Texas Agricultural Experiment Station to Reveal Results of Feeding Tests on Cattle.

DEMONSTRATION OF FEED

Sheep and Steers Fed on Different Rations During Winter—Lectures Will Be Given.

Special to Reporter.

SPUR, Texas, Feb. 23.—An event which promises to be of much interest to the stockraisers and farmers of western Texas is the meeting to be held on the afternoon of March 4, at Substation No. 7 of the Texas Agricultural Experiment Station, one mile west of Spur. This meeting will mark the close of this winter's experiments with two hundred head of sheep on full feed for 70 days and forty-four steers on full feed 112 days. The finished animals will be there, speechless but eloquent witnesses of the effects of the different rations, different methods of handling, and different lines of breeding which are being studied. Plain explanations will be made by the men in charge of the experimental work and by workers of the Extension Service; also comments will be made by men through the present experiments will be made public for the first time, and the relation of these new facts to good livestock farming practice in western Texas will be explained. The final facts of the experiments will not be known until a few days later when the steers and sheep are slaughtered at Fort Worth and the quality of their meat is studied; but on the afternoon of March 4, all will be known about them which can be known about an animal before it is killed. These animals will be loaded for Fort Worth next morning. All who have ever fattened cattle or sheep or ever expect to have anything to do with fattening cattle or sheep are invited to take advantage of this last opportunity to see these experimental animals and to learn what has been found out from such as \$120 sheep are being used to find million (sic) of various combinations of feed to feed western Texas. Some of these combinations have not been studied previously and others have not been tried out often enough to permit the drawing of absolutely certain conclusions. The steers are all receiving the same ration but some of them are coming two-year-olds and others are coming three-year-olds. Some of them are high-grade Herefords and others carry Brahma blood. Body measurements and individual weights have been taken on these steers ever since they were born and much new and practical information is going to be obtained from these figures. This is the sixth annual meeting of this kind and at previous meetings stockmen have attended from more than a hundred miles away. This meeting will begin soon after one o'clock so that visitors arriving in Spur by train will be on time. In event of bad weather, the meeting will be held under shelter.

Mrs. J. D. Sloan of Wichita Falls is here visiting Mrs. W. K. Beall and other old friends for a few days while returning from El Paso, where she has been visiting her daughter, Mrs. Ferd Hamilton and family. Mrs. Sloan was one of the pioneer women of Sweetwater and she and her husband conducted one of the first hotels of the early days.

HICKOX MURDER TRIAL IN MARCH

Continued from Fall Term and Will Attract Wide Interest in Coming Session Here.

HEAVY DOCKET FOR TRIAL

Over 60 Non Jury Cases as Well as 11 Criminal and Five Civil Cases to Trial.

The docket for the spring term of District Court has been prepared by District Clerk Dan Childress, and indicates an active session here when court convenes March 2 with 60 non-jury civil cases, 5 jury civil cases, and 14 criminal cases. Among the criminal cases up for trial which will probably draw great interest is the murder case of State of Texas vs T. F. Hickox, transferred here from Upton county, and State of Texas vs George Ayers, charged with robbery with firearms in connection with the Santa Fe passenger station hold up.

The criminal docket in full is as follows: State of Texas vs M. H. Roberts, charged with swindling in two cases; T. F. Hickox, murder, set for Monday, March 30; N. T. Spillers, driving a car while intoxicated, continued from last term; Demetrio Casero, a Mexican charged with possessing and transporting intoxicating liquors; Nicolas Navarette, Mexican, charged with similar offense; Wesley Thomas and R. L. Drake, burglary; Ross Dean, driving a car intoxicated, continued from last term; J. T. Underwood, accomplice to theft, continued from last term; Jim Hughes, theft; Wesley Thomas, theft; George Ayers robbery with firearms, case resulting in hung jury last term; and J. H. Fields, forgery.

The five civil cases to be tried by jury are Isham Wright et al vs Rufus Wright et al, division of estate; J. D. Posey vs Gulf, Colorado and Santa Fe railroad, personal damages; Mary J. Elzell vs G. E. Ramsey; T. H. Taylor vs T. A. Russell, trespass to try title.

