NO. 162.

MAY SETTLE THE MINERS STRIKE

John L. Lewis Says He Expects Conference Tomorrow Will Bring Success.

GOVERNMENT MAY TAKE A HAND

Failure Of Peace In Mine And Rail Strikes May End By The Seizure Of Both.

By The United Press.

Chances of settlement of the coal strike brightened visibly today. John L. Lewis, president of the miners, who summoned a conference tomorrow at three. Let it be known that he expects success.

Brotherhood leaders will meet at Washington Friday to lay before Harding their statement of conditions of the railroads of the country.

At the same time the railroad executives will meet at New York to decide upon their answer to the president's most recent appeal for cessation of the rail strike, pending a settlement of the seniority question.

President Harding today requested that all members of the House of Representatives be in Washington next Tuesday, indicating that he is preparing for drastic action if necessary.

This action of the Chief Executive, accompanied by a declaration from the White House declaring that the seriousness of the present industrial crisis cannot be undervalued, was taken as an indication that the Federal Government feels that it will have to take over the railroads or mines or both, in order to protect the public welfare, if the twin strikes are not settled.

MAY END IN SEIZURE

By The United Press.

WASHINGTON, August 8.—Government seizure of the railroads in the interest of the public welfare appears inevitable as the leaders of both sides of the strike indicate their opposition to President Harding's latest proposal to end the menacing dispute. The rejection of the proposal leaves the President only two moves: a call for a conference between the rail executives and the strike leaders, or this falling, to take over the roads.

HIKES VALUATION

Board Of Equalization Orders Higher Tax Rate Is Report—Elected Members Decline

Rufus Wright and Ed Bradford have declined to serve on the School Board, following their election at the regular meeting last Friday of the five remaining members of the School Board. This leaves the situation as it stood following the resignation of Dr. Chapman and E. S. Gordon.

In the meantime the new Board of Equalization named at last Friday's session is already hard at work.

It is understood that a sharp rise in real estate valuations for school tax purposes will be in order, to provide the funds necessary to carry on a nine months school term.

Members of this Board are Walter Boothe, S. I. Edwards and W. W. Davis. They expect to have this work completed at an early date.

WATCH COLORADO TEST WELL.

Special To The Reporter

COLORADO, Aug. 8.—Operators from all West Texas oil fields are here to check up on the Western Petroleum Company's Eta Brennan No. 1, T-1-S, block 29, T. & P. survey, which encountered the deep sand last week. The oil is of a high gravity and is said to be the best oil discovered west of Cisco at a deep depth. Acreage has advanced and many sales are reported. The California Company is said to have several close in leases near the well, and several independent operators are interested in acreage which is located just north of the section line in the northern half of the township. Two other wells have reached an interesting stage. They are: Riley's Murphy No. 1, section 24, T-1-N, block 29, T. & P. survey, and the T. & P. No. 2 of the Underwriters Producing & Refining Company. Both tests are below 2,000 feet.

TELEGRAPH LINES CRIPPLED

LONDON, Aug. 8.—Cable communications between the United States and Great Britain, Germany, Ireland, and northern Europe is badly crippled as the result of the seizure of the Western Union Station at Valentia, Ireland, by the Irish rebels. Commercial cable company's lines are out of commission due to their seizure at Waverville station.

Princess to Wed

Princess Margherita Massimo of Italy will wed Count Emilio Palliano, Italian diplomat, in Spain in August. The wedding will be one of the European season's most brilliant social affairs.

LOCAL BAND WILL HAVE INSPECTION

Committee From Abilene Chamber Of Commerce Will Hear Sunday's Concert—May Be Used At Fair.

VISIT TO VERIFY RECENT REPORT

Uniforms Will Be Here For Concert—Local Music Makers To Pay For Committees Trip

A committee of four men representing the Abilene Chamber of Commerce will attend the local band concert Sunday afternoon for the purpose of verifying reports about the quality of the Sweetwater Band and for the possible retention of the local musicians to furnish music at the Abilene Fair, which will be held from Sept. 25 to September the 30th, according to H. P. Leavell, director of the Sweetwater Band.

