April Upswing in Construction Makes Total for Year \$490,895

Brownfield building permits showed a normal spring increase during the month of April with City Secretary Jake Geron issuing 19 permits totaling \$173,895. This brings the Brownfield total

to \$490,895 for the first third of 1956.

In comparison to the record year of 1955 that doesn't look so good, but compared to former years it can be considered above average.

Building permits included: W. E. Abbott started construction on the new educational wing of the Presbyterian church at 1002 E. Broadway. This part of the building program is estimated to cost \$30,995.

At 1309 E. Buckley J. P. Lynn is building a masonry residence with attached garage. Cost is estimated at \$17,500.

A \$28,000 all steel service station is being built at 611 Lubbock Road. R. J. Anderson of Lamesa is the owner.

Shamburger Lumber Company is building an \$8,000 frame residence with garage at 508 N. A street.

Alvin Davis received a permit to move in a small storage and utility building at 1108 E. Cardwell, \$1,250.

D. L. Patton is building a \$5,500 addition to his present home at 912 E. Oak.

A permit was issued to Frank Franks to move in a frame residence onto the lot at 1322 North 7th. Cost \$1,000.

Lindsey Brothers started construction on their new retail store at 202 S. First. Estimated cost of the 60 by 140 foot masonry building is \$20,000.

A permit to build a \$10,000 frame and brick home at 1310 E. Lons was issued to P. R. Cates.

Cy Tankersley is putting up a \$10,000 building at 402 South First of masonry construction, to be a cafe.

A permit was issued to Carl Jenkins to build a three-room addition to the existing residence at 703 S. 7th, \$1,200.

E. A. Smith is adding a bedroom to his house at 610 S. Fourth, \$600.

Glenwood Homes, Inc. took permits to build six homes in the 1400 block of East Buckley. Costs ranged from \$5,500 to \$7,000.

The Bethel Temple church at 204 W. Reppito received a permit for \$2,500 in improvements.

By JERRY STOLIZ

Jaycees Frank Gorton and Bob Payne Monday reported to the club on the State convention they attended in Brownsville over the weekend. Norris Klasinger also resigned his local Jaycee office. He is moving to Midland to work for Traveler's Insurance Co. as claims adjuster. He has been working for Stanolind.

J. C. Jones started moving out Monday. And the Coffee Shop closed Saturday. Mr. and Mrs. Jenkins are going back to Lubbock.

V. F. W. and auxiliary members Mr. and Mrs. Warren Succay, L. D. Bailey, H. B. Parks and Lejeune Lincoln took a program to the Veteran's Hospital in Big Spring Tuesday night. Janice Meeks, Charles Lindsey, Peggy Jordan and Nita Scuddy entertained.

They took gifts and magazines along. Congratulations to the entire group for devoting their time to so worthy a cause.

Arthur C. Harbin this week submitted his resignation to the City Council as Police Captain. Arthur is going into partnership with F. N. Martin in Martin's Radio and TV. He has been on the force since February 1948 and he stressed the fact that he has enjoyed his association with city and police officials during these years. However he feels like this is an opportunity to go into business that he can't afford to pass up.

Candidates ... don't miss filing with the County Democratic Chairman by Monday. If you do let us know so we can take your name off the list.

This is Correct Posture Week in Texas with the purpose of calling to the public's attention the relationship between good posture and good health.

Robert L. Bowers, Jr., was home over the weekend. He'll be back in a couple of weeks, and then of course as soon as final exams are over he'll be home for the summer.

Plagued by bad weather last month, Brownfield merchants are offering even better inducements for their May Dollar Day Monday. Your Dollar Day paper will be delivered Saturday, so watch for the specials.

The little bit of rain, and it was better than an inch in places, over the county Monday and Tuesday nights have lifted aprita a little. Planting is going pretty good on irrigated land.

Writing these political stories is hard work, and it amounts to the same thing as sticking your neck in a noose. For instance last week there was the Rattlesnake Lane item about our State Representative race between J. O. Gillham and Robert Bowers, Jr. I was attacked from both sides for favoring the other side ... and "Rattlesnake" ought to write any time for defamation of character. See NEWS-VIEWS, Page 4

Plug Wildcat East Of Wellman Field

J. J. Travis, Trustee, No. 1 A. L. S. Graham located about two miles east of Wellman field production and two south of State field production was reported a failure this week.

The project was abandoned at total depth of 10,205 feet after drill-stem test was conducted from 10,083-205 feet. Tool was open one and one-quarter hours to recover 279 feet of salt water cut mud, 1,200 feet of mud, and 6,020 feet of salt water.

The duster spots 660 feet from north and west lines of Section 19, Block C-36, PSL survey; 8 1/2 miles south-southeast of Brownfield.

Prentice field activity during the past week included one completion and one new location. Honolulu had the completion on the No. 14 Covington, 1,980 feet from south and 1,760 feet from east lines of Section 21, Block D-14.

The well was completed at 6,800 feet with pay topped at 6,550 feet and completion open. It pumped 92 bopd plus 24 per cent water, gravity 29.8, gas-oil ratio 316-1, graduated with 20,000.

Great Western announced location for the 9-A Brit Clare, 200 feet from north and 440 feet from west lines of the southwest quarter of southwest quarter of Section 22, Block D-14. Seven miles north of Tokio it will be drilled to 6,800 feet.

Drilling report from the W. C. Murphy Drig. Co. No. 1 Charles Hamilton, Section 22, Block C-38, PSL survey, showed coring below 9,062 feet.

Golf And Shorthand State Meet Entries From BHS In Austin

Brownfield's representatives in state interscholastic League competition left Wednesday and Thursday for Austin. Wednesday Coach Ike Peace left with his four-man golf team and Thursday Mrs. Norris Klasinger left with Glenda Jones, regional shorthand winner.

The golf team was scheduled to get in a practice round prior to competitive play starting Friday. The team includes Don O'Neal, Danny Powers, Mike Hamilton and Preston Glenn.

Fire Hits Hard At Henry Fugitt Texaco

Damages estimated at \$17,000 resulted when fire swept through the Fugitt Texaco Service Station at 801 Lubbock Road early Tuesday morning.

Henry Fugitt, owner and operator, said igniting cleaning fluid, being used by the night attendant, apparently caused the blaze. Fugitt said that his loss was covered partially by insurance.

Damage to the building amounted to approximately \$10,000; to the contents of the building, some \$7,000.

Brownfield volunteer firemen answered the alarm about 4 a.m. Tuesday.

SWEARING IN—Mayor Arlie Lowrimore is pictured as he administered the oath of office to newly installed Chief of Police Nolen H. Lassiter this week. Lassiter, former Lubbock Police Department Detective Lieutenant, has had 10 years experience in police work and is a graduate of the FBI academy in Washington, D. C. His family has moved to Brownfield.

South Plains Group Fails In Effort To Get Clearance On Cotton Acreage

The federal government failed Wednesday to grant clearance for acreage which West Texas cotton growers want to get planted for this year.

The action came about when four area men and Cong. George Mahon conferred with Agricultural Department officials in Washington. Those in the capital from here were Fred Raney of Lamesa, president of the Dawson County Farm Bureau; D. E. Benham of Morton; Joe Gore of Lubbock, who handles recruitment of Mexican national cotton pickers, and Carson Echols of Lamesa.

Earlier in the week, the group had talked with Labor Department personnel in the hopes of reducing the amount which the government says Dawson cotton growers should pay Mexican nationals for picking last year's crop.

"Many farmers in West Texas are uncertain as to their acreage allotments," Mahon told a News reporter. "A suit pending now in federal court should determine where the reserve acreage allotments in our state should be allocated."

Mahon said department officials indicated that the West Texas growers would be wise not to plant cotton in excess of the acreage allocated by the state.

Levelland Man Dies In Traffic Accident

A 53-year-old Levelland man early Tuesday became the third person to die this year on Terry county highways.

Dead is Curtis Davlin, victim of a two-car collision 10 miles north of Brownfield on the Brownfield-Levelland highway.

Davlin, an employee of Service Pipeline Company, was traveling east of FM 211, investigating highway patrolmen determined He apparently lost control of his car as he approached the intersection with SH 51 and drove into the path of a southbound car driven by Harry Dale Bell of Lubbock, who apparently was not hurt seriously.

Davlin's death brought to 34 the number of fatal traffic victims on the South Plains this year.

High School Band Wins Honors At Levelland

The Brownfield High school band placed third in the interscholastic League music contests at Levelland last week with three second division ratings in concert, sight reading and marching competition.

Littlefield rated sweepsakes honors in Class AA. Nine AA bands entered the contests.

Representatives of the Brownfield band will compete in solo and ensemble contests at Levelland on May 12 to complete the regional contests.

Democrats Meet Saturday In Precinct Conventions

If there has been political sword sharpening going on in Terry county it has been done quietly. But ready-or-not the Democrats will meet in Precinct conventions at 2 p.m. Saturday. Precincts 1, 3 and 4 will in the courthouse, and 2 will meet at the Meadow elementary school.

While there appears to be plenty of fuel for a good fire, County Chairman Leonard Lang voiced the hope last week that the con-

ventions may be runoff in harmony. On the other hand, such issues as farm policy, segregation, state's rights FEPC foreign policy and others could cause an explosion. Interposition will in all likelihood be a controversial point.

For the benefit of those who have never attended a political convention the facts of life are that in numbers there is strength and in strength victory. Delegates normally vote under unit rule

the convention will be conducted. As an example the four precincts in the county will have a and once the preliminaries are over there is little doubt of how

Republicans To Meet In Courthouse Monday

Terry county Republicans will meet at 7:30 p.m. Monday in the county courthouse to try and set-up a county organization and elect delegates to the state convention according to A. W. Johnson.

On the basis of the 1952 general election Terry county is allowed six delegates to the State Convention in Houston, said Johnson.

total of 35 delegates to the county convention at 2 p.m. on May 8. If 18 of the 35 are against an issue, then the delegation to the state convention will be instructed to cast their entire vote against the issue when it comes to the floor in Dallas on May 22.

The May conventions are held in presidential election years by the Democratic Party in Texas to select the delegates to the National Democratic convention; to designate the man and woman to represent Texas on the National Democratic committee; to recommend platform policy and to select presidential electors.

One other note of political importance is that Monday, May 7 is the filing deadline for candidates.

Value Of Products Sold From Terry Farms During 1954 Totaled \$17,195,355

The value of products sold in 1954 by operators of 968 farms in Terry County was \$17,195,355, ac-

ording to a preliminary report of the 1954 Census of Agriculture published by the Bureau of the Census, U. S. Department of Commerce.

The value of all crops sold was \$16,728,891 and included \$16,702,988 for field crops, \$14,917 for vegetables, \$836 for fruits and nuts, and \$10,150 for horticultural specialties.

The value of all livestock products sold was \$466,464 and included \$86,179 for dairy products, \$65,634 for poultry and poultry products, and \$314,651 for livestock and livestock products.

Information on the value of farm products sold is presented for each county in a preliminary State report, copies of which may be purchased from the Bureau of the Census, Washington 25, D. C., at 10 cents each.

Final Cotton Report Has Interesting Figures For Growers

Here are some pleasant statistics:

A total of 86.5 per cent of Terry's 1955 cotton crop was 7.8-inch or longer in staple length.

A total of 13.5 per cent of the cotton was 13.16-inch or shorter.

The 1955 cotton harvest in the county was 56, 873 bales.

The foregoing figures are contained in the Terry County Final Gin Report, released this week to County Agent Jim Foy by the Lubbock office of the Cotton Division, U. S. Department of Agriculture.

The letter-report was signed by Leil O. Buchanan, head of the Lubbock cotton classing office.

According to the final tally here is a breakdown in staple length (inches) of last year's crop:

Three-fourths and shorter (272 bales), 5 per cent; 13.16 (429 bales), 13.9 per cent; 7.8 (18,607 bales), 29.2 per cent; 29.32 (14,263 bales), 25.1 per cent; 15.16 (11,698 bales), 20.6 per cent; 31.32 (4,156 bales), 7.3 per cent; 1 inch (1,753 bales), 3.1 per cent; 1-1.32 (496 bales), 9 per cent; 1-1.16 (163 bales), 3 per cent; and 1-3.32 (20 bales), 1.18 (15 bales) and 1-5.32 (1 bale), all less than .05 per cent.

Total of the above figures: 56,873 bales and 100 per cent.

The statistics strike a pleasing cord, said Foy, because they bear out that, despite the downward

Seek To Organize Reserve Unit Here

An organizational meeting for an Army Reserve Unit will be held at the Sam Pruitt home at 504 S. C street at 8 p.m. this evening.

If organized, the unit will be open to all veterans seeking to fulfill reserve obligations and to men 17 or older desiring to fulfill their military obligations, Pruitt said.

Downing to Speak For Chamber Commerce

Delbert Downing, outstanding public speaker and manager of the Midland Chamber of Commerce, will be guest speaker for a joint meeting of Brownfield Civic clubs in observance of National Chamber of Commerce week here Thursday, according to J. T. Hoy, local Chamber of Commerce president.

All four civic clubs will meet at 8 p.m. Thursday in the Colonial Heights cafeteria, and the public is also invited to attend.

Downing added tickets are on sale at \$1.50 each at the Chamber of Commerce office, and will be sold at the banquet.

