A controversy between the Stone Mountain Confederate Memorial association and the talented Gutzon Borglum, sculptor, has given the country a glimpse into another type of artistic temperament. Mr. Borglum was engaged to carve a memorial to the confederacy on the face of Stone Mountain. His appearance in Washington last week to drum up funds and to denounce the association "for having shrunk into a local habitation with scarcely a name" has drawn a fiery reply from Col. Hollins Randolph, president of the memorial enterprise. The colonel charges the artist with soldiering on the job, notwithstanding that "he, Borglum, has personally received more than \$50,000" for work already done on the memorial. "It has been extremely difficult to get him to do work at all on the mountain" the colonel protests, "in spite of the large amounts of money paid him. His main desire seems to be to get his name in the papers as often as possible. Between his desire for praise and publicity, and his constant demands for money which was not due him, the association has had little peace with him. His contract calls for \$250,000. The association has paid him approximately 40 per cent of the contract price of this group and our consulting engineer advises us that the payments are far in excess of the work done."

Local Legionnaires Aid Former Soldier Enroute Home From Hospital

Following a message from the Post Commander of the Lubbock American Legion Post, members of the Ocean McDonald Post met the Santa Fe passenger train here Friday evening to assist a sick buddy, W. G. Bridges who is returning to his home from Whipple Barracks, Ariz., a government hospital.

The ex-soldier was in a serious condition and local Legionnaires aided him in transferring from the Santa Fe to the Texas and Pacific train, besides buying his supper here. Bridges is enroute to his home at Alvarado, Texas.

**HOLD FUNERAL**

Services for W. P. Coleman Held Saturday Afternoon at Daughter's Home.

Funeral services were held Saturday afternoon at 3 o'clock for W. P. Coleman, who died at Temple Friday morning, at the home of his daughter, Mrs. J. L. Taff, on Locust St. Elder W. D. Black, pastor of the Church of Christ, of which he has long been a member, conducted a most impressive service, in the presence of a large number of friends and relatives, interment following in the City Cemetery.

Mr. Coleman is survived by his aged wife, who was too ill to attend the funeral, four daughters, Mrs. J. L. Taff, and Mrs. Josephine Plants of Sweetwater; Mrs. C. E. and W. W. Payne of Stephenville and two sons, Robert Coleman, Sweetwater and George Coleman, Stephenville, all of whom were here for the funeral services except Mrs. W. W. Payne, who is ill in a hospital.

Other relatives here were Mrs. George Coleman, C. E. Payne and Clarence Payne, Stephenville; W. G. James, Cleburne; Mr. and Mrs. Elmer Daniels of Trent; Mr. and Mrs. Bill Gordon of Roscoe; and Mr. and Mrs. Dave McDonald from the Divide.

The floral offerings sent by sympathizing friends and relatives completely covered the grave where they were placed before the benediction.

Mary Garden, Guardian Angel of Opera Stars, Will Handle Career of New Artist.

CHICAGO, Feb. 28.—(United Press)—Mary Garden, prima donna, who has played "guardian angel" to a score of now famous opera artists, will take in hand the career of Hamilton Forrest, 24 year old Chicago composer.

Forrest, a student at the Chicago Musical College, has completed work on his opera, "Yzida," which he hopes to have produced next year. Miss Garden has arranged an audience for "Yzida" with George Polacco, musical director of the Chicago Civic Opera, who may decide on production of Forrest's in March.

"I have met Forrest and heard a work that he has finished and found its value very great," Garden wrote in a letter to a wealthy patron of Forrest. "Yzida" quite surprised me."

"I am asking our musical director Monsieur Polacco, to listen to the opera of Forrest. It would interest me so much to give an American opera—especially one written by an American boy."

Forrest has dedicated "Yzida," which is taken from the story of Louis V. Leloux, to Garden, his "inspiration and friend."

Mary Garden has figured in the careers of a number of opera stars. Her latest protegee was Mary McCormic, coloratura soprano with the Chicago opera. Garden heard McCormic, a western farm girl, singing at a charity carnival and being struck by her voice flattered the girl's education abroad. McCormic made her opera debut here two years ago.

Snyder, Feb. 28.—Dr. Trigg of this city has purchased the fine home of Allen Warren just south of the city limits and known as "Warren Crest". This is one of the best homes in Scurry county, and is in what is now known as "Warren Crest Addition", which Mr. Warren expects to continue to develop until it becomes the most desirable residential section in Snyder.

Mr. Warren is to give Dr. Trigg possession within fifteen days, and has therefore begun work on a barn and garage just east of the home he sold Dr. Trigg. He will also begin the erection of a fine home in a very short time.

Paris and schemes. worthy collection. Georgette, La-long, Madiely main. Poiret used as usual. The

and designed by they are bodies with noon wear a very interesting such as the a tight arm- with fullness over the elbow. Another sleeve is tight from shoulder to elbow and flares in open effect at the wrist. Sleeves of afternoon frocks are very decorative in the Poiret collection. The bustle frock is confined to the taffeta evening models in pastel shades.

Berthe stresses straight lines and very short skirts. There are no flaring hemlines in this collection. Skirts are often but two inches below the bend of the knee. Daytime frocks are beltless, scant and short and of soft woolen materials. Occasionally Berthe displays an afternoon gown of figured chiffon with a long, slightly-fitted bodice and three tiered skirt.

