

FIRST TIME TO BEAT PECOS IN 10 YEARS!

Cubs Break Jinx To Score 18-13 Over Pecos Eagles

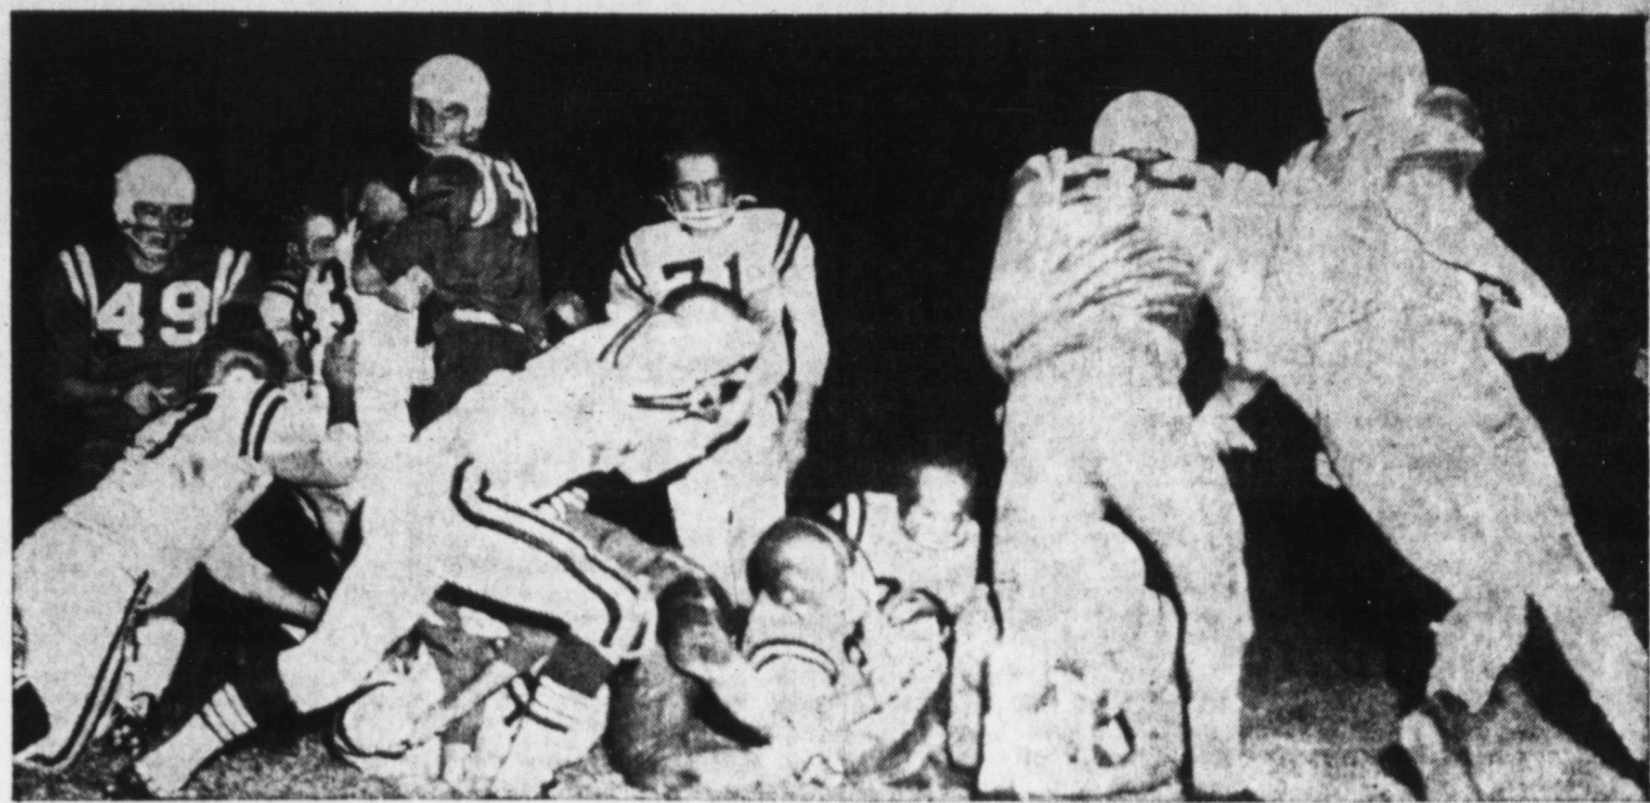

By CHARLIE MAPLE
NEWS Sports Editor

Cashing in on an early fumble recovery, the Cubs scored the first time they had the ball to break a 10-year jinx and upset the Pecos Eagles, 18-13, opening their 2-AAA season here Friday night before about 1,000 shivering fans. Little Mike Browning slipped over from the one yard line with 8:40 minutes to play in the opening period after end Bob Cloe recovered a Pecos fumble on the Eagle 29. Donald Godwin's try for point was nullified by a holding penalty and an attempted conversion was in-

complete. With 7:30 minutes remaining in the second period, Robert Wright plunged for the second Cub tally from one yard out. Godwin's kick was wide — the first time he had missed this season. Wright's plunge capped a 11-play, 49-yard drive started late in the opening quarter. Wright hit paydirt on a 20-yard jaunt through tackle with only 15 seconds gone in the final period. Godwin again missed the point attempt. Wright covered 37 of the 40 yards in the drive and passed to Mike Browning for the other three yards. The final tally

was set up by a 40-yard punt runback by Ellis Cox, who took the kick on his own 20 and wormed through Eagle tacklers before being brought down from behind on the Pecos 40. With 8:30 minutes left to play in the game, Pecos quarterback Bill Mitchell hit halfback Dickie Bowlin on a pass play that covered 23 yards and a TD. Curtis Wright's conversion attempt was blocked by the hard-charging Cub linemen. Pecos's second touchdown came with less than 10 seconds left in the final period. Cloe was tackled on his own 25

after chasing a high center snap on a punt attempt. Two plays later Mitchell hit Eugene Walker on the goal-line with a 20 yard pass and he fell over for the tally. Wright made good on the boot for extra point as the final gun ended the game. The Cubs, who led Pecos in nearly every statistical department except punting, played inspired football as they bottled up the Eagle attack until the final period when Mitchell unlimbered his throwing arm. The Cub attack, again carried primarily by Browning, See No. 1 Page 4

GO'TCHA—An unidentified Pecos player barrels in to make Other Cubs in the tangle are Ken Kendrick (49), Johnny sure Brownfield's Mike Browning, on ground center, is down. Jones (51), Robert Wright (32) and George Fugitt (47).

TO BE HELD WEDNESDAY NIGHT

'Trick or Treat' Drive Is for CROP

Youths from the First Baptist, First Methodist, First Christian and First Presbyterian churches will canvass Brownfield homes Wednesday. Their goal: to "trick or treat" for funds to support the Christian Rural Overseas Program. The drive will start at 7 p.m., and will continue to about 9 p.m., and will be preceded by a dinner in Fellowship Hall of

First Methodist. Each person in the "trick or treat" campaign will wear an identification tag and will distribute leaflets describing CROP. Money derived Wednesday will be distributed through the Church World Service to needy children everywhere for milk and food. Each penny will send two pounds of food overseas.

THE WATERMELON STORY . . .

Everyone Still Had A Good Feeling About It

It all started when Brownfield Legionnaires met Sept. 29 to dedicate The Boy Scout Area adjacent to Veterans Hall. Among guests that day were Mr. and Mrs. C. M. Kennard of San Antonio, who praised the sweetness of the watermelons sweetened to the visitors.

After returning to their home, the Kennards read a newspaper item of 6-year-old Audrey Jean Roxby of Cameron, W. Va. Audrey is the victim of a rare kidney disease, and a diet of watermelon means the difference between life and death. The San Antonio couple lost no time in writing to the Legion post here, explaining the situation in West Virginia and inquiring about the possibility of the Brownfield veterans sending a load of watermelons to Audrey.

Rising quickly to the occasion, Post Commander (Howard-Henson Post 269) LeJeune Lincoln telephoned Reese Air Force, whose commanding officer, Col. D. Ross Ellis, volunteered to fly a plane load of Terry County watermelons to West Virginia. In the meantime, Legionnaires had telephoned Audrey's mother, explaining that the See No. 3 Page 4

Field Director To Address Fellowship

Jack Sutton, national field director of Men's Work of The Brotherhood of Christian Church, will be speaker at a special meeting of First Christian Men's Fellowship Nov. 2, at 7:00 p.m. at the church. Sutton, a heating engineer, gave up his business in Denver, Colo., five years ago to devote full time to church work. He is now stationed at Indianapolis, Ind. He will speak on "Manpower in the Church." Joe Satterwhite, president of the local organization, will be master of ceremonies. All men are invited, including those from surrounding towns. Those attending will be guests of Jack Hamilton for a barbecue venison dinner.

Study Of Accidents Course Is Finished By City's Policemen

Members of Brownfield Police Department this week completed a course of study in accident investigations. The study was undertaken here, and was directed by an instructor from the Lubbock Police Department. Said Brownfield Police Chief James Tippit: "This course is one of many which Brownfield police take in the course of time. Besides carrying out the duties of our jobs, we're also given the responsibility of continuing to learn more in the profession." See No. 7 Page 4

Latest count in Terry's 1957 cotton harvest: 6,330 bales ginned as of Friday noon. This is an increase of 1,381 the past week. Tally in Yoakum County: 1,850 bales for same period, an increase of 621 for the week. Wage findings effective Oct. 23 for first cotton pulling in Terry still remain at \$1.50 to \$1.55 per hundredweight for irrigated and dryland. The wage finding survey is conducted by the U.S. Labor Department.

MRS. LEE FULTON IS SWEEPSTAKES WINNER

Striking Displays Please Visitors At Garden Club's Annual Flower Show

Woman Missionary To Lecture Tonight At The Evangelical

A member of the Oriental Missionary Society, Miss Noble Pope of Colombia, South America, will present a lecture with colored slides at 7:30 p.m., today in Evangelical Methodist Church.

Miss Pope is described as a dental missionary, soon to begin work among the Jivaro Indians of Colombia. The Jivaro are neighbors of the fierce Auca Indians who killed five missionaries in January 1956.

