TO SHOW STATUS OF COUNTY ROAD

Board of City Development Proposes To Seek Consideration Of State On New Route.

FAIR ASSOCIATION IS DISCUSSED

Suggested As Advantageous For Year-Round Usage—Would Be Drawing Card For Sweetwater.

The passage of a resolution working toward a speedy arrangement for the completion of the Fisher county road north from Sweetwater, a report upon the disposition of concessions at the City Lake, the discussion of the project of forming a Fair Association at Sweetwater, the decision of the Board to furnish a quota of fifty dollars a month as part payment of the salary of H. P. Leavell, director of the band and the reading of correspondence received since the last meeting constituted the business of the Board of City Development at their meeting Tuesday night, which had been postponed from Monday night, the regular meeting time.

A resolution was passed by the Board working toward the presentation of the status of the Fisher county road, running from Sweetwater north to the Fisher county line before the State Highway Commission. It was suggested that it would be advantageous for Mayor Sheppard to represent the Board and Judge A. S. Manzey for the county to present the status of the road at present and work toward the proposed alteration of the route, running north by the local cotton oil mill and then coming into the present road near the Fisher county line. This stretch of road past the Oil Mill is in fairly good condition at present, but it is probable that it might have to be resurfaced to meet the requirements of the State engineer. The proposal was made at a previous meeting of the Board to change the present route of the road and make the new route run north past the City Lake for a distance of approximately two miles and thence eastward until it intersects the present Highway.

Members of the Board expressed the belief that the county would be able to secure a sum from the State upon this route equal to the original cost of construction, without matching dollars on the proposition.

J. A. Snell, chairman of a committee in regard to keeping the park cleaned up, reported that the task had been disposed of to another party for the consideration of the cold drink concession and a fee of \$25 a month, instead of a flat sum of \$50 a month.

Correspondence from Lieutenant Governor Davidson in regard to a conference in the near future of towns along the Orient, scheduled to be arranged at Fort Stockton, was read and Secretary McCurdy instructed to keep in touch with the Lieutenant Governor through the Fort Stockton Chamber of Commerce regarding the date of the meeting.

The publicity committee, of which Mr. Wright is chairman, was instructed to keep in touch with the Lieutenant Governor through the Fort Stockton Chamber of Commerce regarding the date of the meeting.

The publicity committee, of which Mr. Wright is chairman, was instructed to confer regarding the cost and plan of additional city publicity in the form of a booklet, folder stationery or some other form of advertising and report at another meeting.

The discussion of the project of a Fair Association was taken up following the suggestion by Walter Boothe. Mr. Boothe mentioned the possibility of using the grounds and building, which would be constructed if the plan materialized, for at least three annual events—a stock show, place in the spring, automobile race in the summer and a county fair in the autumn. It was shown where neighboring towns were putting on similar affairs, and that the events were drawing cards.

C. F. Mays volunteered to get in touch with officials of the Santa Fe railroad in regard to getting their cooperation in making a preliminary survey for the proposed automobile track and other matters in looking over the grounds. One site mentioned for the location of the proposed fair ground is in the vicinity of the City Lake and the Armstrong Tractor Building, but nothing definite was decided.

The Board unanimously passed the motion proposing to pay the installments of the amount pledged by the Board in order to secure the services of H. P. Leavell as director of the Sweetwater Band. The June and July of \$50 each installments, both in arrears, will be paid by the Board instead of by popular subscription, as originally planned. The City Commission also pays Mr. Leavell the same amount monthly. The bill for the expenses of the Sweetwater Band on the recent get-together trade trip together with amounts for other forms of publicity, amounting to \$50.00, was allowed by the Board and as some members expressed it, "an excellent investment."

The consideration of the proposed white way, running from the Santa Fe depot to the T. and P. depot was placed before the Board and further action upon the project will follow.

GONE TO COLORADO

Mr. and Mrs. J. H. Beall, Dent and Beale Beall left this morning for a trip through the Yellowstone Park. They are going via Amarillo and Colorado by automobile, and will be gone approximately one month.

WILL TALK OF FAIR

Boothe Will Discuss It—Dragoo Sisters Will Play At Luncheon Club Thursday.

A report from Walter Boothe on the proposed Fair Association, one of the Boy Scout Committee and two musical numbers by the Misses Wanda and Wilda Dragoo are features on the program for the Luncheon Club, Thursday noon.

