

Chamber of Commerce Banquet Set for Next Thursday Night

Will Wilson To Be Principal Speaker

The attorney general of Texas, Will Wilson, will address guests at the annual banquet of Brownfield Chamber of Commerce.

The event is scheduled for 7:30 p. m. next Thursday in Junior High School cafeteria.

Tickets are being sold by all chamber members for \$1.75 each.

The attorney general and Mrs. Wilson will be flown from Austin to Brownfield the day of the banquet.

The flight was arranged by Joe Jackson, manager of Furr's Supermarket here.

The manager of the Brownfield chamber, Joe Satterwhite, will accompany the pilot to Austin. While here, Mr. and Mrs. Wilson will be house guests of Mr. and Mrs. Al Muldrow of 221 South Club.

Emcee of the Thursday banquet will be one of the chamber's current directors, Morgan Copeland.

The Rev. William Spreen of First Christian Church will say an invocation, and the Rev. Ralph O. Dell of First Presbyterian, the benediction.

Entertainment will be provided by the A Cappella Choir of Brownfield High School, under the direction of A. V. Wall. Jerry Gannaway, Brownfield pianist, will present the dinner music.

Retiring directors and all committeemen and manager will be recognized by J. T. Hoy, immediate past president. President J. L. (Dusty) Kemper will introduce Vice-President Curtis Sterling.

Sterling is scheduled to present to the audience a "Review of the 1956 Operations and the Planned Program for 1957."

The principal speaker will be presented to the banquet guests by Muldrow.

Wilson is scheduled to discuss many aspects of the current water shortage in Texas, particularly in West Texas, and the many problems arising in any attempt to solve the shortage.

The attorney general practiced law from 1937 to 1941 in Dallas, and served as a assistant attorney general of Texas under Gerald Mann and Grover Sellers. He successfully prosecuted cases involving millions of dollars for Texas school children.

From 1947 to 1950, Wilson was Dallas County's district attorney. His drive against organized crime and corruption put many racketeers in prison and won him national acclaim.

Wilson was elected to the Texas Supreme Court in 1950, one of the youngest men ever to serve on the high judicial body. He was one See WILSON Page 6

GOODPASTURE AGRICULTURAL LABORATORIES NOW FUNCTIONING

Terry County Farmers Have One of State's Newest, Finest Soils and Plant Testing Laboratory in Their Own Backyard

"Soil analysis is only a minor part of the over-all program here."

So said L. T. (Stony) Stone this morning as he surveyed the latest scientific equipment housed in the spacious Goodpasture Agricultural Laboratories.

Stone is manager of the completely new soils-plant laboratories, considered by those who have seen it to be the equal of any other in the state.

"We believe that analysis of our Terry County soil is," he continued, "only a phase—probably the first in successful management of our farms."

By way of illustration, Stone proceeded to analyze the leaf from a Terry County stalk of cotton. He worked swiftly and smoothly, the intricate scientific paraphernalia-spectrophotometer, for example—responding to his every touch.

When he had finished, he explained thus:

"Think of the tremendous yields which our farmers could realize if the cotton stalk could hold a larger percentage of the fruit which it sprouts at one time or another. What I have just done with this leaf possibly could give us that answer."

He continued: "What we seek to do here in this laboratory is to determine at various stages in its growth whether the plant is getting sufficient nutrients—in proper balance—for maximum yield."

"Plant analysis, say of cotton, should be made at least when it reaches the first-bloom stage. And this should not be the final analysis."

The manager concluded: "Plant analysis properly can be considered as much or more important than soil analysis."

Miracles? They'll not be performed at Goodpasture Agricultural Laboratories. First to deny such possibilities is Stony, as such a scientist in his field as those perfecting our A-bombs.

He is quick to point out that "What our laboratories have to offer is only a part of that successful management of our farms. This management includes water, fertilizer, farm machinery, labor, seed, timing, markets, prices, cultural practices, etc., etc."

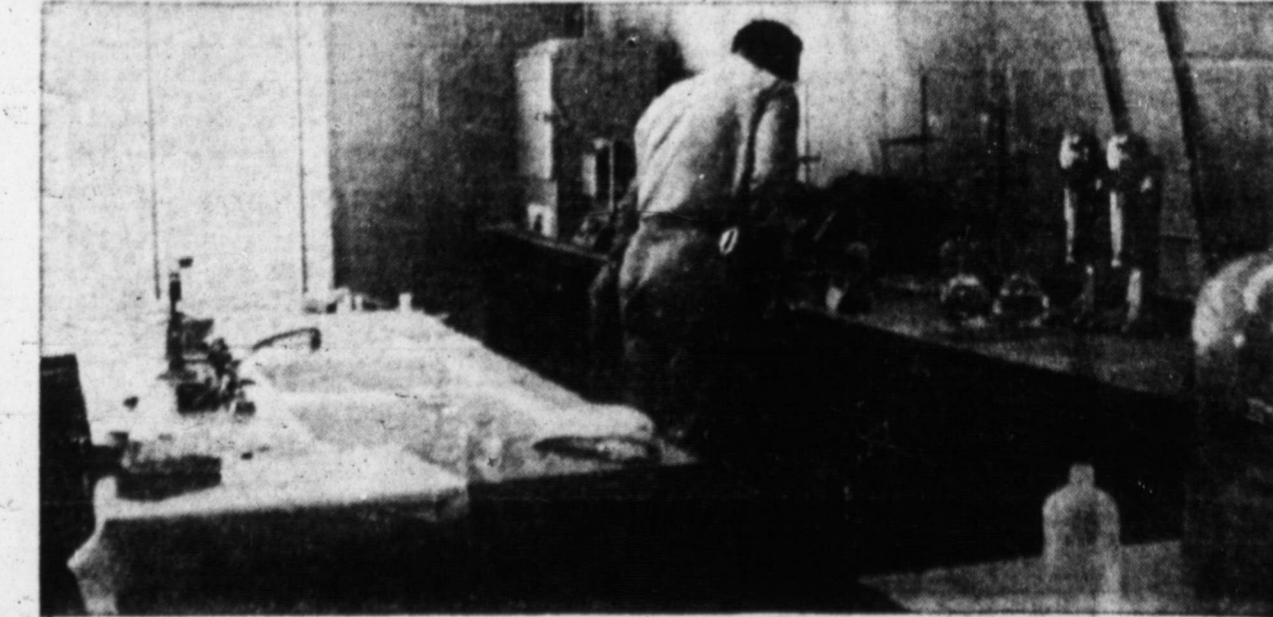

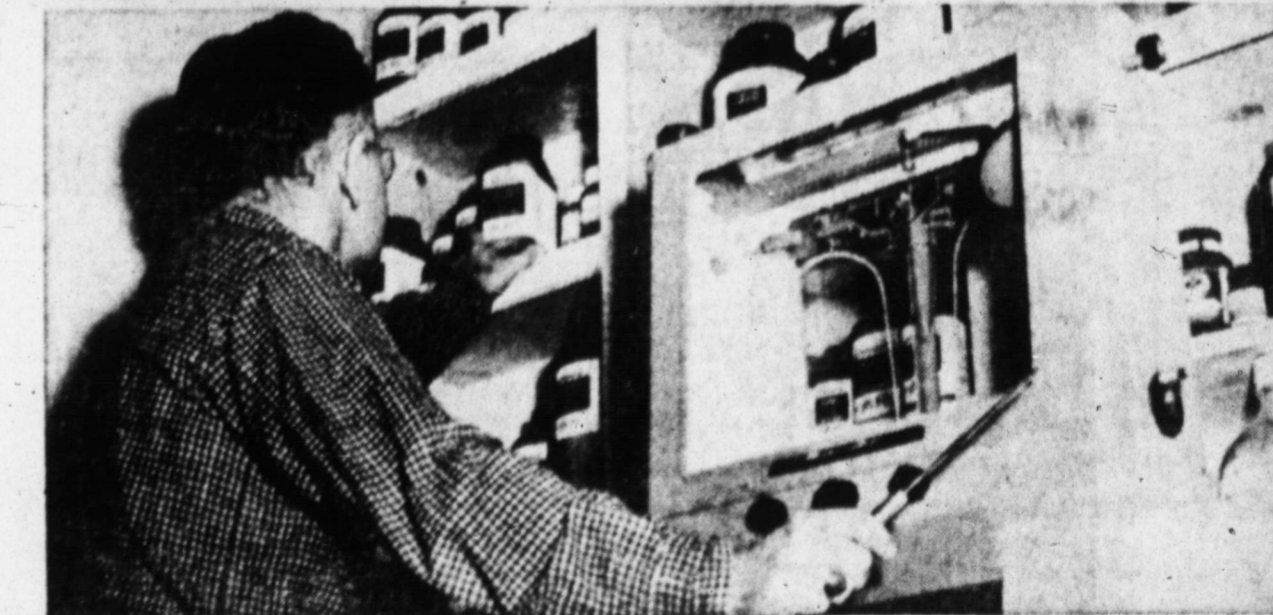

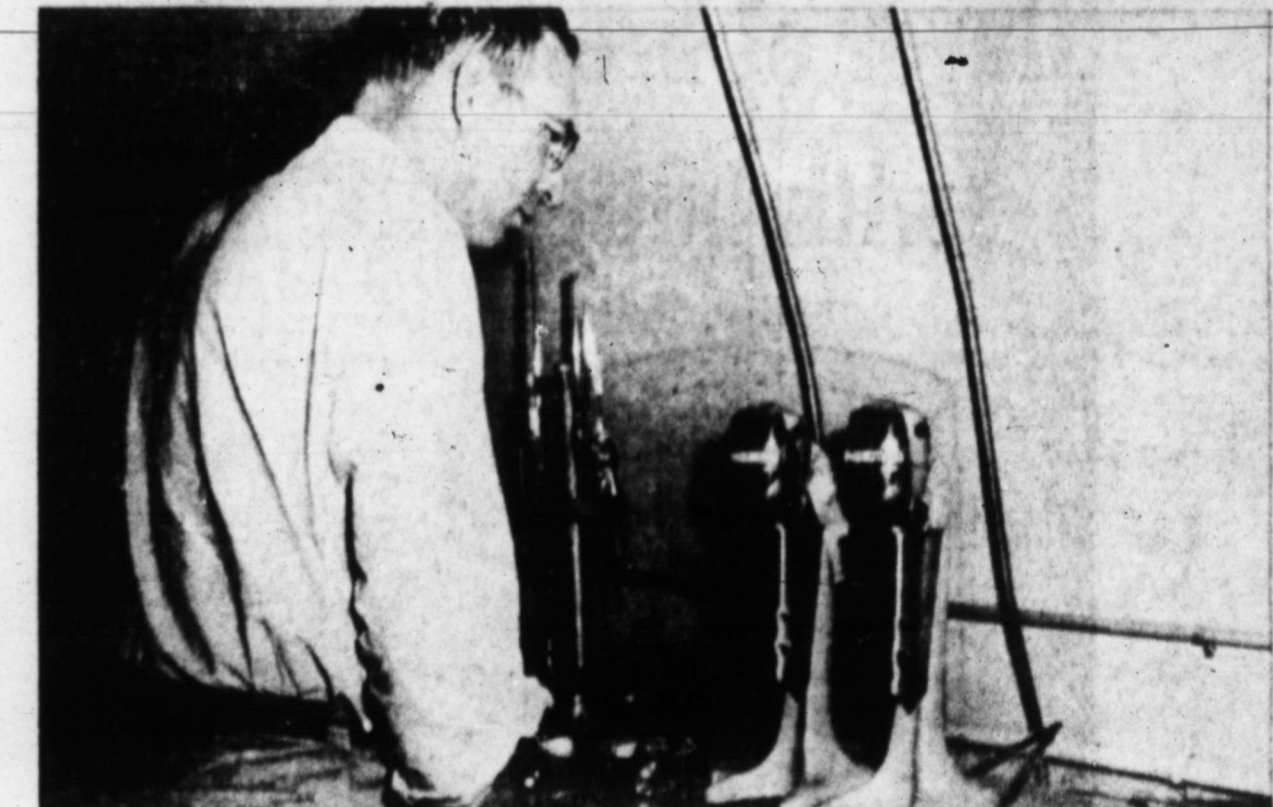

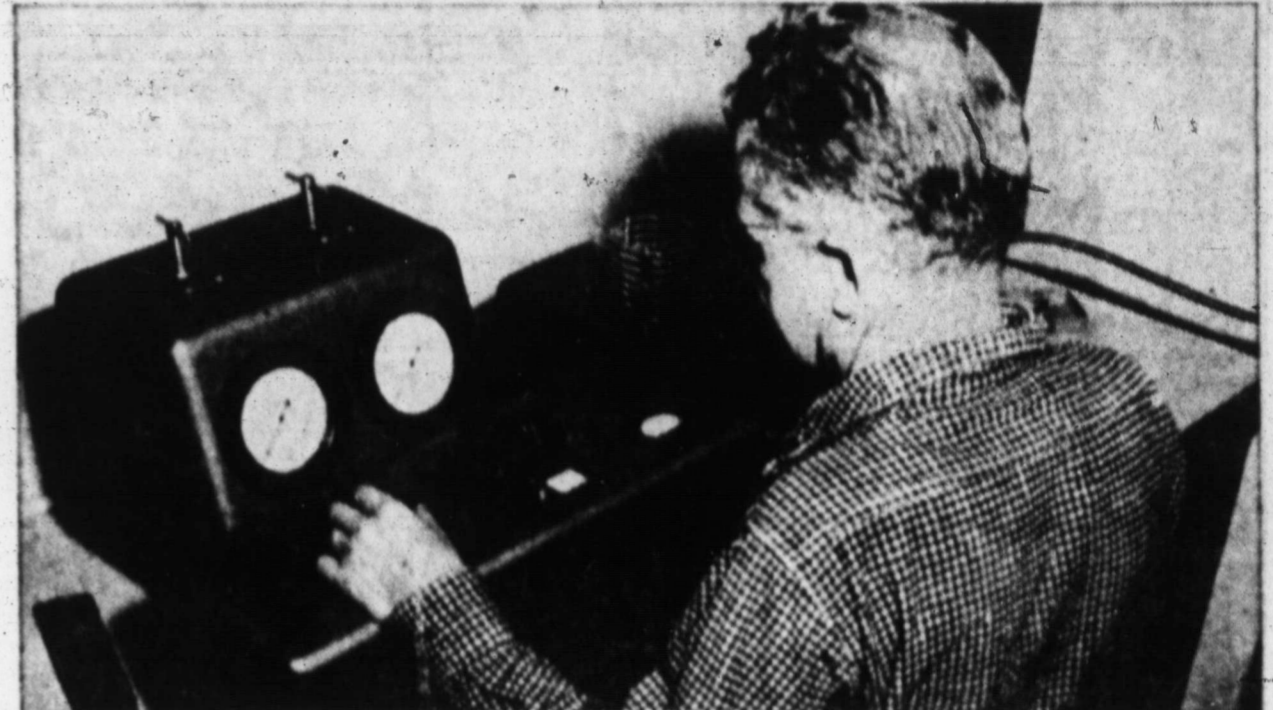

The manager also added: "Successful farm management should include, we believe, frequent consultation with soils-plants testing personnel."

