

400 ARE EXPECTED HERE FOR CEREMONIAL

J. D. (JIM) MILLER
Ceremonial Will Honor Him . . .

TRADITIONAL PARADE, COMPLETE WITH FEZES, SCHEDULED

Khiva Shrine Ceremonial Honors J. D. (Jim) Miller Here on Saturday

The stage is set for the arrival here Saturday of some 400 persons who will take part in the J. D. (Jim) Miller Ceremonial.

The 400 persons will comprise Shriners and their wives from nine surrounding counties, headed by the illustrious Potentate of Khiva Temple at Amarillo, H. C. Winburn.

Before the day is out, which will begin with registration at 11:30 a. m. in Masonic Temple, 24 Brownfield novices will be initiated into the order.

One highlight for the public will be the Shriners' traditional downtown parade — complete with fez and other ceremonial attire. Major meal Saturday will be a barbecue dinner at 5:30 p. m. in Brownfield Junior High School cafeteria.

Primarily responsible for all advance planning here are Noble Earl Jones of 1315 East Tate, special representative of the Potentate, and Noble Clovis Kendrick of 620 East Tate, special ambassador.

Theme of the days' event will be in honor of J. D. (Jim) Miller of 1361 East Cardwell, longtime secretary of Brownfield Lodge 903, AF&M, who entered upon Masonic work Dec. 2, 1922.

"It was the unanimous decision of the Brownfield Nobles," said Noble Jones, "to designate Saturday's event as the Jim Miller Ceremonial, in honor of this fine Mason."

Novices to be initiated include Jerry Kehoe, Bill McGowan, C. E. Ross, Al Muldrow, A. R. Nicholson, Sawyer Graham, Vernon Townes, J. D. Miller, Joe Christian, O. R. Douglas, Val Garner, Glen Farmer, J. O. Burnett, Homer Nelson, James Thurman, Byron Cabiness, Tim Faulkenberry, B. F. Hutson, John Badgwell, H. M. Adams, Fred R. Nicholson, Lante C. Arnold, J. L. (Dusty) Kemper and Lee Fulton.

Four of the preceding group

are "ring candidates." They are Kemper (managed by Charlie Price and Joe Shelton), Burnett (managed by Slim Schellinger and Harry Goble), Christian (managed by Bill McKinney) and Townes (managed by Virgil Crawford and Burton Hackney).

Jones has named the following committeemen: R. N. McClain for registration; Bill McKinney for novices; Joe Satterwhite and Shelton for guards; Howard Hurd for transportation; Schellinger for food, and Kendrick for the honoree.

Mrs. Kendrick and Mrs. Jones will set up the tea for the visiting women in Seleta Jane Brownfield Clubhouse.

Here is Saturday's program for the J. D. Miller Ceremonial:

Registration from 11:30 a. m. until 1:30 p. m., Masonic Temple.

Business meeting from 1 p. m. until 1:30 p. m.

Knights of Buckingham degrees (full form) from 1:30 p. m. until 2 p. m.

Camel Herders degree (full form) from 2 p. m. until 3:30 p. m.

Parade through downtown Brownfield from 2:45 p. m. until 3:13 p. m.

Opening ceremonies, Brownfield High School auditorium (novices and nobles only) from 3:20 p. m. until 3:45 p. m.

Full form ritualistic first section from 3:45 p. m. until 5 p. m., BHS auditorium.

Special ring candidate stunts, BHS gymnasium, 5 p. m. until 5:30 p. m.

Barbecue dinner from 5:30 p. m. until 6:30 p. m., junior high school cafeteria.

James Daniel (Jim) Miller was born July 15, 1895, at Dover, Ark., and one of his first jobs as a youngster was selling the Saturday Evening Post.

It was in 1907, at the age of 12, that Miller came to Texas with his family, settling in Barstow. Some two years later, the family moved to Yoakum County, and young Jim attended high schools in Pecos and Seminole.

He moved to Brownfield in 1916, and in April the following year became Pvt. Jim Miller of the U. S. Marine Corps, in which he served during the U. S. participation in World War I and until October 1920, when he was discharged to return to Brownfield, becoming a bookkeeper in one of the county's pioneer business firms, Pat Bros. Groceries.

BULLETIN!

A fire that broke out in the Jack Bailey Chevrolet service department about 10:45 a. m. Wednesday paralyzed telephone communications in an estimated 2,000 homes here. A carburetor back-flash is believed to have ignited fuel oil that had leaked from a near-by truck. The interior of the building was gutted by flames causing heavy damage. One car, owned by the company, was considered a total loss and an estimated \$300 damage was sustained by an automobile owned by J. M. Teague Jr. of 410 East Tate.

Telephone crews began splicing operations at noon Wednesday and worked through the night. Toll service was not affected by the blaze.

PREPARE "PEOPLE'S MARCH" — Days of advance preparation here will be climaxed between 7 p. m. and 8 p. m., April 22. Occasion: A house-to-house canvass of Brownfield homes to secure funds for cancer research. The event will be sponsored by Terry County Unit of the American Cancer Society. Trio with principal roles in the "march" are pictured above. From left: Mrs. Mancil Hinson of Route 1, group captain of the rural workers; Mrs. Jack Bailey of 1010 East Tate, co-chairman of the annual cancer fund campaign, and

Bob Jones of 703 East Lons, unit chairman. Co-chairman with Mrs. Bailey is Mrs. O. D. Kennedy of 709 East Lake. Said Jones: "Because it could save your life, why not get a check-up today? Here are seven danger signals for cancer: 1. Unusual bleeding or discharge. 2. A lump or thickening in the breast or elsewhere. 3. A sore that does not heal. 4. Change in bowel or bladder habits. 5. Hoarseness or cough. 6. Indigestion or difficulty in swallowing. 7. Change in a wart or mole." (NEWSfoto)

Drive for Subscriptions Gaining in Momentum

A total of 22 workers have cut loose with pencils and receipt books to start the big Good Will subscription campaign of the Brownfield NEWS.

