NUMBER 188

## TO HAVE A FAIR FORM EXCHANGE HERE NEXT YEAR FOR MARKETING

Board of Directors of Nolan County Farm Bureau Make Plans—To Exhibit at Angelo and Abilene

### NOLAN COUNTY COMPLIMENTED

M. E. Hays From Dallas Speaks Highly of Local Organization For Inaugurating Poultry Marketing

The Nolan County Farm Bureau was highly complimented by M. E. Hays, secretary of the Texas Farm Bureau for inaugurating the co-operative poultry marketing movement in Texas, which since started locally has spread until more than 400,000 hens in West Texas have been signed up.

Determination that Nolan County have a fair next year and endorsing a bond issue for good roads in Nolan County were other features in connection with the regular meeting of the directors of the Nolan County Farm Bureau Saturday at the Court House.

Directors present included H. E. Lewellen and G. B. Sliger, Hylton, T. D. Wilman and F. M. Lockett, Roscoe; Elmer Jordan, Blackwell and W. H. Bennett and G. A. Lackey of Sweetwater.

The determination to have a fair next year was more than a mere going on the record to that effect; the entire board was constituted a committee to see that the project was put over for next year.

Officials who were elected prior to the selection of Mr. Platt include Owen Hollyoff Abilene president, B. W. Eaton of Sweetwater temporary secretary who with C. E. Clark of San Angelo comprise the executive committee.

The headquarters of the Exchange will be at Dallas, owing to the lack of cold storage facilities in Sweetwater. The Exchange will get into action immediately for the marketing of the fall crop of turkeys.

In addition to the three units already functioning, steps will be taken at once to get Ballinger, Brownwood, Plainview, Lubbock, Stamford and other poultry centers of West Texas lined up in the pool.

Directors present included W. R. Bell, Snyder, J. W. Hendrickson, McCauley; B. O. Mueller, Roscoe; B. W. Eaton, Sweetwater; Owen Holly, Abilene; R. L. Adcock, Merkel; C. J. Poor Bradshaw; C. E. Clark of San Angelo, holding a proxy for T. N. Robbins, who is ill.

## FEAR CONTEMPT

Volunteer Firemen Fearful of Violating Injunction by Fighting Fire Outside City—May Disband

Possibility that the Sweetwater Volunteer Fire Department might disband in a body was being discussed Saturday as the result of a called meeting Friday night of the members of the Department.

One of the questions brought up was whether or not the members of the fire department would be in contempt of court if using city water from a hydrant inside the city limits on a fire outside of the city limits. Under the terms of an injunction granted some time ago, some of the members of the department fear contempt proceedings, if for example, they should be called to a fire at the Sweetwater Cotton Oil Mill, part of which concerns plant is outside the corporation limits.

Shortage of funds in the city treasury due to injunction proceedings has also caused dissatisfaction among the men, it is said.

Insurance men say that cancellation of all policies now in effect, with a raise in the insurance key rate to \$1 would result from the abolition of the volunteer department unless an all paid department were immediately substituted, which in turn would cost the city considerably more.

## RAID A STILL

Baxter Lambert, Sheriff Fisher County, Adds Two More Negroes to List

### HEADQUARTERS AT DALLAS, TEX.

Lack of Cold Storage Facilities Sends Headquarters East—Has 400,000 Hens and 100,000 Turkeys

The Texas Poultry Producers Exchange, to handle the marketing of poultry and its products for the recently organized co-operative poultry marketing units of Sweetwater, San Angelo and Abilene, and to aid in the formation of other units, has been formed as the result of sessions held Friday and Saturday at Sweetwater of the directors of the new exchange elected from the membership of the above mentioned units.

George T. Platt of Petaluma, California, has been retained as sales manager for the exchange. With the exception of war service with the Canadian aerial forces, Mr. Platt has spent his entire life in dealing with poultry marketing. He increased the membership of a Vancouver unit one third when in charge. He has been associated also with J. W. Lowler of the Central Poultry Producers Association at San Francisco, Calif., one of the largest co-operative poultry marketing associations in the world.

The headquarters of the Exchange will be at Dallas, owing to the lack of cold storage facilities in Sweetwater. The Exchange will get into action immediately for the marketing of the fall crop of turkeys.

Officials who were elected prior to the selection of Mr. Platt include Owen Hollyoff Abilene president, B. W. Eaton of Sweetwater temporary secretary who with C. E. Clark of San Angelo comprise the executive committee.

In addition to the three units already functioning, steps will be taken at once to get Ballinger, Brownwood, Plainview, Lubbock, Stamford and other poultry centers of West Texas lined up in the pool.

Directors present included W. R. Bell, Snyder, J. W. Hendrickson, McCauley; B. O. Mueller, Roscoe; B. W. Eaton, Sweetwater; Owen Holly, Abilene; R. L. Adcock, Merkel; C. J. Poor Bradshaw; C. E. Clark of San Angelo, holding a proxy for T. N. Robbins, who is ill.

## TO SELL WATER

Special to The Reporter.

RANGER, Sept. 8.—City authorities plan to purchase water from the city of Cisco, when the big Cisco dam, now nearing completion is finished. The water would be piped from Cisco to Ranger.

## DELPHIANS TO MEET

The Sweetwater Chapter of the Delphians will hold their first meeting this week, Thursday, Sept. 13, at 4 p. m., Court House auditorium. The subject will be "Prehistoric Periods" and Mrs. J. R. Headrick will be the leader.

L. R. Herring is visiting his father in Sweetwater. He has a month's furlough from the Naval Academy at Annapolis where he has completed three of the four year course. He met his father, A. H. Herring in Fort Worth, where Mr. Herring has been the past month on business.