"I like to compare an individual's farm with an automobile—made alike, they do not respond alike. Each farm is as different as the individual who operates it, and application of scientific tests must be made to fit the individual as well as his farm."

"It is only by careful analysis of that farm's soil and the plants growing on it that we can determine what the man should do to aid and abet nature."

Stone emphasized that Goodpasture Agricultural Laboratories is available for "anyone wanting to use our facilities."

He is assisted by Tom Hale, who also farms east of Brownfield. The laboratories are located immediately across the street from Goodpasture Grain & Milling Company on West Broadway.

IN THE PICTURES—Typical scenes at Goodpasture Agricultural Laboratories are shown at right. The panels may be considered numbered from 1 through 5, top to bottom. No. 1—L. T. (Stony) Stone manipulates spectrophotometer, delicate instrument used to determine and measure elements in soils and plants. No. 2—Stone prepares to test the conductivity of a Terry County soil sample. Says Stone: "A healthy, efficient soil has a high exchange capacity. This instrument checks the exchange." No. 3—He's not making malted milk shakes. However, Tom Hale is using the familiar apparatus to determine the percentage of silt, clay and sand in the soil being tested. No. 4—Stone reaches for a bottle of the several chemicals used in soils and plant analysis. Chemicals of the highest purity obtainable in the world and measured sometimes to one ten-thousandth of a milligram are stocked at the lab. No. 5—Part of the spacious, airy laboratory. Patrons will be received in a modern office receiving its major light from the daylight. (Staff Photos)

VOL. 20 10 CENTS BROWNFIELD, TERRY COUNTY, TEXAS, THURSDAY, FEBRUARY 7, 1957 NUMBER 6

Tournament of Talent Being Shaped by Lions

Brownfield Lions began a two-week selling stint this morning. For sale are tickets to their sixth Tournament of Talent.

The spectacular is scheduled for Feb. 21-22 in the beautiful, modern auditorium at Brownfield High School.

The Lions primarily responsible for the event are holding pre-dawn meetings twice a week to push plans for the annual show.

Club members have divided themselves into two teams, Reds and Blues. Virgil Crawford commands the Reds, and John Jennings, the Blues. Team selling least number of Tournament tickets will eat "beans and soup" after the event.

A total of 15 local and area persons had registered for the tournament as of this morning (Registration blank is to be found elsewhere in this edition.)

Chairman of the club's steering committee, O. R. Douglas, explained today that the acts will be limited to 40 in number, divided rather equally between the two nights.

Here are other persons with whom entries may be registered: County Judge Herb Chesshir in the courthouse; Jake Geron in City Hall, J. E. Smith at 1301 Lubbock Road, R. N. McClain at Brownfield State Bank, L. J. Richardson at First National Bank; Joe Collum at Brownfield Junior High School, and Don Bynum at Brownfield News-Herald.

Other pertinent information: The tournament will be held at 7:30 both nights. Place: High School auditorium. Tickets: 50 cents for students and \$1 for adults.

The Lions have divided the array of talent into four categories: high school and out-of-town, junior high school, elementary school (first through sixth grades) and Negro.

Judge Chesshir, who is directing the event again this year, explained this morning: "We'll have all the fun this year which we enjoyed last year. In addition, there'll be some 35 uniformed ushers to keep things rolling." Second night of last year's show

MOD Drive Is Termed 'Good'

The chairman of the recently concluded March of Dimes campaign in Terry and Yoakum counties, R. V. Moreman, said this morning:

"The 1957 MOD is over, but the dreaded polio season is just starting. We urge citizens in both counties to take advantage of the Salk polio vaccine."

Moreman explained that the drive had exceeded last year's campaign by "a little." Goal this year was \$5,000. Net in Terry to date is \$3,590. Yoakum contributions have not been tallied.

Largest group donation was given during the Mothers March, \$1,345. Other groups which have raised big sums are VFW, \$764; Teens Against Polio, \$597; American Legion, \$212, and ESA, \$72.

was held in weather considered by many to be the worst in recent years: rain, sleet, cold, ice and darkness. Despite all the foregoing, the second night audience of last year was the biggest in years.

The Tournament of Talent has been sponsored by Brownfield Lions since 1952. Its purpose: To raise funds for carrying on the club's several civic projects, such as glasses for the needy, care of crippled children and the Crippled Children's Camp at Kerrville.

Here is a partial listing of Lions who willingly will sell you a ticket or tickets:

Paul Farrar, Doug Cox, Sid Lowery, Harry Goble, John Jennings, W. N. (Doc) Lewis—he's president of the Lions, John Hansard, Dr. Tim Faulkenberry, Kenneth Scott, L. D. Bailey, James Massey, Jim Tidwell, Coy Jones, L. D. Bailey, Virgil Crawford, and

B. F. Hutson, Dennis Lilly, Joe Jackson, Joe Satterwhite, Ed Hill, Cliff Jones, David Nicholson, R. T. Wilson, Homer Barnes, Bryan Jones, Cliff Niles, Frank Jordan, H. L. King, Frank Szydoski, Reinhold Johnson, C. W. Denison, and

F. N. Martin, Bill Moore, Otis Larner, Othel Reeves, Lonnie Tune, J. T. Hoy, E. B. McBurnett, Jr., Jim Bayless, Clyde Bond Jr., Byron Ashwander, Aubrey Lester and Cate Williams.

First —, second — and third-place winners will be named in each of the four divisions. A total of \$170 in prizes awaits them.

Dollar Day Winners Determined by Draw

The following persons won \$10 merchandise certificates in the last Dollar Day drawing.

Abbie Hardy of 417 South Third (Furr's), Mrs. Lilly Averitt of 115 South Third (Brownfield Bargain Center), Mrs. Kenneth Purcell of 211 East Tate (City Drug), Mrs. William Mayo of 605 North Bell (Fair Department Store), and

Freddie Clark of 802 North First (Wacker's), Larere Allen of 218 East Tate (Cobb's), Mrs. J. A. Kelly of Route 1 (Klein's), Mrs. T. W. Brandon of 401 South Third (Dunlap's), Mrs. E. E. Kirk of Route 1, Meadow, (Collins) and

Mrs. Hubert Henson of Route 1 (Shelton's), Sarah Collins of 107 West Storey (Canipe's), and Mrs. J. L. Cruce of 204 East Cardwell (Bayless Jewelry).

The certificates must be redeemed within 30 days at the stores named above. Winners were determined by the draw.

Ground Observer Corps Slates Meeting

Additional plans for organizing a Ground Observer Corps unit in Brownfield will be taken under consideration at a meeting scheduled for 7:30 p. m., Tuesday in the South Plains Health Unit.

The meeting was announced this morning by Jake Geron, city secretary, who explained that a U. S. Air Force sergeant would be

JERRY CARMICHAEL

Air Force Academy Appointment Given Jerry Carmichael

A Wellman High School senior has received his appointment to enter the U. S. Air Force Academy in Colorado.

He is Jerry Carmichael, son of Mr. and Mrs. W. H. Carmichael of Route 3.

Young Carmichael was notified Tuesday of his appointment by telegram from U. S. Senator Lyndon Johnson.

The Wellman senior successfully passed the rigorous testing for entrance under Johnson's sponsorship several weeks ago.

The USAF Academy is in temporary quarters at Lowery AFB, Denver, Colo. Permanent buildings are being constructed at Colorado Springs.

Carmichael will receive \$111.15 a month and an allowance for food, quarters and medical expenses. At the end of the four-year course, he'll receive a bachelor of arts degree. Should he progress satisfactorily and desire to, he may do additional work for a master's degree.

The academy is the youngest of the great military schools, the other two being the U. S. Military and U. S. Naval academies.

Even now, Carmichael is awaiting word on the final tests he undertook for the National Merit Scholarship Foundation.

The Wellman senior has, at one time or another, been a Boy Scout, member of Future Farmers of America, member of Wellman student council.

He lettered four years in football and basketball, and has won numerous awards in interscholastic contests.

Carmichael has not yet accepted the Johnson appointment.

W. E. Smith Rites Are Held in Baptist Church At Plains

Funeral services for W. E. Smith, 79, former Brownfield resident, were held Monday in Plains, where he had lived since 1944.

Rites were in the Baptist Church, with the Rev. C. E. Strickland, Ropesville pastor, officiating, assisted by the Rev. C. L. Coffman of the Plains church.

Burial was in Plains Cemetery, under the direction of Brownfield Funeral Home.

Pallbearers were G. W. Cleveland, Dick McGinty, D. H. Kerby, Sherwin Tingle, Carl Cabe and Joe Curry.

Survivors are the widow; five sons, Clarence Smith of California, L. O. Smith of Plains, W. H. Smith of France in Europe, H. B. Smith of Pecos, and Walter Smith of Lubbock; and

One daughter, Mrs. L. B. Cabe of Route 3; two brothers, Ed Smith of Smyer, and Lee Smith of Argyle; five sisters, Mrs. W. M. Stevens of Abernathy, Mrs. Florence Lowe of Denton, Mrs. H. T. Tarpley of Athens, Mrs. Tennie Travis of Fort Worth, and Mrs. T. A. Drake of Dallas; 15 grandchildren and five great grandchildren.

IN COLOR AND SOUND

Rotarians To View Two Films

Brownfield Rotarians will view two sound-color films at their weekly luncheon Friday in Frist Presbyterian Church.

Film titles: "Making the Most of a Miracle" and "The Big Test." Each is concerned with proper management of the soil.

Newell Reed, club president, this morning urged all Rotarians and other interested persons "to see these films, vital in their approach to our soil problems."

The two mentioned films and two others have been rented for showing to area clubs and groups by Goodpasture Grain & Milling Company.

The four are classed as documentaries, parts of which are endorsed by the U. S. Department of Agriculture.

News & Views

The Farmers in and around Roswell, New Mexico think enough of having their soils tested and an agricultural laboratory that they are paying \$2.00 per acre for the complete services of their \$30,000 laboratory.

February 14 is Valentine's Day and the date of the annual chamber of commerce banquet. Let us insist that you call the chamber of commerce office for tickets if you have not been contacted by some of the board of director members. Will Wilson, attorney general of Texas will be the guest speaker. Wilson is believed to be captured.

See NEWS-VIEWS Page 6

Calcium Gluconate Effective Against Poisoning

Recovery from wheat pasture poisoning, a cattle disease prevalent in the Texas and Oklahoma panhandles, can be speeded up by removing affected cows from wheat pasture for a short time after giving injections of calcium gluconate. So says H. R. Crookshank, associate professor of Animal Husbandry at Texas Technological College and joint author of a recent Texas Agriculture experiment Station publication B-842.

Wheat Poisoning.
"For immediate response, give the injection intravenously," Crookshank says, "and make sure the preparation contains at least 17 per cent calcium gluconate if you want to avoid giving a second treatment."
It's also a good practice to use gluconate fortified with magnesium or phosphorus and place the sick animals on dry feed for a few days," Crookshank concluded.

Another method of injecting calcium gluconate, giving slower results but longer-lasting protection, is the intraperitoneal route. It provides slower utilization of the drug and does not produce the side effects which an intravenous treatment may incur.

An intravenous injection given too fast may be fatal and should be prolonged from 15 to 45 minutes, depending on the cow's reaction. Either treatment will give a successful cure in most cases if given within a few hours of first symptoms. The danger zone comes when 8 to 12 hours have elapsed after first symptoms are evident.

In recent tests, salt, cottonseed meal, mineral mixtures, silage and various dry feeds, either alone or in combination, gave little or no protection against wheat pasture poisoning. They do, however, act as diluents and may lengthen the time necessary for an attack of the disease to occur.

Initial symptoms include undue excitement, incoordination and loss of appetite. As the condition progresses, viciousness, staggering and falling develop.

Nervousness becomes more apparent with muscular twitching, and the animal may grind its teeth while salivating profusely.

Presence of wheat pasture poisoning is more pronounced during periods of lush growth with plentiful moisture, and occurs primarily in sexually mature cows.

Daniels Entertain At Anniversary Dinner

Mr. and Mrs. Frank Daniel of 720 East Tate entertained their daughter and son in law, Mr. and Mrs. Joe Scott, upon the occasion of the Scott's first wedding anniversary Monday evening.
Dinner was served to 10 guests. Games of "42" were played during the evening.

NEW PASTOR HERE — Pictured above is the Rev. William Mayo, who last week accepted the pastorate at Evangelical Methodist Church, 907 South Eighth. The Rev. Mr. Mayo lives at 605 North Bell with his wife, Joyce, and their 9-month-old daughter, Rebecca Elaine. They come to Brownfield from New Albany, Ind. He holds a bachelor of arts degree from Asbury College, Wilmore, Ky., and a bachelor of divinity degree from Asbury Seminary. Said the Rev. Mr. Mayo: "I and my family are looking forward to being associated with the people of Brownfield." He succeeds the Rev. J. C. Waters Jr., who is associated with a church in Cross Plains. (Staff Photo)

Dairy Income to Remain Same

Higher production costs and large milk supplies will prevent any general uptrend in the 1957 net income for dairymen, says Extension Economist John G. McManey. This year's national production of dairy products probably will top the 1956 record high by about three billion pounds.
Improved technology and quality of cattle point to a higher rate of milk production per cow in 1957.
Milk and butterfat prices paid to farmers in 1957 will depend primarily on support levels which won't be revised until April 1. New support levels will be announced shortly before that date and will be between 75 and 90 per cent of parity unless an emergency arises, placing them out of this range, McManey says.
Expanding incomes and an increasing population indicate a strong consumer demand for dairy products in 1957 and the Agricultural Act of 1954 has greatly aided in reducing CCC stocks.
Supplies of both feed concentrates and roughages in the United States are large relative to the number of cattle and other livestock.

However, this is not true in Texas.

It Pays to Remove Trees, Brush

Have you ever stopped to think how much undesirable trees and brush in the farm fence rows cost? A. H. Walker, extension range specialist, says a recent study showed that a single large mesquite tree was using all of the water from one-sixth acre of cropland.

