LARGE AUDIENCE AT THE CONCERT

Sale Of Ice Cream And Cake Nets \$30 Toward Uniform Fund—Now Have \$150.

EXPRESS THEIR APPRECIATION

Members Of Band Thank All Who Helped Make Affair Large Sized Success.

Beginning at a point west toward the Santa Fe passenger station, on up to Oak street north for at least a half block on both sides, automobiles literally filled this portion of the streets near the new band stand recently constructed by Rufus Wright, gratis, to provide a place for the Sweetwater Band to give concerts. The sidewalk curbs bore the resemblance of a well filled coliseum, not mentioning the number of people who were forced to stand up on account of the fact that there were no seating conveniences. All in all, there were more people at the free public concert and ice cream supper given by the Sweetwater Band last night than has ever assembled for such an occasion in this city's history.

A big dish of ice cream and a piece of as fine cakes as were ever made were passed out among the throng by the Senior Class girls of the High school, and in about one hour and a half the young ladies had dispensed refreshments to practically all who desired to help the band boys.

Mrs. E. O. Collins, Mrs. Popboy Smith, Mrs. Fulton Massengill started the task of cutting the cake and dishing up the cream to the "customers," and in a very short time other ladies voluntarily came to their assistance in the work. The latter ladies' names were not learned, but the band membership desires to extend heartfelt and sincerest thanks to each and every lady who did this part of the work, and especially Mrs. S. I. Edwards, who acted in the capacity of cashier.

Immediately following the first selection by the band, which was played about 8:30, the cream and cake sale was begun. The band kept up a lively concert from that time until 10 o'clock, when "Star Spangled Banner" brought an end to possibly one of the most pleasant occasions that has been undertaken here in some time.

Through exhibited their appreciation of the splendid music rendered by wild applause.

Masters Holman and Hayden Leavel, young sons of Prof. Leavel, director of the Sweetwater Band, gave a vocal number, unassisted, and this brought a wild applause, demanding an encore of which the small artists readily responded.

Something like \$30 was raised for the uniform fund which the band is strenuously laboring to secure in order that it might make a better appearance at the weekly concerts, and on special occasions, such as out-of-town engagements. The fund has advanced now to right around \$150 leaving quite a good deal yet to be raised for the uniforms.

It is understood that the Sweetwater Band is wanted at Rotan for a two day picnic which will take place on July 19 and 20th. It is said that Rotan has made an offer to the band of \$100 a day and all expenses paid, transportation included, if the band will take the job. This would be a nice little sum to add to the uniform fund, but the question arises as to whether all the band boys can get off from their places of business for the two-day picnic. If it is possible for the employers who have a band boy working in his place to donate a couple of days in order that the band may go to Rotan and play for the picnic, this is understood, will be considered as a cash donation from that individual firm. The band has an opportunity to work and make up enough money to pay for uniforms and instruments that are badly needed, and if the employer of any member of the band cannot afford to donate a couple of days off for their "hired help," it would be a mighty nice courtesy if that firm would donate \$25 or \$50 to help the band get on its feet. After the band is thoroughly supplied with uniforms and instruments, the cost of the upkeep of the organization is over. Only two more instruments are needed and one of these has already been received with the first payment made.

The other instrument, the band can get along without, fairly well, but the uniforms is something the band should have, regardless of the cost.

The band membership desires to express deepest thanks and appreciation to the ladies who gave cakes, who are: Mrs. E. O. Collins, Mrs. W. W. Hudson, Mrs. Mose Newman, Mrs. McCorkle, Mrs. S. I. Edwards, Mrs. W. R. Costephens, Mrs. Gus Dressler, Mrs. Jameson, Mrs. M. C. Manroe, Miss Louise Baldwin and small cakes by Mrs. J. A. Muldwin.

The band also desires to thank most sincerely Miss Louise Baldwin and the Senior Class girls and their friends for their untiring efforts in helping to serve the tremendous crowd.

One of the band boys in conversation with a Reporter representative today said: "Be sure you extend our sincere appreciation to the West Texas Electric Company for their substantial donation in furnishing lights in the band stand, seven big bulbs, and the blast line wire running from the stand to the corner with the big bulbs swing-

REBELLION ENDED

Last Stronghold Of Brazilian Insurgents Captured—Many Refuse To Surrender—City Is Now Quiet.

By The United Press.

RIO DE JANEIRO, July 7.—Fort Capabana, the last stronghold of the Brazilian insurgents, capitulated after a terrific bombardment by the federal troops late Thursday night.

The surrender of the Capabana garrison completely ended the rebellion, according to an official announcement to the United Press. Many of the rebels refused to surrender, according to the terms demanded, unconditional surrender, and touch to the end, thereby running up the list of casualties on both sides.

The country is quiet today and no further trouble is expected, as federal troops have been posted in strategic points throughout the city and in the centers of disaffection throughout the country.

TO RECEIVE DOCK BIDS.

By The United Press.

ORANGE, July 7.—Bids for the proposed extension of the city docks here to carry out Orange's promise made to the government, to provide additional wharf and dock facilities, will be opened here July 24th. This includes two 90x100 warehouses, several hundred feet of additional loading aprons, a new track on pilings for 1,060 feet.

WILL MOVE COLLEGE.

