SWEETWATER, TEXAS, WEDNESDAY, JANUARY 10, 1923.

NUMBER 294.

AMERICAN FORCE TO LEAVE RHINE

Army of Occupation to Quit Coblenz Bridge-Head Patrol—There Since Armistice.

FRENCH TROOPS ARE INACTIVE

Forces in Occupied Areas Only As Guards for Engineers, Say French Officials.

By The United Press.

WASHINGTON, Jan. 10.—The American troops constituting the American Army of Occupation were ordered withdrawn from Germany by Secretary Hughes today after a lengthy conference with President Harding. The prompt return of the troops has been ordered by the United States.

The troops, numbering about a thousand officers and men, have been patrolling the bridge heads of the Rhine at Coblenz since the armistice. The action of President Harding and Secretary Hughes follows the passage by the Senate of Senator Reed's resolution expressing the view of the Upper House that the Rhine forces should be withdrawn. The troops are under the command of Major General Henry T. Allen.

FRENCH TROOPS QUIET.

By The United Press.

ESSEN, Jan. 10.—The movement of the French troops in the occupied region of the Rhineland was retarded this afternoon. Some of the troops were halted at Coblenz and others shunted along the Rhine, instead of proceeding to areas originally destined.

TROOPS TO GUARD ENGINEERS.

By The United Press.

PARIS, Jan. 10.—France has notified Germany that the French troops, which are being sent to the Ruhr Valley, are to be used only as guards for the engineers, who will enter the mines of the region, according to an official announcement today.

The French troops will remain encamped around Essen and will not intervene unless the French engineers are menaced.

SEAGLER, SPEAKER

By The United Press.

AUSTIN, Jan. 10.—Richard E. Seagle of Palestine was elected speaker of the House. Evey effort was made during the last eight days to stampede the Seagler ranks, but without avail. He is a former member. His only opponent, Lewis T. Carpenter of Dallas was elected for the first time last November.

ARREST LEADERS.

By The United Press.

PARIS, Jan. 10.—Communist leaders including Monnousseau, secretary of the Communist Section of the General Confederation of Labor was arrested today charged with plotting against the security of the state by trying to cause trouble in the Ruhr district.

SURROUND ESSEN.

By The United Press.

ESSEN, Germany, Jan. 10.—Hemmed in on the west by French Cavalry, infantry, artillery, tanks, airplanes and all the paraphernalia of war—all ready to move at the word of command from Paris, the first object of the punitive occupation plans was a city of strained nerves today.

The population was tense but reserved.

Uncertainty as to when the troops would enter the city was causing the most worry.

Hotel guests were notified they might have to give up their rooms at any time.

Troop trains are constantly arriving, with most of the troops white.

TO ADVANCE AT DAWN

By The United Press.

PARIS, Jan. 10.—Dawn tomorrow will see the French troops advance on Essen in an encircling movement from the north and south, according to the final plans of the French high command it was learned today.

About 25,000 troops, including 8 regiments of infantry, six cavalry, and the most modern equipment of airplanes, tanks and armored cars will take part in the peaceful "capture" of the wealthy Ruhr city.

Allied engineers, including Belgian and Italian troops will accompany the advance guard and take up a position at the coal mines, it was understood.

GOES TO CHICAGO

S. A. Barker of Reporter Staff Takes Position With United Press.

S. A. Barker of the Reporter Staff will leave on the Santa Fe Thursday night for Chicago where he will take a position with the United Press Association, which is the news gathering association that furnishes the Reporter with telegraphic news service.

Mr. Barker is a graduate of the Columbia School of Journalism at Columbia, Mo., coming to the Reporter shortly after his graduation one year ago.

Kenneth Roy of St. Louis, also a graduate of the famous Columbia School, advertising department, arrived in Sweetwater Tuesday night to take Mr. Barker's place on the Reporter staff.

Society Belle Writes Play

Mrs. Edward Goring Ellis, wife of Major Ellis, U. S. A., and daughter-in-law of Maj. Gen. Frank Ellis has just written a play "Once Fused, Agree With Judy" which will be presented at the Washington Theatre. Mrs. Ellis is one of the most beautiful matrons in Army Society.

CLUB WILL MEET

Dr. Fortner Will Tell Sweetwater Club Hospital Plans—To Formulate Program for Year's Work.

The new hospital for Sweetwater will be one of the principal topics up for discussion at the regular session of the Sweetwater Club Thursday night at the Hotel Wright.

The topic will be handled by Dr. Fortner who will tell members of the club the plans and possibilities in connection with the institution.

Musical numbers will be rendered by Miss Emma Nicholson, who will sing, and by Miss McKissick, who will render a piano number.

The foregoing will take care of the formal program as announced by the program committee of which Harry Bondies is chairman.

