SWEETWATER, TEXAS, MONDAY, AUGUST 29, 1922.

NUMBER 179.

ENDORSE ANNUAL MEETING FOR CITY

Sweetwater Location Considered Ideal For B. Y. P. U. Encampment Annually.

TWO-DAY MEETING CROWDED

Large Delegations Present From Abilene, Merkel, Colorado and Other Points.

Today and Sunday have been full days at the First Baptist Church. The occasion being a two days Association of meeting of the Baptist Young Peoples Union of the Sweetwater district Sunday and Sunday School Convention today.

Visitors are here from Abilene, Ovolo, Blair, Trent Merkel, White Flat Nubia, Nolan, Dora, Colorado, Lorraine and Roscoe. Nece Hancock of Merkel who was elected leader of the Senior B. Y. P. U. for the District was here yesterday with a crowd of 40 young people from the Merkel B. Y. P. U. The convention was theirs from the first moment of their entrance and soon "Merkel Banners" were hung all over the walls of the church.

Splendid talks were made Sunday morning by Oran Neal, of Live Oak on "God's call to youth," "Unity in our Association" by Rev. Phil Little of Merkel.

At the afternoon session the devotional was led by P. J. White of Ovalo. Special music was given by the Merkel B. Y. P. U.; an especially enjoyed number was a reading given by Lewis Giles, entitled "Merkel Intermediate B. Y. P. U." which was especially applauded; Rev. A. A. Tyson talked on "The present and future of the B. Y. P. U. in our Association."

At 3.30 o'clock Sunday the Union went into organization and elected officers for the year as follows: President Rev. Phil J. Little, of Merkel; Secretary Miss Scottie Mae Hines of Colorado; Treasurer Miss Bessie English Trent; The Association was divided into three zones with the following chairman: Zone 1 Miss Virginia Creaton of Abilene; Zone 2 Ray White of Sweetwater; Zone 3 Samuel Harris, Lorraine; Field Secretary, Oran Niel of Nubia; Junior Leader, Mrs. W. A. Todd of Blackwell; Intermediate Leader, Nece Hancock of Merkel; Chorester, Yates Brown of Merkel.

The Sunday evening services were opened with a devotional led by Miss Ruby Stone, of Sweetwater and demonstrations of an ideal B. Y. P. U. The chief features of the evening were the talks made by Misses Eugenia Graham and Elizabeth Fry of Abilene who are preparing for foreign missionary work at Simmons College. They talked on "God's call to special service." Miss Fry is a very talented artist and is giving up a possible brilliant career to enter the foreign field because she cannot resist God's call.

A call for volunteers who would promise to prepare themselves for special work resulted in responses from Mr. and Mrs. Roy White for B. Y. P. U. work; C. G. Sewell and E. I. Hill Jr. Evangelistic; Jackson Moore, Thomas Cole; J. C. Bruce, Catherine McCordie special; Elizabeth Stamps special in Prison work; Miss Genevieve Cole who has already completed her first year's work in the Fort Worth School of Missions was also present and expects to re-enter her work in September.

Monday Sessions Monday morning was devoted to Sunday School work with Rev. M. F. Richardson of Lorraine leading the devotional. Rev. Ira Parrack of Merkel talked of the "Sunday Schools in Kingdom Building" and was followed by W. H. Sims who spoke on "Value of Associational Organization in Sunday School work" At 11:15 Dr. M. A. Jenkins of Abilene spoke on "Associational Units in Denominational Life."

The Association recessed for lunch at 12 o'clock when the ladies of both the First and Lamar St. church served in one of the Sunday School rooms. Hon. R. M. Childwood spoke of the establishment of an Annual B. Y. P. U. Encampment at Sweetwater as being considered by a number of the Associational officers and after giving the plan his endorsement in case it was the will of the Association to organize such an encampment, introduced Mayor George Sheppard.

Mr. Sheppard not only endorsed the idea with enthusiasm but promised the co-operation of the City of Sweetwater if the plan was put over; J. A. McCurdy, Secretary of the Board of City Development was next introduced and he not only enlarged on Mr. Sheppard's invitation and promise of cooperation but told them to go ahead and organize the Encampment and the City Board would make all the required additions to the facilities of the City Park for the comfort and pleasure of the crowd. It is hoped would respond to such an undertaking. Both their talks were heartily applauded. Neither of them forgot to say "You have to go through Sweetwater anyway."

Dr. Jenkins of Abilene and Dr. Blahighly in favor of the Encampment and both expressed themselves as having long felt the need of just a central Encampment. Rev. A. R. Tyson, Associational Missionary was highly pleased with the interest manifested in the encampment and expressed himself in his talk as being sure final plans

CONCEDES DEFEAT

James E. Ferguson Says "I Shall Not Cry Nor Complain."—No Plans.

