POSSE IN SEARCH OF NEGRO SLAYER

Black Is Alleged To Have Killed White Man And Attacked Woman Companion.

THINKS THE LAW MAY PREVAIL

Sheriff Believes That Mob Will Turn Negro Over To Officers When Captured.

By The United Press.

WACO, May 26.—Poses of several hundred men are searching the countryside in the vicinity of this city in an attempt to locate a negro, who is alleged to have killed Harold Belton and to have attacked a woman companion near here Thursday.

Large posses searched the country Thursday night, but failed to find any trace of the negro. The black is said to have killed Belton and to have dragged the woman companion into the woods and attacked her, holding her for three hours after the alleged assault.

Belief that the mob would turn the accused man over to the county officials was expressed by the sheriff's department. Officers are assisting and accompanying all of the bands in the hot search for the offender. The assaulted woman has declared that she will be able to identify the assailant.

"INDIANS" VS. "BARBARIANS."

Street Parade and Flag Fight Featured Final Contest Tonight.

The street parade by the Indians and Barbarians in full costume was a complete success in Sweetwater this morning. The "tribes" rode on horseback, decorated floats and in autos, each carrying their "native" colors.

The "flag fight" began before sunrise, when the Indians raised their flag on top of the Court House, just under the Stars and Stripes. It did not float in peace very long until the Barbarians stole a march on them and raised their flag just above the Indian banner. Things began to stir when the Indians discovered the trick played upon their colors and the battle waged for several hours.

The flags were transferred to the City Hall flag pole and kept up the fight for some time. The young people are enjoying their holiday today in various ways, but the real fight takes place tonight at the High School auditorium when the societies contest for the championship cup.

MOB GIVES NEGRO UP

Alleged Assaulter Of White Woman Turned Over To Officers—Woman Could Not Identify.

HONEY GROVE, May 26.—The danger of the lynching of Will Mason, negro, who was captured by a mob in connection with the attack on Mrs. Willie Clark Wednesday afternoon, is believed past. The negro was taken to the Clark home, but Mrs. Clark failed to identify the negro, who was returned to the officers after the brother and father of Mrs. Clark had made a dramatic appeal to the mob to let the law take its course.

Mrs. Clark said she could identify the pistol with which she was threatened, but did not believe that the one showed to her was the weapon. The negro told many stories about his weapon and told the officers where it could be found. All of his statements proved to be false.

The mob swarmed around the jail for several hours after the negro was turned over to the officers, apparently in an uncertain state of mind and finally dispersed.

IS CHAMPION SPELLER

Young Woman Defeats Many Contestants In Large Section
FAIRMONT, W. Va., May 26.—The champion speller in the elementary schools of the United States! That is the title which the people of West Virginia claim for Madeline Barnes, 16, who missed only one word out of 300, in a district spelling match, and only four out of 400 in a county spelling match here. She is already the acknowledged champion speller of West Virginia.

Miss Barnes is the daughter of Mr. and Mrs. G. W. Barnes of Colfax, Marion county.
"If anyone thinks he can equal Miss Barnes' record, he should try some of the words she spelled without the slightest idea of what they would be," says the superintendent of the schools of Marion county.
"Just have someone read a few of these words which she was correct on and you try and spell them correctly."

SEEKS TO GUARD AGAINST FLOODS

Different Sections Of Texas To Meet In Waco For Discussion Of Relief Plans

WEST TEXAS FOR IRRIGATION

Colorado And Brazos Rivers The Great Destroyers Of Life And Property In Flood Time.

Special To The Reporter.

STAMFORD, May 26.—The floods of central and south Texas and the droughts of west Texas are to be deprived of their power for destruction through the united efforts of all Texas if a state wide water conservation and flood control congress to be called shortly at Waco or Houston by the West Texas Chamber of Commerce secures the cooperation of the affected districts. The congress will be called at the suggestion of the Houston Chamber of Commerce which was conveyed in a telegram received here today.