Downing, who last spoke here at the annual Farm Bureau ban-

DELBERT DOWNING

quet a few years ago, has long been active in civic and church affairs. He has held offices in both Lions and Rotary clubs and is a leader in youth work.

He is one of West Texas' most sought after public speakers, and has addressed hundreds of meetings of all kinds during the last several years. Chamber of Commerce, service clubs, church and organization meetings, and high school graduations are his specialties. A little Lincoln, some Will Rogers, lots of humor and plenty of common sense, all are noticeable in his messages.

He is quite a family man and has Mrs. Downing (Mama, about whom you will hear); a son who is a ministerial student at Texas Christian University; a daughter, who is a student at Texas Tech and another son, a high school student.

"You will enjoy hearing Delbert Downing speak," said Hoy.

Farm Group Slates Annual Meet Here

The annual business meeting of the Terry County Farm Association will be held here at 8 p.m. today in the district courtroom.

The session was announced by J. T. (Jake) Fulford, association president farming east of Meadow. Fulford also said that a U. S. Department of Labor representative would be here to discuss up-

OUTSTANDING — The outstanding member of the outstanding Brownfield Chapter, Future Farmers of America, William Smyrl, is pictured above on the right. He is accepting a plaque from Max Miller, who garnered similar honors last year when he was named Outstanding Chapter Member. The occasion was the Brownfield chapter's annual Parent and Son Banquet, held last Monday. Smyrl also emceed the event, attended by some 175 persons. Principal address was made by the pres-

ident of the state FFA association, Royce Bodiford of Millsap. Entertainment was provided by Miss Janiece Meeks of Brownfield, playing her accordion and singing several numbers, and by Leon Bagwell and his string band of Loop. Chapter officers for 1955-56 are John Milburn, president; Duane Lewis, vice-president; Keith Baker, treasurer; Clifford Tuttle, secretary; Bud Campbell, reporter; Gene Mason, sentinel, and Smyrl, student council representative. As the rainy mist slowly lifts, things seem to be moving faster "Down Wellman Way."

Graduation time is almost here. The seniors received their graduating caps and gowns April 29th. They are white. The caps have white tassels.

The baccalaureate sermon will be held Sunday night May 13th in the high school auditorium. The senior graduation will be May 18th at 8 p.m. in the high school auditorium.

The F. F. A. Banquet will be tonight. The boys may invite their dates. The teachers and the boys parents are also invited.

The seniors sponsored a skating party Monday night. The ones who attended are as follows: Leon Abbott, Jerry Carmichael, Dan Neal, Jimmy Taylor, Kenneth Taylor, Larry Sims, Bill Adams, Gano Sanders, Ldean Hughlett, Burkie Slaughter, Mr. Ancell, Gerald Jordon, Glenda Christopher, La Rue Rex, Pat Runnels, Barbara Bishops, Sabra Welcher, Sammie McGuire, Fokie Oliver, Claude Montgomery, Ann Thornton, Ernest Thornton, and Diana Graham.

Last Friday each high school student had to write a theme on what he is going to choose as a vocation. An award will be given to the writer of the best theme.

The junior and senior boys killed and butchered a calf in their agriculture class, Tuesday, the meat will be served at the F. F. A. banquet.

A special dinner was given for the seniors Sunday in the home of Mr. and Mrs. Clyde Heafner. The hosts and hostesses were Mr. and Mrs. Robert Womack, Mr. and Mrs. Bob Burnett, and Mr. and Mrs. Sheby Sanders.

Peggy Dean and Charles Goza went to Abilene Friday afternoon for senior day which was April 27th though the 29th. Charles went to Hardin Simmons College and Peggy went to Abilene Christian College. They plan to attend college there next fall.

SEE YOU NEXT WEEK.
Margaret

Visitors last Thursday in the home of Mr. and Mrs. J. W. Stone was his father, Dan Stone, of Waco, and his sister, Mrs. Floyd Sanders of Lubbock. The elder Mr. Stone became ill with pneumonia during the week end and was hospitalized at the West Texas Hospital in Lubbock. Mr. and Mrs. Stone visited with his father Sunday at the hospital and report his condition satisfactory.

Mr. and Mrs. J. L. Hyde made a business trip to Wilson Saturday.

Mr. and Mrs. Frank Jordan returned home last week after spending the past six weeks visiting in various parts of Texas and Louisiana.

Edd C. McLeRoy of Dimmitt was here during the week end on business.

Mr. and Mrs. Tyler Martin visited Sunday afternoon at Seminole in the home of their son and family, Mr. and Mrs. Clancy Martin.

Mr. and Mrs. Wes Key and Miss Imogene Key, Mr. and Mrs. Denver Kelly visited Sunday at Clovia, N. M., with Mr. Key's brother, Ross Key, and family and other relatives.

Mr. and Mrs. Andrew Loyd of Kerrville, former longtime residents, were here last week looking after their farming interests.

Youth Week at the Gomez Baptist Church was climaxed with a dinner for the young people served in fellowship hall all the church Sunday at noon, following singing in the afternoon.

Alton Webb of Brownfield was guest speaker at the Sunday morning church services. Taking for a theme, "What Of Your Life" and scripture reading from Psalms 8, Mr. Webb stressed the importance of planning early in life what youths would make of their lives.

Young people of the church were in charge of all activities at the church through the week.

Gomez-Johnson Home Demonstration club met Tuesday afternoon in Fellowship room of the Gomez Baptist Church for a meeting.

Mrs. C. D. Parker, president, was in charge. Members answered roll call by naming and giving the recipe for their favorite salad.

During the business session, members voted to hold club meetings in their homes instead of at the church.

The meeting time was changed from 2:30 p.m. to 3 p.m., for the summer months.

Those attending the meeting were Mmes. Earl Fox, Denver Kelly, L. V. Alexander, Wes Key, Tyler Martin, Parker K. Sears, and Imogene Key.

Next meeting will be Thursday, May 10, in the home of Mrs. Denver Kelly.

Mrs. J. A. Guest, mother of Mrs. Grady Dickson, became suddenly ill Friday and was carried by ambulance to Treadaway-Daniell

DE BANQUET GUEST — Dr. Roy T. Shaw of Lubbock, head of Texas Tech's Department of Marketing, is flanked above by R. T. Wilson, coordinator of distributive education in Brownfield High School, and Eddie McKay, DE Club officer. The trio got together last Thursday following the club's annual banquet for members and their employers. Dr. Shaw, while pointing to some knotty problems which future sales personnel must solve, also told of the fabulous future for marketing. Dennis McCutcheon, DE Club head, welcomed the estimated 130 guests, and Kenneth Plotner, manager of Dunlap's, responded for the employers. Entertainment was provided by the Debonnaires, a quintet of high school girls, who sang several numbers. Mary Jane Brownfield, quintet member, presented an expression piece. McKay was emcee, and County Judge Herb Cheshir said the benediction.

Brownie Troop 4 In Regular Meet

Brownie Troop 4 met at the Girl Scout Little House Monday. Following the pledge, the Brownie promise and the song, one group of girls popped corn while the other group played games. Then the ones who had popped corn played games while the other popped corn.

Last week the group had a pin ceremony, with several girls receiving pins and some were awarded certificates.

hospital, where she is a patient. Rev. and Mrs. Clay Guest of Cone are with their mother.

The Ruth Sunday school class of the Gomez Baptist Church met Thursday afternoon at the church for a regular business meeting.

In the absence of the president, Mrs. Claude Landess, the business meeting was presided over by Mrs. Loyd Franklin.

Devotional was given by Mrs. Homer Britton.

Mrs. Ruby Whitaker spent a few days last week with her sister Mrs. M. C. Skaggs, in Lubbock.

Mr. and Mrs. L. R. Bagwell and Billy visited in the J. K. Moss home in Levelland last Wednesday.

Mr. and Mrs. Loyal Henson and Kathy visited in the L. J. Tarter home in Lubbock Sunday.

Dinner guests in the Lence Price home Sunday were Mr. and Mrs. Joe Doak of Meadow.

Mr. and Mrs. Wayne Bagwell and Janice visited her parents, Mr. and Mrs. Lee Hogg in Lamesa

istered in a white baby book topped with pink flowers and white ribbons.

The refreshment table was laid with a white cutwork cloth and featured a centerpiece of an arrangement of Dutch iris and tulips in a crystal bowl.

Party favors were miniature baby buggies. Gifts were displayed in the bed room. A corsage was presented the honoree.

Fruit punch, pink and white sandwiches, and pink and white mints were served by the hostesses to 35 guests who called between the hours of 3 and 5 p.m.

Mrs. Merlin Speed was honored with a layette shower Wednesday afternoon given in the home of Mrs. Denver Kelly. Co-hostesses with Mrs. Kelly were Mmes. Tyler Martin, B. R. Lay, K. Sears, Johnny Berryhill, A. V. Britton, J. T. Clement, Henry Decker, Bill Blackstock, Loris Brannon, Wes Key, C. A. Huckabee, T. L. Nipp, and Clevis Chambers.

A pink and white theme was used in decorations. The refreshment table was laid with a white Maderia cloth and was centered with an arrangement of white tulips and iris in a crystal bowl.

Pink fruit punch, green and white ribbon sandwiches, and pink and white mints were served. Party favors were miniature storks.

Mrs. Key registered the guests in a white baby book decorated with a corsage of spring buds and white ribbons. The honoree was presented a corsage.

Approximately 40 friends and relatives called during the hours of 4 and 6 p.m. Gifts were displayed in the bedroom.

Challis Personals

The Women's Missionary Union met at the church Monday for Bible study.

Mrs. Martha Pettigrew gave a devotional on how we should use our time that's been given us. There were ten adult members present and five Sunbeams.

Visitors in the W. J. Henderson home Sunday were T/Sgt. and Mrs. Elijah Henderson and boys from Big Spring and Mr. and Mrs. M. L. Pate and boys of Brownfield.

Mr. and Mrs. Merl Richardson and family visited her sister, Mrs. J. D. Dickenson in Lubbock Sunday.

Mrs. Ruby Whitaker spent a few days last week with her sister Mrs. M. C. Skaggs, in Lubbock.

Mr. and Mrs. L. R. Bagwell and Billy visited in the J. K. Moss home in Levelland last Wednesday.

Mr. and Mrs. Loyal Henson and Kathy visited in the L. J. Tarter home in Lubbock Sunday.

Dinner guests in the Lence Price home Sunday were Mr. and Mrs. Joe Doak of Meadow.

Mr. and Mrs. Wayne Bagwell and Janice visited her parents, Mr. and Mrs. Lee Hogg in Lamesa

HI FROM JUNIOR HIGH

Reporter: Carol Crawford and Leonell Cheshir

Charlie Crites and Reggie Tankersley have been chosen by a student council committee to be candidates for the office of President of the Student Council for the year 1956-57. Other students elected to other offices on the student council are: Vice President: Ronny Smyrl and Johnny Rodgers, Secretary: Vicki Norris and Thretha Smith. Each of these candidates is entitled to select a campaign manager. On May 8th an assembly program will be held and each candidate will be given ten minutes for a campaign speech. Prior to the assembly program, candidates will be allowed to display five posters on their campaign. Cheer-

leaders also will be elected on this date.

Brownfield junior track team did well at Andrews and finished 5th in a 9-team meet. Seventh graders counted for all 23 points. Lane Barton scored first place in the 50 and 100 yard dashes with Johnny Murphy a close second. Murphy took first place in the broad jump to become high point individual for the Cubs. Barton and Murphy teamed up with Jack Bradley and Reggie Tankersley in the 440 yard relay and came out with 4th place.

The time has come for the Gym Dandies, May 3rd and 4th. Boys and girls are really working hard on stunts and acrobats. Several boys are working with us this

SPEAKS AT SUNDOWN

Rev. Bill Spreen was guest speaker for a Sundown Masonic banquet last week. He spoke on "The Inner Man."

Rev. and Mrs. Spreen, Mr. and Mrs. Joe Satterwhite and Mr. and Mrs. Truett Flache, and Jewell Moore, Effie Cooper and Hattie Bish all attended a First Christian church meeting in Lubbock Sunday afternoon.

year to make it even a better program. The programs are free but children under junior high age will not be admitted without parents with them. Be sure and plan to see the Gym Dandy program either Thursday or Friday.

Temperance, be it understood, is a double-edged sword that cuts away excuses to secure a balance.

Reds Beat Whites 26-12 In Spring Training Grid Clash

Two teams never played a more even game by the statistics and yet have one so decisively beat the other, than did the Reds and Whites in the annual Brownfield High school intra-squad game Tuesday night.

The Reds with a line composed of John Fuller, Earnest Hyman, Tommy Street, Charles Gunn, George Fugitt, Eugene Hughlett and Bob Cloe and the backfield of Bobby Moore, Jackie Meeks, Ellis Cox and Larry Meeks, won 26-12.

Cox started the scoring with a 95 yard dash up the middle with some time blocking in the line and secondary, Moore added the extra point.

Moore jumped passed to end Bob Cloe from the seven for the second touchdown and the extra point kick was blocked.

Cox scored again from the one to make it 20-0 before the Whites rallied with a strong touchdown drive. The White line included Ken and Mont Muldrow, Leon Willis, Delbert Dyke, Lewis Chambliss, Lee Dale Rowden, Donald Godwin and in the backfield Mike Hamilton, Mike Browning, Chris Addison, Robert Wright and occasionally Gerald Jenkins. Jenkins sprained an ankle the week before and wasn't at full speed.