Said the Rev. William Mayo, pastor of Evangelical: "Miss Pope will be going into a wild land with the hope of winning the Indians' confidence through real love for them. She has been a missionary for several years, and brings a real challenge for the See No. 5 Page 4

Women of Brownfield Garden Club gave rein to the artistic talents which they have developed over the years to present a dazzling display Thursday in their fourth annual Flower Show. Held in The Party House, the event was scrutinized by five national flower judges from Lubbock, who awarded 16 blue ribbons for first places, 16 red ones for second, 10 whites for third and two honorable-mention yellow ribbons. For her three blues and one red ribbon in the Horticulture Division, Mrs. Lee Fulton was declared "sweepstakes winner." Visiting judges were Mrs. W. B. Sides, Mrs. Bob Westenburg, Mrs. Odie A. Hand, Mrs. Harold L. Kelly and Mrs. G. H. Williams. The quintet was feted Thursday noon at a BGC luncheon in the Melody Restaurant. Hostesses were Mmes. H. B. Thompson, Joe Jackson, Ernest Latham and Fulton.

In the decorative arrangements division—theme of the entire event was "Artistry thru autumn flowers in the home"—here is how the judges saw it: "Art in magic curves" (Hogarth arrangement for entrance hall): Mrs. J. R. Hissom, blue; Mrs. C. W. Avary, red, and Mrs. Drew Hobdy, white. "Trends in autumn fashions" (horizontal arrangement for coffee table in living room): Mrs. Ernest Latham, blue; Mrs. Mitchell Flache, red, and Mrs. Flache, white. "Reflections of fall" (asymmetrical arrangement for tea table): Mrs. Thompson, blue; Mrs. Tim Faulkenberry, red, and Mrs. Virgie Travis, white. Mrs. L. M. Rogers received honorable mention. "Harvest splendor" (line-mass arrangement for Thanksgiving table): Mrs. Clarence Lewis, blue; and Mrs. R. W. Baumgardner, red, and Mrs. Fulton, white. "Serenading sunrise hues" (crescent arrangement for the breakfast table): Mrs. Joe Johnson, blue; Mrs. Hardis Joyce, red, and Mrs. Lewis, white. "Designs in jewels" (symmetrical arrangement of roses for milady's bedroom): Mrs. Leonard Lang, blue; Mrs. Thompson, red, and Mrs. R. J. Partell, white. "Blaze of colors" (mass arrangement suitable for patio): Mrs. A. J. Bell, blue; Mrs. Fred Turner, red, and See No. 7 Page 4

15 Counties Are Represented At VFW Session

Delegates from 15 South Plains counties were being hosted today by Hand Bros. Post 6794, Veterans of Foreign Wars.

The occasion is the annual fall encampment.

Official host to the approximately 150 visitors is Charles Kersh, three-year trustee of the Brownfield post.

Doyle Willis of Fort Worth, senior vice commander of the Texas Department, VFW, will deliver the principal address during today's business session, and District Comdr. N. T. Connor of Lubbock will preside.

At 10 a.m., today memorial services will be held at Veterans Hall, site of all encampment activities, with district auxiliary officers in charge.

Barbecue is slated. The auxiliaries also will conduct business sessions this morning and this afternoon. See No. 4 Page 4

Young Girl is Victim As Terry Death Toll Continues To Climb

A 16-year-old Latin-American girl apparently was killed instantly about 10:45 a.m. Thursday when she fell from the back of a pickup truck about one-half mile west of Gomez. The accident registered Terry County's 11th traffic fatality for 1957.

Investigating officers said Rosia Terez, daughter of Mr. and Mrs. Don Terez, itinerant farm workers from near Corpus Christi, was pronounced dead on arrival at Treadaway-Daniell Hospital here by Justice of the Peace Lonnie Rhyne.

Officers said though the girl was struck by a cotton trailer being pulled behind the pickup, it is believed her fall to the pavement was the cause of death.

The girl's body was taken to the family home Friday morning.

Breakfast Is Slated Here

Howard-Henson Post 269, American Legion, will have its traditional sunrise breakfast Nov. 11 in Veterans Hall. "All veterans of World I and II and the Korean War are invited and urged to join us on that occasion," said LeJeune Lincoln, post commander.

At sunrise, the Legionnaires will hold a flag-raising ceremony in front of the Hall, and they will display the American flag down town.

"Our Nov. 11 breakfast actually is our way of helping to preserve the memories and incidents of our associations in the great wars," said Lincoln.

Breakfast will be available from about 4 a.m. until 8:30 a.m.

Tech Stadium Plans To Be Discussed At Rotarian Luncheon

The story of Texas Tech's admission to the Southwest Conference will be told to Brownfield Rotarians at their weekly luncheon next Friday.

Speaker will be the head basketball coach at Tech, Polk Robison, who also will discuss the college's plans for expanding Jones Stadium from 28,000 seats to 50,000.

"Fellowship in Rotary" was the topic when Rotarian Roy Priest headed the club's program Friday. Priest is a member of General Telephone Co. See No. 6 Page 4

NO PEANUTS! NO POPCORN! BUT LOTS OF CANDY—Monday and Tuesday nights members of Brownfield Junior Chamber of Commerce will canvass the residential areas selling "trick or treat" candy—Krafts Caramels. Money derived from this project will help the Jaycees sponsor many of

their civic undertakings. From left in picture are Jaycees John Badgwell, Eddie Courtney, Billy Vick, Jesse Briant and Bob Payne. They're putting a ton—that's right, a ton—of the candy into sacks, one pound to each sack. The Jaycees will be asking 50 cents a sack for the candy Monday and Tuesday.

SWEEPSTAKES WINNER—More than 200 Lee Fulton, pictured above with the four visitors attended Brownfield Garden Club's arrangements which she entered in the Horticulture Division. The flowers are mums of different types. (NEWSfoto)

GM VICE PRESIDENT

Compares Advertising With Gibraltar

By WELDON CALLAWAY

The small newspaper repeatedly receives recognition as a powerful advertising medium from topflight business executives. For instance, here is a recent assertion by William F. Hufstader, a vice president of the General Motors Corporation: "We regard the dealer and the newspaper in the small towns of America as our Rock of Gibraltar. . . Our cars have to be sold one at a time and every dealer is important to General Motors."

This recognition of the small town dealer and the small town newspaper as essential partners in the development of the automobile industry is based on fifty years of cooperation and progress.

"Since the days when styling was planned by Henry Ford to leave enough space between the front and back seats for the

farmers to carry their milk cans, the small newspaper has been the "rock" of the automobile industry.

Major advances in the industry have been introduced and, because of intensive newspaper advertising, accepted by the public.

This Week's School Menu

Following is the menu for all Brownfield school cafeterias the week of Oct. 28-Nov. 1.

- MONDAY**
Macaroni with cheese, ham, spinach, mixed vegetables, cole slaw, doughnuts, hot rolls, butter, milk.
- TUESDAY**
Chicken fricassee, green beans, buttered corn, tossed salad, apple crisp, bread, milk.
- WEDNESDAY**
Cheeseburger on bun, English peas, new potatoes, lettuce, tomatoes, relish, chocolate pudding, milk.
- THURSDAY**
Chili, pinto beans, carrot sticks, peach halves, crackers, corn bread, chocolate cake orange icing, milk.
- FRIDAY**
Chicken fried steak, cream gravy, mashed potatoes, tomato wedges, asparagus with cheese sauce, hot rolls with butter, preserves, milk.

Cutaways showing the construction, engineering, and operation of the various parts of the automobiles can be presented to potential customers who would otherwise never take them time for actual demonstrations. And interest and desire may be whetted through repetition in newspaper advertising.

And more important, newspaper advertising does these things on the local level where the dealer does the actual selling of automobiles "one at a time."

Mrs. R. L. Hamm of 515 East Main has returned from a three-month visit with her two sons in San Diego, Calif.

Brownfield's Hand Bros. Post Playing Host Today To VFW Group

Brownfield News-Herald, Sunday, Oct. 27, 1957 PAGE THREE

THE SPECTATOR — The giant Flamingo appears to be questioning actions of the trio pictured above. All members of Brownfield Garden club, trio comprises, from left, Mrs. Clarence Lewis, Mrs. Leonard Lang and Mrs. Ernest Latham. The women are inspecting the decorated bird bath which stood at the entrance to The Party House during BGC's annual flower show Thursday. Two smaller Flamingoes stand nearby. The arrangement was made by Mrs. Lewis. See story on Page 1 Section 1. (NEWSfoto)

The Farmer's Wife

By ROSE JEAN HENSON

Rain, rain, go away, come again some other day, little Johnny wants to play and the farmers need to cut their grain and gin some cotton. We appreciate the rain, but first we need to gather what we have already made. The moisture promises a good prospect for crops in 1958.

Right now I'm too tired to worry about the weather. I've stretched muscles this week that I didn't know existed. The Farmer's Wife did a paint and paper job on a dilapidated bedroom and I'm sure glad the job is finished. The room looks pretty professional, if I do say so. Now all I lack is to move the furniture back, put up the blinds, buy new curtains and the new room will make the others look terrible and I'll still be unhappy.

While on the subject of painting and papering, I wonder why men primarily are the masters of that particular trade. It's not such hard work if one has the proper equipment, and women always have been known to be neater than men.

A paint dealer once told me that he would be willing to let some one pick five professional painters and he would pick five housewives who came into his store to buy paint (just any five) and he said he would wager the housewife would turn out a better job than the man who paints for his living.

I wouldn't know about that, but I know one thing: When you do-it-yourself, you aren't nearly so hard to please.

Well, Margaret and Phillip are safely back home in England after their short visit in the United States. It seems the big-wigs rolled out the red carpet for the Queen and her husband—some of cost supported by your tax dollar. This may be the proper way to entertain and likely what the Queen expected, but it makes me sick to my stomach to read about all the fuss that was made over them — what they wore; how they stood; what they ate; how they sat; where and how they slept and what color the bedsheets were. What difference did it make? If I were queen, I would prefer to be treated in the fashion of any respected citizen of the country to which I was visiting. I would want to eat the same food, go the same places and do the same things to which the average citizen was accustomed.

I don't have much patience with people on a pedestal. The Queen is what she is not by choice but because the prudish English still cling to "stiff" tradition. It is a shame that she is required at all times to "on stage." Prince Charles entered public school this year and maybe by the time he reaches the throne, traditions will be modified a bit.

