits Son in Laredo—Had Not Been Together in Thirty Long Years.

R. M. Dunlap has returned to Sweetwater after a forty-five day tour and visit through the southern part of the State, where he spent several days with his son, O. E. Dunlap, at Laredo, Texas. Mr. Dunlap had not seen his son in thirty years, the younger man having left his home about the time of his majority. At present the son is a dentist in Laredo, where he does a large business, both in Laredo and across the border at Nuevo Laredo, Mexico.

In his tour through the southern counties and along the way the country is showing the signs of too much rain. When Mr. Dunlap went south six weeks ago, water was standing in many places along the way and the same ground had more water upon the return trip. Johnson grass has covered the country, where the water has left the land uncovered, according to Mr. Dunlap.

Farming and planting are either at a standstill or very much delayed. Little cotton has been planted and where it has been, there is only a very poor stand obtained. Bell and Williamson counties, two of the banner counties of the State, are partially covered with water and prospect of a crop are not encouraging.

Sweetwater is doing more building and showing more civic improvement than any city of town I passed through my 14 mile trip," said Mr. Dunlap. "People is spreading out some, but not to the degree that the home town is."

## SODERMAN TO TRIAL

Former Fort Worth Hotel Man Charged With Murder Of J. C. Powers—Appears Nervous

DALLAS, May 22.—Dave Soderman, Fort Worth hotel man, went on trial for the murder of Major J. C. Powers, playwright and member of a prominent Kentucky family in the lobby of the Waldorf hotel on April 18.

"Wild Bill" McLain, hero of the Clara Smith Hamon trial at Ardmore, is directing the defense and Mawry Hughes, District Attorney, is pushing the prosecution. Both lawyers announced that they were ready when the case is called.

Soderman appeared nervous as the tallsmen were examined and when the recess for noon was taken, two jurors were tentatively accepted. The defense, questioned the men closely regarding the rights of man to protect his home. The Courtroom was jammed with people and many were turned away.

## THEATRE DESTROYED

Lightening Causes \$100,000 Fire During Storm—Thieves Start Another Blaze.

DALLAS, May 22.—Fire which swept the building occupied by the Wairhaven Printing Company with an estimated loss of \$75,000 is believed to have been caused by lightning. The fire, which started in a room on the second floor, spread to the main floor and destroyed the building and the scenery lost in the flames were valued at \$100,000. A negro watchman was knocked unconscious by the bolt. A heavy rain, which was falling at the time, had no effect upon the flames.

The Lee and Coates restaurant was also destroyed in the flames. The robbery of the safe was discovered shortly after the alarm for the fire had been turned in. The amount secured by the robbers is unknown. Lightning is believed responsible for the fire which destroyed an open air theatre in Cyc's Park here Sunday night. The shell of the building, costume and the scenery lost in the flames were valued at \$100,000. A negro watchman was knocked unconscious by the bolt. A heavy rain, which was falling at the time, had no effect upon the flames.

## TO GIVE CLOSING PLAY

Fifty-Eight Students Will Receive Diplomas—Austin Judge To Speak

COLEMAN, Texas May 22.—Commencement exercises of Coleman High School will begin Friday, May 26 with annual class play, "The Merchant Of Venice."

Sunday morning May 28, the commencement sermon will be preached at the Methodist church by Dr. C. R. Wright of Fort Worth.

Thursday night, June 1, will be class night at the Presbyterian church. Hon. Walter Woodard of this city will make the address to the seventh grades at this time.

On Friday morning at 10:30, June 2, the regular graduating exercises will take place at the opera house. The annual address will be made by Judge O. S. Lattimore of Austin. Fifteen boys and forty-three girls will receive diplomas.

J. E. HENDERSON A VISITOR  
J. E. Henderson, bookkeeper in the business department of the Avalanche at Lubbock, passed through Sweetwater today on his way home from Dallas where he has been on business.

GETS BIG WATER FILTER  
The Sweetwater Laundry has received a large water filter with a capacity of sixty gallons a minute for the purpose of purifying the water used in the laundry.

