## SLEEPING VOTERS DRAW CRITICISMS

Citizens Who Sacrifice Their Ballot By Not Casting It One Way Or Another Are Attacked.

**SCHOOLS SWEETWATER'S ASSET**  
Must Not Depend Upon Railroad Facilities Alone To Boost Town, Says Local Pastor.

Bitterly exhorting a public spirit that would permit its public schools to perish for lack of sufficient revenue to keep them up, Dr. L. G. Morony in his sermon Sunday night at the Baptist church, took to task in a very lively manner those citizens who failed to vote in Saturday's election to increase the tax rate. He had no quarrel, he said, with those persons who honestly believed that an increase in the tax rate was not advisable at this time. He spoke in part as follows:

"A town that neglects its churches and schools is already on the rocks although it may not know it.

"We have no right to criticize any citizen for casting his vote in accordance with his convictions, but we have every right to criticize that citizen who failed to cast his vote at all. Love of what is right and loyalty to a town's best interests amount to little if we sleep our opportunities away.

"From one end of Texas to the other, we will be known as a town that does not take too much interest in education. If Sweetwater wants to know one reason why people move into this town and soon move out again, it might take a good look at its schools and churches. Abilene and other places have put God and the child first and as a consequence good people pass Sweetwater by and move to those places."

"Three railroads, three lakes and a fine water system are most desirable assets, but they will not make a town in which the church and school spirit are lacking.

"Great home towns are always towns in which every good movement takes its rise in the churches and schools. Other enterprises are good and even necessary, but where the school and church interests are made secondary, there is no hope of building a great home town."

"The weakness of popular government is just that the average citizen takes but little interest in the vital concerns of the community.

"Sweetwater is too great a town to sleep its rights."

The above statements were made in the course of a sermon Sunday night on the subject, "Grains of the Golden Sand." Edgar Allen Poe said opportunities are grains of the golden sand and that they are slipping through our fingers. The text was from the story of Christ in Gethsemane. He found the disciples asleep and reproved them for it because their chance of service had escaped them, but He added, "Rise up! Let us go!"

"We still have a chance to do right."

**COUNTY JUDGE ON VACATION.**  
A. S. Mauley, County Judge, is spending a month's vacation in Colorado, according to the closed door of his office.

**SENATOR CROW ILL**  
By The United Press.  
UNIONTOWN, Pa. July 31.—William E. Crow, United States Senator, is reported near death. He has been ill for a month and suffered a relapse Sunday.

**GONE TO ST. LOUIS**  
J. D. Tidwell of Cowen and Tidwell has gone to St. Louis on a buying trip. He expects to be gone about 10 days.

**CAUGHT BIG ONES**  
A party composed of Mr. and Mrs. Gus Farrar, George and R. C. Sheppard, Mrs. Scuddy and E. B. Hull have returned from a fishing trip on the North Concho near Carlsbad. The party report lots of fish especially big ones, for according to Mayor Sheppard, it was the little ones that got away, not the big ones, contrary to usual tales of the fishermen.

**ENGINEER COMING**  
Word was received in Sweetwater Monday that Henry Porter District State Highway engineer, would be in Sweetwater Tuesday to look over the Fisher County highway north of town on which state aid is expected. He phoned over from Eastland. An unofficial opinion from him concerning the feasibility of the route picked out is expected. Commissioner Lockett, in the absence of Judge Mauley and Mayor Sheppard will take him over the road for his approval.

**CROP LOOKS GOOD**  
D. G. Crain and son, J. H. Crain, from Nolan were in town today and report the cotton crop looking very good, a large improvement over what the crop appearance was at this time last year without further rain, but an more cotton is expected than last year without further rain, but even an inch of moisture in the next ten or fifteen days would assure a whole of a crop. Feed has been hurt some by dry weather. Mr. Crain recalls a season in 1903 when a rain the first week in September retrieved a crop considered lost.

## MEXIA FIRE LOSS \$65,000

By The United Press.  
MEXIA, July 31.—Damages estimated at \$65,000 were caused by an early morning fire here today. The majority of the loss was sustained by the Marion Machine Foundry Company. Three business houses and a Pullman car were damaged. Passengers who had not arisen in the Pullman were forced to flee in their night clothes. The car was shoved under a water pipe and the flames extinguished. The cause of the fire is unknown.

