

**FIRST DAYERS**—The swimming pool in Terry County Park was dedicated formally Friday night. It was opened to the public at 10 a.m. Saturday. On hand was the group of youngsters shown above. From left, they are Joyce Wilson, Carol French, Janelle Eastham, Martha Rogers, Donna Rogers, Paul Rogers, Johnny Knox and Billy Liles. "The water's fine!" they echoed each other. (Staff Photo)

**Beta Theta Chapter of ESA Holds Model Meeting For Members, Pledges**

Beta Theta Chapter of Epsilon Sigma Alpha sorority held a model meeting at 7:30 p.m. Tuesday at Nick's Cafe. Mrs. Alfred Gore was hostess. Refreshments of pie and coffee were served.

Mrs. Jimmy Billings, president, conducted the meeting. Each officer outlined her duties of office, and committee chairman presented reports.

Mrs. Jack Browder of Lubbock gave the scope and history of ESA, and Mrs. Morris Lowe of Plains, district co-ordinator, spoke on ESA.

Pledges present were Mmes. Delwin Stults, Erd Johnson,

R. T. Wilson, Bob Callaway, Gordon Newsom, Jon Cowsar, and Miss Von Herring.

Members attending were Mmes. J. C. Jennings, Billings, Fore, Steele Bayless, Joe Haynes, Pat Hipp, Barney Vachal, Dale George, and Misses Gladys and Wanda Swain.

The district meeting will be held in Brownfield July 15, and a tea will be given at 2 p.m. at the Community Club House, with Beta Theta chapter as hostesses.

Mrs. Billings reported on her attendance at the international convention held in Albuquerque, N. M. June 8-10.

**Mrs. Harlan Glenn Is Hostess to Gala Club**

Gala Bridge club met in the home of Mrs. Harlan Glenn June 5.

Mrs. R. N. Lowe was high player and Mrs. Harry Cornelius was second high. Mrs. Herbert Chesshir and Mrs. Burton Hackney binged.

An ice box dessert and coffee were served to the above and Mesdames Orb Sice, J. O. Rodgers, Leonard Chesshir, and Eddie Ballard.

**Miss Schuffert, Mr. Fleming Wed**

Miss Coral Patricia Schuffert, daughter of Mrs. Helen Schuffert, 608 E. Main, became the bride of Kenneth Fleming, son of Mr. and Mrs. Walter Puryear, 606 Tahoka Road, in a double ring ceremony read in Lovington, N. M. May 30. Rev. Leon Rice, minister of the First Baptist Church, officiated.

Miss Evelyn Fulson was maid of honor. Best man was Johnny Montgomery.

The bride wore a white lace dress with white accessories.

The couple attended Brownfield High School. The bride has been employed with the Brownfield State Bank and Trust Company and the couple will live in Hobbs, where the groom is employed.

Beta Theta chapter won first place on their scrapbook, which also took first place at the state convention last month. Also, the state ESA organ, The Tesan, which was published by the Brownfield chapter, won second place. Beta Theta's sister chapter, Iota Pi of Plains, won second place on their scrapbook at International, Mrs. Billings reported.

**W. M. S. Will Have Special Program**

The Women's Missionary Society of the First Baptist Church met in circles this week for Mission Study, with a fair attendance reported.

A special program on Ministerial Relief has been planned for Monday, June 18, at 4 p.m. at the church. Each year at this time, all Southern Baptist pay tribute to retired ministers and their families who have so faithfully served the Lord through the years.

In 1918, at Hot Spring, Ark., the Board of Relief and Annuity was established by the Southern Baptist Convention, with headquarters in Dallas. The purpose was to provide a reasonable degree of protection for the ministers of the gospel after they retire from active service, their widows, and orphan children. It is helping ministers provide for retirement by several different saving plans. It receives help through the cooperative program. The Women's Missionary Union has had a part in this effort through prayer and giving.

The nursery will be open, and all members are urged to attend.

Sherry Gay, born June 7, 1:30 p.m., weighing 8 lb 5 oz., to Mr. and Mrs. Roland Ralph McNeil, Rt. 5.

Ricky Don, born June 10, 12:35 p.m., weighing 7 lb 10 oz., to Mr. and Mrs. Darrel Dwight Lewis, 115 North A.

Donald Charles, born June 12, 10:10 p.m., weighing 8 lb 1 oz., to Mr. and Mrs. J. C. Billington, Rt. 3.

**In Lubbock Hospital**  
A daughter, born June 9, 11:24 a.m., weighing 8 lb 4 oz., to Mr. and Mrs. Alfred Erwin Jr., Brownfield.

A daughter, born June 12, 6:53 a.m., weighing 7 lb., to Mr. and Mrs. James M. Rowden, Brownfield.

Carl Reistle III returned to his home in Houston this week after visiting in the home of his uncle, Al Muldrow, and family.

Mrs. T. L. Patterson of Chicago, Ill. was a visitor last week in the homes of Mr. and Mrs. Jack Bailey and Mr. and Mrs. J. E. (Buddy) Gillham.

**Challis Personals**

The Women's Missionary Union met Monday at the church for a Bible study, with Mrs. C. S. Carroll leading. There were eleven adult

members and seven Sunbeams present. Mrs. E. N. Corley's family enjoyed a family reunion at the park Sunday, June 10, with all ten brothers and sisters present. Those attending were Mr.

and Mrs. B. E. Lloyd, of Roswell, N. M., Mr. and Mrs. Walter Jones of Coleman, Mr. and Mrs. Claud Jones of Tarrant, Mr. and Mrs. L. O. Cullers of Culver, Okla., Mr. and Mrs. Jinks Jones of Roswell. See CHALLIS, Page 8

# Rotary Yanks Meet JC Braves In Little League Battle Tonight

By HAL ROCHE  
of KTFY

When the Rotary Yankees cross bats with the Jaycee Braves, in the second game at Lion's park tonight, the winner will hold undisputed possession of first place in Brownfield's Little League baseball circuit.

The two teams now share the lead with seven victories and one defeat apiece. Next week will mark the end of play in the first half and it is highly probable that tonight's winner will walk off with first-half honors. These two teams have met once this season, May 25, with the Yankees taking a 3 to 1 decision in what was one of the best played games thus far.

Leon Speed of the Braves and Woody Harbin of the Yankees tied up in a pitcher's duel in that game with Speed allowing the Yankees but 4 hits while Harbin held the Braves to 3 bingles. The big and deciding hit in that game came off the bat of catcher Floyd Tucker of the Yankees as he blasted a third inning home run with two mates aboard to give the Yankees a three-run lead after three innings.

The Yankees picked up another tally in the fourth to conclude their scoring for the day. The Braves picked up single runs in the fourth, fifth and sixth innings for their days scoring. A look at the crystal ball reveals that the same two pitchers will face each other in this afternoon's duel.

