VOL. 20 10 CENTS BROWNFIELD, TERRY COUNTY, TEXAS, THURSDAY, MAY 9, 1957 NUMBER 20

PLANS OBSERVANCE HERE — The trio of Brownfield ministers pictured above will join with other pastors May 26 in presenting Soil Stewardship sermons to their congregations. From left: the Rev. Ray Elmore, pastor of Second Methodist Church; the Rev. Bill Mayo, pastor of Evangelical Methodist; and the Rev. Cameron Stanton, pastor of the Assembly of God. They were among some 10 members of Brownfield Ministerial Alliance who met this week with Henry Williamson, director here of U. S. Soil Conservation Service, to make plans for Soil Stewardship Week, May 26 through June 2. In preparation for the observance, members of the alliance and Terry Soil Conservation District supervisors will make a field tour of Terry farms at 10 a.m., Monday. The group will assemble at First Baptist Church. The ministers will be luncheon guests of the supervisors that day. (Staff Photo)

Horace R. Belew Is Honored by Ginners And Paymaster

Horace R. Belew, former manager of Western Cottonoil Company mill here and now head of the firm's insurance department, has been honored by his company and the Texas Cotton Ginners Association.

Belew, who lived here in 1940-41, was the recipient of a resolution commending him for his efforts pertaining to insurance within the industry.

"His work has made changes which will benefit all cotton gins in Texas," said the association president.

On June 1, Belew will observe his 30th year with his organization. The current issue of the company's magazine,

HORACE R. BELEW

"The Paymaster," features him in its lead article. Belew lives in Abilene.

ATTEND DALLAS MARKET

Barney Doss of Collins, Charlie Dunham of Bob's Shoe Store, and Myron Fenton of Fenton's Shoe Store attended shoe market in Dallas over the weekend.

IN THE PICTURE — Above is Mrs. A. T. Pickett of 400 North D, who was a scant three minutes ahead of everyone else when she left her "names" early Monday at the NEWS office. She identified the 20 Brownfield High School Wolves (now Cubs) in the picture of last Sunday's edition. Her identification (confirmed by all other reports) are: from left in back row: Warner Hayhurst (coach), Jim Graves, Lee Orval Lewis, J. B. Huckabee, Harlan Howell, David Perry and Clovis Kendrick. From left middle row: Lolan Flippin, Doc Scudday, Grady Goodpasture, Jim Cousineau and Jack Stricklin Jr., and Coach Jim Williams. From left front row: Dolphus Goodpasture, Gilliam (Tight) Graham, Roy Ballard, C. C. Primm and Eddie Ballard.

Here are names of other persons who identified all the Wolves: Johnny Roe of Route 1, Mrs. L. R. Pounds of box 547 in Brownfield, Mrs. Jim Jones of 219 West Ripley, Mrs. Tommy Hicks of 1212 East Tate, Mrs. W. A. Tittle of 302 East Tate, J. W. Ball of 911 South Sixth, Mrs. Graham Smith of 1202 East Cardwell, J. B. Huckabee of 905 East Broadway, Mrs. C. L. Green of 501 East Stewart, L. J. Durrin Sr., of 301 East Main, Mrs. Lena Bryant of Box 81 in Brownfield, Mrs. John M. Hill of 901 Tahoka Road, Mrs. Jerry Dumas of 607 North Second, Mrs. Roy Herod of 702 Old Lamesa Road. The two Cubs were identified as John McCloud Jr., left, and Guy Tankersley. Each of the persons above who sent in letters will receive a year's subscription to the NEWS. (Staff Photo)

AT 8 P.M. FRIDAY

Meadow Juniors To Give Class Play

"Everybody's Crazy" will be name of the annual class play to be presented at 8 p.m., Friday by Meadow High School juniors.

Place: Meadow High School Auditorium. Admission: 60 cents for adults and 30 cents for students.

Director Miss Alma Wells announced the following roles Wednesday: Perry Lockett, Ronnie Bell, Fred Brown, Ruby Smith, Betty Eubank, Glenda Belew, Royce Terry, Jerry Tyler, Harold Henson, Barbara Richey, Jean Curtis, Linda Hendricks, R. C. Jordan and Mary Vest.

SAYS EXPERT

'Tragic Toll' Unnecessary

The staggering and tragic toll of lives taken in U. S. traffic accidents was described here Monday by Fred Marshall, district director for Texas Department of Public Safety.

Said Marshall, speaking at the weekly luncheon of Brownfield Jaycees:

"There have been more persons killed in automobile mishaps in the United States since the automobile came into being than there have been soldiers killed in all our wars since Columbus discovered America."

The Jaycees recognized their newest member, James Tippitt, Brownfield chief of police. Guests were Don Hewitt of Cities Service Oil Company's Brownfield office and Dick Yindley, General Telephone employee.

Marshall, who is concerned with a 23-county district, also told the Jaycees: "In Texas last year, a total of 2,611 persons died in traffic smash-ups. The average was 7 a day for 365 days."

State Draft Quota Figures Announced

AUSTIN, (Special) — The state quota for Texas draft boards in May calls for 662 men, Colonel Morris S. Schwartz, state Selective Service director, said Thursday.

The state's May call of 662 compares with a quota of 661 for April and 715 for March. The May call is the state's share of a national call for 13,000 men.

Mrs. Zorns Named Medalist In Tuesday Golf Tourney Event

Mrs. Virginia Zorns slammed out a 90 to win medalist honors in the qualifying round of the annual Ladies Golf Tournament held Tuesday at the Brownfield Country Club.

Quarterfinal play began Wednesday with Mrs. Zorns matched with Mary Jo Hardy in the championship flight. Other championship matches were Evelyn Cruce vs. Minnie Hazel Bowman, Peggy Elliott vs. Gwen Henderson and Wanda Knox vs. Mary Strech.

First flight play opened Wednesday with the following pairs: Marge Gill vs. Merle Kemper, Faneta Graham vs. Bugs Bailey, Lynn Hoey vs. Jean Finley, and Dot Goble vs. Thelma Crites.

Marion May and Bonnie Reeves were matched in second flight play in the only quarterfinal contest. Norma Griffin, Louise Bailes and Gail Bayles drew byes for the first day of play.

Second round play will run today and the finals will be played Friday.

Dorothy Kirschner and Gwen Henderson are chairmen for the tourney.

Parents Are Guests Of FFA and FHA Chapters

Meadow High School FFA and FHA chapters were co-sponsors of a banquet honoring their parents May 4.

Held in the school cafeteria, the event was supervised by Mrs. Velma Williamson, home economics teacher, and Lester Ericson, vocational agriculture teacher.

More than 100 guests attended the banquet and a volleyball game.

MAID OF COTTON ENTRY — Pictured above is Miss Norma Rene Patton, 19-year-old daughter of Mr. and Mrs. R. C. Patton of Route 1, who's entered in the Maid of Cotton contest which will be held May 18 in BHS auditorium. Miss Patton is a BHS graduate of '55—she was born in Meadow—and she's 5 feet 8 inches tall.

Clint Howell Is Winner Of Big \$50 Certificate

Winner of the \$50 merchandise certificate last Saturday (Monday) was Clint Howell of 714 South Eighth.

Howell's certificate will be honored with \$10 each from the following Brownfield firms: Franklin's, Dunlap's, Fenton's, Cobb's and Collins.

Here are winners of \$10 merchandise certificates: Jimmie Fitzgerald of 1002 East Harris (Shelton's), Grace Speed of 105 East Broadway (Fair Store), Mrs. Vernora Biels of 1205 East Hill (Canipe's), Mrs. E. S. Peek of 1020 North Second (Bayless Jewelry) and N. E. Townsend of Rt. 5 (Furr's).

ON VACATION

Edward Holloway, NEWS Intertype operator, is vacationing this week in Washington, D.C.

4-H Boys and Girls Take First Places At Lubbock Contest

Terry County 4-H youths took a first place award, shared another and won an individual first place in the annual 4-H contests held at Texas Tech Saturday.

The vegetable production team composed of Genell Cornett and Janice Newsom, was rated tops in their division while the Field Crops Team, Jackie Dill and Bobby Whitney, shared honors with the High County team.

Hilbert Briscoe copped individual honors in tractor operation to round out Terry award winners.

The Terry group was among some 300 4-H youths who competed in 19 events during the all-day event.

W. L. ARMSTRONG IS VICTIM

Lubbock Man Dies in Wreck Near City

A mid-morning accident Monday claimed the life of a 59-year-old Lubbock man and slightly injured a passenger when their car overturned about 7 miles north of Brownfield on Lubbock Highway.

W. L. Armstrong, a Lubbock bricklayer, was pronounced dead on arrival at Treadaway-Daniell Hospital following the accident, which occurred about 10 a.m.

Orval Gross, also of Lubbock and the only other passenger in the car, suffered multiple cuts and bruises. He was kept in the hospital for observation.

The two men were traveling south on the four-lane highway

to Brownfield when the mishap occurred.

Funeral arrangements are pending with Brownfield Funeral Home.

YELLS OWNER

Not Again!

"I wish they'd get what they want and leave this place be," said C. C. Primm, as he surveyed a damaged cash register Monday morning.

Primm, owner of Primm Drug Store, explained that thieves had broken into the firm during the weekend.

The drug store partially was destroyed recently by fire, and a fire-sale currently is in progress.

The thieves attempted to take money from the cash register, but failed when they could not open it.

"All they had to do was to press a button," explained Primm, and it would have opened itself." There was some \$100 in the register.

Police have suspected robbery and arson in the fire, but no leads have borne fruit.

Meadow Student Wins A \$250 Scholarship

Walter David Warren, Texas Tech student from Meadow, Tuesday was awarded a \$250 scholarship at the annual awards meeting of the Tech engineering department.

Warren, who won the Rowan Drilling Company award, is an electrical engineering student. He was among 13 award winners announced at the meeting.

—Brownfield Lions and Their Lionesses Meet for Big Party—

IN THE PICTURES — The Brownfield Lions went to a party Monday in The Party House. Here are some of the Lions and their Lionesses at the event. From left in all panels: W. N. (Doc) Lewis,

Frank Jordan, R. T. Wilson, Othel Reeves and Mr. and Mrs. Aubrey L. Lester, Mr. and Mrs. Coy Jones, Mr. and Mrs. R. T. Wilson and Joe Jackson. The group is part of

buffet table. Lewis is president of the club. He and Wilson are admiring a Life Membership which was presented to Jordan by the Texas Lions Camp for Crippled Children. The honor is rare

here, Bill Tilson of Brownfield being the only other one on any immediate club records. Wilson also was presented a certificate of service, as was Lewis, for meeting the club's quota in

the annual membership drive. In a program emceed by Lion O. R. Douglas, the group viewed a moving colored film dealing with the camp at Kerrville. Lion Sweetheart Mary Jane

Brownfield provided piano music as dinner entertainment and Lion John Hansard led the group singing. In a recent election, the club named their 1957-58 officers: Sid Lowery, president; E. B. Mc-

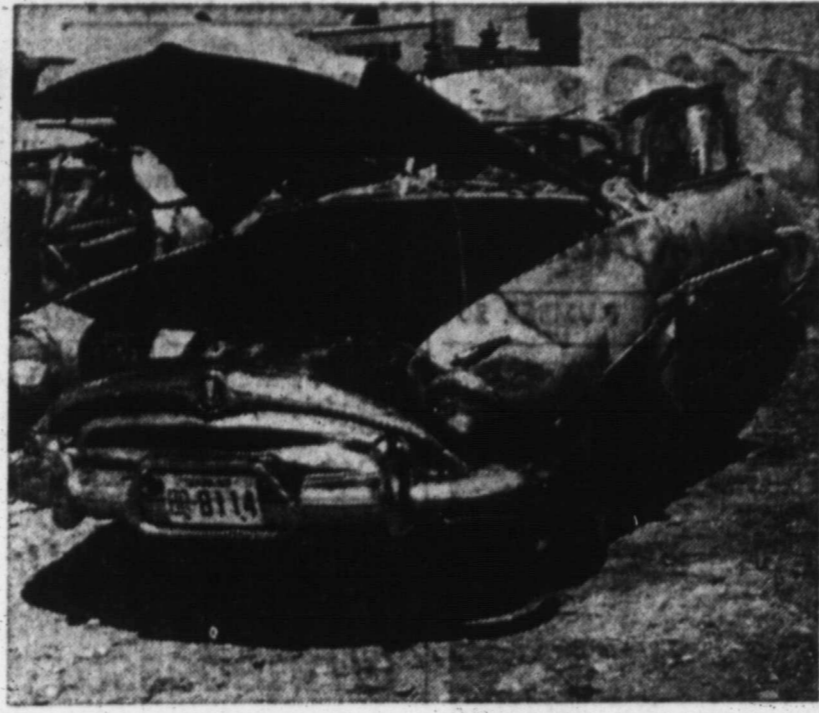

Burnett Jr., first vice-president; B. F. Hutson, second vice-president; Homer Barnes, third vice-president; L. D. Bailey, secretary-treasurer; Kenneth Watkins, asst. secretary-treasurer; David

Nicholson, Lion Tamer, and Coy Jones, Tail Twister. Directors are Paul Farrar, Joe Collum, T. C. Williams Jr., Reeves and Lewis.