Georgette as usual favors the more feminine note as evinced in lace-trimmed chiffons, soft crepes, flowing scarf ends and feather trims. Whether plain or printed chiffon the Georgette frock uses a lace hem-line and the slips which accompany these sheer frocks are quite as lovely as the frocks themselves. They are invariably several inches shorter than the transparent hem of the frock. Blond lace frocks or blond chiffon trimmed in blond lace are favored for evening wear.

Agnes is a strong sponsor of the tunic frock, which is built on straight lines and extends just 14 inches from the floor. The tunic itself is of 42 inch length, so scarcely any of the slip is seen beneath it. Both plain and figured silks are used for the tunic portion of these frocks. In many cases the tunic is figured in black white and red, while the slip accompanying it may be of a kasha cloth to harmonize with the five-eighths length coat of kasha which accompanies the frock. It is not an unusual to see a silk tunic combined with a cloth bordered slip. The cloth is set on a silk foundation so as to avoid extra bulkiness.

Evening colors chosen by many designers are pastel combined with metal trimming. Metal, by the way, has become so popular that even the African furriers are using it in old ways. For instance seal is now dyed in silver and bronze shades and the effect on satin wraps of similar tones is lovely. Squirrel is dyed a new fawn shade to conform with the spring vogue for yellowish tones. And white fox is dyed the lightest beige imaginable. It looks as though it were merely tinted.

On white sports frocks and kid belts are used and matching them are the

A small house with a properly arranged floor plan and just the right number of rooms is often more desirable than the larger ones, especially for the young couple just starting out in life.

Thatcher has most of the good features and none of the bad features of some houses. The design of the exterior is of the colonial type, the wide sliding and the shuttered windows, with the trellised porch-column and sawed brackets at the roof line, all being details of this popular type.

There are in the plan a living room, bedroom and kitchen besides the bath and laundry or service porch. The porch, which is seldom found in the smaller homes, accommodates the laundry-trays and storage space as well provides covered entrance to the cellar. The side entrance and stoop at the kitchen are also rather unusual.

Cupboard space and room for the sink are provided under the window in the kitchen where there is plenty of light, and there also is plenty of room at the front for a small dining table. The cellar is just large enough for fruit and vegetables and a storeroom.

Thirteen teachers are employed for the day classes and 29 for the night classes.

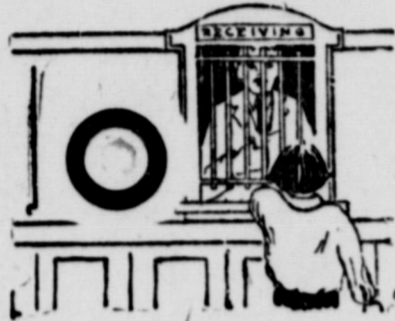

## "COURTESY"

If I possess a shop or store,  
I'd drive all grouches from the floor!  
I'd never let some gloomy guy  
Offend the folks who come to buy!  
I'd never keep a boy or girl clerk  
With "mental toothache" in their work!  
I'd never have anyone draw pay  
Who drove customers of mine away!  
I'd treat all those who took my time  
And spent their nickle or their dime,  
With courtesy, and make them feel  
That I was glad to close that deal—  
Because tomorrow, who can tell—  
They may want stuff I have to sell;  
And then, you know, how glad I'd be—  
Spending their dollars all with me.  
The reason people pass one door  
To patronize another store  
Is not because the busier place  
Has better drugs, or silk, or lace—  
Or cheaper prices; but it lies  
In pleasant words and smiling eyes.  
The only reason—I believe,  
Is in the treatment they receive.  
It is good business to be fair,  
To keep a bright and cheerful air  
About your place; but never try to show  
Your customer "All you know."  
No matter what my patron did,  
I'd always keep my temper hid,  
And never have him spread along  
That THIS DRUG STORE did any wrong.

## TAKE OUT AN INSURANCE POLICY ON HAPPINESS

It does not cost one penny; as a matter of fact, it pays you a nice little premium each year.

The trouble with most insurance is that you have to die to get your money back, and at the time you need it most you can't get it.

A savings account costs nothing—pays much. You begin with a single dollar. It grows imperceptibly, but usually amounts to quite a comfortable sum.

This is "HAPPINESS INSURANCE"—see us about it.

## No Time and Energy Wasted In Useless Labor With Electricity

Have you ever thought seriously of the freedom from hot kitchen drudgery, the saving of time, and the economies in food and fuel which the Hotpoint Electric Range with its automatic operation and its perfect scientific cookery will bring you?

You are spared endless scouring and polishing of pots and pans. Electric heat creates no dirt, soot nor smoke to stain utensils and dirty up your kitchen.

The six inch, 1,000 watt, Hotpoint "Speed Units" fit four out of every five utensils in the average home, giving speed and economy.