Judging from results of the first few days' returns, the campaign promises a big success in every way.

Prizes awaiting the winners include \$1,000 for first, \$600 for second, \$300 for third, \$200 for fourth, \$100 for fifth and \$50 for sixth.

All workers who do not win a major prize will be paid a commission on their sales. This is one event in which every-one wins — there are no losers.

Until April 28, the workers are making a special effort to secure subscriptions and convert promises into votes. (See advertisement on Page 7, Section 2 of today's NEWS. And, remember, a nationally advertised pen and

IN JAYCEE SHOW

Hypnotist Featured

Is it possible for a man to drive a car in Brownfield traffic while blindfolded?

Dr. Morton Greene, noted hypnotist, who will appear as the star of Hypnotic Marvels, says he can do it and he will prove it at 5 p. m. Friday.

The show, which is sponsored by Brownfield Jaycees, will be held in BHS Auditorium.

Blindfolded, Dr. Greene will make the trip down Main Street in a new car furnished by Jack Bailey Chevrolet.

The public is invited to witness this free demonstration of mental skill. The event will be under supervision of Brownfield Police Department.

Dr. Greene will appear in a two-hour program, beginning at 8 p. m. in BHS Auditorium. He will prophesy events to come and give demonstrations of various facts of hypnotism.

Proceeds from the show will be used by the Jaycees to sponsor the group's Little League team, the Jaycee Braves.

The Terry show is unique in being a commercial event. All steers are placed according to government grades of prime, choice, good and standard. Prize money is awarded on the basis of what the FFA or 4-H member has accomplished with his animal.

All livestock is sold at packer bid and prize money is divided according to animal placing. Swine classes will have up to 15 placings according to the number of entries, with most prize money going to the top five hogs.

Brownfield Jaycees sponsor the annual event. Alvin Davis, Jaycee member will present trophies to owners of grand champion barrow and grand champion steer.

\$300,000 IN BONDS

Hospital Election Scheduled May 2

Commissioners' Court approved Monday a \$300,000 bond election for May 2.

If approved by the voters, \$150,000 of the total will be paid to owners of Treadaway-Daniell Hospital for their property.

The court took the action after petitions bearing the required signatures of 10 percent of the county's electorate and requesting the election were presented to it.

Total of \$60,000 will be spent on additional construction, \$10,000 on needed painting and minor repairs and \$30,000 for initial operation.

Farm Labor To Be 'Hit' Friday

A corps of Brownfield men will spend most of Friday in Big Spring, where they will attempt to resolve the thorny problem of contracting Mexican nationals for farm labor this year.

The Friday session has been called by West Texas Chamber of Commerce, and will be held at 2:30 p. m. in the auditorium of Howard County Junior College.

WTCC officials have informed all farm labor associations. "The U. S. Department of Labor really is clamping down on requirements (which practically have stopped the importation of the nationals).

The Big Spring meeting is another outgrowth of the talks last Friday and Saturday in Austin and Dallas. Among the Brownfield men expected to attend are:

Al Muldrow, J. O. Gillham, Clyde Bond Sr., Doug Lowe, Oliver Grote, Dennis Q. Lilly, Charles Kersh, Joe Satterwhite, Hub King, John Kendrick, Carl Hogue, and others.

AT MEADOW Juniors Slate Play

Meadow High School juniors will present their play, "Date Bait," at 8 p. m., Friday in the auditorium.

Admission will be 75 cents for adults and 35 cents for elementary students.

Cast includes Carlene Russell, Sue Reese, Shirley Watson, Claudene Beavers, Maurice Warren, Jeff Kisor, James Smith, Janelda Carroll, Norman Sharp, Bobby McCallister, Jimmy Pendergrass, Don Bowman and Fred Clark.

Plot concerns a family of three daughters who lead the parents on a merry chase.

ON APRIL 23 House Tour Slated

Annual house tour-lecture of Women's Society of Christian Service, First Methodist Church, will be held from 2 p. m. until 6 p. m., April 23.

Interior decorator for Cagle Brothers Furniture of Lubbock, Ernie Canady, will discuss "Interior Decorating" at the church parlor prior to the tour of Brownfield homes.

Tickets, at \$1 each, now are being sold by the WSCS members.

Hwy. 51 Session Is Scheduled Today At Gaines Party House

Two Terry officials will attend a meeting of Texas Division of International Parks Highway Association slated at noon today in Gaines County Party House, 8 miles south of Seagraves.

Attending from here are Joe Satterwhite, Brownfield Chamber of Commerce manager, and County Judge Herb Ches-shir.

WEEKS AND JONES TAKE FIRSTS IN THEIR SHOWS

Cubs Runners-Up in District Track, Field Events on Saturday at Andrews

By CHARLIE MAPLE
NEWS Sports Editor

Despite a cold, driving rain that slowed most times, the Andrews Mustangs spread-eagled the field to handily win their seventh consecutive District 2-AAA track and field championship on their home grounds Saturday.

The Mustangs tallied 76 2/3 points to outdistance the runner-up Cubs with 26 1/2. Other competitors were Kermit, 24 5/6; Pecos, 13; Monahans, 8, and Odessa Ector, 5.

The Paines copped a first in every event except the hurdles and shot put, which were taken by Larry Meeks and Johnny Mac Jones.

Meeks won the highs in a timing of 15.2 seconds and the lows with 20.2. The Cub hurdler stepped the high sticks in 15.0 in the preliminaries to tie the existing district record, the only one threatened in the meet.

Jones flipped the iron ball 49-2 1/2 to win the shot put event. He tossed better than 50 feet in the finals, but scratched. Jones also placed second in the discus with a heave of 120 feet, and tied for second in the high jump with a leap of 5-6.

The Cub mile relay team, comprised of Leon Hinson, Ellis Cox, Cecil Pendley and Eugene Hughlett, placed third with a 3:38 timing behind Andrews' 3:26.8.

