Quarterback Club Call Off Meeting Monday

Monday's meeting of Brownfield Quarterback Club has been cancelled.

"Next session of the club will be held Jan. 6, in the Fire Department, as usual," said Clarence Griffith, QBC president.

The group currently is making arrangements for its annual football banquet, Dec. 9.

Ouch! Terry's 1957 cotton harvest — it stands at 29,316 bales.

The count is as of Friday noon. For same period last year: 24,224. This time last year: 26,625.

Next door in Yoakum, farmers have ginned 8,771 bales.

U.S. Labor Department wage findings for Terry: First pulling irrigated, \$1.50 to \$1.35 per hundredweight. First and second pulling dry-land, \$1.50.

Cubs To Open 1957 Cage Drive Tuesday

The Cubs will open their 1957 cage campaign when they play host to the Seagraves Eagles here Tuesday night, according to Coach Farris Nowell.

B teams will clash at 6:30 p.m., and the varsity contest will follow at 8 p.m.

The Tuesday matches will mark the fourth time the two schools have met in the round-ball sport. The Cubs have a 2-1 edge over the Eagles in games played the last four years. Brownfield's victories include 36-34 (in overtime) and 57-42 while losing, 45-41, to the visitors.

Compress Employee Suffers Broken Hip

Jim Abney, 68-year-old West Texas Compress employee, underwent surgery at Lubbock Methodist Hospital Friday after suffering a broken hip during last week's icy weather.

Fellow workers said Abney, who lives on Route 1, fell last Friday when he started to climb some steps.

Yule Bazaar To Be Held On Thursday

Brownfield Garden Club will hold its annual Christmas Bazaar from 2 p.m. until 6 p.m., Thursday in Seleta Jane Brownfield clubhouse.

"The bazaar will be the place to get those necessary Yule accessories, such as centerpieces for the table and mantle decorations," said Mrs. Lee Fulton, general manager.

Homemade candles also will be sold by the members.

The table arrangements will be under the direction of Mrs. Clarence Lewis, and Mrs. Virgie Travis will be in charge of those for the mantle.

Hostesses will be Mmes. James King, A. J. Bell, Fred Turner.

"You can save time and patience by purchasing those Christmas extras next Thursday," said Mrs. L. M. Lang, BGC reporter.

Soil Practices Are Approved in Terry

A total of 11 soil conservation practices under the Great Plains Conservation Program have been approved for Terry County, according to Henry Williamson, head of Terry SCS and chairman of the program committee.

Included in the approval are the rates at which the federal government will share the cost of installing the practices, said Williamson.

"These rates, based on average cost of work in this county, range from 50 to 80 per cent of the total cost of installing each practice," he noted.

The SCS head said approval of the practices and the cost-share rates worked out by the county program committee has cleared the way for the first application. "Applications can be submitted to the SCS office at any time," revealed Williamson.

"Purpose of the program is to develop an agriculture which resists the weather extremes that are a constant hazard in the Plains area," explained Williamson. "This will contribute to a more stable economy."

The Terry program committee urged participation in the program this year. "We have moisture now, which will give the program a good start," noted the committee. "This is the time to prepare for possible future drought periods."

Williamson pointed out that the foundation of the program is a complete soil and water conservation plan for each farm or ranch.

"The farmer or rancher agrees to establish all needed measures in his plan with a three-year nor more than 10-year period," he said.

"When the farmer or rancher becomes a party to the contract, the money for the government's share of the cost is set aside for his part of the program."

Congress, in providing for the program, authorized \$150,000,000 for a 10-year period, but specified that not more than \$25,000,000 will be spent in any program year, noted the chairman. A total of \$10,000,000 was appropriated for the first year.

Members of the Terry program committee are Williamson, Bob Land of Farmer's Home Administration, Jim Foy of the Extension Service and

Carl Golden of Agriculture Conservation Practices.

Aiding in the committee's work are L. M. Waters Jr., Bruce Zorns, C. E. Hicks, James Thurman and R. J. Purcell, all members of the TSCD board of supervisors, and Looe Miller of Terry Agriculture Stabilization and Conservation office.

Practices approved for Terry County and federal share of costs include:

1. Initial establishment of a permanent vegetative cover as part of an improved cropping system or as a needed land-use adjustment. Establishing cover: 80 per cent. Establishing grass: 80 per cent.

2. Initial establishment of field strip-cropping to protect soil from wind or water erosion. 80 per cent.

3. Initial establishment of contour strip-cropping to protect soil from wind or water erosion. 80 per cent.

4. Improvement of vegetative cover on range land by artificial reseeding for soil protection. Seeding operation: 80 per cent. Cost of seed: 80 per cent.

5. Initial establishment of

COUNTY REACHES 106 PER CENT

Terry Exceeds Savings Bond Goal In First 10 Months With \$176,970 Total

Terry eased over its 1957 savings bond goal last month when \$2689 worth of bonds were purchased, bringing the year's total to \$176,970, according to J. O. Gillham, county chairman.

The October total advanced Terry to 106.7 per cent of her quota, which is good for second position in eight-county District 5. Only neighboring Yoakum out-distances Terry with 122.9 per cent.

Terry is one of 27 counties throughout Texas that has achieved the 1957 sales goal. However, District 5 still lags far short of its \$3,536,870 goal.

The district comprises Cochran, Garza, Hockley, Lubbock, Lynn, Yoakum and

Terry counties.

With the Yule season fast approaching, Gillham urged residents to boost Terry further over the goal by purchasing savings bonds for Christmas gifts.

"A special gift envelope will be available for gift bonds purchased from now until Christmas," said the chairman. "The envelope bears the label that now is traditional for savings bonds — 'The gift that keeps on giving' — and on reverse side is space for an inscription, 'A gift today for a bright tomorrow.'"

The envelope is available at banks where gift bonds are purchased, added Gillham.

Used Toys Are Sought

Goodfellows this week issued a plea for paint, parts or any other item that can be used to repair toys to be issued to Terry's needy children this Christmas.

Goodfellows asked that these contributions be left at DeWitt's Welding Service on Seagraves Highway, to repair headquarters for the annual drive.

New toys contributed to the drive are being collected at J. B. Knight Farm Machinery.

"We are prepared to repair any used toy brought to us," said Stafford. "Our headquarters is the first business building on the square. See No. 3 page 2

NOTES TERRY COTTON SLIGHTLY BETTER THAN AVERAGE

South Plains Cotton Buyers Predict More Cotton Than Usual To Go Into Loan Because of Low Quality; Low Price Predicted

By BEN McCARTY NEWS Correspondent

Terry County cotton farmers can expect a steady movement of cotton buying during harvest, but it is the consensus of cotton buyers for the South Plains area that more cotton than usual will go in the loan.

This year's late season and bad weather have caused cotton to be of a lower grade than usual. Because of this, the buying has been limited.

One buyer stated that there simply has been no demand for the low quality cotton, and buyers cannot afford to get much on hand because shippers might not take it from them. It was his opinion that the light spot cotton would be bought and the straight spot would have to go in the loan.

He added that the cotton bought this year would be at a lower price since such a premium was on the high-grade cotton.

Another buyer stated that the

lower grades will reduce the finished retail price, but the cotton still will sell. He predicted that half of this year's crop will be bought and the other half will go in the loan.

In the opinion of another buyer, farmers should put a certain percentage of their cotton in the loan as it is harvested in order not to flood the loan after all of it is gathered.

This buyer said, before last week's snow, that he would be afraid to buy a bale of cotton after the next rain or snow because he couldn't afford to stock up on the low-grade cotton without getting a price on it from shippers.

He added that shippers are holding back to see what the grade and micronaire of cotton from this area will be, and that this delay is causing low prices and slow buying.

The buyers also predicted that most of the cotton brought in now will be classified either strict low middling

spot or low middling spot. Loan prices for these two classifications are: strict low middling spot—15/16 inch, 22.65; 31/32 inch, 23.25; 1 inch, 23.75. Low middling spot — 15/16 inch, 20.25; 31/32 inch, 20.65; 1 inch, 21.10.

The micronaire of cotton brought to the classing office in Lubbock from Terry County has been above the area average for the whole season.

Terry County's micronaire average is 4.0 per cent, while the average for surrounding counties is 3.9 per cent. Micronaire is considered good between 3.5 and 5 per cent.

Only 12 per cent of the bales from Terry have been below 3.5 per cent, while 19 per cent of the bales from the area have been under the mark.

Buyers also feel that much of the cotton brought in after the last snow will range between 2.0 and 3.0 per cent in micronaire. This, they say, will lower the price even more.

"THE TALL ONE" — Completely assembled by now, the giant Santa Claus on north side of the courthouse square was scattered pretty well Monday afternoon as workmen placed him upright for the fast-nearing Yule season. The tall one demonstrating the size of Santa's boots is City Secy. Jake Geron — and he's really tall. A benign but bodiless Santa looks quietly on. This is the second year in which Santa will reign in downtown Brownfield. He's property of the Brownfield Chamber of Commerce, whose manager, Joe Satterwhite, spent most of Monday in the assembly area. (NEWSfoto)

SHELTON URGES PATRONS TO REMEMBER DATES

Brownfield Postal Employee Will Be Prepared for 'That Rush' Again

By CHARLIE MAPLE NEWS Staff Writer

With a late rush of Christmas mailing in the office because of a delayed crop, Postmaster Joe Shelton this week urged residents to begin the annual ordeal as early as possible.

"It is especially important that parcels bound for overseas destinations are mailed by Dec. 1," warned Shelton. "After that department does not guarantee that a parcel will be delivered by Christmas."

The postmaster urged residents to mail cards and packages going out of the city prior to Dec. 10. "Any mail to be de-

livered here should be in the post office by Dec. 15," he added.

Shelton warned postal patrons to follow these dates if possible because, he said, this year's late crop likely is to keep many persons from post office windows until the last two weeks before Christmas.

He requested that patrons bundle Christmas cards into those going out-of-Brownfield and those to be delivered here. "Free labels are available to mark the different bundles," added Shelton.

Shelton listed correct packing as the most important item in

preparing a parcel for the mails. "Since all mail is shipped in sacks, it does not receive the careful handling often needed," he said. "Therefore, it is important to use the proper size box, wooden or strong cardboard, and to be free with packing materials."

As an added protection, Shelton said it is a good idea to insure or register the parcel. "As little as 10 cents will insure an item valued at \$5 to \$10," he said. "A \$200 item can be insured for only 40 cents."

The postmaster revealed that parcels also can be indemnified See No. 4 page 6

HIT IT LIGHT — So it seems that Mrs. Jean Goodnight of 301 East Hill, is telling Brownfield postal clerk Fred Adams as he stamps her parcel. The photo was taken to illustrate

the upcoming Yule rush of mailing expected to begin here soon. Postmaster Joe Shelton said the parcel is an illustration of a well-wrapped and protected package. (NEWSfoto)

Grain-Drying with Unheated Air A Success, Farmers Report

ONLY ONE OF MANY grain-dryers using unheated air now in use all over the U. S. is this Stran-Steel installation owned by the Pruemer brothers near Teutopolis, Illinois. By mid-October of last year they had field-shelled their corn-crop, dried and stored it—and cut their field losses by more than two-thirds.

Grain-drying with natural unheated air is no longer a theory. It works, and it should work because it's the same air that has been ripening and drying the grain in the field.

Across the nation innumerable farmers have adopted the system. By far the majority of successful systems now in operation have been the pre-engineered and factory-built ones such as those manufactured by Stran-Steel Corporation (photo above). This installation forces air through the grain by semi-pressure fans. Moisture-content of the grain is brought down to safe storage level within a matter of days; the fans can then be reversed to cool the grain and provide spoilage-free storage indefinitely. Stran-Steel has recently released information based upon

farmers' experiences with their drying system which proves the revolution in traditional methods of harvesting, drying and storage of grain is rapidly taking place. The majority of the farmers report cutting field-losses by at least two-thirds—equal to gains of ten bushels an acre or more—substantial savings in time, labor and elevator fees. Importantly, the system, which uses only electricity, is much more economical than hot-air systems which require fuel.

No. 2

permanent sod waterways to dispose of excess water without causing erosion. Shaping waterway: 80 per cent. Growing dead litter cover: 80 per cent. Establishing vegetation: 80 per cent.

6. Constructing terraces to detain or control the flow of water and check soil erosion, 70 per cent.

7. Constructing diversion terraces to intercept run-off and divert excess water to protected outlets, 70 per cent.

8. Reorganizing irrigation system to conserve water and prevent erosion, 50 per cent.

9. Constructing wells for livestock water as a means of protecting vegetative cover. Drilling well: 50 per cent. Casing: 50 per cent. Water storage facility: 50 per cent.

10. Controlling competitive shrubs to permit growth of adequate desirable vegetative cover for soil protection on range or pasture land. Root plowing: 50 per cent. Seeding: 80 per cent.

11. Construction of permanent fences as a means of protecting vegetative cover, 50 per cent.

All figures listed for the 11 practices will be based on the average cost throughout the county, concluded Williamson.

You hardly can imagine how satisfied and proud I was to hear from one of Paul's hosts in Brownfield, as to what a good impression he made on you.

Actually, I could not help showing your letter to all my relatives and friends, and to tell them of the kind and hearty reception my son received in your community and of the good understanding he achieved by his presence there.