By The United Press.

MIDLAND Christian college will be moved from Midland to Cisco, Rev. D. R. Hardison, pastor of the First Christian church of Colorado and member of the State Education Board of the Christian church, announced Wednesday afternoon, following his return from Dallas, where plans for removing the institution were completed Tuesday. Rev. Hardison is the West Texas representative of the State Board—Colorado Record.

IRISH REBEL LEADER DIES

By The United Press.

DUBLIN, July 7.—General Charles Burgess, rebel leader died of wounds in a hospital here today. He was wounded in a dash for liberty, when he refused to surrender at the capture of the rebel stronghold by the Free State troops recently.

HUGE TOLL IN FOREST FIRES

By The United Press.

SEATTLE, Wash. July 7.—Two people are dead, six are missing thousands of dollars of homes are destroyed and millions in timber is the toll already exacted by forest and brush fires, which are raging in Western Washington.

COAL SUPPLY DWINDLES

WASHINGTON, July 7.—Only fifty-three days coal supply is available for public utilities, according to an announcement of the Department of Commerce in regard to the coal situation on June 15.

WOMEN LEAGUE BIG STRIKE AT

Lead Mob Of Thousands In Non-station At Homes Of Strikers—Attempt At

MEDDLERS TO BE PROSECUTED

Postoffice Department Makes Announcement After Air Braked Been Tampered With At 2 P.

By The United Press.

CHICAGO, July 7.—The men took the lead today in the fight against the striking railroad shopmen as the strikers directed a mob of a thousand which stormed the streets of Burnside, Illinois, in a demonstration before the place of the men who are now in the place of the outlaw shopmen.

The mob attempted to burn home and women are on picket at all shop centers. State troops held in readiness to quell strikers which have flared up at all shop centers in Illinois.

In the meantime the union leaders, the rail executives and the United States Labor Board continue to maneuver for position looking toward a conference, where ways and means of settling the strike will be taken up.

U. S. TO PROSECUTE STRIKERS

By The United Press.

WASHINGTON, July 7.—The U. S. Attorney General, J. E. A. Hooper, announced today that he will prosecute the strikers at these places tampered with the airbrakes, which were carrying mail, according to the Department.

MARRIAGE LICENSE ISSUED

A marriage license was issued today to Lawrence White of Buffalo and Miss Sallie Cates of Roscoe.

PRIZES AWARDED

Winners in Pretty Yard Contests Will Divide Prize Money Amounting To The Neat Sum of \$37.50.

The Judges of the Pretty Yard Contest announce the prize winners as follows:

Prettiest Front Yard with help First prize \$5, Mrs. Louis Polk; Second \$2.50 Mrs. Clyde Payne.

Prettiest Back yard with help First \$5 Mrs. R. M. Simmons; Second Mrs. A. J. Wimberly.

Prettiest Front yard without help First \$5 Mrs. Royal Headrick; Second \$2.50 Mrs. A. L. Hogue.

Prettiest back yard without help First \$5 Mrs. S. H. Kelsey; Second \$2.50 Mrs. A. L. Hogue.

Prettiest New yard under two years of age First \$5 Mrs. John Perry; Second \$2.50 Mrs. B. Bardwell.

The checks for the prizes will be mailed to the winners by the Secretary of the City Board of Development who offered the prizes under the auspices of the Sorosis Club in connection with the Fall Flower Show. The great interest taken in the two contests which have just closed has been most encouraging to the committee and lends promise to the Flower Show plans which are going forward with enthusiasm. If signs mean anything there will be the biggest Show this Fall ever undertaken by the women of Sweetwater.

COMMISSION MEETS

Will Wade And B. C. McCall Appointed To Board Of City Development.

The second reading of the ordinance regarding the recently voted two-mill tax for the benefit of the local fire department; the election of two men to fill the vacancies of retiring members of the Board of City Development; and the discussion of the street and paving construction work constituted the chief work of the City Commission at its regular meeting at the City Hall Thursday afternoon.

B. C. McCall and Will E. Bullock were elected to succeed H. A. Bullock and John T. Johnson, retiring members on the Board of City Development.

Extensive street work will be curtailed and suspended indefinitely with the underlying idea of avoiding the necessity of additional funds for that purpose. It is planned to lay the rest of the proposed street paving in one block lots and utilizing the receipts from one block in building another, in this manner requiring only the minimum cash layout.

The report of the city engineer on the project of building a sidewalk to the High School building will be presented at the next regular meeting of the Commission.

The rendering of accounts and the allowance of bills completed the business of the meeting.

POLICEMAN HELD.

Wichita Falls Man Shot—Claims He Registered Booze Searching Officers

By The United Press.

WICHITA FALLS, July 7.—Tom Shook and Charles Bebout, policemen are being held today under \$10,000 bond each, in connection with the fatal shooting last night of J. C. Colvin, a former member of the police force. Five bullets took effect in his body. Police declared that Colvin put up a fight when officers, armed with legal search warrants, went to his home to hunt for liquor.

Colvin's wife and his small daughter witnessed the shooting.

PREPARE FOR GINNING SEASON.

By The United Press.