The farmer on whose farm the study was made reported that the tree cost him \$9.10 last year. He averaged a half bale of cotton to the acre on his other cropland but got nothing from the area around the tree. He stopped and did a little figuring and for than five cents killed the tree.

On another farm, Walker said, no crops were growing for a distance of 90 feet from a brushy fence row. In one mile of fence row the farmer was losing 10 acres of cropland. Countywide surveys have shown that in many counties upwards of 5,000 acres of cropland are not producing crops because of fence row thieves.

Walker says if fence rows, trees and brush are not controlled the farmer would at least save his

oil is suggested.
December, January and February are good months for carrying out the control program. Labor is usually available and working conditions more desirable. Too few broad-leaf crops are growing which might be damaged from drift from the chemical. The chemical is nonpoisonous to man or livestock in the recommended formula.

Now is the time of the year to apply chemicals to these moist ure and soil nutrient robbers Walker says research and many farm demonstrations have shown that best control is obtained by spraying the cut-off stump the trunk base or by applying a solution in frills to the standing trees.

The accepted chemical is 2,4, D-T which should be mixed with diesel oil or kerosene and applied with a hand or backpack sprayer. For the hard to kill trees, Walker recommends a pound of the chemical in six gallons of oil. For easier to kill trees a pound to 12 gallons of

ME Kindergarten To Have Vanilla Sale

The Kindergarten department of First Methodist Church is selling vanilla in order to help furnish a new four-year-old room.

Persons wishing to purchase the vanilla are asked to call Mrs. J. H. Bounds at 2256.

Eggs Top the List Of Plentiful Foods In the Southwest

The feature spot on the USDA's plentiful foods list for February for the southwestern area goes to eggs. Supplies of this highly nutritive food are heavy and prices are attractive. Consumers are urged to take advantage of the situation.

Beef, lamb, broilers and fryers, and ocean perch and haddock filets also are listed by the USDA as plentiful supply.

Other foods expected to be plentiful during February include rice, milk and other dairy products, potatoes, canned sweet corn, canned purple plums and dried prunes.
A monthly survey made by the southwest food distribution division, Agricultural Marketing Service, USDA, forms the basis for determining the plentiful foods list for the southwestern area.

as, which has gone through several years of drought. Roughage supplies especially are scarce and feed costs may have a definite influence on net income for Texas dairymen.

Valentine Banquet Scheduled Monday

"An Evening on a Southern Porch" will be theme of this year's Sweetheart Banquet, scheduled for Monday at First Baptist Church. The banquet, which will get under way at 7:30 p. m., is primarily for youths in the intermediate and young people's departments. Tickets, which are free, may be got at the church office of from teachers in the various Sunday School departments. Deadline for getting the tickets is Sunday night. They should be presented at the door for admission to the banquet.

50 Farmers Seek Natural Gas Pipe Line for Farms

Some 50 Terry County farmers discussed the economics and possibilities Tuesday night of servicing their farms with natural gas. The meeting was held in the 10th District Court room, moderated by Eulice Farrar. Under consideration by the farmers is the laying of some 15 miles of gas main and laterals from the old Lahey school area north of the Gomez and Johnson areas. The farmers were told by Pioneer Natural Gas representatives that the gas would not be available until next year. The group appointed a steering committee to make further studies of the proposed lines. Members are Chairman Farrar, and members Denver Kelly, Robert Beasley, Jack Mason, Bonard Stice and Walter Fulton.

Basketball Game To Climax MOD Drive

A benefit basketball game Saturday night will climax the current, month-long March of Dimes campaign in Terry and Yoakum counties. Scheduled for play are the Primm Druggers of Brownfield and Ince Oil Company of Lubbock, both undefeated in the TAAF season. Time: 8 p. m. Place: Wellman High School gymnasium. Admission: "Any donation at the door." The event is the second in as many MOD drives here. The Teens Against Polio concluded their efforts Saturday in the MOD drive by selling peanuts at "check points" in the downtown business district. R. V. Moreman, director of the campaign in Terry and Yoakum, said this morning that he thanked all persons "who have worked so diligently toward the goal of eliminating the ravages of polio in the United States."

MEADOW NEWS

By MARY GOBER NEWS Correspondent
Mr. and Mrs. Roy Gober are the parents of a son born Sunday morning, Jan. 27. They named him

Randal Dwayne. Several Meadow people have visited Mrs. James Patterson in the Methodist hospital in Lubbock. Among those visiting her are Rev. and Mrs. M. W. Reynolds, Mr. and Mrs. Wayne Cadenhead, and Mrs. John Cadenhead. Mrs. Patterson is the wife of Rev. James P. Patterson of Silverton, a former pastor of the Methodist church here.

Mrs. J. W. Eubank and daughter have returned home from Crane where they spent several days visiting her sister, Mrs. Billy Cowden, and family. Mr. and Mrs. C. P. Longley of Albuquerque, N. M. are here visiting his mother, his brother, Jack, and wife.

Mr. and Mrs. Lee Roy Shannon and son, Randy, of Gail spent the weekend here visiting in the home of his brother and wife, Mr. and Mrs. Lonzo Shannon. Lee Roy is a former resident of Meadow and is teaching school in Gail.

Mrs. Dot Castleberry returned home Saturday after spending the past two weeks in Friona, with her son, Ray, and family.

Mr. and Mrs. Cleve Harwell of Tuxedo visited in the home of Mr. and Mrs. Edd Ashburn Friday and went on to Denver City to visit her brother, Mose Jones.

Mr. and Mrs. Edd Peek visited Mrs. Estie Gray in Brownfield Friday.

Mr. and Mrs. Lloyd Sheeks and boys of Albuquerque, N. M. spent the weekend with her parents, Mr. and Mrs. Arthur Curtis, and family.

Willie Verner of Ropesville visited his mother, Mrs. J. T. Verner, Wednesday morning.

Mrs. Woody and two daughters of Kress visited recently in the home of Mr. and Mrs. W. I. Walker.

Mr. and Mrs. W. I. Walker are in hospital with one of his brothers who is seriously ill.

Miss Aretta Jennings of Lubbock spent the weekend in the home of her sister and family, the Joe Burlesons.

Mr. and Mrs. Joe Edwards and son, Jerry, of Clovis, N. M. spent the weekend here visiting her sister, Mrs. Ruby Dalton, and family, and niece, Mrs. Roy Gober, and family.

Mr. and Mrs. Harold Hester and three sons from Portland, Ore., and C. B. Hester of Brownfield visited in the home of Harold's aunt and family, the J. H. Gobers, Saturday.

Mrs. Billy Cowden and daughters are visiting here in the home of her parents, Mr. and Mrs. Lee Walker.

Rev. and Mrs. M. W. Reynolds visited Mrs. Roy Gober and son in Goodnight hospital Monday.

Leon Graham of Lubbock spent the weekend in the home of his sister and family, the Arthur Curtis'.

Burl Hinson and children, Bobby and Sue, of Pecos spent the weekend in the home of his parents, Mr. and Mrs. R. M. Hinson and attended the Methodist church Sunday morning.

Betty Hester of Big Spring spent the weekend in the home of her parents, Mr. and Mrs. Clarence Hester.

Visitors in the home of Mr. and Mrs. Fred Finley Tuesday were her sister, Mrs. Billy Cowden, and two daughters of Crane, and Angela Adams.

Barbara Russell of Lubbock spent last weekend in the home of her parents, Mr. and Mrs. Carl Russell, and Carlene.

The W.S.C.S. met at the church Monday afternoon to continue the study "Youth in a Responsible World." Mrs. Nina Copland is leader.

Mr. and Mrs. Carl Pritchard, manager and bookkeeper of the Coop gin, and all the directors and their wives (with the exception of Mr. and Mrs. Joe Keesee) left Saturday for Houston to attend a ginners convention.

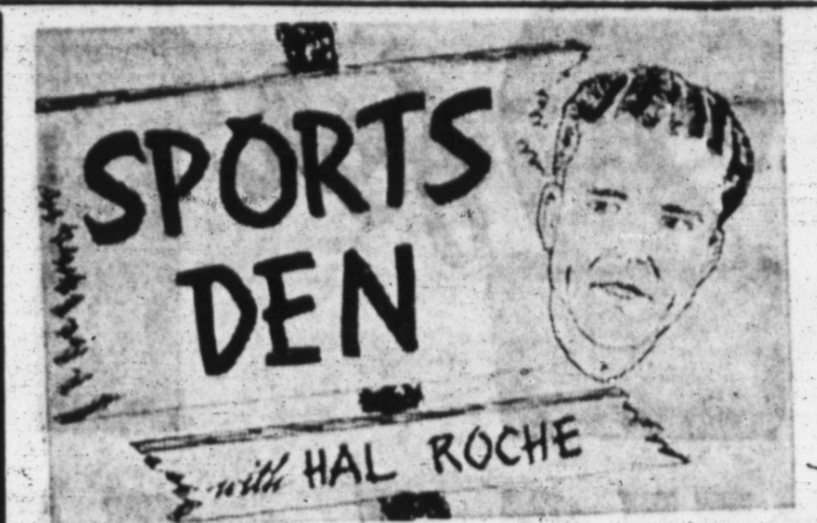

Mr. and Mrs. John Cadenhead visited Mr. Arthur Sterns in the Methodist hospital Saturday. Mr. Sterns is very ill with a heart condition and is a former Meadow resident.

Richard Hodo was honored with a birthday dinner in the home of the Roy Gobers, Sunday. Those attending were Mr. and Mrs. Joe Edwards and son, Jerry, of Clovis, N. M.; Mrs. Ruby Dalton and children, Wanda and Lonnie; and Mr. and Mrs. J. H. Gober and Ray. Little Keith Kirk has returned

Brownfield News

SPORTS

Hal Roche Sports Editor

There have been a few questions about the start of construction on the Little League ball park. The information for all concerned, is this; the proposed site is now definite. The park will be located in the southeast corner of Terry County Park and survey work has been completed, bids are now being accepted and the diamond has been marked off.

Jim Foy and Bob Etheredge along with James Kins and Clyde Bond, Jr., did the survey work and at last report everything is in order and the cutout work should begin next week. Construction on the concession stand and press box along with the bleachers and fence should begin about the last of next week.

Mr. and Mrs. Jack Andrews of Plainview visited their daughter and family, the Clarence Clarks.

I had quite an enlightening conversation with Mr. C. G. Griffith, President of the School Board, this morning. I asked a lot of questions about procedure concerning a football stadium and athletic field.

Mr. and Mrs. Wayne Bagwell and Janice spent Saturday and Sunday with her parents, Mr. and Mrs. E. L. Hogg and family in Lamesa.

First of all let's keep the record straight and make clear that Mr. Griffith did not express an opinion one way or the other. I did not ask him for a statement or a commitment but just had him outline the correct procedure to follow in order to obtain a new stadium.

Mr. and Mrs. Gary Martin and sons of Lubbock visited Mr. and Mrs. Floyd Joplin Friday night.

Acquiring a new stadium is not something one does simply by saying, we need a new football stadium, let's build one. There are laws and tax laws that govern the new properties of a school system and those laws must be respected. However, a petition may be presented to the school board by citizens of a community requesting a new field or stadium. That petition must bear a certain number of signatures in order to be acceptable. That, insofar as the citizenry are concerned, is the first step.

Mr. and Mrs. E. S. Henderson and boys, Mr. and Mrs. Smith and son, all of Big Spring, visited in the W. J. Henderson home Wednesday.

The members of our school board, I believe, would be willing to accept such a petition. I know they are all intelligent men who want the best possible facilities for the present and future students, especially those who make up the athletic programs.

Mr. and Mrs. Lloyd Sheeks and family visited her sister and family, Mr. and Mrs. Earl McLain in Monahan last week where he was confined for a few days.

I would like to hear some comment on this subject and it would

Mr. and Mrs. Louis Peeler were Sunday dinner guests in the home of Mr. and Mrs. J. M. Burleson and Mrs. Miller.

Watch For T. O. T. Feb. 21 & 22

Mrs. E. A. Short visited Mrs. B. C. Horton Friday afternoon.

Visitors in the home of Mr. and Mrs. Tom Adams and family over the weekend were her parents, Mr. and Mrs. Petty, of Abilene.

Mr. and Mrs. Gerald Blake visited Mr. and Mrs. Roy Gober Sunday evening.

Mr. and Mrs. J. M. Burleson were in Lubbock Sunday afternoon visiting Mrs. James Patterson of Silverton and Arthur Sterns of Plainview in the Methodist hospital. They are both former Meadow residents.

Mr. and Mrs. James Selman and daughters, Pat and Mary Jo, of Hobbs, N. M. visited in the home of her brother and family, the Roy Gobers, last Wednesday.

Legion Cancels Its Scheduled Meeting

Because of conflicting meetings, next session of Brownfield Post 269, American Legion, will be held "sometime in the near future." The announcement was made this morning by L. D. Bailey, post secretary, who said that "members will be notified by letter of the next meeting date." The Legionnaires have called off meetings scheduled for Feb. 14 or 21 because of the Chamber of Commerce banquet and the Lions' Tournament of Talent.

OZARK-MAHONING SCENES—Full-scale production of anhydrous sodium sulphate is scheduled within the next three or four days at the sparkling new Ozark-Mahoning plant 14 miles east of Brownfield. The \$1,000,000 plant was being put rapidly into final operative stage Monday, time of the pictures shown here. Upper left: a maze of pipe headers in the chilling room. Extreme cold plays a major role in the process. Upper middle: Workmen check a giant 600-horsepower ammonia compressor. Upper right: O. R. Marsh (back to camera), plant superintendent, explains some details of machinery atop one of the vacuum filters, where glauber's salt is separated from the mother liquor. Extreme left: Looking toward back of drying room and at the two storage tanks for final product. One tank will hold 2,500 tons and the other 650 tons. Extreme right: General view from rear of plant showing chillers. The pipes soon will be encased with a block of icy material. The Brownfield plant is the world's second — and it's most modern. The company's other plant is at Monahans. Some 130 tons of the "salt cake"—popular name for the sodium sulphate is expected to be produced daily at the site. The product will be hauled by truck to a railhead immediately north of Brownfield, where it will be shipped to factories in hopper cars. Some of the "salt cake," which resembles sugar — or salt — is shipped in box cars like grain. The plant is "custom built," in that few of its components are mass produced for any other purpose. News-Views-- Muldrow Speaks To Desk, Derrickers

(Continued from Page 1)
able of and is being groomed for governor of our state, so you might get to know our next governor by attending the banquet.
It has been reported Brownfield and Lamesa are being considered by proper authorities on the advantages and disadvantages of placing a cotton classing office in one of the two towns, not both.
Terry has something else to

Muldrow was principal speaker when the Desk and Derrick Club met Monday evening at the Melody Restaurant. Muldrow spoke to the group on "Leasing Land for Oil Drilling Purposes."
A regular business meeting followed Muldrow's speech. Muldrow was presented a gold and black ashtray.
Those attending were Mary James, Rita Holmesly, Jane Ivy, Darlene Turner, Jane Loftis, Donna Badgwell, Pat Hipp, and Mr. and Mrs. Muldrow.