In addition, it is desired to have an expression of opinion, from as many members as possible, concerning the permanent program of work to be adopted by the organization. The program committee, appointed to serve for two months, is desirous of securing an expression of opinion from the individual members of the organization, to guide them in the formulation of future programs.

It is possible also that some permanent committees will be appointed to keep in touch with the road situation, civic improvement, West Texas College and other projects of interest to West Texas, Nolan County and Sweetwater.

Mr. Wright announced that dinner will be served promptly at 7 o'clock p. m.

SANTA FE CHANGES FUEL.

Special to The Reporter.

PLAINVIEW, Jan. 10.—"Avaunt coal burner" is the slogan of the Santa Fe system on the Plains. The company is putting the motto in concrete form by erecting at Plainview, Slaton, Justiceburg, Amarillo and Sweetwater large steel tanks for storage of fuel.

Engines using oil will be converted into oil burners. A 60,000-gallon tank is now being erected here, with a spur track running to it. The company recently placed an ornamental steel frame about its station park here.

KLAN BANISHED GIRL 17 YEARS OLD

Story of Young Girl Sent to Little Rock From Morehouse Parish Related On Stand at Bastrop.

TAR AND FEATHER WAS THREAT

Mother Pleaded With Hooded Men On Her Knees—Girl Weeps As She Tells Her Story in Court.

By The United Press.

BASTROP, La., Jan. 10.—The story of a young girl, banished from the community by a Ku Klux Klan, was related on the witness stand today when a trial in open court was resumed concerning the activities of hooded terrorists in the Morehouse Parish.

Miss Addie May Hamilton, 17, testified that her mother, "down on her knees" pleaded with the masked men not to carry her daughter away.

"The Ku Klux Klan took me out of my house last year and sent me to Little Rock," Addie May began. "They told mamma they would tar and feather her if she didn't let me go."

"Your mother pleaded with them," she was asked.

"Down on her knees," wept the girl, "but when they said they would tar and feather her I got scared and said I would go."

BAND WILL PLAY

Booster Band To Give Concert At Palace Theatre Sunday Afternoon

The Sweetwater Booster Band will give a concert at the Palace Theatre Sunday afternoon in connection with the showing of the film by the Near East Relief Committee.

This is the first public concert of the band in some time, but they have been rehearsing regularly and the public is wanted to expect some definite improvement over the good playing that has always characterized this organization in the past.

SHOW DATE IS SET

Sweetwater Hereford Show And Sale To Be Held January 23-24 Many Entries.

The Sweetwater Hereford Show and Sales will be held in Sweetwater February 23-24 according to final date just set by the committee in charge. This is one week before the Fort Worth Fat Stock Show which opens March 3.

There will be at least 25 registered Herefords at the auction sale, which will be held Saturday the 24th. Children, Nebbett, Myers, Boothe, Dulaney and Bradford will have some of their fine cattle in the sale, thus assuring the quality of stock sold.

Professor John C. Burns of Fort Worth who is employed by both the National and the Texas Hereford Associations, will be here for the show and sale. Mr. Burns judged the great International Livestock Show at Chicago.

GYPSSUM OFFICIALS HERE.

President Avery of the United States Gypsum Company and H. E. Brookby, property manager of the same corporation, were in Sweetwater Wednesday inspecting the company's holdings. H. E. Norton, geologist, who has been in Sweetwater and Hamlin for several weeks, was with the party.

LITTLE MONEY TO IMPROVE ROADS

Road Improvement Schedule for Nolan County in 1923 to Be As Usual.

AVERAGES \$34.00 TO THE MILE

Approximately \$17,000 Available for Highway Improvement Purposes.

But little, if any, improvement in Nolan County roads can be expected this year, according to county officials, owing to the limited amount of money available for road work.

The total amount of money available for road work in the county is in the neighborhood of \$17,000. The total mileage of county roads upon which this money is to be expended for upkeep is between 500 and 600 miles. In addition to upkeep there is a certain amount of bridge work that will have to come out of this \$17,000. That gives about \$34.00 per mile.

Of the county road mileage, there is about 80 miles of designated highways that is the Bankhead east and west across the county, the Roger Q. Mills and the Del Rio Canadian. The Mills comes from Seury county and joins the Bankhead at Roscoe, continuing east, while the Del Rio Canadian is the north and south highway from the Bankhead line north of Sweetwater and south to Blackwell.

The county has one good, new Caterpillar tractor acquired last summer, two Avery tractors of uncertain performance and other equipment in the way of plows, scrapers, graders, etc., none in first class condition, according to county officials.

Other than a bond issue to permanently improve the roads of the county, a 10-cent local tax could be voted to maintain the roads. This would add about \$12,000 to the county funds available for road maintenance purposes.

A county road superintendent could be hired to supervise the roads of the county under the supervision of the Commissioners. Whether or not the Commissioners view this latter plan with favor is not known.

