THE SWEETWATER DAILY REPORTER, SWEETWATER, TEXAS TUESDAY, FEBRUARY 5, 1924.

NUMBER 4

Suspend Business For Funeral Hour

Governor Neff Asks All Texas Business Houses to Close During Funeral Services of Late President Woodrow Wilson Wednesday Afternoon at 2 O'clock.

SIMPLE SERVICES ARE ARRANGED

23d and 90th Psalms and Gospel St. John With Episcopalian Prayer Service to be Given—McAdoos Battling Storm in Midwest in Endeavor to Reach Washington For Funeral.

Indications are that all places of business in Sweetwater will close Wednesday afternoon during the hour of the services held as a memorial to Woodrow Wilson. Mayor Joe H. Boothe will preside. The following program, beginning at 2 p. m., will be given in the Methodist Church:
Invocation—Rev. D. B. Hestir.
Music.
23d Psalm—Rev. L. G. Morony.
Prayer—Rev. J. R. Henson.
Music.
Address "Woodrow Wilson"—R. M. Chitwood.
Music.
Benediction—Rev. J. T. McKissick.

In spite of the short space of time in which to adequately provide for the services, there was every indication that the Methodist Church would be inadequate to hold the crowds who desired to take part in the last reverent tribute to the memory of Woodrow Wilson. At their regular meeting Monday night the American Legion indicated they would attend in a body in uniform. A color guard and firing squad would be provided by this organization to put a formal touch to the occasion. While there was no formal indication from the Sweetwater unit of the National Guard, it was indicated that this organization would take part also with Captain Sidney Mason who is also a member of the Legion in joint command.

The church will be decorated by the ladies of the Methodist congregation. It was indicated that the Knight Templars would attend in uniform in a body. The address of the day will be delivered by R. M. Chitwood.

High School Program

The following program will be rendered Wednesday at the High School, at 2 o'clock:

1. Scripture lesson, II Cor. Chap. V—J. Stone Rives.
2. "Star Spangled Banner"—The High School.
3. "Lead Kindly Light"—The High School.
4. "Whispering Hope"—Ina Lee Ely and Verna Shepherd.
5. Woodrow Wilson, The Writer—Mr. Barnett.
6. Woodrow Wilson, The Educator—Miss Bolin.
7. Woodrow Wilson, The Man—Mr. Nowlin.
8. Woodrow Wilson, The Statesman—Miss Daniel.
9. Wilson's Place in History—Herman Hardin.
10. Address—M. B. Howard.
11. The Apostle of Peace—Fanny Jang.

By The United Press.
WASHINGTON, D. C., Feb. 5.—The same devotional book in which every night he communed with God, will be read tomorrow the words of the service committing all that is mortal of Woodrow Wilson to eternal rest. Bishop James E. Freeman will read the same passages which strengthened and comforted him during the trying hours he spent in the presidency and later while he was an invalid. Services at the Wilson home will open with a reading of the 23rd Psalm by Rev. J. A. Taylor. Then Rev. Sylvester Beach, the pastor of the late President while he was at

Princeton will offer prayer. This will be followed by the reading by Bishop Freeman of extracts from the late President's personal devotional book. At Bethlehem Chapel, the three ministers will walk down the aisle together. Bishop Freeman will read the 25-26 verses, chapter 2, Gospel of St. John. Rev. Taylor will read the 90th Psalm. Bishop Freeman will then read the order for the burial of the dead from the Episcopalian prayer book. The choir will sing the "Strife is Over, the Battle Won." The benediction will be read by Bishop Freeman.

Business Suspends

AUSTIN, Texas, Feb. 5.—Governor Neff today issued a proclamation requesting the suspension of all business during the funeral hour of the late President Wilson.

"Let us as Americans and Texans take part in this united tribute," the proclamation said in part. Governor Neff also wired his sympathy to the widow of the former President.

Race With Time

KANSAS CITY, Mo., Feb. 5.—Mr. and Mrs. W. G. McAdoo, hurrying to Washington for the funeral of Woodrow Wilson, father of Mrs. McAdoo, passed through Kansas City at midnight last night.

The train was an hour late when it reached here and Santa Fe officials were making every effort to keep it moving as near schedule as possible, in order that the McAdoos might be able to reach Washington in time for the funeral Wednesday.

The train is fighting heavy snow drifts all the way, however, and rail officials feared that they would not be able to get the train into Chicago on schedule time.

The McAdoos are scheduled to reach Washington at 9 a. m. Wednesday.

Mr. McAdoo would not be interviewed at Kansas City but conferred with political advisers for a few brief moments.

BANK IS LOOTED

Two Unmasked Bandits Held Up Cashier of Oklahoma Bank and Escapes With \$3,000 Cash

By The United Press.
SHIDLER, Ok., Feb. 5.—Two unmasked bandits today held up the cashier of the First National Bank and escaped with \$3,000 in cash. The holdup occurred shortly after the bank opened for business.

After getting the money, the bandits escaped in a motor car.

Poses are in search for them today.

Mrs. George Parker announces that the meeting of the West Ward Parent Teacher Association scheduled for Wednesday has been postponed on account of the Wilson Memorial service.

The Wesley Bible class will meet for their social and business meeting Wednesday afternoon at the home of Mrs. H. C. Herndon on Walnut St., immediately after the Wilson memorial service.

