SWEETWATER, TEXAS, TUESDAY, OCTOBER 9, 1923

NUMBER 214

## FT. WORTH MAN WILL LAY STONE

W. H. Connell of First National Bank At Ft. Worth Accepts Invitation to Lay Corner Stone Here

WAS A CHARTER MEMBER HERE

Address Wanted by Committee of Previous Members Who Have Moved Away From This City

The actual laying of the cornerstone of the First Baptist Church will be by G. H. Connell of the First National Bank of Ft. Worth, and one of the charter members of the Sweetwater church. Mr. Connell is one of the many former members of the church who will attend the Home Coming services and ceremonies Sunday Oct. 21.

Mr. Connell's letter follows:

Ft. Worth, Texas, Oct. 8, 1923.

Dr. L. G. Morony,

First Baptist Church,

Sweetwater, Texas.

Dear Sir and Brother:

Your letter inviting me to be present and assist in laying the cornerstone of your new church building October 21st is received, and it is with pleasure that I accept your invitation. It calls to my memory many pleasant associations. While I do not hope to meet any charter members of the church, I do hope to meet a number who later became members and participated in the building of the first little frame building, from which my two dear little boys were carried to your cemetery where they now rest, in the years of 1896 and 1897 in memory of which I will be glad to have the privilege of contributing a window for your building.

God permitting, both myself and Mrs. Connell will be with you at the morning service as well as in the afternoon ceremonies.

Most sincerely yours,

G. H. CONNELL.

The committee in charge of sending out invitations for the Baptist Home Coming Sunday, Oct. 21, would like to learn the present address of many old time members if any readers can furnish this information concerning any of the persons listed below it will be appreciated by the committee. Call phones 635, 16, 266, 117, 180, 219, 415, Mrs. D. I. Herndon is chairman of the committee.

## BURIED AT MARYNEAL

G. W. Aldridge Brought Here From Bonham; Owned Extensive Holdings

G. W. Aldridge, 84, has been buried in the Maryneal cemetery following his death at his Bonham home recently. Rev. G. W. Parks, Baptist minister at Roscoe officiated.

Besides his wife, Mr. Arledge is survived by four sons, T. E. of Roscoe, Harvey of Blaskwell, Joe of Sanco and Will of Carlsbad, New Mexico. All were present at the funeral.

Although Mr. Arledge has never claimed Nolan County as his home, he owned extensive property in the south part of the county and was well known in this section. He also owned considerable property in Bonham and divided his time between the two places. He was buried beside his first wife in the Maryneal cemetery.

## COMMUNISM NOT WANTED IN U. S.

American Federation of Labor Unseats Delegate Who Advocates Sovietism by Majority Vote

AGAINST THIRD PARTY MOVE

Both Third Party and Resolution Endorsing Recognition of Russia Will Be Vigorously Opposed

PORTLAND, Ore., Oct. 9.—The attitude of the American Federation of Labor toward Communism was clearly outlined here last night by its action in voting to unseat W. F. Dunne, a delegate from Butte, Montana. He was accused of being a communist and not in sympathy with the program of organized labor.

"Those who serve Communism cannot also serve the Federation," said Mathew Moll, vice-president of the organization. The vote to unseat was 378 to 9 among the accredited delegates to the convention.

In a speech Dunne had characterized fellow delegates to the convention as "these fat boys who are held up as the bulwark of the nation," and declared they are "hangmen and informers for the employing class, more interested in maintaining the capitalist class than the employers themselves."

Defeat of the resolution presented endorsing the "farmer-labor" or "third party movement," was predicted by opponents and almost conceded by proponents. All admitted, however, that it would be the subject of extensive discussion.

"The federation this year will strike longer than ever at the third party movement," declared Peter J. Brady, president of the Federation bank of New York.

Action on the third party resolution will come up early this week, when the educational committee's report, to be completed today, is finally considered.

Other resolutions which will come up this week will include asking recognition of soviet Russia and the "one big union" proposal. It was predicted that both would be warmly debated—and defeated.

William Green, secretary of the United Mine Workers, has been chosen to lead opposition to the Russian recognition resolution.

