

BOVINA SCHOOL BURNS

Story on Page 8; Nothing Spared by Wind-Swept Flames Discovered at 9:15

Variety Featured In Parade and Exhibits

Everyone had fun at the fair! Probably drawing more comment than any other division was the parade under the direction of Dick Habbinga, pictured at upper left. Second place school float

is pictured next, the "World Peace" float with Gay Cass as the Statue of Liberty; then comes the clown of the act, none other than S. T. Thornton and friend. At far right is Harold Dunn and Champion FFA swine entry. (See other pages for story and more pictures)

Column Left . . .

How did you like the novel presentation of the school news last week? Understand from the school that weekly letters will be forthcoming, grouping all school news into a chatty conversational type letter. Our thanks to the students and—or faculty for this service.

Notice in the Chief Drive-In led to Marvin is giving free popcorn to the first five cars entering his place each evening.

Mrs. Pearl Kinsley, who should be an authority on the side-lights of local history, tells us that the first irrigation well was dug in 1909 (referred to in the recent article prepared by Charles Osborn). Her brother and husband dug the well.

We have had lots of commendable comment on Osborn's article; lets have more stories of local lore.

Drilling Near 2,000 At Gulf Oil Well

Parmer County could hardly be termed a sieve of oil wells, but another test is being drilled at this time in the extreme north-eastern section of the county. Located north of Black almost at the county line, the test today is reported progressing at below 1500 ft.

A Gulf Oil project, the drilling contract is let to the South-eastern Drilling Company. The large rig was moved here from Cross Roads, New Mexico, coming there from South American locations.

It is supposed that the contract calls for exploration to the granite.

The Osborn well northwest of Friona, on almost a direct east-west line from the latest wild-cat, was plugged last year with no announcement of findings. Drilling there went to the granite.

First Bale Cotton Draws Premium for J. L. Stowers

LEFT TO RIGHT: WRIGHT WILLIAMS, MR. AND MRS. J. L. STOWERS, J. G. McFARLAND

First bale of cotton ginned in the area was brought to the North Plains Gin in Friona Saturday afternoon by Mr. and Mrs. J. L. Stowers, farming southeast of Friona. Of Paymaster variety, the bale weighed 1750 lbs, netting 512, a very good percentage. Stowers has 185 acres of the cotton from which he hopes to gin near one bale per acre.

Chief Rally Late; Vega Won 28-6

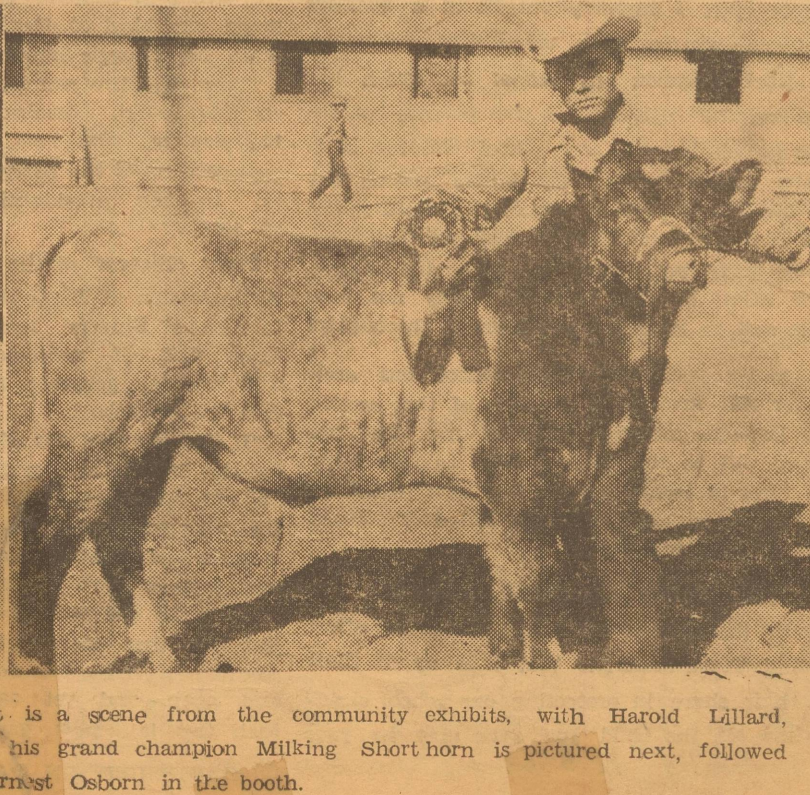

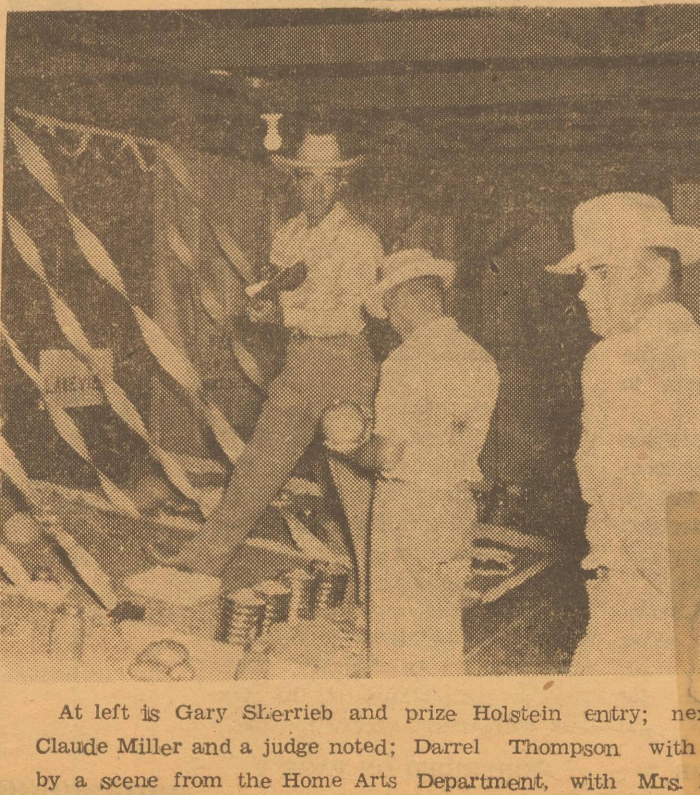

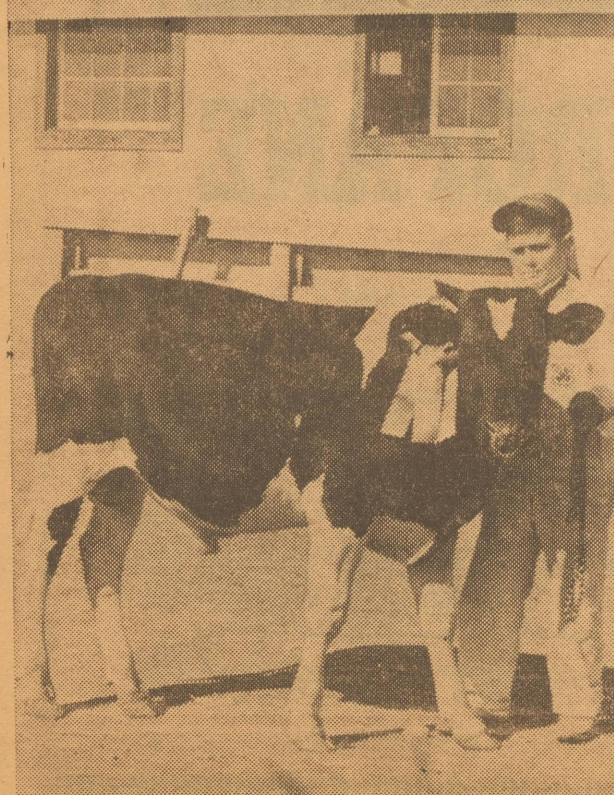

Bouncing back to play near top-caliber ball after a ragged and discouraging first half score of 21-0 favoring Vega, the Chieftains gave local fans a good showing Friday night though losing by a 28-6 final tally.