But with the money that is in sight for road purposes, Nolan County roads are apt to continue in the same shape as always, unless something is done to improve the situation financially.

BETTER WATER RESERVOIR.

PLAINVIEW, Jan. 10.—Installation of a 200,000-gallon reserve water reservoir, of two miles of 8-inch water main and of more than 2,000 feet of sewer extensions—these are some of the new municipal improvements which are to be undertaken this month in Plainview. The contract for installation of the huge reservoir has been let to Irlick & Son of this city for \$43,500. Plainview already has one of the best sewer systems in the plains country, including an Imhoff purifier, which was installed at a cost of many thousands of dollars.

CAPTAIN F. B. EBBERT.

Captain F. B. Ebbert, associate counsel of the Anti-Saloon League of America, will speak upon the subject of "The Unfinished Battle" at the local Methodist church at 3 o'clock Sunday afternoon.

Captain Ebbert knows the law and the facts on Prohibition. He can tell what he knows concisely, attractively and eloquently. For nearly a decade he has been one of the outstanding leaders in the fight for a dry nation. He has won for himself the distinction of being one of the leading dry law speakers of America. He was General Counsel and Legislative Director of the Illinois Anti-Saloon League for eight years. Because of his splendid record he was chosen Associate General Counsel of the National Anti-Saloon League, with headquarters at Washington, D. C. and is thoroughly familiar with National Legislation. He will give you the up-to-the-minute information about the fight for pending legislation in Congress, and the thing people need to know—Law Enforcement.

Captain Ebbert is a veteran of the World War and the Spanish American war.

FROM BOSTON

Two prominent Boston society girls are shown here enjoying the sunshine of Florida. They are Miss Mildred Fleming and her sister, Helen. The latter is sitting on the sand.

TO FORT WORTH

Chitwood Coming Up From Austin, Walter Boothe And Clyde Payne Going From Sweetwater.

Sweetwater will be represented at Fort Worth-West Texas College meeting by Walter Boothe, Clyde Payne and R. M. Chitwood, who is now at Austin, but who will go up to Fort Worth Friday, according to Secretary McCurdy of the Board of City Development who got in touch with Mr. Chitwood today by telephone.

Fare and one half for the round trip has been granted by the railroads for this Fort Worth meeting and it is expected that nearly every city in West Texas will be represented.

Everyone who can do so is urged to attend. It will be necessary to leave Sweetwater Thursday night, returning Saturday morning. The meeting will be held at 10 o'clock Friday morning.

One or two Pullman cars will carry a delegation of about fifty Lubbock supporters to Fort Worth for the meeting Friday in the interest of a West Texas College, according to a telegram received by Homer D. Wade, assistant manager of the West Texas Chamber of Commerce. The delegation will wear badges which were ordered from Fort Worth Monday. Indications already are that practically all towns of West Texas will be represented at the meeting. Telegrams and letters have been pouring into the offices of Mayor E. R. Cockrell at Fort Worth, according to information received and the West Texas Chamber of Commerce, Plainview, Ballinger, Lubbock, Snyder, San Angelo, Breckenridge, Amarillo, Stamford, Abilene, Slaton, Ranger and other points in West Texas.

The meeting is scheduled to begin at 10 o'clock Friday morning in the auditorium of the Chamber of Commerce in Fort Worth, January 12.

The call for the meeting was sent out by Mayor Cockrell in answer to the pressure of the West Texas opinion and demand for the college to bring to a focus the movement. Acting as a party interested in the college, but not in its location, the call of the mayor taking to Fort Worth citizens and boosters of all West Texas, will serve to bring about unified action in time to have an effect upon the Legislature this session.

The creation of a West Texas agricultural college will be the culmination of a movement originating several years ago for the establishment of a college in West Texas. The West Texas Chamber of Commerce has worked faithfully for the school and has had the co-operation of the citizens of Chambers of Commerce of all towns west of Fort Worth. There will be a heavy representation of the West Texas Chamber at the meeting, according to information from Mr. Wade.

FOUR MEN KILLED IN MINE.

By The United Press.

BIRMINGHAM, Ala., Jan. 10.—Four miners were killed in an explosion in the Dolomite mine No. 1 of the Woodward Coal and Iron Company near here today. The bodies of Frank Lewis, foreman, and three negroes have been recovered. The explosion is believed to have been due to accumulation of gas or dust.

FOREST FIRES COSTLY.

By The United Press.

RUSSELLVILLE, Ark., Jan. 10.—More than 21,000 acres in Arkansas were burned over during early 1922, according to K. E. Kimball, former supervisor of the Ozard National forest. Many of these fires were of incendiary origin, Kimball believes. About one third of this acreage was private land, the remainder being government property.

