

JAYCEES TO NAME OUTSTANDING YOUNG MEN FRIDAY

SHE'S MRS RUFUS DILL OF UNION ORGANIZATION

Clubwoman of Year Credits HD Group For Much of Her Personal Success Story

By KLYDIE SCUDDAY
NEWS Woman's Editor

Mrs. Rufus Dill of the Foster Community and the Union HD Club was named "Clubwoman of the Year" Friday evening at the annual Commissioners Court banquet, sponsored by Terry County Home Demonstration Council.

Women, entered by their clubs for the honor, were judged from the standpoint of their work in the home, community and club. Besides having a home, with a husband and three sons, Mrs. Dill takes an active part in school and church activities, and her club work has given her training for such.

Mrs. Dill feels she has gained more from club work than the average woman. "It has taught me to mix with people. Until I joined the Union HD Club seven years ago I was so timid and had such an inferiority complex that I was miserable in the presence of

anyone but family or close friends."

She continued, "I still can't get up and make a talk but I can preside over a meeting." She laughs, "I nearly had a nervous breakdown the year I served as president of the club but things are different now and I have made so many wonderful friends."

Mrs. Dill's home shows some of the results of her training. "I had done upholstering but wouldn't have thought of making a tailored garment before I received instructions in tailoring through club work."

Not only sewing for herself, she is seamstress for several of her relatives. Thanks to the club, she can also do leather work.

Having lived on a farm for most of her life, Mrs. Dill thinks nothing of driving to Brownfield for church, where she is a member of The Church of God, located at South Third and Cardwell. She is also a

member of the Parents Club at Union and last year served as its secretary.

She is one of the room-mothers for the sophomore class of Union High School, of which her son, Jackie, is a member. Her son, Lynn, is in the sixth grade and Rickey will be starting to school next year.

She takes Jackie to Brownfield once a month to attend Terry County 4-H Club meetings and Lynn has to be taken in once a month to attend 4-H Council.

Even though she has no daughter, Mrs. Dill enjoys working with the girls in their 4-H activities, serving as a judge last Saturday in their baking contest.

According to Mrs. Dill, "This honor is more than I deserve and the club already had done so much for me. Few people would recognize me as the timid soul attending that first HD club meeting."

Standing in front of the case, from left, are the ones who arranged the display, Mrs. Earl Cornett of Route 5; her daughter, Genell Cornett; Linda Henson, daughter of Mr. and Mrs. Joe Henson of Route 1, and Ethel Martin, daughter of Mr. and Mrs. Reg Martin of Route 1. Annual Event Slated In School Cafeteria; Duo To Be Revealed

Terry County's Outstanding Young Man and Outstanding Young Farmer for 1957—they will be revealed at 7 p. m., Friday in Brownfield High School cafeteria.

Occasion will be the 18th annual banquet of Brownfield Junior Chamber of Commerce, and emcee for the event will be Ralph Krebs, popular Lubbock businessman.

Main speaker for the program will be the president of the Texas Junior Chamber of Commerce, Pete Snelson.

Bob Payne, president of the Brownfield organization, explained Tuesday that appropriate plaques will be presented to the OYM and OYF.

The Tuesday banquet will be the 18th time the OYM has been named in Brownfield, and

RALPH KREBS

the third time for the OYF.

Selections will be made on the following bases:

1. Outstanding service to the community, state and nation during the past and present years.
2. Between 21 and 35 years of age.
3. Must live in Terry County, and must be present for the awards banquet.

Requirements for the Young Farmer are the same as the foregoing except that nominees must derive two-thirds of their income from farming.

Krebs is a past president of the Lubbock chamber, and long has been active in civic work on the South Plains. He is the general agent for the Union Life Insurance Company in Lubbock, winning the Top-Producer Award for the company in 1957.

Krebs also teaches Bible class at St. Luke's Methodist Church in Lubbock, is educational director for the South Plains Life Insurance Association, member of the South Plains Insurance and Trust Council, and of the Lubbock Toastmasters Club.

Seating Options For Tech Stadium To Be Discussed Tuesday

Harry Evans of the Texas Tech Stadium expansion committee will be here Tuesday to offer Terry residents an opportunity to purchase seat options in the new stadium scheduled to be completed by 1960.

A seating chart of options available will be set up in the banquet room of the Melody Restaurant, beginning at 7:30 p. m., Tuesday.

Evans will discuss the option program and plans for expanding Tech's athletic plant to 55,000 capacity by the time the school enters Southwest Conference football competition in 1960.

Pay April, 1960

Lee Brownfield of 508 South C will head the Terry option campaign. He will be assisted by Bob Clements of 608 East Tate, George O'Neal of 706 East Lons, and Curtis Sterling of 801 East Lons.

The county committee urged Terry football fans to attend the meeting. "We urge everyone interested to attend or send someone to the meeting," said Brownfield.

The chairman also revealed that persons purchasing options do not have to pay anything until April 1, 1960. Total cost of the program is estimated at \$1,700,000.

TRIO WILL SPEED PROJECT

Directors Set Sights On Modern Chamber Office

Directorate of Brownfield Chamber of Commerce plunged Wednesday (before breakfast) into plans for erecting a sparkling new C-C office.

