## THREE MURDERED BY HIGHWAYMAN

Denver Bandit, Failing to Find Money  
On Auto Party, Shoots Three  
To Death

MAN SOLE SURVIVOR

Tells Police of Bloody Affair—Men  
Hid Money—Two Girls Shot—  
Survivor Hurt

By United Press.  
DENVER, Colo., Aug. 3.—Three  
persons are dead here today and  
another is wounded, while police  
searched for a two-gun bandit who,  
failing to find money on an auto  
party he held up here last night,  
opened fire and killed all but one  
of the group.

According to the story told police  
by Earl Perry, 26, sole survivor of the  
party, the four were riding leisurely  
along a highway on the outskirts of  
Denver.

Suddenly a man leaped on the run-  
ning board of the car and ordered  
them to drive to a side road.

Meantime, the men in the car slipped  
the money out of their pockets  
under the seat of the car.

When they reached a lonely spot on  
a side road, the bandit ordered them  
out and to give up their cash.

Finding they had none in their  
pockets, he opened fire, killing the two  
women, a man, and wounded Perry.  
A search has been instigated by police  
but no trace of the killer has been found.

## BOMB HOUSE

Brooklyn Apartment House Wrecked  
By Early Morning Blast—23  
Persons Injured

By United Press.  
BROOKLYN, Aug. 3.—A bomb ex-  
plosion occurred in an apartment house  
in the Bedford section early today, and  
23 persons including 13 children, suffered  
from the shocks as results of the  
blast which tore up floors, the front  
part of the building and shook the  
ceilings down.

The front door of the house was  
ripped off.

Police reserves and detectives were  
sent to the scene. Investigation indi-  
cated that the bomb was intended for  
Marie Digiaci, owner of the building,  
who was away for the week end.

## READY FOR PICNIC

Rodeo, Horse Races and Barbecue to  
Feature Celebration at Loraine  
Friday and Saturday

Preparations are being made to en-  
tertain record crowds at the Loraine  
picnic and rodeo Friday and Saturday  
of this week, and all is in readiness  
for the affair which will feature a  
rodeo, horse races, free barbecue, and  
dances, according to Hackberry Slim  
Johnson, of the rodeo, who was in  
Sweetwater Monday.

The Howard Spear rodeo will stage  
daily performances. Hackberry Slim  
well known throughout the south-  
west as a rodeo star and manager, is  
handling the advertising for the Loraine  
picnic this week. There will be horse  
races daily, and dances each night.

Airway Predicted

By United Press.  
LONDON, Aug. 3.—Air routes link-  
ing London to India by only three  
days flying time are predicted to be  
in operation by next summer.

The air ministry is now negotiating  
with three separate aircraft firms  
over these planes and contracts for  
the new routes which will be known  
as the Great Eastern Airway.

At first it is expected that mail  
only will be carried over the new  
route, but as pilots become familiar  
with the route and it is ascertained  
that a fair degree of regularity can  
be maintained on the service, passen-  
ger services will be added.

MARGARET, Aug. 3.—Contract  
has been let for a \$16,000 school build-  
ing here and for an \$8,000 school  
building at Rayland.

CARBON, Aug. 3.—The Post Oak  
Timbers report the best crop in years  
and sufficient moisture to mature  
same.

## EVOLUTION TO BE UP IN CONGRESS

Echo from Dayton Evolution Trial  
Expected to Be Heard Within  
Walls of Congress

MAY AFFECT ELECTION

Issue Believed to Have Bearing on  
Next Election—Considered Im-  
portant Issue

By United Press.  
WASHINGTON, July 3.—Beyond  
all doubt, echoes of the Dayton evo-  
lution trial will be heard around the  
mazelike halls of congress this winter.

The issues thrashed out and momen-  
tarily laid in the husk of the purlieu of  
the Tennessee mountains in July will  
be received in the most austere sur-  
roundings of the nation's greatest  
broadcasting station in January.

Rep. William C. Upshaw, democrat  
of Georgia, has been quoted as ready  
to introduce a federal anti-evolution  
bill in the House of Representatives,  
in all serious intent. Not serious is a  
move on foot at the other end of the  
Capitol. There, proponents of free-  
dom of science in public schools frank-  
ly plan a different sort of a show, a  
sort of undigested Chautauqua.

