COMPLETE PLANS FOR FALL SCHOOL

Board Appoints Tax Board Equalizers, Authorizes Bid For Funds, Elects East Ward Principal.

REDISTRIC CITY WARDS

Pupils Will Not Be Allowed to Transfer—Lack of Room Means No Music or Expression Teachers.

At a meeting of the school board Saturday practically all details looking toward the preparation for the next term of school were completed. The board authorized the soliciting of bids for the school funds, named F. G. Robertson, W. H. Bray, and J. P. Cowen as a board of equalizers, redistricted the city for the ward schools, authorized the repair of the High School building, and elected as principal for the East Ward Mrs. L. C. Curry.

School will open September 8. The boundary lines for the West Ward will be the Texas & Pacific railroad on the south and Oak Street on the east.

The lines for the East Ward follow Oak street south to the T-P tracks, thence north on the T-P to Lamar Street, thence South on Lamar to 4th street, thence west on 4th street to the limits.

The lines for the South Ward begin at the western limits of the city and follow the T-P tracks to Lamar street; thence follow the lines given above as the boundary of the East Ward.

Pupils will not be allowed to transfer to other districts. Parents will save trouble for themselves and the teachers by having their children report to their proper schools without expecting transfers which would be refused.

No unders will be allowed to enter except those who will be seven years old by the first of January. Tuition for unders will be three dollars the month payable in advance. Tuition for High School pupils will be five dollars the month payable the first of the month. Only pupils over age or living outside the district will pay high school tuition. Pupils who have been transferred will receive three months' free tuition.

Unders are pupils who were not seven years old September 1. They will be required to pay tuition all the year.

Heretofore the board has elected each year various music teachers and an expression teacher. Since it will be impossible to furnish room for these things without interference with regular school classes, the Board adopted as a policy hereafter to be followed of not electing anyone for such work.

EDWARDS READY

Newspaper Man Makes Statement as He Enters Run-Off For Lieut. Governor With Miller.

DENTON, Texas, Aug. 11.—Will C. Edwards, Denton newspaperman who will go into the run-off for Lieutenant-Governor with Barry Miller of Dallas, today gave out the following statement:

"I am seeking the nomination for Lieutenant-Governor for the honor and the opportunity of service it gives. I entered the race in the belief that Texas Democrats would react favorably toward a candidate who had eschewed all factional groups, whose only purpose was to serve and who would be pledged only to the service of the whole people. After advising with friends I announced my candidacy without seeking the endorsement or consent of anybody or any group.

"Returns of the first primary show enough Democrats did so react as to give me, with the support of my friends and their friends, a place in the run-off, which is between Judge Barry Miller of Dallas and me. Judge Miller has said that the only reason he entered the contest was that he was drafted by the Farm-Labor bloc. He has their support and their platform has his endorsement.

"As for me, I shall run in the second primary as in the first—in no alliance with any group or bloc or candidate, still holding to the belief that the party should be united and unswayed by radicalism, factionalism or prejudice to constitute a majority. If I am mistaken, I shall be content, for I am wholly sincere in the determination to go into office my own man, with my only pledge to be fair and just to all and to give the very best services of which I am capable, or stay at home.

"I have tried sincerely to avoid the injection into my campaign of the Klan issue. But I am forced to realize there are those who are making of it their political shibboleth. Therefore I say, without reservation or equivocation, that I am not now and never have been a member of the Klan. I have never applied for membership in the Klan nor paid any fee to the Klan. This is answer to my opponent's unfounded charge in his speech at McKiuney. I am not and never have been a member of the Farm-Labor Union, or any other organized bloc. I am simply a Democrat, who has taken his democracy straight and who has never bolted but always supported every Democratic nominee.

"I have been a prohibitionist since early manhood, supporting prohibition individually and editorially. I have advocated woman suffrage since it became an issue.

"I believe in an economical, efficient administration of the State's affairs and that Texas needs a better distribution of its tax burdens rather than additional taxes."