By The United Press. TEMPLE, Aug. 28.—Former Governor James E. Ferguson conceded his defeat last night. In a statement he said "I shall not cry or complain. My plans for the future are uncertain. Financial adversity finds me at the age of 51 as if we were beginning all over again. If the Ku Klux Klan or the Tar Bucket Fraternity do not get me I shall continue in defense of the principles which are the mudsill of this republic."

FINED \$10 AND COSTS T. J. Caldwell was fined \$10 and costs, amounting to \$31.49 upon a charge of vagrancy this morning by W. E. Ponder, county attorney.

MASON DIRECTOR

Sidney C. Mason Elected Officer in Cattle Raisers and Producers Association.

Sidney C. Mason has returned from Fort Worth where he was elected a director in the Cattle Raisers' and Producers' Commission Co., a co-operative marketing association to handle livestock sales.

This association is composed of men from the Texas and Southwestern Cattle Raisers' Association, Sheep and Goat Raisers' Association and from the Farm Bureau. E. B. Spiller, secretary of the Cattle Raisers' Association will have charge of the new marketing association. The object of course is to secure better marketing facilities for livestock producers.

The membership fee is \$10 a year. This is to insure working capital and at the end of the year any profits will be pro-rated among shippers, according to number of animals consigned. A member is not bound to ship exclusively to this Association. An organization like the Nolan County Farm Bureau, for example, could also become a member. This feature is especially handy where a producer has not enough stock of his own to fill a car, but enables members of a local organization to ship pool cars.

Articles of incorporation of the Cattle Raisers and Producers Commission Company were filed Wednesday, August 16, with the office of the Secretary of State.

The directors are: Thomas P. Hughes, Dallas; A. C. Williams, Fort Worth; Cyrus B. Lucas, Berclair; J. G. Childers, Temple; R. H. Harris, San Antonio; L. A. Machedahl, Bellville; G. R. White, Brady; J. M. West, Houston; Ike T. Pryor, San Antonio; S. E. McKnight, Sooner; H. B. Duncan, Burnett; W. W. Turney, El Paso; E. W. Grogan and W. E. Herring, Amarillo; Clifford B. Jones, Spur; J. F. Hartford, Post City; Ed C. Lasater, Fallsburg; M. A. Grisham, Van Horn; H. L. Kokernot, Alpine; C. A. Broome and B. M. Talbert, San Angelo; R. E. Taylor, Carlsbad; T. A. Kincaid, Ozona; M. A. Hart, New Boston; Sidney C. Mason, Sweetwater; Lafayette Ward, San Antonio; R. L. Campbell, Italy; Frank Schofield, Hillsboro; E. N. Cory, Detroit; W. B. Wortham, Garrison; S. C. Donald, Krum; T. P. White, Taylor.

would be decided upon at the meeting this afternoon. Mrs. L. C. Vinson was present and promised the hearty cooperation of the City Press, through The Daily and Weekly Reporter, and added her endorsement to the other speakers.

Other notable Associational church workers present include Rev. W. A. and Mrs. Todd of Blackwell; Two Mrs. Taylors of Bowman; Rev. John New some, pastor of the Walnut Street Baptist church of Abilene; J. H. Green of Colorado; Sam Morris, Abilene; Emmitt Landers, Educational Director of the First Baptist church of Abilene; Miss Ueta Williams, Dallas, who was yell and song leader during the noon intermission.

The "Beer Mayor"

Introducing Joseph Cauffman, the mayor who caused "the second Johnstown flood" when he said schools of the Pennsylvania city ought to sell beer rather than have the citizens drink bugs in the city water.

ACTRESS IS FOUND IN THE CLINE CASE

Reported To Have Carried Tale Of Wife's Indiscretion To Cline Precipitating Recent Shooting.

WOMAN'S NAME IS WITHHELD Will Clear Up Latest Mystery in Film-land Shooting, Says Prosecutor Hart.

By The United Press. EDGEWATER, N. J., Aug. 28.—The blonde movie actress, who carried the tale to George Cline of his wife's indiscretion with John Bergen, movie actor, has been found by the police, according to reports here today. Prosecutor Hart expects to clear up many points in film-land's latest love drama by questioning the girl, who is described as "eighteen and beautiful." Her name was not divulged.

Bergen was found slain in Cline's home here recently, Cline stating that he and Bergen fought a duel to death with pistols in a darkened room. The chauffeur, who carried Bergen to the Cline home, claims that insufficient time elapsed between Bergen's entrance to the home and the time of the shooting to have allowed the details to have taken place. The driver of the service car admitted to the police that he had driven more than two hundred feet from the home when the shooting was heard, followed by a woman's screams. Bergen died shortly after being taken to the hospital.