Plans are no more than tentative at  
the present but it is the intention of  
this latter element to have an anti-  
evolution bill introduced in the Senate  
and referred to committee probably to  
Senate education and labor committee  
headed by Senator Lawrence Phipps,  
republican, of Colorado.

Hearings would be held on this bill  
and the testimony which Judge Raul-  
ston barred from the Dayton trial  
would be given here. Scientists, edu-  
cators, theologians and statesmen and  
all the long train which Clarence Dar-  
row was ready to lead across the Day-  
ton stage would be put on the stand  
here.

There would be no legal quarreling  
over the competency of evidence, for  
there are few if any rules associated  
with senate hearings. The bars would  
be down and a battle royal insured.  
The issues would be thrashed out en-  
dlessly and a university extension  
course in evolution and biblical history

Fundamentalism and modernism  
have not until the present invaded  
congress, where lines of cleavage  
apart from party lines have been only  
those of liberal and conservative, pro-  
gressive or reactionary. The hear-  
ings contemplated on the Senate side  
would demonstrate whether the reli-  
gious question can ever become vital  
in congress.

The affair would be of marked value  
as an indicator because of the an-  
nounced intention of the Fundamen-  
talists to carry their fight against  
evolution through congress to the peo-  
ple if the Tennessee law and similar  
statutes are declared unconstitutional.  
Congress would have to pass a re-  
solution laying before the people an  
anti-evolution constitutional amend-  
ment before the people could actually  
enter the fight. The proposed discus-  
sion and action in the House and Sen-  
ate anti-evolution bills would show  
whether Congress as at present consti-  
tuted would enact such a resolution or  
whether the fight would take place,  
not over a constitutional amendment,  
but over the election of a congress to  
enact such an amendment.

Emperor Failing Rapidly

NIKKO, Japan, Aug. 3.—The em-  
peror and empress have arrived here  
for the summer and are living quietly  
in the imperial villa at Tamozawa.  
The emperor, a chronic invalid, is  
said to be failing more rapidly, re-  
quiring constant attendance. His gen-  
eral condition has become such that  
hope for his recovery virtually has  
been abandoned.

The Crown Princess is spending the  
summer at Hayama, awaiting birth of  
a child, expected this winter.

CROWELL, Aug. 3.—Announcement  
is made here that following the ad-  
dress of R. Q. Lee, president of the  
West Texas Chamber of Commerce at  
Quannah, at which a number of  
Crowellites were present, that an an-  
nual poultry show shall be held in  
Crowell. The date is the first week  
in December.

MERTZON, Aug. 3.—This city will  
have one of the largest crowds that  
has ever assembled here on August  
12th when a big picnic and rodeo will  
be staged. Some of the features will  
be a barbecue and dance.

Grady Scott is reported to be seri-  
ously ill with typhoid fever at the  
home of his parents, Mr. and Mrs.  
Cline Scott.

H. B. Allen, who has been ill for  
some time at his home in Highland  
Heights, is very much improved.

## IDENTIFY MEN WHO HELD UP HOTEL

Employees of the exclusive Drake Hotel, Chicago, were quick to recognize and identify the two men who are held as part of the bandit gang that shot up the place during a holdup. Elva Lovgren and Irene Bergenhil, hotel secretaries, are at the extreme left, seated are the prisoners, Joe Holmes, (left), and Jack Wilson, alias Woods. Assistant State's Attorney John Sbarbaro, in a grey suit stands behind.

## WANTED TO HANG BECAUSE OF FEAR

Fugitive Who Confessed Murder of  
Joseph Maurer Was Afraid of  
Long Prison Term

CONFESSES HE LIED

Perjured Self Because He Preferred  
Hanging to Imprisonment—To  
Save Russell Scott

By United Press.

WICHITA, Kans., Aug. 3.—  
Fear of a life long prison term  
led John Gordon to perjure him-  
self for the gallows. That is why  
Gordon, a fugitive from more  
than 12 states, "confessed" here  
Saturday of the murder of Joseph  
Maurer, Chicago drug clerk for  
which Russell Scott is condemned  
to hang.

