

FUTURE LITTLE LEAGUERS—Approximately 150 Terry county youngsters worked late Monday and Tuesday, trying for positions with the Little League baseball teams. Shown above with Burton Hackney, who managed the Indians last seasons, are, from left and kneeling: Vernon Bingham, 11, son of Mr. and Mrs. H. B. Bingham of 504 East Stewart; Jerry Reano Curry, 11, son of Mr. and Mrs. R. H. Curry of 701 North Bell, and James William Nichols, 10, son of Mr. and Mrs. W. J. Nichols of 1105 East Hill. From left in the back, they are Richard Davenport, 12, son of Mr. and Mrs. J. T. Davenport of 12 South Seventh; Hackney, Brownfield attorney, and Terry Johnson, 11, son of Mr. and Mrs. Thomas Johnson, 902 East Hill. The quintet was trying for pitcher positions. (Staff Photo)

Emphasis on Fundamentals In Cub Spring Grid Training

The emphasis was on fundamentals as Coach Doug Cox and assistants drilled a 50-man Brownfield High School football squad through the first week of spring training. After three days of straight fundamental work the Cubs ran through a 30-minute scrimmage session Monday.

Pony Leaguers Sign Up; Order Uniforms

Approximately 80 boys of Pony League ages signified interest in playing this summer at Wednesday afternoon registration.

Uniforms for the four teams, Rotary Pirates, First National Bank Cardinals, Claud Buchanan Tigers and Sundown Pump and Supply Dodgers, and other league equipment was ordered by League Purchasing Agent Eulen Eaves this week.

Pony league workouts will start on May 7 and continue through the week. Teams will be designated the following week and after two weeks of workouts they will go into the schedule.

Cox promised a full scale scrimmage Friday afternoon if the squad has improved to the point where they are ready for it. Another windup with an intersquad game the first week in May.

Cox also extended an invitation to the fans to come out and watch the workouts. His policy is so long as the fans don't get close enough to get hurt it's okay.

Two injuries marred the first week of workouts. Delbert Dyke, freshman, broke his nose Friday and Monday Robert Patrick broke his right leg.

Group To Try To Form Adult Baseball League

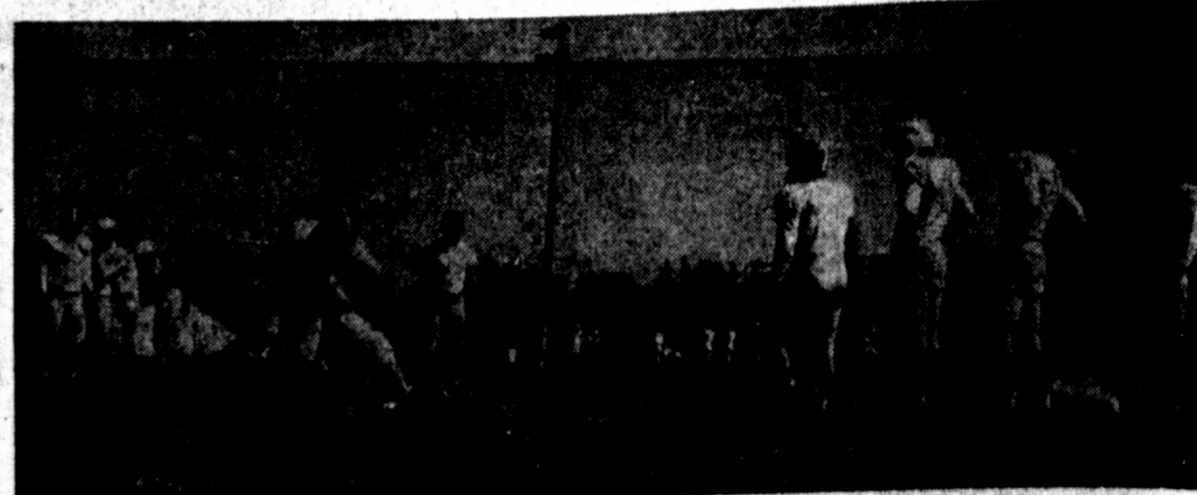

Because of mounting interest here in the organization of an independent baseball league for adults, Deryl Lewis, assistant manager of Cicero Smith Lumber Company, is urging that anyone liking to play the game meet with him at 8 p.m. April 27 in Nick's Cafe.

Lewis, who managed his own team here last year, said that a number of persons had expressed such interest and that he would "carry the ball" in setting up such a league.

Garland Parker was re-hired as bus foreman, and Mrs. Parker, cafeteria manager. Custodians are J. D. Roberts, T. A. Key and N. E. Keeling.

FUNDAMENTALS—Candidates for the Brownfield High School football game are getting plenty of blocking and tackling in spring training drills. In the top picture Coach Doug Cox oversees a tackling drill and in the bottom picture Coach Charlie Keese riding the blocking sled as Tommy Street and Roy Lee Chandler hit it.

Kicking Off

They are scooping sand on the northwest edge of Andrews for a new football stadium. It figures to be one of the best bowl-type football stadiums in West Texas. Modeled after the new San Angelo stadium, it figures to be better because Andrews got the benefit of any mistakes made at San Angelo since the same contractor is building theirs.

Plans call for an 8,000 seat stadium with 4,000 on each side. Seats will all be between the 20 yard lines and of concrete poured onto the dirt embankments. The field will be an excavated, and therefore eliminate much of the surface winds that hamper passing and punting at times in this country.

They are building with an eye to eventual expansion to 12,000 seats. The stadium will be entered after walking up a slight ramp and then down into the stands. It'll boast a press box big enough for 24 writers, plus places for radio, acoustics, etc. on the west side. They are hoping to open the season this fall in the stadium, but won't be certain for a couple more weeks.

Meadow Senior Class Play Scheduled Friday

"They Went Thataway," a three-act comedy play, will be presented by the Meadow High School Seniors, Friday night. This annual presentation will be given in the Meadow High School auditorium at 8 p.m.

Members of the cast are: Barbara Russell, Pat Joplin, Marcia Dunn, Jerry Keesee, Charles Smith, James Altman, Wanda Terry, Sally Rutledge, Jerry Wyatt, and Donald Whisenhunt. The setting is a dude-ranch better known as the Bar-B-Q Ranch. Throughout the play you will see such characters as the gangster, the hero, the Hollywood glamour girl, the sheriff, and real live Indians. The Meadow Seniors urge everyone to be present Friday night when they present this new trend in plays — the Western. Admission prices will be 60c for adults and 35c for students. Proceeds will go into the senior-trip funds.

Brownfield Quarterback club is now passing petitions asking the school board to consider building a new stadium here. To keep up with other schools in the conference it is an absolute "must."

Plainview, another Cub opponent this fall, recently passed a \$235,000 school bond issue to purchase 27 acres of land and to finance construction of a stadium. Actually \$185,000 was for the construction of the stadium and track, which are to be ready next fall.

Bill Dugger, Allen Cox and Henry Williamson were among the Brownfield fishermen at Lake Thomas over the weekend. They caught enough to make a meal of fish at the Lake... so they said. If it had been me I would have brought at least one home to prove my story.

The new boat load ramp is completed at the southeastend of the lake. The concrete ramp extends out to four feet below water level and is free for the convenience of the public.

Reports of crappie and bass catches were still common and the first trotline catches were reported. One 15 pound cat and a 12 1/2 pounder were pulled in.

MULDROW HOME ON SOUTH CLUB STREET

Modern Mansion, Inside and Out

To some people, a house is just a place to hang your hat, but to Al and Vera Muldrow and their sons, Ken and Mont, a house is a home. And the house that has been their home since they moved to Brownfield in 1945 is so cherished by them that twice in the past 10 years, they have chosen to "face lift" their present house rather than build a new one.

The most recent face-lifting, which took place a little more than a year ago, has completely transformed what was once a neat white frame ranch-style house into a stately Roman brick rambler.

Located on a rising corner at 221 South Club, this lovely and gracious brick home with its perfectly kept yard is one of the most beautiful homes in Brownfield, and that includes many of the newer-built homes. On the north, a two-car covered port is handy for quick entry into the home. Going west around the house from the carport, one comes upon a brick-fence enclosed circular patio of quarry tile, the scene of many family and neighborhood barbecues and parties. Circling the house to the south, a spacious tool and storage room, and on around the tile walk to the services entry and the large double garage. A neat Roman brick fence lends privacy and grace to the grounds.

