VOLUME 21 TEN CENTS 16 PAGES BROWNFIELD, TERRY COUNTY, TEXAS, SUNDAY, MARCH 9, 1958 NUMBER 20

OUTSTANDING — The Outstanding Young Man of 1957 and the Outstanding Young Farmer of 1957 are H. L. (Hub) King and Weldon W. Mason, respectively. The duo was revealed during the 18th annual Awards Banquet of Brownfield Junior Chamber of Commerce, held Friday night in BHS cafeteria. From left standing in the picture: King; Mason; Ralph Krebba, Lubbock insurance executive who emceed the event; Bob Payne, president of Brownfield Jaycees, and W. E. (Pete) Snelson of Midland, president of the Texas Junior Chamber of Commerce, who, in the principal address, urged "young men to take their place in the scheme of things." Seated are the wives, "...without whom all these things would have been impossible." From left: Mmes. King, Mason, Krebbs and Payne. Major factors in the selection of Mason appear to have been his ability last year to market his \$1.71 grain—if stored in loan—for \$3.80 by feeding out livestock, and his ability to show a neat profit during the bitter struggle last year because of weather. He and his family (wife Novella, son Larry, 2, and son Steven, 5) farm on Route 1, 4 miles east and 2½ miles south of Brownfield. He is a Mason, affiliated with Meadow Baptist Church, director of Terry County Swine Breeders Association, and a Farm Bureau member. Among many other civic undertakings, King is director of the Texas Farm Bureau's District 2, comprising some 19 South Plains Counties; Texas Farm Bureau director since 1952; chairman of the lay group studying Terry schools under the Hale-Aiken Committee; adult advisor to Terry 4-H youths; chairman of the 1958 Terry County Junior Livestock Show, and member of the American Farm Bureau Federation committee on foreign labor. Mr. and Mrs. King and four children live at 1301 East Tate. Accompanied by Leonard Eltinger at the piano and under the direction of Fred Smith, the HI Tones presented several choral selections. Last year's Outstanding Young Farmer, Vernon Farrar, presented the award to Mason. King accepted his engraved plaque from B. F. Hutson, the 1956 OYM. Dinner music was provided by Pianist Jerry Gannaway, and Dr. Jones Weathers of First Baptist Church said an invocation. (NEWSphoto)

THREE DAYS THIS WEEK IN CHILDRESS

Brownfield Clubwomen To Participate In District Seven Convention of TFWC

By KLYDIE SCUDDAY
NEWS Woman's Editor

Twelve Brownfield club members will attend the 37th convention of District 7, Texas Federation of Women's Clubs, convening Wednesday, Thursday and Friday in Childress.

Mrs. V. L. Patterson of 401 East Reppto, club magazines committee chairman, and Mrs. John Cadenhead of Meadow, chairman of the department of conservation of natural resources, will give reports during the board meeting on Wednesday evening.

Mrs. Grady Goodpasture of 1011 East Tate will lead the group-singing during the convention and will offer a solo, "Pray Perfect," to close the morning session on Thursday.

"What Is Your Challenge?" The answer, "Community Service" will be theme of the program and Mrs. Robert R. Lindsey of Borger, District 7 president, emphasized that the convention has been planned for the individual clubwoman.

Wednesday afternoon and evening will be devoted to activities for the executive committee and district board members, being honored with a dinner at 6 p.m.

Convention activities will begin with registration and a courtesy coffee hour with Childress Federated Clubs as host at 8 a.m. Thursday.

Mrs. H. F. Godeke of Lubbock will conduct a parliamentary procedure course at 9 a.m., at which time there also will be an arts and crafts display.

Mrs. A. J. House of Yoakum, state president, will speak Thursday at 11:30 a.m. Dr. Gaston Foote, minister of First Methodist Church of Fort Worth and well known writer of religious books and a coliseum of Borger, District 7 president, emphasized that the convention has been planned for the individual clubwoman.

CERTIFIED COTTON SEED ALSO BEING INVESTIGATED

Terry Rapidly Becoming Major Center for Certified Hybrid Sorghum Seed, Which Grew Well in Testing in Old Mexico

Quietly and without fanfare, a several hundred thousand dollar seed enterprise has sprung up in this area.

At present, there is approximately \$1 million worth of certified — or high quality — grain sorghum, cotton, grass and other seeds stored locally.

Said R. J. Purcell, instrumental in creating the source here of the certified hybrid sorghum seed: "As you know, good seed is the foundation for a good crop.

"These seed are ready for our local farmers and for other agricultural areas of our state and nation for the approaching planting season."

In talking to some of the growers here of the high-quality seed, it was disclosed that some of the seed was sold last year to farmers in Kansas, Missouri, Nebraska, Florida, Mississippi and several other states.

The sales last year were effective in publicizing this area for its exceptional

seeds.

Factors which contribute much to the fine seed grown here are the area's excellent sandy loam type of soil, sprinkler irrigation and plenty of sunshine.

"To the foregoing combination," said Purcell, "add progressive farming practices and you will have an excellent foundation for high-quality seed."

AT HOSPITAL

Appraisals Are Cited

A new appraisal currently is being made of fixed assets (buildings, land) of Treadaway-Daniell Hospital.

The work is under supervision of the Hospital Committee, which was organized Feb. 18 to explore what should be done here after Treadaway-Daniell is closed July 1.

Chairman of the group is Attorney Burton Hackney, who explained Friday that a current appraisal of furniture, fixtures and equipment at T-D also is being made.

In addition, detailed studies are in progress as to the desirability of additions and improvements at the hospital.