The proposed route on the latest project east to the Taylor county line, will be a continuation of the highway from the west, over N W 2nd street, and will continue east on the north side of the Texas and Pacific tracks to a point just west of Pyramid, the town at the United States Gypsum Co. plant. Here the highway will cross the Texas and Pacific tracks south over a substantial concrete bridge, according to present plans.

Bridging over the T-P line at that point, together with a proposed sub-way under the tracks on the highway west to Rosecoe will eliminate all grade crossings on the Bankhead highway in the county. Definite assurance that the Texas and Pacific will aid financially the building of the two crossings has already been given, according to County Judge A. S. Mauzey.

Contracts for the two bridges will be let separately, and will not be included in the contract to be let March 26 for the Bankhead east.

Cost of construction on the Bankhead east will probably run over \$100,000, it is predicted, and will be one of the largest undertakings in the road program. The road will be graded from Sweetwater to the Taylor County line, a distance of approximately 16 miles; there will be various route changes, and new bridges and drainage structures will be placed throughout, including a new bridge over Sweetwater Creek.

Tarrant county's voting strength was placed at 59,403, or 5,353 below the 1924 figure.

WEEKS EXPECTED TO CAN MITCHELL

Secretary of War May Order Court Martial for Principal Witness In Ai Probe.

OFFERS PAY EXPENSES

Representative Sol Bloom of New York Says Will Pay Expenses Continued Session.

By United Press. WASHINGTON, Feb. 23.—With the House Aircraft Investigation committee dead attention was focused today on Secretary of War Weeks who said recently that he would act in the case of Brigadier Mitchell, prime mover in the stormy air probe, when the investigation was over.

Secretary Weeks is expected to announce his refusal to assent to the re-employment of Mitchell as Assistant Air Chief of the Army Air Service. Meanwhile one more effort is being made to pump life back into the defunct investigation. Representative Sol Bloom, New York, Democrat announced that he would offer to pay all expenses of the Committee if it would resume and continue the hearings until March 4. The official reason given for the ending of the inquiry Saturday was that the committee had only \$700 left out of the \$25,000 appropriated for its use and had either to discontinue or else have no money left to make public its findings at the close of the hearing.

Bloom believes that his offer will be accepted. In any event it will establish whether or not the committee ended its session from shortage of money or from administration pressure.

Weeks may go farther in disciplining Mitchell for his sensational testimony before the committee and order a court martial to try him on charges of insubordination and conduct unbecoming an officer. Whether court martial or not, it is considered little short of certain that Mitchell will be relieved of his post and given command of a landing field away from Washington and at the same time given his regular rank, that of a colonel.

Meeting Called

By United Press. WASHINGTON, Feb. 23.—A meeting of the House Aircraft Investigation Committee, which suddenly ended its session Saturday, was called today by chairman Lampert to consider the proposal made by Representative Reid, Illinois, committee member that further hearings be held at the expense of members of the committee.

In a message to Lampert, Reid said that the expense for additional hearing would be "slight", and urged all members to "kick in" so that the investigation might be concluded.

Reid charges that in closing the hearing Saturday the committee had broken faith with some members of the house who had been granted permission to testify. When the committee assemblies today, it will also consider an offer of Representative Bloom of New York to finance it through the remaining session.

MURDER DETAILS TO GRAND JURY

Shooting of Son-in-Law Mayor Of Wichita Falls Being Probed by Court Body Today.

YOUNG WIFE TESTIFIES

Mother of Slain Youth Among First Witnesses Called—Remark Of Collier's Not Revealed.

By United Press. WICHITA FALLS, Feb. 23.—Details of the shooting of Elzie Robertson 17, by ex-mayor Frank Collier, his father-in-law, were told the grand jury here today. Mary Frances Collier, daughter of the ex-mayor and widow of young Robertson, and the latter's mother were the first of a score of witnesses called.

A report from the county attorney's office said the testimony might be completed late Tuesday.

Elzie Robertson was slain 10 days ago. He was on his way to keep a rendezvous with Mary Frances whose father had forbidden her to see Elzie. Three weeks previous, Collier learned of their secret marriage at Waters, Oklahoma, last June. He had filed a petition to have the marriage annulled.

Mrs. Robertson was with her son when he was slain. It is expected that she would disclose to the grand jury the remark made by Collier as he shot and killed the youth. He has refused repeatedly to reveal what he said, and it is expected that the remark will have a direct bearing on the motive of the slaying.