Queen Elizabeth certainly has the right to be respected and honored on occasion as any other person who has earned a place for himself. It is fitting and proper that we pay tribute to people for the services they have rendered, but I am not one to give much ovation to Mr. Jones just because he happened to have a father who had a friend—who had a friend.

Most people who are deserving of honor do not ex-

leather," he said. "It was a real team effort."

Girls of Scout Troop Will Get Cards and Pins

Brownie Girl Scout Troop 311 held their investiture ceremony Wednesday at the Little Scout House.

Receiving pins and membership cards were Patty Davis, Cheryl Fincannon, Melba Lou Fearron, Juanita Love, Charlotte Mac'ey, Linda Mac'ey, Beth Moorhead, Donna Noble, Nan Smith, Sue Wade and Linda Ann Whiteside.

Refreshments of cookies and lime punch were served following the ceremony. Mothers were special guests. Mrs. W. E. Love is troop leader and Mrs. H. D. Moorhead is her assistant.

pect it and are very humble, while we have known those who purposely placed themselves in positions where they would be in the limelight at all times and when the honors were handed out they almost fell on their face taking bows and at the same time apologizing for the good work they had done.

We are what and who we are by the grace of God and that alone. Regardless of our money, social standing, or profession, we have no cause to throw our weight around. In fact, the more one has, the more humble he ought to be—disheartening to see those who are otherwise.

Grady Davis, an old acquaintance, asked me the other day if I didn't think it a good idea to mention the fact that he got hail early and lost his cotton crop and therefore feels a little left out now that others are getting some cotton out. He hinted that he thought it would be "right neighborly" if all his friends who didn't get hail would donate him one bale of cotton each. He said it would not hurt anybody much and then he wouldn't feel too left out. I agreed that it was a real nice suggestion and so am passing it along to my readers. The only hitch to the deal is, after this suggestion Grady may find that he is just an "acquaintance" to a lot of people who he thought were his friends. Could be ... could be.

Billington Brothers Return, Post Bonds

Floyd and Buddy Lewis Billington of Foster Community each posted \$1,000 bonds with Terry sheriff's office this week, returning on their own after refusing extradition from Colorado Springs, Colo.

The brothers were charged with aggressive assault in connection with the beating of Ronnie Grant, son of Mr. and Mrs. H. B. Grant of 117 West Broadway, and Dennis McCutcheon, son of Mr. and Mrs. E. A. McCutcheon of 308 North Atkins.

The beating is alleged to have occurred Aug. 21 when

the pair forced Grant and McCutcheon off the Plains Highway near Gomez.

Bula Attack Pastes Wellman Cats, 48-21

Led by Norvel Roberts, who scored five touchdowns, Bula beat Wellman, 48-21, at Bula Friday night in a District 2-B grid encounter played in cold Six-Man grid encounter played in cold weather.

Two of Robert's jaunts were more than 50 yards. John Pool scored two more TD's for the winners. Don Pinson and Kenneth Taylor scored touchdowns a piece for Wellman.

BRONCS BEAT NEW DEAL, 19-13

Meadow Adds Lions' Scalp To Their Belt

After allowing New Deal to draw first blood, the Meadow Broncs came roaring back to score in each of the last three quarters to upset the Lions, 19-13 in a District 4-B scrap at New Deal Friday night.

The Broncs drove 65 yards to the Lion five early in the opening frame, only to be stopped. On the first play Ray Leatherwood blasted off tackle and sprinted 95 yards for the initial TD. The conversion try was stopped.

In the second period Jeff Kaiser returned a Lion punt to the New Deal 20. Seven plays later Ronnie Bell plunged for three yards and the touchdown. Bell added the point to give Meadow a 7-6 lead at half-time.

A pass play from quarterback James Smith to Jeff

Kaiser rolled up 64 yards and Meadow's second tally in the third quarter. A running conversion attempt failed.

The game was tied in the final period when Ray Leatherwood flipped to Gene Leatherwood for the final 10 yards of a 55-yard drive. Dale Christie added the point.

Smith added the clincher in the final minutes of the game when he "sneaked" 60 yards for the last TD. The conversion run was stopped.

Miserable cold weather held the crowd to about 200 fans who saw a hard-fought battle between the two evenly matched teams.

Meadow coach Phil Wynne said he could not name any one player as outstanding during the game. "They all played a good game—really popping the

'Womanless Wedding' To Highlight PTA Carnival at Jessie G. Randal Thursday

The "Womanless Wedding" will be the added attraction at the PTA Halloween Carnival being held at Jessie G. Randal School Thursday from 6:30 p.m. to 9:00 p.m.

There also will be the usual carnival booths. Homemade pie, cake, candy, pop-corn balls, coffee and soft drinks will be sold in the cafeteria. Two showings of the wedding will be given in the school auditorium, at 7:00 and 8:00. The tall, lovely and winsome bride will be Bob Payne, L. G. Moore will be the handsome groom. James Robert Burnett and Walter Johnson, flower girls, will wear frilly pink dresses of floor length.

Pate Collier, in velvet, knee-length trousers and white sailor blouse with Buster Brown

tie, will bear the ring on a dainty satin pillow. Bridesmaids Roy Timmons and Leonard Issacs, who will wear Paris creations. Tommy Hicks, in pin lace, will render the traditional wedding songs. Miss Ann McBurnett will accompany him at the piano. The bride's mother, George Hudspeth, will be wearing navy blue crepe with red accessories.

Brownfield Druggist Attends Pharmacy Meeting in Lubbock

Homer I. Nelson, owner of Nelson's Pharmacy at 211 South Sixth, took part last week in the two-day Pharmacy Management Conference at Lubbock.

Held in First Federal Savings & Loan Association's building, the event was tailored to meet the professional and administrative needs of the attending members, with emphasis given to pharmaceutical practices and management methods.

Visiting lecturers spoke and moderated discussions of professional management, public relations, prescription pricing, personal relations and merchandising.

Certificates were awarded at the close of the sessions to registrants in recognition of their participation and the instruction they received at the meeting.

No. 2—

The Chief said he was "rather pleased with the traffic accident rate in Brownfield—it's fairly low."

He went on to say that Brownfield's traffic regulations are based on state law, except in the school zones, "which is a city government function."

A school for rookie policeman to be held soon in Lubbock will attract several Brownfield PD personnel, said Tippitt.

No. 3

melons were soon to be on their way.

Mrs. Roxby gratefully and tearfully explained that "they were loaded with melons—some were going to rot. But that way were being sought to can the juice. Perhaps, you could send the melons later?" Whereupon, the machinery, already set in motion was stopped.

No regrets, however. A fine attempt had been made. Perhaps, later there would be more need for the melons.

No. 4

with Mrs. H. B. Parks of the Brownfield group presiding.

In addition to a hospitality hour and dance which were held Saturday afternoon and night in the hall, today's business events will be preceded by a barbecue luncheon.

Counties represented here today are Cochran, Hockley, Lubbock, Crosby, Dickens, King, Stonewall, Kent, Garza, Lynn, Yoakum, Gaines, Dawson, Borden and Terry.

Jack Aldrup is commander of the Brownfield post.

No. 5

need of getting the gospel to those who have never heard of salvation through Jesus Christ."

In connection with her lecture, Miss Pope will show colored film slides of the missionary endeavor in South America. The public has been urged to attend.

No. 6

phone's administrative staff here.

Out-of-town visitors Friday were Joe Jones of Lubbock and Rotarian Paul Muslewite of Levelland. Jones was a guest of Rotarian Joe Ramsdell.

Pres. Morgan Copeland explained that because the bookkeeping had not been completed, profits from the club's annual Harvest Festival had not been determined.

BY WESLEYAN SERVICE GUILD

Thanksgiving Dinner Scheduled Nov 20

The Wesleyan Service Guild observed "Week of Prayer and Self-Denial" when they met in the parlor of First Methodist Church Wednesday evening.

Misses Patricia Dillon and Wanda Williams told of need

for new girls dormitories at the Hiroshima Jo Gakin and Tokyo Aoyama Gekuin schools.

Reports covering Home Mission Community Centers in Cincinnati, Ohio, were given by Mmes. T. F. Brown, Craig Wilkerson, Harvey Gage and Miss Wylene Robinson.

Mrs. Carmen Davis lead the program at the close of which a special offering was taken. On Nov. 20 the Guild will meet for a Thanksgiving dinner.

Guests attending from the WSCS were Mmes. G. S. Webber, Eric Proctor, Ida Bell Walker and J. H. Carpenter. Other members present were Mmes. Jack Browder, Vera Eubank, Thelma Hartsell, Mattie Sparks, Mary Ruth Nelson, Newell Reed and Miss Ludie Morgan.

the judges for Mrs. James King.

All plants, from the zinnias to the dahlias to the mums to the roses, shrubs and legumes, were grown for the flower show in Terry County.

BGC's next scheduled meeting is Nov. 13. Officers for 1957-58 of the club are Mrs. Ernest Latham, president; Mrs. Fulton, first vice president; Mrs. Thompson, second vice president; Mrs. Turner, recording secretary; Mrs.

New Type Sorghum Developed for Texas

A white-seeded sorghum hybrid, showing a very favorable performance when compared with the other hybrids, has been developed by the Texas Agricultural Experiment Station and the U. S. Department of Agriculture. Seed will be available in limited quantity for the 1958 crop.

This new hybrid, RS 630, is the first white-seeded hybrid released by the Texas Agricultural Experiment Station. In 25 tests in nine states, it yielded 67 bushels per acre—higher than any of the other hybrids tested.

It is a medium-early grain sorghum hybrid that matures in 90 to 100 days after planting. The head is well above the upper leaf and dries readily, thereby permitting harvesting soon after the grain is mature.

A recently released leaflet, L-362, gives detailed information on this new hybrid. It contains sections on parentage, yield record, production of certified seed and gives a complete description.

Spear, corresponding secretary and Mrs. King, treasurer.

BGC's parliamentarian is Mrs. Flache; librarian, Mrs. Turner; reporter, Mrs. Lang, and books, Mrs. Johnson.

BUICK TO SHOW TUESDAY — Tudor Sales & Service will place the B-58 Air Born Buick on display beginning Tuesday. The 1958 Buick was inspired by today's modern age of flight, and incorporates many new and different mechanical and styling innovations, including the exciting new Dynaster Grille, eye-catching Vista Vision headlamps, new hood design and new chrome treatments. These are only a few of the many changes the public will see in the B-58 Air Born Buick, in addition to advances in engineering and mechanical performance.