Pitcher Woody Harbin, of the Yankees, has been at the Boy Scout encampment near Menard all this week and at 8 a.m. this morning Coach Arlie Lowrimore left Brownfield enroute to Menard to return his ace in time for the game. As you read this the Mayor and his ace may be hurrying to Lions Park in order to arrive on time.

Since the last edition the Braves have defeated the Indians, 14 to 10; the Yankees

See YANKS, Page 8

AMERICAN LEGION'S TEAM — Just before they handed Morton a 14-12 whipping Tuesday, the American Legion baseball nine of Post 269 posed for a picture. From left standing, they are Coach Farris Nowell, Eli Garcia, Howard Hungerford, Alton Newsom, Kenneth Willis and Manager J. B. Huckabee. From left front: Jerry Tune, Claud Lee, Leon Willis, Mike

Hamilton and Robert Wright. The 269'ers beat Amherst, 13-2, to begin their season. Last week, however, they dropped one to Levelland, 16-12. The team will play five home games—tickets for the season are being sold by all legionnaires at \$1 each. (Staff Photo)

YES SIR—Judge Herb Chesshir shows the boys how he managed a curve back in those days when his left wing was a little younger. On the left, of the southpaw Judge who hurled the first pitch for the Junior League season, are Pirates Leslie Bryant and Wayne Boroughs. The Dodgers are Robert Pruitt with Bobby Bullard in front.

## Milwaukee Braves Will Conduct School at Alpine

The Milwaukee Braves will conduct a four-day baseball school in Alpine for the third straight year and this school is scheduled for June 28, 29, 30 and July 1. Braves' Farm Director, John Mullen, made this announcement today. The school again will be held at Kokernot Field, home of the Alpine Cowboys and also the home field of the Sul Ros College "Lobos".

Mullen also announced that the Braves' instructional staff will comprise Earle Halstead, chief scout of the State of Texas, and baseball immortals, Paul Waner and Billy Southworth. The ever-popular Waner will be making his third appearance in Alpine and Southworth his second.

Waner, one of the greatest hitters in baseball history and member of the Hall of Fame, currently is hired by the Braves as batting instructor of the Milwaukee Braves and all of their minor league players. During his career, Waner totaled over

3,000 hits, led the National League in batting three years. He still holds a number of all-time batting records.

Southworth, long regarded as one of baseball's outstanding managers and keenest baseball minds, now scouts for the Braves. Billy is also one of the instructors at the Braves minor league training camp each spring. The St. Louis Cardinals, under Southworth, won three National League pennants and two World's also led the Boston Braves to the National League crown in 1948.

Regulations governing attendance of the school include the following:

All boys between the ages of 16-22 (inclusive) are eligible. Each boy attending the school must furnish his own shoes, gloves, and uniforms. The Braves will furnish the baseballs, bats and catching equipment.

A boy eligible for American Legion Baseball must acquire

written permission from his coach or the commander of the American Legion post he plays with or the Post he is eligible to play with.

Signed players (under professional contract with another organization) are not eligible to attend the school.

Headquarters for the school will be at the Holland Hotel in Alpine.

Reporting time each day will be 9 a.m. at Kokernot Field, owned by the president of the Alpine Cowboys, Herbert Kokernot.

For housing information, players may contact the Alpine Chamber of Commerce.

### ML's Oilers Blast Senators, 9 To 4

In an extremely well-played ball game Wednesday, the Minor League's Pampa Oilers defeated the Austin Senators, 9-4. There were only three errors committed in the entire game, one by the Oilers and two by the Senators. The Senators gathered 6 hits, while the Oilers had but one.

The Minor League is composed of boys from the ages of 8 to 12, and they play every Wednesday and Saturday evenings.

The Senators are managed by J. R. Blackburn and coached by Lonnie Drewry. The team members are: John Blackburn, Randy Seals, Rob-

### Four Ladies Beat Pro Faye Crocker

No men golfers were able to "beat the pro" in the annual national "Beat The Pro" (Jack Fleck) day at the Brownfield Country Club last Saturday, according to Jack Mann, club pro.

Of the 18 men and women entries, four local women golfers "beat the pro". Faye

ert Verez, Floyd Ford, Joe Wright, Ronnie Drewry, Rod Moore, Billy Jackson, Doug Suell, James Brinson, Wesley Webb, Wayne Schultz, Joe Wright, Tommie Smith, Wayne Jackson, and Larry Pickett.

The Oilers are managed by M. B. Stone, and coached by Ralph Murry. The team members are: James Cabero, Kermit Henson, James Lovell, Noe Quesada, Damon Miller, Gale Gaffard, Donnie Thurman, Charlie Quesada, Johnny Blocker, Ronnie Floyd, Jemmy Blocker, Maxie Murray, Ronnie Hoy, Les Smith.

### Junior Invitational Golf Tourney To Begin At Country Club Monday

Brownfield Country Club will be hosts for the first annual Junior Invitational Golf Tournament beginning Monday, June 18, according to Jack Mann, pro, and Prentice Walker, chairman of the club tournament committee.

Qualifying will begin Monday for all boys who have not become 20 years of age before midnight June 17. Entry fee is \$1.00, and all South Plains, West Texas, and eastern New Mexico youths are cordially invited to participate.

Match play will be held Tuesday and Wednesday, June 19 and 20. Trophies will be awarded all flight winners and runners-up. A teen age swimming party, picnic, and dance will be held at the club Monday night for club members and participants in the tourney.

Mann, in a statement to the News, said that he has high hopes for such local players as Don O'Neal, Jerry Goble, Teddy Joe Hardy, Danny Powers, Jimmy Walker, Mike Ham-

ilton and Preston Glenn. O'Neal, Hamilton, Glenn and Powers were members of the Brownfield High School golf team that placed third in Conference AA state TIL play in Austin May 4-5. O'Neal was fourth in individual honors at Austin.

The tournament committee hopes to make this Junior Invitational an annual affair at the country club. All boys under 20 years of age are eligible to enter, regardless of whether or not they are members of the Brownfield Country Club.

**THINGS TO TALK ABOUT**  
BY FRANKLIN J. MEINE  
Editor, American Peoples Encyclopedia

ALTHOUGH MOST TWO-HEADED REPTILES LIVE BUT A FEW DAYS, "DUPLEX," THE TWO-HEADED SNAKE AT SAN DIEGO ZOO PASSED HIS SECOND BIRTHDAY.

New York's new approach to juvenile lawbreakers is to have them live in a forestry camp doing conservation work.