Mrs. Ed Bardwell is convalescing from a two weeks' illness.

Memorial Services

Tomorrow (Wednesday) afternoon at 2 o'clock Sweetwater will pay tribute to the memory of Woodrow Wilson. All places of business are asked to close during the hour of service, both by the local committee in charge of the services, and Governor Pat. M. Neff, in his proclamation asking State-wide observance of the funeral hour of the late President. All former service men are asked to take part in the affair to honor their dead chief and meet with the American Legion, in uniform, at the First Baptist parsonage.

RECAPTURE ONE SELECT WARDEN OF BANDIT TRIO AT HUNTSVILLE

Joe Sullivan, Who Escaped From Death Cell at Little Rock Prison Picked Up at Redfield

CAR REFUSED TO START TO ELECTROCUTE NEGROES

With Companion Had Planned Rob Grocery Store For Provisions—Deputy Sheriff Gets Him

By The United Press.
LITTLE ROCK, Ark., Feb. 5.—Joe Sullivan, one of the trio of desperadoes sentenced to the electric chair and who escaped from the death cell here Friday, was recaptured near Redfield this morning according to word received by the prison authorities.

The capture was made by a deputy sheriff.

Sullivan and another bandit believed to be Emory Connel drove a small car behind a wayside grocery early today and broke in the door in the rear. They loaded their automobile with provisions evidently for the hide out in the woods. Unable to start their machine, they fled down the road on foot.

Shortly after they left, the proprietor of the store discovered what was going on and notified the sheriff at Pine Bluff.

Sullivan was overtaken about a mile down the road. He was unarmed and offered no resistance to capture.

Famous Sculptor Cut Jackson Head On Stone Mountain

ATLANTA, Ga., Feb. 5.—The head of Stonewall Jackson will be the next figure completed in the gigantic panorama of the "Lost Cause" on Stone Mountain here.

Gutzon Borglum, sculptor, who is directing the carving of the massive memorial in the high granite rock, has started work on the second figure and hopes to have it completed by early summer.

The head of General Robert E. Lee already has been completed as the first step in the panorama.

"I will now start work on Stonewall Jackson's head," said the sculptor. "The first work will be to free the head by removing granite around the head area. When that is finished I shall work back into Lee's head and then give it the final touches, then begin work on the figure of Lee and his horse."

Lee will be mounted on his famous charger "Traveler" by fall, said Borglum.

WILL CUT TAXES URGES RESPECT

A 25 Per Cent Reduction 1923 Income Taxes Assured by Action House Committee Today

By The United Press.

WASHINGTON, D. C., Feb. 5.—Taxpayers are very nearly assured of a 25 per cent cut in their taxes to be paid on 1923 incomes by the action of the House Ways and Means Committee today.

Completing their work today, the Republican members ratified the proposal of Chairman Green asking for immediate relief.

The retroactive part of the bill will be included in the report of the measure that will go before the House next Monday.

Walter Miller, Former Sheriff Johnson County Arrives at Penitentiary From Cleburne

TO ELECTROCUTE NEGROES

In Event Miller Elected by Prison Commission He Will Execute Five Men Friday Morning

By The United Press.
HUNTSVILLE, Texas, Feb. 5.—A warden who will electrocute the five condemned negroes has been selected, it is believed.

Walter Miller, former sheriff of Johnson County, arrived at the penitentiary Monday from his home at Cleburne. It is understood that he is the selection of Governor Neff and will be formally elected by the Prison Commission at their regular meeting Wednesday. Miller is to succeed R. S. Coleman, warden of the prison 20 years and who resigned rather than electrocute the men.

Miller will be relieved in the event Miller is not elected remains to be seen.

Spear, the assistant warden, announced that he is willing to perform the executions but that the law provides that the warden carry out the task.

The electrocution law, passed by the Thirty-eighth Legislature provides that executions shall take place at any time before sunrise on the day set for the executions.

The four men who are to go to the chair Friday, all negroes, are: Mat Mathews, Tyler County; George Washington, Liberty County; Melville Johnson, Liberty County; Ewell Morris, Victoria County.

All four have been reprieved at various times because of the new death chair not being ready and all have been waiting their final end for many months.

Marriage License

County Clerk Gus Farrar Monday issued licenses to the following parties: John Rodgers and Senie Robertson of Sylvester; Filomena Castro and Mrs. Maria Martinez of Roscoe; Fred Martin and Nettie Davis of Snyder.

On account of the memorial service Wednesday afternoon, the Mary-Martha class will not meet at three but immediately following the service. They will meet in the church basement auditorium, with Mrs. O. L. Dobson hostess.

S. C. McCord donated a new book to the library Monday. Mrs. J. P. Cowen three and Herbert Lilly, two.

American Legion Asks Removal of Hats While Flag Passing—To Attend Memorial Service

At the regular meeting of the American Legion Monday night it was decided to take part in the Wilson Memorial observances in a body. The members of the Legion will assemble at the Baptist parsonage and with color guard and firing squad, march to the Methodist Church in a body.

Members of the Legion emphasized the respect that should be paid the flag when it is being carried in parade. Spectators should remove their hats while it is passing.