'B-58 AIR BORN' TO BE SEEN TUESDAY

Buick Showing Is Set at Tudor's

Mark it on the calendar: Tuesday is show date for the B-58 Air Born Buick at Tudor Sales, 622 West Main.

The public will see one of the great new cars for the coming year. "It looks and feels like flight

on wheels," said W. B. Tudor, owner of the company. "This is the year of the magnificent change — a tremendous advancement for every part of the Buick, from its sweeping new lines to its rich, new ride-feeling."

The new car is a family affair, say those who already have sneaked a look. It is the Golden Anniversary Year Buick... advanced design, more new features, unsurpassed quality, and representing a better value than any Buick model ever offered before, according to Edward Ragsdale, general manager of the Buick Motor Division of General Motors.

Body styles and models available this year will include the Roadmaster 75, Super, Century, Special, and the magnificent new addition to the long line of fine Buicks, the Limited.

The Limited is making its first appearance this year. It is available in three body styles: two-door Riviera, four-door Riviera and convertible. "For the motoring public, it always has been known that when better automobiles are built, Buick will build them. We are proud to present these new Buicks for '58 to the people of Brownfield and Terry County," said Tudor.

SMYER IS VICTIM FRIDAY
Union Rolls For Sixth Conference Win, 34-18

The Union Wildcats jumped to a 34-6 first half lead and went on to roll over Smyer, 34-18, to win their sixth District 2-B Six-Man game Friday night at Union.

Alfred Newsom took the opening kickoff and dashed through the Smyer team for 60 yards for the initial score. Newsom added the point on a plunge.

Smyer countered with a touchdown minutes later when Jeffrey Edwards recovered a Wildcat fumble in the endzone. Smyer had driven to the 'Cat five before Union held them on downs and the fumble occurred on the first play from scrimmage. The try for point failed. Newsom added his second TD as he sprinted around left end for the final seven yards to cap a 30-yard drive in three plays. Wiley Kay added the point to give Union a 13-6 lead at the end of the first period.

The second quarter saw Union open its first passing attack of the season as Kay and Newsom flipped for three insurance scores.

Kay hit Jimmy Sargent for five yards and the third Wildcat tally, climaxing a 43 yard drive in four plays. The try for point was stopped.

Minutes later Newsom tossed to Kermit Shults on a play

that covered 35 yards after the Wildcats recovered an on-side kick on the Smyer 35. Newsom ran the extra point.

On the last play of the half, the Union duo hooked up to another tally as Kay passed to Newsom for 43 yards and the touchdown. Kay added the point to give Union their final point and a 34-6 lead at halftime.

Smyer added their second touchdown early in the fourth period as they threw Union reserves back 48 yards to their two yard line. The 'Cats were forced to run after an attempted punt and a Smyer lineman dropped the runner on the one. Harold Hyman plunged for the TD. Extra point try was stopped.

Late in the final period Olen out of mid-air and raced 4 yards for the final score. Again the try for point was no good.

Investiture Service Is Held by Brownies

Six girls received pins when Brownie Troop 147 met at the Girl Scout Little House Thursday for investiture service.

Girls receiving the pins were Marcylyn Creamer, Kay Finannon, Linda Mochey, Bobbie Jones, Martha Ruth Thomas and Francis Parker. The Hal-

loween theme was carried out in room decorations.

Guests of the troop were the mothers, brothers and sisters of the new Brownies. Cookies and punch were served by Shirley Farrar, Bobbie Jones, Linda Mochey and Martha Thomas.

IT LOOKS WORSE NOW — This trio of Terry farmers were among many who were watching dripping skies and fast approaching cold weather this week. Dan Hulse, left, who farms 3 miles north of Gomez, said he pulled 14 bales of cotton in September but nothing since then because of the weather. "Seven to ten days of sunny weather

er would make a real change around here but we really need about 30 days," he said. A. W. Hilt-Bruner center, who farms 8 miles southwest of here reported his cotton has not been damaged by the weather but that it will begin to hurt if it does not warm up soon. "We need a lot of sunshine and a frost or two," he said. C. R. Gruben, right, who

farms for Val Garner 4 miles west of here, said he needs two good weeks of sun and light wind but that seven days would help a lot. He reported his feed is starting to fall because of the rain. All three men agreed that Nov. 10 is about the latest Terry can expect the freeze to hold off. Cencus was that it would be sooner, however.

Don't forget that the Juniors are always anxious to sell those mums!

Rebekah's Make Plans To Assist IOOF Send A Student On United Nations Trip

The Brownfield Rebekah Lodge voted to assist the local IOOF lodge with the expenses to send a student from Brownfield to the United Nations building in New York next summer when they met Monday night at the IOOF hall.

Each state will be allowed to send one bus load of students to visit the U.N. in accord with an invitation received by the Sovereign Grand Lodge of

the Independent Order of Odd Fellows. The Brownfield lodge has been allowed one seat on that bus.

The student can be either boy or girl, but he must be a member of either the sophomore or junior class. The three-week trip will cover many other interesting features for the student selected.

The re-decorating of the recreation room also was discussed during the business meeting. Plans are being made to improve the looks of the room set aside for the candidate-in-waiting.

Attending the meeting were Mr. and Mrs. E. V. Riley and Mes. Jim Griffith, Laura Riney, Mary Smith, Dutch Preston, Lilly McPherson and Claude Bryant.

Lamesa High School Homecoming Nov. 1

Homecoming for Lamesa High School is slated to be held Nov. 1.

Open house and pre-game ceremonies honoring the classes of 1951, 1952 and 1953 will be held in the school cafeteria at 6 p.m.

A football game, pitting the Golden Tornados and San Angelo, will start at 7:30 p.m.

Ex-students, former teachers and board members are invited to attend homecoming activities.

Plains Youth Assigned Duty With First Cavalry

Pvt. Arron C. McKae, son of Mrs. W. B. Scott of Plains, is a member of the 1st Cavalry Division in Korea.

McKae, a squad leader in Company D of the division's Infantry Regiment, entered the Army in November, 1956 and arrived in the Far East last April.

He attended Texas Technological College.

Mrs. Kirschner Is High Bridge Scorer

Mrs. Jerry Kirschner took high score prize when the Ideal Bridge Club met with Mrs. Wilson Collins Wednesday afternoon in her home at 1003 East Cardwell. Mrs. Bill Anderson took second high and Mrs. C. B. Barnett, low.

A dessert plate was served. Guests were Mes. Kirschner, Bill Williams, Johnnie Portwood, Mike Barrett and John Clark. Members present were Mes. Anderson, Barnett, C. L. Hafer, Earl Layman, Joe McGowan, E. Y. Wilder and A. A. Sawyer.

There are some 511 lakes and reservoirs in Texas with a capacity of 100 acre feet or more.

Wonders of Electronic Cooking Are Displayed By Copeland's Hardware

By KLYDIE SCUDDAY Women's Editor

"The wife now can wait until she sees her husband coming up the drive to put dinner on," said Miss Mary Etta Hight, RCA-Whirlpool home economist from Dallas, when she conducted a demonstration Wednesday at Copeland Hardware on the new RCA Whirlpool electronic range. Other ranges and the Whirlpool electric ice box also were shown.

Can you imagine cooking a layer cake in three minutes or cup cakes in 60 seconds? The

large ham or the turkey that did cook all morning now can be ready for the table in 45 minutes. That baked potato is ready in four minutes.

These fantastic feats are done with the new Whirlpool electronic range now on sale in this district. It is the oven that does its cooking with the high frequency radio wave energy that generates from wall to wall.

A reflector light from the top assures even baking. Unlike other ovens, time instead of temperature is considered in cooking. After a 72-second warming-up period the oven is ready for use.

With the new electronic range metal pans cannot be used. Reflecting the rays, they would not allow the food to cook. All cooking must be done with china, glass or paper. The morning bacon can be fried on a paper towel, which will absorb all grease as the job is done. Only the food gets hot in this form of cooking and dishes can be removed from the oven with the bare hands.

There are no messy clean-up jobs. The food does spatter to a certain extent but it spatters on a cold oven. It would be no more of a job to clean than that of wiping up a bit of grease that has spilled on the cabinet.

There also will be fewer pots and pans to wash for many foods can be cooked in the china in which you plan to serve. About the only thing the oven does not do is French fry or fry pancakes. It does fry other foods though and it boils,

bakes and broils.

Cost of operating the range is less than that of an ordinary range because of the time element involved. However, those owning the stoves say their bill is about the same because they do so much more cooking than they did when they used their other range.

Alan Barrett, advertising manager for Nunn Electric Supply in Lubbock which is distributor for the RCA-Whirlpool products, says three of the electronic ranges have been sold in this district; one each Midland, Lubbock and Muleshoe.

Other ranges shown featured the thermostatic controlled burner that is said to have the cooking brain. Foods cooked on it will not burn, regardless of how long left. The automatic oven and other features of the stove were demonstrated.

These ranges also will fit any color scheme as they come in pink, green, yellow and white. Another labor saving feature of the stove is the removable lower drawer. By removing the drawer, a broom or vacuum may be used for easy cleaning beneath the stove.

A special ultra light in the new RCA-Whirlpool electric ice box does away with offensive odors. Sliding racks assure easy reaching of all foods stored. Again, we have the colors for a broader color arrangement.

Thirty-seven women attended the school. The Harmony HD Club received the prize for the largest attendance. Mrs. O.

COOKING SCHOOL — Mrs. Troy Noel of 1203 East Hester, left, is getting some information on the new electronic range from Miss Mary Etta Hight, RCA-Whirlpool home economist from Dallas. Looking on are Neal Thompson, office manager of Copeland Hardware, and Alan Barrett, with the advertising department of Nunn Electric Supply in Lubbock.

Total Of 34 Listed On BHS Honor Roll

A total of 34 students were listed on the first BHS honor roll released by school officials this week.