Terry Man Attends Meeting in Houston

A Terry County man took part Monday and Tuesday in the second annual stockholders meeting of the Federal Intermediate Credit Bank of Houston.

He was C. E. Hicks of Meadow, a director of Lubbock Production Credit Association, one of 36 such associations in Texas which own the bank.

Hicks was accompanied by A. B. Roberts of Levelland, also a LPCA director, and Alton Strickland of Lubbock, the ager. The trio was also accompanied by their wives.

The two-day session was held in Houston's Rice Hotel. The Houston bank was purchased some three years ago by the 36 Texas associations.

SCHOOL TRUSTEE

Six Men To Seek Posts

Six men have filed for three Brownfield school trustee positions subject to balloting on April 5, according to Raymond Simms, tax collector.

Filing before the Thursday deadline were J. O. Burnett Jr., of 1101 East Cardwell, Truett W. Flache of 702 East Buckley, D. L. (Dip) Pemberton of 1315 East Cardwell, A. R. Isaacs of 1304 East Lons, James Thurman of Route 5, and W. J. (Bill) Carter of Route 2.

Carter is the only incumbent filing. Other trustees whose terms expire this year are Cecil O'Neal and I. M. (Ike) Bailey.

Simms said absentee voting will held March 19 to April 1, in his courthouse office.

Mrs. Willie Blair Reveals Candidacy For District Clerk

Mrs. Willie (Lois) Blair told the NEWS Friday that she would seek the office of district clerk for Terry County in the upcoming elections.

"I have been a resident of Meadow for 15 years, and am a graduate of high school there and of Draughton's Business College in Lubbock.

"Louis B. Reed of Lamesa judge of the 106th Judicial District, appointed me district clerk last January, to fill the vacancy caused by the death of Mrs. Eldora White.

"It has been my privilege to perform the duties and to fulfill the obligations of your district clerk since that time.

"Prior to the death of Mrs. White, I was a deputy and worked under her direction and training for a year. From March 1957 until January this year, while Mrs. White was ill, I was responsible for the operation of the office."

Mrs. Blair continued: "In the belief that training and experience are important in your office."

Stark Reality of Farming Economics in Terry County Sparks Urgent Action By Group of Citizens Meeting Thursday Night

The agony of coping with a two-crop economy in an area dominated by agriculture was brought to the fore when 15 men met together Thursday night.

Underlying all talk of how to ease the situation (high cost of labor, three-month incomes, landlord-tenant relations, ruined cotton and grain crops, and all other factors comprising the "farm problem") was the urgent feeling of the group that "the time for action is here."

Present for that Thursday session were Charles Kersh of Kersh Implement Company; Bruce Zorns of Brownfield State Bank, Terry Soil Conservation District supervisor, and moderator; Dennis Q. Lilly, First National Bank vice president and president of Brownfield Chamber of Commerce; and James A. Foy, Terry County agent; C. E. Rost, C-C director and investor; Henry Williamson, director here of U.S. Soil Conservation Service; W. T. Simms, Terry County supervisor of Farmers Home Administration; W. K. (Speedy) Lindsey, co-owner of Sonny's Feed and Supply;

Terry County Local Of Farmers Union Schedules Session

Members of Terry County Local, National Farmers Union, will meet at 7:30 p.m., Monday to hear a report of the February bus trip to Washington, D. C.

The Monday session will be held in the Farmers Union office, located in the west side of the Valley Association building at 703 West Main.

Here to discuss the Washington event will be W. H. (Curly) Tauton of Plains, member of the Farmers Union Local in Yoakum County.

All farm families have been invited to the meeting, said Frances Hailey, the local's service agent.

Postmaster Shelton Resigns; William C. Brown, Employee Since 1934, Successor

William C. Brown, an employee of Brownfield Post Office since 1934, Friday was sworn in as acting postmaster here, succeeding Joe Shelton, who has resigned to enter private business.

Brown's appointment, which became effective Saturday, will not be permanent until confirmed by the U.S. Senate. He was sworn in by A. A. Slingerland, Lubbock postal official.

The new PM has been assistant postmaster here since 1950. He succeeds Shelton, who came here in September, 1940.

Shelton, who was appointed to the top position in 1950, submitted his resignation earlier this year. He will be associated with Shelton's Ready-To-Wear, 406 West Main.

'The Helen Morgan Story' Portrays Rise and Fall of Famed Torch Singer

Paul Newman, one of Hollywood's brightest newcomers, was most recently seen in "Somebody Up There Likes Me," and is the Warner Bros. star of the forthcoming "The Left-Handed Gun." Also starring in "The Helen Morgan Story" are Gene Evans, Alan King and Cara Williams.

Seen in the film, too, are some of show business' best-known personalities of yesterday and today: Jimmy McHugh, Miss Morgan's accompanist and song writer; Ruby Vallee, seen re-enacting his true-life role; and America's most famous columnist, Walter Winchell, who is said to deliver a stirring introduction of Helen Morgan in a climactic scene.

The screenplay of "The Helen Morgan Story" was written by Oscar Saul, Dean Risenber, Stephen Longstreet and Nelson Gidding. The musical numbers were staged by LeRoy Prinz and Michael Curtiz directed. The film was produced for Warner Bros. by Martin Rackin.

Two Youths Injured In Collision Of Car And Motor Scooter

Two Terry youngsters suffered serious injuries late Friday when they were involved in a car-motor scooter collision at Tate and South Fourth.

Bruce Scoggins, 12, and Keith Snedeker, 13, are in Treadaway-Daniell Hospital after their motor scooter collided with a car driven by Billy McNeely, 28, of 208B West Cardwell.