## WARNS FRANCE

David Lloyd George Ready to Assume British Premiership if Need Arises—Cabinets May Topple

By The United Press.

MONTREAL, Can., Oct. 9.—Former premier David Lloyd George is still keeping his ear in the international waters despite the fact that he is no longer steering the British Ship of state.

The possibility that the Stresemann cabinet in Germany may fall in a week or two which he is confident will be followed shortly thereafter by the fall of the British ministry, put Lloyd George in a position to say that he is ready if need arises for his services. In his speeches hitherto he has confined himself to broad generalities on the international situation but today there was a sting and a warning to France in his remarks, when he said that Germany's ability to pay had been lessened by the Ruhr occupation, with the intimation that it was still further diminishing each day of delay.

L. J. Geer is in Fort Worth today on business.

## PLANS LOCATION OF NEW CONCERNS

Progress of Negotiations With Companies Considering Sweetwater, is Reported at B. C. D. Meeting

DISCUSS CITY AMENDMENTS

No Additional Power is conferred on City Commission by the Proposed Amendments

Progress on negotiations with several new concerns which are considering a location at Sweetwater were reported at the regular meeting of the Board of City Development Monday night.

These propositions, with a discussion of the charter amendments to be voted on Oct. 23, and other matters occupied the major portion of the session.

The advisability of a crossing watchman at the Bowie Street crossing, where the car driven by Mrs. O. M. Leerstang was hit by T-P passenger train one night recently was discussed with Mayor Boothe who reported that a watchman had also been ordered for the Galveston Street crossing. With the large increase in switching due to cotton movement and enhancement of business generally, it was pointed out that all these crossings were becoming increasingly dangerous.

In discussing the proposed amendments to the city charter, Mayor Boothe said there was but little change in the first amendment from the present reading in the charter and that no more power was conferred upon the City Commission than it now had.

"When amending the charter it is necessary according to law to publish the whole section amended, even if but one word is changed. The purpose of this amendment is to make any paying securities more saleable than they are with the present wording of the charter," he said.

"The amendment relative to extension of water mains outside the city limits or course needs no discussion but the most important from the standpoint of the city is the one relative to the tax rate. Under the present arrangement, the Commission has the power to levy a much stiffer tax rate than that. But we cannot raise the money in the funds where it is needed. The commission can levy as high as \$1 tax for the Lake Tramway bonds, if necessary but I have recommended this year a tax of 25¢ for that purpose, and if the amendments are voted, a total tax for all purposes of \$1.50 as compared with \$1.60 last year. The new tax will also include the interest and sinking fund on the filtration plant bonds. The city is borrowing money to operate on right up to the limit now, and if this amendment is not voted, then I personally do not know how the city can be operated in the future."

## DAVIDSON SPEAKS

Lieutenant-Governor Formally Opens All West Texas Exposition at San Angelo Monday Afternoon

Special to The Reporter.

SAN ANGELO, Oct. 9.—"The wonderful development of West Texas from a frontier wilderness infested with Indians to the empire that it is today, rich in cattle, sheep, wool, mohair, agriculture and oil, can be accounted for in but one way, the greatness of the American people and the American traits of industry, individuality, reverence for constituted law and religious tolerance."

T. W. Davidson of Marshall, Lieutenant-Governor of Texas, so told the crowd attending the opening program Monday afternoon of the All West Texas Exposition. His address, delivered from a platform on the race track in front of the grand stand, formally opened the six days' and was well received. Colonel C. C. Walsh, president of the Central National Bank, introduced the speaker, who, incidentally, is a candidate for the Democratic nomination for governor next year.

With exhibits from a score of West Texas Counties, horse races, auto races, pageants, features, parades and other events lasting throughout the week, San Angelo is entertaining the greatest fair crowd in her history.

Rev. O. M. Killiam, pastor of the First Methodist church at Putnam spent the night with B. S. Cox.

## GERMANY MOVES TO PAY HER DEBT

Suggests Conference Through Ambassadors at Paris and London to Settle Reparation Details

INDUSTRIALISTS ARE RESTIVE

Submit Ultimatum to Stresemann Government Demanding Pay For Confiscated Coal—U. S. Not to Move

By The United Press.