Mr. Welch in charge of the dining room at the Hotel Wright, has won considerable favorable comment on the excellence of the menu he is furnishing the Luncheon Club and in another column of today's paper will be found the menu for tomorrow.

Recent concert appearances on the part of the Dragoo sisters has firmly established them in the minds of Sweetwater people as musicians of merit, and they will be welcomed.

Postmaster Howard has some interesting remarks to make along lines suggested by the recent trade trip, and it is possible Secretary McCurdy will have an announcement or two.

All in all the usual lively session is expected to materialize.

INDICT FOUR MEN

Charged in Connection With The Death Of Service Car Driver Near Ku Klux Hall.

AUSTIN, July 26.—Four men have been indicted by the Travis county grand jury on a charge of murder in connection with the killing of Peeler Clayton, a service car driver in front of the Ku Klux hall on the night of December 15, according to reports made public here today.

The four men arrested are E. L. Young, chief of Austin detectives; W. E. Mayberry, custodian of Camp Mabry; J. L. McNeil, an Austin policeman; and Basset Miles a Federal prohibition agent.

BANKERS COMING

Ed Bradford Brings Next Regular Meeting Of State Banks To Sweetwater, Sept. 4.

The next regular meeting of the State Banks of the 17th District will be held in Sweetwater, September 4, Ed Bradford, State Commissioner of Banking and Insurance and H. M. Weldon, Bank Examiner for the district will be present.

Ed Bradford returned from Lubbock this morning bringing the meeting with him. He attended a meeting of the Executive Committee of which he is a member, together with Pete Brady of Snyder State Bank, P. M. McLaughlin of the Falls Guaranty State Bank and B. M. Hollins of Slaton State Bank and W. S. Posey of the Lubbock State Bank.

There are forty-four banks in the 17th District, including all points north on the Santa Fe to but not including Amarillo, together with Hamlin, Knox City and other points on the Orient north. Each bank will be represented by an active officer, and a member of the Board of Directors. About 90 men are expected to be present and suitable arrangements for their entertainment are being made.

Miss Connie Baird, of Lorraine, is the guest of Miss Ruth Prim for the week.

TOURIST CAMP IS FRANCE IS FACING VERY ATTRACTIVE A HUGE DEFICIT

There Were 20 Tourist's Cars Packed There One Night Recently—From All Points.

IMPROVEMENTS NOT EXPENSIVE

Cottonwood Trees Planted Six Years Ago By Mayor Yantis—Crepe Myrtles Set Out.

With twenty tourists cars parked in the Tourist Camp at City Lake in one night, recently and a large number regularly every night, with picnic parties from Roby, Colorado, Roscoe and many other nearby points using the grounds, to say nothing of the Sweetwater folks who find recreation there, the City Park may be said to be one of the most important items in the city's list of attractions.

The tourists come from here, there and everywhere. A pattempt is being made to have all travelers who use the park, register, so that by the end of the season, there will be an adequate idea of the number of people who have been there and where they came from.

"You don't know what you have here," said a lady from Denver as she swam delightedly across the lake. She was one of a party of tourists. Another tourist said that they had heard of the Sweetwater Tourist Camp way out in California.

The bath houses, springing beard and other bathing facilities have been very inexpensive, as have the other improvements that have been recently added. The park is being at the present time thoroughly cleaned of all weeds and underbrush and made presentable. It is possible that additional facilities may be added later.

Mayor Sheppard, with a committee composed of J. H. Snell and Paul Forson have charge of the park and all matters relative to concessions, or other extra uses are in their care. They are responsible for the present cleaning campaign, which is being inexpensively cared for, with some of the city's non-paying guests.

The park itself, however, is not a new thing in Sweetwater. A. B. Yantis, while mayor, planted the cottonwood trees some six years ago. Deep wood trees and sticks of dynamite holes in the bottom of the holes were dug and sticks of dynamite were thoroughly break up the rock and had an opportunity to grow. Mr. Yantis did, so did the trees.

John T. Johnson planted the crepe myrtles between the park committee was chairman of the park committee. He also "topped" some of the mesquite trees so that the limbs would spread but for shade.

Among the plans for future betterment is a bridge across the west end of the lake, so that the sandy portion on the other side may be made available for picnic parties. It is rather inaccessible now.

WILL ASK RUN - OFF

Callaway Makes Statement In Regard To Lack Of Blanton Majority In Primary.