## CHICAGO SHOOK BY BLAST

By The United Press.  
CHICAGO, July 31.—Forty people were injured many of them seriously, here today when a huge gas tank of the Peoples Gas Company exploded. The blast rocked the city. Windows were broken and the shock felt for several miles. Most of the injured were employees or children playing in the street nearby. All are expected to recover.

## SCHOOL BOARD IS RESIGNING

President A. A. Chapman and E. S. Gordon Resigned At Meeting Held This Morning.

## BALANCE OF THE BOARD TO QUIT

Protest Against School Tax Defeat—J. H. R. Lagow And Bray Are Appointed To Serve.

Resignation of the entire School Board is predicted following the resignation of two members this morning and the understanding that the balance of the Board will resign as fast as a quorum is present to receive the resignations.

President A. A. Chapman and E. S. Gordon presented resignations this morning following a called meeting to canvass the votes of the special election called Saturday. The result of the election, 236 for the increase in the tax rate and 265 against the increase, for the \$2.25 per \$100 approved, was received. Then followed the above action.

Other members of the Board in addition to the above include F. G. Robertson, Vice-president, D. A. Clark, sec'y, T. W. Farris, Hubert Toler, and Mrs. W. W. Beall.

In case of resignation of members the balance of the Board appoint new members to fill out the unexpired terms.

J. H. R. Lagow and W. H. Bray were appointed by the Board to fill the unexpired terms of Dr. Chapman and Mr. Gordon. Another meeting of the Board is scheduled for next Friday at which time, additional resignations are expected.

This action of the Board is a result of the School tax election, according to one of the members.

## FEAR HOLD-UP.

Unless Rail Strikers Are Given Right Big Wheat Yield Will Stand Still.

By The United Press.  
DALLAS, July 31.—Unless there is a settlement reached shortly in favor of the railroad strikers and there is a betterment in railroad transportation facilities, now fettered by the strikers, the movement of millions of bushels of Texas wheat, now being carried to Galveston and milling centers in the Middle West, will be held up. Farmers are shipping their wheat almost as fast as it can be harvested and with serious rail tie-up threatened, the movement is being hastened as much as possible in order that the grain can reach its destination before it can not be moved.

## A ONE-MAN STRIKE.

By The United Press.  
KINSTON, N. C., July 31.—A long freight train was held up from 8 a. m. to 3:15 p. m. here because of a one-man strike. When the shovemen walked out, there were no railway workers here connected with the union save one whose job was that of coupler on the Atlantic Coast Line yard. When this individual put on his coat and the strike here was declared "100 per cent effective," trainmen and others failed to perform the coupler's duties. These said they had no right to couple up the cars. The trainmaster finally substituted for him.

## TO STOP SMUGGLING

By The United Press.  
LONDON, July 31.—Lloyd George announced today that the British Government has under consideration a plan to aid the United States in preventing liquor smuggling into the United States. The plan involves a reciprocal arrangement whereby American and British officials will be empowered to search each other's vessels within the twelve-mile limit.

## COAL PRICES UP WITH SHORTAGES

Promise Of Peace Parleys Do Not Relieve Threat Of Fuel Shortage And Tie-Up.

**WILL ASK FOR MARTIAL LAW ON EAST NORTH THIRD STREET**

Tennessee Coal Operators To Ask For State Control Of Mingo Hollow Coal Fields.

By The United Press.  
NEW YORK, July 31.—(copyright)—Sharp rises in coal prices and increasing shortages were reported from industrial centers throughout the United States as the Government announced that its fuel distribution scheme would be in effect within forty-eight hours.

The promise of peace parleys in the coal war, now in the one hundred and twenty-second day of its existence, has failed the serious threat to the average citizen's winter coal supply and the menace to a shut-down of industry in some cities, according to reports to the United Press.

## WILL ASK FOR TROOPS

By The United Press.  
KNOXVILLE, July 31.—Declaring that a "reign of terror" has existed in Mingo Hollow in Claiborne county, on the Kentucky-Tennessee line for several months, a delegation of coal operators passed through here early today on their way to Nashville to ask Governor Taylor to furnish troops for the region. Martial law would be a recourse to the residents, according to the operators.

