THE SWEETWATER DAILY REPORTER, SWEETWATER, TEXAS, FRIDAY, JUNE 13, 1924

NUMBER 115

ROAD PROGRESS ABOVE AVERAGE

Recent Contracts and Present Plans Keep County Schedule on Time, Mauzey Says.

"INKING IN" HIGHWAY PLANS

Last Step Before Federal Approval—No Change in Blackwell Plans, Judge Explains.

With five miles of completed sub-grade on the Nolan and Dora road, a contract awarded for 14 miles of completed road on the Maryneal-Roscoe road, and the balance of the Maryneal-Roscoe road to be built with the county tractor, the Nolan County road program is going ahead on scheduled time.

Actual construction was started on the lateral part of the road program two months ago, really sooner than work was expected to begin, according to the official road statement made by County Judge A. S. Mauzey.

The engineering force is now "inking in" the plans for the west end section of Highway number one, the section west of Sweetwater to the Mitchell County line, the last step before approval by the Federal Engineering Department and calling for bids. Roscoe will let a contract for street paving July 7, at which time the state and county will let a contract for that part of Highway number one leading through Roscoe. The state and county have accepted the plans of the Roscoe city engineer for the highway leading through the city.

"We wish to state again that our engineering is progressing above the average both in time and saving of expense," Judge Mauzey's report says. "We have found that our engineering is costing less for the amount of work done, and that it is moving faster, than any other program in the state involving the same amount."

"We could have had work actually going on Highway number one, if that had been our whole program. But we have 75 miles of highway in the county, and a 57 mile lateral road program. There has not been any change in the program, nor is there any desire on the part of anyone to change it."

"It seems that some one is continually getting the idea that the highway leading to Blackwell will be, or has been, changed to go by Nolan. There is no occasion for any one to be misinformed on that question. Highway number 70, to Blackwell will be built through Blackwell to the Coke County line, and the lateral roads, leading to Dora, Nolan, Hylton, and Champion, will be built according to the original plans."

"Work is going on on the Nolan Dora, and Hylton roads, and will begin on the Maryneal-Roscoe road in a few days. The Blackwell and Hylton road will soon be located and ready for construction, and the Champion road will soon be attended to. We have to take these roads in some order, and they will be worked out according to weather conditions and other matters affecting them to the best interest of the county."

SPEAKS TONIGHT

Judge Felix D. Robertson, Candidate For Governor, Will Address Voters Here.

Nolan County voters will be addressed Friday night at the court house by Judge Felix D. Robertson, judge of Criminal District Court number one, Dallas County, candidate for Governor of Texas. The judge is making a tour of the Plains and the Panhandle, and will go to the Rio Grande Valley about June 21.

Judge Robertson is for prohibition and woman suffrage, and believes that the people of the State owe it to themselves to become politicians by taking an active interest in the election campaigns. Law enforcement, economy in government, better educational facilities, prison reform and aid for ex-servicemen are some of the points on which he makes his plea for the governorship.

The Judge is a native son of a native son, has lived practically all his life in Texas, and served as Major in the world war.

Carl Ross of Tuscola is visiting his cousin, Jewell Jones, and grandparents, Mr. and Mrs. R. B. Ross.

With 13 Cents On Friday, the 13th, Rabbit Foot Fails

By The United Press. FORT WORTH, Texas, June 13.—Friday the thirteenth was too much for the rabbit foot carried by H. B. Craig, 45, negro, who was killed near here this morning when his automobile was struck by an interurban car. In one pocket was found a rabbit foot. In another was found thirteen cents.

HELL AND MARIA IS GOP CHOICE

Brigadier General Charles G. Dawes Will Make Race With President Coolidge.

THREE WERE NOMINATED

National Convention Went Out of Manager's Control Like Wild Rookie Southpaw.

By The United Press. CLEVELAND, O., June 13.—"We want to put some pep and Hell and Maria into this campaign," yelled A. W. Jefferis, as he placed General Charles G. Dawes in nomination for the vice presidency yesterday afternoon, and today delegates to the Republican National Convention were still wandering around Cleveland after several hours with just that.

Dawes was leaving Marietta, Ohio, for Chicago—the convention's choice for president, Coolidge's running mate.

A political convention has never before nominated two candidates for vice president in one day, but this one did. It is not often that a Republican national convention so loses control of itself that the managers are not able to guide it in the paths in which they would have it go, but this convention lost all control.

It had plenty of speed in its closing hours, but finished by winding up like a Southpaw and throwing vice presidential candidates all over the lake front.

Coolidge and Dawes is the ticket. The Brigadier General was nominated by a vote that became unanimous on the first ballot during the night session. It was the third vice presidential ballot of the convention.

Weather. Tonight and Saturday, generally fair and continued warm.

TWO BOYS DROWN

Lives Lost in Kansas in Effort to Save Younger Brother of One of Victims.

By The United Press. WINFIELD, Kas., June 13.—Charles Able, 21, and Orville Dillow, 19, drowned last night in Walnut River between here and Arkansas City, attempting to rescue Able's younger brother.