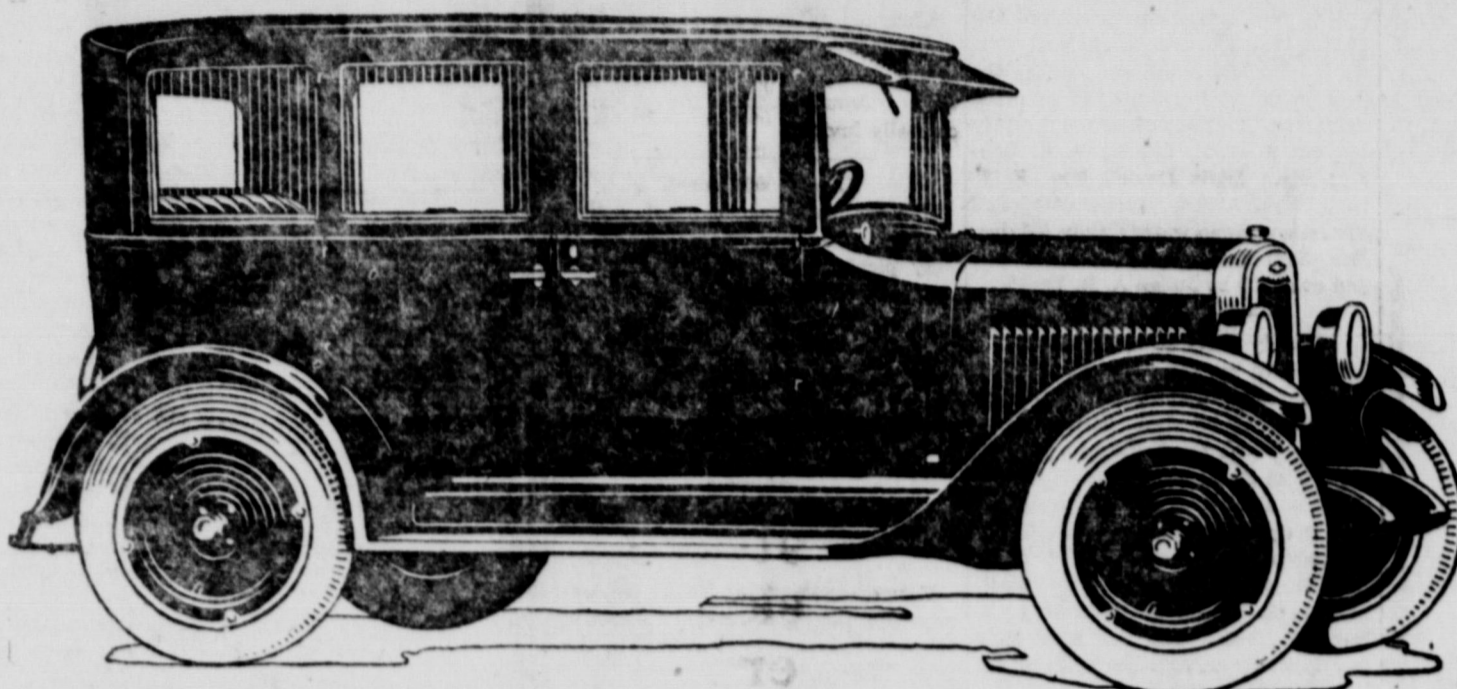

The air tight, insulated oven—possible only with electric heat—prevents evaporation with its consequent shrinkage of foods and loss of flavor and food value. Heat is stored up for cooking after the current is turned off. None escapes. The kitchen stays cool and pleasant. There is no danger from fumes or overheating.

If you will come in we will gladly demonstrate these advantages to you and show you a style of range particularly adapted to your needs.

## Votes Count The Most This Coming Week In Reporter Reader Drive

The Free Voting Coupon is worth 17,500 votes in today's paper. There are millions of votes going out to subscribers and as sample copies to prospective subscribers. More than four thousand families will be served with this Sunday Reporter. The votes for the coupons and for payment of subscriptions for the "Most Votes" in the great circulation drive for the Daily and Weekly Reporter are higher for the week ending Saturday night March 7, than will be again offered during the drive.

The first decline of votes will come with the coming Saturday night and there will be a decline each week and for every Saturday until the final close of the drive, which is April 11, 1925. The votes of all classes therefore will reach the highest peak this week and the opportunity to get a big lead in votes is presented for the coming week.

The regular vote issued on each subscription will be for a less vote, since this week the drive period closes Saturday night March 7. The special vote for twelve dollars in all classes of subscriptions, is 480,000 for two weeks ending Saturday night, March 14. The amount each worker will be asked to secure is \$6 for each week making up the \$12 club of all classes of subscriptions daily and weekly. If there are more than \$12 secured, the vote will be apportioned pro rata.

District One is made up of the City of Sweetwater and additions thereto. Workers in this district will be awarded one of the Chevrolet cars, the highest votes polled in either of the three districts to be awarded the Sedan. Ten prizes will go for the highest votes recorded in this district. Those who do not win a prize will be given a cash award.

# To The Women Voters of Sweetwater:

In offering myself as a candidate for Mayor of your city I feel that it is but fair to you that I state in brief my position on questions with which you are concerned. I adopt this method because it is probable that I shall not have the time nor opportunity to present my candidacy to you in any other way. I have held several positions in your county, and have been Mayor of this city, and my public acts in the several positions I have held are a matter of public record, and I invite your careful investigation of such records.