## A RECORD CROWD

Largest Attendance in History Of First Christian Church At Meeting Sunday Night.

The revival at the First Christian Church scored a great victory Sunday. The Bible school almost doubled in attendance. The largest assembly of the meeting gathered at the morning service Sunday morning and heard one of the most challenging sermons of that battle-scarred veteran of the Cross, Dr. J. T. McKissick. Several took their stand for truth and righteousness at this service.

As the hour of the service drew near the crowds began to fill the building with the greatest attendance in the history of the First Christian Church. As Dr. McKissick poured out his message of love, zeal, faith and courage, the audience was thrilled and challenged by the power of Jesus Christ.

Dr. McKissick's theme was "Almost thou persuaded me to be a Christian. After the smoke of battle cleared away, six converts were found for the Master. Large crowds greeted the morning services Monday with an increased interest and a determination to make this meeting a real blessing to Sweetwater and community.

The music was unusually inspiring and contributed in no small way toward making the success of the day. The aid and co-operation of the sister churches and fellow townsmen are greatly appreciated for their services in making such a success of this revival at the First Christian Church.

## TO REVISE RAILROAD BILL.

By The United Press.  
WASHINGTON, July 31.—A revision of the Esch-Cummings railroad law for the purpose of avoiding further strikes will be proposed to congress by the railway labor board this week, according to reports here today.

## MAY DISCHARGE JURY

By The United Press.  
LOS ANGELES, July 31.—The Ob-encharged jury will probably be discharged this afternoon. Thus far they have been in a hopeless deadlock with three of the body holding out for conviction.

## POSTOFFICE TO BE MOVED ON NOV. 1

J. H. Snell Secures Five-Year Lease To Build New Brick Building With 50-Foot Front.

**ON EAST NORTH THIRD STREET**

Postoffice Will Be At Rear Of Aiken's Store Across From Present Government Lot.

P. O. Lease Authorized.  
WASHINGTON, July 30.—The postoffice department announces authorization to lease new postoffice quarters at Sweetwater, Texas from J. H. Snell for a period of five years—Fort Worth Star Telegram.

The above dispatch is the only indication that J. H. Snell has so far received, but formal acknowledgement is expected in due course by mail.

Mr. Snell expects to build a brick business block across the entire front of his lot or 50 feet, with a depth of 80 feet. The new structure will be located at the rear of the Aiken's Grocery store, directly across North East Third street from the present vacant lot owned by the government and upon which the postoffice will be located when Uncle Sam gets around to build a Federal building.

The lease on the present Oak street location of the postoffice will expire about November 1, which time Mr. Snell plans to have his structure on East North Third street completed. Work will begin immediately, he said.

One half of the new building will be devoted to postoffice use, the other, or 35 feet front will be made into a store. The building will be one story in height and built of brick.

The postoffice has been in its present location for the past five years. James Wright, when questioned concerning his plans for the space now occupied by the postoffice, stated that he intended installing a Coffee Shop, or restaurant. An entrance from the street as well as one from the street would be installed together with new equipment. The new equipment will be installed as soon as Mr. Wright can learn how he can secure possession.

## POPULARITY GONE.

Former President Wilson's Popularity Gone.  
PARIS, July 31.—Three years ago Paris frantically acclaimed Woodrow Wilson. Recently a lone admirer shouted: "Long live Wilson!" This was at a Fourth of July celebration and came near being arrested. The incident is reported as follows by "Bonsoir," an evening newspaper: "While Mr. Peuch (president of the municipal council of Paris) was placing a wreath on the tomb of Washington, a man waving a little American flag shouted: 'Long live Wilson!—Long live Wilson!'"

The onlookers turned on him in amazement. A policeman stepped up and told him to keep quiet. He complied."

## OIL INTEREST GROWS.

Wildcat Operators Watching Development at Elkhart.

By The United Press.  
ELKHART, Texas, July 31.—The eyes of wildcat operators and many oil scouts from all over the state are watching with intense interest the developments in the local field.

A dozen wells are down and several are among oil sand. Small showings of oil in some of the wells have been found, leading operators to believe that with lower levels a rich producing pool will be hit.