Scoggins suffered a broken collarbone and broken right leg and Snedeker received a broken pelvis and pulled tendons in his legs. Hospital attendants reported the pair was in "fair" condition Saturday. McNeely was not injured.

Investigating officers said the youths were going west on Tate and McNeely was driving south on Fourth when the mishap occurred. The scooter became hung under the bumper of the car and was carried about 15-20 yards, said officers.

The accident marked the third injury mishap involving motor scooters here in recent months, said Capt. Zane Williams. "It was the fourth collision at the intersection since the first of the year," he added.

'Wild is the Wind' Rife With Winners

A number of Academy Awards are represented by the stars, producer, director and staff of Hal Willis Paramount's acclaimed drama, "Wild is the Wind," opening today at the Regal Theatre, starring Anna Magnani, Anthony Quinn and Anthony Franciosa.

As of this writing, Hal Willis productions have garnered thirty Oscars, including Miss Magnani's top actress award for "The Rose Tattoo"; Anthony Quinn won for "Lust For Life" and "Viva Zapata!"; director George Cukor has led three performers to awards; composer Dimitri Tiomkin has captured three; designer Edith Head, seven; and cameraman Charles Lang, Jr., one.

OSCAR WINNERS—pictured are Anna Magnani and Anthony Quinn in a scene from "Wild is the Wind," opening at Regal theatre today. Anthony Franciosa also stars.

Already being mentioned in the same breath with "awards" and "highest honors," "Wild is the Wind" shows every indication of adding to this striking total.

Purtell explained that "A duplicate of these test reports, we understand, is now on hand at your local seed dealer. We think the farmers of this area are fortunate in having this test service available to them by the Texas Extension Service. We feel sure that the farmers will appreciate it."

Purtell also explained that several Terry farmers are preparing to enter the registered and certified cotton seed field.

Seven Terry farmers last week received a total of 30,000 pounds of foundation cotton seed — the ultimate of all cotton seeds. Blightmaster and Acala 15-17 B.R. were included in the shipment.

The foundation seed will produce registered seed for next year's planting and, in turn, will produce certified seed the following year, said Purtell.

"Barring unforeseen circumstances," he concluded, "this foundation cotton seed should pretty well establish a good market here."

Smith also reported that the disease is overwintering as far north as the Temple area. This, he said, is significant for it means the spores are much farther north at this time than

normally and under favorable conditions, the rust may infect small grain in North Texas crops for small grains.

Severe losses from the disease during 1958 could have far-reaching effects on farm management practices in the hardest hit areas, said Smith. Farmers and stockmen may be

Leaf Rust Threatens Oat Fields of Texas

Leaf rust on oats is described as bad by Extension Plant Pathologist Harlan Smith in the area from Goliad and Victoria south into the Lower Rio Grande Valley and westward to La Salle county.

Smith visited the area and said one county agent pretty well summed up the situation when he said, "We may have to stop growing small grain in South Texas ... in dry years we can't get it up and in wet years the rust gets it."

Unfortunately Smith said there are no oat varieties now available for planting which are resistant to leaf rust. Plant breeders are working on the problem but progress has been slow since new strains of rust

Jack Bailey Chevrolet Will Be in Auto Show

Jack Bailey Chevrolet Co. will be a co-sponsor of an exhibit at the second annual West Texas National Automobile Show, scheduled for Lubbock Municipal Coliseum March 26-30.

The local concern will be one of some 75 businesses over West Texas to sponsor Auto Show displays. Tickets for the show, \$1 for adults and 50 cents for children, may be obtained at the Brownfield auto concern.

ord of that year. To date, it has sold more than two million copies.

The auto show budget, set at \$22,000, will provide for additional specialty acts to appear with Hunt's band.

Hostesses for the auto show, to be chosen from among Texas Tech's prettiest co-eds, will be featured in exhibits to help show each car.

1958 Seen As Good Year for Egg Profits

Predictions call for the second annual auto show to exceed the 1957 exhibition in the number of displays and in attendance.

Tickets have been sold in advance at a greater rate than for last year's programs, reports the Lubbock New Car and Truck Dealers Assn., show sponsor.

Show exhibits will cover every available square foot of the floor and concourse at the mammoth Municipal Coliseum Displays will include new cars, experimental models, foreign cars and cutaway exhibits of mechanical innovations.

Commissioner Says Dogs Probably Fed Better Than Human

When the American housewife reaches to the grocery shelf for two cans of food — one for her children and another for her dog — chances are the dog is getting the better end of the deal, says John C. White, Texas agriculture commissioner.

The reason? When the dog's food is packaged, the manufacturer has one primary selling point to consider — the nutritive content of the product.

The dog's owner and the dog care for nothing except good taste and good health in the dog's diet. In contrast, the food for the family sells itself in several ways into which food value is not too apt to enter.

In addition, two entertainment programs will be presented each day of the show with music to be provided by the famous Dixieland band of Pee Wee Hunt, former star of the Casa Loma Orchestra and noted for jazz recordings.

Under his contract with Capitol records, Hunt has put on wax some of the finest examples of Dixieland offered in the United States in recent years.

The Hunt band's rendition of "Twelfth Street Rag," recorded for Capitol in 1948, was easily the largest-selling record in livestock marketing," points out Ball, "with more than half of these yards complying with the requirements of the law in the past year."