Main entry to the house is on the east via a fan-shaped foyer which is really part of the living room. The lovely open room is invitingly painted a soft blue throughout, a perfect foil for the deep sandalwood carpeting which covers the house. Highly polished mahogany tables are handy to the deep, soft furniture, covered in both brilliant and soft tones of green, rose, and blue.

Two arched doorways lead to a small, but comfortable den, furnished in heavy limed oak. The den floor is covered in asphalt tile and the walls are light paneling. The entire south wall is a solid window, draped in a handsome hand block-lined 'wild horse' print. A comfortable divided couch is covered in the same gay print. Beneath the window, a brick planter runs the width of the room. At the opposite end of the room is Mr. Muldrow's work center and desk, which can be shut away with sliding paneled doors. Over this center are deep book shelves and a ledge displaying trophies and a world globe. In this room, too, is the electric chord organ, which the entire family enjoys playing.

Opposite the living room, on the front side of the house, is the dining room, featuring blond oak furniture. On the credenza is a fine silver tea service, part of Mrs. Muldrow's silver collection. The walls are covered in an imported English hand-printed paper and glowing pink ruffled chintz drapes tie back from pure silk draw-drapes at the windows.

Off the dining room is the L-shaped kitchen, not as large as, but much more compact than, most. Cabinet tops are white ceramic tile, trimmed in gray, with plenty of cabinet space. Along the east wall is the built-in dishwasher-washer sink unit. Running along the north wall is refriger-

ator, freezer, and more cabinet and work space. There is also ample space for table and chairs, and crisp white 'strawberry' curtains match the ceiling paper. A charming feature about these drapes is the fiber-glass panel that hangs from a rod half-way, so that a person standing in the kitchen may see outside, but outsiders cannot see through the drapes.

A hallway leading to the kitchen gives off to a large pantry on the right and steps on the left lead down to the basement den. Here 16 years old Ken and 15 year old Mont keep their trophies, which includes a deer head, their guns and other 'valuables'. Here, also, Mont, who is a photography fan, has his darkroom for developing and printing his film. Panelled in knotty pine, with copper and brass fixture, this is the ideal place for boys' gatherings, and two bunk beds also provide sleeping space for guests. There's plenty of 'sprawling' space in this cozy basement room.

Back up the stairs and down the hall, which leads off, through a door to the left, to the living room, and to the right to the master bedroom. Also off this hall is a half-bath, with large linen closets, done in white and yellow tile. At the very end of the hall is another brick planter and a dutch half-door leads to the roomy utility room. Here the washer, dryer, and ironer, as well as the central heating and air conditioning unit occupy one side. Opposite the laundry room is a sink and cabinet space for arranging flowers, cleaning fish or game, or washing up after working in flower beds. The huge family freezer also takes up one corner of this handy utility room which leads outside to the tiled patio.

The tremendous master bedroom, one of the latest innovations of the Muldrow home, is deeply carpeted in sandalwood color with muted walls and ceiling. The bedroom is three steps down from the hallway, and a large linen and storage closet, cedar lined and filled with shelves and built-ins, is on the right.

This spacious bedroom is long enough to accommodate the family television set. Al's favorite club chair with ottoman, an out-sized couch and long coffee table and a leather-covered club chair in the living end. A door leads outside to the covered carport on the north. Also covering the north wall of the room is a novel imported scenic wallpaper. Draperies and bedspreads on the mahogany twin beds are dull green antique satin.

Two satin covered slipper chairs are placed conveniently near and the large Mr. and Mrs. chest-dresser complete the bedroom furnishings.

A full length mirror covers the door to the master bath, which boasts both glass enclosed shower stall and bathtub. A long dressing table runs along the east wall over which is a small window, and the dressing stool is covered in brown antique satin. The bath is tiled in suntan and brown ceramic tile, with matching wallpaper and glistening drapes in a provincial print design.

Now that the master bedroom and bath has been added, Al and Vera have turned the former bedroom wing entirely over to their sons. This wing leads off the living room to the left and is on the south side of the house. At the end of the long hall, in what was once the master bedroom, Ken has set up quarters. Here green bark-cloth drapes over fortisan gauze panels cover the windows. Built in closets at one end of the room give Ken

STATELY ROMAN BRICK — Shown, above, is the exterior of the Al Muldrow home located at 221 South Club. Facing east, this lovely home has been remodelled within the past year, adding the two rooflines (right of main house), which include a massive master bedroom and bath, two-car port, storm windows and doors, and the handsome brick siding. Perfectly kept grounds enhance the grace and charm of this four bedroom, two and a half bath home. Left, Mrs. Muldrow plays the handsome blond electric chord organ located in the den of her home. To the extreme left (where her portrait hangs) is the living room. Notice the window behind Mrs. Muldrow, which covers the

entire south wall of the den and the clever 'wildhorse' print of the draperies. The planter below the window holds a variety of ivy, calandulae, and other greenery.

ABOVE — Looking into the new master bedroom, this is indeed a deceiving photo, for bedroom, this is indeed a deceiving photo, for there is a distance of some 30 feet between point of camera to the draped window in the background. This massive room is both everyday living room and boudoir, as you can see by looking at the comfortable furniture in the foreground, which, incidentally, is grouped around the television set. In the background, right, the door leads to the master bath.

rows made the present den out of a screened-in porch, added the present hall and half-bath leading off the kitchen and living room, and converted the then-servants quarters into the outside storage room and enlarged the garage. In December, 1954, they added the present master bedroom and the carport and did interior painting and

plenty of space for both clothing decorating and bricked the exterior of the home. Much love and thought have gone into making their house what it is today, and "considering that we like our lot, our house, and our neighbors, we'll probably spend the rest of our days right here," Vera laughs and says.

and odds and ends. Ken's furniture is maple and he has a large comfortable chair for reading or resting, as well as a desk for study.

Leaving Ken's room, closets line the hall, and to the left is the white tiled bath, with glass enclosed tub and a gay jackstraw paper on the walls. Matching drapes are used here.

Across the hall from the bath is bedroom, papered in a novel tweed paper. Brown barkcloth drapes cover the windows, and here, too, maple furniture make his a real 'boy's room'.

Down the hall and across from Mont's bedroom, is the guest bedroom . . . and what could easily be called the 'gold room'. Rich mahogany furniture and the gold tones of fortisan drapes with pleated valance, plus the gold satin bedspread, make this truly a luxurious guest room.

The Muldrow's purchase their home from the W. R. McDuffy's in 1945. The home was built in 1939 and had not been remodelled until seven years ago, when the Muld-

FURR'S MENU of the WEEK

BOILED STEAK
CAESAR SALAD*

FRENCH FRIED POTATOES
HOT FRENCH BREAD

YANKEE GINGERBREAD*

BUTTERED CAULIFLOWER
ICED TEA

2 cups croutons

2 heads chilled romaine

1/2-teaspoon dry mustard

Prepare croutons by frying cubes of bread over a low flame in olive oil flavored with a split clove of garlic. Into a garlic-rubbed wooden bowl tear romaine into medium-sized pieces and sprinkle with mustard, pepper, salt and cheese. Add olive oil and lemon juice. Break eggs (some chefs prefer to coddle them for 1 1/2 minutes) on the greens and toss enough to mix thoroughly, but not so vigorously as to bruise the greens, and until no trace of egg is to be seen. The leaves should be coated, but there must not be excess liquid in the bowl. Taste for seasoning. An instant before serving, add the croutons, tossing the salad briefly to mix in the croutons without making them soggy.

Four or five filets of anchovy are sometimes added to this salad, cut into small pieces; or 4 slices of bacon cut into small pieces and fried until crisp may be added with the croutons. A dash of Worcestershire may also be added.

CAESAR SALAD:

1/4-teaspoon black pepper

1/2-teaspoon salt

1/2-cup grated Parmesan cheese

2 eggs

6 tablespoons olive oil

Juice of 2 lemons

2 eggs

YANKEE GINGERBREAD

2 teaspoons ginger

2 teaspoons cinnamon

3 eggs

1 cup sugar

Combine eggs, sugar, molasses, spices and salad oil, and beat well. Add soda and hot water. Gradually sift in flour. Mix thoroughly. Stir in boiling water. Place in greased 9x9 inch pan. Bake at 350° F. for 45 minutes, or until done. Serve hot.