HEAR RECITAL

Many Sweetwater Music Lovers Attend Service of Music at Presbyterian Church.

A large number of Sweetwater music lovers attended service of music at the First Presbyterian Church Sunday afternoon to enjoy a recital of Mrs. H. D. Carsner and Miss Hazel Mikkelsen, organist and violinist, respectively. The two proved to be musicians of unusual talent and ability and delighted a large audience with a well arranged program of organ and violin music.

Mrs. Carsner especially showed her ability as an organist and pleased her hearers in playing Spring Song, Mendelssohn; Minuet, Beethoven and Even song, Johnson. Other numbers on her program included Berceuse, Andante, Offertoire in D Minor and Largo from Xerxes.

Miss Mikkelsen's violin numbers included Minuet, Serenade, Waltz, and Arioso, accompanied by Mrs. Carsner at the organ.

The two musicians from Abilene have appeared in recitals throughout West Texas.

Miss Laura Sheridan has returned to school at the Texas Christian University, at Fort Worth, following a short vacation spent with home folks.

Mr. and Mrs. R. H. Rogge are the parents of a seven pound daughter born Thursday night.

Miss Eva May Lenore of Abilene was the week end guest at the home of Mr. and Mrs. C. F. Rogge on Pecan Street.

Contracts for the two bridges will be let separately, and will not be included in the contract to be let March 26 for the Bankhead east.

Cost of construction on the Bankhead east will probably run over \$100,000, it is predicted, and will be one of the largest undertakings in the road program. The road will be graded from Sweetwater to the Taylor County line, a distance of approximately 16 miles; there will be various route changes, and new bridges and drainage structures will be placed throughout, including a new bridge over Sweetwater Creek.

Dallas and Tarrant County Poll Tax Receipts Off

DALLAS, Feb. 23.—The voting strength of Dallas county is ten thousand less than last year. The voting strength in 1924 was 67,122. Poll tax payments for 1925 numbered 51,937, with approximately six thousand exemption claims.

Tarrant county's voting strength was placed at 59,405, or 5,353 below the 1924 figure.

PRICES RISING

Higher Diamond Prices Forecast By Big Producers

By United Press.
LONDON, Feb. 23.—Look out for the high price of diamonds! That's the warning of Sir David Harris, who controls the great Kimberley mines in South Africa in a statement here.

Sir David formally told the world not only that higher prices in plain and fancy diamonds were due in next year's "crop" but that there was every prospect of a "diamond war" between various producers.

HICKOX MURDER TRIAL IN MARCH

Continued from Fall Term and Will Attract Wide Interest in Coming Session Here.

HEAVY DOCKET FOR TRIAL
Over 60 Non Jury Cases as Well as 11 Criminal and Five Civil Cases to Trial.

The docket for the spring term of District Court has been prepared by District Clerk Dan Childress, and indicates an active session here when court convenes March 2 with 60 non-jury civil cases, 5 jury civil cases, and 14 criminal cases.

Among the criminal cases up for trial which will probably draw great interest is the murder case of State of Texas vs. T. F. Hickox, transferred here from Upton county, and State of Texas vs. George Ayers, charged with robbery with firearms in connection with the Santa Fe passenger station hold-up.

The criminal docket in full is as follows:
State of Texas vs. M. H. Roberts, charged with swindling in two cases; T. F. Hickox, murder, set for Monday, March 30; N. T. Spillers, driving a car while intoxicated, continued from last term; Demetra Castro, a Mexican charged with possessing and transporting intoxicating liquors; Nicolas Navarette, Mexican, charged with similar offense; Wesley Thomas and R. L. Drake, burglary; Ross Dean, driving a car intoxicated, continued from last term; J. T. Underwood, accomplice to theft, continued from last term; Jim Hughes, theft; Wesley Thomas, theft; George Ayers robbery with firearms, case resulting in hung jury last term; and J. H. Fields, forgery.

The five civil cases to be tried by jury are Isham Wright et al vs. Rufus Wright et al, division of estate; J. D. Posey vs. Gulf, Colorado and Santa Fe railroad, personal damages; Mary J. Elzell vs. G. E. Ramsey; T. H. Taylor vs. T. A. Russell, trespass to try title.

MURDER DETAILS TO GRAND JURY

Shooting of Son-in-Law Mayor Of Wichita Falls Being Probed by Court Body Today.