Setting their sights on a completion date prior to "the summer tourist traffic," the directors named three of their own to speed the project: Lal Copeland, chairman, C. E. Ross and Bruce Zorns. The new home will be in 200-Block North First.

The trio was named Wednesday morning during the chamber's regular directors' meeting, in MeLoody Drive-Inn, where two Lubbock architects presented proposed building plans.

Present from the Hub City were Architects M. G. Butler and Turner R. Kimmel, who presented drawings of C-C offices costing from \$13,000 to \$45,000.

Pres. Dennis Q. Lilly asked O. R. Douglas to open the Wednesday session with an invocation, after which Director Burton Hackney briefed the group concerning his committee's current efforts toward assuring Brownfield adequate hospital facilities after Treadaway-Daniel is closed July 1.

(It is coincidental that Hackney is a C-C director and chairman of the hospital committee. He spoke only for his committee Wednesday.)

Hackney told the directors that his committee would present the entire situation as they find it to the people when the appropriate time arrives, that is after the group's study has been completed.

Administrator Needed

The chairman also emphasized that "Already, we're sure of one fact: Any hospital must have an able administrator. That is one definite recommendation which we will make."

Hackney also explained that the situation calls for much education and explanation, and to that end, he said, a trio outside his committee has been named to work with other groups, radio and press.

In other business, the directors:

1. Paid current bills.
2. Adopted the program of work for 1958.
3. Declared their annual banquet a success, earning a "reasonable profit."
4. Learned that contract for City-Council Airport would be let March 17.
5. Made the president of Brownfield Junior Chamber of Commerce a fulltime director, with equal balloting rights.

MAJOR PORTION FOR NEW HOMES

Construction Dollars Amount To Nearly \$200,000 First 2 Months

Brownfield construction dollars boomed to near \$200,000 the first two months of 1958, giving rise to hopes that totals will approach the 1955 record of \$2,736,733.

A. J. (Jake) Geron, city secretary said the first two months indicate a trend toward more residential construction this year after two years devoted primarily to additions to existing homes.

"We already have issued permits for 13 new homes in Gilliam-Powell Addition and soon expect to issue several more in Bel Aire," revealed Geron. January and February construction, according to 26 permits issued at City Hall, totaled \$199,220.

Though the figure falls considerably below the 1957 January-February total, \$329,945, Geron noted almost \$200,000 was provided by First Presbyterian Church and business construction last year.

"This year's total looks much better because of the

Soil Testing On Increase

Soil testing, though in its infancy here, will continue to grow as Terry farmers attempt to get more out of land reduced by allotments, according to L. T. Stone, Goodpasture Soils Laboratory director.

The laboratory has processed approximately 1,300 soil samples and 1,000 plant tissue analyses during its first year of operation. "This is more than we contemplated," said Stone. "However, with irrigation, hybrids and good season, these tests will become even more important."

Comparing land to an automobile, the director said, "The more you run a car, the more gas, oil and water you will use. By the same token, the more you make a plant grow and produce, the more nutrients will be taken from the soil."

Stone added, "A farmer should consider a load of

CONSTRUCTION BOOMING—Residential construction got a good start here during the first two months of 1958, giving rise to hopes that Brownfield will have another growth comparable to 1955. The top photograph indicates the rapid growth in the Gilliam-Powell Addition. The house in the foreground nears completion while workmen prepare foundations for homes in the background. Construction activities outside the new additions are shown in the other pictures taken on East Tate. Almost \$200,000 worth of construction, including 13 residences, was registered during January and February. (NEWSfoto)

For 1957, Terry Citizens To Pay A Probable \$2,285,000 Income Tax

NEW YORK, Feb. 28 — With the approach of Tax Day, on April 15, the question arises locally, "What will residents of Terry County have to fork over in the way of individual income taxes this year?"

The bite, according to government expectations, will be greater than it was last year, when an estimated \$2,260,000 in personal taxes was turned in.

That figure, though unofficial, is based on a breakdown that took into account the federal data on receipts from the State of Texas, together with earnings and income classifications in Terry County.

Terry residents provide 8.14 per cent of the amount collected from individuals throughout the state.

The increase expected this year is not due to any hike in tax rates. It results from bigger earnings, on the average, in 1957 than in 1956.

Preliminary reports set the rise in income locally in the last fiscal year at 1.5 per cent. This means a tax payment by April 15 of about \$2,285,000.

Nationally, the yield last year from individual taxes was the biggest in history, around \$43 billion. Even more is contemplated in the Eisenhower budget for fiscal 1959.

It estimates that personal tax returns will be about 3.5 per cent greater than at present. This would require that incomes be higher this year than last.

In Terry County, to keep pace, net earnings would have to reach \$19,700,000 in 1958.

The odds are, according to the experts, that it won't materialize. Business doldrums, they point out, are not conducive to large tax returns.

Instead, there is more and more agitation from the grass roots for a tax cut for next year. Business firms and private citizens alike are letting Washington know their views.

What they are saying is that we need a monetary weapon in the form of a tax reduction to break the back of the slump and start an upturn.

Until recently, both the Administration and Congress have been cool to such proposals. Sentiment, in this election year, gradually is turning, however. The controlling question at present appears to be its inflationary effect, of which many are fearful.