Vega invaded the local hunting ground with a smooth-functioning team that out-weighted the Friona braves several pounds per man. In fact, Vega took charge of the

first half of the game in the first seconds of play; they received the kick-off to initiate a series of three plays netting paydirt to the tune of 7-0.

The opening kick-off was taken by Vega's Quarterback Phil Price on the 12 yard line; he raced almost the length of the field to be snagged on the Friona 7 yard line.

CONTINUED ON BACK PAGE

At left is Gary Slerrieb and prize Holstein entry; next is a scene from the community exhibits, with Harold Lillard, Claude Miller and a judge noted; Darrel Thompson with his grand champion Milking Short horn is pictured next, followed by a scene from the Home Arts Department, with Mrs. Ernest Osborn in the booth.

EDITORIALLY SPEAKING

"A Vigilant Press has made the American People the Best Informed in the World"

We Propose a Friona Jail As an Economy Measure

It might be easy to take pride in Friona being "The Town Without A Jail".

To some this would be sufficient proof that all is tranquil here, with no law violations—no drunks to lay out their fines, no parties to be held for questioning, etc. It could indicate that no offenses here were limited to cheating at canasta and bridge, white lies and casual winks at the neighbor's wife!

On the other hand—we are NOT a hell-hole, but:

Never a week passes but what a jail is needed. The drinking drivers may or may not be local people—on the trans-nation Highway 60 there are lots of cars driven by drinking drivers. And many of them are picked up in this vicinity—by the highway patrol or by the local constabulary.

And what happens?

The offenders are bungled into a car and carried to Farwell because of lack of local facilities.

And here's the consequence: The fines and costs go to other tills than a local one in such instances.

Enforcement officers and the local judiciary reveal that not only a few dollars, but SEVERAL HUNDRED DOLLARS, are lost monthly because the offenders are detained in other jails—even though the offense occurred locally, and the offenders were carried to Farwell by local law enforcement officers.

It would be plain good business to provide detention cells here—the cost would more than be repaid in a few months time. Our understanding is that the city still owns some cells. Could these not be installed, maybe behind the city hall, in an economically-built building without excessive cost?

If something is wrong with this proposal, let us hear it. We would like to know the reaction of the commission and the honorable mayor. Wouldn't it actually be an economy move? We think so.

—MMM—

Nature Calls the Turn

Did you ever wonder how the famous old law of supply and demand works? You saw a good example of the operation of that law this summer just as you do every summer, in the trend of pork prices.

More than half of all pigs are born in the spring, and it takes six months for them to reach marketable size. Thus, less pork is available during the summer months. And as the supply goes down, while demand remains more or less constant, the price rises, reaching an annual high along about the latter part of August.

Come fall, the trend is reversed. Pigs are marketed in great quantities. Supply is plentiful—

and the inevitable result is that prices start to drop. The annual low is usually touched early in December.

In other words, natural law decrees that when a commodity is in abundance the price declines—and when it is comparatively scarce the price goes up. That has been true since men began bartering goods. It will remain true as long as the free market exists.

Every effort of man over the ages to change the law of supply and demand—through government controls, private combinations, or any other means—has eventually resulted in failure and, in many cases, national disaster. It doesn't pay to tamper with natural forces.

—MMM—

Here and There

Only six stray dogs, un-tagged, in our front yard this morning. Seems like the city secretary promised some action on this; where's the snafu?

—MMM—

GRASS ROOTS OPINION

BEDFORD, IND., DAILY TIMES-MAIL: "There is no substitute for individual effort. Neither is there a substitute for individual reward. That's why all the socialist schemes fall down. They are unhuman. They fail to recognize the basic urge of man to build and create, and to gain the recognition and reward of his own effort."

—MMM—

IT MIGHT BE YOUR CHILD

One of the largest transportation systems in the world has recently gone back into operation—the fleet of Texas school buses. From now until next June, over 6,700 school buses will carry over one third of a million school children to and from school every day.

It is quite a job to carry all those children every day—it is an even greater job to carry them safely. Yes, that bus driver has a great deal of responsibility, but did you know that you are partly responsible for their safety, too! You are, if you drive a motor vehicle on our streets and highways!

The Texas Safety Association says that traffic accident statistics for 1951 show that some of our motorists in the State forgot their obligation, because there were 156 accidents which involved

a school bus. These accidents claimed 4 lives and brought pain and serious injury into the lives of 55 others. Some motorist forgot and the children paid for that forgetfulness.

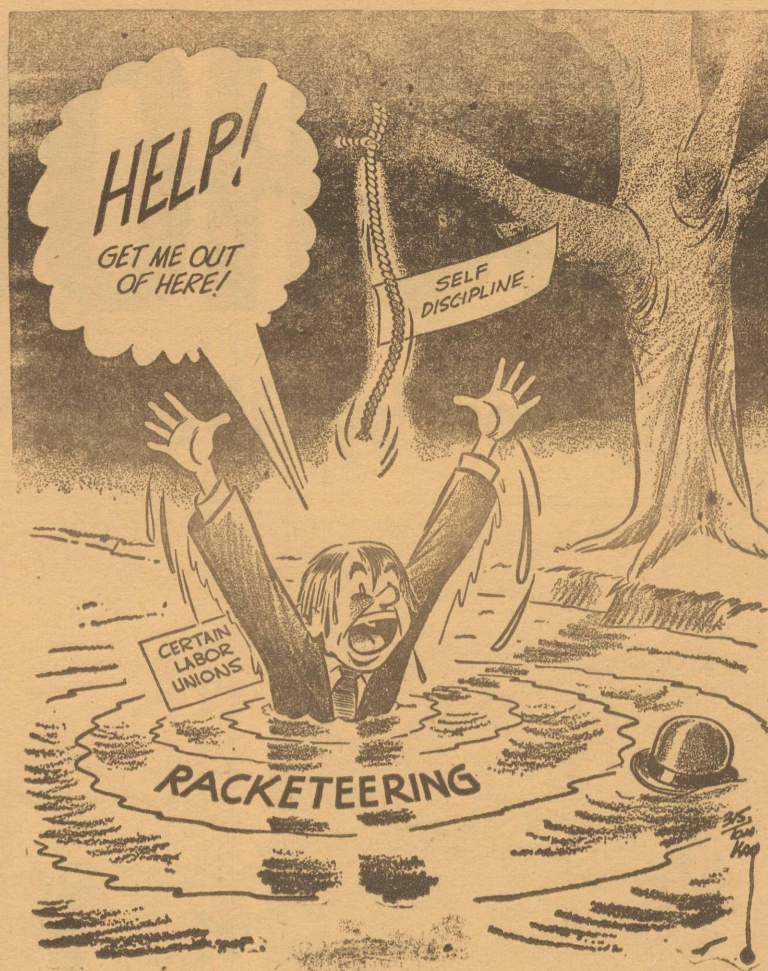

The Uniform Motor Vehicle Act, which consists of most of our State traffic laws, makes the drivers of the other vehicles on the highway responsible for interfering with the safe loading and unloading of children riding the bus.