It appears that there will be a slight increase in the demand for chicks for egg production in the United States, says the specialist. Flock-replacement chicks produced in December, 1957, were 12 per cent larger than in December, 1956. But Texas hatcheries produced only 838,000 egg-type chicks compared to 1,067,000 for the same month in 1956. However, egg-type chick production in Texas probably will pick up during the next three months.

It seems reasonable to expect that the total number of chickens raised in the United States in 1958 will be from four to six per cent larger than in 1957, but there will be three or four per cent fewer layers on farms.

However, increased production per bird will partly offset the decline in layers, and though egg output in the first six or eight months will be slightly below a year earlier, by late 1958, total production will be about equal or slightly above late 1957 levels.

With continued large consumer incomes and about a five percent reduction in per capita egg supplies, prices to farmers in 1958 are likely to increase, says Beanblossom. The rise will be the most pronounced in the first eight months. Little change is likely the last three or four months.

The Texas Egg Law became effective Aug. 22, reminds Beanblossom. All licenses should have been obtained before Oct. 20, 1957, and the enforcement began Feb. 17, 1958.

As a result, America today is the land of plenty — plenty of sophisticated foods and, consequently, plenty of undernourished people. In fact, there are some 25 million Americans suffering from deficient diets. This in spite of the fact that food resources in our nation are unequalled in quality, available in abundance, and

priced lower than in any other country in the world.

This false sense of value evidenced in family food selection is no one's personal fault. It is a reflection of the tension-packed, aspirin-eased world in which we live.

Americans are notorious among other nations for always being in a hurry. And this mania for getting things done in a hurry is reflected

DESPITE OTHER ADVERTISING Newspapers Considered Basic Medium

By WELDON CALLAWAY
Advertising men customarily call the newspaper the "Basic retail advertising medium."

The newspaper has retained this position even though many other means of reaching the public have been developed during the last 50 years.

A retailer could reach some of his potential customers through such media as mail, circulars, billboards, radio, movies and television. Yet, most retailers continue to put more money into newspaper advertising than they spend on all other media combined.

There is a reason. It has been stated by David A. Lipton, vice president of Universal Pictures Company: "The newspaper remains the backbone of motion picture selling, since it is the one medium which all potential movie-goers rely upon for current movie information," the movie executive said.

The same could be said of potential shoppers for clothing, groceries, hardware, drugs and automobiles. In short, if a retailer is selling products which are consumed by the general public, he can be certain of reaching the whole public only through newspapers.

Other advertising outlets have to be specialized. The billboard is limited to a person who passes a given point. Television is limited to the person looking at a particular program at a certain time. The shopper can not review broadcasts or billboards at his convenience.

Only the newspaper is available to all types of people, anywhere at anytime.

Deadline's Set For Tour Of South Carolina Mills

A March 15 deadline for reservations has been set by Plains Cotton Growers, Inc., The Plains Ginners Association, and the Lubbock Cotton Exchange on a proposed cotton textile mill tour at Greenwood, S. C., April 21-23. Roy Forkner, chairman of the tour committee, said a deadline date for accepting reservations is necessary in order that American Cotton Manufacturers Institute, who will be host to the tour group, be notified how many will make the trip and arrangements be made accordingly. The tour is open to farmers, ginners, buyers or others in the cotton industry and open to

both men and women. The group will leave Lubbock by chartered airliner early the first day, arrive in South Carolina that afternoon. The second day and morning of the third day will be spent in mill tours and the group will enplane for Lubbock the afternoon of the third day. Estimated cost of the tour is about \$125, to possibly \$140 per person. A deposit of \$50 should accompany each reservation. Checks should be made to "Plains Mill Tour" in care of the Plains Cotton Growers, Room 220 Lubbock National Building. A \$10,000 accident policy will be furnished and deposits made

FELIX YORK
Merchandising Mgr.

MR. YORK: We would like for you to meet Mr. Felix York, our new merchandising manager. York was born in Paducah, graduated from Bowie High School and is 32 years of age. He attended Temple Junior College and Texas Wesleyan — spent 2½ years in the army. He previously worked for J. C. Jones Co., Knight Furniture, Copeland Hardware, and has been farming the past three years. His wife, Margie, is employed at Brownfield State Bank & Trust Co. They have three children, a boy and two girls. Come in and get acquainted with Mr. York — he is anxious to serve you.

MR. PARKER: Another new employee we would like for you to meet is Mr. Hollis Parker. He was born in Lubbock and attended high school in Levelland. He is 27 years old, married, and has two daughters. Parker has worked for many outstanding firms, including Stacy-Mason Furniture—7 years; Latham House in Levelland, and McKelvey Furniture Co., Lubbock. Parker is our new Carpet Department Manager . . . and if you have a need for LEE's "Heavenly Carpets", come by and get acquainted with Mr. Parker — he will be very glad to meet you.

Art of Thinking Studied

"Art of Thinking" was subject of the program given by Madolyn Noble when Tau Phi Chapter of Beta Sigma Phi Sorority met Monday evening with Betty Hipple of 1016 East Lake.

Report of the nominating committee was heard, with action to be taken at the next meeting. Five boxes of clothing and magazines were reported delivered to Big Spring State Hospital.

Plans were made for a rush party at 7:30 p.m. Tuesday, in the home of Ruthette Swift of 1502 East Buckley. Those attending are to dress as hoboes.

Cans of peanut crunch candy were distributed for sale by the members to raise money for the sororities' work.

