SWEETWATER, TEXAS, SUNDAY JUNE 17, 1923.

NUMBER 17.

FIGHT TO RETAIN RATE STRUCTURE

West Texas Chamber of Commerce Board of Directors in Meetings Here Saturday To File Suit.

PLEA MADE FOR THE ORIENT

Dates for Convention at Brownwood Fixed For May 13, 14, 15, 1923—Were Guests of Board.

Fixing the dates for the next annual convention of the West Texas Chamber of Commerce in Brownwood, May thirteen, fourteen, and fifteen, active opposition to any disturbance of the status quo in the common point freight rate situation, and insistence that tax inequalities over various portions of the state be remedied were a few of the features of the meeting of the Executive Board of the West Texas Chamber of Commerce here Saturday.

At the close of the meetings, the following telegram was sent to the Secretary of the Interstate Commerce Commission at Washington:

Directors of this organization with 6,000 paid members representing one million people in West Texas viewing with alarm the Orient railway situation, earnestly begs that every consideration be shown that railroad at Washington in the present conference and that under all circumstances the bridges be repaired and road kept in operation.

WEST TEXAS CHAMBER OF COMMERCE

Rufus Wright, president of the Sweetwater Board of City Development and a director in the organization, presided at the luncheon tendered the visitors at the Hotel Wright there were brief responses by President A. B. Spencer, Secretary Porter A. Whaley, A. B. Browning formerly of Pecos now of the Federal Intermediate Credit Bank of Houston, and who briefly described the workings of the newest of Uncle Sam's institutions, Dr. P. C. Coleman of Colorado, O. J. Binyon of El Paso, Mayor Joe H. Boothe of Sweetwater and Representative R. M. Chitwood.

The luncheon was one of the most enjoyable ever held at the Hotel Wright and the cuisine was indeed excellent. Miss Ruby Hemby sang "The Rosary" and then "Mighty Lak A Rose" both by Nevin. Recalled a second time by insistent encores, she sang "My Laddie," by Thayer. With Miss Lucy Cutbirth playing a violin obligato and Miss Micky Cutbirth at the piano there was an ensemble of rare beauty presented that was very much appreciated.

At the afternoon session, F. W. Greber and Wright Armstrong of Brownwood, who suggested the dates, also intimated that Brownwood might have a hundred thousand dollar municipal auditorium in which to house the convention.

Enter Rate Fight.

The report of the Traffic Committee was read by Porter Whaley, secretary, and adopted. It recommended that the West Texas Chamber of Commerce at once intervene in the suit in the freight rate case now pending before the Interstate Commerce Commission in order to maintain Texas common point territory at its present boundary, and also that active steps be taken to secure for West Texas any freight rate benefits secured by Fort Worth or Dallas.

Stuart Williams of Ballinger reported for the Technological Committee, which commended the action of Governor Neff and the 38th Legislature in establishing the college and in resisting all attempts to reduce the appropriation for it.

Carl S. Guin of Ballinger for the Irrigation Committee, which commended the efforts of the State Water Conservation Association in securing legislation for the conservation of flood waters, and eulogized the memory of the late Lee J. Rountree for his efforts along this line.

A strong resolution for the equalization of state taxes and urging stricter laws for the collection of delinquent taxes was embodied in the report read by Hardy Grisom of Haskell, and adopted by the Board. Two other suggestions of this committee asking for closer relationship with Mexico and

FORD OVERTURNS.

Misses Janie and Lee McReynolds Injured; Children Unhurt.

The Misses Janie and Lee McReynolds were severely bruised and possibly seriously injured when the Ford in which they were riding overturned at a curve in the Abilene pike about four miles east of town Saturday.

Two small children riding in the car escaped unhurt, Dr. Scott was called from Sweetwater.

MUCH BUILDING IN SWEETWATER

Many Fine Buildings Are Nearing Completion And Others Are Being Started.

HAVE LARGE BAPTIST CHURCH

Building Program For City Includes Churches, Warehouses And School Structures.

The extensive building program is still on in Sweetwater, with several buildings nearing completion and others just being started. The work of tearing down the old Masonic building on the west side of the square is going on and work on the new building of the Texas Bank and Trust Co will start when the old building is wrecked and cleared away. The basement for the new building was started some days ago, it is to have a foundation for a seven-story structure.

The large brick warehouse of the Burton-Lingo Lumber Company is nearing completion and will probably be ready for use by July 1st. This warehouse is located near the Texas & Pacific railroad tracks and will be used for the storing of the wholesale materials of the company. The cost of the building will be about \$10,000. The excavation work on the site for the Baptist church will probably be completed within a week, and the cement construction work will then be started. The concrete work will probably be finished in a month.

Orders have already been placed for large quantities of material. Cement will be bought by the car-load lots and ten cars of brick will be used in the construction work. An order has also been placed for the structural steel girders.

When finished, this building will be eighty-six by ninety-two feet and three stories high. It will be a church building of rare beauty and appointment and equal to any in this part of the state.

It is expected to be completed by November. The corner store will be laid some time this summer with appropriate ceremony.

The exterior work on the Church of Christ is completed and work in the interior is going on. This building is of blue brick and is a handsome addition to the churches of the town.

The Lamar street Baptist church has just completed an over-hauling, remodeling and painting.

Work on the new East Ward School building is going along nicely, and the additions to the other Ward schools is fast nearing completion.

A Baptist church of Mexicans will probably be built in the near future, it is reported.

FLOOD WATERS UP

Three-Foot Raise At Arkansas City Inundates Several Sections, Forcing Tenants to Flee.

ARKANSAS CITY, Kan., June 16.—A three-foot raise reached this city in the Arkansas River and several sections of land were inundated. A rain of two and one half inches augmented the waters from the north. Many had reclaimed their homes, but rushed out again this morning when the rising waters began to surround them.

A number of people are using the school house as a temporary housing. Relief workers have tents and food supplies on hand.

Miss Francis Fitzgerald enter tained a party of friends last Wednesday.

CENSUS OF CITIES SHOWS INCREASE SAYS CHITWOOD

The Eight Leading Cities in Population in 1920 Have Outgrown Their Rivals.

ON RATE OF '10 TO '20 GROWTH

Two Are Forced Out of the Fifty-Largest Cities Class By Smaller Cities of U. S.