Mrs. D. L. Seals left for Plainview yesterday following a short visit in the city. Her home is in Italy.

## LOCAL BOOSTERS TAKE PLAINVIEW

Sweetwater Band And Marching Detachments Makes Crowd Sit Up And Take Notice.

### ONE DISPUTE MARS JOURNEY

E. C. Brand And Tom Cowan Ride In State—Whole Group In Fighting Trim.

Reporter Staff Special.  
PLAINVIEW, May 22.—The Sweetwater delegation stormed Plainview at 8:30 o'clock this morning with other towns coming in with a handful of representatives. The Sweetwater band and the seventy-five delegates, led by Santa Fe yards and R. M. Simmons surprised the Convention crowd and brought the fact home to those who thought that they had the 1922 meeting clinched that Sweetwater was on the ground attired in fighting togs.

John Green carried the Sweetwater for the Convention City banner in the parade assisted by Roy Farmer, the diminutive paper salesman from Colorado. Plainview is athrill with the limelight that has been thrown on the city from the other cities of West Texas and that attention of the nation. Plainview has proved her ability as hostess to the West Texas Chamber of Commerce Convention. All visitors are praising Plainview and her hospitality. Nineteen private cars and Pullmans are parked in the Local Santa Fe yards and thousands of people are meeting all incoming trains, welcoming additional visitors to Plainview and the Convention.

Every tree in the business part of town has been whitewashed and all the business houses decorated with bunting. More flags are in evidence in Plainview than can be found in Independence Square in Philadelphia on the fourth of July. All automobiles bear a sign welcoming the visitors to Plainview and inquiring "where do you want to go?" The Mason and Elk lodges are having open house and are preparing to feed all visiting members.

The fight for the next convention of the organization seems to be centering between Sweetwater, Brownwood, San Angelo, Vernon. The probability exists that there must be a new president selected to take the place of President Kemp who is unable to continue in the position on account of ill health.

The Sweetwater boosters had an uneventful trip with only one notable exception, namely a heated argument between representative Chitwood and Rufus Wright over which the pro and con sides snoring. Mr. Wright was awarded the decision by the band and Tom Cowan shared the rigors of a moss vote of the crowd. E. C. Brand the trip in a stateroom and arrived at Plainview in fine fighting trim.

The delegation was decorated with its badges by J. P. Majors shortly before the train arrived in Plainview. E. C. Manroe, aside from tooting the major brassier in the Sweetwater band, also talked to the law. Mr. Manroe did not let the police bother his musical temperament when the Sweetwater delegation blocked the street as it turned to its headquarters and held up traffic for several minutes. Manroe finished his piece of music and then arbitrated with the officer.

MAXIMILLAN'S SON A SPY  
By The United Press.  
PARIS, May 20.—Among the spies shot at Vincennes fortress, just outside Paris, during the war was a natural son of Emperor Maximilian of Maximilian of Mexico, who was executed in Queretario after the downfall of his regime. The spy's name was Maximiano Sedano. Legend has it was about sixty years old and had been a typical boulevard adventurer for a quarter of a century, living by his wits. He was recruited for the German espionage in Barcelona at the outbreak of the war and sent to Paris.

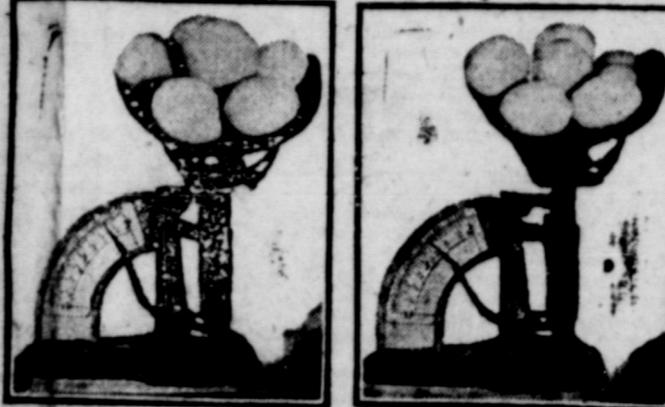

DIRECTS TRAFFIC  
Gen. Finley from Abilene directed automobile traffic at the corner adjacent to the City National Bank Sunday afternoon for a time. Mr. Finley was a member of the Abilene delegation to the West Texas Chamber of Commerce Convention at Plainview and was going through Sweetwater enroute. He is a heavy man but the traffic wa sheavier so he quit.

