

WAR-TIME WAGE TO BE DEMANDED

Maintenance Of Way Strike Leader Says That Is Minimum Price Of The Settlement.

'SKY IS THE LIMIT'—GRABLE

Increase Of 25 Cents An Hour Asked—Will Ask 48 Cents—100 Roads Affected.

By The United Press.
CHICAGO, Aug. 26.—The maintenance of way men will go before the United States Labor Board Monday with a demand that their wages be increased to the war-time basis, E. P. Grable, president of the union, declared Saturday night, stating that a maximum of twenty-five cents an hour would be demanded.

The present wage scale ranges from twenty-three to thirty-five cents an hour and the men are demanding forty-eight. "Our minimum request now is the maximum granted during the war and the sky is the limit," said Grable.

More than a hundred railroads in the country will be affected by the hearing. The organization of the Maintenance of Way membership is approximately 400,000.

DETERMINE ATTITUDE.

SCHOOL BUILDING GOING UP.

By The United Press.
GALVESTON, Aug. 26.—Actual construction work on two modern fireproof structures at the State Medical School here will be under way by November first, if plans to be submitted to the State Board of Regents at their September meeting are reported on favorably. It has been announced here, Dr. W. Keiler, acting dean of the college said the buildings will house the college library, department of pathology and surgical pathology, and the department of anatomy, besides containing two lecture rooms capable of accommodating 110 persons. With the increased facilities the school will be able to accommodate at least one hundred students instead of 80 as has been the case heretofore.

LOSES SHOW ANIMAL

Henry M. Half of Midland Loses 11 Month Old Bull.

By The United Press.
MIDLAND, Texas, Aug. 26.—Henry M. Half, prominent Hereford cattle breeder of Midland, suffered a severe loss to his show herd yesterday when an 11-month-old bull, for which he had refused the price of \$1,000 received a broken leg. A larger bull threw the young one over a feed trough breaking the latter's rear leg, so that it could not be set in place, and the animal was necessarily slaughtered and taken to the market. He gressed out about 700 pounds.

This bull would have been entered in five classes in the largest fairs in Texas next fall, and was calculated to win some valuable ribbons for the Half show herd.

TRADE TRIPS SCHEDULED

By The United Press.
BROWNSVILLE, Texas, August 26.—The first of a series of "Trade days" to be kept up as a monthly trade feature begins here today to last one week.

During the week special sales will be put on by business houses and efforts to extend the trade territory of Brownsville will be undertaken.

The 12th cavalry band will provide music during the week and many entertainment features have been arranged for the visiting merchants.

The "Trade days" are to be under the auspices of the Retail Merchants Association.

Plans Completed For General Shut-Down Of Organization Due To Coal Shortage.

3,000,000 PEOPLE ARE AFFECTED

More Than Hundred Thousand Men In Country - Wide Branches Will Be Out Of Work.

By The United Press.

DEARBORN, Mich. Aug. 26.—Plans have been completed here for the shut-down of the largest automobile factory in the world due to coal shortage, brought about by the continued strike of the miners.

More than three million people will be affected by the order of Ford, which is to be put into effect without causing undue suffering to householders," Ford told the United Press Saturday.

Seventy thousand men in the factor here and thirty thousand men in the branches throughout the country will be thrown out of work.

IRISH REBELS ATTACK AGAIN.

Three Attacks Made Upon Free State Government As Free Staters Mourning.

DUBLIN, Aug. 26.—The rebel bands, who caused the death of Michael Collins, leader of the Irish Free State troops here recently, struck Saturday night as his Government at three points in Southern Ireland.

The insurrection against the Free State flared up at Bantry and Bushfield as the mourning capitol paid sorrowing tribute to their slain commander.

GOVERNMENT TO ACT.

By The United Press.
WASHINGTON, Aug. 26.—The Federal Government will take the initial steps Monday toward the seizure and operation of the anthracite mines of the Nation unless the coal strike is settled before that time. This action was agreed upon by President Harding Saturday after a conference with Senator Watson of Indiana, at the White House. The first step will be made by the Senate.

HOPE IS REVIVED.

By The United Press.
PHILADELPHIA, Aug. 26.—The hope for an early settlement of the anthracite coal mine strike has been revived. After a conference Friday night with President Lewis of the Miners, Senator Pepper of Pennsylvania stated "that no insurmountable difficulties exist in the path of the anthracite pathway to peace." Indications are that conferences toward the strike settlement will be resumed.

MELTON LOSES

Roby Man To Push Wheelbarrow Two Blocks Without Laughing

Special to the Reporter.

ROBY, Aug. 26.—H. C. Melton has lost an election bet by which he is to push a wheelbarrow two blocks without laughing. With Dr. J. D. Davis as a whistling passenger, if Ferguson had won, it would have been up to Dr. Davis to handle the wheelbarrow, whistling as he went.

The structure will be built on property recently purchased by the road in south Waco about five blocks south of where the present depot is located. The building is to be of steel and reinforced concrete and will cost approximately \$20,000.

ENDORSES A WEST TEXAS COLLEGE

District Democratic Convention Met At Court House Saturday—R. M. Chitwood Nominated.