WASHINGTON, June 16.—Through normal increase in population, eight of the largest cities of the country in 1920 have outgrown their rivals since that time, and two others have been forced out of the fifty-largest cities class by smaller cities which have outstripped them.

Estimates of population for July 1, 1923 have been made by most of the larger cities by the Census Bureau, which bases its figures for this year on the same rate of growth as prevailed during the ten years from 1910 to 1920.

New York is shown to be approaching closely the 6,000,000 mark. Chicago is not far from the 3,000,000 mark. Philadelphia is nearing the 2,000,000 mark, and Detroit has almost 1,000,000 people. There have been no changes in the rank of the first six largest cities.

Baltimore has gone ahead of Boston, and now ranks as 7th largest city of the country.

Los Angeles has passed Pittsburgh and taken 9th place.

The July 1, 1923 estimates follow:

- New York, 5,927,925.
- Chicago, 2,886,121.
- Philadelphia, 1,922,788.
- Detroit, 995,688.
- Cleveland, 888,519.
- St. Louis, 803,352.
- Baltimore, 773,850.
- Boston, 770,400.
- Los Angeles, 666,853.
- Pittsburgh, 613,442.
- San Francisco, 539,058.
- Buffalo, 536,718.
- Milwaukee, 484,595.
- Newark, 438,699.
- Minneapolis, 406,125.
- Cincinnati, 406,212.
- New Orleans, 404,575.
- Kansas City, Mo., 351,819.
- Indianapolis, 340,883.
- Jersey City, 309,034.
- Rochester, 317,367.
- Portland, Ore., 273,621.
- Denver, 272,031.
- Toledo, 268,328.
- Columbus, Ohio, 261,022.
- Providence, 242,378.
- Louisville, 257,671.
- St. Paul, 241,891.
- Oakland, 240,086.

In the list of Texas cities given, Dallas passed New Haven and Memphis and now holds the 39th place.

The Texas cities listed are as follows:

- San Antonio, 184,727.
- Dallas, 177,274.
- Houston, 154,970.
- Fort Worth, 143,821.

REJECT NEW PLAN

Proposed Settlement Submitted By Bridgeport Coal Company Receives Unfavorable Reply.

DALLAS, June 16.—The union miners of the Bridgeport Coal Company have rejected the new offer of the company, according to a letter received at the union headquarters today.

The offer reduced the wages of the miners \$2.50 per day and included a clause ordering the miners now living in the company's houses to either vacate or go back to work at the new terms.

H. A. Tousey, who has been spending several months in Sweetwater will leave Sunday morning for Louisiana where he was called by the illness of his father. Before coming to West Texas, Mr. Tousey was buyer for a large chain of mercantile stores and he states it is his intention to return in the fall with his family and make West Texas his home.

DEFICIT IS LARGE SAYS CHITWOOD

His Estimate Is Lower Than Most, However—Representative Returns to Sweetwater Saturday Morning.

SWEETWATER HAS GOOD CHANCE

Says General Opinion of State is That Tech College Will Be Located At Sweetwater—No cinch.

"The Thirty-Eighth Legislature was the most liberal in its provision for the public schools of the state of any in history," declared Honorable R. M. Chitwood, on his return to his home at Sweetwater Saturday.

Representative Chitwood was one of the authors of the bill creating the Texas Technological College and in his opinion the passage of that bill was the outstanding feature in constructive legislation of the current session of the legislature.

During the third called session when four million dollars was pruned from the appropriations, adequate provision could not be made for the growth of State University, A. & M. College, College Industrial Arts nor the state normals. Neither could anything be done to remove the more than four hundred insane now being housed in county jails due to the overcrowded conditions of state insane asylums, he said.

The state deficit will not amount to more than two million dollars, Representative Chitwood stated, and may be less—it being impossible to figure the amount of income from the inheritance tax and other tax measures.

A general shrinkage in the tax rolls of the state, very noticeable this year may be overcome in the rolls to be made up from assessments now being made and submitted to the state in October.

Representative Chitwood would make no announcement concerning his political plans for the future, but his friends are urging him to make the race for the Senate, to succeed Joe Burkett, or for Congress to succeed Thomas L. Blanton.

Asked concerning Sweetwater's chances for the Tech College, Mr. Chitwood said for Sweetwater to have as much faith in itself as the rest of the state has in it.

"Everybody is expecting the college to be located in Sweetwater. All over the state that opinion is general. But it must be remembered that there are 37 towns after the college and no one town has it cinched.

"If the citizens of this town will keep on plugging away, and follow the advice of the local Tech Committee, we stand a very good chance of getting it," Hon. Chitwood said.

BIG DEFICIT.

AUSTIN, June 16.—Compilation of figures today showed an estimated deficit in the state treasury at the end of the next biennium of \$3,600,492.

According to the figures, the estimated revenues will amount to \$34,537,403. From this there will be deducted \$3,297,446 for the General Deficiency bill.

The total appropriations from the general fund are \$36,412,451, leaving a deficiency of \$5,155,492. Income from the inheritance tax and the payment of delinquent state taxes are expected to reduce the deficit to the first figure named.

GOVERNOR SIGNS.

AUSTIN, June 16.—Governor Neff today signed five general bills, the most important of which was the one providing for a 1 cent tax on gasoline to be paid by the wholesaler and which goes into effect immediately. Other bills of a local nature were also signed today.

KILLED IN FALL.

DALLAS, June 16.—A live wire is believed to be indirectly responsible for the death of Millard McLemore, 54 years of age, builder-contractor, who fell 40 feet from the walls of a building here today.

It is thought that contact with a live wire caused his fall.

FOUND GUILTY.

J. W. Adams, 78. Convicted of Second Degree Murder.

By The United Press. TEXARKANA, June 16.—J. W. Adams, aged 78 years old, was convicted of second degree murder in the circuit court for the killing of J. Colum a tenant of his farm.

Colum was playing with a rifle when the shooting occurred. Adams claimed self-defense.

TO SAVE UNBORN BABIES BY STATE

Judge Lindsey of Denver Says New State Law Will Save Many Unborn Babies Every Year.

TO AID THE UNWED MOTHERS

Colorado's Latest Legal Experiment Would Prevent the Murder of Millions of Children in The U. S.

By The United Press.

DENVER, Colo., June 16.—"Millions of unborn babes are murdered in the United States every year," declared Judge Ben B. Lindsey of the Denver Juvenile Court today in commenting on Colorado's pioneer legislation to aid unwed mothers and for the protection of infants.