Confident that the local music-makers can convince the committee, Director Leavell proposed to pay the round-trip rail expenses of the committee from Abilene. Abilene has been negotiating with the Brownwood Military band, which is composed of 40 pieces. Brownwood has offered to send the band to the Fair, if their living expenses are paid, stating that the State will furnish their railroad fare. Director Leavell states that this is illegal for the State to furnish the transportation of a competitive band.

Officials of the Abilene Chamber of Commerce have been re-assured that the Sweetwater Band, composed of nineteen pieces, can furnish equally as good a class of music as the Brownwood aggregation at a great saving of expenses to Abilene.

FIGHT OVER STILL

One Alleged Moonshiner And Deputy Sheriff Dead—One Wounded.

By The United Press. STEVENSON, Wash. Aug. 8.—A bitter battle over a moonshine still between mountaineers and prohibition officers in the hills north of here resulted in the death of two men and serious injury to the third.

The dead are: Deputy Sheriff Rorison, Paul Hickey, alleged moonshiner-maker and Federal Agent Morgan was wounded.

AID AMERICAN STRIKERS

FRANKFURT, Germany, Aug. 8.—German miners have voted \$44,500 for the relief of striking American miners.

Mrs. A. B. Chambers returned this morning from Lubbock where she had accompanied Mr. Chambers to the Lubbock Sanitarium for an operation on his nose. He will remain at the sanitarium another week before returning home.

NEW EQUIPMENT HAS BEEN ADDED

Purchase Of Chemical Truck Is Announced—Equipped With 70-Gallon Tanks And Extension Ladder

WILL LOWER THE KEY RATE

Two Per Cent Decrease In Result—Machine Will Pay Its Way Within A Year—Delivered Aug. 15.

The purchase of a chemical fire-fighting truck, fitted with two 25-gallon chemical tanks is announced, following the regular meeting of the Sweetwater Fire Department Monday night.

The new equipment consists of the two chemical tanks mounted upon a Dodge chassis, fitted with a forty-foot extension ladder and other equipment. The machine was assembled by the Wichita Motor Truck Company of Wichita Falls, Texas, and comes to Sweetwater for \$2,245, delivered at Sweetwater. The machine will be delivered here about August 15.

The addition to the Fire Department will have a two per cent decrease of fee upon the local key rate, bringing the key rate for Sweetwater down to twenty-five cents. This will mean a saving of hundreds and probably thousands of dollars to fire insurance policy holders in Sweetwater and the machine will pay for itself within a year or less time.

In a town of 5,000 people, the State Fire Commission of Austin has decreed that five paid firemen must be on the rolls of the department. Sweetwater has but one, thus keeping its rate higher than it would otherwise be if the five men were added to the department. The addition of the four firemen would allow a decrease of 4 per cent upon the key rate, which would mean a saving at the end of a year's time to pay more than five men, according to estimates recently given on the amount of fire insurance carried by the people of this city.

The eventual goal of the Sweetwater Fire Department and the city officials is to get Sweetwater back to the good fire record status, which would effect a saving of approximately \$12,000 annually to the fire insurance policy holders.

W.O.W TO MEETING

Delegates Of Sweetwater, Baird, And Merkel Lodges To Attend Encampment At Galveston Aug 14-19.

Approximately fifty Woodmen of the World will enter for Galveston here next Saturday afternoon, where they will attend the W. O. W. Uniform Rank Encampment at the first meeting of its kind since 1914, opening there from August 14-19.

A special car will be routed over the Santa Fe bearing the representatives of the Baird, Merkel and Lorraine.

The last Encampment was held in Galveston in 1914, but the war and the days of abnormality since that time have made it impractical. In 1914 there were 3,500 delegates at the meeting, but the estimated attendance at the coming affair is unknown.

Another special car, carrying fifty delegates has been arranged for and will leave Amarillo about the same time that the Sweetwater special heads for Galveston. The local lodge Merkel and Baird lodges. The delegates from the near-by towns will convene in Sweetwater Saturday morning.