Complete returns from eleven counties in this congressional district and partial returns from seven other counties with no returns from Burnett county give the following totals:

Blanton	21,761
Callaway	9,294
Cunningham	8,739
Dibrell	4,564

With these returns, Congressman Blanton lacks 305 votes of having a majority over his three opponents, while Oscar Callaway of Comanche is second with 12,497 votes behind the Abilene Congressman which is 3,233 votes more than the total vote cast for the Comanche candidate. Judge Cunningham of Abilene received 8,739 just 225 votes less than Callaway.

Additional returns from the counties not complete and from Burnett county will not likely change the standing of any of the candidates.

In response to The Reporter's telegram asking as to whether he would insist on a run-off should Blanton not get a majority, Mr. Callaway replied: "I shall insist on run-off"—Abilene Reporter.

RECORD TOURIST TRAVEL.

Special To The Reporter. STAMFORD, July 26.—Auto tourist travel in every part of West Texas this summer has been greater than at any time since the beginning of the world war. Most of the West Texas towns have provided tourists' camp grounds and other facilities for the convenience and comfort of those who travel on rubber.

PLOW UP LEVEL.

Special To The Reporter. AMARILLO, July 26.—Wheat farmers are already plowing up the level wheat lands from which under average harvests were made. Many farmers report the ground in such a hard state that it is difficult to plow. Much wheat will be planted this fall provided reasonable rains fall in the meantime.

FUMES SHOW LOCATION.

Special To The Reporter. SAN SABA, July 26.—Officers recently captured a still and a "stiller" at the head of Wallace Creek, together with 90 gallons of mash. The still was found in a lot apparently well hidden from the eye of the ordinary man. Its fumes directed steps that conquered it.

SLAY'S ESCORT'S ANNOYER

Girl Shoots Man In Fashionable Restaurant—Died Instantly.

By The United Press. CLEVELAND, July 26.—Annoying a woman's escort cost Edward O'Connell his life here today in a downtown restaurant while scores of fashionably dressed patrons sat aghast. O'Connell was shot and instantly killed, according to the police by Mabel Barnett, 22 years old. Her companion over whom the slaying occurred told the police that he was Clifford Barnett, a traveling salesman working out of Dallas and Kansas City.

INDICTED ON LIBEL CHARGE

AUSTIN, July 26.—An indictment charging criminal libel against a weekly newspaper was returned in the Travis county grand jury's report here Tuesday. The alleged libelous article was printed in regard to the attempt of Edgar Shelton to unmask a klanman at a revival meeting here a month ago. The capias has not been served and the money the indicted party is withheld.

TEXAN DROWNS IN CHINA

By The United Press. HOUSTON, July 26.—The Reverend L. W. Pierce of Savoy, Texas, missionary of the Southern Board was drowned in a canal near Yangchow, China when a steamship capsized, according to a cablegram reaching relatives here. Pierce was born and raised in Fannin county.

SWATTERS TAKE FIRST OF SERIES

Blow-Up Of Eagle Infield In Seventh Gave Locals First Of Series 4 To 1.

SCORELESS UP TO THE SEVENTH

Richburg Found Freely—Game Fast Despite Errors—Eagles Rally Is Nipped In Ninth Inning.

One round, the seventh, when the Abilene Eagles' infield blew up and John King missed a fly ball in center, was enough to give the Sweetwater Swatters the first game of the series here Tuesday afternoon by a score of 4 to 1. Up to the seventh, McAbee had held the Swatters scoreless and hitless. The three hits the Swatters garnered off McAbee were scratchy ones.

Lefty Richburg was touched quite freely. The game was fastly fielded despite the errors chalked up. A rally by the Eagles in the last of the ninth ended when John King was whiffed by Richburg for the last out.

EFFECTIVE REVIVAL

One Confession Received At Church Of Christ Services By Evangelist Rice.

Revival services at the Church of Christ under the effective evangelism of Sam H. Rice and accompanied by the able singing of Ira H. Rice are proving increasingly interesting.

Last night one confession was received and there will be baptizing to night.

Evangelist Rice spoke last night on the text, "Blessed are they that mourn for they shall be comforted." He developed that theme along the lines that sorrow proved an able ally to salvation in that it prepared the way for the message.

His topic for tonight will be "Give His Soul A Chance." An inspiring song service by Ira Rice will be a feature of the service, as usual.

TROOPS ENCAMP FOR GUARD DUTY

Two Hundred And Fifty Officers And Men Arrive At Denison For Railroad Duty Guard.

RECRUITING AT WICHITA FALLS

Call For Common Sense And Obedience To Law Urged By Disinterested Parties.