"Millions of babies would be saved from abortion and mothers would be saved in many cases from the condemnation of society if Colorado's law were adopted by all states," the judge continued.

Colorado children born out of wedlock will be adopted and cared for by the state under Colorado's latest experiment, which goes into effect Monday.

The new law is an antidote for society's own poison by providing for unmarried mothers for six months before birth and for a period of not exceeding six months after birth on application to the juvenile court, said the judge, adding that no child should be permitted to suffer on account of the ignorance or poverty of its parents and that the state was under obligation to the child in every case where needed.

HAVE TWO PLANS

Baldwin Government of Great Britain Evolves Means of Getting Down to "Brass Tacks" On Reparations.

By The United Press.

WASHINGTON, June 16.—The Baldwin government of Great Britain is reported on good authority to have evolved two plans for the bringing of the reparation question down to "brass tacks."

One of these contemplates the inclusion of the United States direct with the other governments. The other plan does not include the United States.

The plans are for an international conference including all nations of importance in the war and also other governments that are economically involved.

MICHIGAN WINS

Leland Stanford Second And Iowa And John Hopkins Tieg for Third In The National Collegiate Meet.

By The United Press.

CHICAGO, June 16.—The University of Michigan today won a decisive victory in the national collegiate athletic meet here today with the high score of 30.2.

Leland Stanford was second with 14 points and Iowa and John Hopkins tied for third with 14.5 points each.

Penn State, the hope of the east, was fourth with 13.5 points.

A new world record was established for the 220-yard low hurdles with a mark of 23.9 seconds and six records were broken.

There were 62 American colleges participating with 316 athletes contesting to make history in the track and field annals of the country.

FARMS OF NOLAN VERY PRODUCTIVE

"Jolly" Answers Letter From Trent, Saying "Cotton is Only Successful Crop For West Texas."

"RAISE EVERYTHING ON DIVIDE"

Numerous Instances Cited Where Different Crops Successfully Raised On Nolan County Soil.

Wow!

Read this answer to the man from Trent about farming in Nolan County:

"Nolan, Texas, June 16, 1923. Editor Reporter: I did not intend to appear in the columns of The Reporter again, but having just read the mental convolutions of the Trent 'Cotton Planter,' there are three statements he makes I cannot allow to go unchallenged.

"First—I will notice his statement about life insurance. Life insurance is a plan of saving, and a plan for providing against sickness and death leaving the family unprovided for. The Good Book says: 'He that refused to provide for his household has denied the faith, and is worse than an infidel.'"

"His reference to the National Farm Loan Bank reveals his lack of information, and brands him as an unsafe counsellor lacking information and good judgment. There are thousands of farmers paying for homes with the assistance of that bank who otherwise would remain homeless always.

"His statement that nothing could be raised in this country but red maize and cotton, is so misleading and erroneous that a statement of the true conditions prevailing would reveal the startling extent of his lack of information.

"I have lived on the Divide for a long time. I will not say how long.

(Continued On Page Four.)

KILL EX-PREMIER

"You Betray Me Just as Judas Betrayed Jesus," Were the Words Of Stamboulsky.

By The United Press.

WASHINGTON, June 16.—The State Department received official confirmation from the American Legation in Sofia of the death of the former premier, Stamboulsky.

By The United Press.

LONDON, June 16.—"You betray me as Judas betrayed Jesus," these were the words of the deposed premier of Bulgaria, Stamboulsky, who was forced to surrender to a force of peasants, whom he regarded as his friends, and now lays dead from the bullets fired by his fellows which riddled his body, causing instant death.

It was reported that Stamboulsky aspired to be the King of Bulgaria, and this was one of the reasons that the present monarch aided those whom the premier thought were his supporters.

CANTRELL RESIGNS.

Head of Gatesville School to Head Schools at Wichita Falls.

By The United Press.

AUSTIN, June 16.—The new superintendent for the Boys' Training School at Gatesville will be announced soon, Chairman Cowell of the State Board of Control stated today, adding that 25 applications for the position had been filed.

J. T. Cantrell has resigned as superintendent to take care of the City Schools of Wichita Falls. His resignation was effective June 1, but he has continued until his successor can be obtained.

HIS PLANE WRECKS—FLIES ON.

By The United Press.

BELLEVILLE, June 16.—Lieutenant M. Maughan, whose plane was wrecked in Missouri last night, arrived here this morning by train, and resumed his flight, using a Scott Field plane.

PULLS THE SAND.

Maxwell Driven 20,000 Miles Passed Through Sweetwater.

One of the new Maxwells passed through Sweetwater this week on its third transcontinental trip. It has been driven 20,000 miles, according to Mr. and Mrs. O. Foucher, who were enroute east from their home in California.

With the exception of realigning the front wheels and the replacement of a front spring clip, not one penny has been spent on repairs during this period and the car has averaged 20 miles to the gallon of gasoline.

The sand through the desert on this last trip was especially bad. Mr. Foucher said, but the car pulled through in high.

FOR COTTON MILLS

Sweetwater Invited To Send Delegation To Dallas

By The United Press.

DALLAS, June 16.—A statewide conference, to which delegations from 50 cities and towns in Texas have been invited, will be held in Dallas Friday, June 22, for the purpose of formulating plans for extensive textile development in Texas. It was announced by Bert C. Blanton, manager of the Industrial Department, Texas Chamber of Commerce.

Invitations were extended by Mr. Blanton to the following cities and towns in the state to send delegations and representatives to the textile conference: Marshall, Beaumont, Houston, San Antonio, Austin, Waco, Temple, San Angelo, Amarillo, Fort Worth, Corpus Christi, El Paso, Galveston, Eagle Lake, New Braunfels, Marble Falls, Cisco, Sweetwater, Plainview, Lubbock, Wichita Falls, Tyler, Longview, Orange, Sherman, McKinney, Waxahachie, Mexia, Hillsboro, Gonzales, Laredo, Abilene, Rockdale, Denison, Paris, Bonham, Texarkana, Jacksonville, Eagle Pass, Brownsville, Brady, Greenville, Terrell, Cleburne, Taylor, Breckenridge, Mineral Wells, Kaufman, Georgetown, San Marcos, and others.

INSECTS CAUSE ALARM.

Fire Department Answers Call From Baylor—Bugs Resembled Smoke.

By The United Press.