Race For 6-AA All-Sports Trophy Thins Down To 4-Team Contest; Cubs Are Out

A ding-dong battle is raging in district 6-AA for The Odessa American All-Sports Trophy awarded annually to the school in that district compiling the best overall athletic record throughout the year. With only one activity, baseball, still to be counted in the returns there are four schools with a chance to win. Andrews currently holds a razor-thin edge over Pecos for first place. Andrews has 29 points and Pecos has 28 1/2.

That's a restaurant being built just north of the DeLuxe Motor Inn. They tell us Cy Tankersley is building it and Tess Fuffer is to manage it. And talking about building, Bruce DuBose says he and Dewey Murphy started out on their new motel on West Main thinking in terms of \$700,000; now they are going to go over \$1,000,000 and they don't know how much more it will take. But it is going to be nice.

Farewell Party Monday Night In Winton Home Honors Mrs. Pounds

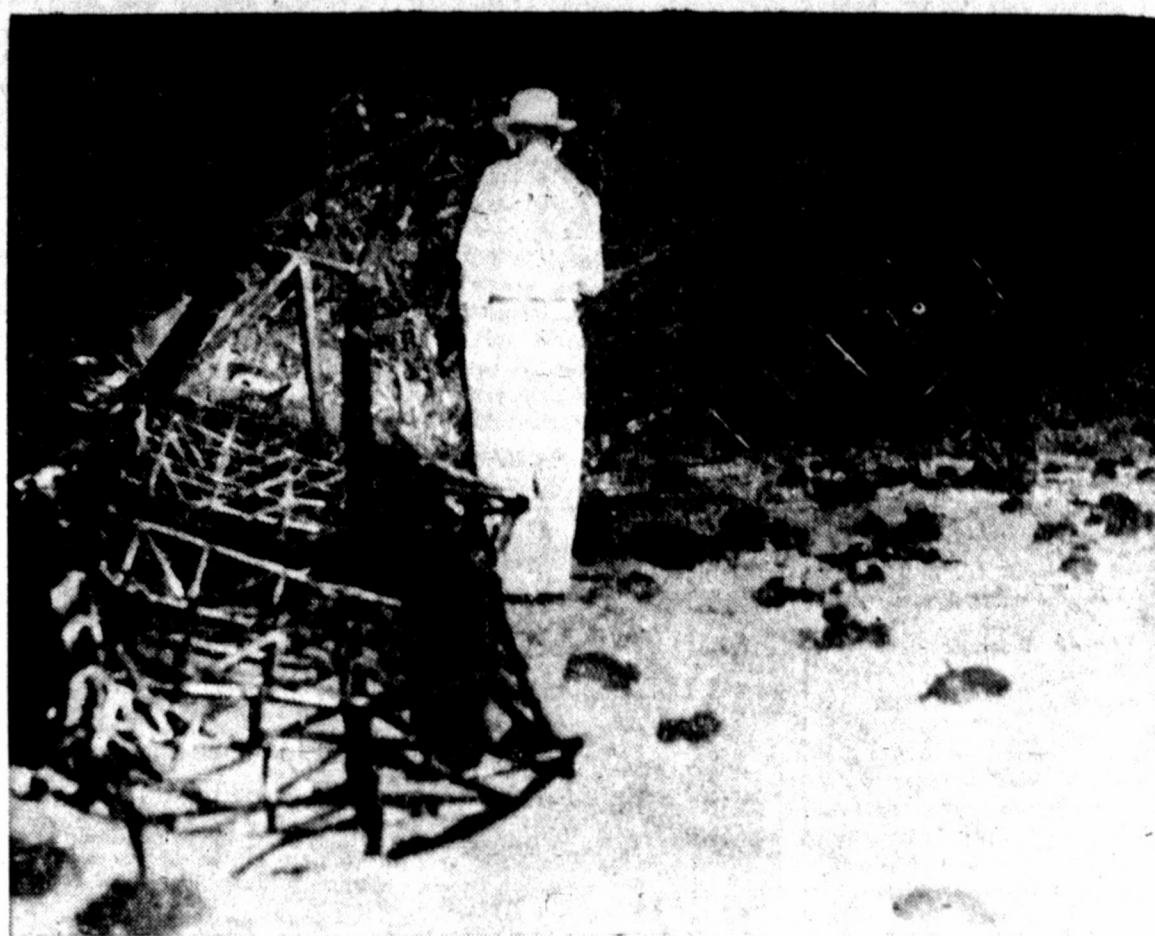

Mrs. L. R. Pounds was honored with a surprise farewell party in the home of Mr. and Mrs. Russell Winton 1016 E. Lake, Monday night.

Mrs. Pounds has been employed with Cobb's Department Store, of which Winton is manager here for the past 29 years, and has the longest record of employment with Cobb's than any in all the chain of stores, with the exception of Tom Cobb, owner of the chain.

A native of Terry County, Mrs. Pounds went to work at Cobb's in 1927, shortly after the store was opened January 22, 1927. She has been manager of the piece goods department since that time. Her retirement is effective as of April 14.

When asked how it felt to be retired, Mrs. Pounds replied, "tired." She says that she and her husband plan to travel, and are now planning a trip through the south in the immediate future. Asked why she had continued to work throughout the years, she said that she "loved the people her employers, and her customers." Along with her regular job, Mrs. Pounds has always been active in church work and has raised a family.

The fourteen employees of the store presented Mrs. Pounds a gift of a matched set of luggage as a farewell gift. One of Mrs. Pounds' daughters, Mrs. E. B. McBurnett

Cadillac

Giving In...To His Practical Side!

We will tell you, in all honesty, that this gentleman was a little dubious when he first walked into the showroom.

There was no question, to be sure, about his wanting a Cadillac.

But, quite frankly, he wondered whether or not he was in a position to purchase a motor car as wonderful as the 1956 Cadillac.

But now he is learning some facts about this distinguished motor car that are removing the doubt from his mind.

First of all, he is learning that a Cadillac is relatively modest in its initial cost.

He is finding out about Cadillac's extraordinary dependability and freedom from repairs.

He is discovering the remarkable facts about

Cadillac's traditionally wonderful resale value.

And, lastly, he is being told that, at this time of the year, his dealer is able to make Cadillac ownership even more practical than usual.

That's why we suspect that—having given in long ago to his heart—he is now giving in to his practical side. And that's a combination no man can resist!

If you have considered Cadillac the car in your future—but have postponed making the move for reasons of economy—we urge you to stop in soon.

As an experienced Cadillac dealer, we have established a wonderful relationship with fine-car motorists throughout the community. Our reputation for integrity is positive assurance of your satisfaction as a customer.

NEW MAYTAG All-Fabric Automatic

duplicates hand-washing methods

Every item on this young miss can be washed automatically—and beautifully—in the new Maytag. It does the same three things you do when you hand-wash delicate things.

- 1. Gentle action.** Maytag's "Modern Fabrics" cycle automatically slows agitation and spinning speed. Set wash time for as little as one minute, if you like.
- 2. Controlled water level.** Maytag's exclusive Automatic Water Level Control matches water to the load. Set on Low for small loads, save up to 1 1/2 gallons!
- 3. Cold water wash and rinse.** Push Maytag's "Cold" water button—wash even cashmere automatically! Perfect for all heat sensitive synthetics. (Choice of hot or warm water, too.) Maytag's Gyrafoam washing action is so thorough, regular fabrics get Maytag clean.

Come in today. See how only Maytag gives you:

- Automatic Water Level Control
- Two-speed Motor and Cold Water
- Double-Spin Tube

all this for only **3.82** a week!

FREE! MAYTAG FABRIC WHEEL!
Facts about fabrics and how to wash and dry them. Yours just for coming in!

GEE GEE'S

It's been almost too wet to plow around my house this week. Guess I can't complain, though, because I've looked at it every way possible and it all boils down to the fact that I'm just not a good manager—period—paragraph.

The Brownfield Country Club style show is scheduled to begin at 1:30 p. m. tomorrow (Friday) at the club. Four local business firms are presenting styles from their stores, and there are some really outstanding outfits to be shown. This year's show is being built around cotton, and stellar attraction will be Miss Revis Jordan, alternate Maid of Cotton from Lubbock. Miss Jordan will not only model some of her clothing she received when she entered last year's Maid of Cotton event at Memphis, Tenn., but she will also speak briefly about her experiences at the contest and her appearances since. You won't want to miss this outstanding event, and everyone is cordially

Frances Gillham Will Head E. S. A.