(Staff Photos)

Mrs. W. O. Hubbard and son, Guy, and her sister, Mrs. Sharon Dell of San Angelo, Bill Williams, and Mr. Will-spent the weekend with her iams, all of Route 2.

Mrs. Mary Lou Adams, Anthony and Diane, of Odessa were Saturday visitors here. They formerly lived in Brownfield.

DEATH CAR — A Lubbock man was killed and another injured in this car about 10 a.m. Monday when it overturned on Lubbock Highway 7 miles north of Brownfield. The hood and forward half of the automobile were collapsed on the driver and passenger by the impact of the accident. (Staff Photo)

More Than 100 Million Broilers Raised Last Year in Texas; Festival Plans Set

Texas broiler producers for the first time last year produced more than 100,000,000 broilers. Production has grown by leaps and bounds during recent years and leaders of the industry feel that the time is "ripe" for recognizing the accomplishments which have made this phase of the poultry industry an important source of income.

While detailed plans cannot be announced at this time, F. Z. Beanblossom, extension poultry marketing specialist and general chairman for the observance, reports that nine different committees are busy working to make the Nacogdoches meeting on May 31 and June 1 one long to be remembered.

Attendance for the occasion is expected to reach 15,000. Highlights of the Texas Broiler Festival will be the selection of a Texas-Broiler Queen, a real "Texas-sized" broiler barbecue, the awarding of many prizes, the presentation of an outstanding entertainment program and speakers of national reputation.

Saturday, June 1 says Beanblossom, will be the big day. A giant parade through downtown Nacogdoches will start the day's activities and the Queen's Ball will conclude the festivities.

The Texas Broiler Council is backing the effort with assistance from every segment of

United States submarines destroyed a total of 214 Japanese naval ships during World War II, including one battleship, eight aircraft carriers, 15 cruisers, 32 destroyers and 23 submarines. Against this score, 52 U. S. submarines were lost.

FOR ECONOMY IN BRUSH CONTROL

Farmers and Ranchers of Texas Now Are Taking to the Air

Texas farmers are "taking to the air" for best results and maximum economy in brush control programs.

Extension Range Specialist A. H. Walker says aerial application of chemicals to control oak and mesquite continues to gain popularity by increasing forage production and boosting farm profits.

Walker warns farmers not to expect "miracles" from chemical control and points out that re-treatment will be required in most cases. If properly done, however, a good aerial control job will pay big dividends, and Walker says, four general rules are particularly important for the interested farmer or rancher.

Use the proper chemical at the right time in the correct

amount; secure qualified personnel to do all flying jobs; use chemicals with caution! They are not poisonous but drift can cause damage to susceptible crops. He recommends that mesquite be sprayed 50-80 days after the first leaves appear and have turned a drak green color.

Finally, the specialist says Apply a low volatile ester of 2,4,5-T or silvex at a one-third pound rate with a half gallon diesel oil and enough water to make three gallons spray solution per acre. Swath width should not exceed 60 feet.

Regrowth mesquite requires a half pound of chemical mixed with a full gallon of diesel oil and enough water to make 4 gallons solution per acre for a minimum 42 feet swath width. Expect a 25-35 percent root kill and count on re-treating in 5 to 7 years.

Walker says spray post and blackjack oaks in mid-May through June or when leaves are fully developed. Two sprays in consecutive years or skipping a year is sometimes advisable, but the first application can be 85 percent effective under favorable conditions.

Recommendations call for one and a half pounds 2,4,5-T or one and one-fourth pounds silvex per acre with 3 gallons of water and enough oil to make 4 gallons spray solution. Follow-up treatment should

consist of one pound 2,4,5-T or three-fourths pound silvex to the acre. Expect only partial control on other hardwoods. Cost for the two treatments will be about \$11.50 an acre.

A U.S. government war loan to Britain of 88 million ounces of silver increased in value from \$62,480,000 when the loan was made to \$72,040,000, its current market price, when it was returned.

According to best estimates, no more than 14 per cent of the Texas voting population is out-and-out Republican.

North Koreans, who had no military planes at the close of the Korean War, have established a substantial air force with both jet and conventional aircraft.

A survey by the National Education Association shows that 73 per cent of men teachers and 17 per cent of women take outside jobs to meet their needs.

Bermuda prints its own paper currency. It has the same value as the English pound sterling.

U. S. railroads handle an average of 300,000 express shipments daily or 109,000,000 a year. Those include many requiring special attention or quick handling, such as gems, works of art, animals, flowers, medical supplies and toys.

Mrs. Don Hart of Oklahoma City, Okla., is a guest this week in the home of Mr. and Mrs. Jack Bailey of 1010 East Tate.

TOP TORNADOES OF 1956

BOX SCORE

MAJOR TORNADOES OF 1956, as compiled from preliminary Weather Bureau data, clearly point to Spring as a time for special watchfulness by residents of the central United States—the world's most dangerous tornado area. Civil defense units are on special call throughout this vast region for possible rescue work. In addition, if a tornado-hit locality is declared a major disaster area by the President, as happened in Numbers 1, 3, 6, and 10 above, the Federal Civil Defense Administration can provide funds to aid communities in temporary repair of public facilities. (FCDA Photo)

The round-trip equipment in a railroad dining car contains 240 tablecloths, 800 napkins, 500 dishes, 700 pieces of silverware, 200 glasses, plus towels, pantry kitchenware and food.

The heavy cruiser USS Toledo has steamed enough miles since her commissioning in 1946 to have sailed around the world 10 times.

The First Marine Aircraft Wing was commissioned on July 7, 1941 at Quantico, Va. This was the first wing in the history of Marine Corps aviation.

The first submarine to actually sink another enemy vessel under combat conditions was the Confederate "Hunley" built during the Civil War.

Today the submarine serves as a guided missile platform, a surface and underwater vessel, scout, costal raider, troop transport, supply ship, mine-layer, and seaplane tender.

Nearly 100 railroads use 2-way radio communications on trains, in yards and in terminals.

B.H.S. News
By **DONNA CHRISTOPHER**

Prom night is near at hand! What the juniors and seniors will probably consider the most important class meeting of the year was held Friday morning shortly after 11:00 a.m. In that most eventful session, Mr. Douglas discussed the annual question of whether or not to admit "outsiders" to the junior-senior prom, and outlining a plan devised by the administration and the sponsors of the two classes involved whereby junior and senior students can ask guests outside of B.H.S. to the prom. Certain ground rules were enumerated by Mr. Rucker, then the meeting was adjourned so that the students might begin turning in the names of their guests.

DATIN' DUOS: Betty Hargrove - Bobby Casey, Sherry Don Spears - Bobby Horton, Ann Lemley-Johnny Cabbiness, Barbara Germany - Mont Muldrow, Gail Cottrell - Pames P. Watson, Ann Lee - Ellis Cox, Sharon Kennedy - Ken Muldrow, Charlotte Hurd - Dixon

Latham, Kay Kessinger - Jerry Don Huckabee, Pattie Wilder - George Fugitt, Mary Joe Christian - Mike Hamilton, Claudia Tuttle - Bill Tom Goza, Jeanie Criswell - E. V. Murphy, Prissy Trim - Jack Purtell, Le Nora Turner - Gerald Jenkins, Joan Priests-Charles Gunn, Barbara Knox-Richard Baggett, Doris Ratliff-Gene Mason, Patti Thomas - Jackie Meeks, Shirley Wilkinson - Jerry Don Brown, Jacque Aaldrup-Alton Merritt.

QUICKIES: A two-hour "Festival of Music" was presented Thursday night, May 2, by the choral and instrumental departments of B.H.S. Numbers by the girls' choir, the a cappella choir, and the concert band were included in the program. For the finale, the band and the a cappella choir joined forces in a patriotic number.

Oriental lanterns, fans, umbrellas, etc. decorated the Colonial Heights cafeteria Friday night, where the annual employer - employee banquet, sponsored by the D.E. Club, was held. After an authentic Chinese meal, guests were entertained by two humorous readings given by Mrs. George Weiss.

The speaker for the occasion was Mr. B. J. Fallon, assistant director of education at Texas Tech, and a former B.H.S. principal. During the course of the banquet, the guests fell right into the "oriental gardens" theme of the decorations by donning pastebord "coolie" hats, and students dressed in oriental costumes assisted in hostess and serving duties.

Some twenty-eight seniors met Tuesday morning to discuss a possible trip to Ruidoso, N.M., to be taken Thursday, May 16.

Patsy (Fulton) and Paul Brock disclosed Monday that they have been man and wife since Friday, May 3. Both Brocks are juniors.

Several B.H.S. Senior girls intend to participate in the Maid of Cotton style show in the 16 years to 18 years old division. The two-day show is scheduled for the 17th and 18th of this month.

Seniors are literally counting the days until graduation. At this typewriter sitting the total stands at 17, week-ends and all.

The strength of faith—a parental bequest no money can give

Something so priceless you give it away

Art Linkletter, famous TV personality, tells this story about faith. A little boy, busy with crayon and sketchbook, was asked what he was drawing. "Just a picture of God," said the boy casually. "Nobody knows how He looks," said Linkletter. "They will," replied the boy, "when I get through."

What he lacked in ability, that boy made up in faith. The faith of children, once firmly founded, is a lasting faith. This is why it's vitally important that parents start early to give their children a faith to live by. Only you can do this job as well as it must be done. No other provision you make for your family will ever take its place. Worship together this week, every week, at your church or synagogue for a happier, more satisfying life all year long. Perhaps you don't know what God "looks" like now... but you will... when you get through.

Build a stronger, richer life...worship together this week

COTTON COMMITTEE HEADS — Brownfield's "Cotton Week" activities will rest in the hands of these four committee chairmen. They are, from left back row, Hub King, parade, and Dennis Q. Lilly, finance. From left front row, Mrs. A. J. Bell, tickets, and Mrs. Delton Tatum, downtown decorations. The annual event will be held May 17 and 18. (Staff Photo)

REMEMBER?

20 Years Ago Here

Mayor Clyde C. Coleman declared in an official proclamation that Saturday, May 7, would be Straw Hat Day in Brownfield.

Director Burl Williams escorted 35 Brownfield High School Band members to Tahoka, where they appeared in concert. Other performances were scheduled for the week.

M. H. Baze, superintendent of Brownfield public schools, announced that Dr. W. C. Holden, professor of history and archaeology at Texas Tech, would address BHS graduating seniors on May 18.

The local Music Club entertained May 5 in the Venetian Auditorium in observance of National Music Week.

The Brownfield NEWS was authorized to announce that

there would be a box supper May 6 in Challis.