Hamilton personally carried for most of the yards on the touchdown drive, picking up 57 of it in two carries. He also hit Jenkins with a pass good for 11 yards and finally went over behind center Ken Muldrow for the score.

The Reds came back with another tally before the Whites got in their final lick. Jackie Meeks and Cox alternated moving the ball until Cox scored from the 10.

Mike Browning scored the final touchdown from the seven.

Statistics showed the teams to be even on first downs with 14 each. Due to Cox's long run the Reds had 308 yards gained to 200 for the Whites. Both lost 15 yards and penalties were about even. Hamilton connected on five of 13 passes for 72 yards and Moore hit four receivers in 10 tries for 48 yards. Fumbles and interceptions balanced out.

Other players on the Red roster for this final season of spring training included Joe Oswald, Ken Donaldson, C. L. Jones, Don Green, Jimmy Rodgers, Ken Kendrick, George Lackey, Leon Hindson, Johnny Cabbiness, George McDonald, Curtis Bryant, Lonnie Bartley and Charles Lee.

Other Whites were Ken Willis, Jimmy Jones, Robert Travis, Gary White, Eldon Johnson, Gariand Foshee, Joe Rodriguez, Deryl King, Jack Whitmaker, Johnny Parker, Alton Burris and Rohnie Bartley.

Attending a district sales meeting in Oklahoma City earlier this week were Jack Bailey, Bob Clements, Jim Dudley, and Sam Pruitt, from Jack Bailey Chevrolet Company.

PAGE FOUR Brownfield News-Herald, Thursday, May 3, 1956

TOP HURDLER — Jacky Stockton, Eastern New Mexico University junior will be one of the top hurdlers in the 9-team collegiate track meet in Portales Saturday. He former Brownfield high school performer recorded a 14.3 seconds in winning the 120-yard highs at the Raton Relays, where he also won first places in the 100 and 220-yard dash.

Spirited gang tackling was the order of the evening in Tuesday intra-squad game, but L. J. Richardson and I made an attempt to record tackles with the first man to hit the ball carrier getting credit for the tackle, even if four more hit him a second later.

Ken Muldrow was credited with 10 to lead the White defense, his brother Mont turned in an eye-opening game with six tackles to match the six Leon Willis got. At three there were Robert Wright, Mike Hamilton and Chris Addison. The two's included Delbert Dyke, Lewis Chambliss, Mike Browning and Robert Travis. Those credited with one were Donald Godwin, and Deryl King.

Jackie Meeks and Ernest Hyman each had eight to head the Reds. Tommy Street and Charles Lee had five, and incidentally Street's vicious tackle at Mike Browning on a kickoff was the hardest of the night. Browning didn't have a chance to hold onto the ball, although he did recover it. Larry Meeks got four and the three's include George Fugitt, Eugene Hughlett and Ellis Cox. At one's was George McDonald, and two's were Bob Cloe and Don Green.

Henderson Wins SPWGA Honors

Gwne Henderson swept individual honors at the South Plains Woman's Golf Association meet in Littlefield Wednesday, but the Brownfield team didn't gain ground on Lubbock Country Club for the Parks trophy.

Brownfield is 11 strokes back of Lubbock CC in third place with Hillcrest in second, Plainview is fourth and Levelland fifth.

Mrs. Henderson won low net of the field with a 89 and also low gross in the second flight with a 98.

Local golfers competing included Jean Finley, Dorothy Göble, Fanita Graham, Merle Kemper, Bugs Bailey, Jane Shirley, Mary Jo Hardy, Evelyn Cruce, Marion May, Mary Stretch, Minnie Hazel Bowman, Dorothy Kirschner, Barbara Duke and Gwen Henderson.

The next SPWGA meeting will be at Levelland on June 6.

LOW AT HOBBS

Brownfield Country Club pro Jack Mann won low pro honors at the Hobbs pro-am Wednesday. Mann scored a 35-33-68, three strokes better than second won by Dode Forrester with a par 72 round.

Friday Funeral To Be Held For E. L. Howard

Funeral services will be held at 2 p.m. Friday in the Calvary Baptist church for E. L. Howard, 71, who died at his home at 617 W. Cardwell about 1 a.m. Wednesday.

Rev. Warren Stowe will officiate at the services and Brownfield Funeral Home will direct burial in Brownfield Cemetery.

Howard, who died after several months illness, had been a Terry county resident since 1911. He was a native of Comanche county and had farmed northwest of Brownfield up to about two years ago.

Survivors include three brothers, Tom of Clovis, George of Littlefield and J. D. of Odessa and two sisters, Mrs. J. M. Brown of Ropes and Mrs. C. C. Carpenter of Wick, Arkansas.

Miss Mary Ballard has returned home after a visit with her sister, Mrs. O. G. Cheek and Mr. Cheek in Denison. While gone, she also visited Miss Winnie Doss in Dallas and Mr. and Mrs. John Walls in Dublin. All are former Brownfieldites.

As we said, that doesn't mean everyone didn't get in on a bunch of tackles because the spirit was good. Maybe the Cubs can catch on fire. In fact they better if they hope to get through that schedule.

The same two teams played Friday afternoon, with one or two personal changes, and the Reds won 25-6.

Football is now past until next fall and a news letter from Ruloso Downs says they are starting training activities for the May 30 opening of the Racing Season. They are looking for the greatest season in history, and no doubt they are right.

Elvey Payne, younger brother of Tom S. Lubbock, assistant Edgar Payne and one of Doug Cox's McMurry products, is going to coach up Canadian pro football to pass in the local system next fall.

FOURTH GRADE CHAMPIONS—The "Playboys" as Mrs. Fred Arnold's fourth grade softball team is called recently captured the grade championship at West Ward. From left, front, they are Dwayne Neal, Larry Mertz, Jimmy Griffin, Charles Cloe, Armando Romero, Stanley Farrar, Wayne Jones and

Johnny Galbon. Back, Mrs. Arnold, Chuck Burney, Kermit Henson, David Chisholm, Leonard King, Adrian Estantate, Gayland Young and Sammy Hernandez. James Durham was not present for the picture.

Junior Leaguers Start Workouts As Little Leaguers End Tryouts

Little Leagues completed spring tryouts this week and teams will be designated Monday

after the annual player auction. Along with the end of one, another starts with Junior leaguers reporting to the practice field on

Assign Lt. Billy Kiser To First Infantry Div.

2nd Lt. Billy J. Kiser, 26, son of Mr. and Mrs. Leo D. Kiser, Denver City, Tex., recently was assigned to the 1st Infantry Division at Fort Riley, Kan.

The "Big Red One" division returned to the U. S. in October 1955 after 13 years overseas.

A platoon leader with Company

of the division's 16th Infantry Regiment, Lieutenant Kiser entered the Army in September 1955. He was stationed at Fort Benning, Ga., before arriving at Fort Riley.

Kiser was graduated from Texas Christian University in 1955. His wife, Joan, lives in Manhattan, Kan.

the cotton yard north of the Tahaoka highway Monday evening at 5 o'clock.

Approximately 50 of the 13-14 year old boys have signed up and others desiring to register may do so Monday, announced League President David Nicholson. The four teams will need at least 15 boys per team or a total of 60.

In the event this many do not come out the league will be opened to 15-year-olds, which will correspond to Babe Ruth League age

limits, Nicholson explained.

After five workouts the boys will be divided into teams and will have two weeks of practice prior to opening night on May 28. Nicholson said.

Little League season starts on Tuesday, May 15 with a double header between the defending champion Indians and Yankees. The second game will be between the Braves and Red Sox. The first game will start at 5:15 at Lions Field.

FRANKLIN IN ACTION—Glen Franklin of House, N. M., is shown above as he took a salty one in the matched roping event held here Sunday. Top winner of the day was John D. Holleyman of Rankin, who collected some \$1,000 in prize money. Toots Mansfield of Big Spring and Bill Teague of Crane took second and third places, respectively. Holleyman and Mansfield as a team bested Franklin and Byron Wolford of Tyler in a four-calf special event. For their times, Mansfield's ropes earned him about \$600 Sunday and Teague, \$400. A girl's barrel race was won by Marilyn Caudill of Lovington, N. M., Open jackpot roping champ was Jimmy Cooper of Monument, N. M., who tied his calf in 10.4 seconds for the fast time of the day. The event was sponsored by Terry County Sheriff's Posse, and attracted an estimated 2,500 persons. (Staff Photo)

"SAVE BY SAVING K & S BLUE STAMPS"

KYLE & S GROCERY WE DELIVER EVERY DAY LOW PRICES

IN THE PICTURES — Cotton Week officials met this afternoon to put final touches to plans for "a successful week here in Terry county." Here is the latest information concerning the week, May 14-19: A full 3-4 hour program of entertainment gets under way at 4 p. m., May 19, on the east side of the courthouse square. During the program, drawings will be held to determine winners of these gift certificates, good only for cotton products in Brownfield stores: two \$25, two \$20, two \$15, and three \$10. Total: \$150, which is being donated by the Terry branch of Plains Cotton Growers. In addition, a full-scale style show will be presented by the 11 home demonstration clubs in the county.

Five Maid contestants are shown to the right. From left, they are Miss Pat Runnels, 15, daughter of Mr. and Mrs. W. D. Runnels of Route 2, Brownfield; Miss Diana Graham, 17, daughter of Mrs. Mary H. Adams of Route 3, Brownfield; Miss Dixie Bowlin, 14, daughter of Mr. and Mrs. B. D. Bowlin of Route 2, Brownfield; Miss Doreatha May, 15, daughter of Mr. and Mrs. W. D. May of Route 4, Brownfield, and Miss Jorita Fulford, 15, daughter of Mr. and Mrs. L. W. Fulford of Route 2, Brownfield.

B. H. S. has really been buzzing with activities these last few weeks of school. It seems that everything piles up until the last minute—book reports, poetry, term themes, projects, banquets, and cramming to make that last A in order to be exempt. One of those banquets we mentioned was the D. E. banquet given last Thursday night at the Jessie G. Randal cafeteria. It was given in honor of the student's employees. Approximately 100 people

were present. "April Showers" was the theme of the banquet and was carried out superbly in the decorations. Eddie McKay served as master of ceremonies and Dennis McCutcheon gave the welcome. The Debonnaires furnished the entertainment and guest speaker was Dr. Roy T. Shaw, head of the Marketing department at Texas Tech. The steady bug has bit again. Jorita Fulford and Fred Brown were the victims of the sting this

Childrens Hayride Will Be Saturday

A hay ride and weiner roast for pre-school through fifth grade children of the Brownfield Country Club will be held Saturday, May 5, it has been announced.

Mrs. Bruce Zorns, chairman, and Mrs. Bobby Jones ask that children meet at the Zorns home, 1002 E. Tate, at 3 p. m. Saturday. Children should bring a fork or some implement on which to roast their weiners. Mrs. Zorns said. The group will ride to the country club, where the weiner roast will take place. They will return to town between 4:30 and 5 p. m.

time. They started going last Friday.

Approximately 25 students went to Abilene Friday to attend the annual High School day at Abilene Christian College. Larae Hewitt reported a big time was had by everyone.

Roger Pendley went to Louisiana with a friend and he is supposed to be back this week end.

The Westminster Fellowship of the Presbyterian Church had a progressive supper to raise money for work camp. The first course, an appetizer, was served at Dick McReynolds' home. Second course, soup, at Don Copeland's; third course, salad, at Janel Bragg's; fourth course, main dish and dessert, at Ken Kendricks'; demitasse at Sheri Clemens', and last of all the group went to the church and played games. About 22 kids were present.

Sunday afternoon, Rita Goodpasture got a bunch of kids together to go swimming in her new swimming pool. Those that thought the water was too cold went motor scooter riding. There were about 16 kids there.

Some of the old faithfuls seen together were: Bobbie Moore-Theresa Stephens, Ernest Hyman-Jerre Sue Estes, Leslie Britton-Dale Wilson, Kenneth Murphy-Sherry Don Spears, Charles Gunn-Joan Priest, Mike Hamilton-Mary Joe Christian, Ellis Cox-Ann Lee, Carl Moore-Peggy Adams, Lee Dale Rowden-Melba Willis, Thomas Bartlett-Janice Turner, Lela Black-Cecil Marley, and J. W. Richardson-Wanda Cornelius.

Some of the daters that attended Roger Pendley's party were: Patti Thomas-Chris Addison, Priscilla Trim-Sid Szydoski, Diana Adams-Jerry Don Huckabee, Kay Kissinger-Keith Baker, Bobbie Nell Richardson-Ronnie Swan, and Doris Ratliff-Bob Wilkinson. A new freshman steady couple is Linda Bost and Herbie Pickett. The Junior-Senior banquet and prom is scheduled for this Friday night. Excitement really near. Linda & Bev

Whenever government moves to end a racket, you will hear those affected condemning the government.

Voice Students In Recital Sunday

Mr. John Luckie will present her voice students in recital at 3 p. m. Sunday, May 6, at the First Methodist Church. The public is cordially invited to attend.