Frances Gillham was elected president when the local chapter of Epsilon Sigma Alpha sorority met at La Mecca Cafe in regular session last week.

Other officers named by the group were: Dorothy Gore, vice president; Greta Hipp, recording secretary; Stella Lindsey, corresponding secretary; Evelyn Hopkins, treasurer; Jo Jennings, parliamentarian; Bonnie Vachal, historian; and Kay Billings, reporter.

Installation ceremonies will be held in two weeks for the new officers.

Mrs. Gillham conducted the program on cancer education.

to pass along another household tip. I always like to get these tips and pass them on to you.

Here's Bernice's: when taking food to luncheons, or any covered dish affair, mark your dish on the bottom with bright fingernail polish — either your initials, last name, or any identification sign — and you'll always be sure of its return. Bernice says she's still using dishes that have been marked with polish for two years or more and has never had to redo them. The polish withstands baking, washing — everything except breakage. I personally, was very glad to hear of this because I've always struggled through tearing off a piece of tape, printing a name on it, only to have the tape come off with the result of never seeing the dish again. Thanks, Bernice, and the rest of your gals remember that I like to have your tips.

For those of you who may have missed it last week I now have my office at home — 504 South C telephone 3858 — so please call or drop by and give me your news. I practically always have the coffee pot on and if there's not a clean cup in the house, I'll wash one for you.

AAUW Hears Arts Program Thursday

The regular meeting of the local chapter of American Association of University Women met Thursday at 7:30 p. m. at the Seleta Jane Brownfield club house. Hostesses were Mrs. J. H. Bounds and Mrs. P. R. Cates.

The arts committee was in charge of the program, "Contributions of some Foreign Countries in their fields of arts". Mrs. R. L. Bowers showed slides of her trip to Europe and the Holy Land, giving a running commentary. Mrs. Coleman Williams introduced Mrs. Bowers.

Coffee and gelatin dessert with angel cake squares were served to the following guests: Mmes. Norman Hudspeth, Roy Williams, Eld

Johnson, Mary Ruth Nelson, and Barney Vachal, and Misses Mattie and Lottie Morgan and these members: Mmes. A. B. Cox, C. W. Wilkerson, Cates, G. B. Evans, Coleman Williams, Bounds, R. N. McClain, W. A. Kimbrough, H. W. Peace, Fred Arnold, John Wilson, Wm. Fitzgerald, and Misses Marie

Gracey and Creola Moore.

At a business meeting, Mrs. Kimbrough was elected vice president and Miss Moore was named treasurer of the group.

The next meeting will be held May 10 and will honor senior girls of Brownfield High School.

From where I sit... by Joe Marsh

They Travel "In Class"

Our high school correspondent says that Economics and Geography students are going in for "grass roots" studying.

They're going to charter buses and take off on Operation Sea-For-Yourself, have a ten day look at some of the things they've been studying about.

As I remember, it was hard to keep your mind on schoolbooks at this time of year. Today's kids can give in to that old urge to bust out of the classroom—with a clear conscience. Wish they'd take me along.

From where I sit, it doesn't hurt us adults, either, to get out and see how the rest of the country lives. We find the "typical American" doing everything from herding cattle to flying planes... with everything from steak to chowder for his favorite dish... everything from beer to butter-milk for his favorite beverage. And the more we study our differences the more we learn how alike everyone is underneath.

AROUND UNION HIGH

EARLENE
JOYCE

After a long time we're back on the job again.

The week was started off right with a Tennis Tournament which lasted all day Monday. Meadow Whitface and Union Participated. Meadow won 1st in girls doubles and 1st in boys singles and doubles. Whitface won first in girls singles. Everyone enjoyed the day of tennis and sunshine too.

The Senior play "Bolts & Nuts" came off with a bang and we hope that everyone enjoyed it as much as we did working it up. Let's not forget the Junior play "Too Much Matrimony" which is to be held May 1. They have now started practicing. Following the play a style show will be presented by the Home Economics students. A former student of Union School, J. R. Mosely a Marine is in on leave from San Diego, California. He was seen at the Senior play last Tuesday night. Glad to see you, kid.

Two weeks ago the girls went to Meadow in a volleyball tournament. They didn't place but had a good time. Venta Ray visited with her sister Mrs. Lillie Miller in Lubbock over the week-end.

The Senior class had a Wiener roast Tuesday night on the school grounds. It is good for the seniors to get together again. They all reported a good time.

The Freshman had a Chirocal Burger (party) since our new was last edited. Those who reported a swell time

RECEIVES AWARD—Sergeant First Class Jimmie G. Kuhn (right) of Laurinburg, N. C., receives a marksman badge from Colonel William E. Ekman, 10th Special Forces Group Airborne commanding officer, after qualifying as an expert with the M-1 rifle in Germany. Sergeant Kuhn, regularly assigned as a weapons specialist in the group's 4th Company, entered the Army in 1947. Son of Mr. and Mrs. A. B. Kuhn, Seagraves, the sergeant attended Gurdon (Ark.) High School.

Danny Huddleston, Rals Low, Rodney Hering, Priscilla Cornett, Alton Foster, Janice Newsom, Kenneth Hancock, Gene Cornett, Wylie Kay, Jimmy Howell, Howard & Gene Hungerford, Mr. William Carman sponsored their party.

We have a new steady couple "AROUND UNION HIGH". They are Doris Howell and Wylie Kay. We are sorry to lose Wanda Hunter. She is getting married April 28 and we wish her a lot of happiness.

Daters of Union High this past week were: Lloyd Hester-Priscilla Cornett, Janice Newsom-Kenneth Hancock, Carol Ann Garner-Nolan Cornett, Claud Montgomery-Foxie Oliver, Peggy Herring-Robert Wilks, Doris Howell-Wylie Kay, Alfred Newsom-Sammie Chambliss, Howard Hungerford-Francis Dyer, Joyce Foster-Dale Halford, Earlene Cornett-Billy McQueen.

Mrs. Lunsford Is Shower Honoree

Mrs. Bill Lunsford was complimented with a layette shower in the fellowship room of the Immanuel Baptist Church Monday night. Hostesses were members of the Women's Missionary Union.

The table was laid with an appropriate cloth a large stork and pink and blue flowers centered the table. The honoree was presented a pink and blue corsage.

Approximately 16 attended. Out of town guests included the honoree's mother, Mrs. Elsie Gallagher of Gardard.

Bob Blanks says, "You'll live longer if you keep your eye on the curves ahead instead of on the ones beside you."

Remember students school isn't out yet so don't quit studying.

GIFT TO WAYLAND—John H. Johns, pastor of First Baptist Church, Ropesville, presented to the Wayland College International A Cappella Choir a new costume for its already extensive wardrobe of costumes from foreign countries, when he went to the campus, April 13 for the annual High School Senior Day. Rev. Johns is showing the blouse of the San Blas Indian woman's dress to Betty Martin, Ropesville, Wayland sophomore. Holding the skirt, which is two yards of unhemmed cloth in a colorful blue print, is Brent Gregg and the bandanna head scarf is held by Frances Cain. To the right of her is Patsy Sosebee and (left to right behind) Mrs. W. M. Cain and Carol Gray, all of Ropesville, who came for the Senior Day celebration.

MEADOW NEWS

Mr. and Mrs. Mark Watkins visited their son and family, the Orville Watkins' in Levelland Sunday.

Mr. and Mrs. E. L. Tilger of Lubbock visited their daughter and family, the Edd Kirks, Sunday and attended the funeral of Mr. Turner.

The W. S. C. S. met Monday afternoon in fellowship hall. The meeting was called to order by the president, Mrs. J. H. Gober. Mrs. Watkins was leader of the program from the monthly program book. Others taking part were Mmes. Carrouth, Gober, and Reynolds. Mrs. Virgil Walker had charge of the music. The nominating committee, Mrs. Copeland, Reynolds, and Walker met at the

parsonage and nominated officers for the new year, which begins in June.

The Meadow Co-op Gin held their annual stockholders meeting and fish fry Monday night at the high school. There were between 1100 and 1200 people there. Dividends of \$51,800 were paid to stockholders.