ASK HIGHER WAGE

Ask Higher Wage Maintenance Of Way Union Demands 48-Cent Minimum—Now 23 Cents.

CHICAGO, Aug. 28.—The first step seeking a general wage increase for all railroad employees was taken here today before the United States Labor Board. Four hundred thousand men, members of the Maintenance of Way union, asked that their wages be fixed with a minimum of forty-eight cents an hour. This minimum is the maximum reached during the war. The present scale is twenty-three cents. It is predicted that is the wage increase is granted to this faction that other unions will ask a rehearing upon their wage scale.

MAY TAKE "ABSENCE LEAVE." CLEVELAND, Aug. 28.—The possibility exists that the firemen and engineers may take an "indefinite leave of absence" because of alleged intimations by armed guards and defective equipment, according to reports from Brotherhood circles here today.

KILLED BY FALL

Professor Of University Of Texas Killed In Fall In Mexico.

By The United Press. MEXICO CITY, Aug. 28.—Wright McCormick, professor of the University of Texas, and a son of the editor of the Geographical Survey was killed when he fell thirty feet down a gulley of Mount Ajusco, near here.

According to W. C. Green and other members of the party, McCormick slipped when he attempted to scale the mountain. He was dead when friends reached him. L. G. Geer was in Big Springs Sunday.

NOLAN COUNTY IN AUGUST PRIMARY

Yarborough Carries County By 166 Vote—Blanton Has Biggest Majority Of Any Candidate.

VOTES FROM ALL BOXES NOW IN

Semi-Official And Official Returns Show Total Of 2870 Votes Being Cast.

Yarborough carried Nolan County in the most keenly contested race in the run-off primary by 166 votes over his opponent Barbee. Other results from all boxes, partly official and partly unofficial give Mayfield the county by 150. Davidson for Lieutenant-Governor over Billie Mayfield by 179, Terrell 410. Bentley 144. Blanton carried the county by a higher majority than anybody, 412.

For Senator: Earl H. Mayfield 1434. James E. Ferguson 1284.

For Lieutenant Governor: Billie Mayfield, Jr., 980. T. W. Davidson 1152.

For State Treasurer: C. V. Terrell 1476. George C. Garrett 1062.

For State Supt. Public Instruction: Ed H. Bentley 1477. S. M. N. Marra 1333.

For Congress 17th District: Oscar Callaway 1162. Thos. L. Blanton 1574.

For Sheriff: Jack Yarborough 1518. Willis Barbee 1354.

For Co. Commissioner Prec. No. 1: F. M. Lockett 823. W. H. Thompson 1042.

For Public Weigher, Sweetwater: Sam H. Viser 630. Lloyd Rogers 726.

For Public Weigher Blackwell: Austin Jordan 84. Berry Smith 127.

PLAN WITH SOVIET

Japan Is Forming Underground Relations With Russia—Commercial Treaties Are Sought.

By The United Press. TOKYO, Aug. 28.—Japan may open direct diplomatic negotiations with Soviet Russia at Moscow any day. No official, of those here who know what is going on, will allow himself to be quoted to that effect. But the United Press is in a position to state that subsurface feelers are well on their way between Tokyo and Moscow. They may prove abortive. But—unofficially, as it were,—representatives of the Imperial Empire of Nippon and the Communistic Federation of Moscow are now trying to get-together. If they do an "official" announcement will be made of Moscow-Tokyo negotiations. If they fail Tokyo officials will simply say, "Well, we never authorized any such statement."

The reason for the confidential negotiations of today—granted that they are "unofficial"—is simple. Japan sees the Western countries, particularly Germany, getting in on the ground floor, commercially, in Russia. Japan's foreign trade, and general international good-will, means life, or death to new Japan. Japan wants to be "in good" with Russia too. Japan fears Bolshevism. But she fears one thing more. And that is further foreign trade decreases. So Japan today is flirting with Moscow. And if Moscow will be even half-way decent that subsurface flirtation will become openly legitimized.

Japan's militarists swallowed their pride—with a big hard gulp it is true—and issued orders to clear out of Siberia. That was because there was business to be gained if they did and business to be lost if they didn't. The militarists don't care anything about business. But the business men do. And the business men are coming into their own in Japan. They are not altogether in the saddle yet. But they give signs of getting there—perhaps quickly.

OIL MEN TO MEET

By The United Press. HOUSTON, August 28.—Many Houston and Texas oil men will be in attendance Monday when the annual meeting of the National Safety Congress opens in Detroit, Michigan, according to reports here. Several delegates from various safety councils over the state have left for the meeting, according to J. D. Wallace, president of the Texas organization. Wallace is also head of the safety department of the Humble Oil company.

