

### Mrs. Baker Hosts Progress Home Demonstration Masquerade Party

Mrs. Lauretta Baker was hostess for a Halloween Masquerade Party for members of the Progress Home Demonstration Club Tuesday.

The women were really disguised in all sorts of costumes and many walked to the party to keep from being recognized by their cars. The watch dogs at the Baker home set up a terrific howl in objection to the strange costumed people coming on the premises.

Fern Davis led games for team play with Ada Murrah and Lela Mardis as team captains. Mrs. Murrah's team won more prizes, suckers, than the Mardis team.

Betty Williams won the prize for the best masquerade costume followed by Veta Self, Letha Wheeler and Ada Murrah.

In keeping with the theme of the party, the hostess conducted a spook house session "Lonely Grave of a Club Widow".

The setting was the darkened garage decorated with high spiders and other Halloween motifs. Club members were seated around the grave while Mrs. Baker read the original story of how her fiancé was killed by a little black Model T Ford.

At the conclusions of the story the garage opened to reveal the contents.

The deceased widow was played by Delores Gaddy.

A business meeting was held and roll call was answered by "My Worse Fright".

Letters of appreciation were read from the Club's adopted girl at Gilstown and Bruce Little.

Little expressed thanks for the Club's help at a newly organized 4-H Club.

Fern Davis showed two knitted sweaters. Mrs. David will be hostess for the next meeting which will be on Knitting. Each woman is asked to bring knitting material to work on. A salad luncheon

will be served at noon with each member bringing a salad. Date of this meeting is Tuesday, November 5.

Attending the Masquerade Party were: Jaurice Smallwood, Fern Davis, Lena Kelse, Myrtle Wells, Veta Self, Lela Mardis, Betty Williams, Letha Wheeler, Gertie Meyers, Ada Murrah, Marie Malby, Delores Gaddy and the hostess.

### Harris-Eason Engagement Told

Mr. and Mrs. Earl O. Harris announce the engagement and approaching marriage of their daughter, Sandra Jean, to Bobby Lee Eason, son of Mr. and Mrs. E. F. Eason, all of Muleshoe.

Sandra is a 1932 graduate of Muleshoe High School and Eason was graduated in 1930. Both are attending Texas Technological College, where Bob is a junior and Sandra is a sophomore.

The wedding is planned for Thanksgiving Day, November 28, at 7:30 p.m. at the First Methodist Church here.

#### HONOR ROLL

Monica Griffiths, and Carol Wedel, students of Richland Hills School, were inadvertently left off the list of children named to the school's first six-week honor roll, according to school officials.

President Johnson pardoned Dr. Samuel A. Mudd, Maryland physician who set the broken leg of John Wilkes Booth after he had shot Lincoln. The physician had been sentenced to life imprisonment.

A fertile and moist soil is required to cultivate celery.

### Sorority Greet 3 New Members

Kappa Kappa Iota met October 17, in the home of Jessie Stovall, Margaret Stimmmons was co-hostess.

Billie Stevenson, Kathleen Francis and Glynna Masten were initiated into the convalesce. Mable Laughlin, presided during the business meeting at which time the new members were welcomed into the sorority.

Announcements were made of the State Convention to be held in Odessa Texas April 11. Halloween games were enjoyed by the members during the social hour, which followed the business meeting.

Refreshments were served by the hostesses to Mary Scoggins, Barbara McNutt, Kathleen Francis, Elsie Kendall, Lena Hawkins, Beatrice Blackburn, Billie Stevenson, Mable Laughlin, Joyline Costen, Dorothy Beddingfield, Mary B. Oberhaus, Blanche Johnson, Olyna Masten, Aileen Siewert, Elizabeth Watson and Esther Marie Dillman.

### Club Plans Party For Thanksgiving

The Progressive Home Club met Thursday Oct. 24 in the home of Zida Mae Black with seven members and two visitors present.

Mrs. Black presided and final plans were made to have Thanksgiving dinner at Paul's Cafe and play forty-two afterward in the home of Lois Norwood. The Club voted to change meeting time up to 2:30 p.m. again and voted also to pledge to the United-Fund.

The Hostess' Gift was drawn by Mabel Ryan who in turn presented the program by displaying hand work of a quilt, three table cloths, and a willow basket preserved from yester-years, after which the hostess served delicious refreshments, in the Halloween theme, and Club adjourned to meet Nov. 14 in the home of Lola Bryant at 2:30 p.m.

Moles are considered strong animals for their size. They have powerful fore limbs and claws.