ROBSTOWN, July 7.—Preparations for a big cotton ginning season are being made by the Robstown Compress Co. at this place. Additional storage space and a fire wall will be added to take care of the expected large increase. Conservative estimates place the crop at nearly twice that of last year. The building of two new gins has given Robstown sufficient facilities for handling the large crop, cotton men believe.

REED FACES FIGHT

Veteran Missouri Senator Is Opposed By Breckenridge Long, Office Holder Under Wilson.

By The United Press.

ST. LOUIS, July 7.—With the Missouri primary election yet nearly a month distant, statewide interest in the United States senatorial contest—especially the democratic—has already reached the "boiling over" point.

Breckenridge Long, former third assistant secretary of state during Wilson's administration, and Robert L. Young, of St. Joseph, are seeking the mantle of Senator James A. Reed.

It is an out-and-out fight between Reed and Long and their battle lines are clearly drawn. At the outset of the campaign, former President Woodrow Wilson wrote a series of letters to St. Louis newspapers and politicians charging Reed in substance with deceiving the democratic standard. In one communication, he termed the silver-tongued Missourian a "marplot."

The Wilson letters are interpreted as a direct appeal to "Boys Against Reed," although the former's name was never directly mentioned.

Reed has replied in his characteristically smashing, aggressive manner. Taking the stump the first week in May, the senator at once leaped to the aggressive, defending his own political record and challenging that of Long's.

The democratic state committee has issued a formal statement declaring it does not support the candidacy of any individual in the primary.

Reed's strength will come mainly from the larger cities, his friends admit. Impartial observers declare that Reed, although the former's name was never directly mentioned, has a lead of from two to five to one. Reed will spend the closing days of the campaign in the smaller rural communities, while Long will stump in all the cities.

Whether Reed can overcome this situation by a big vote in St. Louis and Kansas City, or by making gains through personal appeals between now and August 1 is one of the big questions of the campaign.

INSPECTION MADE

Vice President Of Santa Fe Visits Sweetwater—Is Favorably Impressed With Conditions.

By The United Press.

MEXICO CITY, July 7.—A. Bruce Bielaski, American oil man and former investigator of the Department of the Interior, visited Sweetwater today.

Mr. Bielaski, vice-president and general manager of the Gulf, Colorado and Santa Fe with headquarters at Galveston, accompanied by W. E. Maxson, assistant general manager, visited Sweetwater Friday afternoon. They inspected the roundhouse and shops and left enroute to Brownwood shortly after 3 o'clock, spending less than an hour in town. They were traveling in a special train.

Mr. Bielaski said that the Santa Fe was handling all traffic satisfactorily and that the road was receiving many applications for work to take the place of striking employees. Conditions in West Texas are looking better than in many years, continued Mr. Bielaski, who said in part:

"I have been traveling in West Texas for several days, visiting our shops and roundhouses with the view of giving such assistance as is possible to the loyal forces remaining at their post. Thus far, and upon the seventh day of the shop crafts strike, our traffic has moved successfully and without any delays chargeable to the efficiency of those who are remaining and those we are employing to look after the equipment."

"Applications are coming freely and there are apparently large numbers of men who are willing to enter our service to take the place of those who found it necessary because of the strike order to abandon us."

"The crops are looking fine and the fall traffic gives promise of being better for many years heretofore."

"I see no reason for a feeling of pessimism as to the final outcome of the present disturbance."

MAY GAS THE WORLD

Collision Of Comet With Earth Makes Occasion A Possibility Says Astronomer.

By The United Press.

BERLIN, July 7.—There is a possibility that the whole world will be "gassed" to death by the poison vapors of a huge comet.

Professor Doctor Archenthal, chief astronomer of the Trepert observatory here, points to this possibility after years of research in the field of comet action.

He says, however, that the inhabitants of this globe need have no immediate anxiety about this point. So far, his investigations indicate, such a catastrophe is only a possibility. He pointed out that there are many bodies sailing through the space, red hot and filled with poisonous gases. In event of a collision between the earth and one of these bodies, it would be conceivable, he says, that sufficient poison gas would be given off to cause the downfall of the world's population.

He says that there have been cases of comet colliding with the earth and killing a few people.

While he does not believe there is any immediate prospect of the world ending through such an odd occurrence as he pictures, he nevertheless points out that there is always a chance for such a dangerous collision.

The greatest speed of any solid body known to science is 1,800 kilometers per second. This is attained by certain astral bodies, according to Professor Archenthal. These bodies are in the nature of comets which keep up this enormous pace continually.

BOY SCOUTS

Will meet tonight at eight o'clock at Court House auditorium.

WILL YOU GIVE?

The American Legion is not asking for help, but it is in the hole financially. The men whose names appear below have donated the sums opposite their names. Hand your check to Tom Cowan or The Reporter office.

R. M. Simmonds 10.00
Dr. Dudgeon 50.00
Rufus Wright 25.00
S. D. Myers Sadlery Co. 10.00
H. R. Bondies 5.00
T. O. Cowan 10.00
Clyde Payne 10.00

GERMANY IS DEAD

Disruption Of Mark's Value Bring Nation To Verge Of Financial Ruin With Country Nervous.

By The United Press.

BERLIN, July 7.—Germany is about to declare herself bankrupt, according to an authoritative announcement here today. The complete collapse of the German mark has brought the republic to the verge of financial ruin.