Since Paul has come back from the United States, he has told us for hours and hours about his impressions he received while staying with you, and I can assure you that they are "as good as they can be." Besides, his numerous pictures he brought home from his trip have given us a vivid aspect of your wonderful country and her friendly people.

The aim of Paul's visit was to come to a better understanding of the American people. He got it not only for himself but for all of us here.

I do not want to close this letter before thanking you for your kind invitation and reception of my son, and expressing my hope to receive you as our guest one day in Germany.

Sincerely yours
Frau Grete Arnold
Hagen (Westf.)
Schillerstr. 24.
GERMANY

FIRST TEXAS ENTRY

From a cotton export port comes the first Texas entry in the 1958 Maid of Cotton contest. She is Rikki Clark, 19-year-old daughter of Mr. and Mrs. Ben Clark of Galveston. The hazel-eyed, black-haired beauty is a sophomore at the University of Houston, where she is majoring in clothing and textiles. She is a member of Delta Phi Epsilon Sorority and was chosen third in a campus contest to find the "Best Dressed Coed." A graduate of Ball High School in Galveston, she also has attended the University of Texas and the University of Miami.

Rikki, who stands five feet, six inches tall, has modeled in charity and civic fashion shows at Galveston. She has been Shrimp Bowl Queen and a finalist in the Blue Bonnet Ball contest and in the Miss Splash Day contest.

Deadline for entries in the 1958 Maid of Cotton contest is December 1. To be eligible, a girl must have been born in a cotton-producing state, must be between 19 and 25, must be at least five feet, five inches tall, and must never have been married. The girl chosen Maid of Cotton will travel 50,000 miles on an international tour and will be presented an all-cotton wardrobe created by leading American designers and a new Ford car. Applications may be obtained from the National Cotton Council, P.O. Box 9906, Memphis 12, Tenn.

BEHIND AMERICAN BUSINESS SCENES

Red Satellites Credited With Dealing Blow To Complacency Of Americans Concerning Scientific, Engineering Gains

By REYNOLDS KNIGHT

Economic Analyst
NEW YORK — The Russian satellites have done what no amount of oratory could do to shatter American complacency and make us look hard and long at the tremendous gains in science and engineering Russia has made over the past 30 years.

While the United States enjoys a substantial lead in the number of college graduates, we are currently employing fewer people in science and engineering than the Russians, according to Dr. Nicholas DeWitt of Harvard University's Russian Research Center.

Furthermore, he told a recent conference on engineering and scientific education, the material incentives offered Russian scientific personnel are "substantially more generous than those offered in our society."

And a scientific career is about the safest way of life there is in the Soviet Union, this educator points out. "Psychologically, the sciences, under Soviet conditions of totalitarian control, are seen as intellectually more rewarding — and politically less hazardous — than other fields of endeavor," he says.

SOARING SOYBEANS — A major change in American agriculture has been taking place during the last 20 years. As reported by Cargill, Incorporated, the nation's leading handler and processor of farm products, soybean production in

1956 was nearly 10 times what it was in 1936. Consumption of both soybean oil and meal was nearly twice its 1946 rate.

Value of the 1956 crop to farmers was in the neighborhood of a billion dollars. The 1957 income will be higher still, due to record yields per acre, according to Cargill, largest processor of vegetable oils in North America.

Use of the beans is effecting great changes in U.S. and world diets. Consumption of the edible soybean oil here has skyrocketed, and the high-protein meal that remains after oil extraction has gone a long way toward boosting the production and value of the meat that Americans have been eating at an ever-greater rate. Export of

oils, chiefly to the Orient, has helped to upgrade diets that had been dependent almost solely on cereals such as rice.

THINGS TO COME—An umbrella of translucent plastic has a small purse for tokens and coins attached to its handle, so they're readily available for rainy-day shoppers. . . . A portable washing machine weighing only nine pounds can be set into a sink full of suds to handle a four-pound bundle of wash in seven to ten minutes. . . . Snow glasses have a special "winter lens" that eliminates deep purple shadows and screens out sun glare.

MIGHTY MITES — Semiconductors — those tiny, match-head-size basic components of electronics — are produced by an industry whose business this year will exceed \$125 million. This in an industry that barely existed five years ago! Sales for the year 1960 are forecast

at \$350 million and by 1961 volume should exceed \$450 million. The business of making electronic components that replace vacuum tubes many times larger and perform more efficiently under vastly more rigorous environments shows none of the slackening tendencies that beset other industries, according to a leading semiconductor manufacturer, Hughes Aircraft.

Joseph S. O'Flaherty, manager of Hughes' semiconductor division, said the division now expects 1957 sales to total at least 25 per cent more than was foreseen at the start of the year. Yet, with dollar volume increasing about 70 per cent over 1956, unit volume will be doubled, O'Flaherty said.

I am but a gatherer and disposer of other men's stuff. — Sir Henry Wotton.

FOR SON'S RECEPTION HERE

Letter Conveys Mother's Appreciation

(Paul Arnold of Hagen, Germany, spent 10 weeks this past summer as guest of Brownfield Rotary Club. Following is a letter from his mother to the manager of Brownfield Chamber of Commerce, Joe Satterwhite, who also is a Rotarian.)
Dear Mr. Satterwhite,

It is hard to say, how pleased I was to receive your kind letter of Sept. 21. I hope you do not mind that I did not answer before today. In fact, I could not write in your language, and Paul, who had to translate this letter, was so busy after his return from your country.

Highlights and Sidelights State CAPITOL

By VERN SANFORD
Texas Press Association
AUSTIN, Tex. — Legislative machinery is not built for speed. This was demonstrated as Texas lawmakers moved in to their third week of work on a bill designed to prevent occupation of schools by federal troops.

A multi-hour filibuster by Sen. Henry B. Gonzales bogged down proceedings in the upper chamber. House members marked time to wait for Senate action. This apparently was to allow the House committee to consider both the Senate and House proposals before reporting.

Earlier, both House and Senate committees heard a number of religious and educational leaders speak against the bill. Protestors said, in effect, that

the measure would be detrimental to the school system and would encourage violence. Legislative proponents retorted the witnesses seemed "more interested in cramming social dogma down our throats than in educating our children."

STILL AT IT — Texas are riled about the tide lands again. A suit filed by U. S. Atty Gen. Herbert Brownell the day before he left office seeks to establish the tidelands boundaries of Gulf Coastal states (including Texas) at three miles out.

Texas claims tidelands 10 1/2 miles out by virtue of its 110-year-old annexation agreement with the U. S. A law passed by Congress in 1953 requires the federal government to respect the states' historic boundaries.

Gov. Price Daniel called on

Brownie Troop 309 Holds Meet Friday

Brownie Scout Troop 309 opened their meeting with the Brownie Promise when they met Friday in Little Scout House.

New patrol leaders were elected and each patrol took turns at making fudge which was later served for refreshments. They worked on Christmas gifts for mothers and fathers. Games were played and names drawn for Christmas gifts.

The meeting was dismissed with the singing of "Brownie Goodby Song" as they went through the magic tunnel.

The following girls were present: Kaye Boroughs, Vickie Daugherty, Jane Priest, Sharon Sue Doss, Nora Holleman, Nina Williams, Lucille Holleman, Claudie Peters, Gladys Noel, Billie Hensley, Mrs. J. D. Williams, leader, and Mrs. Carl Peters, assistant leader.

the Legislature to protest to President Eisenhower concerning Brownell's action. Daniel, who co-sponsored the 1953 tidelands bill, read a letter from the President which said, in effect, that he would continue to honor Texas' claim.

House immediately passed a resolution in keeping with the governor's request.

Daniel said that Brownell "added insult to injury" by asking in his suit that Texas be required to pay to the federal government money received from leases on tidelands beyond a three mile limit. This would amount to more than \$26,000,000 which the state has salted away in the public school fund.

House also passed a resolution asking Congress to call a constitutional convention. Purpose would be to draft amendments limiting the power of the federal government where it infringes on state powers.

LAKE STUDY PROMISED—Governor Daniel promised advocates of free use of rural lakes that they will have their inning.

A number of legislators from rural areas have tried during the special sessions to change the law which limits water in small (200 acre feet or less) farm ponds to livestock and domestic use. Freedom to use the water for irrigation is sought.

Present law requires a special permit from the State Water Board to gain irrigation privileges. Farmers say getting

Northwest HD Club Slates Yule Party

Plans for a Christmas party were completed when Northwest HD Club met with Mrs. Wayne Cadenhead Monday afternoon.

Date for the Christmas party was set for Dec. 13 in the home of Mrs. Terrell Bell. A turkey supper will be served buffet style and gifts will be exchanged by members and their families.

A four-part program on Christmas holidays was given. Mrs. Bell gave points on useful and economical gifts. She also gave a demonstration on gift wrapping.

Mrs. Dub Branch spoke on

Traffic Victim Still in Critical Condition

A Brownfield High School student, injured Tuesday in an automobile accident 7 miles north of Gomez, remains in "poor" condition today, according to Lubbock Methodist Hospital attendants.

Alene Brown, daughter of Mr. and Mrs. Jack Brown of Pool Community, suffered a fractured pelvis and other internal injuries about 6:45 p.m. Tuesday when the car in which she was riding overturned.

and too expensive.

But spokesmen for cities and downstream users vigorously oppose a change. They fear wholesale irrigation would dry up the streams leaving no water for them.

Governor Daniel said he would not submit this issue to the special session which "if dragging enough as it is." But he promised a study of the problem with a view, perhaps to making permits easier to get.

INSURANCE QUIZ — Senate investigating committee continued to put Insurance Department employes on the carpet to determine how well that agency is carrying out its functions.

Asst. Comm. Paul Connor took full responsibility for a three-months delay in action on a critical report concerning Perferred Life of Dallas. It was handled as quickly as possible "under the circumstances," said Connor. He pointed out the department was in a period of reorganization at the time and that it received hundreds of such reports.

A NATO report says West faces scientific crisis.

Minister Will Attend Dallas Baptist Meet

Dr. Jones W. Weathers, pastor of First Baptist Church, will fly to Dallas Tuesday to attend a meeting of the executive

board of the Baptist General Convention of Texas. As a member of that board he will assist in electing administrative personnel and in naming members of important

committees to function during the coming year. The board will be hearing reports from a Six-Year Progress Committee engaged in a study of an advance program for every phase of Baptist work to culminate in a jubilee celebration in 1964.

Bell PTA To Have 'Stay-at-Home' Here

Frances Bell PTA of West Ward School is staging a stay-at-home-night this week to raise money for their year's work. Each child will be given a poem Monday to take home to his parents. Parents are asked to send a dollar or more to school by the child. This money will be used to meet the year's budget of the Frances Bell PTA.

According to Mrs. Fred Smith, chairman of finance, the budget can be met if all parents cooperate. Mrs. Phil Gasch, a member of the finance committee, says, "This form of raising money is cheaper in both time and money than having bake sales, suppers or carnivals."

MAZE OF SLOTS — Hubert Grant, left, of 117 West Broadway, and Hayden Griffin of 204 East Broadway, stuff mail into the proper slots at Brownfield Post Office. Their job will mushroom to a gigantic headache during the Christmas mailing rush. To speed the operation, Postmaster Joe Shelton urged residents to address all mail completely and clearly. (NEWSfoto)

No. 4

up to \$1,000 for a registry fee of \$2. The post office can insure parcels up to \$200. All others must be registered, he added.

Claims For Damage
Shelton pointed out the majority of claims against the Post Office Department are for dam-

age rather than loss. "To a large degree breakage could be eliminated if patrons would use proper packing materials," he noted.

Querried about the maximum size of parcels accepted by the post office, Shelton laughed and said the size depends on numerous conditions. "This is one of the most confusing parts of

the postal system," he said. Between first class post offices, Shelton said a maximum of 20 pounds and a 72-inch size limit is allowed. From first class to lower classified post offices and between these second, third and fourth class offices, the limit is 70 pounds and 100 inches in size.

Size Is Determined
The postmaster said the size of a parcel is determined by measuring the length and the girth (the middle) and adding them. "For instance, you want to send a parcel to Lubbock, which limits it to 20 pounds and 72 inches in size," explained Shelton. "If you have a box 22 inches long, the four sides (girth) cannot measure more than 50 inches. In other words, you might say the formula is the length times the circumference."

Should the postal patron miss the Dec. 1 deadline for overseas mailing, he is advised to send it by air. "However, this brings on another problem," noted Shelton. "Parcels to APO and FPO addresses are limited to two pounds and a 20-inch size."

Addressing Is Important
Shelton warned the Yule season makes it doubly important that mail be addressed clearly on one side of the package, including a complete return address. "Our normal staff of 21 employees will be boosted to about 30 during the rush," he said. "And an improperly addressed parcel easily could be lost or missent by one of these

No. 1

phone number: 2033.

Norma Lyons, Burke Slaughter — they repeated wedding vows last Sunday in his par-

inexperienced employees." Shelton said his office's normal 8:30 a.m. to 5 p.m. hours will be extended to a 6 p.m. closing time when the rush hits here. "The last two Saturdays before Christmas probably will keep us open from 8:30 a.m. to 6 p.m."

Brownfield Post Office will remain open until 6 p.m. Dec. 24 for last-minute patrons. However, Christmas day will be one of eight holidays the office observes. Others are Labor Day, Veteran's Day, Thanksgiving, New Year's Day, Washington's Birthday, Memorial Day and Independence Day (July 4).

