OUR BIG STORY

Jack Hamilton

— The Tire Specialists —

We don't sell television, lawn mowers or nails,
We don't sell pianos, shotguns or pails,
We don't sell bicycles, tricycles or toys,
We just sell TIRES... that's enough for us boys.

We don't sell refrigerators, davenport or chairs,
We don't sell freezers, or make radio repairs,
We don't sell fishin' poles, chicken wire and stuff,
We just sell TIRES... and we think that's enough.

We don't see how anyone can be so smart,
As to know all the answers to every modern art,
So we don't claim to know so bloomin' much,
We just know TIRES, TREADING and such.

When you need a doctor, to a doctor you go,
You don't get a plumber to fix a broken toe,
So when your TIRES are cillin' or gettin' kinda thin,
Call the TIRE SPECIALISTS... that's the business we're in.

REV. ALVICE STRIKLAND

Church of God To Sponsor Services

A week of evangelistic services will start Monday night at the Church of God, 406 South Third. Evangelist will be the Rev. Alvice Strikland of Dallas. The Rev. W. E. Mitchell, church pastor, said this morning, "The Rev. Mr. Strikland is 18 years old, and is a preacher anointed of God, full of power and faith. There will be special praying for the sick, old, time gospel singing, with string band and piano." The Rev. Mr. Mitchell explained that motto for the revival would be "For I determined not to know anything among you, save Jesus Christ, and him crucified."

Dr. Weathers Will Go To Evangelistic Meet

The Rev. Jones W. Weathers pastor of First Baptist Church, said this morning that he plans to attend the 19th annual evangelistic conference, to be sponsored Jan. 14 in Fort Worth by the Baptist General Convention of Texas. Theme of the session will be "Adorn the Doctrine of God Our Savior." Overflow crowds are expected at Will Rogers Memorial Coliseum to hear famed evangelist Billy Graham and other outstanding speakers.

4-H CLUB

Notes

By BOB ETHEREGE
Assistant County Agent

While visiting some of the 4-H Clubs during the holidays, I observed the following:

Clyde Watkins of Wellman is doing a fine job feeding his Berkshire barrow, Howard Moorhead, also of Wellman, has bought a spotted Poland China barrow for the show. Elbert Lynn Dufosse has a fine looking Berkshire barrow which he intends to show here in April.

Up Meadow way, Keith Tyler is doing well with the feeding of his Hereford steer. Keith also has a Jersey cow which he has raised from a calf at his 4-H project.

Billy Conlee and Vernon Le-wallen of West Ward each bought a Hampshire pig for the upcoming show.

Laurelle and Herman Wheatley Jr., of Johnson Community, are doing an outstanding job feeding their two Angus steers.

4-H clubs in the Wellman and Union Schools will meet Jan. 8 at the usual times.

Plans still are being made for a group of 4-H boys to make the Jan. 26 trip to Fort Worth stock show. Nothing is definite yet.

Let's remember that Jan. 15 is deadline for getting in your Cotton Contest record books for 1956.

your local merchants have many, many wonderful buys in store for you. A look in your Trade Journal will give you all the details on these bargains. And it's gratifying to know that if you can't find a parking place on Main Street on Dollar Day, that's a pretty good sign that the people are spending Brownfield dollars in Brownfield.

Did you notice, by chance, that there were not QUITE as many fireworks shot during the holidays as usual? As the owner of a great hulk of a Boxer dog who almost has a nervous breakdown when a firecracker explodes, thus necessitating our keeping her in the house, I was happy to see the decrease. Now, if we could only minimize the number of drag racers who appear with darkness (as a rule), I'd say we were cooling on the front burner.

A couple of these drag-racers almost fought it to a draw Monday night around 9 o'clock in the six and seven hundred blocks on East Tate. If these characters

live long enough, I hope they'll be properly terrified when it dawns on them just what could have happened if a hapless pedestrian, cyclist, or even another motorist should have chanced into their paths when they were streaking down a residential street at 70 miles an hour.