Reports from trustworthy sources confirmed the news that Germany will be forced to refuse the payment of the reparations installment, which falls due on July 15. The Weimar Government will ask a moratorium, according to an official announcement.

Unprecedented nervousness, outrivalling the fear of the country during the closing days preceding the armistice, prevail throughout the country. Baseless rumors spread rapidly. One is in the effect that General von Hindenburg and Prince Eitel Fiederick have been murdered. Others are lacking confirmation.

THREE TAKE EXAMINATION.

Three people are taking the county teachers' examination at the Court House today. The examinations will last through Friday and Saturday. Those who are taking the examination are: Misses Mary Sawyer, Sweetwater; Mrs. R. L. Shaffer, Sweetwater; and Mrs. J. C. Gilliam of Roscoe.

BIELASKI NOT MOLESTED

Rumor Of Alleged Arrest Is Found Baseless After Investigation

TO BRING PROSPERITY

New Freight Traffic Rate, Effective July 1, Will Aid Country—Folks The Cut On Grain.

By The United Press.

STAMFORD, July 7.—The new freight tariffs which became effective July 1 will bring about a material reduction in the prices of commodities and renew the prosperity of the country that obtained before the war, says a bulletin issued by the West Texas Chamber of Commerce to the 6,500 members which the organization has in West Texas. The contest of the bulletin follows:

Hearing was recently held before the Interstate Commerce Commission in regard to making a general reduction in all freight rates. This reduction became effective July 1, with the exception of those which have been reduced since August 26, 1920.

This reduction provides that existing freight rates and charges and other services including charges for switching transit (including stopping cars to partly unload and load), weighing, diversion, reconsignment, lighterage, floatage, storage (not including track storage) out of line, and transfer charges which were increased by authority of the Interstate Commerce Commission in ex parte 74, effective Aug. 26, 1920, will be on and after July 1, 1922, decreased 10 percent.

This ten percent reduction does not apply on livestock and grain on which commodities a reduction has already been made, as great as, or exceeding 10 percent. Neither will the reduction apply on rates which have been arbitrarily or otherwise decreased 10 percent or more since ex parte 74. Present rates on these commodities will be continued.

The reduction will not apply on the minimum charge of 30 cents per shipment for less than carload traffic. The minimum charge of \$15 per car on carload traffic. The minimum scale rates when published as usual.

In 1918, rates less than one-half cent were dropped and one-half cent was counted as one cent. A charge of \$2.50 will become \$2.00.

Charges will be reduced per hundred pounds to or hundred pounds. This is to be paid for standard

a saving of a large sum. He shippers and receivers in Western Texas, and will further help to increase business in general.

FOOD PRICES HIKE

Increase Of From One To Three Per Cent Over Preceding Month In Eighteen Larger Cities

By The United Press.

WASHINGTON, July 7.—Food prices have taken a jump upward according to the figures of the Labor Department covering twenty cities. Eighteen of these cities have registered a hike of from one to three per cent for the month ending June 15 over the preceding month. Three showed fractional decreases and one reported the situation as unchanged.

Prices are from two per cent higher to eight per cent lower than those of the same time in 1921, but from thirty-seven to fifty-five percent higher than they were in 1913.

KLAN INITIATES AT BISHOP

By The United Press.

BISHOP, July 7.—Approximately 10,000 people witnessed a public initiation of the Ku Klux Klan here Thursday night.

AIKEN NOW HEADS BASEBALL CLUB

J. O. Aiken Elected President And Simon O'Keefe Secretary-Treasurer Today.

Responsibility Divided Into Twenty Shares And Sweetwater Men Put Signatures On.

By The United Press.

J. O. Aiken was elected president of the Sweetwater Baseball Club and Simon O'Keefe secretary-treasurer at a meeting of those interested held in City Hall this afternoon.

Immediately following the election the following men were appointed as an advisory committee: Will Stamps, Benny Rogers and John Alden with the new president and secretary.

Mr. Aiken succeeds J. D. Tjwell, whose resignation to take effect June 1 has been held up until the present time until a suitable successor could be arranged for. Mr. O'Keefe succeeds T. J. Lyons.

A meeting of the advisory committee will be held in Mr. Aiken's store tonight at eight to make plans for the future.

It is also announced that twenty men have signed up to make good any deficits that might occur during the playing season. In some cases men have signed for a full twentieth in others they have signed with another for a twentieth share. In this manner, the financial situation has been arranged for and nothing stands in the way of a payment for Sweetwater during the last half of the season.

The retiring officers of the club have the best wishes of the fans and of Sweetwater generally and thankful appreciation for the excellent manner in which they have met the trying exigencies of the situation up to the present.

FINANCIAL BACKING IS ASSURED

By The United Press.

MEXICO CITY, July 7.—A. Bruce Bielaski, American oil man and former investigator of the Department of the Interior, visited Sweetwater today.

Mr. Bielaski, vice-president and general manager of the Gulf, Colorado and Santa Fe with headquarters at Galveston, accompanied by W. E. Maxson, assistant general manager, visited Sweetwater Friday afternoon. They inspected the roundhouse and shops and left enroute to Brownwood shortly after 3 o'clock, spending less than an hour in town. They were traveling in a special train.