The younger Able was drowning, and Dillow tried to save him. Charles Able went to the assistance of both. Companions assisted, and the younger Able was brought to land. His two rescuers drowned.

By Twos and Threes.

By International News. OKLAHOMA CITY, Ok., June 13.—Six sets of triplets and 305 sets of twins were born in Oklahoma during 1923, according to the records of the vital statistics bureau of the State Health Department. There were no recorded plural births exceeding three.

Magnolia Declares Dividend.

By The United Press. DALLAS, Texas, June 13.—A one per cent dividend on stock on record June 1 was declared by the trustees of the Magnolia Petroleum Company yesterday. The dividend is payable July 5.

Nebhut Returns.

Mr. and Mrs. B. S. Nebhut have returned from a thirty day trip that included Marlin, Houston and Paris, Texas. Mr. Nebhut says crops in West Texas are way ahead of East Texas points he visited. He is manager of the Western Compress here.

BUTLER IS NAMED COMMITTEE HEAD

Weary From Long Sleepless Session, Delegates Form Republican National Committee.

HODGES NEW SECRETARY

Butler's Election According to Coolidge's Wish—Bitterness and Worry Evident.

By The United Press. CLEVELAND, O., June 13.—Torn by long hours of sleepless study over one of the most amazing political situations that ever became the feature of a national convention, members of the Republican national convention met today to organize for the fourth coming campaign.

All the worry and some of the bitterness that flared up repeatedly through the party leaders in seeking to nominate a strong running mate for President Coolidge bristled militant today as the national committeemen and committee women assembled to make William M. Butler their chairman for the campaign.

Of course there is nothing to do but elect Butler to lead the national committee—it is the president's wish and there is none to deny him. But it is perhaps unfortunate that the Coolidge-Dawes ticket goes to the post for the quadrennial presidential sweepstakes with the jockey sharply at odds with the trainer and most of those conducting the race.

William V. Hodges, 48, Denver attorney, was made treasurer of the Republican national committee at the meeting. Hodges is president of the Denver Civic and Commercial Association, and a graduate of Columbia University.

Butler was made chairman of the committee. Roy West of Chicago was named as the new secretary. Ralph A. Williams, Oregon, and Charles A. Hilles, New York, were elected vice chairman to succeed themselves.

Mrs. A. T. Hert, Louisville, widow of the national committeeman, succeeds Mrs. Harry F. Taylor, Upton, as woman's vice chairman of the committee.

BIG SHIP RESTS TO REFUSE JOB

Little Evidence of Tragedy, Costing 48 Lives, as Mississippi Floats in "Battleship Row."

By The United Press. SAN PEDRO, Calif., June 13.—Calmly riding at anchor the U. S. S. Mississippi rested in her position in "battleship row" today, giving little evidence of the tragedy aboard her which, a few hours previous, instantly killed 48 officers and men.

Close by stood the hospital ship relief, turned into a morgue to receive the bodies comprising the toll of the navy's greatest peace time horror, and treating the burns of the wounded men, many of whom prayed for death to end their agony.

CANDIDATE HERE SATURDAY

Senator V. A. Collins to Speak in Campaign For Governor.

Senator V. A. Collins, candidate for Governor, will speak in the interest of his campaign Saturday afternoon at 3:30 o'clock in the district court room at the court house.

The senator while a member of the State Legislative body has made a record in the passing of constructive bills, having a number of important measures to his credit.

Complete 18 Blocks Paving.

Special to The Reporter. COLORADO, Texas, June 13.—The last gap in the city's paving through the business district has been completed, bringing the paving to 18 blocks, in addition to the surfacing placed on the Colorado River and Lone Wolf Creek bridges. Light standards to extend the white way over the entire paved district have been ordered, and are to be installed. The entire project represents \$200,000.

Mr. and Mrs. E. B. Morgan of San Angelo, formerly of Del Rio, are moving to Sweetwater to make their home. Mr. Morgan is a traveling salesman.

MILLION DOLLARS IN MAIL ROBBERY

Bandits Hold Up C. M. & St. P. Train Near Chicago—Escape in Automobiles

OFFICERS STAGE MAN HUNT

Gas Bombs Used Against Clerks and Guards—Loot in 42 Sacks May be \$2,500,000.

By The United Press. CHICAGO, Ill., June 13.—Forty-two sacks of registered mail, containing cash and bonds estimated at between \$1,000,000 and \$2,500,000, were seized last night by a band of 20 or 25 men who held up the Chicago, Milwaukee, and St. Paul mail train near Rondout, Ill., 30 miles north of Chicago.

Gas bombs were used by the bandits in two cars which the mail clerks refused to open. The bandits worked more than an hour in their search for the sacks.

One member of the band was accidentally shot by a comrade, police stated. Following the robbery, the bandits sped away in automobiles in the direction of Chicago.

Hundreds of policemen and citizens, armed with shot guns and other weapons, today searched the country between Chicago and Milwaukee.

Police, detectives, and deputy sheriffs staged an old-fashioned man hunt for the robbers. The robbery was consummated without the firing of any shots in defense of the treasure by the mail clerks, guards, and train crew, so far as officers could ascertain.