BASKETBALL

Players Prepped For All-Out Try

The Band-Aids will meet the Mustang Plasters at 7:30 p. m. today in a girl's "basketball game" in Cub Gym.

The affair, which will pit members of the band against mothers of the bandsmen, is being staged to provide funds to air condition the band hall.

Tickets for the tilt will be on sale at the gymnasium door for 25 cents.

The Band-Aids are recent winners of the BHS girl's intramural cage tournament. The Mustang Plasters will present an array of talent whose playing days date from 1926 to 1940.

Halftime activities will include the appearance on the gym floor of three former —

URGES ALLOTMENT BOOST

White Says Texas Farmers Sidelined While 1958 Cotton Profits Wing Abroad

Texas and other American cotton farmers face another in a series of hard knocks this year in the form of "Home-Made" competition — foreign competition brought about by shortsighted planning at the top level in Washington, says John White, commissioner of agriculture.

It now is apparent that, due to relentless insistence on holding down cotton allotments in our country, not enough top quality cotton will be produced to meet our own domestic needs this year. As a result, we will likely find ourselves in the ridiculous position of bringing cotton into this country from Mexico, Brazil and possibly even such countries friendly to communism as Egypt.

Current cotton acreage allotments are based on an estimated production of 1 1/2 million bales. But what some of our government planners have failed to recognize is the fact that much of this land went into the soil bank and will not produce any cotton.

Last year, our upland cotton was lower in grade than at any time in the past 12 years. Middling and higher grade production was the smallest since 1949.

Now our textile industries are facing a serious shortage of better quality cotton. But this shortage could be overcome if our farmers were allowed to take advantage of promising soil and weather conditions so they could have the crop when it is needed.

We need an immediate 25 per cent increase in cotton allotments in order to meet our domestic demand. We can produce the desired grades this year if our farmers are given the opportunity.

The 1957 cotton story was a sad one in Texas — and practically everywhere else in the nation. Ginning of top grade was off drastically, and our farmers had to fight continue, bad weather to produce what they did.

A sad epitaph to that story would be for "sidelined" farmers at home to stand idly by while cherished cotton profit wing their way abroad.

True friends are like diamonds, precious and rare. False friends are like autumn leaves, found everywhere.

"SECOND DOZEN, ROBERT?" — It's all in fun, the picture above. However, the purpose is serious: To publicize Brownfield Kiwanis Club's annual pancake supper, 6 p.m. until 9 p.m., March 14 in Junior High School cafeteria. Theme (utterly!) of the event: "All the pancakes you can eat!" Price: 50 cents a person. Proceeds from the supper are used each year for the club's underprivileged children's fund. PTA's Hold A Joint Meeting; Observe Public School Week

Junior High PTA and Frances Bell PTA met Monday night in junior high auditorium for a joint program and classroom visitation in observance of "National Public School Week."

Presenting the program were junior high band, under the direction of their instructor, Mac Jones, and fifth grade chorus of West Ward, under the supervision of their music teacher, Mrs. A. V. Wall. A. V. Wall, high school music direc-

tor, accompanied the chorus. Preceding the program, each of the PTA units met for a business session. Serving on the nominating committee for Junior High PTA are Mmes. P. R. Cates, Jess McWherter and C. W. Denison. The unit voted to send a delegate to the PTA District 14 Spring Conference being held in Littlefield April 15.

Making up the nominating committee for Frances Bell PTA, are Mmes. Truett Flache, James Bragg and Thad Risinger. Mrs. Mary Bryant's fifth grade room took the prize for room-count.

Meadow Lassies To Enter Regional Play After 49-42 Victory

Meadow's girl cagers will attempt to better the boys' record this weekend when they compete in the Region I-B girls basketball tournament at Canyon.

The Meadow sextet will collide with Lakeview of District 9-B in a match scheduled for 7 p.m. Friday. Semifinal and final rounds will be played Saturday in West-Texas State College Gymnasium.

The Broncoettes claimed the right to enter the regional meet

with a 49-42 bi-district victory over Loop Monday night at Meadow.

Meadow jumped into an early lead and led all the way, holding quarter advantages of 10-8, 28-17 and 33-26.

Betty Eubanks topped scorers with 26 points and Linda Hendricks backed her up with 19. Martha Freeman led Loop marksmen with 22 counters.

Claudene Beavers and Ruby Smith, Meadow guards, provided the key to the victory with their tight defensive play.

seed or cotton as a load of nitrogen, potash, phosphorus and calcium. The more he takes to the elevator or gin, the more is taken away from the land.

Soil testing is not new, noted the director. However, its accuracy is new. "We once visually compared colors of the soil resulting when chemicals were added," he said. "Now electronic equipment takes out the guess-work in measuring the acidity and alkalinity of the soil."

After a year of testing here, Stone said he has found the area to be heavily alkaline. "The best soil is slightly acidic, which keeps nutrients in an available solution," he said.

Since its opening, the laboratory has added a phosphorus-testing machine. A nitrogen-testing machine soon will be installed, completing the facility by present laboratory standards. "There are only four other labs in the state that are equipped as well as Brownfield's," revealed Stone.