Members of the Delta Hand Bridge Club met in the home of Mrs. Velma Squires. High score was made by Mrs. Martin Line, and low score, by Miss Grace Barrett. Refreshments were served to Mmes. Weldon Moore, Jarvis Nowell, John Burns, Gul Nelson, Tob Holmes and Misses Barrett and Marie Moore.

Knight Hardware Company installed two new air conditioning units in the store on the west side of the square.

County Agent R. N. McClain announced that sod farmers had until May 15 to sign up if they want to partake in the AAA program.

Dr. D. H. Beebe, pastor of First Christian Church, reported that interest in the church affairs are increasing in a very substantial manner. Three trustees were elected May 3: B. W. Hinson, W. J. Baldwin and Austin Storie.

Visitors this week in the home of Mr. and Mrs. Gay Price were Ben Price of

Pontotoc, Miss., and Dr. and Mrs. L. W. Price of Graham.

Dr. T. H. McIlroy will leave Saturday for a 10-day trip to Oklahoma City, where he will attend a post-graduate course at the Carver Chiropractic School.

Ben Glovers was declared champion in a field of nine Brownfield men taking part in a checker tournament held in The Legion Hall.

Sheriff Ches Gore of Terry County and Sheriff Tom Abel of Lubbock were holding three men in jail here this week. The trio is faced with cattle theft charges.

Installation of new seats and two of the latest projection machines completed this week at Rialto Theatre.

Clean-Up Week in Brownfield officially was proclaimed by Mayor Clyde C. Coleman to be May 15 to 31.

Mmes. Terry Redford, Ola Wall, M. R. Johnson and Shorty Forbus returned Sunday from a 12-day vacation in Tupelo, Miss.

Maids and Matrons Study

Club were entertained in the home of Mrs. Jim Graves. An interesting program was enjoyed by Mmes. Money Price, Lee Brownfield, Ike Bailey, Redford Smith, M. G. Tarpley, David Perry, Garrett Daugherty, Ned Self, E. C. Davis, and Miss Gertrude Rasco.

STRICTLY FRESH

SOME union leaders predict a four-day work week within a few years and some employers wish that they could get four days of work from their employees right now.

A rooster is a regular passenger aboard a bus in Brisbane, Calif. Fellow across the desk from us says that the bus he takes to work each day is for the birds, too.

Watch for the first sign of summer: fall fashions in the department store windows.

There's nothing like the aroma of a steak being broiled in the back yard by an amateur chef to send us, posthaste, to the nearest hamburger stand for supper.

HAUL OF "HAPPINESS" — Apparently happy over the results of their second liquor raid, in as many weeks are, from left, Sheriff James Fulford, Deputy Bill Gordon and Deputy J. A. Richards. Object of the Saturday night raid, Susan T. Seals, 53, pleaded guilty to the liquor violation Monday morning and was fined \$500 and court costs by County Judge Herbert Chesshir. Officers confiscated about 155 bottles of liquor and 15 cases of beer from the woman, who has a previous record as a liquor violator in 1956. (Staff Photo)

COTTON WEEK NEARS — Employees of Travis Gin got an early start toward decorating the city for cotton week festivities as they placed about 25 bales of cotton throughout the downtown area this week. Placing a bale on the Court house square are, from left, Ben Garcia, 1012 North Third; Luther Harmon, Compress quarters; A. T. Coburn, 317 West Ross; Joe Torres, Compress Quarters, and Virgle Travis, gin owner.

Dunlap's for... *Mother* on her day

Brownfield News

And Terry County Herald... Terry County's Oldest Business Institution

Vol. 20 Brownfield News-Herald, Thursday, May 9, 1957 No. 20

Ah Spring, ah dandelions, ah choo! Welcome, fellow hayfever sufferers. Come and join the merry throng. Let us band together and give each other courage to withstand yet another pollen season. I've never heard of anyone dying of hayfever, which in a way is a pity. Those who know how it is often yearn to leave this vale of tears and itching noses.

Now, looky here, all you complainers of "not enough local news in the NEWS." You know very well why there's not enough, and if you don't know, I'll tell you: we of the fourth estate are pretty smart but we aren't psychic, you know. Unfortunately, when I go to bed at night, I go to sleep and do not have visions of a large dinner party being held by Mrs. so and so. So if you have company or a party or anything else newsworthy, there's just one way for me to find out:

you have to tell me, that's all. And once more I'll remind you that my deadlines are 10 a.m. Tuesday and Friday.

Many of you have asked me to tell of some of the things we saw in Mexico City, so from time to time I'll tell you a little. Certainly one of the most interesting was the overall picture of the city with its two distinct types of architecture: either very very old or very very modern. All the historical buildings are, of course, many hundreds of years old and they are all adorned with carvings that have been dulled and blunted by the elements for these many years. The newer buildings are the ultimate in modernity, using much glass and striking design. Most of the hotels, including the Reforma, where we stayed, is ultra-modern both, inside and out. The city is so noisy that most hotels are built with the rooms

MRS. BOBBY HUNGERFORD

Miss Doris Tuttle Married April 20

Mr. and Mrs. B. M. Tuttle announce the marriage of their daughter, Doris, to Bobby Hungerford, son of Mr. and Mrs. P. H. Hungerford, of Union.

The couple was married in Brownfield April 20. They are residing at the Ratliff Apartments.

solicitous of us. When they discovered we were from Texas they were somewhat amazed that (1) we didn't constantly tell them we had bigger and older and more historical things in Texas, and (2) that we didn't deluge them with stupid questions.

We visited Chapultepec Castle, which is located on a hill from which we got a wonderful view of the city, and which simply reeks with history. It has been both a presidential residence and a military academy and we saw the splendor in which Carlotta and Maximilian lived during their reign in Mexico. As everywhere in Mexico, giant cypress trees grew abundantly and the grounds were perfectly kept. These are things the Mexican people demand: they love monuments and statues, small parks, water fountains, flowers and trees and you'll find many of all of them all over the city. They are beautifully

SHOWER IS COURTESY — Mrs. Ray Cargill M. Cargill of 117 North A, mother of the bridegroom; the honoree; and her mother, Mrs. Roy McNeil of Route 3. A color theme of pink and white was carried out in decorations. The former Miss Jackie Ruth McNeil, pictured here, left to right, are Mrs. Whitley; Mrs. H. A. 4:30 and 6 p.m.

Swim Party Held By Girl Scouts

Girl Scout Troop 43 met at the First Presbyterian Church May 2 with leaders Mrs. Perry Bear and Mrs. Ben Christopher.

After a swimming party at the Grady Goodpasture home the group went to Coleman Park for a weiner roast.

Members attending were: Loree Key, Judy Pickett, Sandra Turner, Shirley Ann Kuelher, Susan Gadberry, Charlotte Goble, Ann Neal, Becky Burnett, Janice Hill, Carol Christopher, Karen Howell, Susan Bear, Linda Brownfield and Kathy O'Dell.

Mrs. Huggill Visits Here

Mrs. Helen Huggill of Levelland is spending this week with her greatnieces, Barbara and Sheryl Kirschner, 1101 East Tate while their parents, Mr. and Mrs. Jerry Kirschner, attend clothing market in New York City.

kept and all hours of the day walking around enjoying them. More in another installment.

Mrs. Ray Cargill Complimented With Miscellaneous Bridal Shower Friday

Mrs. Ray Cargill of 115 North A, the former Miss Jackie Ruth McNeil, was complimented with a miscellaneous bridal shower in the home of Mrs. R. A. Whitley at 921 South 8th May 3 from 4:30 to 6 p.m.

Hostesses with Mrs. Whitley were Mesdames H. M. Swan, H. W. Nelson, H. S. Neugent, Bill De Poyster, Harold Pharr, J. E. Thompson, Sonny Whitley, Jesse Bryant, D. L. Jones, H. M. Morris and Byron Cabiness and Misses Sue Coffee, Billie Snitker, and Carolyn

T. Hicks Entertain Couples Bridge Club

Mr. and Mrs. Tommy Hicks of 1210 East Tate entertained their couples bridge club May 3.

Lemon chess pie and coffee were served to Mesdames and Mmes. Bill McGowan, Sherwood Gill, Sam Teague, T. C. Williams and M. J. Craig, Jr. Mr. and Mrs. McGowan were high couple. Mrs. Teague and

Quinney. Mrs. Whitley received guests and presented them to the honoree and her mother, Mrs. Roy McNeil. Miss Laquita Cargill registered approximately 40 guests who called.

The honoree's chosen colors of pink and white were used in decorations. The table was laid with a white cutwork cloth over pink and featured a centerpiece of pink carnations flanked with pink tapers. Decorated cake squares with punch were served by Mrs. Dale McNeil.

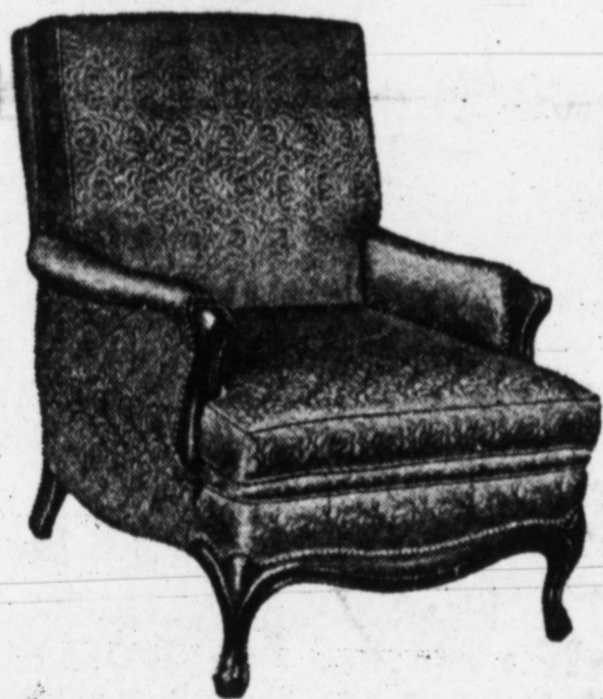

Mothers Coffee Is Slated For Friday

The annual Mother's coffee of the First Methodist Church will be held Friday from 10 to 11:30 a.m. in the church parsonage at 402 East Tate.

Hostesses for the occasion will be members of the Pendana Sunday School class. All mothers of the church are invited to attend the coffee.

District Winners Now Are Being Named

The district winners are now number of entries in the 10- being selected in two programs year old Neighborhood Im- which are continuing to gain provement program reached in favor with the rural com- an all-time high of 205 for the munities of Texas. 1956-57 year.

According to Reagan Brown, Brown said the entries came from 87 counties and that 25

were in the program for the first time and that 78 of the neighborhoods entered were in these 25 new counties. He reminds that judging on the state basis in this program will get underway on May 6.

The top five neighborhoods in the state will be selected from among the 14 district win-

ners which are now being determined. Farmer Stockman magazine sponsors in cooperation with the Extension Service the neighborhood program.

The second, the Community Pasture Improvement program, which is open to counties in Extension Districts 4, 5, 8, 9, 10 and 11. has entries from 41 communities. Judging to determine district winners is also underway in this program, said Brown.

Co-sponsor with the Agricultural Extension Service of the pasture program is the Texas Plant Food Educational Society.

Brown, in commenting on observations made during the past few months, said, "When communities organize and set goals, things begin to happen. I don't know exactly what it is unless it is an urge brought on by a desire to be among the first in the community to reach the family goal."

"Once the ball starts rolling, action seems to become contagious and the shoulders go to the wheel and, the community rebuilding job is well on its way. It takes a lot of work, but I have never yet talked with community leaders who didn't say the improvements made were worth hundreds of times more than efforts expended. Cooperation and willing workers make the difference."

