SWEETWATER DAILY REPORTER, SWEETWATER, TEXAS, FRIDAY, FEBRUARY 13, 1925

NUMBER 11

MUCH INTEREST REPORTER PLAN

Announcement of Giving Away Three Cars and Other Valuable Prizes Stirs Enthusiasm.

CREATE THREE DISTRICTS

One With Most Votes Gets Sedan—Touring Cars to Be Awarded Workers Other Districts.

The announcement of a great circulation drive by the Daily and Weekly Sweetwater Reporter in Thursday's issues started something. The thousands of dollars in prizes and cash awards to be distributed to ladies who reside in Sweetwater, the towns surrounding and those who reside in the country, on an entirely new and attractive plan, has brought many responses in the way of nominations and inquiries.

There were those who nominated themselves and friends of the paper have made nominations in a wholehearted manner, giving cooperation to the plan to place the Reporter in every home in the trade territory of Sweetwater as well as making it a hundred per cent in Sweetwater homes.

Three Chevrolet cars, the beautiful Sedan, to go to the worker securing the highest vote, and two new model Touring Cars is indeed a big inducement to enter the drive, in addition to the many other valuable and useful awards.

The plan of the distribution of the awards offers a strong appeal to those who wish to earn a good award in the fairest manner. One car and set of prizes will be awarded to the workers who reside in district one which is made up of the City of Sweetwater.

The workers who reside in District Two, made up of towns surrounding Sweetwater will also be awarded one of the cars and set of prizes. The workers who reside in the country, on the rural routes and at the small town post offices will be awarded one of the cars and set of prizes. The highest vote polled during the drive by a worker residing in either of the three districts will be awarded the Sedan, and the two other districts to be awarded the two Chevrolet touring cars. The only competition of the workers in the three districts is for the Sedan car.

The plan of securing the "Most Votes" is going to prove very popular with all the workers and their friends. The nomination blank that appears in the paper is good for 100,000 votes to be used at one time in making the nomination. It is worthless after the name has been sent in as far as votes are concerned.

The Free Voting Coupon, good for 5,000 votes in the Daily and 10,000 votes in the Weekly, is the most important vote offer in the drive. There is no limit to the number of the coupons that any one worker may secure. The Free Voting Coupon will appear in the Daily every day and every issue of the Weekly. Friends can save and vote the coupons up to the date that the coupon is good for votes. Another series with another extended vote will follow the first series of coupons.

Make a nomination, save the Free Voting Coupons and get friends to save them. Start today and win one of the automobiles or any of the good prizes. Everyone is paid for what they do.

CLEAN UP TOWN

Civic Clean-Up With Tree Planting Campaign Be Inaugurated Next Week.

Next week is "Clean-Up week in Sweetwater, and has been officially designated by Mayor Joe H. Dothie as a time for cleaning up the town generally to prepare for the coming of spring. Everybody will see that their premises are in first class shape during next week, and will make special efforts to remove all trash, weeds and "eye sores" that blemish the general appearance of the city.

The campaign for civic cleanliness is sponsored by the Ladies' Auxiliary of the Board of City Development, and has the official backing of the B. C. D. and the city of Sweetwater. In connection with cleaning up Sweetwater next week, the Auxiliary is urging that everyone plant trees also, and next week will be Tree Planting week, as well as Clean-Up Week.

The Auxiliary is to furnish trucks to remove trash from any premises. Further plans for the campaign will be announced later.

The arrogance of culture; Using a pen to work cross-word puzzles.

Local Couple Dare Superstition By Aid of Dan Cupid

Friday the 13th has no terrors for at least one young couple.

For at high noon today, Roy Davidson Miss Mable Bagie, both of Sweetwater, scorning the old adage of ill-omen and bad luck that are supposed to go hand in hand with Friday the 13th, dropped into the parsonage of Rev. W. D. Black and were united in the holy bonds of matrimony.

Mr. and Mrs. Davidson will make their home in Sweetwater where Mr. Davidson is employed.

LAND IS BOUGHT FOR CITY HALL

Grade Property in Rear of County Jail Acquired by City Commission For \$3,500.

NO PLAN FOR BUILDING

Land Acquired for Future Use When in Later Years Necessary To Enlarge Facilities.

A deal that has been pending for several days was closed Friday whereby the city of Sweetwater became the owner of a down town lot commonly known as the Cade property, located on Locust street just north of the county jail. The consideration was \$3,500.

The property is 63 1-3 by 140 feet in size, and faces east on Locust street. The land was purchased from Mrs. George Cade.

The primary object in buying the lot was to secure a site for a future city hall, city officials stated. The property is ideally located, they pointed out, and is a valuable holding for the city. The purchase was made as a precaution against the time when all available city property suitable for the purpose of a city hall location, would be taken up by other buildings.

Present plans of the city do not call for the construction of a city hall in the near future. It is possible, officials said, that there would be no move towards a new building within the next few years, but when the time came for building the city would be in possession of a desirable location for the purpose.

The lot is of ample size for a large city hall, combining offices of city officials, fire department, and a municipal auditorium.

The deal, which was handled by water commissioner L. E. Musgrove, has been pending over a week while attorneys prepared and examined the abstract and title. A cash payment of \$1,250 was made, with the balance in notes.

LAND GONE

Most of Good Land in U. S. Is Homesteaded Now Records Show

WASHINGTON, Feb. 13.—Uncle Sam's real estate business has taken a heavy jump in recent years.

Receipts from the disposal of government lands have dropped 85 per cent in the last two decades, according to figures just given out by the Interior Department. Receipts in 1904 were \$8,795,000, of which \$7,445,000 was cash. Receipts in 1924 were \$1,235,000, of which only \$591,000 was cash.

The number of federal land offices however, has decreased only 27 per cent. In 1904 there were 116; last year there were 84.

Raw public lands worthy of cultivation and capable of producing a livelihood for a family have practically all been homesteaded the Interior Department said in explanation of the decrease.

Homestead entries dwindled last year to 13,886 covering 3,873,172 acres from the 1904 figures of 69,176, covering 10,171,265 acres.

Land still open to homesteads is estimated at 186,000,000 acres, not including that in Alaska.

OFFER REWARD

Ranger Citizens After Slayer of Jim Daniels, Peace Officer

DALLAS, Feb. 13.—One thousand dollars in cash has been offered for the arrest and conviction of the murderer of Jim Daniels, Ranger peace officer who was shot and killed early in the morning of Sunday, February 8, probably while seeking the arrest of a gang of automobile thieves.

The city of Ranger is offering \$500 of this reward and the Times Publishing Company is offering \$500.

ABANDON HOPES COLLINS RESCUE

Drill Tests Reveal That Many Hours Must Yet Elapse Before Man Can Be Freed.