JUDGE CRANE MADE CHAIRMAN

R. H. Ratliff Of Colorado Selected Secretary And Also Selected As Next District Chairman.

By The United Press.

Passing a resolution endorsing a West Texas A. and M. to be located at some suitable point in West Texas, the District Democratic Convention for the 117th Representative district met at the Court House here Saturday.

Judge R. C. Crane was elected Chairman and R. H. Ratliff of Colorado was selected Secretary and also elected as next District Chairman.

Butler of Nolan County and P. C. Coleman, W. S. Cooper, R. H. Ratliff and T. J. Caffee of Mitchell County.

R. M. Chitwood was named as the Democratic nominee for representative of the 117th District, following the reading of a letter from H. C. Horde District Chairman, giving the number of votes received from Nolan County as 2650 and Mitchell as 1649. Fisher County failed to make a return.

On motion of the Mitchell County delegation, the following resolution on the West Texas A. and M. was passed: "Whereas the needs for an Agricultural and Mechanical College of the first class is sorely felt by the people of West Texas and there is no reason for justice and equity why the people of the vast domain of that section of the State should be further denied that right by the Legislature; therefore, be it resolved that we the delegates to the Democratic Convention of the 117th Representative District, assembled at Sweetwater, Texas, August 26, 1922, do demand that such a college be established and located at some practical point in West Texas."

R. M. Chitwood, it will be recalled, was the representative who was the author of the bill that was passed by the 37th legislature and which was vetoed by Governor Neff.

R. H. Ratliff of Colorado was selected as the next District Chairman.

BOLDERS MAY VOTE.

By The United Press.
AUSTIN, Aug. 26.—The Attorney-General's department ruled that no test could be prescribed for Saturday's election other than those applied to the first primary in answer to a telegraphic inquiry from Elkhart, Texas, requesting advice regarding whether or not voters, who supported the American or other parties in the last general election, would be allowed a vote in the runoff primary election.

TROPICAL STORM BREWING

Warnings Sent To Gulf Coastal Towns—Exact Destination Unknown.

By The United Press.
HOUSTON, Aug. 26.—A tropical hurricane is now centering in the Caribbean sea and is sweeping toward the Gulf ports of Mexico, according to storm warnings received by the local weather bureaus.

It was not ascertained in what section of the Gulf that the storm was expected to strike. Officials at the local weather bureau estimated that it would be felt in the Texas ports, granting that it strikes at all.

PAVING RESUMED.

SAN ANGELO, Aug. 26.—Paving of four miles of residence streets, which has been held up lately due to a suit brought by property owners to restrain the city from paying for the work has been resumed here following the dismissal of the suit. Gangs of men are at work on the streets and the paving program will soon be finished, it is said.

MAYFIELD LEADS FERGUSON 60,000

Returns From 180 Counties, Incomplete Give Mayfield 218,223, Ferguson 157,780

MARRS HAS LEAD OVER BENTLEY

C. V. Terrell is Ahead Of George Garrett For State Treasurer—Davidson In Lead.

Returns at midnight indicated the nomination of Earle H. Mayfield for United States Senate.

One hundred eighty counties of which 27 were complete gave him a lead of 60,443.

Bexar County changed the usual run of returns by giving Ferguson 12,320 and Mayfield 6926 on incomplete returns from 98 boxes.

The entire ticket with returns from 180 counties out of 252, with 27 complete, give Ferguson 157,780 and Mayfield 218,223 for the Senate.

For Lieutenant Governor, T. W. Davidson led Billie Mayfield 183,481 to 126,892.

C. V. Terrell led George Garrett for State Treasurer by a vote of 173,703 to 124,028.

The closest race on the State ticket was that of Ed R. Bentley and S. M. Marris for State Superintendent of Public Instruction. Returns at midnight gave Marris the lead, 164,179 to 153,984. At one time only a few votes separated the two candidates and all through the evening a three thousand vote margin was maintained.

Rev. A. R. Tyson Believes Sweetwater Should Be Scene Of Annual B.Y.P.U. Encampment.

Rev. A. R. Tyson, Associational Missionary for this Association for the Baptist church, is very much in favor of an annual B. Y. P. U. encampment for Sweetwater by the time another summer season rolls around.

There are three counties in the Abilene Association; Nolan, Taylor and Mitchell Counties and with the facilities enlarged very little, a crowd of 500 people can be brought to Sweetwater or a week every year, according to Rev. Tyson.

Continuing on the subject, Rev. Tyson said: "Sweetwater has the railroad facilities, the camp site, with all kinds of bathing equipment, and will have one of the largest auditoriums in this section, besides the churches to accommodate the various meetings."

Rev. Tyson will bring this matter up for consideration during the two-day meeting here of the B. Y. P. U. and secure an opinion from the various representatives on Sweetwater as the ideal location for such an encampment as above mentioned.

The general belief is that some very enthusiastic speeches will be given in favor of this city being the permanent site for the encampment. Owing to the advantages that no other city has, it is thought the matter will be put through in favor of Sweetwater.

CROPS BELOW NORMAL.