The British have a fish factory ship from which fish are caught and on which fish are prepared for the market. After an 82-day voyage it brought in 1,460,000 pounds of frozen fillets, 122 tons of fish meal and 300 gallons of fish liver oil.

ed fire-fighting to his shooting business. He designed a complete outfit of clothes—pants, jacket, gloves, helmet and shoes—and had the Johns-Mansville Company make them out of asbestos. He used to keep as many as a hundred of these suits on hand, for he might use up several in putting out one fire. Nobody knows exactly how many burning oil and gas wells Tex Thornton put out. He did not keep records. A year before his death in 1949, he estimated he had averaged one a month since 1920 and that he had saved enough gas to supply New York City for 500 years.

Thornton gave his scrapbook, largely kept by his wife, and a collection of photographs to the University of Texas, where they are now housed in the Archives Collection.

**QUEENS OF THE WADING POOL**—Holding forth Saturday in the wading pool at Terry County Park was the trio shown above. From left, they are Gay Luckey, 3-year-old daughter of Mr. and Mrs. John Luckey; Bobbie Jo Turner, 2½, daughter of Mr. and Mrs. Paul Turner; and Debra Lee Szydoski, 3-year-old daughter of Mr. and Mrs. Frank Szydoski. Entrance to the wading area of the new pool is open and there is no charge. (Staff Photo)

**TEXAS OIL PIONEER**

**Picnic Fireworks Had A Real Reaction**

(Editor's Note: Sketch compiled from records of Oral History of Texas Oil Pioneers, University of Texas. Persons who can contribute additional photographs of early oil fields should write to the Archives Collection, Box 7767, University Station, Austin Texas.)

Away back in 1901, Dr. John W. Thornton, of Toccoola, Mississippi, took his 10-year-old son, Ward, to a Fourth-of-July picnic. If the Doctor had known what the consequences of that day's celebration were to be, he would no doubt have left his son at home. For on that day his plans for the boy's future were turned upside down. He had expected Ward to go away to school when he was older and eventually to become an M. D. and return to Toccoola and succeed to his father's prac-

managed to get the hot metal dragged away, ran in and placed a charge. The flame was snuffed out, and Tex ad-

But at the picnic all this was changed. Wandering about the grounds the boy found something he had never seen before—a stand piled high with Roman candles, skyrockets, and firecrackers. He saw other boys buying and shooting, and he bought and shot until all his money was gone and he hunted up his father to beg for more. What appealed to him most were the giant crackers—since outlawed—that made a noise like a cannon. When he got home he couldn't get fireworks off his mind. He didn't want to be a doctor. He didn't know what he would do, but he knew if he could find a way to make a living shooting off explosives, that was what he would do.

He was 16 when he quit school to join a crew that was using dynamite to blast the stumps from cut-over timberland. Whether it was to wean his son from this occupation or some other reason, Dr. Thornton moved to Knox County in West Texas where there were no stumps to clear. But the wildcaters were already invading the region, and one day Ward Thornton saw a man shoot an oil well. He promptly announced he was in the well-shooting business himself, and as the big pools came in—Ranger, Burkburnett, Electra, Smackover and the rest—he soon had plenty of clients. He also acquired a new name. Word didn't seem to go with well shooting anyway and he was pleased when the workers began calling him Tex.

As he went from field to field he saw a number of fires. He saw men sweating to put them out by smothering them with steam or mud or by laborious tunneling and plugging. It occurred to him that a burning oil well might be blown out in the same way a burning candle could, provided you only had breath enough. Nitroglycerin, he figured, ought to provide the breath. His opportunity to put his theory to the test came in 1919 at Electra. When the owners of the burning well refused to deal with him, he obtained permission to make a try at his own expense. He made a sort of Mother Hubbard garment out of asbestos to protect him from the heat.

**FURR'S SUPER MARKET**

**From where I sit... by Joe Marsh**

**Just the Facts, Ma'am!**

Having a red-hot crime wave in town. Specs McGuire and Buck Hanson were caught taking money out of parking meters—again. I was at Police Headquarters when a nice old lady rushed in to report them.

"It was dark but I saw their faces in the flashlight beam," she said breathlessly. "You can't trust anybody these days!"

She got flustered when Chief Benson explained that Specs and Buck are authorized collectors—working nights after their regular jobs. "Have to get 'em uni-

forms," said Benson. "Third time they've been turned in!"

From where I sit, we ought to guard against accusing anyone of being "wrong" just because that's the way it looks to us. For instance, I've heard people talk against a neighbor because they didn't approve of his choice of beverage! (They liked tea, or something, while he preferred a glass of beer.) Be sure you have a case before you lay down the law.

*Joe Marsh*

Summer time is reunion time, it seems. All the families take advantage of the kids being out of school and the old man getting two weeks with pay to visitate the kinfolk. Anyway, it is a lot of fun and I know there have already been quite a few. In fact, my son attended one last Sunday in Coleman Park for the family of Aunt Mollie Joplin and there seem to be rumors all the time of various reunions. Ruth Thurman called me this week to tell me about the Union school and community reunion that will be held June 24th, which is on a Sunday, at the new community house. And

### 19 New Officers Installed for Brownfield Assembly, Order of the Rainbow Girls

New officers of Brownfield Assembly, Order of the Rainbow for Girls, were installed May 30 in the Blue Room of Masonic Temple.

The following officers have assumed their duties: Jean Criswell, Worthy Advisor; Gail Cottrell, Worthy Associate Advisor; Mary Joe Christian, Charity; Mary Jane Brownfield, Hope; Juana Jay Barret, Faith; Donna Sue Christopher, Secretary; Sue Steele, Treasurer; Arrilla Jones Drill Leader; Bobbie Bailey, Love; Judy Glenn, Religion; Barbara Sue Nicholson, Nature; Judy Pruitt, Immortality; Sue Goodnight, Fidelity; Brenda Grisom, Patriotism; Pat Ott, Service; Carolyn Burnett, Chaplain; Gretchen Sloan, Choir Director; Paula West, Confidential Observer, and Shirlee Lawson, Outer Observer.

W. N. (Doc) Lewis said an invocation, followed by Donna Sue Nelson, immediate past Worthy Advisor, who gave the welcoming address. Mrs. Lon Turner, Mother Advisor, introduced the installing team of Rainbow girls from the Levelland assembly.

The new Worthy Advisor explained that her color would be green and that her motto would be Loyalty. She thanked the Eastern Stars and Masons for making possible a Rainbow assembly in Brownfield.

Sue Shewmake and Donna Jane Newsom presented Past Advisor pins to Miss Nelson and Betty Criswell. Miss Barret and Miss Shewmake were presented merit pins. Virgil Bynum closed the installation with a benediction.

preceding the installation, the Brownfield girls were hosts to the Levelland assembly at a salad supper in the temple's Banquet Room.