The bandit shot down by his fellow robber was mistaken for a guard, police believe.

Postal inspectors said that they believed the band had help from the "inside" and questioned the clerks and guards who were taken to the Federal building upon their arrival in St. Paul.

Gas bombs, revolvers, and shot guns were used to intimidate the clerks and guards, and to drive them from the barricaded cars.

INDICATIONS ARE THAT BOLTON, CONFERRING WITH REGENTS, WILL DECLINE T. U. PRESIDENCY.

By The United Press. AUSTIN, Texas, June 13.—Declination of the presidency of the University of Texas was expected to be made today by Herbert E. Bolton, of the University of California, who is here in conference with the Board of Regents.

Although no official report was announced, it was learned from an authoritative source that Bolton told the Regents that he would not accept the presidency of Texas' highest institution of learning. It has developed that Bolton declined the tendered position some time ago, but that at the urgent request of the Regents, he came here for a conference, the Regents hoping to have him reconsider.

John Chapman returned from S. M. U. several days ago where he has studied the past year and will spend his summer vacation at home with his parents, Dr. and Mrs. A. A. Chapman, on Oak street.

Student Drowned at Abilene.

Special to The Reporter. ABILENE, Texas, June 13.—Homer Brown, 22, Rochester, Texas, a student in Abilene Christian College, drowned here while bathing in the Lytle Lake. Brown, an experienced swimmer, dived from a raft, and is believed to have suffered either cramps or heart attack. After he dived, his body came to the surface with his head under water, and then sank.

FERGUSON WON'T RUN

Can't Hold State Office, Supreme Court Holds.

By The United Press. AUSTIN, Texas, June 13.—So long as the Senate judgment stands in the impeachment of former Governor J. E. Ferguson, he can not hold public office in Texas, the Special Supreme Court held late Thursday.

Officer of Battle Ship Where 48 Died On Leave In Texas

By The United Press. WACO, Texas, June 13.—Lieut. Commander Cleveland MacCauley, U. S. N., who has been visiting relatives here, is an officer on the U. S. S. Mississippi, the battle ship on which an explosion cost 48 lives yesterday. MacCauley, who left yesterday for Abilene, is on leave.

DOUMERGUE IS NEW PRESIDENT

President of Senate Succeeds Miller, and as New Head of French Government.

HAS SUPPORT BOTH FACTIONS

Served as Premier Under Poincaré—Miller and Party Put Out No Candidate.

By The United Press. PARIS, France, June 13.—Gaston Doumergue, president of the Senate, was elected president of France by the national congress today. The new president succeeds Millerand, whose resignation was forced by the left party following the recent parliamentary elections.

Doumergue has the support of the Bloc National, the Poincaré coalition, as being the least radical of the candidates put forward by the left party. Doumergue went into the assembly with the support of Millerand and the right faction, as they did not put up a candidate of their own.

The new president is a lawyer from Miems, Southern France, and his ability as a statesman is well known. Doumergue first gained the political spot light when he was appointed Premier under the administration of Poincaré.

He served as Premier and foreign minister until June, 1924, when he resigned to make way for the Viviani administration. He dropped out of public gaze and did not accept office until he became president of the Senate.

To Buy New Tractor.

The Commissioners' Court of Nolan County will receive bids on July 12 for the purchase by the county of a road building tractor and equipment. The tractor is to be used in the work on roads of the county.

BOOSTING PICNIC

Roby Delegation and Stamford Band Advertise Big Celebration June 20 and 21.

Twenty-five cars containing Roby business men, the Stamford Band and a number of Roby young people arrived in Sweetwater Friday afternoon at 2 o'clock on their return to Roby after a two days' trade trip and advertising and boosting campaign for the big rodeo and picnic to be held in that city June 20 and 21. The trade trippers left Roby Thursday morning and visited Rotan, Anson, Stamford, and Hamlin, while Friday they made Snyder, Hermleigh, Roscoe, and Sweetwater.

The expedition is under the direction of Jim Etter who stated that the celebration at Roby June 20 and 21 would be worth traveling quite a distance to see, and a large crowd is expected to attend from this section.

After a number of selections by the Stamford Band which is accompanying the delegation on its tour, a brief address of welcome was made by Secretary McCurdy of the Sweetwater Board of City Development.

Members of the expedition took lunch here before continuing the trip to Roby.

To Rebuild Electric Line.

Special to The Reporter. COLORADO, Texas, June 13.—The connecting high line of the West Texas Electric Company between Sweetwater and Colorado is to be rebuilt with new construction throughout, according to L. J. Geer, general manager of the company. The line will connect with high voltage lines from the power plants at Abilene, Eastland, Wichita Falls, and Fort Worth, and will be accompanied into Colorado within 45 days.

KNIGHT TEMPLAR RECEIVE CHARTER

Ceremony Thursday For Sweetwater Commandery No. 89—Many Visitors Present.

PROMINENT OFFICERS HERE

Grand Commander of Grand Commandery of Texas and Others Speak at Banquet.