This is a portion of the law: "The driver of a vehicle upon a highway outside of a business or residence district upon meeting or overtaking from either direction any school bus which has stopped on the highway for the purpose of receiving or discharging any school children shall stop the vehicle immediately before passing the school bus but may then proceed past such school bus at a speed which is prudent, not exceeding ten (10) miles per hour, and with due caution for the safety of such children." Why not read it again and be sure that you know it thoroughly!

The major portion of those school bus accidents for 1951 involved a violation of that section of the law—the motorist failed to stop! The loss of money will be the least thought in your mind if you have to look down at the torn, distorted body of a school child who was killed or injured because of your negligence.

The Texas Safety Association asks that you join with them in a concerted, statewide effort to remind Texas motorists that it is up to them to do their share in protecting our school children—after all, the child you save may be your own!

THE AMERICAN WAY

Stewing In Their Own Juice

WASHINGTON AND "Small Business"

—By C. WILSON HARDER

It's been a long time since Washington has been so intrigued with an official as it currently is with Edward Howrey, new Federal Trade Commission chairman.

Some claim he is a modern Nero, fiddling while economy burns.

Others claim he reminds them of the policeman at the time of an armed bank robbery who asked, "Which way did the gunman go?" He was told C.W. Harder they had headed north. "In that case," he replied, "I will rush south and head them off."

But regardless of opinions, he has set up another committee, college professor headed, as "Committee on Cost Justification." This group is to find out distribution costs.

For years FTC has maintained an economic section headed by eminent cost accounting authorities. FTC cost accounting studies are among the finest work the Government has produced.

But their work often comes to naught because no action is taken to stop abuses found.

Here is an analogy. Does a fire department, on receiving a report of a fire, send trucks to fight it, or does it hire more people to study the neighborhood to report that there is indeed a mighty blaze going?

Many see a planned stall.

Several months ago, the FTC made one of its most important rulings in history, setting up a carload as the maximum quantity purchase required of any dealer to enjoy the fullest dis-

count given by the manufacturer. However, the ruling has never been enforced.

While the order applied to tires, it could also be applied to many other commodities such as printing papers and fabrics.

Howrey opposed FTC ruling as legal counsel for one of Big Tire Four and one most active in operating company stores.

In his announcement on the matter, obscure intentions appear. He hopes his new committee will be able to devise a system by which, he says "business firms could keep their costs in a form which would enable them most readily to prepare the data required to show price differences reflect no more than "due allowances" for cost differences."

Many interpret this passage to mean "we would like to figure out some way that monopoly manufacturers can justify soaking independent buyers, while selling to company owned stores, and favored outlets at prices which merely return a fair profit."

Obviously, monopoly minded firms using pricing structures to evade anti-trust laws, with their own legal staffs and facilities taking advantage of every loophole, need little, if any, help from a government agency.

But if the FTC can be influenced to modify its rulings to favor these practices, a hard blow can be dealt independent business.

Howrey's appointment was confirmed with much misgivings by Congress to begin with. And economy minded Congressmen are going to be hard to convince that the government needs more committees duplicating work already being done.

Austin - Washington

A two-edged crusade by the Texas Democrats against the Loy- alists and the Republicans is now officially begun.

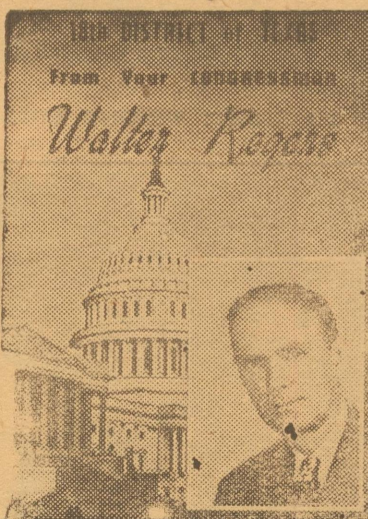

Governor Allan Shivers called the signal at Mineral Wells and urged his kind of Democrats to begin the struggle immediately.

There are two aspects of the campaign—first, domination of the elections next year; and second, control of the party machinery in the presidential year of 1956.

Every observer at the Mineral Wells session of Texas Democrats interpreted Shivers' remarks to mean that, if necessary, he will run for governor again to gain the objectives.

"If 1952 was the year of decision for the Democratic Party of Texas," Shivers said, "1954 will be the year in which the decision is ratified—or rendered empty and meaningless.

It is the simple fact of political life that victory is never secure. It must be won again and again—and yet again, for each test is new game, and

The First Session of the 83rd Congress passed 208 bills. Nine of these were vetoed by the President. Many important bills were let on the calendar or pending in committees. These will no doubt be some of the first measures to be considered in the 2nd Session of the 83rd Congress, which begins in January, 1954. The present status of the tax laws will almost necessitate some

Farm Bureau Report

To you who weren't there at the public resolutions meetings in Bovina, Labor Day night, here is the gist of what farmers had to say on various subjects—Does the Farm Bureau Program Suggested (acreage instead of commodity allotments) cover all products?—Supposing wheat went to 75 percent parity, and it was economically feasible to produce it at that price—Who is going to count the eggs I sell?

GRAIN SORGHUMS—What advantage would there be to declaring grain sorghums basic commodities?—When cotton and wheat allotments occur, increased grain sorghum acreage can HURT the regular producers of grain sorghums.—75 to 90 percent parity without allotments sounds good, but we can't expect that to last forever.—I believe grain sorghum supports are maintained at the discretion of the Secretary of Agriculture at present.

WHEAT—General trend: Allotments not used should be turned in annually for transfer to someone desiring increased acreage.—County Committee should be limited to 1 percent in exceeding Secretary of Agriculture's cut in allotments.

COTTON—Investigate procedures of cotton classing and buying in Lubbock.

CATTLE—If feed is supported, cattle should be, but how in the world can you do it?—I am opposed to supports on cattle—prime cattle are selling very near parity. (Very little comment heard on cattle at this meeting)

OBNOXIOUS WEEDS IN ROAD DITCHES—Commissioners should be petitioned to keep weeds out of bar ditches.—Recommend that Farm Bureau provide a committee to work with commissioners on this project.—Irrigation water should not persistently be allowed to run into bar ditches.—

In October, at the annual convention, you will be asked to vote on resolutions drawn up from these and other discussions.

There is going to be lots of dissatisfaction when cotton allotments begin to be made for 1954. Please let Farm Bureau know if you have any suggestions for providing a more equitable method of arriving at these figures.

CONSIDER THIS: Go not forth hastily to strive, lest thou know not what to do in the end thereof, when thy neighbor hath put thee to shame. Debate thy cause with thy neighbor himself; and discover not a secret to another: Lest he that heareth it put thee to shame, and thy infamy turn not away. Proverbs 25:8-10.

FRIONA LODGE 1332

CITATION BY PUBLICATION

THE STATE OF TEXAS TO: Clarence J. Lanotte, and his wife, Mrs. Clarence J. Lanotte, Cora H. Eldredge and her unknown husband or husbands, and the unknown heirs, assigns and legal representatives of the aforementioned Defendants, Greeting: YOU ARE HEREBY COMMANDED to appear before the Honorable District Court of Parmer County at the Courthouse thereof, in Farwell, Texas, by filing a written answer at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 19th day of October A. D. 1953, to Plaintiff's Petition filed in said court, on the 1st day of September A. D. 1953, in this cause, numbered 1670 on the docket of said court and styled W. M. White, Plaintiff, vs. Clarence J. Lanotte, et al, Defendants.