We have more aluminum irrigation pipe in our county than any other in our state and probably more than any other in the United States. Why wouldn't Brownfield be a good site for a factory?
Let's hope that Plainview, Amarillo and Rampa will reconsider the possibilities of re-joining the Canadian River Authority. Without them, our hopes of getting this project through appears dim.
Ralph Douglas, the newly hired engineer for the airport construction has been doing some work on his survey - report this week.
Our Chamber of Commerce is coming along well and it is through the effort over and above paying dues that means so very much. One of our members is responsible for Mr. Will Wilson being flown to Brownfield next week and back to Austin at the expense of his company.
Another one was asked how much it would cost to have a painter come down and paint the Chamber of Commerce office and he insisted that he be given the opportunity to do this free of charge. These men and others spend time and money to boost our City, and certainly we are grateful for their efforts.
We visited with two businessmen from Levelland last Friday at Rotary and they are doubtful about very many student from Brownfield being interested in going to college in Levelland if they establish a junior college in their city. What do you think? We would be happy to hear some comment from our readers in the form of "Letters to the Editor."

Down Wellman Way

Students running for offices on the Student Council now are campaigning. Carroll Parker is seeking the office of president.
Fifteen new books have arrived at the library. Some of the titles are Modern American Poetry, Young Walter Scott, Lorna Doone, Jane Eyre, Wuthering Heights, Warm Wind and West Wind, and Modern British Poetry.
Mrs. Miller attended the wedding last Thursday night of her niece, Lua Allen, in Sweetwater, serving in the house party.
The third quota of the annual pages will be mailed Thursday. Judging from the picture exhibit in study hall, the annual will be a good one this year.
Chief characters in the sophomore play are: Ross Betcher as Wilburn, Barbara Bishop as Betty Lou, Pat Rannels as Connie, Bette Brubaker as Mrs. Maxwell and Donnie Pinson as Mr. Maxwell.
Here are the Valentine sweethearts: Margaret Ingram—Robert Fought, La Rue Rex—Charles Sheller, Cynthia Smith—David Bevers, Georgia Fought—Gale Ribble, Tootsie Hawkins—LDean Hughlett, Peggy Burnett—Louis Hare and Danny Loe—Bill Norman.
The girls have started a ping pong tournament. It is held from 2:30 until 3:45 each afternoon. The loss of one game bars a contestant from further participation.
The sophomores selected some of the characters for their upcoming play. The books on the play arrived this week.
Karen Hamm has a new baby sister, Kim Renea, born Jan. 30.

Wilson--

(Continued from Page 1)
of five district attorneys selected from the entire nation by the U. S. attorney general to advise the National Conference on Organized Crime in 1950.
The Texas attorney general has taught in the law schools of Baylor and Southern Methodist universities, and has delivered lectures at St. Mary's, University of Texas and the University of Houston.
Wilson took part in combat during World War II on New Guinea, Biak Island, and on Luzon in the Philippines. As commanding officer of the 465th Field Artillery Battalion, he accepted the surrender of the forces of General Yamashita. He received an award for volunteer patrols with the infantry and for setting up ambushes behind Japanese positions.
Mr. and Mrs. Wilson have two children: a daughter, Lou, 12, and a son, Will, 6. The couple will be flown back to Austin on Friday.

Mr. and Mrs. J. B. Huckabee and Mrs. N. L. Mason attended the Hardy Reagan wedding in Spuff Sunday.
To keep cookies tasty: put the soft ones in a cookie jar and the crisp ones in a jar with tight-fitting cover.

Mrs. Charlie Price Hostess At Party

Mrs. Charlie Price was hostess when her Tuesday afternoon bridge club met in her home Feb. 5.

Heart-shaped strawberry shortcake with whipped cream and coffee were served to Mesdames Joe Henderson, Murphy May, Eve Dyson, Betty Lundy, J. T. Bowman, John L. Cruce, Bob Hoey, and Jim Tidwell.

Mrs. Bowman was high player and Mrs. Tidwell was second high.

Just Snooping

By GEE GEE PRIVITT
NEWS Staff Reporter

Adage: "It Takes All Kinds to Make the World." Facts: "It takes all sizes to make the girls." And SHELTON'S has all sizes of clothes to make you girls pictures of real Spring elegance.

As anyone who wears them will tell you, finding half size dresses that look like anything is a pretty tedious chore. It's not that the manufacturers don't make them...

It's just that it's difficult to find a store that carries a selection of half sizes. No so at SHELTON'S...

...they have some of the prettiest ones I've ever seen. A match is made in a coat and dress by Slimaker... a stunning all in one wardrobe with a coat in the tweedy look over a streamlined dress of shimmering acetate rayon print that looks and feels like pure silk.

The coat is lined in the same elegant material and is just \$29.95... comes in blue in 16 1/2 and in brown in 14 1/2.

Also very new and very chic is the navy and white (or brown and white, if you prefer) Slimaker suit with detachable white linen dickey...

Infanticipators will be happy to know that they're not forgotten, either, because SHELTON'S has many flattering pedal pushers, separate tops, as well as dresses for you.

One of the prettiest, I think, is pale, pale blue (or pink) slim skirt with a permanently pleated tiny polka dotted top fashioned with rounded neckline piped in white and tied with a perky bow at the back.

Also very unusual is a red and white striped cotton knit separate top with ribbed knit cuffs on the short sleeves and at the button-down front neck.

This also comes in black and white and will be very comfortable and smart with pedal pushers or skirts.

And Terry County Herald... Terry County's Oldest Business Institution

Vol. 20 Brownfield News-Herald, Thursday, Feb. 7, 1957 No. 6

Miss Dean Reagan Becomes Bride Of Teddy Joe Hardy In Church Ceremony

Before a background of greenery and white gladiolus flanked with branched candelabra holding white tapers, Miss Dean Reagan became the bride of Teddy Joe Hardy in the First Baptist Church at Spur Sunday, Feb. 3. Rev. Riley Fugitt, pastor of the church, officiated at the double ring rites.

Parents of the couple are Mr. and Mrs. Leon Reagan of Spur and Mr. and Mrs. Ted Hardy of 415 East Buckley in Brownfield. Miss LaNell Marcey of Spur, organist, played traditional wedding music and accompanied James Barnes when he sang "Walk Hand in Hand" and "The Wedding Prayer."

BRIDE WEARS WHITE

Given in marriage by her father, the bride wore a floor length gown of white satin, fashioned in princess style with long tapered sleeves and a round necked neckline edged in seed pearls. Her fingertip length veil of silk illusion net depended from pearl tiara, and she carried a white Bible topped with a white

orchid showered with stephanotis and white stam streamers. For something old and borrowed she carried a handkerchief belonging to her grandmother, and she wore a blue ribbon garter given to her by her sister. For luck, her father placed a penny in her shoe.

Miss Ann Reagan attended her sister as maid of honor. Bridesmaids were Miss Susanna Houston of Brownfield and Max Newton of Abilene, Tommy Dee Hardy of Brownfield, brother of the bridegroom, and James Buce of Hobbs, N. M., cousin of the bridegroom, were candlelighters.

Cousins of the bride, Sharon Lane and Sue Cypert of Munday, were flower girls. They wore red taffeta dresses.

Robert Butler of Brownfield was best man. Ushers were Dale Travis of Brownfield and Max Newton of Abilene, Tommy Dee Hardy of Brownfield, brother of the bridegroom, and James Buce of Hobbs, N. M., cousin of the bridegroom, were candlelighters.

RECEPTION IS HELD

A reception was held following the wedding at Dyess Hall. The couple was assisted in receiving by their parents and attendants.

The serving table was laid with a white cloth and was decorated with red carnations and the large three tiered wedding cake topped with a miniature bridal couple.

For a wedding trip to South Texas, the bride chose a black and grey tweed suit with white accessories and a white orchid corsage. The couple is at home at 1073 North 17th in Abilene.

Mrs. Hardy is a 1955 graduate of Spur High School and is a sophomore student at Hardin Simmons University. Mr. Hardy is a 1954 graduate of Brownfield High School and is a junior student at HSU. They will continue their studies there.

Attending the wedding from Brownfield were Mr. and Mrs. Ted Hardy and Tommy Dee, Mr. and Mrs. J. B. Huckabee, and Mrs. N. L. Mason.

Demure young hostess presides at a Valentine's Day party table she planned herself. Unusual centerpiece is simply made.

Valentine Party Can Be Easy, Inexpensive Affair For Teens

By KAY SHERWOOD
NEWS Staff Writer

A Valentine's Day party can be a midwinter bright spot for the youngsters. And it needn't necessarily entail much extra work for the busy homemaker. If you have a fledgling hostess in the family, help her test her wings on a simple party.

From slicking up the house before the party to serving refreshments from a pretty table, encourage her to take over the role of hostess.

A friend of mine with two pre-teen daughters encourages them to entertain often; she knows that giving parties is good training for future social poise, as well as being fun.

For the preparation beforehand: During the party, she remains discreetly in the background (usually the kitchen) but immediately available in case help is needed.

Working within a prescribed budget, the girls plan the refreshments, decorations, table setting and entertainment. The entertainment includes indoor games hunted up in books at the library. Recently it has included dancing in the family room.

Because food is apt to take most of the budget decorations are often home-made.

The cherry red and white color scheme of Valentine's Day is easy to work out in table decorations. Here's a new centerpiece idea that

appealed to these young hostesses because it's easy, simple to make and inexpensive.

A demure young lady encircled with red construction paper hearts dominates the scene. She's made from construction paper, ashen ribbon, a wax paper tube and an aluminum cake pan.

Turn the cake pan upside down. Wrap the cardboard tube in aluminum foil. Secure it to the pan base with several strips of cellophane tape and slip a lace paper doily over the tube to cover the base.

Tap 10 strips of red ashen ribbon about 13 inches long first to the top of the tube; then to the bottom. Trim the edge of the cake pan with hearts cut from red construction paper and centered with a fluffy bow of white or blue ribbon.

Use pink construction paper for the face. Hair and long, curled eyelashes are cut from black paper, curled and pasted or taped in place. A red paper hat trimmed with a light blue ribbon band flourishes a jaunty artificial flower.

Body is a red construction paper heart surrounded by a lace paper doily. The invitation to "Be My Valentine" is written on in white ink.

TO START the party, you might suggest a "Heart Hunt" timed to a record with the word "heart" in the title. Cut several hearts from red construction paper and hide them around the living room before the guests arrive. Tape them to out-of-sight places like the under sides of chairs and tables, draperies, and the insides of lamp shades.

Mary Joe Christian Installed As Worthy Advisor Of Rainbow Group

Mary Joe Christian was installed as Worthy Advisor of the Brownfield chapter of the Rainbow Assembly in a ceremony held Wednesday, Jan. 30, in the Masonic Temple.

Members of the Tahoka chapter installed the new officers, installing officer was Janet Edwards; La Rhea Greathouse was installing chaplain; Carl Smith, installing recorder; Jill Walker, installing marshal; and Diana Hensley, installing musician. Mrs. Jane Moorhead was acting Mother Advisor for the Tahoka group.

Brownfield officers being installed were Mary Joe Christian, Wor-

thy Advisor; Mary Jane Brownfield, Worthy Associate Advisor; Juana Jay Barret, Charity; Sue Shewmake, Hope; Bobby Bailey, Faith; Judy Teague, drill leader; Rudene Rich, Love; Mary Ann Schofield, Religion; Viola Grace Barret, Nature; Gail Honeycutt, Immortality; Charlotte Hurd, Fidelity; Sharon Snedeker, Service; Pat Ott, confidential observer; Judy Prewitz, outer observer; and Judy Norris, musician.

Mrs. Ione Turner was installed as Mother Advisor, and new board members installed were Mesdames Florence Parker, Elsie McMillan, Carolyn Proctor, Irma Smith, Dorothy Goble, Inez Lucas, and Grace Buchanan, and Messrs. Harry Goble, George Steele, and Claude Buchanan.

Guests attended from Brownfield, Tahoka, and Levelland. Miss Christian's colors for her term of office are red and white, and her motto is "Service to God and Man." The invocation was given by Claude Buchanan, and Miss Christian gave her acceptance speech before introducing her parents, Mr. and Mrs. Joe W. Christian.

A past Worthy Advisor's pin was presented to Gail Cottrell by Miss Christian, and merit awards were made by Florence Steele. See RAINBOW, Page 2

Historic Gardens of the US Studied By Maids & Matrons Club Tuesday

Maids and Matrons Study Club met at Seleta Jane Brownfield clubhouse at 4 p. m. February 5. "Historic Gardens of the United States" was the program topic for the day. Mrs. Joe Satterwhite was moderator for the symposium.

Mrs. W. A. Bell spoke on gardens of Maine; Mrs. W. M. Adams, gardens of California; Mrs. L. M. Wingerd, gardens of Texas; and Mrs. A. A. Sawyer, gardens of Alabama. Pictures of these outstanding gardens were shown. Special guests were members of the Brownfield Garden Club.

Hostesses were Mesdames Ernest Latham, John Cadenhead, M. G. Tarpley, and E. C. Davis.

The serving table was laid with a natural linen cutwork cloth and was centered with a centerpiece of bronzed dried materials. Cherry pie and coffee were served to the following members and guests: Mesdames J. O. Satterwhite, L. M. Wingerd, W. M. Adams, W. A. Bell, A. A. Sawyer, M. G. Tarpley, John King, W. A. Kimbrough, W. S. Downings, J. S. Smith, Frank Wier, John Cadenhead, E. L. Nelson, Otis Larner, J. L. Crow, John

Clark, R. E. Johnson, W. J. Speen, A. J. Stricklin, L. M. Rogers, J. A. Jackson, Leo Holmes, J. M. Teague, Terrell Isbell, John Hohnson, George Hunt, E. C. Davis, A. W. Butler, Eunice Jones, Lobe Miller, and Miss Maudie Bailey.