Burl Hinson and children from Pecos spent the week end in the home of his parents, Mr. and Mrs. Robert Hinson and attended church at the Methodist church Sunday.

Our sympathy goes to the family of J. F. Turner who passed away Saturday in Lovington, N. M. His funeral was held Sunday afternoon in the Baptist Church here.

Mr. and Mrs. Ben White and Mrs. Bill Westbrook and sons Mike and Joe of Lubbock visited

Mrs. L. J. Carruth Sunday night. They were enroute home from Carlsbad, N. M., where they went through the caverns.

Students at B. H. S. went to the polls Thursday to cast their vote for next year's Student Council officers and cheerleaders. Campaign speeches and cheerleader try-outs were made in an assembly Wednesday and attractive posters were displayed throughout the halls. Qualifications of Student Council officers are: Officers must be regular students and must have been enrolled in Brownfield High School as a freshman and been in attendance continuously thereafter. The president must be a Senior; the vice-president a Junior; and the secretary-treasurer either a Junior or a Senior during the term of office. Officers must have a C- average in every subject at the time of election and must maintain a C- average from that time on during membership on the Council. Cheerleaders qualifications are the same except the girls must have been in the Pep Squad a year before the election. There are four girls and one boy cheerleaders with the boy being head cheerleader. Those running for Student Council officers are: President — Bobby Moore, campaign manager, Johnny Raybon; and William Smyrl, campaign manager; Mike Hamilton, Vice president — Jack Purcell, campaign manager — Jimmy Woods; and George Fugitt, campaign manager — Mary Jane Brownfield. Secretary treasurer — Jo Bess Boston, campaign manager — Donna Sue Christopher; and Donna Sue Nelson, campaign manager — Diana Adams.

Cheerleader candidates are: Dixon Latham, Wendell Newman, Janel Bragg, Jerre Sue Estes, Mary Jo Christian, Janith Spears, Jackie Aldrup, Ruth Glenn, Carolyn Burnett, and Ann Lee. Friday, the 13th, a patrolman from the Texas highway department from Lubbock presented a brake demonstration for the students. Different tests were run by several of the students to determine how long it took to stop a car going 30 miles an hour. The average time was about 65 feet. The program was really educational to all of us and something we should all consider before driving at a break-neck speed. Tison, the magician, performed some of his magic tricks for kids that came out of the assembly that morning. One of his most outstanding tricks was that of throwing his wand down and, presto! it became a snake! Seniors were honored guests at an Aloha banquet given by the First Baptist Church last Friday night. The Hawaiian theme was carried out in the decorations and food. Oriental lamps were hung from the ceiling with miniature Hawaiian guitars for centerpieces. The delicious menu consisted of Bird of Paradise, Native Choice, Pineapple Delight, Poi with Golden Glow, Coconut Dreams and Hawaiian Sunset. The Debonaires presented island treats, complete with ukelele. Special guest speaker was Heroka (Ko Ko) Maeda, a native Hawaiian girl going to school at Wayland College in Plain-

TODAY'S BIG SPECIAL
at a price that will open your eyes
(and Purse)

If you're in the market for a real buy, take a good look at this one. It's a 1956 Buick SPECIAL—which means, of course, it's a big car. But look again at the price news it carries. It tells you this big Buick SPECIAL can be yours for only a few dollars more than the price of the well-known smaller cars—for even less than some models of those very same cars. (And the price we'll show you proves how true that is.)

The gospel truth is—this brawny new beauty is the biggest bundle of high style and hot performance ever offered in Buick's lowest-priced Series.

Even that, though, doesn't completely explain why Buick outsells every car in America except the two well-known smaller ones. To understand the big reason, you've got to know something about how much more pure automobile you get for your money in a 1956 Buick—

The extra satisfaction of commanding Buick's walloping new 322-cubic-inch V8 engine—

The extra joy and comfort of Buick's new buoyant ride, Buick's matchless new handling ease, Buick's extra solidity of structure—

The extra thrill that comes from the world's most modern transmission. For, at your option, you can also have the new double-action take-off—and the extra gas-saving mileage—of Buick's advanced new Variable Pitch Dynaflow.†

Those are some of the things we'd like you to know, firsthand, about the 1956 Buick. And we'll let the car itself—and that low price tag—do the talking. Will you come in—real soon—this week maybe?

†New Advanced Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

The Brownfield News AND THE TERRY COUNTY HERALD

Vol. 19 Brownfield News-Herald, Thursday, April 19, 1956 No. 16

FOR ALFALFA ENEMY

Stringent Controls, Cooperation Asked

(Editor's Note: This is the second of two articles dealing generally with the Spotted Alfalfa Aphid, deadly crop enemy which has made its appearance in Terry county.)

The Spotted Alfalfa Aphid first attacks and kills the lower leaves of the plant.

Breeding as many as 20 generations a year, the aphid swiftly kills established plants, destroys seedling alfalfa and reduces current and succeeding cuttings—unless thoroughly controlled. Aphids flying in from adjacent fields have ruined stands of alfalfa in a few days.

In addition, the aphid covers the alfalfa plant with honeydew in which grows a black fungus. This sticky honeydew makes quite difficult the cutting and baling of the hay crop.

The black, sooty mold fungus often darkens plant and ground and gives alfalfa an odor repellent to cattle.

In New Mexico in 1954, 90 per cent of the spring-seeded plantings and 75 per cent of the fall-seeded plantings were destroyed. Mature stands have been reduced as much as 5 per cent by heavy population on stubble.

By the end of 1955, about one million out of three million acres in alfalfa-producing states in the Southwest had been seriously infested by the Spotted Alfalfa Aphid.

The Spotted Alfalfa Aphid is small, characterized by its distinctive color and has four to six conspicuous rows of dark spots on its back.

It may be distinguished from other aphids found on alfalfa and clover by the smoky areas along the wing veins, the abdominal spots with spines.

When full grown, the Spotted Alfalfa Aphid is about one-half to two-thirds as large as the pea-aphid, another pest which commonly attacks alfalfa in the West.

The Spotted aphid is whitish-yellow or pale yellow with dark spots as compared to the uniform pale green or yellowish pea-aphid. The spotted aphid secretes copious amounts of honeydew; the pea-aphid, only small amounts.

The spotted pest kills leaves by feeding. The toxic effect of the pea-aphid deforms the leaves and shoots. The spotted alfalfa aphid usually jumps readily when disturbed; the pea-aphid never does.

Smith-Doxey Cotton Program Bared

Cotton farmers can get the details now about the U. S. Department of Agriculture's 1956 Smith-Doxey program.

This was announced today by Mr. Lel O. Buchanan, who is in charge of the Agricultural Marketing Service's Lubbock cotton classing office.

"Farmers will follow about the same procedures as in past years in signing up for this program," Buchanan said.

Under the Smith-Doxey program, farmers get their cotton classed without cost. Also, they receive by mail a weekly cotton market news bulletin prepared especially for their locality.

Buchanan pointed out that farmers must take these steps

Climax of the junior stock show here Friday was bittersweet: The stinging sarcasm was bitter but the bidding was sweet.

Auctioneer Hank Matthews of Anton stopped his machine-gun chatter early in the afternoon sale to take the bid of Brownfield Piggy Wiggly of 23.80 cents a pound for the top group of calves.

The Pig Wig bid, at least 3 cents above the Fort Worth market price, was enough to spark comparable money for the remaining two groups of calves.

Furr's of Brownfield took the second group for 23.30, and Skinny Edwards stepped in again for Pig Wig to take the third group for 22 cents.

Auctioneer Matthews heard only one bid for the group of 21 hogs: 15 cents a pound by Murphy Meat Company of Brownfield. Fort Worth price for the same day was 15.50.

The occasion Friday was the 12th annual Terry County Junior Livestock Show, sponsored by the Brownfield Junior Chamber of Commerce.

Grand champion calf, a 990-pound Hereford steer, was shown by Billy Lynn Howell, 9-year-old son of Mr. and Mrs. L. L. Howell of Route 5, Tahoka. Billy, one of twenty-two 4-H'ers who participated, also showed a 970-pound steer which was placed in the top group.

The rosette signifying grand champion hog went to Terry Parker for his 186-pound Berkshire. The 16-year-old Parker, son of Mr. and Mrs. Marvin Parker of 309 South Second, was one of 44 Future Farmers showing.