But Gordon's plan of suicidal sacri-  
fice met authoritative skepticism today,  
and Gordon today admitted he had  
"I was convinced that Scott was in-  
nocent," he said. "I can't spend the  
rest of my life in prison. I am too  
much of a coward to commit suicide.  
But I could face the gallows knowing  
that I was saving an innocent man."

## MAY ASK DEATH

Trial Opens Tomorrow for Orchestra  
Leader Charged With Assault  
—Man Demand Death

HOUSTON, Aug. 3.—District at-  
torney Soule may ask the death pen-  
alty for Max Pink, former orchestra  
leader in a local theater, when the  
case in which he is charged with crim-  
inal assault on a young girl, is called  
to trial in district court tomorrow.  
The prosecution is expected to an-  
nounce "ready" when Judge Robin-  
son's gavel calls court to order. Pre-  
dication was made today that the de-  
fense would also be ready for trial and  
that a continuance would be asked.

Preserve Fruit Enroute

WASHINGTON, Aug. 3.—A new  
method for preservation of tropical  
fruits during long shipments has been  
invented by Dr. P. J. Cramer, director  
of the station for the selection of  
plants, at Buitenzorg, Java, accord-  
ing to advice received from Harold  
D. Finley, American Consul at Naples  
Italy.

Cramer's method consists of cover-  
ing the fruit picked slightly before  
maturity, with a thin coat of a liquid  
rubber preparation.

Each piece of fruit is then wrapped  
in waxed paper, thereby retarding the  
ripening period. The coating also pre-  
vents to a great degree the action of  
microbes which cause deterioration.

SONORA, Aug. 3.—Ray Leeman,  
southwest manager will represent the  
West Texas Chamber of Commerce at  
the Ranch Experiment Station near  
Sonora, August 1-12. The San An-  
tonio Light will be delivered at the  
Ranch by airplane. Mr. Leeman will  
go to the convention in one of the  
airplanes from San Antonio.

CISCO, Aug. 3.—A paved highway  
is to be built from Cisco to Lake  
Cisco, where the average daily at-  
tendance of bathing visitors is now past  
the 500 mark.

COLEMAN, Aug. 3.—Plans are un-  
der way here for the employment of  
a full time commercial secretary.

Gertrude Laney is seriously ill at  
the home of her parents, Mr. and Mrs.  
Gus Laney.

## SEVEN HURT IN BROOKLYN FIRE

Two Seriously Injured When Flames  
Sweep Through Tenement Houses  
in City of Brooklyn

FIREMEN SAVE MANY

Many Families Reach Safety By Fire  
Escapes—Man Plunges From  
Third Story—Fireman Hurt

By United Press.

BROOKLYN, Aug. 3.—Seven  
persons were injured, 2 seriously,  
early today when a 3 alarm fire  
swept through 3 tenement houses  
in the Green Point section.  
Trapped in their bed rooms by  
the flames, 24 families reached safety  
by fire escapes while others were tak-  
en down ladders by firemen.

Several escaped by leaping into life  
nets from upper stories.

One man, struck by the smoke and  
flames, fell from the third story win-  
dow to the sidewalk.

He and fireman John Juster, who  
was struck by a trolley car while fight-  
ing the fire were taken to a hospital.

## ASK FOR LIFE

Mother and Two Young Sons of Slayer  
Ask Governor to Stay Execu-  
tion Friday

By United Press.  
AUSTIN, Aug. 3.—The wife and  
two sons of Clem Gray, under sen-  
tence to be electrocuted at Huntsville  
next Friday for murder in connection  
with the slaying of Otis Ballard in  
Titus county, were in Austin Monday  
and appealed to Governor Miriam A.  
Ferguson to grant an application for  
the commutation of the death sentence  
to life imprisonment.

The governor has not announced  
what will be her decision.

Carries Mail on Stilts

COPENHAGEN, Aug. 3.—Perhaps  
the world's oddest mail carrier is the  
man who plies between the islands of  
Bogoe and Faro.

He must make his trip on stilts as  
the water between the two places is  
too shallow for boats generally, but  
deep for ordinary shoes.