Mr. Bielaski said that the Santa Fe was handling all traffic satisfactorily and that the road was receiving many applications for work to take the place of striking employees. Conditions in West Texas are looking better than in many years, continued Mr. Bielaski, who said in part:

"I have been traveling in West Texas for several days, visiting our shops and roundhouses with the view of giving such assistance as is possible to the loyal forces remaining at their post. Thus far, and upon the seventh day of the shop crafts strike, our traffic has moved successfully and without any delays chargeable to the efficiency of those who are remaining and those we are employing to look after the equipment."

"Applications are coming freely and there are apparently large numbers of men who are willing to enter our service to take the place of those who found it necessary because of the strike order to abandon us."

"The crops are looking fine and the fall traffic gives promise of being better for many years heretofore."

"I see no reason for a feeling of pessimism as to the final outcome of the present disturbance."

TO RECEIVE DOCK BIDS.

By The United Press.

ORANGE, July 7.—Bids for the proposed extension of the city docks here to carry out Orange's promise made to the government, to provide additional wharf and dock facilities, will be opened here July 24th. This includes two 90x100 warehouses, several hundred feet of additional loading aprons, a new track on pilings for 1,060 feet.

WILL MOVE COLLEGE.

By The United Press.

MIDLAND Christian college will be moved from Midland to Cisco, Rev. D. R. Hardison, pastor of the First Christian church of Colorado and member of the State Education Board of the Christian church, announced Wednesday afternoon, following his return from Dallas, where plans for removing the institution were completed Tuesday. Rev. Hardison is the West Texas representative of the State Board—Colorado Record.

IRISH REBEL LEADER DIES

By The United Press.

DUBLIN, July 7.—General Charles Burgess, rebel leader died of wounds in a hospital here today. He was wounded in a dash for liberty, when he refused to surrender at the capture of the rebel stronghold by the Free State troops recently.

HUGE TOLL IN FOREST FIRES

By The United Press.

SEATTLE, Wash. July 7.—Two people are dead, six are missing thousands of dollars of homes are destroyed and millions in timber is the toll already exacted by forest and brush fires, which are raging in Western Washington.

COAL SUPPLY DWINDLES

WASHINGTON, July 7.—Only fifty-three days coal supply is available for public utilities, according to an announcement of the Department of Commerce in regard to the coal situation on June 15.

This illuminates the place splendidly and is something not only the band thanks the company for, but the public as well. It seems that the entire citizenship of Sweetwater and vicinity are beginning to realize that the band boys are determined to have a good band here and we believe that the people will donate small sums to add to the fund started to help us build a musical organization that they will be proud of. You might state in The Reporter that if anyone desires to help the boys wind up the fund and finish paying off the remainder of the little debt now on them and those who want to see the band come out in nice neat-appearing uniforms, to mail or hand in their check to any amount they feel like giving, and I'll guarantee that the organization will appreciate it, most deeply and sincerely."

The band membership also desires to extend greatest appreciation to The Sweetwater Reporter for the valuable space given in helping the cause along. For without the proper publicity, the band would indeed have a hard row to plow.

The rendering of accounts and the allowance of bills completed the business of the meeting.

THE MARKET PAGE.

RETAIL MARKET.

AT THE QUEEN

Should a wife accept lavish gifts from her husband as peace offerings after misbehavior on his part?
 Can a husband addicted to drink,

hope to retain his wife's love after charging that he bought and paid for her and that she is his by virtue of such a procedure?

Can a wife's love and self-respect be bought by a man as one may buy a dog or some other domestic pet? These questions constitute several of the vital problems in "Thought and Paid For," featuring Agnes Ayres and Jack Holt, which William de Mille has translated to the screen as a Paramount picture, from the famous stage

by George Broadhurst. The was shown to delighted audience at the Queen theatre last

is story the husband, a millionaire, carries a working girl and lavishes upon her costly gifts. For a while they are happy, then the husband suddenly comes home drunk and a woman of fine sensibilities is

st, the climax comes and when he uses to kiss him, he insults her

by saying that he has bought her and paid for her, and, therefore, owned her. This causes a breach. The ensuing events and the dramatic reconciliation make the picture highly enjoyable. Agnes Ayres and Jack Holt,

both Paramount stars, play the featured roles with artistic effect.

Miss Rue Trammell has returned from a visit at Colorado with her cousin, Miss Anna Mary Mann.

Fill Up Your Tank With Sweetwater Gasoline

You are one of the fellows that believe in your town and its future, aren't you? All right. One of the ways you can help in its development, at no extra cost to yourself, is to fill up your gas tank at Dale Warren's Garage. He is selling gasoline made in Sweetwater.

You Will Get Better Gasoline For Your Money

Most ordinary gasoline is high gravity casinghead gasoline blended with kerosene or a similar product to give it the proper gravity. It does not require many days for the high gravity casinghead gas to evaporate, leaving a heavy liquid without much pep. Sweetwater gasoline is not blended. Its a pure straight run "gas" and being made and sold right here its fresh, and full of pep, power and punch.

Ask Your Grocer For Sweetwater Kerosene

Your grocer has, or can get, Sweetwater kerosene. Its made right here in Sweetwater and its better.

THE MARKET PAGE

THE REPORTER'S HOUSEHOLD HINT COLUMN.