YOUNG WIFE TESTIFIES
Mother of Slain Youth Among First Witnesses Called—Remark Of Collier's Not Revealed.

By United Press.
WICHITA FALLS, Feb. 23.—Details of the shooting of Elzie Robertson 17, by ex-mayor Frank Collier, his father-in-law, were told the grand jury here today. Mary Frances Collier, daughter of the ex-mayor and widow of young Robertson, and the latter's mother were the first of a score of witnesses called.

A report from the county attorney's office said the testimony might be completed late Tuesday.

Elzie Robertson was slain 10 days ago. He was on his way to keep a rendezvous with Mary Frances whose father had forbade her to see Elzie. Three weeks previous, Collier learned of their secret marriage at Waters, Oklahoma, last June. He had filed a petition to have the marriage annulled.

Mrs. Robertson was with her son when he was slain. It is expected that she would disclose to the grand jury the remark made by Collier as he shot and killed the youth. He has refused repeatedly to reveal what he said, and it is expected that the remark will have a direct bearing on the motive of the slaying.

WEEKS EXPECTED TO CAN MITCHELL

Secretary of War May Order Court Martial for Principal Witness In Ai Probe.

OFFERS PAY EXPENSES

Representative Sol Bloom of New York Says Will Pay Expenses Continued Session.

By United Press.

WASHINGTON, Feb. 23.—With the House Aircraft Investigation committee dead attention was focused today on Secretary of War Weeks who said recently that he would act in the case of Brigadier Mitchell, prime mover in the stormy air probe, when the investigation was over. Secretary Weeks is expected to announce his refusal to assent to the re-employment of Mitchell as Assistant Air Chief of the Army Air Service. Meanwhile one more effort is being made to pump life back into the defunct investigation. Representative Sol Bloom, New York, Democrat announced that he would offer to pay all expenses of the Committee if it would resume and continue the hearings until March 4. The official reason given for the ending of the inquiry Saturday was that the committee had only \$700 left out of the \$25,000 appropriated for its use and had either to discontinue or else have no money left to make public its findings at the close of the hearing.

Bloom believes that his offer will be accepted. In any event it will establish whether or not the committee ended its session from shortage of money or from administration pressure.

Weeks may go farther in disciplining Mitchell for his sensational testimony before the committee and order a court martial to try him on charges of insubordination and conduct unbecoming an officer. Whether court martial or not, it is considered little short of certain that Mitchell will be relieved of his post and given command of a landing field away from Washington and at the same time given his regular rank, that of a colonel.

Meeting Called

By United Press.
WASHINGTON, Feb. 23.—A meeting of the House Aircraft Investigation Committee, which suddenly ended its session Saturday, was called today by chairman Lampert to consider the proposal made by Representative Reid, Illinois, committee member that further hearings be held at the expense of members of the committee.

In a message to Lampert, Reid said that the expense for additional hearing would be "slight", and urged all members to "kick in" so that the investigation might be concluded.

Reid charges that in closing the hearing Saturday the committee had broken faith with some members of the house who had been granted permission to testify. When the committee assemblies today, it will also consider an offer of Representative Bloom of New York to finance it through the remaining session.

HEAR RECITAL

Many Sweetwater Music Lovers Attend Service of Musicant Presbyterian Church.

A large number of Sweetwater music lovers attended service of music at the First Presbyterian Church Sunday afternoon to enjoy a recital of Mrs. H. D. Carsner and Miss Hazel Mikkelsen, organist and violinist, respectively. The two proved to be musicians of unusual talent and ability and delighted a large audience with a well arranged program of organ and violin music.

Mrs. Carsner especially showed her ability as an organist and pleased her hearers in playing Spring Song, Mendelssohn; Minuet, Beethoven and Even song, Johnson. Other numbers on her program included Berceuse, Andante, Offertoire in D Minor and Largo from Xerxes.

Miss Mikkelsen's violin numbers included Minuet, Serenade, Waltz, and Arioso, accompanied by Mrs. Carsner at the organ.

The two musicians from Abilene have appeared in recitals throughout West Texas.

LIVING A THOUSAND YEARS Let a lecturer advertise that he is going to tell people how to live a thousand years and he would probably have a crowded auditorium.

There are a lot of reports about how long people used to live in olden times. It is doubtful if people in olden times lived any longer than they do now.