It's the truth: One of the friendliest businessmen on our town is Paul Escobar, owner of El Nacional Cafe South of the square. Mr. Escobar, who serves up mighty tasty Mexican food, is not only congenial to everyone he meets, but is a real "good Samaritan" among his people in times of need.

Georgia Martin's friends will be glad to know that she's now associated with Mac's Beauty Shop and is all ready to give you that enchanting hairdo you've been wanting. A customer went into Bob's Shoe Store the other day and asked to try on a pair of shoes he'd seen displayed in the window. The shoes were gotten,

Comes the time for "the big let down" — back to school after the Christmas holidays! The several hundred B. H. S. students reluctantly resumed classes Wednesday morning, with only fond memories of the last vacation until Easter.

Numerous couples enjoyed dancing to the music of Bernie Ifflow and his Trio at the holiday dance at the Country Club, Thursday night. Punch and cookies were served during intermission.

This is no way to start off the the man tried them on, and the phone rang. When the clerk returned from answering the phone, he saw the customer absconding with the new shoes on. The clerk gave chase and the man was caught. Moral: If you're stealing shoes, put old ones on for the getaway and you'll probably make more headway.

January is March of Dimes month, and already the containers have been placed in local businesses. Your dimes in the past have allowed research to make great leaps and strides in stamping out polio. But more money is needed to complete the research, and I know we are all happy to do what we can to combat polio. Give what and when you can. And while I'm thinking about it, the VFW will sponsor a big bingo benefit Jan. 25 at Veterans Hall, with all proceeds going to the MOD. Don't miss it.

Don't be embarrassed if you write 1956 instead of 1957 innumerable times during the next month. It's a common error probably one of the most universal of all errors. And just about the time you get used to writing 1957, it will be 1958, and that's a vicious cycle for you.

Mr. and Mrs. John Gracey Observe Golden Wedding Anniversary Sunday

Observing their 50th wedding anniversary, Mr. and Mrs. John Gracey of 1007 East Lake were at home to friends from 3 to 6 p.m. Sunday.

Hosts and hostesses for the occasion were the couple's children: Miss Marie Gracey and Paul Gracey of Brownfield, Mrs. G. Chapman of Dalhart, and Rudolph Gracey of Flagstaff, Ariz.

Assisting with hospitalities were Mrs. Walter Gracey, Mr. and Mrs. Tom Neeley of Lubbock, Miss Mary Lee Gracey, Mrs. John Bost, Mrs. Eldon Cornelius, and Miss Creola Moore.

Yellow chrysanthemums and carnations were used throughout the house. The serving table was laid with a linen cloth and was centered with an arrangement of yellow mums in a tripod cupid epergne. White napkins were inscribed "John and Dora." Coffee, decorated cookies, mints and

Miriam Patterson Is Wed Christmas Day To W. B. Anderson

Under an arcway of red roses centered with silver wedding bells Miss Miriam Odell Patterson became the bride of W. B. Anderson Dec. 25. The Rev. Mitchell, pastor of the Church of God, read the single ring rites in the church.

Parents of the couple are Mr. and Mrs. M. E. Hopson of 523 South Second and Mr. and Mrs. W. A. Anderson of 708 South Ninth.

Mrs. Natalie Hammett offered the traditional wedding music and "I Love you Truly" during the ceremony.

The bride wore a two-piece white brocaded faille dress, with seed pearl and rosebud motif on the neckline and the three quarter length sleeves. She carried pink carnations on a white Bible, belonging to her grandmother. For something old, she wore a necklace belonging to her aunt, and her accessories were something new and blue.

Miss Edith Anderson, sister of the groom, was maid of honor. She wore a turquoise faille dress with pink carnation corsage.

James Sexton of 503 East Hill was best man.

A reception was held in the home of the bride's parents. The couple was assisted in receiving by their parents and by the bride's grandmother, Mrs. H. E. Patterson, of Amarillo.

The table was laid with a white lace covered and was centered with a Christmas arrangement. Guests attended from Amarillo, Odessa, and Carlsbad, N. M.