In a session beginning Thursday afternoon at 4 o'clock and concluding at 9 o'clock Thursday night, the charter for the Sweetwater Commandery of Knight Templar No. 89 was delivered, speeches were made by prominent Masons and a splendid banquet was served under the direction of Ed Sinnitt, to over sixty Knights. The Sweetwater Commandery had been working under dispensation for a year when they received their charter Thursday.

Included among the prominent speakers who addressed the body were Ed. R. Bryan, Grand Senior Warden of the Grand Lodge of Texas, and Past Commander Midland Lodge No. 84, Midland, Texas; Omar E. Radford, Eminent Grand Captain of the Guard, Abilene; George Hapeton, Eminent Grand Senior Warden; and Charles L. Alderman, R. L. Grand Commander of the Grand Commandery of Texas. Visitors from Abilene, Cisco, Dallas and other places were present.

The Knights feasted in the dining-room of the Masonic Temple at 7 o'clock. The informal banquet which was prepared under the direction of Ed Sinnitt included 75 bottles of Ginger Ale, 40 fried chickens, a barrel of lemonade and five gallons of ice cream.

Officers for the Sweetwater Commandery were elected as follows: J. P. Majors, Commander; E. E. Shaw, Ceulo; John A. Focht, Capt. General; George McKnight, Senior Warden; Otis Neely, Junior Warden; R. K. McAdams, Treasurer, and W. H. Bartlett, Recorder.

JULY 4th THE BIG DAY

Legion Limits Main Events to One Day Celebration.

Members of the Oscar McDonald Post of the American Legion decided in a called meeting Thursday night to limit the proposed rodeo and picnic to be given next month to one day, July 4th, and every plan for a big and enjoyable celebration is being worked out to make that day one of the biggest and best seen here in some time, according to members of the entertainment committee.

The original program will be carried out practically as planned for the two days, but the main events will be scheduled for July the Fourth only.

The City Lake is to be the scene of activities, and the swimming and diving contests, baseball games, old fiddlers contest, speaking, rodeo, band concerts, parades and fireworks display will be carried out as planned.

MORE TYPHOID

Third Case This Year Reported—Fail So Far to Find Source of Infection.

Another case of typhoid fever—the third of this year—has been reported to local health authorities. An endeavor is being made to trace down the source of the infection but so far without avail. The man afflicted is an employe of the United States Gypsum Co., who lives in the city.

In the previous cases of typhoid fever this year, the source of the infection was believed to have been traced to a farm north of town which was supplying a limited number of customers with milk—although not a regular dairy. Following discovery of the typhoid fever, the sale of milk stopped. This was some months ago.

At that time, local health authorities put in some hard work tracing down all possible sources of the typhoid infection. Lake Trammell water was tested and found to be entirely free from any trace of any infection. Water in Sweetwater Creek east of town, however, was found to be in a dangerous condition and as this creek is not far from the gypsum plant, it is possible that infection in the last case originated in some way from the creek.

COOLIDGE'S POWER

More or less obscure in the office of vice president, Calvin Coolidge has, in a few months, come to be recognized as the active leader of the Republican party, not only because he is recognized as the strongest man in the party ranks.

G. O. P. leadership passed to the New England states when Coolidge was nominated by the national convention. The so-called "Senate Oligarchy" lost its grip. The platform of the Progressives, meaning Senator La Follette, was promptly flattened out by the Coolidge steam roller, and the President's victory was complete.

No doubt Coolidge could have named the vice president had he cared to. And perhaps he did before the final choice was made. The President stated before the convention that he did not care to be called on to choose his running mate, but the hopeless squabble into which his chiefs fell before the convention ended may have made his final word necessary.

Thus has "Cautious Cal" Coolidge, the Silent, ascended the political peak. Nothing flashy about this man; none of the sensational shouting of the snell binder or the incessant "blah" of the jingo. Just an American citizen, but one smart enough to extend his control to such an extent that his nomination was a certainty.

Coolidge has already had breaks with his party members in the over-riding of his bonus veto, the rejection of the Harding-Hughes world court plan by the foreign relations committee, and the passage of the tax measure against his wishes. Future encounters will be watched with interest.

The Democratic national convention as full of uncertainties as the G. O. P. presidential nomination was cut and dried. Democrats realize that it will take a powerful man to defeat Coolidge, and the man hunt is now on. If those who are leading the Donkey can get together, the Elephant will be in line for a dose of white wash.

Auto touring is a fine thing. Every patriot should taste his own country before going abroad, suggests the Muskogee, Okla., Phoenix.

All married women cannot be good cooks, but all good cooks can be married women, says the Wichita, Beacon.

"How is it possible that there can still be pensioners of the War of 1812?" Well, says the Iowa, Kas., Register, this is the way one woman managed it. At the age of 22 she married an 1812 veteran who was 86. The widow is now only 64. And there are others.

KILLS HOPPERS

Brown County Fly Deposits Death Dealing Egg on Pests, Farmers Say.