Fails to Stop Trade

WASHINGTON, Aug. 3.—Political  
unrest in China have failed to curb  
export trade from Shanghai to the  
United States, according to Consul  
advice to the Department of Com-  
merce.

Exports from Shanghai during the  
first six months of the year amounted  
to \$27,500,000 compared to \$19,004,  
000 for the same period last year.

The Chinese have been sending A  
merica quantities of furs, cotton lace,  
embroideries, silk and bolts of ponge.  
Mah Jongg exports have  
practically stopped.

Director Loses Power

WASHINGTON, Aug. 3.—Federal  
prohibition commissioner Haynes, di-  
rector of national prohibition enforce-  
ment for over 4 years, was finally  
shorn of most of his power by a for-  
mal treasury department order today.

## WAR CLOUDS ARE SEEN IN BALKAN

Greek Troops Are Concentrating on  
Bulgarian Border as Athens  
Talks of Invasion

RESULT OF MURDER

Greek Is Killed in Balkans—Demand  
Arrest of Murderer—Drive Out  
Land Owners

By United Press.

ATHENS, Greece, Aug. 3.—A  
spark of war flickered near the  
Balkan powder barrel today.  
Greek troops were concentrating  
along the Bulgarian border and  
talk in Athens was of an invasion  
into Balkan territory if a demand  
shortly to be made up by the Zan-  
off government is not complied  
with.

An ultimatum, with a short time  
limit, demanding the arrest and pun-  
ishment of the murderer of a Greek  
land owner, is being prepared.

The murdered man is one of the 6-  
000 Greeks who must return to their  
native land by October 15.

It is claimed that Bulgarian irregu-  
lars are seeking to frighten the  
Greeks into leaving the land and aban-  
don their property.

Ships Are Moving

By United Press.  
LONDON, Aug. 3.—The Gibraltar  
correspondent of the Times reported  
today that an Italian cruiser squad-  
ron left for Tangiers. Malta advices  
Saturday night said three British air-  
ships had gone to Gibraltar for the  
reported purpose of watching develop-  
ments in Morocco.

## REPAIR TRACKS

T-P Trains Running on Schedule After  
Delays from Breaks in Track  
West

Texas and Pacific trains were again  
running on schedule Monday following  
delays and limited runs Friday and  
Saturday.

The Sunshine Special No. 2, east-  
bound, Monday morning, was the first  
train through from El Paso in three  
days. Tracks have been repaired to  
the extent that trains may now be  
operated through to El Paso, accord-  
ing to local T-P offices.

Saturday and Sunday, trains were  
turned at Toyah, and run back over  
the line instead of continuing to El  
Paso.

Freight service to the west has also  
been hampered by the wash out of  
tracks.

London Tours Cheaper

LONDON, Aug. 3.—"Seeing Lon-  
don" is to be made cheaper for Amer-  
ican tourists.

The tramway lines here correspond-  
ing to the electric street railway lines  
in an American city are shortly to  
issue "one day passes" good over any  
of their lines without restriction as to  
the distance traveled. The price of  
the pass will be one shilling, approxi-  
mately 25 cents.

This will give the tourist, all for the  
price of a shilling, a 12 1-2 mile trip  
from the Thames Embankment in the  
heart of London out to Abbey Wood;  
a 10 mile run to Wimbledon; and a 9  
mile run from Bloomsbury to Epping  
Forest.

If he isn't all fagged out by the  
time he has made these three runs,  
there are several shorter ones he may  
choose in addition, or "do the first  
three all over again," still all for a  
shilling.

Destroy Tobacco Shops

PEKING, Aug. 3.—Despite repre-  
sentations that unoffending and  
friendly American interests are being  
harmed by their activities, anti-British  
Chinese students have been busily de-  
stroying products of the British-A-  
merican Tobacco Company wherever  
they could do so with impunity.

Bands of roving students have  
wrecked many small Chinese shops  
handling such products and in other  
cases they have cast alleged British  
cigarettes and tobaccos used in the  
streets. Almost all of the tobacco  
used in the manufacture of these cig-  
arettes comes from Virginia and it is  
believed the American growers will  
be the eventual sufferers.