By The United Press.
DALLAS, Aug. 26.—Farmers in the Southern part of Texas will make approximately 3-4 of a normal crop of cotton with about half of the picking done and ginning going on at present, according to Gus Hill of Austin, who has been working in several counties of that section in the membership campaign of the Texas Farm Bureau Cotton Federation. The campaign is progressing favorably and prospects for a large number of new members are good, he said. The farmers are giving their assistance and much educational work is going on in that section, according to Mr. Hill.

TO HAVE FOOTBALL TEAM.

The local Boy Scouts will have a football team this season. A meeting was held at the Court House Friday night and final plan were made. Ben Daniels will be the coach and Swatter Park will be used for all games. Every Scout interested in the team is asked to meet at the Park Monday afternoon with either a rake or hoe or both and help to put the grounds in proper condition.

Cop as a Censor

Mrs. Mary Sladden had just lit a cigarette as she stood on a street corner with her husband in New York when a cop ordered her to throw it away. When she claimed it was her privilege to smoke he struck it out of her hand. And now the police commissioner must decide if his men have the right to act as censors.

ORIENT ENGINEER KILLED SATURDAY

Clement W. Hambright, 50 Years Old, Dies Under Own Engine In Accident Near Blackwell

Stopped in Approximately Forty Feet—Sudden Application Of Air-Brakes Believed Responsible For Death.

Clement W. Hambright, 50 years old, engineer upon the Orient railroad was instantly killed Saturday morning at Blackwell.

The accident occurred shortly after the train left Blackwell, when two Mexicans, who had boarded the train there, refused to pay their fares and the conductor applied the air to stop the train. Mr. Hambright, who was on the pilot of the train oiling the release valves, was presumably thrown in front of the engine when the air-brakes slackened the speed of the train. He was dragged only a short distance, the train being stopped in approximately forty feet by Perry Knowles, fireman. At the time of the accident, the train was running only about ten miles an hour, according to Fireman Knowles.

Mr. Hambright's neck, right shoulder and collar bone was broken and other bruises and mutilations were apparent about his head and chest.

The body was brought to Sweetwater and is being held here, pending instructions from relatives. He has a daughter in North Carolina and Fred Hambright and Dr. Hambright of Roby are distant relatives.

Mr. Hambright had been in the employment of the Orient for several years and he was formerly a railroad engineer in Mexico. His home was in San Angelo. He was a member of the Hamlin Masonic lodge and of the Brotherhood of Locomotive Engineers.

Late Saturday afternoon a telegram was received from Mr. Hambright's daughter, Miss Louise Hambright, requesting that the body be forwarded to Burlington, North Carolina. Mr. Hambright's old home and where his wife is buried. Transportation was arranged by Orient officials and the body prepared for shipment and was transferred over the Texas & Pacific to the destination as above requested.

San Benito To Build Two-Cell Building—50 Years Jailless.

By The United Press.
SAN BENITO, Texas, August 26.—San Benito is to have a jail. After more than fifty years without one, a jail consisting of two cells is to be built.

It is believed San Benito is the only town in the state, if not the whole southwest with a population of 5000 or more to be without a jail.

Heretofore disturbers of the peace were told to go home, by police or if continuing were escorted there. Those who disobeyed too freely were chained to a post until they sobered up. Traffic violators were merely told to appear and pay up.

Now all will be different. San Benito is to have a "hoosegow."

LIGHT SHOWERS

A nice little shower fell in Sweetwater Saturday night but diligent inquiry failed to uncover any rain anywhere. Loraine, Roscoe, and Snyder reported very light showers as did San Angelo but this was all.

2621 Votes In Boxes Reporting Give Yarbrough 1432, Bargee 1169; Small Vote Yet Out.

THOMPSON NEW COMMISSIONER

Wins Over Lockett—Vote is 1061 To 883—Rogers Elected Weigher—Smith At Blackwell

Jack Yarbrough was leading in the sheriff's race for Nolan County in the primary runoff by 243 votes among the boxes reporting Saturday night. The boxes reporting represented 2621 votes in what is considered will be a far heavier vote than the July primary. The boxes reporting, include Sweetwater, Roscoe, Blackwell, Maryneal, Hyton, Westella, Section House, Mulberry, Champion and White Flat.

Repeated efforts to get in touch with other boxes in the south end of the county failed, the telephone lines being reported out of order.

W. H. Thompson was elected Commissioner of Precinct No. 1, to succeed F. M. Lockett, the vote being 1061 to 883, respectively.

Lloyd Rogers was elected Public Weigher over Sam Viser, the vote being 126 to 69 in Sweetwater. Berry Smith was elected Public Weigher in Blackwell, the vote being 127 to 84 for his opponent, Anglin Jordan.

In the Senatorial race, Mayfield carried the county over Ferguson, the total being 1349 to 1153.

T. W. Davidson carried the county for Lieutenant Governor, the vote standing 1469 to 893.

C. V. Terrell had the call over George Garrett in Nolan County for Treasurer, 1355 to 939.

Bentley led Marris for State Superintendent of Public Instruction, 1559 to 1007.

Blanton had a lead of 287 votes over Callaway, the vote standing 1392 to 1107.