MUST DIG MANY FEET

May Be Necessary to Sink Several Shafts Before Reaching Cell Of Imprisoned Man.

AT THE MOUTH OF SAND CAVE, Feb. 13.—A fifteen inch crevice explored by workers today ended in a blank wall. The crevice was found shortly after noon and for a short time great excitement prevailed at the cave mouth. Word was sent to the Red Cross to be ready for anything. The air was electric with expectancy but there was no formal word of what was coming. Telephone lines to Cave City hummed and General D-nhardt hurried from his lunch into his car and out to the Cave.

By United Press.

AT THE MOUTH OF SAND CAVE, Ky. Feb. 13.—All hope of immediate rescue of Floyd Collins was abandoned early today.

The drill test revealed that the shaft being sunk to him will miss the crevice where he has lain for the past fifteen days.

It will be necessary to sink a new shaft 70 feet and then dig a horizontal tunnel at that level.

A drill was sent through the bottom of the shaft being sunk to free Collins. It failed to strike the limestone before it reached the 75 foot level. Limestone forms the roof of the shelf upon which Collins is lying at the 70 foot level. Another drill test ten feet from the first struck a limestone shelf at 65 feet.

These series of drill tests killed all hope of striking a crevice which might sink. "It will be necessary to drift (dig horizontally) toward the spot where we estimate Collins lies. If we miss his cell with the first we must dig others until we find where he is" H. T. Carmichael in charge of operations stated.

CHINESE BUY CARS

Mongols Learning to Step on the Gas Too.

WASHINGTON, Feb. 12. (United Press).—The Chinese are fast becoming accustomed to the automobile as a better means of getting from one place to another than the old-fashioned oxcarts and other antiquated means of transportation and from reports showing the consumption of gasoline in that country they are fast yearning to "step on it."

The rapid increase in the use of motor trucks and machines in China during the past ten years, reports the Department of Commerce showed resulted in the steady and constantly rising growth of the gasoline trade. That total import in 1924, amounted to 6,365,000 gallons as compared with the 1914 figures of 823,000 gallons.

MONTREAL, Que.—Building activities in Montreal for the year 1924 surpass the record of any previous year by the sum of \$3,887,556.

MARKET COTTON

Several Bales Daily Still Finding Way To Sweetwater Market—Farmers Break Land.

A small amount of cotton is still finding its way into the Sweetwater market as farmers wind up this season's crop. Six bales were weighed Thursday by Public Weigher Rogers, he stated, and several more bales are expected in Saturday.

At least one gin in the city will be operated Saturday for the benefit of farmers, but it is expected that Saturday will be the last day of operation for local gins.

Farmers generally are optimistic over the crop prospects, according to those in close touch with the farmers. In spite of the present dry spell, farmers still believe 1925 will be a successful year from a crop standpoint. There is yet plenty of time for rains, and the majority of farmers in this section are breaking land.

Mr. and Mrs. J. W. Gentry of Rule accompanied by their son, Ike Inman, returned Thursday from a extensive prospecting trip to Kerrville and other points. They were the former proprietors of the Santa Fe Hotel here.

UNCONSTITUTIONAL

United Press. AUSTIN, Feb. 13.—Attorney General Moody today ruled the Legislative amnesty bill adopted by the Senate to clear the name of former Governor Ferguson from impeachment disqualifications was unconstitutional.

THREATS MADE TO BEAT SAYLE

Prison Commissioner Tells Legislative Committee of Attacks Planned Against Him.

TO ASK RESIGNATIONS

T. K. Irwin, Dallas Legislator, to Take Up Impeachment Proceedings If Hends Stay.

By United Press.

HUNTSVILLE, ex. Feb. 13.—Threats against Walter Sayle prison commissioner, charges of malicious lying against J. A. Herring, Chairman of the Board of Prison Commissioners, and additional charges of cruelty, climaxed the joint Legislative Investigating Committee hearing last night which will be resumed tonight.

"If anything happens to me I just want you people to know what has been said" Sayle informed the Legislative Committee before adjournment last night.

"A few day ago Manager Burns of the Goree Farm for Women came to see me and told me that former Warden Coleman had told him they were going to beat me up just like they did M. E. Dogle, former prison auditor at Huntsville recently. Tonight I was told that another man named Tom Hill was looking for me and had said that I was afraid to get off by myself. I am getting tired of it. They have been hanging round and following me all day and I want it understood that I am not going to run away from any of the gang that's here" Sayle said. He controlled himself by a visible effort when he made these statements.

The committee immediately endeavored to locate Hill but he could not be found. He was described as the prison store keeper.

Last November Bogle was attacked and beaten by several men after he left the grand jury room where he testified concerning alleged irregularities in the prison system.

Immediate resignation of Col. J. A. Herring, chairman of the Board and five prison officials will be asked by T. K. Irwin of the legislative committee with impeachment proceedings to be asked in the house if resignations are refused.

Besides Herring, Irwin's list includes: Dr. H. L. Bush of Huntsville, head physician of the state system; C. J. Davis, cashier; R. E. McAdams, manager of the Ferguson Farm; N. T. Thornhill, manager of the Wynne farm; two assistant farm managers and Drs. Hampill and Maxey, farm physicians.

The Secretary of War, Secretary of the Navy, and the Army General Staff were attacked for the lack of development of the air service in this country. The plea of Brigadier General Mitchell assistant Army Aircraft Chief, for unification of the army, navy airmail service was supported.

COLONIAL TEA

Annual Colonial Tea of Sweetwater High School to Be Held Saturday, Feb. 21.

On Saturday, February 21, the annual Colonial Tea of the Sweetwater High School will be held as has been the custom for a number of years, and early indications are that this will be one of the most successful activities of the high school this year.

The Senior Class sponsors this affair, and proceeds will be used for paying debts incurred for necessary athletic equipment.

The added attractions this year to the usual class booths where take-candies and other "goodies" are sold, will be the "Art gallery," the "Bull Fight," and the "Fountain of Youth." Amusements will also be a feature of the affair, and several other attractions will be awaiting the public.

By far the most interesting feature of the carnival will be the contest between classes to elect a Queen of the Carnival and indications are that much interest will develop as the race for Queen begins. The classes have selected the following princesses to enter the contest: Seniors, Miss Elizabeth McKissick; Juniors, Nina Mae Majors; Sophomores, Bemice Sheridan; Freshmen, Lemora Bishop.

Refreshments will be served, and many thrills are anticipated on this gala occasion of the Colonial Tea. Costumes of all countries will be worn by those intimately connected with staging the affair.

TO ABILENE

C. R. Simmons To Attend Laundrymen Convention There

Mr. and Mrs. C. R. Simmons and daughter, Miss May, left this afternoon for Abilene where they will spend the week end with their daughter, Mrs. C. G. Sewell and husband and Mr. and Mrs. C. W. Clark.