Gas Well Runs Wild.

SAPULPA, Ok., Aug. 11.—What is believed to be the largest gas well in the state with a flow of 115,000,000 cubic feet on its first test was running wild west of the city today, it being practically impossible to tap the flow.

First Political Utterance of Presidential Candidate Shows Confidence in Victory.

SHAVER HEADS COMMITTEE

Committee Must Inform Voters, Who Will Decide in Favor of Democrats, Davis Says.

By The United Press.

CLARKSBURG, W. Va., Aug. 11.—A sharp demand for complete and immediate action in his campaign was the first political utterance of John W. Davis, Democratic candidate for president, in taking up the reins of the party government. His demand was voiced at a meeting of the national committee.

The Democratic candidate in talking to the party wheel horses made it plain that he is confident that victory will come with the end of the campaign. He said: "The people will decide in favor of the Democrats if they are fully informed, and it is the duty of the committee to provide this education.

"It is a sincere pleasure to welcome you here to my native state, to the city of my birth. There are many racial strains represented in this unit of population and few schools of thought and religion that are without their adherents.

"In all, the virtues of industry, thrift, honesty, and human kindness persists, and through all the inevitable frailties of human nature. Their great desire at this moment is to show you the sense of honor they feel in your presence and testify to their interest in the ceremony that has called you here. The Democrats of the state will be especially stimulated and encouraged by the fact that you have come to mingle with them."

Clém Shaver of West Virginia was elected chairman of the National Committee at the meeting. The committee was to meet again this afternoon and elect a secretary and treasurer, and a vice chairman who is to be in charge of women's activities. Mrs. Emily Newell Blair is expected to be named to the post.

Charles Greathouse of Indiana is expected to be named secretary. The post of treasurer has been offered to W. T. Kemper of Kansas City, who is to give his decision about accepting it this afternoon.

DENIES BRIDE A FACTOR

Murder Direct Result of Fear of Injury, Confession States—Hid Body in Gully.

By The United Press.

HOUSTON, Texas, Aug. 11.—Robert Don Carlos, 22, Jamestown, Mo., Sunday confessed killing R. O. Wilson, picture salesman, near here June 21. No one else was implicated in the shooting.

"I was delivering pictures all day," Carlos said, according to the assistant district attorney. "Wilson began to curse and abuse me. He was crazy drunk. He grabbed my throat with his right hand, and the back of my neck with his left hand, and began to choke me.

"I pushed him away and slowed down the car. He grabbed for me again, and I slid my hand in the left hand pocket of the car, pulled out my pistol a .45 double action Colt, and shot him twice in the head."

He denied killing Wilson because Wilson mistreated his bride, Elizabeth Curtis Carlos of Hillsboro. The murder was the direct result of fear of being injured by Wilson. Carlos said he hid the body where it was found August 6 in a gully near the Galveston road. He said that no one passed on the road between the time of the shooting and the disposal of the body.

MURDER COMBINE

Each Slayer of Franks Without Other Would Not Have Committed Crime, Alienist Says.

By The United Press.

CHICAGO, Ill., Aug. 11.—The combination of the "twisted personalities" of Leopold and Loeb formed the murder "combination" which resulted in the kidnaping and slaying of Robert Franks, Harold Hulbert, a defense alienist, testified today.

"Leopold without Loeb would have been harmless, and Loeb without Leopold would not have committed the murder," he said.

Hulbert was turned over to the prosecution for cross examination. State's Attorney Crowe at first attempted to bring out that the witness had had but little experience in examining criminals. Hulbert named over several prominent Chicago criminals he had examined.

Crowe then shifted his tactics, asking what if anything the alienist had found in the physical of the boys that would indicate that their mentality was abnormal, or that they had criminalistic tendencies.

The witness said he found nothing in the examination of the boys—exclusive of the laboratory tests, that would indicate either. He added, however, that the laboratory tests of gland reactions in both boys indicated diseased functions of the brain.