Terry County's five rural carriers will be an important cog in the annual Yule mail deliveries when the flood begins here.

Carriers include John (Tiny) Nelson, who has been on Route 1 since last February. He worked for the office here before World War II and returned to a city route after the conflict.

Mrs. William Brown will deliver the mail on Route 2 as a temporary carrier. She has served in this capacity for almost five years.

Route 3 carrier is James King, who took the job in November 1955 after a tour of farming. He served as a clerk in the office here for about seven years before WWII.

Other Veterans Listed
Tyler Martin, a veteran of many Christmas seasons, will tote the mail for Route 4, a job he has accomplished since 1943.

Jim Quinton of Route 5, another veteran of postal service here, rounds out the quintet. He has been a carrier here since 1940 and delivered rural mail at Roaring Springs for several years.

Shelton, who is beginning his eighth year as postmaster for Brownfield, came here as a substitute clerk in 1940 after a six-year stint as PM at Tokio. He moved up to assistant postmaster in 1946 and was appointed to the top job in October 1950.

William C. Brown, assistant postmaster, and Howard Davis, the superintendent of mails, are his two top assistants.

"IT WAS A NICE TRY, BUT..." seems to sum up public opinion about competitive cars attempting to equal the styling and features of the Swept-Wing 58. They tried to get as low, but had to lower the roof to do it. (Less headroom, same high, boxy, cooped-up look.) Their windshields got smaller, while ours got bigger. Most of them still don't have Total-Contact Brakes to assure smooth, even, safe stops when needed. Nor do they offer push-button TorqueFlite, the proven automatic transmission, and Constant-Control power steering that works full time—not part time as some other systems do. And Dodge no-sway, no-dip Torsion-Aire is standard equipment. (Bus-type air springs offered by some cars cost well over \$100.00 extra.) So compare all the 1958 models with Dodge. We think you'll agree: Other cars are catching on, but they can't catch up.

See Swept-Wing 58 by Dodge at Craig Motor Co., 719 W. Broadway

a Dog's Life

HOW YOUNGSTERS SHOULD TREAT PUPPIES

by Bob Bartos
Prominent Dog Authority

A new puppy is about the most exciting thing that can happen to youngsters. But for the sake of the puppy, don't let excitement lead to mishandling. A small puppy can be easily hurt, easily worn out and easily led into bad habits. So, as soon as the puppy arrives, sit youngsters down and deliver a six-point lecture.

First, show small fry the correct way to lift a puppy... under the chest with one hand

and under the rump with the other. Even adults are apt to haul puppies up by the legs and no dog should ever be lifted this way, for their legs are easily injured.

A little roughhouse won't hurt an older dog, but small puppies aren't built to withstand rough treatment. A half hour of play at a time with a ball or a tug of war with an old knotted stocking can be fun for children and provide the right kind of exercise for the pup.

A puppy needs lots of undisturbed sleep. Impress this fact on the youngsters, and when he heads for his bed they should leave him strictly alone. He'll wake up of his own accord when rested and be all ready for more play.

Puppies are apt to think that marbles, jacks, roller skate keys and other small objects are made to eat. Youngsters should therefore be careful not to leave any "swallowable"-sized toys on the floor, or you may have a sick dog on your hands.

Fuppies shouldn't be fed tidbits between meals, as it will only detract from their appetite for their regular canine fare.

Feeding Tip: If you want to reward a puppy for being good, give him some type of dog biscuit such as Friskies which provides the proper nourishment.

HAWAIIAN TRIP — Mrs. Jack Cleveland, hostess, is shown pouring tea for Mrs. Allen Hodges of Littlefield, speaker for an imaginary trip to Hawaii when Alpha Omega Study Club met in the Seleta Jane Brownfield Clubhouse Tuesday for a guest day program. Looking on are Mrs. Tommy Hicks, president, and Mrs. Curtis Sterling. (NEWSfoto)

State Pressbook Chairman Discusses Hawaii At Alpha Omega Meet Tuesday

Mrs. Allen Hodges, state pressbook chairman, of Leveland was guest speaker for Alpha Omega Study Club which met Tuesday in Seleta Jane Brownfield Clubhouse for a guest day program. Those attending were treated to an imaginary trip to Hawaii. The talk was made more impressive by Mrs. Hodges' attire, a native dance dress worn with an official Hawaiian lei of orchids. Hostesses wore leis to further carry out the theme. The mantle displayed an Hawaiian scene with palm tree and na-

tive girl dressed in the vivid colors of that island. A white grass linen cloth covered the table with its centerpiece of red cabbage with pineapple chunks held with multicolored toothpicks on a silver lazy suan. Yellow tapers and a silver tea service completed the table arrangement. Mrs. Hodges told of the interesting customs and history of the Hawaiians. She also gave her impression of that unique country and people. Mrs. T. A. Hicks, president, greeted guests. Mrs. Curtis Sterling introduced the speaker.

'Gift From the Sea' Is Reviewed At ESA Meet

A book review given by Ellen Griffin highlighted the meeting of Beta Theta Chapter of Epsilon Sigma Alpha when they met Tuesday evening with Mrs. Ruby Nell Hopkins of 1414 East Buckley. "Gift from the Sea" was reviewed. A business meeting followed. Refreshments were served to Mmes. Barbara Atkinson, Bobbie Bayliss, Kay Billings, Jewel Coats, Trucene George, Griffin, Creta Hipp, Whittie Howell, Ann Johnson, Cleo Newsom, Margaret Rattliff, Shirley Reed, Rita Wilson, Hopkins and Miss Sue Williams. Hostesses were Mmes. Ben Christopher, Arlie Lowrimore, Morgan Copeland and Jack Cleveland. Coffee with white cake squares was served to about 35 guests and members.

GRANDSON OF J. H. CARPENTERS

John Webster Knott, Former Resident, Marries Nov. 23 in La Canada, Calif.

The Church of the Lighted Window of La Canada, Calif., was the scene of the wedding at 8 p.m. Nov. 23 of Miss Janis Rae Rankin, daughter of Mr. and Mrs. B. B. Rankin of Tujunga, Calif., and Ensign John Webster Knott, son of Mr. and Mrs. W. R. Knott of Vallejo, Calif., and a former resident of Brownfield.

Pastor of the Unitarian church read the double ring ceremony in a setting of baskets of white chrysanthemums and stock. The aisles were marked with white candles and satin ribbons. The vocalist sang "In the Dawning," "One and Only" and "The Lord's Prayer." Given in marriage by her father, the bride wore a princess line dress of taffeta. Its fullness was emphasized by appliques of embroidered lace. She wore long white gloves and carried a white Bible topped with a white orchid corsage. Her veil was waist length. Her maid of honor was Val Rankin, sister, of Tujunga. She and the bridesmaids, college friends, wore identical torso styled dresses of emerald green with full skirts. They carried nosegay bouquets of yellow and

Wayne Clymo of Fairchild, Calif., was best man. Other attendants of the bridegroom and the ushers were shipmates and former college friends. Mr. and Mrs. Knott were assisted by their parents and her attendants in receiving guests at the reception given in fellowship hall of the church. A white line cloth covered the table with its centerpiece of white, yellow and bronze mums. Triple candelabra with white candles stood at either end of the table. The bride wore a golden tan dress of French design for the wedding trip to points in northern California. She used brown accessories with a white orchid corsage. Mrs. Knott has been attending San Barbara Teachers College. He is a former student of California Polytechnical College of San Luis Obispo. At present he is on the USS Higbee with the U.S. Navy. Mr. and Mrs. J. H. Carpenter of 504 East Broadway, his grandparents, and Mrs. James King of 315 East Buckley, his aunt, attended the wedding from Brownfield.

Miss Norma Lyons, Burke Slaughter Are Married Last Sunday in Home Ceremony

Miss Norma Lyons, daughter of Mr. and Mrs. W. O. Cox Sr of Andrews, and Burke Slaughter, son of Mr. and Mrs. A. A. Slaughter of Route 1, Seagraves, were married last Sunday afternoon in the home of the bridegroom's parents. The double ring ceremony was read by the Rev. Bennie Lucas of Seminole. Baskets of

Brenda Beck, Dale Travis Wed

MRS. DALE TRAVIS

Miss Brenda Clair Beck, daughter of Mr. and Mrs. Frank Beck of 310 North Bell, and Dale Vernon Travis, son of Mr. and Mrs. Virgle Travis of 1004 East Tate, were united in marriage at 7 p.m. Saturday in First Presbyterian Church.

The Rev. Ralph O'Dell, pastor, read the double ring ceremony before an altar of Gothic style candles flanked by baskets of white gladiolus and candelabrum. Completing the scene were satin bows marking the aisles and a satin kneeling bench.

Leonard Ellington was at the organ and accompanied A. V. Wall as he sang "The Wedding Prayer."

Ice Blue Satin
The bride, entering on the arm of her father, wore an original of ice blue satin and matching imported lace fashioned with a fitted elongated bodice featuring an empire satin collar underlaid with lace and framed by a band of lace extending to the shoulders. Fitted sleeves were fastened with tiny satin buttons and ended in points over the hands completing the frontal point of the bodice.

The bouffant satin skirt fell in full soft pleats from a lace covered flounce which extended below the hipline. Wide satin pleats formed a frontal panel from the waist to the floor. Bouffant petticoats emphasized the fullness. **Matron of Honor**
The elbow-length veil of ice blue imported illusion fell from an escalloped circlet detailed with seed pearls. The bridal bouquet was a white orchid showered with streamers of white satin and steponatis, detailed also with seed pearls carried atop a white prayer book.

Matron of honor was Mrs. Floyd Handy of La Porte, cousin of the bride. Her copen blue velveteen dress of princess design featured a V-neckline. She wore a tiny feather hat of matching hue and carried a cascade bouquet of white mums. The bride's other attendants were dressed similarly and carried like flowers. They were Misses Barbara Terrill of San

HER PARENTS RESIDE IN BROWNFIELD

Mary Jo Jackson, Joe Paul Teller Exchange Wedding Vow in Lubbock

Miss Mary Jo Jackson of Lubbock, daughter of Mr. and Mrs. J. A. Jackson of 1311 East Lons, and Joe Paul Teller of Lubbock, son of Mr. and Mrs. J. E. Teller of Henderson, were united in marriage at 8 p.m. Friday in Ford Memorial Chapel of First Baptist Church in Lubbock.

The double ring ceremony was read by Dr. J. Ralph Grant, pastor. Mrs. Gerald W. Harris, organist, played traditional wedding music as a prelude and accompanied Rex Webster as he sang "Ah, Sweet Mystery of Life" and "Oh, Perfect Love."

Baskets of white chrysanthemums and jade palms highlighted by white cathedral tapers in candelabra provided a background for the service. White satin bows marked the white covered bridal aisle.

Wears Queen's Collar Given in marriage by her father, the bride wore an original model of white imported Chantilly lace and nylon tulle over net and satin. A queen's collar formed a high neck line for the fitted lace bodice enhanced at the front with embroidery of seed pearls. The long sleeves ended in points over the hands and terminated with a point at center front waistline.

The voluminous floor-length skirt of tulle was fully shirred and dotted with scattered appliques of lace and highlighted by full length panels at each side front. A wide panel of alternating ruffled tiers of scalloped lace and nylon tulle fell into a "sweep" at back.

The crown of seed pearls with its veil of silk illusion was accented at front with shimmering tear drops. She carried an arrangement of gardenias with lace and seed pearls tied with white satin streamers atop a white Bible.

MRS. JOE TELLER

Cousin in Party Helen Willingham of Austin.

No. 1

coral and white gladiolus formed a background at the mantle. Candles, completing the arrangement, were lit by Sammie McGuire.

The bride wore a dress of pink wool jersey and carried an orchid corsage atop a white Bible. Matron of honor was Mrs. Marilyn James of Brownfield. Sam Sanders of Phoenix, Ariz., was best man.

Will Live Here Assisting with the reception which followed were Mrs. LeRoy White of Lubbock, Miss Sue Sanders of Muleshoe, Miss Peggy Dean and Mrs. Dean Slaughter of Brownfield and Mrs. Ben Kennedy of Hart.

The three-tiered wedding cake was served with punch to about 35 guests.

The bride formerly was employed at Treadaway-Daniell Hospital. He is engaged in farming. After a trip to points in California they will be at home at Simmons Trailer Courts on Taboka Road.

Attending the wedding were guests from Muleshoe, Andrews, Levelland, Brownfield, Seminole, Lubbock, Phoenix and Wellman.

Paul Wendel of Sweetwater. They also served as ushers with W. V. Watt of Abilene, cousin of the bride, and Clifton Lee of Henderson.

Assisting the couple in receiving guests at the reception, given in the chapel parlor following the wedding, were Mrs. R. A. Willingham of Austin and Mrs. E. J. Hawkins of Rotan, aunts of the bride. Also Mrs. J. O. Rodgers and Johnny Portwood of Brownfield, C. Fred Litton Sr., A. E. Jones, Walter Simmons and George B. Long, all of Lubbock.

A miniature bride and bridegroom topped the three-tiered wedding cake on a table covered with a white linen cloth. Attendants bouquets were used on the table with tapers in a silver candelabra. Punch was served from a silver punch bowl and white chrysanthemums were used throughout the room.

At Home in Lubbock For a trip to New Mexico, the bride wore a black wool sheath dress with box jacket trimmed in fur. She wore matching accessories and a white satin hat.