BERLIN, Oct. 9.—The German government took another step today toward ending the Ruhr deadlock through the ambassadors at Paris and London. Inquiry was made whether France and England were ready to negotiate the necessary details in connection with reparations.

Until replies are received, the government proposes to withhold answer to the industrialists ultimatum, headed by Hugo Stinnes, that coal confiscated in the Ruhr by the French be paid for by the German government. Other demands were included among them one for the withdrawal of the coal tax.

German labor will oppose the demands of the industrialists to the bitter end. A civil war making the end of the Stresemann regime is not considered at all impossible.

WILL NOT PUSH PROPOSAL

By The United Press.

WASHINGTON, Oct. 9.—The United States government has no intention of pushing the proposal of Secretary Hughes for an international economic conference at this time to investigate the ability of Germany to pay reparations.

The proposal was made a year ago, and is still open, it was said at the White House, to any country which may care to take advantage of it.

But, it was intimated, as long as France maintains its present attitude, such a conference would prove impracticable.

FELL—DYING

SAN ANGELO, Oct. 9.—W. Kelly Grooms, San Angelo, was thought to be in a dying condition on the Mark Nasworthy ranch near Knickerbocker at 4 o'clock Monday afternoon, following a fall from a pecan tree at 10 o'clock Monday morning. Grooms, who was threshing pecans from the tree, was precipitated to the ground when a limb broke with him.

FROM LUBBOCK

J. W. Oates to Open Tire and Accessory Store in Sweetwater

J. W. Oates has leased the store next to the Herndon Shoe Store and will open an automobile tire and accessory business shortly, it is announced.

Mr. Oates comes to Sweetwater from Lubbock.

## NEED A SPEAKER

Oklahoma Legislators to Hold Caucus Wednesday Night—Former Speaker Gibbons Refuses Nomination

By The United Press.

OKLAHOMA CITY, Oct. 9.—The members of the House of Representatives of the legislature, called into extra session for Thursday are faced with the selection of a Speaker for the extra session.

A preliminary caucus to perfect the organization has been called for Wednesday night. Murray Gibbons, speaker of the last session of the house, declared here late yesterday that he was not a candidate for the place.

"Governor Walton has called this session to investigate acts of lawlessness and terrorism on the part of certain organizations and to investigate certain offices of the state. I feel that this investigation should be full connection with the state government connection with the state government has been rather intimate in certain respects and I feel that there would be certain comment and question if I were to act as speaker," Gibbons said.

OPENS OFFICE HERE

T. A. Lyons has leased an office in the Trammell Building and will make this town headquarters for cotton buying. Originally from Dublin, Mr. Lyons is well known here, serving a part of last year as an official on the Sweetwater ball club.

## GRAND JURY RECESSES

Three More Felonies and Three Misdemeanors Are Returned

The Grand Jury has recessed until the fifth week of court, after holding a session that lasted into the night Monday.

Three more felonies, bringing the total to eight and three misdemeanors were returned.

Among the misdemeanors was one against John Bick, of the Palestine Drug Co., of St. Louis on complaint of L. L. Medlock, Roscoe Druggist. Petty larceny is alleged in the complaint in connection with the disappearance of some drugs from the Roscoe store. Bick has been a salesman in this territory 28 years and Medlock has been a customer for the past 18 years.

## Late News

DALLAS.—The case of J. Robert Phillip, former cashier of the Citizens National Bank of Waxahatchie, charged with embezzlement of \$37,000 between 1921 and January 1923, went to the jury shortly before noon today. He is being tried in United States District Court.

HAVRE, France.—42 persons are believed to have been drowned in a furious storm which swept the coast of France today. A dredge and a small steamer are missing.

OKLAHOMA CITY.—The Canadian river hung tenaciously to its high levels today while fresh rises were reported upstream. Traffic to the suburbs of this city is maintained by circuitous routes. No damage has been reported so far.

JAY, Okla.—The pursuit of Ed Lockhart, noted bandit was given up today, authorities losing the trail in Cherokee County hills. A still hunt will be continued but the fugitive is expected to lay low for a time.