Jo Beth Dumas Is Local Contestant

Jo Beth Dumas, daughter of Mr. and Mrs. Jerry Dumas of 607 North Second, has been named the Betty Crocker Homemaker of Tomorrow in Brownfield. She received the highest score in a written examination on homemaking knowledge and attitudes taken by graduating girls in Brownfield.

Her paper will now be entered in competition with those of 655 other school winners to name this state's candidate for the title of All-American Homemaker of Tomorrow and will also be considered for the runnerup award in the state. For her achievement, she will receive an award pin.

MISS WYNOKA TUCKER

Tucker-Herring Betrothal Told

Announcement has been made of the engagement of Miss Wynoka Rae Tucker by her parents, Mr. and Mrs. Tom Tucker of 1908 West Show, Carlisbad, N. M., to Olan Farrell Herring, son of Mr. and Mrs. Olan Herring of Route 3. Miss Tucker is a graduate of Carlisbad High School and her fiancée is a graduate of Sabinal High School. A wedding date has not been set.

Baptist Circles Continue Study

"Great Prayers of the Bible" was the theme of study when all circles of the First Baptist Church met at the church Monday. Mrs. Joe Johnson was in charge of the study.

About 30 women attended the business meeting and study.

Ann Pettit circle will meet with Mrs. E. B. McBurnett, Jr., Tuesday at 9:30 a. m. at 1205 East Buckley; Blance Groves, Mrs. Ted Turner, 1305 East Tate, Monday, 4 p. m.; Janelle Doyle, Mrs. Elry Jones, 1116 East Hill, Monday at 4 p. m.; Lois Glass, Mrs. A. Howard, 401 West Ripley, Monday at 2:30 p. m.; Lucille Reagan, Mrs. T. A. Wartes, 1309 East Buckley, Monday at 2:30 p. m.; Roberta Edwards, Mrs. Jim Jones, 219 West Ripley, Tuesday, 9:30 a. m.; and Business Women, Mrs. Cora East Broadway, Thursday at 7 p. m.

YOUTH GROUP PRESENTED — The Westminster choir of First Presbyterian Church presented all music for the morning worship Feb. 3 when the church observed Youth Week for the National Council of Churches of Christ in America. Pictured here, first row, left to right, are Tommy Williams, Ronnie Gaasch, Donnie Gaasch, Kathy O'Dell, Orlene Bryant, Larry Mertz, Terrill Givens, and Ricky Smith; second row, Eddie Wilder, Tommy Harris, Dennis Givens, Don O'Dell, Thomas Bruce Zorns, Britt Pounds, Jr., Freddie Pickett, Charles Mertz, and Conrad Vernon; third row, Patti Wilder, organist for the choir; Fred Smith, choir director; and Betty Bragg, assistant director. (Staff Photo)

Brownfield Scouts To Be Honored At Special Presbyterian Church Service

A special Scout sermon, observing National Boy Scout Week, Feb. 6-12, will be the subject for 11 a. m. worship at the First Presbyterian Church Sunday, Feb. 10, according to Ralph O'Dell, minister of the church.

All Boys and Girl Scouts have been invited to attend this special service, Rev. O'Dell said. Also to be special guests are scout leaders and district officer, including J. C. Powell, Jr., chairman of the Quannah Parker district, and Don Reese, executive officer of the Quannah Parker district.

The Presbyterian Church is the only church in Brownfield sponsoring Scout troops. The five troops sponsored by the church are Brownie (Girl Scouts) Troop 17, Mrs. Shirley Bendler and Mrs. Bill McGowan, leaders; Girl Scout Troop

20, Mrs. Louise Bear, leader; Boy Scout Cub Pack 43, H. B. Parks, leader; Boys Scout Troop 43, Jim Williams, leader, and Rudy Winchester, assistant; and Explorer Post 43, Rudy Winchester, leader.

Scout committee for the church is J. L. Kemper, chairman, and Gerald Perry, Billy Hamilton, Sammy Jones, and Bill Day.

All Scouts and their parents are cordially invited to attend the special Scout observance Sunday, Rev. O'Dell said.

Mrs. R. N. Lowe Is Hostess to Players

Mrs. R. N. Lowe was hostess when Gala bridge club met in her home Jan. 29.

Dessert and coffee were served to Mesdames Frank Ballard, Edna Ballard, Herbert Chesshy, Harry Cornelius, Burton Hackney, Clovis Kendrick, Harlan Glenn, Troy Noel, J. O. Rodgers, O. L. Stice, Howard Hurd and J. T. Bowman.

Mrs. Hurd was high player, and Mrs. Bowman was second high. Mrs. Stice and Mrs. Hurd binged.

Church Calendar

The calendar of activities at the First Presbyterian Church for the coming week is, as follows:

Sunday, Feb. 10, 9:45 a. m. Church School; 11 a. m. Special Scout worship service; 4:30 p. m. Vespers over KTFY; 6 p. m. Junior and Senior Westminster Fellowship.

Monday, Feb. 11: 2 p. m. Mae Dallas circle meets; 8 p. m. Ada Perry circle meets.

Wednesday, Feb. 13: 5 p. m. Westminster choir rehearsal; 6:30 p. m. covered dish supper; 7:30 p. m. mid-week Bible study; 8:30 p. m. chancel choir rehearsal.

Thursday, Feb. 14: 1:30 p. m. PWO executive meeting; 2 p. m. contractors will meet with finance and building committee to receive bids for new addition to the church; 4 p. m., church council convenes to award contract; 7 p. m. Sweetheart banquet to be held and sweetheart will be picked from these contestants: Donna Sue Christopher, Janel Bragg, Jerre Sue Estes, and Janith Spears.

Automobile Checks Lagging in County, Inspector Reveals

Approximately 6,700 Terry County automobiles and trucks still sport inspection tags.

The foregoing was released this morning by L. W. Wilhite of Lubbock, inspector with the Motor Vehicles Inspection Division of the Texas Department of Public Safety.

Deadline for securing the small windshield decals is April 15. Wilhite explained that "During the last 4 1/2 months, we have inspected only about 20 per cent of the vehicles registered in Terry. During the next 2 1/2 months, we must inspect the other 80 per cent."

The inspector cautioned that "The period of education is over. Arrests will be made after the deadline. In the first six months of last year, 650 car owners paid fines for failure to have the sticker. That 650 was in the 22-county Lubbock area."

GS Troop 2 Hears Talk on Africa

Girl Scout Troop 2 met Tuesday to hear Father Lowe of St. Anthony's Catholic Church speak to them on Africa. Father Lowe spent some years as a missionary in that country.

Visiting with Troop 2 for the meeting were members of Troop 1.

Sue Carolyn Jones gave the pledge of allegiance; Joy Luckie gave the Girl Scout promise; and Nancy Noel led the Girl Scout song.

Janie Rodgers introduced Father Lowe and an open discussion followed his talk. Sheryl Powell led the closing ceremony.

American Legion Post Cancels Feb. 14 Meet

Next regular meeting of Howard - Henson Post 289, American Legion, will be held at 8 p. m., Feb. 21.

The date was announced this morning by L. D. Bailey, post secretary, who explained that there would be no session on Feb. 14 because of the annual banquet of Brownfield Chamber of Commerce.

WHEN 'N' WHERE: "An evening on a Southern porch" will be the theme of the Sweetheart Banquet held Monday at the First Baptist Church. The formal banquet will be in the fellowship hall of the church. Any couple interested in attending can obtain tickets at the church office.

Jim and Ivy Greenhaugh presented a program of acrobatic stunts in a paid assembly Monday morning. They performed on a variety of bicycles and unicycles and on the trampoline. Bob Cloe and Ken Denson stole the show with their unsuccessful attempts to ride a tiny, midget bicycle, and Joe Cloud showed himself to be a good sport by trying his luck on the trampoline.

Mrs. Glenda Webb is the new making department in B. H. S. She succeeds Mrs. Wanda Frank.

The youth of the First Presbyterian Church had full charge of the Sunday morning services, with Don O'Neal, Janel Bragg, and Nancy Sue King sharing the preaching honors. The Presbytery is scheduled for Feb. 14.

Sue Shewmake visited her cousin in Hereford over the weekend. While there she participated in her cousin's installation as Worthy Advisor of the Hereford Rainbow assembly and attended a dance afterward.

The vocational ag boys are attending the El Paso Fat Stock Show this week.

The a cappella choir sang for the Jaycees at their Monday luncheon meeting. The B.H.S. Octette will sing for the Boy Scouts' Blue and Gold Banquet, Thursday night.

Ted Hardy and Dean Reagan were married Sunday in Spur.

The film "How Do You Know It's Love" was shown in assembly Wednesday morning, and a four-member panel discussed various questions concerning the film.

Mary Ruth Venable went to Pampa over the weekend. On the way home she was in a train wreck on a minor scale, when the train collided with a truck. No serious injuries resulted from the accident.

The Calvary Baptist Church is planning a Sweetheart Banquet. The juniors go into their final stage of rehearsals next week for the play to be presented Friday night, Feb. 15. Tickets are on sale for 75 cents and 35 cents.

AT EL PASO SHOW—The Brownfield High School students pictured above left Wednesday for El Paso, where they will compete through Saturday in the 28th annual Southwestern Livestock Show. From left across the panel, they are Jon Fulfer, Jack Qualls, George Fugitt, Bob Whitney, Herbie Pickett, Gus Foshee and Mike Smith. Smith has

entered his 1,100-pound Aberdeen-Angus steer in the event. The others are showing swine. Another Brownfield group of FFA members left Thursday to join the others in El Paso. They are the livestock judging team comprising Layvo Briscoe, Lewis Chambliss, Chris Addison and Bobby Woods. Accompanying the youths are Walter Meyer and Ves

Hicks, vocational agriculture teachers and FFA advisors here. A Brownfield poultry judging team returned this week from Fort Worth, where it had taken part in the Southwestern Livestock Exposition. Team comprised Eddie Perry, Gary Moore and Ronnie Bartley. (Staff Photos)

CHALLIS NEWS
By MAE HENDERSON NEWS Correspondent

Monday night, Jan. 11, has been set for a Bible study course at the Challis Baptist Church, with Bro. Charles Taylor, pastor of the Union church, teaching. Everyone who can has a special invitation to attend the five-night course.

The Women's Missionary Union met at the church Monday for a Royal Service program. Mrs. Henderson gave the devotional, and Mrs. Wayne Bagwell and Mrs. Clea Carroll gave a short program.

Cake, coffee, and cold drinks were served to Meses. J. L. Langford, Slater, C. Clark, F. H. Joplin, R. L. Badwell, Wayne Bagwell, E. N. Corley, Price, and W. J. Henderson by the hostess, Mrs. C. S. Carroll.

Those visiting in the Robert Garner home in Ralls over the weekend were Mr. and Mrs. C. S. Carroll.

Mrs. Anna Bell Lay visited Tuesday with her sister, Mrs. Bob McKenny, who is ill at her home in San Angelo.

Women's Missionary Union of the Gomez Baptist Church met Monday afternoon at the church, with Mrs. George Ellis, Mission study chairman, leading the discussion of the book, "Home Mission U. S. A." by Courts Redford.

During the business session, conducted by Mrs. Kellie Sears, president, Mrs. H. N. Key was elected secretary - treasurer of the group, taking the place of Mrs. Clevis Chambers, who is moving to Brownfield.

Six members attended. Eight Sunbeams were present, with Mrs. T. D. Roberts in charge, assisted by Mrs. Homer Britton and Mrs. Raymond Taylor.

Alfred Tittle, Jr., son of Mr. and Mrs. Alfred Tittle, Sr., has enlisted in the Marines and left Monday for training at San Diego, Calif.

Mr. and Mrs. R. D. Herron of Lovington, N. M., visited during the weekend in the home of their son, R. G. Herron, and wife.

Couples Club Met in Sterling Home Tuesday

Mr. and Mrs. Curtis Sterling entertained members of their Tuesday night bridge club Feb. 5.

Phon tarts and coffee were served to Meses. Bill Anderson, Johnny Kendrick, Howard Hurd, Dip Pemberton, and J. L. Kemper.

Mr. and Mrs. Kendrick scored high. Mrs. Anderson and Mr. Hurd brought.

roll, Linda and Lynn, Mr. and Mrs. John Garner, Mr. and Mrs. J. C. Armstrong, Jr., Duane and Jon Terry of Ropes, Mr. and Mrs. Happy Garner and family, Mr. and Mrs. C. W. Carter and family, all of Plainview, Mr. and Mrs. W. B. Whitfield, Mr. and Mrs. Durwood Willis and Karen, and Mr. and Mrs. Donald Willis, all of Seagraves. The occasion was in honor of John Garner and Mrs. Robert Garner on their birthdays.

Mr. and Mrs. Wayne Bagwell visited Mr. and Mrs. C. S. Carroll Thursday night.

Mr. and Mrs. M. D. Post and son, Keith, of Ralls, Mr. and Mrs. Jimmy Testerman and daughter of Estocaco visited in the W. J. Henderson home Sunday. They all took dinner with the Billy Hendersons. Other visitors were Mr. and Mrs. M. L. Pale and boys, Sonny, Ronnie, and Bryce.

Mr. and Mrs. L. R. Bagwell and Mr. and Mrs. C. D. Reid visited Sunday.

Mr. and Mrs. Billy Henderson and family visited relatives in Seminole Thursday night.

Visitors attending church at Challis Sunday were Miss Lavada Whitaker of near Seminole and Mr. and Mrs. Fritz Adams of Wellman.

Mrs. John Garner and Mrs. J. C. Armstrong and children of Ropes visited Mrs. C. S. Carroll Thursday.

Mr. and Mrs. E. N. Corley and Carolyn went to Midland Sunday to attend the funeral of Mrs. Corley's sister-in-law, Mrs. Jones, who had been ill for some time.

Leon, where they will spend several days this week visiting her brother, J. D. Gardner, and family and her sister, Mrs. A. P. Cherry and family. Billy Nipp has enlisted in the Army and will be leaving Feb. 13 for training.

Mr. and Mrs. Cliff McKee and children visited Sunday at Hale Center with her mother, Mrs. W. P. Brasher, who is ill with pneumonia. Mrs. McKee reports her mother's condition improved.

Mrs. H. B. Meeks and children of Oklahoma visited Sunday in the home of her sister and family, Mr. and Mrs. Bill Blackstock.

Visitors during the weekend in the home of Mr. and Mrs. J. D. Gresham were his parents, Mr. and Mrs. J. D. Gresham, Sr., of Morton.

Douglas King has enrolled in Baptist Southwestern Seminary at Fort Worth as a ministerial student.