Mr. Simmons will attend the district meeting of the West Texas Laundrymen which meets at Abilene Saturday.

SOCIETY WOMAN IS GIVEN IMPORTANT BANKING POSITION

By United Press. NEW YORK, Feb. 13.—A dazzling rise in finance, during which she traced the footsteps of her late husband, Mrs. W. M. Laimber, society woman who had never worked until 12 years ago, today was awarded an executive position in the National City Bank, America's Million dollar financial institution. Mrs. Laimber rose from an unimportant clerkship.

PASS EDUCATION BILL IN HOUSE

State Department Education Empowered Lay Out Courses Study Junior Colleges.

ADOPT HOT CHECK BILL

Issuance Worthless Checks Punishable By Jail or Penitentiary Sentence In Bill.

By United Press.

AUSTIN, Feb. 13.—The State Board of Examiners in the State Department of Education would be empowered to lay out courses of study to be followed in junior and teachers colleges according to a bill passed in the house today.

The rating of the schools would be made by the State Superintendent of Public Instruction with the rank of the institution to be passed in part on the grade of work turned out.

The House also adopted the Committee's "hot check" bill making the issuance of worthless checks a felony punishable by a term in jail or the penitentiary.

In the Senate, the bill introduced by Senator Wirtz of Seguin calling for the repeal of the compulsory investment clause of the Robertson insurance law came out of the committee with a favorable report.

HONOR CHOR

Septet Choir Are Entertained At Surprise Party

L. G. Menzies, C. A. Ingram, Roy Crossman and L. B. Roberts, were hosts Thursday evening to 22 members of the First Baptist Church choir, at a surprise rehearsal for next Sunday's music.

They were invited to the dining parlor and were introduced to a "Word Contest", which outpuzzled the popular "crass word concoctions and had to be answered with the initials of the players. Master J. W. Ingram gave a reading "Til Try" which called forth much applause.

A course of sandwiches, olives, angel food cake and coffee was served by the hosts.

BRIDAL SHOWER

Mrs. Walker and Mrs. Tidwell Honor Mr. and Mrs. Bud Grissom.

A bridal shower was given Wednesday afternoon, honoring Mr. and Mrs. Bud Grissom, at the home of Mrs. Reese Walker. Mrs. J. D. Tidwell and Mrs. Reese Walker were the joint hostesses.

The couple received many beautiful and useful gifts from a large circle of friends during the delightful affair.

Delicious refreshments were served by Mrs. Walker.

The couple were married last Saturday in Sweetwater. The bride was formerly Miss Louis Jackson, and both she and Mr. Grissom are well known in Sweetwater where they have many friends.

TOWELS VANISH

Pullman Company Heavy Losers According to Annual Statement

ATLANTIC CITY, N. J. Feb. 13.—Approximately 50,000 towels were removed from pullman cars by passengers in 1924, according to Roy Yarnall of the Pullman company. About the same number of sheets and pillow cases disappeared in the same way.

The Pullman company is trying to think up something to do about it. Most of the towels are believed to have been taken to wrap shoes.

Christian Church

Preaching Sunday at 11 and 7:30 o'clock. Subject for the morning hour, "Witnessing for Christ". Sunday school at 9:45 and preaching at Cottonwood at 3 p. m. Everyone cordially invited.

MISSING WOMAN FOUND BY CHIEF

Chief of Police Johnson and Representative of Reporter-Find Mrs. Orr in Box Car.

HAD NERVOUS BREAKDOWN

Is Under Care of Physician—Held Wounded About City 10 Hours—Left Home 1 A. M.

After wondering about Sweetwater and vicinity for nearly 10 hours as the result of a nervous breakdown, Mrs. R. D. Orr, 27, was finally located by Chief of Police Buck Johnson and a representative of the Reporter, in an empty T-P box car near the Gyp plant shortly before noon Friday, following a city-wide search that started at 3 o'clock Friday morning.

The crying of her month-old baby awakened her husband, R. D. Orr, Gypsum plant employee, at 3 o'clock Friday morning, and it was then that Mrs. Orr's disappearance was discovered. Officers were summoned and a search was started immediately. Clothes of the woman were missing, and she was fully dressed when found.

Officers at first feared foul play in connection with her disappearance but this theory was discounted when her trail was picked up and followed near the Gypsum plant. Following her tracks, searchers peered into the box car where the woman was standing in a corner.

"Where is my baby?" were the first words spoken by the mother when confronted by the searchers. Tired and weakened after walking several miles during the night and early morning, Mrs. Orr was brought back to Sweetwater and placed in the care of a physician. Her mother who lives at Clinton, Oklahoma, was notified soon after it was discovered that the woman was missing. It was thought that she might attempt to make her way to her mother's home. The Orrs live in the Bradford addition, and have been in Sweetwater about 8 months. They have five children, the oldest 4 1/2 years of age and the youngest will be one month old in a day or so.

Construction work on the plant will be started immediately, according to the agreement entered into. In securing this valuable institution, which will serve the cotton growers of this section by offering them a local market for cotton seed, the city of Slaton has made a great forward step that is in harmony with the other advances made in securing large and valuable institutions to operate here.

Postpone Meeting

The meeting of the Calendar and Social Club of the Methodist Missionary Society which was to have been held Monday, has been postponed until the next regular meeting date.

SLATON OIL MILL

Six Press Oil Mill To Be Built By Fort Worth Firm

SLATON, Feb. 13.—The Slaton Chamber of Commerce has just closed a deal with the Dean & Webb Cotton Mill Company of Fort Worth, to build and operate a 6-press cottonseed oil mill at this place.

Construction work on the plant will be started immediately, according to the agreement entered into.

In securing this valuable institution, which will serve the cotton growers of this section by offering them a local market for cotton seed, the city of Slaton has made a great forward step that is in harmony with the other advances made in securing large and valuable institutions to operate here.

Postpone Meeting

The meeting of the Calendar and Social Club of the Methodist Missionary Society which was to have been held Monday, has been postponed until the next regular meeting date.