Other point-winners for Brownfield were Meeks, fourth in broad jump with 20-1 feet; Mike Browning, third in 180-yard high hurdles with 21.0 seconds, and Hinson, fourth in 440-yard dash with 53.7 seconds.

Brownfield also was runner-up to Andrews in the junior division, garnering 35 7/10 points to the Ponies' 46 8/15. The front-runners were followed by Kermit, 30 1/30; Monahans, 21 1/2, and Pecos, 9 2/5.

Robert Prewitt and Johnny Murphy led future Cub runners in the junior division.

Prewitt won the 70-yard high hurdles in 9.7 seconds and the 120-yard lows in 14.2 seconds. Murphy was first in the 50-yard dash in 5.8 seconds; second in the 75-yard dash in 7.0; second in the 100-yard dash in 10.5; tied for second in the high jump with 5-2 feet, and second in the broad jump with 18-8 feet.

Other winners named

Other point winners include Jimmy Tollett, third in 70-yard high hurdles in 10.0 seconds and third in broad jump with 18-2 1/2 feet, and Edwin Ford, tie for fourth in pole vault with 8-6 feet.

The 880-yard relay team, comprised of Jimmy Tollett, Jim Childress, Wayne Boyer, Coy Chandler, Kenneth Snyder, Richard Collins, Prewitt and Glenn Koch, placed second in the event. The 440-yard relay team of Woody Harbin, Boyer, Chandler and Koch placed third.

Both meets awarded points on a 5-3-2-1 basis for the first four finishers in each event.

HILBERN BRISCOE
\$200 Award Given Terry 4-H Youth

Seven years of 4-H work were capped today when Hilbern Briscoe, son of Mr. and Mrs. H. T. Briscoe of Route 2, was named one of five Texas winners in the 1957 4-H Cotton Production Program, reports Floyd Lynch, state 4-H leader.

The BHS junior will receive a \$200 scholarship to any agricultural school in the state. The awards are provided by Anderson-Clayton Company of Houston.

He has participated in cotton production for five years. "I have had some good years and bad ones," he said. "During the drought I lost two crops in a row."

The youth also has won several awards on hogs and steers. He placed fourth in the state tractor drivers' contest at Texas A&M last summer.

Briscoe is a member of Terry 4-H Council and has served as junior leader of his club two years. He has attended district camp several times and electric camp twice.

The state winner reported last year he harvested 144 pounds of lint cotton on an acre off 15 acres of dryland planted to acid delinted Paymaster. "My crop didn't turn out too well because the early freeze and wet weather before harvest cut the yields in half," he said.

The youth added he plans to buy a farm and practice what he has learned in 4-H club work after he finishes college.

Rewards totaling \$250 have been announced for information leading to recovery of two Ford tractors taken from Travis Gin, 801 North Fourth, on Feb. 25, reports Sheriff James Fulford.

Sheriff Fulford said the owner of the gin has posted \$125 reward for each tractor.

He said one is a 1954 Ford equipped with a front-end loader, model NAA, serial number 102731. The other is a 1955 Ford with a blade attachment, model 640, serial number 47521.

"Persons with information concerning this missing equipment are urged to contact the sheriff's office or Brownfield police," said Fulford.

Devonian Strike Is Found in NW Terry

Honolulu Oil Corp. No. 1 Pope Pool, deep test operation in northwestern Terry, was coring ahead below 12,308 feet Friday after recovering a small amount of free oil from the Devonian.

Four-hour drillstem test was conducted from 12,268-288 feet with a 2,500-foot water blanket used.

No gas or fluid made the top, but when string was pulled recovery included 10 feet of free oil and 2,590 feet of slightly oil and gas-cut water blanket.

Formation pressure gauged 1,510-1,635 pounds and 30-minute shutin was 5,030.

The deep prospect is about 2 1/2 miles southeast of Glorieta production in the Terryton field, but there is no deep production in the area at present.

Exact location is 660 feet from north and west lines of Section 46, Block D-11, C&MRR survey; 12 miles southeast of Sundown.

Drilling contract is held by Great Western Drig. Co. The project previously developed fair shows in the Wolfcamp.

LITERARY EVENTS

Terry Savings Bond Chairman Cited For Achieving 1957 Goal

J. O. Gillham, chairman of the Terry County Savings Bonds Committee, has been awarded a special U. S. Treasury Citation for his efforts in achieving 109.7% of his county's 1957 savings bonds goal.

Last year's sales in Terry County were \$182,033.

The treasury award was presented to Gillham by Ed Gossett, co-chairman of the Texas savings bonds committee.

In presenting the award to Gillham, Gossett said, "The Texas Savings Bonds Committee is deeply grateful to you and your committee who are standing behind this program and are making it so successful in Terry County."

In accepting the award, Gillham said, "I feel greatly honored to have been cited by the U. S. Treasury Department and wish to thank the citizens of this county who are buying bonds regularly, because it was through them that our county surpassed our 1957 bond sales goal."

Students from Andrews, Lubbock, Sundown and Seagraves won the various divisions in the event.

Edward Watson of Sundown, who displayed a radio transmitter and receiver he constructed, won a five-day cruise as a guest of the Navy.

Two other winners, William Marquam of Lubbock Monterey and Andy Taylor of Sea-

graves, earned the right to participate in the national meet at Flint, Mich.

John Bacon of Andrews won the outstanding award of the junior division for "A Study of Scaled Quail in Andrews County."

Brownfield participants included Joel Pickett, Study of the Ear; Donald O'Dell, Structure of the Knee; Charlie Crites, Suspension Bridge; Charles Morris, Petroleum; Archie Proctor, U235 Atom, and Wendell Newman, A Cattle.

Colorful Costuming Set For Tech Varsity Show

With big ideas for costuming "Guys and Dolls," the wardrobe committee of Texas Tech 1958 Variety Show assures the public, "It will all be worth while."

From much planning, time, and effort, original costumes have been developed. According to Carolyn Porter, Lubbock, chairman of the committee, all cast costumes are laid out.