Mrs. Teller is a graduate of Lubbock High School and of Texas Tech. She is a member of Kappa Kappa Gamma. He finished high school at Henderson and attended Texas A&M for two years before entering the U. S. Navy.

At present he is working toward his degree in civil engineering at Texas Tech. He is a member of Veteran's Club, Civil Engineers and Naval Reserve, and is employed by the city of Lubbock in Urban Renewal Division. After Dec. 2 they will be at home at 2705 Avenue N, Lubbock.

Guests attended the wedding from Waco, Abilene, Henderson, Lubbock, Brownfield, Denton, Austin, Dallas, Midland and Sweetwater.

Reading the motor accidents, we are led to believe that this industry has the greatest turnover of any. — Atlanta Constitution.

MISS PEGGY DEAN

Dean Betrothal Is Revealed by Mother

Mrs. Anna Belle Roberts of 502 Lanny Avenue, formerly of Wellman, announces the engagement and approaching marriage of her daughter, Peggy Lou Dean, to Claude Wesley Bowers, son of Mrs. Ola Bowers of Route 1, Seagraves.

Miss Dean, a graduate of Wellman High School, is now an employee of Brownfield State Bank. He attended Denver City High School and now is employed by A. W. Thompson Drilling Company.

The date of their marriage has not been set. They will make their home in Denver City after the wedding.

Bride-To-Be Guest Of Spinster Party

Miss Brenda Beck, daughter of Mr. and Mrs. J. Frank Beck of 310 North Bell, who was married Saturday to Dale Travis in First Presbyterian Church, was honored Tuesday night with a spinster party in the home of Miss Ellen Griffin and Mrs. Shirley Reed, Brownfield Manor.

Each of the guests presented Miss Beck with a copy of her favorite recipe. Later during the evening they offered her some traditional "Bits of advice for a bride."

Refreshments of cheese dips, crackers and bread were served buffet style with coffee and chocolate steamed pudding. Guests list included the honoree, her mother, Mrs. Bill Phillips, R. E. Funks, Jerry Jones, R. D. Jones Jr., Otis Harding, Britt Pounds, Fred R. Smith, James Murdough, Ralph O'Dell and Gerald Kehoe.

VISIT IN COLORADO Mrs. James T. Hall and children of 1311 East Main spent the holidays in Colorado with her parents.

HERE FROM OKLAHOMA The Ben Christopher family of Magnolia Camp will have as their guests during the Thanksgiving holidays his parents, Mr. and Mrs. A. C. Christopher of Norman, Okla.

BHS and Union Seniors To Take Tests in 'American Homemaker of Year' Event

Senior girls of Brownfield High School and Union Independent School will be taking tests this week for awards given by General Mills in their fourth annual Betty Crocker search for the "American Homemaker of Tomorrow."

According to Mrs. Martha Jones of Brownfield and Mrs. J. O. Burnett Jr. of Union only girls desiring to do so will take the tests. The examinations will cover 10 major areas of home-making.

The winner from each school will receive a pin designed by Trifari of New York and her test will be entered in competition for \$1,500 and \$500 scholarships which will be awarded each state Homemaker of Tomorrow and the runner-up, respectively.

The school of each state winner will receive a complete set of the Encyclopaedia Britannica and an honor certificate.

Trip To Capital

Miss Willie Mae Addison of Plains won the state honor last year. Using the \$500 scholarship, she is now attending West Texas State Teachers College at Canyon. Last summer Miss Addison and a companion, her home economics instructor, were guest of General Mills, Inc., for an eight-day trip to New York, Washington and a visit to the United Nations building. She also received some clothes for the trip and a liberal amount for spending.

The awards are similar this year with a banquet in Waldorf-Astoria Hotel April 17, at which time the 1958 Betty Crocker All-American Homemaker of Tomorrow will be announced. Her scholarship will be increased to \$5,000. Girls ranking second,

Texas Coast Fishermen Report Good Catches

There have been some spectacular catches of redfish, drum, and trout along the Texas coast in recent days, according to the Marine Biologists of the Game and Fish Commission.

Reports indicate pier fishing around Rockport, Port Aransas, Corpus, and on south to Port Isabel has yielded some heavy fish.

Charter boats also have reported good catches of sheephead, trout, and reds.

Even eating a hot dog is fun when it's State Fair time in Texas. The fun grows by leaps and bounds when it's a foot-long hot dog and you can keep it forever when you "Catch" it with a movie camera. Whether you're using a movie or a still camera though, it's planning that will let you get pictures like this one and let you come home from the State Fair of Texas with pictures you'll be proud to show your friends.

No. 2

Angelo, Mary Christian of Levelland and her former college roommate, Stella Anderson of Dallas, and Shirley O'Dell Reed of Brownfield.

Hogues Best Man

Carl Hogue of Brownfield was best man. Groomsman were Robert Butler, Jerry Jones and Dale George of Brownfield and Doug Tankersley of Lubbock. Candelights were their brothers, Jimmy Beck and Gary Travis.

The reception, following, was held in Seleta Jane Brownfield Clubhouse. Receiving the guests with Mr. and Mrs. Dale Travis were their parents, the bride's attendants and Mrs. Alton Webb.

The bride's table was covered with a lace cloth over copen blue. Table arrangements were completed with the three-tiered wedding cake, punch bowl and silver candelabras. The bridegroom's table was arranged with a silver tea service and baskets of gladiolus. An arrangement of gladiolus was also on the mantle. A blue and white book marker was used at the register.

Grandmother Is Here

Others in the house party were Mrs. C. E. Oates, grandmother of the bride, and Mrs. U. D. Welch of San Angelo and Mrs. J. C. Kilborn of San Antonio, Mrs. Inez Hapney of Dal-

las, and Mmes. Britt Pounds, Bill Phillips, Alton Webb and Miss Ellen Griffin, all of Brownfield.

A rehearsal dinner was given by the bridegroom's parents Friday evening in Melody Restaurant. Attending with the bridal party were out-of-town guests.

Will Live Here

For going away the bride chose a beige princess, sheath featuring an empire waistline. She used dark brown accessories.

Mrs. Travis is a graduate of San Angelo High School and of TWU at Denton. While in College she was a member of the Philomathia Social Club and AAUW. She has been directing speech and dramatics in Ector High School of Odessa.

He is a graduate of Brownfield and attended Texas Tech where he was a member of Kapp Sigma Fraternity. He is a member of the Jaycees, Quarterback Club and Sand Tones, and now is employed at Travis Gin. After a week they will be at home at 1310 East Buckley.

Out-of-town guests attending the wedding were from San Angelo, Dallas, Fort Worth, Lovington, N.M., San Antonio, La Porte, Levelland, New York, N. Y., Midland and Carlsbad, N.M.

World fuel output has doubled since 1929, U. N. says.

Football Field Object Of Wayward Goose

L. N. Nuckels, Game and Fish Commission warden at Castroville, comes up with a good goose story. Recently at a night football game a greater Canadian goose flew into the lights.

He returned altogether seven times, flying as low as 25 or 30 feet over the heads of the football players. The last two times he had his "flaps and wheels" down, but decided against landing.

He finally flew away leaving the football crowd asking "what's the score now?"

YOUR DOG'S WINTER WARDROBE

by Bob Bartos
Prominent Dog Authority.

Dogs are getting dressier by the minute. Thanks to canine couturiers, your pet has a choice of light coats, medium-weight coats, great coats, double and single-breasted numbers. There are also coats with pockets for handkerchiefs, coats with fur collars, raincoats, sweaters and galoshes.

In all large cities, towns and smaller communities, many dogs live indoors all of the time.

These dogs are acclimated to warm indoor conditions, getting their only outings on the lead. In cold and wet weather, most of these dogs can use one or more of these accessories to good advantage.

When you buy a coat, get one that covers the stomach and chest. Lots of fancy models cover only the back and shoulders. So whether the coat is appliqued, sequined or ruffled, just make sure it covers the chest and stomach.

Sweaters are actually best, as they conform more closely to the shape of the body. They should be all wool and fairly thick.

A rain coat is a good item for your sake as well as the dog's. It's lots easier to shake snow or rain out of a coat than it is to dry an entire dog. Also, by keeping your pet dry, he's less apt to get the sniffles!

A word of warning. Don't let your dog out alone when wearing a coat. He's likely to snag it on a projection of some sort and be helplessly hung up 'til rescued.

Feeding Tip: House dogs fed table scraps are apt to become overly fat, as leftovers are usually high in starches and fats. By feeding a top grade of commercially prepared dog food such as Friskies, you are certain the dog is getting a balanced ration of many ingredients, including yeast, soy flour, liver, heart, evaporated milk and wheat germ.

FROM ALL THOSE MISERIES
OF "HARD-TO-STOP" COLDS

The Brownfield Ministerial Alliance Speaks

CONCERNING THE . . . TERRY COUNTY COMMUNITY CHEST TO THE CITIZENS OF TERRY COUNTY:

"But he, willing to justify himself, said unto Jesus, 'And who is my neighbor?' (Luke 10:29)

This "certain Lawyer's" question has always troubled the consciences of thoughtful people since the human race began.

Didn't Cain, the first-born son of Adam and Eve, cry out the same deep meaning when he said, "Am I my brother's keeper?"

For thousands of years mankind interpreted this question of "brotherhood" and "neighborliness" to mean "only those within a select and chosen circle," such as family, tribe or clan, or religious order. We are sorry to report that that narrow spirit still is voiced even in our City of Brownfield!

Yet, every thinking person in our land today knows beyond a doubt that this is ONE WORLD and has scrapped the narrow "isms" of limited responsibility. EVERY LAST MAN, WOMAN, AND CHILD ON THE FACE OF GOD'S EARTH IS OUR BROTHER OR SISTER — OUR NEIGHBOR!

Anything less is unworthy of present-day civilization — let alone the Christian Community!

The writer of this brochure served as pastor to a village which was completely destroyed in the 1937 Ohio Valley flood. The American Red Cross poured more than \$100,000.00 into that community! Thousands of dollars were given to the relief and rehabilitation of that town by persons who probably never even heard of it. This kind of unselfish giving is a living, breathing part of America, born out of a Christian concern for ALL who are in need!

We, therefore, heartily endorse and encourage the citizens of Brownfield to support the TERRY COUNTY COMMUNITY CHEST.

MRS. JERRY BINGHAM

Vows Are Solemnized In Church at Ashmore

Ashmore Baptist Church was the scene Thursday evening for the wedding of Miss Gloria Faye Ingram, daughter of Mr. and Mrs. George Ingram of Welch, and Jerry Phillip Bingham, son of Mrs. G. R. Bingham of Loop.

Officiating at the double ring ceremony was the Rev. Joe C. Thompson, pastor. Baskets of pink gladiolus stood before a white archway flanked by four candelabras.

Miss Irene Tomlinson of Slaton, niece of the bridegroom, played wedding selections. She also accompanied Charles Goza as he sang "The Indian Love Call" and "The Lord's Prayer."

Given in marriage by her father, the bride wore an original model of chantilly lace and tulle over net and satin. A queen Ann's collar formed the high V-neckline. The long sleeves of the fitted bodice ended in points over the hands and at the center front waistline.

The voluminous floor length skirt was made entirely of alternating ruffles of lace and tulle. The immense fullness was emphasized by hoops and crinoline worn underneath.

The veil of silk illusion was joined to a satin pill box hat. She carried a bouquet of white carnations centered with a white orchid atop a white Bible.

Margaret Ingram of Welch, sister, was maid of honor. Misses Margie Milburn and Barbara Britton were bridesmaids. They wore identical dresses of peacock blue taffeta cut in princess style. They featured the boat neckline and full skirts. They wore matching shoes, headdresses and mitts. Their bouquets were of pink and white carnations.

Receiving guests at the reception given in the recreation room of the church were the bride couple, their parents and attendants of the bride.

The table was covered with a lace cloth over pink. Center of attraction was the four-tiered wedding cake with its miniature bride and bridegroom. A crystal candelabra and punch bowl and the attendant's bouquets completed table arrangements.

Since graduation from Wellman High School, the bride has been employed at the ASC office here. He is a graduate of Loop High School. He returned recently from Japan where he has been serving with the U.S. Armed Forces.

For a trip to points in Colorado, Mrs. Bingham wore a two-piece blue tweed with black accessories. They will return to a farm near Ashmore, where he is engaged in farming. He also is employed by Tennessee Gas Company.

Guests attending the wedding were from Colorado, New Mexico, San Angelo, Oklahoma, Lubbock and Idalou.

Pins—That which if a dame has a good pair of, she collects a lot of fraternity. — U.S.S. Brooklyn Bridge.

I have some real honest-to-goodness hard-to-crack Vermont butternuts. What have you?—Yankee.

and family.

Mrs. Tom Verner and brother, Harvey Gage, of Brownfield left Friday morning for San Saba to be with their mother, Mrs. T. A. Gage, who is confined to her bed with the flu.

Mrs. Preston Turner and girls of Plains visited Mrs. Elsie Turner Saturday. Mrs. Turner went home with them for a visit.

Mrs. Dee Emerson came last Wednesday to visit some time with her mother, Mrs. Dela Mackey. Mrs. Pat Mayo and children of Lovington also visited Mrs. Mackey Wednesday.

The WMS met at the church Monday afternoon for a mission program. Mrs. Murry was in charge of the program.