GENERAL STANDS HIS GROUND

The country cannot fail to admire the vigor with which Brig. General Mitchell, assistant chief of the army air service, clings to his belief that the government is spending too much money on highly expensive and outdated forms of fighting equipment such as battleships and land armament, and not enough for airplanes. In the teeth of threats to demote him from his rank of brigadier general has just delivered another broadside at the critics by showing how the American air defense is outranked by four other nations, including Italy and Japan. The navy department is most vindictive in its opposition to the frank opinions of Gen. Mitchell. Its board of strategy does not like to have the country know that battleships which cost from fifty to sixty millions each are subject to such convenient destruction by airplanes or dirigibles costing a few thousand each. Such comparisons do not favor the peace time business of the armor plate and battleship makers. They threaten, also to send other lines of high cost equipment to the scrap heap. At the same time they hold no prospect of fattening the gate receipts for retired rear admirals whose favorite diversion seems to be to travel over the country and frighten non-combatants and institutes of Politics into chills and apprehension over the early and inevitable next war and the nation's sorrowful want of preparedness to meet the issue. It is to be hoped that Gen. Mitchell will stick to his opinion. If he does aviation may come to receive a support which its capacity for service warrants. The fact that the country spent billions in war time to outfit a line of fighting planes, without producing any to fly across the firing line, should not be counted against the efficiency of this type of service. The way some of the fossils who dominate the departments at Washington still oppose the encouragement of an air defense leaves the country under no disability to understand why such obstructive tactics in war time padded the fortunes of patriot profiteers, but resulted in no material gain to the government's military strength.

PRISONS

And isn't that a lovely mess that the prison investigating committee are uncovering in Texas prisons? Charges involving moral turpitude, inhuman cruelty, dishonesty. They are charges only as yet, none proven. But men in such positions should be above suspicion. So much for that. But in a larger sense the trouble is far deeper. Men and women in prison are—nine times out of ten—mentally sick. Not in the sense that they are unbalanced mentally, perhaps although some undoubtedly are. As in sickness of body, prevention is the best cure. That is why too much emphasis cannot be laid upon schools, churches and other training schools for the young idea. Prisons, however, seem to be very necessary under present conditions. Society must be protected from criminals. Criminals must also be protected from those who would prey upon them for selfish purposes. And therein lies the crux of the prison problem.

COURTING THE CHEWERS

One of the tobacco companies is taking a fetching way of promoting the use of chewing tobacco. It represents supreme court magistrates, clergymen, doctors and professional men of all degrees in the friendly act of pausing in their work long enough to offer a colleague or comrade a "chaw". In this way they would win men from too much devotion to pipe, cigar or perfect. What will the feminist equality leagues have to say when they view the progress of this organized effort to cultivate masculine interest in a right that they cannot appropriate to their own use as well? And perhaps all the anti-cigar leagues will want to amend their charters broadening their powers of crusade against the use of the hated weed in any form. What a boost it will be to their collections, the beginning and end of most leagues that exist to reform popular habits.

THE CATTLE TRAILS

The old cattle trails are a thing of the past. The railroad saw to that. The old days in Texas as the pioneers knew them are gone, never to return. But through the magic of the silver sheet these days of old have been recreated for us in "North of 36". It is a picture well worth seeing.

Correct this sentence: "She married again at 60" said the gossip "and none of her children opposed the match."

DREADFUL PAINS

Georgia Lady, Who Had Lost Too Much Weight, Was Advised to Take Cardui and is Now Well.

Columbus, Ga.—Mrs. George S. Hunter, of this city, writes: "After I married, thirteen months ago, I suffered with dreadful pains in my sides during ... My side hurt so bad it nearly killed me. I had to go to bed and stay sometimes two weeks at a time. I could not work and I just dragged around the house."

"I got very thin—I went from 123 pounds down to less than 100. My mother had long been a user of Cardui and she knew what a good medicine it was for this trouble, so she told me to get some and take it. I sent to the store after it and before I had taken the first bottle I began to improve."

"My side hurt less and I began to improve in health. ... The Cardui acted as a fine tonic and I do not feel like the same person. I am so much better. I am well now. I have gained ten pounds and am still gaining. My sides do not trouble me at all."

"I wish every suffering woman knew about Cardui." NC-160

The news we have the more it takes to satisfy us and the less we are satisfied with it.

"TOO OLD"

Between a father and a son, before the boyhood days are done, a chasm of constraint appears. A gulf that widens with the years. There comes a time the boy's "too old"

For dad to kiss, too big to hold. A foolish pride has parted those who should be near, as manhood nears. Who knows a father's unshed tears? Then no one but a father knows. But it is different with a lass: A year, or ten, or twenty pass, but still our little daughters stay. Our little daughters all the way. Yes, baby, maid, or stately miss. She never is too big to kiss. She never is too big to hold. She meets us at the close of day. A kiss to give, a word to say. And never thinks herself "too old."

AMUSEMENTS

A bull in a china shop isn't nearly so dangerous as a long horn steer in a dance hall.

This fact was proven at the Paramount studio during the filming of Emerson Hough's "North of 36", directed by Irvin Willat.

The scene follows a cattle stampede through the streets of Abilene, Kansas, in 1867. One of the steers rushes into the dance hall and attacks the occupants.

The theme of "North of 36" is based on a huge drive of four thousand cattle from southeastern Texas to Abilene, Kansas. For this drive the company, including Jack Holt, Ernest Terrence, Lois Wilson and Noah Beery, were on location over eight weeks in Texas. It's one of the biggest scenes ever brought to the screen.

If you liked "The Covered Wagon", you'll like this one, too. It's just as entertaining. Don't miss it on your life! At the Palace now.

Then the Rain

Man draws his ideas from Nature. So, when God sent the rain He suggested a fine way of bathing. From rain we got the idea of the shower. For the first shower ever made for a bathroom was called "Rain Bathing."

"Bathe in running water." That was a Mosaic law. But in the time of Moses there were no showers, for there was no plumbing. What he meant was to bathe in the running water of rivers.

Plumbing brings a river—running water—into the home. And with plumbing and a shower it is easy to bathe in running water.

What a joy—what a tonic—is the shower. It fits the bath for the day. The shower is full of cleanliness, vigor, and the kind of cheer that cheers.

A bathroom without a shower is only half a bathroom.

Postponed

On account of the death of Mrs. A. B. Yantis, the members of the Ladies Aid Society of the First Christian church have postponed their Valentine Tea which was to have been at the home of Mrs. C. B. Payne this afternoon, until next week.

Mrs. X. B. Sanders and Mrs. Hark Lane yet Roscoe are guests today of their sister, Mrs. Gus Rea and family.

Mrs. George Waller of Breckenridge left this morning for Baird to visit a while before returning home. She has been here with her niece, Leah Edwards, who has been ill with pneumonia at the home of her grandmother, Mrs. F. A. Felton, and aunt Mrs. Jess Robertson.

Mrs. C. F. Rogge and son Clifton, returned last night from a visit of several days at Trent with her parents Mr. and Mrs. S. H. Estep.

Mrs. Sawyer of Italy arrived last night to be with her daughter, Mrs. T. B. Bobbett who has been quite ill with flu complications.

Mrs. J. O. Biggs returned to her home in Fisher County Thursday following a visit here with her sister Mrs. A. J. Roy and family.