G. W. OUTLAW DIES AT RANGER HOME

Rev. L. G. Morony of Sweetwater Conducts Funeral Services Tuesday Afternoon For Pioneer.

SWEETWATER FORMER HOME

Is Survived By M. C. And George Outlaw, Jr., of Sweetwater As Well As Other Children.

Special to The Reporter.

RANGER, Jan. 12.—George W. Outlaw, 76 died at his home, Elm and Austin streets, about 10 o'clock last night following an illness of several months.

Funeral services were conducted by Dr. Morony, pastor of the Sweetwater Baptist church, at 3 o'clock Tuesday afternoon, following services in the church, the body was turned over to members of the Masonic fraternity, who conducted appropriate services at the old Ranger cemetery. Prior to his death, Mr. Outlaw had been a Mason for many years, and was a very active member. He was at one time worshipful master of the local lodge.

Pall bearers were J. V. Oillingham, C. E. May, Hayden Neal, James Davenport, John M. Gohsion and Lee Walker.

Mr. Outlaw was converted at an early age and united with the Baptist church, of which he was a member at the time of his death.

He is survived by his wife and several children. They are: E. W. and Rex C. Outlaw of Ranger, G. W. Jr. and M. C. Outlaw, Sweetwater, Mrs. G. W. Cunningham, Cross Plains, Mrs. P. C. Long and Mrs. R. C. Stroud of Ranger, Was Real Pioneer.

Mr. Outlaw was born March 21, 1846 in Mississippi and came to Texas in pioneer times. In 1872 he engaged in the cattle business around Fort Griffin and further west. He lived near Breckenridge for many years, before Stephens county was organized and later served two terms as district clerk.

He was married in September 1875 to Miss Fannie Scott and settled near Caddo, where the family home was maintained for many years, eight children being born, of whom seven survive. In 1906 Mr. Outlaw moved to Ranger, and with the exception of a few years spent in Sweetwater, has resided here continuously since.

FIRE AT BANGS.

By The United Press.

BROWNWOOD, Jan. 10.—Fire at Bangs, breaking out at 2 o'clock Tuesday caused damage estimated at \$27,850, besides about \$10,000 loss being caused by moving goods and wares out of stores. It is believed the fire originated by throwing cigarette stubs in waste paper by employes in a local tailor shop while working at a late hour.

BANK RE-ELECTS

Texas Bank & Trust Company Holds Annual Stockholders Meeting—Declares Dividend.

The annual meeting of the stockholders of the Texas Bank and Trust Co. was held Tuesday afternoon at the bank.

The following officers and directors were re-elected: G. E. Bradford, president, R. A. Ragland, vice-president, T. L. Hughes, vice-president, G. W. Willis, cashier, E. B. Hull and J. N. Dulaney, assistant cashiers, which with J. R. Headrick also comprises the Board of Directors.

The semi-annual dividend of five per cent was also declared, according to G. E. Bradford, this is the 21st dividend this bank has declared since its organization in 1912, having paid \$105,000 in dividends during that period in addition to accumulating a reserve fund of \$100,000 which is equal to the capital stock.

Four of the directors, viz. Bradford, Willis, Ragland and Hughes, have been with the bank ever since it was organized with R. A. Ragland holding the office of Vice-president the entire period.

CONTRACT IS LET.

Special to The Reporter.

BRADY, Jan. 10.—A contract was awarded January 9 for the erection of a new Brady Hotel costing approximately \$50,000. It is to be of ornamental brick and three stories high, with 54 rooms, 28 with connecting baths. The hotel will be modern in every detail.

LOVE CASTS OUT FEAR.
There is no fear in love; but perfect love casteth out fear; because fear hath torment. He that feareth is not made perfect in love.—1 John 4:18

OKLAHOMA
And the governor of Oklahoma went into office with a great big splash. Ex-Governor Robertson, is going out of office but not out of the lime light.

PLANT TREES.
A recent visitor to Edinburg referred to that city as being like a big park. Edinburg has several hundred years the start of Sweetwater in that respect. But a start has to be made somewhere. And right now is the time to plant trees, shrubbery, other items for beauty as well as use. That trees enhance a person's property many times their original price is not denied by anyone who has them. Fruit trees are a source of satisfying income. The variety of fruit trees that will grow here is surprising to those who do not already know the possibilities.

Incidentally now is a good time to trim up one's trees, if one has already started to grow them. And they should be watered. Winter is when most of the rootgrowth is attained and a healthy growth of roots will help the tree get over the summer. Incidentally the tree should be boxed in at the roots or the placed so that the water can reach the roots properly. Water applied to the surface of the ground has a tendency to bring the roots to the surface after the water, and the surface of the ground is a poor place for the roots of a tree.

OPEN MIND COLUMN.