Mr. and Mrs. Allen Barrett of Lubbock, Mr. and Mrs. Ralph Barrett Jr. of Andrews and Ray Barrett spent last Sunday in the home of their parents, Mr. and Mrs. Ralph Barrett Sr. It was the first time all three boys had been with their parents for seven years.

Mrs. Lucille Shinn has been in the hospital in Lubbock for several days with flu. Mrs. J. M. Burleson is teaching in her place.

Mrs. J. H. Gober and Mrs. Ray Gober were shopping in Brownfield Tuesday.

Meadow News

Mr. and Mrs. Mark Watkins spent Sunday in Levelland visiting in the home of their son, Orville, and family. Mrs. Mark Watkins was honored with a birthday dinner.

Linda Issacs of Brownfield spent Friday night in the home of her sister and husband, the Ray Gobers.

A/3C Joe Tongate from Syracuse, New York is here visiting his parents, Mr. and Mrs. Jack Tongate, and family.

The MYF group went to Grassland Monday night for the district meeting. Sponsors attending were Mmes. Roy Gober, Bill Copeland and Ray Gober. Members making the trip were Lonnie and Ronnie Bartley, Patsy Reynolds, Darlene Bowman, Donnie Hester and Gloria Copeland. The Rev. and Mrs. Reynolds also made the trip.

The three gins here have ginned 3447 bales of cotton up to Wednesday.

Mr. and Mrs. Ralph Barrett Jr. spent the weekend in the home of his parents, Mr. and Mrs. Ralph Barrett Sr. They have been living in Louisiana but are now moving to Andrews.

Harriett Burleson celebrated her fourth birthday last Sunday in the home of her parents, Mr. and Mrs. Joe Burleson. Several of her friends called bringing gifts. Refreshments were served.

Mr. and Mrs. Earnest Moore and Jerald and Carolyn of Fredonia, Ariz. visited last week with her parents, Mr. and Mrs. L. P. Carroll, and her brothers, D. S. and S. C. Carroll, and their families.

Mr. and Mrs. E. L. Tilger and grandchildren of Lubbock were visitors Sunday morning at the Baptist Church and visited their daughter, Mrs. Edd Kirk,

CAN PROVE INEXPENSIVE Advertising Cost Depends On Returns

By WELDON CALLAWAY
When does advertising cost too much? No business can find a ready answer to this question. But often a very large advertising expenditure proves to be inexpensive in terms of results.

For instance, last spring a Chicago department store spent \$10,000 for newspaper space to promote a one-day sale. Yet, at the close of business, total sales for the day exceeded \$2 million. So judged in terms of results the large advertising investment was small indeed.

At times an advertiser may find it profitable to spend a great deal to reach only a handful of potential customers. A southern community spent \$12,000 in national newspapers in an effort to attract a new industry to town. Only one "sale" was made.

Expensive advertising? No, because the single prospect created multi-million dollar electrical appliance plant in the community. Each payday the advertising investment is more than recovered.

These extreme examples show that a business can not expect to find a magic formula for establishing an advertising

Society Acknowledges VFW Contribution

The chairman of Terry County Society for Crippled Children and Adults, Homer Barnes, Saturday acknowledged and thanked members of Hand Bros. Post 6794, VFW, for a \$23.50 contribution to the society.

The Terry organization gives aid to persons with any type of crippling condition, said Barnes, whether caused by birth, accident or disease.

"The society's goal," he continued, "is to provide the best of medical care and assistance—as long as funds are to be had—for the crippled of our county."

Those attending the party were Kimberlee May, Tyllitha and Rusty Holleman and Quin and Ryan Skains.

Lan Skains Is Feted On Second Birthday

Mrs. Thurman Skains of 1011 East Reppfo entertained in honor of her son, Lan, on his second birthday Friday.

The table was decorated as a farm scene with red barns and animals. The birthday cake was also decorated with a red barn and blue bandanas, and strawberry iced cream was served with ice cream and cake.

Those attending the party were Kimberlee May, Tyllitha and Rusty Holleman and Quin and Ryan Skains.

8" x 27" GAP LATHE

\$30²⁵

A Multi-Purpose Tool With Extra Quality

For the home workshop owner interested in making his own furniture, this streamlined unit will fill the bill. With the addition of many simple attachments, you can do boring, sanding, finishing, buffing, polishing on wood, plastics and light metals. It's a ruggedly constructed cast iron unit with baked on gray finish. All parts are closely machined to accurate tolerances. Has extra 4" gap bed to permit 10" swing on inboard turning. Head and tail stop spindles are unthreaded, 1/2" diameter and operate on ball and bronze bearings.

Gifts he'll really appreciate..

Power Tools

LINDSEY'S Brings You DURO POWER TOOLS made by the world's largest maker of power and hand tools for industry, school and home . . .

TERMS TO SUIT YOUR INDIVIDUAL BUDGET . . . AT LINDSEY'S

16" JIG SAW

\$39⁰⁰

Cuts Wood, Plastics, and Light Metals Up to 3" Thick!

This rugged unit is especially designed to withstand hard use. Has one-piece cast iron frame assuring extra rigidity and smoother operation. Cast iron work table is ground to an accurate surface and measures 11" x 11". In addition, the eccentric mechanism is the Scotch yoke type and is equipped with a nylon shoe block for smooth quiet operation and long wear. Blade can be rotated 90° to permit ripping of long pieces of wood; easily adjustable foot guide holds work in position securely. This versatile unit requires no special attachments and will operate efficiently for years and years.

5" JOINTER

\$72⁰⁰

A High Quality Unit At A Lower Budget Price

Has the same general characteristics as the 4 1/2" Jointer but with larger capacity. Excellent unit for producing precision work. Cutter head is of the three blade type with smooth operating, vibration free with easy to reach controls, sturdy, heavy cast iron tables are finish ground to insure true and parallel surfaces. The production type fence can be tilted 45° in either direction. Spring type safety guard gives complete sure protection. Can be quickly removed in one motion for rabbeting operations.

8" Tilting ARBOR SAW

\$81⁷⁵

A Precision Unit for Accurate Work

No power tool workshop is complete without a circular saw. This Duro Master 8" Tilting Arbor Saw is unmatched for versatility and ruggedness—truly a "must" for any workshop. Streamlined, with a new, attractive light gray baked-on enamel finish, a new type " pistol grip" fence lock, positioned on a round guide bar with front and rear locks assuring perfect alignment, guaranteed accuracy. Large, easy-to-read tilt indicator permits precise adjustments. Floating motor mount assures positive drive, eliminates belt twist and automatically adjusts belt tension. Standard equipment includes 8" combination blade, mitre gauge, cut-off rods, rip fence, saw guard, and motor mount and extension, blade guard.

AFTER EFFECT

Even a tiny pebble leaves behind an ever-widening circle of ripples when it is cast into the water. Every act of our lives also leaves behind it an ever-widening circle of after-effects in the lives of others. Children are especially subject to the power of others in their tender, formative years, and thus we parents want the best possible influences for them. No child should be without the regular helpful influence of a Sunday School teacher and a minister. Religious training can start an ever-widening circle of good after-effects which will last a lifetime. Sunday is Church day; don't miss it!

Is something wrong with your life—
an inner restless dissatisfaction? The
answer to every human problem comes
only from God our Maker. He alone
can forgive and reassure.
Through the church God has com-
mitted the provision and proclama-
tion of His forgiveness and redem-
ting love. Without a church relation
no one is securely related to God.
Everyone should be in the Church and
the Church in everyone!

The Farmer's Wife

By ROSE JEAN HENSON

There is an ancient legend which tells of a king and queen to whom a fair son was born. Twelve fairies came to the palace, each bearing a precious gift. One brought wisdom, a second brought strength; and a third beauty; so on down to the twelfth, who carried the gift of discontentment.

When the king heard of the twelfth gift, he became angry and drove the offending fairy from the door. Years passed during which the prince grew with great promise, but he "developed" no ambitious energy. He was contented with everything. It led to his discontentment.

No adult believes in fairy tales. In this ultra-modern age we do not encourage our children to read or hear them. We are afraid to let them live (even for a moment) in a world of fantasy and make-believe. We think we want them to face reality and to believe only in the things which they can see. Pointing to the fine educational facilities, we say, "Go, indulge, apply yourself and you will come out polished and prepared to meet life." But do we really believe it?

With the Thanksgiving season just passed, our hearts still should be mellowed from meditation and thankfulness to God for our blessings. Most of us are like the king in the story. We are ready to acclaim a blessing if it brings contentment or pulls us closer to the top of the world. Few fail to see a blessing in poverty sickness or, even, death.

Like the king who wanted everything for his son, we desire everything good and nothing bad. Like the king, we can desire only what we feel. Like the king, our intentions are good but again, like the king, how wrong can we be to expect blessings which brings only happiness to last

Walking Blood Bank Is Taken as Project

A walking blood bank promises to be one of the most outstanding projects undertaken by the New Bielau community in Colorado county, says Reagan Brown, extension rural sociologist.

The idea for the bank, he says, originated with President Otto Ulbricht and the community board of directors. Working closely with the community officers in planning the program were the local county extension agents Doyle Moore and Edna Prentice and Dr. Willis Youens of a Weimar clinic.

Dr. Youens told 106 members of the community organization, which is enrolled in the Rural Neighborhood Progress program, that their effort could be of great benefit in times of emergency and that individual blood-typing information would also prove most helpful when a person was in need of blood or might be asked to give to others.

Under the program, members

forever. King David wrote in the 23rd psalm: "Surely, goodness and mercy shall follow me all the days of my life." We, too, must realize that because God is love, life will be a continuous blessing but because we must not become as the prince in the story, some of these blessings must stimulate heartache and discontent — keeping in mind always that mercy follows close behind.

It would be nice for some if fairies were real and they could come and bestow beauty, wisdom, knowledge — there is a difference — and love upon them. There are no fairies — but need there be?

At birth, and even before, God gives each of us the gifts he knows we should have. Some seem more favored than others but rarely do we see the person who seems to have no gift at all. Often the poor are the kindest and most patient.

Seldom have I seen the very wealthy with much patience. It also is an exception to find one who seems to have more than two or three definite talents. Potentials for talents are embedded in one's personality and by training and application are they developed to visible satisfaction.

King Solomon was the only person I ever heard of who was given a choice of gifts. He chose wisdom and, consequently, earned the reputation of being the wisest man who ever lived. The very fact that he chose wisdom suggests that he had it already and God empowered him with an immediate abundance. No doubt he was much wiser when he died than when he began his reign.

Not often, it happens, but sometimes I am in the presence

THE AMERICAN WAY

By GEORGE PECK

Some weeks ago, I received a letter from a reader who had some kind words to say about a column of mine he had read in his local paper. He agreed that the brakes should be put on government spending and then he ruined his otherwise nice letter by saying: "In fact, I'm so disgusted, that while I came to this country from 18 years ago, I've never become a citizen, nor do I intend to become one unless there is a great change in Washington."

This, of course, required an answer, and I would like to pass on to the readers of this column, a part of my letter of reply to this alien who has been with us, but not one of us, for the past 18 years. It follows:

"Thanks for your letter. Your words of commendation are sincerely appreciated. Because you agree with me so wholeheartedly that drastic measures

of the community will have their blood typed and each will be provided with a blood-type identification card. A record will be kept in the clinic and the same information will also be available at the New Bielau Community Center.

Already 199 members of the community organization have been contacted and 59 have had their blood typed. Of the remaining 140 members, all have agreed to participate in the program. Brown said indications point to at least 200 members for the walking blood bank.

He cited this action as another example of what a community organization can do to make life in rural areas more pleasant and satisfying. Members of this community, Brown said, can be proud of this achievement for it means they have provided a service which could be of great value to them and their fellow citizens in case of an emergency.

of people who are "puffed up" because of a newly acquired education, false prosperity, family background or special talent. Foolish! Foolish! people. It is a gift to be able to learn—to prosper—to act or to dance or to sing.

It was God, not a fairy, who gave another gift, discontentment or a better word might be ambition along with the special gifts. Without this unseen gift, humanity would be a helpless lot.

This Thanksgiving season might be a convenient time for each of us to take a new account of ourselves. A false ambition can lead down only one path. The signpost is at the end — destruction. One must have a motive for everything he does. Keep asking yourself why and sooner or later you will discover the answer.

It is the perfect self-analysis. One never can be destroyed by believing in himself and to believe in ones-self is to recognize that the strength to do so can come only from God. He is the giver and sustainer of life itself. Without His unspeakable gifts we are indeed NOTHING. Beware! Lest we be like the king in the fairy tale, and send some of the most important ones away.

EVANGELIST MARTIN

Baptist Church Will Open Crusade Here

Evangelist Eddie Martin opens an eight-day crusade in First Baptist Church here today, according to Dr. Jones Weathers, pastor.

Aiding the evangelist will be his mother, Mrs. Robert Martin, who will do personal visitation work in Brownfield homes, said Dr. Weathers. "She has been highly successful in reaching unsaved and unchurched persons who never attended a revival," he added.

Earl Davis, soloist and trumpeter, will lead the First Baptist choir and congregation during the campaign.