The wells are spread out in an area of 15 miles from Elkhart. Geological surveys are also being made by several companies.

## MERCHANT SLAIN ON SUNDAY NIGHT

Samuel Block, Head Of Galveston Dry Goods Company, Shot In A Midnight Affray.

## COUNTY SUPERINTENDENT HELD

Arrested On Description Furnished By Taxi Driver—Surrenders Revolver With Spent Shells.

GALVESTON, July 31.—Samuel Block, 54 years old, vice-president and general mgr. of the Galveston Dry Goods Company is dead and Tom B. Blackstone, county superintendent of Public Instruction, is being held by the police as the result of a shooting affray here Sunday night.

Blackstone was arrested shortly after midnight Sunday night on a description furnished by F. W. Schmidt, taxi driver, who was the only eyewitness to the shooting.

When Blackstone was taken into custody he delivered a large-calibered revolver with two empty cartridges to the police. According to Schmidt, he answered a call in the residential district at 11:30 Sunday night, when a man came out and got into the car, telling him to wait for another passenger who was coming. While waiting, a man walked along the street and approached the car. As the pedestrian was opposite the car, the passenger sprang out and struck at the man on the side walk. A fight followed and two shots were fired. Black fell, dying instantly.

## FIG CROP REPORTED FINE.

By The United Press.  
GALVESTON, July 31.—Galveston County's fig crop, now being harvested, will yield from two to four tons per acre this year, a new high mark in fig growing, according to Dr. W. E. Fruit, farm demonstrator here. The crop is in excellent condition and will bring a return of about \$200 to \$300 an acre to farmers, Dr. Fruit said.

## HOUSTON DIRECTORY OUT.

By The United Press.  
HOUSTON, July 31.—Houston has a population of 200,120 at present, according to figures published in the new city directory, which has just been put out here. The book has a total of 100,960 names, which, publishers point out, will make the population over 200,000. It is the most complete directory ever produced here, publishers say.

## DENISON GUARDS ARE FIRED UPON

Fifty Shots Exchanged Between Guard And Seven Unknown Men—Arrests Are Expected.

**PREDICTS STRIKE SETTLEMENT**

Union Leaders Are Optimistic—Rail Operators Confident Harding Plan Will Be Accepted, is Report.

By The United Press.  
DENISON, July 31.—Arrests are expected late today following an exchange of fifty shots between seven National Guardsmen and seven unknown men in automobiles here Sunday night. There were no casualties. The Guardsmen reported to Colonel Nimon that they attempted to halt two men early Sunday night and when the challenged men failed to comply, two cars were fired by the troopers. Later two cars crossed a bridge near the yards and occupants fired with pistols at the troops, who returned the fire with rifles.

The identity of some of the men in the cars are believed to be known by the martial law officers.

## SETTLEMENT PREDICTED.

By The United Press.  
CHICAGO, July 31.—Despite strong opposition, a settlement of the rail strike will result from the conference in New York Tuesday, according to opinions of high officials here today.

The western rail executives left here today for New York. Upon their departure they reiterated their disapproval of the restoration of the seniority rights to the strikers, but indicated that the acceptance of President Harding's plan to settle the rail strike was a foregone conclusion. Union leaders, who are gathering here for a conference Tuesday are optimistic over the situation.

## BOY SCOUT PICNIC IS SET FOR AUG. 24

Boys From 10 To 16 Urged To Register This Week—Must Know Exact Number Of Attendees.

EXPECTING 400 AT PICNIC  
E. C. Brand As Scout Supply Master Has His Cooperation Full—Asks Close Co-operation Of All Interested

Camp Supply Master E. C. Brand of the Sweetwater Boy Scouts is possibly the busiest member of the organization at the present time. And those who understand the workings of the Boy Scouts will readily realize what it means to be Camp Supply Master of the Scouts.

Arranging a big program; looking out for the activities; adding new members to the Scout body; getting things in trim for a huge personnel, and perfecting plans for the future development of the organization besides the hundreds of little preliminaries that have to be attended to in order that the Boy Scouts may grow and grow and grow.