Mr. and Mrs. W. W. Hudson motored to Stamford Sunday to accompany their little niece Mary Lane Bryant home who has been guest of her uncle and aunt.

OFFICERS HOLD MOB OFF.

Negro. Accused Of Attack Upon White Girl, Spirited Out Of Town.

By The United Press. ELECTRA, Aug. 28.—All was quiet here this morning following near mob violence Sunday night when 300 men attempted to take John Lowe, negro, from the jail here and lynch him. The black was accused of assaulting a white girl.

The Mayor of Electra deputized fifteen special officers, who stood off the mob and spirited him away to Wichita Falls for safe keeping. The trial will be held here immediately, according to reports here this morning.

MRS. T. N. MORGAN DIES.

Mrs. T. N. Morgan of Sweetwater died in a hospital at Glenrose late Sunday night, according to word received here by friends today. She will be buried at Stamford, where the Morgans have lived for the last two years.

Mr. Morgan is a cotton buyer and recently came to Sweetwater from Stamford for the cotton buying season.

BILL REPORTED FAVORABLY.

By The United Press. WASHINGTON, Aug. 28.—The Cumin Bill, authorizing broader power for the Interstate Commerce Commission, was reported favorably by the committee today, after Secretary Hoover had appeared before the committee urging its passage. The bill authorizes the distribution of fuel to prevent suffering.

MINERS BELIEVED DEAD IN CAVE-IN

Forty-Five Miners Reported Buried Early Today In Argonaut Gold Mine Cave-In In California.

FIRE IS REPORTED TO BE RAGING More Than Five Hundred Feet Of Shaft Collapsed—No Hope Entered For Mine Victims.

By The United Press. JACKSON, Calif., Aug. 28.—Forty-five miners were reported to have been buried early today in a cave-in in the Argonaut mine, one of the largest gold producers of California. No details are yet available and mining officials are withholding information pending an investigation.

Fire has broken out on the twenty-eight hundred level in the mine, according to reports at the mine. No hope is entertained for the men's lives. More than five hundred feet of the shaft fell in. The mine is a mile north of Jackson.

Reports received shortly before 10 o'clock this morning stated that rescuers reached the 2,700-foot level, where they found good air.

LUXURIES COST TEXAS

Total Amount Spent Exceeded Cost Of Public Utilities In 1921.

By The United Press. DALLAS, August 28.—So-called luxuries—paint, powder, cigarettes, chewing gum, chewing tobacco cigars etc.—cost the people of Texas more in one year than did their electricity, natural gas, telephone and electric railway services.

The total bill of the people of Texas for luxuries during the year 1921 was over \$300,000,000, while the bill for public utilities service amounted to only \$200,000,000. An interesting fact that is brought out by the comparison of the figures is that Texas women spent more than \$40,000,000 for cosmetics alone while the total telephone bill for the people throughout the state was only \$23,000,000.

FUREY DIED PENITENT

Master Confidence Man Amass'd And Lost Fortune.

By The United Press. DALLAS, August 28.—Although he amassed a fortune in the confidence game, Joe Furey confidence man extra ordinary died almost penniless in the state penitentiary at Huntsville, a short time ago. Furey was called "master confidence man of the world" by Dallas detectives who helped to trail him over two continents.

A record of Furey's various confidence schemes is held by Eddie Stallworth, identification expert at police headquarters here. From early life, Furey who was born near New York was connected with a confidence game according to his record. His biggest job is said to have been staged in Dallas and Fort Worth about three years ago when he "fleece'd" J. F. Norfleet of Hale Center, Texas out of about \$40,000. Of the four other men who took a hand in this job three have been accounted for while the other is a fugitive from Justice in Canada. One of the men committed suicide, another is serving a term in the penitentiary and a third is awaiting trial in Fort Worth.

Miss Mable Spann, accompanied by Miss Georgia Laceywell of Mitchell County and Miss Myrtle Murray, poultry expert from A. and M. will spend today and Tuesday visiting different communities in this county where Miss Murray will give poultry demonstrations.

GETTING SCHOOLS READY FOR USE

Valuation Of School District Increased 33 1-2 Per Cent Or 8 Million.

DESKS ARE BEING VARNISHED

Income Estimated To Provide \$52,500 For Full Nine Months Term In Local Schools.

Everything is being put in shape for the army of knowledge hungry boys and girls of Sweetwater who will pour into the school buildings of the city for the term of 1922-23.

Of the 31 teachers required to man the schools, 29 have been engaged and the other two will be in a short time, according to Superintendent J. Stone Rives.