**PAST WORTHY MATRONS** — Brownfield Chapter 785, Order of the Eastern Star, installed its 1956-57 officers June 5 in ceremonies at Masonic Temple. Installing officers comprised four past Worthy Matrons, pictured above. From left, they are Mrs. Eric Proctor, installing officer; Mrs. Florence Parker, installing marshal; Mrs. J. W. Nelson, installing chaplain, and Mrs. Ione Turner, installing organist. (Staff Photo)

### Three Girls At NM Band School

Le Nora Turner, Patsy Hulse, Patty Thomas, and Kay Kissinger are attending band school at Eastern New Mexico University in Portales, N. M. this summer.

During the summer course, a campus queen will be elected, of the five girls remaining in the run-off for the contest, is Patsy Hulse.

The members of the Intermediate and Young People's Training Union department of the Gomez Baptist Church were entertained with a picnic supper and social at the Coleman Park Thursday night. Those attending were: Buster and Jimmy Chambers; Lavon and Loyd Franklin; Elbert Landess; Larry Huckabee; Derral Verna, and Mary Helen King; Tommy Nipp; Walter Lesley, Hugh Kirby; Wesley McKee; and Barbara Britton; Emily Blackstock; and the leaders Mr. and Mrs. K. Sears, and Mr. and Mrs. A. V. Britton.

please remember that we're always glad to put notices about these reunions in the paper if you'll just give me a buzz or drop me a card. I've been stepping in high cotton this week, since I have a combination dishwasher, telephone answer, message taker, and general flunky. My grandmother, Mrs. S. R. Kemp of Tahoka, came over Sunday to spend the week with me and we've been having quite a time. She keeps all the dirty dishes washed up and answers the phone, etc., and is making a very good hand. Guess that's what the experience of 81 plus years will do for you. Anyway, it's certainly been a help to me, and she declares she's having a good time. In all the 14 years Sam and I have been married,

this is the first time she's ever spent any length of time with us. She has been enjoying reading "Egg Custard vs. Blacktrap Molasses" by Effie Knox Cooper, to whom I devoted some time in my column a while back. Of course, my grandmother can remember many similar incidents and she's had many a good chuckle over this delightful book. Come back to see us often, Grandmother.

Sunday is Father's Day, which I know all of you are fully aware of. It's always a little sad for me, since my father has been gone for five years, but it gives me pleasure to see every one else remember their dad's on this day of tribute. I can remember Pop's stock phrase when we'd give him his gifts on Father's Day: "What do you mean this is Father's Day? The first of every month is Father's Day." But be that as it may, don't fail to go to see that dad of yours Sunday if you possibly can visit from you will be his best present, next best, a telephone call.

Guess you've noticed the many changes going on in Brownfield—Dr. Jerry Bailes has moved his offices to Dr. Roberson's clinic, construction is going on and on at the north end of the Deluxe Motor Inn on the new restaurant to be run by Tess and Norma Fulfer. Also Bob Buster is remodeling the old J. C. Jones company building, where Bob's Family Shoe Store will open August 1st (Bob hopes), and the tentative date for the opening of the smart Plaza Motel and restaurant on the Plains highway is June 23, according to Dewey Murphy and Bruce DuBose, deal wheels.

Among some of the bigger events scheduled for Brownfield next week is the Junior Invitational Golf tourney that begins at the country club Monday. This tourney is open to all boys under 20 years of age, regardless of whether or not they are members of the club. Entry fee is \$1, and the committee is hoping it will be an annual affair.

No household hints this week, but have a really scrumptious recipe for refrigerator ice cream that is absolutely smooth as velvet and will stay that way. This recipe is from my sister's files and it is really a honey. There isn't a name it, as far as I know, but it's an elegant dessert. Blend 1/2 cup hot water, 2/3 teaspoons vanilla. Add to 1/3 cup malted milk cocoa power and beat well. Fold in 1 cup heavy cream, whipped stiff, and 1/2 cup shopped nuts. Pour into freezer tray and freeze as usual. This particular ice cream does not have to be taken out and stirred unless you just

### GOMEZ NEWS

Mr. and Mrs. Woodrow May and girls, Mr. and Mrs. Henry Decker and Mr. and Mrs. Kenneth Godwin and children all spent the weekend fishing at Possum Kingdom.

Weekend visitors in the home of Mr. and Mrs. Dock Roberts were his parents Mr. and Mrs. D. A. Roberts of Abilene.

Miss Thresa Mason is home for the summer after attending Abilene Christian College the past year.

David Lester is visiting this week in the home of Mr. and Mrs. Jack Mason while his parents Mr. and Mrs. Jeff Lester are attending the firm's convention.

Tommy Nipp is conducting the singing in the revival this week at the Alden Baptist Church near Eastland where Rev. Carroll Herring is pastor. Mrs. Claud Landess was hostess when the Ruth Sunday School Class of the Gomez Baptist Church met in her home Thursday afternoon for the regular business meeting and social. Opening prayer was led by Mrs. Garvin Smyrl. The business session was conducted by Mrs. Landess. Secret pals were revealed and gifts exchanged. Refreshments of ice cream and cake were served the following: Mrs. Dock Roberts, Mrs. Johnny Berryhill, Mrs. J. C. Woolley, Mrs. Smyrl, Mrs. Homer Britton and Mrs. J. W. Stone the teacher of the class. Several children were also present.

Byron Wise, of Brownfield, was guest preacher at the Gomez Baptist Church for both morning and evening worship services Sunday in the absence of the pastor Rev. T. L. Nipp who is conducting a revival this week at Frio Baptist Church near Hereford.

"Thy Word — a Lamp, a Light" was the theme of the program when W. M. U. met at the church Monday afternoon for Royal Service program. Mrs. T. L. Nipp led in discussion of the Baptist Sunday School Board and the Relief and Annuity Board, how they work and how the woman's missionary union helps in their work. Mrs. Tyler Martin conducted the business session and plans were made to have the week of prayer program for old Ministers Relief held Wednesday night June 20 at the church, with Mrs. Nipp prayer chairman to be in

want to do so. It freezes creamy smooth from the very first. Incidentally, this recipe makes one freezer tray of ice cream. Also, if you like a more chocolaty flavor, increase the malted milk cocoa power to 1/2 cup instead of 1/3 cup.

charge. Those attending were Mesdames Nipp, A. V. Britton, Clevis Chambers, Cliff McKee, Wes Key, Bill Blackstock, A. C. Huckabee, George Ellis, Dock Roberts, Tyler, Martin, Loyd Franklin, and Miss Imogene Key.

Nine Sunbeams were present at the church Monday afternoon with Mrs. J. W. Stone in charge of the pre-school age group and Mrs. A. V. Britton in charge of the school age

**SUMMER  
SESSION  
BHS  
NEWS**

By DONNA CHRISTOPHER

June is the month when moon and spoon and tune are supposed to rhyme so well, and romance blossoms. It's also a month of vacations and easy living... Vie la June!