Odd Fellow's Program Wednesday

He's Doing a Cheesy Job of This

Looks like K. J. Matheson is sharpening something on a grindstone, but he's exploring the innards of a head of cheese with X-ray. That's the way the Department of Agriculture determines the quality of cheese in experiments at Washington.

DESCRIBES TRAIN WRECK HORRORS

J. D. Tidwell, Recently Returned From St. Louis—Passed Sulphur Springs Sunday Night.

WRECK WAS AT DOUBLE CURVE

Engineer Alleged To Have Run Past Red Signals—Six Ball Games In Six Days Is Sid's Record.

J. D. Tidwell, of Cowen and Tidwell, returned Monday night from St. Louis, leaving there Sunday on the Sunshine Special. He passed the scene of the wreck at Sulphur Springs some twenty-four hours after it had occurred. It was his intention, he said, to leave St. Louis Saturday night. Had he done so, he would have arrived at the scene of the disaster a very short time after it occurred.

Some of those who survived the wreck were brought to the hotel where Mr. Tidwell was staying, but were so dazed and excited that they were unable to give a clear coherent account of it. One man was traveling with his wife and their two little boys, said Mr. Tidwell. This man seized the two children and jumped through a window. His wife also escaped unhurt.

A big Mississippi River cargo boat edged up to the bank and threw its lights on the scene of carnage, continued Mr. Tidwell, while the search for the killed and injured continued throughout the night. Many bodies, it is thought, floated on down the Mississippi River, which edges the tracks where the wreck occurred. The body of a little baby, drowned, that came floating into the bank at the feet of a rescue worker, lends credence to this belief.

Mr. Tidwell said the scene of the wreck was at the end of a double curve and he doubted very much if the engineer of No. 4 ever saw the local train until he piled into it. The engineer is said to have run by three stop signals.

Six ball games between the St. Louis Browns and Boston, Philadelphia and Washington, were all that Mr. Tidwell found time to attend in the six days that he was in St. Louis. One game brought an attendance of only 25,000 which made the heated St. Louis atmosphere even warmer in that particular spot.

INJURED IN STORM

Blackwell Receives Good Shower—2 Hurt In Storm At Truby—Cotton Gin Reported Blown Down.

"Rainfall scattering" is the verdict of the weatherman in regard to the showers and promises of showers evident Monday night. Sweetwater had enough to settle the dust and flush the streets.

Wind did some damage in some localities. Reports from Truby state that a cotton gin was blown down and that two people were injured during the storm. The injured men are said to be Mr. Penford and Mr. Freeman, but the extent of their injuries is unknown.

No rain fell at Hamlin, Roby, Rotan San Angelo, and Abilene. Garden City received an inch rain, Blackwell one half inch and Maryneal, Big Spring, Odessa and Sylvestor.

Rain at Blackwell was so heavy that water was standing along the roadside at noon today, according to travellers. Lower temperature and cool breezes have resulted from the sporadic showers.

WILL RATIFY PACT

WASHINGTON, Aug. 8.—The Mexican embassy has officially advised the American officials of the State Department that President Obregon has approved the agreement regarding the Mexican external debt, which was recently reached in New York between De la Huerta, representing Mexico, and a group of international bankers. The advice stated that the agreement will be ratified in a short time by the Mexican Congress.

MARYNEAL YOUNG PEOPLE WED

Carney Estes and Miss Grace Williams of Maryneal were married at the court house Monday, Rev. J. C. Moore performing the wedding ceremony.

These young people come of two of the best families of Maryneal country and both are deservedly popular with a large circle of friends. They will continue to reside at Maryneal.

FACISTI TO DEMOBILIZE

By The United Press.

ROME, Aug. 8.—The Fascist faction is capitulating to Government orders here today and began their mobilization. The intervention of the Italian Government followed outbreaks between the Fascist and Socialist elements in several of the large cities of Italy.

Mrs. Jim Sublett, accompanied by her daughter, Miss Eunice, have returned to Sweetwater after an absence of about four years living on their ranch in the Alpine country. She will again occupy her old home on W. N. 4th Street and Miss Eunice will attend the High School.