The boxes yet to be heard from are Dora, Brooks, Rocky Crossing, Blue Creek, Granger and Fisher. Returns received up to a late hour Saturday night:

Sweetwater—Mayfield 758, Ferguson 563; Mayfield 526, Davidson 794; Terrell 763, Garrett 514; Bentley 788, Marris 535; Callaway 700, Blanton 611; Yarbrough 700, Barbee 665; Lockett 329, Thompson 985; Viser 630, Rogers 726.

BEAUTIFUL BRIDGE PARTY

One of the most notable affairs featuring Sweetwater Society this past week was the beautiful bridge party Thursday afternoon given by Mrs. Robert Calvert and sister, Miss Mollie Moody Thursday afternoon at the pretty home of Mrs. Calvert. They named Miss Moody's guests, Wilson and Mrs. C. L. Williams of Coleman, their honorees.
The reception rooms were profusely decorated with all kinds of summer blooms and potted ferns.
Eight tables were placed about the rooms for the games. Some of the

players proved themselves experts in handling the cards and succeeded in winning many interesting scores. When the "smoke of battle had cleared" it was found that Mrs. Ed Mays had made high score and was rewarded with a lovely mayonaisse dipper while Mrs. Jas. H. Beall Jr. was consoled with an egg beater. Sets of glass ice tea sippers were presented each honor guest.

When the cards were removed, the hostesses assisted by Misses Mae and Lanelle Snell served a chicken salad larded with a whipped cream mayonaisse, Saratoga flakes, olives and ice tea.

Those present were: Mrs. L. J. Wilson, Mrs. C. L. Williams of Coleman, Mrs. Don Clayton, Mrs. L. B. Allen, Mrs. Carl Ragland, Mrs. W. H. Whaley, Mrs. R. S. Malone, Mrs. Will Corbett, Mrs. Jas. Beall Jr., Mrs. Tom Hughes, Mrs. Louie Hardy Mrs. Jim Dulaney, Mrs. A. J. Wimberly, Mrs. Henry Hill, Mrs. Ed Mays, Mrs. John Hubbard, Mrs. C. B. Payne, Mrs. L. E. Epperson, Mrs. Ed Patterson Mrs. A. H. Fortner, Mrs. Frank Morgan, Mrs. Oscar Pate, Mrs. John Perry, Mrs. J. M. Charlton, Mrs. Henry Rogers Mrs. R. M. Simmons, Mrs. Paul B. Sorenson, Mrs. Mose Newman, Mrs. Berry Bowen, Mrs. O. B. The Good

MAXWELL

SKIRTS ARE LOWER!

Boys, take a long last look at those dainty silk clad lower extremities, for they are soon to be forbidden fruit. Real socks need not worry you, for you'll never know the difference. The short skirts that often displayed a "cap" that was not on your head—are gone—perhaps not forever—but for a year or two anyway.

All the sermons in the world have failed to lower the growing tendency to bring the skirts and the waist line closer together but when fabrics got cheaper—as they have this year—the boys who sit up nights thinking how they can make this summer's dress look out of date tomorrow, tacked about four inches out every skirt—and the need was done.

Most people don't like the lengthened skirt, but they're here and they can't escape them. Sport dresses are not so much lower than those being worn in West Texas today. The length of the average tailored suit will be just a little lower than this summer but the evening and afternoon gown is away down around the ankle.

Black, brown and navy are the leading colors. Blacks lead in the East but all buyers are of the opinion that navy will be the popular color here as it is more appropriate to this climate. Authorities say that 75 per cent of the women you will see on Fifth Avenue are wearing black skirts or suits or dresses.

They bring back the good news to, rather than prices are lower. All the buyers say they have something good to store for the women of this part of West Texas in values.

Local buyers emphasize the point that the quality and amount of material used and the workmanship are far superior to that found in ready to wear bought eighteen months ago and better than that found in the stocks this Spring. The passing of strikes in the clothing industry has improved the quality of the clothes purchased this year by local buyers.

Local merchants say that people can buy with the assurance that prices are right. They think that the bottom has been reached and that proper quality has returned in the ready

to wear field. "Buyers have the assurance this year that they are getting values now that are back to normal," they say, "and that won't change but very little either way within the next six months. There are more reasons to believe that materials will go up than there are to make one believe they will go down."

The prices on suits seems to range from \$17.50 to \$175.00; with exceptional values in all the stores at from \$35 to \$50.00; dresses, wool, 50; coats \$19.75 to 79.50.

In dresses the styles turn to loose straight lines, in many cases with long waist lines blousing loosely about the hips. Many of the skirts proper are not as long as they appear by having points and frills that extend lower than the main part of the dress.

They are not so loose and flowing as they were, and are nearly always wide open at the old fashion "leg-o-mutton" sleeve. The straight tailored pleats and the triangular cut in are shown in some of the better tailored suits that have been brought back to San Angelo. Several new materials—of new names for old—have been added to the dresses, —boudier, canton, canton crepe, satin crepe there are now silks called, pepoleto, marquette, and marcellette. In wool piquette, twill cord, tricotine, kasha crepe seem to lead. You can select a color to suit your taste.

Three-piece suits have the lead. These are in differ from those of this summer in that the outer coat in no

longer a cape, but a coat that is close fitting. These dressy suits are made of soft materials. Some of the more conservative tailored suits are made of about the same material men's clothes are cut from. The coats are close fitting and an average of 36 inches long.