Visiting for the past week in the home of Mrs. Raymond Fore is her sister, Mrs. E. S. Mitchell, and children, Sandra and Gregg, of Dallas.

A. R. Ard visited Monday at Lovington, N. M. with his brother, Tom, and family.

J. L. Hyde and Henry Decker made a business trip to Eagle Pass and Old Mexico last week.

Mr. and Mrs. Hyde moved this week to the C. D. Wise farm west of Brownfield. The Ernest Hudson family have moved in the house across the road from the Gomez Store, vacated by the Hydys.

(Mr. and Mrs. B. Stice visited at Lubbock Sunday with his sister, Mrs. Beulah Rallings who suffered a stroke early Sunday morning and is a patient in

VICTIM OF FOG — The extremely heavy fog of last Saturday generally played hob with traffic in the area. One such victim was the giant butane tractor and trailer pictured above. Driven by Wm. F. Johnson for a Midland firm, the loaded trailer jack-knifed on Johnson when he suddenly applied the brakes at the Leveland cut-off, north of Brownfield. Iced pavement would not allow the truck to get a "foot-hold." The tractor was demolished. Johnson was treated and released immediately from Treadway-Daniell Hospital. He apparently suffered no injuries. In another mishap Tuesday night, two Ford cars were heavily damaged when they collided near the Rustic Drive-In Theater. Patrolmen explained that Rodrigo Longoria, approaching Brownfield from Plains, collided with the car driven by Billy McQueen. Lewis Bryant was being treated this week in Treadway-Daniell Hospital for severe cuts on the right leg, which he suffered when two tractors literally ran over him on his farm near Gomez. GEE GEE'S **Chat!**

Is it significant that the number one song on the TV hit parade last week was a calypso? Will calypso replace rock 'n roll? As an old square who never has "dug" rock 'n roll, I can fervently say "I hope so." It's not that I feel that rock 'n roll has any immoral effects on the younger generations... it's just that I don't think they get anything out of it. Always having had the reputation of being slightly tone-deaf, I think all the rock 'n roll sounds exactly alike. I can't tell "Hound Dog" from "I Can't Quit, I've Gone Too Far." And I just can't see any point in pursuing a subject when there doesn't seem to be any future to it. (Boy, I'll bet I really get clobbered over this statement!) I can sum up rock 'n roll in one brief state: when you've heard one, you've heard 'em all. Spaking of music (and I suppose rock 'n roll falls in to that category) my 15-year-old niece, Jill, asked Sister Helen recently: "Hey, mother, have you heard that new song 'Ain't She Sweet'?" Sister Helen had... when the song was really new (when Helen was about 15)!

"One of my neighbors down the street, Mary Lee (Mrs. J. H.) Bounds asked me to tell you that the kindergarten department of First Methodist Church is selling vanilla... the 11-ounce bottle... for just \$1.85. They're raising money to equip and furnish a new four-year-old room at the church. I've used this vanilla (should say I'm using it, because some school group sold me a bottle some months ago) and it is an extra full bodied vanilla that doesn't cook out. So if you're in the market, how about helping out the kindergarten department and doing yourself a good turn at the same time. If you'll call Mary Lee at 2256, she'll deliver as many bottles as you need.

The American Legion here is offering something special to you Western music lovers in the way of Johnny Lee Willis and his boys from Tulsa. They'll begin playing at 9 p. m. Saturday at the Legion Hall, and admission is just \$2. Congratulations are in order to (belatedly) B. F. Hulson and Ver-

Anthony Adams Feted At Farewell Party

Honoring Anthony Adams, who is moving to Midland, a farewell party was given Wednesday, Jan. 30, at The Party House.

Hosts and hostesses for the occasion were Dougie Mason, Linda Hinson, Toni Lowe, Sandra Turner, Don McKee, Richard Collins, Pat Boots, Doug Lyle, and Tommy Hardy.

A valentine motif was used in decorations. The group enjoyed dancing and games.

Brenda Weathers Voted Into National Sorority

Brenda Weathers, Brownfield sophomore at Baylor University in Waco, has been accepted as a member of Tau Beta Sigma, national honorary sorority for women musicians.

She is the daughter of Dr. and Mrs. Jones W. Weathers of 1211 East Tate.

it is, but particularly the mothers who marched on polio last Thursday night and collected the astronomical figure of \$1330.16!

Incidentally, R. V. Moreman, head of the MOD here, said that he believed that the \$1330.16 is an all-time high figure for the Mothers March on Polio. At least in the six years he's had charge of it. R. V. said that this is the largest collection made by the mothers. They were headed again this year by Bugs (Mrs. Jack) Bailey, and I think they did a wonderful job, don't you?

Now, why can't we concentrate on heart disease, cancer, and tuberculosis by supporting their funds this season and help wipe out these killers, along with polio.

What a Price!
What a Buick!

WHERE ELSE among all the '57 cars can you find the equal of this?

Where else can you get the power, the performance, the room, the visibility, the solid substance you get in this spanking-new Buick SPECIAL—for just a few dollars more than the price of a smaller car?

Here you get a big and brawny Buick that's brand-new in body and styling and interior beauty.

More important—brand-new in everything that gives lift and life and lilt to a car—for that's where we put most of our hard-cash millions in building you this sensation.

So you boss a brand-new top-torque engine, command a brand-new instant Dynaflo.*

You ride in a new chassis design that "nests" the body inches lower without loss of headroom, legroom, footroom—or ground clearance.

Go see for yourself at your Buick dealer's—Buick's the dream car to drive—and the most satisfying buy in the land today.

Manufacturer's Suggested Price for this 2-Door SPECIAL 6-Passenger Sedan
\$2595⁸³
(including Delivery and Handling Charges and Federal Excise Taxes)
Transportation charges, state and local taxes, accessories and optional equipment, including Dynaflo transmission, radio, heater and white sidewall tires, additional. Prices may vary with individual dealer pricing policies.

Brand-NEW Styling
—MORE GRACE—
Low-sweep silhouette has flair without flash

Brand-NEW BODIES
—More Comfort—
New lowness with full headroom and legroom

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

BOY SCOUT WEEK: FEB. 6-12

Scouts Celebrate 47th Birthday

The nation's 4,500,000 Cub Scouts, Boy Scouts, Explorers and adult leaders will mark the 47th anniversary of their organization during Boy Scout Week, February 6 to 12.

The observance has as its theme, "Onward for God and My Country" with a special emphasis on "Duty to Country."

February 10 is Boy Scout Sunday. Scouts and leaders will attend religious services in uniform in countless churches of all denominations. Those of Jewish faith will hold their observances in synagogues and temples on February 8 and 9. Many sermons, addressed to Scouts, will touch on some aspect of the Boy Scout Week theme.

In hundreds of communities, Scouts, their parents and institutions sponsoring Scout units will unite in paying their respects to the volunteer adult leaders whose contributions of time and effort in behalf of youth makes these units possible.

National Scout officials say that 48.7 per cent of all Scout units — and there are 111,000 of them — are made possible by the sponsorship of churches and synagogues of all faiths. Civic groups make possible 30.8 per cent, while schools sponsor 19.9 per cent of Scout units in all three age levels.

Many store windows will be given over to Cub Scouts, Boy Scouts, and Explorers for displays of their handicraft and to demonstrate some of the useful skills they acquire through their programs.

In countless elementary, junior high and high schools, Boy Scout Week will be recognized in school assemblies through flag ceremonies, acts and stunts by Cub Scouts, exhibits of handicrafts by Scouts, motion pictures of Scouting activities, demonstration of Scouting skills and talks by boys of some of their adventuresome activities.

Traditionally on February 8, the actual birthday of the organization, Scouts and

leaders recommit themselves to the Scout Oath or Promise at 8:15 p.m., in each of four time zones. These ceremonies will take place, in some instances, at Scout family birthday dinners, while some Cub Scout dens, Boy Scout patrols and Explorer crews will meet in homes of members. Others will meet with their parents in churches and synagogues.

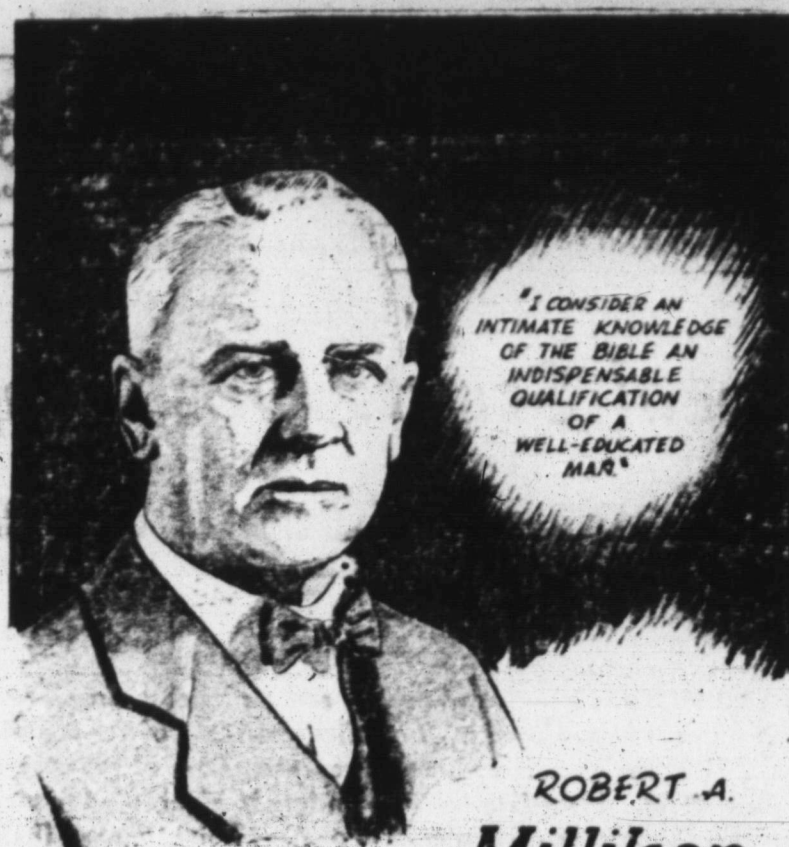

At these Boy Scout Week celebrations many units will review its program highlights and the successes of the first year in the Four Year Program, "Onward for God and My Country," camping and other outdoor activities, and planning for participation in the Fourth National Jamboree which is expected to attract more than 50,000 Scouts, Explorers, and leaders for a week of camping together at historic Valley Forge, Pa., next July 12 to 18.

LULAC Needs Your Support

Bridging the language barrier has always been a socio-economic problem in any land. In Texas, where there are so many Spanish speaking citizens, it has been a particularly difficult one. The child who finds himself constantly unable to understand the language spoken around him fails to get full advantage of facilities that are intended to make his living better.

Felix Tijerina, a Houston business man and current national president of the LULAC organization, knows this better than anyone. He learned English when he was fourteen years of age. He knows what it means to be among people he couldn't understand, either their talk or their ways.

It is no wonder that the Health Department and the departments of Safety and Welfare are interested in this program too. When a child understands the language of his country he certainly becomes less of a burden both socially and economically.

"I CONSIDER AN INTIMATE KNOWLEDGE OF THE BIBLE AN INDISPENSABLE QUALIFICATION OF A WELL-EDUCATED MAN."

ROBERT A. Millikan
AMERICAN SCIENTIST, NOBEL PRIZE, 1933

The Bible — Indispensable

THE AMERICAN WAY

By George Peck

(EDITOR'S NOTE: George Peck is Chairman of the Board of the National Labor-Management Foundation and Executive Editor of its official publication, PARTNERS.)

If you were to listen in on your radio some evening to your favorite news broadcaster and heard him announce that the President had appointed a man to serve as Chairman, Joint Chiefs of Staff, who had never served a day in any of America's armed forces, or any other armed forces, would you sleep well that night? The answer to that question is obvious, "You'd have a most wakeful night."

And if you were an Army, Air Force or Marine Corps general, or a Navy admiral, wouldn't your nose be slightly out of joint to have a man appointed as your superior officer — a man who had never obeyed a military command, to say nothing of his never having given one? Here again the answer is obvious, "Of course you would," and you'd have every justification for resentment.

And, if as a taxpayer, you read in your morning newspaper that the President had selected to direct the Bureau of the Budget, a man who had no previous business experience, wouldn't you feel a wee bit perturbed about the future financial welfare of the nation? Here once more, there can be but one answer, "You certainly would," and not only slightly perturbed, you'd be most apprehensive.

Then, as a citizen, how'd you feel when on September 30, 1953, the President nominated as Chief Justice of the United States, the world's highest tribunal, a man who previously had not sat as judge in any court, never rendered a judicial decision? If this didn't upset you a trifle, then you'd better consult your doctor — preferably a brain specialist.

And, if you had been one of the eight Associate Justices of the Supreme Court (Roberts with 23 years service in that capacity, Black 16, Reed 15, Frankfurter and Douglas 14, Burton 8, Clark and Minton 4), wouldn't you have been hopping mad to have this rank outsider, with no previous judicial experience, made "boss man?" You would have had to be more than human had you not bitterly resented such a slur, such a callous disregard of faithful service.

Or, if you had been one of the thousands of the nation's judges with years of judicial experience, would you not have been indignant at the President having gone outside your ranks to find a Supreme Court Justice? Definitely you would, and you most definitely were.

Senator George A. Smathers (Democrat, Florida) has taken note of this violation of what is right and decent — and he is doing something toward preventing any such mistake in the future. On January 7, 1957, he introduced a bill, S. 263, in the Senate of the United States, the purpose of which is to establish certain qualifications for persons appointed to the Supreme Court. The bill has been referred to the Committee on the Judiciary.

Highlights and Sidelights FROM

By Vern Sanford
Texas Press Association

AUSTIN, Tex. — Even in a water-minded legislature, passage of a statewide conservation program apparently faces some rough sailing.

First hitch came when the House conservation committee voted to hold the \$100,000,000 Texas Water Development Fund measure for 14 days study. Senate Water Committee had given it unanimous recommendation in less than an hour and a half.

Rep. Leroy Saul of Kress, House sponsor was sharply critical of the delay. He said it could be "fatal."

Rep. A. R. Schwartz of Galveston, author of the delaying motion, said he thought a \$100,000,000 fund required some safeguards on investments.

As now proposed, the development fund could later be increased to \$200,000,000 by a two-thirds vote of the Legislature. Another \$100,000,000 bond proposal to buy water storage in federal reservoirs could likewise be doubled. It means a potential of \$400,000,000 under the two plans.