The big proposition now confronting Mr. Brand is the big Scout Barbecue which will be given on August 24. Anyone who knows anything about giving a barbecue knows that this is no little job, and co-operation to the fullest degree on the part of those interested and especially with the Boy Scouts will be a great aid to Mr. Brand who has this big job before him.

The first thing about the barbecue will be how many to prepare this big feast for. Mr. Brand has no idea of how many will attend. Every boy between the ages of 10 to 16 are very urgently requested to call at the City National Bank and register with Mr. Brand at their earliest convenience. The sooner all the boys that intend to be present at the barbecue register, the better the "eat" will be. All boys in Sweetwater and vicinity are invited to register with Mr. Brand, as he has a big job before him and it will be impossible for Mr. Brand to go out and solicit names of boys who want to attend the big barbecue. Parents are urged to assist in this big undertaking, as it is believed 500 boys will be on hand for the big feast. Much work is connected with the barbecue to make it a complete success and Mr. Brand desires this to be one of the biggest events of its kind ever undertaken in West Texas and with the proper co-operation it will be.

Boys, if you want in on this big-time dinner, all you have to do is to go to the City National Bank and register with Mr. Brand, the Camp Supply Master. Those who do not register cannot expect to have their name on a plate at the barbecue. The exact number of those going to be present must be secured before the end of this week after which the beaves will be picked from the best in Nolan County which will require some time. Then the best things to go with the barbecue will be purchased and all that goes to make a real picnic will be selected which takes considerable time.

Remember boys!  
Ages 10 to 16!  
Register this week.

**DANGER**  
Mistinguett, Parisian dancer, presented as having "the most perfect legs in existence," has them insured for \$1,000,000.

This seems a fabulous amount. But it merely means that her legs earn her, say, 6 per cent interest on \$1,000,000—or \$60,000 a year.

Take your income for one year, multiply it by 17, and you have the present commercial value of your body, brain included. The real value, however, has nothing to do with earning power. If it had, Edison should be insured for as much as our national debt.

**CAREERS**  
Marriage—the home—is the greatest career a woman can follow. So says Miss Charl O. Williams, president of the National Education Association and vice-chairman of the Democratic national committee. Alone, a woman can have only one career. Married, she has a career for her credit for each of her children. Men and women never get as much satisfaction out of their own successes as they get out of the successes of their children. With parenthood, ambition usually is transferred from self to offspring.

**COMPLETE OUTFIT**

Every Conceivable Camping Article is E. C. Brand's Motto For A Perfect Outing Trip.

Did you ever go on an outing? Did your trip like certain articles of equipment to make it complete? Was there something n-rth'tetaoin you greatly needed and wanted?

Well sir, Mr. E. C. Brand, cashier of the City National Bank has the most complete camping outfit that has ever been assembled.

Mr. Brand has been purchasing articles of convenience especially constructed for camping trips for several years. You can't name a single article that is needed on a camping trip that Mr. Brand can't show.

Berth tents, one-man sleeping tents, folding tables, weather-proof mattresses, canvas utensils of all kinds, compact cooking and eating utensils, big thermos bottles, water bottles and jugs, folding camp stove, camp broilers and cooking irons, first-aid and medicine kit and how to use it for any case of sickness from a snake bite on up to pneumonia, folding boat, fishing tackle equipment of every conceivable kind, hip rubber boots, three sizes of fire arms for the different kinds of game that may be encountered with an abundance of ammunition for each, but above all, Mr. Brand has more different sized tents than any one man, and they are in sizes from 125 sq. ft. to 2000 sq. ft. and he has two big tents, besides all these, there is containers for groceries that are needed, and to make a long story short there is not one thing liking to make his camping equipmen absolutely complete in every way, shape, form or fashion.

This is Mr. Brand's greatest hobby and he says he is continually seeking advertisements of camping equipment to see if he can find something he has not already bought. He says once in a while something new is advertised and he buys it, but the new things now a days is old to him, as he already has one on hand.