Canned Peaches (Cane Sugar)—

Recipe A.
Take firm, ripe peaches, place in wire basket or square of cheese cloth, blanch by lowering for 15 minutes in water below boiling point (about 180 degrees F.) Dip into cold water after blanching to make firm.

Peel, stone and pack in jars and cover with a syrup made by boiling together 1 3/4 pounds of cane sugar to 1 quart of water. Process 15 minutes. Use quart jars (if No. 3 cans are used they should be exhausted 3 minutes).

Canned Peaches (Glucose)

Recipe B.
Following directions above using the following syrup: 1 1/4 pounds of cane sugar; 3/8 pound of crystal white Karo, 1 pint of water. Heat until sugar is melted and pour over peaches. Process 15 minutes. Quart jars.

Peach Standards.
No. 3 can should have at least 1 pound 5 ounces solids and 11 ounces liquid. Should contain between 16 and 12 halves of peaches. The net weight of contents must not be less than 12 ounces.

Peaches—Lye Peeling.
If properly used, peeling with a hot solution is not injurious and is more economical and sanitary.

Place the peaches in scalding water for 20 seconds to blister or cauterize the surface. They are then dipped in to boiling lye solution for 20 seconds. The lye solution should contain about 1-1/2 pound of concentrated lye to each gallon of water. From this solution they are dipped into a second bath of about 1-1/2 pound of lye to a gallon of water. The fruit is then sprayed thoroughly with water, or washed through at least four waters, to remove all traces of lye and the peels. Owing to the variation in the strength of lye obtainable, a small amount of the solution should be made and tested before the season opens.

Peach Marmalade.

Ripe fruit may be used for this. 2 1/4 pounds sliced peaches, 1 pound of sugar, 6 whole allspice, 1 cracked peach seed, 1 inch piece of ginger root, 1-2 cup of peach juice, 1-2 teaspoon whole clove, 1 teaspoon cinnamon bark, 1 teaspoon of spring mace. Cook all together until thick as marmalade and clear (temperature of 220 degrees F.). Pack hot in hot jars and seal at once. If this is done quickly, having everything very hot, a good seal should result. However, when packing for market, it is far safer to process this jam, both to insure sterilization and a tight seal.

Peach Butter.

Ripe fruit may be used for this. Peel stone and weigh the fruit. Cook slowly in porcelain lined kettle. Mash and stir the peaches until perfectly smooth, then press through a fine sieve. Add 3-4 pound of sugar for each pound of fruit and boil until light brown in color (temperature of 220 degrees F.). Fill into hot jars while still hot and seal. This product may be sterilized as for marmalade.

Peaches—Sweet Pickles.

7 pounds of sugar, 4 pounds of sugar, 1 pint of vinegar, 1-2 ounce of ginger root, 1 teaspoonful of ground cloves, 2 teaspoonfuls of allspice, 2 teaspoonfuls of cinnamon, 1-2 teaspoonful of ground mace. Peel the peaches. Tie the spices in to two or more muslin bags. Add the peaches and spices to the hot vinegar and sugar and bring to a boil. Set aside for about 12 hours. Drain off liquor. Bring to a boil and pour over peaches. Drain and reboil every day for a week or until the fruit is just covered, then bring the fruit and liquor to a boil; fill jars and seal.

Peach Leather.

Peel and mash ripe peaches. Spread in thin sheets on a platter, a clean board or a sheet of glass and dry in the air or in the sun. When dry, roll up as a scroll. Stone as dried peaches. Soak to restore freshness. Cook and use for fruit rolls and other desserts.

WITH THE AID SOCIETIES.

EPISCOPAL CHURCH

The Ladies Guild of the Episcopal Church held an interesting meeting at the home of Mrs. J. M. Charlton, Monday afternoon.

Sewing on the linens for the new church filled the afternoon with work while the ladies enjoyed pleasant conversation.

The meeting was closed with an ice course. Mrs. J. C. Habb will be hostess at next Monday's meeting.

FIRST BAPTIST CHURCH

The Woman's Missionary Society of the First Baptist Church held a business meeting at the church Monday afternoon which was presided over by Mrs. Herndon, Society president.

Miss Genoa Cole had charge of the Bible lesson which was taken from Matthew, 7th Chapter, being a part of Christ's sermon on the Mount. On next Monday afternoon the Society will give a white linen shower for Buckner's Orphan Home and the ladies will meet at the church to pack the box at 3:30 o'clock.

LADIES ST. BAPTIST CHURCH

The ladies of the Missionary and Ladies Aid Society held their regular monthly business meeting Monday afternoon at the church.

PRESBYTERIAN CHURCH

The Ladies Auxiliary of the Presbyterian Church met at the church Monday afternoon for a short business session which was presided over by Mrs. Wiggins. Rev. McLaurin taught the Bible Study from Revelations.

METHODIST CHURCH.

The Woman's Missionary society held regular monthly business meeting at the church Monday afternoon. A good attendance was reported. Next Monday the society will meet in the usual three circles for Bible study at the homes of the members.

THE GLEANERS.

The Gleaners Missionary society were entertained Monday afternoon at the home of Mrs. G. E. Ramsey for the regular meeting. Mrs. Willard Gibson presided over the business session, during which time a free will offering was taken to be applied toward the traveling expenses of a new missionary, who will to the African field next month. A short missionary program on "China" was given.