SENATOR WATSON RAMPANT  
WASHINGTON, May 22.—The subject of Georgia postmasters caused Senator Tom Watson of Georgia to threaten bodily violence against Senator Phipps of Colorado in a violent dispute in the Senate Saturday. "Say one word out of the way and I'll knock you down," Watson shouted at Phipps as the two faced one another outside the Senate Chamber.

## PLAY BALL

Patronage at Swatter Park has dwindled until it has reached an alarming stage. Reports from other towns in the circuit indicate at least a reasonably good attendance and it is difficult to understand just why Sweetwater Fans will not turn out in greater numbers. The Swatters are playing an excellent brand of baseball and with beautiful weather on tap local fans are urged to fill that old grandstand and bleachers, cheer the locals on to victory and help pay the freight of a cause that is worthy. The management of the local club needs the assistance of every local fan. As a matter of civic pride Sweetwater must remain in the league but she cannot do so unless every fan puts his shoulder to the wheel. Let's go, fellows.

### PLANE PILOT KILLED

GALVESTON, May 22.—W. D. Imel, 26 years old, of Elk City, Okla., is dead and Charles Scholes, 18, of League City, Texas, in a local hospital in a serious condition as the result of an air-plane accident late Sunday afternoon here. Imel was piloting the plane and attempted to bank for a turn when he was only about two hundred feet from the ground. The plane was caught in a sudden gust of wind and crashed to the earth in a sidslip.

### THREE DEAD IN STORM

Tornadoes And Cloudbursts Sweep Over Three States.—Okla. HR Hard

By The United Press.  
OKLAHOMA CITY, May 22.—Three persons were reported killed and several injured in tornadoes and cloudbursts which swept the southwest Sunday and Sunday night demolishing communication facilities in Oklahoma, Texas and Kansas.

Menager reports over crippled wires indicate that the storm was general and that damages to growing crops have resulted. Streams are reported rising and floods are feared in several sections. All losses of life were reported from Oklahoma. The storm which swept over Texas were mostly cloudbursts. Walnut Springs received heavy damage from the waterspout.

### TWYMAN SENTENCE APPEALED

With Alleges Errors in Charge of Court—Court to Jury—Jury asks Validity

AUSTIN, May 22.—An appeal has been made in the Court of Criminal Appeals in the case of H. G. Twyman, former drill master of the State Juvenile Training School at Gatesville who was convicted of the murder of Dell Thomas, 14-year-old boy inmate recently sentenced to ten years in the penitentiary.

The validity of the indictment is attacked in the appeal on the contention that a number of errors were made at the trial by the Court in the charge of the jury.

## FRANCE A LEADER IN CO-OPERATION

Displays Greater Ability In Keeping Peace Among Her Colonial Subjects.

### IS AN OLD FRIEND OF TURKEY

Depends Upon the Power of Colonial To Keep Strength Of Army.

By The United Press.  
PARIS, May 22.—President Millerand's return to Paris from his visit to the French mahometan colonies in North Africa has emphasized the exceptional solidity of interest which binds France to the followers of the Prophet. No other western power is able to co-operate with the mahometans as well as France.

French statesmen planned President Millerand's journey to Africa for the purpose of emphasizing this fact. Great Britain in Egypt and India, Spain in Morocco, Italy and Greece in Asia Minor all have constant troubles with the mahometans. The United States is similarly unable to get on terms of intimacy with its own mahometan more subjects in the Philippines.