This was especially urged by the Legion as a mark of respect due the flag of the United States.

BROADEN PROBE DEATH RIDES ON IN OIL SCANDAL WINGS OF WIND

Persons Who Traded in Stock Sinclair Oil Company Time of Lease to be Investigated Now

SUBPOENAS ARE ISSUED

Indications Are That Senators High Government Department Heads Others Are Implicated

By The United Press.

WASHINGTON, D. C., Feb. 5.—John T. King, former Republican National Committeeman from Connecticut was today subpoenaed by the Senate Committee investigating the Teapot Dome naval oil lease scandal.

T. P. Stevens and Thomas Lee of New York were also summoned.

The three witnesses will go on the stand Thursday to give testimony on a new line of inquiry in connection with the dealings of A. B. Fall while secretary of the Interior.

Leases of naval oil lands will be probed and also the large profits made by men close to the government, who had advance information concerning secret oil deals.

Senator Walsh, obviously on new trails of inquiry, was away from the committee room this morning and would not discuss matters. Indications were that he was on the trail of startling disclosures.

A United States Senator will be asked to appear on the stand and tell whether or not he traded in Sinclair oil stock about the time the Sinclair lease was put through.

By The United Press.

WASHINGTON, D. C., Feb. 5.—The Senate Oil Inquiry reached out for new evidences of culpability today as the expert auditors began work on books of brokers in search of the names of persons suspected to have "popped up" in oil stock transactions in connection with the leases of the naval oil reserves.

Included in the list is a former inmate of the White House, two senators and men high in governmental departments.

Senator Walsh declared that this was the most important phase of the attempt to prove corruption in connection with the leasing of the naval oil reserves to E. L. Doheny and Harry F. Sinclair.

On Thursday the Senate will resume debate of the Robinson resolution calling for the resignation of Secretary of the Navy Denby who signed both the Teapot Dome and the California leases.

HEREFORD SHOW DATE ANNOUNCED

Third Annual Sale Registered Herefords to be Held Next Spring March 3 and 4

FLEHARTY NAMED AUCTIONEER

Many Prominent Breeders will Enter Prize Bulls; Poultry to be Added Show Feature

The third annual show and sale of registered Herefords with a poultry show in connection with it will be held this year March 3 and 4, Walter Boothe has announced.

The exact place where the show will be held has not yet been determined. There will be 25 animals on sale with possibly a larger number in the show which will be held the first day with the sale to follow.

Among the Hereford breeders who will be represented will be the Largets of Merkel, Lewis Brothers of Blackwell, E. P. Neblett and Sons, G. E. Bradford, Walter Boothe, J. D. Dulaney, John Cridders, most of whom were represented in years previous.

The animals will be of first quality and about evenly divided in bulls and heifers.

A number of Poultry Breeders of the county are expected to have exhibits of fine poultry in connection with the Hereford Show.

Earl Fleharty will be auctioneer.

Sleep Nights

J. McAlister Stephenson says he is having his land terraced so that he can "sleep nights." He said folks told him that his land was washing away and needed terracing frequently that it interfered with his sleep!

Cyclone Visits Home of Alabama Minister and Three Die—Four More Severely Injured by Twister

BLINDING SNOW GRIPS WEST

Zero Temperatures and Biting Wind Wreak Havoc—Chicago Isolated—Storm Working Eastward

BIRMINGHAM, Ala., Feb. 5.

A cyclone struck death into the home of Rev. Wallace Carpenter, 12 miles from here last night, killing three members of the family, and injuring four others, one it is believed fatally.

KANSAS CITY, Mo., Feb. 6.—Gales, snow and zero weather scourged the Middle West today as the worst blizzard in years swept from the Rocky Mountains to the Mississippi River.

Intense suffering and heavy property damage followed in the wake of the storm. Trains are operating from one to 24 hours late and many have been annulled altogether.

The telephone and telegraph companies are almost unable to provide any sort of communication as wires for many miles in every direction are beaten to the ground.

Street cars are being operated in Kansas City only with the greatest difficulty and in other cities are not running at all.

Livestock losses are very heavy on the ranges.

As the storm swept eastward from the Rocky Mountains, snow fell heavily. A total of 7 inches fell in Kansas City accompanied by wind which reached 40 miles an hour at times.

The thermometer dropped to the zero mark in Kansas and Nebraska.

By The United Press.

BERKINGTON, Kan., Feb. 5.—Seven Rock Island passenger trains are stalled here today by the storm. Trains No. 31, 32, 1, 2, 4, 23, and 24 are unable to move a wheel.

Train crews are working at top speed in an endeavor to clear the line from snow.

Rain in New York

NEW YORK, Feb. 5.—Driving rainstorms, feared as the forerunner of the sleet and snow which swept the Middle West and isolated Chicago all night from wire communication, struck New York early today.

Wire communication in every direction is demoralized.

Railroads indicated that their service between New York and Chicago had not yet felt the full effects of the storm.

Telephone and telegraph service was demoralized with lines down in many parts of the Middle West. Only a very limited service could be maintained.

The radio companies were also unable to get in touch with Chicago.

Officials of the Pennsylvania Railroad in New York said that they had not yet received reports of any unusual delay on their lines.

It was expected that the cold wave and blizzard would be driving down on the Atlantic Seaboard full tilt by Wednesday.