It's Now Planting Time for Sesame, New Cash Crop on the High Plains

PARIS—Texas (Special) — It's planting time for Sesame, the new cash crop on the High Plains which ranks second only to cotton as a money-maker. "The recommended best planting time for Sesame is spread from May 5 to June 5," says Robert L. Parker, executive vice president of the Texas Sesame Seed Growers, "with most experienced Sesame growers planting between May 10 and 20. In general practice, most farmers follow their cotton planting with their Sesame."

Parker estimated that on the basis of commitments already made, more than 15,000 acres will be planted to Sesame in Texas this year — most of it on the irrigated High Plains. "About 5,000 acres were

planted to Sesame on the High Plains last year," Parker said, "and the results generally were very good, many growers grossing more than \$110 per acre. This year our organization has conducted 15 farmer meetings on the plains and on the basis of the enthusiasm and interest of farmers, we estimate that the 1957 High Plains crop will reach more than 10,000 acres, and may even go to 15,000 acres."

Parker said there is a general recognition among plains farmers with two and three years of experience in growing and harvesting Sesame that it has firmly established itself as their No. 2 money crop. The only equipment needed

to plant Sesame in addition to standard planting equipment is a vegetable seed planter box, Parker said. He suggested a planting rate of 1-3/4 to 2 pounds of seed per acre, and sometimes even more where farmers are shooting for 1,000 pound-per-acre yields or better and where they propose to give the crop the water necessary to produce these yields.

This gives a plant density in the row of a stalk every half inch to one inch, when planted in 40" rows. Top farmers who have produced yields in excess of 1,000 pounds of seed per acre say these thick stands are absolutely necessary.

Parker said that in the beginning, obtaining good

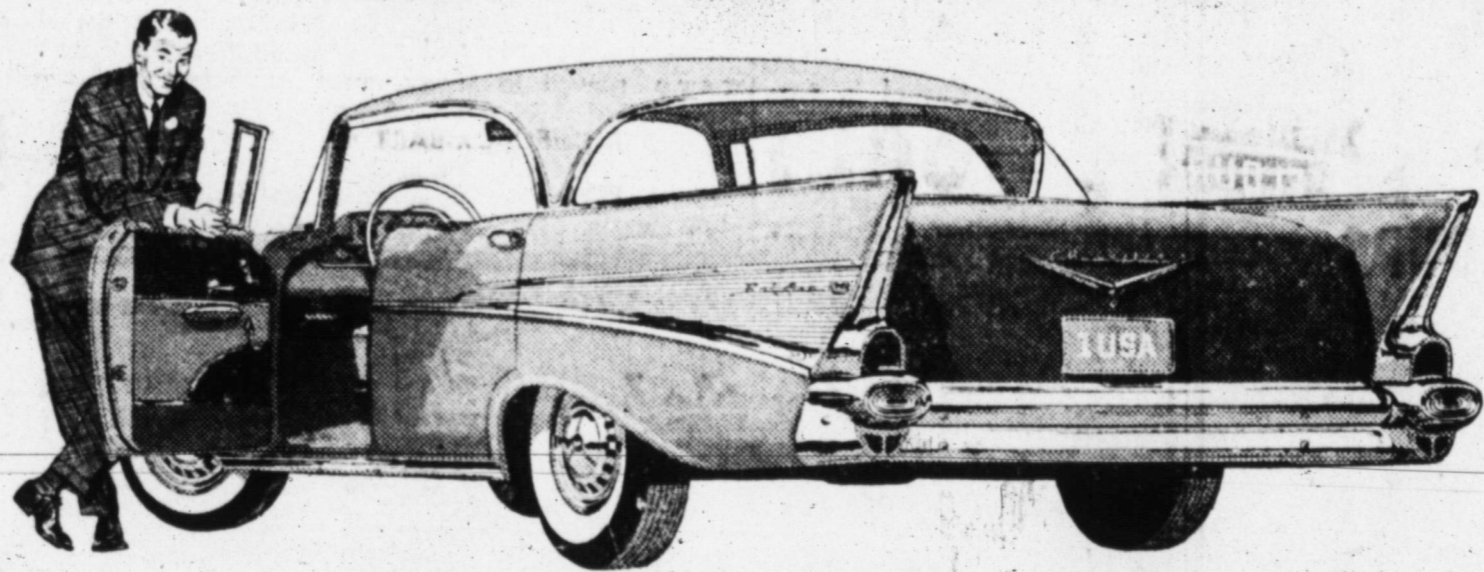

stands was a problem on the plains. This has been overcome in two ways: 1. Shallow Plantings; plant just deep enough to germinate seed well before soil is dried by wind. By using rubber press wheels and other devices, farmers plant successfully at depths of 1" to 1 1/2".

Two inches is the maximum recommended planting depth for any method. 2. Rotary hoes; or other scratching tools are now used to break up soil crusts caused by rain or show been "scratched up" which otherwise would have required replanting.

Market prospects, both domestic and foreign, continue excellent. Parker said that the prospects for marketing the biggest tonnage of Sesame ever produced at good prices are more favorable at this time than they have ever been in the past.

Drive with care... everywhere!

come try
Chevrolet's new
Triple-Turbine take-off!

Sweet, Smooth and Sassy—that's Chevy! Model illustrated, the Bel Air Sport Sedan with Body by Fisher.

Turboglide is the first and only triple-turbine transmission! You can feel the difference from your very first take-off! Just slip Turboglide into "D" for "Drive" and pay it no mind. There is no "Low" or other positions to worry about. For this is the automatic with triple turbines. One for quicksilver starts from a standstill. Another for cream-smooth cruising. And a third turbine for passing

response that's safer all the way. In GR (Grade Retarder) position Turboglide helps slow you down—saves your brakes on long, steep hills. When you team Turboglide with Chevy's new Positraction rear axle, you've really got it made! You have surer, safer control on any-road surface. Try a sweet, smooth and sassy Chevrolet with these two new extra-cost options at your Chevrolet dealer's.

Bowers Visits Mother

Weekend guests in the home of Mrs. R. L. Bowers, Sr. of 406 East Tate, were her son, Rep. R. L. Bowers, Jr., and Roe Clayton, both of Austin, and Luis Guittenez of Mexico City; D. F.

last week with her mother in Fort Worth.

Mr. and Mrs. T. V. Daniel of Brownfield and Mr. and Mrs. J. A. Hinson of Lamesa visited Sunday afternoon in the W. J. Hinson home.

Visitors in the Methodist Church Sunday morning were Mrs. Bessie Ellington of Denver, Colo., Mr. and Mrs. C. E. Bartley and family of Brownfield and Thomas Bartley's girl friend.

Mrs. J. H. Gober and Mrs. Roy Gober were shopping in Brownfield Monday afternoon.

Mr. and Mrs. Lester Lockett and family visited relatives in Lockney over the weekend.

Bible Comment:

Words of Christ Gave His Disciples Their Duties' Scope

WITH the reappearance of Christ after His resurrection, the disciples knew that His message of salvation was not directed toward a limited number of people at a particular crisis in their history. For the first time there came to them the vision of a kingdom which would encompass the earth and all the men on it.

This must have been forming very clearly in their minds, but these words of Christ brought a sudden clarity to the situation: "Go ye therefore, and make disciples of all nations, baptizing them in the name of the Father and of the son and of the Holy Ghost; teaching them to observe all things whatsoever I commanded you; and lo, I am with you always, even unto the end of the world."

We have been familiar for generations with Christianity as a world religion and we have seen the missionary enterprise of the church so widespread and so effective in the modern world. It is difficult to place ourselves in the position of those who heard the message from Christ. What a vast world of vision and enterprise these words opened up—a limitless field for those who believed that they had a gospel of good news to proclaim. Here was a great task of teaching in which men could learn the principles of true character and sound relationships in daily living.

It was the greatest task conceivable that Christ was committing to these 11 disciples. They had been dependent upon His physical presence before. Now they knew that He was leaving them to impress upon the message of a spiritual kingdom, a message they now understood.

The conversion of the world must be the greatest need and the supreme concern of all who think man and his world are worth saving. What hope for the world is there save in the Gospel?

During the first five days after their landing on Iwo Jima, Marine Corps communication crews laid more than 700 miles of telephone wire, although operating under heavy artillery fire and harassed by snipers.

THE DOG BED

by Bob Bartos
Prominent Dog Authority

Every dog deserves a bed of his own. There are times, aside from sleeping, when he wants to be left alone. Like all of us, he has his moods. That doesn't mean he needs a thirty-dollar bed and a flowered eiderdown. He'll be very content with an old blanket or rug in an out-of-the-way corner. But most of us can do better for our dogs than that. An old pillow, covered with plastic so that it's easily wiped clean, will keep him from lying directly on the floor which may be cold and drafty. If you add an old blanket that he can use to build a nest around himself, he'll be quite happy.

An excellent indoor bed can be made with a cardboard carton, the size of the dog deter-

Dog of the Week: DANDIE DINMONT TERRIER

Average weight, 18 pounds; shoulder height, 8 to 11 inches; coat, a mixture of hard and soft hair about two inches long; color, shades of pepper or mustard.

mining the size of the box. Cut out one of the long sides, add the pillow and he has a comfortable bed protected on three sides from drafts.

Naturally if the choice is left up to the dog, he'd probably appropriate the best chair in the house. If you have an old one, with arms and back for draft protection, you can slip-cover it for the sake of periodic washings.

Here are two things to remember regardless of what kind of bed you provide for your dog. It must be out of drafts and it must be easily cleaned.

Feeding Tip: Except for vitamin C, which dogs manufacture themselves, the family pet requires a daily quota of vitamins, minerals and protein. You'll be doing a bit-and-miss feeding job if you give him nothing but table scraps. The best way to be sure your dog is getting what he needs for his health and general well-being is to feed him a dependable, all-purpose dog food such as Friskies.

'Golden Jubilee' To Be Theme For This Year's Post Rodeo

POST (Spl.) — The "Golden Jubilee" Post Stampede Rodeo will open Thursday night, May 15, following an afternoon street parade, and continue through Saturday with night performances only scheduled.

This year's event has added the title "Golden Jubilee" in connection with the observance of Post's 50th birthday.

Cash prizes of approximately \$3,500 are being offered amateur contestants in the following events: heading and heeling, cowgirl barrel race, cutting horse contest, bareback bronc riding, saddle bronc riding, wild bull riding and calf roping.

The cutting horse contest will be a one-day affair, with both go-rounds and the finals scheduled for Saturday, May 18. The first go-rounds will begin at 9 a.m.

The rodeo performances, which will be held in an arena seating more than 4,000, also will include specialty acts. Each performance will be followed by a western dance at

BANQUET PRINCIPALS — Dr. Burle J. Fallon, center, assistant professor of education at Texas Tech, was principal speaker at the Distributive Education Club's annual banquet Friday night in Colonial Heights cafeteria. Arvin Stafford, left, and R. T. Wilson, DE coordinator, were among some 150 persons at the event. Stafford is club president. Motif of the decorations was Chinese. (Staff Photo)

Mr. and Mrs. Frank Ballard of 702 East Cardwell were in Fort Worth on business over the weekend. They also visited with his sister, Miss Mary Ballard, and Miss Winnie Doss, who live in Dallas.

The rodeo grounds pavilion, it'll be "western entertainment as you like it."

TRY IT AND YOU'LL WANT IT!

J-2 ROCKET!

ECONOMY WHEN YOU WANT IT!
Here's the secret of its greater gas mileage. In the J-2 Rocket a single two-barrel carburetor serves the engine, at peak efficiency, for all your ordinary power needs. You choose your own kind of performance—you're in economy range up to 3/4 throttle. Yet you enjoy famous Rocket action all the way.

POWER WHEN YOU NEED IT!
All three carburetors (six barrels) go into action, automatically, whenever the occasion demands. Push your foot to the floor, and you have extra safety power on tap to whisk you up the steepest grade, or out of the path of danger. Here's alert action for added safety in any driving situation!

OLDSMOBILE NOW OFFERS YOU THE MOST EXCITING NEW ENGINE DEVELOPMENT SINCE THE FIRST HIGH-COMPRESSION POWER PLANT!