Mr. Brand asked a Reporter representative how much was the outfit worth or how much it cost him. The Reporter man said "about \$750. Mr. Brand said that was shy \$150 just for what he had stored in one room, as this one room contained \$850. His other equipment was stored in his barn and the most valuable articles were kept in his home. The entire camping outfit consisting largely of canvas and camping conveniences was \$1,000. And to those who want to see one of the most complete camping outfits possibly anywhere need not take The Reporter's word but ask Mr. Brand to see his equipment, and they will say the same thing. Mr. Brand says he expects to take this wonderful collec-

tion of camping equipment out with the Boy Scouts sometime and let them enjoy using the most complete outfit obtainable.

**HEATED CONTEST GOES TO RANGER**

One Break in Eighth Inning Of Tied-Up Game Gives Ranger A 3 To 2 Victory.

**FRIERSON'S PLAYING A FEATURE**

Hits Counted For Tallies And Fielding Kept Ranger Score Down —Three Hits.

Special to The Reporter. RANGER, July 31.—A little break in the eighth inning of a tie-up and bitterly fought game gave the Nitros a victory Sunday, 5 to 3. With Dockery on first, Pyle walloped a vicious drive to center, which went between Robinson's fight and both men scored.

The one rap turned the tide for the Nitros, though the Swatters made a strenuous comeback in the ninth, dying with men on third and first.

Both Phillips and Fleharty were touched up in the opening rounds; Frierson drove Mason in on the opener, after a walk and a sacrifice. Mirce tripped in the second counted Pipkin who was safe when Pyle dropped his fly against the fence. Frierson doubled in the third, and counted the Swatters' final tally on a hit by Robinson. Ranger counted in the first on doubles by Craig and Pyle, in the second on two aits and an error by Bupp, whose hurried throw to make the third out was a trifle wild and pulled Mirces off the bag, and in the third when Dockery led off with a double and was driven home by Leedy.

After that inning, both pitchers, backed by stonewall support, mowed down the batters with regularity.

Johnny Frierson was both the batting and fielding feature of the game. Two of his three hits figured in Swatter tallies and two sensational catches in the field kept Ranger from taking a lead in different rounds.

**TWO SERVICES TODAY**

Rice Revival At Church Of Christ Draws Large Crowds—Singing Fine.

The revival at the First Christian churches goes forward with increasing interest and attendance.

The Bible school yesterday morning was the largest for many months and the main auditorium was well filled at the morning service. The sermon was based on Elijah's flight from the presence of Ahab and Jezebel and his retirement into the forest. It was a message to the discouraged; four came forward at the close.

Last night Dr. McKissick faced the largest congregation that has gathered at this church and discussed Paul's sermon before Agrippa or rather the response that Agrippa made to the great Apostle's plea for his soul. The evangelist mercilessly flayed hypocrisy and wrongdoing. His idea was that

religion should be real in our lives and dominate every transaction. This extends to the every day principles of honesty in business dealing. For the lack of this many are kept from Christ. "Still," said the evangelist, "it is no comfort to a man to stumble into hell over the body of some miserable hypocrite." Two came forward at the close. The ordinance of baptism will be administered tonight.

The services this morning were the best of the meeting and the attendance the largest. The preacher discussed an

incident of the Savior's life in Capernaum "the healing of the paralytic. The hours of service are 9 o'clock in the morning; and 8:30 o'clock in the evening. The services will continue through this week only. Ten have confessed and have been added to the congregation to date.

The Open Air meeting at the Church of Christ still grows in interest and in point of attendance. Sunday marked the end of the first week of the revival services, which have resulted in several conversions and baptisms.

—lowest cost milcage ever known

The new base line tire prices established by Goodrich, effective July 20th, give motorists a definite guide to tire prices as Goodrich Tires are the definite standard of Tire quality. They know now they can buy the very best tire—the one quality Silvertown—the tire that has always held its leadership because — it wears longer, looks better, and because, mileage considered, it costs less than any other tire at any price. Dealers have been quick to point out to their customers the big advantage and economy of buying

**Waiting for Business**

Just renting a store, filling it with merchandise that the public MAY buy and then waiting for business is not sufficient—in these days at any rate. It is conceivable that if a merchant had the only store in a radius of a 100 miles he might get all the business. But people won't buy what they don't know about. Just because people have been in a store once or twice is no reason why they should know it, its stock and its policy as well as the men who own it and run it. That is the function of advertising, to tell people what is on sale, where it can be found and at what price. People appreciate this, in their newspaper, it is a guide that is never overlooked. The merchant who fails to advertise, steadily, persistently, is not only overlooking a good business bet, but is also failing in rendering service to his community in failing to keep them informed of what he has for sale. "Let them come in and find out," says Laziness. Perhaps "they" will and perhaps "they" won't. It is entirely conceivable "they" will go some place to do their buying, even to another town, under the impression they are unable to secure service in their own town.