One Not Enough
 The director added that one soil analysis, set off by itself, is not very valuable to the farmer. "To obtain an accurate picture of the land's

needs, tests should be run over a three-year period," he said. "Fertilizer recommendations are aimed at one season—and an unusual season would knock the recommendations out of line."

Stone urged a follow-up plant analysis to determine the accuracy of the soil test. "Effects of the season, climate and methods of farming readily are apparent in a plant analysis," he said. "These elements are not discernible in a single soil test."

Better Land Needed
 Irrigation and better seed require better land, added Stone. "We must know what the soil needs before we can add nutrients necessary for a better soil," he said.

Stone pointed out Terry's high alkalinity can be lowered over a long period, by the use of organic matter. "This is one measure that can be used to improve the soil," he revealed. "Formerly, land was allowed to lie fallow or green manure crops were planted, but with today's high-priced farms, the farmer normally has to have cash crops on every acre of land."

Introduction of organic matter to the soil is about the best way today's farmer can lower alkalinity and have cash crops, too, added Stone.

Increase in residential construction, added the secretary.

The two-month total shows a big jump over the December construction figure, \$29,500. Though the final month of 1957 was low, Brownfield compared favorably with other area towns on a construction per capita basis. Brownfield had a

per capita figure of \$4.79.

Other towns were as follows: Adnrews, 18.70; Lamesa, 14.01; Seminole, 6.61; Plainview, 2.78; Levelland, 14.19; Big Spring, 7.85; Littlefield, 1.96; Lubbock, 10.00; Slaton, 9.59; Tahoka, 0.00; Colorado City, 2.90; Monahans, 8.45, and Plains, 28.13.

Geron also noted the recent swing to larger homes here. "Though only nine permits were issued in February, the month's total reached \$107,820, primarily because of seven large homes," he said.

Obtaining permits during the two-month period were: S. B. Collier, \$5,000 to build concrete addition to present building at 501 South First; Mrs. Jeff Dunn, \$500 frame addition to residence at 314 West Lake; B. L. SANTA FE WRECK—Damage was counted as heavy when 12 of 17 cars comprising the Santa Fe's Monday run from Lubbock to Seagraves jumped the tracks some 4 miles south of Wellman. Picture above surveys some of the damaged and derailed cars. The mishap was attributed to a broken rail. Santa Fe's Lubbock office estimated the damage at some \$35,000.

Five trainmen escaped injury in the accident. They were W. G. Elkins (engineer), Bobby McReynolds (conductor), T. Trimble (fireman), A. J. Hoover (brakeman), all of Slaton and Fireman F. D. Sooter of Lubbock. A small trestle bridge was demolished. (NEWSfoto)

IS This You?
WANTED: A man for hard work and rapid promotion; a man who can find things to be done without the help of a manager and three assistants.

A man who gets to work on time in the morning and does not imperil the lives of others in an attempt to be first out of the office at night.

A man who listens carefully when he is spoken to and asks only enough questions to insure the accurate carrying out of instructions.

A man who moves quickly and makes as little noise as possible about it.

A man who looks you straight in the eye and tells the truth every time.

A man who does not pity himself for having to work.

A man who is neat in appearance.

A man who does not sulk for an hour's overtime, in emergencies.

A man who is cheerful, courteous to everyone, and determined to make good.

This man is wanted everywhere. Age or lack of experience does not count. There isn't any limit, except his own ambition, to the number or size of the jobs he can get. He is wanted in every business.

FORT WORTH — Cattle and calves moved in a very active trade at Fort Worth Monday as both slaughter and stocker buyers pressed for a share of the supplies. Again the supply of mature fed cattle was very small. The excellent grazing prospects developing all over the Southwest put added zest into the stocker trade, although high quality kinds were virtually lacking in the offering.

"Good and choice slaughter steers and yearlings cashed at \$24 to \$27.50, and medium and low grades sold from \$16 to \$23.50. Fat cows cashed at

Dry Core Is Pulled At Terry Explorer

Honolulu Oil Corp. was drilling ahead following failure to get core shows in its No. 1 Pope Pool, northwestern Terry County wildcat about 12 miles southeast of Sundown.

Core was cut from 9,265-85 feet in Permo-Penn. Recovery was 20 feet of lime and sand without shows of oil or gas. Drilling operations were resumed, with bit turning to the right below 9,568 feet at last report.

Earlier, a drillstem test opposite Wolfcamp recovered 360 feet of clean mud, 120 feet of slightly oil and gas-cut mud and 150 feet of oil and gas-cut mud that was 30 per cent oil. Project is aimed at Devonian production with a depth objective of 12,000 feet.

Joseph O'Neill No. 1 Mason, six miles southeast of Sundown, waiting on cement on 8 5/8-inch at 4,823 feet. Depth objective is 7,300 feet.

\$16.50 to \$19, and canners and cutters drew \$10 to \$17. Bulls were reported from \$14.50 to \$20.50.

Good and choice slaughter calves sold from \$24 to \$27.50 and medium and lower grades sold from \$14 to \$23. Stocker calves brought \$22 to \$28, and heifer calves sold from \$26.50 down. Stocker yearlings drew \$27 down. A few stocker cows sold from \$14 to \$20.