French administration of the North African colonies, however, has succeeded in establishing a fraternal comradeship with the muslimans. France has put into effective operation an entirely different system of government from those that prevail in other mahometan colonies. French mahometans are being made to feel that they are immediate citizens of greater France and have a personal interest in France's welfare.

This policy of equality with the non-christian colonies has been adopted by France as a measure of self-protection. French statesmen know they cannot continue their present military policy in Europe without having a larger supply of manpower than France herself can furnish. The French population is declining, at the precise time when France must find more men.

The only fresh source of supply for France is her colonies and among her colonies the fighting spirit is found only in the North African mahometan countries. That is the reason why France is giving so much attention to cultivating friendliness with the Africans. France believes the time may come when she will need mahometan assistance to hold her place in Europe.

Just before President Millerand began his tour to Africa, France made a separate treaty of friendship with the Turkish nationalists. These mahometans are fighting against the terms of the Turkish peace treaty and want to compel the restoration of the Sultan's lost sovereignty in Europe. France alone among the great powers is now the Sultan's friend. The Sultan is the head of the mahometan church and France's amity toward him was of great assistance to President Millerand in Africa.

French colonial strategy, therefore, is but little removed from the strategy of the French war office. France is engaged in an intricate struggle to win first place on the continent of Europe. President Millerand's trip to Africa has an importance in the eyes of European statesmanship which will be reflected in all immediate European policies.

## MAY HOLD OFFICE

Failure To Pay Poll Tax Is Not A Disqualification, Says Attorney-General.

The failure of candidates to pay their poll tax will not disqualify them from holding office, this ruling being different from the law regarding voting in a primary election, according to a letter received by Mrs. Myrtle McGinley Curry. Payment of poll tax is necessary for one to vote in the primary, but it is not one of the prescribed qualifications for holding office.

The letter received by Mrs. McGinley reads as follows:  
Hylton, Texas, Dear Mrs. Curry, replying to your favor of the 6th relative to the proposition as to whether you can participate in the primaries or not because not having paid your poll tax, and in which letter you asked that I obtain from the Attorney General's Department a ruling on the proposition, you are respectfully advised. (a) Anticipating that such question would arise from the information coming to me from the tax records, I wrote the Attorney General in connection, in which I submitted to him the proposition that there were no provisions in the Constitution inhibiting one who possessed requisite qualifications from holding office, though they had not in fact paid a poll tax as a poll tax is not a requirement or qualification to hold office. (b) That there is a distinction between the laws with reference to primary and of general elections, that is to say, in order for a person to vote in the primary election they must be a qualified elector; in order for a person to hold an office they must possess the qualifications prescribed by the constitution, and the payment of a poll tax not being one of the prescribed qualifications to hold office, you will be qualified to hold such office, though you have failed to pay your poll tax.

For your information I enclose you the letter received from the Attorney General's Department, which you will kindly preserve and return to me at your convenience, as might have occasions to use same with the Executive committee.

I am very truly yours,  
W. E. PONDER, Co. Atty.

## LOST IN SHIPWRECK

Approximately One Hundred Believed Drowned When Ships Crash In Fog Saturday Night.

BREST, FRANCE.—May 22.—Approximately one hundred lives are believed to have been lost when the Peninsular and Orient liner, Egypt, was rammed by the cargo steamer, Seine off the coast of Finisterre in a heavy fog Saturday night and sank within half an hour after the collision.

The Egypt carried thirty-eight passengers, twenty-eight of whom were rescued. Others may have been picked up by veses in the dense fog, but have not arrived at their destination yet. Two hundred of the crew of the liner were saved.

Statements from the captains of both boats indicate that the accident was unavoidable, but passengers on the Egypt indicated that there had been trouble with the crew, which prevented all of the lifeboats from being launched. Patrol boats are sweeping the sea in the vicinity of the scene of the wreck in the hope of picking up other floating refugees.