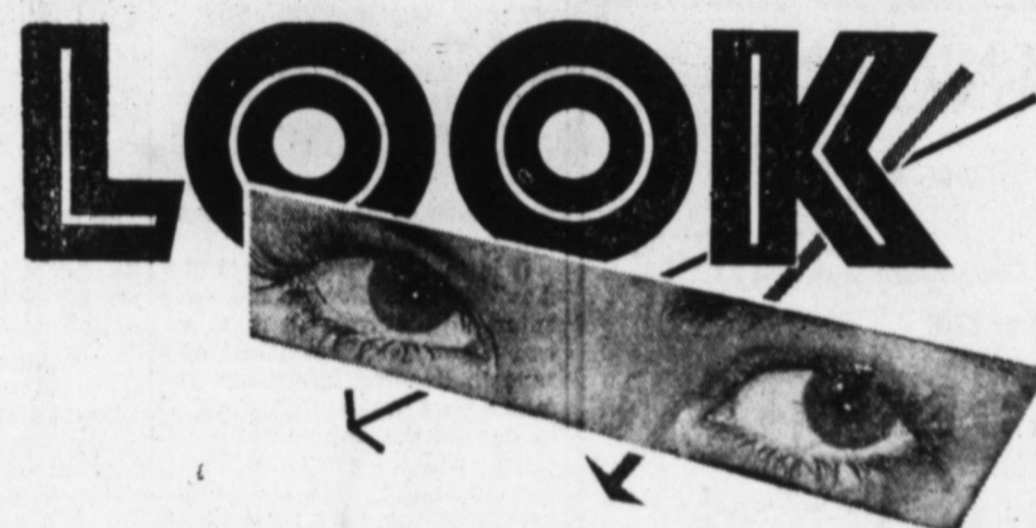

Services will be held at 7:30 p.m. daily through Dec. 8.

loving his mother.

"The Printed Word, Toronto, Canada publication, recently recounted something that you might try on for size. You'll probably find the shoe fits. It told the story of a native of Devon, England, who after many years residence in the U. S. A., is still so strong a Devonian that he doesn't take out citizenship papers. For this reason he is afraid to leave America lest he not be allowed back in. The result is that his loyalty to Devon prevents his visiting it.

"This sets me to wondering if you are beset by a similar

fear. By all means keep your love of your native land — no one suggests your giving that up, but you have everything to gain and nothing to lose by becoming an American citizen. Have I made a sale? I hope so for both your sake and ours . . ."

At How Your Money IS Spent . . . When You Give To

YOUR COMMUNITY CHEST

BUDGET AND ADMISSIONS COMMITTEE . . .

Is a committee of 9 local people selected from over the County who meet one afternoon and each of the agencies who ask to be included in the Community Chest send a representative to the meeting with information about his agency. This person tells how his money is spent, who receives the benefits, a financial statement of what was used the past year and how much he intends to spend the next year. In other words, this local committee reviews every request made for money and then recommends to the Community Chest Board of Directors (30 Members) as to how much they feel should be allocated to each agency.

SOCIAL AGENCY COORDINATOR . . .

Plans are being made to select a full time person to work as a social welfare worker. This is something new and all the details have not been worked out. This person will help direct the services of the various participating agencies to prevent the exclusion of needy cases and to prohibit the overlapping and duplication of others. This person will also work to establish new fields of service to better serve our community.

OUR GOAL IS . . . \$15,475.00

YOU CAN PAY AS YOU PLEASE . . .

- . . . By Draft Monthly, Quarterly or Annually.
- . . . Check or Cash For Full Amount.

You Are Giving To Eight Organizations... NOT ONE!

- Crippled Children
- Salvation Army
- Heart Fund
- Goodfellow Fund
- Volunteer Firemen
- Red Cross
- Boy Scouts
- Girl Scouts

GIVE TODAY . . . 1 DAY'S PAY

The Polio Fund And American Cancer Society Have Been Invited To Participate In Community Chest, but Refused To Come In!

LET US NOT FORGET . . . This Is Our Community Chest!

THE RIVAL WORLD
MAN'S ENDLESS WAR AGAINST THE NEMATODE

TIMBER! WILL THIS HAPPEN IF YOU SLAM YOUR FIRE-IT DOOR? IT MAY MEAN TERMITES HAVE BEEN AT WORK. HERE'S A CLOSE-UP OF THE DESTRUCTIVE PESTS.

the enemy: CALLED "WHITE ANTS" TERMITES ARE NEITHER WHITE NOR ANTS. THEY ARE GRAYISH AND HAVE NO WAIST. ANTS HAVE A PINCHED-IN MIDDLE. TERMITES HAVE NO LARVAL AND PUPAL STAGES (LIKE ANTS) BUT ARE TERMITES

THE MOMENT THEY HATCH, SOME QUEENS PRODUCE AN EGG A SECOND UNTIL MILLIONS ARE LAID.

the attack: FROM COLONIES OF UP TO ONE-QUARTER MILLION, TERMITES RANGE OUT TO FEED IN TIMBER. OF WOODEN STRUCTURES UNTIL ONLY A SHELL REMAINS, THEY CAN DIGEST WOOD BECAUSE OF PROTEIN IN THEIR STOMACHS. THEY CAN ALSO DESTROY CROPS, STORED GOODS. THEY MUST HAVE MOISTURE TO LIVE.

man's counterattack: PEST CONTROL OPERATORS USE POWERFUL NEW INSECTICIDES CONTAINING DIELDRIN. MIXED WITH THE SOIL, THEY PROVIDE A POISONOUS DEFENSE BARRIER (AROUND HOUSE FOUNDATIONS), YET DON'T HURT PLANTS, AND LAST FOR YEARS.

SUPPLYMENT 1957: SHELL CHEMICAL CORPORATION

State PTA Convention Points Up Need for More Participation by Individuals, Families in Life of School, Church, Community

(The president of Brownfield PTA City Council, Mrs. Roy Timmons, took part last week in the 49th convention of Texas Congress of Parents and Teacher, held in Galveston. With her were the superintendent of Brownfield schools, O. R. Douglas; Mrs. James G. Bragg of Frances Bell Unit and Mrs. L. C. Webster of Colonial Heights Unit. Here is Mrs. Timmons' report of the event.)

We had a wonderful time and all of us enjoyed the program. Because of the slowness of our special train, we missed the first session of the convention but did arrive in time to hear the main speaker, James Snowden of Wilmington, Del., treasurer of the National Parent Teachers Congress.

Snowden complimented Texas on her program themes for the past three years, saying, "These themes are broad in scope and outlook. They are rugged and powerful in their implications, and they are

promises which can be met only by the kind of performances for which Texans are well known."

Douglas Leads Talks
The Thursday program was the most enjoyable, with our superintendent, Mr. Douglas taking part as leader of one of the huge discussion groups.

Principal thoughts of a moving picture, "Age of Turmoil," were 1. That we should have more partnership between school and home, 2. That we should have more partnership within the family, 3. That leaders should show more partnership, and 4. That there should be more partnership between home and community.

Another theme pointed up by the convention was that local units — Brownfield's for example — should promote more discussion and study groups for "Education in Family Living."

Is Successful Here
In reference to the foregoing, I should like to remind all members that such a program

was undertaken last year by two Brownfield units, and it was a success, thanks to Dr. Robert Hoey, Kenneth Browning and James Ratcliff.

(Hoey is guidance counselor for schools here, Browning is principal of Colonial Heights and Ratcliff is a Junior High teacher.)

It was on Thursday night that the convention presented its banquet, with Mrs. Waurine Walker of Austin discussing the topic, "Education Moves Freedom Forward."

Designed For All
Mrs. Walker emphasized that the "Cornerstone of our faith in freedom has been in an education designed not to achieve controlled leadership by a few but an education for all, according to the individual's talents and needs."

The convention also brought under discussion the Gilmer-Aikin Committee, authorized by the 55th Legislature — with 24 members — to survey the needs of the public schools regarding finance, programs, teacher supply and construction, and to make appropriate recommendations to the next regular Legislature.

The committee was instructed by the Legislature to conduct its survey through grass roots studies in each Texas county.

It is in the "grass roots studies" that our Brownfield units enter the picture: We must encourage other Brownfield citizens to become interested and take a part in the studies and to be certain that the recommendations which go from Terry County to the state committee represent the best thinking of our people.

On Friday morning, a panel of high school and junior high school students discussed "How the Home and Community Can Help Make Better Schools."

From the panel talks, the following highlights emerged:

What a wonderful surprise we found when we awoke Friday morning—snow had turned Wellman into a "Winter Wonderland" during the night! We were all glad to see clear skies and a beautiful weather for the Thanksgiving Holidays.

School was dismissed Wednesday at 2:00 p.m. and will resume Monday, Dec. 2.

The Glee Club presented its first program last Thursday night at the P.T.A. meeting. Members of the club participating were Sue Harlan, Rals Loe, Clara Bolen, Tootsie Hawkins, Barbara Bishop, Bertha Smith, Anna Lee Morton, and Ann O'Connell. The Glee Club sang numerous songs and piano solos were given by Rals Loe

and Cordell Green. The program was under the direction of Green.

The November meeting of the P.T.A. was held Thursday, Nov. 20, in the high school auditorium. Members will sponsor a box supper Dec. 9, at 7:30 in the school cafeteria. Everyone is invited to come and bring a box supper.

The Pep Squad elected cheerleaders and majorettes for the incoming year in the auditorium Thursday. Majorettes selected were Peggy Burnett, Barbara Bishop, Velda Hill, and Mary Porter. Karen Hamm was selected drum major. The cheerleaders are Tootsie Hawkins, head cheerleaders, Mae Smith, Beth O'Connell, and Sharlene Herron.

Thursday night our basketball girls and boys went to New Home. We are very happy to report that they brought back another victory.

College students home for the Holidays are Jerry Carmichael, Bill Tom Goza, Barbara Falls, and Charles Goza.

Going places and doing things

The family could get better acquainted with the schools and its activities, and everyone should be willing to help when called upon to do so.

One panel member — they were all school students — said: "Our parents could help us more with our home work." A sixth grader said: "My parents help me, but maybe I'd do better by myself, because they're not always right!"

To sum up our experiences at the 49th annual convention: If all of us would take a larger part in our churches, schools, community and family life, we'd all have a better place in which to live.

ANN O'CONNELL

ANN BAKER

"Down Wellman Way"

Greetings everyone!

What a wonderful surprise we found when we awoke Friday morning—snow had turned Wellman into a "Winter Wonderland" during the night! We were all glad to see clear skies and a beautiful weather for the Thanksgiving Holidays.

School was dismissed Wednesday at 2:00 p.m. and will resume Monday, Dec. 2.

The Glee Club presented its first program last Thursday night at the P.T.A. meeting. Members of the club participating were Sue Harlan, Rals Loe, Clara Bolen, Tootsie Hawkins, Barbara Bishop, Bertha Smith, Anna Lee Morton, and Ann O'Connell. The Glee Club sang numerous songs and piano solos were given by Rals Loe

and Cordell Green. The program was under the direction of Green.

The November meeting of the P.T.A. was held Thursday, Nov. 20, in the high school auditorium. Members will sponsor a box supper Dec. 9, at 7:30 in the school cafeteria. Everyone is invited to come and bring a box supper.

The Pep Squad elected cheerleaders and majorettes for the incoming year in the auditorium Thursday. Majorettes selected were Peggy Burnett, Barbara Bishop, Velda Hill, and Mary Porter. TUESDAY, WEDNESDAY AT REGAL

Star Performances, Raw-Edge Impact Make 'Hatful of Rain' Stunning Drama

The smash Broadway play, "A Hatful of Rain," will emerge Tuesday and Wednesday on the CinemaScope screen of the Regal Theatre as a motion picture of shattering power

and almost overwhelming tenderness.

Starring Eva Marie Saint, Don Murray, Anthony Franciosa and Lloyd Nolan, the Twentieth Century-Fox production takes a long and searching look at the very private anguish of a decent, ordinary family who learn — in one, sudden, heart-breaking crash of truth — that one of them, the brightest and most promising, is a drug addict.

INEXPERIENCED SQUAD FOR SWC COMPETITION

Red Raiders Open Court Season Monday With Abilene Christian

Texas Tech Coach Polk Robison has no quarrel with those picking his Red Raiders to finish in the depths of the Southwest Conference in this, their first season of championship play.

"It's logical for anyone to start at the bottom, planning to work up," comments Robison, in his 15th year as Tech's head coach. "I just hope it isn't too many seasons before we can climb."

Robison discounts the 500 mark his Raiders posted in four games against Southwest Con-

ference teams last season, pointing out that Tech's victories came when the SWC schools were in the midst of their title play. The Raiders beat Baylor, lost to Texas Christian, and split with Southern Methodist.

Inexperienced Squad

Inexperience is the big bugaboo to be faced by the Raiders this season. Only one man, 6-4 forward Bobby Wilson of Lipan, is a senior. In all, the squad also includes eight sophomores and five juniors. The six upperclassmen are lettermen.

Tech may feel the lack of an experienced big man. Center Leon (Pod) Hill of Sudan, barely over 6-5, is Tech's tallest except for sophomore Pat Noakes of Fort Worth, 6-9. If Noakes improves, the Raiders could be stronger in February. The squad averages 6-3 1/2.

Among the six lettermen lost were two of Tech's top three scorers, with a 13 point average Hill paced the scorers, but Ned Underwood of Snyder and Logan Cummings of Hereford averaged 12 and 10.1 points respectively.

BROWNFIELD LEADS OPPONENTS STATISTICALLY

Final Cub Statistics Show Wright, Browning And Oswald Are Leaders

From The Huddle
 By CHARLIE MAPLE
 NEWS Sports Editor

FINALE . . .