HOGS OPEN 50c to 75c HIGHER, TOP \$22-\$22.25

Butcher hogs opened on a very strong footing at Fort Worth Monday as choice butchers' scored \$22 and \$22.25. Medium to good hogs sold from \$18 to \$21.50. Sows cashed at \$17 to \$19.

OLD CROP LAMBS SHOW SOME STRENGTH MONDAY

Trade in the sheep yards was active and prices on old crop lambs were strong to 50 cents or more higher, some of the heavyweight lambs showing the better gains. Good and choice slaughter lambs sold from \$21 to \$22.50, the higher figure for No. 1 or Fall shorn fleeces. Some good woolled lambs drew \$21.50, and some heavies up to 125 pounds also sold at \$21.50, considerably better than last week on those weights. A few odd lot medium and low grade stocker lambs cashed at \$18 to \$20. Slaughter ewes sold around \$9 to \$10 and other grades and classes were scarce.

It's like getting back 15¢ on every gas dollar!

Here's the biggest savings story of the year! And here's why.

It all starts with Ford's new dream of a drive called Cruise-O-Matic . . . the newest, most versatile, most automatic of them all! The new driving ranges let you choose your starts for the road conditions that exist. For example, in most of the driving you'll do, you can take off lively as a spring lamb if you wish. And on snow, ice or any slippery road surface, with the extra driving range you can get sure-footed starts that are steady and silky-smooth.

Now, team this all-new automatic with Ford's new Thunderbird-powered V-8 (with up to 300 hp) and you get as much as 15¢ better gas mileage, too! That's because a special gas-saving rear axle ratio is used to give you all the savings of "built-in" overdrive economy.

And based on factory suggested retail delivered prices, a Cruise-O-Matic Ford is priced lowest of the low-price three with comparable equipment.

So, with Thunderbird go . . . down-to-earth gas savings . . . plus Ford's traditionally low prices and high resale return . . . you have the best reasons in the world to make yourself a deal on a beautiful new Cruise-O-Matic Ford!

PRESENT LAWS DEEMED INADEQUATE

Excise Tax On Telephone Service Is Inequitable, Discriminatory, Unfair

The United States Independent Telephone Association (to which General Telephone Company of the Southwest belongs) and its member companies are urging the early repeal of federal excise taxes on communication services. Their position is summed up as follows:

1. The federal excise tax on communication services was conceived as an emergency measure and should not be continued longer lest it come to be regarded as a permanent part of the tax structure.

2. The tax is unfair because it discriminates against users of telephone service, regarded by most people as a daily necessity. The service is treated as a luxury for tax purposes and subjected to rates approaching those imposed on club dues, cabaret bills, liquor and tobacco. It is the only household utility service so taxed.

3. The necessity of maintaining federal tax revenues at the current high level should not preclude the elimination of the unfair and discriminatory excise tax on communication services. The nature of this tax demands its early repeal.

4. Without questioning the joint Federal-State Action Committee's suggestions for the transfer of certain functions to the states, the proposal that any portion of the federal excise tax on communication services be credited to the states in order to meet the cost of these functions is basically unsound. State responsibility would rest insecurely if supported by a temporary tax, and the excise tax on

communication services should not be permitted to become permanent.

The huge USITA presents the additional arguments concerning repeal of the excise tax in question:

1. Telephone communications is essential to commerce, industry and the social life of the nation. It is not a luxury item. Nevertheless, it is subject to an excise tax which normally applies to such luxuries as furs, cosmetics, alcoholic beverages, etc.

2. The Gallup Poll has found that the tax on telephone communications is the most unpopular of all the excise taxes because it adds to the cost of a genuine necessity in the American way of living.

3. State regulatory authorities condemn the levy as "inimical to the maintenance of reasonably priced and non-discriminatory communications service," because it adds unreasonably to the rates and charges which they carefully have established.

4. An excise tax on telephone communications is discriminatory because it singles out the telephone from other essential household utility services such as water, gas and electricity.

5. The telephone excise tax was enacted primarily to assist in conserving material during World War II. It was an emergency measure and should not be permitted to become a permanent part of tax revenues.

6. The telephone excise tax is a consumer

tax, and its repeal would result in a direct saving for the telephone users. No part of the savings in taxes could be retained by the telephone companies.

The Texas Utility Occupation Tax, better known as the gross receipts tax, is a tax whereby utilities of Texas are taxed on the basis of gross receipts from interstate services. The telephone companies are objecting to the inequitable and discriminatory rates imposed on them as compared to those imposed on gas, electric lights, power and water companies.

The telephone people cite the following examples, which they claim are utterly discrimina-

tory:

In all unincorporated cities and towns, tax rate of all utility services with the exception of telephone is zero. Telephone: 1.65 per cent of taxable receipts. In all incorporated centers of 1,000 to 2,500 population the tax: other utilities: .484 per cent; telephone: 1.65 per cent.

In addition, in incorporated cities of 10,000 or more, the tax rate is 1.66 per cent for all other utilities; for the telephone: 2.50 per cent.

The NEWS agrees wholeheartedly with the telephone industry, which declares: Telephone service today is essential. Jobs depend on it. Lives depend on it.

Plainview Services For Mrs. Thornton

Mrs. J. W. Flippin of 1407 East Buckley returned last Friday from Plainview, where she attended funeral services for her mother, Mrs. A. B. Thornton, 62.