In 1922, Miller was appointed assistant postmaster here, and was made postmaster a short while later. It was during his tenure with the postal service that he married Miss Hazel Vernon of Chicago.

In 1924, he sold Ford cars for the Brownfield agency, moved to Tokio (18 miles due west), bought a service station, sold it and was back in Brownfield by December 1925.

Miller returned to the Terry County seat to enter the service station (Magnolia, at Main and Seventh) business once more, staying with it 24 1/2 years. He sold his station in 1951, and became fulltime secretary of Brownfield Lodge 903, AF&AM.

The Millers have one son, Larry, a civil engineer now living in Houston, where he is in the construction business, and one daughter, Mrs. Eleanor Mayforth of Syracuse, N.Y., and three grandchildren.

He is a Past President (1936) of Brownfield Rotary Club, which he joined in 1927; is a charter member of Brownfield First Presbyterian Church; was elected a member of the Philaletheis Society in February this year, and is a charter member of Brownfield American Legion post (Howard-Henson 269), in which he was elected a Life Member on July 9, 1953, and whose commander he served as in 1922, 1927 and 1932.

Miller's Masonic record reads thusly:

Entered Apprentice on Dec. 2, 1922; Fellowcraft on Jan. 3, 1923; Master Mason on Feb. 24, 1923; Secretary 1923-24; Senior Deacon 1927; Senior Warden 1928; Worshipful Master 1929; Senior Deacon 1931; and Secretary (installed) July 9, 1934; and

Deputy District Grand Master of 94th District during 1935, 1938, 1948; voted a Life Membership in January 1950; exalted a Royal Arch Mason on March 3, 1936; greeted a Select Master on Aug. 4, 1937; Secretary and Recorder since 1952; took Scottish Rite degrees (32nd) in El Paso Consistory No. 3 April 14-15-16-17, 1941.

You can live in a town all your life, and never really know it until "tough-luck" hits you. My wife and I have only this past week fully realized how truly wonderful a place Brownfield really is. You will never know how much we appreciate the many, many kindnesses extended us during her stay in the hospital and now while she is convalescing at home. Yes, sir, Brownfield is a great place to call home!

Want to see a delightful play — go to Meadow tomorrow night and attend their Junior Play, you will have a wonderful time, we're sure.

Resident's Nephew Killed in Air Crash

Lt (jg) Wendell (Jack) Nelson, Navy flier from Denver City, was killed instantly at 9:55 a.m. Monday in an airplane crash near Pensacola, Fla., while flying formation from an aircraft carrier.

He is the son of Mr. and Mrs. H. T. Nelson of Denver City and the nephew of Mrs. H. F. Brigrance of 407 East Cardwell.

Services will be at 3 p.m. today in First Baptist Church of Denver City. Burial will be in Denver City Memorial Park under direction of Denver City Funeral Home.

Nelson was a graduate of Denver City High School and of Texas Tech in 1955. He was a member of Phi Delta fraternity. He entered the Naval cadet flying school at Pensacola in October, 1955.

Other survivors are four brothers, Kenneth of Lubbock; Bobby, stationed at Brownsville with the Coast Guard; J. M. of Texas Tech; and Tommy, of the home; a sister, Karen of Denver City; maternal grandmother, Mrs. C. G. of Bowie, and paternal grandparents, Mr. and Mrs. J. M. Nelson, also of Bowie.

Good to choice steers and yearlings drew \$26 to \$28.50, and medium and lower grades bulked at \$17 to \$19, with canners and cutters at \$11 to \$17. Bulls were reported from \$16 to \$20.50, odd head higher.

Let's Talk Livestock!

By TED GOULDY

FORT WORTH — Increased offerings of livestock were reported around the major market circle Monday, despite sharply curtailed offerings at Fort Worth due to rain over the weekend.

Fed cattle prices dropped sharply at Cornbelt points as most points reported steers and heifers 50 cents to \$1 lower, and Chicago reports indicated spots on steer \$2 off. However, at Fort Worth prices on most cattle and calves were fully steady. Fed steers were scarce, and weak to 50 cents lower. Some strength on canners and cutters, as well as slaughter and stocker calves was noted here compared with late last week.

The lambs ranged from \$17 to mostly \$21 per hundred. The group was accompanied by Mrs. Doyle Duncan of Copperas Cove and by Vocational Agricultural Instructor Sam Adams, and J. B. Martin. The young people who made the trip included Margaret Duncan, J. Lee Giddens, Tommy Bates, Walter Stephens, Barry Jordon, Meryl Meiller, Ronnie Barr, Kenneth Moseley, Mike Martin, Larry Harrell, Bill Smith, Elmer Mayberry, Travis Vandiver, Troy Johnson, Dwain Turner and Mike Blanchard.

Stockyards Division of the Department of Agriculture, Williams reported an earlier complaint to the Federal Trade Commission brought the information that the complaint would come under the USDA supervision.

The sheepman complained about the habit of the buyers discounting heavy lambs in country trading.

The complaint is one of several which have been voiced by farmers and stockmen relative to direct buying operations and livestock feeding programs of meat packers.

Recently the National Farm Organization, a midwest farm group, picketed packing plants at Kansas City and St. Joseph, Mo., carrying placards protesting packer livestock feeding operations and direct livestock buying. The farmers claimed these practices were hurting farmer livestock prices.

KITCHEN IS CENTER OF FAMILY LIFE

Mrs. James Shewmake Reports on Visit To French Homes; Finds Many Things Strange To The American Way of Life

EDITOR'S NOTE: The following letter, written by Mrs. James V. Shewmake to her sister, Mrs. R. D. Shewmake of 802 East Cardwell, describes one of her trips to visit the French people near Chambley Air Force Base, Etain, France. The former Brownfield couple and their two children were transferred to France shortly after Christmas. Shewmake, a master sergeant, will be stationed in France about three years.

Today, I went into my first French home, one that had not been Americanized. Tillie and I left Chambley Air Base at 1:00 and then drove about 40 kilometers to the Village where she had lived before she moved into the trailer next to ours.