Those attending the meeting were John Lou Callison, Wanda Cornelius, Letha Feagins,

BIGGEST IN TOWN — Well... who can argue that the pancake shown above isn't the biggest at this moment in Brownfield? At the griddle are Leonard Ellington, left, and Harley Stone, publicizing in advance Brownfield Kiwanis Club's annual pancake supper, scheduled March 14 in Junior High School cafeteria. In addition to the supper, a full 150 minutes of varied entertainment will be offered. The program: The HiTones (6:30-7), BHS Stage Band, with A. V. Wall as soloist (7-7:30), the Roadrunners, high school singing group

(7:30-8), dances by Dea Parker's students (8-8:30), and the Perry Brothers String Band (8:30-9). In charge of the supper and the program are Ves Hicks and Mac Jones. Cooks will be Wag Gee, Harley Stone and Robert Baumgardner. Pres. Stone explained that all proceeds from the Friday event will be placed in the club's fund for underprivileged children and for some maintenance of the organization's Kiddie Park. Tickets are on sale now by any Kiwanian. Price: 50 cents each. They also may be bought at the door. (HICKSfoto)

RAINBOW MOTHERS

Make Plans For Visitor

First Monday Coffee Club was the name adopted by mothers of Rainbow Girls when they met Monday morning with Mrs. R. D. Shewmake of 802 East Cardwell.

Plans were made to entertain Mrs. Worley of Slaton, Grand Visitor of the Order of Rainbow Girls of Texas, who will visit the local order April 7. A salad supper will be served at 6 p.m.

Serving on the decoration committee are Mmes. Crede Gore, George Steele, and David Nicholson. Mmes. Claude Buchanan and Earl Layman will be in charge of food and Mmes. Val Garner, Buddy Norris, and Ralph Bailey will serve. On the cleaning committee are Mmes. H. L. Barber, Howard Hurd, C. L. McLendon, Shewmake, Thurman King and Harry Gobie.

Shipwreck Party Is Held By Mariners

The Mariner's Club of Brownfield met for a shipwreck party Feb. 28 in First Presbyterian Church.

Mr. and Mrs. Barry Welton took the prize for the best costume. A business meeting preceded the recreation period.

Refreshments were served to Mr. and Mrs. Welton, Mr. and Mrs. Jack Bendler, Mr. and Mrs. Don Cooper, Mr. and Mrs. Joe Morris, Mr. and Mrs. Jerry Kehoe, Mr. and Mrs. Bill Simmons, Mr. and Mrs. Ralph Hedrick, Mrs. Shirley Reed, Miss Ellen Griffin and Delwin Stultz.

Cookie Sale Slated By Brownie Troop Provides Funds for Scouting Facilities

Members of Brownie Troop 147 were given cookies for sale when they met Thursday afternoon in The Girl Scout House.

A contribution was taken for Juliette Low World Friendship Fund to be presented to the Caprock Girl Scout Council when the local scouts attend a

special program at 7:30 p.m. Friday in Lubbock Municipal Coliseum. The program is open to all scouts and their parents.

The cookie sale, to continue from March 7-22, will provide funds to develop and promote better camping facilities for

scouting. Barbara Bigard, formerly of Lovington, N. M., was welcomed as a new member.

Others attending the meeting were Frances Parker, Sherry Timmons, Rachelle Brock, Susan and Shirley Farrar, Kay Fincannon, Marcia Adams, Martha Thomas, Janette Shewmake, and Mmes. Paul Farrar and J. L. Fincannon.

ANXIOUS HOURS

Is something wrong with your life — an inner restless dissatisfaction? The answer to every human problem comes only from God our Maker. He alone can forgive and reassure. Through the church God has committed the provision and proclamation of His forgiveness and redeeming love. Without a church relation no one is securely related to God. *Everyone should be in the Church and the Church should be in everyone!*

There are many such hours in life when we face the anxiety of the unknown, in our own lives and the lives of our loved ones. Can the God who allows sorrow and pain to scar our lives be a loving God? Sometimes the very page upon which our lives are written seems to be marred by a vindictive penman — but through our anxiety, if we listen with open ears, we can hear the loving voice of God saying, "When you pass through the waters, I will be with you; and through the rivers, they shall not overwhelm you; when you walk through fire you shall not be burned, and the flame shall not consume you — For I am the Lord your God. Fear not, for I have redeemed you, I have called you by name, you are mine."

Seek the comfort and strength of the Everlasting Arms—Go to Church Sunday.

Southwestern Life REPORTS...

The accompanying statement of condition and other operating results for 1957 tell of another year of substantial progress by Southwestern Life in serving the insurance and investment needs of the growing Southwest.

During the year assets increased to a total of \$418,163,384. For some years the Company has ranked among the top 5% of all life insurance companies in the United States.

Southwestern Life's resources, consisting for the most part of Policyowners' savings, continue to be an important factor in the economic development of the area served. These funds are invested in the construction or improvement of homes, churches, hospitals, schools, roads, farms, ranches and industrial enterprises, all of which contribute to a high and rising standard of living in the Southwest. More than \$57,000,000 of new such investments were made in 1957.

More Than \$1,615,000,000 Insurance in Force

Total ownership of Southwestern Life Insurance at the end of the year amounted to \$1,615,486,922. The twelve-month gain was the largest ever recorded by the Company. It was the ninth consecutive year in which the Company's agency organization achieved a new production record.

New Record in Policy Benefits Paid

Benefits paid to policyowners and their beneficiaries reached a new calendar-year high of \$25,215,156, and such payments by the Company since it was organized nearly 55 years ago amounted to \$266,832,104.

Seven Furniture Men To Attend Lubbock Session

Seven Brownfield men will take part Tuesday in a membership dinner meeting of District 16, Retail Furniture Association of Texas, scheduled for 7:30 p.m., in Lubbock's Caprock Hotel.

