

BROWNFIELD TAKES THIRD WIN

# Cubs Batter Loboes, 22-0

Cashing in on breaks and the hard running of Robert Wright and Mike Browning, the Cubs treated some 2,500 freezing homecoming fans to a 22-0 victory over Monahans for their third District 2-AAA win here Friday night.

Wright tallied all three touchdowns with a one-yard plunge in the first period, a two-yard plunge in the second and a 23-yard sprint seconds before the final gun.

After Bob Cloe set the Loboes back to their own three with a punt midway in the initial period, Cub linemen partially blocked a Monahans kick to set up the first score.

With 2:40 minutes left in the quarter, Wright bucked over from the one to cap a 33-yard drive in seven plays. Donald Godwin split the uprights to give Brownfield a 7-0 lead.

### Loboes Threaten

Early in the second period Monahans threatened as they moved to the Cub 37 with the aid of a roughing penalty. A jarring gang tackle caused a Lobo back to fumble and Ken Willis recovered on his own 44

to stop the only Monahans threat of the game.

Another Cloe punt put the Loboes on their own five. On the first play from scrimmage, the Cubs banged the ball loose from the Monahans ball-carrier and guard Jimmy Rodgers cuddled the pigskin on the opponent's two. Wright smashed over tackle for the score with 30 seconds left in the half. Godwin's kick was wide, giving the Cubs a 13-0 lead at half-time.

After a see-saw third period, the Cubs drove to the Monahans 20. Two penalties stopped the drive and an attempted field goal by Godwin fell short. Mont Muldrow broke through to drop the Lobo receiver on two.

### Browning leads Attack

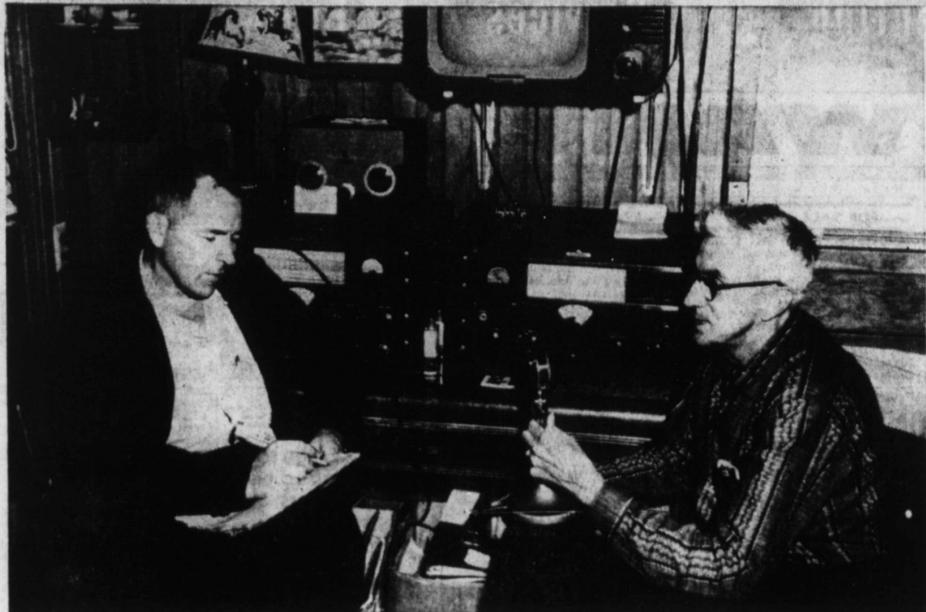

Six plays later T. O. McAuley, Lobo fullback, bobbled the ball into his own end zone and tackle George Fugitt, assisted by two other Cub forwards, bounced him to the earth for a safety.

On the ensuing kickoff Cloe returned the ball to the Lobo

See No. 4 Page 3

FOOT RACE — Mike Browning, with ball, races to get past Lobo back T.O. McAuley in a third period dash Friday night. Though Browning went for almost 20 yards on the play, it was called back for a penalty. The Cubs took their third 2-AAA win, 22-0, over Monahans. (NEWSfoto)

CALLING SPACE PATROL — E. C. Pool, right, of 1003 East Buckley talks to other members on the Interplanetary Space Patrol Net while Lewis Simmonds of 312 South Second, logs the conversation. The duo is part of a net of ham radio operators who meet, via radio, every Monday night to swap information on subjects ranging from astronomy to the heartbeat

## ACTUAL SCIENTIFIC, TECHNICAL DATA SOUGHT

# Interplanetary Space Patrol Holds A Unique Interest for Local 'Hams'

By CHARLIE MAPLE  
NEWS Staff Writer

Sputniks, Muttiks, and Whatniks—all items in today's daily news—are of more than passing interest to a group of Terry amateur radio operators. The group, totaling about 16, is part of the Interplanetary Space Patrol.

Though the name smacks of Buck Rogers, the patrol actually is composed of "hams" throughout the Southwest who are interested in technical and scientific data.

Hams from at least 42 cities

and towns take part in the information-swapping sessions which start at 9 p.m. Mondays. Slated to talk on the network tomorrow is Ray Stanford of Corpus Christi, who got a close look at a UFO (Unidentified Foreign Object) at Padre Island in 1954.

The 19-year-old youth, who has sworn affidavits substantiating his claim, will describe the experience and answer ISP members' questions. The talk will originate from W5AAO, operated by James Lee of Abilene, unofficial head of ISP.

Last week's session was devoted to a description of the Levelland Story — of weird lights and phenomena — by Hockley County Sheriff Wier Clem.

ISP, which has been in operation several years, had the title of "The Screwball Net" before the present name was adopted a year ago.

Since its origination, the net has delved into various aspects of science, UFO's, astronomy and other related subjects. Lee, who has studied astronomy and

## STATISTICS NOT SO DRY, AFTER ALL!

# Continued Growth Shown Here

A survey conducted by the Chamber of Commerce indicates Brownfield is continuing its rapid growth which began in 1950.

Total construction throughout the city is approximately \$2,473,316 for the period Nov. 1, 1956 to Nov. 1, 1957. This is a slight decrease from last year's \$2,633,883 total.

Joe Satterwhite, chamber manager, pointed out, however, that last year's total included about \$675,000 for school construction, \$136,613 for the swimming pool and over \$300,000 for

churches. "This year's total does not include any expenditure for schools or civic improvements like the swimming pool, and only \$165,200 has been spent on church construction," he noted.

Population Figures Given Brownfield's estimated population is set at 10,841 as compared to census figures of 6,160 in 1950; 4,009 in 1940 and 1,907 in 1930. This represents a growth of about 78 per cent within the last seven years.

To go along with the city's

hike in population, a corresponding increase is noted in Brownfield's students. Some 2,418 students are registered in the school system this year. Registered students totaled 1,627 in 1947 and 2,039 four years ago. About an eight per cent increase was noted this year over last year's total.

Within the last 10 years the assessed valuation within the city has more than doubled. Valuation in 1947 totaled \$4,774,680, jumping to

## Breakfast To Mark Event

Veterans Day will be observed here Monday when Legionnaires of Howard-Henson Post 269 serve their traditional sunrise breakfast at Veterans Hall.

In addition to the free breakfast, which cooks will start preparing about 4:30 a.m., a flag-raising ceremony will be held at first break of dawn.

"All veterans of World Wars I and II and the Korean War are invited and urged to join us Monday morning," said Lejeune Lincoln, post commander.

The breakfast is expected to be concluded by 8:30 a.m., explained Lincoln.

## TCFB Has Its Largest Enrollment

A fast-paced program which pleased the crowd marked Terry County Farm Bureau's annual barbecue-convention Thursday night in Veterans Hall.

During the business session, the president's (J. T. Fulford) annual report was heard, as was the audit report. In addition, the members elected five TCFB directors for the 1957-58

## BULA LOSS CINCHES TITLE

# Union Takes District Crown With 48-13 Win

The Union Wildcats cinched the District 2-B Six-Man title as they blasted the Pettit Longhorns, 48-13, before an estimated 300 frigid homecoming fans Friday night. The Wildcat win, coupled with a Bula loss gives Union undisputed possession of the title though one game remains on the schedule.

Union rolled up a 35-0 lead before Pettit was able to muster their scoring punch in the final period.

Alfred Newsom opened scoring early in the initial period when he broke loose for a 31-yard scoring dash. Willie Kay added the point on a run and Union was never threatened after that. Newsom's dash followed a 46-yard scoring thrust by Kay that was called back on a penalty.

After holding the Longhorns on downs, the 'Cats drove 52 yards for their second tally, Kay going over from the two.

Kay tossed to end Jimmy Sargent for the extra point.

Early in the second frame, Newsom added his second tally when he plunged one yard to cap a 59-yard drive in eight plays. Kay plunged for the extra point.

### Recovers Fumble

Gene Hungerford's recovery of a Longhorn fumble on the Pettit 27 set up the fourth Union tally. On the first play Newsom flipped to end Kermitt Shults for 27 yards and the score. Newsom ran the extra point, giving Union a 28-0 lead at the half.

Weldon Bell capped a 36-yard drive with a five-yard plunge in the third period as 'Wildcat reserves took over. Bell passed to Darrell Hunter for the point. The Longhorns opened the final period by driving 55 yards for the first TD. Sammy Welch punched over from the eight to

## FATHER COUNSELS CHILDREN

# 'When I Was Young' Is Theme Of Old Letter

In 1925, a 59-year-old father of five, apparently alarmed by "today's youth," counseled, in writing with his children.

One of that quintet was Mrs. N. E. Townsend, who has lived on her farm near Union Community since 1929.

Said Mrs. Townsend: "I came across my father's letter just the other day, while packing away some odds and ends at my home.

"It seems that my father was upset by the so-called 'teenage problems' of that year (1925). So . . . he sort of compared the boys and girls of that year with those of 1880, when

he was only 12 years old.

"It just goes to point up my belief that the youth of today, yesterday and the future — no difference at all. They are good."

The letter which Mr. William Roberts wrote to his children: In 1880, I was just 12 years old, and was born in Hopkins County, 5 miles south of Sulphur Springs, where I spent many happy days.

Boys Are Different Boys in those days (1880) were quite different from those nowadays. First, we obeyed our father and mother. We did our

See No. 9 Page 6

## Brownfield Woman's Daughter Is Traffic Accident Fatality

A Brownfield resident and a bride of about one year, Mrs. Lahoma Gamewell Osborne, apparently died instantly when she was thrown from the car in which she was riding Friday night near Fort Leonard Wood, Mo.

Mrs. Osborne was the daughter of Mrs. Frank Hallbauer of 104 North Cedar and Jimmy Gamewell of Lubbock. Mr. and Mrs. Hallbauer left Saturday morning to meet the body of the victim in Amarillo, her husband's hometown.

Mrs. Osborne had arrived at Fort Leonard Wood only Friday to be with her husband, stationed there with the Armed Forces.

Exact details of the accident are not known. The victim was in the car with a girlfriend. Funeral arrangements had not been completed Saturday.

## Terry Turkeys, 2,000 In All, Being Readied

The great American pastime — eating — will come into its own twice within the next seven weeks and at least one Terry farmer is ready to provide the table material for this area.

Crede Gore, who farms 7 miles southeast of Brownfield, this week is making preparations to market some 2,000 broadbreast bronze turkeys for the upcoming Thanksgiving and Christmas holidays.

Though most of the birds will be marketed through various area stores, Gore said the black-feathered, "critters" may be purchased individually.

Gore, with the aid of one helper, Manuel Bernal, is rounding out his fourth year in the turkey business. "We raised 750 girls the first year

## EMERGENCY ORDINANCE PASSED

# Police Alerted To Drivers Not Using Proper Caution Passing School Buses

Brownfield police this week began an all-out drive to apprehend drivers guilty of not using proper caution in passing school buses stopped within the city. The action was taken after City Council approved an emergency ordinance last week.

The ordinance, passed after several charges were filed against drivers for speeding past stopped buses, requires the driver to stop when meeting or overtaking a school bus loading or discharging passengers on any

## IN VIEW OF TEXAS SOCIETY OF PROFESSIONAL ENGINEERS

# Until Texas Is Willing To Center Water Laws Responsibility In Central State Agency, She Is Long Way From Any Solution

(EDITOR'S NOTE: This is the third of six articles dealing with one of Texas' major problems: water. They were prepared by the Water Education Committee of the Texas Society of Professional Engineers. The NEWS presents them in the interest of public service to its readers.)

Until Texas is willing to center in some central state agency responsibility for administration of its water laws, it is a long way from solving its water problems.

That is the view of the Texas Society of Professional Engineers' Water Committee as expressed in a series of articles on the statewide water problem.

Texas, states the committee, simply does not have any one agency with authority to speak

for the state on water matters. Its Board of Water Engineers is assigned to study quantity and quality of ground and surface water, to make surveys on irrigation, furnish topographic maps to water districts, to locate reservoir sites and estimate their cost, to supervise water development and insure its greatest beneficial use, and to issue permits for

See No. 8 Page 6

The count climbed agonizingly slow: as of Friday noon, 13,409 bales of Terry's 1957 cotton harvest had been ginned. The figure represents an increase of 1,377 since Friday a week ago.

For same period, the tally in Yoakum County is 4,065. Last week it stood at 3,389.

## Broncos Claim Fourth Win; Beat Wilson 32-21

Low's Broncos kicked off for a 32-21 District 4-B game a cold but happy crowd Friday. The win marked the district victory for the fourth period as Etheridge ran 60 yards for a paydirt penetration and after Joe Baker converted the score stood at 26-14.

However, "Bullet" Bell was not to be denied as he roared off 20 quick paces for another Bronco tally to make it 32-14. Wilson's fullback Baker went off tackle for 45 yards and Jack Dokken to end the night's scoring.