Editor of The Reporter:—In my last article, I said I would give a plan for building roads cheap, compared to other more costly methods.
When a bond issue of, say \$50,000 is issued, the first thing to do is for the County Commissioners to advertise for leases on all gravel pits in Nolan County, that are suitable for road building, and pay from 10 to 15 cents per cubic yard to the owners of said gravel pits; said leases to run for not less than ten years. One acre of gravel, 6 feet deep, will yield 10,000 yards, worth from \$1,000 to \$1,500 per acre to the owners. Some men would donate their gravel free, but that would not be right, as they would be paying more than their share of road taxes.
Each Commissioner should see about these gravel pits in his district. Next, the Commissioners should employ a general superintendent to keep things moving. The superintendent should know how to handle men and tools—just a plain business man.
The next thing on the docket would be to buy 100 Ford one-ton trucks with dump beds, which would cost \$50,000. These would haul about 16 loads a day on an average, providing the gravel is

not more than 4 miles from delivery point. Of course, some of the gravel will be very close.
One yard of gravel will cover a road 16 feet wide, and 10 inches deep in the center, and 5 inches thick on either side. This is for a No. 2 Road 1,760 yards per mile. One hundred trucks haul 1,600 yards of gravel per day. One hundred truck drivers, hired by the month, would cost \$65 per month each, or \$78,000 per year.

The next thing would be portable steam shovels, mounted on wheels so they could be moved a need be. These shovels would load the trucks much faster and cheaper than any other method. Then there should be a revolving horizontal gravel screens to grade the gravel; a crew of men to blast and plow up the gravel for the steam shovels. Also a gang of men to smooth the road bed down as the gravel is delivered.

Of course there are a lot of little details that would have to be worked out as things progressed.
After the first year, there would be no cost for machinery. The Commissioners could start in on half of this outfit, and add to it as needed.

Where the roads haven't been graded, the gravel ought to be put on one side, on one half of the road bed, this would be convenient for the road travel and save the gravel from a lot of traffic.

In my next letter, I will tell how to keep up the roads, and show the benefits to the people of Nolan County.
H. L. OWENS.

S. M. O. S. CLUB
The last meeting of the S. M. O. S. Club was held at the home of Miss Grace Adams, Wednesday. The president, Miss McClure, presided over the meeting. This was the first meeting of the club since the holidays and there was much business to attend to. Three new members were received into the club. The new members were Misses Bernice Nolen, Ometia Russell and Opal Polk. Miss Adams served delicious sandwiches, fruit salad, and hot chocolate.

The attendance of the club at this meeting was one hundred per cent. The members present were: Misses Agnes Alexander, Edith Bradford, Eva Berman, Jettie Penn, Lila Cox, Henry Lee Stanford, Lois Watson, Evelyn Lobman, Grace Adams, May Tilley, Modelle Hardy, Bertha McClure, Imogene McBurnett, Mable Stroman and the three new members.
The next meeting will be held Tuesday with Miss Bertha McClure as assistant hostess.

TACKY PARTY
Wednesday evening Miss Evelyn Lobman entertained some of her girl friends with a tacky party in honor of her birthday. The girls all came dressed in tacky costumes. When all the guests were assembled the hostess announced her intention of giving a prize to the two "tackiest". The prizes were unanimously voted first to Miss May Tilley, a huge stick of candy and a second to Miss Lila Cox, an all-day sucker. Music was furnished the guests by Misses Eva Berman and Maurine Whorton. Games and joke telling were enjoyed throughout the evening. About 9:30 the hostess, assisted by her mother, served a delightful lighted candle salad and pecan cake.

After refreshments were served the hostess played "Santa Claus" to her guests and delivered each a Christmas gift. Miss Lehman received many beautiful gifts.
Those present were: Misses Bertha McClure, Agnes Alexander, Maurine Whorton, May Tilley, Lois Watson, Lila Cox, Edith Bradford, Bernice Nolen, Mary Pence, Eva Berman and Ruth Lobman.

FAST MAIL

There can be no doubt about the entertainment value of "The Fast Mail", the William Fox melodrama which is to be shown at the Jucos Theatre Thursday. It is action plus and contains enough thrills to satisfy even the most critical movie fan.

"The Fast Mail", which was produced from Lincoln J. Carter's sensational railroad melodrama, is even better than the original play which ran for twenty-two seasons. All the thrills that delighted the popular love for exciting melodrama are shown on the screen with the realism which could not be attempted on the stage.
There is not a dull moment in the entire film. Climax follows climax and thrill mounts on thrill during the course of this cyclonic melodrama. "The Fast Mail" crowded the famous Strand Theatre in New York City for an entire week and proved that good, strong melodrama is just as popular with the present generation as it was with the theatre goers of other days.
The story starts at the historic Dixie Land Steepchase and there pictures some of the fastest dare-devil riding ever shown on the screen. The hero is fouled during the running of the girl he loved. Crooked gamblers who had fixed the race, so they would win the money.