A brief statement of the nature of this suit is as follows, to-wit: Plaintiff brings this suit in trespass to try title and alleges that on September 1, 1953, he was the owner in fee simple of Lots 11 and 12, Block 12, McMillen & Ferguson Addition to the Original Town of Friona, Parmer County, Texas. That on such date the Defendants unlawfully entered upon said land and dispossessed him to his damage in the sum of \$500.00. Plaintiff also pleads the 10-year statute of limitations, prays for judgement for title and possession of said land, for his costs, and for his damages, as is more fully shown by Plaintiff's Petition on file in this suit.

Issued and given under my hand and the seal of said court at Farwell, Texas, this 1st day of September A. D. 1953. (Seal) Attest: Loyde A. Brewer, Clerk, District Court Parmer County, Texas.

Scout Meetings

TROOP III

Eight Scouts from Troop III met at Mrs. McLean's home for an outdoor cookout.

Present were Lila Buske, Billie Ray McKee, Linda Gee, Judy Barnett, Jan Edelman, Luellen McLean, Betty Agee, Peggy Taylor and leaders Helen Potts, Jinx Snead and Pearl McLean.

TROOP IV

The Girl Scouts of Troop IV elected officers for the year at their meeting this week. Pat Cranfill will be president, Peggy Widner, Vice-president and Mary Tom Spring will be the reporter.

The scout members of Troop IV are selling all occasion and Christmas cards and anyone interested should contact one of the girls.

Present at the meeting were Janie Parker, Sally Hough, Peggy Widner, Barbara Edens, Robbie Boggess, Elaine Holcomb, Pat Cranfill, Estella Scales, Margaret Mabry, Clea Gish, Jolinda Stokes, Lanette Prichard and the leaders. Mrs. Russell O'Brian and Mrs. Mabry.

TROOP V

Troop V of the Friona Girl Scouts had their first meeting of the year Monday afternoon at the clubhouse.

We elected the following officers: President, Linda O'Brien; vice-president, Delodes Elmore; treasurer, Marilyn Potts; scribe, Janet Snead.

Refreshments were served by our new leaders, Mrs. Kenneth O'Brien and Mrs. Ralph Wilson.

STORK FEATHERS

Born Sept. 9 to Mr. and Mrs. Kenneth Keeth, a 7 lb. 4 oz. boy named Tony Vester.

Mr. and Mrs. Edgar Madison are the parents of a 7 lb. 11 oz. boy born Sept. 11. He has been named Bobby Glenn.

Mr. and Mrs. DeWayne Cleveland are the parents of a girl weighing 7 lb. 15 oz. born Sept. 11. She is named Charlotte Kay.

Mr. and Mrs. Eddie Ray Hutto are the parents of a 7 lb. 11 oz. girl born Sept. 14. She has been named Twyla Gaye.

Mr. and Mrs. Ernesto Romeo are the parents of a 5 lb. 8 oz. girl born Sept. 15.

Wimberley's Celebrate Birthdays at Reunion

The J. A. Wimberley home was the scene Wednesday of a family reunion, at the same time honoring birthdays of Mr. Wimberley and his nephew, also J. A. Wimberley, of Muleshoe.

This was the first time in five years that all the brothers and sisters had been together.

Present were Mrs. M. M. Riley of San Antonio, Mr. and Mrs. R. G. Raney of Blackwell, Mr. and Mrs. J. A. Wimberley of Muleshoe, W. E. Wimberley of Lubbock, and the J. A. Wimberleys of Friona.

Also present were Mr. and Mrs. J. H. Brock, Keith and Sandra of Friona; Mr. and Mrs. C. H. White of Hereford, and Mrs. Hunter and Mr. McKenzie, afternoon callers.

News Events At Black

H. V. Rockey, son of Mr. and Mrs. Dick Rockey, left Saturday to enter TCU at Ft. Worth. His parents and his grandmother, Mrs. H. H. Elmore, took him to Amarillo to board the train.

Mr. and Mrs. Glen Roberson and Mr. and Mrs. Vernon Christian attended the Ice Ahoy in Amarillo Saturday.

Mr. and Mrs. H. H. Elmore spent Sunday in Tucumcari, New Mex. with their son and wife, the Toby Elmore.

Mr. and Mrs. Claude Edlemon, Billy and Judy were dinner guests in the J. M. Edlemon home in Hereford Sunday.

Mr. and Mrs. John Kennis and family and Mrs. Annie Kennis of Phillips spent Sunday in the R. E. Barnett home, Dr. and Mrs. Barnett and family of Hereford were also guests in the Barnett home.

Bruce Parr took his mother, Mrs. Florence Parr of Hereford, to a doctor in Oklahoma City. She will remain there about two weeks.

Guy Caldwell of Abilene visited in the Ellis Tatum home Saturday.

Iva Ben Parr won third place in the bicycle parade at Friona Saturday.

Mr. and Mrs. Ervin Kennis and small son of Phillips spent Saturday night with Mr. and Mrs. R. E. Barnett. Mr. Kennis is a nephew of Mr. Barnett.

Mrs. Kermie Deaton and daughters, Betty, Barbara and Veronica were in Hereford Sunday afternoon.

Almost everyone from the Black community attended the fair and barbecue at Friona Friday and Saturday. Mrs. Bula Mae Deaton won first place with her bedspread and first on luncheon set. Mrs. Carrie Tatum won first on an oil painting and third place. We were very proud of everything.

Good Attendance Marks Meeting

Good attendance has featured the revival meeting underway at the Friona Methodist Church this week.

Rev. Dunnam has fulfilled his reputation as a powerful speaker, and the attendance at both morning and evening services has attested to that fact.

The men's breakfasts each morning have been attended by men of all denominations in the town, with near 50 present each morning.

The young people meet each evening after the church services for devotion and recreation. They will have breakfasts at 6:45 a.m. on Saturday morning and through Wednesday of next week. All young folks are invited.

Mrs. M. S. Dixon of Dimmitt is visiting her son, C. W. Dixon and granddaughter, Mrs. Ray Landrum.

VICE ADMIRAL Arthur Dewey STRUBLE U.S. NAVY

AN EXPERT IN THE TECHNIQUES OF MODERN AMPHIBIOUS ASSAULT, HE HAS BEEN DECORATED NOT ONLY BY THE U.S. BUT BY OTHER COUNTRIES INCLUDING BELGIUM, FRANCE AND GREECE.

IN WORLD WAR II HE LED AN ASSAULT FORCE IN THE INVASION OF NORTHERN FRANCE. HE LATER COMMANDED AMPHIBIOUS GROUP 9 AT LEVTE GULF AND MINDORO IN THE PACIFIC.

IN THE FALL OF 1950 HE LED THE U.S. NAVAL FORCES IN THE HISTORIC LANDING AT WOLMI DO AND INCHON IN KOREA.

FOLLOWING HIS SERVICE IN KOREA HE TOOK COMMAND OF THE FIRST FLEET - BACKSTOP FOR U.S. NAVAL FORCES THROUGHOUT THE PACIFIC.

