Santiago today disposes of an earlier report that the British cruiser Glasgow and the transport Otranto had been bottled up in Chilean waters by the German cruiser Leipsic and Bremen. The whereabouts of the two latter cruisers also is in doubt. Of the nine vessels that figured in the naval battle only the German warships Scharnhorst, Gneissenau and Nurnburg have been definitely accounted for. After coming into Valparaiso they again sailed; nor was there any word today of the British battleship Canopus which the British admirality says has been sent to strengthen Rear Admiral Craddock's squadron.

Great Britain has declared war on Turkey. The Ottoman government despiste dissensions in the cabinet, is committed definitely to hostilities against Great Britain, Russia, France and Servia. **Turkey strictly speaking, is waging an independ**ent war because of the alleged yattacks on her by Russia.

The new drive for the seacoast of the heavily reinforced German forces in Belgium has been met by a counter offensive of the also augmented armies of the allies in the vicinity of Ypres.

A dispatch from Teheran reports that the Persians are much excited over the clash between Turkey and Russia. The pretender, Slar-ed-Dowleh has proclaimed himself Germany's cans as due to the fear of expos didate for the throne. The British war office announces that Russian troops have entered Turkish Armenia, defeating the Turks and occupying four towns. The Russians claim that the Germans are SENATOR FROM KANSAS falling back not only in Russian Poland but on the east Prussian frontier and that Russian troops have penetrated at points on the east Prussian frontier. It is asserted that the Austrians are being held in Galicia. The Russians have suspended the siege of Przemysl because of a cholera epidemic in that town, it is said. A dispatch from Cape Town received in Lon-don, says that the rebel movement led by General Beyers and Lieutenant Colonel Maritz in the Union of South Africa appear to have been completely crushed. The attitude of Bulgaria appears still undetermined. Russia is said to be making diplomatic efforts to reconcile Bulgaria and Servia and prevent Bulgaria casting her lot with Turkey. A dispatch from Sofia says the Greek government has assured Bulgaria that Greece will remain neutral. No definite word has come from Roumania.

SAYS OWNERS OF FARMS ARE THE ONES TO CUT DOWN COTTON ACREAGE

Editor of The Tim A. great deal has, been said and written about curtailing the amount of cotton that should be planted, next year. It has also been advocated that a law be passed making it a penalty to plant more than a certain amount To this last proposition I cannot agree. I can't see how any thinking person can. The larger part of the cotton produced is raised by tenant farmers. If these tenant farmers were not allowed to plant cotton what would become of them in case the corn and wheat should fail These crops especially in the west ern part of the State, are uncertain there is no other crop out of which they could realize money for their They would have to support. abandon the farm and seek employment to get money to support themselves and families. This would in-crease the number of laboring men who are now out of employment. It would be better for the poor men who has a family to plant cotton under these conditions, even if he did not get much more than the value of the picking out of it.

There are a class of farmers that should reduce if not abandon the planting of cotton, and in so doing would not only help himself but also the poor farmer who is not able to raise anything but cotton owing to the uncertainty of the wheat and corn crop, the only other crop ekcept cot ton, out of which money can be real-

No, it is not a ser mon. There is not a scene or situa tion-in the whole pieture that moralizes. And yet you can't watch the picture without having the feeling in your make-up that there is something wrong, daugerous, in casting covet ous eyes on another's property, par-ticularly another man's wife. There are nighty iew people who have not been envious, who have not desired that which belopged to another at some time or another; and they didn't teel that they were doing any great wrong. The Gem. Antonio Moreno, Julia Swayne Gor on and Norma-Talmadge are featured in a two part Vitagraph production, "The Hidden Letters," showing here today.

The strain of business duties prov ing too heavy, John Reynolds, a banker, breaks down and is ordered by his physician to take a vacation. At a mountain camp, roughing it Reynolds meets Madge, a pretty wholesome, outdoor girl, who, no knowing he is married, falls in love with him. Why, it'll just about wise-you-up-some as to why Prince Albert leads the band wherever men smoke pipes or roll their own cigarettes. As makin's, P. A. has the Indian sign on all the fire-brands and chaff-brands. It's the most delightful roll'em cigarette smoke you

ever hooked up a match to.

Get the idea now that P. A. throws a jolt into any notion you or any other man ever had about stung, bitten, nipped, broiled tongues! Because Prince Albert can't bite! The bite and throat parch are cut out by a patented process.

And remember, no other tobacco ever was, or is today, in the same class with P.A.

Mrs. Mary R. McKee
 | docket of said court No. 4929, wherein
Vina McAfee is plaintiff, and Frank
McAfee is defendant, and said peti-
tion alleging that plaintiff was legal-
ly married to defendant about June
20th, 1912 and continued to live to-
gether as husband and wife until
about
Sept. 30, 1912, when by reason
of cruel, harsh and improper treat-
ment of plaintiff by defendant she
was forced to permahently abandon
him, since which time they have not
lived together as husband and wife.
That during the time they lived to
gether that she treated her husband
with kindness and forbearance, etc.,
but that defendant disregarding his
marital vows and obligation immed-
iately after their marriage began a
course of cruel, harsh treatment to-
ward paintiff, by cursing her and call-
ing her vilest names, striking her in
the face which showed an utter dis-
regard for plaintiff's health, etc. That
defendant was a man of violent pas-
sion and ungovernable temper. That
defendant's actions 'towards her gen-
erally were of such a nature as to
render their further living together
insupportable. Wherefore plaintiff
prays the court that defendant be
cited to appear and answer herein
as the law directs, for judgment dis-
solving the marriage relations, for
cost of suit' and general and special
relief, etc.