## Tribute Paid Mrs. Effie Bray Recently

"After a review of the many fine and intelligent coeds who honored the Oakland Normal Institute in its day of activity, reference was made to the names of the many beautiful, intelligent and ever-to-be remembered coeds and there was included in that large array, a girl named Effie Palmer, now Mrs. Effie Palmer Bray, Muleshoe, and on a motion and second, it was found and determined by the Alumni that the girl, Effie Palmer, who left the school the latter part of the 18th Century (some sixty years ago) was thought to be not only one of the beauties but one of the brightest and well-rounded products the school had ever trained and sent out, and that this finding of the Alumni be, and the Clerk is directed to spread the same on the minutes of the Oakland Normal Institute Alumni Association."

The foregoing excerpts from the minutes of the Oakland Normal Institute Alumni Association was read in tribute to the well-known Muleshoe woman when she with her daughter, Mrs. Horace Blackburn, attended a luncheon to be the last Alumni Luncheon held recently in Tupelo, Miss.

A copy of the excerpt was signed by the Alumni president, J. A. Cunningham, and presented to Mrs. Blackburn in memory of her mother's accomplishments and her school days.

After leaving the Institute 67 years ago, Mrs. Bray spent most of her life thus far as an educator. She taught school for four years in Mississippi before moving to Oklahoma Indian Territory.

She received her B.A. Degree from East Central State College, Ada, Okla. in the early 1900's and her Masters degree from Oklahoma University in 1923. While working toward her degree at the University, she was a math instructor there.

For more than 30 years she taught in public schools, most of the time teaching high school math, however, she has taught Latin, Home Economics and Primary at different times.

Mrs. Bray and her husband, the late A. C. Bray moved to Muleshoe in 1931. Bray died in 1933. The couple had three children, twins, Mrs. Blackburn and A. B. Bray, Dallas; and Otho who died in 1937. After her son's death, Mrs. Bray helped to rear his two sons who lost their lives in a plane crash in 1956. Mrs. Bray established a loan fund at Wayland Baptist College, Plainview, for those student who needed assistance as they study for the ministry or religious education majors, in memory of her husband, son, and grandsons. She also furnished a room at a Wayland infirmary in their memory.

Mrs. Bray is an active member of the First Baptist Church here and has taught Sunday School classes and helped with many phases of the church work. Her services are always available in times of need and sorrow.

She is also an active member of the Muleshoe Study Club. Today as always, the 82 year old woman is busy. From Monday through Friday she stays in the home of her granddaughter, Mrs. Bill Hart, the former Joyce Blackburn, Farwell, and oversees the care of her five children while Mrs. Hart attends Eastern New Mexico University. Although they have domestic help, her presence adds security to their welfare while Mrs. Hart completes her education.

Her weekends are spent here with the Horace Blackburns where she is still busy with another of her favorite pasttimes; baking cakes as gifts for friends and

with her church and club work.

Only five names remain on the list of the Alumni, four boys and one girl. The meeting was attended by approximately 100 people, 15 of whom Mrs. Bray attended school.

A recent guest in her home was a woman now living in New Mexico who was a pupil of hers in 1915. This is not uncommon, as many of the pupils she taught during her years in the profession keep in touch with Mrs. Bray.

### Sorority Hosts Afternoon Tea

Members of Epsilon Sigma Alpha were hostesses for an afternoon tea with members of the Muleshoe Study Club as their special guests.

The event was held Tuesday afternoon at the Muleshoe Country Club between the hours of 2 to 3:30 p.m.

The room was beautifully decorated with arrangements in autumn tones. The centerpiece was a colorful array of items seen at harvest time, sprayed in all colors of the autumn cloak.

Attending were: Mrs. Lula Adanson, Mrs. Lois Schoenberger, Mrs. O. N. Jennings, Mrs. L. F. Bruns, Mrs. T. R. White, Mrs. John Young, Mrs. H. A. Douglass, Jr., Mrs. Robert Altord, Mrs. J. D. Small, Mrs. Fred Johnson, Mrs. Kenneths Precure, Mrs. Ray Santos, Mrs. Charles Lewis, Mrs. Ernest Martin, Mrs. John Charles, Gilbreath, Mrs. Jim McVane, Mrs. Wayne Wash, Mrs. Chester Yerby, Mrs. Don Seales, Mrs. Robert Bliss, Mrs. Lewis Powers and Mrs. J. Pat Wagoner.

Five of those attending are Epsilon Sigma Alpha pledges who were introduced. They are Mrs. Wash, Mrs. Yerby, Mrs. Seales, Mrs. Bliss and Mrs. Powers, Mrs. Carol Johnson, also a pledge was not present.