Mrs. Frost opened the program with a short talk, "The Ancient and the China we Know Today." Mrs. Willis Barberer spoke with interest on improvement in the Educational Conditions of

China." Mrs. Willard Gibson on the hearty welcome extended each guest. A program on Japan was arranged and Mrs. F. M. Poffenbach presided over the meeting. Talks were made on the different phases and progress of missionary work in Japan by the following: Mrs. Don Clayton, Mrs. Sheridan, Mrs. Ater and Miss Mollie Musgrove. Mrs. Hubbard gave several much enjoyed piano numbers. Victrola selections were also enjoyed. Ice cream punch and wafers were served through out the afternoon. Mrs. R. A. Ragland's home will be the next meeting place and bowls of beautiful flowery August the 7th.

CHRISTIAN CHURCH

The Woman's Board of Missions held a meeting with Mrs. John H. on Monday afternoon. There was a large attendance and beautiful flowery and bowls of beautiful flowery

So extra delicious With fresh fruits on a hot day

No other food has such an appeal on a hot day as Kellogg's Corn Flakes! They win fickle appetites, they satisfy hungry folks! They are delicious at any hour or for any occasion!

As an extra-summer taste thrill, eat Kellogg's with bananas or other luscious fresh fruit now in season. Such a diet is not only ideal from a health standpoint, but it is refreshing—cooling, enjoyable beyond words. Try serving Kellogg's with fruit juice as an extra-dainty dessert!

Eat Kellogg's Corn Flakes liberally—because they digest easily. Let the children have all they want. All will be better for a lighter diet—and free from headaches and sluggish drowsiness.

Insist upon Kellogg's Corn Flakes in the RED and GREEN package that bears the signature of W. K. Kellogg, originator of Corn Flakes. None are genuine without it!

SAVED 88c

A lady was in our store for the first time, the other day. After examining just a few of our prices (all our groceries are marked with plain price figures) she exclaimed that our prices had already saved her 88c over the price she had been paying. She has been a regular customer ever since. But low prices alone do not account for the steady increase in business with which we have been favored. We are ever on the lookout for opportunities to serve our customers better. We added another telephone, and then we added another delivery wagon. And to cash customers we give

WHY A TRADE TRIP
The unanimous endorsement of a Trade Trip by the Luncheon Club does not necessarily mean that such a trip will materialize without considerable hard work on the part of those interested. It merely shows the prevailing opinion that the idea meets with approval.

A Trade Trip may or may not be desirable at this time. It may or may not be the thing to do at this time. There are several things to be considered however.
Ablene has negotiated a very successful automobile race on July 4th, is now pushing a full fair and trying to build a railroad into Cross Plains. San Angelo held a very successful convention of the Sheep and Goat Raisers' Association this year and hunchfuzzled everybody out of the West Texas Chamber of Commerce Convention for next spring. Colorado is busy developing a very promising oilfield. There is commendable activity at Lubbock, Plainview and the Plains country generally. Here in Sweetwater we can either get busy or "we'll all go to hell together." What is your pleasure gentlemen?

APPOINT NEW MEMBERS
Comes the announcement today of the appointment of Will Wade and B. C. McCall to the Board of City Development to succeed John T. Johnson and H. A. Bullock.
The Board of City Development has touched a constructive combination of feivig betterment. A new secretary has been appointed and a committee is even now arranging quarters for permanent headquarters.
B. C. McCall is one of the old time boosters of this section whose experience and vision will prove valuable to the Board.
Will Wade is becoming increasingly popular in this town for his unselfish activities in behalf of the town. His keenness and enthusiasm coupled

with a large portion of good old fashioned common sense will make him a desirable member indeed.
The personnel of the Board already includes some of the best men in this town and the new appointees will bring to it a freshness of viewpoint that should make for distinct progress in the right direction.

TOM MIX IN WHIRLWIND OF FUN
Tom Mix will be here again Saturday in his latest William Fox picture, "Chasing the Moon." This is another Mix whirlwind photoplay, full of stunts and thrills, and at the same time packed with fun.

With his usual zest and his exhibition of the joy of living, the Fox star travels half way around the world in this picture. He cuts his hand and is told that deadly poison has entered into the cut. A certain professor knows the only antidote. Mix must reach the professor in a month or die; and the professor is about to sail for Russia. He starts on horseback, changes to an auto, and keeps swapping cars and motorcycles until he reaches the steamship pier—only to find the steamer has sailed; so he swims to a motorboat, and pursues the steamer, only to find his man took an earlier vessel. The professor keeps a couple of jumps ahead of Tom until first Russia, then Spain, is reached.

All this time his best girl (Eva Novak) is chasing Tom to tell him that after all he was not poisoned, but if he takes the antidote without having been poisoned he will die anyway. So it's a terrible mix-up. And what's worse, bandits get on his trail. The stunts he does so bawlder the bandits that their brains begin to work backwards. But it all ends well.

Firestone

GUM-DIPPED CORDS
—and Their High Mileage Records

The high mileage records of Firestone Cords continue to emphasize the fact that Firestone methods are different and better. These records, steadily increasing in number and in mileage totals, justify the Firestone contention that there is one best way to build tires.