Miss Ruth Davis will leave in a few days for Lawton, Okla., where she will enter the high school at that place. She will be with her grandparents, Mr. and Mrs. Weatherly.

Mrs. R. A. Musgrove left Saturday night for Dallas to spend a month with her daughter, Mrs. Homer Thompson, and niece Mrs. Guy Johnson and family.

Miss Beulah Davis, who spent some time at Colorado Springs, Colorado, joined her parents at Greenville Friday to be present at the funeral of her grandfather, S. I. Davis. She will return home with her parents.

## ROAD MEETING MONDAY

Men From County to Attend Meeting At Hotel Wright Monday Night

Reports from the County Commissioners relative to the preliminary survey and the cost of construction of the County Roads will be the principal item at the Good Roads Meeting at the Hotel Wright Monday night at 7:30. All men of the city who are interested in Roads are urged to attend this meeting.

## RADIO WEATHER

West Texas, Sunday, fair.

## VOLCANO DEATH CAUSED QUAKE

Sinking of Huge Volcano Off Coast of Japan Caused Countless Earthquakes, Destroyed Cities

## FUGITIVES SUFFER HORRIBLY

Some Catch Fish With Hands And Devour Them Raw to Sustain Life—Babies Die From Lack of Milk

TOKIO, Sept. 8.—The volcano off the coast of Japan, which was reported to have disappeared in early dispatches, has gone back into the sea whence it came.

The volcano's death struggle which lasted for two days and two nights, caused the countless earthquakes that obliterated Yokohama, the greatest seaport in the Mikado's kingdom. Tokio is three-fourths destroyed. Kamakura, the famous resort of the Far East where the Orient and Occident gathered in festival array, was wiped out.

The fugitives along the sea, have caught fish by hand and devoured them to exist. Many have committed suicide to avoid the tortures of hunger. Mothers went in night with babies dying in their arms from lack of milk. Babies were born along the road side.

With the fall of rain, hundreds of swollen mouths turned to the heavens to catch a few drops of water. "More than four days we walked without food or water," said one refugee.

OSAKA, Japan, Sept. 8.—The number of earthquake sufferers rendered destitute and many of whom have been injured or are suffering from disease etc., has been placed at 1,256,476, it was officially announced at Osaka today.

It is still impossible to get an accurate check on the total number of dead but this has been placed at 50,000 unofficially, at Tokio and Yokohama without considering any other portion of the stricken area.

First reports of cholera in Yokohama have not been confirmed and it is believed that they were exaggerated, or erroneous.

## ALL METHODISTS SAFE

COLUMBUS, Ohio, Sept. 8.—All Methodist missionaries in Japan are safe, according to a message received here today.

## ASK INCREASES OPEN INSTITUTE

Railmen to Ask For Increase in Wages Aggregating Many Millions of Dollars When Contracts Expire

CHICAGO, Sept. 8.—Four powerful railroad brotherhoods, including three of "The Big Four," tonight joined the railroad employes in seeking a wage increase.

The order of Railroad Conductors, the Brotherhood of Treatment, the Brotherhood of Railroad Linemen, engineers and switchmen's union have been asked to demand higher pay.

## TEACHERS OF SCURRY AND NOLAN COUNTY TO BEGIN SESSION MONDAY AT COURT HOUSE AUDITORIUM

Teachers of Scurry and Nolan County will invade Sweetwater this coming week when joint institute will be held beginning Monday and continuing each day throughout the week.

## ROAD MEETING MONDAY

Men From County to Attend Meeting At Hotel Wright Monday Night

Reports from the County Commissioners relative to the preliminary survey and the cost of construction of the County Roads will be the principal item at the Good Roads Meeting at the Hotel Wright Monday night at 7:30. All men of the city who are interested in Roads are urged to attend this meeting.

## COTTON MARKET ADVANCES AGAIN FOR THE YEAR

October Future in New York Closed 105 Points at 27.60—Seed is \$15 Higher Than Last Year

### WILL DELUGE GINS NEXT WEEK

Season Delayed by Rains Somewhat Especially in Fisher County But Will Soon be in Full Blast

With nearly 1,000 bales of the Nolan County cotton crop already ginned, the cotton season is just beginning to get nicely under way. By the middle of next week it is expected that the gins of the county will be operating full blast.

With the cotton market soaring daily and closing Saturday for 105 point gain over the preceding day, growers who had not expected any such price are hustling to get their crop in and sold to take advantage of the rise. The New York market on October closed at 27.60 and owing to the short crop the prediction is made that the market will not weaken under the 25c figure at least. Whether it will go higher or not remains to be seen.

The cotton seed market is up likewise, the seed bringing \$40 a ton in Sweetwater. At this price a bale of cotton in the seed would be easily worth \$150.

At this figure the 15,000 bales estimate crop in Nolan county would bring in something like \$2,250,000 and Fisher County's 30,000 bales will be worth \$5,000,000.

Seed is already beginning to roll in to the plant of the Sweetwater Cotton Oil Mill Co. plant and crushing will begin there about the 15th, it is thought.

Whether or not there will be any variations in the price of seed remains to be seen. The market is about \$15 higher than it was this time last year however. The cotton crop east of the Mississippi River is practically a failure, however, and that is forcing large meal buyers like Purina Quaker Oats and others into the western territory, which in turn is forcing up prices. The oil market is up likewise, due to the same condition and also to the fact that the carryover is the shortest this year in years.

Just what effect the Japanese disaster will have on the cotton market likewise remains to be seen. Japan normally uses about one million bales of United States cotton. Her cotton mills are at Osaka, undamaged by the recent disaster. On the other hand, most of her silk industry is at Tokio and Yokohama, which were hit hard. If Japan cannot export silk to pay for cotton, she cannot buy as much. But silk is up, which will effect the cotton market directly—and artificial silk is made from cotton.