Coats are going to be favorite this year and new fabrics of soft pile have been developed to make them different from the ones we have been used to for the few years. Normandy, cut bolovia, gerona are some of the new names given the cloth. Sport coats will be good also. They will be made of polo cloth and grey and brown tweeds. The average length is 42 inches.

Long dresses call for big hats. Millinery this year will spread out a lot. There won't be much dancing done in hats this season. Hats cheek to cheek stuff is about all the boys have saved out of the war and if the girls wear their hats at the dance—this is gone too.

Hats with suits and coats, however, are to be small conservative models not too radically changed from the millinery we have been seeing for the last few seasons. There are new colors and some new turns and twists that make them almost irresistible to the average woman.

NEW TEACHERS

Miss Haynes Accepts Position Paying \$25 More Per Month—School Starts September 11.

Four new teachers were engaged and the resignation of Miss Haynes accepted at a called meeting of the School Board Friday night.

The new teachers were Miss Mollie Blount of Roby, Miss Bouchet of Clyde Texas, Miss Willie Bell Wason of Stamford and Mrs. Jack Murchison of Grape land.

Miss Wason of Stamford has been engaged to teach Spanish. She has spent the summer at the University of Mexico, Mexico City learning the idiom of the language as it is spoken.

Miss Haynes has accepted a position in a country school paying her a salary \$25 a month more than she received in Sweetwater, according to the School Board who accepted her resignation.

The Sweetwater Schools will open for the fall term September 11.

POLICE QUESTION KILLING VERSION

SHOOTING STORIES DIFFERENT

Chauffeur Strikes Blow At Version Of Defense—Time Element Is Pointed Out By Authorities of Police.

By The United Press. EDGEWATER, N. Y., Aug. 26.—The story of George Cline, movie director, that he shot John Bergen, movie actor in self defense after they had arranged to fight a duel over an alleged insult to Mrs. Cline, was attacked by the police here Saturday.

George Langdon, taxicab driver, who drove Bergen to Cline's house, where he was mortally wounded, struck the hardest blow at the duel story. Langdon told the detectives that after depositing Bergen at Cline's home, that he had driven more than two hundred feet before he heard shots and a woman scream.

Cline told the police that after Bergen entered the house he was accused of insulting Mrs. Cline and that Bergen confessed the deed. He was then given a revolver to defend himself with in a duel to death in a dark room according to Cline. Considerable time would have naturally have been taken up by the details described by Cline, who reiterates that his version of the affair is correct. Police Captain Dinan stated that Cline had accused him Friday and said, "I have had some trouble with that actor Bergen. If anything happens to me, look up John Bergen."

Texas Railroad Appeals To Interstate Commerce Commission For Permission To Expand Road.

By The United Press. WASHINGTON, Aug. 26.—Application for authority to issue stock and securities with the aggregate value of \$18,000,000 has been filed with the Interstate Commerce Commission by the International & Great Northern railroad of Texas, according to reports received here Saturday.

The terms of the application propose the issue of \$37,000,000 in first-mortgage notes for a thirty-year period with 6 per cent gold bonds; com-

mon stock to the value of \$7,500,000 and \$2,500,000 in 6 per cent notes, which will mature in 1930. The proceeds from these issues shall be applied to the acquisition of the lines and the property of the I. & G. N. railroad, which is now in the hands of receivers.

WHAT GOD WILL DO.
He will swallow up death in victory; and the Lord God will wipe away tears from off all faces; and the rebuke of his people shall be taken away from off all the earth; for the Lord hath spoken it.—Isaiah 25:8.

LIARS.
Andre Tridon, famous psychiatrist, testifies at a trial that it is impossible for anyone to tell "the absolute truth," because no two people see the same thing in exactly the same light. Each gets a certain impression of a happening. None is complete.

You have observed arguments, both sides sincere, over what happened at a fire, fight or similar occurrence.

Gather 1,000 people at a banquet. Have each write an account of it. You would have to combine the 1,000 accounts to get a complete picture—the absolute truth—and then a waiter would begin raising arguments.

That is one of the reasons why newspapers are accused of not getting things right—the way the other fellows sees it. As a matter of fact the average newspaper account of the happenings of today are on a whole more accurate than at any time in the history of the press.

History in nearer its true light than any other medium.

The best histories of today regarding the Civil War are written from the accounts of the war printed in the newspapers of the country while the war was going on. This is the source that historians are going to. The histories of the great war are being written in the same way.

Not all accounts are accurate—but all record what one man thought happened—which is as Tridon says—the best that anyone can get. When the history of West Texas is written it will be from the files of the papers of West Texas—not from the recollections of those who think they remember what happened forty years ago.

ATROCITIES.
Mexico sends a protest to our State Department, against the alleged killing of two Mexican citizens

in the mine massacre at Herrin, Illinois.

This rather turns the tables on the folks who gnash their teeth at atrocities in Mexico.

If Mexico had our population and we were small and weak, the cry south of the Rio Grande might be: "Invade the United States and restore order."

Let a few Americans get in a row in Mexico and Huerta and all his settlerights will yelp for revenge. But when it occurs in Illinois we set peaceably by and let a shrewd faced coroner jury, grand jury and sheriff get away with the statement that "death resulted from wounds inflicted by parties unknown."