As designed by its sponsors, the development fund would be self-financing, even show a long-range profit. They anticipate the state would receive more interest on the bonds it buys from cities than it has to pay on the bonds it sells.

But some legislators have pointed out that if a deficit should develop, it would drain money from the General Fund, straining the state's tax sources.

TWO REVENUE BILLS—Despite

Boy Scouts Mark 47th Birthday

ONWARD For God and My Country

47th ANNIVERSARY
BOY SCOUTS OF AMERICA
1957

OFFICIAL BOY SCOUT WEEK POSTER

More than 4,500,000 Cub Scouts, Boy Scouts, Explorers, and adult leaders throughout the nation will observe Boy Scout Week, February 6 to 12, marking the 47th anniversary of the Boy Scouts of America.

Since 1910, Scouting has served over 26,000,000 boys and adult leaders.

Through its Four-Year Program, "Onward for God and My Country," the organization seeks to train more boys in patriotism and character so that they will become intelligent citizens with an appreciation of the free way of life and a dedication to high spiritual ideals.

Boy Scout Week observances will feature preparation for the Fourth National Jamboree, which will find 50,000 Scouts and leaders camping where Washington camped at historic Valley Forge, Pennsylvania, next July 12 to 18. The nation's 111,000 Scout units will feature rededication ceremonies on February 8, the actual birthday of Scouting in America.

Sen. Searcy Bractwell offered a bill with stiff penalties for a state official offering or accepting a bribe.

IN THE MILL—Other measures dropped on the legislative assembly line would:

1. Prohibit offering for sale any merchandise at less than cost if the number of units is restricted or the merchant refuses to sell to any "willing customer." By Rep. Reuben Talasek of Temple and Sen. A. M. Aikin Jr. of Paris.
2. Require lobbyists to register with the Secretary of State. By Rep. H. H. Cory of Victoria.
3. Request the Texas Legislative Council to investigate the small loan business and report in 1959. By Rep. Criss Cole of Houston.
4. Create a state municipal planning board to assist smaller cities in getting federal aid for slum clearance. By Sen. Henry B. Gonzalez of San Antonio.
5. Set aside 11,000 square feet of space for state archives in the soon-to-be built State Courts Building. By Sen. Charles Herring of Austin.
6. Revamp the law to put into effect a paid adult probation and See HIGHLIGHTS Page 3

Clings to the road like a stripe of paint!

The '57 Chevy can give lessons on taking curves and holding the road to just about any car going. Few cars at any price are so beautifully balanced and so smooth, sure and solid in action.

A car has to have a special kind of build and balance to keep curves under control. And nobody outdoes Chevrolet in that department! It "corners" with all the solid assurance of an honest-to-goodness sports car. Chevy doesn't throw its weight around on turns because it carries its pounds in the right places.

And if the road should turn upward, Chevy can take care of that nicely, too—with up to 245 h.p.* Come on in and take a turn at the wheel of a new Chevrolet.

*270-h.p. high-performance V8 engine also available at extra cost

OIL HEARING SET-- Independent oil operators, who want pipeline connections to their wells, will air their grievances at an April 1 hearing.

Texas railroad Commission called the hearing on petition of five producer groups.

Issue of Texas oil production has drawn national and international attention with pressures for larger allowances to meet West European shortages caused by the Suez blockade.

Major oil companies have favor-

SIGNS PROCLAMATION — Governor Price Daniel has proclaimed February as "Heart Month" throughout Texas in official support of the annual Heart Fund campaign of the Texas Heart Association and its affiliated community chapter. Dr. E. N. Jones, president of Texas Tech, is chairman of the annual drive.

Paul Billings Rites Are He'd on Monday

Funeral services for Paul H. Billings, 22-year-old former

Brownfield man who was killed instantly Friday in a car wreck near Robstown, were held here Monday.

Officiating at the rites in First Presbyterian Church, was the Rev. Ralph O'Dell, pastor. Burial was in Terry County Memorial Cemetery, under the direction of Brownfield Funeral Home.

Pallbearers were Mackey Hord, Tommy Hord, Bobby Latham, Dean Murphy, Howard Swan and Graves Nelson. Honorary pallbearers were Charles Mayfield, Graham Swain, Jerry Don Brown, Doug Tankersley, Ronnie Boyd and Jerry Anderson.

He is survived by his stepfather and mother, Mr. and Mrs. H. P. Snyder of 522 North Fifth; one brother, Jimmy Billings of 1008 East Lons; and one daughter, Delinda Frances Billings of California.

Billings had lived in Brownfield since 1944 before moving to Kingsville about 18 months ago. He was employed by Magnolia Petroleum Company.

Farm Chemicals Meeting Scheduled in Lubbock

LUBBOCK, Feb. 7 (SpI)—J. C. Porter, chairman of the agriculture committee of the West Texas Chamber of Commerce, announced today that the theme of the fourth annual Agricultural Chemicals Conference to be held here at Texas Tech February 12-13 will be "The Place of Chemicals in West Texas Agriculture."

Porter added that more than 300 agricultural chemical dealers, distributors, processors and manufacturers are expected to attend.

The acceptance of the need of his workshop by the agricultural

chemicals industry is evidenced by the increasingly large attendance we have each year," said Porter.

Sponsored by WTCC, Lubbock Chamber of Commerce, Texas Tech and the Texas A. & M. College System, the conference begins with registration Feb. 12 at 5 p.m. at the Caprock Hotel. Registration will continue from 8:30 a.m. until 9:30 a.m. Feb. 13 at the Student Union Building on Tech campus.

One of the highlights of the first morning's session, Porter said, will be an address by Ted Siek, manager of the J. G. Boswell ranch near Marietta, Arizona. His speech, "Can I Grow Three Bales of Cotton Per Acre," marks the first time that a lay expert or farmer has addressed the conference.

William B. Ennis, coordinator of the weed investigation, Agricultural Research Service of the U. S. Department of Agriculture, also will appear on the morning program February 13. Ennis is from Beltsville, Md.

Another new feature of the conference, Porter pointed out, will be an exhibition and demonstration of agricultural chemical machinery and equipment. The display will be exhibited both Feb. 13 and 14.

J. C. PORTER

Highlighting the morning session Feb. 14 will be an address on the development and implication of resistance of insecticides by Dr. J. G. Watts, head of the department of biology - entomology of New Mexico A & M College at Las Cruces.

Two other addresses will be made that morning with the afternoon session devoted to sectional meetings. The conference will adjourn approximately 5 p.m. Feb. 14.

To The Members Of

Lyntegar Electric Cooperative, Inc.

We take this method of expressing our appreciation for your cooperation and consideration during the trouble caused by the recent ice storm. We want to assure you that during any emergency, the entire force is doing their very best to restore service as soon as possible.

Thank you again for your splendid cooperation you have always given us... The Board of Directors and Employees.

LYNTEGAR ELECTRIC COOPERATIVE

Here's the bomb

THAT BROKE THE

"low-price" lineup!

This big high-stepping Chieftain started a revolution with a carload of "firsts" and an eye-popping price tag!

The low-price field never looked like this before! The handsome husky you see right here has the boat still rocking... with more power, more wheelbase, more room—and more sheer pride of ownership—than ever before possible on a well-trained budget! Just look at what they're making room for now in the low-price lineup: a strapping 347 cu. in., 10 to 1 compression ratio Strato-Streak V-8... a whopping, road-hugging 122 inches of wheelbase and an all-new suspension system for a Level-Line Ride that's next best thing to a magic carpet! And this streamlined beauty takes on the field with more than six dozen "firsts", all proved by 100,000 of the roughest, toughest test miles a group of fact-minded engineers could devise! If this sounds like a wonderful buy—it certainly is! Our advice is to stop dreaming and price it! At a cost less than a lot of the low-price jobs, this newcomer is making big-time buyers out of former "all-three" owners!

Bob Lemons Ends Pre-Flight Schooling

PENSACOLA, Fla. (Special)—Graduated from the Navy's Pre-Flight School here Jan. 24 was Naval Aviation Cadet Bobby D. Lemons, son of Mr. and Mrs. Floyd F. Lemons of 901 Lubbock Road, Brownfield, Texas.

Lemons attended Texas Tech before entering the service. He now is assigned to Fauley Field Naval Auxiliary Air Station here for primary flight training.

While in pre-flight, Lemons was instructed in aerology, in navigation, the principles of flight and other technical subjects to prepare for actual training.

BOBBY D. LEMONS

Blueprint Your Program Analyze - Then Fertilize

Step No. 1

Because there has been tremendous advancements in the technique of Soil Analysis, you now can obtain a more accurate test than ever before. The most modern equipment available is now right here in Brownfield. Have soil analyzed, so that your fertilizer applications can as near as possible be tailor-made for YOUR soil.

Step No. 2

Take samples of your soil correctly. It is not hard to do. Goodpasture Agricultural Laboratories can help you with this problem. Make a date now to see them.

Step No. 3

You are on the right road when your soil analysis is balanced against your own soil and water conditions. Then, plan to follow up this during the season with periodic analysis of the plant itself. This is done so that we can obtain a better picture of the efficiency of your land in terms of its ability to deliver nutrient for proper growth and fruit development and, so that we might make further applications of plant food should the supply become lax.

VISIT US WHENEVER YOU CAN. WE WANT OUR INSTRUMENTS, OUR ROOMS, OUR ENTIRE PERSONNEL TO BECOME A MEDIUM THROUGH WHICH NEW AND BETTER AGRICULTURAL IDEAS WILL PROJECT THEMSELVES TOWARD A MORE PROSPEROUS COMMUNITY.

Harlan Dodd Attending School in San Angelo

Harlan Dodd, central office repairman for General Telephone Company of the Southwest in Brownfield, is in San Angelo, where he is attending a three-week company school in basic central office maintenance.

The course is designed to train company personnel in maintaining all switching equipment located in

666

FIGHTS ALL COLDS SYMPTOMS AT ONE TIME... IN LESS TIME! IT'S THE PROVEN COLDS MEDICINE

THAD HUTCHESON

telephone offices. He will receive a certificate of award after completing the 120-hour course.

President Endorses Lone GOP Candidate

Thad Hutcheson, lone Republican candidate for the unexpired U. S. Senate seat of Governor Price Daniel in an apparently unlimited field of Democrats, returned from Washington this week after conferences with President Eisenhower.

President Eisenhower, a native Texan, strongly endorsed the lanky Houstonian following a conference of unprecedented length at the White House.

Later in the week, the nation's chief executive told his press conference that Hutcheson "is a very fine young man and certainly would make a fine representative for Texas in the U. S. Senate."

AUSTIN - Texas newspapers and radio and television stations drew praise Wednesday from State Land Commissioner Earl Rudder.

Commissioner Rudder said that interest in the Feb. 5 Veterans' Land Board land sale has been at an all-time high, and he attributed this to stories about the sale published and broadcast throughout the state.

"In the San Antonio area, for example," Commissioner Rudder said, "a third more veterans than ever before are looking at VLB property. One piece of land near Dallas had been shown to 142 veterans up to a few days ago."

Commissioner Rudder noted that his office has been swamped with requests for information about property to be sold on Feb. 5.

"I think the press and radio and television are performing an invaluable service to the people of our state in this respect," Com-

missioner Rudder added. "Through them, eligible Texans are learning about the possibility of obtaining these lands."

Property offered in this sale has been forfeited by original owners, who purchased the land through the Veterans' Land Program.

By R. L. BOWERS JR. State Representative - 98th District

Please excuse my delay in forwarding information to you concerning activities and progress

Service Awards Are Scheduled For Two General Employees

Two Brownfield employees of General Telephone Company of the Southwest will receive service pins at a luncheon here on Feb. 14. To receive a 25-year service pin is Mrs. Faye Smith, assistant chief operator. A native of Rotan, Mrs. Smith began her career as an operator for General in La. mesa in 1928.

She also has served as an operator for the Bell Company in Pittsburg, Texas, and as operator for General in Littlefield and Brownfield. She became evening chief operator here in 1948, and has been assistant chief here since February 1953.

Mrs. Smith and her husband, Ralph B. Smith, live at 503 East Main.

I. E. Honeycutt, Western Division equipment supervisor for General in Brownfield, will receive a 20-year service pin. He is a native of Arkansas, and began his career with the Bell Company in Little Rock in 1928.

He went to work for General in 1937 as a lineman in Gonzales.

Other positions Honeycutt has held with General include plantman at Gilliam, lineman on construction crew, plantman in Hobbs and Levelland, wire chief in Hobbs, central office foreman in Hobbs. He has held his current position since February 1956.

Honeycutt and his family live at 616 East Lons.

Bobby J. Stokes Will Receive His BA Degree

BROWNWOOD (Sp.) - Bobby Lynn Stokes, son of Mr. and Mrs. W. J. Stokes of Brownfield, is one of 31 mid-term graduates of Howard Payne College. Stokes, who majored in Bible and minored in English, will receive his bachelor of arts degree at May commencement exercises.

Brownfield HDers See Cancer Film

The Brownfield Home Demonstration Club met at the home of Mrs. R. D. Shewmake last week, with four members present.

A film on cancer, entitled "Traitor Within," was shown to the group. This is one of a series of cancer education presented to Terry county home demonstration clubs by the local unit of the American Cancer Society. Rules for safety in the home were also discussed.

Meeting time has been changed from the first and third Wednesdays of each month to each second and fourth Wednesday, with the time set at 1:30 p. m.

WE'VE *Changed* OUR NAME...

...to **PAN AMERICAN PETROLEUM CORPORATION**

On February 1, Stanolind Oil and Gas Company changed its name to PAN AMERICAN PETROLEUM CORPORATION

It's just a name change. It's the same company, with the same people, same office locations, same phone numbers. Only the name was changed.

It's difficult to give up a name that has served so well for over 26 years. But there were two reasons why we changed: It eliminates any possibility of association or confusion between our company and others with similar names, and our new name, PAN AMERICAN PETROLEUM CORPORATION, is much more indicative of our expanding operations in the Western Hemisphere. Now that we are searching for oil in Cuba, Jamaica and Venezuela, in addition to our exploration and production activities in Canada and the United States, PAN AMERICAN PETROLEUM CORPORATION is particularly appropriate name.