Next meeting of the sorority will be Tuesday, November 5, in the home of Mrs. John Charles Gilbreath with Mrs. Vic Benedict as co-hostess.

Mrs. Elvon DeVaney will present a program on the subject of "Nerves".

**LAZBUDDIE FALLS** — Wayne Taylor carried over for four touchdowns, three in the first half, as Vega romped to a 40-14 win over Lazbuddie Friday night. Lazbuddie scored both its touchdowns in the final period on passes from Ken McGeehee to Mac Brown. John Babry ran over the two points.

## FRANKLY SPEAKING

**TRICK OR TREAT THE CHRISTIAN WAY**  
Halloween, the eve of All Saints Day, has become a symbol of Christian sharing for many thousands of church young people. In Texas, the CROP (Christian Rural Overseas Program) Trick-or-Treat has been in force with great success since 1949. Instead of begging for food or candy for themselves, these young people go from house to house seeking contributions to help feed hungry children in all parts of the world. Most recently the food has been milk and soup for the masses in and around Hongkong. Ten milk stations operated by Hong Kong Church World Service provide milk, soup, and biscuits for 53,000 children a day. Remember, Hong Kong is a "dead-end" for more than a million Chinese refugees. For a small percentage of the number CROP life and death. CROP has a nickname being the "food and fiber" outreach of Church World Service. CROP works through the local church with missionaries and religious leaders on the job in the country which receives aid.

This church-sponsored person-to-person program of CROP sent 5 million pounds of contributed food and fiber to homeless and hungry people the world last year. The program operates and functions only in world areas where Christian churches and missionaries are free to handle the distribution. American is a land of plenty. Our warehouses, boats and granaries are overflowing with food, our closets with clothing. Many American young people have more money or the opportunity to make more money in a month's time than millions of families in other parts of the world earn or receive in an entire year.

Last year the young people of Texas collected \$58,000 for the CROP "Trick-or-Treat" Program. Our 25 Muleshoe young people

collected \$297.00 toward this \$58,000. On October 29th they will be knocking at your door again. Be sure they have identification badges signed by a local minister. Help them fill their empty milk cans.

Frankly Speaking — Our religious heritage becomes a meaningful part of life when compassion for others is demonstrated by our enthusiastic support of programs which aid destitute people. Americans have always been in the forefront in providing aid — Christian aid to the needy at home as well as in distant lands. We must always believe in helping people in need, not just talking about it. Someone said, "I was without shoes and cried until I saw the man without any feet."

## Fly-Up Ceremony Held Wednesday For Girl Scout Cadet Troop 70

Twelve girls of Troop 70 participated in a Fly-Up ceremony Wednesday night at the Muleshoe Country Club. The Fly-Up from the Junior division of scouting to the Cadet rank has been brought about by the recently revised program of scouting which provides a wider scope for girls from the second grade through senior high school including those from age 7 to 18 years.

This group has the first Cadets in Bailey County.

Roy Dyer gave the invocation followed by the presentation of the Flag Ceremony and the Color Guard composed of Jean Haskins, Karla Ellington and Alice Gibson.

The girls sang "America The Beautiful." Mrs. Jack Calhoun spoke briefly on the new program in scouting, explaining the advancements and the benefits derived from the program which is based more on today's level than it has been in the past.

Patrol leader Renee Dyer gave the Girl Scout Promise in three parts and lighted a candle signifying each of the three as she

gave them. The group then repeated the Promise in unison. Drucilla Damron explained the Girl Scout laws then lead the Scouts in repeating the ten laws.

Mrs. Joe Langer, leader, presented the girls with their Cocaides, the green, yellow and red emblem of the Cadets. In turn Mrs. Langer was honored with the Girl Scout salute and hand shake.

Parents and guests were served cake and punch. The cake bore the Girl Scout emblem and was decorated in their colors. Serving were: Glenda Calhoun, Penny Langer and Lana Gibson.

Moslems hold that the words of the Koran — which govern every moral and civil action of a believer — were transmitted from God directly to the prophet Mohammed some 1,350 years ago.

## Communist Study Slated At Church

Plans are being made by the Adult Department of the First Baptist Church for a unit of study on "Understanding the Communist Challenge" a study which should be educational for all adults.

These questions have been asked, "Do you know enough about Communism to be able to fight it and the things it stands for? What do you know about communism? Christians should not be ignorant on this subject the planning committee said, and everyone is encouraged to take advantage of this opportunity to better inform themselves in order to know what to do, when to do it, and why, when coming in contact with communist principles.