Students to be presented from Brownfield are: Mary Kate Ramseur, Mary Jane Brownfield, Betty Collins, Nancy King, Gretchen Sloan, Donna Newsom, Faye Grissom, Betty Bragg, Joyce Boroughs, Janie Boroughs, Jean McNabb, Ann Webb, Virginia Cooper, Laveta Raines, Carolyn Callaway, Dorinda King, and Joy Luckie.

Also, Russell Collins of Welch, Brenda Moreland and Charla Berry of Ropesville, and Pat Runnels of Wellman.

Guest soloists will be Barbara Blair and David Benningfield, both of Levelland, and Marie Endres of Denver City.

Covered Dish Supper To Honor F. L. Millers

Employees and wives of Shell Pipe Line Corp. of Brownfield will honor Mr. and Mrs. F. L. Miller with a covered dish supper at 6:30 this evening in Coleman Park.

Miller, Chief District Gauger with Shell Pipe Line Corp., is being transferred to Jal, N. M., May 15.

Mr. and Mrs. R. J. Evans, formerly of Odeasa, will be welcomed as new comers to Brownfield.

Mrs. Milton Hughes of Denver Colorado, is here visiting her parents, Mr. and Mrs. M. G. Tarpley, and other relatives and friends. Also visiting Mr. and Mrs. Tarpley over the week end were their son Larry, and family, of Wichita Falls.

Mr. Evans will replace Mr. Miller.

The group and friends are presenting the Millers with a ten-cup automatic coffeematic, and are also presenting Mr. Miller with a dozen golf balls.

EARLENE
JOYCE

Monday afternoon an assembly was held in the gymnasium to give interscholastic league awards and the school annuals. From 1:00 o'clock until school was out kids were busy signing annuals.

Final tests are over. Seniors! Although this has been a joyous twelve years, we are glad to be reaching this stepping stone in our life.

We spent the week-end away from home and are not up on all the news, but hope we didn't leave out too much. Earlene spent the week-end in Portales, New Mexico, and Joyce spent the week-end in Lubbock.

Mr. Carman, our Commercial teacher, returned Sunday from Del Rio where his wife and children spent a month visiting. Mr. Carman says it's good to have his

wife and kids back home. Friday night a Community wide entertainment was held. Punch and cookies were served and games were played. Everyone reported it enjoyable.

Tonight is the night of the Junior-Senior Banquet. It is to be held in Nicks Banquet Room. We are sure everyone will have a good time.

Tuesday night the Junior play turned out real good. Everyone enjoyed it and the class had a well time putting it on.

Daters for the past week were: Carol Ann Garner-Nolan Cornett, Peggy Herring-Robert Wilks, Verna Ray-Jimmy Sargent, Doris Howell-Wylie Kay, Janice New-some-Kenneth Hancock, Claud Montgomery-Foxie Oliver, Eddie Powell-Ruby Smith, Earlene Cornett-Billy McQueen, Joyce Foster-Bill Evans.

MEADOW CHORUS LINE — Their specialty is the Charleston, and they'll be one of the highlights during Tuesday's fast-paced All-Meadow Negro Minstrel. From left, dressed in the style of the equally fast-paced 1920s, they are Mrs. Clois Sharp, Mrs. Robert Beasley, Mrs. J. T. Fulford, Mrs. R. W. Horton, Mrs. Fred Finley and Mrs. J. W. Smith. The

occasion Tuesday will be Meadow PTA's effort to raise \$300 toward a scholarship which the parent-teacher group has established. The time: 8 p. m. The place: Meadow High School auditorium. Tickets — on sale now — are 75 cents for adults and 25 cents for children. The sextet of dancers above will be one of at least 15 major acts. (Staff Photo)

ROLLER RINK ROUGH — Roseburg, Ore. — Ross A. Knott took his two granddaughters to a

roller rink here to give them a lesson in roller skating. The youngsters did fine, but

Knott wound up in the hospital with a broken leg. Knott, incidentally, is 75.

Figures—

(Continued From Page 1)

adjustment in this year's price support, Terry's farmers are not going to be hit "quite as hard as they might have thought at first."

The county agent explained further that 7/8-inch cotton still remains the price support basis — at 82.5 per cent of parity. The support price will climb for the longer staples, until it reaches the maximum of 87 1/2 per cent of parity.

A further study of the report shows that there were 16 gins operative this past season in Terry county. The largest number of bales ginned at any one of them was 6,948. The smallest, 811 bales.

Farm—

plying to Mexican nationals will be thoroughly aired. Hugh Thomas, Brownfield Certified Public Accountant, will report on the audit.

Directors of the Terry county farm group are G. I. Sims, L. M. Waters Jr., Eulice H. Farrar, R. D. Jones, Jr., Delton Tatum, Ra-

leigh Luker, Carl Hogue, D. O. Flowers, Kenneth Purcell and Leon Foote.

Alton Loe is secretary-treasurer, and Carey Johnson, manager.

Senior Day at ACC Draws Wellmanites

La Vena Dickens and family visited her aunt and family, Mr. and Mrs. Llano Teague, in Dallas last week end.

Sue Sanders and Norma Marley were in the home of Margaret Ingram during the week end.

Martha Goza spent the week end in Seminole visiting in the home of her cousin, Delores Gillingham. Her brother, Charles Goza, went to Abilene to see about enrolling in Hardin Simmons College this fall. Charles will graduate from Wellman High May 18.

Peggy Dean attended Senior Day in Abilene Christian College this past Saturday. Peggy is a 1956 graduate of Wellman High. She went with Mr. Holland Boring of Brownfield. There were five car loads of young people who went from Brownfield.

Lea Burnett's daddy, Bob Burnett, attended a Commissioner's convention in Corpus Christi this past week end.

Sabra Welcher is the proud aunt of a new nephew, William Doyle. The parents are Mr. and Mrs. Doyle Welcher of Lamesa.

Danny and Tommy Loe had as guests in their home over the week end, Mr. and Mrs. Dan Pritchett of Spur, Mr. and Mrs. Tommy Loe of Lamesa, and Foxie Oliver.

Orientation Program For Eighth Graders Scheduled Tuesday

In keeping with the success of the high school orientation at the high school Tuesday evening at 7:30 p.m., according to Dr. Bob Hoey, public schools counselor.

"The program is mandatory for eighth grade students and we urge one or both parents to attend also," said Hoey. He explained that the purpose of the program is to acquaint parents and students with the various courses of study available at the high school level. Through this program they can "as a family" more intelligently plan the student's high school career.

All eighth graders will schedule their high school courses of study on the following Thursday, May 10.

JUNIOR HIGH FTA OFFICERS—Installed last Thursday night, the group above will serve the Junior High School PTA in the 1956-57 term. From left, they are Mrs. W. T. Pickett, treasurer; Mrs. Clarence Cornett, secretary; Mrs. T. W. Hall, second vice-president; Mrs. Paul Ward, first vice-president, and Mrs. John Jennings, president. (Staff Photo)

Mrs. Truett Flache Announces Dates For Area Girl Scout Summer Camping

Mrs. Truett Flache, Camping chairman for the Brownfield Girl Scout Association, has received folders from the West Texas Girl Scout Council at Abilene and Kamp Kiwanis at Amarillo. The West Texas Camp dates are from June 10 to July 21 for regular campers. The Pioneer Unit for girls who have completed eighth grade and have had two years of established camp experience will be in session June 10 to June 22. These girls will set up their own units, cook their own meals, and plan their own activities. Applications will be taken after May 15. Mrs. Flache said. Activities will include swimming, crafts, camp fires, singing, stargazing, native lore, and outdoor living. Kamp Kiwanis at Amarillo features two swim periods each day, with the buddy system for safety used. All outdoor activities are included in the program. The Pioneer Unit will feature Primitive camping and Junior Life Saving. Horseback riding is to be added to the activities for the older girls this year. The dates for this camp are June 10 to August 7. Out of town girls may register after May 1. The Santa Fe, N. M., Council cannot accept girls outside that section this year, as they are developing an area council and there will be enough girls to fill the camp from those communities. If you are interested in Girl Scout Camp, contact your leader, as Mrs. Flache has given the folders to them.

P-TA Officers for 1956-57 Installed In Joint Ceremonies Here Thursday

SECTION TWO
 Vol. 19 Brownfield News-Herald, Thursday, May 3, 1956 No. 18

Women's News
 Gee Gee Privitt Society Editor

Officers for the 1956-57 term were installed at a joint meeting of the City Council, Jessie G. Randal, Frances Bell, and Junior High parent teachers association April 26 at 7:30 p.m. in the Colonial Heights cafeteria. Mrs. J. M. Harper of Lubbock, president of the 14th District of Texas Congress of Parents and Teachers, conducted an installation program, based on the oak tree, symbol of the PTA. "The person who plants an oak tree, is demonstration unselfishness because future generations will enjoy the tree," Mrs. Harper said. "That is true of the Parent Teacher organization, also. Members of the PTA work for the welfare of future generations of children as well as their own."

Welch Girls To Marry Alvin Mirill and Maurice Sexton In Double Wedding Ceremony In Baptist Church May 27

Mr. and Mrs. L. C. Howard and Mr. and Mrs. H. M. Hodges, all of Welch, have announced the engagements and May 27th date for double wedding ceremonies of their daughters, Miss Carol Ann Howard is to wed Alvin Edward Mirill and Miss Robbie Lou Hodges is to wed Willie Maurice Sexton. Mirill is an employee of Lawson-Payne Machine Supply Co. of Brownfield. He was a 1954 graduate of Brownfield High. He is the son of Mrs. Alton Mirill, 1101 N. 11th. Sexton is an employee of Columbia Carbon Co. and is also a 1954 Brownfield graduate. He is the son of Mrs. R. H. Sexton, 503 E. 11th.

New council officers who were installed were: Dr. Tim Faulkenberry, president; Mrs. Roy Timmons, vice president; Mrs. Truett Flache, secretary; and Mrs. Cora Bruce, treasurer.

Other unit officers included: Frances Bell PTA, Mrs. Phil Gassch president; Mrs. Marvin R. Ford, first vice president; Mrs. Ralph Kerley, second vice president; Mrs. Roy D. Harris, secretary; Mrs. J. R. Blackburn, treasurer; Jessie G. Randal PTA, Mrs. James Burnett, president; Mrs. Charles Hamilton, first vice president; Mrs. Russell Winton, second vice president; Mrs. Jerry Stoltz, secretary; Mrs. Curtis Sterling, treasurer; Junior High PTA, Mrs. John Jennings, president; Mrs. Paul Ward, first vice president; Mrs. T. W. Hall, second vice president; Mrs. Clarence Cornett, secretary, and Mrs. W. T. Pickett, treasurer.

Miss Howard will graduate from Welch High school this month. While in High School she was a member of the girls basketball team, was on the annual staff and was otherwise active in school work.

Miss Hodges is a junior at Welch High school and also a member of the basketball team. She was head majorette of the Pep Squad and was also active in school.

A tea and social hour followed the installation ceremony. The table was laid with a yellow cloth centered with an arrangement of yellow and blue iris, flanked by blue candles, carrying out the PTA colors. Presiding at the punch bowls were Mrs. O. B. Hale and Mrs. Norene Hudspeth.

Other committee chairmen named at the meeting were, for City Council, Mrs. P. R. Cates, Safety; Delwin Webb, School and Education; Mrs. Wayland Parker, Parliamentarian; Mrs. Jake Geron, Historian; Mrs. J. H. Bounds, Citizenship, Character, & Spiritual Education; Mrs. Lewis Simmonds, Health; Mrs. Norene Hudspeth and Mrs. V. L. Patterson, Program; Mrs. T. C. Williams, Life Membership; Mrs. Sam Teague, Procedure and By-Laws; Mrs. C. W. Denison, Publicity; Mrs. Mitchell Flache, Study Group; Miss Terry Lou Moorhead, Hospitality; Mrs. Bob Campbell, Pre-school; Bill McGowan, Legislation; and Mrs. W. A. Kimbrough, Finance.

Unit chairmen named were: Historian: Mrs. C. W. Denison, Bell, Mr. and Mrs. Sid Lowrey, Randal, and Mrs. George Steele, Jr. High, Parliamentarian: Mrs. Roy Timmons, Bell, Mr. and Mrs. George Steele, Randal, and Mrs. Roy Timmons, Junior High, Membership: Mrs. R. W. Baumgardner, Bell, and also Randal, and Mrs. Thurman King, Junior High; Room Representative: Mrs. Bob Hoey, Bell, and Mr. and Mrs. Lad Copeland, Randal; Publications, Mrs. Sam Teague, Bell, Mr. and Mrs. Bill Marchbanks, Randal, and Mrs. Leonard Isaacs, hostess.

Local Ladies Attend Convention Of Garden Clubs At Austin Last Week

Mrs. Leonard Lang and Mrs. J. L. Hissom represented the Brownfield Garden Club at the annual state convention of Texas Garden Clubs at Austin last week. Mrs. Lang is president of the local club.

Theme of the convention was "Texas Offers Beauty." Also attending the convention from the area was Mrs. Nat Williams of Lubbock, District I governor and often a visitor and lecturer to the Brownfield club. More than 400 garden club members from Texas attended the convention, and 122 club presidents were there. The presidents including Mrs. Lang, were honored at a luncheon during the week.