Nolan County farmers whose fields are infested with hoppers, are expected to import a strange fly that is dealing the pest death in the Brownwood community. Here's what the Brownwood Bulletin has to say of the nemesis of the grasshopper tribe:

"Reports from various sections of Brown County are to the effect that a species of fly has showed up in the fields infested by grasshoppers, and is making things lively for the hoppers. Farmers, who have paid attention to the matter state that the fly seems to have but one purpose in view and that is to kill the hoppers which is done by stinging the pest just back of the head where the head joins the body, and depositing an egg. The meantime the egg hatches and begins to feel on the body of the hopper with the result that the hopper is soon devoured. It is said that billions of these flies have made their appearance and in some localities the ground is covered with dead hoppers that were killed by the fly. This is no joke but is reported as being true in all particulars, and so many of the hoppers have been killed by poison and the fly that as a menace the hopper is regarded in some localities as factor of small importance."

Herring Returns.

A. H. Herring of the Burton-Lingo Co., has returned from Annapolis, Md., where he was present at the graduation of his son, L. R. Herring from the Naval Academy. He also visited New York City and other points of interest in the north and east as well as the battleship West Virginia upon which Ensign Herring will leave this month for a cruise in European waters.

and on the road to recovery. Elsie was shot in the face with a 38-caliber revolver with which her playmate George Seipp Jr., 7 years old, was demonstrating what he would do were burglars to visit his home. The revolver was about a foot away from the little girl's mouth, when it was accidentally discharged. The bullet struck Elsie in the nose, ranged downward, completed a circle in the mouth, knocking out two upper molars, and lodged between two others. Elsie calmly picked the missile out of her mouth and ran for assistance.

At The Lyric.

A radio, used primarily to furnish a thrill for the first episode of "Beasts of Paradise," the new Universal chapterplay, starring William Desmond and Eileen Sedgwick, the first episode of which will be shown Friday and Saturday at the R and R Lyric Theater, served a utilitarian purpose as well as recreational during the taking of the sensational photo-play.

The entire company was placed on a schooner, chartered for the sea voyage in which the picture was taken, and all the ocean action was taken when on the high seas. The radio, an extra powerful apparatus, was used to keep the floating studio in touch with Universal City. Every night reports on the day's work were made by wireless to Julius Mernheim, general studio manager, and his instructions received; after which the radio was tuned in for music, news dispatches, and other features to entertain the crew and the company of actors. The story deals with adventure on

the high seas and in the lion-infested jungles. Battles with lions, man-eating sharks, a typhoon, a landslide and many other thrilling features mark the progress of the story. One episode each week will be shown at the R and R Lyric.

Mrs. G. H. Graves, accompanied her daughter, Mrs. Frank Stinchcomb to Dallas where she has gone to have her little three-year-old daughter treated. They will visit Mrs. James McNamara, Mrs. Graves' other daughter, during their stay.

MEETING ENDS SUNDAY

Large Crowds Attend Church of Nazarene Revival.

The revival meeting which is now in progress at the Church of the Nazarene, N. W. 3rd and Grape streets, which will close with the Sunday night service, has attracted wide attendance and deep interest. Souls are finding God in pardon and cleansing power.

The preaching and special singing

by the Evangelists, Allie and Emma Irick, is enjoyed by the congregation and the chorus work and devotional leadership by Brother Terry is appreciated.

Services will be held Friday night and Saturday, and three services on the closing day of the revival, Sunday. The morning service will be held at 11 o'clock, Mrs. Irick will lecture on "The White Slave Traffic of America" at the afternoon service, 3 o'clock, and the revival will close with the night service.

Particular attention is called to the Sunday afternoon service. Night meetings are held on the church lawn, where lights and seats are provided. The public is urged by Rev. H. B. Williamson, pastor of the church of the Nazarene, to enjoy this old fashioned revival.

REFINERY READY SOON

To Be Formally Opened at Colorado June 21.

Special to The Reporter.

COLORADO, Texas, June 13.—Saturday, June 21, was today named as the day upon which the \$150,000 oil refining plant of the West Texas Refining Company, adjoining Colorado, will be opened. Steve Anderson, vice president of the company, stated that every unit would be completed by that time.

The pipe line from the refinery to the Smartt lease of the Sloan Oil Company, where production will be centralized, has been tested out under high pressure, and workmen are now painting the 14 miles of pipe and placing it in position. Pumps are in place, and the boilers were fired for the first time Thursday.

Miss Ethel Bradley of Tennessee, a former Sweetwater teacher is visiting her cousins, Misses Zada and Veda Maxwell at Snyder and all three of them are expected to reach the city this afternoon to visit Miss Edith Green. Miss Zada Maxwell was principal of the East Ward school several years and Miss Veda also taught at the East Ward.

AMUSEMENTS

The cradle of the movies, sometimes called the "Empire Theater of the Screen," was D. W. Griffith's famous old Biograph Studio in 14th Street, New York. There, in the midst of office buildings, warehouses, department stores, and fourth-rate rooming houses, many of the stars of the present day spent their early youth. Among the children who gathered around D. W. Griffith daily was Sherry Tansey, who brings so much to the characterization of the printer's devil in "The Steadfast Heart," coming to the R and R Palace Theater today and Saturday.