During an argument over division of the stake, one of the gamblers is shot and the other decoys the heroine into an automobile. The hero follows and the most exciting pursuit ever screened follows. The picture is a real, hair-raising thriller and in the words of William Fox, its producer, is an "honest melodrama".

TO STAMP OUT TYPHOID

Kansas Makes Ruling Against "Carriers of Disease."
By The United Press.

TOPEKA, Kans., Jan. 10.—The state of Kansas has been placed under a set of rigid regulations in dealing with typhoid and diphtheria by the state board of health.

No person who has just had diphtheria will be released from quarantine until two negative cultures have been taken at intervals of 48 hours, under the new ruling. The old decision provided that the cultures could be taken at intervals of 24 hours.

However, even though a person may successfully pass the culture test, he must have been under quarantine two weeks before being released.

"Typhoid would be a disease only in history, if supervision of carriers of the germ could be maintained," said Dr. S. J. Combine, secretary.

PRIZES AT ART INSTITUTE

Cash Premiums Of K. C. Art Meet Total over \$600.

KANSAS CITY, Mo., Jan. 10.—Cash prizes of more than \$600 and a number of gold, silver and bronze medals will be offered during the Kansas City Art Institute next month. The exhibit should be the largest in the history of the city, H. H. Kurtzworth, director said.

Prizes will be offered for the following: Highest purchase award \$250; sculpture \$75; graphic arts \$75; water color \$50; best painting by Kansas City artist \$50; and decorative arts \$50. The first three in each class will receive a medal.

MORE COTTON IN MISSOURI
JEFFERSON CITY, Mo., Jan. 10.—The 1922 Missouri cotton crop, picked from 198,000 acres, the largest area ever planted to cotton in the state, produced 149,000 bales, according to the Federal-State Crop Reporting Service.

BIDS FOR ARKANSAS ROADS

More Than 50 Miles Advertised—Contracts Let Soon.

RUSSELLVILLE, Ark., Jan. 10.—Bids for the construction of 50 miles of highway in Arkansas have been advertised for by Commissioners of Road Improvement, District No. 2, of Pope County.

The proposed road will become a connecting link in the Arkansas cut-off of the Jefferson highway, extending north from Russellville via Dover to an intersection of the government road, through the Ozark national forest. This latter road continued north via Jasper to Harrison, and connects with the Jefferson highway, main line, at Joplin, Missouri.

WEST TEXAS NOTES.

Rotan Drug Store Sells.—A deal was made Wednesday whereby the Foy Drug Store passes to Bob Williams and associate of Hamlin, the change taking effect immediately, we understand.

Mr. Foy has been a resident of Rotan since the beginning of the town and has had a splendid drug business. It is not expected that he and his family will move away, but he will likely engage in some other line of business in a short time.

Mr. Williams was in Rotan for some time until about a year ago, when he and O. C. Newsome purchased a drug store at Hamlin. We understand Mr. Newsome is buying Mr. Williams' interest in the business at Hamlin.—Rotan Advance.

Kill Eighteen Buffaloes.—Practically \$100 was realized from the hides and heads alone of eighteen buffaloes that were butchered on the famous Goodnight buffalo ranch by the owner W. J. McAllister last Friday. Mr. McAllister had sold the animals to a number of Texas and Oklahoma butchers and killed and dressed them at the ranch. He received thirty-five cents per pound dressed for the meat.

Mr. McAllister's herd at this time consists of 226 head of grown buffaloes and some fifty calves.—He also has a number of "catties".—The Clarion News.

Ducks and Geese Destroying Crop.—J. W. Phillips who resides about six miles northwest of Big Spring states that wild ducks by the million have been making their feeding grounds in his section at night during the past week or two. These birds as well as many wild geese come from the lakes along Sulphur Draw to a field on Lem Stallings farm where the

maize crop has not been harvested. Starting shortly after sundown there is a constant stream of ducks and geese headed for this field where they feed until near sun rise when they return to the lakes.

Mr. Phillips states that the noise made by the flapping of the wings of this great number of ducks and geese from sundown until 9 o'clock p. m. and after resembles the noise of an approaching storm.—Big Spring Herald.

W. C. Calvert, county agent, is on the sick list this week. A walk's outline of terrace work in various communities had to be postponed on this account.

Oldest Lawmakers Visit President

Here are shown the oldest members of each party in the present Congress visiting President Harding. They are, left to right, famous "Joe" Cannon, the oldest Republican, and his less well-known friend, Congressman Charles M. Stedman of N. Carolina, the oldest Democrat.