DIBRELL WILL BE A 1924 CANDIDATE

Coleman Entry In Congressional Primary Race States That He Is Gratiified With Showing Made.

MADE ONLY A SHORT CAMPAIGN

Was His Own Manager—Did Not Visit All Parts Of The District—Was "Feeler" In Campaign.

Special To The Reporter.

COLEMAN, Aug. 8.—Declaring that he is gratified with the showing that he made in the recent primary election and stating that he would be a candidate for Congress in 1924, Joseph B. Dibrell, Jr., of Coleman has issued a letter of thanks to his supporters in the July Primary.

Mr. Dibrell made only a short campaign, which he managed himself, and did not visit many parts of the district. His letter to the Democrats of the Seventeenth District is as follows:

"I wish to thank you for the support given me in my recent race for Congress. The vote received, while not large in comparison with that of the other candidates, is more than commensurate with the effort made. Practically a stranger to the great body of voters in the district, I entered the contest late and campaigned only three weeks; under the circumstances, I feel flattered at the support given me. I am told that many did not vote for me because they thought I had come in too late to win; many had previously pledged themselves to other candidates; and some took the view that my entry at this time was merely for advertisement and introduction as a basis for the race two years hence. I will let it go at that, and announce now that two years hence I shall again seek the Democratic nomination for Congress from this district.

"I am neither discouraged nor dismayed by the returns but on the contrary it is deeply gratifying to me to know that I won the confidence of more than five thousand of my fellow-citizens by appeals to their sound judgment on the political issues of the day, and without playing upon the passions and prejudices of any man and without indulging in personal abuse of any opponent. I am glad that clean campaigning is finding favor with rapidly increasing numbers of our citizens. It is something to give us brighter hopes for the future of American politics. For this tendency toward cleaner politics I believe that much credit is due to the good women of our country, who are gradually taking a deep interest in the discharge of the newly bestowed duties of citizenship. I hope to see the day when our elections will be determined by the people voicing their convictions at the polls upon principles and policies of government, in sound and sheer and sober judgment, unbiased by appeals to passion and prejudice. When that day comes the politician, who abandons the discussion of issues and stoops to the vile tactics of libel, slander and personal abuse, and of trying to undermine the people's confidence in and respect for men and governmental institutions, will be forever scourged from public life by an outraged public opinion. The world has experienced enough of destruction of men and institutions; it wants to see a period of construction ushered in quickly and pursued perseveringly.

"I shall begin the next campaign early, canvass the district thoroughly and make the race upon a constructive platform, and carry on a clean campaign in accordance with the principles outlined. Again thanking you, I beg to remain."

RECOGNITION LOOMS

Attitude Of U. S. In Latest Note And Pending Loan Agreement Is Now Believed As Being Favorable.

By The United Press.

MEXICO CITY, Aug. 8.—Recognition of Mexico by the United States is just around the corner, according to the belief of political observers here.

The ratification of the treaty with the American bankers by President Obregon and the latest note from the United States has given impetus to the talk of recognition. Many have expressed their belief that such action will come within ninety days.

THE FIFTH COMMANDMENT
Honor thy father and thy mother; that thy days may be long upon the land which the Lord thy God giveth thee.—Exodus 20: 12.

THE SABOTAGE OF TIME.
In his address at the opening of the Chicago Pageant of Progress, Postmaster-General Work made a forcible presentation of the basic evil in the coal mining industry. It is an evil that everybody recognizes and yet nothing effective is done about it.

As Dr. Work says, there are about twice as many coal miners in the United States as are needed to perform the work of getting out the nation's supply of coal. There are also very many more operating coal mines than the country needs. The result is that the miners ordinarily work only about half the time. Through an extremely powerful union—a union which causes its membership dues to be collected by the employers out of the wages of the men—they demand a living wage for half-time work.

"The sabotage of time by the idle under pay," says Dr. Work, "and of property entrusted to them, must be added to the cost price of any product." And the price is paid by the consumers. And the consumers in most instances themselves wage earners who work steadily through the year to earn a living. A large percentage of the striking mine workers are not needed in the coal mining industry on any terms. There are industries where this surplus labor that now will neither mine coal nor let anybody else do so might be employed at good wages the year around. Thus the rest of the miners might have steady employment mining coal.