**THAT \$9.00 KICK**

The Reporter is in receipt of a copy of the following letter addressed to the Secretary of the Sweetwater Board of Development: Mr. George Sheppard, Sweetwater, Texas.

I note in a copy of the Sweetwater Reporter that an article "Kicks About \$9" bears a very prominent position. I do not know if it was given the prominence for the purpose of inspiring someone to remedy the situation or whether it was in a mind of jest by the editor worded his article as he did. Anyway Scurry County has in the neighborhood of \$400,000 invested in a good road for the purpose of conducting traffic through this section and we are naturally anxious to be able to direct this travel over this road. Scurry County has made many appeals to Sweetwater and Nolan County in the years gone by to connect up a good road with us but inasmuch as circumstances perhaps have not been such as to accord the same recognition to travel running northwest and in view of the conditions now existing between our respective cities it seems that this article is rather badly worded as far as the position we are indicated as having taken. We were acting in the utmost of genuine interest and trust this article is not inspired with any more than co-operative criticism.

Very Truly Yours,  
E. J. ANDERSON, Secretary  
Scurry County Chamber of Com.

Far be it from the Reporter to criticize the able Scurry County organization for complaining of bad roads in Nolan County in general or of the Rose Water Situation that bred the road hole contiguous thereto in particular.

Conditions are only a little worse this year owing to the unusual rainfall than they have been for years. It is a situation that has been complained of for years by Nolan county citizens. So far the complaints of Nolan County citizens have not resulted in any remedy. With the idea that additional weight to the complaints of Nolan County citizens might be lent by the publication of Scurry County's protests, and also the news value of Scurry County's opinion led to the publication of the "\$9 Kick."

Any county that has the progressiveness that goes with the expenditure of \$400,000 for good roads has the Reporter's admiration and with no hint of blame if they protest the action of an adjoining county in partially nullifying the results expected from said good roads.

The Reporter's only motive in publishing anything concerning the Rose

Water Situation is that a thorough understanding of the situation and effects thereof may be had, incidental to the adoption of a plan of campaign to eliminate said situation and the securing of united action for such campaign.

**WERE MARRIED SUNDAY**

Miss Anna Belle Wood Weds D. C. Littlepage—To Live At Amarillo.

A wedding of much local interest occurred at 3:30 o'clock Sunday afternoon, when Drury Cecil Littlepage of Dallas wed Miss Anna Belle Wood to the Hymenal altar, Rev. D. B. Doak, pastor of the Methodist church, officiated using the ring ceremony.

The wedding took place at the home of Mr. and Mrs. J. H. Bennett and was witnessed by about twenty-five of the closest friends of the contracting parties.

The bride has been stenographer for the local Flak Tire Rubber Co. and came here from Dallas about two years ago. She has made a large circle of friends since coming here. She is not only an exceptional good business woman, but possesses other feminine accomplishments which qualifies her to take her place in the front rank of the best society anywhere.

The bridegroom is the salesman for the Kelly-Springfield Tire Co. of this district. He was born, reared and educated in Dallas where his father resides. He bears a fine reputation, is a successful business man and is well able to make a home for the woman of his choice.

The bride wore a suit of midnight blue, with other accessories harmonizing, and carried an arm bouquet of brides roses and fern. Miss Ruby Stone and Willie Dee Johnson were the attendants.

The newly weds will leave Thursday morning on a local trip, visiting at Amarillo several days enroute, where his headquarters will be in the future.

Mrs. T. C. McKinley and daughter, Miss Roberta, of Hamilton, attended the wedding.

**"LADIES MUST LIVE"**

Declared to be a screen masterpiece equal if not superior to his enormous successful production of the "Miracle Man," George Loane Tucker's last picture production, "Ladies Must Live," will be the feature at the Queen theatre Monday. Betty Compson, who made a great hit in the "Miracle Man" in which she played opposite Thomas Meighan, is the featured player in "Ladies Must Live."