If the real silk market is short, then more cotton fabrics will be used and also more artificial silk made from cotton, which will be to certain extent offset any lack of Japanese cotton consumption.

Recent rains have delayed cotton opening to some extent, and also delayed picking especially in Fisher County. Those same rains however have also increased the length of the staple, making a better grade. The staple is longer than any year since 1919, it is said.

## LOCATE RENFRO

Texas Rangers Find Missing Klan Lecturer But Refuse to Discuss Whereabouts or Circumstances

### BY THE UNITED PRESS.

AUSTIN, Sept. 8.—The Rev. J. K. Renfro of Sinton, national lecturer on the Ku Klux Klan and missing since last August 28, has been located by Texas rangers, according to an announcement here today by Major Chas. A. Crawford, assistant adjutant General.

The major refused to reveal the whereabouts of Rev. Renfro, declaring that a brother of the missing minister had been sent after him and secrecy was necessary to prevent possible interference with the plans before the brother located him.

The major refused to reveal the whereabouts of Rev. Renfro, declaring that a brother of the missing minister had been sent after him and secrecy was necessary to prevent possible interference with the plans before the brother located him.

## SCHOOL BEGINS ADVANCES AGAIN FOR THE YEAR

Teachers Institute Begins Monday and Continues Throughout Week But High School to Register

### LIST OF TEACHERS IS GIVEN

But Two Re-elections in High School Faculty—Most of Grade Teachers Are Also New to City

Schools of the city will open officially tomorrow. Students however will not be required to report until later in the week in the case of students of the High School and until the following Monday in the case of the grade pupils. High School students are asked to report at the High School building on the following schedule for registration.

Freshmen, Wednesday 3 to 5 o'clock. Sophomores, Thursday 3 to 5 o'clock. Juniors and Seniors Friday, 3 to 6 o'clock.

The following is the list of teachers engaged for the coming year:

J. Stone Rives, Superintendent, A. B. High School

Ellis M. Barnett, Principal, A. B. S. Texas University and Canyon. W. F. Nowlin, Science, A. B. Simmons, Rotan.

Mrs. E. V. Glass, Latin, re-elected. Arkansas College, Sweetwater. Miss Leola Murphy, English, A. B. S. M. U.

Miss Doris Daniels, Utility, A. B. Simmons; Miss Ernestine Bolling, History, A. B. S. M. U.; Blackwell; Miss Mina Darby, Spanish, re-elected, A. B. Simmons, Abilene.

Grade Teachers

Miss Mollie Mount, re-elected, Roby; Miss Madge Stanford, re-elected, Sweetwater; Miss Florence McKissick, re-elected, Sweetwater; Miss Molly Goode, Plainview; Miss Eunice Langley; Miss Mabel Browning, re-elected; Miss Elsie Davis, re-elected; Miss Velma Shivers; Miss Carnie Murchison Grapeland; Mrs. K. M. Hodges, re-elected; Mrs. B. C. Chambers; Miss Shi Beck, McCauley; Miss Lucy Reimers, Hamlin; Miss Mittie Jones Clay; Miss Carrie Miller, Miss Mae Keith, Mrs. Roy Roscoe, Miss Bernie Elmore, Mrs. Beattie Pipkin, Miss Lottie Swearingen, re-elected, Snyder; Mrs. G. J. Dillmann, re-elected; Miss Clara Dillmann.

Principals (Ward)

Miss Thelma Sikes, East Ward. Clyde; Miss George Stiles, West Ward re-elected; Miss Leola Poe, South Ward, re-elected.

Hettie V. Wallace, Negro.

Special Teachers

Miss Ruby Payne, Piano; Mrs. Carl Ragland, Voice; Mrs. Lige Cuthbert, Stringed Instruments, re-elected.

The major refused to reveal the whereabouts of Rev. Renfro, declaring that a brother of the missing minister had been sent after him and secrecy was necessary to prevent possible interference with the plans before the brother located him.

MERKEL NEWS

Little Annie Laura Howard of Colorado City was here this week visiting relatives and friends.

Miss Lucille Russell, daughter of Mr. and Mrs. Selem Russell, is now with the City National Bank at Sweetwater.

Mrs. W. N. Stewart of Conway, Ark. is in the city visiting her daughter, Mrs. A. R. Booth.

Mr. and Mrs. Hayden Turner and little daughter, who have been here visiting the former's parents, Mr. and Mrs. George Turner, in the Stith community, have returned to their home at Siloam Springs, Ark.

Mrs. C. L. Jones of Shreveport, La., was the guest of her relatives, T. W. Clark and family this week.

Miss Lucille Hogg has returned from a visit with relatives at Dallas, Houston and Galveston.

Earl Thornton, who has been with the Merkel Lumber Company as yard man, takes a similar position with a lumbercompany at Lamesa, and Geo. Bullock, recently from Kansas City, takes Mr. Thornton's place here.

A. W. Clark and wife of Clovis, N. M. are here visiting T. W. Clark and family.

Mrs. Vernon Hill of Midland, is a guest in the home of Mr. and Mrs. Earl Lassiter.

Arthur Rose has returned from a business trip to Plainview.