The route to Hannonville is quite scenic and as it is spring, the farmers were busily spreading fertilizer on their fields.

I probably should not mention this is human fertilizer and as we drove through some of the Villages, this mixture was seen in piles on the Streets in front of the homes, awaiting transportation to the fields. More aromatic than scenic.

Hannonville is a small village and most of the inhabitants knew Tillie and greeted her warmly. We went first to the home of Monique, I do not remember their last name. Monique's husband and children, (two boys, age 8 and 10), were leaving when we arrived. You see, the French eat lunch from 12 to 2 p.m. The boys were of average size, robust

and healthy, and warmly dressed.

Some of the little boys wear the short pants and smocks, I don't see how their legs keep from freezing.

Monique's husband has a small saw mill so they live a little better than the average villager. I believe they hold out 300 Mille each month for their living expenses, which is about \$72.00 per month.

We went into her home and into the kitchen. This room is about 12x14 feet and it was apparent that the family spent most of their waking hours here. Her sink is of granite and very shallow; she has only cold water. I noticed that she had a yellow plastic dish drainer just like mine.

In the center of one wall, was the place that had once been a fireplace. Instead of using this facility, she has a pot bellied stove and burns wood, since her husband has the saw mill.

In one corner of the room was a big cabin. It would be a welcome addition to any Early American Dining Room. She kept her dishes there.

Monique, I forgot to mention speaks very good English. Tillie had brought our own coffee, since Monique grinds her own and adds Chicory. She has an electric grinder for this.

She also has a French gas stove, the equivalent of our apartment sized ranges, and a Bendix automatic washer. She had, she said, been able to obtain some sheets. French linen is heavy, rough and never looks white.

Monique is only 28, but looks about 40. She is overweight and has very red, rosy cheeks.

However, rosy cheeks are quite common among the French. I've not decided if it is the brisk air or their diet.

Monique does not have a bathroom or toilet. One simply goes out back and squats, and if you are an American, you hope no one is watching.

When coffee was served in thin delicate cups, I drank mine black as we have been warned against drinking dairy products on the economy. It was cold and drafty in the home. Most homes are 3 and 4 stories and the hall are quite drafty.

Monique went with us when we left and we stopped by the Bakery for some real french bread. The bread lays out on the shelves, no wrapper on it or anything to protect it. Now, Tillie walked right over and picked out 2 loaves, one loaf was 30 francs, which is about 9 cents. We picked the bread up in our hands and carried it out, no wrapper or bag at all. Tillie said she always took the bread from the top shelf because the dogs sniffed and smelled the loaves on the lower racks.

Our next stop was the community wash house. This is a big square building with windows all around. In the middle of the floor is a pool of water, like a swimming pool, and that my dear, is where the local ladies gather to do the family wash.

Monique is an exception in having a washing machine. The

ladies get on their knees and wash, rinse and pound the clothes with wooden mallets that are in the wash house.

I know this sounds like something out of the 17th Century but it is all true.

Since our destination after leaving the home of Monique, was the Grandmothers, and since she lived just across from the local washerteria, we walked across the lawn. This was littered with broken glass and trash and told myself, "oh that's dog manure," knowing full well it was human.

The door opened into a hallway but there was no answer when Monique knocked. She went down the hall and opened the door to the back and I could see some chickens and what looked like a barnyard. But pretty soon Monique came in with her little old grandmother.

She is so small with real rosy cheeks, she kissed Tillie on both cheeks and we went in. Her home consists of one room. It was very warm and cozy.

In one corner stood a big bed, and on a shelf were several beautiful antique canisters. I mentioned them to Tillie and she told me that underneath, the cans were labeled in German, but the Grandmother had covered up the German lettering.

The first thing the Grandmother did was bring out this bottle of stuff. I thought, "oh no," because we have been told that it is very rude and you offend if you do not accept their offer of drink in their home. She brought out three small wine glasses and poured out some of the liquid.

She had made it herself and was kept in a jar like we keep water in the refrigerator. It didn't smell and as Tillie took a drink, so did I. It was really not too bad, thick and very

sweet, it burned as it went down.

I congratulated myself on being able to drink it, I who cannot stand the smell of liquor. I'll say one thing, it warmed us up. Tillie said it must be 100 proof. Ah, France, the alcoholics paradise. It is amazing what a gal will do for her country.

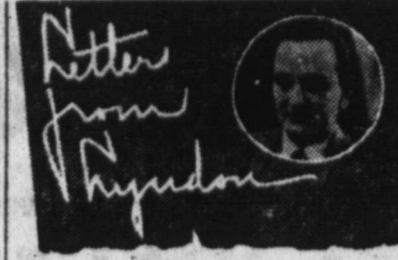

I must mention the garbage man that I met. This fellow's claim to fame is that during the war, he was taken prisoner and since he did the job so well, he was always assigned the task of building the toilets at the PW Camps.

This was done by merely digging a hole and building a rail. One night, he slipped out and sawed the rail almost in two.

The next morning, the German Soldiers came out, all laughing, etc., sat down on the rail to do their business and fell in. Can't you just see that? To this day, the Germans do not know who sawed the rail.

We left Grandma's and since it was getting late, we had to start home. On the road back, we passed the big bombed building and Tillie drove in and we looked at it.

She says the Germans kept their girl friends there, and maybe the liquor affected us,

In vetoing the farm bill, which proposed to freeze farm price supports and acreage allotments at last years' levels, the President said, "What the farm economy needs is a thaw rather than a freeze."

The farm economy has already thawed out to the extent that farm income is melting

but we laughed and laughed at the women that must have been coming out the windows when that place was bombed.

I must admit that the buildings of the base looked extra neat and clean after seeing so much rot, dirt, filth and decay. Their buildings are so old, windows missing, walls caved in, and cold that when I get back to America, I think one thing I will appreciate will be neat, clean, efficient and orderly buildings. We have so much, I am thankful I am only a visitor to this country.

away — from \$14.3 billion in 1952 to \$11.5 billion in 1957. The farmer's share of the consumer's dollar has melted down from 47 per cent in 1952 to 40 per cent in 1957, during the same period that the consumer price index was moving upward from 114.6 to 115.4.