Although succumbing gradually to fatal illness just as the final scenes of the picture were taken, Mr. Tucker lying on a stretcher, supervised the cutting of the 140,000 feet of film that had been taken. This had to be reduced to the limited number of reels but when the work was completed, experts asserted that the picture, from every standpoint, was the best production Mr. Tucker ever made.

The story deals with the troubles of certain women who, since ladies must live, plan to make that living as easily as possible. In the development of this theme, the genius of Mr. Tucker found its finest expression, the result being a picture of supreme interest and appeal to every film fan. Robert Ellis and Jack Gilbert have the two leading men's roles. The picture is based on a novel by Alice Duer Miller.

**BRIDAL SHOWER**

A happy "surprise party" occurred Saturday evening at the home of Mrs. J. H. Bennett, on W. N. 3rd Street when about thirty special friends of Miss Anna Belle Wood met to give her a miscellaneous shower in honor of her approaching marriage to Drury Littlepage of Dallas.

To keep her entirely "in the dark" Miss Ruby Stone insisted on taking her car riding about half an hour before time for the guests to arrive.

When they returned Mrs. Bennett asked her very casually to please turn on the light in the living room and she all unsuspecting did so, and was almost struck speechless to see the room full of friends sitting there. They all cheered, her and told her they'd decided to all come to see her one more since the bridegroom was due Sunday.

When the excitement had somewhat subsided Naomi and Murle Curtis appeared from the dining room and presented her a large basket piled high with ribbon tied gifts from her friends. The gifts ranged from cut glass, silver and aluminum ware to household linens, handkerchiefs and the numerous little things dear to the heart of any girl.

These added to the large array of gifts already received by the little bride-to-be, formed a beautiful collection and is evidence of the high esteem in which they are both held.

## BIRTHDAY PARTY

Miss Nevada Armstrong was honored at a most enjoyable party from 4 to 6 o'clock Wednesday afternoon, in celebration of her tenth birthday. All kinds of jolly, childish games were played both indoors and on the lawn. At the proper moment another merry feature was introduced, when a snow-white cake was cut for its fortunes. Then ten pink candles were blown out with wishes and each slice of cake scanned with eagerness. The honoree, Miss Nevada, cut the dime; Marvin Hampton the ring; Vera McIntyre the needle; Jewel Kidd the Thimble and Boyce Lynn cut the button.

Many beautiful little gifts were presented Nevada, which will remind her of her tenth birthday for many a day. Mrs. Eleanor Lynn, Mrs. Litchfield, Mrs. Ben Stamps and Mrs. Effie Hampton assisted Mrs. Armstrong in serving punch and cake to the following children: Nevada and Irene Armstrong, Ceco Davis, Woodrow Sheridan, Georgia Sheppard, Vera McIntire, Louise and Willie May Stamps, Brilla May Willis, Louise Bradford, Jewell Kidd, Florence Taylor, Adelaide Laster, Doris May and John Smith, Jr., Ben nman, Earnest Johnston, W. E. Wade, Jr., Marvin Hampton and Boyce Lynn.

## KID'S IDOL IS COMING

Great Magician to Delight Premier Patrons Once More

Eugene Laurant, the idol of the kids and one of the most popular of all the entertainers in America today is coming to Chautauqua.

Do you remember the clock that

thinks? Do you remember that remarkable ring trick and the feeling you had when Gene La... rammed the ring down the throat of the big horse pistol?

Laurant has a lot of new tricks on which he has spent years of work. He is working a ways like a beaver when you see him this time you will there will be a lot of new ones that meet some of your old friends, but you have never seen before.

Laurant's show is always a thing of beauty. There is never a tiresome moment.

The stage will be full of kids and not a one of them will be embarrassed or afraid. Gene Laurant has more young friends over the country than any entertainer in the business.

This show is worth twice the price of admission just to see the youngsters have a good time, but it isn't for the youngsters only. There are tricks there that will puzzle you and one or two psychological problems that have never yet been solved by anybody but Laurant. Advertisement.