Reserve champion honors were garnered by Jimmy Pendergrass. The hog, a 204-pound Berkshire, Jimmy is the son of Mr. and Mrs. Carl Pendergrass of Route 1, Meadow.

Others statistics in the swine division:

First-place Duroc, 212 pounds, shown by Bob Keith, 17-year-old son of Mr. and Mrs. Clyde Keith of 406 North Ninth; first-place Hampshire, 182 pounds, shown by Carl Gordon, 15, son of Mr. and Mrs. Alton Davis of Tahoka highway, and first-place hog in other breeds, 199 pounds, shown by Jerry Henson, 16, son of Mr. and Mrs. Loyd Henson of Route 1, Brownfield.

Here are owners of calves placed in the top, or first, group: Howell, Johnny O'Neal, Lavoy Briscoe, Burkie Slaughter, Duane Steen, Jack Purcell, Johnny Floyd and Avon Floyd.

The following boys and girls placed their calves in the second group: Tommy Lamar, Johnny Patterson, Hillbern Briscoe, Pete Green, Mike Smith, Gilbert Bell,

Grading Change In Commercial Beef Is Revealed by USDA

Effective June 1, 1956, the com- mercial grade of beef will be divid- ed into two new grades designated as Standard and Commercial. The Standard grade will be ap- plied to beef from younger animals while the name Commercial will be retained by beef from mature animals falling in the present Com- mercial grade. The present grades of beef are Prime, Choice, Good Commercial, Utility, Cutter and Canner.

According to the USDA an- nouncement, the revision originally recommended by the Cattle and Beef Industry Committee. Com- ments from individuals and orga- nizations favored the change. It was the opinion of the committee that it is impractical to merchandise under the same grade designation, beef from young animals which may qualify for the Commercial grade with only a small quantity of fat together with beef from

much older animals which is re- quired to have a much greater degree of fatness.

Also, in some part of the coun- ty where substantial portions of the younger type of Commercial beef are produced and consumed, it is believed that some of this type of beef is not now being federally graded because of prejudice against the name "Commercial" which has come to be associated with beef from older animals.

It was the committee's opinion the change on grades would lead to a greater proportion of the younger beef being federally graded and this would result in increasing the marketing efficiency for meat of this grade and be beneficial to both producer and consumer.

intendent of the swine division, and Winfred Tucker, farming northwest of Brownfield, superintendent of the calf division.

Each calf in the top group brought its owner, in addition to sale money, a total of \$65 in cash premiums, broken down as follows: Jaycees, \$47; Brownfield State and First National banks each, \$5; Terry County Farm Bureau, \$3, and Plains Liquefied Gas, \$5.

Cash premiums for calves in the second group: Jaycees, \$37; banks, \$4 each, Plains Gas, \$3, and TCFB, \$2. Total: \$50.

Third-group calves: Jaycees, \$30; each bank, \$2 and TCFB, \$1. Total: \$35.

Following is a breakdown for cash premiums in the swine division: Jaycees, \$20 to each of the four first-place hogs; each bank, \$4, and TCFB, \$2. Total: \$30. First-place winners were Parker, Keith, Gordon and Jerry Henson.

Second-place hogs drew the following premiums: Jaycees, \$15; each bank, \$3, and TCFB, \$1.50. Total: \$22.50. Winners were Hughlett, Hearn and Cargill.

Third-place hogs won the following cash premiums: Jaycees, \$10, each bank, \$2, and TCFB, \$1. Total: \$15. Winners were Moore, Taylor, Moorhead and Alton Carmichael.

All other hogs each won \$10.50 in premiums.

The following boys and girls were picked for showmanship awards in the calf division: Avon Floyd, first; Slaughter, second; Hilbert Briscoe, third, and Ethel Martin, fourth.

In the swine division, showmanship singled out the following: Jerry Henson, first; Pendergrass, second; Keith, third, and Gordon, fourth. For their showmanship, Virgil Burnett presented \$7.50 and \$5 to each of the first and second-place winners in both the calf and swine divisions.

The Brownfield Kiwanis Club gave \$4 and \$3 to each of the third and fourth-place showmanship winners in both divisions. In addition, Plains Liquefied Gas presented \$10 and \$7.50 for the grand and reserve champions in the swine division.

The Jaycee cash premiums were drawn from a pool of \$2,125 donated by 67 Brownfield and Terry county business firms and individuals.

This year's judge was Dr. Robert H. Black of Lubbock, head of Texas Tech's animal husbandry department.

The following participants represented Terry county 4-H clubs: Alton Carmichael, Moorhead, Patton, Watkins, Dennis Carmichael, Holder, Guy Henson, Howell, Steen, Johnny Floyd, Green, Martin, Laurelle and Herman Wheatley, O'Dell, Zorns, Molina, Keith Tyler, Spain and Jerry Sansing.

Brownfield Chapter, FFA, was represented by Partell, Avon Floyd, Boots, Sherrin, Evans, King, Turner, Kerish, Leon Hinson, Ray Sansing, Parker, Keith, Gordon, Hearn,

"Who Knows What We'll Find!"

Dear Friends

As a part of their work in Humble's Refining Research Laboratory, Humble scientists bombard petroleum hydrocarbons with electrons in a 2-million volt Van de Graaff Accelerator.

But if you ask one of these scientists what he expects to find, he'll answer, "who knows!"

For this is fundamental research. Results may be quick or they may be a long time developing. Who knows?

... Perhaps the scientists will find a way to increase the yield of useful products from a barrel of crude oil.

... Perhaps they'll be able to make improvements in the fine products already supplied you.

... Perhaps they'll develop an entirely new group of petroleum products.

Who knows!

This much, however, is certain: Humble research scientists at Baytown use every device of physics, chemistry, mathematics and mechanics to provide you with more and better petroleum products.

Two quick examples: The specifications for Esso Extra gasoline, the formula for Humble Uniflo motor oil. These, without question, are the finest products you can use in your car.

Sincerely
HUMBLE OIL & REFINING CO.

Additional Research Sought Concerning Cotton Production

Investigations of new chemical treatments, improved finishing materials and the possibility of modifying cotton fibers by means of nuclear-energy radiations to give cotton new versatility and improved textile properties have been urged by the USDA's Cotton Research Advisory Committee.

The committee, established under the Research and Marketing Act of 1946, is composed of 15 members representing every phase of the cotton industry. Texans on the committee and attending the recently held annual meeting include Roy B. Davis of Lubbock, Burris C. Jackson of Hillsboro and Aubrey L. Lockett of Vernon.

The group asked for research on the irrigation of cotton grown in humid areas, improved weed control, both mechanical and chemical, better processing methods for cottonseed oil and meal, and other work to aid utilization and marketing of cotton and cottonseed and to reduce the cost of production.

Further work on methods for controlling the pink bollworm and an expanded program of basic and applied research in cotton breeding to improve fiber quality and increase production efficiency were also suggested.

Fiber research included determination of the economic need for improved bale wrapping and development of more practical and economical methods and equipment for automatic sampling of cotton bales and revival of government statistical services.

On seed, the committee asked for a consumer survey dealing with margarine, determination of effects of present chemical sources of feed nitrogen on markets for proteins from agricultural sources, and a study of the impact of price-support programs on cottonseed and soybean industries.

JUDGE AT WORK—With microphone in hand, Judge Robert H. Black of Texas Tech explains to the crowd "how and why" he placed some 45 animals in the calf division during Friday's 12th annual Terry County Junior Livestock Show.

On the left is Robert Baumgardner, general superintendent, and on the right, Winfred Tucker, superintendent of the calf division. Dr. Black had just named the grand champion calf when the picture was taken.

Controls, Cooperation Asked—

Alfalfa is the prime host plant of the Spotted Alfalfa Aphid. The entire pattern of host preferences of the aphid, now occurring throughout the Southwest, compares closely with known host records of the alfalfa form of aphid in Morocco, Egypt and India.

By comparison, the yellow clover aphid of the eastern United States will not survive on bur clover and alfalfa.