OKLAHOMA CITY.—The preliminary hearing of N. C. Jewett, Grand Dragon of the Oklahoma Ku Klux Klan, charged with riot, was continued until tomorrow when called in Justice Court here today.

SYRACUSE.—Secretary of Agriculture Wallace today told farmers at the World's Dairy congress that they were to blame for their own trouble in that they produce too much. Production should be cut until prices come up, which would place the farmer in as relatively a stable condition as the business group.

HASKELL PAYS OFF

HASKELL, Oct. 9.—Haskell County has made final payment to the State of Texas covering balance due the State in the sum of \$12,900 on a loan of \$60,000 borrowed from the State through the Drouth Relief Fund. The West Texas Chamber of Commerce states that almost all of the counties who borrowed money from the State through the Drouth Relief Fund have now returned the money to the State Treasurer. Those that have not paid may be sued by the State. The last Legislature of Texas gave such authority to the Attorney General by mandatory action.

## ARMISTICE DAY

Local American Legion Plans to Observe Sunday, November 11, With Services at First Baptist Church

Plans of the American Legion for the commemoration of Armistice Day, Armistice Day this year falls on Sunday of the Legion men Monday night.

Armistice Day this year falls on Sunday and although the following Monday is the legal holiday, the services will be held in Sweetwater Sunday.

The Post Chaplain, Dr. L. G. Morony has been asked to deliver the Armistice Day address at the First Baptist Church at 11 o'clock. Pastors of other churches will be asked to take part in the program as well as all the patriotic organizations of the city.

Other details of the day's program will be announced later as they are worked out.

Plans are also going forward for the reception of Alvin Ousley and other Legionnaires who will pass through Sweetwater Wednesday night enroute to San Francisco. It is expected that a large crowd will be on hand to hear the Old Gray Mare Band.

## TO START PLAY IN WORLD SERIES

Yanks and Giants to Lock Horns For Third Straight Year at New York Beginning Wednesday

SAME TEAMS WILL TAKE PART

Very Few New Men in Line-Up—Wonder Whether Babe Ruth Will Flivver Out as Usual

Through the courtesy of the Sweetwater Vulcanizing Co. with their radio and by the usual good service of the United Press, the Sweetwater Reporter will be able to give subscribers exceptional service on the World Series games which start tomorrow at 2 p. m. between the Yankees and Giants at New York. The games are scheduled to start at 2 o'clock Eastern time which is 1 o'clock here, in time to be carried in the regular edition.

By The United Press.

NEW YORK, Oct. 9.—Only a few debutantes will make their first bow in world's series society when the Giants and the Yankees line up for the 1923 classic.

Both Managers McGraw and Huggins probably will decide to start practically the same teams that played in the series last Fall and most of the players will be veterans of at least two previous inter-league combats.

The Giants have three star young players and at least two of them are almost sure to be seen in one or more of the games.

Jimmy O'Connell, the youngster for whom the Giants paid the San Francisco Pacific Coast League club the record sum of \$75,000, will no doubt get a chance in some of the games in center field. Manager McGraw may not start him, as he is a nervous youngster, and Casey Stengel, the veteran warrior, might get the assignment in the early games.

Jack Bentley, the \$65,000 southpaw pitcher who came from the Baltimore International League club, probably will be picked to pitch one of the games, and he is sure to get some work as a pinch hitter, as he is one of the most dangerous batters in the National League. When right he is also a very good pitcher.

Chance For Jackson

Travis Jackson, the young shortstop who came to the Giants from the Little Rock club of the Southern Association, will be put to work if Heinie Groh, the veteran third baseman, should not be able to hold up during the series.

Jackson was called upon to fill the place of Dave Bancroft, the Giants captain, who was out for six weeks during the mid-season, and he gave promise of developing into a great player. He is a game kid a good fielder and a fine hitter, and with more experience he might have been given a place as a regular.

Unless the Yanks should have a walkaway in the series, it is doubtful that any new players will be able to break into the lineup. Huggins, with the exception of Haines and Hendricks in the outfield, and Benny Bongough a third string catcher, has no new material on the team.