200 Attend SCS Dinner, Program

"Only Proper Land Use will Sustain our Growing Population" was the subject very adequately presented by V. C. Marshall, executive director of the Texas Soil Conservation Board, as he spoke before the annual SCS banquet program in Friona Tuesday evening.

Addressing some two hundred Parmer County farmers and businessmen, Marshall emphasized the dependence of national economy upon proper use of the soil.

"People other than farmers and ranchers should be even more concerned about the conservation of the soil as they will be first to suffer should a shortage of food and clothing occur. Our tax structure and our whole economy is dependent on how well we conserve and manage our soil. When a farm or ranch is improperly managed, tax value is lowered as well as its productive capacity", he pointed out.

He further told that 75 years ago about 16 out of every 100 of the population lived in the city; 80 lived on the farm or ranch. Today that condition is exactly reversed; 16 are on the farm and 84 in cities and towns. In other words 75 years ago it required 84 per cent of our population to produce needed agricultural products while today it only requires 16 per cent. The ability of our farmers and ranchers to supply the needed materials with fewer in numbers has accounted largely for available labor and material for industrial development.

We now have about 3 acres of productive land for each person, but by 1974 when our population has reached three hundred million or more, only 1 1-2 acres per person will be available - small wonder conservation is more important than ever."

Marshall concluded by noting that "how well we manage our productive soils is reflected in our way of living. If high standards of production are maintained through the years, the needs of our growing population can be met. If not, a change will occur as will lower our standards of living and even the span of life."

A roast beef dinner was served the group before the program in the Friona School Cafeteria.

Seated on the platform during the program were directors of the local SCS District, State Representative Jess Osborn, Sid Payne of Tulla, longtime SCS worker and director, and the speaker.

Steve Baviusett is Work Unit Conservationist of the local district, and Joe Blair is chairman of the board of directors. Henry Ivy is vice-chairman and A. L. Black is treasurer. Other directors are Clyde Sherrieb and H. T. Reynolds.

Mr. and Mrs. O. J. Beene and Mr. and Mrs. S. T. Thornton were in Amarillo Monday night attending the Ice Show.

Mr. and Mrs. Gordon Shackelford and son of Perryton spent the week-end with his parents, the Bert Shackelfords.

Pvt. and Mrs. Thomas H. Sherrill from Ft. Hood, Texas, visited with his parents, Rev. and Mrs. U. S. Sherrill several days during the week.

ADMITS
Mrs. George Bolton, surg., Farwell.
Mrs. Tom Foster, med., Farwell.
Mr. Davis Gulley, med., Muleshoe.
Mrs. Kenneth Keeth, ob. Lubbock.
Johnnie Maurine Hand, ob. Friona.
Mrs. Edgar Madison, ob. Friona.
Mrs. DeWayne Cleveland, ob. Canyon.
Billy Richards, med., Bovina.
Mrs. Eddie Ray Hutto, ob. Bovina.
Mrs. C. E. Parks, surg., Kermit, Texas.
Mr. Vernon Roberts, surg., Friona.
Paul Aragon, Jr., med., Bovina.
DISMISSED
Mr. Davis Gulley, Johnnie Maurine Hand, Mrs. Geo. Bolton, Billy Richards, Mrs. DeWayne Cleveland and baby girl.
Mrs. Tom Foster, Mrs. Kenneth Keeth and baby boy.
L. E. Lackey of Brownfield was a visitor in the W. A. Tinney home Friday night.
DeWayne Cleveland returned to Canyon Monday morning to enter West Texas State College. Mrs. Cleveland, who is staying with her parents, Mr. and Mrs. Bill McGlothlin, will join her husband Saturday.

FRIONA SCHOOL NEWSLETTER

Dear Uncle Bert:

I will take a few minutes time out of Mr. Burnett's Study Hall and write another letter of the happenings of school.

I was in the Superintendent's office this week and over heard two of the High School teachers discussing the Watermelon party they had in the Cafeteria last Thursday. I understand that Mr. Caffey invited the entire faculty over to the Cafeteria for some ice cold watermelon. Sure bet they had a wonderful time. I heard Mr. Cook say that he met several of the new teachers.

Talking about the new teachers, I will give you the names of the new teachers we have in Grade School. There is a new first grade teacher by the name of Mrs. Lena Brown from Oklahoma. Mrs. Brown and the other two first grade teachers have about ninety children in the three sections of the first grade. Miss Juna Fay Robinson, from Kansas, is teaching one section of the eighth grade. I believe Miss Robinson is in charge of the girl's Physical Education classes. Mr. and Mrs. Hanscom, from North Texas State College, Denton, Texas, are teaching in the fifth and sixth grade. Mr. Steve Scott, a graduate of West Texas State College, is teaching in the sixth grade. Mr. H. T. Childers, from Oklahoma is teaching English in the sixth, seventh, and eighth grade. Mr. Edward Lehnick, a graduate of West Texas College, is the Grade School football coach and teaches science and health.

We had a Pep Rally last Thursday night. The High School band participated by furnishing the music, and the Yell Leaders led the fans in several yells. After the Pep Rally, we went to the football field and practiced on the routines for the football game Friday night.

Speaking of the football game—well, we didn't win this one, however I thought the boys played a very good game, and before the season is over we will win several games. After all the boys have had a lot of bad luck last week. Billy Parker received a knee injury. Dudley Banum got his left arm broken, Wesley Barnett has been sick with the flu, Joe Allen's feet have been giving him trouble. Jimmy Robason's feet have been very sore, and several other boys were out sick. Now Uncle Bert, when we get all the holes patched up, you will see Friona High School going to town in football.

The boys will go to Morton, Texas Friday night to play their second game. Sure wish the boys a lot of luck. You see Morton is a Class "A" school, and Friona is a Class "B" school. The Friona Chiefs defeated Morton last year, so I guess they will be ready for us this time.

I heard Mr. Kelley tell Mr. Fry Tuesday morning that the Band and Pep Squad would go. I hope enough of the girls come out for the Pep Squad to make a good showing. More the better.

The Pep Squad met Tuesday morning and elected their leaders. They elected Donna Miller, Phyllis Fairchild, Sara Baldwin, and Iva Brooks. The Pep Squad will wear white blouses and red skirts. The Yell Leaders will wear Red blouses and white skirts.

The FFA boys met Tuesday morning and elected their officers. Teddy Fangman was elected President, Wayne Houlette, Vice

President, Virgil Phipps, Secretary, Clyde Hays, treasurer, Gaylon Rhodes was elected Watch Dog, and Jimmy Robason was elected as his assistant.

Ray Strickland has just arrived home from the Army and entered school to complete his high school education. I understand that Ray is taking all the Math and Science he can get, and plans to enter college next Fall.

Jerry Zachary withdrew from school Monday morning. Sure hated to see Jerry withdraw, and not complete his high school education. Jerry states that he plans to join the Navy.

I bet the students that ride the Messenger bus were proud to see their new bus come by Monday morning. Mr. Henderson went to Amarillo after it last week-end.

The Sophomore Class had a watermelon party in the City Park Monday night. They had about twenty watermelons left over from the Fair and decided to dispose of them by giving a party for the class.

I believe the Parade was the best Friona has had in years. It was the largest, and with some of the nicest entries of any Parade I have seen in a long time. The Sophomore Class won first place in the floats and the Junior Class won second place.