Wedding bells rang for Pat Bonner and Virginia Godwin, Friday, June 8. Pat Married Lawrence Le Boeuf in Crane, Texas. He is a pre-med student at the University of Texas. The couple will live in a house-trailer in Crane through the summer, and return to Austin next September for the fall term. Virginia married her long-time steady beau, Odell Brumley.

Four members of the local Rainbow assembly left at five o'clock Sunday morning for Grand Assembly in Houston, Texas. Mrs. Ione Turner, the Mother Advisor of the assembly, accompanied them. They will stay in the Rice Hotel and plan shopping and sight-seeing trips in addition to attending the Rainbow meetings. The girls rode with the Tahoka assembly on a chartered bus. The group is due home Thursday, June 14.

**Birds And Bees:** June Lee—Ellis Cox, Beverly Rodgers—Vernon Brewer, Shelby Thompson—Earle Davis, Ann Griggs—Bob Smith, Donna Jane Newsom—Richard Ridgeway, Patsy Fulton—Paul Brock, Sherry Don Spears—Kenneth Murphy, Jeanie Criswell—E. V. Murphy, Wanda Cornelius—J. W. Richardson, Karen Fosh—Joe Oswald, Gail Cottrell—Jack Lucas, Bobbie Nell Richardson—Lee Allen Jones, Janel Bragg—Viril Hughlett, Mary Ruth Venable—Tom Chisholm, Doris Ratliff was twing with—Johnny Raybon Friday night and she dated Lee Allen Jones Saturday.

Rebecca Ballard and Deenie Skains hosted a coke party for a former Brownfield resident, Johnelda ("Jo") Oakley, June 8. Cokes and scatter were enjoyed by about eleven people. The honoree is a 1956 graduate of Hockaday, a girl's school in Dallas. The guest list included Sally Rodis of Odessa; Diane Perkins of Midland, who is Ken and Mont Muldrow's cousin; Hildy Hartberger a Hockaday student from Austria, and Mary Ann Holmes, Judy Land, and "ye olde editor" here, were the only Brownfieldites there.

Here and There: Connie King

**Union Group Plans  
Reunion June 24th**

An all-day reunion of Union school and community will be held Sunday, June 24, at the community building at Coleman Park, it has been announced by Ruth Thurman, Route 5, of the group.

All plates, cups, napkins and ice will be furnished, and people attending the reunion are asked to take a basket lunch and bottled drinks for themselves.

Mrs. Thurman has sent cards to members, advising them of the reunion.

Dewey Drennon of Welch is president of the group. Grady Davis, Route 5, is vice president; and Bob Luker, also of Route 5, is treasurer.

and Jo Beth Dumas spent several hours on the telephone recently, calling girls to invite them to a slumber party at the new party house. The party was held Monday, June 11, and it was probably the largest in the history of Brownfield!

The senior high Sunday school class of the Presbyterian Church had a swimming party and barbeque at the new pool and the home of Mr. and Mrs. Ralph Hedrick, respectively, Tuesday, June 12, at 7:00 P. M. Several of the Presbyterian youth attended the work camp at Buffalo Gap last week.

Ann Lemley left on her first plane trip to visit her grandmother, Saturday, June 9.

Patsy Teague, Toni Akers, and Sandy Casstevens are studying at Tech in summer school. Patsy and Toni finished their freshman year at Trinity University. Sandy is majoring in medicine at Tech.

Nancy Sue King started to Draughn's, Monday.

At this typewriter sitting... Prissy Trim is feeling lonely while Sid Szydloski is away at National Guard camp. There are several boys who attended the two week camp from here.

Mary Ann Holmes returned June 6 from a five day stay at Colorado City Lake. She enjoying swimming, boating, and water-skiing with her parents, her sister and brother-in-law, Bettyland Dave Sanford, and two friends of the Sanford's, Art Serna and Richard Turner.

The two guests are counselors for the Y. M. C. A. camp where Dave is secretary of the boy's division. Despite remarks such as: "Did you fall asleep in the barber chair?" and "Did your dad run over you with the lawnmower?" Mary Ann is enjoying her new, easy to keep, but oh so short haircut!

MRS. FRED CLAIR MITCHELL

Mrs. Fred Mitchell of Brownfield and the late Mr. Mitchell. Baskets of pink gladioli flanked candelabra holding pink tapers, where W. S. Boyett, pastor of the church, read the double ring rites. Charlie Fitzgerald, Sr., of Pecos gave his granddaughter in marriage. Her white polished cotton dress, featuring a fitted bodice and full circular skirt detailed with pink stitching, was topped with a soft pink organdy bolero. Her tiny white hat was complimented

with a small veil. She wore white accessories and carried a fan belonging to her great grandmother, topped with an arrangement of pink sweetheart and white tube roses.

Mrs. Neal Knox of Abilene was her sister's matron of honor. She wore a light blue shantung dress, fashioned on long torso lines, with a flared skirt. Her accessories were white and she carried a colonial bouquet of pink roses. Bob Kearney of Pecos was

### WCS Ladies Met At Church Monday

"We've a Story to Tell to the Nations" was the opening hymn the Women's Society of Christian Service of the First Methodist Church met in the Webber room of the church at 9:30 Monday morning.

Mrs. G. S. Webber gave the opening prayer. Mrs. Erie Proctor led the lesson on "The Community and the World", and also gave the meditation. Mrs. Terrell Isbell gave a dialogue, assisted by Mrs. Proctor and Mrs. R. L. Cornelius. Mrs. Proctor read the scripture from Romans. Also participating in the program were Mmes. Ida Bell Walker, Ben Hill, and Bill Thompson.

Mrs. Webber, chairman, presided at a brief business meeting.

Members present were Mesdames Cleo Williams, George Hunt, Florrie Early, Sherman Mitchell, Webber, Hill, Isbell, Proctor, Cornelius, Thompson, Walker, and W. B. Downing.

### Mrs. Kimbrough Hostess to Class

The Fidelis Matron's Sunday School class of the First Baptist Church met Tuesday evening in the home of Mrs. W. A. Kimbrough for the regular monthly meeting.

The guests enjoyed the evening by answering Bible questions and identifying Bible pictures.

The meeting was closed with a prayer by Mrs. J. M. Aaldrup.

Lemon fluff, nuts, coffee, and tea were served to Mmes. W. M. Adams, teacher of the class; Troy Noel, J. M. Aaldrup, E. G. Brownlee, Miss Alda Mae Steen, and the hostess.

best man.