It is impossible to see why the people and the industries of this country should pay for coal prices sufficient to keep miners in idleness half the year and give a profit to the owners of thousands of producing mines for whose product under properly arranged economic conditions there would be no sale in competition with mines where production costs are less. Even this is by no means the whole story. Coal mining can be done largely by machinery at only a fraction of the cost of hand labor. The miner's union forbids the use of such machinery.

Here is far-reaching sabotage that makes coal dear and hard to get. No settlement of the coal strike that does not bring with it a searching investigation of this evil by a competent federal commission will hold out any reasonable prospect of leading to a fair reduction in the excessive cost of fuel.—Chicago Daily News.

It is very doubtful if the unions ever gained that control of the mining industry that the above statements would seem to indicate. That the price of coal is savagely high under most favorable conditions is not to be denied. Any measure of relief that any Federal Commission or any other agency can extend will be greatly welcomed.

Indigestion? Try Ironized Yeast

Do you suffer with indigestion or dyspepsia? Are you troubled with that uncomfortable bloating after meals? Are you bothered with frequent headaches, gas, nausea, or chronic constipation? If so you should lose no time in trying Ironized Yeast, which has brought amazing relief to thousands of stomach sufferers. Simply take two tablets with each meal. Then watch the results. See how your appetite immediately improves. Note how quickly the bowels become regular—how painful and distressing symptoms of indigestion disappear. In a remarkably short time you will have no thought of stomach trouble. Eating will become a pleasure. You can get real joy out of every bit of your food. Get Ironized Yeast today. Then experience the blessed feeling of being able to eat a hearty meal without the least thought of discomfort. To try Ironized Yeast entirely free simply mail postcard for Famous 3-Day Test. Address Ironized Yeast Co., Dept. 103, Atlanta, Ga. Ironized Yeast is recommended and guaranteed by all good druggists.

FLIGHT IS SCHEDULED

Army Dirigible C-2 To Hop Off On Transcontinental Flight September 1—To Travel Light.

By The United Press.
WASHINGTON, August 8.—A transcontinental flight by the Army dirigible, the C-2, is scheduled for the first of September. It was named at headquarters of the Service. This will be the first coast to coast flight by an airship in America.

Starting from Aberdeen Proving Ground Md. the C-2 will head across the continent, ending her flight at Ross Field, Avon Park, Fla., about 18 days. It is planned for the airship to return by the same route. The C-2 has a cruising speed of about 45 miles an hour and it is expected that the flight will be made in about sixty-five hours actual flying time. A number of stops are scheduled however, two of them for probably 48 hours, and it is believed that the flight will occupy a period of over a week.

Washington will be the first scheduled stop and the second leg of the trip will be from here to Akron, Ohio. The other stops on her itinerary will be Dayton, Ohio, Belleview, Ill., Camp Pike, Ark., Dallas, Texas, San Antonio, Tex., Marfa, Texas, El Paso, Texas, Yuma, Arizona, Nogales, Arizona and Ross Field.

None of these jumps will tax to the limit the cruising radius of the airship, which can fly 700 miles without refueling. At most of the stops the C-2 will remain only a short time, when weather conditions permit, flying at night as well. At four of the stops where there are flying fields there will be a delay of from twenty-four to forty-eight hours, to give the ship an overhaul and the crew a chance to rest.

The C-2 is now at Aberdeen and has made several demonstration flights. A number of other preliminary flights are scheduled to give the big ship a thorough try-out. The crew to

make the transcontinental flight, will number six but personnel has not definitely been selected. It is considered probable that part at least of her present crew will make the trip. The airship is 192 feet long and has a gas capacity of 172,000 cubic feet.