WACO, June 16.—A swarm of insects pouring from the tower of the administration building at Baylor University here at sunset one evening caused a general alarm to be turned in to the fire department.

The swarming mass of insects coming from the tower gave the appearance of smoke and an over cautious pedestrian turned in the alarm.

Traffic jams resulting from the big movement of the fire apparatus lasted for several hours and Chief Meers of the fire department who was caught in a jam was forced to abandon his car and make the call on foot.

STARKEYS TRIAL SET FOR 27TH

By The United Press.

EASTLAND, Texas, June 16.—Trial of L. A. Starkey, indicted by a grand jury on a charge of murder in connection with the killing of Elmer D. (Pet) Brown near Cisco has been set for June 27 in district court here. Brown a prominent wrestler and

road contractor was killed at his construction camp east of Cisco May 5. Starkey has been at liberty under \$7,500 bond since his indictment.

ALL A JOKE.

T. B. Wells, Son of Millionaire Makes Statement About Engagement.

By The United Press.

NEW YORK, June 16.—The report of the engagement of Peggy Morris to Thomas B. Wells, son of a Minneapolis millionaire, denied when Wells stated that it was all a joke.

He admitted being with Peggy, but said that when in a cafe a crowd was battering and what was said there was merely a joke. He stated that this is how the report got out.

OLD WALL STREET FIRM BROKE. Owned \$11,000,000 in Real Estate and Owed \$11,000,000 Debt.

By The United Press.

NEW YORK, June 16.—An announcement was made today of the failure of the firm of Knauth & Thum, brokers.

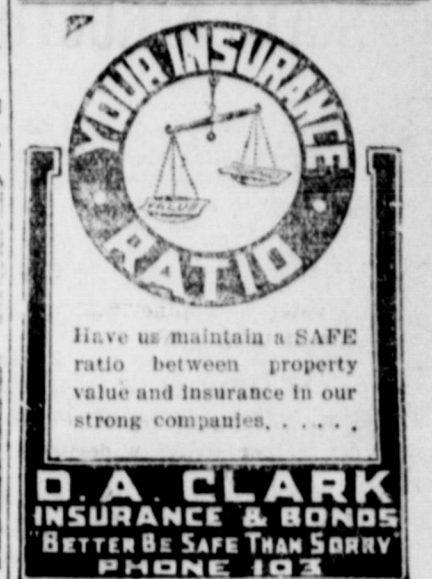

This firm has been in business for seventy years.

Other firms on the Wall Street exchange have failed, but none have appeared on the New York Exchange.

Bankruptcy proceedings were filed

in the United States district court today. The petition showed that this firm owed \$11,000,000. The petition declared that the firm's estates and holdings totaled \$11,000,000, balancing the liability.

An Opportunity to Invest

In Preferred Stock Financing The New Bonded Poultry Warehouse To Be Constructed By The Southwestern Farm Bureau Poultry Association

At a meeting of the Directors of this Association, held in Sweetwater Monday, June 11, the issuance of \$10,000 in preferred stock was authorized. The proceeds of this stock will be used for the construction of a commercial cold storage plant, in which to care for the poultry business of the Association, and such other cold storage business as may come its way.

This stock has a par value of \$10.00 per share; will earn a guaranteed annual dividend of 8 per cent, and one fifth of it will be retired each year, so that the entire outstanding stock will be taken up in five years.

The Southwestern Farm Bureau Poultry Association now has a membership of over 850 men in Tom Green, Coke, Nolan, Mitchell, Scurry, Taylor and Fisher Counties with

175,000 Hens Under A Five Year Contract

A conservative estimate of the yearly business from that number of hens is \$300,000. Poultry is not affected by drouth. This Association will have direct representation on the New York market by J. H. Barber, head of the big California Merger Co-operative Egg Producing Associations with more than one million hens under contract.

This \$10,000.00 stock issue is guaranteed by the entire membership of the Southwestern Farm Bureau Poultry Association. An assessment of less than one per cent among the members would be sufficient to retire it.

The Directors of the Association thought well enough of the project to subscribe \$1,000 of the stock at the meeting Monday.

Owing to its central location and rail facilities, Sweetwater is favored as Headquarters for Texas' first poultry pool. But the lack of cold storage facilities must be overcome. Both San Angelo and Snyder want the Headquarters of this Association—and both cities no whave the cold storage facilities. If Sweetwater retains this enterprise, then a certain amount of this preferred stock should be subscribed by Sweetwater citizens.

For Particulars, See
G. A. LACKEY,
Secretary-Manager, Sweetwater.

SOCIETY WILL MEET.

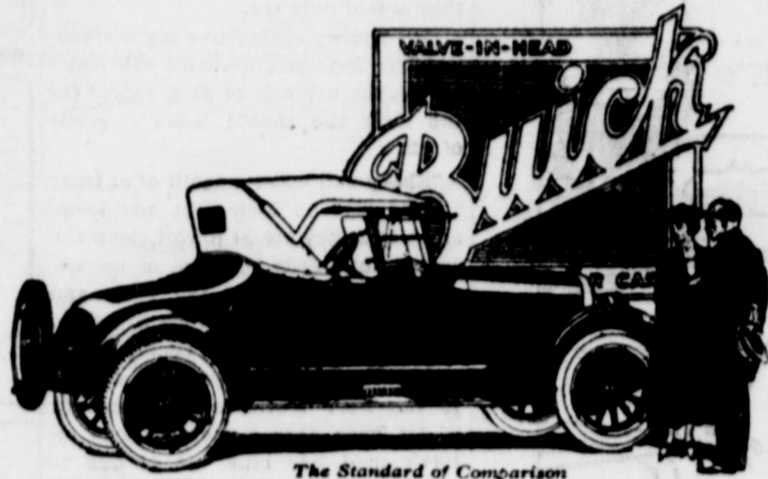

The Woman's Gleaners Missionary Society will meet for a social session Monday afternoon at 3:30 at the home of Mrs. Robert Withers. There has been no meeting of this society for some time and all the members are urged to be present. Dues for the last three months will be collected at this meeting.

Mrs. T. W. Moss from Waco is visiting her father Frank Morgan at the Alamo Hotel.

GOOD RULE TO FOLLOW.