MEXICO CITY

MEXICO CITY, Feb. 12.—"Dead men tell no tales." But this doesn't hold for horses. When folks in a certain part of this city hear people remark, "Poor things they're better dead than alive," in reference to the nags loaded in the bull-ring, they do not rush to make this sentiment unanimous.

It happens that the skeptics recently learned more about this matter than they ever imagined they would. And that's why a butcher out near "El Torero" was called before the city health authorities to explain why some of his clientele went back to eating frijoles.

DALLAS, Feb. 13.—The annual group meetings of the seven districts of Texas Bankers Association have opened here and will be concluded at Fort Worth, Feb. 23.

Financial and industrial conditions and problems were on the program for discussion. A. R. Garland, district chairman, was in charge of the convention.

BANKERS MEET

Valley Creek Honor Roll

The following pupils are those of the Valley Creek School who have attained the highest rank in their respective grades for month ending Feb. 3, 1925:

Grade Nine, Ruby Wash, average 91; grade Seven, Mark Corning, average; grade Six, Bertha Stuart, average 93; grade Four, Genevieve Holland, average 93; grade Three, Raymond Stuart, average 90; grade Two, Katharine Moore, average 93; grade One, J. M. Blair, average 95.

Katherine Moore "deserves special attention as the only one in the school

who has a complete exemption from mid-term examinations. Katherine's scholarship has ranked very high throughout the first half of the term.

NO ONE LIKES TO LOOK AT A "BROKEN OUT" FACE

If people who are bothered with pimples, eczema blotches, bumps, rash, "breaking out", etc., would just notice or ask their dealer they would find that thousands of people who once were in the same shape they are in are now free from those distressing things, and the secret of it is that they have learned that the one sure way to do it is by using Black and White Ointment, together with Black and White Soap.

Black and White ointment is economically priced in liberal size packages. The 5c size contains three times as much as the 2c size. All dealers have both the Ointment and the soap. (adv)

TO ALL OWNERS OF, AND OTHERS INTERESTED IN, PROPERTY ABUTTING UPON THE FOLLOWING PORTIONS OF STREETS IN THE CITY OF SWEETWATER TEXAS, TO-WIT:

East North First Street from a point 185 feet east of the east property line of Locust Street to the center line of Elm Street and
East North First Street from the center line of Elm Street to a point 185 feet east of the east property line of Crane Street and
East South First Street between its intersection with the east property line of Lamar Street and its intersection with the east property line of El Paso Street and
East South First Street between its intersection with the east property line of Lamar Street and its intersection with the east property line of El Paso Street and

intersection with the east property line of El Paso Street and its intersection with the east property line of Musgrove Street and
West South First Street between its intersection with the east property line of Lamar Street and its intersection with the east property line of Orange Street and
Crane Street between its intersection with the south property line of East North Second Street and its intersection with the north property line of East North First Street,

by making publication of the herein set out ordinance,
NOTICE IS GIVEN, of all matters and facts therein contained:
"AN ORDINANCE APPROVING ENGINEER'S ROLLS OR STATEMENT FOR A PORTION OF EAST NORTH FIRST STREET AND SUNDRY OTHER STREETS AND PLACES, FIXING TIME AND PLACE FOR HEARING, AND DIRECTING THE CITY SECRETARY TO GIVE NOTICE, AND DECLARING AN EMERGENCY."

WHEREAS, the City of Sweetwater has heretofore entered into a contract with the West Texas Construction Company for the making and construction of street improvements in said City and on the hereinbelow mentioned portions of streets, and the City Engineer has prepared and filed with the City rolls or statements in connection with the proposed improvements on each of such streets showing thereon the amounts to be assessed against the various parcels of abutting property and against the owners thereof, and showing other matters and things; and

WHEREAS, as shown by such statements, the amounts proposed to be assessed against property abutting upon East North First Street, and against the owners thereof, from a point 185 feet east of the east property line of Locust Street to the center line of Elm Street, known as Unit or District No. 7, for Curb is Fifty Cents per lineal foot, and for paving and other improvements, exclusive of curb is Six Dollars and Sixty Five Cents per front foot; and

WHEREAS, as shown by such statements, the amounts proposed to be assessed against property abutting upon East South First Street, and against the owners thereof, between its intersection with the east property line of Lamar Street and its intersection with the east property line of El Paso Street, known as Unit or District No. 9, for Curb is Fifty Cents per lineal foot, and for paving and other improvements, exclusive of curb is Six Dollars and Five Cents per front foot; and

WHEREAS, as shown by such statements, the amounts proposed to be assessed against property abutting upon East South First Street, and against the owners thereof, between its intersection with the east property line of Musgrove Street, known as Unit or District No. 10, for Curb is Fifty Cents per lineal foot, and for paving and other improvements, exclusive of curb is Five Dollars and Thirty-five Cents per front foot; and

WHEREAS, as shown by such statements, the amounts proposed to be assessed against the Kansas City, Mexico and Orient Railway and against owners thereof, for work under and between rails and tracks and two feet on either side thereof, account of one track of said railway crossing Lamar Street and Bowie Street, which area is a part of and included in said Unit or District No. 11, as below described is Seven Dollars per lineal foot of track.

WHEREAS, as shown by such statements, the amounts proposed to be assessed against property abutting upon West South First Street, and against the owners thereof, between its intersection with the east property line of Orange Street, known as Unit or District No. 11, for Curb is Fifty Cents per lineal foot and for paving and other improvements, exclusive of curb is Seven Dollars and Fifteen Cents per front foot; and

WHEREAS, as shown by such statements, the amounts proposed to be assessed against property abutting upon Crane Street, and against the owners thereof, between its intersection with the south property line of East North Second Street and its intersection with the north property line of East North First Street, known as Unit or District No. 12, for Curb is Fifty Cents per lineal foot and for paving and other improvements, exclusive of curb, is Five Dollars and Thirty Cents per front foot; and

WHEREAS, said rolls or statements have been examined and approved:

THEREFORE, BE IT ORDAINED BY THE COMMISSION OF SWEETWATER, TEXAS:
(1) That the said rolls or statements in connection with the improvements and assessments thereon on the

said streets and places be, and the same are hereby adopted and approved.

(2) That a hearing shall be given and held by and before the commission of the City of Sweetwater, Texas, at 2 o'clock P. M., on the 5th day of March, 1925, in the Commission Room of the City Hall, in the City of Sweetwater, Texas, at which time and place all owners of property abutting upon the said portions of streets or any of them, as well as all others interested, shall be and appear and present and make any objections or protests which they, or any of them, may have, and shall call to the attention of the Commission any errors, irregularities or invalidities, if there be any, in connection with the proposed improvements, the proceedings therefor, or proposed assessments, or any other matter in anywise connected with such improvements, proceedings or assessments; and such hearing may be continued from day to day and time to time, if necessary, to fully and fairly hear all presenting themselves to be heard, and any such owner or other person interested or affected, may subpoena witnesses and introduce evidence. Such hearing will be held and conducted in accordance with and under the terms and provisions of the Charter, with amendments in force in the City, and the law in force in this City, and when concluded assessments against abutting property and against real and true owners thereof will be made and levied, and when levied, such assessments will be and constitute a first and prior lien on the premises against which assessments are so levied and a personal liability of the real and true owners of such premises whether such owners be named or not.