The scars of previous battles between students and stubborn lessons left on the desks are being removed. The desks are being planed off, sanded, papered, washed with antiseptic solution and then will be varnished and polished. In that way knife marks of an idle hour, pencil marks, ink spots, and everything else will be removed and the desks made bright and shining for their new users. Superintendent Rives says they are going to be kept that way.

In the High School, new shelving is being put in the library, and the books that compose the library will be brought up from the basement where they now repose and placed therein. This will eliminate a lot of stair climbing.

The number of scholastics is placed at 1,250, including an expected transfer of about fifty from out of the city districts.

The valuation of property in the School District has been placed at right around eight million dollars, which represents an increase of about thirty three and one third percent over that of last year.

At fifty cents on the hundred, this will yield about \$40,000. Deducting the ten percent allowed for delinquent taxes upon which suit has to be brought at the end of the school year but which of course is not available at the end of the current term, it leaves some \$36,000. The amount from the state is \$12,000 and estimated income from tuition is \$1,000. It is possible that the legislator, this year will increase the appropriation sufficient to allow the old rate of \$14 per scholastic which would make an addition of \$3,500 available from that source or making a total of some \$52,500 for the schools this year. That will provide sufficient funds with which to operate for the full nine months and retain a balance.

The East Ward School is in bad shape and only the amount absolutely necessary to keep it in shape to use this year will be spent upon it. Present plans call for a bond issue election some time this year with which to provide funds to replace it before another school year rolls around.

Get in line for the "Ice cream Festival" Thursday evening at the Band Concert, to complete the last payment on the Sweetwater Booster Band's uniforms. A little help from each one will put it over.

ACCEPTS CALL

Dr. McKissack Of Midland Will Be Christian Preacher In Sweetwater After Sept. 1.

Rev. J. T. McKissack has accepted a call from the First Christian church of Sweetwater beginning September 1, next Sunday. The call has been under consideration for some time and details were completely arranged at a business meeting in the church held Sunday.

Dr. McKissack held revival services in the church during July and made many friends here at that time. There were some fifty additions to the church during these meetings bringing the total membership up to nearly 200. The church has been without a pastor since October of last year when Rev. E. L. Hughes left to accept position with the First Christian church at Goros.

The presidency of Midland College at Midland has claimed Dr. McKissack for several years past but he resigned when the college was moved to Cisco this summer. He is considered one of the strongest of the Christian denomination in this section. Mrs. McKissack and seven children will join Dr. McKissack in Sweetwater at an early date. One son remains in Midland as teacher of Spanish in the High school there.

TO SETTLE STRIKE

By The United Press. PHILADELPHIA, Aug. 28.—The 28 thracite coal miner's strikes will be settled without governmental intervention, in the opinion of Senator George Wharton Pepper of Pennsylvania, who left for Washington following a long conference with Samuel D. Warriner, spokesman for the operators.

SWEETWATER REPORTER

★ THE REAL TEST.—Is it not to deal thy bread to the hungry, and that thou bring the poor that are cast out to thy house? when thou seest the naked, that thou cover him; and that thou hide not thyself from thine own flesh?—Isaiah 58: 7.

PEACE.

Speaking of domestic tranquility, peace and love—a happy home, et cetera, consider the case of Miss Muriel McCormick, the eldest daughter of the Harvester magnate and the granddaughter of John D. Rockefeller.

Right on the heels of the marriage of her father to Ganna Walska comes the rumor that her mother is to marry Edward Krenn, a young Austrian architect, twenty years her junior, whom Mrs. McCormick brought from Europe with her. Neither Mrs. McCormick, or Herr Krenn will deny the report. After December 11 it is said this marriage will take place.

Friends of the family are waiting to see the reaction of Miss Muriel, to her father's second marriage. When reporters broke the news to her she exclaimed, "Oh, Lord!" Later, she made no effort to conceal her antipathy. Like her younger sister, Mathilde, and her brother, Fowler, she chose to live with her father after the separation of her parents.

Events of the last two days are said to weigh heavily on the elder daughter of the family. Unlike her younger sister, she does not rejoice in the acquisition of Ganna Walska as a stepmother. Neither does she like the idea of her mother marrying an Austrian architect. Her opposition to Mathilde's union with Max Oser has been well known before.

Miss Muriel is said to agree with her grandfather, John D. Rockefeller, in dislike of foreign marriages. Like him, she believes "Americans should marry Americans." Her father is married to a Pole, her sister is engaged to a Swiss, and now rumor has it that her mother will soon become the wife of an Austrian.

Miss Muriel is just naturally in a dickens of a fix, to hear her toll about it, and when this cosmopolitan household gets together she doesn't know what is going to happen. A league of nations seems to be her only hope of peace.