RESPONSIBILITY.
Nestor Evans Wicklow sues the Erie Railroad for \$50,000 damages. He claims he was injured by slipping on a banana peel while stepping off a train.

Back of this is a principle that property owners might save themselves money by keeping in mind.

The owner of a property has a definite responsibility, varying in different communities, for the condition of the public sidewalk in front of his place. Pedestrians who have slipped on an icy sidewalk have collected damages from the owner. It may not be a fair law, but a statute is an established fact, not a theory in ethics. Play safe—keep sidewalks fool-proof.

SANITY.
Harry Overman, 8 years old, runs away from his home in New York City, for the fifty-second time.

Harry sees the light early in life and tries to escape to the country. New York, of course, is unable to understand why anyone should want to escape from it. So when it sends the story out on the telegraph wires it explains that Harry's head was injured several years ago in an auto accident.

Two weeks ago the Saturday Evening Post published a story of the housing conditions in New York. This survey showed that the average family with an earning capacity of from \$2,000 to \$5,000 a year spends 50 to 55 per cent of its total earnings for rent. Those who earn from \$5,000 to \$30,000 spend an average of 40 to 45 per cent for their living quarters.

On top of this there is the tyranny of service that must be taken care of. If your janitor does not get his tip regularly the milk will fail to reach your door. If the elevator man does not get his the car won't stop at your floor. If the telephone girl don't get hers your telephone will never ring and you will wait to be connected with the outside lines. All this "service" must be paid for from the little the landlord leaves.

Why New Yorkers put up with it—how they are able to live and why anyone would want to live in that city of 5 million seems a mystery to those who pay no car fare in the fine breezy climate of West Texas where city lots are cheaper than theater tickets. Of course what applies to New York applies to other cities in a more or less degree.

Harry is a smart boy. It sometimes takes a blow on the head to restore sanity.

MAXWELL MAKES BIG CUT

Announces \$150 Drop in Maxwell Coupe And Sedan Prices.

The Maxwell Motor Company has just authorized a cut of \$150 on their new Series Maxwell Coupe and Sedan, which formerly sold for \$1285 and \$1485 respectively. The new price on the coupe is \$1135 and that of the sedan is \$1335, as shown by an advertisement in another column of the Reporter.

This is the best priced car for the quality entailed that has been offered the American automobile buying public, according to Hubert Toler, local Maxwell dealer, who is in receipt of a telegram from the factory announcing the cut in prices.

The new cars are finished inside and out to a de luxe standard, equal to that of higher priced cars and furnished with the same material. The finish shows hardware of beauty and quality.

Lights Are Increasingly Essential As The Evenings Begin To Lengthen Into Fall and Winter

As the family gathers around for the evening hour, are the lighting facilities ample? Are they of a type that lends distinction to your home? Fine furniture and inadequate lights are as incongruous as a man wearing a swallowtail coat and a pair of overalls. Now is the time to check up your lighting requirements, so that in the long winter evenings to come a flood of cheerful radiance may flow from our big power house into your home. And while you are at it, make sure that you have plenty of outlets provided for those handy electric appliances such as curling irons, heating pads and other cold weather comforts. Especially is this advisable when building a new home—HAVE PLENTY OF OUTLETS FOR ELECTRIC CURRENT.

HOUSTON TO SEE SEA.
By The United Press.
HOUSTON, Aug. 26. — Navigation right to the doors of Houston by ocean going vessels is just around the corner in the belief of many persons, following the final appropriation by the War Department of \$750,000 recently, for deepening the Houston Ship Channel to a uniform depth of 30 feet. The ap-

propriation was made upon the recommendation of the Rivers and Harbors Congress. Bids will be opened soon for the dredging of the channel from Bayton to Clinton which is the next step in the project. The plan calls for deepening the channel to thirty feet and straightening out the waterway for the entire distance. The entire project will consume about two years' time, it is believed.

G. R. Westbrook, Real Estate Man, Optimistic Over West Texas Prospects

G. R. Westbrook of the real estate firm of Wood and Westbrook left Saturday night for his old home at Atlanta, Cass County. He goes to wind up his business there and prepare to move his family to Sweetwater before time for the schools to open. Mr. Westbrook has a list of more than a hundred bonfide prospects in the Atlanta Country who will move to West Texas this fall. Forty seven of whom wish to settle in Nolan County and the remaining fifty six will settle on the plains.

Mr. Westbrook is no stranger to West Texas, having visited M. L. Harp here several years ago. He is so well known to the people who live in the other Cass County people who have ever lived here.

He is very much enthused over the prospects for this particular section of the west, especially for the small stock raisers and the farmer who will diversify and use the latest dry farming methods as taught by Mr. Calvert, Nolan County's County agent.

"THE MOLLUSC"

This is the title of the three act comedy by Herbert Davies to be given by local talent at the Lyric Theatre Wednesday, Aug. 30th.

Miss Lola Harkin is coaching the actors for the play and states that it promises to surpass any thing of the kind given by Sweetwater "play actors." Miss Ethel Harkins is the "leading lady" and plays the part of the "Mollusc," whatever that is, and she is supported by Miss Lucille Cundiff, John Cox and Jerry Sartain. Mr. Sartain has played in stock companies and will add much to the portrayal of the story.