The West Texas Chamber of Commerce with the cooperation of large city chambers of commerce will seek to have every county in Texas having rivers which sometimes overflow and destroy crops and take toll of human life, to send delegates to this congress. Each of the counties so affected will be prevailed upon to have their county commissioner's court send official representatives to this meeting.

Hundreds of thousands of dollars worth of property and crops are annually destroyed in central and south Texas, particularly along the Colorado and Brazos rivers, by inundations from floodwaters that have their origin in west Texas counties. The problem in those sections is flood control. In west Texas some years insufficient rainfall prevents realization of bumper crops. The problem in that section is irrigation. By the cooperation of the several sections, those suffering from flood and that suffering from insufficient rainfall, the two problems can be met by aiding west Texas in its fight for the construction of immense reservoirs, thereby holding great volumes of flood water so they will not race down bringing destruction. Much of the flood waters that now destroy property might be impounded. The impounded water may be used to great benefit in west Texas, especially during dry years.

The session at Waco will take up this common problem with a view to alleviation of the food conditions of the south and central parts of the state and to the irrigating of West Texas.

Charles R. Crane Has Had No Disagreement With French Government And The Matter Closed

By The United Press.

PARIS, May 26.—Charles R. Crane, former American Ambassador to China, laughed when he was informed of the order for his arrest and imprisonment for twenty years on a charge of inciting to riot. The charge was said to have been issued by the French government.

"It's all based upon a misunderstanding with the officials," said Crane, who has just returned from a trip through Syria. The French government has ignored the warrant for Mr. Crane's arrest and he is a free man.

Crane said that he had had no disagreeable experience with the French government either in Syria or in Europe.

SENIOR CLASS PLAY.

"Clarence," the Boothe Tarkington farce-comedy, will be presented by the Senior class at the Lyric. This play is the most amusing farce that has been produced in recent years. It centers about the queer experiences of a goggle-eyed botanist and bug inspector, who served his time as a mile driver in the army. An all-star high school cast has been selected, and according to Mrs. Hutchinson, their work is much above the average.

"Buy a Red Poppy" will be the slogan of the American Legion Auxiliary Saturday all over the United States. Every poppy sold is just that much more help for the disabled ex-service men scattered over the land.

STRICT SANITATION

In Hot Weather Is Imperative

The proper care of meats in hot weather keeping flies away from it and refrigeration are vital points to be considered during the hot weather now upon us.

The installation of what we believe the best system of handling meats during hot weather of any meat market west of Dallas has cost us considerable money. But we do not hesitate to spend money to better our service. And when you consider the better grades of meat we handle and the extreme care with which we handle it, you know that we appreciate your patronage. We spare no pains to deserve it. Next time you are up town, drop into our market and let us show just how your meat is handled—how it is kept cool and away from the flies from the time it is butchered until it reaches you.

A Little Bit of Horse Sense!

A famous Kentucky jockey, who had won many horse races, and incidentally had lost a few, said that other things being equal, the horse that carried the least weight was the horse that won the race. The same thing applies in the grocery business. The store that carries too much overhead expense is bound to charge more for the articles it sells. Delivery service is expensive. "The convenience of a charge account" is paid for. Even if everyone paid their bills promptly on the first, the money on the books at ten percent interest, runs into right smart of money if the store does any business at all.

Other special inducements have to be paid for. Groceries cost about the same at the wholesale and produce house, and the store that has the fewest "extras" to be paid for is the store that can sell you your groceries cheaper. Here you wait on yourself, pick out your own groceries and pay for them as you take them out. Does it pay? We'll say it does, and so will you when you compare our prices. That's all we ask you to do. Figure up your bill of groceries elsewhere and here, and then you will believe we sell you cheaper.

Don't Blame the Cook

If the biscuits are unsatisfactory, if the pie crust is soggy, if the cake makes you think lovingly of the kind "mother used to make." Perhaps it's the flour.