Cannot Construct Buildings Unless of Brick Or Tile, Is City Law

LULLING, Texas, June 16.—In an effort to keep down fire hazard and to prevent this city from taking on the appearance of a "boom town" the city council here has passed several new ordinances prohibiting the construction of buildings within the fire limits of any materials other than brick or hollow tile and with tin or metal roofs. The fire limits were also extended several blocks.

The Standard of Comparison

A Buick is a Happy Gift

Typifying the very spirit of youth in the sparkling originality of design and in its beauty, this Buick six-cylinder model sport roadster has won the hearts of young people everywhere.

The completeness and luxury of the appointments of the Buick Sport Roadster not only assure every motoring comfort and convenience but give that smartness and exclusiveness of appearance in which youth revels.

The eager and dependable performance typical of all Buick cars make this sport model ideal for vacation and summer driving.

When better automobiles are built, Buick will build them

Completely Equipped as Shown

Wonderfully equipped for touring!
Plan right now for a summer of keen enjoyment in this Nash Six Sport. It's an ideal car for cross-country travel. There are two extra tires and wheels, strong bumpers, front and rear, an extra large trunk for luggage, a high-powered spotlight—and many other worth while features that add to the comfort of touring. Come in today and examine this wonderful car. Drive it yourself. *Prove its merits by an actual road trial.*

FOURS and SIXES

Prices range from \$915 to \$2190, f. o. b. factory

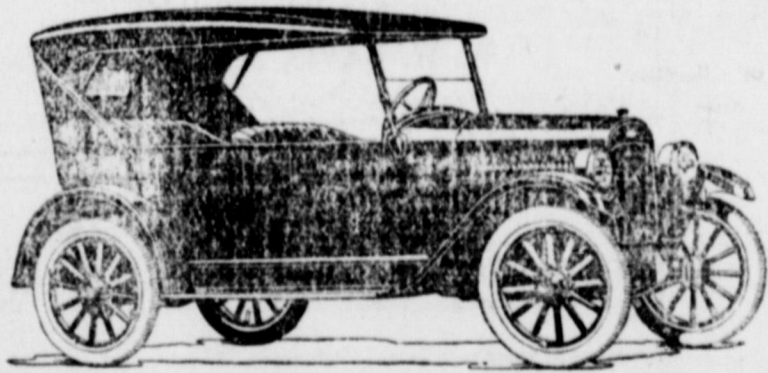

J. W. WADE, Distributor

for Economical Transportation

During 1922 the public bought more than 50 per cent more Chevrolets than of any fully equipped car, giving Chevrolet first place in number of cars sold among all cars exhibited at the 1923 N. A. C. C. shows.

The remarkable rise of Chevrolet during the last twelve months has proved that General Motors Corporation has correctly gauged the shift of public sentiment towards the most economical unit of transportation that also meets modern requirements as to quality.

DODGE BROTHERS TOURING CAR

If there is one word which will sum up the average owner's impression of Dodge Brothers Touring Car, that word is *dependable*.

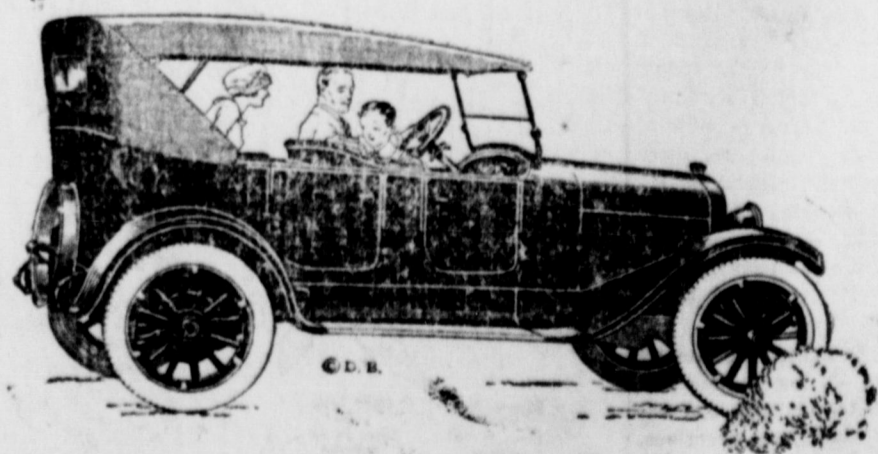

If there is a word to express the quality which Dodge Brothers have striven, above all else, to build into the Touring Car, it is —again—*dependable*.

Indeed, it is not too much to say that the word *dependable* has come to be definitely associated, the nation over, with Dodge Brothers Touring Car—and the other vehicles bearing their name.

Nor have Dodge Brothers built this enviable reputation through advertising. They have built motor cars, so dependable *in fact* that the word has presented itself automatically to the public mind.

OVERFLOW.

In the ordinary course of events, the overthrow of a Bulgarian premier and the substitution of another should mean no more than a revolution in one of the "banana Republics" of South America. But there is this difference. The Monroe Doctrine is a very effective "posted" sign, that prevents covetous powers from fishing in South American waters. There is no such "posted" sign about any of the various portions of Europe, except such as the nations themselves may put up and then try to defend. Its possibilities of what may develop, not the overthrow of a two-by-four Balkan State official, that is significant. It is not forgotten that the World War started from the assassination of one of these petty Balkan princelings.

DAINGEROUS TO CHILDREN

Texas & Pacific Ask Parental Co-Operation In Preventing Accidents.

A very serious situation confronts the Texas & Pacific Railroad and the parents of school children living along its line, which apparently can be corrected only by determined efforts on the part of the parents, school superintendent and teachers to stop the practice of the children swinging on moving trains or cars and crawling under and between cars.

The trainmen, switchmen and other employes of the railroad are powerless to prevent such acts of the school children without the co-operation of the parents and school authorities, who should impress upon the children the danger they incur when they attempt to catch a moving train or crawl under standing cars. They should be instructed to go around cars, and warned to use every precaution in crossing railroad tracks. The fact that this is vacation time and the schools are closed, does not lessen, but increases, the danger, as the children have more freedom than during the school term.

The efforts and time expended in breaking up such practices are cheap compared with the result to be obtained which is the prevention of deplorable accidents in which the little ones lose limbs or life. There is no more pitiful sight than that of a young boy or girl with a precious member of their little bodies missing, which brings a constant heartache to their parents. The loss of any of the members of its body is an almost insurmountable handicap to a child and lessens to a considerable degree its chance of success in life.