Quite likely he existed at a period when the lunar month was reckoned a year. That would have made him about seventy-eight years old when he died.

If a man really had lived nine hundred and sixty nine times twelve months there would have been much more said about it. It would not merely have been mentioned in passing.

What is the use of prolonging an existence here beyond the practical period? The body wears out. Some claim our weakest organs should last one hundred and fifty years, and our strongest organs six hundred years.

There you have it exactly. If we could prolong a man's life for six hundred years, he would have to live four hundred and fifty of it with some of his essential organs in the scrap-heap—and what a mess he would be!

Besides after a man is seventy he has run his course. After that age it is the exceptional person who accomplishes anything more or learns anything new.

He would be wasting his time, marking moments. He would be merely working with a worn-out machine that would not get him anywhere. There is reason for the scriptural age limit—three score years and ten.

Theories of extended longevity may sound pleasant, but they are futile and statistics do not show that people, active in such schools of thought live any longer than anyone else.

ATE TOO FAST South Carolinian Took Black-Draught For Indigestion, and Says He Could Soon Eat Anything.

Dallentine, S. C.—Mr. W. B. Bouknight, of this place, gave the following account of his use of Theford's Black-Draught. "Just after I married I had indigestion. Working out, I got in the habit of eating fast, for which I soon paid by having a tight, bloated feeling after meals. This made me very uncomfortable. I would feel stupid and drowsy, didn't feel like working. I was told it was indigestion. Some one recommended Black-Draught and I took it after meals. I soon could eat anything any time.

"I use it for colds and biliousness and it will knock out a cold and carry away the bile better and quicker than any liver medicine I have ever found."

Eating too fast, too much, or faulty chewing of your food, often causes discomfort after meals. A pinch of Black-Draught, washed down with a swallow of water, will help to bring prompt relief. Bloating sensations, eructations, bad breath and other common symptoms of indigestion have disappeared after Black-Draught has been taken for several days. NC-164

Holding Noses

Do you do much sniffing? Do strangers, when they leave our town, go away holding their noses? Do they say things to others that keep others from coming our way? If they do, then our town is the loser. And all of us who live here are losing money.

There are two sides to a town—outside and inside.

It's all right to keep the outside looking fine—the streets, the parks, the lawns, the buildings.

But how about the inside—the sanitation, the water, the health breathing air? They are things people remember and talk about.

Have good plumbing in your buildings, and then see to it that the plumbing is kept in good condition. Watch the toilets. Keep them sweet. Then there will be no holding of noses. And all of us will have better health and more money.

Ways To Economize!

Solution of the Servant Problem

Canning and Drying Foods by Electricity

Have you ever thought seriously of the freedom from hot kitchen drudgery, the saving of time, and the economies in food and fuel which the Hotpoint Electric Range with its automatic operation and its perfect scientific cookery will bring you?

You are spared endless scouring and polishing of pots and pans. Electric heat creates no dirt, soot, nor smoke to stain utensils and dirty up your kitchen.

The electric timer and heat control afford a dependable automatic operation that enables you to cook perfect meals without carefully watching the process. You don't even need to remain in the house if you don't want to.

The air tight insulated oven possible only with electric heat prevents evaporation with its consequent shrinkage of foods and loss of flavor and food value. Heat is stored up for cooking after the current is turned off. No escapes. The kitchen stays cool and pleasant. There is not danger from fumes, matches or overheating.

If you will come in we will gladly demonstrate these advantages to you and show you a style of range adapted to your needs.

There is a regular vote of 40,000 for six months to the Daily or one year to the Weekly, 100,000 for one year to the Daily and 100,000 for two years to the Weekly. The twelve dollars can be made up of Daily or Weekly subscriptions and this million votes are votes of the regular vote issued each subscription. There is a limit of \$12.00 club to each worker for million votes. Get in twelve dollars by Saturday night. The workers reside in the two outside districts and send in any late subscriptions of Free Voting Coupons that are secured Saturday any time when the mail is coming in Monday and same will count for the votes for the week end.

The Free Voting Coupon that was first published was dated "Good for Votes" until February 28. Those that have been published for the last few issues are good until March 7. The series will be changed every Wednesday for another week in advance of the date published on the coupons. The next series starting Wednesday will be good until March 14.