(3) The City Secretary is directed to give notice of the time and place and purpose of such hearing by causing a substantial copy of this ordinance to be published at least three (3) times in some newspaper published in and of general circulation in the City of Sweetwater, Texas, the first of which publications shall be made at least ten days prior to the date fixed for such hearing.

(4) The City Secretary may, but is not required, give further notice of the time, place and purpose of such hearing, by causing a copy of the published notice to be mailed to the owners of abutting property upon the said portions of streets but said notice, by publication, shall be sufficient, valid and binding in all cases whether or not any other notice be given and whether or not any other notice, if given, be correct.

(5) The improvements on said portions of streets are being delayed pending taking effect of this ordinance and the giving of such notice and the holding of such hearing, and it is necessary that such improvements be proceeded with while the weather will permit, and such facts constitute and create an emergency and an urgent public necessity requiring that the rules and charter provisions providing for ordinances to be read at more than one meeting or more than one time be suspended, and requiring that this ordinance be passed as and take effect as an emergency measure, and such rules and provisions are accordingly suspended, and this ordinance is passed as and shall take effect as an emergency measure, and shall be in full force and effect immediately from and after its passage.

Passed and approved this 10th day of February, 1925.

Pepsinated Calomel Is Better than the Old-Time Sickening Kind
It is gentle, imported English Calomel, combined with Pepsin and other helpful ingredients. It is mild but certain, causing no harshness or unpleasantness and will absolutely relieve indigestion, biliousness, bad colds, constipation and sick headaches. And best of all it does it at once—quickly and pleasantly. Take one small tablet at bed-time and you will get up hungry and feeling fine. Recommended by

ITCH!
Money back without question if HUNT'S GUARANTEED SKIN DISEASE REMEDIES (Hunt's Salve and Soap), fail in the treatment of Itch, Eczema, Ringworm, Tetter or other itching skin diseases. Try this treatment at our risk.

SULPHUR CLEARS ROUGH, RED SKIN
Face, Neck and Arms Easily Made Smooth, Says Specialist
Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Menthol Sulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation begins at once to soothe irritated skin and heal eruptions such as rash, pimples and ring worm.
It seldom fails to remove the torment and disfigurement, and you do not have to wait for relief from embarrassment. Improvement quickly shows. Sufferers from skin trouble should obtain a small jar of Rowley's Menthol-Sulphur from any good druggist and use it like cold cream.

Face, Neck and Arms Easily Made Smooth, Says Specialist
Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Menthol Sulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation begins at once to soothe irritated skin and heal eruptions such as rash, pimples and ring worm.
It seldom fails to remove the torment and disfigurement, and you do not have to wait for relief from embarrassment. Improvement quickly shows. Sufferers from skin trouble should obtain a small jar of Rowley's Menthol-Sulphur from any good druggist and use it like cold cream.

Pepsinated Calomel Is Better than the Old-Time Sickening Kind
It is gentle, imported English Calomel, combined with Pepsin and other helpful ingredients. It is mild but certain, causing no harshness or unpleasantness and will absolutely relieve indigestion, biliousness, bad colds, constipation and sick headaches. And best of all it does it at once—quickly and pleasantly. Take one small tablet at bed-time and you will get up hungry and feeling fine. Recommended by

SAVE MONEY **SAVE TIME**

YOU, too, can enjoy the comfort and ease of cooking ELECTRICALLY
—The Modern Scientific Way

It is just as important to have properly cooked foods as it is to have a certain amount of sleep each twenty-four hours, and ELECTRIC COOKERY assures you of PROPER COOKERY.

Besides the Housewife has as much right to time and labor saving devices, as has the man who works in an office or the man who uses tools in his work. An ELECTRIC STOVE does away with extra work in cleaning up as there are no ashes or soot. It is economical for when the cooking is finished the heat is turned off immediately at the touch of a switch, and while in operation there is no heat waste for the vessels are directly over the burner.

You should learn to read your own meter for your own personal satisfaction so we are showing by diagram below how this may be done.

The Way to Read the Electric Meter

Dial No. 1 reads from 0 to 10	It now reads 1	Kwh.
" " 2 " " 10	" " " 80	"
" " 3 " " 100	" " " 900	"
" " 4 " " 1000	" " " 5,000	"

THE ABOVE DIALS NOW READ 5,981 KWH.
IF THE READING LAST MONTH WAS 5,960
THE AMOUNT CONSUMED THIS MONTH WOULD BE 21 KWH.
Kwh.—Kilowatt Hour. Gas and water Meters are Read the same way.

side the door, have a hook placed on the outside of your screen door or the storm door, so it can be latched from the outside as well as inside, and so keep the adventurous youngster safe.

In preparing slaw an excellent substitute for vinegar is the juice from sweet pickle, and the addition of a cup of black walnuts gives it an entirely new flavor and is delicious.

When cooking cereal which must remain in double boiler overnight, turn one cup of cold water over it just before leaving. This will prevent any hard crust forming on top. In the morning the water may be turned off. When whipping cream is expensive or unavailable, whip the white of an egg into your salad dressing instead of cream. It's delicious.

To freshen stale cake, dip it for a moment in sweet milk, and re-bake in a moderate oven; it will be like freshly baked.

For Crisp pork take an old wire toaster and lay across the top of the pan in which beans are to be baked. Slice pork down as far as the rim of the toaster. The grease cooks into the beans, leaving the pork crisp but not hard.

Ham Souffle.
1 cup boiled or baked ham (ground or chopped fine), 1-4 cup cracker meal, 1 egg, 1 cup milk, A few grains of cayenne, 1 egg, 1-2 teaspoon salt.

Beat egg, add remaining ingredients. Bake in buttered ramekins or one baking dish, set in pan of hot water, until firm.

This is a very satisfactory way to utilize left over meat. Chicken, veal or beef may be substituted for the ham.

Pork with Sweet Potatoes and Apples
1 lb. pork tenderloin frenched, lean pork chops or slice of fresh ham (not smoked), 1 lb. sweet potatoes peeled and quartered, 8 apples (peeled and cored), 8 teaspoons seeded raisins, 8 tablespoons sugar, 2 cups milk, 8 tablespoons sugar, 2 teaspoons cinnamon, 8 marshmallows, 4 tablespoons fat, 1 teaspoon salt, 1-4 teaspoon pepper.