Mrs. Thornton died Feb. 26 in her Plainview home following a long illness. Services were held in the Church of Christ.

Formerly Grace Neely Scott, she was born March 24, 1895, at Rising Star. She and her

husband were married Nov. 26, 1915 at Brownwood.

She is survived by three daughters, husband, five sons, two brothers, three sisters, 25 grandchildren and two great grandchildren.

It is better to remain silent and thought a fool, than to speak and remove all doubt.

Running after women never hurt anybody. It's catching them that does the damage.

MARCH 1-8

Annual Observance Set By National 4-H Clubs

The nation's 4-H club members, more than 2,000, are observing National 4-H Club Week from Mar. 1-8. They are not only saluting their parents, but all parents and are recognizing the important part that parents play in guiding and influencing youth.

The 111,535 Texas 4-H club members were recognized by Governor Price Daniel in his greeting to them when he said, "As 4-H members you have contributed much to the material wealth of Texas and the

Nation in raising the quality of agricultural production, but you yourselves are our richest resource. May you continue to build yourselves, your homes and communities during the coming year, and thus help build a greater America."

The Governor also saluted the parents, adult leaders and friends of 4-H for the contributions they have made to the 4-H program in Texas.

Texas 4-H members last year completed more than 154,000 demonstrations involving practically every phase of farming, ranching and homemaking.

They are members of 4,027 local 4-H Clubs and received assistance from 10,068 local adult leaders and 3,210 junior leaders. Local county extension agents provide the leadership for 4-H club programs in the counties.

Members of 4-H clubs, individually and as a group, participate in community service activities. Any boy or girl between the ages of 9-21 years of age may become a member by agreeing to follow 4-H ideals and standards.

The chief requirement is a willingness to "learn to do by doing", which is the club slogan.

Club Reporters At Meet in Bailey Home

The home of Mrs. Shafter Bailey Jr., 1309 North A, was the scene Monday afternoon of a reporters school for home demonstration clubs given by Klydie Scudday of the NEWS.

Mrs. Scudday informed the group that the first paragraph of any report can be an extra long sentence and should contain the five W's, which are what, where, when, who and why. She also stated, "In making a report, the writer always should be sure the information is accurate, sufficient and readable."

Those attending were Mmes. W. O. Miller, Union; Roy Howell, Northwest; Kellie Sears, Gomez; William Faulkenberry and O. D. Kennedy, Willow Wells; Miss Betty Hillis, home demonstration agent, and Mrs. Bailey.

ATTENDS SEMINAR

Dr. Howard McIlroy of 1201 East Ripley, left today to attend the Parker Chiropractic Research Seminar in Fort Worth. He will return Sunday after the four-day sessions.

an, and "to make the best better", which is the club motto. Character development and good citizenship are long-time goals.

Observances of the special week are being planned in most counties in Texas. The general public is invited to participate in the local observances and to learn more about this great rural youth organization which over the past half century has helped 20,000,000 youth develop into useful citizens.

The most inflammable kind of wood is the chip on the shoulder.

Initiation Is Held By Rebekah Lodge 56

Bertha Durham of 1411 East Main was initiated into Rebekah Lodge 56 when they met Monday night in the IOOF Hall.

Those assisting in the ritual were: Imogene Nicholson, Noble Grand; Vada Stevens, Vice Grand; Laura Riney, Past Noble Grand; Dessie Stone, Chaplain; Laura Brown, Warden; Addie Hogue, Secretary; Mary H. A. Well, Conductor; Juanita Stevens, Musical; Vada Lewis, Team Captain; Lonnie Rhyne, Outside Guardian, and Grace Rhyne, Inside Guardian.

Mrs. E. C. Pool of 1003 East Buckley was a candidate for a change of membership from the Lubbock Rebekah Lodge.

Hostesses, Mmes. Wayne Brown, Carl Hogue and Elva Benton, served refreshments to the above and Imo Riley, District Deputy President of Rebekah Assembly of Texas, Marian Stone and Loy Lewis.

Jack Hamiltons Host Couples Bridge Friday

Couples Bridge Club met with Mr. and Mrs. Jack Hamilton of 902 East Broadway Friday evening.

Mrs. Fred Smith took ladies' high and Tom Harris took men's high. Bingo prizes went to Mrs. Tom Harris and Fred Smith.

Frozen lemon pie and coffee were served to Mr. and Mrs. Smith, Mr. and Mrs. Harris, Mr. and Mrs. Lee Brownfield, Mr. and Mrs. Grady Goodpasture and Mr. and Mrs. Burton Hackney.

May blessings be upon the head of Codmus, on the Phoenixians, or whoever invented books.—Thomas Carlyle.