Students named to the honor roll included: Seniors—Robert Conlee, Clarice Cornett, Duane Petty, Jack Purcell, -Jacque Aldrup, Norma Lee Meeks, Donald Godwin, Gene Mason, Mary Jane Brownfield, Larry Huckabee, Patti Wilder, Sue Shewmake and Doreatha May. Juniors — Sharon Kennedy, Ann McBurnett, Jimmy Rodgers, Jesse George, Ruth Glenn, Johnny Chisholm, Mary Joe Christian and James Franks. Sophomores — Jackie Petty, Pat Vineyard, Joyce Bingham, Linda Brewington, Mary Lou Harrell, Kathy Melton, Sonja

Brownfield District of WSCS To Hold Fall Meeting at Tahoka First Methodist

Brownfield District of the Woman's Society of Christian Service will hold its fall meeting at First Methodist Church in Tahoka on Friday, Nov. 1. Registration will begin at 9:30

p.m. Lunch will be served in the church dining room and a nursery will be available. Mrs. W. B. Landrum of Little Rock, Ark., will be guest speaker for the meeting. She has been a member of the Woman's Division, Board of Missions and Church Extension giving her experience in the work of the local, district and jurisdiction branches of the WSCS.

Pleasure Bridge Club Holds Tuesday Meeting

The Pleasure Bridge Club met with Mrs. George Weiss of 502 East Buckley Tuesday evening. Mrs. J. T. Bowman took high and Mrs. Jack Hamilton, second high. Binges went to Mrs. Mike Barrett and Mrs. E. Y. Wilder.

Guests of the club were Mrs. Bryon Rucker and Mrs. Lloyd Hahn. Members attending were Mes. Barrett, Bowman, Grady Goodpasture, Hamilton, Joe Henderson, Bob Hoey and Wilder.

D. Kennedy of 709 East Lake Won an Electric Can Opener as Door Prize. The beef roast cooked at the school was presented Mrs. Gerald Cox of 1320 East Repto. Other HD clubs represented at the school were Meadow-Challis, Willow Wells and Pleasant Valley.

Lebow, Anita Jo Wooley, Yvonne Parker and Ann Patterson. Freshmen — Donna Puckett, Juanice Newbill and Vickie Norris.

Tech Cager Pfluger Counted Out of Play

Basketball Bill Pfluger of Eden, who set a possible schoolboy scoring record, two years ago, will be lost to Texas Tech's Red Raiders this season because of an injury. Pfluger injured a knee in high school football and after a corrective operation, broke a leg in practice last winter. Doctors have advised him to stay out of athletics this year, his sophomore term at Tech.

Pfluger, 5-11, scored 72 points in high school in Eden's 97-81 win over Paint Rock.

An estimated 362 million acre feet of water falls on Texas in an average year.

WHERE THERE IS SMOKE, THERE IS FIRE

Lung Cancer Question Goes On

Where there's tobacco smoke there's fire. And some of the country's top medical and scientific men apparently are revealing a mounting irritation with what has been called an "almost evangelical attitude" against cigarette smoking.

These scientists and doctors are speaking up for the public record to express their doubts and disbelief in the frequently voiced and well-publicized charges that statistics show cigarette smoking is related to lung cancer incidence.

They make it clear that there are many sound scientific reasons for NOT jumping to conclusions on the basis of these statistical reports.

A case in point occurred recently in Cleveland when Dr. Charles W. Mayo, world-famed surgeon and head of the renowned Mayo Clinic, was asked what he thought about cigarettes and cancer. His blunt answer, as recorded by Cleveland News medical writer Severino P. Severino:

"I just don't believe smoking causes lung cancer."

Severino's story quoted Dr. Mayo as saying, "I believe in some individuals who have a tendency there are many things outside of smoking that may contribute to malignancy."

Dr. Mayo's comments came on the heels of a Congressional subcommittee hearing in Washington at which several prominent scientists dissected the charges against cigarettes.

Dr. Ian Macdonald, professor of surgery at

the University of Southern California School of Medicine and a member of the American Cancer Society's National Board of Directors, told the subcommittee:

"... the total evidence reviewed fails to establish any sound basis on which a causative influence may be assigned to cigarette smoking in inducing human cancer of the lung."

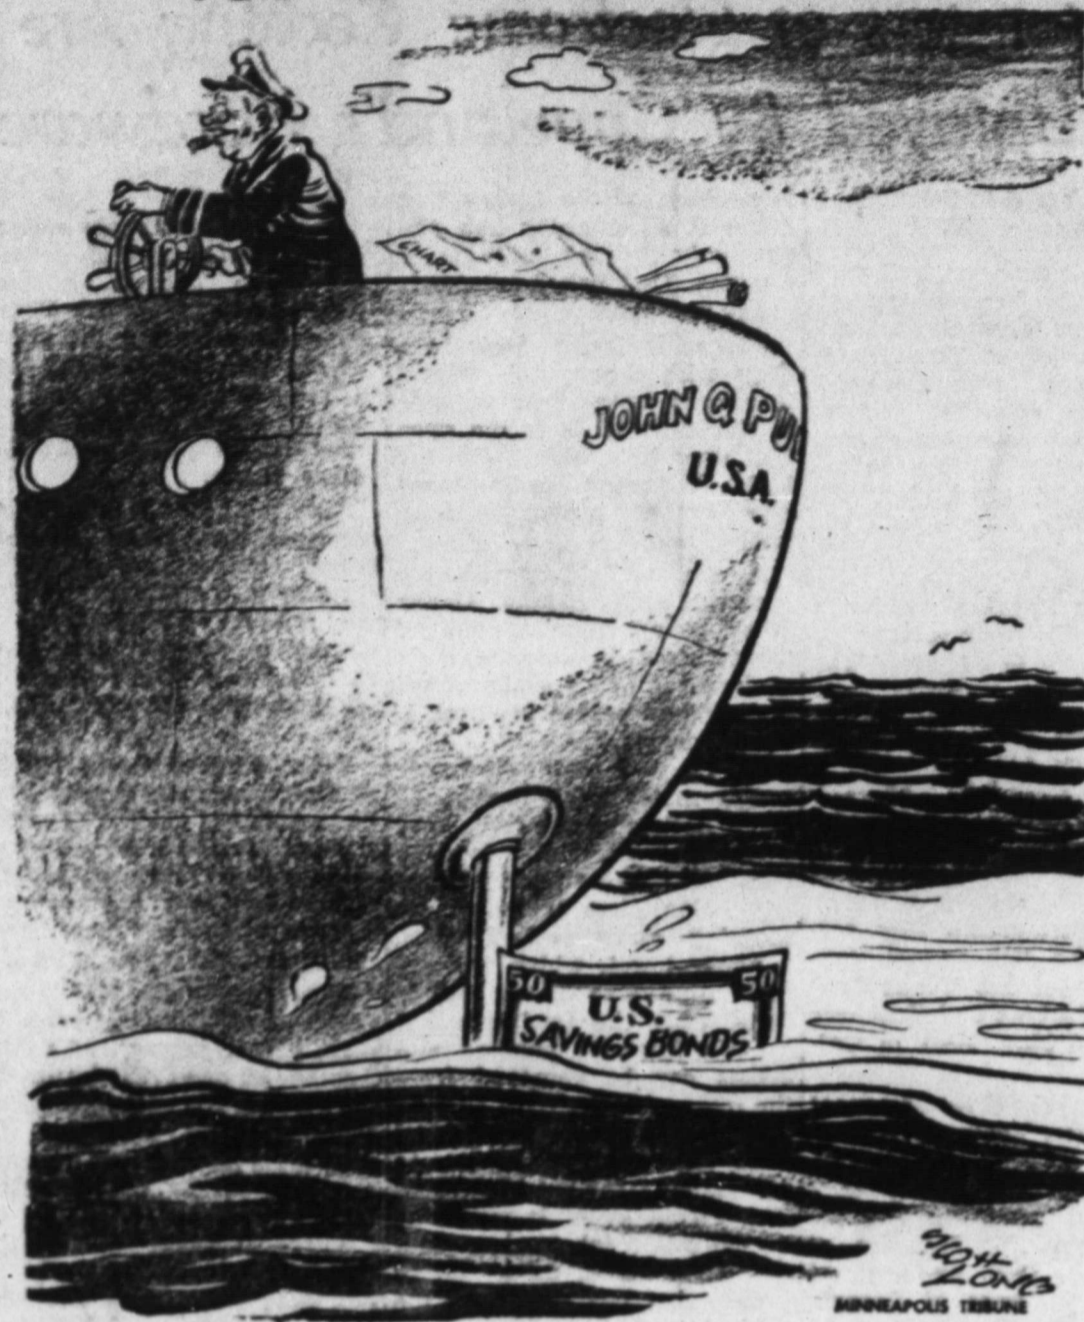

Dr. Macdonald is the one who said that "those who advocate fervently the supposed causative importance of cigarettes in lung cancer seem to have an almost evangelical attitude and are remarkably oblivious to the fact that virtually the entire basis on which this belief rests is statistical."

Equally outspoken was Dr. Harry S. N. Greene, chairman of the department of Pathology at Yale University Medical School and a long-time experimenter with tobacco derivatives and living tissue. His summary said:

"The case against tobacco is based mostly upon statistical associations and some experimental work with animals. The statistics do not in themselves establish a cause and effect relationship. Experiments with various forms of tobacco have failed to induce cancer on sensitive embryonic lung tissue."

These experienced doctors of medicine apparently are looking beyond a row of statistics, stacked charts and graphs, and see the human beings involved. They know that, beyond the figures, lie many factors and unknowns that just don't jibe with charges against smoking.

YOU CAN BE THE SKIPPER

Highlights and Sidelights FROM THE State CAPITOL

By VERN SANFORD
Texas Press Association
AUSTIN—No member of the Legislature is saying there shouldn't be laws on looby control, water conservation or the other items listed in Gov. Price Daniel's special session call.

But there are about as many ideas on how-to-do-it as there are members in both houses. Hence, for each law the road to passage probably will be littered with scores of amendments.

Contributing most to the discomfort and difficulties of the lawmakers is shortage of money. Robert Calvert, state comptroller, bluntly predicts a \$6,000,000 deficit by the end of this biennium.

To meet costs of this session the legislature re-allocated funds appropriated for the regular session. Money to launch the new water planning program is to be gotten, a little

here, a little there, from unused appropriations to other agencies.

But if this session, and the program the governor seeks from it, squeaks by financially, there's a rougher snowdown ahead. That is whether to have another 30-day session for segregation laws.

If so, the state presumably would have to go into debt to pay for the session. For legislators, most of whom will be facing campaign opponents in a few months, this is a hard choice.