DENISON, July 26.—Five companies of the 142 Infantry, Texas National Guard arrived here at 7 o'clock this morning. The contingent includes 255 officers and men.

They were met only by the Guard officers, who were already here. No untoward incident occurred in connection with their arrival. Colonel N. In the military zone which was proclaimed by Governor Neff Tuesday night around the railroad, immediately ordered the men to begin building quarters in the railroad yards after they had been given their breakfast by the Katy railroad in the railroad commissary.

CALL FOR COMMON SENSE.

Copyright, 1922, By The United Press. NEW YORK, July 26.—The call for common sense and a fair spirit of give and take in the coal and rail strike controversies was sounded today by representative Americans, who are disassociated with either industry, following a proclamation of National Emergency by the Interstate Commerce Commission.

In a series of exclusive telegrams to the United Press, a group of prominent leaders gave their views of the crisis and their suggestions for its solution.

W. J. Bryan called for the resumption of work until the differences between the workers and the owners of both industries can be worked out. Judge Ben Lindsey appealed to the patriotic spirit of war-timers and Carl Vrooman advocated "large doses of decency and common sense."

Lyman Abbott urged a non-partisan commission and combination in organization of labor analogous to the shop committee. Irving Fisher demanded respect for the government and the United States Rail Labor Board.

MAY HAVE VITAL HEARING

By The United Press. WASHINGTON, July 26.—A conference which may have a vital bearing on the rail strike was held at the White House between President Harding and W. W. Atterbury, president of the Pennsylvania railroad, and Director-General of the Railroads Davis.

RIOTING IN CHICAGO.

By The United Press. CHICAGO, July 26.—Rioting broke out near the Burnside shops of the Illinois Central railroad here early today. The police were forced to fire several shots and use their clubs before order was restored.

MOBILIZE NATIONAL GUARD.

By The United Press. WICHITA FALLS, July 26.—Captain John Fletcher was ordered to mobilize the National Guard unit of Wichita Falls here today by order of Adjutant-General Barton. Active recruiting of new members is also under way. Fletcher gave no intimation that the troops would be used in strike duty at all.

THREE ARRESTED

Dallas Theatre Men Charged With Holding Out Uncle Sam's War Tax—Released On Bond.

By The United Press. DALLAS, July 26.—Charges of defrauding the United States Government by embezzling the funds collected as war tax at a local theatre have been filed against three local theatre men with United States Commissioner Davidson by J. H. Hopkins, collector of internal revenue.

The three men are W. A. Cox, Jack Parsons and Alvin Chapman, who are alleged to have operated the Hippogrome theatre, failing to pay over the collected war tax. The men were released upon bonds.

UNDERWATER FIGHT.

"Up and Going" is a picture truly remarkable in spirited action, extraordinary scenic beauty and tremendous climax. It shows Tom Mix at his best throughout. It shows him not only as a daring and wonderfully skilled horseman, but as a rough and ready fighter in a righteous cause, but as a camelot who is an expert of the first rank.

"Up and Going" is great and thrilling entertainment; but the fight under water—a fight for life—presents a scene never before approached in its startling quality.

MAY CALL COAL CONFERENCE.

By The United Press. CLEVELAND, July 26.—Reports that President Lewis of the miners will call a meeting here of all of the coal operators in the country, who are willing to negotiate in regard to the wage agreements on a district or national basis, was circulated here today.

RATE AND VALUATION

The special school tax election to be held next Saturday, July 29, is to determine whether the School District shall raise its tax rate from 50c to \$1.00 on the \$100 valuation. With a tax rate of \$1.00 the valuations can and will be lowered so as to produce just sufficient revenue to maintain the schools without running them into debt each year and calling on the people for donations.

Tomorrow we shall repeat the financial statement made some time ago in the columns of The Reporter.

Last Saturday Fort Worth voted 10 to 1 to raise her tax rate to meet the same conditions. Recently our sister town, Snyder, voted the dollar rate 4 to 1.

Watch tomorrow's Reporter for repetition of the financial statement.