Herb Pennock, former Red Sox southpaw, no doubt will be started in one game. He had a very good season and it is almost sure that he will get a chance to pitch one of the games.

Huggins' Reserves

For infield reserves Huggins has Mike McNally, a veteran, and Ernie Johnston, who was added to the roster in mid-season when the White Sox asked waivers on him.

Elmer Smith, hero of the 1920 world's series when he was playing with the Cleveland Indians, will get the first call for outfield duty in an emergency.

The Yanks have two young pitchers, Pipgras and Roettger, who may be called upon as pall-bearers if the Giants should get mean with any of the star Yank pitchers.

"Mule" Watson, who came to the Giants from Boston in a mid-season deal, may also get a chance to do some pitching. McGraw is sure on him for breaking training rules, however, and he may not be used unless it is absolutely necessary.

RADIO WEATHER

West Texas tonight and Wednesday generally fair in the southwest portion. Unsettled in the north portion.

LOVE

One of the most striking news items of the week was the siege of the three convicts in the Kentucky State Prison at Eddyville that ended in death for all three in addition to 3 guards men. That the love of one of them for his wife was responsible for the attempt was shown by the confession of Mrs. Monte Walters that she provided the smuggled weapons. And in return was the death message of Walters, scribbled on the back of an envelope, "Love to you beloved!" A sentiment worthy of a better cause and a better man!

COMES BACK

"Sitting on top of the world," is a phrase which very aptly describes West Texas in this year of our Lord 1923. Provided liberally with rains, the section has bloomed and fruited abundantly in the products of the soil and with respect to cotton at least, there has been a very adequate price return. Money is literally pouring in, to the country as the cotton moves and every line of business is feeling its rich stimulant. Every train is

RODEO FEATURE AT STATE FAIR

Wild-horse riding, broncho "busting," roping, bull-dogging and other cowboy sports will be seen in the State Fair Rodeo at Dallas, Oct. 21 to 25 this year, to be produced by Tom L. Burnett of the Triangle Ranch.

loaded with men and women answering the call of the west, the highways crowded with their cars. True, many of them will return to their East Texas habitat, but many more are taking up farms from the split up ranches and settling down to develop the country. This section has seen a wonderful growth and development in the past decade or two. A still more wonderful growth awaits it in the future.

OPEN MIND COLUMN

Ablene, Texas, Oct. 9, 1923  
Hon. T. Vard: Woodruff,  
Sweetwater, Texas.  
Woodruff:-

The appearance in the Sweetwater Reporter of an item announcing that Harry Cress has been made Mayor of Injunction City has created sufficient street talk here to warrant the local papers asking for an explanation and I am therefore asking details of you.

Does this mean that Sweetwater has

divided itself into two governments with separate officials? Is Injunction City a part of old Sweetwater or a new addition? Who founded it? Who named it? Who lives there? When did it originate? Why? How? What did you and Jack Yarbrough and Buck Johnson have to do with it?

Is it a fact that the Mayor of Sweetwater proper has promised the new Mayor of Injunction City that the latter place shall have water at once?

What is Hamner Reservoir? Was it formed for purposes of irrigation or as a city supply?

Is the new deputy under supervision of the city or county police authorities?

IRES PROSSER  
Lawyer  
Luella Bldg.  
Sweetwater, Texas

As I have been informed that you are still out of jail I am sure you are in position to answer the above questions satisfactorily. Would appreciate any additional details that you may care to mention.

Yours,  
LLOYD THOMAS.

5,865 BALES GINNED  
Ginning Report Shows Nearly One Thousand Less Bales at This Time

There were 5,865 bales of cotton ginned in Nolan County from the crop of 1923 prior to Sept. 25, as compared with 6,829 bales at the same period last year, according to the report made public by the Department of Commerce, Bureau of the Census.

There is no question but what Nolan County will produce more than it raised last year but the late rains in August and September delayed the crop considerably from last year. However it is moving rapidly now, and in some instances around Roscoe, farms are producing a bale to the acre.

