By The United Press.
CAMBRIDGE, Mass., Nov. 10.—Henry Cabot Lodge is dead. The senior Senator from Massachusetts whose opposition to American participation in the League of Nations made his name a household word throughout the world, passed away at 11:14 Sunday night.

He had been ill several weeks and a stroke Wednesday left him unconscious except for short periods of time until the end. Senator Lodge was in his 75th year. He had represented Massachusetts continuously in the Senate for 31 years.

The body was removed from the hospital to the home of Dr. William Sturgis Bigelow, his life long friend. The funeral will be held from Christ's Episcopal Church, Wednesday at noon. Burial will be made in the Lodge family plot at Mt. Auburn.

At the bedside when Senator Lodge died were Mrs. John Ellerton Lodge, a daughter-in-law, Miss Melena Lodge a grand daughter, both of Washington, and his physician, Dr. John H. Cunningham. Senator Lodge's son, John H. Lodge, and two grand sons, John David Lodge and Henry Cabot Lodge II, were in consultation in a room on another floor of the hospital.

Dr. Cunningham said that the Senator had suffered no pain at any time since the shock occurred Wednesday when a blood vessel was ruptured in his brain.

According to a long distance telephone message received by Mrs. Wells Monday, Haley spent a restful night Sunday, and is much improved. Physicians at first held practically no hope for his recovery.

Tonic Makes Beggar Carload Of Cheer Disregard Crutches, Stagger Merrily On For Xmas Siezed By Federal Agents

The police department is holding one of a pair of crutches left in Sweetwater by a beggar who made the town recently, sitting on the sidewalk with his legs drawn up in a most heart rending manner, and his crutches by his side. When a sufficient number of coins was dropped into his hat, he made his way to a drug store and purchased a bottle of so-called blood tonic, so the police report. After draining the bottle, the "helpless" fellow straightened his legs, tossed his crutches away, and contentedly drunk, he walked out of town.

The crutches were found near the T-P station, and one is now at the fire station and the other is at a Sweetwater negro's shack.

END COURT TERM

District Court Finishes Session Here—Many Criminal Cases Carried Over to Spring Term.

The fall term of district court was completed last week after running over a month during which time many cases were tried and judgments were rendered. The majority of criminal cases, however, were carried over until the spring term of court.

The program in last week's session which finished up the term included final judgment in the Sweetwater Electrical Co., case, and the appointment of a jury commission and the selection of juries for the spring term.

The court ordered the stock of the Sweetwater Electrical Co., sold at auction to satisfy the creditors of the company, with any balance left over to be divided between plaintiff and defendant. This action grew out of the case heard here at the beginning of the term, styled F. F. Cifert vs. Robert Withers, petition for dissolution of partnership.

A jury commission of E. E. Roy, W. L. Adams, and N. C. Bolan, was selected to draw juries for the spring term which starts March 2, 1925. The commission drew five juries for the five weeks of court, and a grand jury. Judge Leslie is expected to return to Sweetwater this week to finish up the minor details of the session.

CROSSWORD CRAZY

The world is fast becoming a "word of six letters, an irresponsible bird, beginning with c and ending with o," cuckoo, over cross word puzzles. According to some critics, cross word puzzles are more dangerous than hay fever, Spanish Influenza, or Mah Jongg.

Concerning the the latest national menace, O. O. McIntyre, internationally known humorist, says:

"I am one of those three letter words meaning something you crack. Give up? Nut. I've joined the growing army of maniacs who try to solve the cross word puzzles.

The cross-word puzzle was invented by an idiot for mongoloids. It is just about as exciting as a tooth brush drill for children in grade A at school, and yet to date there are two million saps and sap-esses leaping out of bed at daybreak to find out the synonym for a six letter word meaning "blah."

After you work the puzzle it doesn't mean a bloomin' thing and you feel foolish and beria working another. It is becoming a national menace.

Men who should be building empires are locked in their offices thumbing Mr. Webster's best seller for some obsolete word that begins with l and ends with z.

Liquor was a bad thing but it did not fill as many crazy bazzars as this foolish game will. Imagine a sane man sitting up nights trying to find the right synonym for:

No. 1—A Polynesian spear hurler's prayer.

No. 2—Ventricle of the unpaired amphibian cerebral rudiment.

No. 3—A fish headed goddess of Mesopotamia.

No. 4—Kind of satin in the Levant.

No. 5—A disease that efflicts the Scandinavian jackdaw.

Those are just a few of the easy ones. Most people try them out while ordering the coffee and sinkers. Then while they should be doing honest work and getting ahead in the world they go after the hard ones.