MOVIE FOR HIGH SCHOOL

By The United Press.
WICHITA FALLS, Texas, Jan. 10.—A motion picture machine has been installed in the Fairview High school and the old-time way of teaching has been abandoned, according to W. T. White, superintendent.
A regular program, a part of the educational program, will be shown in two to four reels each week.

Rub Rheumatism or Sore, Aching Joints

Rub Pain right out with small trial bottle of old "St. Jacobs Oil."

Rheumatism is "pain" only. Not one case in fifty requires internal treatment. Stop drugging. Rub soothing, penetrating "St. Jacobs Oil" right into your sore, stiff, aching joints and muscles, and relief comes instantly. "St. Jacobs Oil" is a harmless rheumatism liniment which never despoils and cannot burn the skin. Limber up! Out complaining! Get a small trial bottle of old, honest "St. Jacobs Oil" at any drug store, and in just a moment you'll be free from rheumatic pain, soreness, stiffness and swelling. Don't suffer! Relief awaits you. "St. Jacobs Oil" has relieved thousands of rheumatism sufferers in the last half century, and is just as good for sciatica, neuralgia, lumbago, backache, sprains.

DRIVE AGAINST WOLVES

Rabbits Also Under Ban Of Cooke County Hunters.
GAINESVILLE, Jan. 10.—For the first time in years a drive has been launched here for the purpose of ridding Cooke county of wolves and rabbits.

The drive is being held under the auspices of the Farm Labor Union. Dozens of hunters under the supervision of a number of corporals have started in search of the animals. Rabbits of the "jack" variety are especially desired.

CHRISTMAS BUSINESS WAS GOOD

—all we could do for six weeks before Christmas, but we noticed that the Babies were overlooked in most cases. Baby says: "I resolve to grow and it's only in a Photograph that you can keep me as I am to-day."

Daily—Weekly—Sunday

MUST VACCINATE DOGS

Beaumont Plans Anti-Rabies Campaign For Year.

BEAUMONT, Jan. 10.—The first hydropophobia-proof city in the United States, is the slogan of George J. Hoark, city manager here.

A city thoroughly immune to an epidemic of rabies, through compulsory anti-vaccine treatment of all dogs is the goal he is striving to attain.

His plan is embodied in a proposed city ordinance which has found favor with many city officials. It provides that all dogs, to be permitted to run at large through the streets, must wear a tag showing they have been treated with the "shot" of anti-rabies serum. At the same time owners must have papers to back up the tags. These are to be issued by the city veterinarian or vet.

Dogs without tags will be subject to the wire snare of the dog catcher and will be held for five days after which time if they remain unclaimed, they will be killed by the city's painless hypodermic method.

A RECORD SIDE-STEPPER.

By The United Press.
MCALISTER, Okla., Jan. 10.—Scheduled to be electrocuted eight different times, and each time getting a reprieve, is the record of William H. Tait, in the state penitentiary here. Tait was convicted and sentenced to death for the murder of Russell Sprague, Lawton, Okla., taxicab driver. Tait is wanted to testify for the trial of Cleo Gobin, in connection with the murder of Sprague, resulting in his execution being stayed from time to time. Tait and Gobin are alleged to have hired Sprague to take them for a ride. Sprague was invited to play a card game and was struck down from behind, the state contended. The body was found in a nearby creek. Tait and Gobin were arrested in Texas, in connection with the murder.

TAXES BY BIBLE RULE

By The United Press.
TOPEKA, Kans., Jan. 10.—Governmental taxation by Bible rules.

Governor-elect Jonathan M. Davis attempted to bring this about in Kansas, he announced.

"Kansas must return to the tithing rate of six per cent before the state is prosperous," he declared. "When more than one-tenth of the state's income goes for taxation the ratio is too high. This year it is running nearly thirty three percent."

CANDLES FROM PALESTINE

By The United Press.
COLUMBIA, Mo., Jan. 10.—Friends of Rev. G. D. Edwards, dean of the Bible College, were recipients of Christ mas candles from Palestine, which Dean Edwards sent to Rev. Walter Gibson acting Dean of the Bible College. The candles were 18 inches in length and bear decorations in crimson and green colors.

A SHEEPISH BLUNDER

Will Irwin, Famous Writer, Gave His Sheep Too Many Teeth.

By The United Press.
ARDMORE, Okla., Jan. 10.—Will Irwin, famous magazine writer, made a "sheepish" blunder in one of his late novels. Will realizes this and was forced to acknowledge it to Kirby Fitzpatrick, Ardmore attorney.

In this specific tale, Irwin sent his cows to graze where the tall grass grew, but the sheep were sent to feast on the timberline clover, "because they had two sets of teeth."

Fitzpatrick called Irwin on the point. He being at one time a rancher, knew sheep did not have upper teeth as the author credited them with.

"You have me. It was a bad break. Somewhere in my cowpunching days I got the notion that the reason sheep possessed two sets of teeth, I have been punished however. I am now spending all my spare time writing answers to indignant farmers.