TOBACCO.

Smokers, how much tobacco do you use? The 1921 crop was about 10 pounds for each American, Uncle Sam reports. Or nearly a pound a week for each man, leaving no women and children.

Eighty cigars were made for each American, also 500 cigarettes and four pounds of chewing and smoking tobacco and snuff.

Only one cigar in 25 was manufactured to retail for more than 15 cents.

The average smoker might get a cold chill if he kept track of what he smoked, for a week.

MONEY.

Russia is calling in its paper money, exchanging one new ruble for 10,000 of the old ones. The new ruble is worth less than a thousandth of the pre-war gold ruble. But it at least is a sensible attempt at currency deflation.

Americans who hold German marks one of these days probably will be notified of a similar trade of one new mark for many old. It is physically impossible for the mark ever to return to par, though a syndicate of American bucket shops might make a good showing at the job.

+++++ OPEN MIND COLUMN +++++

Editor Reporter: The election is over now. Why not get down to business and lay plans for the future? Nolan county has some fine Hereford cattle

as can be found in the State, as well as good types of dairy and other cattle, fine hogs and poultry of all kinds. Boys' Beef Clubs and Girls' Canning Clubs, in fact, everything that is necessary to make up a good county fair and stock show and better railroad facilities than any other town in West Texas.

If Colorado, Snyder, San Angelo, Balinger Abilene Stamford and the other surrounding towns can have fairs, races and rodeos, why can't Sweetwater have something of that nature?

A little dinky affair is not wanted, but rather something of the best. Let's talk. Let's act and let's do things. Now is the time to get busy. If Sweetwater has no confidence in itself and does nothing, how can they expect other people to have confidence in them? Let's do something and DO IT NOW.

IGNORE FORD'S EXAMPLE.

Factories Of Country In General To Continue—Operations Curtailed.

NEW YORK, Aug. 28.—Industry in general does not intend to follow the lead set by Ford in closing down his plants on account of the coal shortage and the prevailing high cost of coal, according to an investigation recently concluded.

The survey was made by the United Press in a country-wide scope and shows that some plants have curtailed operations or are planning to do so within a short time.

ADVERTISING CITY

Pictures Made Of Sweetwater Band—Will Be Used In Advertising—Big Crowd Gathers; Forced To Play.

Sunday evening at 8 o'clock, the Sweetwater Hoop-La Band formed in a semi-circle on the south steps of the Court House and M. D. Willis, of the Willis Art Studio, local photographer, made two views of the assembled band.

The band made a very impressive appearance with their new uniforms, resembling some out of town organization, but the big bass drum plainly told who the band was with the wording, "Sweetwater Hoop-La Band" nicely and attractively painted with artistic effect on one side, the work of Mr. Pogue, a member of the band, who has just recently moved to Sweetwater to make his home.

Owing to unavoidable conditions, three members of the band were not present, this was greatly regretted by the membership, as it was the desire to have a full instrumentation present in order to make as complete a picture as possible. The picture will be

forwarded to the manufacturing concern where the uniforms were made, and a cut of the band will appear in several musical publications, together with some of the large daily papers of the East. The name of the band, together with the names of the membership will appear in these publications, and it is very likely that the photograph will appear in some of the National Magazines.

Many people did not understand just what the band had assembled on the Court House steps for—believing they were going to hear a concert, and by the time both pictures were made

autos had parked all around on the east south and west side of the square, and to keep from discouraging anyone, three lively numbers were played, but the band had no intention of playing following the making of the pictures as no announcement to that effect had been made.

It is planned to send one of the exposures to one of the State's large dailies, together with a brief history of the Sweetwater Band, and what a record it has made since its organization in May, 1922, and mention also will be made about the Sweetwater Band winning second prize at the

West Texas Chamber of Commerce Convention at Plainview, Texas, after having only six rehearsal nights previous to entering the contests of the many bands there for the purpose of carrying away the prizes offered for the best band. And had the Sweetwater Band had uniforms as the ones now worn, the band would have come away from the Convention with the first prize. It will be remembered that the band wore olive colored linen dusters and narrow-brim white linen hats, resembling a force of hay-makers instead of a musical organization. But even at that, the band made more than a favorable impression with the

splendid music given while in Plainview which was vouched for by the tremendous applause given it during the many concerts it gave on the street there. Immediately following the numbers given in the contest, even if the band did resemble a bunch of hay-makers, the band received the loudest and longest applause of any band in the contest together with loud shouts: "Hurray for the Sweetwater Band."

The boys are endeavoring to make the local band the best in Texas, and judging from the hard study being devoted in their rehearsal, one would think that they will be successful in their determination.