With football rapidly fading into the background and the roundball sport gaining steam, we conclude the 1957 edition of "The Huddle" with this column.

It didn't take much savvy for us to see that the present column heading hardly would fit the various sports coming up, so beginning next week of "Huddle" will come out with more appropriate attire.

Since the cage sport and other winter activities do not lend themselves to the closeness

last year while not competing for any conference title. The Raiders, playing for the second year in the Lubbock Municipal Coliseum, open against Abilene Christian College here Monday night.

Tech competes for the first time in the Southwest Conference tournament Dec. 26-28 at Houston. The Raiders will launch official play in the same city Jan. 4 against the Rice Institute. Only road swing except for games with conference opponents is against Georgia Tech at Atlanta Dec. 14 and Louisiana State at Baton Rouge Dec. 16.

available in football, it is not likely that we will be seeing print quite so regularly.

We have attempted to give our readers a few of the background items normally not available for regular news columns. We hope our readers have enjoyed these tid-bits. However, if you have any ideas about how to spruce up our sports picture a bit, drop us a line and let us hear your views.

Kindly remember, however, the NEWS is quite short-handed when it comes to sports coverage — some things we would like to cover are quite impossible with the present staff.

SO CLOSE . . .

A last brief word about the local gridders — the Cubs. We felt pretty badly about last week's loss to Kermit — though probably no worse than the boys themselves.

It was a tough game to lose, especially with the clock stopping that last drive on the seven. However, we proved again that "Old Brownfield" is no one's push-over. With a break or two, it might have been the Cubs playing Level-land. (Wouldn't we like to revenge that early-season loss?) However, the Cubs have nothing to be ashamed of. They played good, hard-hitting ball and ran the champions off the field. To refer to that old saw, "It is not whether you win or lose—but how you played the game."

POOR TACTICS . . .

We were almost as sick about the "game" played at Monahans last week as we were the Kermit tilt.

See No. 1 Page 6

Final Cub statistics this week showed that Robert (Rabbit) Wright, Mike Browning and Joe Oswald were the "big guns" in the Brownfield attack over the 10-game 1957 grid season.

Wright rolled up 715 yards on 142 carries for a 5.03 yards average in addition to catching two passes for 48 yards and tallying 42 points.

Browning, who was hampered by an ankle injury early in the season and a "Charley-Horse" against Kermit followed with 662 yards on 131 tries. He also pulled in one pass for three yards and scored 36 points.

Quarterback Oswald, though possessing only a 204-yard total on 83 rushing tries, jumped into third place in the Cub offense with 31 pass completions good for 446 yards.

Brownfield's unsung hero, senior Ellis Cox, added another 176 yards to the Cub total on 43 rushes. Cox added 18 yards on pass catches and returned nine punts for 92 yards — a 10.22 average — and five kickoff returns for 71 yards good for a 14.2 average.

Though known primarily as a ground team, the 1957 Cub gridders almost doubled their opponents in passing yardage, mainly because of Oswald's accurate aeri-als.

The Cubs led their opponents in nearly every department except punting and total points. Though Bob Cloe's punting averaged about four yards less than the opponents, often he was hampered by drives that stopped inside the 40, forcing him to aim for "coffin corner" producing a short punt. An example came in the Monahans game when he put one out of bounds on the five and another on the two.

Donald Godwin's kicking added 13 points to the Cub total as he booted 13 extra points in 19 attempts. His misses did not prove important to the outcome of any tilts but on two occasions — against Plainview and Kermit — the boots gave the Cubs a tie with the opponent.

In the pass-receiving department, big Johnny Mack Jones edged out Cloe for the leadership by catching 13 passes good

for 151 yards. Cloe was close behind with 11 catches and 123 yards. Larry Meeks caught three for 77 yards and two touchdowns.

I shot four deer on opening day this year. All four were legal size bucks. All weighed in excess of 100 pounds before they were dressed.

A game warden stood by and watched me as I leveled down on these four fine bucks. And I have the evidence to prove I got 'em, too.

I shot them with a camera. I can recommend it for the thousands of Texans who like to get out in the open and don't feel they can afford to buy a deer license, or who don't want to kill a deer.

In company with three other outdoors writers we went to the Kerr Wildlife Management Area, some 30 miles southwest of Kerrville.

There were 30 hunters there, with guns. They had been the lucky ones whose names were drawn for a public hunt this year. The Game & Fish Commission authorized the issuance of some 500 of these permits. More than 7,000 persons applied for them. Which means that more than 6,000 were disappointed not to get in on the free hunt.

That is a tremendous difference, it is true, but right now the state simply does not own enough land to provide free hunts for everyone. For that matter it never will. Such procedure would be entirely impractical.

State operated areas were not bought for hunting anyway. They were purchased to study management practices. Well trained and efficient biologists put in long hours studying what deer eat, their breeding practices, the ratio of bucks to does and how they get along with livestock.

On this game management area they have small pastures with fences 10 feet high. In these pastures they run a certain number of deer, sheep, goats and cattle. They make a constant check on how much they eat, what they eat, and

their other habits. Thus the biologists are able to determine exactly what the reproduction is and how the young survive.

In Hunting Blinds
Of course those who hunted did not get to shoot behind one of these big enclosures. Instead, they were placed on stands in open pastures. Each hunter had his own stand in known deer runs. Some of the hunters never had shot deer before. Several were old timers. But each was just as happy with the buck he brought in.

We also were impressed with the size and condition of the bucks. They were from two to five years old and every one in perfect condition.

Similar experimental ranges are operated in other parts of the state. For instance there is the Engeling Wildlife Management Area in Anderson county, near Palestine; and the Black Gap Management Area in Brewster county, adjoining Big Bend National Park.

The work being done on these places will be the deciding factor in our game supply for many years. The practices used on these areas also can be used successfully on other ranches, which will have a great deal to do with future deer crops.

Not too many Texans hunt rabbits any more. This is the time of the year, however, when rabbit hunting is at its best. There was a time when the cotton tail was recognized as a very delectable bit of meat. It still is in many states. However, rabbits always have been so plentiful in Texas that we take them as a matter of course.

Rabbit meat, fried like chicken, is a strong rival for taste and food value.

There is a big crop of rabbits this year. In fact the crop is so big that a tremendous rabbit hunt now is being planned for the Panhandle area, for sometime about mid-January. We'll

Tabl Still Available for Basketball Tilt At Lubbock Monday

Texas Tech's first team to compete for an official Southwest Conference, the basketball quintet, opens its 1957-58 season against Abilene Christian College in Lubbock Municipal Coliseum at 8 p.m. Monday.

In a preliminary contest, freshmen entertain Clarendon College at 6 p.m. Despite an unusually large student activity and season ticket sale, game tickets will be available at the gate Monday night.

Coach Polk believes that his Red Raiders are at least a year away from title contention because of inexperience. Bobby Wilson of Lipan is the only senior among the Raiders, who must replace three starters and two of their top three scorers.

have more about that later. Most of us remember rabbit killing as boys, when we used 22 caliber rifles. The 22 still is an ideal gun for shooting rabbits, where there is plenty of room to shoot and care is used.

With the present-day automatics and rifles equipped with scopes this type of rabbit shooting is lots of fun.

However, when hunting with such equipment all the rabbits should be shot through the left eye. Any good rabbit hunter would count a body shot the same as a miss.

Of course, back in the early days there wasn't much fear of tularemia, or rabbit fever. By using care in handling a rabbit, however, there is no danger. Also, if a rabbit has the energy to run it isn't a sick rabbit.

Those Little Bass
Have you been out to a lake lately to see how fast the young bass are growing?

For several months we've been watching these little fellows. They come in close to docks and chase the little minnows and forage for other feed.

The little rascals, spawned this spring, already have reached legal size. This applies both to black and white bass. In about two more months most of them will be from 10 to 12 inches long.

All of which means that you'd

Television's Annie Oakley Featured At Stock Show Rodeo

Gail Davis, television's Annie Oakley, will be featured in rodeo performances at the 1958 Southwestern Exposition and Fat Stock Show in Fort Worth Jan. 24 through Feb. 2.

The blonde miss, who is an expert marksman with a gun, has been playing Annie Oakley since the show went on television almost four years ago.

She is a former student of the University of Texas where she was one of the school's famed "Blue Bonnet Belles." That is where she met Gene Autry, Western movie and television hero. Impressed with her dramatic ability, he told her to call him if she ever got to Hollywood. She did.

Miss Davis later made 15 motion pictures and 30 television films with the famous cowboy star.

In addition to her ability with a gun, the pretty actress is an excellent horseback rider and singer.

The 62nd annual Southwestern Exposition and Fat Stock Show in 1958 will feature more than 9,000 head of the nation's finest livestock. Horses, too, will be displayed at their best during the annual rodeo and horse show.

better have your equipment ready for next spring's fishing. It's bound to be good.

Old English Lures

One of the most ingenious fellows we've run across lately is Doug English at Corpus Christi. For several years Doug has been making Old English lures, which have been very fine for coastal fishing.

Then he started out with other ideas, also in the plastic line. Now he turns out beautiful and efficient fish stringers, life preservers, and even ornaments for earrings, all from his plastic material. In addition he makes those plug shaped tie clasps which men wear with cowboy shirts.

Incidentally, it's reported that his plugs are just as good for fresh water fishing as for salt water fishing.

The Texas Legislature passed a new Mental Health Code which goes into effect on January 1, 1958. This new code was enacted both to keep pace with new discoveries in the area of mental health, and to eliminate objectionable provisions of the old laws which required the mentally ill persons to be tried as a criminal before he could receive treatment at a state hospital.

Society recognizes that mental illness is no more than a disease which affects the mind. As a result of this recognition,

the new code allows the patient to receive treatment as quickly as possible, while keeping disturbing influences at a minimum.

The new Mental Health Code provides for both voluntary and involuntary treatment. This article discusses how a person may receive State medical treatment when he recognizes his own need for psychiatric care.

When the proposed mental patient seeks care from a state hospital he should go directly to the nearest mental hospital and make written application to the head of the hospital. He must agree in his application that he will stay at the hospital for at least ten days, unless he is sooner cured and discharged.

The application must be signed by the patient, unless he is a minor, in which case it may be signed by his parents, guardians or county judge with his consent.

Upon his admission the head of the hospital will inform the patient that he must be dis-

charged within 96 hours if he should support it in writing. It will also be explained that he loses no legal or civil rights by voluntarily receiving treatment.

All patients, whether voluntary or not, are entitled to bring a writ of habeas corpus if they feel they are being unlawfully held. Moreover, they may write uncensored letters to legal counsel. All patients are entitled to receive visitors, worship in the faith of their choice, and communicate with persons outside the hospital.

Although the head of the hospital may restrict the above rights if it is necessary to do so for the welfare of the patient any such restrictions, and the reason for it, must be made a part of the clinical record of the patient involved.

(This column, prepared by the State Bar of Texas, is written to inform — not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

Our Places of Worship Here ...

EPISCOPAL CHURCH OF THE GOOD SHEPHERD — Located at 602 Lanny Avenue, is shown with its vicar, Rex C. Simms. The parsonage is located at 1421 East Buckley. Sunday schedule is worship, 8:45 a.m. and Sunday school, 10 a.m. Girls Friendly Society meets at 4 p.m. Tuesday; Ladies Society meets at 9:30 a.m. Wednesday; and Holy Communion Service and choir practice at 4 p.m. Wednesday. Vicar Simms goes to St. Luke Church of Levelland each Sunday morning for 11 o'clock services. Each Sunday evening members of the Lutheran faith meet in the Episcopal Church of the Good Shepherd for worship. The Rev. R. L. Young is pastor for that group. (NEWSfoto)

Brazos River Group Files Master Plan For Flood Control

A balanced plan for development of the Brazos River Valley, including many multiple-purpose reservoirs, has been reviewed before the State Board of Water Engineers by the Brazos River Authority.

Multiple-purpose dams are those that provide flood control, water conservation, and sometimes power generation and all times always recreation and other benefits.

The report filed with the State Board—at one of a series of meetings the board has been holding with river authorities—is actually a summary of the Brazos River Authority's master plan for development of the Brazos and its tributaries, brought up to date.

It contains elements of the river's over-all development plan conceived since the original master plan was approved by the Board of Water Engineers in 1935.

"Since the original master

plan was devised," the authority's statement said in explaining the need for this new summary, "many additional basic data have been obtained," and the authority has caused extensive studies to be made of potentials of both the original and additional projects.

"Further, the state's economic development and population have increased in the twenty-two years since the original report, and also the Federal Government assumed flood-control obligations in 1936. Today water conservation is just as important as flood control in the current master plan, if not more so.

"The authority believes that this plan takes full advantage of the topography of the watershed by placing the necessary projects at the most practical and economic locations," the report concluded.

The summary listed twenty-three projects in the up-dated

master plan. Three of these projects already are in operation—Possum Kingdom, Whitney and Belton. However, including planned elevation of the dam at Possum Kingdom, there still remain twenty-one potential building sites. But the authority pointed out that final selection of certain sites might make others unnecessary or unfeasible.

Mrs. Fitzgerald Has Tuesday Bridge Group

Mrs. J. W. Fitzgerald of 1002 East Harris entertained the Tuesday Night Bridge Club.