"I hope you will not think I am entirely a liar," the maker of fiction apologized.

STEAL \$10,000.

HINTON, Ok., Jan. 10.—Three bandits held up the First National Bank of Hinton Tuesday, locked three persons in the bank vault and escaped in a motor car with approximately \$10,000 in currency and bonds.

Don't let a BIG CAN or a very low price mislead you.

Experimenting with an uncertain brand is expensive — because it Wastes time and money.

The sales of Calumet are over 150% greater than that of any other baking powder.

THE WORLD'S GREATEST BAKING POWDER

HERO TO CELEBRATION

Oklahoma Individual War Hero To Oklahoma City.

By The United Press.
OKLAHOMA CITY, Jan. 10.—Joseph Oklahombi, said to be Oklahoma's greatest world war hero, deserted his wigwag in the heart of McCurtain county's pine woods to take part in Governor Jack's barbecue and inaugural fiesta.

Oklahombi bears the distinction of having received a special citation for bravery while serving in the 141st Infantry in France. The distinction appearing by General Pershing was recorded by the state historical society as:

Stormed and held positions contain-

ing more than fifty machine guns. Turned guns on enemy and held the position four days under a constant barrage of projectiles and gas shells. Captured 171 prisoners single-handed.

"BABY BANDITS" ON RAMPAGE.

By The United Press.
OKLAHOMA CITY, Jan. 10.—An organized gang of "baby bandits" is believed to be operating in and around Oklahoma City, according to local police officers.

Victims in recently reported hold-ups declared they were compelled to "stick 'em up and shell out" by bandits appearing between the ages of 13 to 20.

W. C. Mabry reported he was held up at the point of guns by three unmasked boys, who were not more than

RED PEPPER FOR RHEUMATIC PAIN

Red Pepper Rub takes the "ouch" from sore, stiff, aching joints. It cannot hurt you, and it certainly stops that old rheumatism torture at once. When you are suffering so you can hardly get around, just try Red Pepper Rub and you will have the quickest relief known. Nothing has such concentrated, penetrating heat as red peppers. Just as soon as you apply Red Pepper Rub you will feel the tingling heat. In three minutes it warms the sore spot through and through. Pain and soreness are gone. Ask any good druggist for a jar of Rowles Red Pepper Rub. Be sure to get the genuine, with the name Rowles on each package.

18 years old. "They were cool and worked like old-timers," Mabry asserted. Two of the lads held guns on him while the third searched him, he said. Dr. C. E. Barker reported he was held up and severely beaten by a gang of boys. A number of youths also robbed a messenger boy of \$20, according to police reports. Recent burglaries in-

Salts Fine for Aching Kidneys

Eating too much meat may clog the kidneys, then the back hurts.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness, and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days, and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also helps neutralize the acids in the urine so it no longer irritates, thus helping to relieve bladder disorders.

Jad Salts is harmless, inexpensive; makes a delightful effervescent lithia water drink which everybody should take now and then to help keep their kidneys clean. A well-known local druggist says he sells lots of Jad Salts to folks who give in trying to correct kidney trouble while it is only trouble.

icated the "young bandits" were responsible, according to police. The "gang" is headed by a young man with "old ideas" police believe.

TO USE VAGRANCY CHARGE.
WICHITA, Kan., Jan. 10.—Dope users will have to be prosecuted under vagrancy laws in Kansas, as the district court has declared the Kansas Anti-Narcotic law unconstitutional. This is the opinion of Police Judge C. H. Davis.

All narcotic addicts are vagrants and by charging them with vagrancy, a sentence can be made to stick, instead of being reversed when carried to a higher court, according to Davis.

ASK MORE APPROPRIATIONS.
LITTLE ROCK, Ark., Jan. 10.—Arkansas departments of state and state institutions want more money for the biennial period 1923-24 than the state comptroller expects to take in. Already the department and institu-

tional requests total more than \$8,390,000, while Van B. Sims, state comptroller, estimated state receipts for all funds to be a total of only \$7,250,000.

ANNOUNCEMENTS

The following announce their candidacies for City Office, subject to the action of the charter of the City of Sweetwater at the City Election, April 3, 1923:

Big Eaters Get Kidney Trouble

Take Salts at first sign of Bladder irritation or Backache.

The American men and women must guard constantly against kidney trouble, because we eat often too much red meat and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out; they weaken from overwork, become sluggish, the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment, or you are obliged to seek relief two or three times during the night; if you suffer with sick headache, or dizzy, nervous spells, acid stomach, or if you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus often ending bladder disorders.

Jad Salts is inexpensive; can not injure, makes a delightful effervescent lithia water beverage and belongs in every home, because anybody can make a mistake by having a good kidney flushing any time.