At a reception that followed in the parsonage, Mrs. Charles Fitzgerald, Jr., an aunt of the bride, and Miss Alton Hughes assisted with hospitalities. Mrs. Stanley Poer registered guests.

The serving table was laid with a white imported lace cloth with pink tapers in silver holders, centered with an arrangement of pink and white roses.

Mrs. Mitchell is a graduate of Pecos High School and of Abilene Christian College, where she received her degree with a major in primary education. Mrs. Mitchell is a graduate of Brownfield High School and served with the U. S. Navy during the Korean War.

Following a wedding trip to the Big Bend country, the couple will make their home at Fort Stockton, where Mr. Mitchell is employed with Morrison Drilling Company. For travelling, Mrs. Mitchell wore a blue sheath dress designed of a rough pima cotton, with white accessories.

### Sunday Supper Is Slated At Club

Sunday night supper at the Brownfield Country Club will begin at 6 p.m., according to Mrs. Troy Noel, chairman of hostess committee.

Others hostess are Mesdames Don Hewitt, Ralph Kerley, Bob Duke, John L. Cruce,

Crawford Taylor, J. L. Kemper Murphy May, Curtis Sterling, Ben Monnett, Grady Goodpasture, and Phil Gaasch.

The committee announces that there will be plenty of food and all members are urged to attend.

**Father of Mrs. Tyler Passed Away Last Week**

Mrs. A. R. Tyler was called to Eden, Texas, last week by the death of her father, Ola Jacobson, who passed away at 11 a.m. Monday, June 3. Funeral services were held Tuesday at 4 p.m., with interment in the Eden cemetery. Mr. Jacobson came to this country as a young man from his native Sweden. He was 93 years of age.

**HERE'S PROOF**  
dieldrin treatment kills thrips and fleahoppers... pays off in higher cotton yields

Photograph shows results of test performed at Texas A. & M. (1954). In this test, the dieldrin-treated plants produced almost three times (2.84 times) as many blooms in a three-week period after treatment as did the untreated plants injured by thrips and fleahoppers. Photo courtesy of Texas A. & M.

Results of this test prove without a doubt that treatment with dieldrin really pays. Dieldrin controls thrips, fleahoppers and other sucking insects. Cotton gets a good early start... you get better quality cotton and earlier harvest... less chance of heavy loss due to early frost.

Dieldrin provides long-lasting protection. Days after application dieldrin still has lethal effect. Two to three applications at the recommended dosage—1/10 lb. of actual dieldrin per acre—does the job. Dieldrin dusts are smooth-textured, free-flowing. In a spray, dieldrin forms top creaming emulsions... eliminates nozzle clogging.

Profit from this conclusive test. Use dieldrin early this year. Your insecticide dealer has dieldrin formulations and information on latest methods of application best suited for your use. Don't delay—get dieldrin now!

**Farming Angle—**

(Continued from Page 1)

to April this year, according to the June issue of Texas Business Review.

Farm owners borrowed \$2.4 billion on farm mortgage security in 1955, the largest amount since 1923, according to estimates of the Farm Credit Administration.

Farmers borrowed more money—\$483 million—from the Federal land banks in 1955 than in any other year since the banks were organized in 1917.

The transcontinental bus was loaded with tourists when it came to a rest stop in a western town. One man left his coat in his seat to make sure no one got his place. When he returned from eating a sandwich, he found a woman in his seat. He told her it was his, but she refused to move to the one she had been occupying in the rear of the vehicle.

He asked her again to move. The Buxom woman looked at him scornfully and said: "I want this seat! You can go to the rear. I'm one of the director's wives. In fact, my husband will be the next president of this company." "Madam, I don't care if you are his ONLY wife! That's my seat!"

**Announce Openings With Civil Service**

The U. S. Civil Service Commission has announced examinations for the following positions:

**Hay Crop—**

(Continued from Page 1)

Pods turn yellow and before the lower leaves begin to drop. Kobe lespedeza at first bloom but before the leaves begin to drop; Sericea lespedeza when 12-15 inches high; sweetclover in the bud stage just before blooming and vetch when in full bloom.

**Curing Discussed**

As for curing, Trew says the usual practice in making legume hay is to cut, wilt and windrow the plants. Windrowing is necessary to prevent the loss of leaves. Grasses may be left in the swath after cutting until almost ready to bale.

Curing of both legumes and grass should be completed as quickly as possible to preserve quality... sunlight, rain and dew lower quality. Over curing results in losses of leaves, nutrients, dry matter and color. Undercured hay, however, is high in moisture and often heats, molds and spoils. Hay usually can be safely baled and stored when the moisture percent is 18 or lower.

Mechanical drying insures the least loss of nutrients and color, says Trew. Another practice which offers some advantages over baling is chopping and storing loose. The entire crop is cut then picked up with a forage harvester and chopped into 3 or 4 inch lengths. The chopped hay is blown into a truck or trailer and is stored loose in the barn or stack. It may be self-fed and thus labor saved.

**Highlights —**

(Continued From Page 2)

life companies where many large firms actively seek re-insurance business.

**Radar Traps Attacked**—Are the Texas Highway Patrol's radar speed nets illegal?

Amarillo Attorney Horace E. Wilson says he will fight to the Supreme Court, if necessary, to prove they are. Wilson was arrested recently and fined \$5 plus costs. A radar set near Seguin had clocked him at 71 miles per hour.

He declares Section 803A of the state Penal Code provides for automatic dismissal of a speeding charge if the arresting officer lies in wait or hides.

In Austin Patol Chief W. J. Elliott said "nothing in state law prohibits hiding the radar unit, but the highway patrol does not make this a practice. We can do more good by putting ourselves out in the open".

**Cities Need More Water**—A majority of Texas cities feel their water supplies are inadequate for the future.

State Sen. George Parkhouse of Dallas, chairman of the Texas Water Resources Committee, says a recent survey of 255 cities shows 54 per cent with this problem. Purpose of the survey was to search out needs and sentiments for a statewide water program. Recommendations go to the Legislature in January.

Parkhouse said city officials "almost without exception" favor building their own water facilities aided by financing "on the lowest level of government possible." He said he is most hopeful the next Legislature will make such a program possible.

**Davy Ready For Tourists**—Texans, who tour their Capitol by the thousands each year, will see a fresh-faced Davy Crockett this summer. Crockett's huge portrait was

re-hung in the Capitol foyer last week after an extensive re-touching job. Legislators last session authorized \$17,000 for conservation work on five valuable paintings.

Taxpayers have invested \$95,409 in the fabulous art collection scattered over the Capitol. Resale value is estimated as high as half a million dollars. Tourist favorites are "Dawn at the Alamo" and "The Battle of San Jacinto." They are located in the Senate chamber. Each cost \$12,500.

**No Trouble Seen On Poll**—No objection is expected by the Democratic Executive Committee chairman to putting the interposition question on the July primary ballot.