The seven are Harry Goble, Felix York and Hollis Parker of Griggs & Goble Furniture, Tracy Cary and James McNeil of J. B. Knight Furniture, Jimmie Billings of Farm & Home Appliances, and Joe Scott of Frank Daniel Furniture.

The Tuesday session was announced by Harold Griffith of Lubbock, temporary chairman of the district.

Featured on the program will be Will Ed Kemble of Fort Worth, the association's president, and Plasco G. Moore of Dallas, executive vice president.

The event will be the first meeting under the state as-

sociation's new district plan. District 16 comprises the following counties: Cochran, Yoakum, Hockley, Terry, Lubbock, Lynn, Crosby, Garza, Dickens, Kent and King.

The state organization's work program will be outlined for the dinner guests, and films will be shown concerning furniture promotion.

A total of 18 other like meetings will be held throughout Texas between now and next Friday, heralding the state convention, which will be March 30-April 1 in San Antonio.

Youth Prevails In Cage Contest

A high-scoring final quarter by the mustards threatened to de-throne the BHS girl's basketball champion Band-Aids in a rough and tumble cage tilt here Thursday before the youngsters came back to win, 26-20.

The Band-Aids, members of the BHS Band, were held to a 2-2 deadlock through the first 3 1/2 minutes of the initial period before they pulled away to an

8-2 lead at the end of the quarter. The Plasters, comprised of band mothers, added three more points in the second period, trailing 16-5 at halftime.

Petite Judy Nunn continued to lead the Band-Aids in the third frame as the youngsters built a 24-9 lead at the three-quarter mark.

The roof fell in the final eight minutes when the Plasters, led by Mrs. Jones Weathers and Mrs. Leonard Chesshir, tallied 11 points while holding the Band-Aids to only one fielder.

During the final period, Mrs. Weathers claimed long-shot honors with a ripper from about 45 feet.

With 20 seconds left to play, and the Band-Aids leading by six points, confusion broke out. The whole Plaster bench swarmed the court and one-half dozen basketballs flooded the playing area.

Judy Nunn netted 13 points for high scoring honors. Brenda Faubion was runner up with seven counters. Mrs. Chesshir and Mrs. Weathers tied for Plasters' scoring honors with six points.

Halftime activities included a concert by the BHS Band and "precision twirling" by three former majorettes, Winnie Cox, Ida Mae Monnett and Deenie Skains.

Revolutionary New Tractor Is Offered By Newton & Webb

A revolutionary new tractor is available to Terry farmers this year, according to Alton Webb, co-owner of Newton and Webb Implement Co., 410 Lubbock Road.

Webb reported a completely new system is available in Case-O-Matic drive offered on the 1958 Case tractor. "The automatic drive doubles drawbar pull power through fourth gear and stops continual clutching and shifting of standard gear tractors," he said.

The new tractor, which has engines for gasoline, diesel, LP-gas or distillate, has eight forward gears.

Webb urged area farmers to see the new line of tractors and see them demonstrated.

TSA Sets Meeting In Dallas Mar. 16-19

Dallas will host about 2,500 members and supporters of Texas Safety Association during its 19th annual conference scheduled for March 16-19 at Hotel Adolphus.

Mark Johnson, Dallas insurance executive and TSA conference chairman, said today the four day agenda will be packed with seminars, films and speeches aimed at an impressive reduction of accidents in Texas.

He explained that seminars will involve proposed safety measures linked with public utilities, farms and ranches, transportation, manufacturing, chemicals, fire prevention, foods, schools and construction.

A Ross Kunkel, president of Texas Safety Association, will preside at the opening sessions of the conference. He is chief safety engineer for Humble Oil and Refining Co. of Houston.

Key speaker at the opening session will be Dr. George S. Benson of Searcy, Ark., president of Harding College. L. B. Meaders, president of Halliburton Oil Well Cementing Co. of Duncan, Okla., will be the chief speaker at the executive luncheon on March 19th. He will be introduced by Lester T. Potter, president of Lone Star Gas Co., Dallas.

Numerous awards will be given during the sessions to Texans who have made significant contributions to the improvement of safety measures or methods during the past year.

ARE 'WINDOWS' TO PRODUCT Bedding Without Tags Contrary to State Law

A South Texas woman recently called the State Health Department's bedding division about a mattress she had purchased from an itinerant peddler. She had reason to suspect she had been defrauded.

When a bedding inspector checked the mattress, he found it unlabeled and filled with unacceptable material in violation of the State Bedding Law. The peddler was located in Houston, and given the choice of facing court action or refunding the women's money. He chose to "surrender" the money.

The next time you buy an item of bedding—a pillow, mattress, or comfort—notice the attached label. It's a window, through which you can see what is in the product and how it has been handled. Once attached, no tag may be removed.

If the product is made of all new materials, the label will tell you so. If it is made entirely or partly from second hand goods, the label will be printed in red ink and will clearly state its second hand status.

If it has been used by someone else, trade in, and offered

for resale, it will carry a "germicidal treatment" tag, certifying that it has been sanitized.

Even when you send a mattress out to be renovated, it will be returned with a label certifying that it has been re-labeled.

The State Bedding Law was written into the statute book in 1939 for two prime purposes: to prohibit the sale of soiled or contaminated bedding materials, and to safeguard purchasers against fraud or misrepresentation. District inspectors cover every bedding manufacturing plant in the state to see that the law is complied with.

All manufacturers must be licensed before their products can be sold in this state. Some 1,200 factories in Texas, and 400 outside the state, are currently licensed.