TRAIN RAMS CAR

Belt Line Freight Hits Street Car and Hurls It 100 Feet into Snow Drift—Two Dead—20 Injured

By The United Press.

CHICAGO, Ill., Feb. 5.—Two persons were killed and 20 injured when an Indiana Belt freight train struck a street car here early this morning. The car was crowded with workmen.

The freight rammed the car square in the center and hurled it more than 100 feet into the snow drifts.

Mr. and Mrs. Will Pence were weekend guests at Maryneal at the home of her sister, Mrs. John Walker and family.

Mrs. James McNamara of Dallas is here visiting her sister, Mrs. E. B. Hull at the home of her parents, Mr. and Mrs. H. G. Graves. Mrs. Hull is ill.

A DIVORCE PRODUCT

A young man said the other day, "I'm a mess. I'm a divorce product. My father and mother split up when I was three years old. The court gave me into my mother's custody, but I was to spend part of my time with my father.

"My mother never missed a chance to take a crack at my father and my father's people. If they had any faults, real or imaginary, I knew about them. She made light of the traditions of his part of the country and I grew up with the idea that his end of the proposition was pretty worthless. And then when I was with my father I got the same impression about my mother and her folks.

"How could I under such tutelage obey the injunction 'Honor thy father and thy mother?' I was taught to do just the opposite. And so," he continued, "here I am a man and I am without the glorious heritage of pride in relationship on either side. I can take no more satisfaction in reviewing my ancestry than a mule.

"Undoubtedly in a general way my kin have no more flaws than anybody else's, but all I know is the flaws. They are all damaged goods to me and I am a product of damaged goods.

"By golly," he said with determination, "there is only one thing left for me to do. I'm going to find me the right kind of little girl and I'm going ten thousand miles away from the whole bunch and I'm going to set up a little family of my own as permanent as the Rock of Gibraltar and I'm going to be an ancestor myself. And believe me," he added, "my kids are going to be proud of their ancestor, too."

That young man was absolutely correct. It is a glorious heritage to have had a happy home and to have been raised by harmonious parents who respect each other's kinfolk and who if they didn't have the same traditions can see that which is good and beautiful in each other's traditions, and who magnify the virtues and minimize the failings of each other.

It is a good thing for a boy to grow up thinking, "My dad is the finest man in the world, and if my mother had been like we would all be in the Garden of Eden today."

One cannot fool the children. They have eyes to see and ears to hear. They may love wrangling, carping parents, but they do not respect them. And if they do take them as examples, more the pity.

Lucky is the boy who can pay reverent tribute to the morals, the motives, and the manners of his progenitors.

ISSUE WARNING

Chemical Company Warns Hotels and Drug Stores Against Check Artist

Warning particularly hotels and drug stores, a letter from the Vick Chemical Co., states that a bogus check artist is giving fake checks drawn on their company.

These counterfeit checks are printed on safety paper, numbered in red, drawn on the American Exchange National Bank, Greensboro, N. C., with Federal Reserve No. 69554. "Vick's Vaporub" printed just below the dollar line.

This pseudo "salesman" appears to have counterfeited a whole book of checks imitating those the chemical company uses on one of its local banks. A majority of the imitation checks are made payable to "B. M. Childs."

BUY IT IN SWEETWATER

Chicago Is Mecca Million Knights of "Hobohemia"

CHICAGO, Ill., Feb. 5.—Chicago is the recognized 'hobohemia' of America.

"Two million knights of the hobo kingdom have the seat of their government here.

"Though this government has no authority, its lure here is evident to the impatient eyes of youth. Herein lies the menace."

This, in substance, is a report on "The Origin of Crime," submitted to a committee of Chicago professors.

"One of the weakest spots in Chicago's program for development of good citizens," the report stated, "is giving the tramp or hobo permission to flourish here.

"There is probably an army of 2,000,000 tramps in the United States," the reports said, "and Chicago is the chief rendezvous.

"In the life of the tramp there is something strongly romantic, as viewed by the eyes of the 'teen' aged boy. It is a life of variety and adventure. It calls loudly to the youth, particularly if he is not too strongly bound by association and environment."

"In Chicago the places where the boys may meet these aimless transients are not different than any other city, but are more numerous," the report said.

Some of the remedial measures recommended by the committee were: Co-operation with "hobohemia" hotel managers to prevent boys frequenting their places; the patrolling of "flop" headquarters by plain-clothes men, and stringent enforcement of working certificate laws.

WILL LAY STONE

President of Daniel Baker College and J. W. Rector Will Assist Presbyterian Service

The cornerstone for the New Presbyterian Church here will be laid Sunday afternoon at three o'clock with appropriate ceremony.

Dr. Chandler, president of Daniel Baker College at Brownwood will deliver the address of the day.

The ceremony of laying the cornerstone will be in charge of the Masonic Lodge with J. W. Rector, D. D. G. B. of the 78th Masonic District of Texas here from McCauley.

If the weather permits, the entire ceremony will be held at the new church. If too cold or otherwise inclement, Dr. Chandler will speak in the Palace Theater where the rest of the program, with the exception of the actual laying of the cornerstone, will be given.