QUEEN QUALITY FLOUR

is made especially for biscuits and pastry. It is ground from soft wheat. No flour will make good biscuits unless it is ground from soft wheat. Furthermore, it is ground fresh every day, right here in Sweetwater. It is most emphatically to your interest to patronize home industries from a business standpoint. How can you expect other folks to patronize you if you buy out of town flour, and set them an example? And when, as in this case, you get a superior flour on top of that, what more can you ask?

AND WHEN YOU ORDER QUEEN QUALITY FROM YOUR GROCER, TELL HIM TO SEND YOU A SACK OF CORNMEAL TOO, FROM

TRUTH MAKES FREE:—
Then said Jesus, if ye continue in my word, then are ye my disciples indeed; and ye shall know the truth, and the truth shall make you free.—John 8:31, 32.

ITS UP TO US.

If the Convention at Plainview demonstrated one thing more than another, it was the fact that Sweetwater has no "friends." Citizens of surrounding cities are friendly, but collectively, they are afraid of Sweetwater. They appreciate much clearer that Sweetwater does, the natural advantages that its location and rail facilities give it.

This fact should have been obvious to most people here before. It is not open to question now. There may have been a tendency on the part of some to take the attitude "things have got to come here anyway." That theory has been well exploded by now. Which is a good thing, for now that the facts are clearly known, there will be a union of effort that will result in more ultimate good than any amount of things handed in on a platter might.

And so the time has come to plan the campaign, get the things lined up that must be done, and then bend every effort to do them. Among the desirable things are paved streets, better roads, a coliseum or convention hall for municipal and county gatherings with a wary eye toward a stray convention or two, possibly a "white way" of ornamental lights between the depots of the town. Other things will doubtless suggest themselves, perhaps of an importance paramount to

the items mentioned. They cannot all be done at once, it may require years before they are all accomplished—none of them will be accomplished unless a start is made.

Of course they all cost money. So did the \$100,000 court house which places Nolan County in a class by itself and which no one would willingly see removed now that it is an accomplished fact. There is a High School which no one in Sweetwater would trade for anything. None of these things were "put over" without tireless effort and the spending of much money. Money hasn't the habit of coming miraculously out of the circumambient atmosphere. But times are no different now than they were at times when these various projects were accomplished, certainly than when the Masonic Temple was planned, now nearing completion.

THE NEWS TAKES ISSUE.

In an editorial in the Dallas News that publication says much that is complimentary to the West Texas Chamber of Commerce in particular and to West Texas in general and which most people in this end of Texas will deeply appreciate.

There are, however, two paragraphs there, which will not meet with so unqualified an approval. They are:

"That they have grievances will not be gainsaid by any one familiar with the facts, albeit they put a higher estimate on some of them than most others would be disposed to do. They have a grievance, too, in that their need of an agricultural college fashioned to their own peculiar requirements has also long been admitted, but never satisfied. That they contribute more money to the school fund than they get out of it is something of a grievance, too, but not one of which they have a monopoly. If there are not other sections of which it is also true, there are numerous counties of which it is. As to the means of redress, there are better ways of giving it, it seems to the News than that proposed by the action of the West Texas Chamber of Commerce."

If in its wisdom the News will be good enough to define, elaborate, or otherwise explain some of these "better" ways of which it speaks so confidently, West Texas will listen with avid eagerness. West Texas has used every means that its intelligence suggests, and some times that its resentment may have dictated. It has by no means exhausted its fighting ability along these lines, and will not until the things fought for are achieved. And if the News can and will guide the thoughts of West Texans in the proper channels in which to achieve the proper results, West Texas will be deeply appreciative.

MORE BEAUTIFUL ROSES. Almost every day more beautiful roses are coming to light.