Dredge pork in flour, then dip in milk, then in 1-4 cup flour mixed with 1-4 cup cracker meal, seasoned with 1-2 teaspoon salt and 1-8 teaspoon pepper. Fry golden brown in deep baking pan. Add potatoes and ap-

ples filled with sugar, raisins and cinnamon. Add seasoned milk and bake in moderate oven about forty-five minutes, turning potatoes once. Just before serving, place one marshmallow on top of each apple and allow to brown.

Braised Round Steak
Round of beef, 2 carrots sliced, 4 tablespoons fat, 6 med. sized potatoes, 1 onion (minced) 2 cups milk, 1-2 sweet pepper sliced, tops of three celery stalks, 3 sprigs parsley (minced) 1 teaspoon salt, 1-8 teaspoon pepper.

Press one cup of flour seasoned with one teaspoon salt and one-eighth teaspoon pepper into steak with the back of a saucer. Melt fat in skillet and brown steak over a slow fire. Pour seasoned milk over steak and arrange vegetables around steak. Cover and cook in slow oven until milk is practically absorbed.

This dish may be cooked in a deep baking pan in a pan of hot water on top of the stove.

It is a further economy to buy and cook enough round steak to allow for the filling for stuffed peppers for the next meal.

Chicken Fricassee
1 moderately sized chicken, 1 sweet pepper, (minced) 2 1-2 cups milk, 2 sprigs parsley (minced) 1 bay leaf, 4 tablespoons fat, 3 stalks celery (minced) 1 1-2 teaspoons salt, 1-8 teaspoon pepper.

Dredge pieces of chicken, cut for serving, in flour; dip in milk, then in 1-2 cup flour and 1-2 cup cracker meal or bread crumbs seasoned with 1 teaspoon salt and 1-4 teaspoon pepper. Fry in deep baking pan or frying pan until golden brown. Add milk and remaining ingredients and bake slowly until chicken is tender.

For "Chicken a la Maryland" omit the bay leaf and celery and add six small potatoes.

Veal Pot Pie
1 lb. tender veal, 2 cups milk, 2 stalks celery (minced) 1 onion (minced) 1 1-2 teaspoon salt, 2 sprigs parsley (minced) 1-8 teaspoon pepper 1 bay leaf, 9 small potatoes (sliced)

Designate pieces of veal in one cup of flour seasoned with 1 teaspoon salt and 1-8 teaspoon pepper. Add seasoned milk, minced celery, onion, parsley and bay leaf to veal and cook mixture in double boiler three quarters of an hour; then add potatoes and when they are tender drop dumplings on top by first dipping spoon into hot liquid. Cover and let cook thirty minutes.

Dumplings
1 cup flour, 1 cup milk, 2 1-2 teaspoon baking powder, 1-4 teaspoon salt.

Sift dry ingredients together; add milk and mix lightly.

Church of Christ.
Bible Study 9:45 a. m. Communion service 10:45 a. m. Preaching 11:15 a. m. Young Peoples Bible Class 6 p. m. Little Folks Bible Drill 7 p. m. Preaching 7:30 p. m.

I wish to say that while I was not able to be at the service last Sunday, but am thankful that I am again able to be about and the Lord willing will be there Sunday and preach at the morning hour on "Woman's Duties and Privileges in the Church." Subject for the evening hour will be "Why a member of the Church of Christ?" You are cordially invited to hear the above subject and will be given a hearty welcome to all of our services.
W. D. Black, Minister.

ROYSTON
Royston is looking up. A new filling station, a new grocery store, a new cotton gin have been recently added to the commercial life of the community.

The Royston school board is purchasing a teachersage for the use of the superintendent of the fine four teacher school.

The highway between Hamlin and Royston is being straightened and improved.

School girls are organizing a Camp Fire Girls club and boys of the school are organizing a Boy Scout Troop.

All farmers of this vicinity are busy preparing their land for crops.

Mrs. Lenora Smith is confined to her bed with influenza.

Sons of J. M. Dodds have purchased a grocery store at Littlefield and report a good business.

J. H. Knight has sold his farm at Royston and moved to Tahoka.

Boy Scouts.
Members of Boy Scouts Troop 3 will meet in the basement of the Methodist Church tonight.

FASHION TURNS TO SPRINGTIME

February Brings in New Thoughts in World of Fashion Where Modern Idea Prevails.

CURRENT STYLE NOTES

Light Colored Clothes Chosen By Many Women in New York—Bright Hues Popular.

By HEDDA HOYT
Fashion Editor United Press

NEW YORK, N. Y., Feb. 13.—February is the drearier month in the Fashion World for women are trying to make their winter clothes tide them over until the spring time, while fashion experts are trying out advance styles on their out-of-town customers.

Nevertheless, we can't afford to lose interest in our clothes. We must adjust styles that are already gone into more modern ones, and envisage ways of wearing our hats, etc. if we wish to keep in the procession. A revival of prevalent styles keep us mindful of the fashion's trend.

Current Styles

The straight-lined cloth coat with fur trimming is already replacing the fur coat. They are cut very slant and shorter than previous coats and have fur about the collars and hem-borders. The cuffs of new models being unrimmed. Light colored clothes are chosen by many women in New York. Of course bright red is still popular color, but recently dull orange, natural tans, deep Madonna blues and bright plaids have appeared in numbers.

Often there is the flaring hem-line which is achieved by godelis or by the circular flounce, but in most cases the coat is strictly straight-lined.

One of the prettiest spring coats is made of amber colored suede cloth in straight lines with a border of seal set on about two inches above the hem and a narrow seal stole which is worn thrown about the neck with one end falling in front and one in the rear.

Another similar spring model which is of tan broadcloth trimmed in taupe fox on collar and hem has a pleated crepe dechene scarf attached to the underneath part of the collar falling to the hem.

Shoes Simpler

Shoes worn by the smartest women grow simpler each month until now we find the plain pump a leader for street wear. One very well dressed woman at the Biltmore wears brown satin pumps with nude hosiery with various costumes. Light blond shoes still have their followers although one never sees them except at the dinner hour, since they are not for street or evening wear, but for semi-dress occasions. They are worn with dark frocks more often than with natural-toned ones.

Ostrich continues to be popular homborder for the chiffon evening frock. One sees quantities of this trimming both on matrons and young girls. One of the loveliest gowns recently seen using this trim was made of gold brocade in straight sheath lines. Plain gold lame formed the deep yoke on the upper portion of the gown. The ostrich hem border was in a peculiar shade of orange which is a very lovely combination with the gold frock.