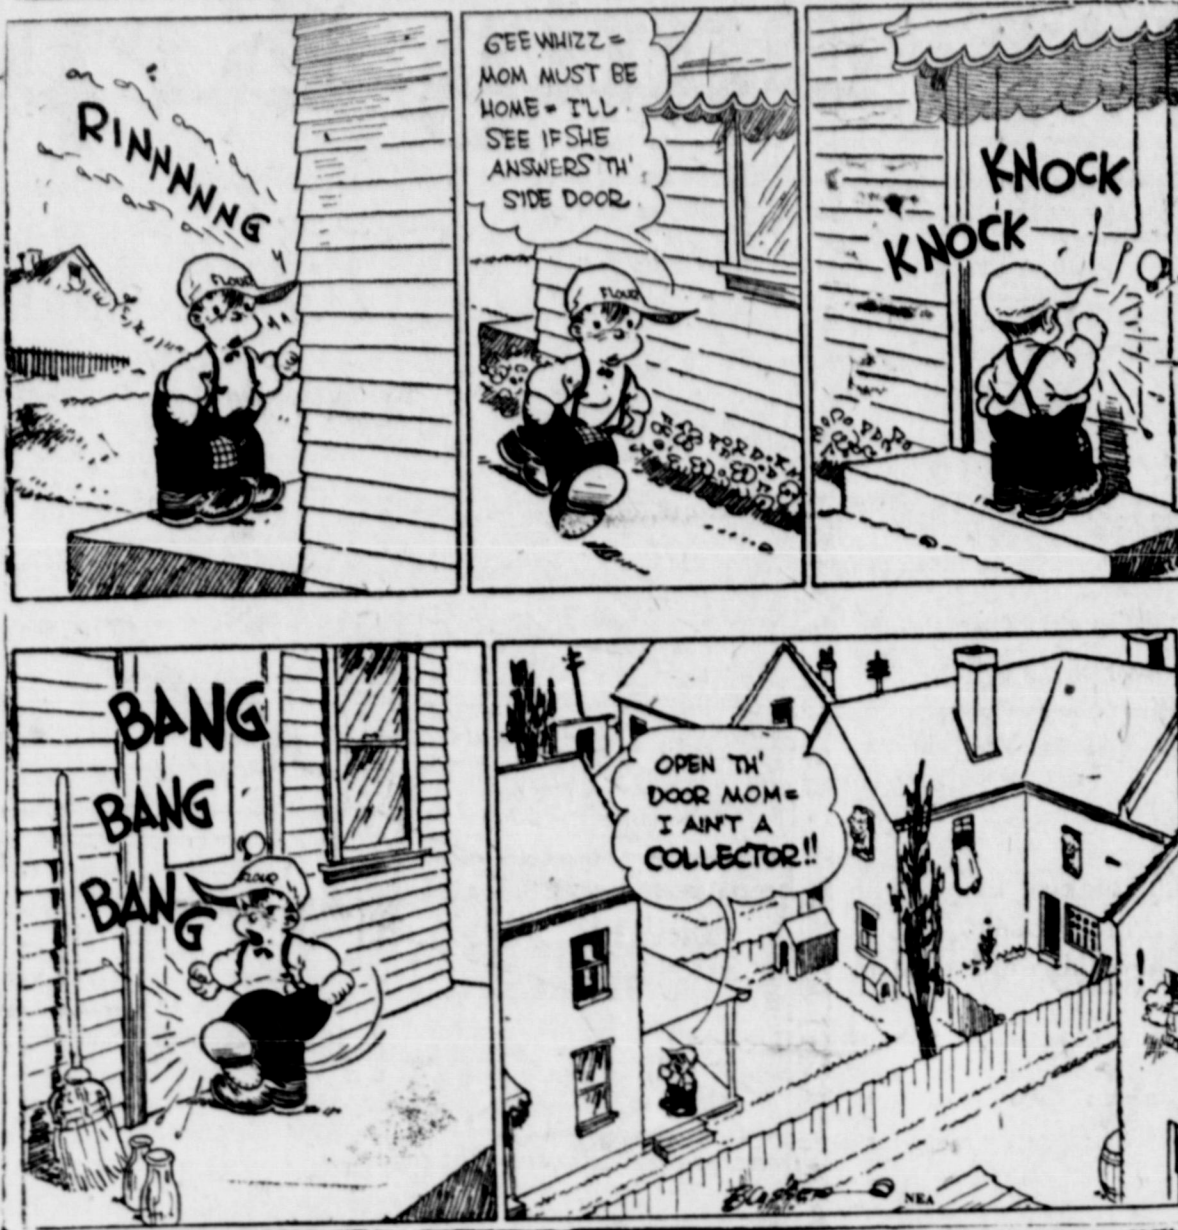

Dr. E. A. Swafford and family of Rockdale, were visitors in the home of the former's parents, Mr. and Mrs. S. R. L. Swafford.

J. S. Whittenburg of Sweetwater, was the guest of his sister, Mrs. C. C. Campbell, this week.

Wayman Rose was here from Sweetwater Friday.

On next Monday evening at the Presbyterian church, Miss Ona Fae Bland, teacher of voice in the Merkel High School for this term, will appear in concert. Miss Bland will be assisted on this occasion by Miss Lillian Morrison, of Abilene, who is to head the department of music at McMurray.

The marriage rites between Earl Higgins, son of Mr. and Mrs. Will Higgins who reside three miles east of Merkel and Miss Lola Jaynes, daughter of Mr. and Mrs. J. A. Jaynes, who reside in the Salt Branch community, were solemnized Thursday evening at six o'clock at the residence of the bride's parents, Rev. J. R. Griffith, of Abilene, officiating.

# Chalmers

## New Price

# \$1185

At the new low price of \$1185, the improved Chalmers Six gives you dollar far and away the greatest buying power in the industry today.

This was made possible only by a deliberate and determined effort to eliminate every item of manufacturing waste and utilize every penny to give the buyer's money its utmost value.

Thanks to this intensive application of close-cost manufacture to a quality car, you now have an unexampled opportunity to enjoy every substantial luxury, combined with undeviatingly brilliant performance, at a price so low that comparisons are futile.

You can expect performing and riding qualities that you have never thought it possible to secure at anywhere near the Chalmers price.