The Brownfield club received an average grade of 81 on their club yearbook. Among the principal speakers at the convales were Gov. Allan Shivers, who addressed the group on Conservation; Mrs. Howard Kittle of Fort Worth, a member of the Texas Rose Society, who lectured on rose arrangements; and Mrs. Hamilton of Wichita Falls, an outstanding garden club member and renowned world traveler who lectured and gave demonstrations of "Tables Around the World."

The Violet Crown Garden Club of Austin, one of Texas' largest clubs, was hostess for the convention, which was held April 23-26. Mrs. Lang and Mrs. Hissom returned home Thursday night.

Altar Society Hears Reports

Saint Anthony's Altar Society met in the Rectory following evening mass on Wednesday, April 25. The meeting was opened with a prayer by Father Paul Laub, pastor, and a business meeting was conducted by Mrs. A. C. Cahill, president.

Mrs. Cahill gave a report on the district meeting of the Diocesan Council of Catholic Women which was held at Slaton April 18. Members then discussed choosing one of the nine fields of work of the D. C. C. W. as their special project for the coming year. The committee on Spiritual Development was chosen as the most adaptable and most fruitful for this small organization at this time. This program is being started immediately by each member's attendance at daily mass on a designated day, thereby assuring there will be someone at mass each morning.

Plans were discussed also for a raffle as a summer project and a bake sale is to be held after the masses on May 6.

Upon adjournment of the meeting, refreshments were served by Mrs. Leonard Isaacs, hostess.

Carbon Plant Club Studies "Salads"

The Carbon Plant Home Demonstration Club met with Mildred Cox, county agent, in the home of Mrs. R. W. Hagan, Tuesday, to study "Salad Making."

Mrs. "Chub" Jones was chosen for council delegate and Mrs. Melvin Talley was elected clothing demonstrator. Refreshments were served to the following: Mmes. Jones, Glenn Burns, Richard Hagan, Jr., Wayne Smith, Melvin Talley, Austin Ables, Johnny Blackwell, and Miss Cox.

There were three new members: Mrs. Jones, Mrs. Talley, and Mrs. Burns. The next meeting will be in the home of Mrs. Johnny Blackwell, Thursday, May 10, at 2 p.m.

Mr. and Mrs. Truett Flache were among those who attended the book review and reception honoring Dr. William C. Holden in Lubbock Monday night.

FAMILY LUNCH: BACON-STUFFED POTATOES* BUTTERED BEETS
SPINACH-RING* BREAD AND BUTTER
FRUIT GELATIN WITH COOKIES BEVERAGE

RECIPES:

BACON-STUFFED POTATOES:

For each serving . . .
1 medium-size baking potato
1 tablespoon hot milk
1 tablespoon butter

Salt and white pepper
1 slice bacon
Paprika

Bake potatoes; cut a slice of skin from the top the long way; scoop out insides and put through ricer. Beat in milk, butter, salt and pepper to taste. Meanwhile, cook bacon until crisp; drain and crumble into potato mixtures; spoon back into shells and sprinkle with paprika. Reheat in hot oven just before serving.

SPINACH RING

3 cups cooked spinach
1 cup white sauce or cream of mushroom soup (undiluted)
Chop spinach fine. Combine with white sauce, add eggs, salt and pepper, and pour into greased ring mold. Place in pan of hot water and bake in moderate oven (350 degrees F.) 30 to 40 minutes. Serves 6.

"One-Fifty" 2-door Sedan—with beautiful Body by Fisher!

"Two-Ten" 2-door Sedan—one of 20 frisky new Chevrolets!

HOT PERFORMERS

with heart-warming prices!

The "One-Fifty" and "Two-Ten" Series bring you Chevrolet's sassy styling and record-breaking road action at prices you'll warm up to fast!

You won't find us playing favorites. You get the same lively power in "Two-Ten" and "One-Fifty" models that you do in Bel Airs. Up to 225 h.p.!

That means the same performance, too! The rip-roaring kind that sent a new Chevy up Pikes Peak to wipe out all previous stock car records. The kind of performance that took top honors for Chevrolet in its class at the NASCAR Daytona Beach time trials. The kind of

performance that rates Chevy the peppiest, easiest handling car on the road! When you can get that kind of action in a low-priced car, why pay more?

Now look at the model choice you've got. Twenty in all, including four hard-tops—two of them "Two-Tens." Six station wagons—three "Two-Tens" and one "One-Fifty." So even among the lower priced Chevrolets you have plenty of choice. Come in and look them over!

Bel Air Sport Sedan—here's your buy for the most luxury and distinction in Chevrolet's field!

AIR CONDITIONING—TEMPERATURES MADE TO ORDER—AT NEW LOW COST. LET US DEMONSTRATE.

MRS. JACK TWINER

Robbie Patterson Marries J. Twiner

Robbie Jane Patterson became the bride of Jack Twiner April 19. Rev. A. E. Hughes, pastor of the Second Baptist Church of Lamesa and great-uncle of the bride, performed the ceremony. The bride is the daughter of Mr. and Mrs. C. T. Smith, 104 W. Storey. The groom is the son of Mrs. Eargle Twiner of Dimmitt. The groom is serving in the U. S. Navy overseas. Mrs. Twiner will remain with her parents and enroll in Isbell's University of Beauty Culture in Lubbock.

and Harriett visited Mr. and Mrs. Newell Reed in Brownfield Sunday afternoon.

Carl Pritchard, Jr., of Hobbs, N. M., visited his parents over the week end.

The W.S.C.S. met at the church Monday afternoon in a pledge service. Mrs. Clarence Hester was the leader.

Mr. Edd Barnes received word Saturday night that his mother in Irene, Texas, had a stroke and was very low. He and Mrs. Barnes left immediately for Irene to be with her.

Harriett Burleson visited in the home of Mr. and Mrs. Jesse Brooks Sunday.

Mr. and Mrs. J. M. Burleson had the M.Y.F. group in their home Sunday night after church for a social meeting. Refreshments were served.

Jim Castleberry of Big Spring spent the week end with his grandmother, Mrs. Bob Castleberry. Also visiting in the Castleberry home Sunday were Mr. and Mrs. Aubrey Castleberry of Morton.

Mrs. E. L. Tilger of Lubbock visited Mr. and Mrs. Ed Kirk and family over the week end and attended the Baptist Church Sunday morning.

Mr. and Mrs. Joe Burleson

Mrs. Leonard Chesshir Has Two Tables Bridge

Mrs. Leonard Chesshir entertained two tables of bridge players April 24. High player was Mrs. Murphy May. Mrs. Herbert Chesshir was second high, and Mrs. Christopher bingooed.

Rainbow ice cream cake and coffee were served to the above and Mesdames Bob Duke, Joe Henderson, J. O. Rodgers, Howard Hurd, and Charlie Price.

Wednesday Club Met With Mrs. S. Gill

Mrs. Sherwood Gill entertained members of her Wednesday afternoon bridge club April 25.

Texas cream pie and coffee were served to Mesdames Marion Bowers, Robert Knight, Bill Day, Jerry Stoltz, L. J. Richardson, Earl Jones, Morgan Copeland, and Carroll Collier.

Mrs. Stoltz scored high and Mrs. Collier bingooed.

John Oaks of Pharr was a dinner guest Monday in the home of Mr. and Mrs. Louis Peeler.

Mr. and Mrs. B. C. Horton visited Mr. and Mrs. Brown Hart Sunday afternoon.

Mrs. Walter Holder and Albert visited Mr. and Mrs. Edd Peek Sunday afternoon.

Mrs. Ham Castleberry and a friend from Lovington, N. M., visited Mrs. Bob Castleberry last Friday.

Mrs. W. W. Johnson of Farwell visited over the week end in the home of her son, Hollis, and family and attended the Baptist Church Sunday morning.

Mr. and Mrs. Ernest Moore and family from Connecticut visited her parents, Mr. and Mrs. L. P. Carroll, last week end attended a family reunion of the Carrolls.

Jerry Hinson of Brownfield visited in Meadow over the week end.

Forum Bestows Cherished Honor On Sandy Casstevens At Texas Tech Friday

A tap from a member of Forum, Texas Tech senior women's honorary, fell on the shoulder of 16 cherished honors a Tech girl can receive.

At the sound of "The Matador Song" on Tech's tower chimes, a line of Forum members, dressed in black skirts and white blouses,

SANDY CASSTEVENS

Each new member was secretly elected on a basis of scholarship, leadership and campus service. Forum members spend many hours checking the grades of every junior girl, contacting the head of each scholastically qualified girl's major department and members of campus organizations to which she belongs.

Names of the honored coeds are first revealed in the tapping ceremony. A hush falls over a classroom when the line of Forum members enters and marches to the back of a girl to be honored. A member of the line taps the honoree on the shoulder and places a black collar around her neck.

Then the new member joins the line as it heads for another classroom.

New members elected this year include Sandy Casstevens of Brownfield.

Young Pianist In Recital May 8th

Approximately 35 guests were present to hear Miss Patricia Turner, daughter of Mr. and Mrs. Fred H. Turner, 1305 E. Tate, in her second private piano recital April 29 at 7:30 p.m. at the First Baptist Church. She was presented by her teacher, Jerry Gannaway.

The program consisted of compositions by Bach, Beethoven, Schumann, and other Master composers, including a group of two-piano pieces.

A vigorous applause at the conclusion of the 13-piece program

PATRICIA TURNER

called her back for an encore "Baby Boogie". Immediately following, Mr. and Mrs. Gannaway entertained the guests with a reception honoring the nine-year old pianist.

Maids & Matrons Hear Lubbock Man Speak on "Traffic Safety," Tuesday

Ralph Caldwell of Lubbock was guest speaker when the Maids and Matrons Study Club met Tuesday afternoon at 4 o'clock in the Seleta Jane Brownfield club house.

Mrs. W. J. Spreen, president, opened the meeting with a short devotional on "Faith," taken from Matthew 7:20.

Mrs. Spreen introduced Mr. Caldwell, who is with Western Fire and Indemnity Company in Lubbock. His subject was "Traffic Safety," and he cited the three major causes of accident: Carelessness, causing the largest percentage (73%), driving when tired, (16%), and alcohol, (11%).

After the program, Mrs. Spreen presided at the business meeting. It was announced that the State Convention is to be in Dallas May 8-10, with headquarters in the Baker Hotel. Delegates from the club are Mesdames Otis Larner, E. C. Davis, and alternates are Mesdames John Cadenhead and Bill Spreen.

Mrs. Percy Spencer reported on the work being done by the program committee. Mrs. W. A. Kimbrough reported on plans being made to encourage children to use the library this summer.

Mrs. E. C. Davis announced that, instead of the club's story hour over radio station KTFY May 19, three children who read books last summer will be interviewed.

The club voted to have a silver tea and children's book shower at the clubhouse May 17 at 4 p.m., with the library committee in charge of arrangements.

Mrs. Spreen appointed an audit committee composed of Mrs. Er-

nest Latham and Mrs. J. M. Teague.

Mrs. Davis, chairman of Folklore and Writers under Indian Heritage of the State Department and also district Folklore chairman, gave her yearly report.

Hostesses Mrs. Ernest Latham and Mr. A. J. Stricklin, served lemon chiffon pie and iced tea to two associate members, Mrs. George Hunt and Mrs. W. B. Downing, and the following members: Mesdames W. A. Bell, W. B. Brown, A. W. Eutler, John

and Mrs. J. M. Teague, W. R. Tilson, and Terrell Isbell.

Cadenhead, J. L. Crow, E. C. Davis, Leo Holmes, J. A. Jackson, R. E. Johnson, Eunice Jones, W. A. Kimbrough, Looe Miller, E. O. Nelson, J. L. Randall, A. A. Sawyer, Percy Spencer, W. J. Spreen, M. G. Tarpley, J. M. Teague, W. R. Tilson, and Terrell Isbell.

TEACHERS HERE—Three popular teachers in the Brownfield school system shown above are, from left: Mrs. J. R. Chisholm of 703 South D, Mrs. Guy S. Walker of 906 East Main and Mrs. S. Z. Hernandez of Lovelland highway. Their summer plans: Mrs. Chisholm will accompany her husband to Frascati, Italy, where they will be associated with the Church of Christ movement there. Mrs. Walker is to visit in California, and Mrs. Hernandez will continue her classes at Texas Tech. Mrs. Chisholm teaches second grade students in Jessie G. Randal, and Mrs. Hernandez, first grade. Mrs. Walker is language arts teacher in Junior High School.

MEADOW NEWS

Mrs. Joe Burleson honored her Sunday school class with a party in her home last Saturday night.

Mr. and Mrs. James Selman and two daughters, Pat and Jo, visited in the home of Mrs. Selman's parents, Mr. and Mrs. J. H. Gober, Sunday afternoon.

Mr. and Mrs. Carl Pritchard have returned home from Corsicana after visiting several days with his mother who was very ill.

Mr. and Mrs. John Cadenhead spent the week end in San Angelo visiting in the home of Mr. and Mrs. T. C. Lucas and family.

Mr. and Mrs. R. L. Brown of Lubbock visited his parents, Mr. and Mrs. L. A. Brown, Thursday night. After supper they all visited Mr. and Mrs. Benny Brown and children at Tokio.

Mr. and Mrs. J. M. Burleson and Mr. and Mrs. Joe Burleson

Now Is Time To Plan and Plant Summer Forage

Summer temporary pastures should form a very important part of the year-round grazing or pasture program on the farms and ranches of the state. E. M. Trew, extension pasture specialist, says good summer temporary pastures just don't happen. They must be planned well in advance and the same care given to seedbed preparation, seeding the right plants and fertilization as is used in connection with other cash crops.