## Guadalcanal Mascot Happy As Registered Nurse In Denver

By JEAN SPRAIN WILSON

In comparative anonymity today, an attractive Chinese-American girl in her stiffly starched nurse's uniform rustles through the halls of a Denver, Colo. hospital ministering to the needs of patients.

It is surprising that she is seldom recognized, since each incredible chapter in the life of Patsy Li, miracle girl mascot and sweetheart of Guadalcanal, was widely publicized as it happened.

Not long ago when it seemed to Father Frederick Gehring that at last these added up to a happy ever-after, he with writer Martin Abramson, put the extraordinary events into a book called "Child of Miracles."

Then the priest's good friend Jenny Grossinger threw a party at her resort for the co-authors as well as some of the Guadalcanal alumni who had been among Patsy's 10,000 foster parents during World War II.

Because of her nursing schedule, the heroine of the book failed to make the party. Nevertheless, she was the belle of it, and the talk of it, as Patsy will always be wherever men met again who were on the parched and vermin-infested South Pacific island on October 13, 1942.

What's in a Name?

That was the night three Melese natives broke through the enemy firing lines to bring to Father Gehring the chaplain then, their bloody and feverish burden, a 5-year-old Chinese girl. Her head was bashed in and her feet had been slashed by bayonets.

She survived to be named Patsy Li, since her memory had mercifully blanked out recollection of her own name or her past. Patsy was arrived at because it was closest to the Chinese for "Little Pet," and the Li was added because the father was wearing a Lee hat.

The Marines who crouched in the foxholes with her then still remember vividly how they lost their own fright clowning and singing to distract the little girl from the whining, booming bombs around them.

Eventually, Father Gehring relinquished his charge to an or-

phanage. But her fame as the yet happy. Removing Patsy from reached a Singapore mother whose own Patsy Li had disappeared into the sea after the bombing of the passenger ship, Kuala.

Won't Take "NO"

Despite years of correspondence with Mrs. Ruth Li in which the priest reasoned it was impossible in view of Patsy's made up name, the mother became obsessed with the idea that she might be her daughter.

Ignoring further arguments that Patsy had been found thousands of miles from the Chinese coastland where she had last seen her own child clinging to a suitcase, the determined mother made a pilgrimage to the orphanage in the New Hebrides Islands to see for herself.

Amazingly, through scars, birth marks, medical reports and the opinions of handwriting experts, the child was identified unquestionably as her own Patsy Li.

Even the mystery of how the child turned up in the South Pacific was later partially explained by some British seamen. They had rescued such a child following the Kuala sinking and had placed her on a small Chinese ship.

Short Relationship

Perhaps the chaplain might have written his book then and there, for this was miracle enough. But the ending was not yet happy. Removing Patsy from the orphanage, the only security she had come to know, created a wall of resentment that the mother finally had to concede she could not surmount.

Reluctantly, Mrs. Li shipped her stranger child to American to the priest who had received her in her trouble long ago.

How To Spell It

Needing help, he appealed to a longtime friend, Miss Eleanor Bumgardner, roving secretary for Washington's Supreme Court justices. The woman everybody calls "Lady" became Patsy's legal guardian, counselor, and affectionate mother.

The Guadalcanal alumni scattered across the country in high positions and average ones also

### Today's Meditation

**"PLACES CAN BE SHAKEN"**

Acts: 4:31 "And when they had prayed, the place in which they were gathered together was shaken."

I once heard a person say, "I am really going to shake up this church." By this he meant that he was going to stir up or arouse to action that particular group of workers.

Often, many of us feel urged to action by a special cause or interest or program or conviction. Too many times that enthusiasm is met by a lack of interest or concern on the part of others which leaves us confused or defeated.

Remember this, in the experience of the individuals in the scripture, the enthusiasm was so great that it seemed that as they prayed the entire building was not the people who did the moving, it was God, just as only God can and will really shake a community for good, or wake up a church, or arouse an individual to action.

It is important that people be willing to become instruments of God in doing that very thing, shaking up, or waking up, a church, a community, a person, to the importance of God and his service. True, people do not always move eagerly to repond or catch the enthusiasms. Neither did they as the Christ walked about and taught, and healed, and gave his life.

Places can be shaken, people can be moved, you can catch a new vision, but the force that does it is the power of God. Our world, our country, our community, our own lives need to be shaken by God, and for God.

## Screwworms On The Increase Winter Build-Up Beginning

There is no longer any doubt that Texas will experience an increase in screwworms this fall. The buildup that officials of the Southwest Screwworm Eradication Program warned about is a reality.