Every stenographer has a dictionary hidden in her desk and workmen have one in their dinner pail. They say that the cross-word puzzle got its start in New York. New York likes to claim everything.

If you go into a store to buy something or other a clerk will more than likely say: "We are out of ball-bearing suspenders today, but do you know a word meaning a genius of the vaneosoid butterfly?"

Or the iceman is liable to leap into the kitchen, hurl his burden into the chest, jump on the kitchen table and shout: Goody, goody, I've just thought of the word indicating an instrument for measuring electrical conductivities!"

So it goes. Everybody is crazy about words. It used to be that most folks could take a word or leave it alone. Now they take them in basketsfuls.

M., on the 24th day of November, 1924, in the City Hall, in the City of Sweetwater, Nolan County, Texas, at which time and place all owners of property abutting upon the said portions of streets or any of them, as well as all others interested, shall be and appear and present and make any objections or protests which they, or any of them, may have, and shall call to the attention of the Commission any errors, irregularities or invalidities, if there be any, in connection with the proposed improvements, the proceedings therefor, or proposed assessments, or any

other matter in anywise connected with such improvements, proceedings or assessments; and such hearing may be continued from day to day and time to time, if necessary, to fully and fairly hear all presenting themselves to be heard, and any such owner or other person interested or affected may subpoena witnesses and introduce evidence. Such hearing will be held and conducted in accordance with and under the terms and provisions of the Charter with amendments in force in the City and the law in force in this City, and when concluded assessments against abutting property and against the real and true owners thereof will be made and levied and, when levied, such assessments will be and constitute a first and prior lien on the premises against which assessments are so levied and a personal liability of the real and true owners of such premises whether such owners be named or not.

(3) The City Secretary is directed to give notice of the time and place and purpose of such hearing by causing a substantial copy of this ordinance to be published at least three (3) times in some newspaper published in and of general circulation in the City of Sweetwater, Texas, the first of which publication shall be made at least ten days prior to the date fixed for such hearing.

(4) The City Secretary may, but is not required to, give further notice of the time, place and purpose of such hearing, by causing a copy of the published notice to be mailed to the owners of property abutting upon the said portions of streets but said notice, by publication shall be, sufficient, valid and binding in all cases whether or not any other notice be given and whether or not any other notice, if given, be correct.

(5) The improvements on said portions of streets are being delayed pending taking effect of this ordinance and the giving of such notice and the holding of such hearing, and it is necessary that such improvements be proceeded with while the weather will permit, and such facts constitute and create an emergency and an urgent public necessity requiring that the rules and charter provisions providing for ordinances to be read at more than one meeting or more than one time be suspended, and requiring that this ordinance be passed and take effect as an emergency measure; and such rules and provisions are accordingly suspended, and this ordinance is passed and shall take effect as an emergency measure, and shall be in full force and effect immediately from and after its passage.

 Neglecting a little wound, cut or abrasion of the flesh may in nine cases out of ten cause no great suffering or inconvenience, but it is the one cause in ten that causes blood poisoning, lockjaw or a chronic festering sore. The cheapest, safest and best cure is to disinfect the wound with liquid Borozone and apply the Borozone Powder to complete the healing process. Price (liquid) 30c, 60c, and \$1.20. WEAK AND NERVOUS

Georgia Lady Says She Has Grown Stronger by Taking Cardui—Thoroughly Convinced of Its Merits.

Clyattville, Ga.—In a statement which she gave at her home on R. F. D. 1, here, Mrs. T. A. Copeland said: "I have, I believe, avoided a good deal of suffering by the use of Cardui, and am thoroughly convinced that it has been of great benefit to me."

"Before the birth of two of my children, I grew so weak and nervous I could hardly go, and suffered... I had a friend who told me of Cardui, so the next time when I grew so weak and run-down I began to use it. I used it three months. I grew stronger and less nervous. The baby was stronger and a better baby, and really believe it was because I built up my strength with this splendid tonic."

Cardui has been in successful use for more than forty years. Thousands of women have written to tell of the beneficial results obtained by taking Cardui, and to recommend it to others. It is a mild, harmless, purely vegetable medicinal preparation—a product of practical experience, scientific investigation and pharmaceutical skill. Sold everywhere. NC-159

11 Died at This Crossing

Eleven of 15 persons on board a bus operating between Newport News and Hampton, Va. were killed when the machine was crushed by a fast train on a grade crossing between the two cities. The other four were seriously injured. A state law compels all drivers of motor vehicles to stop on approaching a crossing not guarded by a watchman. Witnesses say the bus chauffeur did not.

A special enclosure with glass windows, which will provide closed car appearance and comfort, is now available at slight additional cost.