AMARILLO, Aug. 3.—Large rains  
throughout the Panhandle indicate  
that the largest sorghum grain crops  
raised in years will be harvested in  
the Panhandle this fall.

The ability of the Welsh miner to  
dig himself in during the war doesn't  
seem so impressive when you think of  
chiggers.

## A MURDER A DAY CHICAGO RECORD

Crime Capital Coroners Report 277  
Murders Within 211 Days—One  
a Day Since January 1

CLEANUP IS ORDERED

Police, Judges and Citizens to Rid  
City of Criminals—Wholesale  
Raids Are Made

By United Press.

CHICAGO, Aug. 3.—Aroused  
by the publication of figures show-  
ing 277 murders here in the 211  
days since the first of the year,  
police during the night, swept  
down upon the underworld with  
a series of raids that netted be-  
tween 60 and 75 known criminals.  
Chief of police Collins, judges, the  
bar association and leading citizens,  
cooperated in the fight to rid the city  
of criminals.

"We shall have no more Drake hold-  
ups," Collins said. He referred to the  
bandit raid on the Drake Hotel last  
week in which a hotel clerk and two  
of the bandits were killed.

"We'll keep every suspected criminal  
on the move, or throw him in  
jail," Collins said.

The figures released by the coroner  
shows an average of more than a murder  
a day so far this year.

## FINE SPEEDERS

Five More Drivers Pay Fines in Cor-  
poration Court—Officers En-  
forcing Traffic Laws

The drive inaugurated August 1 by  
the police department and sheriff's de-  
partment, backed by the city commis-  
sioner and city attorney, to prosecute  
violators of traffic rules and to en-  
force all driving and parking regula-  
tions, got well under way over the  
week end, and further results of the  
campaign were noted Sunday and  
Monday.

Four arrests were made Sunday and  
one Monday morning, for traffic viola-  
tions. Authorities stated again Mon-  
day that the cooperation of the good  
citizens in enforcing the traffic laws.

The five drivers arrested Sunday  
and Monday were each fined \$12.70 in  
Corporation Court this brings the total  
number arrested within 3 days for  
traffic violations up to nine, and their  
fines total \$114.30. "They had better  
keep their feet off the gas from now  
on," officers and the city attorney de-  
clared Monday.

## CAMP IS OPENED

Hogue Tourist Camp on First Street  
Opens Monday—Is Ideal Camp  
For All Tourists

The Hogue Tourist Camp, recently  
completed on North West First Street  
and one of the most elaborate tourist  
camps in this section of the state, was  
opened for business Monday. A. L.  
Hogue is owner and manager of the  
new camp.

The site of the park is convenient to  
all the business district of Sweetwater  
and to main highways through the  
city. The camp is only a block west  
of the Texas and Pacific station on a  
paved street.

Tourists may drive into the camp  
from First Street, and into the main  
building unusually spacious, cool and  
clean. The camp ground is 80 x 125  
feet in size and will accommodate many  
cars of campers. A road covers the  
entire camp ground, and tourists are  
protected from rain, winds or cold  
weather.

On the second floor of the building  
is a large dining room and kitchen  
which will be at the convenience of  
tourists. Everything is furnished, in-  
cluding sinks, stove table, chairs and  
12 large rooms are also available to  
tourists who prefer them to camping  
on the ground floor. Many of the  
rooms are furnished, while others are  
left unfurnished for tourists who have  
their own cots and other supplies.

Tents may be erected on the ground  
floor of the building and the entire  
camp is so operated and constructed  
as to care for all types of campers,  
tourists and motorists.

LEVELLAND, Aug. 3.—More than  
150 tracts of 177 acres each have been  
sold in Hockley county by Cosby and  
Posey, agents for the C. W. Post in-  
terests.

MUNDAY, Aug. 3.—Work of pav-  
ing the streets through Munday has  
started. The contract was awarded to  
the Plains Paving Co., Amarillo  
and Wichita Falls.

Miss Bonnie Belle Bradbury has re-  
turned from a vacation trip east.

OUR INDIAN

An Indian registering from Sweetwater, Texas, tried to rob a Chicago hotel, and now the Chicago newspapers think Sweetwater is an Indian village.—Dallas News.