Officials at the sterile fly production plant near Mission say that more than four times as many infestations are now being reported weekly as a month ago. Producers in a number of counties where no screwworms have been reported for months are now discovering cases. Recent over most of the state and plenty of animal wounds are credited for the upswing in cases.

Eradication workers are concerned about the increase because it necessitates using more sterile flies for treatment of individual cases. This is at a time when all available flies are needed in the barrier zone between the United States and Mexico to protect the Southwest from being infested by migrating flies.

Of particular concern to eradicators are reports that many farmers and ranchers are no longer using smears and sprays for screwworm prevention and treat stock "sitting ducks" for screwworm attack during the fall.

In spite of the upsurge of cases, the September total of 439 was still far below the September 1962 tally of 3,967. However, officials said, early eradication will depend on the cooperation received from livestock producers. They should continue to treat animal wounds, collect larvae samples and report cases promptly to the county agent, livestock inspector or vocational agriculture teacher.

## State Prison Guards Are Badly Needed

Due to the critical shortage of custodial officers (Guards) throughout the Texas Department of Corrections, Dr. George J. Beto, director, has issued an appeal for the employment of at least 156 workers in this category.

Dr. Beto stated that guards are needed at all 13 units of the state's penal system in order to maintain the department's security strength.

Applications are being accepted from men ages 18-55, in good health, who have a high school education or better, and who can stand rigid investigation.

Base pay for custodial officers range from \$395 to \$372 a month. While on duty, officers are furnished uniforms, meals and housing.

Applicants are asked to write or contact L. W. Dishongh, Training Officer, Texas Department of Corrections, Box 32, Huntsville, Texas, for additional information.

## Armyworms Showing Up In State

Fall armyworms, which develop best during cool, wet weather, are being reported in many areas of the state, according to John G. Thomas and W. H. Newton, entomologists, Texas Agricultural Extension Service.

The worms which feed primarily on pastures, lawns and native grasses during this part of the year, may later become a problem on small grains, say the specialists. They probably cause more economic damage to fall planted small grain, grain sorghum, and bermuda grass in Texas than to any other crops, they add.

The worms eat the forage and tender stems of the plants they attack and cause whitish patches in fields of grain or pastures which are the first signs that the worms are present.

The adult moths are active in the late evening and at night and females usually lay eggs in grass or on the eaves of houses, since they are attracted to light. The young larvae hatch in 2 to 4 days but the young larvae are usually not noticed until they are 1 to 1/2 inches long. Larvae feed for about 2 to 3 weeks and pupate in the ground, completing a life cycle in about one month.

For the best control of the fall armyworm, insecticides should be applied at the first sign of an outbreak and when the worms are small.

Ernestine Schumann-Heik, famous contralto who died in 1936 became an American citizen in 1908. She was born near Prague.

## Rotation Key To Controlling Root Rot

Farmers have been planting cotton on root rot infested land for years with little effort to control this cotton disease, says Joe E. Cole, an agronomist with the Texas Agricultural Extension Service.

Root rot, which is making marginal land out of otherwise productive cotton land, thrives during wet weather. However, it has been severe in many areas this year, says Cole. Research has shown that several practices will reduce cotton root rot. They are crop rotation, deep plowing, and residue management. Any one of these practices will help to reduce root rot, but a combination of them will do a better job of controlling the disease.

Through this year's crop is in the harvest stage, now is the time to plan for next year's crop. Plan a crop rotation, and plant a non-susceptible, heavy residue crop on the root rot land, advises Cole.

A good three year rotation to follow is grain sorghum, small grain, and cotton. Grain sorghum and small grain are high residue crops when grown under good productive conditions, says the agronomist.

**I AM OPTIMISTIC:**

There is a poem which concludes, "God is in His heaven and all is right with the world." Although all is not right with the world, God is in His heaven and this is the source of my optimism.

God has not failed because all is not right with the world. Men have failed because we have not put God in the "heaven" of our own lives, the preeminent place.

God is love, mercy, wisdom, integrity, truth, purity and more than this He is our salvation through Christ.

As we lower God and Christ in our own lives we lower these principles that they stand for; thus we bring problems and difficulties on our own selves and on others.

I am optimistic because God has not been lowered to our plane of failures. God is still in His truly preeminent position with His truly elevated and elevating ideals. We may return Him to this position of preeminence in our own lives at any time and partake of the success that comes with truth, wisdom, love, mercy, integrity, purity and all that God is.

It is still true, "WE CAN BE SAVED!"  
I am optimistic. I believe we want God in His rightful place in our lives. Then let us return Him to this position by giving the necessary time, thought, and energy to learn and practice His will and way revealed to us in the Bible.