OPPORTUNITY TO LEAD THE FIELD

Fourth Week of Reporter's Grand Prize Campaign Offers Chance to Cinch the Race.

EXTRA VOTES ARE FREE

Cash in On Club Offer and Win the Good Maxwell—Opportunity to Out-Distance Rivals.

Going into the fourth week of the Reporter's widely heralded \$2,000 Prize-winning campaign the fair candidates displayed a remarkable amount of "wim wigo and vitality." During the past three weeks of a race that is commanding the same interest in Sweetwater that the notorious Babe of the House of Ruth does in little old New York, the plucky contestants have again proved the old adage that "hard work mixed with a reasonable amount of common sense" will produce results.

Just when the going appears to be the hardest, the determined candidates "carry on" with a prize-winning grin. Spurred on by keen competition and an inborn desire to emerge victorious—to win—each and every one has adopted that never-say-die spirit—the brand that successfully carried the American dough boy over the top.

The fourth week of this unusually attractive campaign is here, and with it comes the last club offer of the entire contest. This offer is made primarily to encourage new starters while at the same time it offers inducements to the pace-setters that cannot wisely be overlooked. With every \$25 club offer The Reporter will give an EXTRA 90,000 votes—not quite as attractive an offer as was in effect during the past week but sufficient to enable the hustling candidate to make rapid strides forward.

As a matter of fact, the real up-and-at-'em contestant can by taking advantage of this special offer outdistance the field if she will utilize the tremendous opportunities within her grasp.

Get every possible subscription this week—work as you have never worked before—and you will materially enhance your chances of capturing that late model Sport Maxwell.

Get yours while the gettin' is good. Your friends will help you if you will but help yourself. Grit your teeth and go after votes—that's the only way to get them.

Someone will win that luxurious Maxwell. Will it be YOU?

Miss Mary Lauderdale of Wayland is visiting her aunt, Mrs. E. E. Stevens on Locust street.

Leopold and Loeb should have turned in their neck sizes for their nooses. The weather will have been hot so long that nobody will notice it any more. Stories of the big one that got away will be passe. Next!

KEEP IN STEP

Improvements in buildings now being made on the Sweetwater square, with others that are planned and the new structures that have been completed, only make more noticeable the dilapidated condition of the Nolan County jail, an admitted eye sore on the city skyline and a structure condemned by a grand jury.

Merchants on the square are keeping in step with the progress of the city. They are improving their places of business and modernizing their establishments to meet the demands of Sweetwater residents. New and attractive buildings have gone up, permanent investments for the city's growth and development.

A community building where the jail now stands, combining city and county offices and giving civic organizations and meetings of citizens an adequate place to assemble, would be one of the most decisive steps forward that the city could take. It would remove a structure from the square that is completely out of harmony with the other buildings on it, and give the city a municipal structure of which it might be justly proud.

Keep in step. A condemned jail does not fit in with a beautiful court house and modern business houses.

Cotton Consumed in Texas Mills Shows Increase.

By The United Press.
DALLAS, Texas, Aug. 11.—The aggregate capital investment in the textile industry in Texas amounts to \$39,985,465.00, with 57 industries operating during 1923, according to a survey report completed here by Burt C. Blanton, industrial engineer.

Value of the products of these industries during 1923 was placed at \$30,776,985 by Blanton.

"Texas ranks eighth among fourteen southern states in total number of ring spindles, and seventh in looms," Blanton said. "However, Texas has only one per cent of the total number of spindles in the United States."

Cotton consumed in Texas mills over the four year period from 1920 to 1924 showed an increase of approximately 50 per cent, Blanton said.

ABSENTEE VOTING PROVIDED

You May Cast Ballot for Run-Off Before Aug. 13 If Going Away.

Those who will be absent from their voting places on August 23 can have their ballot recorded under the terms of the "absentee voting" statute, which provides for such voting with certain requirements.