The vote standing in District Two is published today District will be published Tuesday. District One will appear again Wednesday, District Two Thursday and District Three Friday. District One will therefore be published every Sunday and Wednesday. District Two every Monday and Thursday and District Three every Tuesday and Friday during the drive.

So far the voting is very evenly divided among most of the nominees and is made up largely from the Free Voting Coupon that is being sent in by patrons of the paper and by active workers.

Those who enter actively in securing the highest vote are guaranteed that there will be no money spending or last minute buying of votes in this drive. The most votes and not the most money will win the three cars and all of the prizes. The vote offered during the last week is so very much lower than can be secured at this time for the Free Voting Coupon and paid subscriptions that money spent in sending the paper to friends would get so small a vote that it would be out of the question to spend money to secure extra votes. The plan does not invite or bid for money spending and there will be no such feature in this drive.

Save the coupon and vote for some one. Pay a subscription this week.

DISTRICT TWO

District Two is made up of towns surrounding Sweetwater. Workers in this district will be awarded one of the Chevrolet cars. The highest vote recorded in either of the three districts to be awarded the Sedan. A set of ten prizes will be awarded for the ten highest votes in this district.

PEOPLE WHO WERE ONCE GOOD LOOKING

A heartrending and yet interesting thing happened in a down-town store when a middle-aged lady got into a loud argument with a clerk. "I know what I want" she kept saying. "I have tried all those other things, but I know from what I saw it do for some friends of mine that it is Black and White ointment which gets rid of these pimples and blotches. I was just as pretty as any girl when I was a girl, but I got careless and now I am in the fix you see."

So many people are now insisting on Black and White Ointment and Black and White Soap, to get rid of pimples blotches, eczema, rash, tetter, ringworm, "breaking out" etc., because they see and hear of the thousands of others who now know they can depend upon it. And they are economical too. The 50c size Ointment contains three times as much as the liberal 25c size. All dealers have both the Ointment and Soap. adv.

SAGE TEA KEEPS YOUR HAIR DARK

When Mixed With Sulphur It Brings Back Its Beautiful Lustre At Once

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold. Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Wyleth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

Citation By Publication THE STATE OF TEXAS

To the Sheriff or any Constable of Nolan County—Greeting:

YOU ARE HEREBY COMMANDED to summon Owens Oil & Refining Company of New York, a private corporation organized under the laws of the State of New York, with its principal office in Jamestown, County of Chautauqua and State of New York by making publication of this Citation once each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the Thirty-Second Judicial District, but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said Thirty-Second Judicial District, to appear at the next regular term of the District Court of Nolan County, to be holden at the Court House thereof, in Sweetwater, Texas, on the first Monday in March A. D. 1925, the same being the second day of March, A. D. 1925, then and there to answer a petition filed in said Court on the 31st day of January, A. D. 1925 in a suit numbered on the docket of said court No. 2205, wherein Joseph Carlson and William A. Paulson are Plaintiffs, and Owens Oil & Refining Company of New York, a private corporation, is defendant, and said petition alleging that heretofore to-wit: On or about the 16th day of April, A. D. 1924, the defendant made, executed and delivered to plaintiffs its certain notes for the total sum of Twenty Thousand (\$20,000) Dollars, payable to the order of plaintiffs on June 16, 1924, and said notes provided for interest from date at the rate of eight per cent (8 per cent) per annum, whereby defendant became bound and liable to pay and promise to pay plaintiffs the sum of money in said notes specified, namely the sum of Twenty thousand (\$20,000) Dollars, together with all interest thereon according to the tenor and effect thereof.

That on the said 16th day of April 1924, said defendant executed and delivered to the plaintiffs herein a certain mortgage for the use and benefit and for the purpose of securing the plaintiffs in the prompt payment of said notes, including both principal and interest, and said mortgage covering the following described land in the County of Nolan and State of Texas, and more particularly described as follows:

FIRST TRACT: 25 acres out of the North half of Sec. No. 51, Block 22, T&P Ry Co. Surv. described by metes and bounds as follows: Beginning at a stake 30 ft. S. and 77 degrees W. from a point 556 yds. S. 13 E. from the S. W. corner of Section 47, Block 22 T&P Ry. Co. Surv., the same being

the N. E. Corner of Sec. No. 51, a pine stake driven in the N. boundary line of the right-of-way of the KCM&O R. R. Co. which said point is at the intersection of the E. boundary line of said Sec. No. 51, and the right-of-way of the said KCM&O R. R. THENCE SOUTH 77 W. 780 ft. a pine stake for corner; THENCE SOUTH 20 degrees 46 minutes W. 1460 ft. a pine stake for corner driven under fence on the S. boundary line of the N. half of Sec. 51; THENCE NORTH 77 E. 780 ft. a pine stake driven under fence in the N. W. boundary line of said KCM&O RR. right-of-way; THENCE NORTH 28 degrees 46 minutes E. with said N. boundary line of said right-of-way, 1460 ft. to the place of beginning, and being the same tract of land conveyed to Rex Oil & Refining Co. by T. L. Hughes, by deed dated Nov. 24, 1919, and recorded in Vol. 31, pages 481-482 Deed Records of Nolan County, Texas, to which reference is hereby made for a more particular description thereof.

SECOND TRACT: Beginning at a stake 30 ft. S. 77 W. from a point 556 yds. S. 13 E. from the S. W. corner of Sec. 47, Block 22, T&P Ry. Co. Surv. a pine stake driven in the N. W. boundary line of the right-of-way of the KCM&O R. R. which said point is at the intersection of the W. boundary line of the public highway with the westerly boundary line of the right-of-way of said KCM&O R. R.; THENCE SOUTH 77 W. with the N. boundary line of the 25-acre tract conveyed to the Rex Oil & Refining Co. by T. L. Hughes on Nov. 24, 1919, by deed recorded in Book 31, P. 482, Deed Records, Nolan County Texas, 718 ft. in point for corner; THENCE NORTH 28 degrees 46 minutes E. 134.07 ft. to a point for corner; THENCE NORTH 77 E. 628.7 ft. to a point on the westerly line of the public highway for a corner; THENCE S. 13 E. with the Southwesterly line of the public highway 100 ft. to the place of beginning, containing 1.55 acres, more or less, and being the same tract of land conveyed to Rex Oil & Ref. Co. by T. L. Hughes by deed dated Feb. 11, 1920, and recorded in Vol. 34, Pages 503-504, Deed Records, Nolan County, Texas, to which reference is hereby made for a more particular description thereof.

THIRD TRACT: Part of Sec. No. 51 Block 22, T&P Ry. Co. Surv. and being a part of the tract of 186.36 acres of land heretofore conveyed to W. W. Gibson by Thos. L. Hughes, and described by metes and bounds as follows: BEGINNING at the N. E. corner of said 186.36 acre tract out of said Sec. 51, which point is on the right-of-way of the KCM&O R. R. 2590 ft. N. 29 degrees 35 minutes E. from the intersection of said right-of-way with the S. line of said Sec.; THENCE SOUTH 29 degrees 35 minutes W. 600 ft. to stake for corner; stake for corner; THENCE NORTH 13 W. 441.77 ft. to stake for corner in the N. line of the said 186.36 acre tract; THENCE NORTH 77 E. 794.49 ft. to the place of beginning, containing 6 acres of land, more or less, and being the same tract of land conveyed to Rex Oil & Ref. Co. by W. W. Gibson and his wife, Lizzie Gibson, by deed dated Feb. 12, 1920, and recorded in Vol. 34, Pages 323-324, Deed Records of Nolan County, Texas, to which reference is hereby made for a more particular description.

Together with the appurtenances and all the estate and rights of the Mortgagee in and to said premises.

That said notes above described are past due and unpaid amounting to the principal sum of Twenty Thousand Dollars, together with interest on same at the rate of eight per cent per annum from April 16, 1924, and defendant, though often requested, has failed and refused to pay said indebtedness, or any part thereof, but

Wherefore, plaintiffs pray the court that defendant be cited to appear and answer this petition, that they may have judgment for their debt, interest and costs of suit and for the foreclosure of the above described mortgage and lien on the above described land and premises as it existed on April 16, 1924, and that the same be decreed and sold according to law;

HEREIN FAIL NOT, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

GIVEN UNDER MY HAND and the Seal of said Court, at office in Sweetwater, Texas, this 31st day of January, A. D. 1925.

Dan Childress, Clerk,
District Court, Nolan County,
Feb. 2-9-16-23.