EAST TEXAS PUSH — Efforts of a bloc of do-or-die East Texas legislators to protect Texas' segregated schools overshadows other lawmaking.

Governor Daniel promised the group that no federal troops will "occupy the campuses and halls of our schools as long as I am governor."

THE AMERICAN WAY

By GEORGE PECK

Several years ago I wrote an article that bore the title: "Thoughts While Shaving" — the same title as heads this column. From several editors have come requests that I do the article again, bringing it up to date. This is how it went except for some minor revisions:

The other morning, as per daily custom, I got out my trusty electric razor (the name of the make purposely omitted here—no free plug), turned on the switch and proceeded to shave. As usual, I could not help noticing that some of the whiskers were longer than others. This has always puzzled me. "Why in the same length of time does one whisker grow longer and stronger than others of its fellow whiskers?" I have often asked myself.

Growing in the same soil, or rather I should say in the same skin, blood and flesh alongside of a puny runt, a healthy, virile whisker blossoms forth. Just why, I've never been able to figure out. But, when my razor has gotten in its licks, all of the whiskers, both healthy and puny, are reduced to the same size—that is, no size at all. It must be plumb discouraging to a healthy whisker that has toil-

ed day and night to gain stature, to be mowed down to the size of the shiftless, non-toiling bit of fuzz.

On this particular morning, it suddenly dawned on me that what that razor was doing to the individual whiskers on my face is exactly what Socialism does to the individuals of a nation. It cuts them all down to one size—that is, no size at all.

Under a socialistic economy the hard-working, thrifty, self-reliant individual is reduced to the same size as the indolent, shiftless, wasteful citizen. Struggle as he may, constantly he is cut down. Finally, he loses all incentive to attempt to lift himself above his fellows and discouraged, he throws up his arms in surrender, and ceases to struggle.

The theory of Socialism is beautiful—the idea of all sharing alike is intriguing, especially for those who have little or nothing to share. But, Socialism in practice, that is something else again. The end result is that all do share alike—each finishes up with a large equal slice of nothing. For when you reduce the honeybees to the status of the drones, no honey is produced.

But there is something that Socialism creates that is far worse than poverty, uncomfortable as that status is, and that thing is loss of freedom. Loss of freedom goes hand in hand with Socialism. These in

charge of the dividing process have a nasty habit of dictating how each recipient of the divisions shall spend his share.

The citizen of the socialistic state is told where and at what he shall work, how he shall live, how he shall educate his children, what doctor and dentist shall serve him; he is even told how to entertain himself.

If you doubt the foregoing statement, just ask any Englishman. The English have learned the hard way that under a socialistic government they not only were ruled and regulated to the hilt, but were gradually coming to share less and less. Three Prime Ministers, Churchill, Eden and now McMillan have tried to restore their lost freedoms and lift their standard of living from the low level to which Labor-Socialist government sank it.

Of course, those who foisted Socialism upon England were honest about it. They called

it "Socialism." Those who are foisting Socialism upon America are not so forthright. They have a lot of fancy, misleading names for it, such as "Social Security," "Federal Medicine," "Public Housing,"

"Federal Aid-To-Education," "Federal Power Production," etc., etc. They know that were they to call it by its right name, the American people would avoid it like a plague.

Our Places of Worship Here...

SOUTHSIDE CHURCH OF CHRIST — located at 701 Old Lamesa Road, has a membership of approximately 175. Church minister is Ira Wolfe, who with his wife and three children, reside in the church parsonage at 704 East Lons. Weekly services are conducted as follows: Sunday, 9:45 a.m. Bible study, 10:45 a.m., morning worship, 7 p.m., evening worship; Wednesday, 10 a.m., ladies' Bible study, 8 p.m. congregational Bible classes. (NEWSfoto)

to the fact that this nation has already travelled far along the road to Socialism. Let's hope and pray that it is not too late to turn back to an entirely free economy.

No. 2

But the governor said he wasn't ready to say if or when he would submit segregation laws to the legislature.

This was too vague for Rep. Joe Pool of Dallas. He introduced a resolution demanding the governor announce immediately if he will allow introduction of segregation measures this session or call another session for that purpose. Nineteen other representatives co-signed with Pool.

Some half-dozen other measures designed to preserve local control of schools have been put forward.

LOBBY CONTROL—At least nine lobby registration propo-

sals are before the legislature. No one bill pleases a majority of members.

Rival bills in the Senate are sponsored by Senators Crawford Martin of Hillsboro, Searcy Bracewell of Houston, Jimmy Phillips of Angleton and Henry B. Gonzales of San Antonio. Senator Martin's measure has been labeled the "administration bill." Senator Gonzales' closely parallels the federal lobbying law.

At the first Senate committee hearing Senator Martin's proposal was attacked as allowing unlimited entertainment expenditures without a report so long as legislation was not mentioned at the time of the entertainment.

Sponsoring the House twin to Martin's bill are Representatives Zeke Zbrank of Daisetta and Dick Cory of Victoria, Max Smit of San Marcos and others. Introducing the four other lobby bills in the House were (1) Reps. Charles E. Hughes and Tony Koriath, both of Sher-

man, (2) Reps. Marshall O. Bell of San Antonio, Cecil Storey of Longview and Glenn H. Kothmann, of San Antonio, (3) Rep. Louis Dugas of Orange and (4) Rep. J. C. Day of Brookshire.

WHO GETS THE WATER?—This session's statewide water planning measure is already catching in the same swift currents that have capsized many previous water measures.

Mostly, it boils down to a fear by each individual lawmaker that the overall plan might benefit one area by taking water from his area.

Governor Daniel asked the lawmakers to set up machinery under the State Water Board to draw up a statewide master plan for water. Measures to this effect were introduced in the House by Rep. W. N. Woolsey of Corpus Christi and in the Senate by Sen. George Parkhouse of Dallas.

Sponsors have repeatedly reassured that the bill would not take away "any vested right of any water user in Texas." But Rep. W. A. Stromman of San Antonio objected to giving the Water Board planners "law-making powers."

Rep. Leroy Saul of Kress withdrew as House sponsor of the bill because he said he believed its passage would "lead to deficit financing."

STATE PRACTICE ACT—A closer watch and possible limitation of practice before state agencies is proposed in a House bill.

Sponsoring a bill to regulate representations before state agencies are Representatives L. DeWitt Hale, B. G. Forsyth of Corpus Christi and J. C. Day of Brookshire.

Their bill would require each agency to register those who appear before it. This bill also would bar lawmakers from such practice entirely if the constitutional amendment raising their salaries to \$7,500 annually is passed.

This was one of the bills requested by the governor.

LAW ENFORCEMENT STUDY—Creation of a law enforcement commission, which failed in the regular session, is back in the legislative mills.

This time the proposal is for a commission to study means of crime prevention and improvement of the panel code—but not to investigate specific violations.

Sponsors are Rep. Dick Cory

of Victoria and Sen. George Moffett of Cillicothe.

OIL IMPORTS HIT—Companies which import foreign crude oil could have their Texas production cut back under a proposed House bill.

Representatives John Lee of Kermit and Charles Ballman of Borger introduced the bill. It is "waiting in line" with others that the governor opens up the session to additional topics.

It would give the Railroad Commission power to reduce the allowable production of wells owned by those who import oil. It is designed to help Texas producers who have been unable to find markets for their oil.

SHORT SNORTS—Asst. Atty. Gen. J. L. Smith has resigned to return to law practice in San Augustine. Linwood Shivers of Carthage has joined the attorney general's staff.

State Comptroller Robert S. Calvert will be honored Nov. 15-16 as man of the year at Howard Payne College homecoming. Clark Diebel has resigned as executive secretary of the Veterans Land Board to become statement analyst in the examination division of the State Board of Insurance.

Judy Land Enrolls At Dallas University

Miss Judy Land, daughter of Mr. and Mrs. Bob Land of 1013 East Lake, has enrolled in the University of Dallas.

A graduate of Brownfield High School, Miss Land is a sophomore business major at the school.

Now in its second year, the university is a four-year liberal arts college under Catholic auspices but open to students of all faiths.

The university is comprised of six modern air-conditioned buildings on a 1,000 acre campus about 8 miles from downtown Dallas.

More than 250,000 people per year visit the Texas National Forests.

More than a thousand varieties of birds make their homes in Texas.

Some 255,000,000 bales of cotton have been grown in Texas since 1822. Value of Texas crops rose from \$166,000,000 in 1899 to \$1,200,000,000 in 1955. More than 174,000 Texas farms are equipped with one or more tractors.

Hallowe'en is a very old holiday, dating back hundreds of years. It began in the Church and to the Church it really belongs, for it is properly All Saints' Evening; hallow meaning holy or sainted in old English. This ancient Holy Day was appointed as a special time to remember relatives, friends and Church leaders who had died. The ghostly ghostly part came in when the day was separated from its Church context and became only a day for Jack-O'-Lanterns, Hobboblins and Ghost stories. The truth of this day remains even though we have forgotten what the day means. What a comfort it is to be able on this day and every day to think of one's departed loved ones as being safe in the presence of a loving God. The teaching of the Bible, taught lovingly by the Church, is that nothing either present or to come, either visible or invisible, even death itself, can separate us from God our Father.

These religious messages are made possible by the above individuals and business firms with the hope of creating a more sincere interest in our churches and a more church-minded community.

Miss Copley To Compete At Dallas

Pretty Miss LaVon Copley of Bailey County will represent 17 counties in this area in the finals of the Texas Farm Bureau queen contest Nov. 18 at the Baker Hotel in Dallas. She will compete against 12 other lovely Farm Bureau district queens.

LaVon was chosen District 2 queen in a contest held Sept. 19 at Lubbock.

A striking brunette with blue-green eyes and olive complexion, she is the daughter of Mr. and Mrs. A. W. Copley of Muleshoe.

LaVon is now a freshman at North Texas State College, Denton, where she is majoring in music with religious education as her minor. An able musician, she plays the organ, both pipe and electric, and the piano. She plans to teach both organ and piano when she

T.I.L. ATHLETIC DIRECTOR SAYS

Statistics Show Football Is Safer Than Other Activities

By DR. RHEA WILLIAMS
T. I. L. Athletic Director

Fatal accidents in all activities totaled 95,000 in 1956.

graduates.