What can the veto mean except that the Administration plans to force farm prices down even lower than they are now?

This is no time, in my opinion to lower the buying power of any group in the country. We are trying to find jobs for between five and six million people who are out of work. If the farmers are made less able, rather than more able, to buy the products of labor and industry, we are going to find it difficult to reduce the unemployment rolls.

More jobs would be provided by a Senate bill to make additional funds available to the Community Facilities Administration. These funds would be lent to cities, counties, states and political subdivisions for sewer, water, and other needed public improvements.

These are projects that provide jobs. The jobs are needed and so are the projects. This kind of legislation

is wise and constructive. The approach of Congress in fighting the business slump is not characterized by a spirit of gloom or panic. It is marked, instead, by a sober conviction that the way to make business better is to take sound steps to make it better.

We show faith in the future of our country in a solid, substantial way when we build roads, when we expand our home construction program, when we plan needed public improvements, when we move to put a floor under farm prices.

Those are matters we have been working on in Congress during these last three months. We are looking ahead with a strong vision. And we see in the future a better life for all of us as a result of the constructive work we are accomplishing in the present.

This mode of action has always been the story of America.

"FAVORITE RECIPE" — Pictured is Mrs. H. H. Sherrod of 1306 North A as she prepares her favorite recipe, cherry crunch pie. Her directions: Roll 20 graham crackers into fine crumbs. Add 1/3 cup of sugar and 1/4 stick of oleo. Mix well and put 1/4 mixture in 9-inch buttered pie pan and shape into crust. Mix 3 tablespoons of cornstarch and 1/4 cup of sugar, then add to 1 can of cherries and cook until thick and clear, stirring constantly. Pour into cracker crust and cover with meringue of 3 egg whites, stiffly beaten, to which 1/3 cup of sugar has been added. Sprinkle remaining cracker crumb mixture over pie and bake in 275 degree oven for about 35 minutes. Mrs. Sherrod says, "My family loves it even though it is high in calorie value." NEWSfoto

Terry HD Council Maps Plans For District Meet

Mrs. Shafter Bailey Jr. executive chairman, presided when Terry County HD Council met Tuesday afternoon in The Party House.

The meeting, following an all day workshop and covered dish luncheon, opened with Mrs. Doyle Johnson reading the Texas Home Demonstration Association creed and prayer.

Mrs. Oliver Miller, citizenship chairman, asked each member of the council to visit the Kendrick Memorial Library.

Mrs. Roy Howell, secretary, reported the latest developments in plans for National Cotton Week.

Mrs. Delton Tatum announced, "Pleasant Valley HD Club will organize a HD club for Latin American women." She reported the response to the project had been promising.

Mrs. O. D. Kennedy, chairman for THDA announced

the District 2 THDA meeting will be today in First Christian Church of Big Spring. Registration will begin at 9:30 a.m. with the meeting opening at 10 a.m. Dr. P. D. O'Brien, pastor of First Baptist Church of Big Spring, will be guest speaker. Mmes. C. G. Scuggs and Carl Herforth of the state board also will be speakers on the program.

Miss Betty Hillis, Terry HD agent, urged council members to attend the meeting.

Mrs. Aubrey Russell of Lubbock, district HD agent, summarized year book problems.

Mrs. Johnson, recreation chairman, led the group in a spelling bee.

The refreshment table, centered with a miniature tree, complete with blossoms and butterflies, carried out a spring theme. Gomez-Johnson HD Club, hostesses for the day, served punch and cookies.

When Distance Is Always Tempting!

Take a new Cadillac—point its hood toward some distant destination—and watch what happens!

We would be willing to wager that day's end would find you far closer to journey's end than you could ever have imagined!

We say this because we know how wonderful the miles are when they pass beneath the wheels of a new Cadillac—and how tempting distance is when seen through the windshield of the "car of cars".

First of all, imagine how comfortable and rested you would be! The seat-cushions are soft and deep and perfectly contoured. The steering wheel is ideally positioned . . . and the car is wonderfully spacious.

Then consider how easy the car is to handle! It is incredibly agile and responsive—and wonderfully smooth and level of ride. In fact, if you have selected the extra-cost option of Cadillac's air suspension, you can scarcely detect the presence of the road.

And think of your pride and contentment! The very knowledge that your motor car is so highly admired and so widely respected adds its own reward to each and every mile.

You ought to try it soon. Your dealer will be happy to explain the virtues of Fleetwood coachcrafting—and to give you the facts on every model, including the exclusive Eldorado Brougham.

Gauger Is Transferred To Seymour Assignment

H. O. Pipkin of 1305 East Main, gauger for Shell Pipe Line, left Sunday afternoon for Seymour, where he has been transferred.

He will be station engineer at Baylor Station, located near there. He and his wife will be moving to Seymour in the near future. Pipkin came to Brownfield about four years ago.

The Farmer's Wife

By ROSE JEAN HENSON

A word of thanks goes to all the Brownfield folks and to the City Council for their cooperation in helping the telephone subscribers on Ausborne and Wheatley exchanges to get an established rate into Brownfield.

When the rural people subscribed for telephones some three years ago, they were told then that the service would be available much sooner than this. Now, according to reports, it will be even longer—one and a half to two years—to build the necessary lines and install equipment.

I have had several conferences with Mr. (J. L.) Kemper, who is division manager for General Telephone Company and I understand to some extent how much work goes into the last phases of this extended service.

Most of the red tape between here, Tahoka and Washington has been completed and I would suggest that a little "urgency" might be in order. To say the least, nobody is going to get rich from this extended service—the subscribers or the telephone companies, but we need the service and I suppose, they want the money—the sooner the better.

The extended service will increase the rural telephone rate to \$6.10. I know the figure is high but is in line with other similar services and will be somewhat of a relief to eliminate the \$4 or \$5 and even more that we have been paying each month for necessary calls into Brownfield.