Uncle Bert, when you leave the football game and begin the trip home Friday night, drive carefully and be considerate of the other motorists who are trying to reach home also. The Texas Safety Association warns us that the Fall months of the year are also the highest highway traffic accident months, therefore, extra caution is needed to insure your safe arrival at a home after the game.

Tuesday afternoon the Driver Training class was honored by having Patrolman Kirkwood and Sgt. Higginbotham visit the class. They took over the class and made a talk, and discussed problems the students were interested in.

It is time for the bell, so will write more next time.

Your loving niece,
Big Minnie

Ranza Boggess is in Oklahoma this week with his mother who is ill.

Tips on Touring

By Carol Lane
Women's Travel Authority

3400 years ago, Egyptians piled their pet cats and other worldly possessions onto their pack animals when they set out on a trip. Covered wagons pulling out of St. Joseph, Mo. carried at least one cat to protect their grain from rodents.

Men fought for possession of the boat-loads of cats brought all the way round the Horn during the California gold rush a century ago.

Today cats travel with their owners even more frequently, thanks to the family car. However, since tabbies are notoriously independent and car windows provide easy exits, fond owner may be caught catless if some simple precautions are not taken. Here's how:

1—Prepare an enclosure for your cat. A box with a side of chicken wire will do. Cats often react hysterically in traffic and dive out of opened windows.

2—Take along a leash and collar. He will require such tethering when you "walk" him in strange surroundings.

there is no prize for second place."

As Shivers spoke, his supporters in many parts of the state were reorganizing their forces at precinct level to carry on the fight next year.

Opposing campaigns were also moving—those of the Loyal Democrats and of the Republicans. Not in modern Texas history has there been so much political activity so far ahead of the elections.

Speaking along with Shivers at the Mineral Wells gathering of the State Democratic Executive Committee was Wright Morrow, national Democratic committeeman from Texas, who is not recognized by National Chairman Stephen Mitchell.

Morrow said he supported Eisenhower last year because the Republican nominee "came nearer embracing the true Democratic principles."

"We", Morrow told the group "are the real Democrats."

Jack Porter of Houston, Republican national Committeeman for Texas, conferred in Denver with President Eisenhower about building up a strong GOP in this state.

Following the confab, Porter said, "the president impressed me with being in hearty accord with the building of a strong Republican party in Texas."

Also discussed between the two was the president's visit to Texas next October for the dedication of the new Falcon Dam.

While Shivers was making up his mind whether to call a special session of the Legislature, there was considerable improvement in the drought situation.

All but 48 counties in the western third of the state were cut off the emergency list by the State Drought Disaster Committee. Originally, 152 counties had been included.

No more orders for emergency feed will be taken from the 104 counties that were removed from the list.

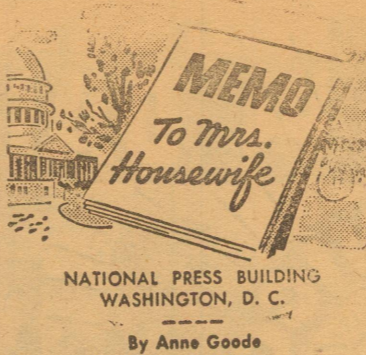

Rains that brought relief to a considerable part of West Texas were given as the reason for reducing the area to remain within the drought designation.

Drought relief was Shivers' consideration in the matter of whether to call a special session.

Rains helped in many counties, the governor said, "but sections where the worst drought hit haven't been helped much. There's nothing out there to help. The grass roots are gone."

Another problem for the special session was that of increasing teachers' salaries, but little progress has been made along that line, Shivers said.

He thought the matter ought to be settled, but "not a lot can be accomplished at a special session unless a compromise can be work-

NATIONAL PRESS BUILDING WASHINGTON, D. C.
 By Anne Goode

With September's horn of plenty offering such luscious fruits, prepare a fruit platter for luncheon—thin slices of red-skinned apples, pear halves and seedless green grapes on a bed of crisp chicory. Serve with it this delectable dressing: 1 cup real mayonnaise combined with 1 beaten egg white, 1 teaspoon salt and 2 tablespoon honey.

If you have a favorite leather belt and matching bag to wear with your fall tweeds and woollens carry the touch even further with leather bangle bracelets and hoop earrings.

To keep the children occupied on a rainy day, let them make their own bracelets and necklaces. With 2 or 3 colors of all-purpose dye, they can tint old pearls, plastic beads, buttons and even odd-shaped macaroni a variety of bright colors.

The summer is well nigh over so why not get the gang together for just one more glorious Weiner roast. To dress up those weiners slit each frankfurter about half way through, spread with sandwich spread, wrap in a slice of bacon and broil over fire until bacon is crisp and lightly browned.

Fall and winter skirts will be shorter and slimmer, according to fashion experts, so we ladies had better start remodeling last year's wardrobe. Hike up the hemlines so they're about 14 to 16 inches from the floor, depending on what's most becoming to you; and discard the taffeta linings which gave skirts that puffy look last year.

Hot and hearty breakfasts are a must for school children. To introduce variety, serve French toast. Dip day-old raisin or white bread into a mixture of egg and milk, lightly salted. Sauté in melted vitaminized margarine till golden brown and serve with bacon.

Don't throw away your old powder puffs. Soft yet firm, they're splendid for rubbing silverware and help to avoid stains on the fingers.

There's less work for mother and more incentive for the children when they help to keep themselves neat and tidy. Give them their own shoe polish kit, with liquid and wax polishes, brush and cloths. And don't let them stop at shoes, either—a neutral colored shoe polish does wonders for school bags, pocket books and belts.

Surprise dad and the kids with a tempting Waldorf salad in their box lunches. Per person, chop 1 medium size apple, 1 stalk of celery and some walnuts. Mix with 2 tablespoons real mayonnaise and pack in a small plastic container. For those who want lettuce, wrap separately in waxed paper.

Meanwhile, the State Comptroller notified the Board of Education that there was a net cash balance of \$2,966,134 in the available school fund on August 25.

Promptly, the Board voted Texas schools an additional dollar per head for the past school year, 1952-1953. That raised the per capita apportionment to \$69.

Created by the last session of the legislature, the Texas Com-

mission on Alcoholism has begun to implement its plans to tackle the question of problem drinkers.

"Alcoholics are people who can be brought back to sobriety," Roy German, speaking for the commission, said in a talk here.

Education of the public, he added, will help more and more people to understand that an alcoholic is a person who can be helped.

Through the cooperation of local groups, German declared, the commission is determined to carry on its program of informing the public about what alcoholism is, what the methods of treatment are, and what can be done in the line of prevention.

Two top road experts will team up to carry on a highway transportation research program for Texas.

They are Thomas H. McDonald, recently retired as head of the U. S. Bureau of Public Roads, and Gibb Gilchrist, former chancellor of the Texas A. & M. system and for many years state highway engineer.

Work of these two will be sponsored jointly by the college and the state highway department.

Expenditure of \$17,585,000 will alleviate to some degree crowded conditions in the state's hospitals and special schools.

"The tragedy of it is," said Rufus Higgs of Stephenville, "we just don't have the money to do what we ought to do." Higgs is a member of the board which governs the institutions and is publisher of the Stephenville Empire-Tribune.

Some of the buildings to be replaced under a two-year construction program are nearly a hundred years old.

About \$10 million of the money for building will come from a cigarette tax passed by the legislature. The other revenue is for special appropriations to take care of emergency needs.