These have been made available to you by advanced engineering ideas that endow the improved Chalmers Six with greater power and speed and a more alert acceleration.

The more searchingly you examine and test the improved Chalmers Six, the more you will appreciate that not a dollar has been spared to give you substantial luxury; and that every possible penny has been saved in order to give you such a car at such a price.

**Touring Car, 5-Passenger - \$1185**

### SHORTEN TIME

T-P To Issue New Time Card Sept. 15-23 May go to Big Spring

Extensive changes and shortening of schedules on the Texas-Pacific will go into effect Sunday, Sept. 16 according to announcement by George D. Hunter, general passenger agent. Most of these changes however effect the Dallas New Orleans and Dallas St. Louis end of the line. Just what changes, if any, will be made on the Rio Grande division have not yet been announced, although it is possible that No. 23 will be continued on to Big Springs, instead of spending the night in Sweetwater as has been the custom heretofore. No. 5 and 6 will become through trains into St. Louis.

These trains, which will be given the name of the "Ranger," will take the place of No's. 15 and 16 west of Dallas and will be through all-steel trains between El Paso, Dallas and St. Louis, thus giving the Texas and Pacific three Dallas St. Louis trains daily.

No change is made in the time of the Sunshine Special. The changes are made possible by the new heavy rail, rock ballasted line and new modern motive power, recently purchased.

### CHALMERS REDUCED

Among the recent events in automotive circles of principal interest to the trade and to motor car buyers is the announcement by Arthur E. Barker, Vice President of the Chalmers Motor Car Co., to the effect that all Chalmers models have been reduced in price, the reduction ranging from \$50 to \$100.

The Standard 5-passenger Touring, the 7-passenger Touring, the Sport Touring, Roadster, and Sedan-Coach have been lowered \$50, and the 7-passenger Sedan is priced \$100 under the previous figure.

The marked reductions, which come at a time when increases have been more or less generally expected, are the result of increased manufacturing efficiency, which has come about since the present organization took over the Chalmers plant, Mr.

### Barker states.

"With broader distribution of Chalmers cars, sales have doubled each month, which has naturally carried with it substantial savings which are given to the buying public by these reduced prices.

"Through greater Chalmers production we have not only been able to lower the price of our product, but the quality of manufacture has been appreciably raised.

"The public is quick to recognize unusual value, and with the numerous improvements that have been made in Chalmers during this year it is only natural that sales should greatly increase." (Adv.)

The West Texas Electric Company has a crew of ten men employed in moving the company's poles and voltage lines from Second street south into the alley between Main and Second. The new line will be practically all new construction and is to extend through the alley a distance of five blocks.

The Southwestern Bell Telephone Company and Western Union Telegraph Company also have utility poles on Second Street which are to be removed. Some of these poles, standing in the way of the curb and gutter lines have been set back.—Colorado Record

Cotton 30c! Not yet but soon, maybe. Hot dog!

"Headquarters for Poultry Exchange at Dallas" reads a news item today. One more opportunity lost for Sweetwater.

"Johnny Get Ready For School" and Johnny and Mary realize that the end of vacation is right around the corner and the corner not very far off either.

Sweetwater is glad to welcome the teachers of this county and of Scurry this institute week. May the inspiration of this week serve to carry you through the trying year ahead of you as you plant the seeds of inspiration in Johnny and Mary's not too always willing ears.

Nolan County is going to have a Fair next year according to the Farm Bureau of this county. This organization is attaining a very enviable reputation of accomplishment. The chances are more than even that Nolan County does have a fair next year.

There have been a number of Sweetwater folks making remarks about Nolan County roads. They have an opportunity Monday night to come to the Hotel Wright and attend a Good Roads meeting where their remarks will do a whole lot more good than if uttered on the street corner or made while fixing a tire somewhere. If you mean business on this county road proposition come out Monday night and show the folks which foot you are standing on.

**MISSIONARY SOCIETY**

Mrs. C. B. Payne was hostess Monday morning at a meeting of the Missionary Society of the First Christian Church. This Society meets, only once a month with Mrs. R. M. Poffenbach the presiding officer.

The program subject was "Prayer." Prayer in the church, mission fields and homes was discussed with increasing interest when Mrs. Ater and Mrs. John Hubbard closed the program with talks of interest. The society was glad to have Mrs. Epperson present, a one time very useful member but now living in Minneapolis, Minn., who gave an informal talk. Mrs. John Hubbard added pleasure during the social hour with several piano numbers and songs.

**MRS. SORENSON ENTERTAINS**

Mrs. Paul Sorenson was hostess Tuesday afternoon at a "Capsule party" when the ladies of the First Christian Church met for their quarterly social meeting.

The first of July the ladies drew "capsules" to whom they have been playing big sister the past three months.

After much guessing, scheming and contriving to keep their identity hidden the participants are always glad for the secret to be revealed.

Not over one third of the ladies had ever a suspicion who their capsules were, which made the discovery all the more fun.

Miss Helen Davis delighted the guests with a well rendered reading and Mrs. John Hubbard added pleasure with piano numbers.

The party concluded with a delightful plate luncheon.

**ENTERTAIN CAST**

Mrs. Hudson and Ed Rowley entertained the cast and those who assisted in the staging of the Hudson R and R Style Show with a dance and midnight luncheon Friday evening at the Palace Theatre.

The guests were Mr. and Mrs. Ferd Hamilton, Mrs. Allene Whaley, Mrs. Lyman Samms, Mr. and Mrs. M. C. Manroe, Mr. and Mrs. L. S. Davis, Josephine Coleman, Nina Mae Brand, Misses Bessie Beall, Roselle Brand, Anna Mae Cochran, Mabel Bardwell, La Nelle Snell, George Stiles and Reta Frasier, Dent Beall, C. R. Kendrick, Al Brantley, Ben McCorkle, Ernest Wright and Kenneth Roy.