For the long trip the crew will "travel light" to reduce the weight as much as possible. The ship will be equipped however with both telephone and telegraph radio equipment. They will be small sets, however with a sending capacity of from 10 to 15 miles for the telephone and 20 to 40 miles for the telegraph set. It will be possible however to receive a much greater distance, probably several hundred miles, which will enable the pilot to doze had weather ahead when radio warning is received.

THIS TIME LAST YEAR.

George Kelly hit his nineteenth home run, the Giants beating the Cubs.

P. J. Cordery was appointed coach of the Yale crew.
Rip Collins, Yanks, stopped Sheely White Sox, after he had hit safely in nineteen games.

Pep Young, Giants, hit a triple off Alexander with the bases filled.

West Texas Electric Co.

IT PAYS TO ADVERTISE

THAT'S a recognized fact today. But bear this in mind: the only reason it pays to advertise is that millions of thrifty folks find it a paying proposition to be guided by the advertisements. If you will read advertisements consistently for a while you'll readily agree that this statement is true.

It will pay you in money saved. Real bargains are offered frequently in the advertisements that appear in this paper. Watch for them. take advantage of them.

It will pay you in time saved. It tells you exactly when and where to go for what you want to buy. You don't have to waste time and effort "shopping around." If your time is worth money, advertising will pay you.

It will pay you in added satisfaction. Every time a merchant or manufacturer advertises he obligates himself to sell you goods that are as advertised. Read the advertisements and be sure you get your money's worth.

Reading the advertisements is a plain, every-day business proposition. It is a duty you owe yourself and your pocket-book.

BIRTHDAY DINNER PARTY

The Birthday Dinner Party with which Mrs. Arch Bruce honored her husband's birthday anniversary Saturday at 12 o'clock was one of the most enjoyable affairs of the week. She centered the dining table with a lovely birthday cake but owing to her husband's modesty about giving out his age the city's supply of birthday candles was not exhausted as some of the guests feared.

Plates were found for Mr. and Mrs. P. C. Moore and their son, Jackson, Mr. and Mrs. John Hall and two daughters, Polly and Sara Nell, Miss Katherine Bemis, J. C. Bruce Mr. and Mrs. Bruce.

SWEETWATER GIRL WEDS

Miss Willie Robbins of Abilene, a former Sweetwater girl became the bride of Wiley Hitson of Cisco at high noon, Monday July 31st at the home of Rev. Crow, who was the officiating minister.

The bride wore a beautiful dress of blue Canton crepe with all accessories harmonizing. Misses Rosa Robbins and Inez Wood of Abilene were their attendants. Miss Robbins wore a dress of pink, Miss Wood a dress of orchid crepe with hats harmonizing. Miss Robbins lived in Sweetwater, with her parents about two years and has many friends here who will be interested in her happiness. The bridegroom is a prominent ranch man of Cisco. He has also served as Chief of Police at Cisco the past four years and is well and favorably known there. The happy couple will make their home in the future at Cisco.

M. G. OFFICERS ENTERTAINED

News reaching the city indicates the Sweetwater National Guards are doing something else besides drilling. Lieut. and Mrs. Oscar Stephenson, also of Sweetwater, entertained the Capt. of the Guards and the non commissioned officers at the home of their friend, Mrs. E. A. Allen of Austin one evening last week with a delightful dinner party followed by a Water-melon feast and dancing. Many pleasant car rides over the city have been tendered them also by these good friends.

Those for whom the Dinner-Dance was given and the young ladies who attended were as follows: Misses Elizabeth Allen, Helen Hart, Betty Johnson, Janice Durst, Connie May Hamby Mildred Williams, all of Austin, Ruth Weissinger of Waco; Capt. Sidney Mason, Corp. Bennie Robinson, Master Sgt. Richard Cockerell, Master Sgt. Ralph Levy, Sgt. Don Brashear. Besides these officers there were other Austin men present.

SLUMBER PARTY

Misses Wanda and Wilma Drago gave a Slumber Party Sunday night in honor of their guests Misses Myra Germany of Grand Saline and Francis Miller of Mineral Wells. These were Texas Woman's College friends who have been visiting them the past week.