The redskin robber showed good judgment in one respect, but made a very serious social error in another. It is to anybody's credit to be able to register from Sweetwater, and the big chief's intentions were good in writing that word on the register in Chicago's most fashionable hostelry.

Chicago's elite, however, accustomed as they are to such little incidents as happened in the Drake last week, were doubtless shocked to witness the excitement that indicated Texans were out to match Chicago's acme of business. They probably expected more politeness and better manners from a hotel guest registering from Sweetwater, Texas, they probably had believed, was too far removed from the crime capital to become contaminated,

and the Indian turned right around and spoiled their illusions. And now Chicago newspapers think Sweetwater is an Indian village. It will take some time to convince Chicago that instead of cow trails and a running spring Sweetwater has paved streets and a filtration plant; that instead of pow wows we have a county fair and several important conventions a year; that the only war paint we use around here is to keep homes looking new; and that the only teepee in town is a railroad bearing that name. The Indian was killed in the little mix-up however, without correcting all erroneous impressions. The queer part about it all is, that no one around Sweetwater ever heard of the Indian. Personally, we believe he must have been a native of Chicago who registered from Sweetwater. We don't blame him for keeping the Chicago part silent, and as for registering from Sweetwater, he could have done worse.

FRIENDLY WAITING

President Coolidge lets it be known that he will be in no hurry to call another disarmament conference until European nations come to agreement upon their security pact. For three years the leading nations over there have been issuing statements proclaiming how dearly they regard each other, and how anxious they are for mutual respect of national rights, but always when the time comes to commit the terms of the new brotherhood to writing some diplomat manages to insist upon conditions that upset the harmony program. But it much be said that France, England and Germany are now nearer agreement than they have been at any time since the armistice day. If ever they make this new understanding effective the American public will step in with another benevolent suggestion to remove standing armies and other military burdens from the backs of the world's taxpayers. Hasten the day.

CIVILIZATION IN MOROCCO

As a correspondent tells the story it was the hour of the first prayer yesterday in the village of Ain Berde, when the muezzin of the lower mosque was calling on the faithful to perform the first religious duties of the day. Overhead were twenty French war planes. As the prayer call came from the tower bombs were dropping from the sky, hundreds of them, containing thousands of pounds of death dealing slugs and explosives. Conspiration reigned throughout the streets. Warriors rushed from the houses and looked to the sky and then rushed indoors again. A missile falling in the center of the animal market among the crowded horses, mules and donkeys changed the place immediately into a bedlam of plunging, kicking, terror-stricken animals and splashed the white walls with red. Cries and screams rose from all sides, and some people continued to pray for protection against the white unbelievers who defile the plains and hills Allah gave us.

Civilization is proceeding with galloping pace as even the skies rain missiles of destruction and death. The "war to end war" was a prodigious success—for its imperial land-grabbers and bond holders.

ANXIOUS FOR TROUBLE

Threatened strikes in the hard and soft coal industries are beginning to appear as a cloud upon American prosperity. Neither side to the controversy seems willing to budge an inch in the interest of harmony. Two years ago the government appointed a commission of experts to tell the nation what ailed the coal industry. In substance the commission reported that the trouble was too many miners; too many mines, with no effort at all on the part of the miner or operator to correct this condition. The situation has gone from bad to worse with its prospect of another strike in which the organized miners will strive to hold their present advantage of wages and working conditions, and the operators will try to break the power of the union. If the controversy comes to this pass with much hardship and suffering it will probably result in another draw, with both sides contriving to pass the bill to the public in the form of higher priced coal. And due to the failure of the last congress to adopt the recommendations of the fact-minding com-

mission the government will be as powerless as ever to control the strife before it gets out of bounds.

New Traffic Policeman

The police department has announced that an additional officer will aid in traffic enforcement and will also assume other police duties in the afternoon at the rush hours when traffic conditions are usually bad. A member of the night force will go on duty at 4 o'clock in the afternoon, it was stated, to especially aid in enforcing traffic and speed laws.