**WEDNESDAY BRIDGE CLUB**

One of the outstanding social features of the week was the meeting of the Wednesday Bridge Club at the home of Mrs. Robert Calvert Wednesday afternoon.

This was the first meeting of the club following a two month's vacation, making the affair dubly pleasant. Many beautiful roses were noted in the dining room decorations.

Five tables were in play and the usual number of games were enjoyed. The hostess served a delightful salad course at the close.

**FALL FLOWER SHOW**

According to decisions reached at the meeting of the Sorosis Club Friday the Fall Flower Show is an assured thing.

Those interested in preparing plants and flowers for the show may obtain all needed information from the Sorosis Club president, Mrs. Joe Boothe.

At present there are many handsome ferns, foliage plants and blooming in many homes about the city, when massed together will make a creditable showing.

The chrysanthemums are growing with recent showers and promise to eclipse any of the former shows.

**SOROSIS CLUB**

Mrs. John Perry was hostess to the Sorosis Club Friday afternoon for the first meeting of the club year. The following program was enjoyed:

Music, Hail! Hail! The Gang's All Here—Mrs. Ragland at piano, Club in Chorus.

Roll call, response—"Woman's Club work in America."

Music, President's March—Mrs. Poffenbach.

President's Message—Mrs. Tom Hughes.

Response to message—Mrs. R. C. Ledford.

Original Poem—Mrs. Jim Trammell.

Talk, "Literature in the West Today"—Mrs. John Perry.

Original Poem—Mrs. Tom Moore.

Solo—Mrs. Carl Ragland.

The Sorosis Club will sponsor the Flower Show this year.

Delightful refreshments were served.

**SWEETWATER DAY**

Last Day of Colorado Fair is Known As Sweetwater Day—To Have Rodeo and Other Events

COLORADO, Sept. 9.—The last day of the Colorado Fair is Sweetwater Day.

The large rodeo attraction of Leonard Bloodworth has recently been added to the program for the five days fair to open September 20th. The Bloodworth attraction, claimed to be the largest of its kind in West Texas, will include all of the feats usually found with these shows, Broncho riding, goat roping, steer riding and other attractions are included. Prizes aggregating \$600.00 will be offered in these events, R. H. Rathiff, secretary of the fair association, stated.

The first day of the fair, Thursday September 20, is to be Colorado Day, Westbrook day, Roscoe day, Hermleigh day, American Legion day and Confederate veteran's day. The official program will open at ten o'clock with formation of the decorated automobile parade on Second street. The parade will end at the fair grounds and immediately the address of welcome and response will be delivered. The parade will be headed by the Colorado Booster Band.

Friday, September 21, will be known as Lorraine day, Cuthbert day, Sterling City day, Snyder day, school children's day and County federation day. Special delegations from these towns are expected to visit the fair on this date and among the attractions expected to be a parade of Mitchell county school children and special program given under auspices of county federation of women's clubs.

The last day of the fair will be Lamesa day, Big Spring day, Sweetwater day, Coahoma day, Lions Club day, Chamber of Commerce day and Farm Bureau day. Lamesa has already pledged to attend the fair with a large delegation, bringing its brass band of sixty four pieces, the largest band in West Texas. The other towns are expected to be well represented.

**FOR STUDENT AID**

Free Scholarships Available in Many Schools and College of the State To Boys and Girls

**Reduce the Skidding Danger!**

**Buick Four-wheel Brakes**

**BUICK** four-wheel brakes reduce to a minimum the skidding danger every driver encounters on wet pavements.

The action of the simple yet positive Buick brakes not only slows down the car safely but keeps it steady, preventing skidding to either side.

Buick four-wheel brakes operate with slight pressure on the service brake pedal, are of the Buick-proved external contracting type and function independently of the emergency brake.

Buick has taken this advanced step of designing four-wheel brakes on its 1924 cars in conformance with its well-known policy of providing owners with the safest and most dependable transportation.

We will be pleased to give you a demonstration and let you prove the effectiveness of Buick four-wheel brakes yourself.

**PERSONAL MENTION**

Mrs. R. C. Ledford is spending the week end at Abilene with old friends.

Mrs. Will Corbett is visiting friends and relatives at Dallas.

Mrs. Zula Brantley of Dallas, Texas is visiting the family of Mr. and Mrs. M. V. Brantley and friends.

Judge and Mrs. John Ford and family spent Sunday at Blackwell with friends.

Mrs. Jas. Henry Beall, Jr., and little son are visiting her mother at Plano.

Ray Hickman returned Saturday from a business visit at Des Moines New Mexico.

C. S. Boyles, r., left for Brownwood Friday evening where he will enter Howard Payne College. He is the son of C. S. Boyles, Chevrolet dealer.

Miss Ina Joy Noll of Rotan was in the city Saturday enroute to Ranger where she will teach this year.

Mrs. J. M. Charlton will be hostess Wednesday afternoon at a meeting of the 1923 Bridge Club.

Mrs. Ray Hickman returned Friday night from Bird where she has been visiting her mother.

Miss Mollie Moody has returned from a visit of several days at Plainview, where she was guest of Mrs. Prentice Rossen.

Jim Weatherby, a member of last year's senior class has gone to Clinton, S. C. to enter the Presbyterian Medical College.

Prof. La Maire has been elected choir leader of the First Methodist Church and they will practice every Friday evening at 7:30 o'clock. The first meeting was held Friday night with 25 present. Prof. La Maire will also give his attention to all special music.

Mrs. Ben Moody and little son returned to their home at Abilene Saturday following a visit here with Mrs. Robert Calvert.