Well over four million items of bedding are sold in Texas every year. Every one carries a stamp on the label, which in effect says to the buyer: "As far as the law is concerned, you are getting what you paid for." Stamps are sold by the bedding division for one cent apiece, which goes toward sup-

Copeland Attending Attorney General's Annual Conference

Morgan L. Copeland, Terry County Attorney, will be among Texas judges, prosecutors, peace officers and interested citizens attending the Eighth Annual Attorney General's Conference on Law Enforcement in Austin today through Tuesday.

The Texas Attorney General will keynote the conference with a discussion of new problems facing Texas law enforcement agencies.

"We feel that these conferences on law enforcement are beneficial to officers by bringing them up-to-date on the methods of combating crime and preparing criminal cases for trial," said Wilson. A common understanding will be obtained by discussions of problems confronting the peace officers, prosecuting attorneys, and presiding judges.

A highlight of the conference will be a barbecue supper at the Department of Public Safety after which Colonel Homer Garrison, director of the CPIS, will conduct a tour of the crime laboratory showing the latest methods of combating crime.

Judge K. K. Woodley of the Court of Criminal Appeals will speak on "Insanity as Applied to Criminal Cases."

State's Attorney Leon Douglas will discuss prosecutions involving fraud, specifically hot checks.

An address on usury laws and their enforcement in Texas will be given by Assistant Attorney General Larry Jones.

Other topics on the program will include juvenile delinquency, adult parole, general aims of the Law Enforcement Study Commission, criminal and civil enforcement of liquor law violations, extradition problems in Texas, and a

'No Time for Sergeants' Slated at Lubbock Soon

The Lubbock Auditorium Box Office will open Monday for advance ticket sales for "No Time For Sergeants," the uproarious comedy about an artless country boy who is inducted into the Air Force with hazardous results—which will be at the Auditorium on March 28 and 29.

Presented by Maurice Evans, top-ranking television and theatrical producer-actor, in association with Emmett Rogers, the New York company of the smash comedy hit began its cross-country trek after a record-breaking two-year hit bonanza on Broadway. The production to be seen in Lubbock will be an exact replica of the New York presentation — including members of the Broadway cast.

In addition to Charles Hohman, who played the irrepressibly happy Will Stockdale in New York for over a year, the company features: Rex Everhart as the harassed Sergeant whose troubles mount with each gesture of good will made by the warm-hearted private; Tucker Ashworth as Ben Stockdale's ridiculous but ever loyal friend; Howard Freeman and Royal Beal as the two generals whose combined efforts cannot cope with the disastrous results of Stockdale's friendly disposition; and James Millhollin as a psychiatrist routed by the private's unending cheer.

The "Sergeant" troupe represents the initial venture of Broadway Theatre Alliance to bring first-class Broadway

SMU Publication Is Reviewed for Group

"Mesquite and Willow," a publication by the Southern Methodist University Press on Texas folklore, was reviewed by Mrs. Claud Buchanan when Delphian Study Club met Wednesday afternoon in Seleta Jane Brownfield Clubhouse.

James E. (Red) Norman and Mrs. Jean Johnson, representatives of the Dorothy Carnegie Course, also appeared on the program.

A Texas theme was carried out in table decorations, with a miniature San Jacinto monument surrounded by tiny Texas flags centering the table, laid with a red cloth.

Women Battling For Golf Tourney Lead

Gwen Henderson's team, with a 407 point total, continues to cling to the lead in the third week of the Brownfield Women's Golf Association six-week tourney being held at the country club.

Minnie Hazel Bowmen's team narrowed the gap to nine points Wednesday with a 393 tally. Peggy Elliott took medalist honors and Jane Shirley won low net. Velma Parker topped the nine-hole flight.

The Bowman team was hostess to a brunch luncheon during this week's competition.

This could be the college your child wants to enter in 1967.

It could be any college in the country in another ten years. Or every college, for that matter. It's a sobering thought.

Farfetched?

Not in the least. The blessing of a growing population has brought with it a serious threat to our cherished system of higher education. College classrooms and laboratories are already alarmingly overcrowded by mounting enrollments. Admissions authorities see no letup . . . in fact, expect to have twice as many applicants clamoring at the gates by 1967. Even more critical is the fact that faculty salaries remain pathetically inadequate, and qualified people, dedicated but discouraged, are seeking greener fields, elsewhere.

If this trend continues, the time will come when our colleges will be less able to produce thinking, well-informed graduates. When that happens, American education will face a sad day. And so will our children, our country, our way of life.

But this threat doesn't have to become a reality. You can do your part to keep our system on a sound footing.

How?

By helping the colleges or universities of your choice. With your aid, they can assure us continued progress in science, in business, in statesmanship, in the better things of life . . . for us, and for our children.

If you want to know what the college crisis means to you, write for a free booklet to: HIGHER EDUCATION, Box 36, Times Square Station, New York 36, New York.

AUSTIN — What will happen to Texas without a sure flow of oil money to grease the wheels of government and business?

March oil allowance was set at 2,517,249 barrels a day (a drop of 513,814 barrels a day from February) with only nine producing days. Railroad Commission said the cutback to lowest level since pre-World War II days was necessitated by excess stocks.

Over-supply developed this way, according to officials; Texas production was shoved to record highs a year ago to supply Europe while the Suez Canal was closed. Then Suez re-opened, Middle East oil flowed to Europe again and Texas was left holding unwanted surplus. Further aggravating the situation was the gush of foreign oil into the U.S., taking part of the market from Texas production.