Marriage License

Four marriage licenses were issued by the county clerk Saturday, August 1. They to Finis A. Blackwell, Abilene, and Miss Maud Howard, Abilene; Bascom F. Hargraves, Maryneal, and Miss Edith M. Swatters Win Sunday Game 9 to 1 With Heavy Hitting

The Sweetwater Swatters took a game from Snyder on the Snyder grounds Sunday 9 to 1. The game was one of the best the local bunch has played this year. The Snyder team has a long list of victories for this year and is said to be one of the best teams in West Texas.

The game was featured by heavy hitting of the Swatters, and by the pitching of Smith, who let the enemy down with four hits.

The two teams will meet again at Snyder Sunday. The Swatters will play the Boston Bloomer Girls here Friday afternoon, a Boy Scout benefit game.

The prize for absent mindedness goes to the man who was knocked down by the surf and looked for its license number.

Borderland Five will furnish the music at rodeo and dance, Lorraine, Friday and Saturday, August 7-8. 159-41dp.

in the house that she was taking, so she immediately began giving it to me. In a few days I got all right. "Last fall I got run-down in health. I was weak and puny and I began to suffer. I would get so I could hardly walk. Having taken Cardui before, I sent to the store for a bottle of it. Almost from the first dose I could feel an improvement. "Cardui has helped me a lot and I am glad to recommend it. I don't feel like the same woman I was last fall. My appetite is good now, and I'm sure it's Cardui that made it pick up." All Druggists.

## FASHIONS

By HEDDA HOYT

NEW YORK, Aug. 3.—Purple and pancy shades are becoming taboo among smartly dressed women. Except for an occasional purple hat one sees no purple at smart gatherings. Purple is a beautiful shade for a house gown and many women who purchased frocks of this shade at the beginning of the season are holding them for wear about the home this winter. One sees a great many purple frocks of cheap type on the streets and this is the reason smart women are omitting this shade from their wardrobe.

As noted among the younger element at the summer resorts. One sees simple straight lined frocks of gaily figured cretonne worn for all sports occasions. Usually they are sleeveless with rousing necklines and with scarfs of self material. Coats of cretonne with the figure outlined in gold or silver satiny are very popular among the fashionables. The one-piece bathing suit of California differs from the suit worn in the east since it is curved in at the waistline to suggest the figure and has a wide band of contrasting color about the upper body portion which is matched by a narrower band about the lower border. Smart women at Long Beach are

often seen wearing "coolie coats" or knee-length coats of black crepe fashioned on Mandarin lines embellished with white stencil work across the back. The Japanese newsboy wears the original of this coat and the stenciling at the rear denotes the name of his newspaper.

... will you learn a lesson from a crow?

**A**CROW, ready to die with a thirst, saw at a distance, a pitcher standing by a well. He flew towards it with joy but was bitterly disappointed to find the water so low that he was unable to reach it. But he did not give up. Seeing some pebbles lying near, he dropped a great number of them, ONE by ONE, into the pitcher. He was able to quench his thirst.

—from an old fable.

Would you like to become an investor and receive a regular income so that you would not have to depend entirely upon your salary or wages to meet expenses?

Would you like to be a STOCKHOLDER in some big company that pays dividends regularly and promptly? Do these things seem beyond your reach? If so, the crow has solved your problem. All you have to do is save the tiny sum of 34 cents a day and you will have enough for the necessary monthly payments to make you the owner of one of the safest and most desirable investments to be had today—Preferred Stock of Southwestern Power & Light Co. ## Beauty Operators to Be Licensed; Illinois 8th State to Adopt Law

CHICAGO—Eight states now have laws requiring beauty operators to be qualified by having received a required standard of education in their art and to be licensed by the state. Illinois followed the lead of Louisiana, Arkansas, Missouri, Oregon, Utah, New Mexico and Wisconsin, in adopting the licensing law proposed by the American Cosmeticians Society, and the bill was signed by Governor Small at the close of the Illinois legislative session. "The law is necessary to maintain the standards of the cosmeticians' profession," said Emily Lloyd, beauty expert and head of the National Schools of Cosmeticians, in an address here. "In most other nations the profession of beauty culture is supported by the aristocracy. In America millions of women are not only demanding beauty materials on a grand scale but they are hiring an army of beauty specialists to apply them. There are now nearly 30,000 beauty shops in the United States, employing more than 100,000 women. "Under the new law, beauty operators must each spend 200 hours in an accredited school of beauty culture, or one year of apprenticeship in a shop under the direction of a registered beauty culturist, and are admitted to public practice only after receiving a state license. Licensing of shops and operators will be under a committee which will function under the Department of Registration and Education."