Next Fall may be too late

*L*AST Fall, thousands of home-owners wanted ARCOLA, the wonderful new hot-water heating-system, but they couldn't get them. There was a last-minute rush and not enough ARCOLA to go around. Right now we have more time and we can install ARCOLA with a radiator in each room, with practically no disturbance.

Install ARCOLA now at lowest prices

These approximate figures give you an idea of how economically ARCOLA can be completely installed to heat:

- 3-Rooms ARCOLA with 2 radiators \$ 350.00.
- 4-Rooms ARCOLA with 3 radiators \$ 400.00.
- 5-Rooms ARCOLA with 4 radiators \$ 465.00.

ISSUES STATEMENT.

To my friends and supporters: I take this method of extending to you my heartfelt thanks for your loyal support so kindly granted me in the primary election just past. You stood by me while under fire and while I was being falsely accused and maliciously slandered by those seeking my defeat at any cost and your faithful support and staunch friendship shall never fade from my memory. I will cherish with greatest fondness the memory of your loyalty to me in this election, throughout the years to come. I ran a clean race and was supported by a clean vote and am not conscience stricken by anything said or done by me in the campaign, yet I was maliciously maligned and slandered by politicians wholly disregarding the truth. I recognize and cheerfully bow to the will of our people in their decision in casting their votes and remember that I shall now and at all times so long as I am a citizen of this country, be in favor of law enforcement and good society. You have a right to demand a vigilant discharge of duty by our executive officers, to the end that society may be protected and that you may be protected in your liberties and personal rights. I am proud of the support in the election and forgetting the things of the past, let us stand together for the good of our country, the good of society and the preservation of our civil rights, hoping that the future may be bright, prosperous and joyful. I beg to remain,

Yours sincerely,
WILLIS BARBEE.

Making New Markets With Printer's Ink

ONE OF THE MOST STRIKING changes of the past ten years is that which has come about in the important business of housekeeping. In this short time the broom and the washboard have vanished from the housewife's coat of arms, and the comic pictures in which Mary hurls the flatiron at John don't ring true, as they once did.

BROOM, WASHBOARD AND flatiron have given way to suction sweeper, electric washing machine and electric iron. And Mary doesn't hurl the iron at John any longer, not simply because it's fastened to a cord, but because she's taking no chances with it.

WHAT HAS BROUGHT ABOUT this new and agreeable state of affairs? Well, how did Mary happen to buy that new iron which has proved such a boon to herself—and John? She saw it advertised, of course. And the multiplied Marys of today represent a great market created largely through national advertising.

NO WONDER THE ALERT retailer and the wholesaler have come to hold national advertising in high esteem—for besides making easier for them the sale of goods with long-established markets, quickening their turnover, protecting them against inferior merchandise and benefiting them in many other

ways, national advertising is constantly creating markets for new merchandise and opening up new channels of trade.

IT IS BECAUSE AMERICA reads advertising that the new idea today so swiftly supplants the old. Advertising changes deep-rooted habits. Advertising creates new desires. Advertising sets new and better standards. And all this it does with amazing swiftness—for advertising speaks to millions simultaneously.

THE SAFETY RAZOR, the player piano, massage cream, the glass baking dish, wallboard, fireproof roofing, the talking machine, soap flakes, condensed soup—one could go on indefinitely extending the list of products which today testify to the ability of national advertising to create new merchandise demands.

THERE IS PROBABLY NO industry today for which advertising has not blazed new trails. There is no merchant, wholesale or retail, the scope of whose business it has not greatly widened.

BUT THE MAIN THING which advertising does for the retailer is to speed up his turnover; that's what makes him a profit.

TO HOLD COTTON EXHIBIT

Special Show Of Mebane Variety At Lockhart.

By The United Press.
 LOCKHART, August 26.—A special exhibit of cotton and cotton seed of the Mebane variety grown exclusively in this county is being arranged by experts here and will be sent to a score or more fairs and expositions to be held this fall.

The object of the exhibit is to meet the ever increasing demand for knowledge about different brands of cotton. Fair officials say this subject is a never ending source of questioning among visitors.

The Mebane cotton was developed by A. B. Mebane of Lockhart and is one of the popular species of cotton among farmers in Texas.

HERE FROM ARKANSAS

W. M. Brady of Conway, Arkansas, has been here visiting M. D. Charles and family, has returned to Arkansas. Mr. Brady has rented a home here and will remove his family here in a short time.

SANTA ANNA MAN APPOINTED

W. H. Holland On State Health Board.—Cotton Coming In.

Special to The Reporter.
 COLEMAN, August 28.—News has been received here that Dr. W. H. Holland of our sister city, Santa Anna, has been appointed a member of the Texas State board of health.