Beware of Cheap Substitutes

How to tell for sure  
—what oil your car needs

No. 9 in the series

Perhaps you own  
a Maxwell

If you don't own a Maxwell, cut this out and hand it to a friend who does

The late model Maxwell engines are designed with force feed lubricating systems in which oil is forced under pressure to the three main bearings. Holes drilled in the crankshaft carry the oil under pressure from the main bearings to the connecting rod bearings. The other moving parts are lubricated by the oil mist which is created when the oil is forced out through the close clearances at the ends of the connecting rod bearings.

The oil circulating pump is of the impeller type and is located at the camshaft level, drawing its supply through a pipe connecting with a strainer in the oil reservoir.

Aluminum pistons of the constant clearance type are employed. The skirt or bearing part of this type of piston is slotted on one side to provide for expansion under heat and therefore permits the use of close clearances. In addition, horizontal slots are cut through the piston below the lower ring to permit the free return of oil from the cylinder walls.

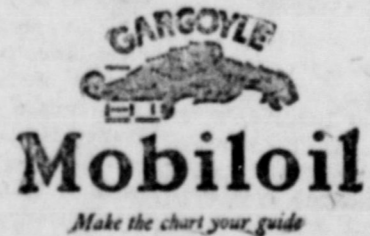

With the effective control of the oil supply which is secured by this oil return provision on the pistons, the possibility of carbon formation is minimized. In addition, the characteristics of aluminum as a piston material tend to prevent the fuel knock which often occurs when carbon deposits accumulate.

Where natural circulation of the cooling water (thermo-siphon system) is employed as in the Maxwell design, it is desirable to use in warm weather an oil which is suitable for fairly high operating temperatures. Such an oil will be thoroughly atomized and distributed by the Maxwell lubricating system under the conditions of summer operation.

To assure circulation of the lubricating oil in cold weather, the use of an oil which flows freely at low temperatures is necessary because of the elevated location of the oil pump with its long connection to the oil reservoir.

To meet correctly these and other important lubrication features of the Maxwell design, we recommend for the 1922 and 1923 models, the use of Gargoyle Mobiloil "A" in summer and Gargoyle Mobiloil Arctic in winter. For the 1921 and earlier models, Gargoyle Mobiloil Arctic should be used both in summer and winter.

next Friday,  
we will tell you about the  
Correct Lubrication of your  
Ford. Watch for this.

**NOTICE TO CONTRACTORS**

Sealed proposals addressed to the Honorable Mayor and City Commission of Sweetwater, Texas, will be received at the office of the City Secretary at Sweetwater, Texas, until 2 o'clock p. m., October 18th, 1923, and thereupon publicly opened, read and considered by the Mayor and City Commission for furnishing all necessary

materials, equipment and labor for constructing a Rapid Sand Filtration Plant and Pumping Plant.

Bids will be received upon the following two separate units, and separate contracts will be awarded.

(A) One Million Gallon Filtration Plant including:

1. Filter Building and Clear Well;
2. Filter Equipment;
3. Mixing Chamber;
4. Sedimentation Basin;

5. Sewer Catch Basin;
6. All connecting pipes, piping, and fittings.

(B) Pumping Equipment for One Million Gallon Pumping Plant.

The Commission will especially consider the experience, financial standing, and mechanical equipment of the bidders in making award of contracts. A certified check in the sum of One Thousand Dollars (\$1,000) payable to J. H. Boothe, Mayor, must accompany each proposal for the Filtration Plant; and a similar check in the sum of \$500.00 must accompany each proposal for the Pumping Equipment. The City reserves the right to accept or reject any proposal and to waive formalities.

Plans and specifications may be had at the office of the City Secretary at Sweetwater, Texas, or at the office of Hawley and Sands, Consulting Engineers, 403 Cotton Exchange Building, Fort Worth, Texas and may be taken out upon the deposit of a cashier's check for twenty five dollars.

J. H. BOOTHE, Mayor.  
W. H. Bartlett, City Secretary.

**SERVICE!**

Yes, for SERVICE call J. I. Payne, the Undertaker, Embalmer and Funeral Director, Equipment the best.