Greater economy for all normal driving! A greater reserve of extra safety power for the exceptional situation! That's why Oldsmobile's new J-2 Rocket Engine* is like two engines in one. And you, the driver, are in complete control of how you want to travel. For practically all driving needs you enjoy the fuel-saving economy of a single carburetor. Or, a touch of the accelerator past the three-quarters mark will bring two additional carburetors into use. This gives you gas-saving performance over a 50 percent broader operating range plus a reassuring reserve of power that means added safety. If you have not already tried the J-2 Rocket, your nearby Oldsmobile Dealer invites you to come in for a drive soon. Be his guest for a J-2 test. You'll find it is a totally new and wonderful driving experience.

*Optional at extra cost on all Oldsmobile models.

SAYS IRRIGATION SPECIALISTS

Successful Farmer Practices Definite Steps To Save His Land And the Water

The prolonged drouth which continues in Terry County has pointed out the importance of conservation of water resources in order to receive maximum benefit from the county's irrigation wells.

With the approaching growing season, D. W. Sherrill, irrigation agent for the Texas Extension Service, says the most successful irrigator farmers practice four definite steps in saving their land and water.

These four steps are: 1. Take good care of soil adding organic matter as needed. 2. Save and utilize every possible drop of moisture. 3. Provide uniform deep penetration of a good pre-planting irrigation. 4. Examine the soil for moisture and study crops for moisture needs keeping the top 2 to 3 feet of soil moisture replenished.

"Our supply of water is not inexhaustible. Ways and means of using wisely and conserving underground supplies are being studied by more and more farmers," Sherrill said.

A few practices and methods of making good productive use of water resources were listed by the irrigation agent.

These are: 1. Supply plenty of organic matter to the soil. This will mean more pounds

of cotton per acre inch of water used:

2. Level land or arrange rows so that a uniform distribution of water is made over each acre.

3. Use underground or portable irrigation pipe to avoid seepage and evaporation losses of open irrigation ditches.

4. Supply adequate uniform application of pre-planting irrigation.

5. Begin watering cotton only after first blooms or after cotton has set squares and avoid September waterings.

6. Plant grain sorghum at Experiment Station's recommended dates to avoid excess use of moisture. Earlier planting requires more water.

7. If sorghum land is to have pre-planting irrigation only, select a variety adapted to this type water use.

8. Use soil auger or sharp-shooter and examine the soil to determine moisture needs before turning on irrigation water.

9. Know the amount of water your well pumps and figure acre inch of water in each irrigation.

10. Plan to use all rainfall by storing it in the soil, then irrigate only when necessary to have a good yield at an economical production.

11. Consult your county agent on irrigation tips. He can help you.

This Week in Austin

By PRESTON SMITH
State Senator

The 120-day pay period for members of the 55th Legislature ended Tuesday.

All the extra time necessary to complete some of the important decisions left over will be contributed at the expense of the lawmakers of both houses.

Guesses as to how long it will take to complete the work of the 55th Legislature are running up to May 15 to 20.

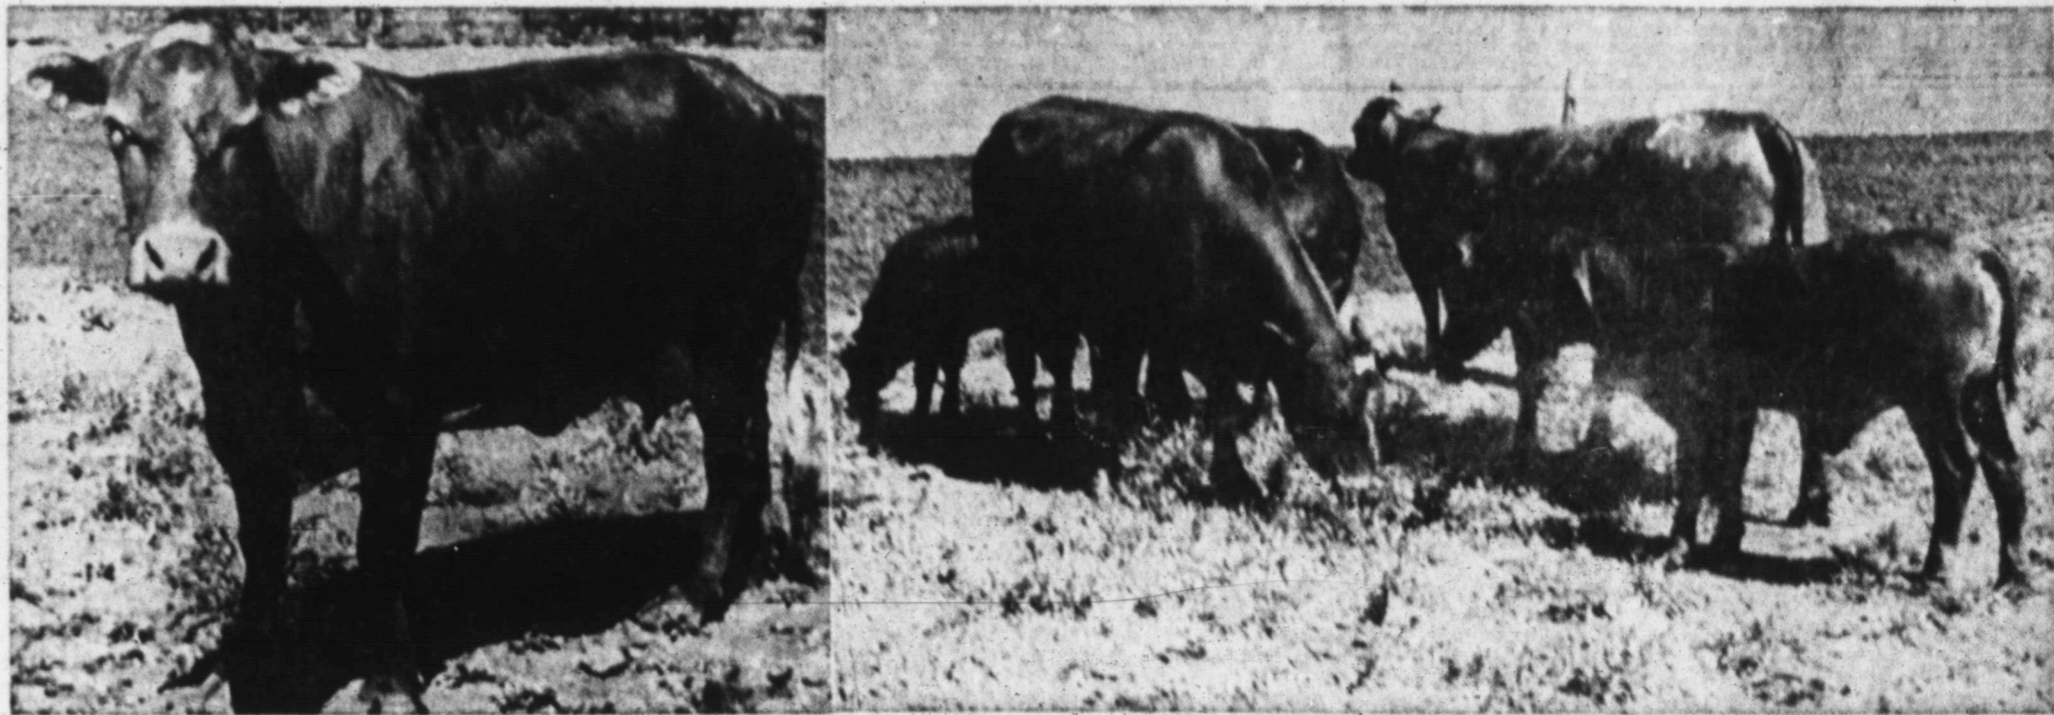

This prediction is made by some of the older members of state government, who are quick to point out that very few Legislatures have ever completed their work within the 120-day pay period.

Statistics compiled by the Legislative Budget Board in its study of the necessity for annual sessions of the Legislature reveal the 48th Legislature meeting in 1943 was the last regular session to conclude its work on a 120-day period.

At that time, the legislators received \$10 for the first 120 days and \$5 thereafter until adjournment. The 51st Legislature, meeting from Jan. 11 to July 6, 1949, holds the record for length of session, 177 days.

The constitutional amendment adopted in 1954 raising the per diem to \$25 for 120 days, with no pay after that period, applied to the 54th Legislature, the last regular session under Gov. Shivers. This was a 148-day session, running from Jan. 11 to Jan. 7.

Average number of legislative days per biennium, however, from 1931 through 1954,

A NEW BREED HERE — At least three Terry County farmers are attempting to introduce a new breed of cattle to the area — the Beefmaster. The breed, a mixture of Brahma, Hereford and Durham, has been in the county less than a year but has made great strides in growth. Andrew Cooper, Ray Christopher and Leo Holmes purchased nine head of the breed, including one bull, five cows and three heifer calves, near Aspermont last summer. Cooper says the animals grow faster than his other cattle and that they take less food and care. (Staff Photo)

Agricultural Chemicals Need Not Be Dangerous If Proper Steps Are Followed in Their Applications, Says Association

Today's agricultural chemicals are made to provide a maximum of safety both to growers and consumers. Like all tools, however, care must be used in handling them, says the National Agricultural Chemical Association.

With the ever-increasing swing to the use of the various chemicals and insecticides, the association lists the following 12 safety suggestions:

1. Always read the label before using sprays or dusts. which includes 16 special sessions, is 180.7 days. Fourteen of the special sessions were in the 10-year period from 1932 through 1942, and for that period the biennium average of legislative days was 205.5.

Note warnings and cautions each time before opening the container.

2. Keep sprays and dusts out of the reach of children, pets and irresponsible people. They should be stored outside of the home and away from food and feed.

3. Always store sprays and dusts in original containers and keep them tightly closed. Never keep them in anything but the original container.

4. Never smoke while spraying or dusting.

5. Avoid inhaling sprays or dusts. When directed on the label, wear protective clothing and masks.

6. Do not spill sprays or dusts on the skin or clothing. If they are spilled, remove contaminated clothing immediately and wash thoroughly.

7. Wash hands and face and change to clean clothing after spraying or dusting. Also wash clothing each day before reuse.

8. Cover food and water containers when treating around livestock or pet areas. Do not contaminate fish ponds.

9. Use separate equipment for applying hormon-type herbicides in order to avoid

accidental injury to susceptible plants.

10. Always dispose of empty containers so that they pose no hazard to humans, animals or valuable plants.

11. Observe label directions and cautions to keep residues on edible portions of plants within the limits permitted by law.

12. If symptoms of illness occur during or shortly after spraying or dusting, call a physician or get the patient to a hospital immediately.

TECH SIGNS 18

Texas Tech's coaching staff, ranging far and wide, has signed 18 schoolboy football players to a "letter of intent" to attend school at Tech and accept an athletic scholarship.

Mrs. Charles Maple, whose husband is a member of the NEWS staff, and their eight-month old daughter, Carol Lynn, arrived in Brownfield Friday after a two-week visit with her parents in Johnson City. The Maples reside at 711 South C Street.

Austin Newsletter
By R. L. BOWERS JR.
State Representative

The House of Representatives this week passed by a big majority the Governor's bill which will reorganize the Insurance Commission. The unfortunate thing about the fight was that it dealt more in personalities than just the merits or demerits of the plan.

I was opposed to the reorganization because I don't feel this is the answer to our insurance failures. I believe the thing that is needed is more insurance examiners.

No matter how efficient the Insurance Commission operates, it must have a sufficient number of examiners to examine the many, many insurance companies now existing in our state. I do hope, however, that I am wrong and the reorganization will solve our

ARRIVAL IS ANNOUNCED

Dr. and Mrs. Keller P. Greenfield of Denver City are parents of a son born at 12:21 a. m. April 25 and named David Tyler. Grandparents are Mr. and Mrs. L. O. Greenfield of 315 West Powell and Mr. and Mrs. A. R. Tyler of 512 Lubbock Road.

insurance problems.