Dinner Gowns
At the dinner hour one sees many black chiffon frocks either made entirely of chiffon, trimmed in pleated flounces or combined with black lace. Simple satin dinner frocks are also very popular. For restaurant wear one sees black satin made in various ways but always unrelieved by color and trimming.

Just a little newer than the popular orchid corage which is worn on the shoulder of the evening gown, is the bowknot of orchid colored velvet ribbon, the ribbon being about two-inch width. Ends are left sufficiently long to be graceful.

Sand, putty and beaver colored gloves in both kid and fabric are now being worn with inserts of gold kid. Often the cuffs are made reversible so that they can be worn either turned up or down. In suede, the cuff of the glove is made in cut-out design and facing of the cuff is of gold kid and shows through the perforations of the suede. While women in New York seem to favor the glove with decora-

tive cuff, the well groomed Parisian prefers the suede glove without decorations which wrinkle about the wrist to the stiff, cuffed affairs.

Fushia Popular

Fushia tones in millinery are still very popular. At present the most popular shade runs toward pinkish rather than purplish tones. It is predicted that all fushia shades will carry on until spring since many of our spring straw bonnets and frocks are made in these shades.

ENJOY BANQUET

Roscoe Business Men Honor Firemer With Feed—Other Items From Progressive City.

ROS COE, Feb. 12.—On Thursday evening the members of the Roscoe Volunteer Fire Department together with their families enjoyed a banquet at the Methodist Church. A bounteous feast it was. The Girls' Auxiliary of the Baptist Church served. After the feast talks were made by Rev. Heller of Sweetwater, who rebuked the boys that preachers were incidentally firefighters also, Rev. G. W. Parks, Rev. Upton, K. E. Gray, Ed. Dobbs, E. J. Worley, and M. J. H. Base. During the course of the evening it was recounted how Roscoe had progressed within the last few years, and in comparison with other towns of its size it was pointed out how Roscoe was outstripping all. Appreciation was tendered the firemen for their excellent services during the last year. Roscoe has had several chances to have very destructive fires within the last year, and the local force has always responded with such zeal that little damage was done. Tribute was paid to the town, its mayor and other officials for their foresight in providing a fire truck. J. W. King, Roscoe Fire Chief, was toastmaster.

Roscoe Base Ball Opens.

Base ball will be officially opened in Roscoe next Wednesday afternoon in a freak game between the girls of the senior class and the women members of the school faculty. Much rivalry is developing. The game promises to be the best of the season so far as amusement goes. A small fee of ten cents is to be charged. All proceeds are to go to the senior class to be applied on their debt for installing the electric line system in the High School.

Junior to Present Play.

The members of the Junior class of the Roscoe High school will present one of the famous French plays "Come Out of the Kitchen" at the high school auditorium Friday evening. This is a royalty play of much merit, and the cast of characters has been well chosen. Mrs. Risloger has been drilling the characters constantly and from all indications the play will go off well.

Grading of Highway Almost Complete

The highway from Roscoe west is almost completed to the county line. Practically all the concrete work is also finished. Temporarily most of the traffic has been turned along the old road. Only a short space has not been graded between Roscoe and Sweetwater.

Health Conditions Gradually Improve.

Except for sore eyes the health conditions in Roscoe are considerably improved. The flu epidemic seems to have almost spent itself. Mrs. Baze has been unable to meet her classes this week, but is improved at this writing.

Miss Bishop, English teacher in the high school, has returned from Abil-

ene. Miss Bishop spent two days with Miss Tommie Clack in the Abilene High School. Miss Clack is recognized as one of the best high school English teachers in the state.

WAR ON BLACKBIRDS

Rice Farmers in East Texas Fight Feathered Menace

BEAUMONT, Feb. 13. (United Press).—Rice farmers in Jefferson county have declared war on blackbirds, which have appeared in full force in this vicinity early in the season.

Heavy increases in the price of seed rice has made it necessary that the flocks be subjected to strenuous measures, according to planters.

Constipation causes blotchy complexion — get relief with Kellogg's ALL-BRAN

Permanent relief and improved appearance brought to thousands.

Constipation is a serious, insidious disease. Over forty dangerous diseases can be traced to it. And minor ills, such as unpleasant breath, headaches, blotchy complexion.

Don't let constipation send its poisons into your body, not even for one day. Get permanent relief with Kellogg's ALL-BRAN. It has brought health to thousands—after people have suffered for years, and all else has failed.

It will bring sure relief to you! Kellogg's is ALL-BRAN. That is

why doctors recommend it. That is why it is guaranteed to be permanently effective, if eaten regularly, or the purchase price will be returned by your grocer. Nothing but ALL-BRAN brings sure relief in the most chronic cases.

Eat at least two tablespoons daily—in chronic cases, with every meal. Delicious with fruits. Try it in muffins, and other recipes given on every package.

Kellogg's ALL-BRAN is nature's own way of cleaning the intestine. It is made in Battle Creek, Michigan, and served at leading restaurants everywhere. Your grocer sells it.

R AND R PALACE TODAY AND SATURDAY

You Will Always Regret Not Having Seen
TEXAS' OWN PICTURE
'North of 36'

A story of the days of long ago. A story of the great cattle ranches of Texas. These days have gone, never to return. But they live again for you by the magic of the screen.

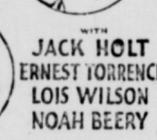

IRVIN WILLAT PRODUCTION
PRESENTED BY
ADOLPH ZUKOR
JESSE L. LASKY

JACK HOLT

ERNEST TORRENCE

LOIS WILSON

NOAH BEERY

THE WEST AS OUR FOREFATHERS KNEW IT

Blazing trail to civilization. A herd of 4,500 cattle and 1,000 perilous miles to go.

Rivers to ford, storms to weather, Indians to battle, stampedes to combat—here's the thrilling conquest of the pioneer West, told by the writer of "The Covered Wagon."

With
JACK HOLT
LOIS WILSON
ERNEST TORRENCE
NOAH BEERY

See West Texas as the Pioneers Saw It

See it as many of your neighbors and friends saw it yesterday, when hundreds of people filled your theatre and expressed their appreciation for the opportunity of seeing such a wonderful portrayal of the first great cattle drive across the Plains of Texas, to the end of the railroad at Abilene, Kansas.

And this picture is not without its humorous side. See the big cock fight where Del Sol, champion of the Lone Star State, emerges victor over the prize cock of Abilene—the old man who would not believe that the herd had arrived till a long horn steer went through his tent—the band that started out to serenade the steers—don't miss this picture.

Admission 20c-50c. Loges 10c Extra.

Special Matinee Saturday from 1 to 3 o'clock for rural school children. Children under 12 admitted Saturday 1 to 3 only for 10c.

WONDERFUL MUSIC
Wonderful organ music by Mr. So-wash will be one of the attractive features of this wonderful program.