CLUB WINNERS — Pictured are purple ribbon winners in a 4-H baking contest held Saturday in the county agents office in the court house. They are, from left, Linda Henson, daughter of Mr. and Mrs. Joe Henson of Route 1, for yeast rolls; Genell Cornett, daughter of Mr. and Mrs. Earl Cornett of Route 5, three ribbons for sponge cake, butter cake and cornbread; Gail Howard, daughter of Mr. and Mrs. Jeff Howard of 516 East Hill, for rolls and refrigerator cookies, and Cheryl Preston, daughter of Mr. and Mrs. E. E. Preston of 420 East Broadway, for biscuits. Kay Phillips, not pictured, daughter of Mr.

and Mrs. Pete Phillips of Route 5, won a purple ribbon for drop cookies. Thirty-six 4-H girls participated in the contest for a total of 42 entries. Ten received blue ribbons, 13 red and 12 white, with all ribbons being donated by Brownfield State Bank. Judging the contest were Miss Myrna Marshall, Yoakum County HD Agent; Mrs. O. D. Kennedy of 709 East Lake, Terry Co. chairman of Texas Home Demonstration Association; and Mrs. Joe Henson of Rt. 1, and Mrs. Rufus Dill of Route 3, both Terry County HD Council 4-H committee members. 'MAN FROM GOD'S COUNTRY'

Friends Pitted Against Each Other In Post Civil War Drama At The Regal

"Man From God's Country," Allied Artists' action-packed outdoor drama of a former law officer marked for death by a gang of killers, opens today at the Regal Theatre with George Montgomery and Randy Stuart starred.

GEORGE MONTGOMERY

The picture, produced in CinemaScope and De Luxe Color by Scott R. Dunlap, has been named by critics as one of the top western pictures of the past several months.

Montgomery is seen as a former lawyer who heads to Sundown, Montana Territory, to find a Civil War pal, House Peters, Jr., and start a cattle ranch they had planned during their war days.

Montgomery, however, learns that Peters is part of a vicious gang led by a ruthless killer who controls the town.

The former Civil War buddies find themselves pitted against each other and the picture races to a tremendous and surprising climax when Peters gets his orders to gun down Montgomery.

Randy Stuart, the beautiful young Hollywood actress, turns in an effective performance as

a dance hall hostess who is used to bait the death trap for Montgomery but instead falls in love.

The cast also includes such performers as Gregg Barton, Susan Cummings, Kim Charney, James Griffith, Phillip Terry, Frank Wilcox and Al Wyatt.

"Man From God's Country" also benefits from some exceptionally effective photography

"Wild Is The Wind" To Unfold At Regal Theatre On Sunday

Hal Wallis' production for Paramount of "Wild Is The Wind," which returns Anna Magnani, Academy Award winner for "The Rose Tattoo," to the American screen, will open Sunday at the Regal Theatre.

A film that has evoked critical and audience raves for the strength of its performances, the power of its story and the brilliance of its production and direction, the Vista-Vison tale of love and hate in the Nevada sheep country stars the fiery Miss Magnani, two-time Oscar winner Anthony Quinn and dynamic young Anthony Franciosa.

Co-starred are Dolores Hart and veteran character actor Joseph Calleia.

Produced by Hal Wallis, whose "The Rose Tattoo" brought Miss Magnani her Oscar, and directed by George Cukor, "Wild Is The Wind" promises to be of the lusty, elemental quality as the memorable Tennessee Williams story.

Dealing with people of primitive emotions and drawing

AT REGAL SUNDAY—Anna Magnani teams with Anthony Franciosa, above, and Anthony Quinn in the Hal Wallis drama, "Wild Is The Wind," Sunday at the Regal Theatre.

them with a frankness and boldness not often found on the American screen, it ranges from taut drama to rough and earthy human comedy.

The story is of a marriage between a widower and the tempestuous sister of his deceased wife.

Ceased even by the despair of discovering that her husband hides a guilty secret and that she exists in his mind only as her predecessor, she turns to a younger man and brings violence into their lives. The setting for the Arnold Schulman screenplay is the remote and isolate Nevada mountains, filmed in VistaVision.

Star Tackle, Back To Join the Raiders

Tackle Wallace Lee of Littlefield and fullback Richard Stafford of Matador have informed Texas Tech head coach DeWitt Weaver that they will enter Tech next fall.

Lee, a 295 pounder, was selected to the All-District 1-AAA team and to the All-South Plains team chosen by The Lubbock Avalanche-Journal last season.

Stafford was an All-District 2-B selection. The 205-pounder was a big cog in Matador's drive to the regional championship.

HEADS CROP — Pictured above is Jim Huston of Rosenberg, recently named director of Texas CROP (Christian Rural Overseas Program). Huston's appointment was announced by the Rev. R. Scott Copeland of Richmond, chairman of the Texas CROP committee.

Huston began his duties in the Austin office March 1. He succeeds the Rev. M. C. Stearns, who has resigned to return to the active ministry of the Methodist church.

Border Olympics To Open Raider Slates

Texas Tech launches its track and golf seasons at the Border Olympics in Laredo this week-end. Both teams will compete in official Southwest Conference competition for the first time this spring, although the freshman track team participated in the freshman division of the SWC meet last May. The Picadors finished second to Texas last year, but several of Coach Delmar Brown's cindermen who placed in that meet are missing because of low grades. Coach Warren Cantrell's golfers won the Border Conference championship as freshmen and sophomores and did not participate last year to assure themselves two years of Southwest Conference competition. Only three of them are in school now, since the fourth withdrew for scholastic reasons. A good deed is never lost; he who sows courtesy reaps friendship, and he who plants kindness gathers love.