Halftime ceremonies found Meadow High senior Betty Eubanks being crowned as Homecoming Queen and Royce Terry, senior left guard, was spotlighted as Pep Squad sweetheart.

### SCORE BY QUARTER

Wilson 7 0 0 14—21  
Meadow 7 7 12 6—32

### No. 1

UFO's for some 20 years, is considered the "expert" when these subjects are discussed. Though UFO sightings had dropped from the news for several months prior to recent developments, Lee several weeks ago predicted their return this fall. He claims their

appearance runs in cycles. During the lull period, UFO's and space travel remained a choice topic of the group.

Terry ISP membership represents about half the Terry County Amateur Radio Club, which was organized here in 1953.

The club, which boasts about 37 active members now, is the out-growth of code and theory classes started four years ago in the service department of Jack Bailey Chevrolet by E. C. Pool of 1003 East Buckley, a ham of long experience.

As Pool's students received their license to operate an amateur station, they aided in instruction of other hams until graduates now total about 45. At present some 12 students are taking the course at the clubhouse located on North Fifth. Classes are held beginning at 7:30 p.m. Mondays and Thursdays.

Though most hams consider short-wave radio their hobby, it is deadly serious business to them in times of emergency.

TCARC is part of the Northwest Texas Emergency Net. Some 160 members meet Sunday mornings on 39.50 kilocycles to review emergency measures to be taken in case of disaster.

Should disaster strike here, mobile radio units would be dispatched to pre-arranged stations to assist Brownfield authorities. During this year's spring and summer tornado season, mobile units patrolled the county, in turn, relayed the information to area residents.

In the event disaster destroys power here, hams likely will provide communication facilities for emergency and welfare messages. Several stations have their own power generators for such emergencies.

Pool cited numerous instances of hams working unselfishly in emergency periods. "During the blizzard last March, hams stuck by their sets around the clock, in many instances providing communications for areas blocked in by the snow," he said. "And many hams took mobile rigs to Silverton when the tornado knocked out all other communications."

Messages to servicemen at inaccessible posts often are passed on by ham operators. R. J. Purtell of 705 East Tate made such a contact recently. A mother called him, wanting to contact her son stationed in Greenland. By chance, the contact was made within four minutes, revealed Pool.

A daily weather report to the Amarillo Weather Bureau is another important function performed by hams throughout the region. Lewis Simmonds of 312 South Second makes Brownfield's daily report.

\$9,807,113 this year.

**Labor Force Doubled**  
Bank deposits steadily have climbed from \$10,348,544 in 1947 to \$13,850,559 at present. This total, off slightly during the fall season, is expected to climb again within the next 60 days.

Increases in most areas of Brownfield's economy were offset slightly by a decrease in postal receipts. Receipts climbed from \$41,698 in 1947 to \$76,641 in 1952. Totals for this year are \$58,538.

Brownfield's labor force has more than doubled since 1947, climbing from 1,848 to 3,989.

### No. 3

Re-elected from Precinct 1 were Raleigh Luker and Leon Foot; Precinct 3, Homer Causseaux and Carl Hogue, and Precinct 4, G. I. (Bogie) Sims.

Only one of the six is a newly elected director: James Martin of Precinct 2, Route 1. He replaces Fulford, who has completed his second two-year term as president of the Farm Bureau.

A new president will be named, when TCFB's 12 directors meet this week. Others are Alton Loe, R. D. Jones Jr., D. C. Flowers, Winfred Tucker, Bob Smith and J. O. Farrar.

**Record Membership Gained**  
The huge crowd finished eating in less than two hours, after which several items of entertainment lasted for another hour. Among the entertainers were the Hix Sisters of Seagraves.

Six Farm Bureau wives entertained with a brief skit. They were Mmes. Oliver Grote, H. L. King, Leon Foote, J. O. Farrar, Carl Hogue and John Hill.

Emceed by Pres. Fulford, the convention members heard Jones report that TCFB now had the largest membership in its history, nearly 1,000. Jones also explained that the Terry Farm Bureau had the largest percentage of potential members of any group in the state.

In a brief discussion of pending national legislation, H. L. (Hub) King, urged the group "To beware of what you ask for (in legislation) because you might get it." King cautioned that some proposed farm programs could lower the national cotton allotment to 10 million acres in 1960.

### No. 4

48 to set up the final TD. Five plays moved the ball to the Monahans 23 and Wright broke off right tackle for the final 23 yards and the score with 23 seconds left in the game. Godwin added the point to give the Cubs their 22-0 margin.

Though bottled up the second half, Little Mike Browning rolled up 122 yards rushing to provide punch to Brownfield's attack. Wright accounted for another 121 yards of the Cubs' total 294 yards rushing.

Combining a powerful offense with a stingy defense, the Cubs undoubtedly played their best game this season. A rugged forward wall, headed by Fugitt, Muldrow and Ken Kendrick, held Monahans' singling to short yardage all night.

Playing without the services of their speedy star, tailback Phil Ballard, Monahans could depend only upon their fullback, 197-pound Herbert Pearce, for yardage. The Lobos were in Cub territory on only one occasion, early in the second period, all night.

The win kept the Cubs in the running for the district title with a 3-0 record. Kermit edged Pecos, 20-14, to remain in a tie with Brownfield.

The Cubs will host Andrews here Friday in a tilt that could determine the champion. The Mustangs blasted Ector, 48-0, Friday night.

Police department reports show a total of 139 citations were issued for traffic violations during October. Hazardous violations totaled 79 and non-hazardous violations totaled 60.

The report showed 11 traffic accidents had been registered within the city during the month. No serious injuries were reported. The October total boosted city

## W. J. Jowers Rites Held Here Saturday

Funeral services for W. J. Jowers, 83, of 402 North Fifth were held Saturday in the Nazarene Church.

Jowers, who came to Terry County in 1921, died in Treadaway-Daniell Hospital at 12:50 p.m. Friday. The Rev. Howard M. Smith, pastor, officiated. Burial was in Terry County Memorial Cemetery under the direction of Brownfield Funeral Home.

Survivors include six daughters, Mrs. Emily McDaniel, Mrs. Mildred May, both of Brownfield; Mrs. May McAnear, Roscoe; Mrs. Beulah Kemp, Fresno, Calif.; Mrs. Carrie Blevins, Hillmar, Calif.; Mrs. Willie King, Yakima, Wash.; five sons, Calvin,

Brownfield; J. L. Black Foot, Idaho; Riley, Greefork, Ark.; Woodrow, Santa Fe, N.M.; and J. J. Jowers, Lubbock. Grandsons served as pallbearers.

Louisa May Alcott's family was neighbor to the Ralph Waldo Emersons.

Judge Cheshir declared the office vacant after the commissioner was alleged to have moved from Terry to live in her husband's home near Petersburg.

Judge Reed ruled in favor of Terry Commissioners Court Sept. 6 when he granted a temporary injunction against the deposed commissioner.

mishaps to 95 for the year, including two fatalities.

October's police tally showed some 69 offenses reported during the month. Major offenses included intoxicated, 23; driving while intoxicated, 6; violation of liquor law and curfew, 7; misdemeanor theft, 9; felony theft, 3, and car theft, 2. Both cars were recovered.

### Startling Offer Of Camera for 'Saving' Made by Association

Announcement last week of a new incentive savings program by Brownfield Savings & Loan Association has created considerable interest among Terry residents.

The incentive? "Actually," says Newell Reed, vice president and manager of the association, "there are two: There is the opportunity for patrons to get a firmer grip on their financial future — and a fine Brownie camera, which retails for \$5.95 in all stores."

The Brownie, and the association has hundreds of them waiting, is given to each person who opens a new savings account of \$10 or more with the institution.

"This entire program which we initiated recently," explained Reed, "has been designed to encourage our citizens to save regularly and systematically by putting some money — the amount isn't nearly as important as the regularity — into a savings account."

The association also has a camera waiting for the person who already has a savings account. It is necessary only that he bring in another new depositor.

Reed explained that the new program had been tested successfully in for example, Rochester, N.Y., where a bank used the idea and presented 3,154 cameras in six days, when patrons deposited \$222,000.

In Buffalo, said Reed, a savings bank used the program and were able to present 6,873 cameras after 21 days, during which time 6,878 savings accounts were started, with deposits totaling \$1,267,000.

The association manager also emphasized that two or more of the cameras are available: "We intend to give one for every new depositor which one of our regular customers brings to us."

### SW Terry Wildcat Pumps Oil, Water

A Terry County wildcat 14 miles northwest of Lamesa was continuing to test after making oil and formation water on production pump.

From San Andres perforations at 4,930-36 feet, well produced 33 barrels oil and 89 barrels water in 24 hours following 3,000-gallon acid treatment. Same section previously

### 'Penny' Hike Taken By Brownies of 309

Brownie Troop 309 met Friday to discuss plans for gathering old Christmas cards, which the girls will send to Veterans Hospital in Big Spring.

The Brownies also made plans to give a basket of food to a needy family on Thanksgiving.

During recreation, the group took part in a "penny" hike, and afterward Billie Hensley served delicious refreshments to Claudine Peters, Nina Williams, Sharon Sue Doss, Pattie Jo King, Jane Priest, Gladys Noel, Sheryl Franks, Kay Borroughs.

Mrs. J. D. Williams is leader of the troop, and her assistant is Mrs. Carl Peters.

was acidized with 2,000 gallons. Hole was made to total depth of 5,001 feet. Top of San Andres porosity was called at 4,928 feet. Casing point was not reported.

### Fat Stock Show Sets Deadline For Entries

Deadlines for entry of cattle, sheep, swine, horses, poultry, pigeons and rabbits in the 1958 Southwest Exposition and Fat Stock Show have been announced.

Potential exhibitors of cattle, sheep and swine must have their entry blanks postmarked by Dec. 15. Horse show entries must be postmarked Jan. 1 and poultry, rabbits and pigeons by Jan. 10.

The Fort Worth show, scheduled Jan. 24 through Feb. 2, is offering cash awards totaling \$188,374 for livestock and horse exhibitors and rodeo contestants.

Seven breeds of beef breeding cattle, Herefords, Polled Herefords, Shorthorns, Aberdeen-Angus, Brahmans, Santa Gertrudis and Brangus have been allotted \$45,180 of the premium total.

Junior show premiums total \$11,919, which includes \$3,761 for steers, \$2,880 for heifers; \$2,000 for dairy calves; \$1,128 for lambs and \$2,150 for swine. Open show steers will compete for \$4,180; open dairy cattle, \$7,635; poultry, pigeons and rabbits, \$2,000; sheep \$5,875, and swine \$8,950.

Awards in the judging contests will total \$1,000.

Mr. and Mrs. Choyle Homer Minyard, Tahoka, a girl born Nov. 6 weighing 8 pounds 4 ounces.

Mr. and Mrs. Gonzalez Reynaldo, Plainview, a daughter, San Quanita, born Nov. 8.

### Funeral Rites Held For R. W. Reynolds

Funeral services for Raymond W. Reynolds, 45, former Brownfield resident, were held in Anson Oct. 31 with Dale King, minister of Hawley Church of Christ, officiating.

Reynolds died Oct. 29 of a heart attack at his home in Lubbock.

Reynolds, who was born at Nugent April 13, 1912, moved to Brownfield in 1938. He married the former Lula Maude Scott, a former Jones County resident, here in 1940. The couple moved to Lubbock about one year ago.

Burial was Bethel Cemetery at Anson under direction of Lawrence Funeral Home.

Survivors include his wife and parents, Mr. and Mrs. E. R. Reynolds of Hawley.

Persia officially adopted the name Iran in 1935.

**HOMECOMING QUEEN** — Sharon Kennedy, 1010 East Cardwell, was crownbearer at Friday morning's coronation. Gary White, seated right, son of Mr. and Mrs. L. L. White of 310 East Tate, was the queen's escort. (NEWS-photo)

*It takes time to grow*

A good farmer knows what his crop needs: sunlight, soil, enough rain . . . and time. Each contributes, each is important. In fact, any one of them can spell the difference between a good harvest and a meager one.

People have to grow, too . . . and the growing season lasts a lifetime. Like plants, we also need some outside help along the way: a family to grow up in . . . friends to grow up with . . . and Faith to guide and strengthen us.

Most of us take our Faith pretty much for granted. Like all familiar things, we just assume it will be there when needed. The point is, it's needed all the time . . . every day, every week, all our lives.

Begin now to make sure your Faith is strong enough to weather whatever storms may lie ahead. And help your children find that same strong Faith. Take them with you to your Church or Synagogue this week . . . and every week.

Find the strength for your life . . . worship together this week

## Gin Fires Prove Costly To Owners, Farmers

Fire caused a loss of \$26,474.58 in 176 Texas cotton gins under study in 1956. Purpose of the study was to determine the origins and causes of gin fires and the resulting losses.

The major causes of gin fires in 1956 studies were matches (49 per cent), friction in the roll box (17 per cent), metal (eight per cent) and miscellaneous causes such as choke-up, sparks and rocks in that order.

Most of the fires originated

in the overhead cleaners (34.7 per cent) and gin stands (27.4 per cent). Other origins in descending order of importance were bur extractors, conveyors, driers, press box and wagon or trailer on the yard.

The number of fires reported is low on the average. Sixty of the 176 gins reported no fires. Only 288 fires were reported by the 176 gins studied. Of the \$26,474.58 lost, 58 per cent was loss of cotton, 20 per cent for buildings, 13 per cent

## 'EXCERPT FROM EXPERIENCE'

### Grandmother Still Vital Member of Her Family, Needs Privileges of Individual

By CARMEN DAVIS  
NEWS Staff Writer

Grandmother, bless her. She belongs to that club of girls who are sweet sixteen the third time around.

There has been much discussion the last two years about what to do with the rapidly growing group of elderly persons in our country. There have been many opinions expressed by experts reputed to know just what would make the oldsters happy.