As hearings drew to their end in the ouster case against District Judge C. Woodrow Laughlin

of Alice, the defense called as a witness the judge's brother, W. M. Laughlin, Jim Wells county commissioner.

Among charges against the judge is one that he dismissed a Jim Wells County grand jury last January to forestall an indictment against his brother.

On the stand, however, the commissioner testified that he was never worried about being indicted because he did not think he had done anything wrong.

Want to lease some of the Texas

tidelands? The School Land Board is getting ready to auction off leases to some of this property about December 1.

On September 1 the board leased four tracts at an average of \$128 per acre.

Upheld by an attorney general's opinion was the state bonding law which prohibits bouts between whites and Negroes. The opinion commented that the law's purpose is to prevent situations which might lead to race riots.

kind of tax legislation early in the session. This does not mean higher taxes, but it will no doubt mean a readjustment and realignment of taxing procedures. Much thought is being given to a general sales tax, which will be in addition to the individual income taxes, but is supposed to replace some excise taxes and other special tax items. The proposal has been to set this up where it can be collected at the source, that is, from the manufacturer. This for the reason that it is supposed to save much administrative costs and reduce some tax evasions. The expiration of some excise taxes plus the automatic termination of the increased individual income taxes has caused much concern in Washington circles. These expirations will reduce tax income revenue by between ten and twelve billion dollars. If present expenditures are continued (and I hope they will not be), these expirations will mean a larger deficit. There are two ways of balancing the budget. One is to increase taxes and the other is to reduce expenditures. Frankly, I am a strong supporter of the latter.

THE UN: The UN can expect to be in for some tough sledding as long as employees whose activities have been suspicious are kept on the payroll. The recent decision to reinstate some of those who had been suspended does not meet with the approval

of the American people who are paying most of the bill. In fact, they strongly condemn it. UN employees, like Caesar's wife, should be without suspicion. The sooner these questionable people are removed from these places of international importance, the greater will be the chances of the relaxation of the original purpose for which the UN was established, that is, the promotion of world peace.

SMALL BUSINESS ADMINISTRATION: The Small Business Administration was created by Congress during the last session. It will assume the duties of the former Small Defense Plants Administration with expanded authority in other fields of small business as well as the small loan functions of the RFC. It cannot accept applications for loans until about October 1. Applications for loans in this area should be submitted to the Regional Office, Small Business Administration, 114 Commerce Street, Dallas 2, Texas.

RAYMOND EULER, AGENT

TOP ENTERTAINMENT STARS SUPPORTING KENNY FUND DRIVE

Minneapolis, Minn. — The nation's top ranking personalities of the entertainment world are giving their active support to the 1953 polio fund appeal of the Sister Elizabeth Kenny Foundation, now under way, according to Marvin L. Kline, the foundation's national executive director.

The long, star-studded list from stage, screen, radio and television includes Henry Fonda, Edward G. Robinson, Groucho Marx, Rosalind Russell, Jimmy Durante, Rosemary Clooney, Frankie Carle, Guy Lombardo, Spike Jones, Gene Autry, Hopalong Cassidy, John Cameron Swayze, Eddie Cantor, Jack Benny, Kate Smith and many others.

KLINE

RUSSELL

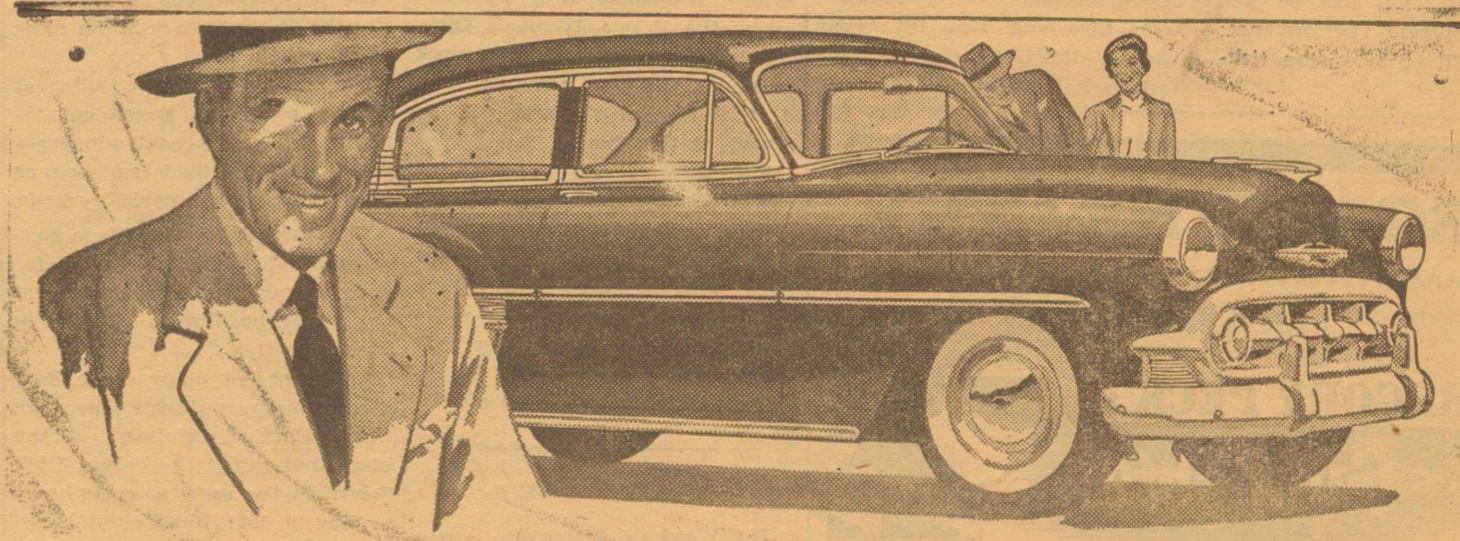

LOMBARDO

"By contributing their time and efforts, these people are helping to insure that the polio-combating program of the late Sister Elizabeth Kenny will be continued and, where possible, expanded," Kline declared. "The Kenny Foundation is dependent upon public contributions for its program of training additional Kenny Therapists and for making the Kenny treatment available to polio victims. It has no other source of revenue for this work."

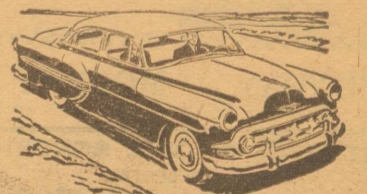

DURANTE

This demonstration was worth many hundreds of dollars to me!

I thought only a higher-priced car would suit me. But then I found out how much more Chevrolet offered for how much less!

rolet. One reason is that, model for model, Chevrolet will weigh up to 200 pounds more than

You get greater economy with the new Powerglide* A lot finer performance on a lot less gas. That's what you get with the new Powerglide automatic transmission. There's no more advanced automatic transmission at any price.

And it's the lowest-priced line A demonstration will show you that Chevrolet offers just about everything you could want. Yes, it's the lowest-priced line in the low-price field.

*Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine optional on "Two-Ten" and Bel Air models at extra cost.

You're "sitting pretty" behind the wheel

Take this Bel Air model. First thing you'll notice is the quality of the interior. Rich-looking appointments. Roomy seats with foam rubber cushions. Turn the key to start the engine and you're ready to go.

You can see all around

You look out and down through a wide, curved, one-piece windshield. The panoramic rear window and big side windows provide a clear view in all directions.