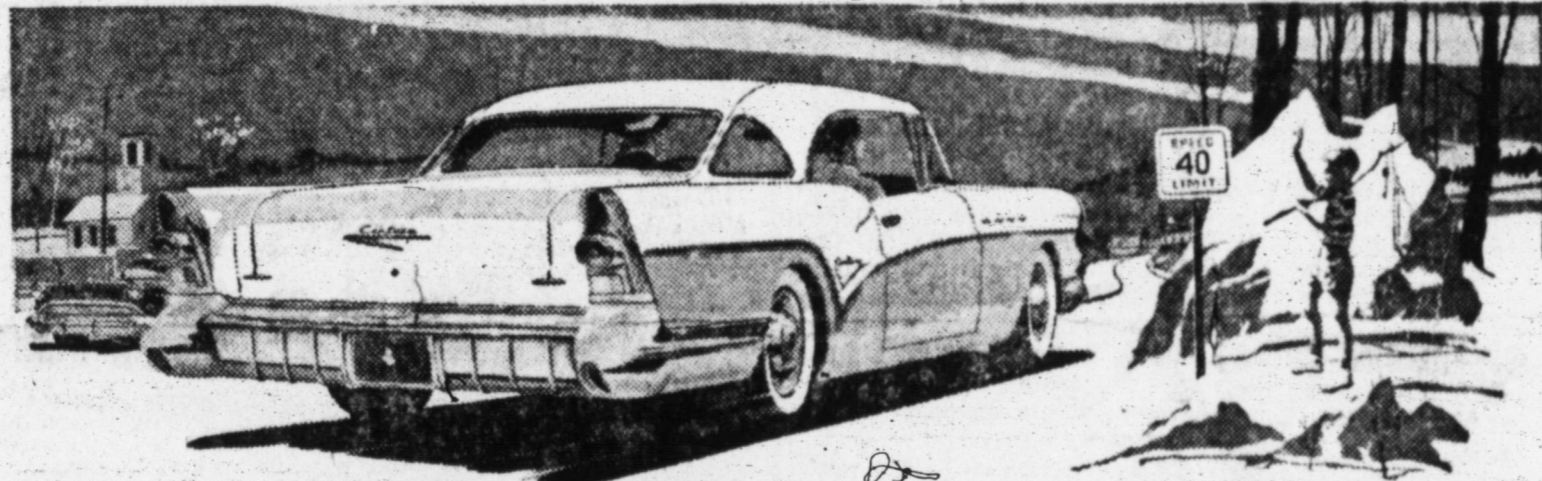

House Bill 620 has passed this body and goes to the Senate for approval. This measure would be a great relief to our counties, many of which are having great financial difficulties.

This bill would require the State to pay 50% of the cost of buying new and additional land for highway right-of-way. At present the entire burden of this cost is on the county.

The Legislature enters the last week of the scheduled 120 days Monday, and the big question around here now is when will adjourn and get to go home.

The big thing that is holding us up is the huge Appropriations Bill which should be passed in the next few days. Everyone I have talked to seems very anxious to get through and go home, and I am certainly one of these.

The eight-inch guns of a heavy cruiser can hurl a 280-pound shell more than 13 miles.

Power Package for Going

-and Stopping

You never before handled a car like this Buick!

SAY you like to grip the wheel of a really nimble handler.

Say you like to push the treadle on a sweet and lively performer.

And say that along with this kind of going—you like your stopping neat, solid, and sure

If such is the case, then this beauty comes gift-wrapped for you.

It's the 1957 Buick we're talking about—power package first class—with performance that's a joy, a thrill, pure pleasure all the way.

This you'll find: You've never before handled a car like this.

With its new 364-cubic-inch V8—with its new instant Dynaflo—with its new brakes, new ride, new steering, new roadability, new everything—this one makes driving more wonderful than you've ever known it.

It's like silk. Like honey. Like a lark on the wing or an arrow on its way. It's like nothing else on 4 wheels.

So come try this dream car to drive. Even the good news on price will make you happy. See your Buick dealer today.

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

AMERICAN COUNCIL FOR JUDAISM

Is Aid To Middle East Clarity

Scarcely a day goes by that someone, somewhere, fails to come up with a plan which is to bring "peace to the Middle East". The more one hears of such formulas, however, the more one must be convinced that the problem is too heartbreakingly complex to be resolved either quickly or easily. The most to be hoped for, probably, is that all parties will act with wisdom and forbearance.

Among the few groups making a positive contribution to a clear thinking about the Middle East — without which, certainly, no solution will ever be found — is the American Council for Judaism, which held its 13th annual conference in New York City, April 26, 27, and 29.

The Council has been dedicated, during its entire existence, to the compilation of a public record of the fact that there are American Jews who reject for themselves, that extra sets of Israeli national rights and obligations which Zionism seeks to confer on all Jews, regardless of their citizenship.

In holding steadfastly to its purpose, despite bitter and unremitting Zionist attacks, the Council helps public understanding of a basic issue involved in the Arab-Israli conflict.

To Council members, Judaism is a religion — not a nationality. To them — and indeed, in fact — Zionism is a political movement, with no right to the immunity from criticism normally granted a religious faith.

The Council's stand helps make the point that Zionism, as a political movement, must expect the brickbats as well as the bouquets to which all political enterprises are subject.

For this and other contributions to clarity on a topic otherwise bedeviled by deliberately generated confusion, the Council deserves thanks of all men of good will, regardless of their faith.

NOW IS THE TIME TO TAKE STOCK Beautification of Brownfield May 13-20 Can Be Period of

With spring winds and dust storms on the ebb, we think now is the time to stop and take stock of what has happened to the appearance of Brownfield and Terry County as a result of the winter weather.

Now is the time to begin thinking of repairing the damage incurred by winter fury and of cleaning up the accumulated trash and other unwholesome rubbish scattered around our homes and along our highways.

We, here in Brownfield, are in an enviable position — having six major highways running through our city. Though attracting tourists is not our major endeavor, we feel that we should leave a good impression on the minds of travelers through the city and county.

Therefore, it behooves every citizen to take part in the annual spring clean-up.

Should Be Year-Round Job; Shedding Winter Traces

point-up, fix-up week, which begins here May 13. The Chamber of Commerce, sponsors of the movement, has issued an appeal to citizens to aid in the drive.

If every man, woman and child will join the drive by tackling his or her own yard, the week's object will be accomplished. Now is the time to clean up the winter waste and to make strides toward making "Brownfield a Beautiful City" — a job that should be of interest to every person living here.

Meadow already has begun its campaign. Are we to fall behind and become apathetic about the sand dunes in our yards, the collapsing fence, or that rubbish on our property?

Now is the time to take positive action toward making Brownfield the showplace of the South Plains.

Brownfield News Editorials

AUSTIN — Texas will be a long time cleaning up from one of the greatest flood disasters in the state's history.

Nearly 10,000 persons were forced out of their homes and some 35,000 square miles were affected, according to official estimates.

State, national and private agencies are cooperating to help the flood victims. At the request of Gov. Price Daniel, Pres. Dwight D. Eisenhower, designated the flooded counties as "major disaster areas."

It brought an immediate flow of funds, equipment and supplies to aid State Disaster Relief Headquarters.

Governor Daniel also asked the Legislature for \$20,000 to replenish the National Guard's fund for emergency work.

As waters receded in most areas, people began to take stock of the future. Though crop damage was estimated as high as \$30,000,000, most farmers missed the corn planting season and will have to switch to sorghum or some other crop.

Others have put cattle back on dry feed after seeing the best pasturage in years ruined by floods. "But," they say, "at least it's wet." Water conservationists point

to the flood ruined areas as "Exhibit A" in the case for more dams and lakes. Rambling rivers could be held in check, they say, saving topsoil and water for future use.

It's Governor Lock now — Sen. Otis Lock of Lufkin became Governor for a day and received all the honors customarily paid on such occasions.

May 3 long will be remembered by the 46-year-old lawyer who has served 18 years as a state official.

He issued a proclamation designating the day as Texas Inerscholastic League Day; addressed the high school youths assembled in Austin; served coffee and cake in the reception room of the Governor's office; and attended a banquet given in his honor by his many Lufkin friends.

Long Talk — Longest filibuster in Texas Senate history brought only a "moral victory" for opponents of school segregation bills.

Sens. Abraham Kazen Jr. and Henry Gonzalez teamed up to talk 36 hours and 2 minutes against a bill to allow school boards to assign pupils to certain schools. When they finally quit, their colleagues passed the measure and sent it back to the House for concurrence on a minor amendment.

Proponents agreed to delay for a few days taking up other segregation bills.

Previous filibuster record was 11 hours and 25 minutes set in 1949 by opponents of a medical bill.

Kazen and Gonzalez were aided by prolonged questions from other anti-segregation minded senators. Those who opposed the bill included Sens. R. A. Weinert, Bruce A. Reagan, Hubert Hudson, Charles Herring, Carlos Ashley and Frank Owen III.

ICT Report — Senate ICT Committee's voluminous report had no kind words for those who had been connected with the \$4,000,000 failure. It said the company was

founded contrary to law and operated in a negligent, haphazard and downright fraudulent manner. It sharply criticized Ben Jack Cage, onetime ICT manager, and labor leaders who had helped Cage sell union people on investing in ICT.

Union officials, it said, had been compromised by "lavish entertainment" or payment of money. Their attitude was called "negligent or at least complicit."

Committee made 20 recommendations for tightening laws to prevent future ICTs. One would make insurance company officials criminally liable for false statements. Another would place insurance securities under supervision of a securities commission.

Naturopaths set back — Naturopaths are in a worse quandary than ever now that State Supreme Court has ruled their licenses to practice are no good.

This upheld a lower court ruling that the 1949 licensing law was unconstitutional.

Texas Naturopaths will be in court again next week when Ex-Rep. James E. Cox of Conroe comes to trial. Cox is charged with consenting to accept a bribe from a TNA member in return for killing a bill outlawing naturopathy.

Insurance reorganization — Governor Daniel is riding a crest of triumph after House passage of his plan to reorganize the Insurance Commission. After weeks of wrangling and nip-and-tuck committee votes, final approval was by a lopsided 109 to 25.

House version calls for a three-man, full-time board all to be appointed by the governor. Senate already has passed a similar bill calling for a part-time board.

Both versions would remove from office John Orsorio, the present commission chairman, and Member Mark Wentz. Opposition by their friends in the Legislature was one of the main obstacles to reorganization passage. Joe P. Gibbs, the third member of the commission, was appointed recently to serve temporarily.

Thumbs down — In the push to clear the Legislative calendars, a lot of bills are falling by the wayside. Measures which already have hit the dust include those to: Abolish the property tax on automobiles and substitute higher registration fees; provide for re-districting of county precincts; require county judges to be lawyers; allow cities on local option to elect officials for four years instead of two; raise the minimum age for senators

Striving to Please . . .

(EDITOR'S NOTE: This is the first in a series of pictures published in the interest of better business relations between the public and individuals employed in the various business establishments in Brownfield.)

GOOD MORNING, MAY I HELP YOU — Shown here is Lillian Haynes, Assistant Cashier, at the First National Bank. Miss Haynes is always ready to help those wishing to open a new account at the First. This is just one of the many services available at the bank.

for representatives from 21 to 25; require persons over 60 years of age to obtain an annual exemption certificate to vote; prohibit cities from annexing property across county lines; and allow cities to issue bonds to build municipal parking lots.

Short snorts — First six officials to file statements of their personal business interests under the new code of ethics bill were Reps. Joe Pool, Tom Joseph, Joe N. Chapman, Herman V. Puckett, Jr., Rufus U. Kilpatrick and State Auditor C. H. Cavness.