If elected mayor of your city I shall go in free to give the very best administration of city affairs I am able to give. I would administer the government in the interest of the entire citizenship of the city without fear or favor of anyone. I would favor a clean city morally and physically. I favor the improvement and beautifying of public parks and grounds. I am in favor of good streets, and would be in favor of using the street funds of the city to make as good streets over the entire city as is possible with the funds available for such purposes. I am opposed to public waste, and would favor such economy in the administration of the affairs of the city as is consistent with good government. In short, if elected, I shall give your city the very best service of which I am capable, using my time, energy, and whatever amount may have to promote the interests of the entire citizenship.

Trusting my candidacy may meet with your favorable consideration, I am,

Very Respectfully,

### DISTRIBUTE TIRES

Pior Tire Service Is Wholesale Agent For Federal Tires

One of the many wholesale concerns in Sweetwater which is reporting a brisk business is the Pior Tire Service, retail and wholesale distributors of the Federal tires and tubes. Practically all of West Texas is supplied with Federal products through Pior.

The tires and tubes are shipped in 50 lb lead lots, and stored here in the Pior Tire Service's new building from which orders from many dealers are filled.

In addition to their wholesale business, the company maintains a modern fitting station here, the only one in the city equipped with electric vulcanizing equipment, according to the manager of the company. A free air service is maintained at any point where a motorist may be having tire trouble. Some runs have been made as far as fourteen miles from the city.

### SELL MUCH OIL

Sweetwater Motor Co. Buys Oil In Carload Lots Here

A solid carload of Mobiloil, put up in various size containers, from quart cans to 55 gallon steel drums, has been received by the Sweetwater Motor Company, local distributors of Mobiloil, and stored in the basement of the company's building on the east side of the square.

The great demand for this oil, both locally and from out-of-town dealers, makes it necessary for the Sweetwater

Motor Co. to order the oil in car load or split car lots, according to W. H. Whaley of the company. All Mobiloil comes in sealed containers, avoiding any possibility of substitution.

### BREAKS RECORDS

New Model Chevrolets Sell Fast At Big Auto Shows

There was a total of 1,197 new 1925 model Chevrolet automobiles sold at the National Automobile Show in Chicago this year, and the Chevrolet not only led in sales over all other cars exhibited but broke all records for sales in any of the three national shows, Chicago, New York and Kansas City. Never before in the history of American automobile shows, whether national or state, have that many cars of one make been sold during any show.

"The confidence of the public in the Chevrolet organization is largely responsible for its record breaking sales", C. S. Boyles of the C. S. Boyles Motor Co., Chevrolet dealers for this territory stated.

"It is remarkable to find 83 valuable improvements in the new Chevrolet car, and yet we find that the list price has increased only a few dollars. This car is without question the greatest money value on the market today. It is fully complete and equipped in every detail."

English schools employ about 35,000 "uncertified" teachers and about 13,000 "supplementary" teachers. These teachers do not receive as high salary as teachers who hold certificates. They may do any work expected of a regular certified teacher, but they can not become principals.—School life

### SUES FOR ARREST

Panhandle Man Alleges False Arrest Worth \$15,500 to Him

SPECIAL TO REPORTER.  
PANHANDLE, Feb. 28.—The mental anguish and humiliation of being arrested and placed in jail is worth \$15,500.

This is the claim of Paul J. Babb in the petition of a suit asking that amount of damages which he has filed in district court against the Missouri State Life Insurance Company, Milton Reese, the company agent at Amarillo, and W. F. Nix, the company's counsel.

Babb alleges that on January 5, the company, acting through Reese and Nix, caused a complaint to be filed charging Babb with embezzlement of \$19,250, and that on the same day officers at Panhandle, where Babb was managing a store of Dave Rubin,

placed him in jail.

It is alleged in the petition that the complaint was falsely made, and that in addition to causing Babb to be placed in jail, Reese and the insurance company made statements to Babb's employer which made it necessary for Babb to put up a bond with him in order to hold his confidence.

### A DICTIONARY OF ENGLISH

A comprehensive study of the English language in America, the result to be the first "Dictionary of American English," will be undertaken by the University of Chicago. The proposed undertaking will include a study of American dialects and their sources and the effect of immigration upon the language. The work will involve vast research by a large staff and will require at least 10 years for completion.—School Life.

### ELECT GAMBEL

Retail Merchants of Lubbock Offer Reward for Cold Checks

SPECIAL TO REPORTER.  
LUBBOCK, Feb. 28.—Retail merchants elected J. W. Gambel of the Minter Gambel Co. president and Spencer Wells of the Baker Hemp-hill Co. vice president of the Retail Merchants' Association.

The Association has agreed to offer a reward of \$25 for the arrest and conviction of anyone passing a cold check on any of the members of the Association.

### AIR SURVEYS BETTER

WINNIPEG, Man. (United Press)—Aerial photographs taken from planes are rapidly replacing the work done by land surveyors in furnishing exact material for topographical maps

according to the Dominion Department of Interior. "Tests conducted by the Federal Topographical Survey last summer in cooperation with the Royal Canadian Air Force," says the report, "proved that aerial surveys of unmap-ped territories were more accurate, rapid and produced more complete results than landsurveys."