Los Angeles Ex-Soldier Compliments Local Newspaper on Sunday Edition

"I just want to compliment you on the splendid 'extra' edition issued Sunday afternoon dealing with the death of former President Woodrow Wilson," Ex-Soldier Caruso said Monday. "The special edition was welcomed by numerous traveling men who were in the city Sunday, supplying them with important, though sad, news that would otherwise not have reached Sweetwater in printed form for several hours later."

Caruso is probably known to local radio fans through his songs broadcast from station K H T, the Los Angeles Times.

Previous to his entrance in the 18th Infantry of the 1st Division Caruso, a lyric tenor, had been on the Red-path Luceym circuit.

Boy Scouts Week To Be Observed in City Feb. 8 to 14

NEW YORK, Feb. 5.—In connection with the fourteenth anniversary of the Boy Scouts of America, February 8 to 14, the Boy Scout Foundation of Greater New York will try to increase the 3,000 scout leaders by at least another thousand. There are now over 23,000 registered scouts in the greater city, and it is estimated that there are at least 100,000 boys of scout age in New York City who might join the movement if there were sufficient leaders. There are now nearly 600,000 boy scouts in the United States and over 3,000,000 in the whole world.

The forthcoming Boy Scout week will be celebrated all over the United States wherever there is a Boy Scout troop, and there are over 24,000 of

them, scattered from Maine to California. An outstanding feature of the anniversary week will be the pilgrimage hikes to patriotic shrines, birthplaces of famous Americans, and historical spots on Tuesday, February 12, Lincoln's Birthday. While the scouts of Springfield, Ill., are hiking to Lincoln's tomb, the Boston Boston boys will march to Bunker Hill or the tomb of Paul Revere. Some of the New York City scouts will pay their annual visit to Roosevelt's grave, while others will hike to a dozen other historic shrines, and a thousand or so scouts will visit the battleship "West Virginia" the latest pride of the Navy at Brooklyn Navy Yard. The scouts of Marion, Ohio, will make a visit to the tomb of their late friend and benefactor, Warren G. Harding. The scouts of Washington, D. C., will sail down the Potomac to the tomb of Washington, at Mt. Vernon.

Boy Scout week will be appropriately observed in Sweetwater. A window display of scout handiwork will be arranged. Sunday, Boy Scouts will act as ushers at the various churches of the city. Pastors will call attention to the work in their sermon on Sunday morning.

A committee is at work to arrange for a group of boys to attend the regular meeting of the Luncheon Club Thursday, Feb. 14—a Rotary Club custom of long standing.

Mr. and Mrs. R. G. Rogers are today moving into their new home in the north part of the city.

Clean By Suction

With dust swirling around in clouds, landing on the rugs and covering everything in a way so irritating to the housewife it is gratifying to know that a short easy trip with a vacuum cleaner will make everything look as new.

And the best part of it is that the dust is removed thoroughly and scientifically. It isn't just stirred up by the broom to settle down some place else again.

Women who take pride in the appearance of their home have long recognized the vacuum cleaner as the **ONLY WAY.**

ROAD PROGRAM LARGE PROJECT

Judge Mausey Calls Attention to Vast Amount of Work Entailed in Construction of Roads

FEDERAL ENGINEER DUE HERE

Bankhead Highway Route Through Nolan County Not Yet Selected; Corps of Engineers Working

With the arrival of a Federal Engineer expected in Sweetwater with-

in the next week the route to be selected through Nolan County by the Bankhead Highway No. 1, will soon be announced, Judge A. C. Mausey said Tuesday.

In the meantime County Engineer John A. Focht, Assistant Engineer W. B. Daugherty and two helpers are going right ahead with the work on road tributaries leading into the main highways in this county.

In speaking of the work of constructing the Bankhead highway Judge Mausey said: "One of the hardest problems of the Commissioners' Court will be to satisfy the public that there are not unnecessary and useless delays in carrying out the road

program. Impatience of the general public to have the roads completed and in use can cause the commissioners' Court considerable worry. The roads can be completed in much shorter time by being careless in the construction, but, in the long run, such a policy would prove unwise."

"I want to emphasize the fact," Judge Mausey continued, "that in every private conservation or public statement in print or otherwise that I have made in regard to the road program from the time it was first agitated down to the present day that I have tried my utmost to get the general public to see the many inconveniences, bad conditions and long delays that will have to be contended with before the program is completed."

It is pointed out that after the location has been decided upon it will be necessary for the Commissioners' Court and its force to lay preliminary plans and specifications showing in detail every culvert, dip and bridge, length and breadth, amount and kind of material to go into the construction of bridges. Every cubic yard of dirt and rock and other material to be used in building and how far it must be hauled must be shown in the blue prints and specifications.

These then must be sent to the State Department at Austin and Federal Department at Washington for final approval.

In other words, the construction of a highway requires much thought and hard work.

Every mile of the road must be located to the satisfaction of the coun-

ty, State and Federal authorities. In order to get that location the engineers are compelled to run preliminary lines showing elevation, bridges and available material, length of road railroad crossings and many other factors from a standpoint of service and economy.

Judge Mausey stated Tuesday that every possible safeguard has been thrown around the money consideration collected from the sale of bonds voted. This amount, \$609,016.66 has been scattered through banks in this county; no less than five different banking institutions are handling the funds. This distribution was effected in order to take every precaution against possible loss by failure or any other cause.