Sherry was the youngest of a group which included Viola Dana, Shirley Mason, Jack Pickford, and our own Mary, then as now, America's Sweetheart.

At this time Sherry Tansey had no acting to do though he was paid for appearing in pictures. He was the "cheerful" of many of the old Biograph melodramas and remained so until one part called for him to be placed on a railroad track. He cried so long and bitterly, in addition to kicking up a terrible fuss, that D. W. Griffith considered him too temperamental.

Davis Family Returns.

Mr. and Mrs. Walter Davis and daughters, Miss Beulah and Mrs. Graham Robison, returned last night from a five days visit at Lawton, Okla., where they visited relatives of Mrs. Mrs. Davis. Mr. Davis attended a two days convention at Wichita Falls of the Mutual Insurance Secretaries of Texas and Thursday they visited his nephew, Edgar Davis and wife. They spent one day at Medicine Mound Park, one of the show places of that section. Mrs. Davis' sister accompanied them on their way home as far as Wichita Falls.

Kenneth Edwards of Roby is guest of Frank Davis. He has been a student at McMurray College the past year.

"In all the world, no coffee like this!"

THE first savory sip of Hills Bros. Red Can Coffee invariably calls forth some such spontaneous remark. It is wonderful coffee. That's why the coffee-critical West calls it The Recognized Standard.

That taste-teasing aroma is but the promise of a matchless flavor to follow—the flavor that has made "Red Can" the proudest coffee of the West. We lock the flavor in vacuum to preserve its freshness always.

With all its high quality, Hills Bros. Coffee is not high-priced. It is economical to buy—and economical to use. Hills Bros., San Francisco.

Walter P. Chrysler Announces—

It is now time to state our positive conviction that the good Maxwell is the best four-cylinder car in America at anything like its price.

The high goal set up by the new organization more than three years ago has been reached. The last year's rapid development of sweeping superiorities in riding, and driving, and all phases of performance, leave no doubt of that.

Unless you are abreast of what Maxwell has lately been doing—unless you know how far it has advanced—it will pay you to inform yourself before you buy any new car.

SLEEPLESSNESS

Virginia Lady Says That Many of Her Long-Suffered Ills Have Fled Since She Took Cardui.

Bristol, Va.—“I can sleep good at night now, something I have never done before in my life,” says Mrs. Deala Hawks, of 712 Prospect St., this city, “and it is due to Cardui.

“I was always nervous and tossed when I should have been asleep, but since I took Cardui it has strengthened me, and my general health is so improved that many of the ill from which I have suffered for years have fled. . .

“I used to go to bed tired and, when I would get up in the morning, I was still tired. Now I feel like doing a day's work in my garden or in the house, and I owe all this good health to Cardui, for I had suffered for years until I took it.

“I had had female trouble for years and once, for six months, I was flat on my back. I am glad to recommend to other women a medicine which has helped me.”

If you are nervous and run-down in health, suffering as Mrs. Hawks describes above, it is probable that Cardui will greatly help you. Try it.

DISCUSS ANKLES

Thin Ankles Mean Small Brains Says Scientist.

PHILADELPHIA, June 13.—What has the size of a woman's ankle to do with the size of her brain?

The question is perturbing biologists and scientists of Philadelphia following the decree of Paul Poret, French fashion dictator, that “thin ankles mean weak knees and tiny brains.”

A poll of ten Philadelphia women, picked at random, revealed the fact that seven of them had thin ankles, nine of them strong knees and ten of them bright brains.

“This is all nonsense,” declared one clubwoman. “If a woman has any sense she doesn't allow her ankles to become thick. It seems to me that this answers your question. Diet and

Pepsinated Calomel Is Better than the Old-Time Sickening Kind

It is gentle, imported English Calomel, combined with Pepsin and other helpful ingredients. It is mild but certain, causing no harshness or unpleasantness and will absolutely relieve indigestion, biliousness, bad colds, constipation and sick headaches. And best of all it does it at once—quickly and pleasantly. Take one small tablet at bed-time and you will get up hungry and feeling fine. Recommended by

Backtracking on Death Trail

Nathan Leopold (indicated by arrow) takes authorities to spot where typewriter, on which was written ransom note in Robert Franks murder case, Chicago, had been destroyed. At this spot in Jackson Park lagoon, Chicago, Leopold and Richard Loeb tossed the tell-tale machine, he said.

the proper amount of exercise will keep women from slopping over at the ankles, and any sensible woman will see to it that she has the proper diet and exercise.”

“M. Poret is correct,” said another. “The woman who gets out and does things, the woman who, has the real sense, doesn't take time to see

that her ankles are thin. It is only the flighty young woman who likes to show her ankles on a dance floor or on the street that gives thought to such things.

“Look at the girls at Bryn Mawr. I doubt if you could find a more brainy or sensible lot of girls. Yet, generally speaking, Bryn Mawr is a big-ankle college—big, ankled, strong kneed and big brained.”

OLD GRAY MARE TO N. Y.

Committee Urges That Band Be Sent to Convention.