## SUNDAY SCHOOL PICNIC

The teachers and Sunday school pupils of the Presbyterian church, enjoyed a most delightful picnic party at Tourist Park Friday afternoon and evening on the city lake.

The crowd met at the church at 4 o'clock and found eight cars and one truck waiting to convey them to the picnic grounds.

The younger set of the party played games waded in the water and some of the boys went in swimming. When the men came from town after closing time the ladies spread lunch on the improvised tables. Coffee and a "Bacon fry were welcome additions to the supper.

The homeward drive was made just about dark and expressed themselves as having spent a most enjoyable evening.

## New Light on Batteries

"Since all batteries look so much alike on the outside, how am I going to tell which one has the most value inside?"

That is a practical every-day question—and it has a simple every-day answer.

What greater assurance could you possibly have than the following combination of facts:

- 1—Extraordinary quality in the battery itself, as shown by the choice of the Willard Thru-Sealed Rubber Battery as standard equipment by the manufacturers of 174 models of cars and trucks.
- 2—A nation-wide organization to serve you and—
- 3—A record for quality and service dating back nearly to the beginning of the automobile.

You don't need a formal invitation. Come in any old time and get some new light on this battery question.

Delaware, Oct. 4, when Rutherford B. Hayes will be honored.

The ceremony here follows closely on the celebration in July of the centennial of the founding of Marion, President Harding's home town and will be just seven months after the anniversary of President U. S. Grant was commemorated at Mt. Pleasant. Ohio Wesleyan University will figure prominently in the celebration according to present plans.

Hayes was a member of the board of trustees of the university.

Remembering that Hayes was a two term governor of Ohio, members of the celebration committee have announced their intention of making overtures to Ohio officials in an effort to secure state participation.

Speakers of national prominence will be invited to attend the centennial and advance notices proclaim, "no pains will be spared to make it an event worthy of the occasion it celebrates."

Mrs. D. E. Davis left for Snyder to visit her daughter, Mrs. Eb Clarkson.

**WORD WINS TILT FOR SWEETWATER**

Pitches Air-Tight Ball Throughout. —Collects Four Hits in As Many Trips To The Platter.

**MAJOR SCOUT WAS A WITNESS**

Curtis From Pittsburg Has Eye On Local Hurier.—Road Trip After Game Monday.

Word Wins Tilt  
 Walter Word was the whose show at Abilene Sunday. He pitched and batted the Swatters to their fifth straight victory and generally covered himself with glory and, incidentally, the locals made a clean sweep of the four game series with the Ranger Nitgos.

Walter, in the presence of Don Curtis, Pittsburg Scout and several hundred Sabbath fons, pitched an airtight ball game and had a perfect day at the bat, hitting safely on each of his four trips to the plate.

Roberts, Ranger chunker, fooled the locals for a few innings but they soon got his range and tapped him hard and timely the latter part of the game. Ghastly, costly and altogether child-like errors, both of commission and omission were committed by the Ranger apple knockers and this, aided by the rather poor umpiring made the game in nestion appear very much sand-bottish.

Aside from the sterling performance of Walter Word, who is commanding serious attention from leagues of higher class, the only other bright spot was the brilliant hitting of outfielder Pyle of Ranger. This levitation of swat has hit in sensational form throughout this entire series and if he could throw or field would never linger long in this company.

After today's game with Lubbock the Swatters leave on a nine days road trip beginning with three days at Ranger, Abilene and San Angelo.

**25 PER CENT Interest Paid On Cash Business**

For the past 12 months we have been working our Furniture and Housefurnishing lines up to a strictly cash business which has been indeed very satisfactory.  
 If you do not have cash to pay—and really need an article—go to the bank and borrow the money, they will let you have it for 10 per cent interest. Why pay 35 per cent interest for a few days or a few months time—the 25 per cent interest.  
 If you do not have to have this article, wait until you get the cash and pay for it... See how much better you enjoy the article and have this premium of 25 per cent to use in other ways.  
 Come to our store and save this 25 per cent in anything you need in the Housefurnishing line.