Has Outstanding Record

In high school, LaVon compiled an outstanding record of accomplishments in school activities. In March of this year, the District 7 chapter of the Texas Federation of Women's Clubs gave her a bronze plaque after selecting her the "most outstanding senior girl" in the district.

Active in 4-H Club work, LaVon has won prize money and ribbons at district and state fairs with swine she has raised.

All queen contestants will receive expense-paid trips to the state contest which will be held in connection with the TFB annual convention. In addition, they will receive wrist watches.

The state winner will receive \$500 in expenses to attend the American Farm Bureau Federation convention, Dec. 8-12 in Chicago.

according to figures released by the National Safety Council, with automobile accidents leading the list with approximately 28 per cent 100,000 people.

Industrial fatal accidents averaged 16 per cent 100,000; deaths from falls 12 per 100,000 drownings 4 per 100,000 and football fatalities ranked near the bottom of the list with an average of 1.1 per 100,000.

In the 15 to 19 years age bracket, the incidence of accidental fatality was 40 per 100,000, with football having a ratio of 1.16 per 100,000. On a national level, for the past 10 years, football fatalities have averaged 1.13 per 100,000, and in Texas for the same period the average is 1.09 per 100,000. It is much safer to charge the line in football than to ride in a "hot rod."

Danger Over-stressed

These data are given to emphasize the fact that football is not as dangerous as stressed in some publicity, which inevitably follows, when a fatality occurs in this sport.

As can be seen from the above statistics, supervised football athletic programs are

much safer than riding in a car, repairing roofs or swimming.

Actually, it is a proven fact, from figures of the National Safety Council, that your son or daughter is much safer in any supervised program of athletics or recreation than they are when left to play unsupervised or to find their own source of entertainment.

Boys Will Play

Last year in Texas there were 907 schools which participated in the League football program. When you add the private and parochial schools which participate in their own league, you have a total of at least 1,000 schools playing football.

There were at least 60,000 boys playing on "A" football teams in Texas last year, 40,000 boys playing on "B" or "scrub" teams and an estimated 100,000 boys played junior high or elementary football.

This gives a grand total of approximately 200,000 boys playing football in Texas last year, and these figures do not include college and city recreational programs.

There were in the vicinity of 15,000 football games played, and untold numbers of contact scrimmages among these various football units, yet only two football fatalities occurred last year and there is medical doubt if these could be attributed to football.

The supervising physician in one case found that meningitis was the cause of death, and in the other case the physician ruled that it was a heart attack. All athletes must have medical examinations to participate, and these two boys had been approved by their physicians for athletic participation.

Picnic Is Dangerous

There is a possibility of injury in anything you do. Merely walking down the street is more dangerous than playing football, as attested by the 2.5 per 100,000 fatality list of 1956.

Driving a car, repairing your roof, going swimming, taking the family on a "picnic"—all involve a risk of bodily injury or death.

Yet, these activities on a per 100,000 basis are more dangerous than playing supervised football. No one is foolish enough to recommend that we become "hermits." Such a life would be boring and not worth living.

Supervised Activities

Teenage boys and girls are full of energy, enthusiasm and adventure, and if our schools and communities do not provide wholesome outlets they will find their own ways to express these traits and some will be

of an undesirable type. It is best to have these "energies" channeled into supervised educational activities rather than to allow them to run rampant.

The function of the athletic program is to direct these youth "expressions" in such a way that they are expended in an educational and healthful fashion.

Positive Approach

There will always be people who will pick out isolated instances and blow these up out of all proportion. This happens each time a football fatality occurs.

They never analyze the total picture which, when viewed

inpartially, clearly indicates that supervised football participation is as safe as most normal activities a person pursues.

It is high time to "accentuate the positive" rather than the "negative" in the matter of participation in athletics.

TESTING—Scene at Brownfield High School gymnasium, where the Iowa Tests of Educational Development were administered Monday and Tuesday. Robert Hoey, guidance counselor for Brownfield, explained: "The tests are given to check educational growth and achievement of the students. They give us a picture of what the student really knows and does than do the grades." The doctor said: "Our BHS students' scores on the tests compared with thousands of other students throughout the United States, which gives us a picture of the grade in one school may be better than in another school." Finally, he explained that the tests are developed in a classroom as we know it.

TESTING—Scene above is in Brownfield High School gymnasium, where the annual Iowa Tests of Educational Development were conducted Monday and Tuesday. Dr. Robert Hoey, guidance counselor for Brownfield schools, explained: "The Iowa tests are given to check the educational growth and development of the student, because they give us a much better picture of what the student really knows and is able to do than do the student's grade." The doctor continued: "Our BHS students have their scores on the Iowa tests compared with those of ten of thousands of other students throughout the United States, which gives us a picture not painted by the grades. A 'B' in one school may not — and likely will not have the same meaning in any other school." Finally, Hoey explained that the tests measure general abilities which are developed outside the classroom as well as in the classroom. (BHSfoto)

Texas Tech and Louisiana State, grid opponents in Lubbock Oct. 5, also meet in basketball at Baton Rouge, Dec. 16.

WEDNESDAY, THURSDAY AT RIALTO

'The Garment Jungle' Called a Shocker

A slashing, shock-successor to Columbia Pictures' Academy Award-winning "On the Waterfront" will bring Brownfield moviegoers the whole naked truth about New York's fabulous garment industry. "The Garment Jungle" can be seen Wednesday and Thursday at the Rialto Theatre. "The Garment Jungle" is aptly named. It is a breathless, impassioned and always entertaining picture of a world that is little-known except by its own people. Models and mobsters flourish in the picture, and the law of the tooth and the claw scarcely is hidden by the transparent silks and satins which are a part of the industry's stock and trade. Lee J. Cobb, who won an Academy Award nomination for his portrait of the ruthless labor boss in "On the Waterfront," tops the starring cast of "The Garment Jungle," playing a dress manufacturer determined to smash union efforts to organize his shop.

Kerwin Mathews, Gia Scala, Richard Boone and Valerie French are others starred in the sensational new film, and Robert Loggia is featured.

Deibel Resigns As Secretary of VLB

The Veterans' Land Board accepted the resignation of Clark Diebel, its executive secretary, who will move Wednesday to a job with the State Board of Insurance. At the same time, the Board named Arthur Scharlach, assistant executive secretary, to replace Diebel. Land Commissioner Earl Rudder, who is chairman of the Veterans' Land Board, expressed regret at Diebel's leaving. "He came to the Veterans' Land Program in January, 1955, during a very trying period," said Commissioner Rudder. "The members of the Board commend him for his devotion and hard work which contributed in no small way to cleaning up the Veterans' Land Program. My association with Commissioner Rudder and the Veterans' Land Board has been of great value," said Diebel. "I believe the Veterans' Land Program is running now as intended by the people of Texas, and I am happy that I have had a part of it." A 1941 graduate of The University of Texas, Diebel saw combat in Europe during World War II. He joined the State Auditor's office in June, 1946, where he remained until he became executive secretary of the Veterans' Land Board. Scharlach is a 1932 graduate of Texas A&M College. A Texas farmer and rancher, he joined the Veterans' Land Program in April, 1955. He was in the Army during World War II. The Veterans' Land Board took no action to replace Scharlach.

From The Huddle

By CHARLIE MAPLE
NEWS Sports Editor

BRAINS VS. BRAWN . . .

With today's ever-increasing emphasis on the "brains" aspect of football, we thought the major part of the Huddle should be devoted to this subject this week. Many of the old-timers (and not so old) probably can remember when the qualifications for a good football player consisted mainly of size and pure "cussedness" for the major part. In the short span of time since World War II, football has grown from a game of brute strength to one of intelligence and trickery. Though size still is a contributing factor in winning football, the primary emphasis is on intelligence and quick reactions. A look at college football rosters will bear this out we believe. For instance, Texas Tech's roster carries only four physical education majors. The varsity lineup includes 21 in science and engineering fields, six in the arts, 20 in various fields of business and six majoring agriculture. The list also includes 12 who were members of the National Honor Society in their high school days. Though Tech is far from a winning team, we feel this does point up the trend toward intelligence in football today. The day of "just getting by" has passed and any high school player who aspires to play in college would do well to think about this now. We were in a bull-session with the Cub coaching staff last week and this point was further pointed up. Coach Don Hendley, who came here from Abilene, noted that Abilene's state champions have seven starters who are members of the National Honor Society. In addition, Coach Chuck Moser has five other squadmen in the honor organization. We would call that a pretty good percentage—12 of 30 varsity play-

FOUR MORE . . .

Here's hoping the Cubs came through against Pecos. (The game was played after this column was written.) Though we picked them to lose by a point, we actually felt this was the week for them to hit the win column. The pick was based on recent Cub illness and lack of hard practice due to rains. We really hope we were wrong. Right or wrong, we now go on record to say we feel the Cubs should take at least three of the next four games and could very well produce a few surprises when they meet Andrews. We certainly would like to see Brownfield rack up 5-5 record again this year. One thing in the Cub's favor will be that they likely will enter their games in the underdog role. Though many Abilene fans will be disappointed, we see this will give Brownfield added impetus to win. **CLOSING CLIPS . . .** A tip of the proverbial Huddle Hat goes to Cub gridders Donald Godwin and Jimmy Rodgers. . . Both were listed on the first BHS six weeks honor roll. . . Coach Kenneth Sams of Union still is sweating out the recent rash of flu and colds in the county. . . He reports none of his team is affected yet but one never knows when it will strike. . . Joe Sharp, former Brownfield griddier, ranks second among H-SU pass receivers with five catches good for 70 yards. . . The Meadow Broncos return home next week for a tilt with Lorenzo while other county teams travel. . . Brownfield will be at Odessa Ector, Wellman at Nazareth and Union will be hosted by Cotton Center. Follow your favorite Terry team in the NEWS.

High School Cagers Slated To Open Play With 1,965 Teams

A total of 1,097 high school basketball teams are expected to compete in Interscholastic League play this winter, according to University Interscholastic League officials. Teams assigned to districts total 83 in AAAA, 88 in AAA, 188 in AA, 165 in A and 566 in B. Girls teams registered include 147 in AA, 165 in A and 556 in B districts. TIL officials said conferences other than B boys' and girls' teams may not participate in inter-school games or scrimmages prior to Nov. 1. The exceptions were allowed to begin Oct. 15. Boys' state championship play will be held in Gergory Gymnasium at the University of Texas on Mar. 6-8. Girls' conference also will be held at Gergory Gymnasium. Championship playoffs will be 13-15. The Liberty Bell was cracked in 1835 when it tolled for the death of Chief Justice John Marshall.