PROTECTING HOME MARKETS

Editor Sweetwater Reporter:
 In the past year there has been a great deal published in the Reporter. About patronizing home merchants and Home Industries. But nothing about the Home markets of the Farmers. The merchants of Sweetwater spend thousands of dollars every year trying to build up their trade. And not a dollar towards encouraging the farmers to produce the supply of vegetables that the citizens of Sweetwater use when the farmers around Sweetwater raise vegetables, melons etc. They have to compete with truck shipped in from East and South Texas. This stuff is generally sold on commission and dumped on the market for what it will bring when our farmers produce begins to come in and thus ruins our home markets so that the farmers have to take very low prices for their produce and often can not sell it. This virtually ruins the farmers with nothing but cotton money to spend. As cotton is a cash crop anywhere. The farmers are not dependent on any one in Sweetwater, to buy it they can ship it or let the Farm Bureau sell it for them or sell it to neighbor towns. How would the merchants of Sweetwater like to see some Dallas or Ft. Worth firms, have some of their farmer friends taking orders for groceries, every day and spending their cotton money with those firms, now then if the merchants won't protect the farmers home markets why then the farmers are under no obligation to spend a dollar with them. The farmers would like to see the merchants prosper but not at the expense of their Home Markets. The farmers are watching these things close. Now then if the Business men of Sweetwater mean business why not organize in a solid phalanx and look after the farmers home markets this would do more to cement the friendship of the farmers than anyone thing that could be done. This would help stop the mail order business to a great extent. I would like to hear from others on this problem.

SHOWS THE BOYS.

L. G. Geer Demonstrates "Prono Pressure" Method Of Saving Drowned.
 There was a crowd of boys in the office of the West Texas Electric Company this afternoon while L. G. Geer demonstrated the "prono pressure" method of resuscitation for use in cases of drowning, electric shock etc.
 Mr. Geer used Mr. Cameron as a subject and showed the boys how to lay the person on their stomach, with their head pillowed on their arm, and then to kneel astraddle of them and apply pressure with the hands on the

subject's back, just below the ribs. This forces the air into and out of the patient's lungs, and restores breathing. He warned them not to lose heart, but continue the treatment for an hour, if necessary.
 After Mr. Geer had showed the boys how, they used the method on each other, until they all understood it thoroughly.

CARD OF THANKS

To the voters of Nolan County I wish to extend my thanks for the many courtesies and liberal support given me in my race for Tax Collector. I entered the race a perfect stranger to most of the people of the county and feel that in meeting the good people of the various portions of the county I have made acquaintances and friends that will be of lasting benefit to me. I may never make another race for office and then I may be in the lists two years from now but be that as it may I want to assure you that I certainly appreciate the support given me.
 Again I thank you.

DECORATES GENERAL ROGERS

American Officer Now Wears Medals From All Of Allied Nations.
 Special To The Reporter.
 WASHINGTON, July 26.—In recognition of his valuable services during the World War, Major General Harry L. Rogers Quartermaster General of the Army, was decorated Tuesday, by the Italian Government with the insignia of Commander of the Order of the Crown, the ceremony of investiture having taken place in the Italian Embassy in Washington. General Rogers as Chief Quartermaster of the A. E. F. was General Pershing's right hand supply man and was faced with the biggest supply problem that has ever confronted any army—the feeding and clothing of 2,000,000 men separated from their home base of supply by 3,000 miles of water. So successfully did General Rogers perform this titanic task that not only did our own Governments, the Italian decoration completing the chain.

COTTON GINS ARE BUSY

By The United Press.
 LAREDO, July 26.—Many cotton gins in this section are maintaining full night shifts and running 24 hours a day while long lines of wagons loaded with the staple daily gather in front of the gins awaiting their turn. The Grande valley swings under way.

Not many farmers expect to get a top season out of the crop, due to the ravages of the boll weevil and high waters which have swept away a large part of the acreage. Around a 70 per cent yield will be the general average farmers say.

With the advent of the ginning season and the resultant amount of cash in the hands of farmers, prosperity has returned to the valley after a month's siege by floods.

GATHERS CACTUS SPECIMENS.

Woman Has Spent Lifetime At Work—Is Noted Collector.

By The United Press.
 EL PASO, July 26.—One of the most unique business enterprises in the United States is operated by Mrs. Charles Pattison of this city. Her stock in trade is limited exclusively to desert cactus plants gathered from the arid plains in the section.

Almost a lifetime has been devoted by Mrs. Pattison to this work and she is internationally recognized as an authority on the botanical classification of the different species.

For several years Mrs. Pattison has been making trips over the mountains and hills for the plants. She has found many new specimens which have been added to the world's collection of this form of plant life. She has two large motor trucks to handle the plants.

Mrs. Pattison is a collector of desert plants for many of the best known museums of natural history in the entire world. To National Museum and the Smithsonian Institute, as well as museums in England, France, Germany