Mrs. Bobby Jones took high score prize and Mrs. Joyce McPherson consolation.

Refreshments were served to Meses. B. M. Coppock, Earl Carroll, George Burk, Jones, Jean Smith, Robert Browning, Ray Tippit, McPherson, Johnny Harrison, John Whiteside and Miss Sandra Burk.

Biochemists Turn To Plant Extracts In Anti-Cancer Search

University of Texas biochemists have turned to plant extracts in their search for a possible anti-cancer vaccine.

Dr. Alfred Taylor, of the University's Biochemical Institute, and his assistants are testing more than 1,000 extracts of plants from all over the world in their attempt to ferret out a plant juice that will destroy or retard cancerous tissue growth.

The plant extracts are supplied by the U. S. Department of Agriculture.

The move by cancer fighters to develop a vaccine results from research findings of a decade ago. Those findings indicated that cancer may be caused by a virus. If cancer is caused by a virus, then it follows logically that a vaccine would be the method to use in attacking the "cancer virus," said Dr. Taylor.

"We know certain tumors are caused by virus, and a lot of data supports the belief that a virus causes cancer," he added. However, up to now only a small smattering of work has been done on developing an anti-cancer vaccine by scientists over the world.

All through history plants supplied medicines for man. Antibiotics came from molds and it is possible that some plant may furnish an anti-cancer extract, Dr. Taylor observed.

In testing the anti-cancer capacity of plant extracts, Dr.

Taylor is injecting the extracts into mouse tumors grown in incubating eggs. That method of growing live cancerous tissue was originated at the University's Biochemical Institute.

Cancer research at the University is being attacked not only by biochemists, but also by a geneticist, Dr. Clarence P. Oliver, and two bacteriologists, Drs. Orville Wyss and Jackson Foster.

For truth is unwelcome, however divine.—Cowper.

PARENTS OF DAUGHTER

Mr. and Mrs. Don Fendergrass of Meadow have a new daughter, Debra Dianne, born Wednesday and weighing 8 pounds 4½ ounces. Mr. and Mrs. Jack Tongate of Route 1 are the maternal grandparents.

There is no such insect as the last housefly. Kill him a thousand times and he comes back, meaner than ever.—The Toledo Blade.

BROWNFIELD, TEXAS

LEADER OF COMMUNITY CHEST — The president of Terry County Community Chest is J. C. Powell, pictured above with the organization's secretary, Mary Salmon. Occasion was the Thursday breakfast in The Party House which kicked-off the current Chest campaign. More than 100 volunteers will be working diligently from now until Dec. 14 to make the Chest efforts a success. (NEWSfoto)

No. 1

Though we knew the Lobos were hopelessly outclassed, we felt Andrews hit below the belt by slaughtering them. 71-6.

We felt the Mustangs were the class of the district — the same opinion held by many area scribes—but their slaughter of Monahans lowered the Mustangs in our eyes. Andrews had nothing to gain by running the score that high. Therefore, we see no reason for doing so.

Coach Frazier not only hurt his reputation, but also hurt Coach Bob Henderson. If Andrews' second and third strings had run up the score like that, we would feel different. However, it was reported the last three TD's were scored by the first string—that's inexcusable!

If we were voting for the district sportsmanship trophy we would select four others before we got to Andrews. There just is no sense in kicking a man when he is down.

Huddle's Hunches . . .
Thursday's Huddle was missing because of lack of time and space. We felt Brownfield fans would be more interested in a few lines about Cubs who were finishing their eligibility so we did not take up a column. Therefore, we did not make any prediction on the outcome of this week's tilts featuring Union and Jayton, and Kermit vs. Levelland.

If we had, we would have said the winners will be Union and Levelland. Though this is written Friday, before these two tilts, we will not say "I told you so" should we be right.

However, this has been a pretty good season for Huddle. Our first year of predicting was fairly accurate despite a bad start and finish. We called three of five correctly on last week's games.

Still, we came out with an 810 percentage for the full schedule. This is something we likely never will see again.

CLOSING CLIPS . . .

Cubs fans worrying about Brownfield's future fortunes can take heart in these few lines . . . Though Brownfield will lose some of their top personnel via graduation, most other teams will too . . . Especially hard-hit will be Andrews, but they have a B team coming up that has lost only one game since they began play in junior high school. . . Etc. or appears to be the only squad that hardly will feel the pangs of graduation . . . Besides, we still have several top-notchers back next year.

BHS News

By PATTI WILDER

The Brownfield Cubs ended their 1957 football season with a beautifully played 13-13 tie with Kermit, the 2-AAA district champions. Our record of 3 wins, 1 loss, and 1 tie in district play is certainly nothing to be ashamed of.

Win, lose or draw, the boys fought hard, and opposing teams were always high in their praise of the hard-hitting Cubs. What is even sweeter to our loyal fans, is the way the Lubbock sports writers changed their opinions, and began to take notice of us as the season drew to a close. One thing that always makes a coach and a team happy is to have the backing of the local townspeople.

Certainly a team was never more ardently supported than the 1957 Cubs. Even at Kermit, with the temperature standing near zero, our stands were as full as Kermit's. The six charted buses, and the packed, noisy stands, are bound to have impressed Kermit and made them realize they were up against something special.

We are losing 13 seniors from the team by graduation this spring, and our coaches will have some rebuilding to do next year, but we know they can do it, and we'll be in there

supporting them 100 per cent, just as we did this year. The graduating seniors are: George Fugitt, Larry Meeks, Mont Muldrow, Ellis Cox, Eugene Hughlett, Mike Browning, Robert Travis, Garland Foshee, Donald Godwin, Jon Fulfer, Eldon Johnson, George McDonald and Johnnie Mac Jones.

Basketball doesn't waste any time in trying to make fans forget football. Our boys began working out Monday, and our first game will be on December 3rd. Let's support basketball as well as we did football!

Those who were absent when pictures were taken for the annual, had their pictures made Monday morning.

Friday night at the Kermit game, Ayers Williamson slipped down the steps and injured his head requiring several stitches. We hope you feel much better, Ayers.

Many enjoyed the Junior Play, "Lena Rivers", Tuesday night. Congratulations on such a fine job!!

Highlight of the Thanksgiving holidays will be a "Sadie Hawkins" dance, sponsored by the Terry County Youth Center, on Friday. Students from all the high schools in Terry County

and vacationing college students are invited to attend.

Martha Chapman and Patsy Land gave a surprise birthday party for Sharon Sneedker Nov. 19. Guests were: Neisha Frymire, Karen Foshee, Rita Lou Goodpasture, Carol Ann Mayfield, Donna Franks, Grace Grissom, Mary Jo Christian, and Shirley Morris.

Attending a homecoming game and dance at ENMMI are Mary Kate Ramseur and Tennie Wade. They left Wednesday and are staying through the Thanksgiving Holidays.

Karen Foshee was honored with a surprise birthday dinner Sunday at 1 p.m. at her home. Those attending were: Rita Lou Goodpasture, Curtis Bryant, Delma Fox, Glen Chesshir, Joe Oswald, Sue Dell Jones, Ronnie Bell, Sheri Clements, Sharon Kennedy, Carol Ann Mayfield and Leon Hinson.

 SHOES & READY TO WEAR
 ACROSS THE STREET FROM THE POST OFFICE

THIS WEEK IN AUSTIN

In a new age of sputnik frontiers, all America is asking "why is our country lagging behind Russia in scientific development?"

Texas lawmakers recently got some clues that may help answer that question from noted educator Dr. Frederick Eby, 57 years a student and educator, who is presently engaged in a study of comparisons in education.

Dr. Eby, in a talk primarily opposing Gov. Daniel's anti-

troop bill, disclosed his research shows the average American school gives pupils 175 days of schooling annually. German children are in school 225 days a year, and Russian children, 250 days a year.

While the Texas lawmakers were immediately concerned with the national question of integration of schools, Dr. Eby's talk shed light on Russian scientific progress which first placed an orbiting satellite in space.

His research further showed that in seven years of schooling the Russian child obtains 1,833 classroom periods, in good schools of Texas, in the same seven year

period, children obtained 1,100 classroom periods.

In this sputnik era, Russian children are exposed to 1,666 periods of instruction in four sciences: chemistry, physics, biology and astronomy in seven years of schooling. In a 10-year period, Texas school children, Dr. Eby says, would have 427 classroom periods of science.

The educator told the legislators that in dealing with public schools they are dealing with "the most important and actual thing for security of our nation there could possibly be."

The whole structure of education is only about 200 years old, said the noted school man. And, as a final warning, he cautioned: "Only a bit more than a

Sale Of Cottonseed Shows Big Increase

Cottonseed for sale by Texas farmers in the 1957-58 season shows a 107,000-ton increase over last year's production, University of Texas Cotton Economic Research scientists report.

half a century ago the Japanese were regarded as being among the lower levels of humanity in intelligence.

In that short span of history the Japanese conquered many fields of science. Now the sputnik is causing our country to become alive to the fact that when it comes to science, we are far behind European countries."

Those figures, based on November crop reports, will remain steady provided crop conditions do not change radically the rest of the season.

Although the November reports show an increase over last year's production, the November estimate reveals a decrease of 76,000 tons from the October, 1957 estimate.

The High Plains country reported a 20,000-ton increase; Rolling Plains, 89,000-ton increase; Blacklands, 36,000-ton rise; Gulf Coast and Interior Coastal Plains, 5,000-ton jump and the El Paso and Pecos districts, a 2,000-ton increase. The Lower Rio Grande Val-

Texas Personal Income Jumps To \$15 Billion

Total personal income received by Texans in 1956 was slightly over \$15 billion, a gain of six per cent over the 1955 figure, the University of Texas Bureau of Business Research says.

The Texas gain compares with a seven per cent increase in total U.S. personal income. Texas personal income increased 45 per cent over the six-year period 1950-56, compared with a 44 per cent increase for the nation.

ley and adjacent areas reported a \$2,000-ton slump in cottonseed production.

Amateur Weather Prognosticators Say Texas Drivers Will Have Rough Winter

"If all the amateur weather prognosticators (made up of old-timers, newcomers, sinus sufferers and those who play hunches) are correct — Texans are in for a rough winter," says J. O. Musick, general manager of Texas Safety Association.

"In fact," he continues, "many expert weathermen also forecast an unusually severe winter. One thing for certain — winter will bring numerous dangerous driving days."

"And we can foretell, with certainty, that hundreds of Texans will be killed or injured unless extra safety precautions

are taken." To minimize traffic hazards, Musick listed six tips with which every motorist should concern himself.

1. Like a good Boy Scout — be prepared. Winterize your car and your driving habits at the same time.

2. In addition to a thorough mechanical winterizing, check tires, headlights and tail lights. Carry chains and a shovel for emergencies.

3. Make sure you can see. Keep windshield and windows clear. Check windshield wiper blades and replace if they do not do a good job. Also make sure the heater and defroster are in good working condition.

4. When starting out — get the feel of the road. If in doubt about the road's icy condition, test your brakes occasionally to learn how quickly you can stop.

5. Keep well behind the car ahead (a good rule to follow in any kind of weather) so as to give yourself plenty of stopping distance.

6. To stop quickly, pump your brakes in a series of quick applications. To slam on your brakes, on icy roads, is to invite locked wheels and an uncontrollable skid.

"Above all," concluded Musick, "take it easy. Hang on to your patience — and your life."

Tax Man Sam Sez:

Most folks never keep a record of how much money they invest in capital additions to their home. They plan on spending their life in their home. The way folks move a r o u n d nowadays, though, makes it profitable for most of them to keep an exact record of how much their house and everything they add to it cost them.

This includes the lawn, the back room, and the tool shed they added to the garage. If they have to move, they are always able to figure out if they have a gain or a loss on their house. Nobody likes to pay tax simply because he didn't keep a record and don't know how much something cost him.

Sister Kenny Fund Appeal Backed by Star Entertainers

Minneapolis, Minn.—Outstanding among the nation's radio, screen, stage and television stars are cooperating magnificently in support of the 1957 annual fund appeal of the Sister Elizabeth Kenny foundation, Marvin L. Kline, national executive director, has announced.

Featured in "Musical Memories," a series of 15-minute transcribed radio shows, are Evelyn Knight, Tito Guizar, Rita Stevens, Tennessee Ernie Ford, Carmen Cavallaro and others.

Making one-minute T spot appeals are Al Capp, Chet Huntley, Lillian Roth, Jonathan Winters, Tom Ewell, Vaughn Monroe, Eartha Kitt, Eli Wallach, Joe Adams, Louis Armstrong, and Eddie Adams.

Radio "disk jockey cut-ins" have been made by Steve Lawrence, Les Baxter and His Orchestra, Eydie Gorme, Polly Bergen, Nat "King" Cole, Roger Williams, Frankie Laine, Jill Corey, Julius La Rosa, Fatti Page, Henri Rene and His Orchestra, Tony Martin, The Voices of Walter Schumann and Carol Richards.

"Celebrity Spots," radio appeals 15 seconds in length and longer, have been made by Fess Parker, Jimmy Nelson with Danny O'Day and Farel, Bob Hope, Jayne Mansfield, Tony Randall and Bert Lahr.

"Entertainment stars, in their appeals for contributions, point out that the Kenny foundation program has been expanded to provide treatment and rehabilitation at facilities across the nation for persons of all ages with nerve, muscle or joint disabilities, regardless of race, creed or financial status," Kline said.