The couple is at home at 214 North 13th Street. They both attended Brownfield schools, and the bridegroom is employed with the J. B. Knight company.

HEADS HONORED EXCHANGE MEMBER

Woman Is Jolt To Wall Street

Wall Street, financial axis of the world, has been rearsed in its 299 years of trading to the shocks of war and panic and depression — years of bombing. But its latest jolt is the presence of a woman, Iowa-born Mrs. Charles U. Bay, as board chairman and president of one of the most venerable, respected and important member firms of the New York Stock Exchange.

But even though it never happened before, Mrs. Bay herself, refuses to regard the event as earth-shaking. In her view, "it was inevitable, just as some other woman was the first judge, and still others the first engineer, minister, etc."

Eminently qualified for her post at the head of the 92-year-old A. M. Kidder & Co., Mrs. Bay is the widow of the former US Ambassador to Norway. She served abroad, not only as her husband's official hostess but as his closest advisor, as she had before and since in the management of his varied industrial interests. Mrs. Bay is also a home-maker and mother of three Norwegian-born children, whom the Bays pleased while they were at the Embassy, and who are now all American citizens.

Her new job, says Mrs. Bay, "seems perfectly natural to me". She points out that: "Women are the purchasing agents of the world. They know a great deal about the value of money — and they handle a great deal of the world's wealth." She notes that, in mid-1956, 4,445,000 women, or 51.6 percent of the total shareholders on the New York Stock Exchange, were investors in securities. And they owned approximately 100 billion dollars worth of stocks, compared with about 55 billions in savings accounts.

The lady board chairman considers that woman's skill and "intuitive bargaining abilities" demonstrated in retail shopping, indicate "real business ability and aptitude". In spite of the funny papers, she thinks "the average woman really knows how to handle money."

Mrs. Bay is determined to enlighten the old-woman idea that "women investors are rich old ladies", and to educate backward husbands into taking their wives into their complete financial confidence. "When women are fully entrusted with estates — not in the role of mere passive coupon-clippers but as active investment owners," she says, "our economy will be more vibrant and more venturesome in areas where increasing capital is our constant need."

The thought that this lady financier plans to make our wives better widows may leave its gruesome aspects. But if we face up to statistics, we know most wives will be widows — for quite a spell. There seems just an outside chance, however, that if the ladies were better equipped to paddle the fiscal canoe, their help might enable us to be around longer.

THE FREEDOM SCHOOL

In Colorado, near Colorado Springs, something of great import is taking place—a school is being built in cooperative fashion, reminiscent of the nation's early days when members of a community joined hands in a barn or a house raising.

Freedom School (the name by which it will be known) is the brainchild of Robert LeFevre, currently editorial writer for the

graph. The aim of the school, which will be opened in June next year, will be to produce thinking adults who will be immune to the sugar-coated pap peddled by our

present-day so called liberals. The age of students will range from 16 up.

One course only will be offered at first—this will attempt to teach the "libertarian" philosophy, which advocates the idea that man is a free creature, able to govern himself economically and socially. The libertarians believe and teach that man should have freedom to make choices relating to himself and to act as he chooses and should be responsible for all his actions.

Additional courses will be added in the future and eventually the school will offer studies in history, political science, economics and other related subjects. But no students will be permitted to be masters of the libertarian teachings.

What led Robert LeFevre to project this Freedom School? While serving with the military forces in World War II he began to question what students were learning in most of today's schools. He felt that the real meaning of freedom was being lost to the students; that they were being spoon-fed ideas which made them easy victims for the paternal philosophies of the social and economic planners.