Digging into causes and effects is Governor Price Daniel's Oil Imports Study Commission. At first-round hearings in Austin these views were presented:

By GOV. DANIELS — Texas is facing its most serious economic threat in 25 years. "Mandatory federal controls" are apparently the only way to stop excessive importing.

By STATE COMPTROLLER ROBERT S. CALVERT — Continuation of the present oil production pattern for another 90 days would put the state \$20,000,000 further in the red by the end of the current fiscal period. This would mean a \$32,000,000 shortage rather than the \$12,000,000 deficit estimated earlier.

By MAURICE ACERS, TEXAS EMPLOYMENT COMMISSION — Employment in the Texas oil industry has declined 8,000 since last July. A drop of five per cent in oil employment takes \$50,000,000 in wages from the Texas economy.

By A. T. MULLINS, GENERAL LAND OFFICE — One company has said it will stop seeking oil from state-owned lands, and others have said they will, unless the state reduces lease prices.

By J. WARREN HITT, TEXAS EDUCATION AGENCY — Approximately 31.3 per cent of state school money comes from the oil and gas industry.

By MARSHALL FORMBY, TEXAS HIGHWAY COMMISSION CHAIRMAN — Reduced oil production would eventually cut back construction of highways.

By JOHN H. WINTERS, COMMISSIONER OF PUBLIC WELFARE — Loss of oil revenue could reduce payments to the aged, the blind and dependent children.

By REP. MAX SMITH, HOUSE APPROPRIATIONS CHAIRMAN — Next Legislature faces the prospect of spending money it doesn't have or finding new sources of taxation.

DR. PHILIP E. COLDWELL, DALLAS FEDERAL RESERVE BANK — Imports are only partly to blame for Texas oil troubles. Problem of oversupply is world-wide and likely will continue for some time.

French Robertson of Abilene is chairman of the Study Commission. Governor Daniel called hearings held to date "very

successful." Next meeting is to be March 18 in Abilene.

Meantime, the governor has wired governors of 20 other states asking them to join in the effort to get federal government action limiting imports.

SEARCH FOR NEW INDUSTRY — Long-dormant Texas Industrial Commission has new members and a new job.

Governor Daniel named E. B. Germany of Dallas chairman and gave the commission the task of enticing new industries to Texas to help relieve unemployment.

Originally designed to study labor-management troubles, the commission had been inactive for some years. Its new industry-attracting work is to be financed by private contributions and conducted cooperatively with chambers of commerce and other local groups.

Members are Houston Harte, San Angelo Standard-Times publisher; A. G. McNeese Jr., banker and lawyer, Houston; George T. Hinson, former state representative, Mineola; Chester C. Wine, power company employe, Laredo.

NEW RECEIVER — James M. Williamson succeeds J. D. Wheeler in the often-spotlighted job as liquidator for the State Board of Insurance. Williamson is a former district judge in Laredo and prior to his appointment was attorney for several Fort Worth insurance companies.

State liquidator has responsibility for winding up affairs of insurance companies that go broke. For some years the office has been caught in the middle of a struggle between an Austin district court and the State Insurance Board as to which has authority to appoint receivership attorneys for the bankrupt companies.

PRISON FARM COTTON — Texas taxpayers face an extra burden unless the Prison System can get a more favorable cotton acreage allotment, says Gen. Mgr. O. B. Ellis.

Ellis protested to the U. S. Dept. of Agriculture that acreage for prison farms has been cut disproportionately, costing the system \$2,500,000 in income. No chance for improvement is seen this year since U.S.D.A. refused to interfere with locally set quotas. Court action is planned, but could not bring help before the '58 planting season.

Texas Prison System is heavily dependent on income from inmate-run industry and agriculture to foot the upkeep bills.

CREDIT ORDER HOLDS — Credit insurance rates in Texas will be slashed by about 50 per cent beginning May 1 — despite howls of protest from affected companies.

State Board of Insurance first issued an order cutting credit insurance rates last December. Order was withdrawn for restudy after companies declared it would ruin their business.

New order is only slightly changed. Estimates are that it will cut income from credit insurance from \$16,500,000 to \$8,000,000 annually. Only possible roadblock would be the resuming of a suit filed earlier to halt enforcement of the December order.

SHORT SNORTS — Dr. Robert Strain, associate professor of insurance at the University of Texas, has been named to the State Board of Insurance to replace Joe P. Gibbs of Segin, who has resigned.

Building construction authorized during January was up five per cent from December, but ran 15 per cent short of the January, 1957, level. Total for state this January was \$38,199,100. It's okay for the State Hospital Board to use funds from a private organization (the H. E. Butt Foundation) to supplement the salary for an executive director, Atty. Gen. Will Wilson ruled. State-set pay is \$15,000 annually. Board chairman said they've had trouble finding a director because competent men in similar positions are getting \$25,000 to \$50,000. Merit System Council of the State Department of Health has announced examinations for posts in accounting, administration, nursing, medicine, psychology, social work, engineering and sanitation. Tech Coaches Are Smoking Up Storm

That cloud of smoke over West Texas isn't an atomic explosion. It's just the Texas Tech Athletic Department celebrating some new additions.

Track Coach Delmer Brown had no sooner finished distributing cigars upon the birth of a son Sunday morning than assistant football Coach Junior Arterburn started making the rounds with his supply of cigars honoring the birth of twins—a boy and a girl—Tuesday morning.

Visitors to the athletic offices, gasping for breath amidst the smoke, were reminded of one week last summer when baseball Coach Beattie Feathers became a grandfather just a few days before assistant basketball Coach Gene Gibson became the father of twin sons.