Elaine Cummings of the University of Chicago, speaking before the annual meeting of the American Sociological Society, suggested that we give a look around to the methods used by European and Oriental countries. To the matriarch system and its method of allowing the grandmother to continue as family high priestess. The American trend is to ideals of involvement and reciprocal obligations until the end of life.

The question a small minority think should be asked, —and answered, is — "What does grandmother think?" To those who think grandmother a permanent delegate

for machinery and nine per cent for loss of labor. The average loss per fire was \$91.92. Some 215 fires resulted in losses of less than \$100 and 175 did damages of \$50 or less.

One of the most significant observations about the causes of fires is the human element, indicating that many of them could be prevented.

Matches, metal, rocks and smoking caused nearly 60 per cent of the total number of fires. Some metal gets into the cotton from mechanical pickers, but much of the metal and rocks get into the cotton from the carelessness of cotton pickers.

Contrary to expectations, gins without fire-prevention devices had about as good a record for fires and fire losses as did those with the devices.

A more detailed statistical report and summary of the study is contained in Progress Report 1973, "Origins and Causes of Gin Fires and Fire Losses of 176 Texas Gins, 1956." The author is Robert L. Hunt, professor, Department of Agricultural Economics and Sociology, Texas A&M College. It is available from the Agricultural Information Office, College Station.

to the baby-sitting sisterhood grandmother has a very good answer.

In the days when grandmother was just a mere mother, the baby-sitting idea wasn't developed to quite the degree it is today. If one had an old maid aunt or perhaps a grandmother who lived with them, then mother had a baby-sitter for special occasions. For the most part mother did her own baby-sitting.

Of course, grandmother likes to keep her grandchildren. At times she enjoys their company, and childish voices around the house are a welcome sound—but don't overdo the thing. Anything can grow tiresome. And noisy, naughty sleepy, sassy children can try the patience of even a grandmother. This is especially true when the modern mother has used a rule of thumb for the upbringing of her offspring and grandmother used the flat of her hand to rear hers.

Even with this difference in methods of child care, most will agree by looking at the present generation of parents that grandmother did a pretty good job.

Grandmother already has lived a life of usefulness and been by and large, a credit to her community. The possibility that has been so grossly overlooked is that grandmother may have a plan for the balance of her life. Perhaps during the years she was rearing her family, there were youthful ambitions that she put in the background with the thought that someday she would have the time to pursue them.

The modern grandmother by most standards is still a youthful woman. Her children all have homes of their own, and she now has the time to take up where she left off years ago. She has earned this privilege of enjoying for herself the world in which she lives.

While grandmother is still a vital member of her family, she is an entity around which her world revolves and not merely a background. Grant her the privilege of being an individual.

This bit of sage advice is an excerpt from the voice of experience.

### Cattle Hides Offer Extra Profits When Care Is Exercised

About \$200 million in profits are lost by the livestock hide industry each year which might be saved with a just a little extra care by both producers and packers.

Animal hide is a sideline of livestock production that often is not thought of as a big profit factor by the average person. Yet, a perfect hide can mean as much as a \$10 'bounds' to the producer.

The hide has quite a few 'enemies', however, which must be guarded against. Grubs eat holes in them. Barbed wire, nails and jagged edges of carriers scratch them. Mange leaves a dark spot or unpleasant mottling and prod and rough herding tactics create unsightly blotches.

Still another damage factor are huge brand marks which

**CREDE AND HIS FLOCK** — However, only a part of Crede Gore's 2,000 turkeys are pictured with him above. Scene is on the Gore farm, 7 miles southeast of Brownfield, where he is rearing the broadbreast bronzes for Thanksgiving and Christ-

mas holiday tables. Gore believes the turks will dress from 14 to 20 pounds by Thanksgiving. He's in his fourth year as a turkey raiser, and has had "remarkably fine luck with them." (NEWSfoto)

## The Farmer's Wife

By ROSE JEAN HENSON

"Keep your eyes in the sky. By chance there might be a bright object passing by." That is, unless you are like a number of people who have told me this week that if they saw "something" they wouldn't tell it for fear others would brand them as a crackpot of some

sort. Personally, I am a person who tries to "know what I know" and if I saw one of these bright flying lights 200 feet long and 75 feet wide, it would be impossible for John Doe, regardless of his official capacity or scientific knowledge, to convince me that I suddenly had developed an oversized imagination.

What all this flying object business is about is a puzzle to the average mind, and it looks as if even the authorities have no answers, as yet. If they do, at least they aren't ready to divulge any secrets.

There's one thing we do know, however, and that is that Russia has out-smarted us so far. Maybe not so much out-smarted, but while we pass the time of day in the United States arguing over what department in Washington gets what appropriation and who did what to whom in the Republican and Democratic parties or whether or not the South is ready to accept integration, the Reds have been concentrating on getting a satellite into space.

And they have done just that. The main purpose in getting a satellite into space is not to see who can reach the moon first because man is not too anxious to "go to the moon," but rather to control an object to the extent that a deadly bomb can be triggered by one man thousands of miles away and in a matter of minutes a target city will be "no more."

If there be any such experiment now flitting around the country, which at intervals shuts off car motors and knocks out lights, then the time may be sooner than we think — when in one instant a whole city could be paralyzed — all power dead — telephones out — etc. etc.

A phenomenon, which definition the scientists have ascribed to these current flying objects, so the dictionary says, is "a thing as it appears to us, as distinguished from a noun-phenomenon or a thing in itself." If this be their answer (and they are truthful) then I for one agree that there are many things that happen which finite minds cannot explain.

I would call your attention to the days in which St. Paul lived. When he was on a journey to Damascus he was struck down by a bright light, so bright that his sight was destroyed for a number of days. He also heard a voice which spoke to him. Others in his company saw the light but heard no voice. I imagine these men of old hesitated to go into the city and tell such a fantastic tale for fear of being laughed at. There probably were learned men of that day who failed to explain by scientific facts why and how it hap-

pened, and yet who among us today doubts that it didn't. I also am reminded in the 4th day of creation God made two great lights; the greater light to rule the day, and the lesser light to rule the night; he made the stars also. And God set them in the firmament of the heaven to GIVE LIGHT UPON THE EARTH — and to divide the light from the darkness.

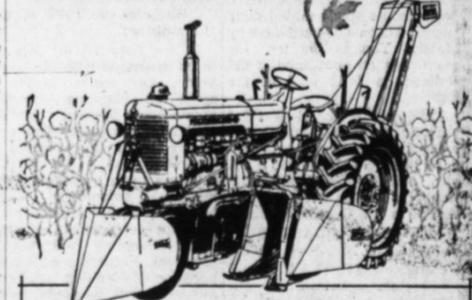

I do not believe there are men on Mars or that man will ever go to the moon. If we believe the Bible — and this writer believes every word of it, even though there is much I do not understand — then I am not going to spend much time pondering over what my grandchildren will do on their vacation on Mars.

And as for the little dog traveling end over end in Muttnik, I haven't lost any sleep over that either. The protest by dog lovers made headlines

and that's about all it accomplished. It may be cruel to use innocent animals for experiments, but it is not worse than the person or persons who put an old Mama mongrel dog out on our place several weeks ago to "bring forth" a litter of pups — and a litter it was too — 10 of all kinds and colors. I'm not especially a pet lover, but here she was — sick and tired and hungry and in this condition and nobody wanted her.

Well, we fed the poor thing until she had the pups — there was nothing else left to do. 'Twas sad, much worse than twirling in a Russian satellite. There ought to be some kind of law against the poor female dog having pups unless she wanted them. Now that would be a law to end all laws and rather fantastic. Don't you agree? Could be some of these flying objects that stop motors and put out lights will stop that, by dog lovers made headlines

## NEW MINNEAPOLIS MODERN MACHINERY COTTON STRIPPER

### SAVES COTTON HARVEST DOLLARS AS NEVER BEFORE!

Here's the high-speed, high-capacity cotton harvest machine that can make the BIG profit-difference on your cotton crop. By the bale, by the acre, by the hour worked, this new Minneapolis-Moline 2-Row Cotton Stripper pays you dollars you never thought you could make on cotton! MM cotton stripping lowers labor costs, protects you from untimely labor shortages.

### LOOK AT THESE NEW ADVANTAGES!

Mounts in units...not in parts ✓ Easy-to-lubricate bearings reduce service time ✓ Big capacity 16-inch elevator directs cotton to all parts of the wagon...you don't need an extra man to build the load ✓ Overshot blower mounted on elevator aids distribution ✓ Handles row widths from 36 to 42 inches ✓ Hydraulic height control of stripper units ✓ Separate hand levers control height of each stripper and angle and height of plant lifters ✓ Thorough cleaning with 12-inch louvers along the auger trough and the entire length of the elevator.

See all the many new advantages of this MM Cotton Stripper for yourself! Stop in the next time you're in town!

## ATTENTION MR. and MRS. FARMER

You Are Invited To Attend

What? A Special Meeting

Where? Party House Coleman Park  
Brownfield, Texas

Time? Thursday, Nov. 14, 1957 - 8 P.M.

Subject? Farmers Union

Alex Dickie, Jr., president of the Texas Farmers Union will be the guest speaker. The purpose of this meeting is to acquaint the farmers of this area with the operation and benefits of the Union. Paul Nafzger, Olton, Texas, member of the State Board, also serving on the State Executive Committee and a member of the Local Farmers Union in Olton, Texas, will be here, along with other local Farmers Union members to assist in the meeting.

### Jim Hays Family Visits Daughter in Nebraska

Mr. and Mrs. Jim Hays of 1506 East Buckley and their daughter, Mrs. Larry White, and Lecia Rene left Thursday afternoon for Lincoln, Neb.

They will visit in the home of their daughter, Mrs. E. A. Heberly, for several days. They will also visit relatives in Amarillo.

**FRIENDS OF LIBRARY** — Pictured above are board members of Terry County Chapter, Friends of the Library, meeting Friday in Brownfield High School library. From left: Mrs. V. A. Bynum, treasurer; Mrs. John Cadenhead; Morgan Copeland; L. G. Smith, vice president; Mrs. Frank Wier, president, and Mrs. Cornelia Peters, secretary. The group completed plans

Friday to appear at 5 p.m., Thursday on Lubbock's KDUB-TV. Final plans also were made for a Nov. 19 meeting, at which the director of the extension department of Texas State Library, Robert E. Lee of Austin, will be principal speaker. A nominating committee comprising Mrs. Phil Gaasch and Mrs. Leonard Chesshir also was appointed. (NEWSfoto)

## Wellman Falls To Bulldogs

### No. 8

The Spade Bulldogs disappointed A Wellman homecoming crowd when they trampled the out-manned Wildcats, 36-12, in a District 2-B Six-Man tilt Friday night.

After holding Spade to a 14-12 margin through the first three periods, the Cats fell apart in the final period, allowing three touchdowns and two extra points.

Tommy Bush gave the Bulldogs their first touchdown with a 40-yard dash early in the first period. Ronald Rhodes booted the point for an 8-0 lead.

In the wild second period, Wellman tallied twice on a five-yard plunge by Billy Rich and a 17-yard dash by Don Pinson. Rich's score capped a 30-yard drive and Pinson's run climaxed a 70-yard thrust.

The lead was short-lived, however, as Spade tallied their second TD on a 38-yard dash by Martin Young. The try for point was no good, giving the Bulldogs a 14-12 lead at the half.

Following a scoreless third period, the Bulldogs broke loose for touchdowns on a six-yard run by Felix Sipes, a 39-yard dash by Young and a 20-yard run by Don Frey. Rhodes booted two of the extra points.

#### SCORE BY QUARTER

Spade 8 6 0 22-36

Wellman 0 12 0 0-12

#### FRIENDS ON TELEVISION

A committee representing Terry County Friends of the Library will be Hospitality Hour guests on Lubbock's KDUB-TV at 5 p.m., Thursday.

public water appropriations. But, the TSPE Water Committee observes, the state board has not received enough money to carry out obligations imposed by the Legislature.

The board today has the additional responsibility of making surveys necessary to watershed planning, but lacks personnel and funds to fulfill the legislative assignment.

Federal agencies have pointed up the importance of having a centralized agency with full authority to speak for the state in dealing with the U. S. government on water projects.

State law now provides for public hearings on federal projects. But, for a variety of allowable reasons, some are not submitted to the board for thorough airing. And, in other cases, where the project already has been "sold" to local communities in advance of a state hearing, the board finds itself at a disadvantage. If it orders a thorough review, the board may be charged with trying to defeat the project.

Observes the TSPE Water Committee: If law required all projects to be discussed with the board before any public money is spent on planning, developments could be better coordinated and correlated. This procedure is a fundamental to planning.

Unless some strong central agency is empowered to require such disclosures, planning for development of state water resources will not be practical. Furthermore, the application of planning ideas now advanced will, no doubt, be ineffective, because volunteer cooperation cannot be depended upon in such matters.

Continues the TSPE committee: In a state where water laws

are so written that opposing factions can cite the same statute in support of their rival ends, only a strong administrative board would be able to determine future water rights. Statutes remain vague and contradictory; and courts, in many cases, have done little to clear them. The committee maintains it is charged frequently that many people in Texas don't want clearly-defined, restrictive water laws or a water board with power to enforce them.

The need is evident for a single strong agency with responsibility to administer the myriad duties now imposed in the water board, with authority to enforce its rules and regulations as the state Railroad Commission, states the committee.

Concludes the water study group:

As long as individual groups through legal loopholes can go their separate ways answerable to no central source, confusion will continue to dominate the Texas water picture. The general welfare often will be subordinated to selfishness. Water laws without penalty provisions will remain on the books. And coordinated progress — other than of local nature — will be out of the question.

The Legislature, in the committee's view, may hesitate to establish the kind of agency needed and to give it money and manpower to do its job until the people themselves demand it.