Chairman George Sandlin discounted talk of a court challenge to the validity of the 150,000 signatures on the referendum petitions. Spot checks are being made against poll tax lists, said Sandlin.

Texas Referendum Committee presented the petition. It asks a vote for or against integration of Negroes in public schools and intermarriage of whites and Negroes.

**Teen-Agers From Governments**—Three state governments are operating simultaneously in Austin this week. Besides the one in the Capitol, Boys State and Girls State are being run by more than 800 high school youngsters from

over-Texas. Designed as citizenship laboratories, the two "states" are sponsored by the Texas Department, American Legion and Auxiliary.

Each group—380 girls, 519 boys—learns self-government by doing it for a week. Mythical parties are formed, and city, county and state officials are elected and inaugurated. Since terms of office are brief, keenest interest focuses on the always-heated state campaigns and selection of representatives to Boys and Girls Nations in Washington, D. C.

**Short Snorts**—Dr. John Paul Abbott, dean at Texas A&M College, has been appointed program examiner for the Texas Commission on Higher Education. He will take office July 1. . . . Texas stamp tax sales

for cigarettes, wine and liquor totaled \$4,907,078 in May, nearly one million more than year ago. Raising of the cigarette tax by the last legislature is cited as the cause for the increase. . . . Claude B. Taylor of Huntsville is now with the Board for Texas State Hospitals and Special Schools. He has been director of accounting for the Texas Prison System for the past six years. . . . Newton Gresham of Houston the new president of the State Bar of Texas. Virgil T. Seberry of Eastland was elected vice president. . . . Texas farmers mortgaged their property to the tune of \$227 million last year. The Farm Credit Agency reports. This is 31 per cent more than 1954 and 375 per cent above average.

**THEM ROARIN' LIONS**—Some of the hottest competition in Junior League baseball this season is being offered up by the Tigers, sponsored by Joe Z. Stevens, representative of Great National Life Insurance Co., and coached by Bob Hart, manager of Swart Optometric Clinic. From left in front, they

are Hart, Jimmy Green, Keith Addison, James Davis and Stevens. From left, middle: J. C. Jowers, Douglas Coppock, Frankie Flores, Ren Cravey and Donald Simmons. Back, from left: Melvin Wilson, Ronnie Raybon, Eddie Guitierrez, Mike Black, Jackie Bradley and Duane Steen. (Staff Photo)

**Texas' Agriculture Turning to the Atom For Research Work**

Texas agriculture is turning to the atom for research purposes. University of Texas Bureau of Business Research writers note in the June issue of Texas Business Review.

Robert H. Ryan and Thomas V. Greer are authors of a series of articles on "The

Atom in Texas." "Plant life can be studied more closely than ever before through the use of isotope tags in plant nutrients," they say. "Fertilizers, water, even the air around a test plant can be made radioactive in order to study the int-

ricate chemical patterns of plant growth. Possibly the most important of these studies deal with the fundamental questions of cell growth and conversion of water and carbon dioxide into complex sugars through the use of See TEXAS, Page 5

**TERRY COUNTY FRIENDS OF PRESTON SMITH**

Urge you, while there is yet plenty of time before the July 28 Primary, to study his record as a former member of the Texas Legislature.

He is an ardent supporter of West Texas, an independent business man, and an experienced legislator whose political and economic interests are identical to those of our Terry County citizens.

Preston Smith is the best-known West Texan to the people of this county. We "know" Preston Smith. Preston Smith knows us.

Having Preston Smith as our State Senator from this 28th District would be like having one of our own home boys guarding our interests at Austin.

NOW'S THE TIME to have legislators at Austin whom we know for their honesty, ability and desire to serve. We hope you will join with us in electing

### Candidate for Congressman-at-Large Makes His Campaign Appearance Here

BILL ELKINS

Bill Elkins of Dallas, candidate for congressman-at-large, visited here last Thursday in his effort to take his campaign for election to all 254 counties in Texas.

Elkins is travelling alone in a pick-up truck equipped with a public address system and a large billboard type of sign. He said that his biggest problem is that not many of the voters are familiar with the office of congressman-at-large.

After the 1950 census, Texas was allowed 22 instead of 21 congressmen. However, because the Legislature has not redistricted the state, one congressman is elected "at-large." Elkins is running on a "Three R" platform: restrict

### Texas—

(Continued From Page 4)

solar energy absorbed by the plant." Ryan and Greer predict atomic research also may have far-reaching results in Texas agriculture following investigations of food preservation through the use of radiation. Seasonal Texas food crops may be stored in the future without refrigeration after they have been exposed to nuclear materials, they say.

"The day may come when meat and vegetables can be displayed in transparent bags on the grocer's self without fear of spoilage," the writers assert.

foreign aid, remove government waste and reduce income taxes. "My platform," he explained, "is just as simple, yet just as fundamental as the original three R's."

Said Elkins: "The two greatest dangers to America are bankruptcy and Communism. I consider it ridiculous to pour money into those countries who, in turn, aid the Communists. Remember how our scrap iron came back from Japan?"

He is particularly vigorous in his attack on government waste and high income tax rates. "By the simple use of honest and efficient business methods, 25 per cent of every income tax dollar can be saved. It's past time to demand full value for our tax dollars, whether they are spent in foreign countries or here at home."

Elkins is formerly of Killen in Bell county, and he went to public school in Waco and Temple. He attended the University of Texas and Texas A&M. He enlisted in World II as a private and became a heavy bomber pilot, taking part in 40 combat missions and earning the Distinguished Flying Cross and six Air Medals.

Mr. and Mrs. G. Cockrell, parents of Elkins, farmed near Ropesville during the war. The campaigner is a past state commander of the American Legion and a past post commander of the Veterans of Foreign Wars. He also has been quite active in Boy Scout work, YMCA, chamber of commerce and many other civic undertakings. He is the father of two boys and one girl.

HD CLUBWOMAN—The secretary, reporter and treasurer of Union Home Demonstration Club is Mrs. L. L. Banta of Route 3, Brownfield, whose picture is shown above. (Staff Photo)

### Meadow Services Held For Larry Pendergrass

Funeral services for Larry Glenn Pendergrass, 9, Meadow went to the hospital Thursday.

The lad is the son of Mr. and Mrs. Carl Pendergrass, who live on a farm about 2 miles east of Meadow. He also is survived by two brothers, Donald and Jimmie.

The advantage of being bald is that when you expect callers, all you have to do is straighten your necktie.

VISIT IN GLENN HOME Mrs. J. Curtis Starr of Mount Vernon, Ill., and aunt, Mrs. M. H. Dillion of Oklahoma City, Okla. Mrs. Dillion went on to Roswell, N. M. Tuesday to visit other relatives, but Mrs. Starr will remain here for a longer visit.