In addition each bank has given bond equal to the amount of funds deposited. These bonds are made by a security company, and therefore declared to be absolutely safe.

MYSTERY SOLVED

For Thousand Years No Western Smith Has Been Able to Account For Steel in Damascus Blades

LONDON, Feb. 5.—The age-old mystery of how Damascus blades were tempered has at last been solved.

The so-called Damascus blades were made in India, but got their name from the market whence they were distributed. For a thousand years and more no western smith has been able to account for the steel contained in them, much less reproduce it.

The scimitar of Saladin, famed in history as the finest blade ever drawn from a scabbard, has for many hundred years been the traditional symbol of perfection in the steel temperer's art.

Now the X-ray, under the direction of such men of science as Sir William Bragg and others, has brought to light the secret of how this famous blade was manufactured.

"The use of X-rays to look into the structure of crystals has explained all sorts of things we could not understand before," Sir William said. "Nowhere is this shown more than amongst metals."

The distinguishing property of an atom of a metal, according to Sir William, is that it is always ready to part with one or two electrons. When melted metal solidifies, its atoms nearly always pack into the simplest possible form, something like a triangular pyramid of cannon balls. Such a pyramid is full of regular alleyways.

Among these minute alleyways in the metallic crystal the free electrons move easily, and the moving electrons form an electric current. When the metal is heated, the atoms swing about more and more rapidly, with the result that the electrons find their way blocked.

The steel of Saladin's sword, Sir William said, originally contained great numbers of needle-like crystals of cementite, a compound of three atoms of iron with one atom of car-

The New Sweaters For Spring Wear

—Fulfill a two-fold purpose—They are necessary and beautiful. They remind us of the first flowers of Spring for they look as tho they had just blossomed. There is a beautiful range of colors this season—combinations of green, white, tan, rose, blue, brown and heliotrope. Priced from \$1.95 to \$10.95.

CEMENT MIXING

Excess Water Weakens Concrete; Sloppy Mixtures Sacrifice the Strength; Other Advice

The Portland Cement Association has conducted extensive research work to arrive at the amount of water necessary to give the concrete of maximum strength and wearing qualities.

Following are some statements taken from one of their recent publications on this subject:

Excess mixing water weakens concrete. Sloppy mixtures sacrifice strength. One pint more water than necessary is a one-bag batch decreases the strength and resistance to wear on concrete as much as if two or three pounds of cement were left out. Concrete hardens because of chemical reaction between portland cement and water. The quality of mixing water is just as important as the quantity of cement.

The strength of concrete depends on the ratio between the volume of mixing water and the volume of cement. As long as the mixture is workable, the smaller the water-cement ratio, the stronger the concrete. Thus decreasing the quantity of mixing water and increasing the quantity of cement both add to the strength of concrete. With given proportions, the quantity of mixing water should obviously be reduced as far as possible and still obtain a plastic mixture.

In the manufacture of concrete products such as brick and block, the reverse is often true. Where the molds are removed at once the mixture must be extremely stiff and may contain too little water for maximum strength. In general construction, working conditions require a plastic mixture. Therefore, a safe rule for construction work is to use the smallest quantity of mixing water that will give a sufficiently plastic mixture for the work in hand. Resistance to wear which is vital in concrete pavements, floors and sidewalks, increase with compressive strength. Thus, the smaller the quantity of mixing water the more wear-resistance will be the concrete.

Gave \$1 To Church Every Day; Paid In Total of \$18,302

CHICAGO, Ill., Feb. 5.—In 1873 Charles H. Knights, founder of the Knights-Thearle Company here, helped organize the Englewood Baptist Church and pledged himself to give \$1 a day to the church as long as he lived.

Knights made good his vow, his recent death in California revealing he paid \$18,302 into the church treasury. For 31 years Knights had kept his donations secret, until accidentally discovered by the minister of the church.

Knights came to Chicago in 1865. Three years later he entered the jewelry business and founded the concern bearing his name. He was poor when he helped organize the church, but believed he should give a definite part of his earnings to it.

THE DIRECT TREATMENT

FOR ALL COLD TROUBLES

Rub It On For Deep Chest Colds

ABSORBED like a liniment and at the same time INHALED as a vapor, Vicks gets immediate relief into congested, inflamed air passages

NEVER NEGLECT A CHEST COLD. If allowed to "hang on" it means lung tissue weakened, air passages predisposed to infection. There is then danger of pneumonia and pneumonia is now more deadly than tuberculosis.

When a cold goes down deep, with soreness, tight breathing and a heavy, hollow cough, apply hot wet towels over throat and chest to open the pores of the skin.

Massage briskly with Vicks for five minutes, then spread on thickly and cover with two thicknesses of hot flannel cloths. Leave the bed-clothing loose about the neck so that the vapors arising may be freely inhaled. These vapors, inhaled with each breath, carry the medication directly to the affected parts.

At the same time, the penetrative and stimulative effect of Vicks through the skin increases the circulation of the blood throughout the chest region, and thus helps to relieve the tightness and congestion.

VICKS IS A BOON TO MOTHERS because it is an "outside" treatment. There is no dosing to upset a child's delicate stomach. You just rub it on.