The visiting girls left on the early SunShine special for Midland where they will spend the week with other college friends. The whole party accompanied them to the train and left for their respective homes following a lovely breakfast party. Besides the honor guests were Misses Elsie and Dorothy Davis, Eolalia and Lucy Cuthbert.

Mrs. Thelma Williams and baby of Pecos are guests of her grandmother, Mrs. E. V. Grozan on E. N. 1st Street. She is accompanied by her brother, J. C. Portivent, of the Philippine Islands.

To The Voters Of Nolan County

I am profoundly grateful for the kind consideration and faith as evidenced by your ballots in the late primary election. It shall be my endeavor to justify your trust, by the efficient and speedy performance of all the duties of the office. Please pardon delay in expressing my appreciation of your preference. I have been quite sick since July 11th. Sincerely yours, W. T. HIGHTOWER. 1621t

"33" MEANS TRAVEL.

Foreigners in Mexico Fear Expression Means Deportation. By The United Press. MEXICO CITY, Aug. 8.—"Thirty-three." Foreigners in Mexico fear this expression. It means more than "twenty-three." "Thirty-three" carries with it a personal guard to the border. The term "thirty-three" is one used by government officials in the deportation of undesirable foreigners. Thirty-three is the article of the Constitution which provides for such deportation. Deportations of undesirables from Mexico is not infrequent and there is no appeal after the decision is once given. During the recent Bollaski kidnapping, an American who said he was a private detective, was sent out of the country under article 33. The article is also applied to newspaper men and writers whom the government alleges are sending out false reports. The United States has never recognized the right of Mexico to deport Americans under article 33 because no provision is made for a hearing before deportation. There will be a dance at the Elks' hall this evening. All Elks are invited.

SWATTER AND BRONCHOS DIVIDE

Shut-Out Compliments Exchanged in First Three Double-Header.

GRESSETT WINS IN THE OPENER

Cooke Master Of Second Innings, Which Went Second Innings By Agreement.

Special to The Reporter.
SAN ANGELO, Aug. 8.—Sweetwater and San Angelo exchanged shut-out compliments Monday in the first of three double-headers that will comprise the present three-day series. Bunching nine blows off Flock while Gressett was scattering seven hits, the Swatters annexed the opener by a score of 4 to 0. Cooke was master in the second affair that went seven in nings by an agreement and the Bronchos, by unmercifully pounding Hayes, won this game by a score of 9 to 0. High lights of the afternoon matinee were sensational catches by Luke Robinson and Butler and Hupp's fielding in the opener. Deans equally dashing defensive work in the final inning and the hitting of Butler and Greer in both arguments. Three errors were not costly to Sweetwater in the starter, nor were three miscues by San Angelo in the last round, but overthrows of second by Bill Trammell in the second game paved the way for local runs.

HURT ALL OVER

Texas Lady Couldn't Sit, Stand or Lie With Any Comfort. Says "Cardui Did World of Good."

Bartlett, Texas.—Mrs. Nannie Measer, of Route 2, this place, states: "About three years ago I was in a very critical condition. I had been suffering for some time. To tell how I hurt would be impossible. "I just hurt all over. I couldn't sit, stand or lay with any comfort, my back, sides and head all gave me a great deal of trouble. "I was especially bothered with a light swimming in my head. My people were very uneasy about me and sent me to my relatives to see if a change would do me any good. "I stopped at a sister-in-law's and she being a great believer in Cardui, asked me why I didn't use it. I decided to try it. "I had only taken a few doses when I felt it would do me good. This gave hopes and I used it right along and it did me just a world of good, since which time I have never ceased to praise Cardui." Cardui is for simple female complaints and womanly pains and has been found to benefit in thousands of such cases when not due to malformation or that do not require surgical treatment. Try it. CROWD SEES PLAY

Opening Play Of Manville Brothers Comedians, "Mickey" is Witnessed By A Large Crowd Last Night

Notwithstanding the fact that the elements threatened a general storm last evening as the doors of the Manville Brothers Comedians were opened for the first bill of the week, a theater crowded almost to capacity, with eager patrons, witnessed the initial performance, the title of which was "Mickey."