## Designed to make your life easier Naturally... It's GAS SAFE...DEPENDABLE...ECONOMICAL

The National Fire Protection Association has compiled documented proof that shows Natural Gas as the safest fuel. Safety is just one of many reasons why homeowners prefer automatic Gas water heaters. Two other reasons for this preference are dependability and economy of operation.

Be sure that your next water heater is safe, dependable and economical to operate... naturally, it's Gas.

The chart illustrated below was designed by the American Gas Association to help you select the automatic Gas water heater best sized to serve the hot water needs of your family. Check this chart, call your plumber and have him install an automatic Gas water heater... sized to the needs of your family.

MINIMUM RECOMMENDATIONS FOR NORMAL HOT WATER REQUIREMENTS		
Number Bathrooms	Number Bedrooms	Storage Capacity Gallons
1	1 or 2	30
1	3 or 4	40
2	2 or 3	40
2	4 or 5	50
3	3	50
3 or 4	4 or 5	75

NOTE: Use next larger size with automatic clothes washer or automatic dishwasher.

Illustrated above is a Bryant automatic Gas water heater. This water heater features a glass lined tank.

## Former Resident Is Working Technician With U. S. Mission in South America

(Editor's Note: The following article was released by the International Cooperation Administration, Washington, D. C., and concerns the work of Lester F. Buford, who taught vocational agriculture for seven years in the Brownfield schools.)

ASUNCION, Paraguay—Lester F. Buford of Brownfield reached a milestone recently in his work here with the technical cooperation program of the U. S. International Cooperation Administration, when this South American nation's first school for training rural teachers was dedicated.

Buford, an educator of many years' experience in Texas schools, has played a large part in planning and equipping the newly dedicated San Lorenzo Rural Normal School in his capacity as agriculture education technician for the U. S. Operations Mission, the overseas office of ICA.

The school, located in a suburb of this capital city, officially was opened late last month at formal ceremonies. Although the San Lorenzo school, composed of five buildings surrounded by a spacious campus, now is complete and fully equipped, Buford's work in connection with it is not finished.

He will remain at the school as educational consultant for the "servicio" of Education, the joint U. S.-Paraguayan organization which has built and will operate the school during its initial stages.

Following established ICA practice, Buford and other U. S. specialists assisting at San Lorenzo will leave the schools entirely in Paraguayan hands as soon as possible. Buford expects to return to the United States by 1957.

The San Lorenzo School in

which Buford has an instrumental role is a major phase of American efforts to improve and expand Paraguayan educational facilities. The school will train and house some 150 students, and is expected to aid materially in filling the need for more professionally-trained rural teachers in this predominantly rural land.

Buford brings extensive experience to his present job, which he assumed upon his arrival in Paraguay last fall. From 1954 until coming here, he was area supervisor of vocational agriculture for the Texas Education Agency, working out of Big Spring.

Previous to this post, he had taught vocational agriculture for seven years in Brownfield Schools. During the war years, Buford spent a part of his military service with the Rainbow Division University in Austria as an instructor, and prior to the war had taught agriculture in Shiner schools. His wife and two young sons are with him in Paraguay.

Buford is one of approximately 4,000 American technicians who are working abroad in 60 of the economically less developed areas where ICA's technical cooperation program operates.

## Cattle Grub On His Way Out?

Livestock producers got good news yesterday when the U. S. Department of Agriculture announced that for the first time the common cattle grub had been prevented, experimentally, from developing within cattle.

The chemical, designated for experimental purposes as Dow

**THEM TERRIBLE GIANTS**—Terrors on the diamond, the Little League Giants, sponsored by Paymaster and coached by Rex Black, are pictured above. From left standing: Black, David Chisholm, Sammy Garcia, Frank Lopez, Geene David, David

ET-57, is systemic. It moves through the bodies of cattle to destroy grubs wherever they may occur in the animal's flesh.

Research currently is in progress to determine the suitability of ET-57 in terms of grub control, toxic effects on the animals and chemical residues in milk or flesh.

**Research At Kerrville**  
The men responsible for research with ET-57 are entomologists G. W. Eddy and A. R.

## Foster Baptist Church Pastor on Honor Roll

Plainview — Cleve Smalley, pastor of Foster Baptist Church, Brownfield, is listed on the dean's honor roll for the spring semester at Wayland College. The 1956-57 junior completed his second year of college work with a 2.21 average.

Smalley, son of C. H. Smalley of Atlanta, Ga., is a 1947 graduate of Atlanta's Tech

High School. He is seeking the B. A. degree at Wayland with sociology as his major field of study and a minor in Bible.

# IT'S SWITCHCRAFT

—that's what it is!

You'll see when you try Buick's new Variable Pitch Dynaflo!

IT TAKES a new word to describe the magic at your command when you drive a '56 Buick—with the newest transmission of them all.

It's full power go-ahead on the instant. You can get where you were just looking in a shaved second's time—with the most modern and most thrilling surge of safety acceleration in the land today.

It's smoothness, too. Complete freedom from the "bump" and lag of gears shifting. Only with Dynaflo can you go winging away with such smooth a sweep.

And only with a '56 Buick can you enjoy Dynaflo's newest marvel. It's something the engineers call "double regeneration." Lets you start off like an Olympic sprinter, with the pedal pressed just an inch or less. (And driving that way, you get better gas mileage.)

There's more big news, too, that goes with this new Buick magic. And that covers a lot more than styling.

Sure—you'll like the graceful new beauty of the V-shaped prow and sweep-ahead look. And you'll like the extra room inside.

But as you drive you'll find that this Buick responds with the new might of a big, record-powered V8 engine of 322-cubic-inch left.

It handles easy as butter to a warm knife. Tracks the curves like a plane on the beam. Makes any road seem paved with pillows.

And what's responsible for all this are more new engineering advances than Buick has ever made in one model year.

So why not come in and see—and feel—the difference they make? You'll soon know why owners find it's the best Buick yet—and the best buy yet, by far.

\*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest cost on the Special.

Buick Century 6-Door Riviera

**AIRCONDITIONING** at a COOL NEW LOW PRICE. It cools, filters, dehumidifies. Get 4-Season Comfort in your new Buick with genuine FRIGIDAIRE CONDITIONING.

## New Type Grass Killer

# DALAPON

(MADE BY DOW CHEMICAL CO.)

**WORKS EFFECTIVELY ON JOHNSON GRASS**  
(Non-Hazardous To Grazing Livestock)

Dalapon kills from within the plant's system. After spraying the foliage, Dalapon is absorbed through the foliage into the system. It kills as it travels through the plant.

Now is the ideal time to apply for excellent kill on Johnson Grass.