LeFevre thought something should be done about it. After talking with other libertarians who unanimously agreed that action should be taken, but each on whom had his own pet theory as to what that action should be, LeFevre and his wife, Lois, came up with the idea of a school to

Highlights and Sidelights

By Vern Sandford
Texas Press Association

AUSTIN, Tex.—Conflict, complications and suspense made 1956 one of Texas' newest years. Many of the biggest stories didn't run out with the calendar. They're marked "to be continued in 1957." These were some of the headlines:

POLITICS wore everyone to a frazzle. Gov. Allan Shivers took his first political tumble when Sen. Lyndon Johnson won control of the May Democratic convention. Price Daniel won over Ralph Yarborough for the Democratic gubernatorial nomination in a narrowest — ever margin of a little more than 3,000 votes. Daniel gained shaky party control by getting a mostly friendly executive committee at the September Democratic convention. But he held on to the Senate seat too long. Governor Shivers wouldn't buy the election — new resign — later plan. And Shivers came to the end of his historic seven-year tenure as leader of the again-triumphant Democrats for Eisenhow.

DROUGHT, in its seventh year, grew steadily worse. Crops burned up. Streams stopped flowing. Reservoirs dwindled. State Water Board had its hands full trying to referee squabbles over water rights. Agricultural groups landed together in the Texas Drought Emergency Committee finally gained expanded federal relief. All but five of Texas' 251 counties were designated disaster areas. Texas Water Resources Committee, a legislative study group, put in a lot of overtime readying a statewide water program for the next legislature. Suggestions: a \$100,000,000 bond program to help finance local projects, fishing and boat taxes to buy water storage space in federal reservoirs, "rainmaking" research at Texas colleges.

FEDERAL LEGISLATION had Texas repercussions. Eisenhow supporters groaned when he vetoed the natural gas bill. But the federal highway building bill passed. It means \$57,000,000 a year more for Texas road building. Texas Highway Department started using it at once, predicted an era of unparalleled progress. To move things faster, it reversed its long-time policy, is now buying right-of-way for interstate roads. This brought a new headache—a hue and cry from county officials for help in buying land for state highways.

INTEGRATION VS. SEGREGATION made news or many fronts. Voters overwhelmingly approved three pro-segregation interposition referendums in the July primary. But no one was sure what would come of them. At Mansfield and Texarkana citizens blocked efforts at federal court-ordered school integration, and Governor Shivers sent Texas Rangers to maintain order. At Gen. John Ben Sheppard took on the NAACP in a Tyler district court and won a temporary order banning the organization in Texas.

SAVE \$4.55 PER ACRE On the Same Amount of Plant Food!

Simply By Applying Your Fertilizer In The
Same Manner As Shown With Equipment

-ADVANTAGES-

- By putting fertilizer down in this manner you will eliminate chisel furrows where the fertilizer would ordinarily be applied which means straighter rows.
- Your Ammonia will tend to decompose all stalks, weeds, and other organic matter that is being turned under.
- Nitrogen applied in this manner will resist leaching, which means that your plants will have the Nitrogen readily available next spring when the plants start coming up.
- This method saves you money! This farmer is applying 58 pounds of nitrogen in this manner and 67 pounds of Phosphorous which is costing him \$10.85 per acre.
- The equivalent amount of plant food elements applied as 16-20-0 would cost \$15.40 per acre and this would represent 56 pounds of nitrogen and 70 pounds of phosphorous.
- In figuring the 16-20-0 costing \$15.40 per acre to get the same amount of plant food elements, that is figuring the cost of 16-20-0 at \$88.00 per ton.

Fictured On The Left Is Ammonia Being Applied In Front Of Each Disc

The two photographs on this page were taken at the C. F. Neighbors farm 1 mile south of the Foster City.

You will note that he is applying his phosphorous for next year with a spreader and he is applying Ammonia (Nitrogen) through hose which runs from the tank mounted on the tractor.

Mr. Neighbors is using Ammonia for the third straight year. The first year he used it on an experimental block of 25 acres. He used Ammonia on his 160 acres of cotton last year and readily admits that he did not use enough to get the maximum production from his land.

Mr. Neighbors intends to side dress his cotton with Ammonia after the plants are up and growing. He will use the Ammonia equipment from the tractor in the picture. All additional equipment that will be needed will be chisels added to his cultivator sweeps which will keep the fertilizer application and plowing all in one operation.

We feel that every farmer in this area could benefit from some of the things we and others have found to be true.