You get more power on less gas

That's because Chevrolet's two great valve-in-head engines are high-compression engines. In Powerglide* models, you get the most powerful engine in

Chevrolet's field — the new 115-h.p. "Blue-Flame." Gear-shift models offer the advanced 108-h.p. "Thrift-King" engine.

Biggest brakes for smoother, easier stops

An easy nudge on the pedal brings smooth, positive response

—right now! Chevrolet's improved brakes are the largest in the low-price field.

It's heavier for better roadability

Concert Association Membership Drive On

Top entertainment will be brought to Farmer County this winter, resulting from the formation of the Friona Concert Association this week.

Working through the "Town Hall" plan, the group of local residents established their own local organization, and concentrated drive is nearing completion for season tickets for four or five programs to be presented in the Friona school auditorium.

Season tickets will be available until the completion of the drive Monday evening. Anyone not yet contacted, but wishing tickets, should contact Mrs. Nelson Welch, the Ethridge-Spring Agency office, or a member of the board of directors of the association. Tickets are available at \$10 per family, actually meaning less expense than would be true for even a show. Tickets will not be sold for each separate performance; admission will be by season ticket only.

President of the organization is Clyde Goodwine, with Mrs. Welch as drive chairman and vice-president. Mrs. Dan Ethridge is secretary, and Mrs. G. Cranfill is treasurer.

Three sets of directors have been elected, in one, two and three year terms. Those to serve one year are Jack Knox, Dalton Caffey, Mrs. O. J. Beene and Mrs. Claude Osborn. Two-year directors are Mrs. Clarence Dixon, Mrs. Wesley Foster, Mrs. H. T. Magness and Carl Maurer. Three year terms go to F. W. Reeve, Charles Allen, Mrs. Frank Spring and Mrs. S. H. Osborn.

Programs contemplated for local presentation include the famed Karamu colored quartette, featured on CBS radio and television; Dr. Cleo Dawson, lecturer extraordinary on such subjects as "The Achievement of Happiness", "Let's Live and Like It", "Fear Takes a Holiday", etc.; Dr. No-Yong Park, Harvard graduate and

Fire Destroyed Bovina School

Fire tonight completely destroyed the Bovina school building.

Fanned by brisk southwest wind the fire which was discovered at 9:15 o'clock swept through every section of the school in what seemed only a few minutes time.

Firemen from Bovina, Farwell-Texico, Clovis and Hereford rushed to the scene, and still were playing their hoses upon the flames at midnight. With the Bovina water pressure very low, the firemen could do little toward quenching the leaping flames at the school building, and many diverted their efforts to save the adjacent buildings and residences that continually were threatened with the steady spray of sparks

fanned by the wind over a large area.

The fire was discovered by two Bovina girls, Lillie Ellison and Pauline Lloyd who were returning from a Methodist Youth Fellowship meeting at the time. They notified Superintendent Willoughby who was at his home only across a narrow street from the school.

Total financial damage could not be estimated at this hour. Built about 1913, according to Arnold Hromas, school board president, the costs of replacement of course would be much higher than the original construction expense. Supt. Willoughby said he believed insurance coverage would total about \$125,000, the total insurability of the building.

Entrance to the building was impossible, and all books and records seemed doomed to destruction.

The fire was believed to have originated in the auditorium or possibly the chemistry room, early observers agreed. No definite cause could be determined, though some thought it originated at an electrical switch box.

No plans or further schooling at Bovina could be announced tonight; Willoughby said announcement would be made as soon as other arrangements could be made.

The Friona Firemen were congregated at their fire station for their regular practice session at the time the Bovina alarm was sounded.

To them and many other Farmer County residents, the fire was distinctly reminiscent of the blaze that gutted the Friona High School in the early morning hours of May 16, 1951. However, it is remembered that slow rain fell during that memorable night after the fire broke out at 2 o'clock in the morning. No fire alarm system had been installed in Friona at that time, and nightwatchman Doc Camp drove over the town, sounding the horn of his car to awaken firefighters.

New Homes Tour Here Next Friday

A "Home Beautiful" tour of Friona homes is scheduled for Friday, September 25th. Sponsored by the Friona Women's Club, the tour will begin at 2 o'clock p. m. at the new home of Mrs. J. C. Wilkerson. Tickets will be issued at this home.

Refreshments will be served in the C. W. Dixon home.

This annual tour has met with wide and favorable comment here, with a number of visitors from neighboring towns also making the tour of these newer Friona homes each year.

The public is invited to attend.

FELLOWSHIP MET

The Women's Fellowship group of the Friona Congregational Church met yesterday afternoon in the new home of Mrs. J. C. Wilkerson.

Devotional and prayer were led by Mrs. F. W. Reeve.

Seventeen members were present. The next meeting will be at the home of Mrs. Fred White on the first Wednesday in October.

Lora Harris returned last week from a visit with her son and family in Borger and a business trip to Pampa.

outstanding authority on Far Eastern Affairs; Virginia Sale (sister of the one and only Chic Sale) who gives a variety program of character sketches, etc. that is said to be hilarious and genuine entertainment; and the Nekolny trio of song and harp artists.

The Town Hall program first was considered here a year ago when F. W. Reeve made contact with association and explored the possibilities of local presentation. Various meetings have followed since that time, resulting in the present organization.

At least 120 memberships must be purchased to insure the season of entertainment, and anyone wishing tickets is urged to make arrangements before the drive completion on Monday evening.

Lazbuddie Wins First Ball Game

The Lazbuddie Longhorns opened their season with a resounding victory over Sunray Friday, 34-6.

Starting line-up for the Longhorn 6-man team included Jerry Gleason, David White, Sammy Cox, Frank Spitzer, Leonarh Smith and Jimmie Oliver.

No scores were made during the first quarter, but the Longhorns loosened to run amok with three touchdowns in the second stanza. White contributed two and Briggs the other. Extra goal point was kicked by Gleason.

Half-time score was 20-0. During the third period Gleason ran two more touchdowns and the extra point was made to add the score to 34-0.

The Sunray tally came upon a pass interception in the final quarter.

The Longhorns will play again on home sod this Friday at 2:30; opponent: Smyer.

Football-

(Continued from Page 1)

There on the first down he handed the ball to Cook who went off tackle to the 4 yard location; Price took over again on the second down to plunge over center for the first score of the game, with Cook successfully running the extra point.

The lone Friona score came early in the second half of the game after the locals recovered a Vega fumble on the Friona 48 yd. line. There Danny Bainum, hustling 120 pound halfback handed the ball off to Jerry Houlette who gained ground to the Vega 41 yd. line. Then on the second down Bainum sneaked the ball to Glenn Reeve, stellar halfback, who beat a path straight to the goal line.

The Friona line seemed somewhat ragged, with all runners lacking the advantage of good interference running. However, this department showed up much better in the second half.

Friona chalked up 4 first downs in the initial half of the game, against 3 to the opposition; secured 2 penetrations and were assessed no penalties, and they were given numerous breaks that failed to develop into scoring plays.

The game ended with each team having four penetrations, and with Vega taking the heavy end of first down honors, 11-7.

Several Friona players were out standing, including Fangman, Robason, Reeve and Bainum; and with more experience the entire team should make a very creditable showing this season.

Next home game will be the annual Hereford tussle on Oct. 2, after journeys to Morton this Friday evening and to Springlake next week.

Fred White drove Ray McKee to Hereford Monday night for a dentist to pull a tooth.

Wanda and Zelma Fay Beaty and Byron Dukes were visitors in Clovis Tuesday night.