All Ambulance and Funeral work has Mr. Payne's personal attention, also does the Embalming himself.

Our Ambulance is not a Hearse, never used for the transportation of a corpse, in a Funeral.

We have a fine Sayers and Scovill Funeral Car that we use for Burial purposes alone, it is not an Ambulance and we never offer it for SERVICE, while people are living.

Our MORGUE and Slumber rooms are nice and quiet.

All bodies entrusted to our care have the best attention, and everything strictly private. No Garages or Filling Stations near our Parlors.

Why not have and demand the best for Yours and your friends when the Crucial time comes.

When there is better Equipment to be had or Better SERVICE to be rendered, you will find it at PAYNE'S.

Yes, call 84 for Service.

CIGARETTES

The Sweetwater Delphian Chapter will meet in the District Court Room at 5:30 Thursday afternoon. All members are especially urged to be present as this will be guest day. All that are interested in the Delphian work are invited to attend. 214t2de

**Why not buy that  
Electric Range now?**

The speed and convenience, safety, clean cooking utensils and the clean kitchen are points that are so much in favor of the Hotpoint Hughes Electric Range that there is no reason for longer delay in installing one in your kitchen. Range users have learned that it costs no more to operate a Modern Hotpoint Hughes Electric Range owing to the special low rate we can make on current for range use.

**ADVANTAGES—**

- Your kitchen is more easily kept clean. The heat is applied only where it is needed.
- There is no smoke, no odor, no soot to blacken cooking utensils.
- Cost of operation is low. Special range rates on current.
- Current is at your service. It may be had at the turn of a switch. No matches—no fuel to worry about.
- Ornamental designs in different sizes to fit your kitchen.
- and many others we will gladly explain to you.

PAK STREET.

eral fulfillment at Arden, Iron County.

Rev. S. F. Baucom, venerable missionary of the Concho Valley Baptist Association, held Sunday night service at Arden. As the service was beginning a boy saw a rattlesnake laboriously but determinedly climbing the stairway which led to the meeting hall. The lad gave the alarm and men went out to dispatch the snake. The rattler, after coiling himself briefly in the doorway, was making a hurried exit. It was overtaken and its life stamped out, while the service went on. It had nine rattles and a button.

ASKS EXHIBITS

Miss Mable Spann, Home Demonstration Agent, has received a request that exhibits shown at the club display in Sweetwater be also exhibited at the State Fair at Dallas. She asks that the members having flour sack exhibits please bring them to her office in the Court House as soon as possible and is sure the members will be glad to help in this way.

The letter follows:

Dear Miss Spann: Miss Swift tells me that you have a most wonderful and sensible flour sack exhibit. I should be so glad to have you send it to exhibit at the State Fair in our booth. Is this possible, address it to Miss Higgins, Dallas, care State Fair. BESS EDWARDS, District Home Demonstration Agent.

Today Only "The Japanese Earthquake"

This great picture shows the earthquake that destroyed two of the largest cities in Japan.

We are showing this picture ahead of the larger cities of Texas

This just goes to show you that when better shows are shown in Sweetwater R and R will show them.

MATINEE FOR THE SCHOOL CHILDREN  
All children between the ages of 6 and 16 will be admitted for 5 cents

various kinds are used as mediums for carrying forward the work. Due to the co-operation of club women of Texas, chambers of commerce, the local press, rural and state schools, teachers, farmers and farm women, remarkable achievement has been made the last year. A conservative estimate indicates a saving to farm homes of Texas of over \$3,500,000 through vegetable and fruit production and preservation, conservation of meat producing of milk and milk products, production of poultry and poultry products and the making of articles for the home, wearing apparel, etc.—S. C. Hoyle, Extension Educator, College Station, Texas.

HOME DEMONSTRATION

Home Demonstration work in Texas is past the experimental stage and rests on a permanent foundation. Those engaged in the service no longer have to make an effort to arouse interest or push the work. It is pushing them. According to...

FEW FOLKS HAVE GRAY HAIR NOW  
Druggist Says Ladies Are Using Recipe of Sage Tea and Sulphur

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe. Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wynell's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wynell's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.