Vicks is a combination in salve form of the old, time-tested remedies for colds—Camphor, Menthol, Eucalyptus and other volatile oils. Being externally applied, it can be used as freely and as often as desired, even on the youngest child, with perfect safety.

When the kiddies come in wet and "sniffing" Vicks is applied to prevent colds. An application at bedtime will usually prevent a night attack of croup.

Just as good, of course, for the cold troubles of adults—sore throat, tonsillitis, head and chest colds, bronchitis, coughs.

Made at first in the back room of a little drug store in North Carolina, Vicks has so consistently demonstrated its worth that now it is more widely used than any other remedy of its kind.

How Vicks Should Be Used

For Spasmodic Croup, Children's Colds—Rub Vicks over the throat and chest until the difficult breathing is relieved, then spread on thickly and cover with a hot flannel cloth. One application at bedtime usually prevents a night attack of croup.

For Head Colds, Arthritis, Catarrh, Hay Fever—Vicks should be melted in a spoon and the vapors inhaled, or a little can be applied up the nostrils and stuffed well back up the head.

For Deep Chest Colds, Sore Throat, Tonsillitis, Bronchitis, Coughs—Rub Vicks briskly over the throat and chest. In severe cases first redden the skin to open the pores (see directions). Then spread on thickly and cover with one or two thicknesses of hot flannel cloths. Leave the bedclothes loose about the neck so that the vapors may be freely inhaled. If the cough is annoying, a small piece the size of a pea can be swallowed every two or three hours.

IS A CANDIDATE

T. P. Lee of Houston to Run For Governor on Republican Ticket in Texas, Craegar Says

By The United Press.
DALLAS, Texas, Feb. 5.—T. P. Lee of Houston, prominent in State Republican circles will be the probable Republican candidate for Governor according to the informal decision of the Texas Republican Committee members who met at Dallas Monday. Lee is the choice of R. B. Craegar, who named him just before he left for Washington.

Another possibility for gubernatorial nomination is G. E. B. Peddy, who may also be nominated on the Republican ticket for Senator to run against Morris Sheppard, in the event the attempt to unseat Earl B. Mayfield is defeated.

Mr. and Mrs. Elmer Baskett are the parents of a 2 1-2 pound son, who was born Monday.

Mrs. S. E. Kendall left this morning for her home at Fort Worth following a two months' visit here at the home of her daughter, Mrs. Herman Burge.

Mr. and Mrs. Earl Scott are the parents of a baby girl, born Saturday. She has been named Jeannet Lee.

Mr. and Mrs. Robert E. Lee Holland are the parents of a ten-pound son who was born Sunday. He has been named William Talmage.

Mrs. H. H. Harding, of Hollywood, Cal., who has been visiting her mother, Mrs. Mike Rogers, has gone to Fort Worth to visit her aunt and Mrs. George Jackson for about two weeks. She will return here before going home.

PROCLAMATION

Whereas our beloved former President, Woodrow Wilson, died Sunday morning, February 3rd, and will be buried Wednesday afternoon, and it is fitting that Sweetwater citizens should observe appropriately this funeral hour, all business houses of Sweetwater are requested to remain closed between the hours of 2 and 3 p. m., on Wednesday.

JOE H. BOOTHE, Mayor.

CITATION BY PUBLICATION In Delinquent Tax Suits THE STATE OF TEXAS.

And County of Nolan. To Ira Speed and all persons owning or having or claiming any interest in the land or lots hereinafter described, the same being delinquent to the State of Texas and County of Nolan for taxes, and the same lying and being situated in the County of Nolan, and State of Texas, to-wit:

All of lots 13 to 24 inclusive in Block 22, of the First Division of Wastella, Nolan County, Texas, which said property is delinquent to the State of Texas and County of Nolan for taxes for the year 1918 aggregating the sum of \$11.98, including interest, penalties and costs, said taxes having been legally levied, assessed and rendered against said land and lots, and the same being a lawful charge and constituting a prior lien against the same in favor of the State of Texas and County of Nolan to secure the payment thereof.

And you are hereby commanded to be and appear before the Honorable District Court of Nolan County, Texas, at the next regular term thereof, to be held at the Court House of said County in the City of Sweetwater on the 1st Monday in March, A. D., 1924, the same being the 3rd day of March, A. D., 1924, then and there to show cause why judgment should not be rendered against you and the said land and lots sold under foreclosure of said lien to satisfy said taxes, interest, penalties and costs, and all court costs, all of which, together with other and further relief, general and special, being fully set out and prayed for in the plaintiff's original petition filed in said court on the 2nd day of February, 1924, and appearing on the docket thereof as suit No. T-194, wherein the State of Texas is plaintiff, and Ira Speed and all persons owning or having or claiming any interest in said land or lots, defendants.

Given under my hand and seal of said Court, at office in the City of Sweetwater, in the County of Nolan, this 2nd day of February, A. D., 1924. (Seal) DAN CHILDRESS, Clerk, District Court, Nolan Co., Texas.

BARNETT NOTES

Mr. and Mrs. Horace Cook and daughter Kathryn spent Saturday and Sunday with Mr. and Mrs. Henry Cook of Loraine.

Mrs. Tom Savell is staying in Sweetwater to be near her husband who is under treatment at the Sweetwater Sanatorium.