Cotton has begun to come in.—About fifteen bales has been received today. The price paid has been from 22c to 23c. The yield will be light throughout the county. One farmer states that beginning with next week he will start picking and expects to pick a bale a day until over his crop.

Coleman City Schools will open on September 11. The faculty is complete in every branch, and the teachers and patrons expect to make this the best school year in the history of Coleman. All impediments in the way of the establishing free mail delivery in the city of Coleman having been removed, it is presumed that the Postoffice Department will proceed with its usual promptness (?) in putting the service into effect. It has been given out that Postmaster Robey has wired the Department that everything incident to the establishing of the system had been completed.

Mr. and Mrs. J. W. Hargraves of Pioneer are the happy parents of a fine little girl, who arrived Friday. She has been named 'Jessie June Marcelle'. Mrs. Hargraves was formerly Miss Hazel Geary of Dublin and is niece of Mrs. W. W. Hudson, with whom she has spent most of her vacations since finishing school.

SHOW SIGNED FOR FAIR

Runnels County Fair Sept. 14-16.—Will Be New Show.

Special to The Reporter.
 BALLINGER, Aug. 28.—The Runnels County Fair Association has contracted with the Donald McGregor Shows for the County Fair September 14-16-16.

The amusement company is making its first appearance in Texas, having spent most of its time with the fairs of the middle west.

The company carries eight shows, three rides and a large number of concessions. Donald McGregor, who owns and controls the shows, appears himself as a Scottish Giant, weighing 459 pounds and standing eight feet three inches high. Mr. McGregor speaks eight languages and lectures on his tours around the world. An Australian Giantess also appears with the shows, who is said to be almost as large as Mr. McGregor.

Among the attractions are the Hawaiian Musicians; Crazy House; Athletic Show, with Kalla Pasha, the famous Turk; an Illusion Show; a midge show and a side show containing a line-up of freaks, curiosities and stunts equal to that of a circus side show. Two of the leading attractions of the side show are the stunt of "sawing a woman in two" and stunts with a high voltage electric chair, both of these acts coming direct from vaudeville. The rides will include the 60 foot ferris wheel, merry go round and swing.

CONTRIBUTIONS OBTAINED

Dr. R. C. Pender, field secretary for Buckner Orphans Home at Dallas returned from Brown, Coleman counties where he attended the Baptist Associations held there. He raised \$500 in pledges, collected \$220 in cash and secured \$25 hens for the Orphans Home.—Abilene Reporter.

VISITS COLORADO

Joe H. Boothe, Mrs. Boothe and her mother, Mrs. Randle have returned from a trip to Colorado including Colorado Springs, Pike's Peak and other places scenically interesting. "Crops look as good right around here as they do anywhere" said Mr. Boothe who also announced early activity in the organization of a DeMolay Chapter in Sweetwater for some of Masons' and their boy chums.

Mr. and Mrs. Joe Boothe and little son Jimmie have returned from a vacation trip spent in Colorado. They were accompanied by Mrs. Boothe's mother, Mrs. J. P. Randle of Gonzales, who will spend several days before returning to her home.

VISITS ROTAN FRIENDS

Miss Mabel Hellums is visiting Miss Christine Thurman at Decatur. Miss Thurman, a former Sweetwater girl, just returning home from a visit with Miss Hellums. Miss Mabel was recently employed to teach English in the Rotan school and will be one of the high school faculty the coming term. Miss Mabel has just finished a four year course at Texas Christian University. She and Miss Thurman were school mates at T. C. U. She received her degree and is splendidly equipped for the position in our school.—Rotan Advance.

STORM DANGER LESSENS

By The United Press.
 HOUSTON, Aug. 28.—The tropical hurricane in the Caribbean sea, which was reported to be sweeping toward the Gulf ports, is of only minor intensity, according to reports received by the local weather bureau today. The storm is hovering over the gulf of Honduras today and is believed that it will have spent itself before reaching the continent.

MAY KILL BONUS

By The United Press.
 WASHINGTON, Aug. 28.—The Bonus Bill can be killed this session of Congress because of the Presidential veto, according to a poll of the Senate today, which showed that 34 Senators will vote against the measure. If three more, who are lined up for the measure, will change position, the vote will sustain the executive veto. This combined group make four more than is necessary to prevent the overriding veto.

BONK

Akron Chamber of Commerce Finds 1,432,051 more autos registered in the United States than a year ago.

"How do you reconcile this big gain with the 'hard times' of the last 12 months? Admittedly, times have been none too prosperous. A few suffered acutely. But, compared with the panics of 1873 and 1892 our generation doesn't know what real depression is. Luxuries have become such necessities that we are softened—wince at the least pain."