At 301 El Paso street can be found a "horch picture" which would make a strong rival to that belonging to the M. D. Willis home. The porch of Mrs. Sam Viser is framed with an immense climbing rose of pure white whose flowers are in clusters of 15 to 25 buds and blossoms. Its companion is a trellis of the deep pink like one seen at a number of other homes. The white variety is very rare here which it all the more appreciated. A traveler home recently and said he had never seen anything to compare with it outside of California.

The rose garden at the home of Mr. and Mrs. E. L. Langley is getting its share of compliments also. They possess a collection of rare beauty which adds much to the attractiveness of their home and neighborhood. Other pretty trellises have been noted at Mrs. B. F. Archer's home, Mrs. W. A. Hampton's, Mrs. Ed. Norton's, Mrs. R. D. Ross', Mrs. Bradford's, Mrs. Jim Butler's and Mrs. Jim Irving's, homes.

NITROS TRIM THE SWATTERS 5 TO 2

Game Tied Up Until The Eighth—Ranger Broke Loose And Chased In Three Scores.

FLAGG TO MANAGE RANGER CLUB

Mason Gets A Homer—Hard Hitting And Classy Fielding Are The Features Of The Hot Campaign.

Special to The Reporter.

RANGER, May 26.—The Swatters and the Nitros battled to a standstill for seven rounds here Thursday, but in the eighth, a single, followed by Roberts' triple and Craig's home run, gave Ranger three runs and the game by a score of 5 to 2. Jimmy Flagg, recently acquired by

the Swatter aggregation, was released to Ranger in order that he might assume management of the Nitros.

The Nitros, elated by the fact that they were to have a manager in the person of Jimmy Flagg, were full of pepper and went after everything in sight. The Swatters hit heartily, but somebody was always bobbing up with a phenomenal play that cut off runs. Both teams scored in the third. After Lory had grounded out, Bupp and Word worked Roberts for passes and Pyle lost Mason's fly in the sun, filling the three sacks. Flagg hit through the drawn-in infield, counting Bupp, and Frierson slammed one at Allred so hard that it took him off his feet. The Nitro's first sacker hung onto the ball, however, and cut Word off at the plate.

Craig's three-bagger and a squeeze play on which Clayton's bunt could not be handled in time to catch either man, followed by an infield out and Hoffman's smash through Pipkin, counted two for the Nitros.

Mason tied it up with a home run in the fifth, made just after Guydas had nipped Word on a phenomenal play. This bird raced far back of ground, made a flying dive for the ball,

scrambled to his feet and chunked Word out by half a step.

Again in the seventh, the breaks went against the Swatters. Pipkin drove a fly to right, which hit the fence just too high for Pyle to gather in, which was good for two bases. Lory followed with a drive of the same variety, which by some freak of fate bounded swiftly back across the outfield to Guydas, who nailed Pipkin at the home can on a close play. In the eighth, Mason laced a long, fast drive to center, which Craig gathered by a desperate leap and one-handed stab after a long run. Ordinarily the blow would have been good for three bases, perhaps four.

In the ninth frame, with Ranger three runs to the good, Bupp walked, but the chance to score was all messed up by Downs, who made a miraculous stab at Word's smoking liner that would have put both men on second and third—with Mason coming up.

It was as pretty a game as has been played in West Texas this year. Every man on both teams worked hard and played the game square.

Taste is a matter of tobacco quality

We state it as our honest belief that the tobacco used in Chesterfield are of finer quality (and hence of better taste) than in any other cigarette at the price.

Single-Six Seven Passenger Touring

NO one who reacts to aristocratic atmosphere in a motor car, can well remain unresponsive to this new Packard Single-Six.

You will find it not merely true to Packard tradition, but carried beyond, to new heights of taste and beauty in embellishment.

Here is not alone the exquisite environment and positive performance of Packard, but a greater emphasis of value than a truly fine car has ever accomplished before.

Packard mastery of high class production has culminated in an economic, as well as an artistic and engineering triumph, of the first order.

The price of the new Single-Six five passenger touring is \$2485 at Detroit. The new price of the Twin-Six touring is \$3850 at Detroit.