### CHICAGO UNIVERSITY DESIRES INCREASED ENDOWMENT

A plan of development extending through a period of 15 years is contemplated by the University of Chicago, which has launched a campaign to raise \$17,500,000 to meet immediate needs. In the generation that has passed since the university was founded 32 classes have been graduated, nearly 100,000 students have gained some training and about 20,000 have taken degrees. The university now needs more and better equipment.

## Another MAXWELL SENSATION New and Completely Equipped Four Door Sedan \$1095

Here is a car that will go like wildfire.

It is as definite and progressive a step forward in body design and value as the famous Maxwell engine and chassis has just registered in the four-cylinder field.

Latest Product of an Alert Organization

It is the up-to-the-minute product of one of the keenest and most progressive organizations in the industry.

It proves once more that the Maxwell-Chrysler organization is peculiarly sensitive to public needs, and that it possesses the equipment and resources to meet those needs.

In this new and completely equipped Four Door Sedan the Maxwell organization has taken a giant step forward in the creation of sensational value.

Exceeds All Former Closed Car Developments

It is the most notable car Maxwell has ever offered. And remember that, for several years the good Maxwell has enjoyed a justly earned reputation as the soundest dollar-for-dollar buy on the market.

### Note These Exclusive New Maxwell Features

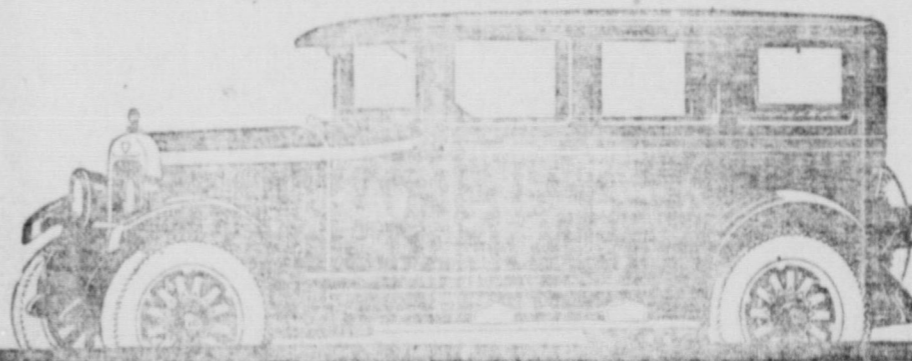

- 58 miles per hour, 25 miles per gallon of gas.
- 1 1/2 ton motor, 24 valve steering gear in 4-cylinder full closed-cabin body.
- Four doors.
- Full floor cover.

## FOR TEN YEARS—DEPENDABLE

Exceptional dependability has been a characteristic of Dodge Brothers Motor Car since the day the first of these sturdy cars was marketed.

Not once in a decade has it failed to uphold and enhance its reputation for faithful performance.

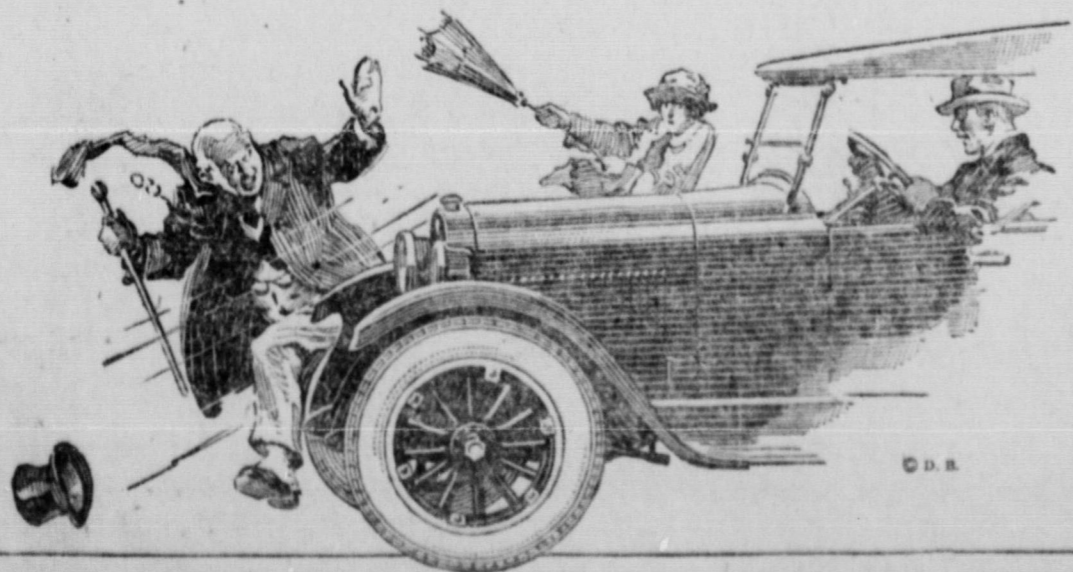

The reason for its consistent goodness and continued betterment points directly back to the ideals of the founders.

Instead of fluctuating between an endless series of annual models, they determined to concentrate on the perfection of a single chassis.

Dodge Brothers Motor Car today is the embodiment of that ideal—an ideal that will endure as long as the institution itself.

### TAKE TIRE NUMBERS

Police Department Warns of Tire Thieves—Urge Taking of Serial Numbers

The police department again calls to the attention of auto owners the necessity of taking the serial number of their tires in order that they may be identified if stolen. Police Chief Johnson stated Friday. Reports of thefts of auto casings have been made within the past few days here, while the wave of tire stealing is much worse in near-by towns.