Resting Period Needed
Such pastures will permit a resting period for permanent pastures, provide grazing when permanent pastures are on the decline, and provide a means for building up feed reserves.

Variations Are Cited
Row plantings should be made at the rate of 7 to 10 pounds of seed an acre while 20-25 pounds is recommended for broadcast or close drilled plantings. Staggered plantings made at intervals of two to four weeks may extend the grazing season until late fall. The different plantings should be fenced separately in order to get maximum production, advises Trew.

Two varieties of this old favorite are generally available in the state. Common is widely grown but may be damaged by leaf disease resistance and may outyield common in humid seasons.

Random Sample of Egg Production Is Revealed

Texas egg producers can profit by studying the information which is being accumulated from the random sample egg production tests being conducted at Stephenville's Tarleton State College. According to Ben Wormell, extension poultry husbandman, the hens on test have now been in production for 30 weeks and significant facts are showing up. On test are 12 entries of 50 birds each. Each entry is divided into pens of 25 birds to provide duplicate information. The average livability of all entries for the 30 weeks is 93.6 percent which Wormell says is good. The average production based on all hens housed 30 weeks ago is 60.6 percent. The top pen has averaged 67.5 percent.

SECTION THREE

The Brownfield News

AND THE TERRY COUNTY HERALD

Vol. 19 Brownfield News-Herald, Thursday, May 3, 1956 No. 18

By DON RYNUM
Farm Editor

Apparently, nothing less than their graduation from high school will stem the current tide of victories being stacked by members of the Brownfield Chapter, Future Farmers of America. Latest in their series of "firsts" occurred Saturday in Lubbock, where Brownfield FFA teams were named the best in the judging of dairy cattle and dairy products.

The dairy cattle team: John McBurn, Lavoy Briscoe, Avon Floyd and Terry Parker, Wesley Britton, William Smyrl and Johnny O'Neal—these three comprised the dairy products team.

The wins were accomplished in the face of competition from at least 10 other chapters in each

the individual scoring. More than 1,500 FFA students from 150 high schools in West Texas took part in the Saturday show.

Brownfield ministers will have their Sunday sermons on "stewardship of the soil," a subject in keeping with national Soil Stewardship Week, May 6-12. Gov. Allan Shivers has issued a proclamation designating the same period Soil Stewardship and Soil Conservation District Week in Texas.

The week here will be an occasion for some constructive criticism and some future planning by members of the Terry Soil Conservation District.

R. J. Purcell, TSCD supervisor and secretary, speaking for the district, said this morning: "We long have recognized that something more than material benefit, that something more than the established fact that conservation increases farm-buying power, is impelling American landowners and operators to become conservation farmers and ranchers—and motivating businessmen and countless others to support conservation work.

"We believe that this important additional motivation is spiritual—a realization that wise use and treatment of soil is a moral responsibility because soil is a gift of the Creator for this and all future generations."

The head of the Commodity Stabilization Service told the American Cotton Shippers Association Saturday in Dallas that the downward price adjustment to 87½ per cent of parity was not drastic.

(See FARMING, Page 3)

THE BANNER TELLS THE STORY—Four Future Farmers shown above brushed aside all competition from eight other chapters here last Thursday to take first place in the soil judging event, sponsored by Terry Soil Conservation District. From left, men shown are Horace Mitchell of Big Spring, scientist with the U. S. Soil Conservation Service, who was brought here to act as impartial judge; Larry Huckabee, Jack Qualls, Chuck Kersh and Tommy Lamar, all members of Brownfield chapter, Future Farmers of America, and Richard Hodges, technician with the Brownfield office, SCS. Possible team score Thursday was 540 points. Brownfield's 472 assured the chapter top billing. Possible individual score was 180. Kersh racked up 169 points; Qualls, 148; Lamar 153 and Huckabee, 151. Competition came from eight other FFA chapters: Muleshoe, Levelland, Frenship (Wolfforth), Flower Grove, Littlefield, Spur and Lubbock (Tom S. Lubbock and Monterey chapters). Similar blue-and-gold banners went to the remaining four top teams, the banner signifying the placings. Bruce Zorns, TSCD supervisor, expressed the district's appreciation for the interest shown and for the out-of-town chapters' participation. The district has hopes of making the contest here an annual event. (Staff Photo)

Agricultural Training Is Aid to Work of Pastors in Rural Areas

The rural church is making a comeback in many Texas areas, says Reagan Brown, rural sociologist for the Texas Agricultural Extension Service.

Brown spends a great deal of time working with leaders in the organized communities of the state and reports that a contributing factor to the comeback of the rural church is the part it is playing in rebuilding community spirit and fellowship.

A motivating force behind this change has been the rural pastor, says Brown. He is working with local county extension agents in expanding the community improvement programs which include the spiritual as well as the economic and social aspects of rural living.

No Stranger to Work
Brown points out that the pastor is no stranger to this type of work, for agriculture is often referred to in the Bible and Christ in his teachings used many parables taken from his observations of the shepherd and the farmer.

Because of a demand for training in basic agriculture from young men going into missionary and church work in rural areas, a pre-seminary course in this field is being offered through the Department of Agricultural Economics and Sociology of Texas A. and M. College.

Course Is Popular
Brown reports that the course has proved popular with young men who desire information in agricultural know-how as related to their chosen work. In addition to the basic courses in agriculture, they are given a wide range of elective work in agricultural economics, religion and other fields.

The specialist believes that a rural minister who is a real spiritual leader in the community can do an even more effective job if he can give assistance on the problems which farm families must face each day. Brown also believes that county extension agents and the rural ministers have a lot in common in their work with rural people and that by working together rural living will be enhanced.

AT COLLEGE STATION

1957 Cotton Quotas Set for Discussion

A statewide conference has been scheduled for July 17 at College Station for the purpose of discussing 1957 cotton quotas. Chairman Robert G. Shrauner of the Texas Agricultural Stabilization and Conservation Committee from Dumas made the announcement today regarding the meeting.

The chairman said groups representing farmers on an area or statewide basis and farm organizations are being asked to present their views on the methods and policies which the State ASC Committee should use in establishing 1957 county cotton allotments.

Members of the State ASC Committee and state office staff will be present for the conference and will take part in the discussions, said Shrauner. The conference is scheduled to get underway at 10:00 a.m.

Groups and farm organizations desiring to participate in the July 17 conference should advise G. C. Carothers, Jr., state administrative officer, ASC, College Station, Texas, in writing by June 1 on the number of representatives to be present. Shrauner said this information was needed so adequate arrangements could be made for the conference which is expected to be concluded in one day.

AND IN WEST TEXAS

Wind Erosion Takes Heavy Toll in Terry

(Editor's Note: The following article was written by Conrad Lohoefer, farm editor of the Lubbock Avalanche-Journal.)

More than 2¼ million acres of Texas land in 68 West Texas and South Plains counties have suffered wind erosion damage since Nov. 1, 1955.

The bad news was told last Thursday to more than 50 bankers, merchants and soil district supervisors by H. M. (Red) Smith, state conservationist from Temple.

Smith's audience was meeting at Plains Co-Op Oil Mill for an agricultural conservation clinic and to make preparations for the annual awards program in soil conservation, sponsored by the Texas Bank and Trust Company of Dallas.

Smith told the group that in the Panhandle county of Dillham some 271,000 acres of land suffered erosion damage. Other counties and their damaged acreage: Terry, 138,000; Lubbock,

2,860; Dawson, 82,000; Hockley 90,000; Gaines, 36,000; Crosby, 15,000, and Mitchell, 128,000.

"Wind erosion is a serious problem," said Smith, "and is one that all conservation-minded persons must cope with—as well as the farmer whose land is being eroded."

In combating this erosion, the conservationist said that plans are being made for re-vegetation on much of the land.

"We need to plan to conserve what little rainfall the area gets and to keep cover on the land to fight this erosion," said Smith.

In conclusion, the Temple expert emphasized that more and more farmers are learning to use water economically and at the correct time—which is good conservation of water resources.

Fertilized Pastures Produce Better And More Grazing, Hay

Producing pasture plants remove plant food from the soil and unless the bases are replaced, production and the quality of the forage drop, says E. M. Trew, pasture specialist for the Texas Agricultural Extension Service.

A ton of grass hay contains about 30 pounds of nitrogen, 10 pounds of phosphoric acid and 30 pounds of potassium or the equivalent of 100 pounds of ammonium nitrate, 50 pounds of 20 percent superphosphate and 50 pounds of muriate of potash. A ton of legume hay contains about 25 percent more of each plant food element than grass, says Trew.

Soil Test Suggested
To keep pasture yields and quality high, the specialist suggests using plenty of the proper kinds of fertilizer. A soil test is suggested as the best means of determining fertilizer requirements, and is described by Trew as the best fertilizer dollar which can be spent.

He says phosphate and potash should be worked into the soil (See FERTILIZER, Page 3)

SEEK IMPROVED AIRPORT FACILITIES

Will Airlines Follow Airports?

A Brownfield airport adequate to handle small type commercial airliners will be a subject for discussion around town for the next few weeks. And so that there will be basis for argument we'll get in our licks now.

We firmly believe the future of the community hinges on providing an adequate airport (along with various other civic improvements.) As the mayor of Uvalde so aptly put it "Just take down your flag" if you don't intend to have an airport.

He simply meant Brownfield would not be in position to compete with comparable communities without air transportation facilities. This has been a known fact here for several years. On countless occasions people coming to Brownfield have been forced to land at Lubbock or Big Spring and drive in, rather than fly in.

The Civil Aeronautics Board standards of air service availability calls for 300 passengers a month, 150 going both ways.

A CAB directive says, "No longer will any community with an adequate airport, an aggressive Chamber of Commerce and some political influence be virtually assured of scheduled airline service." Under this new law permanent certification will be given only to those intermediate route points generating a minimum of five passengers enplaned per day.

The legislation is the result of the Federal Government's notice that it is anxious to be rid of most of the more than \$20,000,000 a year in subsidies, now being paid to local service airlines.

In other words for this side of the airport problem, it is doubtful if Brownfield could get on an airline and maintain the five passenger per day average.

But at the same time it is thought that more adequate air mail service can be acquired with a new airport. Believe it or not, but there's an average of 462.5 outgoing air mail letters placed in the Brownfield Post Office daily. That is an average of 13.3 pounds per day. Heaviest day is Wednesday with 675.

Air mail hasn't been a whole lot of help due to local mail schedules, so therefore the Post Office has never pushed it. Direct air mail service would no doubt find a heavier use of the service.

An improved, all-weather runway would be a definite asset for various companies who maintain airplanes for executive travel. Need less to say, they don't enjoy landing on a strip such as Brownfield now has. As a matter of fact, some of them just don't care about risking it. In view of such we advocate "keeping our flag up . . . and making the airport adequate."

DEMOCRATS HOLD PRECINCT CONVENTIONS—

The Wheels Start Turning Saturday

Johnson or Shivers? Or will there even be a contest in Terry county precinct conventions Saturday? If either faction of the Democratic party in the county plans on resuming the contest that waxed so hot back in 1954, they haven't publicly indicated it up to now. Everything may go peaceful like . . . and then again this is Texas.

We make our usual plea to all qualified voters to turn out for the conventions. There has been a gratifying response to this plea in the last few years. People are becoming aware of the fact that at this precinct level they get in their "say."

From this level upwards, the majority rules through the conventions. But the majority at the precinct level is composed of those voters who attend.

The poor 1954 general election turnout cost Terry county delegates. As a matter of fact, in view of the delegate strength of the largest

dozen counties in the state, the three votes Terry county will take to the State Convention won't be worth very much. But nevertheless, Precinct One will take 17 votes to the county convention on Tuesday. Precinct Two will have 11, while Three has three and Four has four. This delegate strength is based on the count of one delegate for every 25 votes cast in the general election. State delegations are determined with one for every 300 (or major fraction), and 886 voted in the 1954 general election in the county.

You can place yourself in the political picture if you'll think of it as a matter of turning wheels. You are a spoke in a little wheel (the precinct convention), that in turn drives a larger wheel (the county convention). The State and National conventions follow, and all turn at the rate the little wheels turn.

Get in your lick by being there Saturday afternoon!

POLITICAL POWER IS NO BARGAIN

By George Peck

(EDITOR'S NOTE: George Peck is Chairman of the Board of the National Labor-Management Foundation and Executive Editor of its official publication, PARTNERS.)

"There is no such thing as cheap government electricity." That statement was made by Harlee Branch, Jr., president of the Georgia Power Company and president of the Edison Electric Institute, at a special press conference held in Chicago on March 29. "There is only underpriced government electricity," he added.

The utility executive pointed out that in 1955 the investor-owned electric companies paid more than 1 billion 600 million dollars in taxes, that Federal income taxes alone exceeded 1 billion dollars and that the remaining 600 million was paid to State and local governments.

"These levies took 23.6 cents of every dollar our customers paid in their electric bills," Branch asserted. "On the other hand," he continued, "no Federal project pays any income tax, and only two, Hoover Dam and TVA make any payment in

panies. Federal and local tax authorities would have received in 1955, 400 million dollars in revenues."