Among the primary sources of Firestone extra mileage is double gum-dipping—the saturation of the cord plies in a vat of liquid gum—thus coating each cord and virtually eliminating internal heat and friction.

Another is Firestone air bag curing, with its 200 pound pressure, which places every cord accurately and equalizes the tension.

By blending the rubbers of different plantations and types, and by tempering it before mixing, Firestone men add still more mileage.

Many cord tires are good—a few are better—Firestone users say one is best.

Those who have already experienced Firestone mileage, have stopped shopping and experimenting—they have made these cords standard equipment. Investigate your friends' success with Firestone Cords—and buy your next tire accordingly. Come in and get your share of extra mileage.

Miss Em Yarbrough of Fort Worth was guest of her brother, Jack Yarbrough and their mother Mrs. M. E. Yarbrough Wednesday between trains as she was enroute to Midland.

CASE BORER RUINS PECANS

Special to The Reporter.

BALLINGER, July 7.—The activities of the case borer in the pecan timber of practically all the pecan growing territory of West Texas have been sufficient to ruin the entire crop according to reports received here. Three weeks ago giant pecans gave promise of making bumper crops of the nuts. Today the production will be insufficient to pay for the gathering. The case borer attacks the tree as the boll weevil the cotton stalk. The only way to prevent such destruction is by spraying which is very expensive it is said.

WIFE IS SUSPECTED

Charged With Slaying After Discovery Of Body Of Dan W. Ryan On A Lonely Country Road.

HOUSTON, July 7.—Dan W. Ryan, 46 years old, wealthy Houston man is dead and his wife, Martha Hazel Ryan 25, is held in the county jail here on charges of firing the fatal shots Wednesday night.

Ryan was shot as he sat in an automobile on a lonely Clinton road, fifteen miles from Houston. With him, it is alleged, was a married woman of Houston, who is prominent in the business life of the city and the mother of children.

Ryan and his wife had been separated several months. Mrs. Ryan will make no statement.

WHO WANTS TO HELP?

The ladies of the First Baptist Church will pack a box of White Gifts Monday afternoon for Buckner's Orphan Home.

All kinds of bed linens, (send sheets for single beds) towels etc. Buckner's Orphan Home is not sectarian in its work, therefore, the ladies of the Baptist Church will appreciate any contribution to the gift box any one in the city would care to make.

Phone to Mrs. Herndon or Mrs. W. Gibson if not convenient to call to church Monday afternoon.

SELLING SWEETWATER "G"

Dale Warren Filling Station Will Product From Local Refinery Dale Warren has secured from the Sweetwater Refinery the privilege of selling Sweetwater made gasoline to the local trade according to an announcement made today by J. I. Shade.

Mr. Shade and associates have leased the old Rex Refining Co. refinery south of town and have already through several cars of crude. They expect to make gasoline and kerosene and the kerosene is already on sale several local grocery stores.

The assertion is made that Sweetwater gas is as good if not better than that shipped in. Local motorists undoubtedly derive no little satisfaction from driving their cars with Sweetwater "gas."

SIGN 'EM UP

Committee Securing Signatures Of Local Men To Make Trade Trip

The committee appointed by the Luncheon Club to secure signatures of men desiring to make the Trade Trip were active this afternoon and reported very favorable progress in their quest.

Will Wade, Muck Johnson and J. A. McCurdy comprise the committee. They held a consultation with the arrangement committee Thursday afternoon and the tentative program adopted consisted of a two day trip with the following itinerary: Dora, Nolan, Hyton, Blackwell (dinner), Roscoe, L. Raine, Colorado, (spend the night), Hermelich Snyder, Rotan, Roby, McCaulley, Sylvester and Longworth. The dates seeming most agreeable to everyone are July 18-19.

TOWN IS GROWING

Jack Patterson, Sweetwater manager for the Southwestern Bell Telephone Co. reports a gradual but steady increase in the number of telephones in service in Sweetwater. During the last 18 months, the number of phones in use in Sweetwater has increased over 100. Some of this increase is doubtless due to business firms adding one or two extra phones to their equipment but it implies that the town is not losing any in population.

Fresh Vegetables, Choice Fruits, and Country Produce at all times. Supplies for Camping and Picnic Parties A Specialty. Phone Number 247. Phone Number 247.

The increase has been noted every month, Mr. Patterson says. He added that some surrounding towns including a large neighbor to the east have shown a net loss in service.

SPECIAL MUSIC AT M. E. CHURCH
Special music at the Methodist church Sunday will be a voice number by Miss Ruby Hemby and the Ladies Quartette will sing. Violinist, Miss Wilda Drago, Piano—Miss Wanda Drago.

The Rebekahs will meet at the hall Saturday evening to rehearse their drill work which will be changed somewhat and it is very necessary for every member of the Drill Team to attend this and every rehearsal before the I. O. O. F. convention in August.

Mrs. Anna Whitten of Brownwood Supreme Delegate of the Woodman Circle reached the city last night to be ready for the meeting this evening. Mrs. Tressie Goldsticker, District Deputy of the Circle from Stamford is here for the meeting also.

Miss Minnie Fowler, county superintendent, was in the Dora community today.