The officers urge that the serial numbers on all casings be taken by the owners as it is practically impossible to recover stolen tires without knowing the serial number.

### CLIMB TICE HILL

Maxwell Negotiates 50 Per Cent Grade With Five Passengers

For the first time an automobile has climbed to the summit of Tice Hill the famous testing ground for army motorcycles near Bakersfield, Cal. The car which made the successful ascending five passengers.

"Tice Hill has always been regarded as an insurmountable wall to any motor car," says Hubert Toler, local Maxwell dealer. "It has been a proving ground for motorcycles—and only motorcycles of the greatest power, cost was a Maxwell stock touring car piloted by the most skillful and daring drivers. No one ever dreamed that any automobile would ever be able to turn the summit. This Maxwell accomplishment is added evidence of the increased power and many improvements made in the good Maxwell by Chrysler engineers in the past year."

The difficulty of the stunt successfully undertaken by the Maxwell may well be imagined when more is known concerning Tice Hill. The average grade is about 50 per cent—almost a wall. It is 865 feet long. It has no roadway—not even wheel tracks to follow. No chains were used and the car carried its standard tire equipment of 5.25 inch balloons. The climb is regarded as the most difficult ever attempted by an automobile.

### RE-ELECT HAYNES

Dodge Brothers Sales Show Good Increase in 1924

Frederick J. Haynes, president and general manager, and all other executive officers and members of the directorate of Dodge Brothers were re-elected at the annual meeting of the board.

Records of the annual meeting confirmed previous reports that 1924 was by far the most successful year in Dodge Brothers history. Dodge Brothers were second among N. A. C. C. members and third in the industry as a whole, both in the number of units produced and in money volume.

The year closed with a total production of 225,633 motor vehicles having a total value of nearly \$200,000,000. Dodge Brothers showed a 25.4 per cent gain in sales during 1924 in the face of a general decline of 9.4 per cent in the industry. It is also noted

worthy fact that Dodge Brothers were the only one of the four leading motor car manufacturers in the world who showed an increase over 1923.

Indicative of the present trend toward an even greater year in 1925, is the showing for January during which month production and sales were considerably in excess of the same month in 1924.

## DIET IS PROBLEM AT ELLIS ISLAND

Football and Hunger Striking Chief Diversion of Immigrants Withheld from United States.

MOST ARE RUSSIANS Many Jews Also on Island—Have Waited Over a Year to Gain Admission to Land of Dreams

LONDON, Feb. 28.—(United Press)—Hunger striking and football are the chief diversions of the 707 immigrants who have been waiting for more than a year at Britain's Ellis Island for a chance to get into the United States.

Most of them are Russians. A hundred and ten are Gentiles, the remainder Jews, wherefore the question of diet has been giving the authorities some difficulty. Six of the Jews called a hunger strike recently because, they said, the food was too monotonous and was not prepared in a sanitary way.

Another source of worry to the inmates is that visas on their passports may expire before they reach the United States. Some of them complain they have not been allowed to proceed on their journey until payment of \$50 to \$250 has been paid for the cost of their maintenance. The management has stated that the shipping companies want to recover the cost of maintenance of their "guests."

"It is not so much a question of fish and eggs," said Colonel Barber, manager of the station. "These unfortunate people for whom I have very real sympathy, have been here for over a year, and are naturally despairing of ever reaching their goal—the United States."

He pointed out that last year the Russian quota to the States (up to July) was 24,405, but this year only 1,792 will be permitted to enter.

"Everything possible has been done," he added, "to induce the U. S. authorities to relent and increase the quota. Lady Swaythling has written to President Coolidge, pointing out the plight of these people."

Meanwhile the young Russians are hard at work trying to get in line for some future All-American football squad. They battle each other regularly on the gridiron, and are now running eight teams.

The station consists of a collection of buildings situated midway between Eastleigh and Southampton and used during the war as the U. S. Navy Aviation Repair Base. There is a large hall where dramatic entertainments are given, and recreation rooms, with a canteen. There is a school for the children, who number 200.

J. H. Fultz left Saturday for Abilene to spend the week end with his sister, Mrs. W. D. Fagen and husband.

### WASTELLA NEWS

A program was rendered at the school house Friday night. Mr. A. E. Watson, Superintendent of Hornleigh school was the speaker for the occasion. The pupils sold candy, cookies and chewing gum. The proceeds were \$12.75. A large crowd was present.

Several young folks met at the home of Mr. Sheffield Thursday night and made candy. Those present were: Miss Gertrude Fry, Lara Crockett, Edna Bahwin, Lila Parsons, and Gladys Hays; Messrs. Loyd Kirkland, Carl Reed Herman Crockett and Ralph Jiles. Pop corn and candy were served.

Miss Lara Crockett served dinner Sunday, February 22, to a number of her friends, namely: Susie Lindsey, Floy Linder, Gertrude Fry, Lola Belle Dooley of Pyron, Mr. and Mrs. Lightfoot and son of Roscoe; Messrs. Albert Dooley, Leonard Lankford and Haskel Ables of Roscoe.

