Adlai Stevenson. There were sev eral receptions for Governor Stevenson during hs short stay in Washington, the highlight of his visit being of course his meeting and conference with the President. The Oongressional Club gave a reception on Monday night, February 16th, honoring the President and Mrs. Eisenhower. This club is made up of wives of present and former Members of Congress who desire to join. The reception was a formal invitation affair. The invitations were in great demind and many government officials did not get to attend because of the space limitations in the Club. The President and Mrs. Eisenhower were joined in the receiving line by officials of the Club and their husbands. Members of the Cabinet led the way through the receiving line. The President looked hale and hearty and had a good West Texas handshake in the early stage of the proceedings. He was dress ed in a black business suit with a black tie and his excellent smile. Mrs. Eisenhower, as usual, was most gracious and looked very beautiful. I am sorry that I cannot tell you what she was wearing, but I have been in trouble half of my life for not noticing the color or the cut of some dress. Most of you men know what I am talking about. At the next reception I am going to enlist the aid of Mrs. Rogers and some of the other good ladies in the Club to help write this news-letter and tell the woman's side of the story. PANHANDLE MINK: Frank (One Bull) Carter, of Pampa, sent me the hide off al white-faced champion from the, Amarillo show. I have this dis played in my office and refer to it as a Texas Panhandle mink hide. The truth is it would make a lot better looking coat than most minks I have seen. It is certainly attracting a lot of attention in the Capital.