Recession or depression—familiar words to you who read the newspaper, listen to the radio or watch television. Do you know the difference? A recession is when you tighten your belt and a depression is when you don't have a belt to tighten.

I read the foregoing somewhere recently and thought it fit the description pretty well. Going a step further, I would say that prosperity is when you have several belts which you have out-grown, several more you don't need and money to buy more which you may eventually tighten if you

don't stop buying them.

Maybe the illustration is over-simplified, but just the same one doesn't have to listen to Washington big-wigs to know which economical category he is currently in.

The problem we should be concerned about is how many belts do we have that aren't paid for and who would be the loser if by chance the payments couldn't be made. Would it be you or the creditor?

Certainly I am no economic wizard but simple thinking never "busted a head" or cracked a personality. The unemployment situation very definitely has a bearing on the simple belt illustration.

When a pay check is cut in half or stops altogether, "something's gotta give". And when a substantial number of people slow up on their belt buying for any length of time, the belt manufacturer cuts his production, discharges the extra helpers which were employed to make the extra belts which you previously bought and really didn't need.

Now suppose the manufacturer borrowed money or spent his savings to increase production to supply your belt fancy. Production or no, he has obligations to meet which were made while money was easier spent.

Nine out of the ten workers which he was forced to lay off have pledged obligations, and so round and round it goes and where it's going to stop nobody knows. At least I don't. This much I do know, however. It's got to stop somewhere, sometime.

Our government officials have a tough situation to handle and I'm not sure any of them knows the answers. Mr. Eisenhower seems to think we should continue buying and places some blame on the manufacturers for cramming a lot of unnecessary merchandise down the consumer's throat—luxuries and gimmicks, maybe.

Well since when have the American people become as babies who can't resist a stick of candy when it is waved in their faces? Wise selection or not, it still has to be paid for in most cases (big items, I mean) and so how are we going to continue buying (wisely) if our jobs are at stake and installments on our unwise purchases keep coming in each month. Doesn't make sense to me.

Anyway, I'm planning my summer wardrobe around one thing—a basic black belt—a size larger than I really wear. That way I can take it up or let it out, depending on which way the crisis swings.

If worse comes to worse, by next year, I may be wearing the chemise. Then I won't need a belt of any kind.

Sudden thought: An economic bug might have buzzed in the fashion designers ear.

Missiles, Song and Dance To Highlight Texas Tech's Annual Spring Festival

Reality and fantasy—powerful missiles and light-hearted song and dance—marked the first Spring Festival at Texas Tech that opened Wednesday.

Joining with Tech students Friday and Saturday to see the 26th annual Engineering Show, the 21st annual Home Economics Open House and Varsity Show production of "Guys and Dolls" will be more than 2,000 high school interscholastic leaguers from the Panhandle and South Plains.

They will be on the Tech campus for the annual Region I Interscholastic League literary and athletic events.

Tech's first space-age Engineering Show will be highlighted by missiles displayed by the Air Force and Army ROTC units and the "Atoms for Peace" Atomic Energy Commission exhibit.

On display today and Friday will be the AF's 35-foot Rascal missile that is fired from B-47 bombers to ground targets. The Rascal can carry a nuclear warhead, weighs 13,000 pounds, is four-feet in diameter and has a range of 10-nautical miles.

The Army's Nike-Ajax air defense missile used in guard-

ing strategic areas throughout the nation will be displayed Friday and Saturday. This 20-foot missile will be shown with its launcher and 12-man crew from Fort Bliss.

Featured in the Home Economics Open House will be six fashion shows on Friday and Saturday, new home management techniques and finger painting demonstrations.

The open house will be held from 1 p.m. to 9 a.m. Friday and from 9 a.m. to 3 p.m. Saturday. A luncheon honoring Tech home economics ex-students and graduating seniors will be at 11:15 a.m. Saturday.

On display for the first time this year in the Lubbock area will be the AEC's "Atoms for Peace" display that is being sponsored jointly by the Tech School of Engineering and Southwestern Public Service Co.

More than 80 exhibits showing developments of nuclear technology and a 16-foot nuclear power plant for production of electricity is included in the AEC display that will be held in the Naval Armory.

Tech civil engineering students plan a nine-foot off-shore

drill rig operating in a tank of water and a quick-sand pit as part of their exhibit. A remote controlled bus is being devised by the electrical engineers.

Architecture students are planning a large-scale dome made from wood dowels and are laying out a Japanese Garden. A magic show is slated by the chemistry department.

Textile engineers plan a display of fabrics and weaving demonstrations and a multi-colored dye bath.

Tech's Spring Festival officially opened at 2 p.m. Wednesday with an All-College Convention at which time Dr. E. N. Jones, Tech president, addressed students. This was followed by the annual student association elections and the Seniors Carnival from 3 p.m. to 6 p.m.

Other weekend highlights include the Tech Union "Frantic Fun Fair" Friday night, a 25-mile bicycle race at 2 p.m. Saturday followed by a barbecue for Tech students and the general public later in the afternoon.

Meadow Girls Bounced in Volleyball Tourney

A tall Roosevelt sextet rambled past Meadow's girls, 28-9, in the semifinals of the Region I volleyball meet held at Texas Tech Friday.

Roosevelt was defeated in the final round by Goree.

Terry County Singing Convention Set Sunday

Terry County Singing Convention will meet at 2:30 p.m. Sunday in the Church of God, according to G. M. Thomason, president.

Special singers will be at the meeting, which is open to the public, added Thomason.

The Lady was Willing

Recently a service station attendant changed the oil in a car with 23,000 miles on the speedometer. He noticed that a lubrication job was also badly needed, so he politely suggested it to the driver. She replied, willingly enough, "Go ahead if you want to... but I thought all that was done at the factory!"

Of course, this couldn't happen to you, but with cars getting more and more complicated every year, proper and frequent lubrication is more important than ever.