To the oft-repeated and fallacious contention of the political power advocates that private industry cannot supply the electric power needs of the nation, Mr. Branch stated a fact. That fact is that while investor-owned companies have consistently met their obligations to keep power supply ahead of demand, areas dependent upon political power for their electric service have been subjected to one power shortage after another.

In spite of our record, as against the government's record of too little and too late, the myth of abundant power from government hydro-electric projects is firmly implanted in the minds of many Americans who have no suspicion that they are being duped," Mr. Branch charged. "The public must be educated to the falsity of this claim."

In substantiation of Mr. Branch's statement that private-investor owned companies have taken care of power needs in their areas and that they can continue to do so, let me cite just a few of the many instances of recent expansion by private companies to cope with present and future demands:

Within the past year, Detroit Edison Company launched the world's largest turbine-generator plant—a 260,000-Kilowatt machine—at River Rouge, Michigan. A second unit—is planned for 1957. Consolidated Edison Co., Inc. of New York plans to expend \$650 million during the next five years for expansion of electric, gas and steam generating facilities. This company, serving the five boroughs of New York City and part of adjoining Westchester County, spent \$95 million for expansion in 1955 and \$120 million will be spent this year.

Arizona Public Service Company recently completed a plant which adds 200,000 Kilowatts to its capacity. In a rapidly-developing area, this company is keeping pace with power demands—at no cost to the taxpayers in either Arizona or the other 47 states.

The Kansas City Power and Light Company, keeping abreast of present and future demands, opened a 332,000-KW steam-electric generating plant at Hawthorn, Missouri, last year.

And so it goes throughout the United States. Space does not permit citing the many other instances of investor-owned companies that are meeting the power needs in the areas they serve—at no cost to the taxpayers.

In view of all this evidence what leg do the political power zealots have to stand on? The investor-owned companies have the situation well in hand, they have planned ahead to keep it well in hand. Political power, in many instances, has achieved no such enviable record. Why then this clamor to put the Federal Government further into the power business, especially when it has been clearly demonstrated that political power is no bargain?

George Peck

Highlights and Sidelights FROM THE State CAPITOL

By VERN SANFORD
Texas Press Association

AUSTIN, Tex.—If you have a bit of imagination, you can see a huge "help wanted" sign hanging over the capitol dome.

Some mighty important jobs are to be filled. Salaries range up to \$25,000 a year. And some of the jobs are as yet unclaimed.

Top job of course is that of Governor. It is a two year job paying \$25,000 a year. The incumbent, Allan Shivers, has announced his resignation.

Next highest in the pay bracket is that of Attorney General. There is a vacancy there too. John Ben Shepperd also is resigning Jan. 1. The pay is \$20,000 a year and it is a two-year job.

There are four good jobs at \$17,500 a year. These positions include: Land Commissioner, Comptroller, Treasurer, and Railroad Commissioner. Here the incumbents, J. Earl Rudder, R. S. Calvert, Jesse James and W. O. Murray, have either little or no opposition. Just ask for it and the job is theirs. They are in like Flynn, unless other job applications arrive before the May 7 deadline.

There are several \$15,000 jobs available, such as Agriculture Commissioner, three places on the Supreme Court, and one on the court of Criminal Appeals. The Agriculture Commissioner's job is another two-year contract, but the court jobs are for six years.

Ag Commissioner John White hasn't said whether or not he wants to be re-hired, but most of the Justices have. Re-applying are R. W. Calvert and Meade Griffin on the Supreme Court, and W. A. Morrison on the Court of Criminal Appeals.

Not an applicant for re-hiring is Supreme Court Judge Will Wilson. He has filed for John Ben Shepperd's job, as attorney general. It pays \$5,000 more a year.

Then there are nine places on the Court of Civil Appeals, each paying \$12,000 a year. Most of these incumbents are seeking a renewal of their contracts.

Jobs of 15 State Senators expire too, along with 150 House Members. These are just part time jobs paying \$25 a day for 120 days, normally only ever other year. The Senate job lasts four years, however, to the House's two.

Along with the House and Senate jobs is that of Lt. Governor. His salary is the same as the legislator's. Ben Ramey who now holds the position says he likes the work and would like to be re-hired.

Because most of these jobs pay well and carry with them honor and recognition, there is a penalty attached. You have to pay to apply, and the application fee is in proportion to the salary. Unfortunately you don't get a refund if you aren't selected for the job. This discourages a lot of applicants.

Those filing for the Governor's job pay an application fee of \$1,250; for Attorney General, \$1,000; Land Commissioner, Comptroller, Treasurer, Railroad Commissioner, \$875; Agriculture Commissioner, \$750 — and the same for Judges of the Supreme Court and the Court of Criminal Appeals. Civil Appeals Court Judges pay a fee of \$600, as does the Lt. Governor.

Applicants for House and Senate jobs pay \$1 to \$100 per county, the amount being determined locally.

There are several other jobs of a similar nature opening soon—such as that of Congressman-at-Large. The application fee for this post is \$1,125. Martin Dies has the position now. Incidentally, it is the highest paying job next to the Governor's. Salary is \$22,500 a year with a two-year contract.

Texas has 21 Congressional job openings coming up too. Salaries are the same as Congressman-at-Large, but the application fee is less. It varies with each area. These are two-year jobs.

Another job opening possibility is that of U. S. Senator from Texas. Here there are some "ifs" attached. If Price Daniel resigns — and maybe Lyndon Johnson too. Both are campaigning now for other openings — Daniel for Governor and Johnson for President.

U. S. Senators draw \$22,500 a year for six years; filing fee \$1,125.

Applications for statewide jobs are filed with George W. Sandlin of Austin, chairman of the State Democratic Executive Committee.

If you want to apply for any one of these positions, you'll have to file your application not later than Monday, May 7, and pay your application fee not later than May (See HIGHLIGHTS, Page 5)

Earl M. Hughes, CSS administrator, said the new controls should "result in a more competitive and realistic relationship."

Hughes said the broadened export program, announced April 17, with the new support program was a "constructive start toward regaining a fair and reasonable position for U. S. cotton in the world market."

Lloyd Hahn, farming 1/2-mile west of Brownfield, told Wednesday of the good season he has had with Austrian winter peas, which he planted (broadcast) in late September of last year, following grain harvest. Vetch preceded the grain sorghum.

Hahn said he fertilized the peas with 200 pounds of 16-20-0 and irrigated them twice. On March 30, the peas were clipped, yielding 13,600 pounds of top growth and 6,800 pounds (estimated) of roots to the acre.

The peas were clipped again the 12th of this month. The yield: 27,225 in tops and 13,612 (estimated) in roots. Total first clipping: 20,400 pounds. Total last clipping: 40,837 pounds. Daily

Disorder Ranks Second As Cause of Accidents

Disorder ranks second only to poor judgment as the cause of accidents. A recent study of hospitalized home accident cases disclosed that one out of every five was put there by disorder, says F. C. Martin, administrative assistant for the Texas Agricultural Extension Service and chairman of the Texas Farm and Ranch Safety Committee. Farm and city dwellers alike can add to the pleasure of living by giving their farmsteads and homes a thorough spring cleaning. Martin suggests the elimination of all fire hazards as a logical starting point. Trash, such as papers, old rags and rubbish are fire feeders and make flames more difficult to control. Volatile fuels, paints, cleaners and insecticides should not be stored in the home. Check electrical wiring.

ALL GROUND IS HOLY GROUND!

GO TO CHURCH

MAY 6th

SOIL STEWARDSHIP SUNDAY

THE BIBLE TELLS US THAT MOSES, after tending sheep in the wilderness for 40 years, in close communion with God and nature, came one day upon a flaming bush. Through his amazed enchantment, a voice was speaking, "Take Off Thy shoes, Moses, for the ground on which you stand is holy ground." This particular piece of ground was no different from that five or fifty feet away or any of the land of the earth; but GOD had chosen this man and this moment to reveal a great and eternal truth; All ground is holy ground. The plot of land which is home, the sweeping prairies, the broad plains, the majestic mountains — all ground is holy when it becomes the happy home of the beast of the field, the birds of the air and the children of Men.

Man holds a stewardship of the land. It is his duty to conserve and protect this land for his own use and for future generations. We all have a stake in the soil.

South Texas Convinced Tree Plowing Doesn't Cost Them—It Pays Dividends

By BOB COOKE

PEARSALL — Farmers, ranchers, business men and others living in areas of Texas heavily infested by mesquite and other undesirable brush are being drawn to the Frio and Atascosa Soil Conservation districts, like wasps to a watermelon cutting.

All of them are men interested in their own economic situation or the agriculture and livestock conditions of their own areas.

It all started about a year ago when Jack M. Fletcher, Pearsall work unit conservationist of the Soil Conservation Service and district cooperators decided that it was practically a waste of time and money to stop at just clearing mesquite, black brush and other obnoxious plants off bare rangeland.

Landowners had tried chemicals, chaining, hand grubbing and some tree-plowing. Effectiveness of chemicals in controlling brush was reduced by five to seven years of drought. Pastures stayed bare while most of the scant rainfall hurried into the rivers and sloughs.

Start Reseeding

A few aggressive ranchers followed up tree-plowing with aerial grass reseeding. Generally they were not able to get the plane seeders in to do the work before the land settled back and sealed over.

Fletcher and the contractors perfected a seeder that plants grass at the same time the land is plowed. They used the seed box and mechanism of a regular farm planter and one made es-

MYSTERY-FARM NO. 35 — Some 15 persons were quick to telephone the News-Herald office last week to say that MF34 belongs to Ray Steele, son of Mr. and Mrs. George Steele of 1204 East Lons. The MF shown above also is located in Terry County. Do you know . . . ? If so, why not telephone (2188) the NEWS. Chances are you might win two tickets to any one of the four Jones theaters.

pecially for small seed. The seed from these two boxes drop into a chamber through which part of the exhaust of the tractor is bypassed. This expels the seed so that they fall just behind the blade of the plow.

Rangeland plowed and reseeded with such rigs have produced some astonishing results. These are the results that are drawing owners of brush infested land to the area.

along with others who have a stake in agriculture and livestock.

Increased Forage Yields.
On much of the rangeland in the Frio and Atascosa SCDs, the average forage yield was an eighth of a ton to the acre per year. Stockmen were paying a \$1 an acre lease for such land. They were paying \$8 for each ton of grass.

Research has shown that 100 pounds of grass is required to produce a pound of beef. A ton of grass was costing the stockman \$8 from which he was getting only 20 pounds of beef. He was paying 40 cents for each pound he put on his steers.

Landowners who tree-plowed and reseeded with blue panic paid the contractor \$10 an acre for plowing and \$2 to \$3 an acre for

panic and bushel seed. Assuming he was leasing he paid another \$1 an acre for the lease or \$13 an acre. From March to August 1955 many of the plowed and seeded pastures produced an average of nine tons of forage to the acre on eight inches of rain. That meant he was paying \$1.44 a ton to produce a much higher quality grass and reducing his cost of a pound of beef from 40 cents to a little more than 7 cents a pound.

Figures Talk

These are figures that any hard-headed farmer or business man can understand.

Landowners who previously objected that they could not afford the initial cost of plowing and seeding now say they don't see how they could afford not to.

Costs range from \$12 to \$15 an acre, with the Agriculture Stabilization and Conservation program paying 50 per cent of the tree-clearing.

Mesquite and brush infestation in the area is comparable to that in the Abilene and other West Central Texas areas. While the soil type generally is deeper and sandier than much of that in West Central Texas, these practices have been applied on soil similar in type to that in the Abilene country.

Normal rainfall for much of this area is 25 inches, comparable to that in West Central Texas. Rainfall here last year was 15 inches. Much of the growth on 1955 seedlings was made on eight inches of (See SOUTH, Page 6)

THE CHURCH POINTS THE WAY

Thousands of columns have been published in American newspapers about juvenile delinquency. Investigations have been held in scores of cities, and many witnesses have been called in an effort to find the cause and the cure.

In all this sudden excitement little has been said about the lack of religion in the homes and hearts of these thousands of unfortunate youths. Far too much emphasis has been placed on inadequate play facilities, too little discipline, too few policemen, etc.

Juvenile Delinquency is primarily a moral and religious problem. Neither jail nor playground, as necessary as they are, will do much to foster love, goodwill, self-respect and charity in the heart of a person. The development of love and charity in the life of a youth needs constant day by day cultivation. But how can a parent properly train a child if that parent has had no religious or spiritual training or background and lives a selfish and faithless life? How can a parent teach a youth the fundamental spiritual values if that parent does not even attempt to live an exemplary life and does not admit his or her dependence upon God, our creator?

Down through the ages the Church has been the bulwark against crime, sin and evil. Those who would solve the problem of delinquency in young or old should seek the way of the Church, for those who need spiritual healing should seek spiritual treatment. The Church stands ready to help parent and youth alike.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself. For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Confinement Rearing Of Pullets Endorsed

The confinement method of rearing the replacement laying flock has certain advantages over the range method and during recent years has grown in favor with Texas poultry producers, reports Bob J. Griffin, assistant extension poultry husbandman.

Research, experience and observations, say the specialists, show that producers who use the confinement method have less trouble from parasites, both external and internal; have less money tied

Calif. and New York Tops in Mutton Buying

Over half of the lamb and mutton produced in 1954 went to New York, California and Massachusetts, according to a recently issued report from the U. S. Department of Agriculture.