H. B. Garry of Tulsa, Okla., contractor for the heating and plumbing plants at the new ward schools, spent Saturday in Sweetwater.

Mrs. W. M. Barbee and children have returned to San Angelo after a visit with her father and mother, Mr. and Mrs. W. W. Beall and friends.

Mrs. A. B. Chambers entertained Wednesday afternoon in honor of her friend, Mrs. W. M. Barbee from San Angelo.

Mrs. W. E. Smith and Opal Smith from Abilene and Mrs. Pat H. Kelsey of San Angelo, are visiting S. H. Kelsey and family.

Presiding Elder R. A. Stewart is holding quarterly conference today with the Methodist Churches at Lorraine and Roscoe.

Miss Melba and Wanda Weathers of Cisco have returned home after visiting with relatives in Snyder and their aunt and uncle, W. W. Davis of Sweetwater.

Eld. E. O. Stewart of Houston, Texas, will start a meeting for the Church of God at 8 miles north at 11 o'clock this morning. Everybody invited.

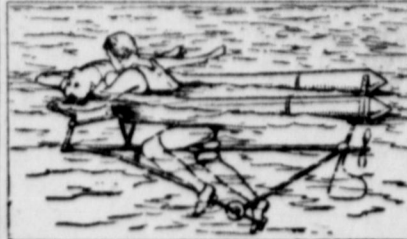

The Joint Parent-Teacher's Association of the city will give a luncheon at noon Thursday in the basement of the Methodist church for the Teachers Institute and visitors. In the evening a program will be given at court house auditorium with Mrs. Pheobe K. Warner of Claude, Texas special honor guest.

**What the World Is Doing**

AS SEEN BY POPULAR MECHANICS MAGAZINE

**Human Hair Made Into Cloth Resists Heavy Pressure**

Tons of human hair are being turned into cloth by a southern factory to supply the demand of cotton-seed oil mills that need a fabric that will withstand, for a time at least, a pressure of 4,000 to 4,500 pounds a square inch. Only that made from hair is strong enough. Formerly it was woven from camel's hair, but the price of that product went to such high levels as to prohibit its use. After a series of tests, a method was devised for weaving human hair in specially constructed machines. The search for a sufficient supply to keep the factory going ended in China, where buyers found a veritable army of coolies ready to sacrifice their queues for American money. Bound in huge bales, the hair arrives at the factory ready for weaving, having already been inspected and sterilized on the way over from the Orient. Combed and carded, it is twisted into threads and fed into the looms, where it is woven into rolls of cloth 1/2 inch thick, the rolls weighing 600 pounds.

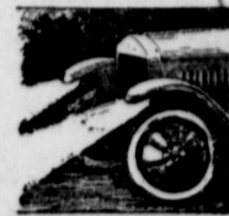

**Water Bike Aids Life Guards in Saving Drowning Persons**

To aid life guards in rescue work, a floating frame supported in the water between two air tanks, enables them to reach danger points quickly. Half submerged, the rider drives a propeller by working pedals with his feet, traveling at greater speed than swimming would permit. The body of the victim may be easily thrown across the front of the tanks and carried to shore.

**Auto Lights Under Fenders Remove Strong Glare**

By having all of its rays strike directly on the road ahead, an automobile lamp attached by a single bolt to the under side of the front fender inside the wheel, does away with blinding glare of ordinary high-powered headlights that frequently annoy those driving at night. Its shaft of light, thrown for 300 feet, is low enough to avoid the eyes of approaching motorists and cyclists, and clearly shows the road from both directions, preventing many accidents and making dimming unnecessary. A bracket allows the level of the light to be raised or lowered with ease.

**Tag Fish for Identification**

A practical and comprehensive plan has been suggested by the Bureau of Fisheries, to help in studying the habits of various fish such as salmon, codfish, pollock and haddock. A device similar to a bachelor button of aluminum is riveted into the fish's tail. With this system the oceanic migration of fish, their rate of growth in various localities, and age can be determined. The bureau pays 25 cents each for tags sent in if accompanied by place and date of capture, length, weight and sex of fish, and how marked.

**Mule, as Caddy, Carries Bags of Golfers**

Because of lack of caddies, a mule is being used on one golf course in the South to carry the bags of the players. One of the

mule's advantages over the human caddy is the fact that he can carry as many bags as can be strapped on his back. Then, too, he works without tips or pay.

**Sick Cured With War Gases**

Deadly gases developed during the war are now being used to cure disease. Grip, colds, and the "flu" are quickly checked by chlorine gas, say army chemists. Mustard gas is being used to combat tuberculosis, while parais, and other diseases, are being treated with some success with "lewisite," a gas of arsenic and acetylene, invented for use by American troops.

**Mixing Feed for Hogs**

The novel method of slopping hogs shown in the drawing has been found a great time and labor saver on an Iowa farm. The iron tank shown in the foreground is placed at one end of the concrete watering trough, and can be filled with water from the pipe that supplies the trough. The tankage, shorts, or other ground feeds are mixed in the tank and enough water run in to make a thin slop. Then the valve indicated by the arrow is opened, and one of the troughs filled, whereupon the valve is closed again, the pipe swung over to the other trough, and this one filled. The valve

and tank, and the inner ends of the troughs are fenced in as shown, so that the hogs will not interfere with the filling operation.

**NOTICE**

We have a complete line of School Supplies and are in position to give you the very best prices and service possible.

When you get your list from the teacher bring it to us and we can furnish every item called for and save you the trouble of going from place to place to get the different articles.

**New High Record 3,839**

for Economical Transportation

Shipped on July 31st.

A new high shipping record was established for Chevrolet plants in the United States on Tuesday, July 31st, when a total of 3,839 Chevrolet cars and trucks were shipped from all plants. This is considerably in advance of all previous high marks, the best previous being 2916, established May 31, 1923.