DALLAS, Texas, June 13.—The suggestion that the Old Gray Mare Band of Brownwood be sent to the National Democratic Convention in New York was approved by the State Democratic executive committee in session here.

Individuals, chambers of commerce, and other civic organizations were urged by the committee to contribute to the necessary fund. The committee resolution advised that the band go to New York as “a state institution calculated to most happily advertise the State.”

STOP FOR CROSSINGS

Santa Fe Employees Carry Signs on Automobiles.

“This car stops for all railroad crossings.”

These words are displayed prominently in white letters on a blue background on metal signs that have been distributed to employees of the Santa Fe in Sweetwater, the latest evidence of membership in the “Stop, Look and Listen Club” which is being formed on the Santa Fe and other railways of the country.

Club membership and plates and fasteners for placing the signs on cars will be furnished to all who will agree to stop, look, and listen at rail crossings, according to Santa Fe officials. The plates are part of an extensive system that the Santa Fe is fostering among its employees, according to G. A. Robertson, agent here.

The pledge card of the “Stop, Look and Listen Club” reads: “Having become a member of the above club, I agree to bring my automobile to a full stop at all railroad crossings and assure myself that my way is clear before going forward.”

District Judge W. P. Mahaffey and family of San Antonio is visiting his brother-in-law, C. C. Rogers and family.

Dr. A. H. Fortner, city health officer, is expected back from Chicago the first of the week. He has been taking post graduate medical work in the Windy City.

MRS. VINSON RETURNS

Visits Relatives in Wichita Falls Five Days.

Mrs. L. C. Vinson returned Thursday night from Wichita Falls, where she has spent the past five days visiting her daughter, Mrs. R. A. Faver and son, Gerald Vinson. She visited Mrs. C. E. Haile and Mrs. J. D. Sloan, all former Sweetwater people who are doing well in their adopted home. The biggest and newest project in that section of the country is the Kemp Lake irrigation project.

Kemp Lake is 80 miles from Wichita Falls, is located in parts of six counties and has a shore line of 125 miles, which is the largest artificial lake in North America. There are already several hundred miles of canals and laterals built and a large force of workmen is rapidly extending the lines over those six counties.

Kemp, Kell, Muger and several other multimillionaires, own hundreds of acres of land, that will be subject

to irrigation, which they will cut up into five and ten acre farms and put them on the market, besides millions of acres of farms that will be served.

O. W. Jones of Lamesa is visiting his brother, C. A. Jones and family and relatives at Blackwell.

OPEN HOUSE

Wade Market to Feature Musical Program Saturday.

Open house is announced by Wade Market for Saturday with a musical program announced from 2 to 10 P. M. Special music will be furnished by Miss Ruby Hemby, Mrs. Carl Ragland, Mrs. Garnet Nickenson, J. A. McCurdy and others.

E. S. Adams, District Manager for Wilson & Co., of Oklahoma City with Mr. and Mrs. W. J. Peters of the advertising department of that company is assisting in the proceedings. There will be a demonstration of Wilson products with coffee and refreshments served guests, who will be given an opportunity to inspect the recently completed refrigeration installation.

Eastern Star to Meet.

There will be a special called meeting of the Sweetwater Chapter of the Eastern Star, Friday evening at 8 o'clock. Mrs. Mary E. Brown of Snyder, assistant Deputy Grand Matron, will be present. All members and visiting members of the order are extended a cordial invitation to meet her.

County Federation Meet.

The preliminary committee, which will consist of the presidents and one member of each organization composing the Nolan County Federation will hold their first meeting at the Court House Saturday afternoon at 2 o'clock looking toward a Nolan County Fair for this fall. It is urged that every club and organization of the city who are Federation members be well represented and that the officers of the City Board of Development be present. The Nolan County Farm and Home Demonstration Agents are especially invited as well as the business men of the city and over the country.

Frank Davis returned last night from Abilene, where he has been a student at McMurray College. He came home from school Tuesday and went back to Abilene for the McMurray Commencement exercises yesterday.

Dance Is Enjoyed.

Members of the Sweetwater Elks Club and their friends enjoyed an informal dance at the Elks' Club rooms Thursday evening. Music was furnished by the Troubadours of Brownwood.

BE A BOOSTER!!

A. M. Turner of the United States Gypsum Co., left Friday morning for a trip to New Orleans and other points south.

Miss Margaret Boyd of Hamlin is visiting her sister, Mrs. J. L. Lewis, who has an apartment at the W. R. Carr home.

ANDRE TELLS HOW TO REGAIN HEALTH

SET NATURAL FORCES TO WORK SAYS NOTED SCIENTIST. CHRONIC CASES ARE NOT HOPELESS.

Millions of people drag through life on a weakened anaemic condition subject to all the distressing ailments that afflict the weak and unhealthy when health, strength and happiness might be theirs for the asking. They are weak and head-achy, constantly bothered with indigestion and lack of appetite, they are nervous, irritable and discouraged, with barely enough strength to perform their daily tasks. They get little satisfaction out of life because they have not the physical or mental energy to enjoy the company of others or make others enjoy them. Their work is a burden and their daily life a monotonous grind.