The public at large apparently is ready for the change, says the committee, but self-interest groups continue to block needed reforms.

Next: Texas water uses and developments.

## American, Italian Schools Compared

Frances Bell PTA of West Ward School met Thursday afternoon at the school. Dip Pemberton, president, was in charge of the program.

Carl Hecker of Crescent Hill Church of Christ spoke on "Comparison of Education in America to that of Italy." Hecker served as superintendent of a boys orphanage at Frascati, Italy, for several years.

Members voted a stay-at-home night to raise funds for the year's work.

### No. 9—

work, and we did it well.

In these days (1925), boys won't mind father or mother and won't work at all. In 1880 we would go hunting, fishing, trapping and skating. Now, boys go car riding, to the picture shows, and many of them drink, bootleg and gamble.

In 1880 on Saturday evening, the boys were turned loose from their week's work to play. We had our bow and arrows, sling shots and horseshoes. What a time we would have.

On Sunday morning, we went to preaching. Boys today must have a gun of some sort and then go to town and prowl the streets until the cops get after them. Saturday evening lasts until Monday morning. No going to church.

Who is to blame for all of this?

Roberts died in 1936 in Fort Worth.

### No. 10—

without losing a single one," said Gore.

"We've had similar luck with our other flocks up until this year, when we lost several to hail injuries."

The turkey grower, who also devotes time to farming cotton and sorghums and to raising cattle and a few hogs, says the gobblers are not much trouble to raise.

"I buy six-week-old turks in May," said Gore. "We give them commercial feed until they generally find all they want to eat from feed patches and barley."

Gore estimates his "holiday birds" will dress about 14-20 pounds by Thanksgiving. "Of course they will weigh more by Christmas," he added.

Horatio Alger wrote more than 50 books about poor boys who made good.

## Regular Army Team Of Recruiters Will Be Operative Here

An Army recruiting team, headed by Capt. George A. Leedom of Amarillo, will be here Wednesday and Thursday to discuss opportunities an Army career can offer young men.

The team, whose office will be in Brownfield Hotel Coffee Shop, includes Capt. Leedom, M./Sgt. William Darr of Amarillo and SFC Frank Gaughan of Lubbock.

The group will be on hand to outline some of the advantages to enlisting in the Regular Army.

"Among these are direct enlistment into gyroscope units stationed in Germany," said Leedom. "Also two or more men may enlist for a gyroscope unit under the Buddy Enlistment option. If they do this, they can spend their entire tour of duty together in the same unit."

Leedom noted there are

armor, artillery, transportation and engineer gyroscope units open for enlistment now.

Under the "Reserved for You" program, Leedom said men who have completed high school may enlist directly for an Army school and receive a guarantee in writing that they will attend their chosen school before they enlist.

In addition to the two-day visit by the team this week,

### Holiday Activities Will Be Demonstrated Here

Pioneer Natural Gas home service advisers from Lubbock will demonstrate holiday decorations and refreshments at 2 p.m., Tuesday in The Party House.

The event is to be sponsored by Terry County home demonstration clubs, and the public is invited.

SFC Gaughan will be here from 1:30 to 5 p.m. on Thursdays to discuss the various Army programs available. He is located at the County Veterans Service Office on second floor of the courthouse.

### Goodpasture Named To Wayland College Board

Grady Goodpasture of 1011 East Tate was named to the Board of Trustees for Wayland Baptist College by the Texas Baptist General Convention held in Fort Worth this week.

This is Goodpasture's third appointment to the board of the Plainview School.

Halloween was originally a church festival, All Hallows Eve, to honor all departed saints.

Insects comprise the largest group of all living creatures.

## Gloria Angus Is Honoree

Miss Gloria Angus, daughter of Mr. and Mrs. E. J. Angus of 706 East Tate and bride-elect of Jim Allison of Muleshoe, was honored with a seated, pottery coffee Saturday in the home of Mrs. Tom May at 202 East Cardwell.

The bride's chosen colors of pink and white were used. A white Madeira cloth covered the table, and a silver candelabrum with four pink tapers and centered with an arrangement of pink carnations formed the centerpiece.

A silver tea service was at one end of the table. At the other end were Cokes nestled in crushed ice in a crystal punch bowl. Pink napkins and a crystal plate with dainty coffee rolls completed the table arrangement.

An arrangement of pink carnations was also beside the register. Guests were greeted by Mrs. Ben Monnett. Mrs. H. M. Morris was at the silver tea service. Mrs. Richard Ferguson directed three bridal games.

Prizes for the games, a rolling pin, onion chopper and aluminum range set, were given to the honoree. She also received a Sunbeam mixer from the hostesses, Mmes. Monnett, Ferguson and Morris. About 30 attended.

Mrs. J. R. Williams left Wednesday for San Anna, Calif. to visit her mother, for several weeks.

## 'Penalty Taxes' Pose Threat To Future Growth of U.S., Panel Speakers Explain

A panel discussion of "Taxes and Freedom" was held Tuesday in Seleta Jane Brownfield Clubhouse by the Maids and Matrons with 21 members and guests attending.

Three speeches by panel members and a club participation discussion emphasized the need for public understanding of the present high and discriminatory surtax rates.

In discussing the steeply graduated system of income tax rates, the first panel speaker, explained how present "penalty" taxes pose a threat to our future by discouraging the ambitious men and women who contribute most to our nation's growth.

The second panel speaker told how our present tax system ignores the whole process of savings and investing, which is necessary if we are to maintain and improve our standards of living and create further economic growth.

**Industry Plan Talked**  
The final speaker discussed a tax reduction plan created by industry, which shows that something can be done to achieve a fair tax system.

Panel members included Brownfield Atty. Burton Hackney, Bill McGowan and Morgan Copeland. Mrs. L. M. Wingerd was moderator.

At the business meeting Mrs. O. B. Lerner urged all members to bring their gifts for Wichita Falls State Hospital to the Nov. 19 meeting.

Mrs. E. C. Davis gave a favorable report on Friends of the

Library. "The drive for 1,000 members is under way and is being enthusiastically accepted by those contacted," said Mrs. Davis.

Mrs. John Cadenhead and Mrs. Paul Blackstock served pumpkin pie and coffee to the members and guests. Fall flower arrangements were used to decorate the clubhouse.

## Art Appreciation Is Discussed at Kappa Zeta Meeting Here

Kappa Zeta Chapter of Epsilon Sigma Alpha Sorority met at the Melody Restaurant Thursday evening with Mrs. James Hopkins of 1310 East Reppro as hostess.

Elven Watkins, engineer for PAA, spoke on art appreciation. The sorority voted to have a rummage sale Saturday. They also voted to raffle off a mink stole around Christmas.

Members attending were Mmes. J. L. Kemper, John Bagwell, Clifford Niles, O. R. Williams, Alvin Johnson, Harvey Carson Jr., John Andrews, Ray Steele, Jack Freeland, J. J. Morgensen, Gene Homesley, Walter Meyer, Hopkins, and Misses Maxine Wotipka and Sue Whitson.

John Alden, husband of Priscilla Mullens, outlived all other male passengers of the Mayflower.

## Recognition Given In Carnegie Course

Brownfield Dale Carnegie Class BR-1 held their third meeting at The Party House Monday.

The public speaking class is to meet each Monday night for 14 weeks. Instructors for the course are James E. (Red) Norman and Ronald Bailey, both of Lubbock. Graduate assistants are Harold Mead of Denver City and Joe Morris of Brownfield.

Taking awards Monday were James Tippitt — best speaker, Alton Merritt — most improved and Mrs. R. D. Jones Jr. — greatest achievement.

Those taking awards last

week were Coleman Williams—best speaker and Mrs. Joe Shelton — most improved. Various committees were appointed during a business session. Forty-four people are taking advantage of the course.

## Mrs. Wilder Entertains Pleasure Bridge Club

Mrs. E. Y. Wilder of 913 East Tate entertained the Pleasure Bridge Club Tuesday evening.

Mrs. George Weiss took high score prize and Mrs. Joe Henson second high. Mrs. Al Muldrow took bingo.

Refreshments of chiffon pumpkin pie with whipped cream and coffee were served to Mmes. Mike Barrett, Perry, Bear, Lee Brownfield, Grady Goodpasture, Jack Hamilton, Tom Harris, Joe Henderson, Henson, Bob Hoey, Weiss, James Murdough and Muldrow.

## 'Scientists and God' Subject of Talk At Delphian Study Club

Delphian Study Club met in regular session Wednesday afternoon in Seleta Jane Brownfield Clubhouse.

Mrs. K. B. Sadleir, program chairman, spoke on "Do Scientists Believe in God." Hostesses Mmes. Weldon Callaway and Alvin Hallbauer served coffee and cookies from the table laid with an ecru cloth and centered with an arrangement of dried autumn colors.

The following members attended: Mmes. Wayne Brown, Claud Buchanan, Nathan Ches-shir, Tim Faulkenberry, Crede Gore, Buck Howell, W. P. Norris, W. T. Pickett, Sadleir, George Steele and Paul Ward. Two guests were present, Mrs. Theda Davis and honorary member, Mrs. Lewis Simmonds.

## Mrs. Harry Cornelius Bridge Club Hostess

The Gala Bridge Club met with Mrs. Harry Cornelius Tuesday evening in her home at 208 East Tate.

Mrs. Clovis Kendrick took high and Mrs. Troy Noel second high. Bingo prizes went to Mmes. Glen Akers and Eddie Ballard.

Refreshments of chocolate cake and pie were served to Mmes. Frank Ballard, Coy Barnett, Burton Hackney, Noel, Ballard, R. N. Lowe, Jimmie Rogers, Orb Stice, Kendrick, Akers, Walter Hord.

There are 80 small islands in the Aleutian chain.

**BRIDE-ELECT HONORED** — Shown above, second from left, is Miss Jo Jackson, bride-elect of Joe Paul Teller of Henderson, as she was honored with a shower Thursday afternoon in the J. H. Portwood home at 1308 East Buckley. With her, on the left, is her mother, Mrs. J. A. Jackson of 1311 East Lons. On her right is Mrs. Portwood. Seated at the tea service is Mrs. W. M. Adams. (NEWSfoto)

## United Nations Day Is Marked Here by WSCS

WSCS met in the parlor of First Methodist Church Monday afternoon for a program on United Nations Day.

Mrs. J. C. Criswell, president, presided over the meeting. Mrs. J. H. Carpenter led the opening prayer. Mrs. Glen Harris, with the assistance of Mrs. Robert Baumgardner, gave the study. Mrs. Jim Griffith took part in a question and answer period.

At a business meeting Mrs. Buck Howell was elected secretary and reporter. Mrs. W. C. Windham was elected children's secretary.

Richard Latham, student at Tech, was here Sunday visiting his parents, Mr. and Mrs. Ernest Latham of 411 East Tate.

## WITH BRIDAL SHOWER THURSDAY

## Miss Jackson Is Feted

Miss Jo Jackson, daughter of Mr. and Mrs. J. A. Jackson of 1311 East Lons, was honored with a bridal shower Thursday afternoon in the home of Mrs. J. H. Portwood at 1308 East Buckley. Miss Jackson is bride-elect of Joe Paul Teller of Henderson.

The table was laid with a Madeira cloth and had a centerpiece of yellow and bronze chrysanthemums with bronze ribbons. Lighting the table

The Alhambra, celebrated 14th century palace in Granada, Spain, has a circumference of 2 1/4 miles. Allegro is an Italian musical term meaning lively.

were long tapers in silver holders. The tea service and cake plate were of silver. Serving dishes and sandwich trays were of crystal.

Fruit cake and ribbon sandwiches were served with spiced tea. Arrangements of yellow and bronze chrysanthemums completed house decorations. The honoree wore a corsage of yellow chrysanthemums. Members of the house party wore corsages of bronze.

Hostesses were Mmes. T. A. Wartes, A. W. Butler, Will Adams, W. H. Collins, J. O. Rodgers, J. L. Crow, E. C. Pool, Gaster Spencer, Jessie G. Randal, E. F. Latham and Portwood.

**TYPICAL FARM BUREAU FAMILY** — Although the title is unofficial, the Jack Baccus family appeared to be typical of those attending Terry County Farm Bureau's annual barbecue-convention Thursday night in Veterans Hall. From left: the head of the Baccus family, Jack; 6-year-old Gary, who's in first grade at Union School; Mrs. Baccus; Duane, who's 3, and Darlene, 14, freshman at Union. They were among some 900 Terry farmers and their guests to take part in the event.

## Gomez News

Visiting in the home of Mr. and Mrs. G. W. Ellis during the weekend were his brother and wife, Mr. and Mrs. W. T. Ellis, and daughter of Lubbock.

Mrs. Robert Hall and children, Wesley and Leisa Kay, of Cortez, Colo. visited during the weekend in the home of her parents, Mr. and Mrs. Wesley Kay.

Ruth Petty is among those missing school this week because of illness.

Mr. and Mrs. Grady Dickson are confined to home because of flu.

The condition of Frank Jordan is improved and he was able to go home from the hospital Sunday. He has been in Treadaway-Daniel Hospital for the past two weeks.

Mr. and Mrs. Lee Pearson

of Tulla are visiting this week in the home of their daughter and family, Mr. and Mrs. H. D. Knight.

The Rev. Ray of Amarillo was guest speaker Sunday morning in the Gomez Baptist Church.

Preaching services for the Latin Americans were held Sunday afternoon in the Gomez Baptist Church. The Rev. Hernandez was speaker. Services will be held today with the Rev. Seisco preaching.

Appendicitis sent three teen

age girls of this community to the hospital for surgery. Delma Fox, daughter of Mr. and Mrs. Aaron Fox, had an emergency appendectomy last Thursday afternoon at Treadaway-Daniel Hospital. On Saturday Doretha May, daughter of Mr. and Mrs. Woodrow May went to the hospital in Seagraves for the same.

