Before Discovery of Body-Had Been Dead For Days.

Officers are scouring the country in search of two Mexicans who are believed to be the murderers of Ed Lassiter, aged widower, who was beat to death at his farm home near Sylvester some time Wednesday night. The battered body was found late Thursday afternoon by a group of school children. Lassiter lived alone and was believed to be wealthy.

Two Mexican men whose names are before the body was discovered. They had been working the farm which Lassiter owned, and, according to reports from Sylvester, the Mexicans OVER had had a heated argument with Lassiter several days before the murder. Lassiter lived a secluded life alone on his farm. According to a Sylvester banker, the murdered man never deposited his money in the banks, keeping large sums secreted about his home. Over \$30 in currency was found in his shirt after the body was discovered.

A huge club made frmo a green mesquite limb was found near the body. The club had been whittled out to make an effective weapon and was spotted with blood. Lassiter's head was beaten to a pulp, it is reported.

#### GET COMPENSATION

A number of the adjusted compensation certificates to former service men have been received in this section the past week.

The certificate is of heavy parchment paper interwoven with silk threads, as gold and silver bank certificates. On the back of the certificate is the coat of arms of the United States, across which is written, "The United States of America, Adjusted Service Certificate, World War Adjusted Compensation Act." To the right of this is a picture of American doughboys carrying Old Glory "over the top."

Naturally, the ex-service men who may receive compensation certificates during the coming year, will be interested in knowing something concerng the amount of money they will be ole to borrow on their policies. Acording to the Director of the United States Veterans' Bureau, there will be no loan value until after the policy has been in the possession of the veteran for at least two years. The government has authorized National banks, or trust companies incorporated under the laws of the States to make a loan to individual veterans. After the first two years have expired .08784 per cent of the face value of the policy can be borrowed, the veteran making a note to the bank and giving his policy as security. This amount increases yearly at an average rate of about five per cent. After nineteen years 90 per cent of the face value can be borrowed. The certificate will be held as security and the note will be paid by the government in case the veteran fails in his obli-

The policy cannot be sold. There is only one possibility of disposing of the policy in this way, and that is by transferring the policy to some one who is willing to pay cash for it. This can be done only with the approval of the Director of the Veterans' Bureau. However, it is understood that his approval can be had in case the veteran wishes to purchase real

THE West has long enjoyed the repu-I tation of being the home of heart-deep hospitality . . . and that wonderful western beverage-Hills Bros. Coffee.

When they invite you to come for breakfast, and serve you with Hills Bros. Coffee, you know for sure that the tradition is well founded: Just break the vacuum seal of a tin of Hills Bros. Get that sensethrilling aroma! Lift a cup to your lips and taste that inimitable flavor! Yes, the West may well boast of this wonderful

That none of this rich flavor may escape prematurely, Hills Bros. seal it permanently in vacuum. The coffee is still fresh days, weeks, even years laterwhenever you break the seal! The world's finest coffee, without a doubt. Hills Bros. Coffee is economical to use.

### Pepsinated Calomel Is Better than the Old-Time Sickening Kind

It is gentle, imported English Calomel, combined with Pepsin and other helpful ingredients. It is raild Cardui for that tired, worn-out feeling but certain, causing no harshness or unpleasantness and will absolutely relieve indigestion, billiousness, bad colds, constipation and sick headaches.

Cardul for that tired, worn-out reeling that comes from being dreadfully run-jown," says Mrs. Catherine E. Smith, of 2106 Stout Street. "Twenty-five years ago, I was suffering from womanly weakness. And best of all it does it at once- I read of Cardui in an almanac, and quickly and pleasantly. Take one small tablet at bed-time and you will get up hungry and feeling fine. Recultife, I took Cardui when I needed it.

NOTICE

By The City Commission To Building Contractors and Others Erecting or Repairing Buildings in the Fire Limits of Sweetwater:

The following is an ordinance of the city that is being violated by builders and contractors, and the city commission hereby notifies each of you, that in the future, any and all violations of this ordinance will be prosecuted. ORDINANCE.

Art. 101. "Whenever any person, persons, firm or corporation, shall desire to erect or construct any building within said fire limits, or shall desire to do any external repair work upon any portion of any building within said fire limits, such person, firm, or corporation shall present to the City Commission a written petition for a permit to do such building or repair work, and such petition shall contain the dimensions of the proposed building to be constructed or of the repair work is proposed to be done, the petition shall describe the nature, extent, and dimensions of the repairs and the materials with which they are to be done, and if after consideration of such petition, the Commission shall be of the opinion that such building or repair will be safe and of fire proof material, permit therefor shall be granted. Such petition and the ac- жининининининининининининини tion of the Commission thereon, together with the changes of the specifications therein, if any, as shall be prescribed by the Commission before the granting thereof, shall be entered on the minutes of the City Commis

Art. 105. Any person that shall erect, build, move or repair any building within said fire limits contrary to the provisions of this ordinance, or shall cause or direct any building to be so erected, built, moved, re-built or repaired within said limits contrary to the provisions of this ordinance, or any person who shall participate in moving, re-building or repairing any building within said fire limits contrary to the provisions of this ordinance, shall be deemed guilty of a misdemeanor, and, upon conviction thereof, shall be fined in any sum not less than ten dollars (\$10.00) nor more than One Hundred Dollars (\$100.00).

School Class Methodist Church Entertained.

Mrs. John Aycock, Mrs. Jack Horn Mrs. Benford Brown and Mrs. Eley were hostesses who entertained the members of the Mary-Martha Class of the Methodist Sunday School Wednesday afternoon in the basement auditorium of the church, with a large number of the class present.

Mrs. N. L. Hall, class teacher, led the Bible lesson from the 12th chap ter of Matthews and Mrs. John Ross led the opening prayer.

During the social hour cards were passed containing the name "Mary-Martha" written in acrostic form and each member was asked to write ten New Year's resolutions, beginning with one of these letters. Some of them were clever and witty and when read to the class created much pleas-

### Why Your Electric Light Bills Go Up and Down

This chart shows why your electric light bills are higher in some months than others

In Winter you depend upon artificial lighting nearly three times as many hours in each 24 as in summer.

In June the average use of In December the average

use of electric light, in a residence, is 6 hours and 50 minutes a day. This is perfectly natural. As examination of the chart will show. Fewer "daylight hours" means more "electric light hours."

There are other reasons, too, why your bills in fall and winter are larger than in the spring and summer-good reasons that show it is simply the result of the season's changes; your more extensive use of electric light, and not the fault of the electric light company at all. When summer is over, Va-

cations are over. Everybody is home again; more rooms are occupied; more

Long evenings — late bedtimes. The outside cold keeps us in-doors. The soft, cozy glow of electric light makes reading a pleasure. More newspapers, magazines, study or a good book, music and games pass the evening all too quickly. It is bedtime

More entertaining is done -parties at home for the grownups and little folks. Sometimes the house fairly radiates with the good cheer of electric light.

before one knows it!