A person who already is absent or who expects to leave home before Aug. 13 may arrange to vote an absentee ballot through a notary public. He should send or take his poll tax to the County Clerk of his home county giving him his name and address. The County Clerk will send him a ballot, when it has been marked by the notary under seal to the County Clerk. The period for voting under this plan is not more than twenty nor fewer than ten days before election, in this case nor earlier than Aug. 3, and not later than Aug. 13.

Under the second plan, a voter expecting to be absent on the day of the election goes to the County Clerk, carrying his poll tax receipt or certificate of exemption, and casts his ballot. Such voting must be done not more than ten nor fewer than three days before the election, in this case August 13 to August 20.

Place cards-in cupids and wedding bell design marked the place for each fortunate guest. Canning vanity mint bags held confections of white and pink. Each table was beautiful with center decoration of crystal baskets holding pink crepe myrtle. Kewpie bride and attendants were lovely favors, enhancing the last course, bridal slippers of pink ice cream and cake, thus making known the engagement and approaching marriage of Miss Shivers and Dr. A. Dear Sir:

I desire to acknowledge receipt of the check from your Association in the sum of \$1,000 paying in full the policy which Mrs. Robertson held in your Association.

It was always a pleasure to us to pay our assessments heretofore, knowing that we were aiding those in distress. We little realized that our home would be the next recipient of the benefits of your policy.

Sincerely yours,
F. G. Robertson.

Mrs. Robertson died in the evening of July 30 and we paid this claim the morning of July 31.

After due consideration, the directors decided to pay this claim out of the SINKING FUND so there will be NO assessment made on members for this claim.

Can you beat this kind of insurance? It has cost each member the total sum of \$23.10 in three and one-half years.

Granger Rough Cut

A Pointer on Tobacco—
The slower a tobacco burns, the cooler it smokes. Also the longer it lasts. This slow burning is due to the "cut". Granger is "rough cut" to smoke slow and cool—cut for pipes, not cigarettes. And Wellman's famous old secret method produces richer fragrance and taste.

THE STATE OF TEXAS,
To the Sheriff or any Constable of Nolan County, Greeting:

You are hereby commanded to summon Zacharia Burton and the unknown heirs of Zacharia Burton, by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 32nd Judicial District; to appear at the next regular term of the District Court of Nolan County, Texas, to be held at the Court House thereof, in Sweetwater on the 5th Monday in September A. D. 1924, the same being the 29th day of September A. D. 1924, then and there to answer a petition filed in said Court on the 9th day of August A. D. 1924, in a suit numbered on the docket of said Court, No. 2164, wherein C. A. Wade and W. E. Wade are Plaintiffs, and Zacharia Burton and the unknown heirs of Zacharia Burton are Defendants and the cause of action being alleged as follows:

That on or about the 8th day of August, 1924, plaintiffs were lawfully seized and possessed of the following described lots, land and premises situated in Nolan County, Texas, holding and claiming the same in fee simple, to-wit: All of Lots Nos Ten (10) Eleven (11) and Twelve (12) in Block No. Twelve (12) in the Eastern Addition to the Town of Roscoe, Nolan County, Texas, as shown by map or plat of said Addition on file in the County Clerk's office of Nolan County, Texas.

That on the day and year last aforesaid defendants unlawfully entered upon said premises and ejected plaintiffs therefrom and unlawfully withheld from them the possession thereof.

In the alternative and as additional reason why plaintiffs should recover title and possession of said above described lots plaintiffs show that they have had and held peaceable, continuous and adverse possession under color of title from and under the State of Texas of the lots above described for more than three years prior to the filing of this suit.

That plaintiffs claim the same under a deed duly registered and have had peaceable, continuous and adverse possession of the lots above described, using and enjoying the same, and paying all taxes due thereon for a period of more than five years prior to the commencement of this suit.