All Chevrolet plants are operating at full capacity, and have been for months. Sales are running around 45,000 cars per month. Strenuous efforts are being made to increase production facilities. Large new plants have been erected at Buffalo and Cincinnati and another placed in operation at Janesville, last spring.

## WEST TEXAS NOTES.

Last Friday was the semiannual working of the Pyron cemetery, and about 150 gathered at the ground for the working.

They have had a well at the cemetery, but had never put in a windmill and at this working enough money was subscribed to put up a windmill.

The Pyron community hold this as one of the most important events of their community during the year and they never fail to come out and lend their assistance, and at the same time a pleasant social day is spent.—Snyder Signal.

Mr. Ira Sturdivant thinks he will make 100 bales of cotton off his farm. Mr. Sturdivant says he has about 300 acres. This is a good year on that amount of acreage.

With the present outlook the cotton crop will be much better than it promised two weeks ago.

The leaf worm is bothering in some localities and it yet remains to determine just what damage they will do.—Snyder Signal.

Ernest Taylor the land man states that real estate business is picking up. He has made two or three deals during this week. Mr. Taylor thinks that this will be a good fall for prospectors and that lots of land will sell.—Snyder Signal.

Miss Edna Mabel Bouchett and Miss Larue Johnson of Cross Plains left last week for Pecos to attend the teachers' institute and from there they go to Toyah to teach in the public school.—Clyde Enterprise.

Good roads are coming. Sooner or later Callahan County will vote for bonds to build good roads. That being true the voters should accept the opportunity to secure good roads at the least cost. The Enterprise believes the citizens of Road District No. 1 have the opportunity now. We now have the opportunity to secure a first class highway across the county at a cost to the county of only \$200,000. If the bonds are defeated now, in the opinion of The Enterprise, four or five years from now the voters will vote bonds to complete this highway, and then it will cost the county \$600,000 or three times as much as it will cost now.—Clyde Enterprise.

One more prominent residential deal was pulled off this week, when E. C. Brand, Cashier of the First National Bank, purchased the Geo. W. Gray residence on Union Avenue. This is one of the best homes in Hamlin and one that Mr. and Mrs. Brand will be proud to own. Mr. and Mrs. Gray will for the near future occupy the Claude Gray home, on Hope Avenue. To learn that Mr. Brand has purchased the Gray home is to know that he and his good family will again make Hamlin their home. For about six years they have resided in Sweetwater and there Mr. Brand was in the banking business.—Hamlin Herald.

Mrs. J. F. Betram is getting along nicely after her fall at the home of her daughter, Mrs. Jim Butler, and is able to be up again.

# The Good MAXWELL Reduced to \$795

forges so far ahead of anything in its field that no room is left for discussion. The one thing remaining is to come, see, and ride.

Consider its remarkable reputation for standing up, in connection with this complete equipment:

Cord tires, non-skid front and rear; disc steel wheels, demountable at rim and at hub; drum type lamps; pressure chassis lubrication; motor driven electric horn; unusually long springs; new type water-tight windshield.

## Why Bank With a Guaranty Fund Bank?

The Officials and Directors of this bank think they know why you should bank with a Guaranty Fund Bank. The hundreds of depositors of this bank probably have their reasons why they prefer to do business with a Guaranty Fund Bank. But we want YOUR reason why everyone should do their banking business at a Guaranty Fund Bank, and just to make it interesting we offer the following prizes:

- 1st Prize \$20.00
- 2nd Prize 10.00
- 3rd Prize 5.00

For the best answer to the question

### Why Bank With a Guaranty Fund Bank

Write out your reason in a letter to this bank of not over 200 words and send in not later than October 1st.

If you will call at the bank we will gladly give you a little booklet called "Not a Penny Lost." In this little booklet is a full description of the Guaranty Fund Plan and how it works. This will help you in winning the prizes we have offered.

The judges for this contest will be disinterested parties. No official or Employee of this bank will be allowed to enter the contest.

**AT THE PALACE**

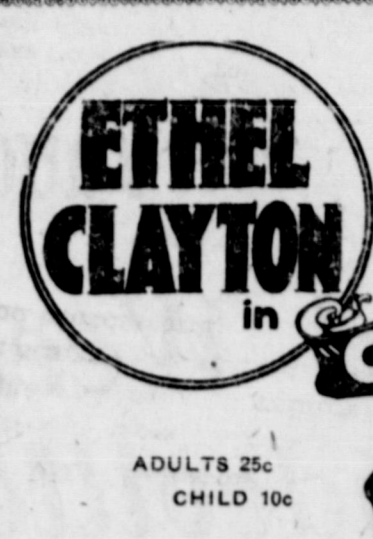

Beginning Monday and continuing for three days, Sweetwater will receive what is heralded as the biggest motion picture production during the past year, "Douglas Fairbanks in Robin Hood."

The massiveness of structures, and the magnitude of the production has made the show going public marvel and wonder. In preparing for the filming of the story, a large corps of artists and authorities of history ransacked libraries in order to get accurate data of the period in which King Richard, The Lion Hearted, lived.

Approximately 1,000,000 feet of lumber was used in the construction of the sets, 250 tons of material went to the walls of the castle. The king's castle itself measuring 310 feet in height and 620 feet long and two and a half acres of land. The royal banquet room in the castle is larger than the concourse of the Pennsylvania Terminal station in New York City.

In spite of the magnitude of the production and the huge number of people

used in staging, the details and movements of each individual are clear. The lessons taught during the World War were made use of in making the "shots." Field telephonic communications of the U. S. Signal Corp type were used in directing the scenes in which large numbers of "extras" worked.