To all such people I would give a message of hope and cheer. You can again enjoy the blessings of health, strength and happiness.

NATURE IS WORKING WITH YOU, NOT AGAINST YOU, AND IF YOU GIVE HER THE PROPER ASSISTANCE SHE WILL RESTORE YOU.

Your condition may be chronic, but it is by no means hopeless. Start all the forces of nature to working properly and watch the barometer of health climb upward.

Karnak is designed to help and cooperate with Nature in this task of restoration. It works naturally and thoroughly to set the stomach right, increase the appetite for wholesome food, help the digestive system turn this food into strengthening nourishment, throw off impurities and put the whole system back into a healthy resilient, vigorous condition.

People frequently report that Karnak has relieved them of troubles that had defied other treatments for years. That is because a strong, healthy body naturally throws off disease and Karnak helps Nature restore the strength to where these troubles are naturally thrown off and the damage repaired.

Karnak is sold in Sweetwater at the Sweetwater Drug Store.

What the World Is Doing

(As Seen by Popular Mechanics Magazine)

Autos Worth Ten Billions Cost Billions to Run

Official estimates place the number of motor vehicles owned and operated in the United States at 14,000,000, the investment represented being about \$10,000,000,000 and the total cost of maintenance close to \$5,000,000,000 a year. This amount is said to equal more than half of all taxes. It is contended that payments made by owners of motor vehicles for highway service should be in proportion to the benefits received; that taxation should not be uniform but should correspond to the highway facilities of the different states.

Spring Brake on Farm Wagon Saves Horses and Driver

Wagon brakes are automatically set when the horses stop, thus keeping the weight of the load from the holdback straps and collars, by a patented spring arrangement designed so that it can be attached to an ordinary farm vehicle. It

is connected directly with the doubletrees. As the horses start, the pull is exerted on the spring in front, thus making the load easier to start, as the force reaches the wagon gradually. This forward movement also releases the rear spring pressure on the brakes. In going down hills, the hand brake is available. The device saves the labor of locking the handle in the ratchet each time the wagon is stopped, eases the work of the horses and of the driver, and saves wear on the

(Trading in dog skins is an important business in Mongolia and Manchuria.)

Glider Boat Skims on Water, Ice or Snow

Designed to skim over the surface of the water or across ice or snow, a seagoing "glider," equipped with an airplane engine and propeller, is being tested. The inventor has planned the craft as an aid to police and government officials in chasing lawbreakers and as a torpedo carrier for battleships. Six of the boats, he declares, each with space for four torpedo tubes, can be kept on one warship. The boat is thirty-two feet long, has a seven-foot beam and runs in shallow water.

Ducks and Loons Use Wings to Swim under Water

Do ducks use their wings while swimming under water? The question is discussed frequently among sportsmen and nature students, and opinions sometimes differ. Testimony of reliable authorities, however, supports the belief that various species of ducks and grebes, loons and other diving birds do use their wings when swimming beneath the surface for food or in trying to escape capture. A ruddy duck was observed in Lake Michigan not long ago, feeding in fifteen or twenty feet of clear water. As it got well started on its downward plunge, the wings, about two-thirds extended, were used in quick, short strokes at the rate of about one second to one in two. The bird was seen to rise to the surface and

Preventing Aerial from Rolling

One of the most common troubles experienced with multi-conductor aerials is that the spreader turns around in a windstorm and the wires cross, making it necessary to climb up on the roof to disentangle them again. A simple and effective method of preventing this trouble is to suspend a weight, which may be a heavy pipe elbow, from each spreader as shown in the illustration. The weight is tied to the center of a rope which is fastened to the spreader as shown.

PROTECT Your Little Ones From Filthy Flies!

YOUR child not only suffers physical torture because of pesky flies, but—every fly that touches baby, may write disease, sickness and and tragedy on its face.

LARGE BOTTLE WITH SPRAYER

MILK WAR ON

Ice Cream and Dairy Prices Drop in Fort Worth.

By International News.
FORT WORTH, Texas, June 13.—Ice cream and plain milk prices have dropped with the past few days here. Milk dropped from 35 cents a gallon to 25 cents. Ice cream dropped 25 cents a gallon.

A general fight between dealers in both commodities is probably in the very near future, according to local prognosticators.

Milk which has cost the retailer 10c a quart and sold for 12c, was still selling at the same price. But retailers state if the "war" holds out, they will sell the milk at 10 cents for the quarts and six for pints. Pints now bring eight cents.

Highways Are in Good Shape.

By The United Press.
DALLAS, Texas, June 13.—Texas highways are in fairly good condition and easily passable despite rough stretches in widely scattered areas, according to road information received here. Roads in Oklahoma are reported very good.

Mr. and Mrs. John Perry and little son returned Thursday night from Fort Worth where they have spent the past ten days visiting her sisters, Mrs. dental candidates all over the lake

Miss Eleanor Thomas of Colorado, who was crowned Queen of West Texas at the recent Brownwood meeting of the West Texas Chamber of Commerce, visited here Thursday, accompanied by her brother, Maxwell Thomas and some other friends, who came over in a party to attend the Elks' dance.