Plenty of "specialties" between the acts. Benefit of the Epworth League room furnishings.

RETURNS FROM VACATION.

Miss Lucy Gathing returned Friday morning from Berkeley, Calif., where she spent 6 weeks in the University. Miss Lucy and the party of 26 made a tour of several states including Washington, Oregon, Utah and Colorado. They saw many interesting sights. While making the voyage across from San Francisco to Seattle their steamer collided with the *Coke Rock*. No one was seriously injured, but the ship was badly damaged. Another ship came to their rescue, taking them on to Seattle.—Roscoe Times.

TO VISIT AUSTIN

Mr. and Mrs. J. D. Dulaney and daughter, Miss Janice left Saturday afternoon in company with Dr. B. F. Dulaney, wife and daughter, Miss Emily of Colorado for Austin. They will travel in their cars and reach Austin about Monday afternoon. They will witness the graduation of Miss Lulu May Dulaney, a daughter of Dr. Dulaney on the 30th, at the State University. Following that they will visit at San Antonio and Corpus Christi until about the 15th when Miss Lulu May Dulaney will return home with her parents, but Miss Elnora and Miss Emily will return to Austin for the winter term of the State University. Miss Elnora has been in Austin the past year and a half with her sister.

BROKEN ARM RESET

Little Miss Ellen Garner is resting nicely since she suffered the calamity of rebreaking her right arm Monday. She broke it the first time about nine weeks ago, by falling from the steps. The injured member had so far recovered that she had discarded all bandages and arm sling. Monday it was again broken when she fell up the steps. Ellen says it hurts just as bad as the first time. A LONG FAMILY TREE

R. C. Crane Ancestry Traces Back To Early Colonial Days in New England.

Sweetwater has at least one family that traces back to early New England pre-revolutionary days.

In a large "History and Biographical Record" of North and West Texas, there is contained much valuable historical matter concerning the state of Texas, the western principal men of the section. The volume was compiled by B. H. Paddock as editor and was published in 1906.

There are several Sweetwater biographical sketches in the book including the late Thomas Trammell, R. L. McCaulley, C. P. Woodruff, the late J. F. Newman and R. C. Crane.

The following concerning Mr. Crane is quoted direct: "R. C. Crane, a member of the law firm of Ragland and Crane and a prominent practitioner at the bar of Sweetwater and Western Texas, traces his ancestry back in a direct line to Jasper Crane, who was one of the original settlers of the New Haven colony of Connecticut on the 4th of June, 1639, and is supposed to have crossed the Atlantic from England with Winthrop in the ship *Arabella*. . . . He subsequently became one of the first settlers of Newark, N. J., and in connection with Robert Treat was one of the first magistrates of Newark. One of his sons married a daughter of Robert Treat, who afterward returned to Connecticut and went down into history as one who hid the colony's charter in the famous old oak.

"R. C. Crane's grandfather was an armorer in New York during the Revolutionary war. His grandfather went to Richmond, Va., about 1812, where R. C. Crane father was born. The latter, after graduating from Hamilton Theological Seminary (now Colgate University, New York) became a Baptist minister. After serving in Alabama and Mississippi, he came to Texas and served for a time as President of Baylor."

Is there anyone in Sweetwater who can trace their ancestry any farther back than the above genealogy?

IT'S A "PEACH"

No figurative language about it, it was a great big yellow Elberta peach that found its way to the Reporter office this morning from one of the trees at the old home place of Mr. and Mrs. George Praker.

It was from a tree that is about six years old and has been bearing for four years past and is of the luscious Elberta variety. These peaches have been grown this year without any water and no one ever saw a more perfect specimen of the peach family.

Special-Six Touring

SAVINGS resulting from capacity manufacture are now offered to the buyer of the Studebaker Special-Six. The new price of \$1275 is \$200 under its former price.

Studebaker reductions became effective August 1st after Studebaker had completed the biggest seven months in its 70 years' history. And at a time when Studebaker had 15,000 unfilled orders on hand! It is a Studebaker policy of long standing to share manufacturing savings with the customer.

The performance, durability, comfort and quality of the Special-Six are recognized everywhere. And here's new proof of its endurance: Studebaker's sales of repair parts, covering accidents as well as service, for the first seven months of 1922 were less than they were for the first seven months of 1919, in spite of the fact that 186,000 new cars were sold and put into operation since January 1, 1920.

The Special-Six at \$1275 represents a new standard of value—the greatest value Studebaker has ever offered, and that means a value that is positively unapproached anywhere in the industry.

COWDEN HALL DESTROYED.

Special to the Reporter.
 ABILENE, Aug. 25.—Simmons College suffered a serious loss in May when Cowden Hall, its only hall for men was destroyed by fire. The College faces the problem this fall of taking care of the men attending the institution in private homes. The citizens of Abilene responded generously and nobly, however, and every young man entering Simmons College will have the privilege of staying in a good private home.

Plans are being drawn for the erection of a modern hall for men to cost \$150,000. Work on the proposed building will begin about the middle of January, 1923.