New York and California each received more than twice as much as any other state, about 24 and 21 percent, respectively, of the total available supply. The data for the study were obtained from a survey of meat packers in cooperation with the American Meat Institute, National Independent Meat Packers Association and Western States Meat Packers Association, Inc.

up in land and buildings; lower labor requirements; fewer birds lost to predatory animals and the expense of planting and maintaining a good range is eliminated.

The man who works the longest hours is not necessarily the man who gets the most done.

Highlights —

(Continued From Page 2)

State Senators and Representatives and applicants for the U. S. Congressmen file in each county in their respective districts.

These jobs differ radically from labor and industry posts in that the job holder must again and again if he wants to keep the job indefinitely. And he must compete with all comers. Of course the application fee is just the beginning of the expense of getting the job. Also there are more bosses than employees, because the public, after all, has not only the first but the final say.

However, the pay is good, and there is a guaranteed annual wage. Personnel will be selected in July, August and November — with the public making the selection.

POLL TAXES INCREASE — Texas potential voting strength hit an all-time high this year. According to the state comptroller the 1956 total ran 2,410,188. Previous record was 2,338,261 in 1952.

PRECINCT CONVENTIONS — Saturday will tell the story on who controls the Texas delegation to the national Democratic convention. Large turnouts are expected at precinct conventions. Tension is mounting as spokesmen for each faction barnstorm the state. In some cases rival rallies have been held in the same town only hours apart.

Probable key to the outcome lies in the way some 10 or 12 counties go. These are the ones in which major cities are located. They control about 1,000 of the state's 1,898 delegate votes. Harris County (Houston) alone has 270. But rural counties are not being neglected. In a photo finish — not unlikely — they might make the difference.

BAR PROPOSES REFORMS — Three measures, aimed principally at limiting activities of lawyers in the legislature, are proposed by the State Bar of Texas: (1) Raising legislators pay to \$50 a day for a 120-day session; (2) Prohibiting any legislator or candidate from appearing before any state agency; (3) Abolition of the automatic continuance of law suits for which legislators are employed as counsel.

CREDIT INSURANCE RATES

HD CLUB WOMAN—When Mrs. Homer Dunn of Pool community recently entertained fellow members of the Pool Home Demonstration Club, she had some assistance from two granddaughters. From left, they are Brenda Seaton, 2-year-old daughter of Mr. and Mrs. Brad-

ley Seaton of Lubbock; Mrs. Dunn, and Mary Jo Jones, 6-year-old daughter of Mr. and Mrs. Carol Jones of Dimmitt. Mrs. Dunn is one of several hundred Terry women actively engaged in HD work. (Staff Photo)

LOWERED — Texas credit insurance purchasers stand to save more than two million dollars a year as a result of rate changes made by the Insurance Commission. Rates were reduced approximately 10 per cent by the Commission.

CITY TOTEM — Victoria, B. C. — This Vancouver island city is planning on having the world's tallest totem pole in its backyard. A 150-foot cedar tree from a

forest north of here is to be used. An Indian father-and-son team have the carving job. The finished totem will be erected on a prominent headland overlooking the Strait of Juan de Fuca.

Hale Center Youth Is Texas' Top 4-H Boy

The outstanding 4-H boy for day, said four-square means that 1956 in Texas is Wesley W. Massey, the two young people have excellent records in school and community activities, scholastics, leadership and character development.

More of the Weight is Where It Counts

Notice how the exclusive John Deere two-cylinder design places more of the total tractor weight over the drive wheels to give you maximum traction and make every ounce of power, every drop of fuel count more. In addition, a John Deere has more built-in weight to take the punishment of hard work... less added weight is needed to obtain maximum drawbar horsepower.

Exclusive weight distribution is only one of many features that make a John Deere "50," "60," or "70" Tractor your best buy. There's Power Steering... 3-Point Hitch... "live" Powr-Trol... "live" Power Shaft... and many other outstanding features we'd like to demonstrate for you.

Any way you figure it..

Ford Trucks Cost Less!

Ford costs start low—Ford costs stay low...

The pay-off is in the payload! New Ford 3-600 tandem-axle model lets you carry up to 3,000 lbs. more payload than most other 6-wheelers. GCW 65,000 lbs.

More loadspace than any other 1/2-ton pickup—up to 19 cu. ft. more! New Ford F-300, GVW 5,000 lbs., now offers full 8-ft. box. 6 1/2-ft. box is standard.

Certified studies show Ford Trucks last longer than any of the other four leading makes

Compare Ford model for model with any other truck line and you'll find that, based on factory-suggested list prices, Ford has more models priced under competition.

But low initial cost is only one of the reasons why Fords cost less. Take resale value—it stays high, thanks to the demand for used Ford Trucks. Take operating costs—no other trucks give you the dependability of Ford's rugged chassis design with the gas and oil economy of a modern Short Stroke engine. Only Ford gives you a Short Stroke engine, V-8 or Six, in every truck—and at no extra cost.

Ford Trucks cost less to maintain because they last longer. There are plenty of reasons why. Ford Pickups, for example, have the highest combined front and rear axle capacity in the half-ton field. Ford Heavy Duty engines have sodium-cooled valves that last up to five times longer because they run up to 225 degrees cooler.

When you take everything into consideration, you'll agree it costs less to own a FORD Truck. Before you buy any truck, see your Ford Dealer.

FORD TRUCKS LAST LONGER

Certified by independent insurance actuaries for the ninth consecutive year! Studies of over 10,000,000 current license registrations show that Ford Trucks last up to 9.9% longer than any of the other 4 leading truck makes!

 rainfall.
 Thursday we accompanied W. J. Davis, Pearsall work unit conservationist; Jack Stevens, Pearsall SCS soil scientist; Jack O'Dell, Western Cottonoil's Valley representative; and James F. Dominy, Abilene work unit conservationist on a tour of farms and ranches where tree-clearing and reseeded practices have been or are being applied.

On the J. R. Marsh 325-acre farm a D9, one of the biggest caterpillars built, was clearing and seeding 80-acres. Marsh said he was paying \$8 an acre for the plowing, half of it borne by ASC and \$1 pound for 2.5 pounds of buff-grass seed to the acre. He said the 80 acres was not now producing enough grass to sustain one animal unit.

Doubled Capacity
 John S. Brodovsky doubled the carrying capacity on 640 acres rootplowed and planted in panic

two pounds to the acre, between the first of March and July 15. He had 12 inches of rain during May and June. Prior to plowing and seeding he ran 30 to 35 head of cattle, about 20 head of mature cattle, to the section. July 15 he had 70 head on a section. The 1955 crop residue was still shoulder high.

About the same history of increased carrying capacity was repeated on the farms and ranches of Tom Nowlin, Miss Ann Burns and Ernest Sadler. Sadler increased his yield from an average of 100 pounds to the acre to nine tons on a gravelly ridge and 17 tons in deep sandy loam. He estimated the project increased the value of his land from \$35 an acre to \$100 an acre, a price he recently received for 82 acres, less the minerals.

Miss Burns, a gracious hostess said the carrying capacity on 96 acres of land rootplowed on the ranch was increased from one unit to 40 acres to one unit per 10 acres.

FFA CONTESTANTS — The first annual soil judging contest, held here last Thursday and sponsored by Terry Soil Conservation District, attracted 36 FFA youths from throughout the area. From left in the picture above are Laylan Tipton of the Levelland Future Farmer chapter and David Swinford of Friendship (Wolforth) FFA group. (Staff Photo)

Seniors Lead On HS Honor Roll

Seniors led the fifth sixth week honor roll announced by Principal Byron Rucker at Brownfield High School this week. Seventeen seniors, fourteen juniors, twelve freshmen and ten sophomores were listed.

Those named included the following:

Freshmen: Mary Jo Christian, James Turner, Sue Harlan, Jesse George, Forrest Kuykendall, Patsy Curry, Sammie Chambliss, Johnny Willis, Kenneth Willis, Phyllis Seaton, Ann McBurnett, Ann Daugerty.

Sophomores: Kenneth Cary, Mary Jane Brownfield, Jack Purcell, Bill Walker, Shirley Bingham, Jimmy Wood, Robert Conlee, Clarice Cornett, Sue Shewmake, Norma Lee Meeks.

Juniors: Janel Bragg, Bill Smyrl, Mary Waters, Linda Moore, Carole Johnson, Donna Christopher, Roy Snow, Theresa Stephens, Jerry Sue Estes, Carolyn Burnett, Doyle Higgs, Gail Walls, Gail Cottrell, Janith Spears.

Seniors: Wanda Cornelius, Virginia Godwin, Melba Willis, Thad Risinger, Mary Ann Holmes, Pat Bonner, Cecil Blankenship, Ann Griggs, James Szydoski, Glenda Jones, Virginia Denson, Shelby Thompson, Linda Harrell, Donna Newsom, Josephine Grissom, Carolyn Crites, Virgil Hughlett.

Take care of your health and your health will take care of you | Every year is Leap Year to the pedestrian who expects to live. | Being tired often often causes people to be broke often.

Be sure of a stand of small grain... **KILL ALL SPECIES OF WIREWORM WITH A SINGLE**

dieldrin seed treatment

NEWLY SEEDING FIELDS make good feeding grounds for true and false wireworms and other soil insects. If there is not enough moisture in the soil to permit quick sprouting, seeds are vulnerable to insect attack for several days. But the threat of wireworm damage should be recognized at all times.

A dieldrin preventive seed treatment is a sure way to protect small grain seeds until they sprout.

LOW-COST PROTECTION

It costs just pennies per acre to treat seed with dieldrin, but dollars are lost to feed the wireworms untreated seed! A dieldrin seed treatment prevents "spotty" stands... eliminates the expense of time and money for re-planting or sowing extra seed for the wireworms to feed on... assures you of a longer

grazing period. And dieldrin does not harm plant development.

COMPATIBLE WITH FUNGICIDES

Dieldrin is compatible with fungicides... can be applied at the same time to save the expense and work of a double treatment. You can buy dieldrin-treated seed from your seed dealer, or treat the seed yourself. Dieldrin can be applied as a slurry, dry, or in a grain drill. A convenient method is to apply dieldrin to the seed in the grain drill as you plant. Follow directions on the label for the particular formulation you buy.

LESS WORK AT PLANTING TIME

Seed can be treated now and stored until planting time. Dieldrin eliminates the rush of treating seed and planting within a few days. Dieldrin formulations are available throughout the small grain growing area. See your local supplier.

Beef And Onions Head Production of Broilers List of Plentiful Foods Zooms Upward in Texas

The supplies of beef and onions in the southwest area are so plentiful that the U. S. Department of Agriculture has given them the feature spot on the May plentiful foods list.

Beef production is running from 15 to 20 percent higher than last year at this time and wholesale beef prices are averaging 10 to 15 percent lower.

With the acreage planted to early spring onions averaging a third more than last year, a bumper crop is now moving into marketing channels. Shipping point prices are about half what they were at the same time last year.

Other foods plentiful in this area include broilers and fryers, milk and other dairy products, grapefruit, dates, canned and frozen cherries, rice, peanuts and peanut butter, lard and dry beans.

Back in 1950 Texas produced about 33.4 million broilers. Two years later the 50 million mark was passed and the 1955 production went to 79 million birds. For the first 12 weeks of 1956 broiler placements are running 24.4 percent above the figure for the corresponding period of last year, and if the present placement rate should continue, the 90 million mark could be passed in 1956, says Kermit Schlab, extension poultry marketing specialist.

Grubs Cause Extensive Damage to Lawns Now

The lawn is a favorite spot for beetles to lay their eggs and for their young to hibernate over winter. The effects of their eating during the winter will show up in the lawn as patches of dead

or dying grass now that warmer weather has started plant growth, says C. G. Garner, assistant extension entomologist.

If the lawn has a ragged appearance and is brown in spots and handfuls of dead or dying grass can be pulled up by the roots, better check for white grubs, says the specialist. White grubs, he explains, are the larvae of beetles which spend the early stages of their life cycle underground and are not visible feeders.

Cadillac

Spring Tonic That Lasts All Year!

His heart is light and his eyes are bright this morning—for he's greeting the spring at the wheel of a 1956 Cadillac.

Springtime comes and springtime goes, of course—but the thrill of his Cadillac will go on and on—month after month and year after year.

And what a thrill it is!

First, there's the sheer satisfaction of owning the "Standard of the World"—the undisputed leader in all that makes a motor car a joy to possess and a pleasure to utilize.

Then there's the thrill of driving it—with its smooth, powerful engine—its easy, positive steering—and its big, soft, authoritative brakes.

There is the contentment that comes with Cadillac's amazing economy.

The first cost of a Cadillac is surprisingly modest—upkeep, over the years, is unbelievably low—and operating costs rival those of any car.

—And now, in all modesty, may we speak of one other satisfaction he enjoys as a Cadillac owner?

We believe that, throughout the years of his ownership, he will be as pleased with us, as his dealer, as he is with the wonderful car itself. It is our constant endeavor to treat our customers as they are entitled to be treated as owners of the world's most distinguished car.

Why not come in some day quite soon—take a demonstration drive at the wheel—and arrange to greet the spring in a Cadillac of your own?

We think you'll be surprised and delighted to learn how much your present car is worth in trade—and to find how quickly you can obtain delivery on the Cadillac of your choice.