Irrigation Installations Featuring TWO WORKHORSE LINES OF ALCOA PIPE

New Alcoa® Lite-Line Irrigation Pipe . . . priced low, brings high-yield benefits of irrigation within reach of every farm. Lite-Line is a welded pipe, built to give years of profitable service under all normal irrigation needs.

Alcoa Lite-Line has a stronger alloy, excellent corrosion resistance. It's able to withstand harmful minerals and chemicals. Extra interior smoothness cuts pumping friction. Uniform diameter insures full-rated performance.

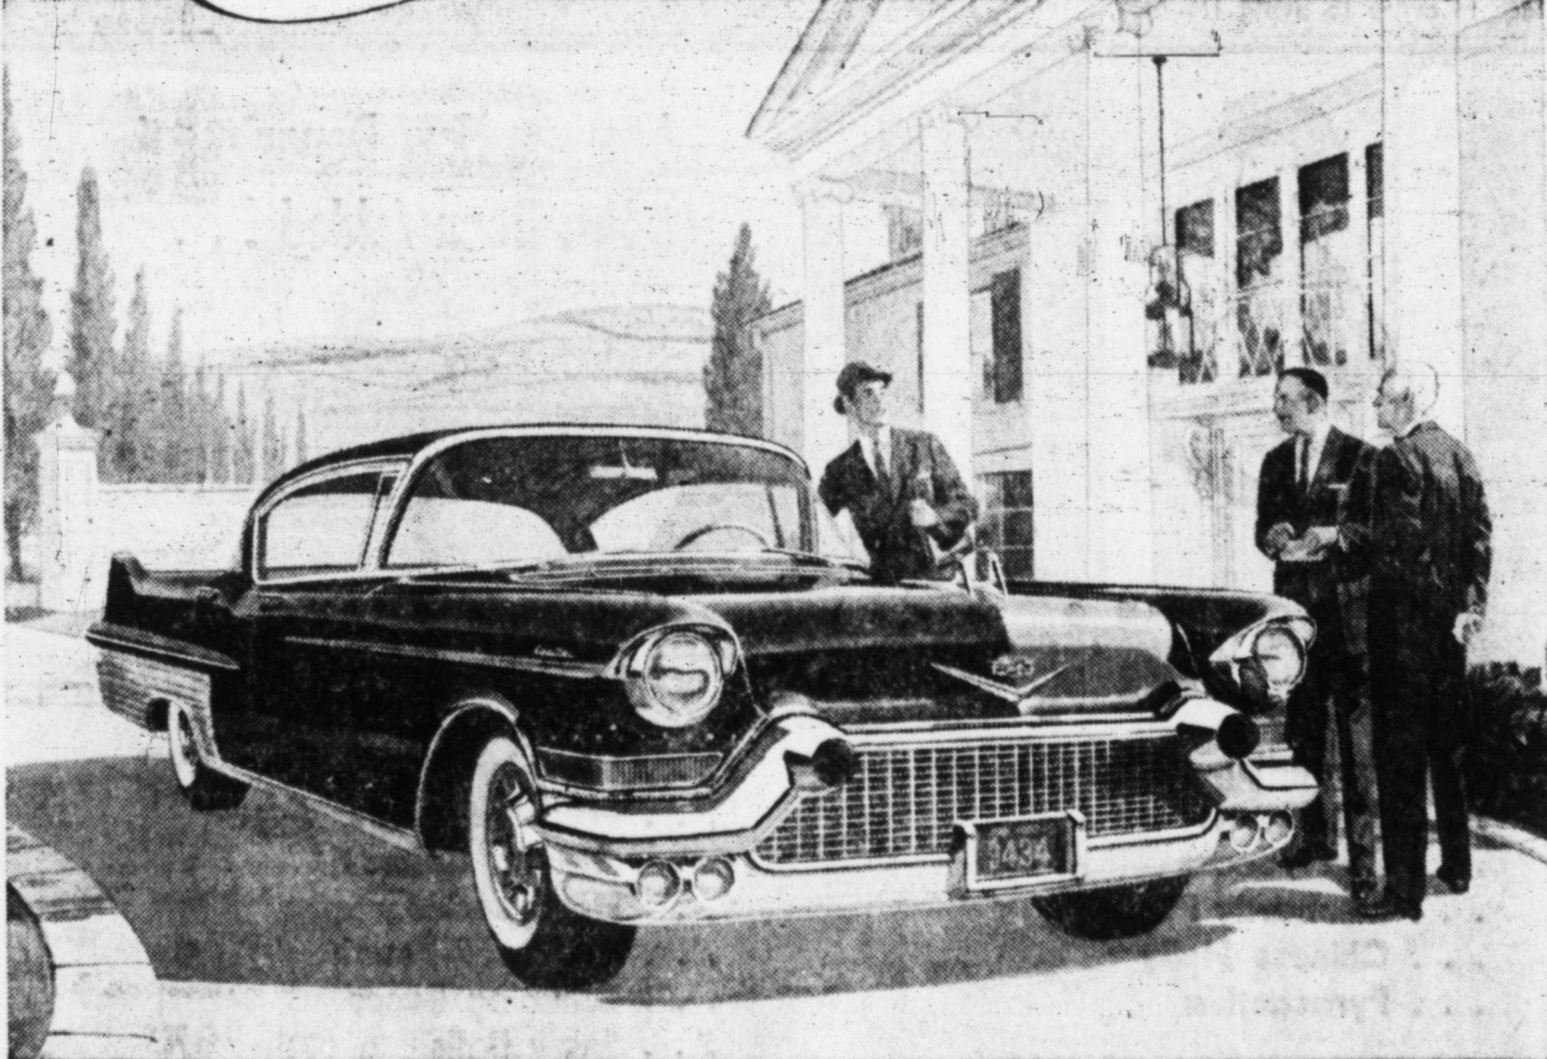

Alcoa Standard . . . the heavy-duty Alcoa Pipe that pioneered portable irrigation. For years our engineers have recommended it for our complete irrigation systems.

Alcoa Standard is a seamless extruded pipe. Full-thickness walls guarantee extra dent resistance, even under the most rugged conditions.

We stock a full line of quality irrigation equipment . . . pumps, couplers, sprinkler heads and Alcoa Pipe. Our trained engineers will help you develop an irrigation system to water your land right. We'll be glad to figure with you.

Cadillac

Third Generation at the Wheel!

"Like father, like son", the poets say. And never was it truer than in the case of a great many fine Cadillac families.

For there are, in our land today, a number of families that currently boast as many as three generations at the wheel.

We mention this simply to underscore a great and dramatic truth about Cadillac—that, of course, is its unchanging goodness and quality.

For fifty-five years, the Cadillac name has signified one and the same thing to motorists everywhere—a motor car created at the highest level that automotive science would permit.

Over that time, Cadillac has attracted to the ranks of its owners the finest list of names to be

found anywhere on the American motoring scene. And, those who have followed the path to Cadillac in 1937 are enjoying the most abundant blessings of this ceaseless crusade for quality.

The new "car of cars", with coachcraft by Fleetwood, is beautiful and luxurious to an unprecedented degree. And its performance and handling ease are a revelation!

Certainly, the Cadillac car has now become an even wiser investment for an even wider circle of America's motorists.

If you have yet to acquaint yourself with these brilliant Cadillac virtues for 1937, your dealer will be delighted to tell you how easily you can make Cadillac a fine family custom of your own!

Homestead Can Be Seized, Sold

Many Texans have the mistaken impression that their homestead cannot be seized and sold for delinquent taxes. In many cases, this idea has led to considerable grief and monetary loss which could have been avoided.

A homestead should be rendered to tax assessors like any other property, and taxes assessed against it should be paid as faithfully as those on any other taxable property.

The deadline for rendering property for taxation is April 1, so far as most city taxing agencies are concerned. The last date for rendering real and personal property for state and county taxes is April 30. State taxes are collected by the County Tax Collector.

Under the Texas Constitution, each family is entitled to claim one piece of real property as their homestead. This claim must be established by an affidavit filed with the county tax assessor on or before April 30, each and every year.

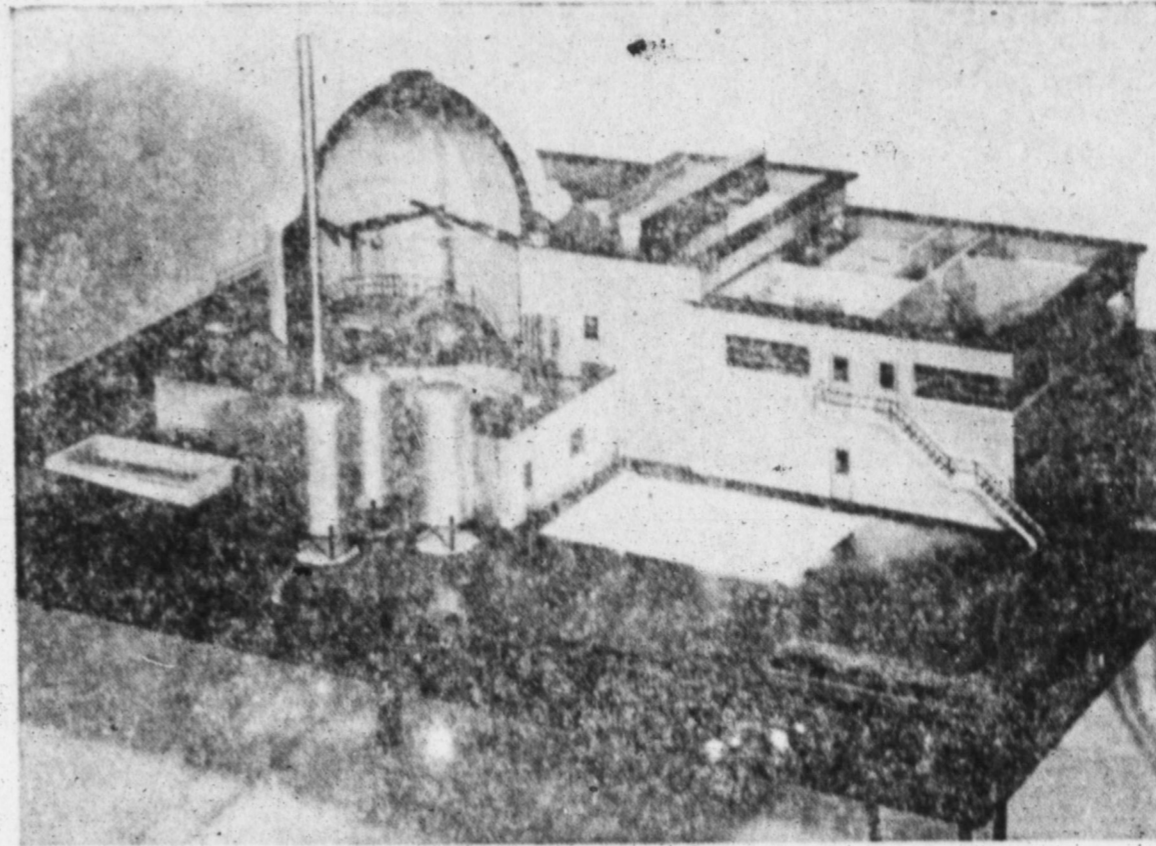

This affidavit must be filed by the owner himself. A lending agency cannot do so, even though it may actually pay the annual taxes thereon from a fund created by the owner's monthly installments.

When the homestead affidavit is properly filed, the owner becomes entitled to an exemption of State taxes up to the value of \$3,000 or 200 acres in the case of farm lands.

This is an exemption from payment, not a complete exemption from rendition and assessment. There is no similar exemption with reference to county or city taxes.

Right Is Lost

The homestead claimed for tax purposes need not be the property which is actually occupied by the owner as his residence.

ARMY PACKAGE POWER REACTOR—Model of the Army's nuclear power plant. The "Spacelab" power reactor is a joint project of the Atomic Energy Commission and the Defense Department. It is the first nuclear plant for providing power and heat for military requirements in remote areas where conventional fuels are too costly.