Here are points to remember for control of the Spotted Alfalfa Aphid:

1. Inspect infested fields regularly every two or three days.
2. On older plants, check honeydew and treat before plants become sticky.
3. For seedlings, treat when one or more aphids appear on a number of plants.
4. For maximum efficiency of control and economy, cooperation between growers is essential to reduce migration.
5. In areas infested, the aphid requires regular control—at least one treatment between each cutting of hay.
6. Rapid build-up of the population or persistent population in cold weather calls for treatment. It is essential that chemical control be applied thoroughly and at the proper time.

the farming angle

By DON RYNUM
Farm Editor

More than 900 persons were guests Friday of the Farmers Co-operative Society No. 1 Gin and Farmers Co-op Service Station.

The occasion was the 1956 annual stockholders meeting—during which more than \$31,000 in dividend checks were distributed. In addition, Jess E. Smith and Earl J. Brown were elected new directors.

Out-of-town guests were Roy E. Davis, manager of Plains Co-op Oil Mill at Lubbock; Rex McKinney and Cliff Bloodworth, both of Farmers Co-op Compress at Lubbock; Jack Thompson, manager of the Cotton Marketing Association of Lubbock; Ken Swells of Consumers Co-op Association of Coffeyville, Kan.; Carrol Cobb of Lubbock, state representative of the 99th district, and Dan Davis of KEDUB-TV, Lubbock.

After a huge barbecue supper, Secretary James Thurmond read minutes of the last annual meeting and Auditor Ed Merriman of Lubbock read the fiscal report, telling the audience that his report was "favorable."

The meeting was held in the American Legion hall, with Smith presiding. Robert Baumgardner said an invocation.

"Soil and water are the very foundation of our agriculture and of our whole nation,"—Clinton P. Anderson.

Fred Turner tried for water last week on his farm west of Gomez—he failed to get enough for irrigation after drilling to 60 feet. Said Turner: "I guess I'm just gonna stay a dryland farmer."

"Whatever may be said to the contrary, all soils certainly suffer some degree of deterioration by long, unremitting tillage."—Solomon Drown, 1284.

Plainview — Brownfield FFA members took first place here Saturday in dairy cattle judging with 1,055 points out of a possible 1,350 points.

The event was the 29th annual Panhandle-Plains Dairy Show, which opened Saturday for a week-long run. Members of the Brownfield team were Lavoy Briscoe, John Milburn, Terry Parker and Avon Floyd. Their advisors were Ves Hicks and Walt Meyer, vocational agriculture teachers in the Brownfield High School.

Among high individuals in judging all dairy cattle breeds were Milburn; J. Ricker of Lubbock; D. Woody of Lubbock, V. Goodwin of Patton Springs and Floyd.

Almost 400 Future Farmers and 4-H Club boys from throughout West Texas competed Saturday in land judging, dairy cattle and dairy products judging.

The Brownfield team was awarded a picture plaque by the Texas Guernsey Breeders Assn.

"We believe the strength of a nation—or community—lies in the soil. To conserve it is imperative. Proper soil treatment and management will add to the economic well being of both the rural and urban citizens."—An-

onymous.

A Farmer's Union meeting will be held Friday night in Plainview. The purpose will be to discuss prices of grain sorghum and cotton under the new farm bill (veto Monday by Eisenhower).

The farm price legislation will be discussed by Gus F. Geisale, national director of Commodity Credit Corporation and Producer Marketing Administration programs under Harry F. Truman. He is now assistant to the president of National Farmers Union.

"We ruin the lands that already are cleared. A half, a third, or even a fourth of what we manage, well wrought and properly dressed, would produce more than the whole under our system of management."—George Washington.

First item on the agenda during Friday's junior stock show was the weighing of 45 calves and 21 hogs. This was done on a new, portable set of scales, which cost the Brownfield Jaycees \$300. The junior chamber purchased the scales for the annual show and will use them in the years to come.

Only near-accident which occurred during the show happened when a "tough un"—an 1,100-pound steer dumped both himself and the scales on the side. Ves Hicks, FFA advisor at BHS, was caught by some protruding bolts in the side, but escaped with only a minor bruise.

Everyone's comment concerning the 12th annual show: "It was a success—probably our best yet."

"To no nation has the earth been more important than to our own. Out of it has grown our wealth and our power. Man's greed and carelessness have done much to destroy it by cutting down forests and farming recklessly. The task of our generation is to undo that evil and restore the foundation of our prosperity. It requires a new generation equipped with spirit, devotion and patriotism."—Louis Bromfield.

In a Tuesday night meeting in the district courtroom, the vice-president of the Texas Sesame Seed Growers told a group of Terry farmers:

"Sesame grows well in the entire cotton-producing South and Southwest. It has a combination tap root and fibrous root system, and is drought tolerant.

"Sesame matures in 90 to 110 days and fits your farming program. Sesame oil is recognized as 'queen of the vegetable oils.' There is a good and improving market for the crop in the United States and abroad. The low cost of production and relatively good price for this commercial seed allow growers producing normal yields to make good profits."

man of the delegation, and as Texas' favorite son candidate for President.

Shivers said he would serve as chairman, but is not interested in the favorite son role.

Over the state both sides are working to get their supporters to the May 5 precinct conventions.

Faces Taking Shape

A rapid-fire series of announcements is fast bringing the summer political campaign into focus.

James P. Hart will not run for governor. The former Supreme Court Justice said he did not find enough financial support. Barring the unexpected, Austin Attorney Ralph W. Yarborough will be the only Liberal candidate for governor.

Will Wilson, Associate Justice of the Supreme Court, announced for attorney general. John Ben Shepperd is vacating that job. Judge James R. Norvell of San Antonio promptly announced for Wilson's post.

Now campaigning for Congressman-at-Large is W. F. "Bill" Elkins, formerly of Killeen, and now a Dallas real estate man.

In the Lt. Governor's race for the first time, and with a strong organization, is Sen. A. M. Aiken of Paris, one of the sponsors of the Gilmer-Aiken school bill.

Busy campaigning for re-election are Judge W. A. Morrison of the Court of Criminal Appeals; and Supreme Court Justice Meade F. Griffin.

Actively seeking Jesse James' post as State Treasurer is Warren G. Harding of Dallas.

High Polio Rate Feared

Texas may be headed for a major polio epidemic in 1956 unless vaccinations speed up, say State Health Department officials.

Doctors have been urged to use all available supplies of Salk vaccine, immediately.

Number of cases already has hit 181 as compared to 114 for this time in 1955. Only four of the victims had received shots. Of the 1956 cases, 96 were paralytic.

Some 90,000 new polio shots have been earmarked for shipment to Texas. Less than one-third of Texas children under 20 have received shots, says the Health De-

partment. An estimated 962,415 children and pregnant women have had at least one shot but there are 3,542,200 who are eligible.

Work Law Action Taken
Atty. Gen. John Ben Shepperd had moved to protect Texas' "right to work" law.

He asked the U. S. Supreme Court to postpone ruling on a similar Nebraska case until fall. By then he hopes the Texas law, now involved in a suit in the State Supreme Court, can be considered

jointly. He also filed a "friend of the court" brief supporting the Nebraska law.

In the Texas suit unions contend the National Railway Labor Act authorizes closed shop contracts, which Texas law prohibits.

State Streams Dwindling
Rainfall which statewide averaged only 23 per cent of normal has brought many Texas streams and wells to all-time lows.

"Deficient streamflow and dwindling conservation storage has

magnified the seriousness of the persistent drought," said the State Board of Water Engineers.

Rural Co-op Wins Suit
A Texas rural electric co-operative may continue to serve an area after it is annexed by a city. So ruled the Third Court of Civil Appeals.