The members of the Big Grande Division Safety Committee, Texas & Pacific Railroad, are noting instances daily of school children, even those of very young age, in practically every town on the entire Division taking great and wholly unnecessary risks in crossing the railroad track. Boys of from 10 to 15 years of age, make a practice, apparently for fun, of swinging cars which are being switched back and forth in the yards, and catching passenger trains as they leave the stations and riding them for a distance before dropping off. These boys show amazing daring and take desperate chances when they indulge in this hazardous play, for which there is not the slightest excuse.

The Safety Committee, believing that the parents do not realize the extent to which the children are engaging in these dangerous practices, takes this means of acquainting the parents, school, city and county authorities and others interested in the welfare of the children with the extremely serious condition which the Committee and other railroad employ-

are endeavoring to correct, but which they cannot do without intelligent and persistent co-operation from the parents, and others, to whom the committee appeals and who may feel assured of the continued efforts of the committee, and other employes to stop such hazardous practices of the school children.

It was further stated that a number of small boys have been noticed in the act of swinging the cars in the local yards during switching and that the approach of an adult mere runs them away for a minute or so, and then they are right back at again. It takes lots of time for the trainmen to watch after these little tots and it is impossible for the railroad men to absolutely devote their entire time to keeping children off the cars. Only the cooperation as mentioned above will prevent possibly a serious accident of some little fellow, or possibly the loss of a limb or maybe an arm and a leg or both legs or both arms. To think of this simply horrifies the parent of any child and action should begin at once in teaching the children the real danger of playing around the railroad tracks and cars.

LAST DAY OF REVIVAL.

This morning and this evening will mark the close of the Methodist revival services.

PAY TO KEEP FIGHT FROM DYING

Necessary Money is Delivered to Manager of Jack Dempsey.

By The United Press.

SHELBY, Mont., June 16.—The citizens of Shelby reached down into their pockets, and according to the announcement, was to make up the second payment to Jack Dempsey to save the Dempsey-Gibson fight from dying.

It was learned that the necessary sum was raised and would be delivered to Dempsey's manager.

FARMS PRODUCTIVE.

(Continued From First Page.)

and am acquainted with farm conditions here and know the crops produced. I know the successes and the failures of many of our farmers. Our successes are due to a well defined plan that can be built upon from year to year. Our failures are due to our plans also. We plan for six months in advance in planning for a one crop, as 'Cotton Planter' advises us to do, for our money crop to cover all expenses of living, production and those debts Mrs. Hardworker referred to, that we know we must meet from

time to time until the debt has been discharged. That plan of one crop has always been a failure, and always will be. However, many farmers are now borrowing money to produce a cotton crop with and will do the same thing next year. Never getting a year's supply of any one thing ahead. I am content 'Cotton Planter' belongs in this class.

"I want to call the attention of the old timer to the alfalfa Arch Bruce's father planted years and years ago. It furnished some hay and grazing for long periods of time. Later, W. C. Barton planted alfalfa for grazing. The Oakleys had small areas sown to alfalfa for grazing. This crop has been planted sufficiently to prove it worthwhile.

"There are a number of orchards planted here years ago that bore fruit plentifully. Apples, peaches, plums apricots, grapes and many other fruits and berries have been successfully grown here. I am sure they can be

produced at Treat with care and attention. Of course, milo, karrif, feterita, sorghum, corn and the small grains can all be produced. As an evidence, I cited D. G. Crane who has had seed oats in his barns since I first knew him. There are many farmers who have something to sell produced on their farms besides cotton. These are the successful men of the county. They are too numerous to mention.

"There are farmers all over this Divide who pay their household and incidental expenses with the sale of chickens, eggs, butter fat, calves and pigs. Others could do the same if they would only try.

"All poultry authorities say a standard bred hen on a town lot will make her owner a profit of \$1 a year. On the farm she should make a profit of \$2.

"Sheep will make a profit of at least 80 per cent on their cost and keep, and while they are at it will clean the pasture of weeds that are of no value to the owner of the farm and are not eaten by any other livestock. They will even kill out cockleburrs.

"The time was when we shipped to the Fort Worth market one car of fat hogs once a month. The returns paid our bills. It is due to carelessness, and a lack of systematic planning that we are not shipping hogs now. We once had cream stations on the Divide, trucks that came for our cream, eggs, poultry, hides and other produce offered for sale. Those were our most prosperous days. We had a cash check coming every week. To do this, requires a little individual effort and a little cooperative effort by the community.

"Enough for this time.

"Yours truly,

"WILLIAM B. JOLLY."

TRIAL IS TO BEGIN

Milt Good and Tom Ross Trial On-Charged With Killing Allison and Robertson Underway at Lubbock

Special to The Reporter.

LUBBOCK, June 16.—The old "Chuck-Wagon," the blanket roll and the camp fires will be a prominent part in the coming term of the Lubbock County District Court.

With 250 witnesses called from 30 counties, and more than 50 officials of the Cattle Raisers Association Attorneys, Special Investigators, Inspectors etc., already making reservation for hotel accommodation, and hundreds of cattlemen from every corner of West Texas planning to attend the trial of Milt Good and Tom Ross charged with the murder of Dave Allison and Horace Robertson, the hotels of the city are going to be entirely over-run with visitors. In fact every available room in the city is said to be already reserved and private residences are being pressed into service for the week of June 18th, when the trial starts.

Announcement is made that many of the cattlemen are bringing their ranch chuck-wagons and will prepare to care for their own men and friends in that way. Several cow outfits are coming from Midland, Post City, Angelo and other West Texas sections where all parties are personally known.

TO DECIDE POLICY

Interstate Commerce Commission, Receiver and Heads of Transcontinental Lines Confer on Orient.

By The United Press.

WASHINGTON, June 16.—A conference between members of the Interstate Commerce Commission, Federal Judge J. C. Pollock, Receiver W. T. Kemper of the Orient, and President W. B. Story of the Santa Fe, and leading traffic officials of several big trans-

continental lines was held here today to determine the policy for the continued operation of the Kansas City, Mexico and Orient railroad.

The Orient has been one of the heaviest sufferers in Kansas and Oklahoma floods and is not able to operate trains on much of the line. It was estimated that it would take \$100,000 to replace the damage done by the high water, and the Orient has not the money.

It has been suggested that the commission may urge the big lines to take over the Orient, guaranteeing the government loan and certain other obligations.