When the homestead affidavit is not filed by April 30, the taxpayer loses his right to the \$3,000 or 200-acre exemption, and consequently becomes liable for more taxes than he would otherwise be required to pay.

Property taxes are assessed against the person who is the record owner of each piece of real and personal property on the first day of January of each year. Individuals purchasing property during the year should make sure that the taxes for all previous years have been paid.

Otherwise, the purchaser may be forced to pay hundreds of dollars in delinquent taxes to protect his property. Unpaid taxes create a lien against the property which can be enforced regardless of change of ownership.

One should also keep in mind to make some arrange-

ment for the previous owner to pay his pro-rata share of taxes for the current year. Otherwise, the buyer may find it necessary to pay the entire taxes for that year.

When taxes are not paid by the deadline prescribed for the particular taxing unit (city, county, State, or district), monetary penalties and interest are added from month to month.

In addition, the property becomes subject to seizure and sale to satisfy the tax lien. This lien applies to all property, whether homestead or not.

(This column, prepared by the State Bar of Texas, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

Mother's Day Play To Be At Church of God

A Mother's Day play entitled "Homesick on Mother's Day" will be presented at the Church of God Sunday, it has been announced.

The public is cordially invited to attend.

THE CONSUMER IS BOSS

Constant Changes Under Way in Modern Agricultural Marketing, Studies Show

A constant change is under way in modern agriculture marketing, says John C. White, Texas Commissioner of Agriculture.

For example, the retailer has lost the important role he once played in marketing farm products. Today's consumer no longer buys merely what the retailer offers.

The merchandise itself is the salesman, says White.

In other words, the boss of agriculture marketing today is the consumer.

The Texas Department of Agriculture is proud of the role it plays in marketing — the work it does on the consumer level. Inspections, grading of commodities, testing of weights and measures, are but a few of the services TDA renders for consumer benefit.

Marketing changes in recent years — caused by "Boss" consumer — have created greater competition among producers and their products. And this competition for the consumer's dollar has improved efficiencies and cut costs.

Farmers have many responsibilities, in this "super market" era of commodity

promotion. They must be constantly alert to the demands of "Boss" consumer. And to meet the growing competition, they must produce better products at lower production costs, the commissioner explains.

In Texas Department of Agriculture — like the farmer — has gone through a transition period marked by a changed agriculture. Its operations are now geared to keeping open the channels of trade within and without the state.

It has become chiefly an agriculture law enforcing agency with primarily administrative and regulatory duties. And its work concentrates heavily on the consumer, through the TDA Marketing Division.

As the agricultural marketing picture continues to change, TDA must likewise assume different roles to meet this challenge.

"After all, we must either move forward or backward," says White.

More decorations for valor have been awarded, per man, to the submarine service than any other Navy branch.

First Presbyterian Mariners Name New Officers and Ratify the New Constitution

The third meeting of the "Prairie Schooner" Mariner's Club was held Friday night in the First Presbyterian Church. It was the first meeting at which the new officers were in charge. Presiding as Skipper were Jack and Shirley Bendler with the Paul Morgans as First Mates in charge of the program.

After a couple of games were played the meeting was officially called to order by Skipper Jack Bendler and the group was led in prayer by Chaplain Ralph G. Dell. The minutes of the previous meeting were read by Logkeeper Edna Bonner and stood approved as read.

A copy of the new constitution was given to all members and each article was discussed and voted upon, thereby ratifying the constitution.

Additional new officers to be voted on were presented to the crew by the nominating committee of the Gerald Ferry's, Jimmy Billings' and Billy Hamilton's.

For 2nd Mate, the committee nominated Allen and Mayme Terrell, for Quartermaster, Don

and Jackie Cooper, for Lookout, Ralph and Fay Hedrick, and for the office of Chaplain, Ralph and Ama O'Dell were nominated. All were elected by acclamation to begin duty immediately.

Other new business included a discussion of future Cargoes. The crew decided that new drapes for the East Wing of the new building was the most pressing need and would be started at our next meeting on May 24.

Other cargo projects for the near future will be to make blocks for the nursery and to repair toys for the primary department and to build a speaker's podium.

Refreshments were served following the business meeting to Mr. and Mrs. Jack Bendler, Mr. and Mrs. Andy Bonner, Mr. and Mrs. Billy Hamilton, Mr. and Mrs. Delwis Suits, Mr. and Mrs. George Wilson, Mr. and Mrs. Ralph Hedrick, Mr. and Mrs. Gerald Kenoe, Mrs. Paul Morgan, Mrs. Joe Morris, and Reverend Ralph O'Dell.

POWER ON WHEELS — John Swindall, a Tournapull operator for Ray Boswell Construction Company, will become a familiar figure around Brownfield before the widening project on Highway 51-62 is completed. Swindall operates a two-wheeled carryall machine that gouge out tons of dirt at one bite. (Staff Photo)

Small budgets love big Fords

You don't have to be rich to enjoy fine-car luxury. The new kind of Ford is America's lowest priced* big car... yet it offers the beauty, V-8 50 and luxury ride of cars costing far more!

If you love big-car performance you'll love our '37 Ford.

If you love thrift you'll love our '37 Ford. No car ever before has offered such perfect blending of big-car luxury and small-car price.

Once you take the wheel, you'll discover how the "Inner Ford" gives you the kind of ride you have experienced before only in cars costing far more. You'll find its advanced

design chassis and lower center of gravity let it corner as if it were on rails... that its engine is as responsive and nimble as a polo pony. Six or V-8 the going is great!

But even though this Ford handles like an expensive car, it's still priced Ford low. In fact, model for model right across the board, the 1937 Ford is the lowest priced of the low-price three!

Ford is worth more at trade-in time. And when you go to trade your Ford, you'll find Ford's traditionally high resale value makes it worth more at that time, too.

Why not come in and Action Test this fun-lovin' budget-lovin' Ford? Why not come in and see it today?

The new kind of
FORD
Lowest priced of
the low-price three!

Welman FHA Girls Return From Dallas

Miss Hines, Mrs. Hill, Danny Loe, and Pat Runnels returned Saturday evening from Dallas where they attended the state F. H. A. meeting.

These four left April 24th, making several stops on the way to Dallas. While in Abilene they visited Miss Hines' cousin and toured the college there. While in Abilene they stayed in the Sun Valley Lodge. After leaving Abilene they stopped at Eastland and toured the city. Miss Hines and her group arrived at Dallas 1:30 p.m. Thursday afternoon. The group attended the convention Friday at the Fair Park Coliseum from 9:00 a.m. until the 2nd

and 3rd sessions were over. The group returned Saturday because of heavy rains in and around Dallas. A good time was reported by the group.

The F. H. A. girls met Wednesday to discuss the bake sale which will be Saturday May 14th. The summer encampment trip was also discussed. The F. H. A. girls are planning to go back to Radioso again this year. The girls and the sponsor and chapter mothers will leave the 2nd of June and return the 7th. The group will stay at White Spring Pines Lodge.

Kill Johnson Grass

With The Newest Chemical... Dowpon

THIS CHEMICAL WAS USED LAST YEAR AND HAS PROVEN VERY SUCCESSFUL FROM COST AS WELL AS % KILL

How DOWPON WORKS...

Dowpon is a systemic grass killer, meaning that it kills by working through the plant's system. You simply spray the foliage. Dowpon is absorbed through the leaves and works down through the plant, right into the roots, usually killing the entire plant. Because it works inside the plant, a Dowpon spray is less likely to be affected by weather condition. Rain can't wash it off after it has been absorbed. You can use Dowpon with safety on your farm, foliage sprayed with Dowpon is non-hazardous to grazing livestock. GET FULL DETAILS FROM US TODAY.

Lindsey Hardware
"Your Power Mower Headquarters"

MODEL 247-21

SPECIAL

\$149.50

TERMS TO SUIT

Stearns "Lawn Ride" . . . the new 21" riding mower answers the demand for a quality rider. Lawn Ride turns work into play because every member of the family will want to "ride the lawn." This new streamlined riding mower uses the famous Stearn 21" reel, coupled to an all steel sully. Handle bars make for natural steering, and the easy to reach clutch and throttle levers make it simple to operate and control. The Lawn Ride gives a full 21" cut, and heavy tread, dual wheels, assure good traction on flat or graded turf. The all steel bucket seat is securely welded to the 1" tubular steel frame, which also supports the metal leg rest and shield.

SPECIFICATIONS

- Available with Briggs and Stratton 2 3/4-H.P. engines, all with recoil starters.
- Separate clutch and throttle controls mounted on either side of seat for easy accessibility.
- Ball Bearing Reel Mount with 5 heavy steel spiders.
- 10 1/2" cast iron wheels — oilite bearings — dual tires.
- Reinforced steel bracketed clutch mounting with chain guard.
- Heavy steel motor plate.

Tim McCoy, western and television star, also will be an attraction offered by the circus.

Dallisgrass Bane Apparently Is Ended

Tribute to Dallisgrass in lawns and parks is ended, and homemakers may rise from their knees, and stand like freemen!

Rule by this bane of lawn-growers is ended, thanks to a chemical called disodium methyl arsonate.

Recent research by Gene Bockholt, a graduate student in the Agronomy Department at Texas A & M, shows how to end those unsightly clumps of Dallisgrass without damage to Bermudagrass.

Bockholt's tests show that disodium methyl arsonate gives kills of 90 to 99 percent in Dallisgrass leaving Bermudagrass strong and healthy. However, he advises against its use on St. Augustine lawns, and cautions against getting it on flowers or shrubs.

Almost anyone who sells lawn supplies can provide disodium methyl arsonate, which is known under a variety of trade names. Here's how you use it:

Mix four to five ounces of the technical material with a wetting agent—such as a common household detergent—in

Damaging Infestations of Grasshoppers Are Being Studied by Farmer, Rancher

Farmers and stockmen in many areas of Texas are advised by Extension Entomologists F. M. Fuller and C. F. Garner to be on the alert for possible damaging infestations of grasshoppers during this spring and summer.

Based on surveys made by the USDA, the entomologists say that infestations ranging from very severe to light are forecast for the Panhandle, with Dallam, Moore, Hartley and Potter counties in the very severe area. Threatening is the term used to describe an even larger area to the east.

Possible severe infestations could occur in Knox, King, Dickens, Motley, Floyd, Briscoe and parts of Crosby, Swisher, Hall, Donley, Armstrong, Randall, Deaf Smith and Castro counties. Also in parts of Wichita, Clay, Sherman and Hansford counties.

Threatening to light infestations could occur in wide areas from the Red River south into deep central Texas. The situation at present, point out the entomologists, should be watched very carefully.

The first nymphs, newly hatched 'hoppers, have been found in the Brazos River bottom and hatching will progress northward with favorable weather.

The time to do the most effective job of controlling 'hoppers, emphasize the specialists, is before the young leave the hatching grounds. Roadsides, field margins, ditch banks and idle lands bordering cropland should be watched carefully for the appearance of young 'hoppers.

When numbers justify the use of control measures, several insecticides are readily available for doing the control job and include aldrin, dieldrin, heptachlor, toxaphene and chlordane.

The entomologists suggest that the local county agent be contacted for complete details on control measures and when and how they should be applied.

The insecticides are poisonous to man and animals as well as grasshoppers and the manufacturers directions should be followed closely, say Fuller and Garner.

Wagner Is Graduated From Training Center

Leo E. Wagner, son of Mr. and Mrs. Charlie M. Wagner of 503 South Ninth, graduated from Naval Training Center, San Diego, last week.

Wagner, an apprentice petty officer third class, was among 10 South Plains men who graduated in the ceremonies.

ATTEND 'SOUTH PACIFIC'

A. V. Wall and Harold Wood, Brownfield high school teachers, accompanied by Carl Brown, Wayne Wheeler and Dixon Latham, attended Eastern New Mexico University's production of "South Pacific" in Portales, N.M., Friday night.