Simmons College has two halls for women, Mary-Frances Hall and Smith Hall. Both of them are practically full already. Those who expect to have accommodations in either would do well to seek reservations early.

The plant of Simmons College has had a most valuable addition made to it for the coming year. The Fine Arts Building, construction of which was begun about 20 months ago, will be completed and opened for use. It will be devoted to the Fine Arts: Piano-forte, Voice, Expression, Public Speaking and Painting. The building is one of the most beautiful in design, finish and in appointment in connection with any college in the southwest.

Indications now point to a large registration in Simmons College this fall. The plant and equipment will not accommodate more than 700 at one time. To the end that those who expect to enter Simmons may not be disappointed, the College authorities have put on a campaign among former and prospective students, urging that everyone who expects to enter for the fall term register by mail in advance.

"DAWN OF THE EAST."

MISS ALICE BRADY.

Patrons of the Queen Theatre will be treated to a trip to the Orient, in "Dawn of the East," starring Alice Brady Monday. The actress is presented in the role of an exiled Russian noble-woman, who, with others of her class, at the outbreak of the revolution, makes her way across the Siberian plains and finds herself stranded in a Chinese port city.

Authentic Chinese scenes, both street scenes and various interesting interiors, add color to the backgrounds against which the almost melodramatic action the spectator sees thousands of miles from home.

PLANS FOR FAIR

Mitchell County Fair To Be Held September 22-23—Many Features Are Being Planned.

Plans for the Mitchell County Fair, which will be held at Colorado September 22-23, are going forward rapidly, according to R. H. Ratliff of Colorado Secretary of the Fair association, who was in Sweetwater Saturday. Mr. Ratliff was accompanied by W. S. Cooper, editor of the Colorado Record.

The Fair is being put on in conjunction with the Colorado American Legion Post and half of the amount cleared will be donated to the Colorado American Legion Post, to be used for the construction of a Legion Hut in that city.

A rodeo, livestock exhibits and an automobile show will be some of the features of the Fair. Approximately fifteen entries for the automobile show have been received, according to Mr. Ratliff.

The most popular girl in Mitchell county will be crowned Queen of the Fair at the event. This contest is limited to residents of Mitchell County. A Ford roundup will be staged and prizes offered for various features such as the oldest Ford at the Fair, the best decorated Ford, and the like. Prizes in this contest will be some piece of repairs for a Ford.

Several other contests are being worked out, but many of the committeemen are finding the hot weather so strenuous and fishing along the Colorado River so good, that they still have some work to do, according to Mr. Ratliff.

Mitchell County urges her neighbors to pay her a visit on September 22-23.

RESOLUTIONS OF RESPECT

The Sunday School of the Methodist Church notes with sorrow the death of Fred Chapman.

He was one of our enthusiastic members, interested in the welfare of the Sunday School and loyal to his class.

The entire membership of the Sunday School mourns with the family in this sad hour, and feels that their loss is our loss.

The Committee recommends that the Secretary place a copy of these resolutions in the records of the Sunday School and that a copy be presented to the family as an evidence of our sympathy.

1926 TO BE STRENUOUS

The year 1926 is destined to shake the world to its foundations, both physically and politically. It is to be a succession of plagues, famine, floods, ship wrecks, rioting and revolution. So says the British Journal of Astrology, which has drawn the horoscope for that year, when the planets Mars and Mercury will be in conjunction.

Six years later, the great Armageddon is to take place. It will be a final conflict between Mohammedanism, allied with bolshevism, against the united Anglo-Saxon world. It will end in a "universal peace" in 1932, but "there will be so few of us left and we shall all be so tired that peace should happen anyhow," the horoscope says.—Big Springs Herald.

PROTECT YOURSELF

Now is the harvest time. The cotton that is beginning to roll to market brings in the dollars that farmer, merchant, professional man, everyone, has been so eagerly awaiting. Now is the accepted time to square off debts of the previous year. And likewise now is the time to build that reserve so necessary to finance the future. Wise farmers who have made their farm sustain them by keeping cows, pigs, chickens, raising truck, etc., have their cotton as a cash crop and use most, if not all, of this money to personal advantage. And then, there are others who, when they have paid their debts, will have to start next year in the hole again. Time deposits at four per cent interest in this old, strong, conservative bank, is cheaper than paying ten per cent interest on money borrowed.

ELECTION WARM

Sheriff's Race Incidental To Lively Fist Fight While Watching Returns.

"I'll be —! If I can see how anybody can vote for Barbee," said Mr. Webster of Sweetwater, or something like that anyway.

"And I'll be double —! If I can see how anybody can vote for Yarbrough," said Mr. Barton from Nolan, or words to that effect.

The two remarks quoted above were the prelude to a lively fist fight while the men named were watching election returns Saturday night. The fight was being ably refereed by J. D. Dulaney, but arrival of officers stopped proceedings.

Deputy Sheriff Willis Barbee arrested Barton and Chief of Police Duck Johnson arrested Webster. Charges of affray were lodged against them.

Miss Mahan of Denton will reach the city about Monday to visit a few days with Miss Rice, who is in the city guest of friends. They taught together last year in the High School. Miss Mahan will teach in the Clovis, N. M., high school this coming school term.