Phillips 66 Dealers specialize in lubrication. They have complete charts and specifications for all makes of cars, and what's more, they use them! Stop in next chance you get and watch how thorough Phillips 66 attendants are when they lubricate a car... it's a pleasant surprise for most motorists!

Bronc Trio In Regional

Three members of the Meadow Bronco track team will compete in the Region I meet slated in Lubbock Friday and Saturday.

Harold Henson will represent the Broncos in the high jump;

Maurice Warren in the high jump and 120-yard high hurdles, and Don Bowman in the shot put and discus.

Henson copped first in the high jump and third in the high hurdles in the District 7-B meet at Lubbock last week. Warren was first in the high sticks and second in the high jump, while Bowman claimed a double win in the weight events.

Improved Cotton and Sorghum Yields With Phillips 66 Ammonia

Martin Schur, Plainview, Tex., says: "I farm 420 acres, and last year I ran 30,000 pounds of Phillips 66 Agricultural Ammonia through my rig. That shows how I depend on this fertilizer to give me high yields of cotton and maize. I put all my Phillips 66 ammonia down pre-plant, in order to get the job out of the way before the busy spring season."

Other Southwestern farmers have discovered that 82% nitrogen from top quality Phillips 66 Agricultural Ammonia helps them get more profit per acre through higher yields. They get more cotton that classes higher at the gin... yields of sorghum grain and ensilage are increased... more marketable vegetables are harvested... and profits on wheat are increased through higher yields of grain and extended grazing periods.

Phillips 66 Agricultural Ammonia contains 82% nitrogen and gives you more nitrogen per dollar than any other form of commercial fertilizer available.

Terry Sports Review

By CHARLIE MAPLE
NEWS Sports Editor

District track meets are over and the blue chip meet will be staged Friday and Saturday at Lubbock.

The Region 1 meet will be heavily attended by Terry athletes, especially in Division B. Union, Meadow and Wellman will send a strong array of thinclads to the event.

Brownfield will send Larry Meeks and Johnny Jones to compete in the hurdles and weight events. Though one of the top hurdlers in the state—at least in the region—Meeks is given a slim chance to make the state meet.

He will have to come in no worse than second in the highs and/or lows to qualify. It is bad enough that he will have to compete against the Snyder duo of Bud Morgan and Rex Wilson, but he also will run up against Abilene's Iran King and Bob Swafford.

Though all have outdistanced him in past meets, this may be the impetus he needs to upset the dopesters. We certainly are pulling for him.

Jones outclasses most shot putters in 3A circles, but it will take a record-breaking effort to make the grade against 4A competition he will face.

Possum Kingdom Association recently sent us the following information on Terry fishermen at the lake on April 7. We will pass it on since fishing time is really upon us.

Mr. and Mrs. Lynn Smith and family of 1303 North A, caught their limit of Sand Bass and Crappie in the Fishing House; Mr. and Mrs. Jack Shirley of 1301 East Tate, caught 56 Bass and Crappie out of Hieple's Haven; and

Burton Hackney and Jimmy of 803 East Broadway, caught 100 Crappie and their limit of Possum Hollow Camp, and J. W. Sherron and Raymond Sherron of Tokio, caught one 34-pound Bluecat, one 7-pound Bluecat, 10 Channelcat and 22 Black Bass.

Sounds like some great fishing. Several Terry sportsmen are beginning to get the "fishing itch" again.

We hope to get away for a while in late May to try our luck at fishing in the Gulf. It has been a long time since we have dipped a hook, but can't resist the urge any longer.

Junior high and sixth graders have begun spring training, prepping for the football season next fall. Some of the graduating Cubs are helping Coach

Cliff Niles and Coach Coy Jones send some 50 youngsters through the annual grind.

They report a lot of interest and hustle is evident in early practice sessions. Work-outs will last about a month.

We certainly hope Brownfield youngsters will begin to take more interest in sports. Though it takes a lot of work, we feel athletics are an integral part of the school's preparation for the future of the student.

What the youngster gets out of sports depends upon what he puts into them. Often the returns are greater than is imagined.

For instance, on the trip to the Mustang relays a couple of weeks ago, Coach Don Hendley held Cub thinclads for a prayer by the Rev. Raymond Smith, who accompanied the group.

This is not an unusual instance. The Cub coaching staff leans strongly to spiritual guidance in the instruction of their charges. This, we are sure, is something everyone needs in this day of materialism.

Cub spring training will get underway April 30 with some 45 aspirants expected to report. Most other district teams already have completed the training sessions, except Monahans, which started Monday under a new coach.

The coaching staff will have 21 calendar days to see what the picture will be next fall. The annual Reds and Whites training game will be held either the 13th or 20th of May.

The new stadium finally is taking shape at the site northeast of town. Levelling work has been completed and the irrigation well contract has been let.

Concrete piers are being set at the new site. The company is expected to return May 10 to complete the seating. This means the center section of the south stands will be missing when the spring game is played.

Sodding and seeding operations are expected to be started soon.

Wildlife Group Will Build New Quarters

The National Wildlife Federation, the nation's largest organization devoted to natural resource conservation, is planning to build a permanent headquarters in Washington, D. C., according to an announcement by Executive Director Ernest Swift.

The building is to be constructed on a plot purchased with a \$300,000 grant made available specifically for that purpose by executors of the estate of the late Louise Ayer Hatheway, of Massachusetts, ardent naturalist and conservation leader.

Demolition of old structures on the site already has begun. Construction of the new building is expected to get under way by mid-summer.

Although only two floors over a basement will be constructed initially, the building is to permit ultimate expansion to eight floors, each with 12,000 square feet of work space.

A meeting room for conferences, lectures, exhibits and movies will be available on the first floor. A large and comprehensive library of nature and conservation books is planned.

A special campaign will be conducted to raise funds for construction costs in order that all of the Federation's educational and conservation programs may be continued without curtailment.

According to President Claude D. Kelley of the Federation, a permanent "Book of Builders" will be prepared to contain names of those subscribing \$100 or more.