On Monday it was Emily Blackstock, daughter of Mr. and Mrs. Bill Blackstock, in the Treadaway-Daniel Hospital. Emily had just left the hospital a week ago after a seige of flu. All three are doing fine.

The Dorcus Sunday school class met last Friday afternoon in the home of Mrs. Bill for a regular business meeting and social.

Mrs. Tyler Martin was in charge of the meeting. Opening prayer was led by Mrs. Loris Brannon. The devotional was given by Mrs. A. V. Britton. Her theme was "Thanksgiving". Group leaders gave reports.

Refreshments of coffee and cake were served to Mmes. W. B. Paschal, J. T. Clement, Britton, Kellie Sears, Martin, T. L. Nipp, Brannon, Blackstock and B. Stice.

Mr. and Mrs. R. H. Crocker visited Sunday at Plains in the

**TAKE YOUR CHOICE** — Though most Terry farmers are worried about wet weather destroying cotton and feed stands here, Soil Conservation Service officials warn

the period of wind erosion is fast approaching. The left and center photos show what wind erosion can do to this area with winter wind and dust storms. The right photo

indicates what can be done to correct eroded land conditions. Sorghum was planted for initial stabilization and winter cover crops were inter-sowed later. Some 125 TSCD

cooperators have planted about 10,000 acres in cover crops this year. While cotton and grain has suffered from recent adverse weather, a check reveals that legumes

and other cover crops are thriving and should be the best in several years. Henry Williamson, head of the Terry SCS office, said there are several advantages to grow-

ing winter crops. "It adds organic material to the soil and legumes add nitrogen to the soil, reducing the need for commercial fertilizers," he said. "Cover crops also

increase the water-holding capacity of the soil and loosen the land, thereby requiring less power to cultivate." Williamson also pointed out cover crops can be

used for supplemental winter grazing of livestock. Some growers have reported 25 to 50 per cent more yield from cotton and grain following use of a cover crop.

**DELEGATES**—The quintet pictured above, all members of Caprock Girl Scout Council, will attend the 34th national convention in Philadelphia, Nov. 11-15. From left: Mrs. A. W. Young of Lubbock, council president; Miss Mary Anderson of Lubbock, district director; Mrs. Jack Shirley of 1301 East Tate, district

chairman; Mrs. C. C. Woodson of Levelland, vice president, and Mrs. Larry Taylor of Lubbock, executive director. Others to go from Brownfield will be Mrs. Shirley's husband, and Mr. and Mrs. Lal Copeland of 602 East Buckley. Theme for the five-day meeting will be, "You can count on her."

ANN O'CONNELL

ANN BAKER

### "Down Wellman Way"

Hello!

Wellman had some more rainy weather last week—when they pass out the bad weather they never miss us, do they! Everyone is keeping his fingers crossed that it won't ruin the homecoming plans for Friday night.

Well, the girls at WHS finally got their "big chance" (?) to ask that "special boy" for a date! No, they haven't gone crazy as you may well think—it's just "Twirp Week" at Wellman High. The girls had a wonderful time, but we can't say that the boys enjoyed it very much. Here are a few of the reasons: Any boy that refused a girl a date was fined 50 cents, any boy that was caught helping a girl in any way was fined 5 cents. All of the fines will go to the student Council.

The pep squad really did have fun Friday morning on the way to Bula. Each girl took a sack lunch and the bus stopped on the way there for a picnic. There was lots of yelling and pep talk all the way there, so everyone arrived at Bula in good spirits for the game.

The juniors had a rummage sale last Saturday on the courthouse square at Brownfield. The rummage for the sale was gathered last summer by a committee headed by Joe Roy

seed treatments, should be used, added Smith.

Oat growers lost an estimated 28.2 per cent of their crops to diseases. Seed treatment, resistant varieties and crop rotation could have materially cut the 13.6 per cent loss to Helminthosporium, a seed borne disease.

The loss in bushels amounted to over 7,000,000. Crown and stem rust together caused losses amounting to an estimated 13.2 per cent. Once resistant varieties are available, Smith said the losses can be controlled. Seed treatment is recommended for controlling smut which caused a loss of about 134,000 bushels.

Barley losses were estimated at just under 6.5 per cent with Helminthosporium the worst offender. Seed treatment and crop rotation are the recommended control practices.

Golden. The profit, \$23, will be added to the regular senior fund (juniors of 1957) of the class of 1958-59. They have been working on it for the last two and one half years and at the present they have around \$500.

Hey, Kenneth, how do you like that Ford? It really is nice and remember, it'll last you a lifetime — if you're careless!

The Student Council presented an assembly program Friday morning. Mr. Headly Hempworth was featured in a one man theater. Everyone seemed to enjoy it very much.

Our superintendent, Mr. O'Connell, and his wife have a new baby boy, Danny Robert, who was born November 6, at Treadaway-Daniell Hospital in Brownfield. He weighs 7 lbs. and 12 ozs. and is quite a husky little fellow.

All of us are looking forward to recovery, Mr. Green, so...

and get well soon!

A word from the wise: study smarter-not harder!

**Junior High News**  
Due to the bad weather, the Junior High football game with Meadow was cancelled.

The Junior High boys started basketball practice Tuesday and plan on having a good team this year.

Bonnie Smith and Burns Womack were selected as class favorites for the eighth grade.

**ELEMENTARY NEWS**  
Two new students entered the first grade Tuesday. They are Maria and Joe Garzia.

Two second graders, Ramon Ramon and Santos Flores, had birthdays last week.

The second and sixth grades had Halloween parties in their classrooms on Halloween Day. The students decorated their rooms with black cats, pumpkins and witches. Refreshments were served and everyone had a good time enjoying the wholesome fellowship.

Mrs. Lyons has been sick for quite some time now with the flu. We hope that she is feeling better soon.

### Higdon Is Member Of University Orchestra

Charles Higdon, son of Mr. and Mrs. Billy Higdon of 305 West Powell, is a member of the Eastern New Mexico University orchestra which presents its first concert of the season at 3 p.m. Sunday in the University gymnasium.

Made up of students, townspeople and faculty, the orchestra is conducted by Floren Thompson, assistant professor in music.

Miss Anitra Lynch, instructor in voice, will be guest soloist. She returned in September from a leave spent studying voice in New York.

Until the 19th century there were practically no institutions for care of the mentally ill in the U.S.

Early experimenters with internal-combustion engines used gunpowder as fuel.

### Tuesday Night Bridge Club Holds Session

Mrs. W. F. Frymire of 21 East Buckley entertained the Tuesday Night Bridge Club with a buffet dinner.

Mrs. Mac Coppock took high score prize and consolation went to Mrs. John Whiteside.

Those attending the dinner were Mmes. J. W. Fitzgerald, Ray Tippit, Johnnie Harris, Coppock, Earl Carroll, Bob Jones, Whiteside, L. U. M. Pherson, Robert Browning, Carl McLendon and E. Smith.

## Meadow News

Mr. and Mrs. Dale Fulford and daughter of Brownfield visited Mr. and Mrs. Ray Guber Sunday night.

Private Bob Warren of Fort Sam Houston of San Antonio spent the week end in the home of his parents, Mr. and Mrs. Pierce Warren.

The Rev. Dallas Dennison, Brownfield District Superintendent, preached at the Meadow Church last Sunday. Mrs. Dennison also attended. Lunch was served in Fellowship Hall following services.

Mr. and Mrs. Carl Pritchard Jr. of Carlsbad, N.M. spent the weekend in the home of his parents, Mr. and Mrs. Carl Pritchard Sr. Carl Jr. was honored with a birthday dinner.

Mr. and Mrs. Edd Peek were at Stamford last week for the wedding of her granddaughter, Peggy Joyce Harvick. The wedding was Saturday at 10 a.m. at the Bethel Church.

Mr. and Mrs. Norman Lockett and daughter of Abilene visited his parents, Mr. and Mrs. Lester Lockett, and family and attended services at the Baptist Church Sunday morning.

Mr. and Mrs. Jim Verner of Fort Worth spent the weekend with his mother, Mrs. J. T. Verner.

Mr. and Mrs. Ed Peek were in Brownfield Sunday afternoon for the funeral of Mr. A. Z. Couch, a long time friend of theirs, who passed away at 2:30 a.m. Funeral was at the North Side Baptist Church with the Rev. Warren Stone in charge. Mr. Couch left a wife, one son and three daughters.

The Rev. and Mrs. D. D. Dennison of Brownfield and Mr. and Mrs. J. M. Burleson visited Mrs. Miller and Mrs. L. J. Carruth Sunday afternoon.

Mr. and Mrs. Ray Guber, Mr. and Mrs. J. H. Guber, Mrs. Ruby Dalton, Lonnie and Wan-

da and Mr. and Mrs. Roy Guber and Randy were in Lubbock Saturday night for the "Furr's Show of Stars."

Mr. and Mrs. Wayne Sanders and Mr. and Mrs. Dale Fulford of Brownfield spent Sunday in the home of Mrs. Sanders and Dale's parents, Mr. and Mrs. Jake Fulford.

Mr. and Mrs. Louis Peeler have returned home from Wisconsin where they spent a week's vacation and attended the football game Sunday afternoon.

The WSCS met in the home of Mrs. John Cadenhead Monday afternoon to begin a Bible study.

Mrs. J. H. Guber, Mrs. Roy Guber and Mrs. Ray Guber were shopping in Lubbock.

Mr. and Mrs. Jack Barnes and daughters of Lubbock were recent visitors in the home of their parents, Mr. and Mrs. E. D. Barnes, and Mr. and Mrs. Jim Renfroe.

The members of the MYF were honored with a Halloween party in the home of one of their counselors, Mrs. Ray Guber.

Punch and cookies were served to Barbara Benson, Glonice and Richard Copeland, Lonnie Bartley, Ronnie Bartley, Donnie Hester, Joe Burt Horton, Gene Ward, Jerry Tyler, James Smith, The Rev. and Mrs. M. W. Reynolds and the other counselors, Mr. and Mrs. Roy Guber and Mrs. Nina Copeland.

Mr. and Mrs. A. R. Issacs and Linda of Brownfield visited in the home of their daughter and husband, Mr. and Mrs. Ray Guber last Thursday evening. They were on their way to Lubbock to attend the "Furr's Show of Stars."

Fire insurance dates from the great fire of London in 1666.

## Small Grain Disease Hits Texas Farmers Hard in the Pocket

Small grain diseases during the current year have cost Texas producers millions of dollars.

A study of the situation made by agronomy and plant pathology research workers of the Texas Agricultural Experiment Station showed the losses to be the greatest for any year since 1949, approximately \$18 million.

Harlan Smith, extension plant pathologist, said the loss in bushels of grain was actually only a part of the accumulated losses to farmers. Disease caused severe lodging in many fields and this in combination with other diseases greatly increased the harvesting costs.

Test weights were lowered with a reduction in selling prices and much of the grain of the grain had a low germination. Oats which were damaged by Helminthosporium were especially low in germination tests.

Smith pointed out an estimated 10.5 per cent of the state's wheat crop was lost to diseases. Taken as a group, leaf, stem and stripe rusts, accounted for 5.8 per cent of the losses.

The planting of resistant varieties will materially aid in curbing these losses, he said. An estimated 4.8 per cent of the losses were charged to Septoria tritici, a fungus disease, for which no controls are known. Recommended

Refreshments of pumpkin pie and coffee were served to Messrs. Bob Bowers, Muldrow, Joe McGowan, Roy Herod, Barnett, Hord, Bill Anderson, Edson Wilder.

Mrs. Daic Cary, Johnnie and Erin Anne of Tampa, Fla., are visiting her parents, Mr. and Mrs. J. H. Portwood of 1308 East Buckley. Mrs. Portwood met them in Fort Worth. While there they visited her sister, Mrs. Jack Winter.

## BHS News

### By Patti Wilder

This was a busy weekend with all the Homecoming festivities. It began Thursday night at 6 p.m., with the registration of exes. Immediately following there was a gigantic pep rally on the east side of high school.

Sharon Kennedy was crowned homecoming queen by Mont Aldrow, student council president, Friday morning in an assembly. Sharon's escort was Jary White, junior class president.

Members of her court were: Princess-Bettie Ann Davis, escorted by senior class president, Gene Mason; Duches-Ianice Nowell, escorted by sophomore class president, Larry Jackson; and Duches-Freda Price, escorted by freshman class president, Charlie Crites.

Lela Ann Cox, daughter of Coach and Mrs. Doug Cox, acted as crownbearer, and John Eldon Jones, student council vice-president emceed the coronation ceremonies. Music was provided by the B.H.S. Stage Band. Friday morning following assembly, there was another pep rally downtown.

Sharon and her court were introduced in the pre-game ceremonies before the Cub and Lobo game.

The week of homecoming lockers of the "A" squad football boys were colorfully decorated, in recognition of their good work for BHS. A personal note, addressed to each player was a part of this tribute. This was a project of the School Spirit Committee of the Student Council.

After the game, the Quarterback Club honored the exes, football players' parents and dates, and the coaches with a dinner and dance at the Legion Hall.

Two local ministers have appeared as guest speakers for the past two assemblies. The Rev. Ralph O'Dell gave a pep talk in the assembly before the Ector game and the Rev. John McCoy spoke in an assembly Tuesday morning. Following the assembly, the seniors remained and filled out information sheets for the annual and then were measured for caps and gowns.

We want to extend our sympathy to Mrs. H. T. Carr, our English and journalism teacher, whose brother-in-law recently died in Lamesa.

Junior play cast is hard at work learning lines and practicing for their forthcoming production.

Have you seen the new sweaters on the majorettes and pep squad members?

Got any news for the "Cubs" journalism staff. They have been working hard trying to meet their deadline so the paper can be sold next Friday.