WANT RIFLEMAN

Secretary Roosevelt Asks for Person Who Fired On U. S. Naval Balloon Saturday.

By The United Press.

WASHINGTON, June 16.—Assistant Secretary of Navy Roosevelt asked that Virginia state officials that they locate the person who fired on a navy balloon which passed over Virginia a few days ago. The flyers landed safely.

Roosevelt wrote that the Navy would take every means to punish the person who did the firing. He said that they should be punished as much as a person who fired on a passing automobile.

There will be a meeting of the members of the Sweetwater Booster Band at the office of the Board of City Development Monday night at 8 o'clock. All members of the band are urged to be present.

FIRE AT CLEVELAND.

Special to The Reporter.
CLEVELAND, June 16.—Fire here today damaged the plant of the Sterns Motor Company to the extent of \$100,000. The origin was not determined. Workmen had narrow escapes from exploding gasoline.

J. W. Simmons, president of the Sweetwater Cotton Oil Co. has returned to Dallas after spending a few days in Sweetwater; the guest of his brother R. M. Simmons.

SEEK THE BRIGHT LIGHTS.

A party of boys from a community to the north sought the bright lights of Sweetwater, Friday night. As the evening went on the lights grew in numbers until the streets of Sweetwater's business section had taken on the appearance of New York's great White Way.

The boys had taken refuge in front of a local cafe and were equally reminiscing and convalescing. There appeared on the scene a certain individual who at one time was county sheriff. Through the "still" haze, they recognized the man. There was crash—the evidence had been destroyed.

CAUSES A BIG LOSS

Fire in Plant of Atlantic Refining Co. Does \$1,000,000 Damage—75 Firemen Injured.

By The United Press.

PITTSBURGH, Pa., June 16.—After a fight lasting over fifteen hours, firemen succeeded in extinguishing fire in the plant of the Atlantic Refining Company, after damages of one million dollars had been inflicted.

At least seventy-five persons were injured fighting the flames, some of whom were seriously so.

More than one hundred residents of Butler street who fled to the hills, have returned to their homes.

By The United Press.

PITTSBURGH, June 16.—A number of firemen were believed to be trapped this afternoon in the plant of the Atlantic Refining Company.

A huge oil tank, which has been burning for some time, caused the entire fire fighting equipment of Pittsburgh to be called when two explosions took place, throwing flames and burning material for two blocks.

The fire was spreading and the intense heat prevented the firemen from verifying the loss of the men trapped.

Members of the Sweetwater Booster Band are urged to notify all the boys to be on hand Monday night.

Closed Church Doors!

What would you think of the minister who closed the doors of his church, saying: "I have preached you a good sermon. You will need no more sermons. We can now close the doors of this church and it will not be necessary to hold further services!"

You would think there was something wrong, would you not? You are right, there would be.

But is the man who does not steadily advertise his business any different?

The merchants whose advertisements you read in the columns of The Sweetwater Reporter are men who want your business enough to buy space to tell you what they have. They think enough of their stock to tell you what they have for you.

They are the men who have the interests of the community at heart. Patronize Reporter advertisers.

ELECT OFFICERS

Women's Missionary Board First Christian Church Meet With Mrs. Louis Price—Reports Given.

One of the pleasant happenings of the week was the meeting of the Woman's Missionary Board of the First Christian church at the home of Mrs. Louis Price. President Mrs. F. M. Poffenbach, presided over the session.

The feature of the meeting was the annual election of officers, which resulted in the following being chosen for the new period:

President—Mrs. F. M. Poffenbach.
First Vice President—Mrs. F. W. Ater.

Second Vice-President, Mrs. J. T. McKissick.

Secretary—Mrs. A. B. Yantis.
Treasurer—Mrs. M. K. Stevenson.
Mrs. Poffenbach, Mrs. Yantis and Mrs. Stevenson were re-elected.

Interesting reports were given by outstanding committees. The pledge for Foreign Missions, \$50, was renewed, in addition to Sweetwater's pro rata of the Million Dollar Jubilee Fund. This fund to go toward building 50 new churches, schools, hospitals and homes for missionaries who are working under trying conditions and of which expansion is being held up on account of the lack of the above mentioned necessities needed in the promotion of the foreign activities.

The report of Mrs. Vandersall of the State Convention at Fort Worth, brought forth an air of high enthusiasm filled with inspiration among the members present.

The program rendered was as follows:

Evangelistic Program of the Church—Mrs. A. B. Yantis.

The Church in Training—Mrs. C. R. Payne.

Financing the Kingdom for World Conquest—Mrs. L. L. Armour.

The devotional hour closed with prayer in concert.

During the social part of the meeting, Mrs. Price served refreshments assisted by Mrs. Billie George who was joint hostess.

Mrs. L. C. Vinson and Mrs. Davis enrolled as new members.

Mrs. E. V. Grogan, Mrs. Fern Pope, Mrs. Northern and Rev. McKissick were visitors.

REAL ESTATE TRANSFERS.

Real estate transfers in the city of Sweetwater were fully active during the past week, according to records at the county clerk's office.

The following transfers in city property were made:

W. A. Perry to G. D. Felton, lot on block 18, \$775.

D. F. Glisson to Etta Pratt, 60 feet off lots 5 and 6, block 1, \$6,000.

L. Faber, et al. to United Savings Bank, lot 14, part 13, Hubbard and Curtis additions, \$1,000.

T. H. Hampton to M. D. Hampton, part of lots 3, and 4, block 22, Eastern addition, \$1,167.

T. H. Hampton to R. R. Hampton and L. W. Thompson, part of lots 1, 2, 3 and 4, block 2, Eastern addition, S. L. Avery to United States Gypsum Company, section 23, block 21.

AT THE PALACE

Imagine being sane in mind and body, young and full of the joy of living, beautiful and rich—possessing everything that makes life worth while—and then finding you were imprisoned for life in an insane asylum and falsely branded as a hopelessly incurable lunatic!

Not until the key turned in the lock and she read the sign on the door—"Rosehill Sanitarium for the care of the insane"—did she realize that, instead of being in a hospital for a rest from a horrible nervous shock, she had been tricked by her guardian and placed where no one would ever be able to learn that he had stolen her fortune.

This is only the beginning of the story told in "Till We Meet Again," which is said to be a highly dramatic and romantic one written and directed by William Christy Cabanne and presented as an Associated Exhibitors feature at the Palace Theater Monday and Tuesday.