## DANCING FOR VISITORS.

Proceeds To Go To American Legion Post At Ballinger.

Special to The Reporter.

BALLINGER, July 31.—For the benefit of those who are socially inclined, and who will not find sufficient diversion in an inspection of the live stock, poultry and agricultural exhibits of the Bunnels County Fair, the Post Williams Post of the American Legion will stage on the nights of September 14th and 15th two huge open air dances. The band stands at 7:30, tin snare and cymbal. A large platform is to be laid around big trees that cover the court house lawn and lights erected. The services of an excellent orchestra has been secured, seats arranged for, and every convenience will be provided to make the social events a source of pleasure to everyone who attends. The proceeds of the dance will go largely toward the activities of the local post, which include the maintenance of a club room for ex-soldiers, aid to disabled soldiers, etc. While the dance will be open to the general public both functions will be carefully chaperoned.

Voice—Hello, is this 110?

Sheriff—Hello, is this 110?

Voice—Have you rented the rooms? I noticed that you were advertising some in The Sunday Reporter.

Sheriff—What? Wait a minute. There must be some mistake.

Voice—This No. 110 isn't it? That's the number of the ad.

Sheriff—Yes lady, but this is the County jail and the rooms here are all reserved for visitors of the County.

Voice—Well!

"What's the matter down there" was the query of Sheriff Ed Bardwell today of a Reporter representative. "Are you trying to rent out the County jail?"

Further investigation revealed that several calls had been made for 110, which is the telephone number at the County jail, Sunday and Monday morning.

The mistake resulted from an incorrect reading on the part of the room hunters of want ad in the Sunday's Reporter, which was advertising for rent two light housekeeping rooms at 110 Bowie street.

DR. MORONY LEAVING

## READY FOR PRIMARY

Kansas Has One Of Its Biggest Crops Of Candidates To Make Selection For This Year.

By The United Press.

TOPEKA, July 31.—With one of the biggest crops of political candidates produced in many years, Kansas is ready for the state-wide primary on Tuesday, August 1, when the parties will make choices for the eight congressional districts and all state, county and judicial district offices. The republicans, democrats and socialists have full tickets in the field and most of the offices of importance are being contested in the republican and democratic primaries.

For the eight congressional seats to be filled at the November election, there are 40 candidates on the three tickets for the primary. All eight of the republican congressmen now holding are candidates for renomination and there are nine other republican candidates, with party contests in five of the eight districts. The democrats have 18 congressional aspirants with contests in six of the eight districts. The republicans have a field of seven candidates for the gubernatorial nomination, with two women running. One of the women, Miss Helen Pettigrew, of Kansas City, Kansas, is making a campaign in favor of a return of light wine and beer. The other woman, Mrs. W. D. Mowry, also of Kansas City, Kansas, is running as a club woman.

It is generally believed that the fight for the republican gubernatorial nomination is between W. Y. Morgan, recognized as the favorite of the present administration and the field composed of W. R. Stubbs, former governor; T. A. McNeal, Capper farm paper editor; W. P. Lambertson, "dirt farmer"; and Fred Knapp, former state auditor.

The democrats have a three-cornered fight for the gubernatorial nomination. The three candidates are: Colonel Leigh Hunt, of Rosedale, world war hero; Jonathan M. Davis, of Bronson, "dirt farmer"; and Henderson S. Martin, of Lawrence, former vice governor of the Philippines. The socialist candidate for governor is M. L. Phillips, of McDonald.

Mr. and Mrs. Z. T. Brooks and their granddaughter, Miss Nell Brooks of Oklahoma and Mr. and Mrs. R. B. Redden and son attended the big singing rally at Pa'ava Sunday.

The City Federation of Aid and Missionary Societies of Sweetwater met at the First Baptist Church this afternoon. A good attendance and an interesting program was reported.