"MY FAVORITE RECIPE" — Pictured is Mrs. C. N. McIntyre of 1001 East Hester as she prepares her favorite recipe, strawberry cake. Her directions: Put into mixing bowl, 1 box white cake mix, 1 box strawberry Jello, 3 tablespoons flour, 4 eggs, 1/2 box frozen strawberries, 1/2 cup water and 1 cup Mazola oil, mix well. Pour into greased and floured layer pans and cook at 350 degrees for 30 minutes or until done. For icing mix 1/2 box frozen strawberries, 1 box of powdered sugar and 1/4 pound of butter, melted. Mrs. McIntyre says, "My family likes the cake and it stays moist longer than most." (NEWSfoto)

Polk Robison
Texas Tech Coach

POLK IS HONORED—The Texas Tech student body Tuesday honored Coach Polk Robison and presented him a 1958 DeSoto. The Raiders precluded the presentation with a 73-64 win over Rice.

Calling cards and invitations have arrived. Now all seniors are busy trading cards and getting their mailing list ready. After we have called each other by nicknames for years, it is hard to recognize given names.

Senior class play try-outs took place last Wednesday and Thursday afternoon. The play selected is titled "The Night of January 16th", and promises to be a most interesting presentation. The play is under the direction of Miss Berry, speech teacher, with a cast of twenty-two characters and will be presented March 28.

While we are on the subject of plays, two more will be presented by the speech classes in the near future for assemblies.

The presentations of these plays are required activities for the speech classes. Names of the plays are: "Happy Journey" and "Minuet".

Have you noticed the rumbly in the hall getting louder? It is only the literature students memorizing their required lines of poetry.

Brace yourself: Report cards will make their fourth appearance next Wednesday.

Another honor for Bettie Ann Davis—in the National Baton Twirling Association Contest at Albuquerque, N.M., last Saturday Bettie Ann won second place in the senior solo division.

About Your HEALTH

A weekly public service feature from the Texas State Department of Health.

HEWITT A. BOLLIE, D. D. Commissioner of Health

Well over half of Texas' paralytic polio victims last year were less than five years of age, a final tabulation of the 1957 polio incidence shows.

The record discloses that of the 365 paralytic cases reported last year, 218 were pre-schoolers under five. That figures out to be 59.7 percent for Texas, compared to 45 percent for the nation as a whole.

Of the remaining Texas cases, 44 were between the ages of five and nine; 23 were in the 10-14 age group; 19 were between 15 and 19; and 61 were over 20.

Clearly revealed in these "age group distribution" figures is the necessity of placing special emphasis on the immunization of pre-school children, while at the same time keeping in mind that everyone up to 40 years of age should take the series of three shots in proper sequence.

It still takes almost eight months to take the entire series. The second shot is given

Sue Shewmake, and Carolyn Weathers enjoyed an informal gathering last Saturday afternoon at the home of Patti Thomas.

Enjoying Ann Daughtrity's hospitality last Thursday night were Carma Cole, Kitty Baker, Gerald Gardner, Louis Hare, Wayne Wheeler Carson Woodall, and Duke Frisby.

Good use was made of The Party House last Wednesday night. Those present enjoyed dancing. The following Saturday it was again in use, when the Youth Center was enjoyed.

COMING ATTRACTIONS:
March 3—Tuesday night — High School Open House. A play presented by one of the speech classes and the band will provide the entertainment.

March 6 — Thursday afternoon — Presbyterian young people leave for Ruidoso to spend the weekend.

Thursday night — basketball game between the "Band-Aids and the "Mustard Plasters" (a team composed of the mother's of band students.)

March 7 — NO SCHOOL: All teachers leave for State Teachers' Convention in Odessa. Sharon Kennedy, Delma Fox, Karen Foshee, Betty Bragg, and Mrs. Sparks will attend the Future Teachers Convention in Denton.

Mrs. Loyd Martin, the former Sharon Frymire, was honored with bridal shower on Feb. 27, at the home of Mrs. Mike Barrett.

Freda Newsom and Bob Wilkinson were married Sunday at 3 p.m., in the home of the Rev. Dallas Dennison.

two weeks after the first, and the third seven months after the second.

Parents must take the initiative in seeing that their younger children are properly immunized and in getting immunized themselves.

In the four years since the advent of Salk vaccine, its efficiency in conferring immunity against the crippling effects of polio has exceeded all expectations. This is its record of performance for the past five years.

In 1952, Texas suffered 3,984 cases of both paralytic and non-paralytic polio. That was the worst year in state history. In 1953, reported cases totalled 1,751. There were 3,037 cases in 1954; 1,931 in 1955; and 1,359 in 1956.

totals with the 729 cases last year — slightly over half the number experienced in the lightest year of the previous four.

The time for parents to take action toward having their youngsters — especially those of pre-school age — vaccinated is right now, before the polio season begins. And parents will be making a mistake if they neglect to get themselves immunized at the same time.

The tendency of many people is to take one or two doses of vaccine, and forget about the third. True, one shot does give some protection, and two give even more. But only by taking that third shot can maximum

protection be assured. Getting vaccine is no problem nowadays as it was in the beginning. Latest estimates put the nation's vaccine supply at 30 million doses.