Wherefore, plaintiffs pray the court that defendants be cited to appear and answer this petition and that upon final hearing hereof plaintiffs have judgment for title and possession of said above described lots, land and premises and that they have their writ of restitution therefor, for costs of suit and for such other and further relief, special and general, in law and in equity that they may be justly entitled to.

Isn't He Darling?

The ladies just went wild over this little critter. No wonder he carried off first honors at the Pekinese Show at Ranelagh, England. His name is "Hadley Orange Blossom." Pretty, isn't it? "Hadley" is supposed to be the smallest Pekinese in the world. Anyway, he is small enough to fit comfortably in the championship cup.

SLEEPLESSNESS

Virginia Lady Says That Many of Her Long-Suffered Ills Have Fled Since She Took Cardui.

Bristol, Va.—"I can sleep good at night now, something I have never done before in my life," says Mrs. Deala Hawks, of 712 Prospect St., this city, "and it is due to Cardui."

"I was always nervous and tossed when I should have been asleep, but since I took Cardui it has strengthened me, and my general health is so improved that many of the ills from which I have suffered for years have fled."

"I used to go to bed tired and, when I would get up in the morning, I was still tired. Now I feel like doing a day's work in my garden or in the house, and I owe all this good health to Cardui, for I had suffered for years until I took it."

"I had had female trouble for years and once, for six months, I was flat on my back. I am glad to recommend to other women a medicine which has helped me."

If you are nervous and run-down in health, suffering as Mrs. Hawks describes above, it is probable that Cardui will greatly help you. Try it.

THE SMALL TOWN PRESS.

From the Columbia Missouriian—
We are consciously or unconsciously prone at times to choose, praise and swear by the metropolitan press. If the opinion of Sir Alfred Robbins, eminent English journalist, can be taken as worth anything, to do so is unjustifiable.

The metropolitan press through its greater financial and editorial capabilities, wider circulation and greater "coverage" both in the matters of business and news gathering, is bound to be impressive—so much so that the small city journals are likely to be looked upon by the average man and woman much as he or

she would look upon a child in contrast to a mature person.

Yet, says Sir Alfred in the London Newspaper World: "I have submitted specimens to those of experience here, and they agree that some of the best American journalism they have seen has appeared in newspapers published in remote cities of which they had never previously heard. For myself, if I were choosing a staff to deal with American affairs, there are three small city men—of the Middle West as well as the East—I would at once select as thoroughly good journalists, to be trusted for accuracy as much as acumen, and whose sense of style has not been blunted with striving

after sensations."

It is the small city journalist who becomes the successful metropolitan writer, almost invariably; and this means not only that the small city is a training ground for journalism, but that it is the foundation-builder. So, while the less widely circulated newspapers may not print as many pages, nor as many editions, they may be depended upon for accuracy and intelligent journalism, for a representation of their immediate field far better than the exalted metropolitan papers, and for an understanding of the aims and aspirations, the needs and the merits of the community and people of whom they write.

Reopen Famous Zoo

HAMBURG—The famous zoo at Stellingen, near Hamburg, is open for the first time since 1920. It was closed for financial reasons and has been reopened chiefly through the initiative of Henry and Lorenz Hagenback. They are sons of Carl Hagenback, famous showman, who founded the zoo in 1907.

Bobbed Hair Penalty

PONCA CITY, Ok.—An epidemic of neck carbuncles that has attacked Ponca City young women is the indirect result of bobbed hair, local physicians declare. The carbuncles are caused by shaving the back of the neck with razors, it is said, and now bobbed hair is going out of style here.

Work in tanyards or gas-works is believed to be beneficial to those who suffer from diseases of the chest, while varnish makers seldom suffer from rheumatism.

'YANKEE MADNESS'

Sevilla! The very word spelled romance for the adventure seeking Richard Meriton. The palm-fringed shore, the mantilla draped señoritas, the swaggering dons of Spain, the twisted streets and the dusky natives supplied the foreign atmosphere that meant love and thrills for this devil-may-care American, who laughed, fought and wooed his way through the mad upheaval of tropic revolution.