Misses Vienna and Gertrude Bartlett of Lamesa have arrived in the city to visit their uncle Wade Bartlett and family at 349 E. N. 3rd St. They came here from Stamford where Miss Vienna had undergone a successful operation at the Stamford Sanitarium about a month ago.

Yesterday, Sunday, July 30, was possibly the hottest day of the 1922 season. "Sun-grins" were worn by every pedestrian, and the temperature seemed to have a deep impression, generally. The thermometer registered 106 in some of the places not so cool, other places where artificial air was in abundance the degree of heat was lowered way down to 97 1/2 and those about took advantage of the "cool" places together with unlimited orders for "something" or "anything" cold to drink.

**ORIENT BUILDER HERE**

M. L. Mertz, president of the San Antonio National Bank spent Sunday in Sweetwater enroute home from a trip to Colorado. Mr. Mertz says it is very much hotter and dryer in Colorado than it is in West Texas. When the Orient railroad first went into receivership back in 1911. Mr. Mertz was appointed receiver by the court and for a time had his office in Sweetwater. While receiver he built both the present passenger and freight stations.

**ATTACKS RAILROAD MAN**

AMARILLO, July 31.—L. T. Martin, Santa Fe employee here, was attacked and cut about the face by twelve men late Sunday night. No arrests have been made.

**BACK FROM COLLEGE STATION.**

W. C. Calvert Attended As Visitor At Farmers' Short Course.

Approximately four hundred boys and two hundred girls attended the short course at College Station, according to W. C. Calvert, County Agent, who returned from College Station Sunday.

The attendance this year was not as large as it has been at other times, according to Mr. Calvert. Four carloads of watermelons were served to the visitors in three days during the short course.

Dry weather prevails in the district between here and College Station and the crops are not any farther along here than they are around Sweetwater. The late season, due to the heavy rain in the spring, are given as the cause of the late season.

"At other times when I have made the trip, I have seen cotton ready to pick," said Mr. Calvert, "but this time I did not see a single cotton boll."

**GRACEFUL CURVES DOOMED.**

Such is Opinion Resulting From Abandonment of Corsets.

By The United Press.

DALLAS, July 31.—Fairy-like forms and graceful bodily curves, the distinctive of American women and girls, are doomed, according to Mrs. Emily McDonald of Chicago. A nation of flabby women with weak backs is developing as a result of the almost complete abandonment of corset wearing by the American women.

Mrs. McDonald, who has opened a corset school in the Palm Garden of the Adolphus, says: "It is positively atrocious how American women in their desire to ape the Parisian fashions have abandoned corsets. Fifty girls already have applied here for work as models and only a few actually wore corsets."

According to Mrs. McDonald, corsets have not been discarded because the women want to be more comfortable, but because of the false reports coming from Paris that they have been discarded there.

"Many young girls are found to be suffering from weak backs and curvature of the spine because they have abandoned corsets after wearing them several years," Mrs. McDonald said. Corset wearing among men, especially among Frenchmen coming to America, is quite common, according to Mrs. McDonald.

The school here is for the benefit of corsetfitters employed by Dallas retail merchants.

**WEST TEXAS NOTES**

The 8-month-old daughter of Mr. and Mrs. J. Kemote still continues well and happy despite the fact that the open safety pin which she swallowed last Friday is still in her system. The course of the pin is still being watched by physicians by means of X-ray photographs. The child is expected to relieve herself of the pin without injury.—Ranger Times.

Horse's Kick Fatal.—Friends of Mr. and Mrs. W. H. Simmons in Brownwood and throughout the southern part of the county profoundly sympathize with them in the death of their son, William A. Simmons, aged 17, who died at a Brownwood hospital Thursday from injuries received in being kicked by a horse.

Several days ago while attempting to catch a horse, the boy followed the animal into the stall, when it suddenly wheeled and kicked him in the stomach. He was brought to Brownwood and an operation performed, but the injury from the kick was of such serious nature that recovery was impossible.—Brownwood News.

Plan City Park.—Plans are under way for the establishment of a City Park where trees will be set out and arrangements made to have a first class place in which to hold outdoor gatherings such as the Picnic last week.