Gene Mason gave a party last Monday night. Games and refreshments were enjoyed at his home.

Saw quite a few Brownfield faces at Furr's Show of Stars last weekend. There were too many to list.

Thursday night, Doris Ratliff, LeNora Turner, Patti Thomas, Carolyn Weathers, Mary Ruth Venable, Sue Shewmake, and Patti Wilder painted the streets and windows downtown for the Monahans game.

## Poultry Products Will Be Inspected By State Officials

All poultry and poultry products moving in interstate commerce will be inspected for wholesomeness by January 1, 1959, under the recently enacted Poultry Products Inspection Act.

The act becomes partially effective on January 1, 1958, when plants approved by the U.S. Department of Agriculture may be provided the service, according to F. Z. Beamblossom, extension poultry marketing specialist.

Currently, it is estimated approximately 50 per cent of such poultry now is being inspected for wholesomeness under the voluntary inspection program provided by the USDA on a fee basis.

Beamblossom points out that gradual application of mandatory inspection requirements between January 1, 1958, and

January 1, 1959, has been provided to permit plant owners reasonable time to make any plant alternations which may be necessary to meet facility standards required by USDA regulations.

By January 1, 1959, all plants shipping poultry in interstate commerce must be approved and the poultry products therein be subject to inspection, unless otherwise exempt.

Commenting on the enactment of this legislation, which was signed by the President August 28, Sec. Benson said: "The passage and approval of the Poultry Products Inspection Act marks another milestone in the tremendous progress which has occurred in the poultry industry in this decade. Its passage likewise reflects the continued progress this nation is making in assuring the consuming public wholesome and nutritious food on an ever-expanding scale."

Once in full application, poultry products subject to the act will receive inspection for wholesomeness comparable to that which has been in effect for red meats since 1907 when the Meat Inspection Act was passed.

Inquires regarding the program should be directed to the Director of the Poultry Division, Agricultural Marketing Service, USDA, concluded the specialist.

First evidences of algebra are found in Egyptian relics of about 1700 B. C.

## Couples Bridge Club Is Entertained at Dinner

Couples Bridge Club was entertained with a dinner Thursday evening by Mr. and Mrs. L. M. Wingerd of 221 East Cardwell.

Mr. and Mrs. John Clark took high score prize. Others attending the dinner were Mr. and Mrs. Otis Lerner, Mr. and Mrs. Joe McGowan, Mr. and Mrs. Mike Barrett, Mr. and Mrs. Ned Self and Mrs. Bill Williams.

# Brownfield News

And Terry County Herald... Terry County's Oldest Business Institution

Vol. 20 Brownfield News-Herald, Sunday, Nov. 10, 1957 No. 73

## Rice Still Leading Red Raider Rushing Attack

Junior halfback Jimmy Knox of Graham remains the only regular Texas Tech ball carrier to avoid being thrown for a loss this season.

Tech's pace-setting rusher, sophomore Ronnie Rice of Le-fors finally had some minus yardage marring his record last week. On the first play of the 13-0 loss to Oklahoma State, Cowboy linemen hit Rice on the hand-off, causing a fumble and a loss of three yards. Until then, Rice carried 34 times without a loss. Now he has 39 tries and a net of 315 for 8.1 yards.

Knox, meanwhile, was netting 29 yards on 8 carries to send his total rushes without a loss to 47. He has gained 204, averaging 4.3.

Big Gene Bentley, the 230-pound junior fullback from Panhandle, stormed to his best of the season—65 yards on 10

carries — to move ahead of Knox into second place among the runners. Bentley has gained one more yard, to net 205 on 54 tries.

Quarterback Floyd Dellinger of LaVega is edging Jerry Bell of Ballinger in passing, completing 19 of 50 for 245 yards against the latter's 17 of 37 for 225. Dellinger and Bell, on the strength of their passing, are leading the total offense chase, with 350 yards for Dellinger and 317 for Bell.

Knox retains pass receiving leadership with 8 catches for 94 yards. Bell is the top punter with 18 kicks for a 38.2 average.

Although Tech dented Oklahoma State's defense, nation's second best going into the game, like it hadn't been hit in some time, the Red Raiders' rushing and total yard-

FLOYD DELLINGER

## B Team Ties Denver City in Scrimmage As Freshmen Lose To Seagraves, 14-13

A tie and a narrow, one-point loss was registered by Brownfield B and Frosh teams in a pair of scrimmage games played Thursday at Cub Stadium.

average have fallen off slightly. Still, despite Tech's 1-6 record, the Raiders are averaging 292 yards a game while holding opponents to 278. Tech is outrushing the opposition 217 to 199 but is being shaded in passing by an average of five yards a contest, 80 to 75.

The Bees marched 65 yards for the first touchdown in the second quarter. Quarterback Leon Clark going the final two yards on a keeper play. The try for point was missed.

Denver City B tied the scrimmage on a 65 yard drive after the half-time rest. Again the try for point was no good.

Brownfield threatened throughout the game but could not muster the scoring strength. A drive was stopped in the waning minutes of the game when a Brownfield back

## Two Quarterbacks Give TWC Coach Two-Prong Attack

Coach Ben Collins of Texas Western has been alternating his quarterbacks this year with good effect. Bob Laraba, the team's best passer, is a strong defensive player as well, and is in the opening lineup when Texas Western kicks.

But when the Miners receive, Collins likes to have Bob Forrest on the field, for he knows that the 166-pound senior from Carlsbad, N.M. could give TWC a 6-point lead in a hurry.

Forrest is fast, but not the fastest of the backs by far. He is a quick, deadly runner who is often most dangerous when he seems trapped. He works the option play well-much better than Laraba — and is a sharper ball handler.

Laraba, a 6 ft 3 inch, 195-pound junior, is a strong runner himself, but his strong points are passing, kicking in

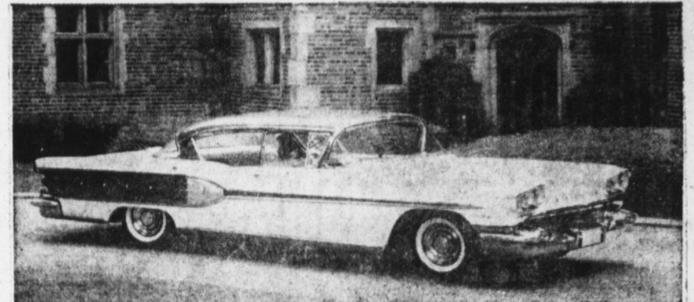

fumbled on the 10.

SCORE BY QUARTER				
Denver City	0	6	0	0-6
Blfd	0	0	6	0-6

**FROSH**

After posting a 7-0 lead at the half and a 13-7 lead early in the final period, Brownfield's freshmen dropped a scrimmage to Seagraves, 14-13.

On the first play of the game

PONTIAC'S PERENNIAL FAVORITE is this big, luxurious and exquisitely styled Star Chief four-door Catalina designed to make the heart of every motorist beat faster. Solidly built on a 124-inch wheelbase, the Star Chief Catalina is synonymous with big car styling and comfort, and is available in four models; two and four-door Catalinas, a four-door, slim pillar sedan and a four-door Custom Safari station wagon. Among the fine features of this series is the big "Tempest 395" V-8 engine and "prestige" interior of glamorous leather and fabric.

## 1958 Pontiac Displayed At McBride Motors

defense. He can throw the ball incredible distances, kicks high and deep, and is the team's best tackler.

He developed his crashing line-backing play in his freshman year, when he played center. He was a starter at that position too, but when the team needed quarterback he was nominated and made the change easily. In fact, his first year at the new position Border

Johnny Murphy broke loose for a 65-yard scoring dash. Junior Knox booted the point to give the future Cubs a 7-0 lead. Early in the third period, Seagraves knotted the score with a 65-yard drive and added the extra point.

Early in the final period Murphy added another TD to the Frosh tally when he went over from the six. The score was set up by Knox's 30 yard dash. The try for point was stopped when the center snap went over Knox's head.

With two minutes left, Seagraves pushed to their winning touchdown and point. Brownfield threatened in the final seconds but were stopped short of the goal.

The Frosh will host Level-land here Tuesday night in a game slated to begin about 7:30 p.m.

SCORE BY QUARTER				
Seagraves	0	0	7	7-14
Blfd	7	0	0	6-13

For those who want a bigger car at an economy price, Pontiac for 1958 presents the Super Chief series, featuring three body styles on the longer 124" wheelbase.

The new "Tempest 395" V-8 regular fuel engine, with Synchronesh transmission and two-barrel carburetor is standard in this series, but fuel injection, four-barrel carburetor or three two-barrel carburetors, Hydra-Matic, of course, and air ride suspension are available as options.

A choice of two and four-door Catalinas and a four-door slim pillar sedan are offered in the Super Chief line. The latter approximates hardtop styling and a simulated ventpane in the rear window.

Pontiac's distinctive styling, from twin head lamps to twin tail lamps, is notable in this series which has special treatment in the lance-type side moulding. Four star-like emblems are preceded by the name "Super Chief" in chrom-

Conferences coaches picked him as the best in the league. Collins is happy with the two-quarterback situation. One of his boys comes through, usual-

ly.

ed script. Newly styled hub caps are standard on all models of this series.

A new safety instrument panel has the vital instruments grouped in front of the driver and there is maximum visibility through the deeply recessed two spoke steering wheel.

A full range of exterior colors with coordinated fabric interiors is available for all models.

## Pack 74 Cubs Take Part in Pow Wow At Post Last Thursday

With "homesteading" as their theme, Cub Scouts of Brownfield Pack 74 presented a typical pack session for South Plains Council at a Pow Wow Thursday night in Post.

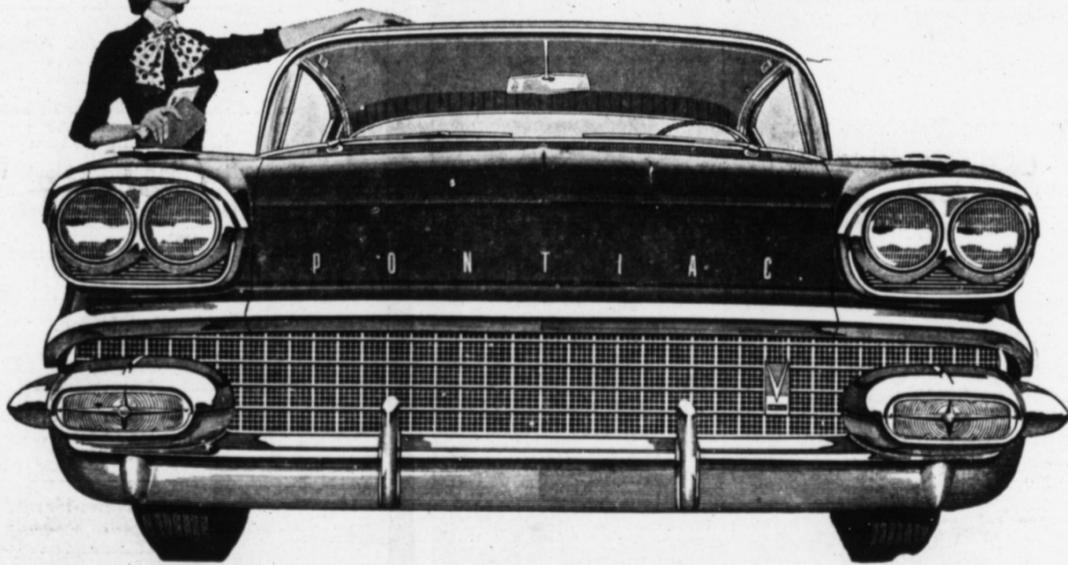

The skit portrayed a covered wagon scene, complete with campfire and square dance. Program moderator was Harold Wilson.

Assisting with award ceremonies were Paul Ward, David Nicholson and John Jennings. Den 4 won flag count with the largest number attending.

# A NEW KIND OF CAR IS BORN!

On Display at Your Pontiac Dealer's

## BOLDEST ADVANCE

## IN 50 YEARS!

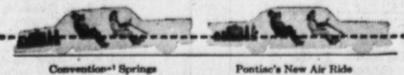

### THE GOLDEN JUBILEE CAR!

It's a revolution on wheels—boldly planned from the very beginning as a Golden Anniversary showpiece for Pontiac and General Motors.

This one you really must see—here is a car unlike any you have ever known! This Golden Jubilee Pontiac is actually an all-new breed of cars—in four brilliant series and 16 sleek models covering virtually every price bracket.

In all of them you'll find engineering advances so daringly different yet so basically sound that they will trigger the next big change in automobile design. You'll find a few of these ideas illustrated here, but even they can't begin to tell the full story.

Why not be among the first to discover the newest. When you meet this bold new Pontiac, you're in for a driving thrill that is impossible to duplicate in cars of conventional design. So make it a point to see your Pontiac dealer soon and prove to yourself that no car in history ever left yesterday so far behind!

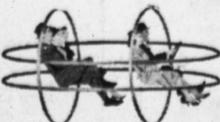

### Ever-Level Air Ride\*

The most perfect suspension system ever designed—and Pontiac's revolutionary Aero-Frame is specifically designed for it! Air cushions on all four wheels literally float you over the bumps... keep the car perfectly level regardless of load or road!

### Aero-Frame STABILITY

Here is the biggest basic construction change since the early days of motoring. Pontiac's revolutionary new frame design is lighter, stronger, more stable than the conventional box type used on other cars.

### Circles-of-Steel SAFETY

Pontiac's completely new body construction surrounds you with girder steel protection—above, below, fore and aft. Now you can drive with wonderful new peace of mind!

### Quadra-Poise ROADABILITY

Only the wheels know where the bumps are! Pontiac's new suspension geometry erds dice, sways and bounce to bring you the smoothest ride, easiest handling you've ever known!