With Mae Marsh giving a particularly emotional characterization, splendid acting is guaranteed in the leading role and with the remainder of the cast including Norman Kerry, Martha Mansfield, Walter Miller, J. Barney Sherry, Julia Swayne Gordon and others, it can truly be called an all-star cast.

SERVICE

For any public utility to render a 100 per cent service the co-operation of the patrons must be had.

It is the policy of this company to give efficient service and full return in its product. In order to perfect our organization so that we may do this, we are asking our customers to aid us by doing two things:—

First:—Have your ice tickets and refrigerator ready so that the delivery man will not have any delays. Remember a minute lost at every house means an hour delay at the home of the 60th customer.

Second:—That you phone us of any discrepancies which might occur either concerning the service or correct weight. We strive to render a 100 per cent service and by aiding us, you will help others.

That We May Hear

"Incline your ear, and come unto me; hear, and your soul shall live; and I will make an everlasting covenant with you."—Isaiah 55-3

Science has proved that radio waves are around and about us at all times. These waves are composed of elements which cannot be detected by the human ear without an instrument of transformation. If it were not for this instrument, we would go through life without knowing that these sounds exist.

Many men go through life without any knowledge of the fundamental principles of life which have been established for our guidance. The ways of knowledge and truth are ever present, but many never see the truth or understand, because they have not used the means through which this knowledge and truth may be received.

The ways of truth and knowledge revealed to us through the teachings of Christ. The church is one of the means through which we may reach a better understanding of these principles, the application of which means contentment of mind and the satisfaction which comes to all who live a Christian Life.

POUNDING SYSTEM FOR AUTOS

By The United Press.
SAN ANTONIO, Texas, June 16.—A pounding system for automobiles found in violation of traffic ordinances will soon be inaugurated here, it has been announced by Fire and Police Commissioner Claude Wright. Under the pounding system automobiles found too near a fire plug, improperly parked or in violation of any traffic ordinance will be hauled to the city pound where they will be held until the owner calls and pays a \$2.00 pound fee. The pounding system will be a

great time saver and will also eliminate the possibility of the violator personally with a court summons, if he fails to answer the summons, he explained by Wright. When the owner can be cited for contempt of court.

FIGHT ON RATES.

(Continued from page one.)

endorsing the efforts of state officials along this line and endorsing the Texas National Guard were also adopted.

An extensive itinerary of the more important fairs in the Midwest, Southwest and in Texas was arranged by the Agricultural and Livestock Committee. In the report read by B. M. Whitaker. The exhibit tour will not start until September 1, however.

B. S. Huey of Cisco advocated a program of National Advertising for West Texas. No action was taken on his recommendations.

To Have Jubilee.

O. P. Thrane of Snyder raised the question that it would be good sportsmanship on the part of every contender for the college to accept the verdict of the locating board gracefully. This sentiment was echoed by others, and the Chair announced that no action was necessary, that when the name of the successful town was announced all other towns in the race meet in the successful one and stage jubilee.

Judge R. C. Crane spoke on the need for the organization of a West Texas Historical Society for the purpose of giving something of the history of West Texas and showed the necessity for such an organization. He told of the stage lines organized and operated in 1838 between St. Louis and San Francisco, with 100 Concord

stage coaches and over 1,500 horses and mules, 150 men and a 25-day schedule. The Judge cited instances to prove the need of this historical data and on motion of Dr. P. C. Coleman of Colorado Judge Crane was appointed chairman of a committee to prepare a report on the facts concerning the history of the move to obtain a West Texas College.

Secretary Whaley suggested that it would be helpful if Judge Crane would arrange an exhibit of his historical material for the Brownwood Convention next May.

Morning Session.

The first meeting of the Executive Board of the West Texas Chamber of Commerce following the San Angelo Convention was called to order Saturday morning by President A. B. Spencer of Crosbyton.

Consideration of a ninety thousand dollar budget submitted by Secretary Porter A. Whaley of Stamford, the largest in the history of the organization, and committee meetings consumed the morning session.

The committees in session include a joint meeting of the Legislative, Irrigation and Texas Technological with Homer Wade as secretary and Hardy Grissom of Haskell, W. S. Cooper, Colorado; Ove E. Overton, Ranger; Ray B. Leach, Breckenridge; Wright Armstrong, Brownwood; Dr. P. C. Coleman, Colorado; M. E. Rosser, Snyder. In attendance.

A joint meeting of the Agricultural, Exhibit and Immigration Committee

met with B. M. Whitaker, exhibit manager of the West Texas Chamber of Commerce as secretary and with O. P. Thrane, Snyder, F. W. Kennerly, Quanah, Henry M. Haiff, Midland, R. Q. Lee, Cisco, T. S. Tivenesson, Floyd and R. P. Smythe of Plainview in attendance.

One of the most important committee meetings in some respects was that of the Traffic Committee, over which A. B. Spencer presided as chairman with Porter Whaley as secretary. Members of the committee present included E. I. Jackson, San Angelo, Chas. A. Bland, El Paso, J. A. McCurdy of Sweetwater. This committee was also attended by E. P. Byers, Traffic Manager, Fort Worth Chamber of Commerce, A. L. Reed, Traffic Manager of Dallas Chamber of Commerce, N. S. Pawkett, Traffic Manager San Antonio Chamber of Commerce and O. J. Binyon of El Paso.

Others in attendance included Hamilton Wright, publicity manager of the West Texas Chamber of Commerce from Stamford, E. L. McCarter, Organ-

ization Manager, F. W. Greber of Brownwood, chairman of the Public Utilities Committee and B. S. Huey of Cisco, chairman of the Publicity Committee.

C. S. Guin and Start L. Williams, Ballinger; A. D. Estjar, Abilene; W. W. Rix, Big Spring, and L. Jackson, of Lorraine.

Miss Ruby Hemby will spend the first four days of this week visiting in Midland and Big Spring.

TO INVESTIGATE.

Death of County Farm Inmate From Fractured Skull Causes Inquiry.

DALLAS, June 16.—The circumstances surrounding the death of William Condon, aged inmate of the County Farm here will be thoroughly investigated, officials said late today.

Condon is said to have died from blows on the head. He was found dead, lying by the side of his bed, last Wednesday and it was at first supposed that he had died from the effects of the fall. It was later shown that he had a fractured skull.