VALLEY CREEK NEWS

By Special Correspondent.

Sidney Moore made a business trip to Blackwell Friday.

Severy people from Valley Creek are attending the Baptist meeting being held at Shep.

Mr. and Mrs. S. D. Moore and family spent Wednesday evening at the home of Mr. and Mrs. P. C. Stevens. Carl Wesley, little son of Mr. and Mrs. O. S. Moore, has been on the sick list for the past week, and has been under the care of Dr. Baron of Wingate.

Some of the Valley Creek people are attending the Methodist meeting being held at Slater's Chapel.

Mr. and Mrs. E. Doggett and family have returned from an extended trip through San Saba, Miles and other counties. They report the weather those of the Hylton country. Mr. and Mrs. Hays Doggett, relatives of Mr. Doggett, returned home with them to spend the remainder of the summer.

Mrs. Rena Moore has been suffering from a very sore hand, but is better now.

Mr. and Mrs. Ray Dean, Mr. and Mrs. Charles McGinley, and Mrs. Dean have just returned from Brownwood where they have been attending a family reunion. They report the weather very dry at Brownwood, and the crops there in very poor condition.

United States Oil Fields Declining, Say Geologists

NEW YORK—Probability that the oil fields of the United States passed their ultimate peak of production in 1923 and have entered upon their final phase of slow and gradual decline, is indicated in a special report to R. M. Collins, President of the Mining and Metallurgical Society of America. The report was made by a committee of geologists and mining engineers, including A. C. Vetch, chairman, director of exploration, Sinclair Consolidated Oil Corporation; David White, senior geologist, U. S. Geological Survey; A. W. Ambrose, former chief petroleum technologist, U. S. Bureau of

Mines; Roderic Crandall, consulting petroleum engineer; and W. H. Heroy, formerly of the Land Classification Board, U. S. Geological Survey. "Production," says the report, "increased steadily from 1910 to 1923 but showed marked reversal in 1924. Record production of 1923 was due to the large number of big pools brought in. Probability in the 1925 figure will not be exceeded unless large undiscovered pools are brought to peak production in a single year. Chief factor in increasing production is rising prices which furnish incentive to exploration for new fields. This can not continue indefinitely because the more pe-

roleum produced, the less there is left to produce. As domestic reserves are depleted, importation must be relied upon.

"Cost of imported petroleum will in future probably be greater than that of present domestic production but as the recent tendency is for the cost of producing domestic oil to increase, it is clear that if consumption continues to increase at the rate established in recent years, the demand can be met only by higher prices.

"Consumption will continue to increase and the United States must look to oil from foreign sources in increasing amounts and then to the development of substitutes for natural oil products."

their beds about 1:30 Monday morning. They rushed out to find the Hylton gin in flames. There being no sufficient water supply available, the gin was fated to destruction and by daylight it lay a smoking ruin. The gin was owned by a Winters party.

Mr. and Mrs. Jeff McLaughlin had

a telephone call from Blackwell Sunday evening informing them of the death of their niece, Miss Virgie Hill of that place.

Several of our people have been in regular attendance upon the Baptist meeting in progress at Shep.

PERSONALS

Miss Grace Ellis of Frost arrived Sunday for a visit with her sister, Mrs. P. T. Quast.

Mr. and Mrs. A. Levy and daughter, Fannie, left Saturday night for New York City and other eastern cities to purchase the fall stock of merchandise for their store. They expect to be gone about 5 weeks.

Mr. and Mrs. G. W. Rea and family left for Temple Monday morning after receiving news of the death of Mr. Rea's brother-in-law, Arch Morris.

Miss Lorena Kelsey left Monday morning for Abilene where she will be guest of her sister, Mrs. W. E. Smith for several days.

Mrs. N. M. Vick and Miss Violet Hensley have returned to their home in Throckmorton, after an extended visit at the home of Mrs. E. K. Vance 902 Locust street.