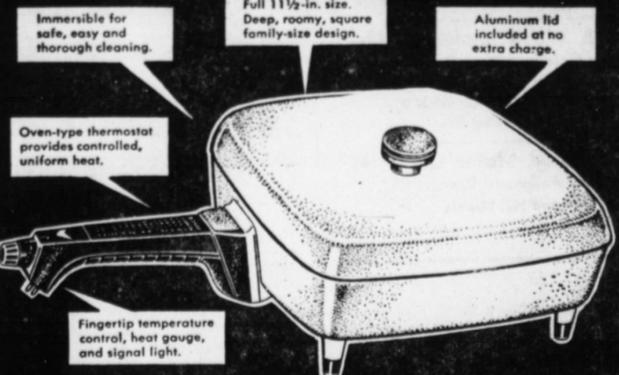

### Tempest 395\* PERFORMANCE

Try Pontiac's new leveled-action response. Scores of exclusive engineering innovations make Pontiac's hefty power plant a miracle of smoothness... and you can choose from four horsepower ratings including Tri-Power Carburetion\* and Fuel Injection\*.

## NEW LIFE

Nothing is more interesting than young new life. It represents all that is fresh and innocent, but more, it represents the unlimited potential of the future. How much many of us would give to have some of the vivacity and energy of the young and more yet, to have our future before us.

We can't have yesterday over again, but we can have a new life. We can be born again from above, fresh and new. God wills to give everyone this new life, abundant life, free of fear and anxiety. Go to Church this week and hear of the God who gives new lives for old.

Is something wrong with your life—  
an inner restless dissatisfaction? The  
answer to every human problem comes  
only from God our Maker. He alone  
can forgive and reassure.  
Through the church God has com-  
mitted the promise and proclama-  
tion of His forgiveness and redeem-  
ing love. Without a church relation  
no one is securely related to God.  
Everyone should be in the Church and  
the Church in everyone!

© 1957, Coleman Adv. Serv. P. O. Box 4187, Dallas, Texas

These religious messages are made possible by the above individuals and business firms with the hope of creating a more sincere interest in our churches and a more church-minded community.

AUSTIN — Gov. Price Daniel's special session legislative program apparently is on the way to being passed — with additions and changes here and there.

Both Senate and House passed water bills—differing quite a bit from each other, and even more from the measure the governor requested.

Governor Daniel asked for a statewide water planning division with an appropriation of \$1,024,000. He also asked for state authority to contract with the federal government for water storage in federal reservoirs.

Cut out of the House Bill was the water storage provision. Appropriation also was reduced to about \$951,000.

Senate cut the appropriation to \$600,240 and gave the proposed new division authority to do research, but not to formulate an overall plan. It authorized conservation storage agreements, but only if they are first approved by the Legislature.

Biggest wrangle came when House members tried to insert an amendment that would allow landowners to use water from small farm lakes for irrigation. Present law limits these lakes to domestic and livestock uses except with a special permit.

Result was a city vs. farm battle of the sort that has derailed overall water programming efforts for years. Amendment was added in the house.

LOBBY PROPOSALS—After all the furor, both House and Senate lobby control bills looked pretty mild.

Both would require registration of paid lobbyists and reports on how much they spend to influence legislation (over

\$50 in the Senate bill; over \$25 in the House bill).

Neither would require details on how the money was spent. A proposed substitute measure in the House would make the lawmakers responsible for reporting money spent on them by lobbyists.

SECRET STUDY PROPOSED—Supporters of the crime study commission bill were dismayed at the turn it took in the House.

Before passage, the House put in a provision that the commission's sessions should be behind closed doors. It also gave it no power to subpoena witnesses.

It was the secret session part which disturbed the governor. Main purpose of the commission, he said, was to give the public more information on law enforcement and crime prevention.

TANGLED TRAIL — Senate investigating committee continued efforts to chop through the tangled financial history of three Dallas insurance firms.

Apparent purpose is to discover whether these companies were playing fast and loose with the policy and stockholders' money without restraint from the state regulatory agency.

Chairman Sen. Charles Herring said at the beginning of the inquiry that he felt the Legislature was catching the brunt of public indignation that sometimes stemmed from negligence by state agencies.

Pierce P. Brooks and Lester Hall of National Bankers Life were questioned about the complicated exchanges and re-exchanges of money and stock between that company and now-bankrupt ICT Corp.

Outcome was a \$2,000,000 loss to ICT stockholders. Hall said hindsight made some of the deals look bad now, but they

TIME FOR REFLECTION IS NOW

## Holiday Months Boost Death Toll

The traffic accident records of the next two months will decide whether or not Texans will plunge deeper in the traffic quagmire of death and destruction.

Frankly, the future isn't bright, for December has come to be regarded as the most deadly month of the year — from a traffic standpoint — with November close behind.

In 1955, for example, 263 persons died on Texas streets and highways during December's 31 days, bringing the traffic fatality toll to 2547 for the year. In 1956, 252 were killed during the same period — for a record year's total of 2611.

Thus far, more than 2,000 people have been killed during the current year. The final outcome of a higher or lower toll depends on what the individual motorist and pedestrian does in the next 60 days.

Yes, believe it or not, we more or less have control of our own destiny. If we are careless, we are sure to meet with accidents in every walk of life. But if we are careful and keep on the lookout for hazards, we may easily steer clear of those things which cause trouble. It is folly to say that it is all a matter of luck, because luck actually doesn't enter into it at all.

The degree of safety we enjoy will be determined by our attitudes. A good safety attitude means being aware of potentially dangerous situations we must face each day, and learn-

ing to act in advance so as to prevent accidents.

Consider, for a moment, this season of the year and your own attitudes. We may not have ice and snow within the next two months, but we will certainly have damp, cool and occasional foggy days and nights. We know that winter is on the way just as surely as we know it will be followed by spring. Too, shorter days create special hazards that are inherent with darkness on streets and highways.

Therefore, it behooves each driver and pedestrian to be aware of these unsafe conditions and stay alert to their dangers. Slower speeds are necessary, autos need to be in exceptional mechanical condition and pedestrians must use extra caution when crossing streets.

It is true there won't be much vacation travel in the next two months, but traffic will be heavy during Thanksgiving and Christmas holidays, and over the football weekends. Also, there will be considerably more driving after dark. That is, the earlier hours of the evening will necessitate more nighttime driving. Records of the Texas Safety Association reveal that 14 per cent of all rural fatal traffic accidents occur between 6 and 8 p.m.

One thing for certain, Texans are entering the most dangerous traffic period of the year. A record will be set — whether it is good or bad will depend on each of us.

seemed perfectly all right at the time they were made.

Former employes of Preferred Life testified they had been instructed to conceal records from Insurance Department examiners. Company books did not balance, they said, and there was a backlog of unpaid claims.

TAX STUDY LAUNCHED — For the first time in Texas history, work is under way to draw up the "big picture" on state taxes.

State Tax Commission, created by the last Legislature, has begun its work of finding out who pays how much to the state. Plan is to have the Texas Research League do the data-gathering with help from eminent experts in the field.

Findings will be presented to the next regular session which is expected to be faced with a deficit and the necessity of putting new taxes on someone.

But commission members emphasized they would present no recommendations for new taxes, only facts on current ones.

EARLY END — An early freeze caused a sharp halt in

crop growth for about half the state. It damaged some sorghum fields, reports USDA, and hit all areas which still had late cotton crops to be harvested. Other areas reported ruined maize and damaged grazing.

Freeze was not unexpected in the Panhandle, said USDA, but came unusually early for many south central counties.

AT IT AGAIN—For the third time in a row, a new Travis County grand jury has set to work with the charge to discover any possible misconduct by state officials. Gov. Price Daniel urged the investigation. "Wild and unwarranted charges do great harm," he said, "and the makers should be given opportunity to put up or shut up."

Judge Mace Thurman echoed this view at the swearing-in session. Any citizen with information on malfeasance in office has not only the right,

but an obligation to go to the grand jury, he said. Object: to indict the guilty and clear the innocent of charges from "insinuation or rumor."

PRISON EDUCATOR HON-

## THE AMERICAN WAY

By GEORGE PECK

On the evening of October 26 it was my great privilege to attend a dinner at the Hotel Plaza, New York City. This dinner was given in honor of the NATO Naval Chaplains who were assembled in the United States for a conference. This columnist was invited to this affair as President of the Laymen's National Committee, which organization among other projects, for the past 17 years has sponsored National Bible Week (this year's

George Peck

observance was from October 21 to 27). Attending the conference and this dinner given in their honor jointly by the United States Navy and the City of New York, were chaplains of all 14 nations who comprise the membership of NATO: Belgium, Canada, Denmark, France, Germany, Greece, Italy, the Netherlands, Norway, Portugal, Spain, Turkey, the United Kingdom and the United States. These chaplains are adherents of five great religious faiths: Mohammedan, Greek Catholic, Roman Catholic, Jewish and Protestant.

In welcoming these NATO Naval Chaplains to the United States, on September 11, 1957, Thomas S. Gates, Jr., Secretary of the Navy, made the following statement: "Our concern for Freedom and Peace for all mankind am-

ply warranted the calling of the first NATO Chaplains Conference in the Netherlands in August 1956. This initial pioneering spiritual effort exceeded expectations.

"It is with a deep sense of gratification that the United States Navy chose to act favorably on the recommendation of the delegates that a second conference be convened here in 1957 . . .

"I have the honor to welcome the delegates and observers to our country. May your sessions and deliberations be rich and

valuable. I am sure that the delegates and observers to our country. May your sessions and deliberations be rich and

valuable. I am sure that the delegates and observers to our country. May your sessions and deliberations be rich and

worship God according to the dictates of individual conscience. Our Nation has prospered under God, and the observance of that basic freedom has undegraded the structure of our National Life . . ."

It was my good fortune to be seated next to Dr. Nusret Koymen, Advisor on Adult Education to Turkey's Ministry of Defense. He was a most engaging and interesting dinner companion. Among other things, he told me that the only hope for world peace lies in all nations recognizing God as the fountainhead. "One thing," he said, "that has come out of this conference is that we have found the differences between our several faiths are inconsequential; and that we are as one in our aims and objectives."

Captain Joshua L. Goldberg, Chaplain, Third Naval District USN and Staff Chaplain, Eastern Sea Frontier, presided. In opening the proceedings, he explained why there was no dais for the occasion. "All are seated on one level," he told us, "because that is in keeping with the spirit of NATO, where all member nations are equal. In other words, all of us here tonight are equally close to Heaven."

His Eminence Francis Cardinal Spellman in referring to this, stated that he hoped for the sake of the younger guests, all present, however, would not be arriving at Heaven at the same time. This reminded him of a story which he proceeded to tell to the delight of his listeners:

A 20-year-old Salvation Army lad stood on a city street corner shaking a tambourine. Generous passers-by were dropping coins on the tambourine. Watching this procedure was an 85-year-old man, who finally walked over and inquired for whom

**BROWNFIELD STATE BANK & TRUST CO.**

**BIGGEST ADVANCE IN RECENT YEARS, SAY AUTHORITIES**

**Texas Tech and Texas Agricultural Experiment Station Set Expanded Agricultural Research Program for West Texas**

A program of expanded agricultural research for West Texas was launched recently through a cooperative agreement between Texas Tech and the Texas Agricultural Experiment Station.

The new program was made possible through a specific legislative appropriation to the Experiment Station. The funds became available Sept. 1.

The program will strengthen ties between the Experiment Station and Texas Tech, officials of both institutions declared in a joint announcement.

It will mean an interchange of personnel and facilities for research and training, especially in connection with Substation No. 8, established in 1909 in Lubbock County.

In the past, cooperative research between the Station and Tech has been limited to a few special projects with livestock and insects at Tech in Lub-

bock and at PanTech Farms near Amarillo.

Both Dr. E. N. Jones, Tech president, and Dr. R. D. Lewis, director of the Texas Agricultural Experiment Station, called the new program one of the biggest advancements made in recent years to serve West Texas agriculture.

Four Tech faculty members are initiating the new research—Dr. Clark Harvey, Dr. Ray Billingsley, Dr. John W. Thomas and Chester C. Jaynes.

They have accepted joint assignments with Tech and the Texas Agricultural Experiment Station. Their research will supplement the studies of the present Lubbock substation staff which consists of 11 state scientists and two from the U. S. Department of Agriculture. Lubbock substation scientists may teach in the Tech School

of Agriculture.

Harvey, an associate professor of agronomy, is a specialist in fertility and crop rotations, while Billingsley, an assistant professor of agricultural economics, will make an economic study of water resources as used in agriculture of the Plains.

Economics of the use of machines and various cropping systems are the primary concern of Thomas, an assistant professor of agricultural economics. Jaynes, an assistant professor of agronomy, will assist in the Station's widespread studies of evaluation and improvement of grasses.

**More Research Seen**

Initiation of the cooperative research program is a result of years of effort by Tech Agriculture Dean W. L. Stangel, Vice President D. W. Williams and Director Lewis of the Texas A. & M. College System, and officials of the West Texas Chamber of Commerce.

When additional funds are provided, Director Lewis said that research will be expanded on such problems as production potentials and market demands for Plains-grown horticultural and specialty crops, and utilization, management and economics of home-grown feed crops for livestock and poultry enterprises.

Still other problems relate to

**INITIATE PROGRAM** — Four Texas Tech scientists will initiate research projects aimed at benefitting West Texas under a new and expanded cooperative program between Tech and the Texas Agricultural Experiment Station. From left: Dr. Ray Billingsley, Dr. John W. Thomas, Chester Jaynes and Dr. Clark Harvey.

through United Artists release, "My Gun Is Quick" will star Robert Bray as handsome and vigorous Mike Hammer, the tough private eye who is the leading proponent of the kiss-and-mayhem school of sleuthing.