H. J. Stanfield of Coleman County was visiting his brother, S. H. Stanfield and at the same time looking out for a possible location.

The Barnett Literary Society held their regular meeting Friday evening. A large audience enjoyed the following program:

Reading "Partnership"—Ruby Dean Read.

Getting Office Help—Leonard Reed and O. W. Curb.

Drill and Tableau—Nine Little Girls.

The Agent (play composed and played by three members of the 7th grade—Della Mae Gill, Luther Gregg, Kathryn Cook.

Reading, "Billy's Pets"—Kathryn Cook.

Conville Chorus—Seven boys.

Trio, air of "Sweet Bye and Bye"—Melvin Gregg, Luther Gregg, S. H. Stanfield.

Reading—Annie Blalock.

Pantomime and Tableau, "Abide With Me"—Bevie Terry.

The Beauty Doctor with following cast of characters:

Miss Midge Phillips, beauty doctor—Miss Baude Latham.

Miss Gray, would-be actress—Miss Edna Mae Neatherlin.

Mrs. Bumpus, fat lady—Mrs. S. H. Stanfield.

Katie, Irish girl—Miss Della Mae Gill.

Mr. Patrick McGee—Mr. Homer McCormick.

Mrs. Patrick McGee—Miss Bertha Reed.

Mr. and Mrs. W. M. Pichey are happy over the arrival of a fine baby girl who came Sunday morning.

Herbert Gardner came down Sunday from Stanton where he has been for several weeks. He and Miss Edna Earl Evans then made a flying visit to Colorado, where they were united in marriage. Both are popular young people here who have a host of friends who wish for them a long, happy, prosperous life together. After spending a few hours with his parents in the Barnett district they left for Snyder to visit relatives before going to Stanton.

Geo. Broyles and family accompanied by his daughter, Mrs. H. E. Cox, and children all of Talpa, Texas, spent Thursday night with Mr. and Mrs. S. H. Stanfield. They were on their way to their new home in Dawson County.

Horace Cook was looking after business in Sweetwater Tuesday.

LUXOR Egypt, Feb. 5.—For the first time in 3,300 years the great stone coffin of Tutenkhamun stood forth today in all its majesty shorn of its protective nest of golden shrines.

The fourth casket proved, in Howard Carter's experienced hands a less formidable problem than was first surmised, and a few hours work yesterday sufficed to disengage the sarcophagus. Then it was seen that the enthusiasm evoked by the blimpse obtained four weeks ago of one end of the sarcophagus through the open doors at the enclosing shrines was justified.

As massive in construction as it is, chastely simple in design, and as untouched by the tooth of time as it is inviolate from the hands of tomb robbers, gleaming pink beneath the glare of the electric lamps must be acclaimed a unique specimen of the funerary art of the eighteenth dynasty.

The four crowned goddesses of death (who, in traditional posture, stand at the four corners of the coffin with wings outstretched to shield the dead monarch from the force of the evil spirit, are boldly and deeply incised—full breasted, with slender arms and powerful winged each with one hand grasping the ank, or key of life, which figures in the dead pharaoh's name. The lid is massively solid and inscribed in bands with lines of hieroglyphics.

All the members of the party now are enviously looking forward to the solemn moment in the near future when the lid shall be raised and the mummy of Tutenkhamun exposed to view.

Mr. and Mrs. George Campbell and two children of Abilene were weekend visitors at the home of her mother, Mrs. S. Z. Williams on Pecan St. Mrs. Luther Watson will be hostess Thursday afternoon at 3 o'clock, at a meeting of the Priscilla Club.

SULPHUR SOOTHES UGLY,ITCHINGSKIN

The First Application Makes Skin Cool and Comfortable

If you are suffering from eczema or some other torturing, embarrassing skin trouble you may quickly be rid of it by using Menthol Sulphur. Menthol Sulphur declares a noted skin specialist.

This sulphur preparation, because of its germ destroying properties, seldom fails to quickly subdue itching, even of fiery eczema. The first application makes the skin cool and comfortable. Rash and blotches are healed right up. Rowles' Menthol-Sulphur is applied like any pleasant cold cream and is perfectly harmless. You can obtain a small jar from any good druggist.

And, its worth insuring when you're SURE of A-1 Service and Companies.

Ford
 THE UNIVERSAL CAR

Forecasting A Tremendous Spring Demand

739,626

more Ford cars and trucks were produced last year than the previous year, an increase of over 50 per cent.

In spite of this tremendous increase in production, it was impossible to meet delivery requirements during the spring and summer months when orders for 350,000 Ford Cars and Trucks could not be filled.

This year winter buying for immediate delivery has been more active than ever before—and in addition 200,000 orders have already been booked through the Ford Weekly Purchase Plan for spring delivery.

These facts clearly indicate that the demand during this spring and summer will be far greater than ever, and that orders should be placed immediately with Ford Dealers as a means of protection against delay in securing your Ford Car or Truck or Fordson Tractor.

Ford Motor Company
 Detroit, Michigan

A small deposit down, with easy payments of the balance arranged, or your enrollment under the Ford Weekly Purchase Plan, will put you under order on the preferred list for spring delivery.

See the Nearest Authorized Ford Dealer