Information Offered For Nov. 5 Election

Texas voters may learn more about three proposed constitutional amendments, to be approved or disapproved in a Nov. 5 special election, by reading the latest issue of Public Affairs Comment. Single copies are free on request from Institute of Public Affairs, University of Texas, Austin 12. Lynn F. Anderson, the Institute's assistant director, gives summaries of the proposed amendments affecting the state employees' retirement system, public welfare payments and Texas water development. Favorable and unfavorable views are presented, enabling the voter to evaluate the arguments of proponents and opponents of the measures. Public Affairs Comment is a bi-monthly publication of the Institute of Public Affairs. Brownfield News-Herald, Sunday, Oct. 27, 1957 PAGE SEVEN

Fat Stock Show Offers \$188,374 In Premiums

Cash awards totaling \$188,374 will be offered during the 1958 Southwestern Exposition and Fat Stock Show in Fort Worth Jan. 24 through Feb. 2.

The seven breeds of beef breeding cattle are allotted a large share, \$45,180, of the premium total.

Prizes for the breeds are Herefords, \$13,800; Polled Herefords, \$5,000; Shorthorns, \$6,000; Aberdeen-Angus, \$10,000; Brahmans, \$2,000; Santa Gertrudis \$1,000, and Brangus, \$2,000.

There also is the bull carlot-and-pen division with \$5,380 in cash awards.

Premiums in the junior show total \$11,919, which includes \$3,761 for steers; \$2,880 for heifers; \$2,000, dairy calves; \$1,128, lambs, and \$2,150, swine.

Open show steers will compete for \$4,180; open dairy cattle, \$7,635; poultry, pigeons and rabbits, \$2,000; sheep, \$5,875, and swine \$8,950. Awards in the judging contests amounted to \$1,500.

Entry fees and horse show

premiums probably will come to an estimated \$37,135. The Southwestern exposition horse show ranks among the foremost in the nation and, as in the past, will offer both show and Western type horses.

The open cutting horse contest will be presented at each of the 19 rodeo and horse show performances, as will the Ranch Girls' barrel race.

The rest of the \$188,374 figure will be awarded to rodeo contestants. The rodeo contestants will be trying for an estimated \$63,950, which includes entry fees.

First performance of the rodeo and horse show will be Jan. 24. Deadline for cattle, sheep and swine entries in the livestock judging is Dec. 15.

Horses may be entered until Jan. 1. Premium lists and entry blanks may be obtained by writing the stock show at P. O. Box 150, Fort Worth 1, Texas.

Driest year in Texas weather records was 1917, when only 14.3 inches of rain fell.

Bailey Tops 'Hound Pass Receivers

The Silver Pack, who eked out a 36-34 win over a fine Wasburn University eleven in Portales last week to run their winning total to four games, are emphasizing both air and ground work in their practice.

After relying heavily on the arm of quarterback Curtis Blair during the first two starts, the Hounds' running game came into its own against Colorado college and last week's encounter with the Ichabods.

Blair is the total offensive leader with a 6.3 yard average Joe Wood, after missing the opening game with an injured back, has the top rushing average with a 5.1 yard per carry average. Total yardage rushing leader is Maurice Hodges, 175-pound halfback, who has amassed 191 yards in 42 tries.

Blair has been phenomenal in the passing department completing 21 of 33 aeriels, six for touchdowns and having only one intercepted.

Blair's favorite pass receiver has been Jerry Bailey,

an honorable mention All-American end last year. Bailey has caught nine passes to Kinnison, junior end, has grabbed six passes, four resulting in touchdowns to give him the scoring lead at 24

TOOK QUALIFYING SCHOLARSHIP TESTS—The 17 Brownfield High School students pictured above spent two hours Tuesday seeking to qualify themselves for the National Merit Scholarship Program. From left seated: Jackie Aaldrup, Donna Sue Nelson, Bette Bragg, Sue Shewmake, Mary Jane Brownfield, Doreatha May and Clarice Cornett.

From left standing: Duane Petty, Johnny Patterson, Danny Powers, Robert Conlee, Rudy Simmons, Bobby Wood, Bill Walker, Donald Godwin, Mike Smith and David Ivey. Dr. Robert Hoey, guidance counselor who conducted the tests, explained, "The scholarship test is a high-level scholastic aptitude test designed to differentiate among students of

high verbal and quantitative ability." The doctor also said that students who qualify will be given college entrance tests throughout this school year. Some of the national scholarships are worth \$2,000 a year for four years. (BHSfoto)

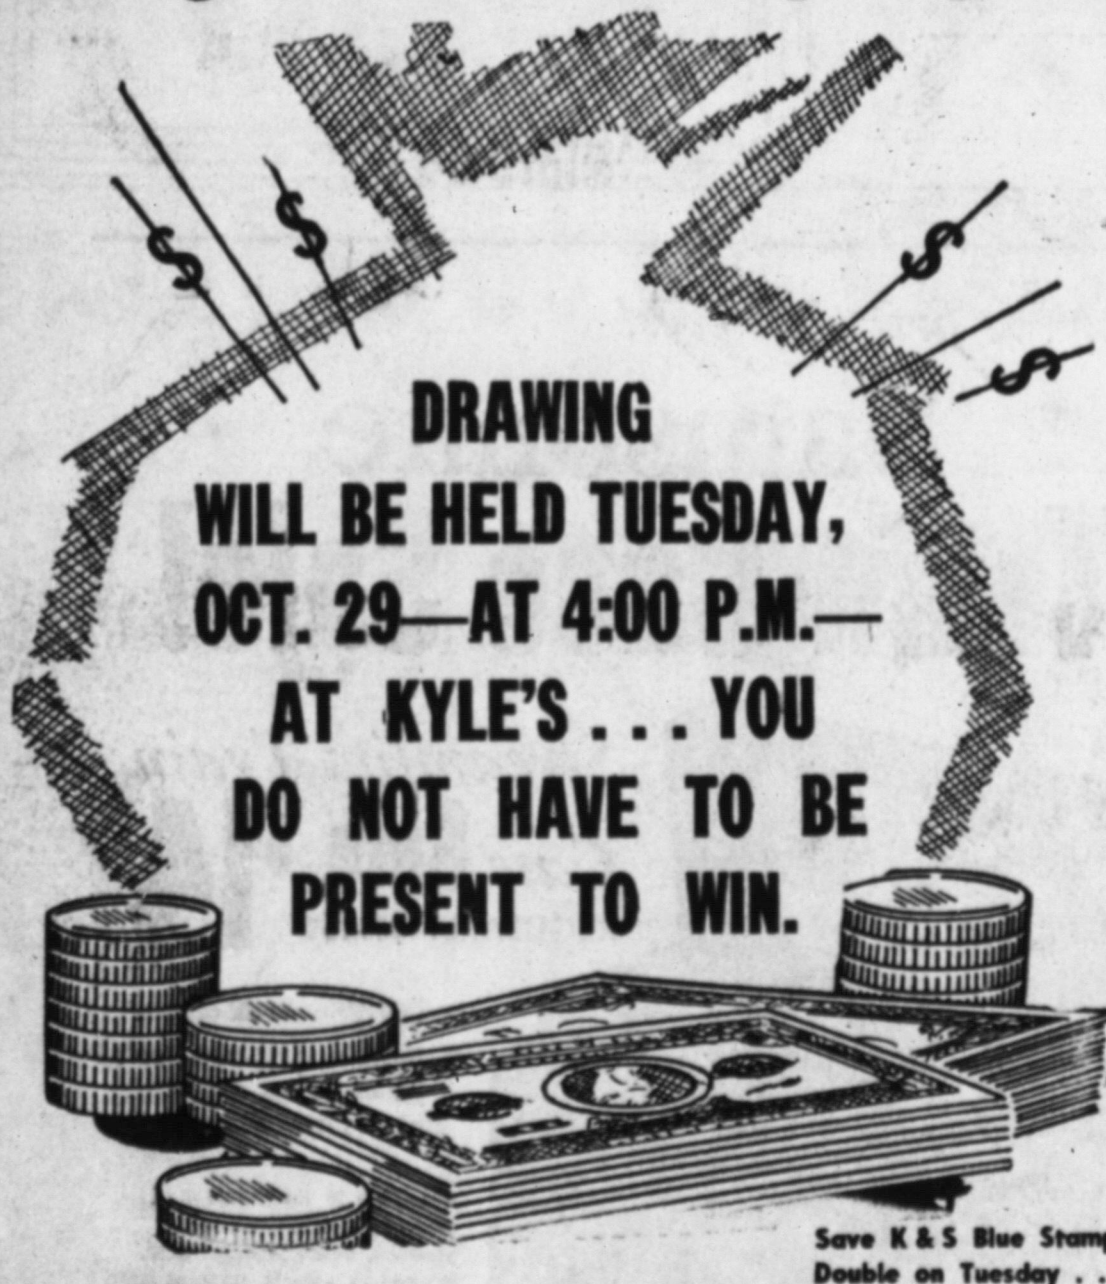

Texas' lowest recorded temperature was 23 below zero at Tulia on Feb. 12, 1899.

In the wettest year in Texas weather history (1900), rainfall averaged 42.17 inches.

Texas' rainfall was below normal during seven of the eight years from 1947 to 1954.

An estimated 5,000 to 8,000 persons died in the Galveston storm in September, 1900.

Only 3 More Days ... Register Now for \$4000 in Merchandise Being Given Away by KYLE'S...

1st Prize
210 MODEL
1957
Chevrolet

This car equipped with W/W tires, oil bath cleaner, big heater and defroster, tutone finish and is a Deluxe 4-door sedan.

2nd Prize ... 15 cu ft. Amana FREEZER

Only Amana has the "stor-mor" door ... holds more food than other freezer doors ... automatic food servers ... automatic inventory control ... adjustable food holders ... ice cream and dessert-bar ... keeps the ice cream dairy fresh ... You get much more with Amana.

3rd Prize — 5 Pcs. SET SAMSONITE Luggage

4th Prize — SIX SETS STAINLESS COOKWARE (6 Names to Be Drawn)

All you have to do is register each time you enter Kyle Grocery—no purchase is necessary, you do not have to be present to win.