We invite you to come by our place of business and let us go through some of the facts about Chemical Fertilizers which we feel will prove beneficial to you... Certainly there is no obligation to you in any way.

MRS. JOHN WASHBURN SKINNER

Miss Jacquelyn DeRay Dudley Becomes Bride of John Skinner December 28

Miss Jacquelyn DeRay Dudley, daughter of Mrs. Willa Mae Bryan Dudley of Borger and James H. Dudley of Brownfield, became the bride of John Washburn Skinner, son of Dr. and Mrs. C. Davis Skinner of Denver, Colo., in a ceremony read at 7 p. m. Dec. 28 in the First Baptist Church in Borger.

Dr. Winfred Moore, pastor of the church, officiated at the double ring rites before a white arch flanked with baskets of white mums and tiered candelabra holding white tapers. Pews on the bridal aisle were tied with white satin bows.

Traditional wedding music was offered by Mrs. E. F. Copeland, organist. She also accompanied Miss Jaynet Catterton of Denver, who sang "If God Left Only You" and "The Lord's Prayer."

Given in marriage by her father, the bride wore a floor length white satin dress fashioned with portrait neckline embellished with tiny seed pearls and iridescent sequins and long sleeves terminating in points over the hands. Her fingertip length veil of illusion net fell from a coronet of tiny seed pearls and sequins matching the neckline motif of her gown. Her only jewelry was a pair of pearl earrings, a gift of the bridegroom. She carried one white rose atop a white satin Bible.

Mrs. Robert Hawkins of Borger was matron of honor. She wore a waltz length red velvet sheath dress with overskirt and cummerbund or red taffeta. Her hat was a tiny band of seed pearls with full circle shoulder length veil of red illusion net, and she carried one longstem red rose.

Bridesmaids were Misses Jaynet Catterton, Ramona Powell, Vickie Wise, and Gloria Borglum, all of Denver. Their gowns, hats, and flowers were identical to those of the matron of honor.

Next to the festive holiday season that stretches from Thanksgiving through New Year's, here's the next most anticipated event for all you gals. It's a big four-day run of specials at SHELTON'S.

Lida Mae and her staff are busy marking down all their merchandise so that you can take advantage of so many wonderful Bargains Friday and Saturday and Monday and Tuesday only. Now Monday is Dollar Day, so Lida Mae is offering you four days, not one only, to buy nationally advertised brands of dresses... and these are size 5 on up to size 22 1/2 in many lovely styles and fabrics, drastically reduced. Naturally, the same is true of several groups of skirts and jackets, bermuda shorts and pants, reduced from 1-3 to 1/2 price on many items.

You girls will jump on this like a duck on a junebug; there are only 10 suits, sizes 10 to 14, values to \$125.00, that will be marked down to 1-3 and less. And a group of ONLY EIGHT ladies coats, sizes 6 through 16, reduced from \$89.95 to 1-3 and 1/2. There are only four sub-teen coats, all red, sizes 6 through 12, reduced way down.

All costume jewelry is one-half price, and of course, there are groups and groups of lingerie and other items, even some infants wear, that is sliced to the bone.

This you've got to see and get in on — this big deal at SHELTON'S. This is not only a wonderful way to clothe yourself, but a nice way to start next year's Christmas shopping a bit early... or to take care of good old aunt Sarah who will have a birthday in March.

Remember... this special set of specials applies Friday and Saturday and Monday and Tuesday at SHELTON'S. See you there.

"Have Faith in God"

It Looks to GOD

Have you watched the face of the sunflower? It follows the sun all day so it will not lose one single ray... it looks to God, do you?
 For such devotion the creative power of the sun blesses it with a tall, strong, sturdy stalk, with abundant beauty and fertility. Oh, that we could thus bask in the sunshine of God's grace and goodness!
 The ordinary might then take on radiant meaning if we would but turn our eyes toward Him. Going to church would be much easier if all week long we would realize our kinship to deity.
 The sunflower is a symbol of the rich harvest that fills the grainaries for bird and beast. But a place in Heaven awaits those who lose themselves in good service... those who keep their eyes fixed on God.