Gariand Henry is visiting his sister, Mrs. W. B. Davis. He is accompanied by his aunt from Wyoming and by his mother and sister from Wood County.

A. G. Fry has been ill for some time. He has been to Marlin twice for treatment.

Mr. Fred Parsons has as his guest his mother from Ira, Texas.

Mr. F. W. Beights is on the sick list this week.

Rev. G. W. Butler filled his regular appointment here Sunday and Monday night. A large crowd was present at both services.

The E. Y. P. U. has been extended an invitation from Champion to come over and render a program some Sunday night. It is expecting to accept the invitation next Sunday night.

Bryan Shoemaker spent Wednesday night of this week with M. M. Sheffield.

The boys and girls teams of Wastella are scheduled to play basketball with the Pyron teams Friday.

New students in the Wastella school Melissa Porter, former student of Lorraine High School. They are tenth grade students making a total of six graduates for this year.

School journeys for pupils, under the care of teachers of the London schools, are valuable from an educational point of view, and the number has greatly increased. They are carefully planned and carried out and last usually for a week to a fortnight.

AMUSEMENTS

With all of the stern realism at the command of the motion picture art, page after page of the most tragic days in the history of this nation were turned, one by one, on the silver screen at the Palace Theatre, when the picture, "Abraham Lincoln" was shown Thursday afternoon to a group of invited guests of the management. Included were ministers, teachers, clubwomen and others.

The period included in the drama is from 1809 when Lincoln was born, until he was shot at Ford's Theater in 1865. There is the scene when he is born, when a blizzard isolated his mother in their lonely frontier cabin for two days without food. But for the timely appearance of a stranger who lost his way—there would have been no Abraham Lincoln. The early death of his mother and scenes of his own insatiable thirst for knowledge are shown, followed by the romance with Ann Rutledge at New Salem, Ill.—a romance of sheerest beauty and pathos.

Some of the early political activity and then the Civil War, fought by the south, with many equally bitter enemies as well as those who mistrusted and underestimated his strength in the north, with great strain of civil war, comes the loss of his own son in the White House. Comes Lee's surrender and then the bullet of John Wilkes Booth.

Generally accurate historically and with utmost care in detail, the life of some of the most noted Americans in history are shown against the background of the times.

In "Abraham Lincoln" the screen has given of its magnificent best in a film that will live forever in the memory of those who view it, regardless of whether his family was of the North or of the South in the days that happily for the United States, are rapidly fading into the mists of the past. It will appear at the Palace Theatre Monday and Tuesday.

FIDDLERS' REUNION

Daughters of Confederacy Issue Statement Concerning Concert To the Citizens of Sweetwater and Nolan County:

We the undersigned committee, representing the S. W. T. Lanham Chapter of the Daughters of the Confeder-

acy, are asking your help and co-operation in making an all around success of the Annual Fiddlers' Reunion to be held afternoon and night of Monday, March 2. We are offering a really better program than we had last year and are presenting it at the Lyric Theater in order to try to give every one an opportunity to hear it, so we are urging our friends, especially in Sweetwater to attend the Matinee, where special features will be offered, so that there will be more room for those that cannot attend until night. There is a special children's matinee ticket that sells for twenty-five cents, but this must be used in the afternoon and will not be accepted at night.

We want to repeat, that our plan in this matter is to make money enough to send every Confederate Veteran of the Local camp who is able to make the trip to the General Reunion which meets in Dallas in May.

Thanking you for your "overflowing" patronage last year and asking a repetition of same, assuring that we hope to have a seat for every one this time, we are,

Sincerely Yours,  
Mrs. R. C. Ledford,  
Mrs. Walter Boothe,  
Mrs. A. S. Kendrick,  
Mrs. R. C. Crane,  
Mrs. Gus W. Ren,  
Mrs. M. A. Belcher,  
Miss Minnie Fowler,

OTTAWA, Ont.—Automobiles registered in Canada in 1924 are estimated to number 621,468, as compared with 584,385 in the preceding year.

Want More Water.

ABILENT, Feb. 28.—A "booster" pump for the increasing of the water pressure is to be bought and installed at once by the city commission. The pump will be the means of supplying water to many residents here who are unable at this time to get water.

Bids for the pump are to be received and opened by the commission at its next regular weekly meeting.

An industrial school for wayward and delinquent girls is to be established in the State of Wyoming. Such girls are now sent to Colorado institutions, but the arrangement has proven unsatisfactory, and it has been decided to locate the school in Sheridan County. The affairs of the institution will be under the control of the State Board of Charities and Reform.—School Life.

COST OF LIVING

Switzerland Leads World in Increased Living Expenses—Give Comparative Figures.

By HENRY WOOD

(United Press Staff Correspondent)  
GENEVA, Feb. 28.—Switzerland is now leading the entire world in increased cost of living, according to comparative statistics just completed here.

In order to show the precise relative increase in the costs of living in all of the leading countries the index figures have been reduced to the gold franc basis for each country.

As compared with the cost of living before the war, the present increase in the various countries are as follows:

Switzerland, 172 per cent, as against 166 in 1923.  
England, 171 per cent, as against 149 in 1923.  
Sweden, 167, as against 152 in 1923.  
Holland, 161, as against 145 in 1923.  
United States, 159, as against 154 in 1923.  
Norway, 156, as against 135 in 1923.