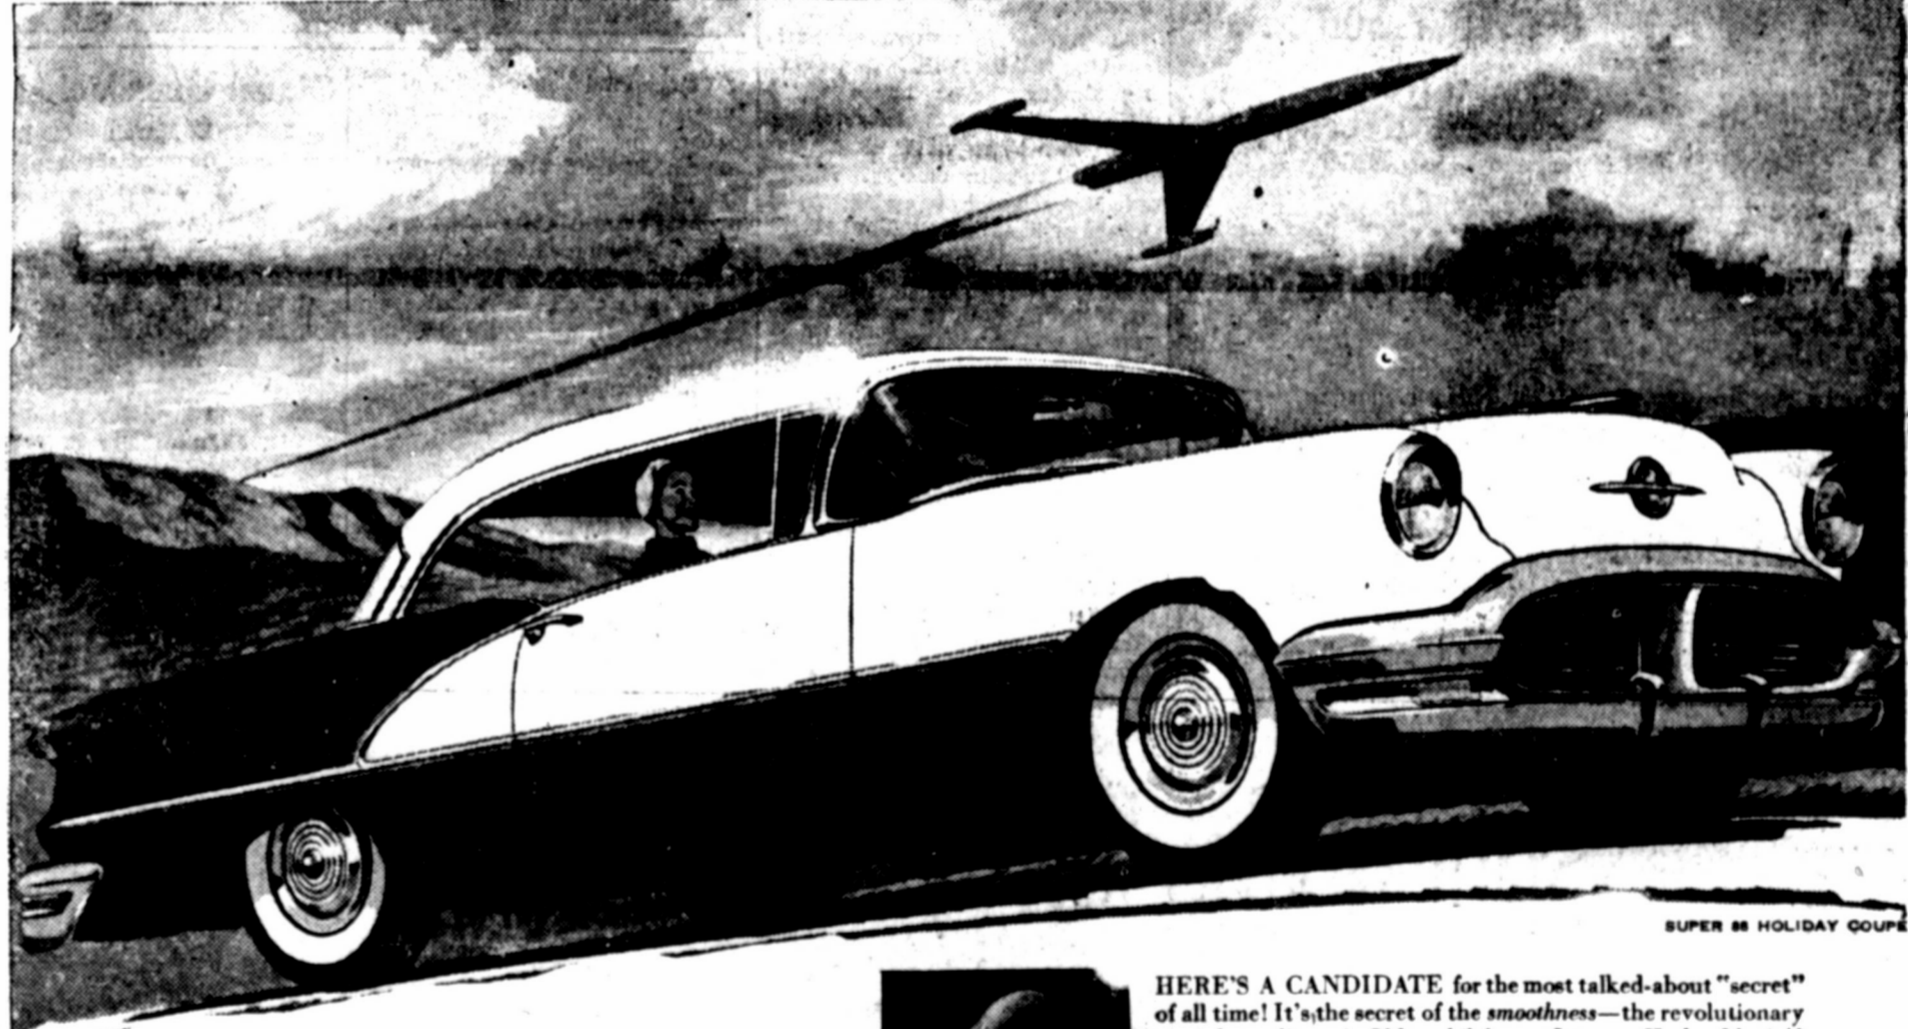

Upshur Rural Electric Co-operative Corporation was aligned against Southwestern Gas and Electric Company. At issue was whether the co-op could operate in an area annexed by the city of

Gilmer.

Fifty-four other REA co-ops joined Upshur in the suit. They won not only the right to serve the customers who were members at the time of annexation, but to serve new customers along their lines, even in the city.

SHORT SNORTS: April 22 to 28 has been designated as Military Reserve Week in Texas by Governor Shivers. Some 19 patriotic organizations will conduct a drive for enlistments in the Armed Forces Reserve . . . District Judge

C. Woodrow Laughlin of Duval County won his fight against disbarment, in the State Supreme Court . . . H. H. Coffield of Rockdale has been named executive committee chairman for Region 9 of the Boy Scouts of America, which includes Texas, Oklahoma and New Mexico . . . Col. Morris S. Schwartz, selective service director, reports that 12,023 persons entered the armed forces from Texas during the first quarter of 1956, and that 12,903 received discharges.

IT'S AN ECONOMY CHAMPION, TOO!
Jetaway-equipped Oldsmobiles rocketed to double victory in 1956 Mobilgas Economy Run!

HERE'S A CANDIDATE for the most talked-about "secret" of all time! It's the secret of the smoothness—the revolutionary second coupling—in Oldsmobile's new Jetaway Hydra-Matic! Oldsmobile first used a fluid coupling to cushion automatic gear transitions in the original Hydra-Matic Drive. And it was this famous transmission that opened the door to the whole era of automatic driving.

Now, in Oldsmobile's new Jetaway, not one, but two fluid couplings harness the go-power of the mighty Rocket Engine—soften the surge of Rocket action!

Fluid in the second coupling fills and spills with jetlike speed—cushions gear transitions so they're almost imperceptible! In other words, Jetaway seconds the motion—gives you all the flow of fluid, yet retains all the solid, thrilling go of gears!

NEW DUAL DOWNSHIFTING FOR EXTRA SAFETY!

What's more, Jetaway features new dual downshift action—at traffic and cruising speeds—to split-second the motion, too. Just wait till you try it, teamed with Oldsmobile's new Rocket Engine—240 horsepower strong, charged with a 9.25-to-1 compression ratio—delivering a breath-taking 350 lb.-ft. of torque!

JETAWAY SMOOTHNESS... BEAUTY TO MATCH!

You'll go for the glamor of Oldsmobile, too! There's massive magnificence and solid assurance in the advance-design "Intagril Bumper." It's two front bumpers in one for protection high and low—an Oldsmobile first, an Oldsmobile exclusive—more unmistakable evidence of Oldsmobile's styling leadership! And it's all underscored by Oldsmobile's ruggedly-built, quality-built chassis featuring sturdy Six-Point Suspension to increase riding comfort and roadability.

Sum it all up—performance, power and appearance—you've got to go some to equal it! Yet Oldsmobile prices start right down with many models in the low-price field—and value is right up with the highest at resale time! Stop at our showroom for a demonstration, now!