The play carried a deep drama stream throughout, and enough comedy flooded in to make the bill a snappy, entertaining and satisfying

one from the rise of the curtain in first act to the fall in the last.

Splendid vaudeville between each act provided a "wake-up" vein of laughter that made the entire evening's performance well taken by all the audience.

One feature of the evening's entertainment that made a decided hit was the "Radio-Orchestra" of the company, which gave as their first number an overture that made a deep impression on the mammoth crowd. This orchestra contains musicians who are artists in every respect and they handle classical selections with perfect ease. And to cap it all they turn right around and play a "jazz" number with more "jazz" in it than any orchestra that has played in Sweetwater at any time.

Another puzzling mysterious feature of the evening was the "question answerer," Miss "Zella." This beautiful woman, gorgeously costumed, appeared upon the stage and answered numerous questions, many of which hit the point word for word. This amazing woman advised every one on each question. Friday night "Zella" will predict the future comings of the world for the next five years. Her act alone was met with a solid satisfaction by the large audience.

The Sweetwater Booster Band under whose auspices the Manville Bros. Comedians are playing this week, gave a short concert at the tent just previous to the rising of the curtain.

That "No Count Feeling"
B&C ANALOGUE ASPIRIN TABLETS

Owing to the fact that the Band boys are expecting their new uniforms to arrive Friday, they are busily engaged "with the show" in order that the receipts for the week will put them in such financial condition that an all-payment can be returned to the manufacturers upon the arrival of the new uniforms.

The play tonight at the big tent contains a heavy heart-interest appeal, the title of which is "The Brand of Love." It is highly recommended and contains enough good comedy to make every one like it. New vaudeville features will be given and the Band boys say they would like to see the big theatre filled to the limit tonight.

BIBLE ETERNAL

"Aim and Plea of Christian Church"
Topic Last Night's Sermon at First Christian Church.

The meeting was well attended last night despite the threatening weather. Mr. McKissick spoke on the "Aim and Plea of the Christian Church." He began by saying that in all fields of scientific research we take the latest books from the press; in medicine, for instance, books on bacteriology over ten years old are worthless. But in the realm of religion, we must go to the Bible, the oldest and best book; it is eternal and unchangeable because it was given to man by the Almighty who knew the needs of the race and revealed himself accordingly.

The plea of the Christian Church or what is known as the church of Christ is one of unity based on the simple New Testament teaching. "There are Christians in all churches but for the sake of effectiveness, peace, conservation of resources, all Christians ought to be in one church and churches erected like school houses—where they are needed." The evangelist expressed himself strongly on the lack of charity between followers of the Lord that we should reason about these things and always in the proper spirit.

The subject tonight will be a lecture on "Church History"; an effort will be made to show from history the departures from the teachings of Christ and the Apostles; special attention will be paid to the work of Martin Luther, the Saxon Reformer. Mr. Haley will give his illustrated song entitled "Sweet Galilee" tonight. He is a very gifted artist and does the free hand drawing while he sings the song. Services begin at eight-thirty each evening.

MARRIAGE LICENSE ISSUED
A marriage license was issued Monday to Miss Grace Williams of Marynes and Carney Estes of Decker.

SUBLETT FAMILY RETURNED
Mr. and Mrs. Mace Sublett and family returned Monday from Terlingua near the Rio Grande River in Brewster County, where they have been in camps since near June 1st. Their son Jack took ill with typhoid fever and had to be carried 80 miles on a truck to Alpine, their nearest rail road station and he brought home on a cot. The fever has settled in his left hip and leg and he is still quite ill. They are at the home of Mrs. Gordon Hendrick, Mr. Sublett's daughter, at 700 E. N. 3rd Street.

Cards to friends from Mrs. F. L. Hutchinson indicate she is enjoying her vacation at Berkeley, California, where she is doing some special work in the University of California. Mrs. Hutchinson will again be at the head of the Expression Department of the local High School.

Mr. and Mrs. J. F. Jones and family left yesterday for Christoval where they will attend the Baptist Encampment for the next two weeks. They will visit at several places enroute and reach Christoval Friday.