Denmark, 154, as against 140 in 1923.  
Czechoslovakia, 153, as against 142 in 1923.

Canada, 151, as against 150 in 1923.  
France, 145, as against 123 in 1923.  
Belgium, 145, as against 127 in 1923.  
Germany, 145, as against 140 in 1923.  
Austria, 145, as against 127 in 1923.  
Italy, 142, as against 130 in 1923.  
These figures show that without a single exception the cost of living is still on the increase in every country.

LORAIN NEWS

Special to Reporter

At a meeting of the school board Wednesday night, Superintendent H. E. Blythe was reelected for a term of two years. The school is making rapid progress, under his direction. The school now has classification and all examination papers must be kept on file in the office for one year and the results put into a permanent record book. Pupils realize they are beginning to make their record for life and want it to always appear at its best. Most of the student body have recovered from the flu and are now back in school.

JR. Bennett arrived home from the Home Sanitarium at El Paso early Thursday morning. Condition of health is improved.

Mrs. Mary Crumfill and father, Mr. Longley of Inndale, were Loraine and Sweetwater visitors Thursday.

H. A. Cook of Colorado is spending the week here on the Cook ranch south of town.

Levine is steadily growing. New residence houses have been built in the past few months and streets have been worked. Everything is progressing nicely for the coming future of the town.

After checking up on last year's business stock holders of the Co-operative pin were the guests of the president, J. L. Bird, at a special matinee at the Crystal theatre Thursday evening the 26th. The board of directors was retained.

Style Show

Announcement has been made that Loraine is to have a style show staged by the ready to wear merchants of the town at the Crystal theatre. The show will be open Tuesday, March 3rd and each Tuesday night following for two weeks.

 Lincoln's famous Cabinet—  
 Ford's Theatre—

*all these things and more in the greatest  
 entertainment the screen has ever given!*

*A good attraction deserves a boost. The management will take it as a great favor if  
 you will tell your friends YOUR opinion of this great picture. There are only two  
 days in which to see it--no one should be disappointed. You will do us and your friends  
 a favor.*

## Sweetwater People Endorse This Greatest Film Sensation of the Year

*We knew that "Abraham Lincoln" was a great film. But we wanted others  
 to back our judgment. So we invited ministers, club women, teachers and  
 others interested to be our guests at a private showing. They approved of  
 Abraham Lincoln. In fact we came near to buying two or three pages in the  
 Reporter so that we could tell you all that commented. But we could not do  
 that so we have quoted just a few. And here's what they say:*

**REV. J. T. W'KISSICK--**

"Liked it fine. No criticism to make. There was no  
 prejudice whatever in the film."

**REV. B. B. HESTIR--**

"Abraham Lincoln was fine--in fact it is one of the  
 best pictures I have ever seen. It is historically accurate.  
 I endorse such pictures as this."

**MRS. A. A. CHAPMAN--**

"I think we need more pictures like this one. We like  
 to see something that is real like this film. There is too  
 much farce these days."

**MAYOR JOE H. BOOTHE--**

"It is a very good picture and well worth anybody's  
 time to see it. It is educational, historical and without  
 prejudice."

**MRS. JOHN HUBBARD--**

"A wonderful film. I wish that I had seen it when I  
 was going to school and I would not have had to study  
 history so hard."

**MRS. R. C. LEDFORD--**

"As a Daughter of the Confederacy I consider the pic-  
 ture fair and impartial and of great historical value."

**REV. J. R. HENSON--**

"It is a very fine picture and with no prejudice. I think  
 the film Abraham Lincoln is worth a great deal on  
 account of its historical value and it is very interesting  
 as well."

**MRS. R. C. CRANE--**

"I think it a very true picture as to character and I  
 don't see any objection to it from the point of preju-  
 dice. It is a very worthwhile film and has a tendency  
 to bring people together."

**MRS. H. R. BONDIES--**

"I think it's a fine picture and especially so for school  
 children to see. The picture is clear and fair and I am  
 certainly glad to see this type of film coming to Sweet-  
 water."

**MRS. M. C. MANROE--**

"Just simply wonderful. I have never seen a film that  
 I enjoyed more than Abraham Lincoln. It seemed so  
 real and was without prejudice. No one entirely agrees  
 on history but here is a picture that certainly has great  
 historical value."

**D. A. CLARK--**

"I thought Abraham Lincoln was a fine picture. It is  
 perhaps a little partial to the north but everyone should  
 see it. I want my boy to see it and I am going to try  
 and see it again myself."

**Special Music**

Mr. Sowash, our organist, has prepared a wonderful program to accompany this  
 film. All the old time marching songs, "Dixie" and all the rest of them. You will sure  
 appreciate this feature of one of the finest programs we have ever been able to offer  
 our patrons.

**Special for Children**

We are giving a special matinee on Tuesday afternoon at 4:15 for the school  
 children. The prices for Ward School pupils are 10c and for High School 25c. The  
 picture starts at 4:30 and the children will gather at the Queen Theatre at 4:15, form  
 in line and march to the Palace.

**COME TO THE MATINEE**

It is advisable that all who can do so come to the matinee and in that way avoid  
 the night crowd.

TIME OF SHOWS--