So, when you think of our company, think of our new name —

PAN AMERICAN PETROLEUM CORPORATION

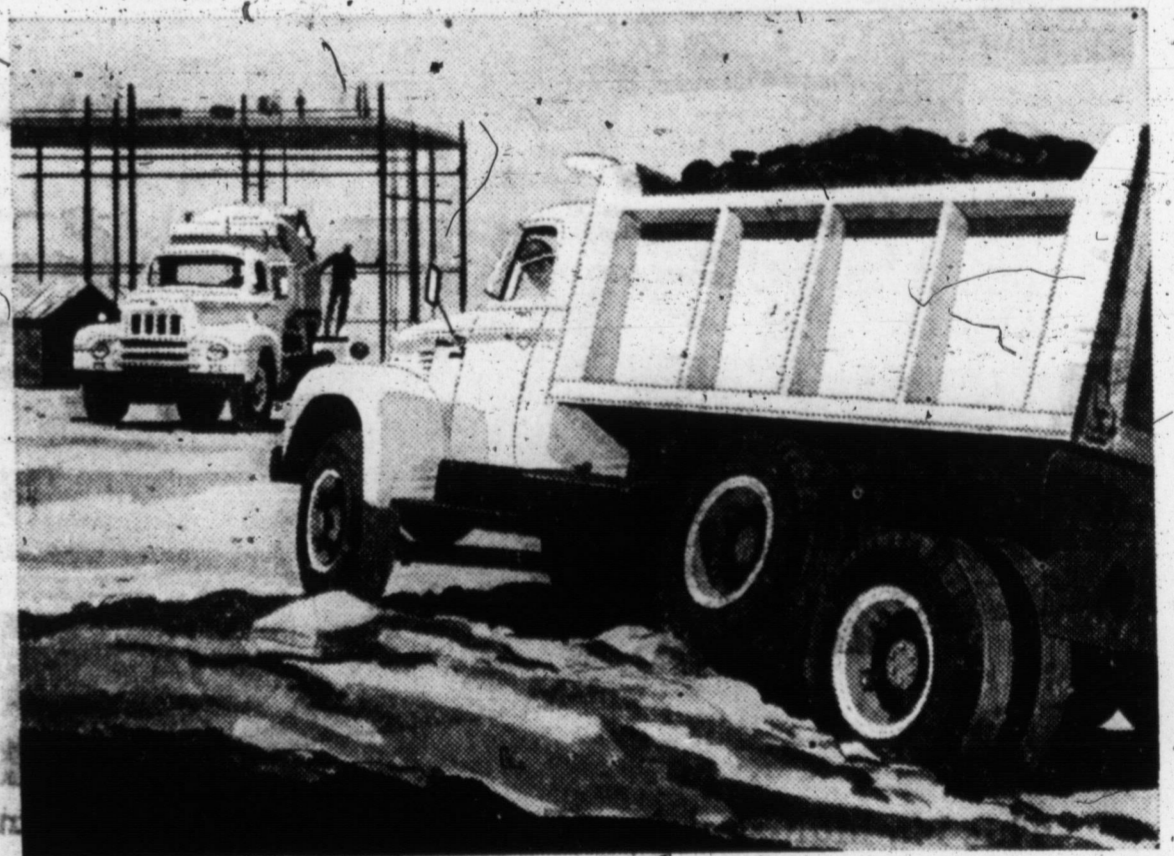

Producer of Crude Oil, Natural Gas and Natural Gas Liquids

Fresh Water From Sun, Sea

By LOUIS KOENIG, Ph. D.

All the rain that falls and all water we use comes from the sea. And the energy used to bring it here comes from the sun. This article discusses how men are trying to use these same two resources to produce fresh water where nature doesn't.

Sea water contains about 3.5 per cent of salts. When it is evaporated the salts remain behind and the water passes off as steam. When the steam is condensed pure "distilled" water, free of salts, is formed.

Only recently have men started seriously to try to use the heat from the sun to evaporate water with the thought of RECOVERING THE WATER.

But as long ago as 1883 there was a rather large solar stiller in the Andes Mountains of Chile. It was used to supply water for mule trains hauling ore. The raw water contained 14 per cent salts—four times as concentrated as sea water.

This plant operated very satisfactorily for 10 years and was abandoned only when the mules suffered technological unemployment through the construction of a railroad which replaced them.

But why use solar energy in the United States in 1957? Because other types of energy for distilling water are too expensive. For example, in the standard methods of distilling using oil, gas, or coal, the cost of the fuel is 50 to 70 per

cent of the total cost. Naturally then, engineers would seek methods using energy which is free—energy from the sun.

What about brackish water? Some conversion methods, for example the electric membrane method, are best for brackish water containing little salt, but become very expensive for the more concentrated sea water. Distillation is just as cheap regardless of how much salt is in the raw water. This is especially useful for sea water.

The amount of solar energy that the earth receives is enormous—measured by human standards—in the United States, about 1000 times as much as our rate of consumption for all forms of energy.

The amount of solar energy received on the average city lot is equivalent to three and one-half barrels of oil per day—enough to evaporate, with present equipment, 1000 gallons of water which, incidentally, is just about what the family on the lot consumes.

An average farm of 100 acres receives the equivalent of 1500 barrels of oil per day. This is enough to produce by evaporation about four and one-half inches per month of irrigation water for the farm, which is approximately what the farmer would like to have.

Furthermore, the distribution of solar energy in time and space corresponds with the need for water. In the Southwest where it is hot and sunny and therefore dry, the solar energy received averages about 50 per cent greater than in the humid north.

Also in the dry summer months, when we need water more, the energy received is two or three times as much as in the wet cool winter months.

So, we have the energy at the right time and place, and it is free. What about the apparatus to use it in? That is where men have been experimenting.

The method engineers would like to use, because they are familiar with it, would imitate the evaporation of water in boilers using conventional fuels and high temperatures. However, to do so would require a concentration of heat something like a thousand-fold greater than available in natural sunlight.

Methods and apparatus to achieve this have been studied and built. The concentrators are reflectors which focus the sun rays like a magnifying glass and produce a high temperature. Unfortunately, although these are very effective in raising relatively small objects to extremely high temperatures (as much as 8000 degrees Fahrenheit) they are too costly to use in producing large quantities of heat at the normally high temperatures of 400-600 degrees.

One reason is that if they are to focus the sun rays, they must always point to the sun. The mechanism to make large collectors

"track" the sun is costly. Furthermore, the more costly a piece of equipment is, the more important it is to keep it in use, 100 per cent of the time if possible.

Electric power plants, for example are kept in operation over 90 per cent of the time. Solar collectors can't possibly work more than 50 per cent of the time even in an Arizona summer (12 hours sunshine) and may work as little as 20-25 per cent of the time (5 to 6 hours sunshine in a South Dakota winter).

This means that any solar distilling plant has to be of very cheap construction. If the fixed charges on the plant, like two-thirds of the time, are not to overbalance the free energy

The equipment which most nearly fulfills this requirement is an adaptation of the florist's greenhouse. A flat tray, painted black to absorb sunlight, and holding a few inches of salt water is covered with a sloping roof of glass. Ninety per cent of the solar radiation that falls on the glass passes through it and heats up the contents to about 150 degrees.

However, glass is completely opaque to radiations from materials at this temperature and therefore the heat cannot get back out. The glass itself remains cool, the steam, condensing on it, runs down the under side and the distilled water is collected in a trough.

Eight square feet of such a unit under average solar conditions will produce one gallon per day of distilled water. To supply the domestic needs of the average family would require a path of sunshine 70 feet square.

A city of 5000 would require an area of 1600 acres.

The cost of the plant at present prices would be about \$3 per daily gallon, an investment of \$5000 for the city of 5000 population.

The cost of water would be about \$1.50 per thousand gallons, 90 per cent of this representing a amortization (without interest) of the investment. This is about eight times what the average city consumer pays for water now.

It's about three times the cost of water produced from slightly brackish sources, by the electric membrane process. But don't forget—the distillation process uses sea water or even strong brine.

Improvements in various directions in solar still are being studied. When they are farther along some of them will be described in later articles of WHAT THEY'RE DOING ABOUT WATER. Even their proponents in general do not feel that the costs given above can be reduced by more than 50 per cent. But—some people are glad to pay that much for water RIGHT NOW!

Tissue paper, stuffed into the toes of your shoes, serves quite as well as shoes trees. In fact, you may prefer it for satin and velvet evening shoes.

Senator Preston Smith

First steps to attack the drought problem in Texas were taken by the Senate Conservation Committee Tuesday when it recommended passage of the \$200,000,000 water financial aid bill.

The bill would work in hand with a constitutional amendment allowing the state to issue bonds. It would lend money to local communities, which would use it for constructing reservoirs.

Other action by the 55th Legislature continued smoothly and rapidly, as the House and Senate alike kept one attentive eye on the upcoming election of a U. S. Senator.

A strong drive has been underway in the House to force a runoff in the April 2 election for the U. S. Senate position now held by William Blakley of Dallas.

Old timers here in the capital still are wondering when all the fireworks will break loose on segregation questions.

Finance subcommittees in both the Senate and House continued to hack away at their assignments during this week. They moved on schedule through the long series of public hearings that must be held before the \$100 million spending bill can be put into final shape.

Senate and House members joined in Gov. Daniel's pledge to support constitutional amendments which would allow the use of state funds to advertise the advantages of Texas.

At present, the Texas Constitu-

Director Cautions Against Unqualified Income Tax Experts

"Taxpayers finding it necessary to obtain outside assistance in preparing their 1956 federal tax returns should consult qualified tax practitioners."

The foregoing word of caution was issued today by Howard O. Nichols of Lubbock, a director of Internal Bureau.

"Many taxpayers are obtaining incompetent persons to assist them in the preparation of their tax returns," said Nichols. "Smaller fees charged by these persons are the usual inducement."

"The type of persons offering this 'service' usually sets up shop in some business establishment where temporary desk space may be available. Taxpayers requiring help," Nichols continued, "should consult qualified practitioners whenever possible."

"Much highly valuable assistance, however, is being provided employees by company cashiers, auditors and bookkeepers, or bank personnel."

"Taxpayers who seek doubtful assistance in preparation of their returns," he said, "are reminded that they must stand responsible for the accuracy of their entries and calculations."

April 15 is deadline for filing federal tax returns. Checks or money orders accompanying returns should be made payable to Internal Revenue Service, 2101 Pacific Ave., Dallas, Tex.

tion prohibits the use of state funds for advertising to lure new business and industry and manufacturers to Texas.

S. B. McCutcheon Is Honored On Birthday

S. B. McCutcheon was honored on his 85th birthday Sunday with a dinner attended by all his children as well as many friends.

Children present were Elmer and Earl McCutcheon, Mrs. Ila Tucker, and Mrs. Loraine Harmon, all of Brownfield; and Mrs. Mabel Pharr of Plains, and their families.

About 40 guests attended. Mrs. Johnny Keyes and children of Azle are here visiting with parents Mr. and Mrs. Joe Shelton.

Rev. Henderson Will Attend Chicago Meet

Ten Methodist district superintendents from the geographical area of the Northwest Texas Methodist conference are expected to attend a district superintendent conference in Chicago Feb. 10-13.

Expected to attend from Brownfield is Rev. Vernon H. Henderson, Brownfield district superintendent. Bishop William C. Martin of the Dallas-Fort Worth area will preside at the various sessions.

THE MIGHTY CHRYSLER

Most glamorous car in a generation

It makes 'em Stare-anywhere!

You see it any place...and you want to look at it. There's a pride and a prance to it that gives you a lift, makes you feel alive and vital. But the real tingle is driving it!

There it is... as long and low and purposeful as a gleaming jet, with its long rakish fenders streaming back and up like battle flags. This is the dynamic new look of motoring, and we can't help it if others aren't there yet. Give 'em time—we always have.

The important thing to know is that every flowing "go" line in this 1957 Chrysler has a purpose. That low-slung body and upswep tail were engineered for a new kind of road stability. They are the architectural results of Chrysler's Torsion-Air

ride, the all-new suspension that gives you sports car cornering with the comfort of an ocean liner.

Front coil springs have been completely eliminated. There's up to 56% more glass area to enhance its roomy feel. The wide, low grille features hooded dual headlights. And if you want to find out what "go" really is, wait till you boss its up-to-325-horsepower engine and pushbutton TorqueFlite transmission. The real tingle is waiting for you. Come in and see us... or just telephone. We'll gladly arrange a demonstration.

This is the first of a series of four ads prepared by the Soil Conservation Service to inform farmers participating in the Soil Bank's Conservation Reserve, on eligible grasses to plant, and best known methods for planting. The first one deals with land preparation and seeding of cover crops in preparation for seeding grass the following year

Drilled Sorghum Cover:

This land is ready for grass planting. Where blowing is a problem, drilled cover is the most important step in obtaining a successful stand of grass.

Steps to Observe in Planting Cover:

1. Delay planting until late June or July. Drill Sorghums on a clean firm seedbed.
2. Use Drill and plant at the rate of 15 to 18 pounds of seed per acre.
3. Mow or shred sorghums if they show signs of maturity.
4. Do not plow or disturb the stubble. Seed grasses in stubble during March or April of the next year.

BLANKETING TEXAS WITH EDUCATION — West Texas now has a major educational institution in Texas Tech. According to a fall enrollment analysis, and as indicated by the black areas on the map, Tech now blankets every corner of Texas and beyond. (Terry County has 71 Tech students enrolled this year.) Students are attracted to the college from 222 of the state's 254 counties, from 41

of the 48 states and from 19 foreign countries and Alaska. In case you're wondering about that white square in West Texas surrounded by a sea of black, it's Irion County, which has a school enrollment of only 300 or so in the entire county. This is the first year in more than five, however, that Tech has not had a student registered from Irion.

His Golden Anniversary at the Wheel!

In Texas, there is a gentleman who is currently driving out his fiftieth year at the wheel of a Cadillac car.

In New Jersey, there is another gentleman who has purchased every yearly model that Cadillac has produced over the past fifty-three years.

These are simply dramatic examples of one of the most remarkable truisms in all motordom: *that once a man takes the wheel of a Cadillac, he usually remains at the wheel of a Cadillac!*

To be sure, a motor car would have to offer many unique virtues in order to win so generous a place for itself in the affections of so many.

And, in the case of Cadillac, we think these virtues are self-evident.

There is, first of all, quality. No effort of styling or design or craftsmanship is ever spared

to make Cadillac the finest possible motor car.

There is beauty and luxury and performance. The car's magnificent styling and interior coachwork have, over the years, brought Cadillac an inbred majesty and elegance that are entirely its own... and Cadillac engineering has been the industry's constant inspiration.

Finally, there is reputation. Never in automotive history has another motor car sustained such an abiding public conviction in its own goodness.

And, certainly, these basic Cadillac ingredients have this year reaped their richest harvest.

So whether you've been at the wheel of a Cadillac for half a century... or have yet to spend your first hour in the "car of cars"... you should see and drive this newest of Cadillacs. Need we say more?