Four luscious actresses, oddly enough all recruited from television, appear opposite Bray. Whitney Blake is a blue-eyed blonde who plays a

**TECH LINEMAN MOVES UP**

**Turnbow Has Knack Of Doing Unexpected**

Texas Tech's Bill Turnbow believes the familiar beliefs that a good lineman is felt by the opponents and not seen by the fans.

Besides being good enough to be promoted to the Red Raiders' first team for the Tulsa game this week, the sophomore center from Burk Burnett has the knack of pulling the spectacular.

Take, for example, the Arizona game.

Jim Tate, Arizona's 9.6 speedster, was sprinting down

the sideline, when Turnbow and quarterback John Riddle converged on him. Tate kept going toward the Tech goal, but the ball arched prettily about 10 feet high and into the field of play. Executing a smooth circle, Turnbow grab-

bed the ball as soon as it reached shoulder height and headed back toward the Arizona goal. His return sent the Raiders some 15 yards toward their go-ahead touchdown.

Later, Turnbow, going downfield on a Tech punt, glanced over his shoulder to locate the ball. It was falling just ahead of him. Almost at the moment Turnbow straightened his head, the Arizona safetyman got an armload of the football and a chestful of the Raider center, going topspeed. The impact left both sprawled on the ground.

**SAVE MORE and CLEANER COTTON**

with the **JOHN DEERE No. 16 Two-Row Mounted Stripper**

**IT'S ADJUSTABLE TO ALL ROW SPACINGS**

Fast, efficient stripping and thorough cleaning make profits for owners of the John Deere No. 16 Two-Row Mounted Cotton Stripper. You'll save \$30 to \$50 or more per bale over hand-picking costs—save more higher-graded cotton than ordinary machines.

The John Deere No. 16 Stripper is adaptable to stripping in any row spacing from 36 to 42 inches by 1/2-inch adjustments to meet your conditions exactly. It's easier to mount on the tractor... easier to operate and adjust.

Come in soon. We'll be glad to go over all the advantages in owning a John Deere No. 16 Stripper.

## Our Places of Worship Here...

**WESTSIDE BAPTIST CHURCH** — Pictured are Westside Baptist Church and its pastor, the Rev. S. R. Respass. The church is located in the 1100 block of West Powell. The parsonage is at 1109 West Hill. Sunday schedule: 10 a.m., Sunday school; 11 a.m., worship; Training Union at 6:30 p.m., and 7:30 p.m., worship. Prayer meeting each Wednesday at 7:30 p.m. followed by Brotherhood, Woman's Missionary Society and the various auxiliary meetings. The church has around 130 members with an average attendance in Sunday school of 50.

## Truck Styling Hits Its Peak in the New GMC School Menu

PONTIAC, MICH. — Truck styling, growing rapidly in commercial value to truck owners, came to its postwar peak today as the GMC Truck & Coach Division announced its 1958 model GMC light and medium duty trucks.

The new line of GMCs features dual headlamps blending smoothly with new grille, hood and fenders to shape in majestic fashion an exterior counterpart equal in significance to the powerful new V-8 engine beneath.

In making the new model announcement, Philip J. Monaghan, vice president of General Motors and general manager of the division, said the styling and engineering improvements for the 1958 product give truckers an entirely new set of values for their businesses.

"In the refreshingly beautiful appearance of our GMC models we are offering truck buyers a smart new 'face' for their commercial enterprises that will reflect their quality and up-and-coming facets so desirable to have been seen and known," Monaghan said.

7,000 lb. and 10,000 lb. GVW package delivery models.

A new transmission, the Allison Torqmatic, designed specifically to meet the needs of truckers, has been placed in the new GMC models 370 and up through the 600, which cover weight ranges from 32,000 to 55,000 lbs. GVW. The Torqmatic, succeeding the Hydra-Matic for these models, is basically a torque converter in series with a planetary gear train operated through a hydraulic control system.

The 336 engine, available in all models up through the 500 series, has a uni-cast cylinder block and upper crankcase of nickel chromium alloy cast iron to insure long wear and proper hardness. Full-length water jackets completely surround each cylinder for proper cooling, and the 64½ pound crankshaft is drop-forged from heat-treated steel. Tin-plated, cam-

(Following is the menu for all Brownfield school cafeterias the week of Nov. 11-15)

**MONDAY**  
Tuna loaf, buttered corn, pickled beets, cheese stick, apricot halves, cookies, bread and milk.

**TUESDAY**  
ground aluminum pistons combine light weight, fast heat conductivity and controlled expansion without permitting excessive inertia loads on bearings.

A heavier, stronger front frame cross member provides greater frame rigidity and minimizes front end flexing on all GMC models from the 100 series on through the model 370. A new bulkhead type radiator mounting has the radiator core bolted directly to the radiator support tie bar and side baffle assembly which in turn is spring-mounted to a frame bracket for more rigidity.

Italian spaghetti, meat sauce, glazed carrots, English pea salad, French bread, garlic butter, banana pudding and milk.

**WEDNESDAY**  
Sausage, rice, blackeyed peas, celery sticks, candied yams with marshmallows and coconut, yeast biscuit, butter and milk.

**THURSDAY**  
Beef stew, cheese toast, crackers, cabbage and pineapple salad, peach cobbler, ice cream and milk.

**FRIDAY**  
Chicken fried steak, cream gravy, tossed salad, mashed potatoes, green beans, fruit Jello, hot rolls and milk.

"The only store on the Plains that sells infants furniture only . . . from Bassinette to youth bed."

TWO DOORS WEST OF THE MATERNITY SHOP

**No. 1**  
A total of 74 Brownfield Cubs took part in the Post event. Next meeting will be at 7:30 p.m., Dec. 5 in Veterans Hall here, occasion of the pack's annual Christmas party.

Jacobin Clubs, made up of the most fanatic of the French Revolutionists, were named for the convent where they met.

**No. 2—**  
chief credit for establishing a program whereby men in state prison can complete a high school education. Some 188 have received diplomas.

Former Gov. Allan Shivers, who appointed Beto to the board, served as master-of-ceremonies for the luncheon. Governor Daniel also joined in the tribute. Beto is president of Concordia Lutheran College in Austin.

**SHORT SNOWS** — State Health Department sounded a sober note of caution to fall hunters. Gun accidents killed 169 Texans last year. Department suggests hunters study firearm safety rules, go easy on drinking and avoid getting overtired. . . . After study, directors of the State Bar of Texas said they didn't agree with the American Bar Association

### No. 3

the collection was being taken. "This money is for the Lord," the young man replied. Without further adieu, the old fellow scooped up the money from the tambourine and put it in his pocket, remarking as he did so, "Well, I'll be seeing Him long before you and I'll give it to Him."

To finish on a serious note, the dinner was a grand affair, and what is of most importance, those participating declared their convictions that the Conference had served "to further cement the bonds of friendship that bind the NATO nations together as Free Nations Under God."

canon prohibiting photographic coverage in courtrooms. Control should be with the individual trial judge, they said. . . . Maco Stewart, University of Texas and Princeton University graduate, has been appointed to Atty. Gen. Will Wilson's staff.

"THEY'RE CATCHING ON, BUT THEY CAN'T CATCH UP." That's how lots of people feel about the "new 1958" cars that are trying to match the Dodge Swept-Wing look. These other cars have been lowered some, but still seem high and boxy by comparison. A few are "catching on" to fins, but they're years from

"catching up." And the air suspension offered by some cars (at well over \$100 extra) can't compare with the sway-free, dip-free ride of Dodge Torsion-Aire (standard equipment on all models). So on your way home from someone else's new car showing, stop in and compare it with Swept-Wing 58 by Dodge. You'll see what we mean.

Watched your wife do the wash, lately?

**Smart MODERNS**  
GO GAS FOR GIVING!

Back yard clothes drying is a battle at best. Try it once, sir, and you'll see why the worst part of washing is the drying . . . and why a dryer is the biggest boon to womankind since the advent of clothes! During the holidays ahead, your wife will have her hands full without the workout that goes with washing. Make her job easier with a GAS clothes dryer . . . and find out why happy wives make husbands happier. And by the way: the cost is only \$2.64 a year for a family of four! Phenomenal, isn't it?

## From The Huddle

By CHARLIE MAPLE  
NEWS Sports Editor

**WEEKEND WANDERING . . .** the alert ears of James Roberts of The Andrews News. He says he overheard it at a colored football game played in Andrews a couple of weeks ago.

"Man, whut in de world is de mattuh wid ya? In practice last week, ya wuz runnin' like a satellite and now ya ain't doin' nuthin' out there," the coach thundered.

"Well coach," said the sweating athlete, "a satellite needs space to move aroun' in—and there ain't no space out there!"

**T.I. L. NOTES . . .** Interscholastic League has adopted a rule in basketball eliminating jersey numbers greater than five. Rules also provide that no jersey be numbered with 1 or 2 except as a digit in another number such as 12).

The league also recommends that even numbers be used on light jerseys and odd numbers on dark jerseys.

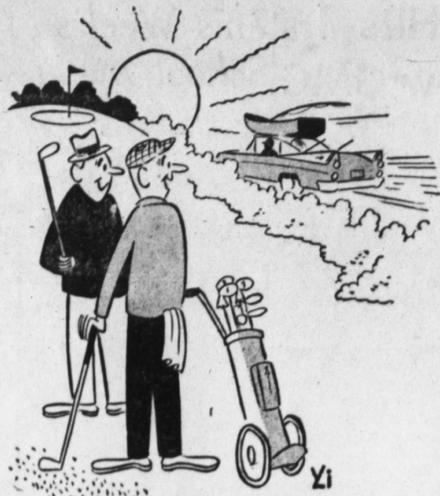

A transition period has been set up to allow schools sufficient time to change to the new system without immediate purchases. The change must be made when new jerseys are purchased, however.

Starting date for the 1958 football season has been set for Aug. 29 in 4A and 3A and Aug. 28 in 2A, 1A, B and Six-Man.

**TECH STADIUM . . .** We were favorably impressed with the plans outlined for the expansion of Tech's Jones Stadium. If everything goes as planned, we should have an athletic arena every West Texan can be proud of.

We only hope that the Tech student is not lost in the scramble to make money and make the stadium a little plushier. The students were shuttled out of their section once before when we were in school and battle lines were drawn for a while.

Though the student does not put much in the till, we have always felt he has as much or more right to good seats as the fan who pays the full price. After all, it's the student's school and the student's team. We digress here, but we are

"Can you imagine anybody crazy enough to get up this early in the morning to go fishing?"

glad Tech is on the road to bigger and better things. We are looking forward to the same thing, on a smaller scale, here before we get old and grey.

### CLOSING CLIPS . . .

Max Black, formerly of Brownfield, is reported to be coaching at Tulsa now . . . Jerry Bailey, who is playing end for ENMU, is the leading Greyhound pass receiver with 14 catches good for 223 yards and three TD's . . . Polk Robinson's visit here last week is likely to be the first of many by Tech coaches . . . They'll probably be beating the bushes the next year or so as they prepare for the 1960 SWC race . . . Since basketball is fast approaching, we want to begin running some info on prospects for county teams pretty soon . . . How about some info as soon as possible, coaches?

Mr. and Mrs. Jack Bynum of Casper, Wyo. have been visiting his parents. Mr. and Mrs. Virgil Bynum of 712 East Main, and other relatives in Brownfield for the past 10 days. They returned home this week.

Alberta, a province in Canada, was named in honor of one of Queen Victoria's daughters. An almond tree usually reaches a height of 20 or 30 feet.

## Speed, Balanced Attack Key To Miner Offense

The Miners of Texas Western still rely on speed above all, and have a balanced passing-running attack and a tough defense.

The coach is new—that is, he wasn't head coach last year. Ben Collins has been backfield coach at the El Paso school since 1946, but he took over as head coach this summer when Mike Brumelow moved to an administrative job.

But Collins is sticking with the system that he helped install, and he has much the same staff that helped mold the Miners into a championship team last year. Many of the same players are on hand, too.

Texas Western has a fine line. It is small by some standards, but big in spots and mobile all over.

Top players up front are Dick Forrest, 175-pound all-conference end and team captain, and 200-pound tackle Dan Boyd. Boyd was second team all-conference last year, and is bidding for top honors this season.

But it is the Miner backfield that draws the most raves. Texas Western has two of the best halfbacks in the business in fleet Don Maynard at left half and right half Jimmy Bevers, almost as fast as Maynard.

Fullback is Charlie Ward, 190-pound senior who must rank

with the best in the conference, while at quarterback Collins can call on either Bob Laraba, a sharp-passing junior who was all-conference last year, or Bob Forrest, the Miners' slickest runner who was all-conference honorable mention in 1956.

Maynard, 175-pound senior, is the team's flashiest player, and he's a fellow that the defense must watch at all times.

A 9.7 hundred yard dash man and a high school and college hurdle champion, Maynard not only has the speed to make him dangerous as a pass receiver or as a runner, but he has the quickness and faking ability that enables him to break up ball games.

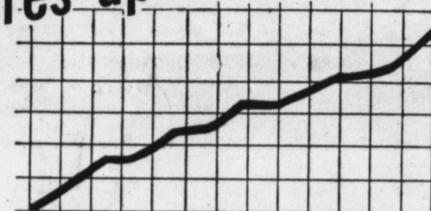

"Maynard is a key man even when he doesn't have the ball," says Coach Ben Collins. "When

he goes downfield on a possible pass play he takes several players with him. They have to be careful with him or he'll score. That means that he's better than a blocker on many plays."

Bevers also is a dangerous man, and is the key player in the Miners' running game. He hits the line very quickly, and has the speed to score from anywhere. He was the team's leading runner and scorer last year.

The Miners' second unit also has been impressive, although it has not shared playing time equally with the first unit.

measures up all ways!
